

Elegant SS 561

Chapter 561: Please turn around, baby!

"There must be something wrong outside, otherwise the stone clan elders will not be able to come in. Perhaps, the stone clan will still be chased by strong people, we have to find a very safe place." Luo Hong said solemnly, Ye Fan's state became more and more unstable, sometimes twitching all over, making everyone's heart sink to the bottom.

"I know a place, even if the stone clan powerhouse is killed, I am not afraid." Zhu Ying said at this time.

Everyone looked at her together.

"Wanzang Mountain."

Zhu Ying pointed out a location, and then explained: "That time Brother Fan took me to Wanzang Mountain to look for a peerless treasure. I encountered a terrifying headless knight, a powerful and scary one. If the stone clan powerhouse disturbed the headless knight, We don't have to act, they will destroy the entire army."

Luo Hong said: "How can it be guaranteed that the Headless Horseman will not attack us?"

Zhu Ying shook his head and said, "I don't know, but as long as we keep quiet, we shouldn't provoke the headless knight. Unlike the people of the stone clan, they are killed aggressively, which is likely to cause disaster."

Everyone exchanged glances and agreed.

Luo Hong watched Qu You'er's soul and comforted him: "You will be fine with Shao Qu, the elder of the Shi Clan still has fear of your Qu Clan, so even if Shao Qu is arrested, his life is guaranteed. Now let us not let you down. Brother's kindness, come with us to Wanzang Mountain."

Qu You'er said with red eyes, "I understand, if Brother Fanfan, my brother would have died. I support my brother's approach, let's go to Wanzang Mountain. Brother Fan has something wrong now, if we find it in Wanzang Mountain. Peerless medicine, maybe it can save Brother Fan."

This remark gave everyone a glimmer of hope.

Everyone left immediately.

But Qu Xiantian and the Great Elder of the Stone Clan were still confronting each other.

The so-called "I was bitten by a snake once, I was afraid of well ropes for ten years." Before being so miserable by Yue Liuli pit, the elder of the stone clan has a psychological shadow, so he hesitated at this moment.

"Qu Xiantian, my patience is limited. If you don't let me go, don't blame me for not showing affection. I killed you here, who knows I killed you. Without evidence, you can do nothing with the Qu family."

"Elder, you can't kill me in your current state. If you don't believe me, you can give it a try."

"very good!"

The elder of the stone clan smiled grinningly: "The younger generation is terrible, and the ants of the small transformation realm dare to speak up in front of me. Since you are looking for death, then I will fulfill you."

Suddenly, this world was enveloped by the qi, and the pressure of Mount Tai bombarded Qu Xiantian, causing him to bend his knees directly.

"call out!"

At this moment, Qu Xiantian threw out a qi bead, which sealed the energy of his father's full blow.

Qu Xiantian's father, Qu Taixu, is the master of the Qu family and a giant of the three-tiered master of the transformation world. Not only that, Qu Taixu is also an evildoer-level existence. In the last great era, Qu Taixu traveled across the northern wilderness, and there is no enemy!

———Is the number one master of the Northern Wilderness.

Now that precipitation has accumulated for so many years, it has become unimaginably powerful.

The elder of the stone clan changed in expression.

In his heyday, he couldn't take a full blow from Qu Taixu, let alone being seriously injured.

"Huh."

At the critical juncture, the stone elder rushed into the sky and escaped from the explosion center, but the aftermath still affected him, blasting him into the air, and one arm was directly shattered.

"what--"

The stone elder screamed.

When the world is clear, there is no longer Qu Xiantian.

Huhuhu.

Qu Xiantian was running wild.

For Ye Fan, he can be said to have laid his blood.

It is very difficult to create the Gang Qi Bead, not to mention that it is even more difficult to contain the full-strike energy of a grandmaster giant in it.

As the eldest master of the Qu family, he only had one Gang Qi bead that could save his life. Even when Ji Tinglan and Liang Xiao surrounded and killed him, he didn't use this Gang Qi bead.

"This fragrance!"

Qu Xiantian smiled secretly. This is his sister's favorite perfume, and she carries it with her. Now she is showing him the direction.

"This is the way to Wanzang Mountain!"

"Also, it is rumored that Wanzang Mountain has great horror. If you can kill the old bastard, you will definitely shock the Northern Wilderness."

Qu Xiantian was inexplicably excited.

"what!"

In the distance, the great elder of the stone clan roared hysterically, he was really going crazy.

He was hit by the junior one after another, and it was so miserable that he couldn't bear it, his eyes became red, and his hair was disheveled, and he screamed.

"Kill kill kill!"

"Ye Fan!"

"Qu Xiantian!"

"Smelly bitch!"

"Come out! Come out for me!"

Qu Xiantian sneered, the old angel's death must make him crazy first, old man, your death date is not far away.

...

Outside Luolongpo, Twin Peaks.

The Book Sage and the Daoist Yellow Crow each stood on top of a mountain, no more than a hundred meters together, looking at each other.

Under the Twin Peaks, countless people are watching the battle.

"One side is one of the four sages, and the other is one of the three casual cultivators. I don't know which one is strong and which is weak!"

"I bet on the book sage, I write about Spring and Autumn, the pen is frightening, no one is invincible, and I claim to follow the law!"

"Not at all, Daoist Yellow Crow cuts God's Flying Knife with one hand, and has no disadvantages. He has never missed his hand!"

"In short, this is definitely a great battle."

On the top of the mountain three or five miles away from the Twin Peaks, Earl Dante stood with his hand, looking at the direction of the Twin Peaks and muttered to himself: "Both are the enemies of the organization, and I hope to lose both."

the other side.

At the top of a peak, several men and women stood together, and the breath of each person was extremely deep and long.

These people are the masters of the Northern Wilderness Clan.

"What do you think of this battle?" An old man said, it was the great elder of a great tribe in the Northern Wilderness.

"The two will definitely not go all out. They should just discuss it and stop. Don't forget, Earl Ding is still there. If they lose both sides, the consequences will be serious."

"I think so too."

Everyone expressed their opinions.

Finally, the old man looked at the man in Tsing Yi on the edge of the cliff and asked: "Qu Taixu, what do you think?"

"Standing and watching, what else can I see."

Qu Taixu said with a smile.

There was no reaction from everyone. It was no surprise that they all knew that Qu Taixu's temperament was unruly and unruly when he was young. Now he is almost 50 in his forties and has not changed.

"Tai Xu, has the innate really fallen?" a middle-aged woman asked.

These words made the atmosphere depressing.

The old man said: "Ji Tinglan and Liang Xiao have joined forces. It is still possible that Qu Xiantian has been trapped for half a month, and the lamp has been exhausted..."

"By the way, if your son is unpredictable, you don't care at all as Laozi."

Qu Taixu turned around and said lightly: "I was not killed by the older generation. What can I do if I was killed by my peers. Is it possible that I went to Ji's and Liang's to pinch Ji Tinglan and Liang Xiao. I am not a stone. The clan elder has no face to do such a thing."

The middle-aged woman said, "Although that is the case, I have to ask about it."

The corner of Qu Taixu's mouth raised, and he said playfully: "You can't do it. What you think is still on the first floor. I'm already on the third floor. The more I am still, the calmer the Qu family is, the more the Ji family and the Liang family are in panic. All day long. This psychological shock is very fun."

Everyone looked at each other.

The old man smiled and said, "Indeed, the Ji and Liang families have been inquiring about the Qu family these days, and they have found me. I didn't take care of it."

Qu Taixu waved his hand: "Don't pay attention to it, let things continue to ferment."

"boom."

While talking, on the Twin Peaks side, two powerful auras soared into the sky, shattering the clouds, turning into pillars of air, and staying for a long time.

this moment.

The book sage and Huang Yadao all shot together.

I saw a bronze pen in Shusheng's hand, writing a "town" character out of thin air.

This big character appeared horizontally in the air, like a hundred thousand mountains, suppressing Taoist Yellow Crow.

However, Taoist Yellow Crow calmly took down the golden gourd hanging from his waist and lifted it up. The gourd mouth faced the book saint and solemnly shouted:

"Please turn around, baby!"

Chapter 562: Ye Fan's recovery! !

——Please turn around, baby!

At the same time that Taoist Yellow Crow spoke, a cold glow shot out from the gourd, extremely sharp.

"God Slashing Flying Knife!"

"God Slashing Flying Knife!"

"God Slashing Flying Knife!"

The spectators under the Twin Peaks exclaimed.

Count Dante said to himself.

Qu Taixu and others said in unison.

All eyes were moved by the cold light, and I saw that cold light cut through the word "town" written by the book sage.

"boom!"

The town word exploded, earth-shattering.

The Twin Peaks swayed and seemed to collapse.

Daoist Huang Crow looked arrogant, holding the gourd with one hand and the other behind his back, calmly looking at the opposite side.

The smoke dissipated.

The book sage emerged.

"what!"

Everyone was shocked.

Shusheng advanced the individual on his shoulder and was injured.

In the confrontation just now, Shusheng lost a lot and was injured by God Slayer Flying Sword.

"impossible."

Qu Taiqu squinted his eyes and was puzzled. He once sat down with the book sage and talked about it, knowing that the book sage has a strong background, and he was hurt!

"God Slashing Flying Knife, you will see blood when you come out. I have experienced it today." On the top of the mountain, the book sage looked at the wound on his shoulder and was amazed.

Taoist Yellow Crow said: "The Flying Sword of the God Slayer only cuts your shoulder. I am not satisfied. The Book Sage deserves to be the Book Sage."

"continue or not?"

"No, my goal has been achieved."

"You mean the stone elder killed Ye Fan? I can't see it. The shocking explosion of Luolongpo just now obviously couldn't be his morning, he doesn't have that strength."

Daoist Huang Crow's face is unwavering, "If Ye Fan is not dead, he shouldn't have died."

After speaking, Taoist Yellow Crow went away from the sky.

The book sage also returned to his room, and all the dust settled, this result was also expected.

As a tycoon of the pinnacle grandmaster, it is impossible to fight desperately unless it is a last resort, there is no need for it.

"such a pity."

Earl Dante sighed, regretting that he didn't see a losing-lose situation. However, the amazing cut **** flying knife just now made Count Dante on guard.

"If this happens unexpectedly, who can resist it, Daoist Yellow Crow... well, it's a thorn. You have to find a way to solve it."

Count Dante thought thoughtfully.

Sudden.

He raised his brows and looked into the distance when a tyrannical man quickly approached.

"Qu too Xu!"

"Earl Haha Dante, it's hard to catch you, the opportunity is rare, we have also tried."

"Catch me?" Earl Dante was furious, raising his hand to kill: "Thunder is inviting!"

Rumble—a dozen thunder snakes were killed in an instant.

Qu Taixu laughed: "It is worthy of the existence of the so-called 'Thunder God', summoning thunder as he pleases, which is fascinating."

"Innate Bagua Palm!"

This is the inheritance that Qu Xiantian got, so naturally he was not stingy and passed it on to his father.

Compared to Qu Xiantian, Qu Taixu's move at this moment is beyond imagination.

In the sky, the Eight Dao palm prints form a picture of Eight Trigrams, which rotate endlessly, obliterating the Razer.

This is the essence of "Xiantian Baguazhang".

"Brontosaurus!"

Count Dante snorted coldly and waved his sleeves.

This time, the three Thunder Dragon roared and killed, much stronger than Thunder Dragon.

Baguazhang was shattered by a thunder dragon.

Qu Taixu laughed and tore through the fog, grasping a thunder dragon with one hand like a **** of war, and squeezed it alive.

"This guy!"

On the top of the distant mountain, the master of the clan watching the battle was speechless.

The middle-aged woman's gaze was rippling, and she smiled: "He is still as vigorous as ever."

"You can do it now." The old man said with a weird face: "For Qu Taixu, I haven't married yet. Because of Qu Xiantian before, now he is cold, you can launch an offensive against Qu Taixu."

The middle-aged woman throbbed.

She was a character from the same era as Qu Taixu, and Qu Taixu was so amazing in that era.

The saddest thing is to meet an amazing person when I was young.

Because this will be unforgettable in a lifetime.

She has always been thinking about Qu Taixu, but it's a pity that Qu Taixu already has a favorite woman. After Qu Taixu got married, she died and decided to be alone for a lifetime.

Unexpectedly, Qu Taixu's wife was ill-fated, and she died suddenly after giving birth to two children, which revived her heart.

She once talked with Qu Taixu, but Qu Taixu refused to marry again because of her two children.

Now Qu Xiantian has fallen...

"And Youer."

"That girl can't do it casually, come on, don't let yourself have any regrets." The old man said with great heart, he could say that he watched the two grow up, and hoped that they would be together.

here.

Qu Taixu and Earl Dante have reached the final stage.

"Scatter!"

A punch blasted Lei Hai, Qu Taixu killed out, but Count Dante was gone.

"Che, really fast! It's boring!" Qu Taixu was very dissatisfied, and came to the entrance of Luolongpo.

Entering the hut, the book sage is adjusting his breath.

Qu Taixu sat down on his own, unceremoniously opened a bottle of wine, and asked, "God Sword Flying Sword really hurt you?"

The book sage laughed and said: "God Slashing Flying Knife is indeed powerful, and Yellow Crow does have a good hand, but...I am not a vegetarian either."

Somewhere.

Taoist Yellow Crow took out the flying knife from the gourd, his face was deep and distressed, because a crack appeared on the tip of the flying knife.

"The book sage is a bad old man, too cruel, **** it." The yellow crow cursed, repairing this crack will be troublesome for a while.

...

Wanzang Mountain.

A depression.

Qu Xiantian finally found a meeting with everyone.

"Brother, I knew you were okay, and you would definitely be able to come back." Qu Youer was very happy.

"The old **** was miserable by me. I was already crazy. I deliberately leaked some traces to lure him to Wanzang Mountain."

"It's crazy, good good. This way, the old king who comes to Wanzang Mountain will definitely disturb the headless horseman."

I wish Ying great joy.

Everyone is looking forward to it.

Qu Xiantian asked, "How is Brother Ye's situation?"

"Not sure."

Everyone sighed, very worried.

Outsiders only feel that Ye Fan's state is unstable, but Ye Fan is stupid.

The reason for the change is because of the excessive repair of genes.

simply put:

The original broken gene chain has been repaired, but there are still a lot of repair atoms in the reagent, and there is no execution order to stop work, so the repair atoms start to do things.

A good, complete, and trouble-free gene chain should also be used for a few moments.

This leads to over-repair of genes.

Ye Fan's body changed, and he couldn't stop this process. Ye Fan didn't know what he would become.

"Damn!"

Ye Fan cursed secretly in his heart.

"When I go back to the Temple of Heavenly Sovereign, I have to slap the Tongdi guys. The repair reagent that I developed has such a big bug."

"Don't have any problems!"

Ye Fan prayed silently, if he becomes a monster that is neither human nor ghost, then he really wants to die.

Boast!

Boast!

Repairing the atom is like a worker, working hard, no matter whether 37 is 21 or not, repairing the gene chain when caught.

It feels like seeing a girl you like, the overlord puts on the bow, and it's done!

I don't know how long this process lasted...

Ye Fan found that his body began to calm down gradually, which meant that the repairing atoms had been exhausted and the work was completed.

"Huh!"

Suddenly, Ye Fan stood up straight.

"what!"

This frightened Qu Youer, Zhu Ying and others.

Everyone held their breath and stared at Ye Fan closely for fear that something might happen.

At this moment.

Ye Fan was feeling his body.

All his injuries have recovered and he is already in his heyday. Other than that, there are no special changes in the body.

Only, the silver hair has not changed back.

This is uncomfortable.

But it doesn't matter, it's just the hair, and the color is fine.

"Fan... Brother Fan."

Luo Hong approached cautiously and called out.

"Um."

Ye Fan raised his head, relaxed his body, and said with a smile: "Everyone is here!"

"Brother Fan, you...?"

"It's okay, it has completely recovered."

Ye Fan gave everyone a relieved look, and squeezed his fist. It was indeed in full bloom.

It feels so good.

The state of residual blood is really aggrieved.

Now Ye Fan felt that the Great Elder of the Stone Clan was here and he could beat him to death.

"Chatter..."

Whatever you think.

The stone elder tore through the woods and appeared ghostly, with a crazy and terrifying smile on his hideous face.

"I finally found you... Chatter, how do you want to die... Peeling cramps? Or... Deep-fried and steamed?"

Chapter 563: It's so miserable!

The appearance of the stone elder is indeed terrifying, human beings are neither ghosts nor ghosts, but his appearance does not scare everyone.

Because Ye Fan has recovered!

This is the confidence.

Ye Fan has become everyone's backbone and reassurance invisibly, and he does have this ability.

"Pharaoh Ba, how did you make such an awkward thing? It's too bad." Ye Fan stepped forward, staring directly at the elder without realizing it, and his words were full of ridicule.

"Ye Fan!"

Only then did the elder discover that Ye Fan was awake, and an unnamed karma fire broke out. Everything was a ghost of Ye Fan. If it weren't for Ye Fan, how could he be so miserable.

All the hatred and anger rushed to Ye Fan at this moment.

"I will not kill you easily, I will torture you, make you worse than death, and regret that you are against me."

"Only you?"

Ye Fan teased and said with a sneer: "Pharaoh, don't you realize that I have recovered from my injury and are in the prime of life."

"Um?"

The Great Elder was inexplicably surprised.

"In my heyday, I was able to fight against the great masters; and you are seriously injured now, where is my opponent. I want to kill you, it's easy."

Ye Fan's tone was severe.

The elder stunned, and immediately laughed: "Ye Fan, you thought I would be bluffed by you. If you could kill me, you would have done it a long time ago. Why waste your tongue with me. You are just a tough outsider, a hard-working man and a hard-working man, and you will die for me. Come."

A giant fist came.

Ye Fan stepped back and shouted, "Everyone follow me."

Everyone looked blank.

Although puzzled, he didn't hesitate, and they all followed Ye Fan through the jungle.

Ye Fan held Yue Liuli and took the lead.

Originally, he was going to kill the great elder, but temporarily changed his attention.

Ye Fan had found that the silver-haired woman was seriously injured and unconscious.

The effect of ordinary treasure medicine is not enough, and peerless medicine is needed.

Where can I find it?

A shadow appeared in Ye Fan's mind—the headless horseman.

Therefore, Ye Fan wanted to use the stone elder to lead the headless horseman; and then follow the headless horseman to find the peerless medicine.

Last time, when he got Dracaena, the headless knight appeared; it was enough to show that the headless knight was guarding the peerless treasure of Wanzang Mountain.

Following the headless horseman, there is a high probability that you can find a peerless medicine. This is what Ye Fan thought.

"Hahaha."

The Shi Clan elder smiled grinningly as he pursued, "Ye Fan, I was right. You treacherous kid, dare to put on airs in front of the old man, it's just death!"

now.

Everyone seemed to understand Ye Fan's intention.

very excited.

Qu Xiantian and others also wanted to see the legendary headless knight. Is it really that terrifying?

"Wow!"

Suddenly, there was howling a wolf.

Immediately afterwards, a pack of fierce beasts and wolves appeared, roughly sweeping a total of two to three hundred, and culling them in black.

"Shao Qu, A Hong, come with me."

Ye Fan yelled, and saw her gushing out, creating a violent wind; Qu Xiantian and Luo Hong also followed Ye Fan to do the same.

The three aunts rushed together, and under the control of Ye Fan, they blew all the wolves up, and then flung them to the big elder of the stone clan behind.

The ferocious wolf fell from the sky.

The great elder sneered and said: "Small bugs."

"Kill me!"

The great elder shook his fists one after another, and dozens of huge gang-qi fists shot out, blasting all the ferocious wolves to death.

Next second.

The black, foul-smelling blood fell from the sky, and the great elder drenched it like a soup chicken; while the black blood was corrosive, and suddenly, a screaming scream broke out, resounding through the world.

"what!"

"Ah...!!!"

The great elder was full of black smoke, his skin was making a "sizzling" sound, and the whole body was bloody.

Qu Xiantian and others have numb scalp.

Ye Fan is too ruthless!

"what!"

The great elder rolled on the ground in pain, and the rotten flesh and blood fell, shockingly shocking.

Zhu Ying and Qu You'er almost vomited and dared not look.

"Ye Fan, I don't share the same life with you, I swear, even if all the catastrophes are over, I will bring you down to ashes. My stone clan and you will never die, you will never die!"

"Roar."

The great elder screamed, and the qi turned into a sword, cutting off the rotten flesh and blood of the whole body.

Damn it!

Ye Fan's hair was horrified.

This is simply Ling Chi, this old **** is too cruel.

One by one, slices of flesh and blood were cut off, and in some places there were even dense white bones exposed.

The elders of the stone clan are not like individuals at all.

His appearance is too horrible, like a devil crawling out of a sea of blood from hell.

"kill!"

The great elder suddenly violent.

A crazy person, and a great master, even if he is seriously injured, it is extremely terrifying.

Because he is desperately.

"dispersion!"

"Sao Qu, you take them away; I take Yue Liuli away, keeping a certain distance, but don't lose contact."

"good."

The soldiers are divided into two ways.

Ye Fan held the comatose Yue Liuli and shifted his direction. He already knew that Yue Liuli was Yue Linglong's cousin.

Sure enough, the Great Elder didn't care about the innate people, but pursued Ye Fan.

"Boom boom boom! ... boom!"

The great elders bombed wildly.

Ye Fan felt that this attack was much stronger than before, and he could only avoid its sharp edge.

It didn't take long.

With a cold breath rushing forward, Ye Fan found that a huge ditch blocked his footsteps.

"Ye Fan, see where you go."

The Great Elder is here to kill.

Ye Fan turned his head with a move of "Heaven's Punishment", and then jumped up, and the sky was born under his feet, supporting him to leap across to the opposite side.

at this time.

A fiery red halo flashed.

With a move of Ye Fan's heart, he used his "Tear Heaven Hand" to tear open the mist in the sky, revealing an old tree.

On the ancient tree, I picked up a fist-sized fruit.

The fruit was fiery red, swaying in the wind, like a magic lamp, with a mysterious brilliance.

"Peerless Medicine!"

"Peerless Medicine!"

Ye Fan and the elder of the Shi clan spoke in unison.

Huh!

Huh!

Almost at the same time, the two burst out.

"Catch the claws."

"roll!"

The great elder Yukong flew a shot and shot Ye Fan's "claws of heaven" out.

"Ye Fan, I want to save you and grab the peerless treasure medicine with this seat, this is mine."

"Hahaha, by swallowing this fruit, my injury can be recovered, and maybe I can be reborn and undergo a transformation; when the time comes, I will go further, who is my opponent in the world!"

The great elder laughed wildly and grabbed the fruit.

Of course Ye Fan would not give up.

But just as he was about to take a shot, he stopped, and a chill rushed directly from the bottom of his feet to the top of his head, because he vaguely saw that under the old tree, a knight was looming in the mist.

That outline, Ye Fan wouldn't know how to play even if he died.

headless rider.

He appeared!

Ye Fan's guess was good, the headless knight was really guarding the peerless treasure of Wanzang Mountain.

All of this, the stone elder did not notice, all his attention was focused on the fruit, and his mood was extremely enthusiastic.

"I didn't expect the old man to have such good luck at his age. It seems that the blow on the road is worth it. God is fair. Before he is good for me, I must make me suffer. If I give up halfway, just if you don't hunt down here, you won't be able to get a peerless medicine."

"All of this is destined."

"It seems that I am destined to become the overlord of the Daxia martial arts world, commanding the Northern Wilderness and even suppressing all the great masters."

"What is the book saint!"

"What's wrong with Daoist Huang Crow!"

The great elder laughed, he came under the tree, ready to pick the fruit, suddenly felt something wrong.

At this time, he finally found the clue.

"who is it!"

The great elder burst out, and the qi shook the mist.

The headless horseman appeared.

Chapter 564: Get it!

Seeing the headless horseman, the heartbeat of the stone clan elder also missed a half beat, and his hair was frightened...

To be precise, it was blood spurting. Because he cuts flesh and blood by himself, there is not much skin on his body, so where is the hair.

The blood vessels were compressed due to tension and blood spurted out, and the elder of the stone clan staggered for a while and almost fell.

"There are really headless knights!"

The great elder exclaimed, but then calmed down.

He found that the headless horseman was motionless, riding an old horse like a sculpture; at the same time, he did not feel the fluctuation of life.

"Cut, it turned out to be a sculpture, which scared me."

The great elder snorted coldly and grabbed the fruit.

puff!

The next second, the broken spear pierced his arm, and then there was a shock, the arm exploded directly.

"what!"

The Great Elder was blown up.

He was really miserable. He lost an arm and almost fell into a bottomless ditch.

"It's alive! How can this be possible!"

The great elder was too late to worry about suffering, because he saw that the old horse jumped tens of meters, and the headless knight's broken spear came again.

"court death!"

The great elder was extremely angry, and the remaining arm squeezed a fist, exploding with terrifying force.

Ye Fan secretly smacked his tongue.

It is worthy of being a great master, having suffered such a severe injury, there is actually such a terrifying power.

Immediately afterwards, he saw that the qi of the great elder was pierced by the broken spear, and the great elder escaped dangerously and dangerously, and was almost pierced by the broken spear.

"Damn it, why is it so strong!"

"What the **** is this!"

"Cage of Heaven and Earth!"

The great elder found that the headless knight was difficult to deal with, so he planned to trap him, and he could pick the peerless medicine after only ten seconds.

But suddenly.

He found that Ye Fan had arrived under the ancient tree.

"Bastard!"

Grand Elder Thunder is furious.

"Ye Fan, dare you to grab my good fortune and get out of here!"

"Elder, I'm sorry, I laughed at this peerless medicine. You should deal with the headless knight honestly."

Ye Fan laughed, picked the fruit, turned around and disappeared into the jungle.

"Ahhhhhhh!"

The great elder was furious.

He sacrificed an arm, but in the end good luck was taken away by Ye Fan, which he couldn't bear.

"Huh!"

The elder madly chased Ye Fan away.

Behind, the headless horseman also chased after him, and the speed is not necessarily weaker than the elder.

"The ghost will never go away."

The great elder punched backhand, but couldn't smash the headless knight at all. Instead, he was cut through his body by the broken spear.

"Curse!"

At this moment, Ye Fan jumped out again, playing a jerk.

The Great Elder never thought that Ye Fan would actually ambush, and he immediately struck him, fell from the air, and his injuries got worse again.

"It's really tenacious, it's really hard to kill the great master." Ye Fan secretly smacked his tongue, and after a successful blow, he immediately fled.

"puff!"

On the other side, the headless knight's broken spear stabbed one of the legs of the elder, and then it exploded again, and this leg was gone.

At this moment, the great elder was terrified.

Before he could not calm down, he was in a state of madness, but now he has lost a hand and a leg, and he has completely calmed down.

The crisis of death made him fear never before.

"who are you!"

The great elder couldn't understand, he felt that this headless knight was posing as a strong man, so he questioned.

The answer to him was the broken gun.

This broken spear seemed to be pierced by everything in the world, and could not be resisted at all, and the great elder was miserable.

"The Peerless Medicine is not in my hands. You should hunt down Ye Fan's bastard, not me."

"roll!"

The great elder tried his best and finally bombarded the headless knight's body and shook it back.

He immediately rose into the sky.

Unexpectedly, the old horse leaped and rushed to the sky without falling, and came so assault.

The great elder was scared to death.

"Great!"

In the jungle below, Ye Fan noticed this scene and was amazed.

He found that the last time he encountered a headless knight, he was already merciful and did not use all his strength to kill him.

Otherwise, a face-to-face yourself will be nailed to death.

"wrong."

Ye Fan shook his head and speculated: "This headless knight seems to be strong when strong and weak when weak."

"interesting."

"What kind of existence is this?"

Ye Fan was very curious, and vowed even more that when he became stronger in the future, he would take down the Headless Horseman and study it carefully.

Maybe, there are great secrets hidden in this.

The headless horseman chased and killed the great elder, Ye Fan was happy, and quickly left Wanzang Mountain to find a safe place.

Yue Liuli was seriously injured and must be treated immediately.

"Hell!"

"Nine Dragons Needle!"

Ye Fan first stabilized Yue Liuli's injury to ensure that the signs of life were stable, and then he took out the fruit.

The fruit shimmered with a faint fiery red halo, which was very peculiar, and you could feel the warmth in the hand.

It is conceivable that it contains powerful energy.

Yue Liuli's current body is too fragile to be swallowed, otherwise it will be burst with energy.

Chapter 565: breakthrough

after an hour.

Qu Xiantian and others converged with Ye Fan.

A group of people came to the King Kong White Bone Array, which is very safe; after the last war, the central area has been reduced to rubble, and almost no one has come back here.

Zhu Ying is ready to cook medicine.

Ye Fan carefully cut off a third of the fruit and cooked it with some medicinal materials he found.

Not long.

The strong medicinal fragrance diffused out.

Everyone felt refreshed and happy when they smelled it. Niu looked at the fruit vigorously, and his saliva flowed out.

For Master Heng Lian, this kind of peerless medicine is too tempting. It can wash the body, transform the body, and reincarnate.

To be honest, everyone really admired Ye Fan, who was really lucky and got a peerless medicine again.

Since ancient times, people with strong luck have unlimited achievements.

Qu Xiantian secretly decided to become brothers with Ye Fan. In the end, Qu Youer would be able to get together with Ye Fan, and he would be the brother of Ye Fan.

"Finish."

At this point, the medicine has been cooked.

Ye Fan took Yue Liuli cautiously, and at the same time combined with the medical thaumaturgy "Pushing Dragon Hand" and "Pulsing Yuan Shu", you can see that Yue Liuli's vitality characteristics are recovering.

After working hard for an hour, Ye Fan collected his work and signaled Qu Youer and Zhu Ying to take care of Yue Liuli.

"I wanted to see the Headless Horseman, but I missed it. Will the Stone Clan Grand Elder really be beheaded?"

Qu Xiantian asked.

Ye Fan said: "The headless knight is strong when it is strong. The stone elder has been seriously injured. If there is no miracle, it is impossible for him to escape the pursuit of the headless knight."

"It's sad that a great generation of great masters has just fallen." Qu Xiantian sighed with emotion.

"Who will let him die by himself!"

Ye Fan disagrees, there are many giants in the martial arts world, and it is harmless to die.

Afterwards, Ye Fan cut the remaining fruit in half and gave it to Qu Xiantian. He had already learned from Luo Hongna that Qu Xiantian had paid some price in order to resist the Shi Clan Great Elder.

Now Ye Fan decided to pay this favor.

"Brother Ye, this is not necessary."

"Swallow it and take it, your injury is not completely healed, but it is best to take this opportunity to heal; I can still assist on the side. If there is an opportunity, maybe I can break through to the second stage of the transformation."

Qu Xiantian's mind suddenly heated up.

He was originally a half-step grandmaster, and he was almost able to step into the dual realm.

This is too tempting for him.

"From now on, you have a strong physical fitness. You don't need to cook medicine, just swallow it. I will protect the law for you."

"Okay, then it's better for me to respect my fate."

Qu Xiantian was generous and generous, without twisting, swallowing half of the fruit, his whole body was hot and his skin flushed.

He sat cross-legged and entered a state of transformation.

With Ye Fan's guardianship, everything went smoothly. Compared to the last time Ye Fan was reborn, Qu Xian's movement was very small this time.

But the effect is sufficient.

Ye Fan successively performed medical and Daoist thaumaturgy to help Qu Tian recover from his injuries...At a certain moment, a majestic breath burst out, rushing into the sky, stirring the situation.

I could only see that a dazzling gas mask rose up around Qu Xiantian, protecting him.

"It's done!"

Ye Fan smiled.

Qu Xiantian abruptly got up and smashed out with a punch, smashing the indestructible bone formation a lot.

"Hahaha, this step is finally taken, Huajing Erzhong. It feels so wonderful."

"Brother Ye, thank you very much."

Qu Xiantian was very grateful, if it weren't for Ye Fan, he couldn't have achieved such an achievement so soon.

Ye Fan was also very surprised. Qu Xiantian's breakthrough was the extremely high level of Transformation Realm.

This shows that he has a strong foundation and has a rich accumulation.

To use an analogy, Qu Xiantian is now completely able to compete with the second generation of the second elder of the stone clan and the second generation of the realm of the old generation, without losing the wind.

This is the power of the evildoer.

"Now, Shao Qu should be the first person of the young generation in the Northern Wilderness." Ye Fan said with a smile.

"Don't dare to be it."

Qu Xiantian touched his nose and said, "With Brother Ye, I don't dare to be number one. Besides, Bu Qianfan, I suspect that he has also broken through."

"Bu Qianfan? Even if he doesn't break through, he still has the dual-level combat power of Transformation Realm. His physical body is very strong. Even if you have some transformation now, your physical body is not his opponent."

"That's natural. Once Qianfan swallowed a whole peerless medicine, this is something I can't compare. But I also have an advantage, that is, I have a strong inheritance."

With full confidence, Qu Xiantian said without evasiveness: "The stronger the inheritance I get, the more obvious it is. The higher the realm, the more I can exert the true power of inheritance."

Ye Fan nodded secretly.

"Brother Fan."

At this moment, Qu Youer ran, then looked at Qu Xiantian, and said suspiciously: "Brother, what's the matter with you? How do you feel that your spirit has changed drastically?"

Qu Xiantian laughed and said, "Little sister, Brother Ye gave me half of the fruit. I am now healed from my injury. Not only that, but I also broke through to the double realm of transformation."

As he spoke, the gang hood stretched open.

Qu Youer was surprised and delighted, her eyes flushed: "Big Brother, congratulations; Brother Fan, thank you so much."

"My own people, don't say such things."

"Brother Fan, I came here to tell you that Sister Liuli has woken up and said that I want to see you."

Chapter 566: Yue Liuli wakes up and learns the cause and effect!

"you're awake."

Ye Fan hurried over and found that Yue Liuli was already meditating, adjusting her breath. Although her face was pale and weak, she was still in a good state of mind.

Peerless treasure medicine is very useful, worthy of being a good fortune pursued by monks and madmen.

Yue Liuli smiled and said: "Thank you, I was a blessing in disguise, my body has been greatly improved, and my physical strength has increased a lot."

Ye Fan sat down and asked, "Now, can I talk about your father."

Although Yue Liuli gave him the gene repair reagents before and hurriedly explained that she was Yue Linglong's cousin, or Yue Linglong was going to marry the Dafeng Empire's prince, but this was too one-sided, Ye Fan needed to know the details.

Everyone is also very curious.

Yue Liuli took a deep breath and said seriously: "You should understand my identity, Yue Liuli, Linglong is my cousin."

"Two months ago, the elder sister was betrothed to the big prince of the Dafeng Empire. The big prince is an extravagant and prosperous guy. His sister will not have a good life when she marries him."

"Why do you want to marry the Dafeng Empire? As far as I know, your Moon Clan is the head of the wild continent. There is no need to marry the Dafeng Empire."

The Wild Continent is too big, and the years are too long, and even now, no one dares to say that they will explore the entire continent clearly, and there are large tracts of ancient and mysterious places.

The ancient land must be bred with ancient ethnic groups.

This is the case with the Moon Clan.

This tribe is so old that only the head power of the wild continent is known to this tribe. For example, the barbarian tribe where Niu Dali is located has never heard of the so-called Moon Clan.

There are also some ancient tribes like this in the wild continents.

They are hidden from the world and rarely communicate with the outside world, but this does not mean that they are very weak, on the contrary extremely powerful.

This can be inferred from Yue Liuli.

Yue Liuli was placed in the Daxia martial arts world, it was definitely one of the top enchanting evildoers, but he was like this, the Yue Clan did not dare to say much, but there should be many.

Ye Fan once thought that these ancient tribes are probably isolated from the world and have nothing to do. The greatest pleasure is cultivation, so they are so strong.

In addition to the strength of the ethnic group, there are also many branches of the ethnic group.

For example, the silver fox tribe in the Tianzun Temple, the ancestor of this tribe is the tribe of the Moon Clan.

Once heard Yue Linglong said that the ancestor made a big mistake and was expelled from the Yue Clan, and later established the Silver Fox tribe outside.

As the Moon Clan has many beautiful men and beautiful girls, the Silver Fox tribe has inherited excellent genes, and there are also many beautiful men and beautiful girls.

Having said that, the Moon Clan is not comparable to the Dafeng Empire in scale, but the top powerhouse directly crushes the Dafeng Empire.

The Dafeng Empire wanted to deal with the Yue Clan, and couldn't even find a place; in this case, the Yue Clan had no reason to marry the Dafeng Empire.

What's more, Yue Linglong is a saint in the Yue Clan.

Respect for status.

Representing the glory of the Moon Clan, even if it is a marriage, it is impossible to be the great prince of the Dafeng Empire, but should be the Dafeng prince.

"The eldest prince has been determined to be established as the prince?" Ye Fan asked, if so, it would be reasonable.

"Not for this reason, but for the ancestors." Yue Liuli said bitterly.

"Old ancestors."

Ye Fan muttered, recalling that Yue Linglong once told him that the current patriarch of the Yue Clan was already a 120-year-old man, and was called the ancestor.

Yue Liuli went on to say: "As early as three years ago, the ancestors felt that the time limit was approaching, and sent the children of the tribe to look for good luck and renew her life. Just three months ago, she learned that the prince of the Dafeng Empire was in a place. In the ancient ruins, a strange medicine was obtained, which has the effect of prolonging life."

"For this reason, the ancestor personally went to the Dafeng Empire to determine that the miraculous medicine was of great use to her. So, after discussing with the prince, we decided to marry my sister in exchange for the miraculous medicine."

"This old guy sacrificed Linglong in order to satisfy his own desires."

Ye Fan was furious and sternly reprimanded:

"Old and not dying is a demon! Birth, old age, sickness and death are the laws of nature, the law of heaven, who can defy! Life is over, and death is just another kind of rebirth or liberation. Prolonged life is nothing but torture."

Yue Liuli sighed: "Many elders in the clan are also discouraging, but the ancestors said that although the prince of the Dafeng Empire is arrogant and prosperous, he still has his status and status. Even if he cannot establish a prince, he is also the first prince. Sister Linglong married him and did not It's a good thing not to lose your identity."

"fart!"

Ye Fan was very emotional.

A gleam of joy flashed in Yue Liuli's eyes, because only Ye Fan objected, there was hope of saving her sister.

"The wedding date is just a month later, June 18th, that day happens to be my sister's birthday, she said it was double happiness. Now the Dafeng Empire has begun to announce and prepare."

"My sister was locked up in the clan and couldn't get out. In fact, I was also banned. Finally, I escaped and followed my sister's instructions to find the Tianzun Hall, saying that only you can save her."

"Brother Fan, sister is waiting for you, I beg you to rescue sister!"

Without waiting for Ye Fan's response, Luo Hong frowned and said, "Let me just say something."

Everyone looked at her.

"Miss Liuli, our Tianzun Temple is indeed strong, but it is not wise to rashly engage with the Dafeng Empire; not only that, saving Yue Linglong, but also taking over contradictions with your ancestors."

"Now is the eventful autumn. The Heavenly Sovereign Hall and the two major forces are enmity, which is very detrimental to us."

Chaos then said: "I agree with A Hong, Miss Yue Linglong and we are friends, and we are also very uncomfortable. However, for her to bring pressure and even disaster to the Temple of Heaven, we can not explain to the brothers in the Temple of Heaven. "

Qu Xiantian and others didn't interrupt, and wanted to see how Ye Fan resolved this matter.

Yue Liuli bit her lip, she also expected this situation, so she didn't say much, quietly waiting for Ye Fan's decision.

"Tianzun Temple will definitely not come forward."

"boom!"

Yue Liuli's heart was shocked, and her face paled.

"but."

Ye Fan turned around and said solemnly: "I will definitely make a move."

"Although I am the master of the Tianzun Hall, the Tianzun Hall belongs to everyone, not me alone. It is impossible for me to bring a crisis to the Tianzun Hall and to my brothers and sisters."

"Linglong can't help but save, so I will go to the rescue in my personal capacity."

This answer was unexpected.

Qu Xiantian was particularly admired.

Chaos and Luo Hong looked at each other thoughtfully.

Yue Liuli said, "Thank you, Brother Fan, no matter whether you are successful or not, you will be satisfied when your sister sees you."

"There is still a month, there is still time, so don't worry for the time being. Solve the matter on the Northern Wilderness side first, and you will feel at ease to heal your wounds."

Into the night.

On a small hill in the Bone Array, Ye Fan sat cross-legged.

Qu Xiantian brought the fruit wine and said with a smile: "I admire you very much, you have the courage to face an empire alone!"

"I don't know if I can succeed, but I must do it, otherwise I will feel uneasy."

Ye Fan took a sip of very strong fruit wine, and listened to Qu Xiantian admiringly: "The Northern Wilderness here doesn't know much about the outside world, but Tianzun Temple has survived. Unexpectedly, you are the lord of Tianzun Temple, Ye Tianzun. !"

"It's just a fake name."

"Pull it down, as long as you are willing, 300,000 lions of the Three Great War Department will be killed, and can push everything in the Northern Wilderness, which force can compete with it!"

Qu Xiantian truly admires.

When he was still fighting in the Northern Wilderness, Ye Fan had already fought on the world battlefield many times, and he had also established the world's number one power with his tentacles covering many countries around the world.

How to compare?

People are more angry than people.

Now Qu Xiantian is more determined, and has a good relationship with Ye Fan, saying that his sister is not up to date, and does not take the initiative at all.

But just now I asked Luo Hong and Chaos about that the one named Yue Linglong, even more beautiful than Yue Liuli, is actually a natural charming bone...

By the way, Ye Fan also has seven older sisters, all of them sinking fish and geese.

Plus a Meng Qingyin.

This Qu You'er found out, and Ye Fan is not a real husband and wife, and they have not obtained the certificate.

The more Qu Xiantian thinks about it, the less resentful it is. Ye Fan has too many beautiful women around him.

Ye Fan didn't know what Qu Xiantian was thinking.

After chatting for a while, Qu Xiantian left; Ye Fan took out the oracle bones, this is the super body refining method obtained in the tomb of Wu.

Injured before, unable to practice.

You can start now.

Ye Fan held the oracle bone tightly, his eyes burning, and secretly vowed: "I need to get started within a month and break the limit of the physical body, so that I have a certain amount of confidence to cross the Dafeng Empire."

Chapter 567: Exit, Ye Fan's supernatural power!

In the next few days, everyone stayed in the King Kong White Bone Array.

Along the way, everyone was tired, and there were some injuries. Ye Fan boiled the remaining fruit into medicine and distributed it to everyone.

Everyone's strength has increased more or less.

In the past three days, Ye Fan has been working **** the super body refining secret technique-Tyrant Body Jue.

According to the secret law, as long as you get started, you can achieve a hegemonic body, which is a physical state that surpasses the limits of human beings.

Both physical function and vitality have been greatly improved.

This can be known by looking at Ye Gongye Potian.

At first, he was trapped in the abyss of evil in the Wild Continent. Later, he was chased by Xiao Gong and Xiao Shixun, but they all survived.

Changing to be a general master giant, the lamp would have been exhausted long ago.

"too difficult!"

Ye Fan was a little bit depressed.

For three days, he still did not reach the threshold.

But when you think about it, how can it be so easy to practice as a super secret method? The difficulty is certain, and it is not so easy to break the limit of the human body.

"Tyrants."

Ye Fan muttered to himself.

He suddenly felt that blindly building a car behind closed doors is not enough. The so-called "dominant body" is not something that can be achieved through hard cultivation, but that it needs to fight.

Rise in battle, penetrate through life and death.

Ye Fan decided to leave Luolongpo.

On this day, he shared his thoughts with everyone, everyone had no opinion, and he was bored in the White Bone Array.

"Then let's go." Ye Fan looked at Yue Liuli, "How are you, how is your body now?"

"The medicinal effect of the fruit is amazing. The injury recovers quickly. I think I will be able to heal in ten and a half days." Yue Liuli said in surprise.

"Wanzang Mountain has a lot of good fortune. When I am promoted to the third level of the Daohua Realm, I will definitely search for it and dig out some peerless treasures."

"Count me." Qu Xiantian echoed, "I really want to meet the so-called headless horseman."

Qu You'er said: "By the way, I don't know if the stone elder is dead?"

Niu vigorously smiled and said, "The old **** must be dead!"

Everyone moved slowly, and walked to the exit passage for most of the day.

"Something's wrong."

Qu Xiantian frowned, wrapped in a black robe and mask, and said, "It's noisy outside, there are many people. I suspect that the stone people are outside."

Ye Fan's eyes lit up, he was short of fighting, and the Stone Clan men and horses were the best whetstones.

"I'm going first."

Huh... Ye Fan disappeared after a few flashes.

Outside Luolongpo.

The people of the Stone Clan are gathering, and hundreds of them are all warriors, led by the second elder of the Shi family.

In addition to the stone people, there are also some theatergoers, and it is estimated that there are a thousand people.

"Second elder, it's been three days, why the big elder hasn't come out yet."

"Will something happen to the Great Elder?"

"To shut up!"

The second elder scolded and explained: "The great elder is the three giants of the transformation realm. How could something go wrong? I think the great elder finally entered Luolongpo, so I definitely don't want to let go of this great opportunity to go to Wanzang Mountain to search for the treasure. "

Suddenly, the Shi Clan children became excited.

The more precious medicines the Great Elder searches, the more likely it is to be distributed, and they may be stained.

at this time.

A figure in white rushed out.

"Look!"

Someone yelled, and the eyes of thousands of people gathered together, and then...the atmosphere was frozen, and the world was dead.

The white-clothed and silver-haired man is...

Ye Fan!

After a short silence, there were a series of shocked sighs.

The elder of the stone clan went to hunt and kill Ye Fan. Three days later, Ye Fan was still alive and came out, and was full of energy, without any injuries.

What's happening here?

The most shocking and puzzled person was the Stone Race men and horses. The second elder's eyeballs all popped out and shouted: "Ye Fan, you are not dead!"

"Look at what you said, why should I die? Is it possible that you think that old **** can kill me?"

Ye Fan's face was joking.

This naked humiliation made the Shi people extremely angry.

The second elder looked gloomy and said murderously: "I don't know how you escaped the pursuit of the elder, but it doesn't matter. If you shrink in Luolongpo, I can't help you. But you are out now. , Then don't try to escape, I will kill you today!"

Ye Fan swept around, and said disappointedly: "Is it just this lineup? Does the Shi Clan have no strong players except you? Your level is not enough for me."

So crazy!

The spectators slapped their tongues, Ye Fan was as arrogant as ever, and he was indeed Ye Kuangren.

only.

The spectators thought it was unwise to anger the second elders and stone clan so much, and they still thought Ye Fan was too young and immature in mind.

"court death!"

The second elder was furious, although he inexplicably felt a threatening aura from Ye Fan, but now he can't take care of that much.

"call out!"

The second elder shot out, a few breaths slammed in front of Ye Fan, and reached out a hand to grab Ye Fan's head.

Ye Fan sneered and fist gently.

"Boom!"

The blood blossoms bloomed, and everyone saw the second elder flying out like a kite with a broken wire.

Puff puff.

After hitting the ground, the second elder sprayed a few mouthfuls of blood, his face was unbelievable.

"you you you!.....!"

"impossible."

"How come you suddenly become so strong!"

Ye Fan mocked and said: "Before, I was injured. If it weren't the case, then the old bachelor would be worthy of chasing me? Now that my injury is healed, it's time for you stone clan to pay the bill."

"You go together, otherwise it will make people think that I'm bullying you."

"Ye Fan, you are presumptuous!"

The second elder roared, blushing and roared: "The children of the stone clan follow the order and prepare for battle!"

"Yes!"

The hundred-man team worked quickly, and unexpectedly showed a broken crossbow.

Ye Fan was surprised.

He once saw the Pogang crossbow in the Miao area, and Brahman had this kind of weapon; he didn't expect that the stone clan would also have it.

"Ye Fan, even if your injury is healed, you will still be the Second Layer of the Transformation Realm like me. However, the broken crossbow can shoot through the gas shield. I have to see how you can resist it."

While talking, the second elder killed again.

This time, his purpose was not to kill Ye Fan, but to interfere and be annoying; as long as Ye Fan had a little flaw and negligence, then the broken crossbow would shoot.

"bring it on."

Ye Fan converged his qi.

He fights against the second elder physically, and can smash the martial arts of the second elder with one punch.

"You guy!"

The second elder was shocked.

Ye Fan's physical body is simply too strong, equivalent to the triple level of Master Heng Lian.

Master Heng Lian has one layer, copper skin and iron bone; two layers, polishes the internal organs.

Triple, tempering the limbs and a hundred skeletons, and the unity of nature and man.

The triple level of horizontal training is very strong. At the same level, the great master can't beat the triple level of horizontal training.

Because the horizontal training of the triple realm is not only the limit of the physical body, but also the unity of nature and man. This is a mysterious mood that can be used to fight against the general situation of the world.

For example, the marshal Mengchuan, whom Ye Fan met in the Kingdom of Bimen before, is a powerful man in the triple realm of the unity of nature and man.

He can suppress everything with his momentum alone.

This kind of aura is too magnificent to be in harmony with the heavens and the earth. Therefore, to defeat the Heng Lian master of the triple realm, he must first break his aura.

Ye Fan certainly didn't reach the realm of the unity of heaven and man, but his current physical body was already comparable to the master of the triple realm Heng Lian.

simply put.

Ye Fan's current strength: one is the master of the second stage of the transformation stage; the second is the master of the half-step triple stage horizontal training.

The superposition of the two is not as simple as 1+1.

But now, in order to become a domineering body, to find opportunities, Ye Fan does not use qi, but simply uses his body to fight.

"Hey!"

Ye Fan tore apart the martial arts of the second elder with his bare hands, like a human-shaped tyrannosaurus, extremely fierce, grabbing the shoulders of the second elder, and fiercely kicking him up and flying.

Just at this juncture.

"call out!"

"Shoo...!"

A few broken crossbow arrows came.

Ye Fan laughed, he didn't retreat but moved forward, his gaze was like electricity, thunder thunderously threw his fist and bombarded the sharp arrow of the crossbow.

"Boom...boom!!!"

The crossbow arrows exploded one after another.

The second elders, the stone people and even the spectators were stunned.

This is a crossbow arrow that can shoot through a gas shield, Ye Fan actually smashed it with a flesh fist, this... is it still a human!

Chapter 568: One punch

"bleeding."

Ye Fan looked at his fist. Although he didn't hurt his muscles or bones, his mouth was cracked and blood was flowing.

It doesn't matter.

On the contrary, Ye Fan was even more excited.

"Come again!"

Seeing Ye Fan killing towards him, the second elder was frightened.

Now he doesn't have the confidence and courage to fight Ye Fan. In his opinion, Ye Fan is not a human at all, but a monster.

"Second elder, what are you running away? Didn't you just kill me?"

"Ye Fan, you have to be forgiving and forgiving!"

"It's ridiculous, your stone clan dispatched so many men and horses, and brought all the broken crossbows. Isn't this killing me. Presumably, you still want to kill my friend completely. If I hadn't recovered from my injuries, it would be serious. Back to the top, you really have to succeed. Now, you let me spare you, don't you think it's ridiculous."

The physical body is powerful, and the body's functions are also greatly improved.

Ye Fan's rushing speed, where the second elder could compare, caught up in a few blinks.

The fierce aura rushed towards his face, and the second elder felt that he was about to suffocate. He shouted in horror: "Little friend Ye Fan, you have something to say..."

"Boom!"

Ye Fan ignored it, slapped the second elder on the shoulder, smashing his bones to pieces.

Half of his body was paralyzed.

"what!"

The second elder screamed sternly, and at the same time, the Broken Crossbow Arrow appeared again.

Ye Fan looked back and drew it.

One punch and one crossbow arrow, and the successive bombardments made him feel numb and sore all over his body.

The broken crossbow is indeed extraordinary.

Ye Fan's fist was dripping with blood, but he didn't feel half of the pain at all.

"It's murderous!"

At this moment, Ye Fan was slightly surprised.

The strong murderous aura came, not from the second elder, but someone else.

"Little Xiao Xiao, hide in the dark and sneaky, give me—"

"--get out!"

Ye Fan opened his mouth and let out a dragon chant.

Shocking roar.

The powerful sound waves set off a gust of wind, and the precise impact of the source of murderous aura.

Suddenly screamed several times.

Some people with supernatural powers were exposed, the seven orifices were bleeding, and they suffered serious injuries.

The head of the patriarch was horrified.

"Want to go?"

Seeing that the leader of this ability group was about to flee, where would Ye Fan let it go, tap it gently.

Cave day refers to.

That flash of light cut through the void, pierced it, and nailed it to the ancient tree.

SS-level superpower, die!

"too strong."

This is the thought in the minds of the spectators.

Raising hands and feet to the shock injury ability group, killing the SS-level super leader, what a power and courage is this!

The second elder was scared to death.

The stone people also wavered, and some people threw down the Pogang crossbow and fled for their lives.

"Today, you can't escape if you wait for one."

Ye Fan is extremely domineering, pinching the tactics with both hands, and displaying Fantian Seal.

At this moment in its heyday state, the sky seal is so huge, thirty meters in vertical and horizontal directions, like a small hill, suppressed.

Puff puff!

The stone people were crushed on the ground one by one, some fainted, some were seriously injured...

"Ye Fan, you bastard, those are my stone clan elites, you actually abolished them! You bastard! You are too cruel and inhumane, you will definitely have retribution!"

The second elder screamed in grief.

Ye Fan turned around and said coldly: "If you don't offend me, I won't be a criminal. It's your stone clan who kills yourself. Besides, I don't believe in retribution. As long as it is strong enough, retribution will not catch up with me!"

"Stop struggling and send you on the road."

"Do not!"

The second elder was frightened and panicked, his eyes protruding, and his mouth wide open; but he was so injured that he wanted to escape but couldn't escape.

boom!

At the moment of the moment, a **** voice blasted from Luolongpo and a hoarse roar: "Ye Fan, die!"

"Baby bastard!"

Ye Fan was alarmed and discovered that it was the Great Elder of the Stone Clan, but he was not beheaded by the Headless Horseman.

However, he was too miserable.

The elder of the stone clan is no longer like a person, no human being is visible, and there is a blood hole in his chest, which is obviously pierced by the headless knight's broken spear.

"what!"

Some female spectators screamed, frightened, the appearance of the Shi Clan Grand Elder was really too terrifying and permeating.

The men got goose bumps.

Even the second elder was almost scared to death. He shouted in surprise, "Elder, is it you!"

"waste."

The great elder scolded angrily, then swooped down.

The monstrous qi was gathering, terrifying energy was brewing, and the elder knew that he could not survive. Because of a trace of obsession, he escaped and wanted to use the last force of his life to kill Ye Fan.

"Deadly! Ye Fan, go to **** with me. You must die, I will use my life to hold you back!"

The great elder fell like a nuclear bomb, and the target was Ye Fan.

"Brother Fan!"

Qu You'er, Zhu Ying and Luo Hong exclaimed.

Qu Xiantian was ready to make a move, but seeing that Ye Fan didn't have any fear on his face, he was extremely excited instead, so he held back.

Could it be that Ye Fan wants to be tough?

Facts proved that Qu Xiantian was right, Ye Fan just wanted to be tough, because at this moment, he felt the blood boil.

It was an unprecedented feeling.

Just like if your physical fitness is sublimating, you have to jump to another level.

This is the opportunity!

Ye Fan was finally caught, he was very excited, very excited, doing his part, facing the crisis.

Let the great elders be the stepping stones.

At this moment, Ye Fan was struggling, his muscles were squirming, his blood was surging, and his fist slowly pushed towards the elder.

This move horrified everyone.

"What is Ye Fan doing? He wants to be tough. Isn't this looking for death!"

"The elder of the stone clan wants to pull him back and use himself as a 'cannonball.' This is too terrifying, even the great master dare not resist."

"Ye Fan is looking for death!"

The second elder ran away, grinning viciously and said: "Ye Fan, you're done, die! All die! In this way, I will be the elder of the stone clan, and my status will rise to a higher level."

boom!

At this moment, the two sides collided.

Yiyefan is the center, an explosion is happening in a radius of 100 meters, the land is flying, and the world is in chaos.

The aftermath of the explosion rippled, and the spectators had to retreat.

Qu Xiantian opened the gas shield to block the aftermath and protect everyone in it.

The smoke remained for a long time.

Everyone stared at the center of the explosion.

Ye Fan, are you dead?

"Huh."

With the strong wind blowing, the smoke and dust gradually dispersed.

The world is clear.

Suddenly, someone exclaimed: "Look, there is a shadow!"

"what!"

The sound of exclamation came one after another.

Because, in sight, Ye Fan stood, although a little embarrassed, but there was no substantial harm, on the contrary...

On the contrary, the spectators felt that Ye Fan's breath was stronger than before.

And the stone elder...

At the feet of Ye Fan, everyone found his head, his body had turned into dregs, and only the broken head was left.

It can be vaguely seen that the mouth is wide open, which should also be incredible.

"hiss."

Everyone's hair is standing upright.

Ye Fan, this was a blow to kill the elder of the stone clan, which is simply unreasonable.

In the jungle.

Wu Ling Equally Killed Fan Alliance members' complexion changed, and he was extremely afraid of Ye Fan; similarly, there were several ability groups.

Gulot was also there, and he murmured: "Ye Fan has made progress, this guy can't handle it with common sense. His body, I am afraid, has surpassed the limit of human beings."

"What, beyond human limits, this is impossible." The group members did not believe it.

"There is nothing impossible, the triple level horizontal training master is not the end of physical training, just like the third level of transformation is not the end of martial arts. Ye Fan broke the physical limit and must have mastered the advanced cultivation secrets."

"Over there, what shall we do?"

"Ye Fan can't kill it, let's go, he has become the climate. If you want to kill Ye Fan, you must be a participant in the God Creation Project, the 'god' who controls the supernatural power!"

Gulot is gone.

Wu Ling was very unwilling, but did not dare to touch Ye Fan's edge, and quietly left with the members of the Killing Fan Alliance.

On the battlefield, Ye Fan felt the changes in his body, and he finally realized the power and mystery of refining.

Now, he has entered the domineering body.

Broke the limit of the human body.

Now, even if it is a triple-level horizontal training master, competing for physical strength, it is not his opponent.

"I don't know, my current physical body can contend with conventional bullets."

Ye Fan was looking forward to it and decided to find a chance to give it a try.

now.....

He turned his eyes to the second elder.

"Do not kill me!"

"Master Ye, spare my life, I am willing to be your lackey, and saddle up for you..."

Ye Fan sneered: "My subordinates do not allow the weak and waste. The three elders of the Stone Clan, two have died, send you down to reunite with them."

"Do not!"

How the second elder Rao shouted, the ending was doomed, and he was beaten to death.

Ye Fan took the white robe sent by Niu Vigorously and put it on him, and then his voice was like iron and coldly said: "I will go to the North City. Ye, accompany you to the end."

Chapter 569: Arrived in Beicheng, Yuanjia Road is narrow

The reason why Ye Fan told his whereabouts was because he wanted the ability group and the Killing Fan Alliance to find the door by himself, and he caught it all in one go; these little bugs in the province are always doing things behind their backs, which is very annoying.

In addition, there is another reason, that is to find Bu Qianfan.

Before in Dongcheng, he and Bu Qianfan agreed that he would have a good fight after healed. Now is the time.

After a few days of rushing, Ye Fan and his party finally arrived in Beicheng.

Compared with the East City, the North City feels more primitive, with a strong atmosphere of vicissitudes of life.

"Now it's a place to stay. Let's stay. When we finish our fight with Bu Qianfan, the trip to the Northern Desolation is almost complete."

Ye Fan is very high-profile.

There is no cover, and she has silver hair fluttering.

When people who came and went saw him, they avoided him in awe. Obviously, his name, Ye Fan, had spread throughout the Northern Wilderness.

No one knows, no one knows.

Also on this day.

A hidden place about a hundred miles away from the North City, a strong breath erupted.

The qi soars into the sky, like a **** pillar.

"call."

Two figures rushed out.

"Hahaha, I finally broke through to the realm of the Grand Master, and it was directly the pinnacle of the first layer of transformation. Now I can say that I am the top genius in the martial arts world."

If Ye Fan is here, he must know that this man is Murongxi.

—The eldest young master of Murong's family.

—The son of love saint Murong Wangqing.

"Murongxi, don't be arrogant. There are countless geniuses in the Northern Wilderness. Although you are the pinnacle of Transformation Realm, don't be too mad."

The other man snorted coldly.

He is Murong Huang, and he has dealt with Ye Fan several times.

Before, warriors from all walks of life came to the Northern Wilderness, and the children of Murong's family also came.

Murongxi and Muronghuang walked the Grand Canal and found a heritage cave mansion. They were both inherited and both had great gains.

Murongxi became the master of the first layer of the transformation realm, and Murong Huang had also become the peak of the first layer of the master of Heng Lian, in the state of bronze skin and iron bones.

"Hmph, Murong Huang, this time you have had great luck with me, otherwise, how can you get good luck."

"Although you discovered the cave, I opened it. I don't owe you anything."

Murong Huang squinted, then turned and headed towards Beicheng.

Murongxi's eyes sank slightly, and he didn't say much. In the cave, he and Muronghuang fought against each other, and the two were equal.

Arrived in the Northern Wilderness.

Sitting down in a restaurant, Murong Huang ordered a few bottles of wine.

I was really suffocated in the cave this time, so I had to have a good meal.

Before the strength was weak, walking on thin ice in the Northern Wilderness.

Now they are strong, and the two of them are very confident.

"I heard that Ye Fan is in our North City."

"I've known it a long time ago, I met it on the road, let alone anything else, looks handsome and has a temperament, as expected to be Ye Tianjiao!"

"I also heard that his purpose in coming to Beicheng was to learn from Bu Qianfan."

"real or fake?"

"Bu Qianfan is the most mysterious of the four evil evildoers. He is lonely, but he has cultivated to the point where he is now. However, now that Ye Fan is so powerful, even the Stone Clan has served him, and Bu Qianfan is definitely not Ye Fan's opponent."

"Not always."

"By the way, there is a gambling game before, that is, Ye Fan and Bu Qianfan will bet on who will lose and who will win. Many people place bets. Let's take a look."

"Walk around."

Murong Xi and Murong Huang listened to the conversations of several warriors.

"Ye Fan?" Murongxi gritted his teeth, he still hates Ye Fan, and he can't wait to find Ye Fan now and destroy him.

"Don't think too much, this Ye Fan may not be the other Ye Fan." Murong Huang reminded.

"I hope it's him, so that I can teach him a lesson to vent my heart."

"Ye Fan is the Second Layer of Transformation Realm, your current strength is not an opponent."

Murongxi said disdainfully: "How powerful the inheritance I have got, I now have the combat power of the second stage of the transformation. Ye Fan is only a first-time entry into the second stage of the transformation, where is my opponent."

Murong Huang shook his head helplessly.

at this time.

A group of people came in at the restaurant, headed by Ye Fan with silver hair in white clothes.

"Wow!"

Suddenly, the restaurant was in a commotion.

"White clothes and silver hair, is that Ye Fan?"

"It's Ye Fan!"

"Wow, so handsome, so temperamental, it's just the man walking out in the painting, the banished immortal from the sky."

The men and women exclaimed.

Ye Fan had already heard the ear cocoons for these compliments. He didn't care, and found a dining table to catch it.

Although this restaurant is not big, it is quite famous in Beicheng. I heard that the wine and dishes are excellent, so everyone came over.

"Master Ye, this is the menu."

A waitress came, blushed and put on the menu, quietly looking at Ye Fan, very excited and shy.

This look makes everyone smile.

Ye Fan handed the menu to Qu Youer and the others, and asked the girls to order. He ordered, "Bring the best wine in your store!"

"Okay."

After the waitress left for a while, the owner of the restaurant arrived with two huge jars of wine.

The owner is a half-step master, clasped his fists, and smiled: "Mr. Ye and you all come to my restaurant for dinner. It is really my honor. I specially bring up the fine wine that I have collected for more than ten years. I hope you all enjoy your drink. ."

The wine jar was uncovered, and the aroma was immediately full, spreading out, and the streets and alleys were full of wine.

"Good wine!"

Ye Fan's eyes lit up and he laughed and said, "I'm afraid this wine is your baby, and I won't go for nothing. When the meal is over, how can I give you two middle-class martial arts."

The boss was overjoyed, "Haha, Master Ye is really bold. Then I tell the kitchen to give everyone the special dishes."

"Wait!"

Suddenly, a cold drink stopped the boss's way.

"Boss, why do they have good drinks? I don't have to go, do you think this young man is easy to bully."

"boom!"

The majestic breath crushed away, making the boss shocked.

Ye Fan frowned and snorted coldly, shook the breath and rescued the shop owner.

In the restaurant, the atmosphere suddenly became tense.

The customers were excited.

They didn't expect that nowadays, there are still people who dare to challenge Ye Fan, good fellow, it's so interesting!

Outside, some people came to see Ye Fan admiringly, and their interest greatly increased when they saw it.

"Who are you?"

Ye Fan looked at that table.

At this moment, Murong Xi slowly got up, turned around abruptly, and sneered: "Ye Fan, don't you remember me?"

"You are... Murongxi." Ye Fan was surprised, "You have actually cultivated to the Grand Master, and it is not a simple transformation of the realm. It seems that you have been good fortune in the Northern Wilderness."

"Brother Ye."

Murong Huang walked out.

"Oh, you are here too, Master Heng Lian is the pinnacle of the first layer, not bad." Ye Fan nodded appreciatively.

Murongxi has some doubts, Murong Huang actually knows Ye Fan? But now he is not in the mood to consider this issue.

"Ye Fan, I want these two jars of wine!"

When the words were over, Murongxi raised his hand, played a martial art of the capture type, and grabbed the two jars of wine.

"I thought you would be invincible by practicing as a master. If you dare to show prestige in front of me, you are still far away."

Ye Fan's eyes were contemptuous, and he snapped his fingers again.

A burst of qi extinguished the claw mark, and the momentum remained undiminished, killing Murong Xi.

"Boom."

Murongxi punched his fingers apart, but was still shaken back several steps and hit the table.

By this time, Ye Fan was already tasting wine.

The clouds are light and breezy, free and easy.

It seems that it was just a trivial matter.

"Tsk tsk, it's ridiculous. Who is this person, who dares to offend Master Ye Fan."

"That is, he dared to scream at the first step of the transformation, he is really sick. Master Ye Fan can kill him with one finger!"

"Maybe there is a problem with the brain!"

The sound of the discussion made Murongxi's face flushed, and he was extremely embarrassed. He screamed and lifted many tables, making the restaurant a mess.

The boss wanted to cry without tears, and shouted: "Master Murong, please stop as soon as possible. I am doing a small business and cannot withstand the toss. Moreover, the four cities in the Northern Wilderness have regulations that no force may be used in the city."

Murongxi ignored it, and shouted murderously: "Ye Fan, dare to fight with me."

Ye Fan suddenly got up.

However, it was not because of Murongxi, but because he saw Bu Qianfan in the crowd outside.

Finding Bu Qianfan turned and left, Ye Fan said, "You continue to eat, I'll go out and come back soon."

Before the sound fell, Ye Fan rushed out of the restaurant.

Murongxi thought Ye Fan was scared, so she ran after him and laughed: "Ye Fan, where are you running away!"

Chapter 570: Joker

"Is Lord Ye Fan really scared?"

"I'm afraid that you are a big-headed ghost, that is because Lord Ye Fan doesn't want to take a shot in the city, and go outside the city to solve the second stunner."

"Walk around, catch up and have a look."

A mighty group of people headed out of the city, Qu Xiantian and others remained silent, drinking and eating food on their own, they knew Ye Fan could solve Murongxi.

The traffic in the city is well developed.

Ye Fan drove an off-road vehicle, quickly chased the one in front, and left Beicheng.

Murongxi also chased after him.

Bu Qianfan got out of the car in the ruins outside the North City.

Ye Fan smiled and said, "Brother Bu, I thought I would have to wait a few days, but I didn't expect you to find me so soon."

Bu Qianfan said, "I have been in Beicheng."

"Okay, let's start, and after discussing with you, I have to leave the Northern Wilderness."

"Do you want to leave the Northern Wilderness?" Bu Qianfan murmured to himself, and then said with emotion: "Indeed, the Northern Wilderness is too small to tolerate your great **** after all."

"And you?"

"I also plan to leave for a while and go outside. For example, the Shiwanshan Mountains, Kunlun Mountains, Qinling Mountains, Dongtu, Southern Xinjiang, and the West... There are so many things worth visiting in Daxia. I'm walking around and exploring places; I'm afraid I'll spend my entire life, and I'll never end my prying eyes."

"Then you need to hurry up and walk more."

"Come on!" Bu Qianfan took a deep breath, suddenly his eyes became sharp, and his breath began to rise steadily.

Huhuhu.

The cold wind howled on the ruins.

Ye Fanyin danced wildly, making his temperament extraordinary, and his eyes became solemn.

Because, he felt that Bu Qianfan gave him a slight threat; moreover, Bu Qianfan had already broken through to the second stage of Huajing, the same as Qu Xiantian.

But Bu Qianfan's physical body is also very strong, I am afraid that he is about to break through the double level of Master Heng Lian.

This kind of two-two combination, concession Qianfan's comprehensive combat power is immeasurable, and maybe even the great master can't kill him.

"Ye Fan!"

At this moment, Murong Xi rushed over.

The original vigor of the rivalry was broken by this lifelong drinking, and Ye Fan looked at it displeased.

Murongxi burst into the air, glanced at Bu Qianfan, slightly surprised, then stared at Ye Fan and sneered: "Ye Fan, you're scared, don't dare to fight me!"

"What's wrong with you."

Ye Fan's eyebrows were full of contempt, and he waved his hand: "You are not my opponent. For the sake of love, I forgive you, go back quickly, and don't disturb us."

Murongxi was furious and roared: "Ye Fan, you are too arrogant, don't think that you are the second layer of the transformation and look down on me. Do you know how much good fortune I got, is already the peak of the first layer of the transformation, and the combat power is comparable Huajing Duo."

"so what?"

"You! Murongxi gritted his teeth, "If you don't see the coffin, you won't cry. If you think you are, then let's do it. "

"Are you sure you want to fight me?"

Ye Fan looked playful, with a faint smile on the corner of his mouth.

Murongxi did not answer, the aura had fully exploded, but it was quite vigorous, and he was considered a genius.

Unfortunately, it was Ye Fan that he met.

"kill!"

As soon as Murongxi came up, he displayed a top-grade martial art and slapped it down fiercely.

Bang!

This blow slammed Ye Fan's body sturdily, hitting flying sand and rocks, and smoke billowing.

Murong Xi sneered and said, "Che, I thought it was so powerful, it was really boring to be killed by me with a single blow."

With that said, Murongxi turned to look at Bu Qianfan and asked, "Hey, who are you and why do you want to fight Ye Fan?"

Bu Qianfan didn't bother to watch it.

Murongxi was angry again, "I was talking to you, but you actually ignored it. I really thought I was a thing."

"Lightning claw!"

This martial art is fast and violent.

Grab towards Bu Qianfan.

At this moment, Bu Qianfan's eyes burst with murderous intent; he was about to shoot, and a finger light came to wipe out the paw print.

"Um?"

Murongxi turned her head and found that the smoke and dust had dispersed, and Ye Fan appeared unscathed, even his clothes and hair were intact.

"How can it be!"

Murongxi was shocked. Just now, the high-grade martial arts combined with his six success strengths did not hurt Ye Fan?

In the distance, the spectators cheered.

"Ye Shi is invincible!"

"Ye Shi is invincible!"

The so-called "teacher" is a respectful language.

Ye Fan, the strength he showed during this period was enough to be called "Ye Shi".

"That's it?"

Ye Fan patted the dust on his body and jokingly said, "Are you tickling me?"

"Dou Zi Jue!"

Murongxi screamed immediately, and his momentum skyrocketed three times for a while.

Bu Qianfan and Ye Fan's eyelids twitched, they were very surprised and unexpected.

"Rumble."

Under this power, the small gravel was broken, and the huge pressure poured down like a waterfall.

Murongxi is indeed an enchanting evildoer, and he does possess the dual combat power of Transformation Realm, and he is already the top figure of the young generation.

"kill!"

A punch, amazing.

However, Ye Fan still did not make a move, with his body resisting the punch.

Make Murongxi dumbfounded.

The audience was silent.

Many spectators have only heard of Ye Fan's name, but have never seen Ye Fan's strength, and now they have seen it.

With a punch that could severely wound the Great Master of the Second Layer of the Transformation Realm, Ye Fan fought it down with his body, without using the gas mask.

this.....

What a terrifying body!

Some female spectators breathed quickly, dreaming about what it would be like to be pressed down by Ye Fan's powerful and arrogant body!

"Dou Zi Jue, this martial skill surpasses the top grade. It should be a top grade, capable of enhancing strength and combat effectiveness."

"Impressive!"

Ye Fan couldn't help but admire, and his mind became hot.

I really want to catch Murongxi to get the "Dou Zi Jue", but, thinking about it, it is too shameful to do so; and Murong Xi is the son of Love Saint, and he has to give Love Saint face.

"Murongxi, do you know the gap between me and me now? One last warning, for the sake of Qingsheng's face, immediately leave me without blaming me, otherwise don't blame me for being ruthless."

"impossible!"

Murongxi couldn't accept it.

He used his trump card to increase his combat power by two or three times, and he could not even break Ye Fan's physical defenses.

This is definitely not true.

"Ye Fan, you are pretending, your internal organs have been broken by me, you are holding on."

"Don't pretend, let me fall down."

Murongxi had lost his reason and shot Ye Fan again.

Ugh.

Ye Fan sighed.

With one punch, Murongxi flew into the air, spurting blood one after another, smashing boulders, lying in the pit, convulsing constantly.

Ye Fan walked to the side of the pit, condescendingly examining Murongxi.

"Why... Why! I got the Invincible Legacy... It must be enemy-free! Why... I will lose to you!"

"Because you are too arrogant."

Ye Fan scolded and said coldly: "You are a nouveau riche mentality, you become a strong man in one fell swoop, arrogant and complacent, boisterous, no one pays attention to it. This is doomed to your tragedy."

"The strong need to go through countless hardships before they can stand upright."

"You have too little temper, this time the attack on the Eagle Congress will make you understand. I will not kill you, Murong Huang, come over."

Ye Fan yelled and ordered: "Take him away."

"Thank you Brother Ye for being merciful." Murong Huang smiled bitterly and grabbed Murong Xi from the pit.

Although he and Murongxi didn't deal with each other, they were their own family members after all, and they couldn't help but take care of them.

At this moment, Bu Qianfan came suddenly and said indifferently: "You just asked who I am... Now I tell you, my name is Bu Qianfan!"

"boom!"

Murongxi's eyes opened wide.

Bu Qianfan, one of the four great evildoers of the Northern Wilderness.

It turned out to be him!

He and Ye Fan clash... Ye Fan, has he reached this level?

"Tsk tusk, it's so ridiculous, I actually challenged Master Ye Fan and was beaten as a dead dog."

"Master Ye Fan has even killed the tycoon of the Three Great Masters of the Transformation Realm, and the Great Two Great Masters of the Transformation Realm kills like an ant. A small one-staff grandmaster dares to seduce him, isn't he looking for death!"

"Smug-minded, Joker."

The words of these spectators made Murongxi twitch all over, his eyes raised, staring at Ye Fan in horror... Is he already able to kill the grand master?

At this time, Murongxi knew how stupid he was, and did not inquire about Ye Fan's record in advance.

actually.

This cannot be blamed on Murongxi.

It didn't take long for me to enter the Inheritance Dongfu after I came to Beihuang. I just left the customs today and encountered Ye Fan at the restaurant.

I don't have time to inquire.

With a "poof", Murong Xi spit out a big blood in shame and fainted to death. Murong Huang quickly took him away from here.

Fighting word jue.

Ye Fan murmured secretly, still very interested, decided to find a chance to meet Murong Huang and have a chat.

"let us start."

Bu Qianfan made a deep voice and put down the giant axe he was carrying.

Ye Fan also put the Xuantian War Halberd on the ground, the tiger's body was shaken, and he shouted, "Come on!"
