Chapter 581: Arrogant

"Brother Tao, if I take the liberty to ask, I still don't understand what is the point of our consortium stationing in this humble small city of Changning!"

"Yeah, Brother Tao, Changning, a land with a larger sesame seed size, has no economy. Even if it controls Changning's business community, it is useless and has little effect."

The classmates asked verbally.

Gu Tao squinted his eyes and said, "Actually, I am not too clear. It is the task given to me by the family. I can reveal that not only Changning, but the entire Qingzhou is involved."

"what!"

Everyone was shocked.

Qingzhou has to be involved. What does this mean? It is to control the entire business community in Qingzhou?

What a joke.

Even the top consortium in the capital can't say that it can do this.

Even if I can, I dare not.

Controlling a state's business community is a monopoly and is subject to state sanctions. It is a serious prison sentence and even a capital crime!

"I don't know the details, but I heard from my father that the family has some cooperation with Nanjiang."

"Southern Xinjiang?"

Everyone looked at each other.

Qingzhou is located in the south of Daxia, and further south is the border of southern Xinjiang.

There is the area dominated by champion Hou Xue Guan.

"Okay, let's not talk about it, don't inquire about these, knowing too much is not good for you."

"The task of the family is to fix Changning first, use Changning as a base, radiate other cities, and then cover the entire Qingzhou. This is a huge project. It is too difficult for us to complete it. The family must have other arrangements. We only need Do your best."

The classmates looked at each other and said in unison: "We must follow the ancient royal family, help the royal family do things, and complete tasks."

Gu Tao nodded with a smile.

As the young master of one of the seven royal families, his status is respected.

Although the state stipulates that the royal family shall not engage in commercial activities, but privately, the royal power will radiate some consortia and indirectly control it.

For example, the Xiao clan secretly controls the Xingyao Consortium, which is a big consortium comparable to the eight first-tier families in Beijing.

The Mida Consortium and the Perfect Consortium are still a bit worse than Xingyao, but there are many consortiums under the command of the ancient royal family.

Quantity can make up for the lack of quality.

"Qingye Group and Hongxiu Group, please step up, Zhao Qingmei and Mu Qianqian, I am very interested."

A trace of greed flashed in Gu Tao's eyes, especially Zhao Qingmei. Such a powerful woman would be so refreshing to conquer.

Little Changning, I didn't expect so many beauties.

Qingzhou sees Jiangnan, there are many beautiful people in Jiangnan... This is true!

...

Aoba Group.

meeting room.

The executives have serious faces and are in a bad mood.

Chairman Mu Qianqian was even more desperate.

Meng Qingyi went to Nanling, the provincial capital, to develop, and handed the Qingye Group to her best friend to preside over it. It can be described as the most trustworthy.

Mu Qianqian also secretly vowed to take care of the Qingye Group, but now the group is facing a huge crisis.

The big consortium in the capital wants to win the Qingye Group, which is not allowed by Mu Qianqian; taking a step back, if a sufficiently generous price is given, Mu Qianqian will not have a headache.

The key is that the price given by the Beijing Consortium is too low and too low.

One billion!

Thinking of this number, Mu Qianqian couldn't wait to swear: Special code, Qingye Group has developed rapidly and has a good momentum. Now its market value has exceeded tens of billions.

Those consortia actually said that they would acquire Aoba Group for one billion.

Fuck fucking!

"Chairman, let's turn to Nanling for help. We can't help it. Even with the help of the Hongxiu Group, it can't beat the Beijing Consortium."

"Yes, Dong Meng opened a company in Nanling. I heard that it is developing very well. It has received investment and help from the Nanling family. Meng Dong looked for a relationship and asked the Nanling family to come forward to mediate, and it could smooth the capital consortium a little bit."

"Yes, I think so too."

"Nanling is the capital of Qingzhou, a first-tier metropolis. The groups controlled by the big families there have a market value of over one trillion, which is not lost to the capital consortiums such as Mida and Perfect."

"Chairman, what are you hesitating?"

The executives have some persecution.

Mu Qianqian sighed: "Do you think I haven't contacted Qingyi? Whenever something happens, I will contact you, but I can't."

"what happened?"

"Where do I know, there is no news from Nanling. This is one of them. The second is that those capital consortiums are all secondary characters, and the key is Gu Tao."

Mu Qianqian's face was full of jealousy.

"The consortium listens to Gu Tao, which shows that Gu Tao's identity is unpredictable. Even if Nanling comes forward and can smooth out the consortium such as Mida, it may not be able to smooth Gu Tao."

"The worst result is that Gu Tao was furious. Not only did he take the Qingye Group, but he also had to deal with Nanling. That would really be all over."

The executives finally understood Mu Qianqian's scruples, everyone sighed, but no one had the idea of running away.

These executives are all working hard with Meng Qingyi, and they are Meng Qingyi's loyal followers.

It is impossible for them to leave or abandon the Qingye Group.

"Boom!"

Suddenly, the door was kicked open.

Everyone was shocked.

"Ding Jian, why are you here again!"

"This is our group executive meeting room, a private place, who allowed you to break in!"

Mu Qianqian was furious.

This Ding Jian is the secretary of the perfect consortium daughter.

These days, I have come to the Aoba Group to talk about the acquisition again and again, and the attitude is very arrogant, and everyone is helpless.

"Get out immediately, otherwise I will call the police!" Mu Qianqian pointed angrily at the door.

"puff."

Ding Jian laughed disdainfully, and sat down with his feet on the conference table.

The executives blushed and their necks were thick.

This is really humiliating.

But everyone dared not speak.

Mu Qianqian gritted his teeth and shouted in a low voice: "Ding Jian, don't think that your background is bullish. Our Qingye Group is not a soft persimmon."

"I'm in a hurry, my old lady's blood splattered five steps!"

At this moment, Mu Qianqian couldn't bear it, like an angry lion. He took out the dagger from his bag and held it tightly in his hand.

The executives were taken aback.

Ding Jian was also taken aback, put his foot down, stood up and snorted coldly: "Mu Qianqian, don't make such a big fire. I came here just to tell you that our lady promised to increase the price by 100 million."

"11 billion, how about giving Aoba Group to our perfect consortium?"

"fart!"

Mu Qianqian scolded angrily, and took three steps forward.

Ding Jian's face changed, and he backed away quickly, saying sternly, "Mu Qianqian, don't toast or eat fine wine. You think that with the help of the Red Sleeve Group, you can sit back and relax."

"To tell you the truth, I used to play with you before. From today, our consortium will make vigorous moves."

"If you don't agree, then don't blame our consortium for being cruel and ruining the Qingye Group. At that time, you will go bankrupt, you will not get a penny, and you will have to bear huge debts."

Mu Qianqian paled as if struck by lightning.

Cang Dang.

The dagger fell to the ground.

Ding Jian quickly picked up the dagger, and then grabbed Mu Qianqian's neck with one hand.

"Extraordinary, five steps with blood splattered, believe it or not I cut your face now."

"Ding Jian, you are presumptuous!"

"stop!"

"Let go of the chairman, or we will call the police."

The executives were furious and wanted to tear Ding Jian to pieces, but they did not dare to act rashly.

An executive wanted to rush out of the meeting room to call for security, but found that the door could not be opened.

"Don't waste your efforts. There are a group of bodyguards with me outside, dozens of people. Not only is the gate locked from the outside, this layer is under my control."

The executives' faces changed in shock.

Mu Qianqian shouted in humiliation and angrily: "Ding Jian, you are the behavior of the evil forces, you are too lawless, are you not afraid of the Public Security Department arresting you?"

"I said that you, as the chairman of the group, are not too young. Why are you still so naive to say this kind of laughter. Little Changning Public Security Department, dare to offend our Beijing Consortium!"

"The Changning Public Security Department does not move, then I will report to the provincial capital. I don't believe that I can't kill you!"

These words scared Ding Jian into a cold sweat, and then slapped Mu Qianqian fiercely, cursing: "Smelly lady, give you a face!"

"You dare to hit the chairman!"

"Ahhhhhhh!"

"Ding Jian, I played with you!"

The executives also liked Mu Qianqian very much. After all, they were Meng Qingyi's best friends, and they all regarded them as their own.

There were also some young people among the executives, who couldn't help but grabbed their chairs and rushed.

"I see who dares to move!"

Ding Jian waved the dagger in his hand, causing several young executives to stop.

"Retreat to me!"

Ding Jian shouted angrily, and then forced Mu Qianqian to sit down. He stood behind with a dagger on Mu Qianqian's neck, leaning over and sniffing the fragrance of Mu Qianqian's hair.

Mu Qianqian was ashamed and angry: "Asshole, what are you doing!"

"Well~ it smells good, it's a virgin fragrance, I didn't expect it to be a young child, it's no wonder the eccentrics are attracted to you."

Ding Jian grinned and threw out a contract. In Mu Qianqian's ear, he said sadly: "Sign the contract, otherwise..."

"boom!"

The door broke open.

A group of people in black flew in, their hands and feet twisted weirdly, wailing and screaming.

Ye Fan strode into the meeting room, with a murderous look in his eyes, and said coldly, "Otherwise, what do you want?"

Chapter 582: Beaten into a pig's head

"Ye Fan!"

Mu Qianqian was extremely pleasantly surprised.

At this juncture, Meng Qingyi's younger brother Ye Fan appeared, almost like a **** soldier.

Ding Jian's eyelids jumped wildly.

This person named Ye Fan came here, that means... his dozens of expert bodyguards outside did not stop them, all of them were beaten to the ground.

Good guys!

This kid is amazing.

Ding Jian grabbed Mu Qianqian with a dagger against Mu Qianqian's throat, and shouted, "Boy, immediately cut off your hands, or I will send this lady to see King Hades. Don't think I dare to kill her even if I kill her. Miss can protect me too, I have nothing to fear!"

"Well, I'm not afraid of anything, I hope you can say this later."

Ye Fan sneered, pointing a little.

puff!

Ding Jian's arm with the dagger was pierced, dripping with blood, and he fell to the ground and screamed.

Mu Qianqian was terrified.

Ye Fan pulled to his side, and Tang Ying and Meng Qingyin walked in from behind, wiped the blood on Mu Qianqian's face, and soothed Mu Qianqian.

The executives were dumbfounded.

What's the matter?

With a point of Ye Fan's finger, Ding Jian had a blood hole in his arm. It was amazing... No, it should be a gun hidden in Ye Fan's sleeve.

The ability to own guns is obviously not an ordinary person.

The executives looked at Ye Fan in awe, and when Mu Qianqian told them that Ye Fan was Meng Qingyi's younger brother, there was joy in their awe-inspiring eyes.

It turned out to be his own!

A young executive shouted: "Ye Shao, you must not let this **** go."

"Yes, he is too lawless, humiliating us wantonly, unforgivable!"

"Kill him!"

Ding Jian was trembling with fright. He wanted to speak cruelly, but he could see Ye Fan's murderous eyes and frosty face, kneeling instinctively begging for mercy.

"Big brother, I was wrong, forgive me. My lady..."

"puff!"

Ye Fan secondly pointed.

A blood hole appeared in Ding Jian's other arm, shocking, blood spurted, and the whole meeting room was filled with blood.

The executives are not afraid, but feel big and dripping.

"puff!"

"puff!"

The third finger.

The fourth finger.

Ding Jian's legs were also scrapped.

The whole person was limp in a pool of blood like a dead dog, so painful that he didn't even have the strength to scream, and he kept twitching.

"Do you know where the lady from the Perfect Consortium lives?" Ye Fan asked, looking back.

"I know, Gu Tao and several young masters and daughters of the consortium live in Baihe Tower."

"Okay, arrange for someone to send this guy and all his bodyguards to Baihe Tower. And tell Gu Tao those people, dare to come to the Qingye Group again, come and I will waste one, come and I will waste one pair, come to a group of me waste group."

boom!

The meeting room "exploded".

Ye Fan's words ignited the blood of executives.

These days they are suffocated to death, and now Ye Fan's words and deeds can be said to make everyone exasperated.

The young executives do it themselves, and they will be cleaned up soon.

Office of the Chairman.

Mu Qianqian hugged Ye Fan and wept with joy, "Xiao Fan, you are here too late."

"Sister Qianqian, don't cry. I'll be fine when I come back. I can solve everything. You can continue to take care of the Qingye Group with peace of mind."

"Xiao Fan, Gu Tao's identity is unpredictable, and there are several consortia. This force is too powerful, can you deal with it?"

"Can."

Ye Fan looked firm.

Mu Qianqian was stunned. Although shocked, she didn't ask much, and said with satisfaction: "Okay, well, you are promising, Qingyi knows that she must be very happy."

Afterwards, Ye Fan called Niu Dali and his small attendants to Qingye Group.

The two Heng Lian masters were sitting in town, and even the black-robed old man next to Gu Tao could be dealt with.

Then Ye Fan and the three returned to Mingyue Manor.

at the same time.

White Crane Tower.

Ding Jian and others were thrown down, along with a letter, which was thrust into the gate of the White Crane Tower by a flying knife.

There were dozens of people, and there was a lot of movement.

Rumbling.

Gu Tao and the others rushed out, seeing this scene, their expressions were cloudy and uncertain.

"Ding Jian!"

The daughter of the perfect consortium screamed and rushed forward, and found that Ding Jian's limbs were abolished, and she couldn't help but feel grief and indignation.

Ding Jian is her secretary and her concubine; Ding Jian is alive, making her want to die, so she is abandoned. She feels distressed and angry at the same time.

"who is it!"

"Who abolished Ding Jian, I want him to die!"

The black-robed old man who followed Gu Tao took the letter from the door and handed it to Gu Tao.

After a glance, Gu Tao Lei Ting was furious: "Ye Fan! You are dying!"

Followers read the letters one after another.

One by one, anger rushed into the sky, murderous.

The Miss Perfect Consortium yelled: "Brother Tao, I can't bear this tone. I want to gather people and flatten the Aoba Group."

"Yes, I pushed the Qingye Group!"

"Unbearable!"

Gu Tao said coldly: "That's how it should be. Deal with Ye Fan tomorrow and destroy the Qingye Group today."

"You immediately summon a group of masters to kill the Qingye Group and let Ye Fan know the consequences of those who beat us!"

ten minutes later.

Miss Perfect Consortium personally brought more than two hundred masters to the Qingye Group in a mighty manner.

White Crane Tower.

Gu Tao and others are waiting for news.

They are very confident.

With more than two hundred elite masters, it is not easy to deal with the Qingye Group.

However, what they didn't expect was that after only half an hour, the siren rang in front of the Baihe Tower.

Gu Tao and the others saw a dozen trucks slowly approaching, and then the trucks fell down in groups of people.

These are impressively those elite masters.

"..."

"??"

"!"

Gu Tao and others were dumbfounded and unbelievable; more than two hundred masters were all beaten up.

How can it be!

"Huh!"

At this time, a figure was thrown out and fell at Gu Tao's feet.

—Is the lady of the perfect consortium.

At this time, she had been beaten into a pig's head, her eyes, nose, and mouth were all swollen together, and she couldn't see her appearance.

Damn it!

The other attendants took a breath of air, their scalp numb, and their cold hair stood up.

This special code is too ruthless, it's so horrible, it's really good.

Fortunately, they didn't go, otherwise they would definitely be beaten into pigs.

"Brother Tao, Ye Fan is too crazy, special."

"What should we do now?"

Everyone looked at Gu Tao together, waiting for instructions.

The black-robed old man persuaded: "Master, don't be arrogant. It can be expected that Ye Fan is still a bit powerful, and he needs a long-term plan to deal with him. Tomorrow will be the highlight, so don't make a big noise today."

"Although the chief of Changning City takes care of us, it is too much to handle. If it is known by the Qingzhou Provincial Government, it will be a little troublesome."

"Okay!" Gu Tao squinted his eyes, nodded his head, and issued an order: "From now on, you should try your best to gather people and horses for me, the more the better, tomorrow I will let Ye Fan kneel down in front of me and sing to conquer!"

"Yes!"

The children of these consortiums are afraid that the world will not be chaotic. When they get Gu Tao's order, they don't have any scruples. They call immediately, use their strength, and mobilize the people.

this day.

A large number of planes landed in Changning, which greatly increased the pressure on the Changning Aviation Department.

Changning City Hall.

A group of leaders frowned.

"Looking at this posture, Gu Tao is going to fight the Hongxiu Group and Qingye Group in an all-round way. I heard that Ye Fan has already returned. The kid made a lot of news in Changning before. When he came back this time, he collided with Gu Tao. ..."

The new director of the Public Security Department did not go on, but the meaning was obvious, that he could not bear the consequences.

In other words, the entire Changning can't hold it.

Changning is a small city after all.

If the two sides rushed to a large-scale casualty, how could their leaders hold it.

No one can escape from the top.

"City chief, you have something to say."

Everyone looked at the man who had been silent.

Changning is the new head of the city.

The meeting room is strangely quiet.

a long time.

The head of the new city sighed and threw a blockbuster.

"The Nanjiang side will give news, let us not mix up, and the side will deal with it if something goes wrong."

"what?!"

The leaders trembled.

The new director asked cautiously: "Who came from the news from Nanjiang, the champion?"

"The champion candidate is highly powerful, and I am not qualified to let him contact me personally." Xinshi first laughed at himself, "I am the confidant of the champion candidate, a three-star warrior."

Samsung warlord, that's amazing.

The status is much higher than that of Changning, a small city.

The head of the city asked: "Gu Tao explained that he will go to settle down at noon tomorrow?"

The director nodded, "Yes."

"Then you can start to evacuate the site within ten miles of Anjia now, and find an excuse. It can be said that there is an earthquake wave. Don't disturb the people."

After the order, the city leader sighed exhaustedly: "Ah, we are too difficult, this one is not easy to do!"

"I just don't understand why champion Hou pays so much attention to Changning. The idea of a big man is really unpredictable."

Chapter 583: Everything went wrong!

Mingyue Manor.

Ye Fan flipped through the information Zhao Qingmei had prepared, looked carefully, and generally understood what had happened.

The six consortiums of Mida, Perfect, Sunshine, Zhongli, Feiyue, and Sanding, plus a distinguished Gu Tao, are indeed a lineup that looks forward to.

The six major consortia are all from the capital, with a market value between one trillion and two trillion, and the combined market value of the six is about ten trillion.

The volume of ten trillion is already very scary. The economic volume of Qingzhou's commercial sector is only in the early 20 trillion yuan.

The economic strength of Gu Tao's team is comparable to half of Qingzhou Province.

No wonder it's so arrogant!

No wonder the leaders of Changning dare not move!

Not to mention Xiaoxiao Changning, even the Qingzhou provincial government is also very jealous.

Of course, the eyes of the six consortiums are nothing for Ye Fan, and the scale of the Tianzun Temple's global economy slaps these six consortia.

The key is.....

"Gu Tao."

Ye Fan murmured to himself that there was no information about Gu Tao in Zhao Qingmei's data, and it was obviously not investigated.

But Ye Fan had some guesses.

Being able to mobilize the six major consortiums, it was from the capital of Zhongzhou again, Ye Fan's mind popped out of the ancient clan, one of the seven royal clans.

"This Gu Tao is the young master of the ancient royal family," Ye Fan muttered to himself.

People of the ancient royal family, Ye Fan also had contact.

Once went to the Misty Mountains to save Ye Chen, the young master of the Ye royal family, he encountered several royal families, among them the ancient royal family.

Moreover, at that time, Ye Fan also beheaded the man from the ancient royal family and annihilated the ancient royal family's squad.

did not expect.

This time the ancient royal family came to look for things again.

"Changning, a small third-tier border town like Changning, was looked upon by the ancient royal family? It's illogical."

Ye Fan was puzzled.

He asked: "Apart from Changning, are there any changes in other cities?"

Zhao Qingmei said: "Not yet."

"All right."

Ye Fan put away the information and asked, "Did Grandpa and the children investigate it?"

This is a big deal.

If the group was gone, it was gone. Ye Fan didn't care about money.

Grandpa and the children can't make mistakes.

Zhao Qingmei said: "I'm still investigating, there is no news at the moment. Don't worry, my grandfather and the children are lucky, and there will definitely be nothing wrong with them."

Ye Fan was thoughtful. According to the information just now, the land on the side of the orphanage was taken down by the Sanding Consortium.

Grandpa is in the hands of Sanding Foundation?

Ye Fan opened the information again and found the information about the young master of the Sanding Consortium.

"Hua Yang Shu."

Ye Fan remembered this name and photo.

...

Into the night.

Changning Wonderful World.

The site of Xu Taishan.

When Ye Fan was in Changning, he subdued several figures on the road.

The king of Mount Tai, Xu Taishan, the king of beggars do not beg, the little Li Feidao Li Yu, and the king of wild fist Liu Zhen.

These four people are all the best on Changning Road, and they also know Zhao Qingmei.

It stands to reason that the Hongxiu Group was hit, and Xu Taishan and the others should also help.

But on this day, Ye Fan did not see Xu Taishan and others, and Zhao Qingmei did not mention Xu Taishan and them.

It's a bit unusual.

Ye Fan didn't ask Zhao Qingmei, but decided to come and see for himself. At the moment, standing in front of the "Qile World", he found that this huge resort was sparsely lit and there were no people.

It used to be brightly lit and Changning's largest leisure and entertainment venue. How did it end up in such a field?

"Eh, who are you?"

A security guard blocked Ye Fan's way. The security guard wore protective clothing and said, "You can't enter this place."

"why?"

The security guard pointed to the warning sign and said: "Poisonous places are being disinfected."

Ye Fan was confused.

The security guard explained: "A few days ago, there was an explosion here, and poisonous gas blasted out of the ground, causing no small casualties. Because of this, the leaders of Changning City, the Director of Public Security and other leaders were removed and replaced with new leaders. "

"This happened?" Ye Fan was shocked. The information Zhao Qingmei gave did not contain these records.

I don't know if time is too tight, Zhao Qingmei was negligent and still failed to find out.

Ye Fan asked: "The outbreak of poisonous gas will definitely cause a lot of casualties. Why is there no news?"

"Crazy, how could this kind of thing be reported? It's overwhelming. Not many people even in Changning know about it, claiming that the Qi Le Great World is transforming."

"By the way, this area has been banned for more than ten miles, how did you come here? Go quickly, otherwise you will be arrested and sent to the game."

The security guard kindly reminded.

Ye touched his pocket, there were a few red tickets, stuffed them to the security, and continued to ask: "I'm here to find the boss of Qile Great World, Xu Taishan, do you know where he is?"

"I got caught."

"Caught?"

"Isn't this nonsense? Xu Taishan organized people to dig the ground and unearthed poisonous gas, which caused disasters. He must be arrested. Not only him, but also a few big bosses. I heard that they are all figures on the road. NS."

Ye Fan suddenly realized.

No wonder I didn't see Xu Taishan and the others, they were all locked up.

The security guard said: "Due to their special status, Xu Taishan and others are troublesome to deal with. I heard from my friends that they were temporarily detained in Tiantongyuan."

Tiantongyuan is the place where Changning government agencies live.

Xu Taishan and the others were arranged in Tiantongyuan instead of a detention center, and they were treated well.

"Thanks a lot."

"Come on, there is a patrol car coming over there." The security urged.

Ye Fan hurriedly left.

He called Zhao Qingmei and talked about the Qi Le Great World.

Zhao Qingmei was shocked, "It's true, I don't know. I didn't contact Xu Taishan and the others. I thought they had left Changning."

Ye Fan said, "I want to see Xu Taishan and the others. In Tiantongyuan, can you still entrust the leadership of Changning to work?"

"No problem. After all, I am a local leading company in Changning. Although I have been hit now, those leaders will still save face."

"ASAP."

Not long after, Zhao Qingmei called back saying that it had been arranged and gave Xu Taishan their specific residential address.

Ye Fan came to Tiantongyuan overnight.

Building A, Room 604.

Boom boom boom!

Ye Fan knocked on the door.

at this time.

In the room, Xu Taishan, Wuqi, Liu Zhen and Li Yu were smoking cigarettes haggardly, and they were surprised by the sudden knock on the door.

"Who will come this big night? Could it be that the sanctions against us have been issued."

"It's too useless to be sanctioned like this!"

"Open the door first and have a look."

Xu Taishan took a deep breath, a little nervous, opened the door abruptly, and said, "Leader, it's so late..."

"it's me!"

Ye Fan snorted.

These days, being detained here, I feel mad, and my spirits are a little trance.

Hearing Ye Fan's voice at this moment, Xu Taishan vibrated, rubbed his eyes and looked intently, and was greatly surprised: "Boss, it's you, you are back!"

The three of them also ran, shaking with excitement.

"Go in and say."

Ye Fan walked into the room with a sullen face and looked at the facilities. He sat down and said coldly, "What is going on in the Great World of Wonderland, let me explain it honestly."

The four of Xu Taishan looked at each other, and their expressions were a little abnormal.

"Why, dare not to say?"

"Boss, it's not that we dare not say it, but we don't know what to say." Xu Taishan's face was strange.

Ye Fan motioned to the four of them to sit down, their expressions and voices solemn, "Starting from the beginning, I need to know the detailed process. This way I can save you, otherwise you will be a capital offense depending on the disaster you cause!"

Chapter 584: Ye Fan came to wipe his butt

"Boss, this is how things are..." Xu Taishan said in a whisper.

It turned out that a month ago, a self-proclaimed geological expert came to the Qile Great World and said that there were treasures in the back mountain and bewitched Xu Taishan to dig.

The back mountain was originally the place where Tong Di's team stayed.

Before Ye Fan was in Changning, he had convened Tongdi's team to study the Hongmeng chip, and then Houshan was Tongdi's research institute.

Xu Taishan didn't believe the expert's words at first, but then he was so confused that he agreed without a word.

Ever since, the Tongdi team was forced to leave the back mountain and went to other places to establish a new research institute.

This is why, in the wild continent, when Ye Fan summoned the Emperor Tong to return to the Tianzun Temple for genetic engineering research, the Emperor Tong did not mention Xu Taishan's digging for treasure.

Because at that time, Tong Di was no longer in the Qile World, and he didn't know what Xu Taishan did.

Come back again:

After the Tongdi team left, Xu Taishan decided to dig the mountain, which was a secret project.

Xu Taishan didn't have enough manpower, so Wuqi, Liu Zhen and Li Yu were called to work together.

Thousands of people rushed to dig day and night for half a month, and the back mountain was basically hollowed out, and it was 70 or 80 meters underground.

Finally disaster came.

Poisonous gas was buried underground, and an explosion occurred, and the poisonous gas spread out.

Xu Taishan knew something was wrong.

Immediately evacuated people from the Qile World, and started detoxification work at the same time.

Fortunately, there was heavy rain that day, and the poison gas was only in the Great World of Qi Le and did not spread out.

More than a dozen people were poisoned to death, all of them were digging workers; there were more poisoned people, hundreds of them.

As for the tourists, it's actually fine.

Because of the explosion on the back mountain, the tourists began to be evacuated, and they were not affected.

It was originally because the brothers below him were killed and injured, Xu Taishan and the four could handle it quietly.

However, it was reported by the adversary on the road.

The government agencies came in, arrested them, and detained them here.

"Boss, after the explosion and poisonous gas, a brother said that the geologist had entered the ground; but we looked for it and he was gone."

"I see, there is indeed a treasure, and it was taken away by that expert, and we were taken advantage of."

"Special code!"

The four of Xu Taishan were extremely aggrieved.

Ye Fan nodded, the geologist was the culprit, and it was his brother who was killed or injured, not tourists. This is relatively easy to handle.

"How did the dead and wounded brothers arrange?"

"Not sure."

"We have cut off contact with the outside world, and we don't know the situation outside these days."

Xu Taishan said sadly, "Boss, if I were not deceived, I would not cause such a catastrophe. It was I who killed my brothers. I have a list of dead and wounded in my mobile phone, but the mobile phone has been confiscated. I hope you can get it. This list will be given enough comfort money."

"Our assets must all be frozen. You can only ask the boss to find a way to make money."

"We are guilty, we confess; but we are not reconciled that the culprit is at large, hoping to catch the bastard!"

Ye Fan sighed: "You can't blame you, that expert must be unusual, where are you his opponents. Leave this to me. You stay here for the time being."

The four of Xu Taishan's mental state is much better now, and Ye Fan is their backbone, and they will definitely be able to solve this matter.

After leaving Tiantongyuan, Ye Fan did not stop and rushed to the Public Security Office overnight.

"If I want to see your director, I said my name is Ye Fan, and I have something to talk to him. Please be sure to see you tonight."

"Report it."

Ye Fan's momentum was shocking, and he suppressed all the police officers in the lobby.

The captain had eyesight and knew that Ye Fan was not Jane, so he immediately reported.

Not long after, it reached the ears of Director Feng Yue.

During this time, Feng Yue was preparing to rest.

Hearing the news, I thought about it, and put on my clothes and rushed to the police station.

Tomorrow Ye Fan is going to collide with Gu Tao. If you come to see him tonight, there is obviously something serious; if you don't see it, maybe something will happen tonight, and he can't help it.

More than half an hour later.

Director's Office.

Feng Yue saw Ye Fan, and at the first glance, he was incomparably amazed, this young man was really like a cloud.

just like.

A dragon, a sword, and a mountain.

This kind of temperament is unique.

Gu Tao is not as good as it is!

Feng Yue was in a solemn mood, ready to re-evaluate the result of tomorrow's collision.

"Mr. Ye, what do you call me so late?"

"Director Feng, I won't sell it anymore. You must know my name. You know that I will have a battle with Gu Tao tomorrow. But tonight, I'm not talking about Gu Tao."

"Oh?"

Feng Yue frowned and asked, "What's that?"

Ye Fan said, "The affairs of the Wonderful World, the affairs of Xu Taishan, Wuqi, Liu Zhen and Li Yu!"

Suddenly Feng Yue's expression changed, and he hummed, "That four **** caused a disaster. It's too bad. Mr. Ye wants to protect them? Isn't that scary?"

"Really can't talk about it?"

"What is their relationship with Mr. Ye?" Feng Yue asked back.

Ye Fan said bluntly: "Xu Taishan and the others are mine."

Feng Yue was taken aback.

Those old foxes in Xu Taishan, the big brothers on the road, the four of them add up to thousands of people.

They are actually Ye Fan's subordinates!

Good guys!

Feng Yue looked at Ye Fangao again, but he frowned, "Mr. Ye, this is very difficult."

"I didn't let the director act for personal gains, but had to deal with it in accordance with the law. First, I want Xu Taishan's cell phone, or the director will give me a list of deaths and injuries directly."

"This is no problem, I have it at my desk." Feng Yue motioned to his assistant to get it.

Not long after, Feng Yue put the list on the table and sighed: "13 died and 230 were poisoned in the hospital. This scale is too big. What is Mr. Ye going to do?"

"If I get their letter of understanding, can Xu Taishan be released on bail?"

Feng Yue pondered: "These people are Xu Taishan's subordinates. It is very easy to get a letter of understanding; but this is not enough for bail. Because the families of these dead and injured will make trouble and put a lot of pressure on me. If this is not resolved, if we release it. The four of Xu Taishan, then I can't explain."

Ye Fan's eyes flashed, and he said, "I'll take care of the family members, how about it?"

Feng Yue's face was solemn, and he said sharply: "Mr. Ye is here to be hard, I don't allow it."

"No, I am giving them enough compensation to ensure that they will not make trouble."

"All the assets of the four of Xu Taishan have been frozen, do you contribute your own capital?"

"They are my subordinates. If something happens, I, the boss, is naturally responsible. I should pay for compensation. If the director agrees, I will be able to complete the task of compensation tonight. At the same time, there are 230 poisoned patients in the hospital. Can be cured and discharged."

Feng Yue was startled, then his face became gloomy, and he said dissatisfied: "Mr. Ye, please don't talk nonsense. This is a public domain."

Ye Fan raised the corner of his mouth, and said unpredictably: "The director doesn't believe it? Would you like to take a gamble?"

"Huh! I think you'd better take a closer look at the list. This poisonous gas is very powerful, and experts can't help it. If we invite experts and professors from the provincial capital, we can't do anything."

"The 230 patients, of which 50 were severely poisoned, were in danger of life at any time; 100 were in a moderate coma, and they were very likely to become vegetative; the rest were mild, but they were suffering. A miserable cry echoed every night!"

"Ye Fan, do you know all this!"

"You don't know anything, just rant here to exonerate your subordinates! Forgive me, this is a foolish dream!"

Feng Yue was very angry, feeling that Ye Fan was humiliating him, and couldn't help getting angry.

But this scene made Ye Fan laugh, admiring and admiring it very much.

"You can't detoxify them before dawn. This head belongs to the director. The director doesn't have to worry about the pressure of tomorrow's collision. You can take me to see Gu Tao and shoot me face to face. "

"How about it!"

Ye Fan is also extremely tough and extremely confident.

This self-confidence infected Feng Yue, and his expression kept changing.

"If you can really detoxify them and treat them, that would be immense merit. Your contribution can relieve Xu Taishan and the others. I will also intercede with the court and take it lightly."

"A word is a deal."

"Director wait for good news, goodbye!"

Ye Fan took the list, walked swiftly, and left the office.

Feng Yue let out a breath.

He was shocked to find that his back shirt was wet with sweat, and there was so much pressure to talk to Ye Fan.

What a kid!

Feng Yue slapped his tongue, walked to the window and watched Ye Fan disappear into the street by car.

The assistant said cautiously: "Director, you don't think Ye Fan can really cure 230 poisoned people before dawn. This is simply a fantasy."

Feng Yue twisted his brows and said, "I don't think it's possible, but... Ye Fan feels like it is omnipotent. Forget it, I will wait till dawn to see what tricks Ye Fan does!!!"

Chapter 585: Meet Master Ye Xian!

time is tight.

Ye Fan plans to treat 230 poisoned people before dawn, which is a lot of work.

Leaving the Public Security Department, he immediately contacted Zhao Qingmei.

The two left at the same time and met at the entrance of the hospital.

In the car, Ye Fan handed over the list to Zhao Qingmei, and said: "These are all victims, with detailed addresses and contact numbers on them. Qingmei, I need you to send the compensation down before dawn, and it is sufficient. compensation."

"Don't be stingy with money, our Tianzun Temple is not short of money. The family of the deceased will be given five times the death compensation in the market. If the family has special difficulties, it will be added appropriately; for the poisoned person, compensation will be made in three grades: severe, moderate, and mild. , The minimum should not be less than two million."

"Yes!"

"By the way, the deceased has wives and children, and the children go to school and the elderly support them."

"Yes!"

"Buy a batch of locations in the best cemetery in Changning to bury the dead."

"Yes!"

"The family members of the victims are asked to write down a letter of understanding, do not force them, but persuade them appropriately."

"clear."

Ye Fan issued instructions one after another, and Zhao Qingmei took notes one by one.

This compensation index is definitely a loss.

Not to mention Changning, there are few companies in Daxia that can do this.

Zhao Qingmei got the task and left, while Ye Fan went to the hospital building.

The director Zhang Hongchang had been waiting for a long time, and when he saw Ye Fan appear, he immediately greeted him and said with a smile: "You are Mr. Ye, I am Zhang Hongchang, the director of the People's Hospital. Director Feng has already contacted me and asked me to Cooperate with you."

"Trouble the Dean, first take me to see the severe victim."

"follow me."

Not long after, Ye Fan came to a ward.

There are three severe victims here. They have dark skin, gossamer, and very weak life characteristics.

Zhang Hongchang sighed: "The situation is not optimistic. Experts and professors and I estimate that these severe illnesses will not survive tonight."

Ye Fan first took a brief look and got the general situation. He was sure that the poison was very powerful, but he could deal with it.

"Can you do it?" At this moment, a young expert pushed his glasses, and said in a weird manner, "Director Feng said that you can detoxify 230 victims before dawn. Is this cowhide blown up?"

Zhang Hongchang squinted. This young expert came from the provincial capital, and his background was not simple, so he couldn't say anything.

In fact, all the experts and professors present had this idea, and felt that Ye Fan was completely bragging.

Ye Fan is young, even if he is a medical bull, where can he go, he is better than so many experts and professors of them?

Take 10,000 steps and say, even if Ye Fan's medical skills are superb.

But to treat 230 victims before dawn is also an impossible task.

Facing the doubts of the young experts, Ye Fan ignored them. He thought about the best treatment method, while instructing: "Dean Zhang, please prepare a set of silver needles for me, preferably golden needles. The sooner the better."

Before Zhang Hongchang could speak, the young expert sneered: "Acupuncture and Chinese medicine? It laughs me to death. I am a Chinese medicine doctor, and I have learned from Chinese medicine masters. I have nothing to do. What can you do!"

"President, I can't make him go crazy. If he kills his life, the hospital will also take responsibility. Maybe you will be accused of crimes. It's hard to say whether the dean sits securely or not."

Zhang Hongchang was shocked. He was promoted to the dean only last year, but he didn't want to be taken down so soon.

"Mr. Ye, if I take the liberty, are you sure? This is not a joke."

"President, if you ask this, he must say he is sure. I think he will be blasted out directly, don't disturb the victim to rest."

"But....."

"President, it is true that I have already invited my master. I have arrived in Changning and will be able to arrive at the hospital soon." The young expert said proudly.

Zhang Hongchang was stunned, then overjoyed, "What you said is true?"

"It's true."

"Okay!" Zhang Hongchang was very excited, because the master of this young expert was Lu Banxian, the old man of the Lu family, a family of Chinese medicine practitioners in Nanling, the provincial capital.

Lu Banxian, that is the vice president of the Qingzhou Traditional Chinese Medicine Union, with superb medical skills.

At this moment, Zhang Hongchang said embarrassingly: "Mr. Ye, maybe you wait. Xiao Liu said that his master is coming, and his master is a TCM doctor from Qingzhou Province."

"Yes?"

Ye Fan glanced at the young expert coldly.

This look made Liu Wang upset, and he shouted: "What kind of look are you. Do you know who my master is? Don't be embarrassed by your half-hanging Chinese doctor."

Liu Wang is very proud and arrogant. He feels that the young TCM doctors in Qingzhou Province are not as good as him.

After all, his master is Lu Banxian.

Ye Fan was too lazy to waste his tongue, he stood up and left the ward in silence.

"President, look, the surname Ye has escaped. I said he was unreliable, he was a complete liar, and I don't know how Director Feng believed him!"

Liu Wang triumphantly.

Zhang Hongchang frowned, didn't think much, and said, "Xiao Liu, you can call to ask, when will Lu Banxian arrive."

"I just hit it, and I will be there in ten minutes."

"That's good, Lu Banxian makes a move, it will definitely be solved."

The experts and professors in the ward all nodded secretly. He can't cure it, no one in Qingzhou can cure it.

Ye Fan did not leave the ward, but went to other wards to see the victim, make a comprehensive judgment, and then formulate a treatment plan.

In the next ward, Ye Fan gave another victim a pulse.

And at this time.

A white-haired old man appeared on the floor, went straight to the ward, and shouted: "Xiao Liu."

"Master!"

Liu Wang ran over in surprise.

The old man is impressively Lu Banxian who hurried over from the provincial capital.

Zhang Hongchang and others hurriedly greeted.

The Lu family is a big family in Nanling, and Lu Banxian is the elder of the Lu family. His status and status are extremely high.

In addition, the establishment of the TCM labor union that has not been long since received strong support from the provincial government, and Lu Banxian, the vice chairman, is even more icing on the cake and powerful.

"Be quiet, everyone, I will look at the victim. It is important to save the person first."

Lu Banxian came to the hospital bed, his pupils shrank and his face was very solemn.

Checked it for a long time.

In the end, Lu Banxian sighed in loss: "Dean Zhang, I'm afraid I can do nothing."

"what!"

Everyone was shocked.

Liu Wang exclaimed, "Master, you are a master of Chinese medicine. It's impossible to solve this poison."

Lu Banxian said in a condensed voice: "This poison is very strange. The toxin changes every minute and every second. My medical skills really can't cure this poison."

Zhang Hongchang and others looked sad.

At this moment, a female expert shouted: "Don't give up, you can also let Mr. Ye give it a try."

When Liu Wang heard this, he calmly shouted: "What do you mean! Do you think that my master's medical skills are not as good as that of Ye?"

The female expert was frightened, and shook her head quickly, "No, no, you have misunderstood, I just think it's useless anyway, it's better to let Mr. Ye give it a try, otherwise I won't be able to explain to Director Feng."

Zhang Hongchang nodded, "That's good, let Ye Fan fiddle with it anyway."

"Ye Fan?"

Lu Banxian's eyelids twitched, the name was too special, and a figure appeared involuntarily in his mind.

"Talk about what's going on?"

"Master, I'm just a liar. He said that he could treat 230 as a victim before dawn. Hmph, you can't cure it. The man surnamed Ye is a fart."

"You can't say that, there is nothing strange in the world. Since that Mr. Ye dared to say that, there must be something unique." Lu Banxian waved his hand, "Dean Zhang, let that Mr. Ye come and try."

"He left already."

"No, I saw Mr. Ye go to the next ward." The female expert said.

Sudden.

The nurse screamed from next door.

Everyone was shocked and all rushed to the next door; when he saw Ye Fan doing massage on the patient, Zhang Hongchang turned pale with fright.

Was dying and still massaged so vigorously, isn't it murder?

"Ye, stop me!" Liu Wang jumped out first and roared, "You are murder and crime. I'm going to call the police!"

"Ahem."

At this moment, the patient coughed up black blood and woke up from a coma.

This scene shocked everyone.

Lu Banxian was also particularly shocked. He walked over and asked: "Little friend, I just looked at it. The toxin has penetrated into the bone marrow and cannot be forced out. How did you do it?"

"Huh? Old man Lu, it's you." Ye Fan was surprised. He didn't expect Liu Wang's master to be Lu Banxian, an old acquaintance.

"presumptuous!"

Liu Wang was furious.

"Ye, you dare to be disrespectful to my master, you are dying."

"To shut up!"

Lu Banxian woke up, furious, slapped Liu Wang's backhand with a slap on the face, then knelt on the ground with a thud, and said neatly: "Old man, see Master Ye!"

Everyone is petrified.

Can't believe my eyes.

With the status of Lu Banxian, even the head of a prefecture, he would be polite to him... And now, he actually knelt to Ye Fan? Still calling Ye Fan the "Fairy Master"?

After a brief loss of consciousness, Zhang Hongchang's body was cold and he whispered that he might have offended a monstrous man!

Chapter 586: Subdued

At this time, Lu Banxian wanted to shoot Liu Wang to death, and Ye Fan was also the one he could offend.

This is the master of Guigu Medical Sage, the younger brother of Su Muyu, chairman of the Qingzhou Traditional Chinese Medicine Union, and a terrifying martial arts powerhouse.

Before, the Tianzhou Chinese medicine circle came to Qingzhou, and started the battle of Chinese medicine state, but Ye Fan was killed by Ye Fan.

Such a ruthless person, wouldn't offending him be looking for death!

"Master, what are you doing? Did you admit the wrong person? How come you kneel to this little white face."

"Niezha, this is the genius doctor Ye, how can you question it, kneel down and kowtow to apologize."

Lu Banxian grabbed Liu Wang and knocked his head on the ground.

Ye Fan remained silent and continued to treat the patient; Lu Banxian broke out in a cold sweat, and it seemed that Ye Fan was still angry.

Zhang Hongchang was also silent.

It is difficult for experts and professors to calm down. Who would have thought that such a young kid would have such a powerful energy.

Genius doctor?

Even Lu Banxian called it that, which is enough to show that Ye Fan's medical skills are unmatched.

"puff!"

The patient spewed out a few mouthfuls of black blood again, his complexion eased a lot, and his consciousness was completely clear.

Ye Fan finally said, "Old man Lu, do you have a silver needle? Let me use it."

"Good, good."

Lu Banxian hurriedly delivered the silver needle.

I saw that Ye Fan's formation was exquisite and superb. With every stitch, the patient's condition improved, which was an immediate effect.

Lu Banxian was not surprised.

He had already learned that Su Muyu's "Nine Dragon Needles" and "Hell's Finger" were taught to her by Ye Fan, as were the "Pushing Dragon Hand" by Guigu Medical Sage.

Ye Fanhui's medical skills are countless.

Lu Banxian's mind is fierce, if Ye Fan can pass him a trick, he will be infinitely useful.

Thinking of this, Lu Banxian gave Liu Wang a vicious look, his eyes full of anger and indifference.

Liu Wang was so scared that he was out of his mind.

"Ye Shao, it's because I have eyes and no beads. I know I was wrong. Please don't remember the villain, please spare me once."

"Ye Shao..."

"Boom!"

Zhang Hongchang kicked Liu Wang and shouted in a low voice, "Close your dog's mouth, don't disturb Master Ye Xian to save people."

Everyone is observing intently.

A quarter of an hour later, Ye Fan put away the silver needle, and used the "long-pushing hand" again to massage his whole body to speed up the decomposition and discharge of toxins.

Then, the next patient.

Ye Fan did it by himself.

There is no way, only he can cure. If Su Muyu is there, he should be able to share a little bit of his pressure; Lu Banxian is still far away.

time flies.

Watching Ye Fan awaken one patient after another, Zhang Hongchang and others admired the five-body cast.

They were completely convinced.

This is the real genius doctor, Lu Banxian is right, medical skills are superb.

finally.

At four o'clock in the morning, Ye Fan wiped the sweat from his forehead, took a few deep breaths, and smiled: "Do not humiliate your mission, you're done!"

"Papa."

There was thunderous applause.

It was not just Zhang Hongchang and the others, but most of the doctors in the entire People's Hospital came.

"President Zhang, the 230 victims are no longer in danger of life, but they need to recuperate; the hospital gives them the best medicine and nutrient solution, and all the expenses are on my head. I will ask you to give it to you later. The hospital hit 100 million in public accounts."

Ye Fan looked at his drenched clothes, and also felt top-heavy and tired.

Zhang Hongchang said, "Master Ye, come to my office to rest. I will arrange for a nurse to hang two bottles of nutrient solution for you."

At this time, Lu Banxian asked, "Master Ye, what should Liu Wang do? That kid has been kneeling all the time."

Ye Fan said indifferently: "Don't mention this kind of clown, your own student, ask me what I am doing!"

These words made Liu Wang face red, and he couldn't wait to find a seam to get in.

Dare to love from beginning to end, Ye Fan did not take him to heart, completely ignored, the ultimate contempt.

This attitude makes Liu Wang feel uncomfortable, embarrassed, and ashamed than a beating.

"Liu Wang, you are of bad character, arrogant, self-satisfied, arrogant, and unsuitable to be a Chinese medicine doctor. From now on, you are not my student, and you will be expelled from the Qingzhou Chinese medicine circle."

Lu Banxian's words caused Liu Wang to be struck by lightning, and his face was earthy, trembling non-stop.

Experts and professors lamented that Lu Banxian, as the vice chairman of the TCM Trade Union, has this right to block.

Liu Wang's career is considered here.

"Master, don't..."

"Boom out!"

Lu Banxian waved his hand and left without looking back.

Zhang Hongchang hated Liu Wang, and if it weren't for this stupid, he wouldn't make Ye Fan feel grudging.

"Come on, drag it out for a fight, and throw it out of the hospital through the back door."

Liu Wang was dragged away, and the experts and professors were also scattered.

Zhang Hongchang was about to run to shoot Ye Fan's flattery, suddenly remembering something, he quickly took out his mobile phone and made a call.

...

Public Security Department Administration Building, Director's Office.

Feng Yue didn't sleep all night.

At this moment, he stood in front of the window, looked at the gray sky, and muttered: "The sun is coming out, there is no news from the hospital, it seems..."

On the knotty eyes, a rapid bell rang.

The assistant said: "Director, Dean Zhang is calling, there is news from the hospital."

"Give me."

Feng Yue answered the phone, "Zhang Hongchang, what's the situation, please tell me quickly."

"The genius doctor! The fairy master!"

"what are you talking about?"

"Director, all 230 victims are out of danger, and now they only need to recuperate for ten and a half days to be discharged. Ye Fan really fulfilled his promise. His medical skills are so superb, I have nothing to say!"

Feng Yue held the phone tightly, and his heart surged, shocked.

Ye Fan actually did it!

Is this kid a monster?

On the other end of the phone, Zhang Hongchang said again: "Director, Ye Fan is amazing. He has a great background."

"Where does this start?"

"Do you know Lu Banxian? Qingzhou sacred hand Lu Banxian. Nanling Lu's father, vice chairman of the Chinese Medicine Union."

"Of course I've heard of it. I've seen Lu Banxian once. The old man is not easy."

"He kneeled for Ye Fan!"

Feng Yue was taken aback, startled, his face solidified, and his head couldn't turn around.

"Lu Banxian kneeled to Ye Fan, with a very respectful attitude."

Zhang Hongchang repeated one sentence.

"I see!"

Feng Yue took a deep breath and hung up without much chatting.

The assistant said solemnly: "Director, it seems that we have all underestimated this Ye Fan."

"Oh, I actually don't want Ye Fan to have too much background. Because the stronger, the more ambitious the collision between him and Gu Tao at noon today, and the more unpredictable the consequences will be."

Feng Yue had a headache, rubbing his temples.

At this time, the assistant answered the phone and reported: "Director, the letter of understanding has also been sent. Now you need to make a decision on the four of Xu Taishan."

"Notify Tiantongyuan to release the four of Xu Taishan."

...

When the first rays of sunlight hit the ground.

The four of Xu Taishan walked out of the gate of Tiantongyuan Community, and it was Zhao Qingmei who greeted them.

"Dong Zhao!"

"Hmph, if Brother Fanfei investigates it personally, I don't know that something happened to you. But this time for you, Brother Fan is running around and tired."

The four of Xu Taishan's expressions tightened, and they said in unison: "We understand that this life belongs to the boss."

Zhao Qingmei smiled and said: "Okay, don't be so heavy, you'll be fine when you come out. Get in the car, let's go back to the manor, and you should hurry up and fix it. There is still a big battle at noon today. You need to behave well and make up for it!"

Chapter 587: Mobilize all forces!

The four of Xu Taishan made simple repairs, and then began to contact the remnants to gather their strength in a hurry.

Ye Fan took a lot of effort to rescue them, and they couldn't let Ye Fan look down upon it.

This time when they collided with Gu Tao and the others, Xu Taishan and the four planned to present them in a crushing posture.

Xu Taishan and Wuqi, as the two "kings" on Jiangcheng Road, originally had a lot of brothers under his command. Although they have dispersed a little because of the poisonous gas incident, it is estimated that five thousand people can still be gathered.

"Adding to Lao Liu and Lao Li, there are about 8,000 people, no, not enough. Have you heard that, the planes over Changning have been roaring constantly. Obviously, the six major consortia have been convening people and horses continuously."

Xu Taishan was calm and dissatisfied with this number.

Don't beg: "Time is too tight, this is our greatest strength; if given enough time, I can call some mobs to recharge, but the effect is not good, and it will make Gu Tao and the Big Six Consortium laugh."

The four conspired and did not talk to Zhao Qingmei, they decided to give Ye Fan a surprise.

"There are five hours left."

Xu Taishan looked at the time and said in a deep voice, "No, I'll go to Jinhua."

"Go to Jinhua?"

The three of them froze for a moment, and then understood.

Jinhua City is next door to Changning, and the overlord family Shijia on the road has dealt with before.

Xu Taishan flipped through his cell phone and said, "I have a call from Miss Shi's Shi Xingyu, and I'll ask if Shi's family can provide some support."

After a while, Shi Xingyu's voice rang, "Uncle Taishan, what can you do with me?"

"Xiao Yu, you Uncle Taishan, Uncle Wuqi, Uncle Liu Shuli and Uncle Li need your help."

"What happened?"

"It's hard to say much. In short, I hope that the Shi family can support our group of people. The more the better. Come to Changning before noon, okay?"

Shi Xingyu was silent for a while, and responded: "Okay, I must persuade my dad to send someone over."

"Well, good, Xiao Yu is so good, I have time to play in Changning."

"Uncle Taishan, haven't you heard from Brother Fan? When will he be back? He can't get through his previous cell phone number, and I don't know what he is doing."

The four of Xu Taishan glanced at each other, and a sly flash flashed in their eyes. He said, "Xiaoyu, the more people come from your Shi family, the greater the chance of seeing your Brother Fan."

"What's the meaning?"

"Don't ask, ask is to bring people over."

Xu Taishan hung up, a little embarrassed.

Liu Zhen joked: "We four elders fool a little girl, isn't it too beast?"

Don't beg and laugh: "You can't say that. We are also giving Xiao Yu a chance. Didn't you find out how much Ye Boss has changed, especially the silver-haired damn, I am so envious."

...

Jinhua, Shijia.

Shi Xingyu could not figure out what Xu Taishan meant. Did Ye Fan return to Changning?

In any case, since he promised Xu Taishan, then he would do it.

"dad!"

"dad!"

Shi Xingyu came to the study while shouting, but did not see Shi Gandang, and asked the next person, saying that they were all in the meeting hall, and there was a big man who wanted to come.

Meeting hall.

The rulers of the Shi family are all there.

The mighty man with the Chinese character face in the middle is the head of the Shi family, Shi Gandang, the number one leader in Jinhua.

"dad!"

Shi Xingyu ran up and saw such a big scene, and asked in confusion: "What are you doing, who is coming to our house?"

Shi Gan smiled and said, "Xiao Yu, you just came here, and there is something important to tell you."

"what?"

"This time, the one who came to our Shi family was the son of Nanling, the provincial capital; it was Mo Ziqu, the young master of the Mo family of Nanling."

Shi Gandang rubbed Shi Xingyu's head and said meaningfully: "The Mo family is a first-class family in Nanling. Its Sky Group has a market value of more than three trillion yuan. It has become a top consortium and can compete with the big families in Beijing."

"And Mo Ziqu, the young master of the Mo family, handsome and handsome, just returned from studying abroad."

"I contacted the Mo family a few days ago, hoping to arrange some experts to do some business exchanges; just as Mo Ziqu returned home, the Mo family asked him to come over."

"This Mo Ziqu is young and has obtained a PhD degree in finance from a well-known overseas university. It's amazing. He is a real young man."

Shi Gandang said so much, the meaning is actually very obvious.

However, Shi Xingyu was not interested, and said, "Dad, I am looking for you to go to Changning."

"Go to Changning? This is a trivial matter. But when Master Mo comes over, you can meet him, and it won't be too late to go to Changning."

"What am I doing when I meet him? Dad, you are not asking me to be a match for Mo Ziqiu. Let's marry the Mo family." Shi Xingyu's eyes suddenly widened.

At this time, Shi Xingchen, the youngest member of the Shi family, came out and persuaded: "Xiao Yu, your little head is really too stupid. Of course, it is to match you and Master Mo. This is a once-in-a-lifetime opportunity."

"Jinhua is a second-tier city. As the first family of Jinhua, our Shi family is not weak, and marrying the Mo family is not a high climb, but a strong alliance. In fact, the Mo family also has this idea, so we arranged for Mo Ziqiu to come over. ."

The second young master Shi Xingqiong squeezed Shi Xingyu's face, and said with a smile: "My sister is so cute and beautiful, Master Mo must fall in love at first sight."

The rulers of the Shi family laughed.

Once married to the Mo family, the energy of the Shi family will increase again, and the future march into Nanling is also a foreshadowing.

Shi Xingyu was very upset, and said dissatisfied: "Dad, you have decided on such a big thing for me? What age are they, and they are married. Besides, there are a lot of Shi family daughters, it is not necessary to be me, and I I'm still young."

Shi Gan frowned, and hummed: "You girl, I'm pushing you to introduce the person to you. Stars and Xingqiong, watch this girl, don't let her run away."

The two of them sandwiched Shi Xingyu on the left and the right.

"Wow."

Shi Xingyu sat down on the ground and cried, tears flowed out immediately.

This makes the big guy very speechless.

No way, Shi Xingyu was a little princess in Shi's family, she was held in the palm of her hand since she was a child.

When acting like a baby, it really doesn't matter.

Shi Gan smiled bitterly: "Okay, Xiao Yu, how can such a big person be so naive. Don't cry and talk. Just meet each other. If you really don't have a chance, Dad won't force it."

"Hehe, I knew that my father was the best to me." Shi Xingyu got up and put his arm around Shi Gandang.

The next sentence silenced the audience.

"Dad, give me a group of people... I'll do the calculations, so let me give me ten thousand people, and I will take them to Changning."

"puff!"

Some people in power who were drinking tea directly sprayed out.

Shi Gandang was also dumbfounded.

"Oh, dad, promise me, I really have a big deal."

"Don't mess around!"

Shi Gan drank lightly, and said solemnly: "The Changning side has recently been unstable. The leadership team has changed a group, and I heard that the capital consortium has been stationed. Our Shi family can't be mixed. Ten thousand people, you really dare to say that you are not afraid of death! "

Shi Xingyu pouted her little mouth and said stubbornly: "Anyway, I want a group of people to go to Changning, and I have to give me eight thousand if I don't have ten thousand."

"Absolutely impossible!"

"Dad~~" Shi Xingyu coquettishly, but Shi Gandang ignored it at all.

Shi Xingchen and Shi Xingqiong glanced at each other and smiled bitterly; they were about to pull Shi Xingyu aside, suddenly the housekeeper outside shouted:

"Young Master Mo family is here!"

The meeting hall is quiet.

Shi Gandang slapped Shi Xingyu's hand away, strode to the door, and saw a handsome young man with full of aura.

"This is the young master Mo Ziqu, sure enough, the dragon among the people, come to my Shijia today to make the humble house shine."

"Hello, Patriarch."

Mo Ziqu nodded slightly, although his complexion was gentle, his brows flowed arrogantly.

Shi Gandang didn't care, and said: "Come, please inside."

Mo Ziqiu strode forward with a majestic spirit, which made the daughters of the Shi family's boudoir dazzled and admired.

"Deserving of the son of the provincial capital, he has an extraordinary temperament and is so handsome."

"Loved, loved."

"Hmph, Shi Xingyu said that he didn't want to deal with Young Master Mo, and Young Master Mo might not be attracted to her."

"that is!"

From the beginning, he admired Mo Ziqiu, and gradually, some women became jealous of Shi Xingyu.

"Sister, how is it?" Shi Xingqiong asked in a whisper.

"Not so good!"

Shi Xingyu shook his head.

At the moment Mo Ziqiu came in, she couldn't help but see Ye Fan's figure in her mind, and compared the two...

In the end, it was concluded that Mo Ziqiu couldn't compare to Ye Fan at all.

Not as good in every respect.

He does not mean that.....

Mo Ziqiu looked at Shi Xingyu and said displeased: "Patriarch Shi, is this your daughter Shi Xingyu?"

"Yes."

Shi Gandan laughed and beckoned, "Xiao Yu, come and meet Master Mo."

However.

Shi Xingyu was motionless.

This makes the atmosphere very embarrassing.

Shi Xingchen and Shi Xingqiong were pushing quietly, but Shi Xingyu didn't move, her big eyes flickering at Shi Gandan, as if to say--

Give me 8,000 people and I will obey; otherwise, I will bear the consequences.

Chapter 588: Super storm

Shi Gan really couldn't cure his own daughter, and she was spoiled.

Shi Gandan blinked.

This means that he has agreed to Shi Xingyu's request.

"Whee."

Shi Xingyu laughed.

This smile made Mo Ziqiu a little surprised, and Shi Xingyu's quirky and lovely temperament matched his appetite.

"Hello, my name is Shi Xingyu."

"Mo Ziqiu."

The gentle little hands made Mo Ziqiu feel like an electric shock, and his possessiveness increased.

All this was seen by Shi Gan.

It's God Bless Shi's family.

Xingyu really fell in love with Mo Ziqiu at first sight.

congratulations.

As a matter of fact, Shi Gandang's thoughts went wrong. It was Mo Ziqiu who fell in love with Shi Xingyu at first sight, but Shi Xingyu did not catch a cold.

In her eyes, Mo Ziqiu is a handsome guy, nothing else.

The Shi family has a big family, and she lacks nothing.

So when looking for someone, Shi Xingyu is more interested in feelings. It's a pity that Mo Ziqiu gave him a mediocre feeling.

"Dad, now that I know each other, can you give me a man? I'm in a hurry, so I'm anxious to go to Changning."

"You girl, you don't know anything about etiquette. Ziqiu hasn't sat down yet, you have to leave, there is no reason for that."

Shi Gandang stared and scolded.

Upon seeing this, Mo Ziqiu ended up saying, "Uncle Shi doesn't need to be angry, he's all his own, and the etiquette is unnecessary. As for what Xiao Yu is eager to do in Changning, I will accompany you if possible."

Shi Gan's eyes lit up and said: "Ziqiu, you can accompany Xiaoyu, and have a support. Xiaoyu, my dad promised to give you 8,000 people, but you have to listen to Ziqiu along the way, and you are not allowed to mess around. "

"Listen to him?" Shi Xingyu glanced, but for the sake of eight thousand people, she could only nod her head.

Mo Ziqiu came interested.

Shi Xingyu was actually going to Changning with eight thousand people. Good fellow, this girl is still a militant.

At this moment Mo Ziqiu liked it even more.

What a wonderful person.

An hour later, the assembly of people and horses was completed, and large trucks were driving on the highway.

At the beginning is an armored motorhome.

Mo Ziqiu kept looking for topics, but Shi Xingyu responded without a word.

This makes Mo Ziqiu feel tricky.

But it was tricky, which aroused Mo Ziqiu's strong possessiveness.

For a long time, because of his family background, the women he fell in love with were desperately climbing onto his bed.

Even overseas, it is easy to hook a girl.

Mo Ziqiu was very excited when he encountered Shi Xingyu such a strange species. This was a man's instinctive desire to conquer.

"Uncle Taishan said that the more people he brought, the greater the chance of seeing Brother Fan. I don't know if my 8,000 people are enough. Alas, just a little more."

Shi Xingyu looked out the window and muttered to herself silently.

Hearing this, Mo Ziqiu frowned and asked: "Xiao Yu, who is Brother Fan you talking about?"

"You don't understand it."

"Your crush?" Mo Ziqiu's face was slightly deep, staring at Shi Xingyu.

This look made Shi Xingyu a little hairy, and then rebelliously shot back: "That's right, it's my crush, how come!"

"To tell you the truth, my brother Fan is much better than you. He is an indomitable hero."

Mo Ziqiu's face turned dark again and asked, "Where is his home?"

"His house is in Changning."

Mo Ziqiu let out a "sneer" laugh, disdainfully said: "I thought it was a big man, a small third-tier city can produce a big hero. Xiaoyu, I think you were deceived by him."

"What nonsense are you talking about!"

"Well, well, I won't fight with you. When Changning sees your brother Fan, you can see how I let him surrender to my feet."

Mo Ziqiu was full of arrogance, but Shi Xingyu was so angry that he ignored him all the way.

eleven o'clock.

This group of teams finally rushed to the boundary of Changning.

Xu Taishan came to the suburbs to respond, and looked at the mighty motorcade with a smile from ear to ear.

"Xiao Yu, you are still great, so many people, enough!"

"Brother Fan..."

"Don't worry, you will see." Xu Taishan said mysteriously, making Shi Xingyu exuberant and full of expectations.

Mo Ziqiu was very annoyed, on the surface indifferent.

Hearing Xu Taishan said that he would drive the team to the city, he refused, "No, the team is in the suburbs and cannot enter the city."

Shi Xingyu immediately exploded and shouted: "What do you mean, Mo Ziqiu, my Shi family, why do you order?"

"Uncle Shi asked you to listen to me. The mobilization power of eight thousand people is in my hands. If you don't believe me, then you go and give orders to see if they listen."

"You wait!"

Shi Xingyu really went to give the order.

The team leader smiled and said: "Little princess, I'm sorry, but the Patriarch has given an order to let us listen to Master Mo. Don't make it difficult for me."

Mo Ziqiu smiled triumphantly: "I didn't lie to you."

Shi Xingyu stomped her feet with anger, grinding her little tiger's teeth, and said angrily: "What do you want? Mo Ziqiu, don't get in the way, because it will delay major events."

"What's the important thing, I want to know what to mobilize so many people for, explain it, let me know. Then I can decide whether to enter the city or not. After all, Uncle Shi handed over the team to me, and I must be responsible for 8,000 people."

Mo Ziqiu said righteously, Shi Xingyu could not find a point to refute.

Xu Taishan smiled and said: "Master Mo, my boss has to deal with a few consortia. Although we have enough people, we only ask the Shi family for support for the sake of safety. It's that simple. I can guarantee that once the melee is up, the Shi family will fight. Just skimming behind, head-on confrontation is my own person."

Shi Xingyu said angrily: "Mo Ziqiu, have you heard that, do you want to stop it?"

"of course not."

Mo Ziqiu raised his mouth and waved his hand, "Everyone follows the order and enters the city in an orderly manner."

Shi Xingyu looked at Mo Ziqiu's smug look, and was furious; Xu Taishan pulled her sleeves to indicate not to be emotional.

Xu Taishan led the team to the stronghold, and met with Wuqi and others.

at the same time.

White Crane Tower.

Gu Tao and others are also ready.

"This time we gathered 12,000 people, hehe, we must be stunned. By that time, Ye Fan will see the dark and overwhelming, and I don't know what it will be like!"

"Hahaha."

Everyone roared with laughter.

Gu Tao is also looking forward to it, even if it is the young master of the royal family, he rarely creates a scene of tens of thousands of people.

"Inform the Director of Public Security Feng Yue, let him increase the evacuation area, and settle in a 30-mile radius, no people are allowed. I am going to have a large-scale crushing, let An Miaoyi, Ye Fan, and Rang Qing Ye Group, let Hongxiu Group and even the entire Changning know that it will end up against me!"

"Yes!"

The whole Changning, at this moment, is surging.

Ordinary people only think that the earthquake wave is spreading and temporarily evacuated; while the upper circles of Changning have some vague gossip.

Although Gu Tao and the six major consortia were not targeting them, they were also very nervous.

Some people are very smart and find tall buildings.

Thirty miles away, he set up a super telescope and watched An's movement from a distance.

settle down.

A cloud of haze hovered over the house.

Everyone was panicked.

They hated An Miaoyi and Ye Fan. It was the two who brought disaster to Anjia.

No one would think that Ye Fan could be upright with Gu Tao and the six consortiums, purely looking for death.

It is not even sure whether Ye Fan will come or not.

Just when this thought came out, someone shouted: "Ye Fan is here! He is here!"

An Miaoyi suddenly got up.

In his sight, Ye Fan wore white clothes to win the snow, three thousand silver hair swaying in the wind, as if the man walking out of the painting was like an immortal, he strode into the lobby with a meteor.

"Mom, here I am."

A short sentence gave An Miaoyi a great sense of security.

An Miaoyi's eyes are moist.

"Ye Fan, what's the matter with you, you are the only one to come here, what a joke!"

"Isn't it just death? It's **** vicious to try to get us to settle down if you want to die by yourself."

"An Miaoyi, you are a sinner in the family home!"

The Anhui family blamed it in anger, while the older generations were crying bitterly and bitterly resentful.

Ye Fan glanced lightly, and was not in the mood to pay attention to the An family. Checking the time, it was almost time.

boom!

There was a loud noise, and then as if an earthquake, the earth was trembling, clearly visible.

This is the frequency resonance caused by thousands of troops charging. As the roar became louder and louder, the earth quaked more and more violently....Finally, with a click, a rockery in the Anjia yard cracked and directly collapsed.

"what!"

The An family's faces are earthy.

Ye Fan sneered: "It's really a bunch of spineless wastes. The shaking of the sky and the earth will scare you away. You are the sinners of the settlement, because your group of wine and rice bags are the moths of the settlement; if it weren't for my godmother, settle down. It has already collapsed, so why wait till now."

An old man blushed and roared: "Ye Fan, no matter how much you talk about, isn't it still the end of the settlement today?"

"The frog and rat at the bottom of the well are short-sighted."

"Nowadays."

"With me, my home will not collapse."

Ye Fan stepped out, the silver hair danced wildly, the white clothes were hunting and hunting, and the dark clouds were rolling that day.

At this moment, the gate of Anjia's mansion burst into pieces.

"Hahaha."

Before anyone arrives, hear the sound first.

Gu Tao's laughter was extremely arrogant.

"Ye Fan, An Miaoyi, Young Master Ben arrived, and didn't get out to greet him. By the way, he knelt down and died."

Chapter 589: Rolling

—Ye Fan, An Miaoyi, Young Master Ben arrived, and didn't get out to greet him. By the way, he knelt down and died.

This sentence echoed in the air for a long time.

Gu Tao and the others are here!

Ye Fan took the lead, An Miaoyi followed, and An's family was also anxiously behind.

When they came to the door of the house, the An family's complexion changed drastically, because they were full of people, and the whole street was full of people, at least 3,000 people!

"Ye Fan, An Miaoyi, it's fine, it's a bit spine to not run away."

"It's a pity, no matter how strong you are, you will not escape death today!"

Gu Tao is at the forefront of the horses, with his hands on his back, and his posture is arrogant, just like an emperor.

Next to him is the bodyguard of the old man in black robe.

The young masters of the six major consortia are on the other side.

Ye Fan glanced at him, his expression sarcastically, "I gave you such a long time to prepare, so you can show me this poor 3,000 people? I really overestimate you."

"When you die, you will pretend to be with me. In that case, I will let you open your dog eyes and take a good look."

Gu Tao shouted, the world roared again, and helicopters came through the air.

Covered the sky over the Anjia house.

It is estimated that there are two to three hundred, covering the sky and the sun, and the momentum is like a rainbow.

"too horrible!"

Thirty miles away, those watching with super telescopes were also shocked by this scene.

There are Gu Tao's people in the sky and the earth, how can I play this?

The An family is already trembling.

An Miaoyi approached Ye Fan instinctively, but Ye Fan's face was flat, his eyes retracted from the sky, and he nodded and said, "This is not bad, but it's not enough."

"Ye Fan, you are really a dead duck mouth. I have nearly five thousand people in the sky and the earth, how magnificent and domineering. You can't tell me enough, then I want to ask, what about your people!"

After Gu Tao finished speaking, the young lady from the six major consortia jumped out and shouted.

"Yes, your people, you can't see any ghost shadows."

"Ye Fan, you wouldn't be alone without it. Could it be that you just gave the head away?"

"Hahaha, a silly fork giving a head, don't forget to pretend before you die. I'm laughing at Dad!"

"Ye Fan, I would like to call you a forced king!"

An Miaoyi looked so arrogant at the other party, she was very upset, she knew Ye Fan was amazing.

On September 9 last year, Ye Fan destroyed the Xiao family in Changning on Qingcheng Mountain. That day, top organizations from all over the world arrived, and Ye Fan's people were on the mountains.

At that time, people and horses were based on "ten thousand" as the unit.

There are thousands of people in this area, Ye Fan will not take it seriously, but An Miaoyi is worried about—

The preparations for destroying the Xiao family lasted a month, but this time it was less than a day. Did Ye Fan have time to gather the people?

An Miaoyi was also very panicked in her heart, pulled Ye Fan's arm, and whispered, "Xiao Fan, where are your people?"

Ye Fan smiled and said, "Mom, don't worry, my people are always there."

"puff."

The young master Hua Yangshu of the Sanding Consortium laughed and said contemptuously: "Ye Fan, don't deceive yourself when things are up to now. You should take the initiative and kneel down and die; as for An Miaoyi, take it back and give it to Young Master Gu. Warm the bed."

An Miaoyi was extremely embarrassed.

Ye Fan's eyes flickered, staring at Hua Yangshu, and said coldly: "Sanding Consortium, you took the land for the Sunshine Welfare Institute in the suburbs."

Hua Yangshu was a little hairy by Ye Fan's eyes, and stepped back and shouted: "What Sunshine Welfare Institute, I don't know. I bought a lot of land in Jiangcheng, who knows which one you are talking about."

"Over the Qingshui River."

"Qingshuihe? Oh, I remembered, it was the broken orphanage." Huayang Shu suddenly realized, and immediately snorted: "When I mention this orphanage, I get angry. The old man is ignorant, so he forced us to die. Demolition."

boom!

Suddenly, a murderous aura rose to the sky.

Ye Fan screamed: "What are you talking about, grandpa is forced to die... Grandpa, is dead?"

"Grandpa? Could it be that you are an orphan in the orphanage. Hahaha, Ye Fan, turned out to be a lonely ghost."

I was scared just now, and now that Ye Fan broke out with murderous intent, Hua Yangshu was not afraid.

He sneered: "Yes, the old thing did hit and die on the bulldozer. By the way, I threw his body into the Qingshui River."

Rumbling.

a bolt from the blue.

Ye Fan shook his body, as if he was struck by lightning, his brain was blank, his eyes were blood red, and he was bleeding and tears.

"You, you threw the corpse of your grandfather into the Qingshui River!"

"You **** it!"

"Damn your whole family!"

Ye Fan roared, the anger and sorrow surging out from the sky, and the dark clouds in the sky surging violently, actually suppressed it.

The black cloud pressed the city to destroy it.

The strong to the extreme sense of oppression almost suffocated the thousands of people present.

"Rumble."

A sky of thunder exploded.

The pouring rain that had been brewing for a long time poured down.

Facing the sky, Ye Fan's blood and tears were mixed with rain and flowed wantonly, dyeing his white clothes like snow, blooming dazzling red flowers.

Woo woo woo.

The wind and clouds changed.

Thunder Dragon electric snake, roaring and rolling.

This tremendous change in the world caused Gu Tao and the others to tremble, and even the black-robed old man burst into a chill in his heart, and his eyes were full of shock when he looked at Ye Fan.

This momentum is terrifying.

Ye Fan is a warrior.

Moreover, he is still a terrifying warrior, a master, and definitely a master.

"Master, we made a mistake, this Ye Fan..."

"Boom!"

At this moment, the explosion sounded.

Sparks fall.

Everyone saw that a helicopter hovering in the sky blew up.

No, the second, third, fourth...

Bang! Bang bang bang! !

A helicopter fell with flames, and the people on the ground were ashamed, and the loss was not small.

"Gu Shao, look over there, my goodness!"

Hua Yangshu pointed to the sky on the other side.

As far as I can see, they are all helicopters, shuttled under the dark clouds, screaming and killing.

"This, this..."

Gu Tao's pupils contracted.

How many helicopters are this?

"How is it possible, there are about 800 helicopters, how can there be so many."

"Is this Ye Fan's man and horse?"

"It's incredible!"

Eight hundred helicopters can be felt when you close your eyes in that scene. They are coming in a specific environment, carrying dark clouds and thunder and lightning.

How overbearing and magnificent it is.

Just before Gu Tao and others had recovered from the shock, something happened again.

The crowd was in a violent commotion.

"What's going on! What are you doing! Don't mess, don't mess, stand for me!"

Gu Tao shouted.

However, these subordinates did not listen at all, and they were terrified.

A leader ran up stumblingly and exclaimed: "Gu Shao, something big has happened, and all of our reserve men and horses have been destroyed."

"what!"

Gu Tao shook, then kicked the leader down, cursing: "Fuck your mother, there are five thousand reserve people, how can it be destroyed."

The commander sat in the rain and said in embarrassment: "It's true, it's true, I didn't lie to you, how dare I lie to you. The reserve area said that they were besieged by 10,000 people."

Thousands of people besieged!

As soon as the four words came out, the sky was roaring with thunder.

The atmosphere is more depressing.

this moment.

Gu Tao understood.

It's no wonder that Ye Fan's people are so late, they turned out to be in the reserve area.

Everyone was horrified.

Who would have thought that Ye Fan was so strong and energy so great.

"Young Master Gu, what should I do!"

The attendants were panicked, especially Hua Yangshu, trembling non-stop, with an earthy face.

He only knew now that he had done a terribly wrong thing.

Ye Fan valued the old man in the orphanage very much. He threw the old man's body into the Qingshui River, and Ye Fan would definitely not spare him.

"What are you afraid of!"

Suddenly, Huayang Shu's eyes were about to split, and he roared: "Although the combat readiness area is destroyed, it has also entangled the Ye Fan brigade. These 800 helicopters look awesome, but how many people can be loaded, we still have Advantage."

"Don't panic, kill, catch Ye Fan and An Miaoyi alive."

Hua Yang Shu raised his fist and shouted.

Gu Tao calmed down.

Yes, there are so many people present, it is impossible to take Ye Fan, and I am afraid of having an egg.

"Ye Fan, you are too stupid. Ten thousand horses didn't know that they would come here to surround us, but they ran to the reserve area. Didn't they seek their own way of death?"

"Brothers, give it to me."

Gu Tao grinned and gave orders.

Rumbling.

The earth trembled, and the horses charged.

But it was not Gu Tao's people, but Xu Taishan and others arrived.

The first ones are from the Shi family.

There are 16,000 people from Xu Taishan and Shijia, 10,000 people are placed in the reserve area, and 6,000 people are killed here.

Gu Tao had only 3,000 people, and he was at a disadvantage in terms of numbers, and his morale was low.

Destroy the general.

The three thousand people were all finished, squatting on the ground surrendering wisely, and they were directly killed if they were not wise.

All this happened too fast.

Gu Tao was dumbfounded.

Huayang Shu's face was as gray as death, and he slumped down on the ground, his eyes full of despair.

It's cold.

I'm going cold!

Chapter 590: Make a difference

"Brother Fan! Brother Fan!"

When the atmosphere was still suppressed, a clear cry of joy rang out.

When Shi Xingyu saw the silver-haired man at the door, he was still a little suspicious, not sure that it was Ye Fan.

It wasn't until she found Xu Taishan's positive eyes that she rushed away happily.

"Brother Fan!"

Shi Xingyu ran in front of Ye Fan, her beautiful eyes sparkling, she blushed and jumped carefully.

Why did Brother Fan change so much after being away for a few months?

What's the matter with this silver hair?

so cool!

He is more handsome than before.

Shi Xingyu looked silly, and was speechless; this scene irritated Mo Ziqiu's heart.

At this moment, he was looking at the "Big Brother Fan" in Shi Xingyu's mouth, and a jealous mood rushed out of his heart.

"Brother Fan, are you okay."

Seeing Ye Fan's body covered in blood, Shi Xingyu's eyes were red with worry.

Ye Fan shook his head, letting the rain wash the blood on his face.

At this moment, he was extraordinarily cold, whether it was his eyes or his breath, it was cold and terrifying.

The temperature of the world is dropping linearly.

Everyone felt a chill, and the goose bumps were all up.

"Ye Fan, you really surprised me. I admit, I underestimated you. You are a human being."

"Unfortunately."

Gu Tao sneered, confident.

"Do you think you won? No, you still lost. Because I still have an invincible hole card."

Suddenly, Hua Yangshu jumped up from the ground, as if he had seen a life-saving straw.

"Brother Tao, are you true!"

"Humph."

Gu Tao snorted unpredictably, then looked at the black-robed old man beside him.

This is the martial arts master of Huajing Second Layer, and capturing Ye Fan is not a blink of an eye.

As long as Ye Fan catches it, aren't his crews free to use it.

The black robe old man hesitated to speak but stopped.

Gu Tao and the others are not clear, but as a master, he feels Ye Fan's strength, which can even be said to be unfathomable.

But now in this situation, he is the only one to take action.

Hua Yangshu was dumbfounded when he saw the black-robed old man step forward. Is this the invincible trump card that Gu Tao said?

What a joke.

Others also find it very ridiculous.

They just think that the black-robed old man is Gu Tao's powerful bodyguard, and he can do some work, but to say that catching Ye Fan in front of so many people is simply a horror of the world.

Gu Tao was full of confidence and laughed: "Ye Fan, you are dead!"

"Just rely on him?"

Ye Fan's eyes were contemptuous.

The black-robed old man was furious: "Ye Fan, you dare to despise me, it seems that I have to let you know how powerful this seat is!"

"Hold on."

Just as the war was about to start, an indifferent shout rang, it was Mo Ziqiu.

Everyone cast their eyes on...

Mo Ziqiu walked through the crowd, walked slowly to the small square between the two sides, and shouted: "The Shi family will retreat quickly after following orders."

"Retreat quickly, without error!"

The command rippling.

Xu Taishan and others have a question mark on their faces.

Mo Ziqiu shouted again: "What? Didn't you hear what I said? The Shi family immediately retreated."

"Yes!"

Commanding order.

Suddenly, Shi Xingyu Jiao shouted: "I see who dares!"

The Shi family stopped again.

Shi Xingyu rushed down and stared at Mo Ziqiu, and said, "What are your nerves, why are you retreating. Do you know what impact the retreat will have now?"

The faces of Xu Taishan and others were extremely ugly.

Before discussing with Mo Ziqiu, the Shi family didn't have to do anything.

In the battle in the reserve area, 80% of the 10,000 people belonged to Xu Taishan and the others.

Therefore, almost all of the six thousand people on Anjia's side are Shijias and horses.

Only the helicopter team in the sky belongs to Xu Taishan.

In other words.

Once the Shi family evacuated, the battle will be reversed.

Upon seeing this, the black robe old man also stopped. He didn't want to fight Ye Fan, so he wouldn't make a move if he could.

Gu Tao and others were happy to watch the show.

Xu Taishan asked in a deep voice, "Master Mo, what do you mean, it's not compliant with the rules to withdraw people temporarily."

Shi Xingyu shouted: "Mo Ziqiu, this is not a time for you to make your own claim, and one cannot withdraw."

Mo Ziqiu said coldly: "The Shi family handed the people to me, and I have an obligation to protect them. Don't look at the suppression of these people now, but once they violently fight hard, it will be a **** battle. The Shi family's personnel will lose a lot. , I can't explain to Patriarch Shi, so I have to withdraw people!"

Shi Xingyu panting, pointed at the person squatting on the ground and said, "You are blind, they all surrendered!"

Words fall.

Hua Yangshu jumped and shouted: "Everyone will stand up for me, hurry up, don't **** chirp."

Swish.

Except for those who were beaten to the ground, more than two thousand people stood up suddenly, like a wave, their aura rose again.

Hua Yangshu laughed triumphantly: "Our people have decided to fight a **** battle, so ah, you should withdraw."

Mo Ziqiu shrugged, "Look, I'm right. For safety's sake, people must be evacuated."

"no!"

"Xiao Yu, this is not the time for you to mess around." Mo Ziqiu's eyes were sharp.

As long as he withdrew, Ye Fan would be finished.

At this time, Shi Xingyu figured it out and pointed at Mo Ziqiu and cursed: "Asshole, you did it on purpose. You are jealous of Brother Fan and deliberately target Brother Fan."

Mo Ziqiu glanced at Ye Fan and said with a sneer: "Jealous of him? What a joke. My grandfather of the Mo family in Nanling, with hands and eyes open to the sky, would be jealous of a native of Changning? You are humiliating me."

Shi Xingyu was about to cry with anger.

The four of Xu Taishan's fists creaked, and they wanted to beat Mo Ziqiu violently, but they didn't dare.

Nanling Mo Family, that is a big family.

Mo's Sky Group has a market value of more than 3 trillion yuan and is well-known in the country.

"People from the Mo family."

Gu Tao and the others were taken aback, very surprised.

There are only a few first-tier cities in the country. As one of the top families in Nanling, the Mo family is naturally well-known throughout the country.

Moreover, the market value of Sky Group exceeded 3 trillion some time ago, and it has been rated as a top consortium.

You know, Sanding, Meida, and Perfect consortiums have a market value of just over RMB 1 trillion, which is only half of the Sky Group.

"Mo Shao."

Hua Yangshu ran over and said with a smile: "Fortunately, I have a good time. I didn't expect to see people from the Mo family here. I am the young director of the Beijing Sanding Consortium. Our Hua family and Mo family have some business dealings. "

Mo Ziqiu said in surprise: "Beijing Sanding Group, you are here."

Hua Yangshu pointed to Gu Tao and said, "Not only my Sanding Consortium, but also five consortiums including Mida, Perfect, Sunshine, Zhongli, and Feiyue."

"Mo Shaohao."

Five spokespersons from the consortium came to say hello.

Mo Ziqiu was shocked. He didn't expect that the little Changning had gathered so many big people; but more of them were very proud and full of superiority.

What about the capital consortium, it is not necessary to come to greet him.

This is status!

Mo Ziqiu held his chin proudly and squinted at Shi Xingyu, wanting to see Shi Xingyu's worship, but unfortunately, he was disappointed.

—Shi Xingyu saw his eyes full of anger.

Mo Ziqiu was upset. He said to Hua Yangshu and the others: "Since it's a consortium in the capital, everyone can see you without looking up, I won't bother you."

Hua Yangshu smiled and said, "Thank you, Mo Shao, I will invite you to drink some other day."

Shi Xingyu was in a hurry, clutching Mo Ziqiu hard, and said angrily: "You can't do this! Don't think that there is a verbal order from my father, just think that you can mobilize people from my Shi family at will. Don't go, I will fight now. Call my dad."

Mo Ziqiu patted Shi Xingyu's hand and hummed, "Xiao Yu, you are really crazy. Your father knows the situation, and he will definitely not have any evil with the six consortia."

boom!

Shi Xingyu's face turned pale.

Yes.

There is no way for the Shi family to offend the six major consortiums in the capital, and calling Shi Gandang doesn't make any sense.

Shi Xingyu couldn't help crying.

How to do.

Brother Fan is about to be arrested.
