Chapter 601: Terrible news

In the half afternoon, the plane arrived at Nanling International Airport.

The person who greeted him was Wan Guihai, the person in charge of the Nanling Branch of the Tianzun Hall; seeing Ye Fan again, Wan Guihai was very excited and happy: "See Tianzun."

"You are Welcome."

Ye Fan waved his hand, all acquaintances, he didn't care about these red tapes.

The group came to Tianxuan Pavilion.

This is the stronghold of the Tianzun Hall in the Nanling branch.

Hu Yanzhuo, an important figure, was imprisoned, and Luo Hong, Yue Liuli and others were also free to move around.

Meng Qingyin took Liu Xiang to Qingzhou University to play.

Knowing that Liu Xiang is Ye Fan's cousin, Meng Qingyin is very kind to Liu Xiang; plus Liu Xiang is already lively and cute, and very likable.

As for Ye Fan, he found Ye Chen, the eldest master of the Ye royal family!

"Your honor, Ye Chen's condition has improved during this period, but he still hasn't completely recovered his memory."

Wan Guihai led Ye Fan to the back garden.

At this time Ye Chen was watering the flowers in the yard.

"Ye Shao, this is what I mentioned to you, my boss, Ye Fan."

"Yes!"

Ye Chen's eyes lit up, he was very calm, and he clasped his fist and said, "Mr. Ye Fan, Lord Wan said that you saved me. The life-saving grace is not unforgettable."

Ye Fan looked around and was surprised that Ye Chen seemed to have broken through to the realm of Grand Master.

"boom!"

Suddenly, Ye Fan shot.

A palm print fell.

Ye Chen's breath became sharp as a sword in an instant, his eyes were like electricity, he gave a shout, and punched a long punch.

Bang!

The palm print and the fist light collide.

Both collapsed.

Ye Chen said solemnly: "What do you mean, sir?"

Ye Fan smiled and said, "It's nothing, just want to see your strength."

Wan Guihai said in shock: "Master of Martial Arts, how is it possible! When did you break through, why don't I know."

Ye Chen saw that it had been exposed, and said: "A month ago, Lord Wan, don't be surprised, I need some hole cards, so I didn't tell you."

Wan Guihai nodded.

Ye Fan was not surprised, Ye Chen just had amnesia, but he was not a fool.

"Did Lao Wan tell you your identity?"

"said."

Ye Chen wrinkled his brows and said in a deep voice, "I am the blood of the Ye Royal Family, and this has already been remembered. However, I can't remember other things."

"Remember what?"

"I got a peerless medicine in Zuwang Mountain, and it was discovered by the children of other royal families and chased me. I escaped and lived out..."

Ye Fan's expression moved and asked, "Zuwang Mountain, what is that place?"

Ye Chen tried hard to recall, saying: "The memory is not too clear. That Zuwangshan is a treasure mountain discovered by the seven kings, and there are many martial arts resources in it."

It seems that Zuwang Mountain is similar to Wanzang Mountain.

Wanzang Mountain is a place where young children of the Northern Wilderness find martial arts resources; Zuwang Mountain is a place for the children of the royal family to hunt for treasure.

Ye Fan secretly remembered in his heart.

"Remember what happened afterwards?"

"Pavilion Master Wan said, I was trapped in Yunmeng Daze in the misty mountains. Other royals hunted me and you rescued me. I will remember this kindness in my heart. I will be useful in the future, although Speak. I, Ye, will never refuse!"

Ye Fan waved his hand and said with a smile: "It's okay, in fact, like you, I am also of the royal family of Ye, and we are members of the same clan."

"What!" Ye Chen shook, then laughed loudly: "No wonder I feel the close breath from you, this is the connection between bloodlines. Hahaha, it's really unpredictable."

"Brother, I haven't recovered my memory, I can't remember you, which line of family are you from?"

"I have never been to the ancestral land of the royal family. I have been living outside."

"Um..." Ye Chen was startled, not too surprised. There were also royal family children living outside.

Ye Fan said: "Don't talk about this, let me show you the condition."

Now Ye Chen has a lot of trust in Ye Fan, letting Ye Fan explore his body.

Compared with before, Ye Fan's medical skills have improved a lot, but he can't directly cure the symptoms of amnesia. He can only stimulate Ye Chen's body functions through the cultivation technique, and then drive the brain to recover.

Unexpectedly, Ye Chen had swallowed the peerless treasure medicine before, and the cultivation technique aroused the remaining medicinal power, and Ye Chen's physical body was changing.

"Ye Chen, I will help you transform."

"good!"

Not only did Ye Fan perform Yuan Yuan Shu, but also the Nine Dragons Shen Acupuncture and Taiyi Acupuncture.

Fully stimulated Ye Chen's physical potential.

For ordinary people, such unscrupulously stimulated potential will lead to organ failure prematurely, and life expectancy will be reduced.

For example, those long-distance mobilizations are all injured in their later years.

However.

Ye Chen was different. His potential was stimulated, and the internal organs and limbs would be filled with the power of treasure medicine.

Repeatedly, the physical strength will increase linearly.

One hour, two hours, three hours...

In the blink of an eye, the sunset west hills.

When the moon appeared, Ye Chen finally completed this small transformation.

There is a stench from his body.

This is because the impurities in the body have been forced out, and you can see that there is a lot of black mud on the skin.

Ye Fan praised: "Yes, your current physical body is comparable to the second-level horizontal training master. With your physical body alone, it is enough to fight the second-level master of the transformation."

Ye Chen jumped up, the tiger's body vibrated, and the black mud on his body fell rustlingly.

"Cool."

Feeling the full strength of the body, Ye Chen couldn't help groaning.

Then, he stared at Ye Fan.

The stronger he is, the more he feels Ye Fan's horror, and exclaimed: "I found that the gap with you is still very large."

Ye Fan smiled without saying a word.

"By the way, I want the Hui nationality."

"Hui? I heard that the Ye royal family's civil strife, are you going back to correct the chaos anyway?"

Ye Chen looked serious, and said coldly: "My memory has recovered a little more. You are right. I want to go back to quell the civil strife. Now, I have enough strength."

Ye Fan nodded, "Of course, I don't limit your freedom."

"I need you to take me back. I still don't remember where the ancestral land is."

"..."

"What's wrong? What's the problem?"

Ye Fan laughed and said, "I'm afraid I will disappoint you. I don't know where the ancestral land is. But it doesn't matter. About a month later, I will fight against the Xiao royal family. By then, I will surely alarm the other royal families. Maybe it can. It will be easier to meet people from the Ye Royal Family."

Ye Chen was shocked, frowning: "You want to fight the Xiao royal family? This is not a trivial matter. Although you are strong, it is unrealistic to want to fight the Xiao royal family alone. The royal family is called the royal family except for the founding of the country. Honourable and noble, and extremely powerful background, it is a clan that has been passed down for hundreds of thousands of years!"

Ye Fan actually didn't know much about the royal family, and it was difficult to find information about the seven royal families.

Outsiders only know—

When the country was founded, the Emperor of the Great Xia canonized the seven dukes, and only then did the seven royal families.

Now Ye Chen said that the seven great royal clans are actually clans that have passed on for hundreds of thousands of years, which is extraordinary.

The royal family is not as simple as expected.

"I know it in my heart."

"That's good, you must take me when you go to Royal Family Xiao."

"That's what I think."

Next, Ye Fan and Ye Chen discussed martial arts. As the young master of the Ye royal family, Ye Chen had extensive knowledge.

It's just a memory deficit, and I can't tell the deeper things, but I exchanged some martial arts with Ye Fan.

There are many unique skills of the Ye royal family, including top-grade martial arts and superb martial arts.

Ye Chen's "Daming King's Palm" shocked Ye Fan even more.

The palm of the king of Ming Dynasty is not lost to "Dragon Fist" at all, and is even comparable to the stunt of "Heaven's Punishment".

"Brother, Daming King Palm is one of our royal family's core faculties. Although we are of the same family, I want to teach it to you, and I need to get the consent of the family elders. Don't worry, when we return to our ancestral land, you will definitely be able to learn from the family. Absolute learning will definitely be cultivated by the family."

Ye Chen was twenty-six years old, several years older than Ye Fan, and of the same clan, so he called Ye Fan "brother."

"I really want to see the situation of the ancestral land, it won't be long."

There was a sharp brilliance in the depths of Ye Fan's eyes.

He needs to know some secrets.

For example, why does he stay out of this vein?

The Xiao royal family dealt with the Changning Ye Family, did the Ye royal family know? If you know, why don't you come to the rescue?

Ye Fan needs to ask for an explanation.

"Bang bang bang."

Suddenly, there was a rapid slap on the door, and Ye Fan shouted: "Come in."

Cang Dang.

Wan Guihai stumbled in, his face was frightened, and he lost his voice: "Your Excellency, something has happened!"

"What are you going to panic, say well."

"Your sister Fang Rui, she... she had an accident and was buried in the sea of flames."

Chapter 602: Ye Fan was furious, and Nanling was turned upside down!

"If I slap it down, you might die." Ye Fan raised his hand and said coldly.

Sister's joke, no one is allowed to open it!

Wan Guihai sweated like rain, and said in fear: "Your honor, it's true, I just knew it. Miss Fang, a deputy dean of Nanling University, was suddenly buried in the flames. This is a major event. Now Nanling has spread. , Nanling University has issued an announcement."

With that, Wan Guihai opened Weibo and handed it to Ye Fan.

Ye Fan's pupils shrank suddenly.

The announcement of Nanling University's official Weibo! !

"boom."

In an instant, Ye Fan's brain roared.

impossible.

Ye Fan shook his body, his face pale.

An extremely terrifying aura burst out, Wan Guihai and Ye Chen were suppressed, and the entire Sky Profound Pavilion was enveloped.

Everyone felt bad.

"No!" Ye Fan broke out of the window like lightning, stepping on the long dragon, and galloping through the clouds.

Tianxuan Pavilion is about 15 kilometers away from Nanling University.

ten minutes.

Ye Fan appeared above the Institute of Biology, Nanling University.

Rumbling--

a bolt from the blue.

The wind and clouds change color.

The wind howled.

There are also many school leaders at the Institute of Biology, who were frightened by the sudden vision.

"Look, what is that!"

Suddenly, a leader pointed to the sky and screamed.

In sight, a black spot fell rapidly, and gradually, the leaders discovered that it was actually a person.

Oh My God!

A person falling from a height, it's worth it.

The deputy dean just burned to death, and it has become a national sensation. Weibo has already been searched, heatedly discussed by the people, and there are even some fallacies-what do you say about the unspoken rules of the school leadership, the beautiful deputy dean, and the female deputy dean will not follow. Murder and die.

The school leaders are under great pressure.

If it is now, another person has died at Nanling University.

I am afraid that a group of leaders will be dismissed! !

"Quick, quick! Air cushion, air cushion, put the air cushion on me."

The principal talked anxiously.

Where there is an air cushion in this scene, it is impossible to change it.

Moreover.

So high free fall, there is no air cushion, and it will be dead.

That's it!

The principal sat on the ground, already seeing the scene of his dismissal. Climbed to this position for most of my life, and returned to before liberation one day.

"what!"

The female leaders screamed and fled in all directions.

The male leaders also retreated, turning their heads, not daring to see the horrible scene of the smashed human body.

"boom!"

With a loud noise, Ye Fan fell to the ground.

The bluestone slabs were trampled and exploded, all flying off, and there was no grass growing in a radius of 100 meters.

"puff!"

Between the backhands, Ye Fan slapped all the rubble, dust and smoke away.

When caught out of thin air, the principal caught him in front of him.

Ye Fan shouted: "My sister is buried in flames?"

The principal was already scared to death.

All the leaders were shocked, and even slumped on the ground, not daring to move, shivering.

Falling from high altitude, not dead?

This is still human!

How could there be such a monster.

However, the principal deserves to have been in officialdom for most of his life. He has a strong psychological quality and he immediately recognizes it.

"You are Fang Rui's younger brother Ye Fan. I saw you the day Fang Rui came to Nantah as the deputy dean."

"Say, did my sister die in the flames?"

Ye Fan repeated mechanically.

The cold murderous spirit enveloped the audience.

The principal was cold, pointing to the research institute and said, "Yes, yes. Fang Rui had an accident in the experiment, which caused a fire and died. Her research room was destroyed. You can go and take a look."

Ye Fan rushed into the research institute.

The speed is incredible.

Almost disappeared in the blink of an eye, the school leaders were dumbfounded, still afraid to move.

Ye Fan came to Fang Rui's research room and looked at the chaos and burnt black, his fists were white and he walked stiffly in the research room.

This is bad news.

Originally came back to reunite with his sisters, but the Yin and Yang were separated, Ye Fan screamed in grief.

The entire institute is shaking.

"Gosh!"

The school leaders were out of fright.

"Principal, isn't Ye Fan a human being, isn't it a robot?"

"Yes, it must be a robot."

"Humans cannot be so scary. They must be robots, but they are too realistic. This technology is leading the world. Our Daxia is really unfathomable."

The school leaders comforted themselves.

Only the principal was shocked, because he could feel that Ye Fan was a real human, a body of flesh and blood.

Musha!

A noun popped out of the headmaster's mind.

In the early years, he had heard some secrets, about the martial artist, about the martial arts world, but did not take it to heart.

"Ye Fan is a terrifying martial artist. It turns out that a martial artist can really possess extraordinary power."

The principal muttered to himself.

At this time, the walls of the institute exploded.

When Ye Fan came out, the principal was very moved when he saw Ye Fan's eyes were bloodshot.

He ran over and said boldly: "Master Ye, the death of Vice President Fang was too sudden. We are very sad. Please be sorry."

"What about the corpse?"

"This has been sent to the cremation site by the police station to be cremated. The ashes are in my hands. I ordered someone to get it."

Ye Fan's eyes protruded, and he roared, "The body was cremated?"

The headmaster was so scared that his guts were broken.

He had never been so scared before. It seemed that Ye Fan could kill him a hundred times with one thought and one look.

"Master Ye calmed down, I can't decide this. After the body was found, the police station didn't investigate it much, so it was directly cremated."

"court death!"

Ye Fan was furious, and he felt that Fang Rui's death was strange, maybe some powerful man did it.

He needs an explanation!

If the sister was really killed, Ye Fan wouldn't mind turning the whole Nanling upside down.

--boom!

He soared into the sky again, flying through the air, aiming at the police station.

After Ye Fan left, the principal relaxed. His whole body was soaked and he couldn't stand, and he sat on the ground slowly.

very scary.

It's like a god.

"Fang Rui's death is indeed strange, I hope it was really an accident, if it was killed by someone, then..."

The principal gave a chill.

Then the whole Nanling will change to heaven!

...

Fang Rui's death has actually caused Nanling's undercurrent to surge.

Among other things, both the Nangong family and the Kong family were bombed.

Fang Rui is Ye Fan's sister.

Just died like this, how did they explain to Ye Fan! !

at this time.

Nangong family mansion.

Kong Yunsheng, the elder of the Confucian family, is here, and Nangong Patriarch Nangong is bruised and devastated.

Don't know what to do!

"Kong Lao, let me contact Wanguihai. He is a subordinate of Ye Shi. Ask him what to do?"

"It can only be so."

Nangong called Wanguihai for injury. Before he could speak, a trembling sound came from the other end: "Miss Fang's dead boss already knows, and the boss is in Nanling."

Suddenly, Nangong was injured and Kong Yunsheng was shocked.

The whole Nanling moved.

At that time.

Police station office building, director's office.

Xiang Boyan held his forehead, very distressed, Fang Rui's death aroused all the people's discussion; this is not the most important thing, he knows that Fang Rui is behind Ye Fan.

Both the Nangong family and the Kong family were Ye Fan's subordinates.

The previous Song family was so incredible, but it was destroyed by Ye Fan and removed from Nanling.

If this is to let Ye Fan know that Fang Rui is dead, who knows...

"Rumble."

Suddenly, the building shook.

The entire sky was darkened, dark clouds rolled, and the tension was extremely suppressed.

"Xiang Boyan, get out of here!"

A thunderous roar cut through the sky and shattered all the glass in the building.

Not only that.

The tiles on the surface of the building are cracked.

"get out!"

Ye Fan couldn't care about the rules anymore, his eyes were splitting, and he roared again and again.

Poke your hand out.

The birth of a paw print that covered the sky and the sun made the big figures such as Kong Yunsheng who rushed over to shatter their nerves, and their hairs horrified.

The huge paw prints grabbed the building, as if to uproot the entire building.

"Enemy attack!"

"Enemy attack!"

A large number of police officers rushed out.

For the first time, the shooting started directly.

The bullets came in densely, but they were all blocked by the body shield.

This scene directly enshrines the gods.

Not only Kong Yunsheng and other magnates, but the police officers were all dumbfounded, and they were completely petrified on the spot.

"hold head high!"

Ye Fan came to the sky and roared, sound waves rippling, and all the police officers were dizzy and fell to the ground.

at the same time.

The paw print has locked the building...

Chapter 603: Orderly law of heaven and earth!

Xiang Boyan thought that the guards could solve Ye Fan, and it was his order to shoot.

Because he was angry.

No matter how strong Ye Fan was, he would dare to come to the police station building. This was lawless.

Kill directly.

Even if it is pursued by the above, he is also reasonable.

But Xiang Boyan never dreamed that the bullet would have no effect on Ye Fan, and he couldn't even penetrate the protective cover.

Is this really a human!

Xiang Boyangui is the chief of the provincial police station. He is very knowledgeable and knows the martial artist, but he has never contacted him. He has only heard of the unpredictable power of the martial artist.

But never wanted to be so tough.

Walk in the air, ignoring the bullet.

"Rumble."

The paw prints clasped the building, and the whole building was shaking, as if a major earthquake had occurred.

Xiang Boyan's face changed drastically, and he shouted: "Ye Fan, stop it, you have something to say!"

However.

At this moment, Ye Fan was in a state of anger and couldn't hear any words at all.

Xiang Boyan thought he was going to die.

At the moment of the moment, a cannonball burst into the air; Ye Fan looked back, killing the masterpiece in his eyes.

"Exit!"

Ye Fan punched.

The fist slammed into the cannonballs, and the cannonballs bombed them at a distance of 300 meters.

The energy waves rippling, making the whole world gray.

The guards and Kong Yunsheng below are terrified, ordinary people can actually contend with cannonballs, how terrifying is this, like a god!

at this time.

A helicopter roared in, and two people jumped out of it: an old man in grey clothes and a middle-aged man in military uniform.

"Ye Fan, the repair is rampant!"

The middle-aged man in military uniform shouted sharply. His name was Ding Ben, and he was the commander-in-chief of the Nanling War Zone.

And the gray-clothed old man, this is the worship of the war zone, is a martial arts master with the highest level of transformation.

As a war zone, the Nanling airspace was monitored 24 hours a day; Ye Fan flew from Tianxuan Pavilion to Nanling University, which attracted the attention of the war zone.

So Ding Ben immediately brought people to come.

"Buzzing."

Behind, a black helicopter came to kill, hundreds of them, forming an encirclement, enclosing Ye Fan.

Ding Ben shouted, "Ye Fan, come down to me!"

Xiang Boyan has also rushed out of the building, wiped his cold sweat, and said gratefully, "Thank you, Brother Ding, for coming to help."

"It should be."

Ding Ben nodded, looked at Ye Fan standing up in the sky, and shouted again: "Ye Fan, don't think that you are a martial arts expert and you have no laws. Come down and talk and admit your mistakes. This matter can be resolved, otherwise... "

"Otherwise what are you going to do?"

Ye Fan smiled, very coldly.

Ding Ben inexplicably felt a chill from the soles of his feet rushing to the top of his head, and immediately anger was born in his heart.

The helicopters are full of special fighters, equipped with advanced firearms, not ordinary pistols like guards.

The bullets fired by high-end firearms cannot be resisted by the body shield; even if it can resist for a while, it will not last long.

So Ding Ben has no fear.

"Ye Fan, you are stubborn, don't blame this commander for not showing affection."

"Huh!"

For a time, all the helicopter hatches opened, and the special fighters all aimed at Ye Fan.

This scene made the people like Kong Yunsheng, Nangongshang and others horrified.

But Ye Fan laughed up to the sky, and said contemptuously: "That's all, I want to kill me too! You commander, have you survived a dog at such an age!"

Ding Ben's tiger eyes widened, and he said angrily: "Ye Fan, you are too presumptuous and arrogant. There is an orderly law of heaven and earth, and you can't tolerate your nonsense. Come down and confess your guilt!"

In the air, Ye Fan took a deep breath, closed his eyes, and shed tears. He said coldly: "My sister was suddenly buried in a sea of flames, but the police station did not investigate at all. She was cremated directly. Let me find an explanation. What's wrong!"

"The Order of Heaven and Earth?"

"Haha, there is an orderly law of heaven and earth, but you don't know if the weak eats the strong. The order law is made by the strong."

"Finally, wait for the ants, why do you need to say more."

"Today, I, Ye, let Nanling be turned upside down. Wait, let my sister be buried!"

Ye Fan's words fell, and the world changed.

The wave-like gas erupted, setting off a series of tornadoes, blowing the helicopter tottering.

Xiang Boyan was furious: "This guy is really unscrupulous, and he dares to make a move!"

Ding Ben roared: "Shame on the face, shoot me, and kill it on the spot."

Bang bang bang...

In the next second, there was a rain of bullets, overwhelming the sky.

The nobles who came to wait and see closed their eyes. There is no doubt about the ending, Ye Fan must be beaten into a sieve.

Advanced firearms, who can resist!

But the strange thing is that the shooting has been going on without stopping, shouldn't you shoot Ye Fan every second?

Didn't stop, that means...

The lords opened their eyes together again and looked into the air——

Those bullets bombarded the body shield hood, then shot into it, and landed on Ye Fan's body.

However, he couldn't penetrate Ye Fan's flesh and blood at all, and the bullets dropped...

Chapter 604: Kill kill kill kill kill kill kill!

For everyone, including Ding Ben, this scene must be unforgettable and unforgettable.

This is a high-level firearm. It can penetrate through steel plates. Can it not penetrate Ye Fan's flesh and blood?

What an international joke.

The special fighter planes were shocked, and some helicopters even fell down.

Ye Fan stood in the air, dancing wildly with silver hair, like a \*\*\*\* descending to the earth, dominating the world.

The physical body alone definitely cannot hold the bullets fired by high-end firearms, but the body shield can be relieved.

The qi hood had almost taken off 60 to 70% of its power, and the remaining power hit Ye Fan's body, but it left a red mark, and there would be no substantial damage.

"Is this your method?"

After a wave of bullets rained, Ye Fan looked down at Ding Ben with a sneer on his face.

That look made Ding Benhan's hair stand upright.

"fire!"

Ding Ben snarled in panic.

"Fire me!"

"boom!"

"Boom! Boom!"

In the distance, in a tall building with three anti-aircraft gun mounts, three shells were fired at this moment.

For shells, it is actually easier to deal with.

Ye Fan clicked with his fingers, three fingers shot out, collided with the cannonball, and exploded in the distance, not hurting him at all.

Instead, the explosion affected helicopters and dozens of helicopters crashed.

"impossible!"

Ding Ben's face was incredulous, he couldn't think that Ye Fan was so terrifying.

High-level firearms and anti-aircraft guns are incapable of doing anything.

"Enshrine your lord."

Ding Ben was flustered and looked at the gray-clothed old man.

The gray-clothed old man has a solemn face, knowing that he is not Ye Fan's opponent, but as a war zone worship, he must stand up when necessary.

In fact, he huddled in the war zone to enjoy the blessing, the news of the martial arts world is not too clear.

Otherwise, knowing that Ye Fan is the killer \*\*\*\* of the Northern Wilderness, I am afraid that he will turn around and run away immediately, where he dare to come over.

The gray-clothed old man took a step and raised his head and shouted, "Ye Fan, don't be obsessed with understanding. You are fighting against the state apparatus, and there is no good fruit."

"Give me an explanation!"

Ye Fan screamed, and many special fighters sonicated fell from the helicopter.

All the helicopters began to retreat, not daring to offend the ghost and \*\*\*\* of Ye Fan.

"People can't come back from death, so why be so persistent."

"In other words, my sister's death is indeed a hidden trick, because it was killed by someone!"

Ye Fan's heart contracted, and the tingling made him unable to breathe. His eyes, which had been gradually recovering, were once again covered with bloodshot eyes.

The murderous aura poured out and enveloped everyone.

The gray-clothed old man is a warning sign.

"puff!"

But it was too fast to avoid him. A qi pierced his shoulders and nailed him to the ground.

"what!"

The gray-clothed old man screamed in a pool of blood and screamed in horror: "Master Ye atones for sin, this matter has nothing to do with me, spare my life, spare my life..."

"Kneel down!"

Ye Fan drank seriously.

Ding Ben was struck by lightning, his legs cracked, his bones were torn apart, and he knelt on the ground heavily.

"Ye Fan, you!"

Ding Ben's eyes were about to split, and he roared: "I am the commander of the Nanling theater. If you dare to move me, you will die."

"Not only do I want to move you, I want to kill you! I want to see if Daxia will be stiff with me because of you, an ant!"

Ye Fan's words slammed his heart, causing Ding Ben to tremble with fear, but his dignity made him gritted his teeth, unwilling to ask for mercy.

"Split Heaven Palm!"

"Broken Sky Fist!"

"Tear the sky!"

"Fan Tianyin!"

Ye Fan performed stunts one after another, clearing all the helicopters.

Flames were everywhere around the police station.

a mess.

Ding Ben's heart is bleeding, so many helicopters are destroyed, he will definitely be punished, or even demoted.

"Ye Fan, you are looking for a dead end!"

"It's your turn."

Three words, without emotion, finally defeated Ding Ben's psychological defense.

"Mr. Ye, no..."

"hold head high!"

Ye Fan hit the dragon fist.

This is enough respect, otherwise Ding Ben can be slapped into flesh with a slap.

"Strong Bull Demon Fist!"

Suddenly, a powerful punch came and collided with the dragon fist, both of them collapsed.

Ye Fan looked at it, and a fighter plane appeared on the top of the building.

Someone here again?

Ye Fan sneered.

It doesn't matter how many people come today. He said he would turn the world upside down, and he would do what he said!

"Tianzun calms down his anger."

A cry of sorrow sounded.

The voice is familiar.

"Guo Xiong!"

"Tianzun, it is indeed me."

Guo Xiong jumped off the fighter plane and bowed deeply.

Fang Rui's death was hotly searched on Weibo, and the people were discussing it; Guo Xiong, who was studying in Beijing, realized that he felt bad for the first time.

So, immediately took a supersonic fighter plane and rushed in without stopping.

Guo Xiong is the deputy commander of the Qingzhou War Department, a higher level than Ding Ben.

Xiang Boyan took a breath and shouted: "Guo Jiang, you came too in time."

Guo Xiong ignored Xiang Boyan, glared at Ding Ben, and thunderously shouted:

"Ding Ben, bastard, who gives you the courage to deal with Ye Zun."

"Guo Jiang, I..."

"To shut up!"

Guo Xiong scolded and said unquestionably: "From now on, you will be removed from your position as the commander of the Nanling War Zone, and you will be delegated to the fifth-tier town as a patrolman."

Ding Ben was very upset, opened his mouth to say something, but suddenly realized that it was Guo Xiong who was protecting his life.

"General Guo, I know I was wrong, and I am willing to be punished."

Ye Fan didn't speak, his expression was cold.

Guo Xiong said, "Tianzun, I am deeply saddened by the death of Miss Fang. When I came, I had already played Longge to investigate this matter thoroughly."

Play the Dragon Pavilion!

Xiang Boyan was so scared that he almost knelt down.

Long Pavilion is one of the highest authority in Daxia.

Did Fang Rui's death have such a big impact? He stabbed him directly to Long Pavilion and took it? !

Xiang Boyan was cold and sweaty, and he finally understood how powerful Ye Fan was.

No wonder the Song family can be destroyed before, and the Nangong family and the Kong family can be brought into submission.

The other end.

The nobles such as Kong Yunsheng and Nangongshang were also trembling, their breathing became rapid, the eyes looking at Ye Fan were full of extreme awe.

Ding Ben was already scared to death.

He actually dealt with such a big man!

It's really looking for death.

Fortunately, Guo Xiong came in time and saved his life. Ding Ben wanted to get up, but now he dismissed the idea. Instead, he prostrated on the ground, motionless.

"Tianzun, don't worry, this matter will definitely be revealed."

Guo Xiong worried that Ye Fan was rushing and furious, and kept persuading him. In fact, his back was also full of cold sweat.

Ye Fan shifted his gaze from Guo Xiong to the fighter plane, and said indifferently: "Strong Niu Demon Fist, is the Sect Master of Li Shen Sect?"

A burly man jumped out of the fighter plane.

It is the Sect Master of the Seventy-two Sect that ranks second in the Lishen Sect, Limo.

"Ye Fan, meet again."

Limo's face was very solemn. In the capital a few months ago, Ye Fan hadn't been so strong; how long has it been before Ye Fan is actually so strong.

Although he is the three-tier giant of the transformation, Ye Fan is only the second stage of the transformation; but Li Mo still cultivates the physical body, and he has an induction in the dark, and realizes the powerfulness of Ye Fan's physical body.

Double cultivation of physical training and martial arts is rare, because one mind and two uses will slow down the cultivation speed.

Limo succeeded.

He can be said to be a martial arts genius.

But now, Ye Fan is more enchanting than him, and has brought the "double cultivation of physical and martial arts" to this terrifying point.

In time, Ye Fan broke through to Transformation Realm Triple, and there are still a few people in the martial arts world who can suppress him!

Limo's heart sea cannot be calm.

Ye Fan didn't care about it. He was sharp and unceremonious and sipped coldly: "Li Mo, you want to stop me?"

Chapter 605: Highest indication

-Are you blocking me?

After a few words, Ling Limo's heart stunned, and he heard the unkindness in Ye Fan's tone.

Li Mo said: "I came here and got instructions from Long Pavilion. If you come around, then we will have to recruit."

Ye Fan's face sank.

Suddenly the swords were drawn, and the atmosphere became deadly.

Guo Xiong hurriedly said: "Don't don't don't, you're all friends, don't hurt your kindness. Tianzun, don't worry, I believe Miss Fang's case will be cleared out soon."

At this time, Xiang Boyan took the initiative to speak, "Guo General, Miss Fang's death is indeed a bit strange, but I have no choice but to give instructions to me to deal with it as soon as possible."

"above?"

Guo Xiong and Ye Fan cast their eyes together.

Xiang Boyan felt a few knives in the seven bodies, and said hurriedly: "Yes, the instructions from the highest police station."

Ye Fan's heart moved. The highest police station was the Central Capital.

Could it be that the death of the Seventh Sister was caused by the tycoon in the capital?

If this is the case, Ye Fan thinks that he has harmed Fang Rui; he must have disturbed the situation in the capital before, offending many people, and then affecting Fang Rui.

who can that be?

The Leng Family and Ning Family should not be possible, they have responded to Xing Tian's call to deal with the six major consortia.

In addition to the Leng family and the Ning family, the Murong ancient clan and Huangfu ancient ancestors were also enemies.

Ye Fan thinks it is possible for Huangfu's family. That Huangfu Dazzling can't wait for him to die, and even fought against Shivan Dashan.

Seeing Ye Fan's murderous aura, Guo Xiong couldn't help but feel his scalp numb when he wanted to kill him in the capital.

He immediately persuaded: "Tianzun, I will contact Longge and ask Longge to ask the highest police station. Please calm down first."

Limo also persuaded: "Ye Fan, anger will not solve the problem, but will mess things up."

Ye Fan changed his mind.

Maybe he committed a murder, really caught some people's arms.

He snorted and landed.

"Master Ye, I have offended a lot before, because I have no eyes, and please don't remember the villain's fault."

Ding Ben crawled on the ground begging.

Xiang Boyan also bowed his head wittily: "Mr. Ye, I am also at fault, but please take the overall situation first."

Ye Fan didn't speak.

What if I kill all the people present, my sister can't be resurrected!

Thinking of this, Ye Fan was heartbroken.

"Xiang Boyan, are you sure it was my sister who burned to death in the research room, isn't that wrong?"

"It's burnt and can't be identified, but Fang Rui is the only one in the research room, and the forensic doctor compares the skeletal shape, which is very consistent with Fang Rui. It should be correct."

Ye Fan's heart is like a knife, and his three souls have lost seven souls.

The world is quiet.

No one spoke, and he didn't even dare to comfort him, worrying about touching Ye Fan's brows and causing Wushu disaster.

"Three days."

For a moment, Ye Fan spoke.

The voice was cold.

"I only give you three days, and give me an explanation within this time limit. If not, I don't mind killing the capital!"

Ye Fan closed his words and stomped his feet.

垮嚟!

The earth left a gap unexpectedly.

With the power of this foot, even Li Mo was frightened, spontaneously feeling that he was not Ye Fan's opponent.

Guo Xiong tensed all over, claspng his fists and said, "Tianzun, don't worry, I will give you an answer within three days."

Ye Fan walked out of the police station compound step by step.

The noble crowd onlookers consciously separated from the main road, as if looking at the emperor, their eyes moved with Ye Fan.

Finally, leave with Ye Fan.

"call."

When everyone left, Guo Xiong let out a deep breath and wiped the cold sweat from his forehead.

Limo smiled bitterly: "If there is a fight, I may not be able to stop him."

Guo Xiong's eyes flickered, and he sighed: "Tianzun returned to Daxia for the sake of his sisters. This shows the importance of his sister in his heart. Now that his sister is dead, this is indeed a huge blow."

"Xiang Boyan, what can you hide? It's really an instruction from the highest police station?"

"Guo Jiang, what I said is true, and I dare not lie." Xiang Boyan said with an oath with his fists raised.

"Well, then I can only contact the capital city, hoping to have an answer in three days, otherwise..."

Guo Xiong struck a spirit.

Otherwise, the consequences would be unthinkable!

Ye Fan is not a lonely person, there is a huge monster behind Tianzun Hall.

...

Back to Tianxuan Pavilion.

Nangongshang and Kong Yunsheng also followed, but Ye Fan didn't see him, so he locked himself in the room.

Ye Fan didn't plan to tell Tang Ying about Fang Rui's death. Fortunately, Tang Ying didn't play mobile phones much, let alone Weibo, so he didn't know the bad news yet.

Even Tang Ying didn't know the big move Ye Fan made just now.

That evening.

Tang Ying came to Ye Fan and complained: "Xiao Fan, what are you doing in the house. Let's go, let's go to the sisters, I have already contacted."

Ye Fan said: "Are you connected?"

"Hey, I only contacted the second sister." Tang Ying sighed: "The eldest sister went abroad on business; the third sister has been mysteriously hidden from people; the fourth sister and the fifth sister can't be contacted, and even Xiaoqi is not seen, really. Yes!"

Ye Fan was inexplicably uneasy.

The eldest sister and the third sister can understand.

One was on a business trip abroad, and the other was a professional killer on a mission.

Why can't Fourth Sister and Fifth Sister get in touch?

Isn't the fourth sister Tong Xiaoman filming in Hengdian, and the fifth sister Zhong Ling is studying at Nanling Police Academy...

Chapter 606: About Renhuang!

In fact, Ye Fan knew that Fang Rui's death could not be kept secret.

Tang Ying didn't know that the other sisters were not blind and deaf, especially the fourth sister Tong Xiaoman, who was a female celebrity. She could find out the movements on Weibo in the first place.

What's weird is...

It's very quiet now.

Ye Fan was very worried and asked, "Where is the second sister now?"

"In the hospital."

"Go, go and see."

Ye Fan and Tang Ying quickly came to Nanling Sifan Medical Center and met Su Muyu smoothly.

This medical clinic is not small in scale, and the business is booming. Su Muyu is so busy that she can't even touch her mobile phone, so she doesn't know the news of Fang Rui's death.

"sister."

"sister."

Su Muyu looked up, very surprised: "You... Xiaoliu contacted me before and said that I was in the capital, and it took only half an hour to arrive."

Tang Ying smiled and said, "Sister, didn't you want to surprise you?"

"It is indeed a surprise, come and come."

Su Muyu smiled and asked the assistant to help her solve the matter at hand, and she came to her office one by one, hand in hand.

"Little Liu, you seem to be thin again."

"Sister, it doesn't matter if I am thin or not, look at Xiao Fan, do you almost never know this guy when he has changed."

Su Muyu said angrily, "I know it even if it turns to ashes, but this silver hair is really cool, it's a second-degree high."

"Hey, Xiao Fan, what's wrong with your eyes, let me see."

Su Muyu is very careful.

Ye Fan couldn't be in the mood to watch his eyes, he asked: "Sister, why can't the fourth sister and fifth sister get in touch?"

"They have a secret mission."

"Secret mission?"

Su Muyu explained: "Xiao Man was specially invited by the Central Academy of Drama to take part in the filming of TV dramas. The filming process is very confidential. Xiao Man cannot communicate with the outside world."

Secret filming.

Special code, who knows what to shoot.

Ye Fan frowned.

Tang Ying asked, "Where is the fifth sister?"

Su Muyu said: "A Ling has performed a secret mission. He said hello to me half a month ago and left."

"That's it." Tang Ying sighed: "I came back and thought about everyone getting together. It's a hot water now. By the way, Xiao Qi, why can't I get in touch?"

Su Muyu wondered: "Little Qi has been busy at school, so she should be able to contact her. However, the girl forgot everything as soon as she did the experiment. Didn't you hear the news? She will definitely come back when she sees the news later."

Seventh sister... will never come back.

Ye Fan wanted to say it, but he couldn't say it. He was sad, but he restrained it well.

Su Muyu frowned and said, "Xiao Fan, what's wrong with you, why are your eyes red again? Is there something wrong?"

"it's okay no problem."

Ye Fan rubbed his eyes and said with a strong smile: "Sister, it's not early, let's go home and cook for me."

When the group came home, Su Muyu and Tang Ying were busy in the kitchen, and Ye Fan called from the bedroom balcony.

After a few seconds, it passed.

"Who?"

"it's me."

Ye Fan's voice was low.

There was a few seconds of silence on the other end of the phone, but Ye Fan could clearly hear the trembling voice on the other side, and then a pleasant voice came: "Teacher, you finally contacted me again."

This person is named Xie Pingan.

The chairman of the Daxia Film and Television Association is also the chairman of the Zeus Group, which is the largest entertainment group in Daxia.

Before in Changning, Ye Fan and Xie Ping'an met because of Tong Xiaoman's unspoken rules.

Ye Fan has been traveling the world for many years, and he doesn't know how many capable people have been on demand.

These people all called him a "teacher" and spontaneously established the "Tianshi League".

Under the Celestial League: 36 sage disciples, 72 core disciples, 108 elite disciples, 360 ordinary disciples, and 900 noted disciples.

Even the last named disciple is a rich man, powerful and powerful.

Xie Pingan is ranked thirty-six sages and twenty-eighth!

Ye Fan gave him a small means to "know people" back then.

With this stunt, Xie Pingan has found many potential seedlings, and they have cultivated them into big stars. The Zeus Group under his command has also developed rapidly and has become a leader in the entertainment industry.

"Teacher, the student is really too excited, you must have something to ask me, please tell me."

"My sister Tong Xiaoman, you should know, you know about it in Changning before."

"I know, your sister signed with my Zeus Group when I was in Changning. I used the most resources to train. Now I am a big star and a top traffic celebrity in the entertainment industry!"

"You are interested, but I understand this is not the case. I heard that my sister was specially recruited by the Central Academy of Drama to participate in the secret filming of TV series. You are the president of the Daxia Film and Television Association. Do you know this?"

Xie Ping'an replied, "I know, that's what I recommended. Teacher, don't worry, my sister won't have any problems in the crew, but she will be treated like a princess. As for the secret TV series, this... I can't reveal too much. It can be said that the content of the filming is about..."

Ye Fan was curious, "About what?"

Xie Pingan paused and said in a low voice; "It's about the Emperor."

Chapter 607: Great Xia Long Whale

Emperor!

This word shocked Ye Fan.

The Emperor of Great Xia, this is one of the people who stand on the top of the world, and is truly a monstrous figure who controls the world pattern. Only the President of the Eagle Country can be compared with it.

only.

It's strange that in the past ten years, the Emperor of Daxia hasn't showed up.

The same is true for the President of Eagle Country.

The controllers of the two superpowers stayed behind the scenes and did not appear in the world. At the beginning, they caused huge speculation and waves in the world.

But with the passage of time, no one talks about it now.

Only the elder of the Dragon Pavilion can see the Emperor of Great Xia.

This is why the Dragon Pavilion has become the highest authority, and the patrons have high powers.

"What's the situation? What is the relationship between the TV series and the emperor?"

"In fact, I don't know too much about this. This is a matter of state secret agencies. But it is said that the TV series is a super production, once it comes out, it will definitely shock the world."

Xie Ping'an's tone was very sincere, not as if something was concealed, Ye Fan thought about it, he was just the president of the Film and Television Association, how could he know about the arrangements of the Emperor.

No way, Ye Fan can only pray that his sister is safe, just filming; after all, if the emperor favors her sister, it is indeed a trouble.

"Teacher, please relax, and I will try my best to inquire, if I have any news, I will report to you as soon as possible."

"good!"

After hanging up the phone, Ye Fan thought for a moment, then called Guo Xiong and asked him to ask Xiang Boyan about the fifth sister Zhong Ling.

Not long after, Guo Xiong replied: saying that the highest police station was carrying out a special operation, and Zhong Ling was recruited to perform the mission secretly.

Guo Xiong also asked Ye Fan not to worry. The main operations of this special operation are veteran police officers. There are many outstanding young police officers like Zhong Ling. Most of them go to meet the world for the purpose of training, which is a good thing.

Ye Fan sighed. Although he cares about Tong Xiaoman and Zhong Ling, he can't interfere too much in the lives of his sisters.

"Xiao Fan."

Su Muyu's shout came from outside.

"Eh!"

"Xiao Fan, call your Seventh Sister and ask why you haven't come back."

Ye Fan said perfunctorily: "We have already fought. Seventh Sister said that she has organized a team to carry out important experiments recently and there is no time to come back."

"I knew she was busy with the experiment. Forget it, let's have dinner."

Su Muyu and Tang Ying are busy working on a large table of dishes.

"Xiao Fan, there is no red wine. Go to the supermarket and buy a bottle."

"okay."

As soon as Ye Fan left the house, he saw a familiar figure galloping over, it was Xia Yaoguang.

The eldest sister Meng Qingyi's university buddies.

In Nanling and Meng Qingyi, the "Qingguang Internet" group was established in partnership. At present, the development of the group is booming and it has become a cutting-edge enterprise in Nanling.

Xia Yaoguang wiped away her tears and sighed: "Paper wraps can't keep the fire, the whole people talk about it on Weibo, it won't last long."

"Wait, wait until I find out the truth. It has already happened, and it can only be accepted, but I will seek justice for my sister."

"Sister Yaoguang, clean up your emotions and go to the villa. I'll buy a bottle of red wine and have dinner together later."

Ye Fan ran away.

At the gate of the community, he couldn't help crying.

After buying the wine, Su Muyu and the three had already started talking and laughing at the table. This scene reminded Ye Fan of the seven sisters being together, and he couldn't help but feel even more painful.

"Buying a wine is so slow, come quickly, your sister Yaoguang will almost eat up the delicious food."

"I'm coming."

Ye Fan watched Xia Yaoguang gobble it up, knowing that he used overeating to suppress sad emotions.

This night.

All three were drunk.

Ye Fan couldn't sleep and set off for Nanling University. He wanted to get Fang Rui's ashes.

only.

Just arrived at Nanling University, two cars came galloping in.

"Tianzun."

Guo Xiong hurriedly got out of the car.

Ye Fan is not surprised. In order to worry that he will go mad again, the relevant departments must have satellite monitoring their whereabouts.

"There's news!"

Guo Xiong shouted.

Ye Fan's gaze was like a torch, his heart tightened. In addition to Li Mo and Xiang Boyan, there were two men and women who followed Guo Xiong.

This is not easy for men and women.

Ye Fan found that the man was in his early thirties, but he was already a great master of the Second Stage of the Transformation Realm; the woman should be less than thirty, but he was also a master of the First Stage.

Can be described as a martial arts genius.

Guo Xiong said: "Tianzun, let me introduce them. These two are defenders of the state secret agencies, with the rank of three-star war generals; at the same time, they are also members of the former dragon whale special warfare team."

When the words were over, the man with strong outfit stepped forward and said coldly: "Compared to the defender of the secret base, I prefer another name..."

"Great Xia Long Whale!"

Chapter 608: Humiliation

"Go ahead, what good news."

Ye Fan is very direct.

He just didn't bother to know what defender Rie was, what big Xia Longjing, he just wanted to know about his sister.

However.

This attitude made the man with strong outfit feel angry.

As a big summer dragon whale, their status is so noble.

First of all, he is a great master, strong;

Military rank, from Samsung warlord.

Background, from the strongest dragon whale special combat team in Daxia.

Position: Protect the state secret base.

Anything is amazing enough to take out, not to mention all of them added together, what a radiance and glory.

"White-clothed and silver-haired, you are the Ye Fan who stirred the situation in the Northern Wilderness. I thought, you are so crazy, and the rumors are true!"

"Say the news."

Ye Fan was a little irritable.

Guo Xiong wanted to speak, but the man with strong costume shouted: "Ye Fan, you are still arrogant!"

"Forget about messing up in the Northern Wilderness, you are so arrogant when you come to the secular world, you really think that you are invincible in the world, dare to fight the state machine!"

"Because of you, the Dragon Pavilion and the highest police station were all alarmed. Finally, the secret base will send us over to announce, what a big face you are!"

"Bold and brave to kill the Nanling Police Station, and want to smash the police station building. An ignorant idiot who relies on his strength to be arrogant. As everyone knows, as long as the country is willing, there are ten million ways to kill you."

The hard-dressed men yelled one after another, making the atmosphere suddenly depressing.

The corners of Limo's mouth twitched.

What's the special thing about Yaozi, isn't it the end of the announcement of the secret base? Why did you get on with Ye Fan.

Guo Xiong also squeezed a sweat.

Ye Fan's face was covered with frost, and he said coldly, "Is that enough?"

"No!"

The hard-dressed man stopped drinking and said sharply: "I am the leader of the former Dragon Whale Special Operations Team. After I stepped back, I entered the ranks of the secret base defenders, and I was also one of the deputy captains of the defenders team."

"Just because of a woman, Long Ge did not say anything, and sent me to inform you personally. Do you know how much precious time I was wasted?"

"Ye Fan, in view of your bad behavior, I now order you to kneel and listen to the announcement."

boom!

Guo Xiong's scalp is about to explode.

Order Ye Tianzun to kneel down, fuck, take the wrong medicine.

"Deputy Captain Gou, you are too much. Do you know what identity Mr. Ye Fan is?"

"Isn't he the master of martial arts? What kind of identity can he have." Gou Huan disapproved, as the guards of the secret base, they rarely pay attention to external affairs.

I know some news from the martial arts world.

Therefore, Gou Huan only knew that Ye Fan was a ruthless person who made a big move in the Northern Wilderness.

Guo Xiong is not cold to Gouhuan, since Gouhuan wants to pretend, let him pretend.

Limo also remained silent.

Gou Huan shouted again: "Ye Fan, did you hear it? Kneel down and listen to the announcement, otherwise, I won't say the news."

Woo woo woo.

At this time, the cold wind blew up suddenly.

Fortunately for the others, Xiang Boyan was full of goose bumps and couldn't help but step back a few steps.

Gouhuan had one meter in his eyes and sneered: "Why, are you going to shoot at me? That's a daring. Not to mention whether you can beat me, with my identity, you move me and kill me!"

Ye Fan was expressionless, his killing intent became more and more turbulent, and he said coldly: "Of the people I have encountered in this period of time, you are the stupidest and most death-seeking one."

Suddenly, Gouhuan was furious.

"You are the one looking for death."

In an instant, Gouhuan made a move.

The strength of Huajing Duo broke out in an all-round way, and he clicked out of thin air, and shouted: "Tiangang points."

scold!

A bright finger light killed Ye Fan.

Limo nodded secretly, Gou Huan deserved to be a dance genius, this day Gangzhi was also a top-grade martial art, and the power he produced could already make the three-tiered Huajing be careful.

However, Ye Fan remained motionless, looking at Gouhuan calmly, his eyes full of contempt and disdain.

"Boom!"

The finger light bombarded Ye Fan's body, directly disintegrating, without the slightest trace.

"what!"

Gou Huan's eyes widened.

This was his full blow, and he didn't actually cause Ye Fan to hurt, even Ye Fan didn't even move?

No way.

Li Mo's eyes were full of horror, he never expected Ye Fan's physical body to be so strong; even he, did not dare to use his body to resist the attack.

Ye Fan did it, and it was intact.

The audience was silent.

"That's it?" Ye Fan teased.

"you!"

Gouhuan's face flushed and was extremely angry. He roared wildly, slammed Ye Fan, and fought close.

Li Mo shook his head. Gouhuan was so stupid that Ye Fan had such a strong physical body that he even dared to go to close fights. Isn't this a death court?

Bang bang bang.

Gouhuan punched out frantically, like raindrops falling on Ye Fan, but he couldn't shake Ye Fan's title.

"Do not!"

"This is impossible!"

"How can you be so strong, you cheated!" Gouhuan didn't want to believe it, and roared hysterically.

At this moment, Ye Fan's body vibrated, and the air current turned to entangle Gouhuan, making him unable to move.

And Gouhuan's punch still hit his chest.

"Om!"

Suddenly, Ye Fan's body shook violently.

That majestic physical force was transmitted to Gohuan's arm, and he just heard "Kacha", and Gohuan's arm broke in two.

But this is not over.

"Boom!"

"Boom!"

...

Every time Ye Fan's body vibrated, that huge force hit Gouhuan once.

Click!

Click!

Click!

...

The fragmentation of the arm bones made Guo Xiong and Xiang Boyan's scalp numb, and even Limo felt a little hairy.

After shaking 108 times, Gouhuan's arm bones had turned into powder, and even the skin was cracked, flesh and blood tumbling, and blood dripping.

Ye Fan controlled it well and didn't hit other places. Otherwise, these 108 shocks could shatter Gouhuan's whole body bones and shake Gouhuan to death.

"Ahhhhh..."

Gouhuan couldn't help it anymore, and let out a sorrowful wailing like a pig.

The woman who was traveling with him was shocked, and said shiveringly: "Ye Fan...Master Ye, please calm down your anger, Gou Deputy Captain, he..."

"Don't worry, I won't kill him."

Ye Fan interrupted the woman.

"Let him practice for another 100 years, it will be a waste; have you ever seen an elephant, do you care about the life and death of an ant?"

Ye Fan's words punish the heart.

Gou Huan almost spewed out a mouthful of blood, his face flushed and purple.

"Come on, why are you targeting me?"

Ye Fan examined Gouhuan.

This look made Gouhuan frightened.

He couldn't help but said, "I heard that you, you are known as the number one evildoer in the martial arts world, I am not convinced, so..."

Gouhuan wanted to find a seam to drill in.

Guo Xiong secretly said that Ye Fan was really ruthless, and asked Gouhuan to tell him the reason, which made Gouhuan even more humiliating.

Ye Fan said, "Can you tell me the news now?"

"Yes, you can."

Gouhuan lost his temper completely, and he was about to stand up when there was a sudden explosion in his ears.

"Kneeling and saying."

The three words directly pierced Gohuan's eardrums, and blood poured out of his ears.

Gouhuan's eye canthus is about to split.

The woman persuaded: "Vice captain, hurry up, don't delay time."

Guo Xiong also joined in: "Deputy Captain Gou, hurry up and finish the work and go to the hospital. Your arm must be treated in time."

treatment? Treat a fart.

The bones are powdered, so what's the cure?

Gouhuan endured the humiliation and knelt down, with words popping out between his teeth: "The content of the notice is: Fang Rui, specially recruited to enter the state secret base to conduct biological genetic research. In order to keep it secret, he declared his death to the outside world."

"In other words, my sister was abducted by someone from that secret base?"

"You can say that."

"Snapped!"

Ye Fan slapped Gouhuan tens of meters away, and said angrily, "What is the difference between a broken institution and a casual arrest, which is different from robbers and bandits."

The woman bit her scalp and said, "Master Ye, don't say that. Miss Fang agreed to enter the secret base. Since it is a secret base, of course she can't leave any clues. So I hope you understand. If there is nothing wrong, we will leave first. "

Seeing that Ye Fan didn't say anything, Guo Xiong made a color, and the woman hurriedly got in the car and left with Gouhuan.

"Tianzun, I have notified the State Administration of Radio, Film and Television, and a notice has been issued over there. The entire network will delete the news about Miss Fang's death. This will not cause you any more trouble."

"Thanks a lot."

Ye Fan was so happy.

From \*\*\*\* to heaven, he was so excited that he almost wanted to howl.

To bid farewell to Guo Xiong and the others, Ye Fan rushed back excitedly; then, Ye Fan thought again that Fang Rui was called to participate in biological genetic research...

Is Daxia also secretly doing genetic engineering?

Hongmeng chips are helpful for genetic research. Isn't the chip stele controlled by the state and not in the hands of the Xiao royal family?

Chapter 609: Royal family

The chip matter, when he goes to the ancestral land of the Xiao clan, he will definitely ask questions.

It is also a good thing for Fang Rui to participate in the research of biological genes. In the future, Ye Fan can also understand this through Fang Rui. After all, he himself has been genetically modified.

Just now, when Gohuan's "Tiangang Finger" bombarded his body, that mysterious power appeared again.

Gang Qi attracted a part.

Ye Fan felt very strange at the time, as if his body was a black hole, attracting about 30% of the power of the qi.

This also means that the power of Tiangang Index has been weakened by 30%.

It's scary.

It is equivalent to Ye Fan playing against a person, weakening the opponent's martial arts power by 30% at the beginning, which is simply a cheating device.

"I don't know what this mysterious power is. Where did the absorbed qi enter and disappear directly? I hope it is harmless to the body. If Seventh Sister has achieved biological genetics, I can show it to me at that time."

Ye Fan returned to the villa.

Su Muyu, Tang Ying and Xia Yaoguang slept very hard.

This night.

Ye Fan also slept very securely.

the next day.

Ye Fan and Xia Yaoguang talked about what happened last night, and then they also mentioned to Su Muyu and Tang Ying.

"Little Qi is really amazing. He was recruited by a secret national base to make a big contribution to the country." Su Muyu was very happy.

"I don't know how Xiaoqi's melon seeds grow, so smart." Tang Ying really admired her.

Ye Fan grinned and said, "My sister, Ye Fan, how can it be bad!"

Su Muyu didn't give an angry look.

Ye Fan looked at Xia Yaoguang and asked, "Sister Yaoguang, why can't my eldest sister be contacted on overseas business trips?"

Xia Yaoguang said: "Don't worry, it's because the communication conditions over there are not very good."

"No matter how bad it is, you won't be unable to make a call."

"That is a backward country in non-mainland, the environment is very bad, there are not many people who own mobile phones, and the mobile phone signal is very poor."

"Non-continent?"

Ye Fan frowned and said, "Why do you go so far? What can I do for non-mainland travel?"

Xia Yaoguang said: "Some time ago, an Internet boss came from Cangzhou and held a forum in Nanling. We're "Qingguang Internet" is engaged in the Internet, so Qingyi and I went to the lecture. That boss valued us. Gave us a very good project."

"Going to non-mainland to engage in the Internet? Isn't this a proper scam?"

Ye Fan suddenly got up.

Xia Yaoguang said: "Don't be frizzy, you kid, just listen to me. Go to that small country to build an Internet system, Qingyi just goes to study and get to know some people by the way."

"We built that small country's Internet system, that is, to control that small country. Although it is only a very backward small country, it is also extraordinary."

"So, this is an instruction issued by the Ministry of Industry and Information Technology. With the government's endorsement, Qingyi will not be in any danger. Moreover, I also spent a lot of money to find a powerful bodyguard to follow Qingyi, so don't worry."

Xia Yaoguang said that, Ye Fan felt relieved, but he was still worried.

No way, the elder sister's looks and charm are too strong, men, animals, many think in the lower body, it is inevitable that they will not be wild.

"Which small country?"

"A small country called Hasaigo, with a population of only three million, is hard to find on the map."

Xia Yaoguang said nonchalantly, but Ye Fan had already sent a message to the Tianzun Hall headquarters, asking the headquarters to arrange for a fighter plane to go to Hasaigo to investigate the news.

morning.

Liu Xiang called and asked him to go shopping with him. Ye Fan was about to leave, but he received a call from the Nangong family, saying that it was the Patriarch Mo Tianya who wanted to see him.

"what's up?"

"I heard that people from the royal family are here."

Ye Fan was shocked, and immediately understood that he must be a member of the ancient royal family, and asked him for Gu Tao.

"Back to Mo Tianya, come to the Sky Profound Pavilion to find me."

"Yes."

After hanging up the phone, Ye Fan sent a message to Liu Xiang, saying that he could not go shopping, and then hurried to Tianxuan Pavilion.

After half an hour.

Tianxuan Pavilion attracted three people: two middle-aged men and an old woman.

"Three, come with me."

Wan Guihai greeted him outside the door, and took a deep look at the old woman, feeling that the old woman was unfathomable.

Open-air tea room.

Ye Fan was drinking and drinking, and when he heard footsteps, he looked over and was slightly startled.

The Three Great Masters of the World of Transformation.

What an amazing old woman!

The old woman's eyes were also full of shock. A character like her can see Ye Fan's power at a glance.

"Good boy."

The old woman murmured and winked at the middle-aged man next to her, as if she was saying: This kid is not easy, negotiate well.

"Mr. Ye."

At the right time, Mo Tianya clasped his fists and smiled: "Let me introduce, this is one of the powers of the ancient royal family, Mr. Gu Jianhua, and also the father of Gu Tao. This is the great elder of the ancient royal family."

Ye Fan nodded and motioned: "Sit down, two of you. "

As the great figures of the royal family, with full confidence, the two of Gu Jianhua were not polite and sat down generously.

Gu Jianhua looked cold, and said straightforwardly: "Mr. Ye, I am here this time for my son Gu Tao's business. You can make a request, how can you let me go!"

Chapter 610: Shock the ancient royal family

"Release Gu Tao?" Ye Fan showed a playful smile on his face.

Gu Jianhua's face was not good, and he said indifferently: "Mr. Ye, there is no eternal hatred at our level, and my son has not caused you and your friends any substantial harm, so I hope you make a condition to Gu Tao hand it to me."

Ye Fan put down the tea cup and said slowly: "Gu Tao is just a small person in my opinion. I never thought about killing him or treating him. Of course you can leave it to you."

"Let's talk about it, what conditions."

"Well." Ye Fan was lost in thought. To tell the truth, Gu Jianhua came too suddenly and he didn't have much preparation.

For a while, it is not easy to put forward the most valuable conditions.

Gu Jianhua didn't remind him, and was tasting the tea.

The old woman sat motionless, watching her nose and nose, and the old monk was in calmness.

Mo Tianya has no right to interrupt at all. His youngest son Mo Ziqiu had a concussion in Changning, and he is now lying in the hospital.

But Mo Tianya didn't dare to blame Ye Fan at all.

Mo Tianya also inquired about yesterday's incident. Ye Fan made a big disturbance in Nanling Police Station. If it weren't for Guo Xiong's warfare, Xiang Boyan and Ding Ben would have died in Huangquan.

Even the chief of the police station and the commander of the theater dared to kill, and the Nangong family, the Kong family and other family businesses listened to their orders, what is the Mo family! Destroy with a single click!

For a long time, Ye Fan said, "It's okay to think about it. Why don't you give me the address of the ancestral land of the seven kings."

puff.

Gu Jianhua spouted a sip of tea and stared, "What are you talking about, want the address of the royal family's ancestral land?"

"Isn't it the address? As for such a fuss. I take a step back. You don't need to give me the address of the ancestral land of your ancient royal family. Give me the remaining six royal families, how about?"

"no!"

Gu Jianhua refused very simply.

Ye Fan's face turned cold, "I don't refuse this little request, Mr. Gu seems to have no sincerity at all."

Gu Jianhua hummed: "A small request? I dare to say anything. The ancestral land of the royal family is a state-level secret. Only the emperor, the elder of the dragon pavilion, and some special personnel such as the four sages of the Great Xia are known. How can it be published to the public casually."

"If you tell it, the six kings won't know." Ye Fan persuaded.

"The land of the royal family has an agreement, and the address of the ancestral land cannot be disclosed. This is the dignity of the royal family and cannot be trampled on by anyone. Ye Fan, don't think about it, I can't agree to it!"

Realizing that the atmosphere had become awkward, Mo Tianya cast a look at the old woman.

The old woman raised her head slightly and said: "Mr. Ye, your request is indeed a bit too much, so let's give you the addresses of some strongholds of the six kings, how about?"

"I want the address of the stronghold to be useful, what I need is the address of the ancestral land!"

"There is a royal family in the stronghold. You can go to the stronghold to arrest people and ask yourself. This is a way for you."

Ye Fan turned his eyes and asked, "If it's just a stronghold, then my condition will be increased to two."

"Ye Fan, don't deceive others too much!"

Gu Jianhua was on fire immediately.

His dignified royal family ruler was one of the top bosses throughout Daxia. Ye Fan, a yellow-haired kid, was so shameless.

Even if it is a martial art evildoer, the ancient royal family has no shortage of masters, and there are great elders at the level of grand master giants nearby.

"Mr. Gu, restrain your arrogance in front of me. I will attack the Xiao royal family in about a month. Is it possible that you want me to take the ancient royal family for a while?"

"boom!"

Gu Jianhua's brain buzzed.

The old woman also opened her eyes suddenly and completely, and her expression was shocked.

Attack the Xiao royal family?

It is simply unprecedented remarks.

"Ye Fan, what nonsense are you talking about, you don't even know where the ancestral land of the Xiao royal family is, you dare to say such big things, thinking you got me blind."

"The ancestral land of the Xiao clan is..." Ye Fan lowered his voice and said a string of addresses.

Gu Jianhua's face changed drastically.

"You know the ancestral land of the Xiao family, how is it possible!"

"What's impossible, the seven kings do not live in the territory of Daxia? If this is the case, there is no impermeable wall."

"Are you really going to attack King Xiao Clan?"

"Of course, I have an antagonism with the Xiao royal family; besides that, isn't my identity the ancient royal family investigated? I'm the blood of the Ye royal family."

Gu Jianhua and the old woman looked at each other, their expressions extremely solemn.

This news is really shocking.

Ye Fan is really lawless and unscrupulous, even the royal family dared to attack.

Does he have this power?

There is.

The Hehuan Sect, which was one of the 72 sects in Zhongzhou, was destroyed before, and 300,000 troops were dispatched.

This force was enough to kill the ancestral land of the Xiao royal family.

Gu Jianhua thought that although Ye Fan was a wicked evildoer, he was a young man after all, and he could keep it under control.

Now, Ye Fan made him frightened.

"Mr. Ye, we have no control over the affairs of the royal family of Xiao. We agree to your two conditions. Family Master Mo prepares paper and pen, Jianhua, you write down the addresses of the bases of the six royal families."

The old woman made arrangements.

At this moment, Gu Jianhua lost his arrogance and obeyed the arrangement honestly.

He is the ruler of the ancient royal family, but his status is lower than the great elder.

The great elder of the royal family has absolute strength, and to a certain extent, the status is comparable to the royal family master.

Not long after, Mo Tianya got paper and pen, and Gu Jianhua wrote a page in great detail.

Ye Fan glanced a few times, and the old woman explained: "Zhongzhou is too big. Two-thirds of it is natural and has many virgin forests. Many places have no names, so they can only be described with a sense of picture. You can look for them carefully according to the description. You can find it when you look for it."

"Each royal family has a lot of strongholds, strengths and weaknesses. These six strongholds are one of the important strongholds of the six kings, and they are quite strong. As long as you win, you will definitely be able to find out what you want to know. information."

"Now, Mr. Ye, please state the second condition."

Unexpectedly, Ye Fan laughed loudly.

Wan Guihai had already brought Gu Tao over, and seeing the two of Gu Jianhua, Gu Tao was extremely pleasantly surprised, "Dad, the elder, you are here to save me!"

"Hahaha, Ye Fan, you..."

"Snapped!"

Gu Jianhua knew that Gu Tao was trying to pretend to be a fox, so he spoke wildly to Ye Fan, and immediately slapped Gu Tao on the ground.

Gu Tao's face was swollen.

"Dad, what are you doing!"

"evil creature."

Gu Jianhua scolded angrily and snorted coldly: "Kneel on the ground and apologize to Mr. Ye for admitting his mistake."

"dad....."

"Admit it!"

Gu Tao was stunned, he was not a fool, and he immediately understood that Ye Fan was so powerful that even his royal family would give face.

"Brother Fan, I was wrong, please forgive me. From now on, I will never go to Changning again."

"Um."

Ye Fan nodded and didn't care. He looked at the two Gu Jianhua and asked the doubts in his heart: "The second condition is that I hope the two will solve my doubts."

"Tell me."

"Gu Tao led the six consortiums to Changning. This is unreasonable. I want to know what secrets are there."
