

Elegant SS 631

Chapter 631: Invitation from the Invincible Beast King

Ye Fan left.

Riding on the big parrot, left the Toyota tribe; the big parrot, looking for the breath of the blue worm, marched towards the depths of the forest.

And this time.

Deep in the forest, a certain area.

Between the mountains and rivers, there is a huge lake, and a waterfall hangs in the mountain stream, like a white pylon.

The bright full moon gradually emerged, and the silvery white moonlight sprinkled down, setting off this area as a beautiful picture.

Meng Qingyi sat by the lake, playing with the secret box boringly.

She was brought here by the blue worm. Three hours have passed, and there has been no follow-up.

"Eh, what did you bring me here for? Is this your lair? You don't want me to stay here with you?"

Meng Qingyi shouted.

Not far away, Qing Ming Chong was crawling on the ground, and there were some small beasts around him licking his wounds.

The saliva of most fierce beasts has anti-inflammatory and sterilizing effects. These little beasts are all around the territory, surrendering to the blue worm to treat his wounds.

Qing Ming Chong closed his eyes and seemed to fall asleep.

Meng Qingyi was worried and did not dare to leave alone.

The depths of the forest are very dangerous. She is a weak woman, I am afraid that she will be eaten by a beast if she does not travel far.

Staying here is the safest.

But.

When is the head?

"Gurulu."

Suddenly, a series of huge bubbles appeared on the originally calm water surface, and the whole lake seemed to be alive.

Immediately afterwards, a huge whirlpool appeared in the middle of the lake, spinning continuously, and a terrifying savage atmosphere filled the water.

Qing Ming Chong opened his eyes.

He walked to the lake and stared at the water.

Those little beasts all crawled on the ground, shivering, as if they were welcoming their emperor.

Meng Qingyi's beautiful eyes were shining with brilliance: Is it possible that there is a terrifying big guy in this lake?

As if to verify Meng Qingyi's conjecture, a dull roar sounded from the water.

next moment.

A head larger than the blue worm came out of the water, and it was as dark as a snake's head.

"what!"

Meng Qingyi screamed, and quickly backed away.

The huge black head was inlaid with eyes with a large bowl mouth, which were red, like two finely carved rubies.

The fierce beast only leaked half of its head and its ruby-like eyes, and the lake gradually became calm.

"You are hurt!"

"It seems that the human being is very strong. Instead of suppressing him, you brought back a woman, what do you mean?"

In the lake, majestic and vigorous words sounded.

Meng Qingyi was completely stunned.

"You are a beast that can talk, my God, it's amazing!"

"Beast?"

"Humans, I will eat you just by your words, because you are desecrating the majesty of the Invincible Beast King."

Meng Qingyi covered her mouth and exclaimed: "You are the Beast King!"

"nature."

The red eyes of the Invincible Beast Emperor were shining with demon brilliance, and he said coldly: "From your costume, it should be the goddess of a certain tribe. The blue worm should have a deep meaning in bringing you back. I miss your first offense and forgive you for the offense just now. ."

Meng Qingyi bowed deeply and said sincerely: "Dear Beast Emperor, please forgive me for the offense."

"Yes, you are very witty."

"Master Beast King, I'm just a weak human being, can you let the Blue Hades send me away."

The Invincible Beast Emperor turned his eyes and asked, "Xiao Qing, why did you catch her and send it to me?"

"She is the older sister of that man, and that man has mastered the power of qi and blood, comparable to the level of the Beast King."

"what!"

Meng Qingyi screamed again, pointing at Qing Ming Chong and shouting: "You, you can talk too!"

Qing Ming Chong squinted and said with a high cold voice, "Why can't I speak! Half-step beast king-level fierce beasts are no different from adults in wisdom. We can learn human language, as for pronunciation, more practice is enough. "

"Some fierce beasts with unusual talents can even spit out people at the level of the Beastmaster."

"That big parrot, he is not even the Beastmaster, so he can speak freely."

Meng Qingyi patted her chest and gradually adapted. Anyway, during this time, she had seen too many weird things.

Now I have immunity.

"Qing Ming Chong, what did you mean just now. What do you mean by that man's sister?"

"That man's name is Ye Fan, isn't that your younger brother?"

"Xiao Fan!" Meng Qingyi was shocked, "He has come to the primeval forest, how could it be possible."

"You mean, you fought with Xiao Fan, and he wounded you?"

"if not."

Meng Qingyi couldn't believe it, but the facts lay ahead.

The half-step beast emperor Qing Ming Chong is very arrogant and disdains to lie.

In Meng Qingyi's mind, Ye Fan is just a retired soldier, how could it be so terrifying and powerful?

Qing Ming Chong said weirdly: "You, the older sister, don't seem to know enough about your younger brother."

Meng Qingyi lowered his head and said in a daze: "My brother and I have been apart for 13 years, and we have only recently reunited. Thirteen years, it's really too long. After the reunion, I was busy with my career again and didn't know much..."

Speaking of this, Meng Qingyi blamed herself a little.

Then he shouted angrily: "Qing Ming Chong, if you can't beat my brother, just catch me. What a skill!"

"Who said I can't beat it." Qing Ming Chong was somewhat confident in his words.

He explained:

"First, I am not at risk. Waiting for him to break through before making a move is already very kind."

"Secondly, I will also have the power of qi and blood. It's just that I want to break through to the level of the beast emperor, and I don't want to waste my qi and blood on Ye Fan, so it has been useless, and I don't even bother to talk to him."

"I'm really serious, and I can severely injure him or even kill him long before he breaks through."

The head of the blue worm was raised high, revealing unparalleled majesty.

He is really cool

Like the fairy bird in the myth.

Other beast kings under the half-step beast king, how dare to be so arrogant; but the blue worm dare to be brothers with the invincible beast king in the lake.

This is due to his top pedigree and strong talent.

"Okay, stop arguing."

The Invincible Beast King opened his mouth and said with interest: "A human being can master the power of qi and blood. It is very rare. The grandmaster giant that smashed in some time ago has not reached this point."

"Xiaoqing, arrange to call Ye Fan over. I want to see and see."

Meng Qingyi was overjoyed.

Qing Ming Chong said that Ye Fan is comparable to the Beast Emperor, so Ye Fan can come and take her away.

My good brother, hurry up and kill him.

Meng Qingyi was full of expectation, wanting to see Ye Fan stepping on the "Colorful Clouds" from the sky to be her hero.

"If I swallow Ye Fan, my qi and blood will skyrocket again, and my strength will go further, and our territory will continue to expand."

"What, you want to eat my brother." Meng Qingyi's face changed drastically, "Beast Emperor, you are too much."

"The weak and the strong, the law of the jungle, there is nothing too much. In addition, don't talk about your human moral laws with our beasts, it will only make you stupid and ridiculous!"

When the words fell, the Invincible Beast Emperor sank into the water, and there was no sound.

The Green Hades waved its wings.

A few drops of blood fell on a bird. This was Ye Fan's blood, with the breath of Ye Fan.

Suddenly, the bird rose into the sky and left here. He is already familiar with Ye Fan's breath and can find...

Chapter 632: Goal, King!

"Are you really reliable?" Ye Fan slapped the parrot on the head.

This guy flew around, making him confused.

"Don't fight, don't fight, give me some time."

The big parrot cursed.

"This blue worm is sick, so it's okay to fly around and do nothing, his breath is everywhere."

"Because it is a half-step beast emperor, the aura is strong, and it is difficult to disperse; I am afraid that the aura from half a month ago still remains."

"so..."

"So you're dumbfounded!" Ye Fan grabbed the dull hair and wanted to pull it off to make a tie for his sister.

The parrot shouted: "I have it, don't pluck my hair!"

Ye Fan's eyes were sharp, and he saw a dark shadow rushing towards him.

This bird is not small, much stronger than the big parrot, but to Ye Fan, it is nothing more than a small shrimp.

It can be blown with one punch.

Birds did not dare to approach. To be precise, it was fear and fear, because although Ye Fan's aura was restrained, fierce beasts felt more sensitive to the physical aura than humans, and knew that Ye Fan was powerful and possessed the majesty of a beast king.

"The Blue Hades asked you to come here?"

Ye Fan asked abruptly.

The bird is very smart and nodded humanely.

"Lead the way."

Ye Fan waved.

The birds were amnesty, leading the way, but those who dared not fly were taller than Ye Fan.

"You stop me."

The big parrot cried suddenly.

The bird was taken aback and hovered in the air; in his opinion, the big parrot was Ye Fan's mount, and the status of the Beast Emperor's mount was very noble, and he could still vomit.

In the world of fierce beasts, being able to speak out is a sign of strength.

"Pattern."

The big parrot landed on the bird, and the thief said: "Finally relaxed, this road can tire me hard enough. Big bird, fly!"

Ye Fan gave a fist, the big parrot was too slippery.

about an hour.

Ye Fan saw the open-air lake in the distance. He was reborn, his features were amazing, his eyesight was excellent, and he could clearly see Meng Qingyi from a distance.

Finding that Meng Qingyi was safe and sound, Ye Fan was completely relieved.

Regarding Qing Ming Chong, he looked up again.

If you didn't hurt your sister, then everything can be discussed; otherwise, even if the Blue Hades didn't make a move when he broke through before, it would have to be suppressed!

"coming."

By the lake, the blue worm raised his head.

Meng Qingyi looked around and found a white-clothed man with silver hair, so handsome and otherworldly, like an immortal.

"sister."

Ye Fan couldn't wait to shout.

Meng Qingyi's body trembled, "Is that, Xiao Fan?"

"Huh!"

Ye Fan jumped down from a high altitude.

Nowadays, his physical body is terrifyingly strong, and he jumped down from a height of 100 meters, which is nothing short of you.

"boom!"

Landing and blasting the ground, some small beasts were scared and fled.

At this moment, Meng Qingyi saw clearly.

This is Ye Fan!

—It's her brother.

Even if Ye Fan changed a lot, Meng Qingyi could still recognize it with confidence.

"Xiao Fan."

"sister."

Ye Fan saw Meng Qingyi running, opened his arms, and hugged Meng Qingyi tightly.

At this moment, Meng Qingyi finally cried.

From being caught by the Toyota tribe, she has experienced ups and downs, but she didn't cry and she was very strong.

Can't help it now.

Just as a child has found a safe haven, he can vent his emotions unscrupulously.

Ye Fan did not comfort him, but gave a safe and warm embrace, stroking Meng Qingyi's hair.

Qing Ming Chong did not bother either.

a long time.

Meng Qingyi calmed down, and Ye Fan smiled and said, "Okay, sister, it's okay, everything is with me."

"boom!"

The lake exploded and a column of water soared into the sky.

A black shadow rushed out and said coldly: "Well, you are here for everything! Boy, you are the guy who hurt Xiaoqing, very good. Xiaoqing is my brother, you hurt my brother, you can't leave it alone. . Come on, how do you calculate this bill?"

"You can talk." Ye Fan was slightly surprised.

Meng Qingyi pointed to Qing Ming Chong and said, "Xiao Fan, he can also speak."

"real or fake?"

"Isn't it true?" Qing Ming Chong said.

Suddenly, Ye Fan's face was covered with black lines.

After beating for so long before, Qing Ming Chong didn't put a single fart, which obviously looked down on him.

Ye Fan didn't have the heart to think about this, he looked at the invincible beast king in the lake.

This is a...

Black Jiao.

Ye Fan exclaimed. He didn't expect to have such a fierce beast. It was the first time he had encountered such a fierce beast.

The size of this black dragon is immeasurable, because he only leaked the upper body, and it was already thirty meters long.

The lower body entrenched in the water, who knows how long it is.

Ye Fan suspected that this black flood could be a hundred meters long, which was simply appalling.

Putting it in the secular world directly shocked all mankind.

"Snake becomes a python, python becomes an anaconda, an anaconda becomes a flood, and a giant jackie... Big, can you evolve into a dragon?" Meng Qingyi asked as she hugged Ye Fan's arm.

Hei Jiao laughed.

Just being a fierce beast, the laughter is very strange.

"Little lady, I love to hear these words. It is my dream to transform into a dragon. Maybe one day, I can succeed. It's hard to say."

Ye Fan was trying to feel it, judging his strength from the breath of the black dragon.

In the end, it was concluded that this black flood was extraordinary.

The strong blood is simply outrageous, much stronger than him.

This is also reasonable. After all, the black dragon is so big, the human body is not comparable to the fierce beast.

In fact.

The fierce beasts of the Beast King level have crushed humans in all aspects.

The advantage of mankind is wisdom.

But the wisdom of the Beast King is no different from that of an adult, the biggest flaw is made up, and there is no weakness.

"Xiao Fan, Qing Ming Chong said you will have the power of blood and blood, and the Beast Emperor will do it too."

"I have guessed it." Ye Fan's face was solemn, and he suddenly had a thought in his mind.

The Tyrant Body Jue, I'm afraid it was created by referring to the fierce beast.

"It's fine if you know, be careful, this big guy is going to devour you!"

"It's a big heart to devour me."

The corners of Ye Fan's mouth rose.

Hei Jiao sneered: "Boy, you think you will be invincible if you have the power of qi and blood, but you don't know that the gap between you and me is like a chasm."

"Fine, it's useless to say more."

"I will let you see what is invincible beast king and what is surging weather blood."

The black dragon roared, his huge body stirred the water waves, trembling constantly, and instantly the world was covered with a layer of brown blood.

The brown blood is also very weird, representing the top lineage, not lost to the purple blood of the blue worm.

"open!"

Ye Fan's tiger body trembled, and the red blood rose into the sky, turning into a sea of blood.

The two qi and blood are colliding.

Qing Ming Chong was frightened, and Ye Fan's energy and blood strength was beyond his expectation, and it was so strong.

He knew how powerful Hei Jiao was.

The general beast king is not worthy of him to follow; and the black dragon is originally of the top bloodline, and has been the beast king for many years, and is definitely in the forefront of the beast king in the deep area.

Although Hei Jiao only used half of his qi and blood, Ye Fan was proud enough to resist it.

"Good guy!"

Heijiao's red eyes are dazzling, and he laughed and said: "The stronger the blood, the better, so that I can devour you, and the benefits will be enough. I even feel that if I devour you, my strength will be greatly increased and I can become the strongest beast. Emperor, dominate this endless virgin forest."

"Why didn't I kill you, turn you into a treasure, swallow you, reborn again, become the emperor, and dominate this vast forest!"

"presumptuous!"

As soon as the war was about to start, Qing Ming Chong picked up Meng Qingyi and the big parrot, and quickly retreated...

Chapter 633: One more emperor!

The collision of the power of the two atmospheres was shaking the earth, the entire lake was surging, and the waterfall exploded directly.

The mountains and forests in a radius of hundreds of meters were lowered a bit, the grass and trees were broken, and the little beast that was too late to escape was bled by the shock of the seven orifices and fell into a pool of blood.

"Damn, my hometown!"

Hei Jiao shouted angrily.

"Return your home, worry about yourself."

Ye Fan rushed into the lake and fought fiercely with the black dragon.

Hei Jiao's red eyes seemed to flash with a trace of contempt, letting Ye Fan's fist bombard his body.

"Boy, how is it, you are still crazy! Your fist can't even beat my scales, itchy, and you want to kill me?"

"Today is your death date."

The black dragon snarled, opening his big mouth and spraying a jet of black liquid.

Ye Fan broke up the liquid with a fist and fell on the ground, black smoke came out, and the ground was corroded into big holes.

hiss.

This caused Ye Fan to take a breath.

So corrosive!

Te Niang's, if this falls on him, he can't stand it; but how can the black dragon be stored in his body?

It's incredible.

"Hahaha, be scared. Boy, just love it. If you decide yourself, I can let that little girl go."

"You talk a lot of nonsense."

Ye Fan opened the body-protecting gas shield and fell retrogradely; if it came true, then he would not be merciful.

Hei Jiao's body is covered with indestructible scales, except for his eyes, which is his weakness.

Bang bang bang...

Ye Fan boxed all the way, with sparks splashing, and his energy and blood had burst to the peak.

However, there is still a gap with Hei Jiao.

But at this time he had already reached the head of the black dragon, without saying anything, it was a dragon fist.

"hold head high!"

The long dragon of Qi Qi instantly killed one of Hei Jiao's eyes.

It's a success!

Ye Fan was delighted.

But in the next second, his face froze, only to see that the color of disdain in the black dragon's eyes was very dense, and his eyelids drooped down.

The gang gas bombarded the eyelids and collapsed.

"Fuck!"

Ye Fan was dumbfounded.

This defensive power...really?

Eyelids are so strong, this is a fart. Isn't this special mother invincible?

No wonder it is called the Invincible Beast King.

"This **** head is so powerful, it's too strong, like a big turtle."

Meng Qingyi squeezed the powder fist, and said indignantly.

The eyelids of the blue worm next to him twitched, and Meng Qingyi asked, "Is there no weakness for a **** head?"

"Of course there is."

"You know? What weakness?"

"My mind is normal, how can this kind of secret be told to you." Qing Ming Chong sneered.

Meng Qingyi rolled his eyes and punched out the secret box, and said, "I will give you this secret box, and you tell me the weakness of the **** head. This secret box is a big treasure, and it is related to the big secret in the deep forest."

"Quak."

The big parrot yelled, flapped its wings, and shouted: "You are sick, this is my secret box, for you to study, who let you exchange it with someone else."

Meng Qingyi smiled nonchalantly: "Don't be so stingy, I'll make it up for you someday."

"What kind of compensation do you take, unless...unless you ask Ye Fan to give me a bucket of blood." The big parrot Harazi is almost flowing out, and the secret box is actually of little use to him.

Let alone whether it is a baby, even if it is really related to the big secret in the deep forest, it is not something he can covet as a little fierce beast.

With so many beast kings, how could it be his turn.

It's better to take Ye Fan's blood, this kind of practical benefit is king.

Meng Qingyi ignored the big parrot, holding the secret box, and shouting, "Hey, how are you thinking about it?"

Qing Ming Chong looked at the secret box and said indifferently: "I'm not a fool, don't fool me with some inexplicable things. Besides, I betrayed the black flood, and the consequences will be serious."

Meng Qingyi deliberately mocked and said: "Why, are you afraid of the black dragon? Your blood is worse than that of the black dragon. Are you willing to surrender him? Why don't you kill the **** head with my brother, you can eat together, you will definitely be able to quickly Become a beast king and cross the virgin forest."

Qing Ming Chong shook his head and said: "I and Lao Hei are brothers, not superiors or superiors. How can I betray my brothers; besides, once I betrayed, my reputation will be stinky. There is no place for me in this vast forest."

"You fierce beasts still have brotherhood? Didn't you say that the **** head just now, don't restrain fierce beasts with human morals."

"But this does not mean that our fierce beasts will only be bloodthirsty and kill. With human wisdom, emotions will naturally be born. This is the law of nature." Qing Ming insect plausibly said.

Meng Qingyi persuaded: "Then you tell the **** head to stop fighting. With my brother's strength, if you want to go, you can't keep it. If you provoke a genius evildoer, you will also have trouble sleeping, right?"

Qing Ming Chong raised his head and said lightly: "You also said that killing Ye Fan is not easy. A beast king-level existence has to escape and it is almost impossible to stop it. So you don't have to worry, watch the battle."

boom!

Ye Fan and Hei Jiao had a tyrannical collision, and both flew upside down.

Hei Jiao sneered: "Boy, how do you feel?"

"readily!"

"Okay, you're still stiff, my emperor beat you to kneel and call you grandpa."

At this moment, Meng Qingyi ran out and shouted: "Don't fight, it's not good for you to lose both sides. In the depths of the forest, you are not the Beast King. Once you are injured, beware of the Beast King taking advantage of the fire."

Hei Jiao said: "Who would dare to beat me!"

"Roar!"

A roar that shook the world came from ten miles away, shocking the birds all over the sky.

The coldness in Hei Jiao's eyes increased sharply, and he looked at a certain place and shouted: "Titan great ape, you dare to come to the emperor's territory!"

Chapter 634: Surprise joy! ! Master's news!

boom!

A huge shadow sprang out from the top of the mountain in the distance, standing upright.

"Orochi, I want you alone."

"You dare to call me a big snake, a smelly monkey, you are killing me."

"Dare you call me a monkey!"

The two beast kings roared in the air, as if they were about to do it at any time.

Ye Fan looked at the Titan Giant Ape, which was really big, seven or eight meters high, with his arms open for about ten meters, a pinch of golden hair on his head, and two huge fangs at the corner of his mouth.

Qing Ming Chong has a headache and is very familiar with the two beast kings.

He stood up and shouted: "Don't quarrel, it's not that you haven't beaten it. Ape King Kong, don't tell me, you want him!"

Qing Ming Chong pointed at Ye Fan.

"Yes, I want that silver-haired boy." Yuan Jingang nodded.

"Smelly monkey, the emperor's prey, you want to kick it sideways and give you a face."

"I just owe a favor and come to pay it back. That kid, I have to take it away, just like that, I won't accept it." Ape King Kong was very arrogant.

Ye Fan was puzzled and asked, "Ape King, when we first met, when did you owe me favor?"

"Ape Emperor? This name is good, hahaha." Ape King Kong looked at Ye Fan's eyes, a little more satisfied, he said: "It's not your favor, I owe another person's favor."

Qing Ming Chong said, "It won't be the great master who smashed in a while ago."

Ape King Kong nodded again and again: "It's him, that guy is very powerful. After playing for a long time, I can't suppress it. On the contrary, he helped me heal the dark diseases in my body over the years, and then went deeper, so I owe it. Other affection. Just now, I got a message from Asuka, and he wanted me to take this kid away."

Hei Jiao narrowed his eyes, his eyes solemn.

As the Beast King, although wisdom is no different from human beings, his hands-on ability is still very weak.

For example, there is no medical treatment.

When he was injured, he was only recovering by his own ability, or looking for some herbal medicine to swallow.

It's like when the blue worm was injured before, just let some small beasts sterilize and sterilize his wounds, nothing more.

Over time, there will definitely be dark diseases, this is a problem that every fierce beast has.

Ape King Kong was actually cured of his dark illness. No wonder, the smell of this smelly monkey felt a bit stronger than before.

Hei Jiao feels heavy.

He and Ape King Kong's realm were next to each other, and they had always been opposing each other. After many fights, no one could do anything about it.

It's hard to say now.

But Hei Jiao didn't worry, he had a little brother named Qing Ming Chong, and Ape King Kong didn't have a brother of Half-Step Beast King.

"Not much, kid, come with me."

"Fuck, smelly monkey, you don't put me in your eyes at all."

"Big Black Snake, you want me to call that giant back, right?" Ape King Kong sneered.

Hei Jiao was startled, and Ape King Kong couldn't suppress the great master, so he definitely couldn't suppress it either.

Three, hitting him and two of the blue worms, it is a complete disadvantage.

When the situation was anxious, Ye Fan restrained his breath and said: "Emperor Jiao, we have no grievances and no grudges. There is no need to meet life and death, and you can't kill me."

"Why not, if I treat your dark illness in your body, you don't want to entangle with me. How about I take my sister away?"

Hei Jiao said vigilantly: "You know how to heal? How can I believe you!"

Ye Fan said: "My sister is in the hands of the blue worm, I definitely can't lay hands on you. As for my medical skills, in this way, I will cure the blue worm first."

"Xiaoqing, give it a try."

Hei Jiao winked.

If it can cure the dark diseases in the body, it is not bad, and the harvest is also huge, so you won't be afraid of Ape King Kong.

Ye Fan immediately treated Qing Ming Chong, and the effect was very obvious.

Only half an hour.

Qing Ming Chong was shocked and said: "What a powerful medical skill, not only the injury is relieved, but the dark diseases in the body are also healed seven or eight eight."

"Really?" Hei Jiao's big eyes gleamed, "Boy, it seems that you are very sincere. Since this is the case, the emperor promised you."

Meng Qingyi breathed a sigh of relief, and finally solved the trouble.

after an hour.

The black dragon sank into the water and the dark disease was cured, and he was still preparing to hide his powers and bide his time for a while.

Ye Fan bid farewell to Qing Ming Chong, took Meng Qingyi and the big parrot to leave, and came to the territory of the Titan Great Ape.

"Boy, your medical skills are so good, show me again."

Ape King Kong grinned, very funny.

Ye Fan said: "There is nothing wrong with your body, that giant's medical skills are superb."

"Ape Sovereign, can you describe the appearance of that giant? I can say that I have accepted his favor, and I have to find him in the future and pay it back."

"It's easy to say, it's a bad old man. He's old, but he's in good health. His hair is black and white, and he is utterly nagging. By the way, that old man is very addicted to cigarettes. He fights with me, and he hangs his cigarette in a special way. It's just that the tobacco is too poor quality, and the smoke choked me into tears."

In the first half of the story, Ye Fan was still very calm, and the last sentence made Ye Fan tremble.

Old yellow smoke, old man, black hair meets each other, godly talking...

This, isn't this characteristic of Master!

Especially the tobacco rod does not leave the mouth, especially the rough tobacco, Ye Fan did not suffer less when he learned art from the old man.

It's Master!

Ye Fan burst into tears in his eyes.

Since he was eighteen years old, when he became an adult, Master gave him a coming-of-age ceremony and asked him to go out to practice and fight in the world. Since then, he has never seen the old man.

Calculating time, it has been almost four years.

In addition to the parents who gave him life, Ye Fan is most grateful to two people: one is the dean's grandfather Wu Changqing, who raised him; the other is the teacher's father, who taught him the ability to reach the sky, and he has achieved his current achievements.

Chapter 635: The dust settles

"I have completed the task and repaid his favor. I should go now, you are free."

"and many more!"

Ye Fan stopped and asked, "Ape Sovereign, can you tell the old man where is deep in the forest?"

"I don't know this, that bad old man is mysterious, I don't know what the **** is going on."

"You are going to find him in the depths of the forest? There is no need. First, the forest is too big, and it is too difficult to find someone; second, the deeper, the stronger the beast king, the better beast than me and the **** snake There are emperors. At your current level, even I can't beat you, let alone those terrifying beast emperors."

Meng Qingyi also persuaded: "Xiao Fan, don't go deeper, let's go. If we meet the terrifying beast king, we will definitely devour you."

Ye Fan knew it well.

He is now a walking sweet steamed bun, and any beast king wants to swallow him.

"It's okay, I'm leaving."

Ape King Kong flickered and disappeared in the forest.

Meng Qingyi said: "Xiao Fan, how do you decide?"

"Sister, don't worry, I have a sense of measure. I have other things and I can't delay here."

Although I really want to find the master, it will definitely delay things on the barren continent.

Can't ignore Yue Linglong.

In addition, since Master knew that he was in this forest, but did not ask Ape King Kong to ask him to go to the depths to search for it; that means that Master does not want to leave himself.

Ye Fan knew very well that Master didn't want to see him, so he searched the horn of the End of the World and couldn't find it.

"Sister, let's go back."

No longer thinking about it, Ye Fan hugged Meng Qingyi and looked at the big parrot.

This scared him so scared that Mao almost flew, and shouted: "Hey, don't tell me, you two are going to sit on my back. Don't be kidding, my small body can't bear it at all!"

"Give it a try, you can grow under pressure. If you go further, you can become the Beastmaster. Follow me and let me train you. Maybe you can become the Beastmaster in the future."

"Flicker, then flicker!"

The big parrot quickly took away the secret box from Meng Qingyi's body, and rushed into the sky like lightning.

However.

A cloud of blood enveloped him silently.

"Damn it!"

"The power of qi and blood is really difficult."

The big parrot almost exploded its hair and was pulled back by Ye Fan's blood and directly suppressed it.

Meng Qingyi giggled, "Well, Xiao Fan, Da Mao can't hold the two of us. You are so good, just catch a big bird."

"Just to scare him, who knows he takes it seriously. Sister, this guy is very slick and wants to use you to crack the secret box."

Ye Fan slapped the big parrot's belly and forced the secret box out.

Meng Qingyi picked up the secret box and muttered: "This secret box is indeed weird, indestructible, and cannot be opened."

"Keep it, maybe it will be useful in the future." Ye Fan looked at the big parrot and said coldly: "Don't even want to take the secret box back. I think you can vomit and follow us well. Otherwise, just stew in an iron pot. about you."

"Can you drink your blood for me?"

"It depends on your performance and talent. If you have great potential, I am willing to spend my blood to train you."

The big parrot's black eyeballs kept turning, and nodded, "Don't worry, I have amazing talents and endless potential. A beast like me who is not even the Beastmaster can vomit. It is very rare. I am unique. In the future. Must become the supreme emperor who dominates the fierce beasts in the world..."

"Hey, don't go, wait for me."

"I have smelled some birds, come with me, walk here, let's go catch the big birds; maybe we can get the bird eggs, which is also a great tonic."

Ye Fan and Meng Qingyi looked at each other and smiled.

Speaking of bird eggs, Ye Fan remembered that he still had three tyrants laying eggs in Tianzun Mansion, Daxia Capital.

Overlord, is also the top bloodline, not inferior to the Blue Nether Worm, Black Flood Dragon, and Titan Great Ape.

In the waters, both Hei Jiao and Ba Xia exist at the level of hegemony, and when they are adults, they are likely to be promoted to beast kings.

I wonder if the tyrant has hatched yet? If you can train to become a three-headed sea beast king, then it's a bull!

Ye Fan pondered secretly.

After thinking about it, I think it's impossible.

The Ba Xia grew too slowly, and when he became the Beast King, he might already be a bit of loess.

...

There is no shortage of fierce beasts in this deep area.

The big parrot was pretty reliable, and soon found a huge flamingo.

Ye Fan grabbed it and took off.

Ye Fan couldn't tell the direction of this vast forest.

But the big parrot clearly remembered and showed the way to the flamingo. In the wee hours, arrived at the Lingbing tribe.

"Enemy attack!"

"Enemy attack!"

Hearing the huge movement, the Lingbing tribe thought it was a sneak attack from the remnants of the Toyota tribe, and quickly mobilized.

"It's me, Ye Fan!"

The sound waves rolled, covering the audience.

Aguda surprised: "It's Brother Fan, and the goddess, he's back!"

Ye Fan and Meng Qingyi fell in front of the chief's tree house, and the old chief, Lore, Aguda and others were very excited.

Too many things happened on this day. Although thrilling, the rewards were huge.

The Toyota tribe has been suppressed, most of the elements have surrendered, and some ruthless people have been imprisoned.

Ye Fan has brought great contributions to the Lingbing tribe, which can be said to have changed the destiny and pattern of the Lingbing tribe.

"Goddess, Mr. Ye, please come inside."

Everyone is very respectful.

In particular, Ye Fan went to the depths of the forest and returned unharmed, which is enough to show that he has the capital strength to compete with the Beast Emperor.

This is equivalent to that the Lingbing tribe has a guardian of the Beast King.

It's so cool!

When he came to the tree house, the old chief said: "Mr. Ye, I won't say much to thank you. In short, from now on, our tribe and you are the best friends. If there is anything we need, we will only say a word."

Ye Fan said decisively: "I want to take my sister away."

"Can."

"Oh?" Ye Fan didn't expect the old chief to answer so simply.

The old chief smiled and said: "I said at the beginning that she will not restrict the freedom of the goddess, she can act at will; I just hope that I will visit the tribe often."

Meng Qingyi nodded heavily, "I will, this is also my home."

"It's so good!"

The old chief was very pleased and said: "Aguda, take the goddess and Mr. Ye to the shrine to rest. Mr. Ye, it's already late. Please rest early. Let's talk tomorrow."

The shrine of the Lingbing tribe is quaint, well maintained and not gloomy.

Ye Fan was exhausted even after going through the battle and on the road; Meng Qingyi had experienced a lot, and was exhausted physically and mentally.

This night, both of them slept peacefully.

The next morning.

Ye Fan took the initiative to find the old chief and talked about some things. In the end, the old chief agreed to his suggestion.

"This is our tribe's ancestral treasure-the spirit weapon casting method. Mr. Ye, I will pass it to you now, please keep it away."

The old chief handed a booklet to Ye Fan and solemnly instructed: "I hope Mr. Ye will keep his promise."

"Don't worry, my sister is your goddess, and I can be considered as having inextricable connections with you, so I won't deceive you."

"I can trust Mr. Ye."

At noon, Ye Fan took Meng Qingyi and the big parrot to bid farewell to the Lingbing tribe, and left in a flamingo.

Fandian posed for fighter planes, controlled the group of fighter planes, and escorted at high altitude.

The reason why he didn't take a fighter plane was because Meng Qingyi wanted to appreciate the beauty of this vast forest and enjoy the excitement of high-altitude flight.

"Xiao Fan, I heard that the old chief gave you the casting method?"

"Yes."

Ye Fan silently explained the booklet in his arms: "This casting method is very powerful and useful to me."

His weapon, the Xuantian Halberd, needs to be forged by the casting method to increase its power.

Now, Xuantian War Halberd is of little help to Ye Fan.

Because Ye Fan's enemy was the Grand Master Giant and the pinnacle of the Heng Lian Grand Master. At this level, the Xuantian Halberd could not be injured at all.

As for the low-level opponent, Ye Fan directly exploded with a punch, and he didn't need to bother to use the Xuantian War Halberd.

As a result, the halberd became a tasteless one.

When he left Nanling, he handed the Xuantian War Halberd to Luo Hong and asked Luo Hong to take him to the Tianzun Hall.

Ye Fan was sure that using the Spirit Weapon Casting Method to forge it, it would be able to greatly increase the power of the Xuantian War Halberd, and easily cut through the gas shield, which would be terrifying.

"It's useful to you, just give it to you?" Meng Qingyi didn't believe it.

"That's not the case, it's because the crafting technique is too difficult and the materials are difficult to collect. As a result, there are not many weapons in the Lingbing tribe."

"Therefore, I reached a cooperation with the old chief: he passed the casting method to me, and I will build batches of powerful weapons, which will be divided into 50-50 with the tribe."

Meng Qingyi patted Ye Fan's head, admiringly said: "Not bad, very business-minded."

Ye Fan smiled knowingly, and then stared at Meng Qingyi for no reason.

This stare at each other for a long time.

In the end, Ye Fan sighed and made a decision, "Sister, now you are different from before. There are some things, I should also confess to you."

Chapter 636: Deep not peaceful

Ye Fan said a lot.

All confess.

This is the end of the matter, there is no need to hide anything from Meng Qingyi.

Meng Qingyi should also know this.

Ye Fan seemed to be telling a long story, talking about it from noon to evening.

That is a complete life.

Meng Qingyi was fascinated by it, and her beautiful eyes were full of admiration and pride.

My younger brother turned out to be so strong and so powerful, he is a giant in the world.

Controlling hundreds of thousands of horses, Tianzundian has branches all over the world and countless industries.

With such a small achievement, in front of Ye Fan, it was a drop in the ocean, so small and insignificant.

Meng Qingyi was very angry at first, Qi Ye Fan was hiding her in Changning at first, but when she heard that Ye Fan was tired of fighting and killing, she wanted to live an ordinary life when returning to Changning, she was relieved, but her heart was hidden. Make pain.

Back then, Ye Fan was only eight years old when he was rescued by his teacher's father. He must have suffered countless hardships that ordinary people couldn't bear in learning the ability to go against the sky.

Later, he fought on the world battlefield again, dying for a lifetime, hanging his head on the waistband every day... That kind of life is so tormented.

Meng Qingyi felt very distressed.

Then, knowing that Ye Fan's life experience was so miserable, she cried like a complaint; when she heard Ye Fan's revenge, she couldn't help but raise her fists and cheer.

Meng Qingyi felt the same for Ye Fan's experience.

Just like, in these few hours, she experienced everything that Ye Fan experienced.

"Xiao Fan, I didn't expect you to be so rough, and you must be, my sisters and I are much better."

"After reaching the age of fourteen, my sister and I began to support ourselves. Although it was hard, we were able to survive."

Ye Fan said, "I don't understand how you and your six sisters have achieved such a great achievement. It stands to reason that the situation of the orphanage at that time was not optimistic; after the fire, it was in ruins and there was nothing left."

Meng Qingyi said: "After the fire, well-wishers in the society donated a lot of materials, and the government helped us build a new orphanage. These allowed us to survive the most difficult time, and later, when I became an adult, I met a distinguished person. ."

"Noble?"

"Yes, a kind-hearted businessman, he gave me a sum of money, gave me some business experience and experience, and then disappeared. I took the money she gave me to start a business, it is indeed very difficult, after all, I It's a little girl, but in the end I broke into a world."

"With some money, my sisters' lives will be much better. I will try to create conditions for them what they want to learn."

"..."

Ye Fan can appreciate Meng Qingyi's hard work. She is the boss, as the saying goes: The eldest brother is like a father, and the eldest sister is like a mother.

Treating six younger sisters, Meng Qingyi is like a mother, giving them the best.

As the sun sets, Ye Fan and Meng Qingyi snuggle together, talking about childhood memories.

The picture is very warm, so that the big slick parrot can't help but moisten its eyes.

...

The night is like water, and the forest is silent.

But in the deepest part of the forest, it was not peaceful, instead it roared constantly, and there was a big battle.

"puff!"

A fiery red blood spilled into the sky, gleaming strange brilliance in the moonlight.

This blood is not human red, but fiery red, which seems to be burning, conveying a hot breath.

A behemoth flew upside down and knocked down a large area of ancient trees.

This is a terrifying beast king.

He was covered in furs like fire, and his dark golden pupils were breathtaking. He looked like a lion, but he was more powerful and domineering than a lion.

It is three meters tall and five meters long. In fact, it is much smaller than the Titan Giant Ape, and even less than the size of the Black Flood Dragon. However, the breath of this Beast King is more violent and barbaric than the Titan Giant Ape and Black Flood Dragon. .

This is the Chiyan Golden-eyed Beast.

The few scary beast kings in the deep forest occupy the deepest resource treasures.

His blood was surging, his eyes bloomed, and he roared again and again; he was obviously angry because of being beaten up and injured, but there was fear in the depths of his eyes.

"boom!"

With a loud noise, another terrifying beast emperor was beaten into the air, smashing into a deep hole on the ground.

That is the wolftooth.

It looks the same as an ordinary orangutan, except that it is extremely large, and it is named because it has a mace weapon.

at the same time.

The third terrifying beast king bleeds blood.

Compared with the red flame golden-eyed beast and the wolftooth orangutan, this beast king is only one meter in size and is covered with pure black hair. It seems to be integrated with the darkness, but it has a pair of sky-blue jewel-like eyes. This is the netherworld. cat.

The three terrifying beast kings besieged and killed one person.

It was a man dressed in sackcloth with black and white hair. He looked old, but his complexion was ruddy and energetic.

Fighting against the three terrifying beast kings alone, instead of letting the wind fall, they wounded the three beast kings, and the spread out absolutely shocked all the beast kings and the people of the tribe.

"Go back, it's not easy for you to grow to this point, and I don't want to kill you."

The man spoke with a cold voice, mixed with indisputable meaning, as if he was ordering the three big beast kings.

For the Beast Emperor, majesty is more important than life, but now being so despised by people, they have not acted rashly.

The wolf-toothed gorilla said: "Humans, what do you want to do?"

The Nether Cat said coldly: "Are you trying to open the deep portal? Impossible. That portal is indestructible. The three of us have bombarded many times and failed. You can't open it either."

The man said coldly: "How can you guess if I do something. Retreat quickly, otherwise, you will kill you without mercy."

boom!

When the words fell, the qi and blood burst into the sky, and then suppressed.

The three beast kings were furious, and each displayed their energy and blood to break through the realm.

The magnate of the triple master of Huajing has condensed the "potential" and cultivated the "field".

The book sage of Luolongpo in the Northern Wilderness covers a radius of 30 meters.

However.

The scary thing is that this linen man's domain actually covers a radius of three hundred meters.

Ten times the gap is appalling.

Of course, this is not to say that this person is ten times stronger than the book saint, after all, the domain is only one aspect of strength, and it can't explain everything.

"withdraw!"

Finally, the three big beast kings gave in.

Swish.

In an instant, disappeared.

The Mai man restrained his breath and continued to go deeper. After a while, he found a portal.

This portal, blue-gray, and dusty, seems to last forever, having gone through countless years. It exudes a heavy breath, awe-inspiring and wanting to worship.

"Finally found."

There was a glimmer of joy in the Mai man's eyes, but the next second, his eyes burst with murder.

boom!

boom!

The red flame golden-eyed beast and the wolf-toothed gorilla went and returned.

Huh.

Above an ancient tree, the Nether Cat also appeared and lurked.

"Stubborn, do you really want to die." The Mai man sneered coldly.

"Da da da."

In response, unhurried footsteps, a young man dressed in mink came out of the jungle.

Puff through.

The two terrifying beast emperors knelt on one knee and shouted together: "See the emperor!"

Chapter 637: Forest King! !

See the emperor!

The high-pitched voice echoed between the heaven and the earth, like Hong Zhong Dalu, which lasted for a long time.

The Mai man was a little frightened, and he looked at the young man solemnly, his face darkened.

What a strong kid!

No wonder, the three terrifying beast emperors can be convinced and regarded as the emperor of humans.

"Good old sir."

The young man clasped his fists and smiled: "I am here to remind you that this door cannot be opened without a clue."

The ant man said: "What clue?"

"I don't know, it is rumored that there is a secret box with a method to open the door."

The young man explained.

"It's a pity that the secret box was lost twenty years ago."

"The secret box was in the hands of the Beast Emperor. When the Beast Emperor's deadline was approaching, humans stole the secret box. Since then, the whereabouts of the secret box is unknown."

The Mai man looked at the portal and chose to believe the young man's words.

In fact, he is more interested in this young man now, and he has cultivated to this level at a young age, especially that strong flesh body, whose vitality and blood are extremely thick, surging more than the vitality of the terrifying beast emperor.

This is also the biggest reason why the Beast Emperor is impressed.

For the fierce beast, the physical body is the respect, this is the last word.

Is it self-taught without a teacher?

Or where does it come from?

The Mai man's curiosity increased, and he wanted to unravel the mystery of the young man.

"It seems that the old gentleman has given up the idea of attacking the portal, so now, let's talk about the second thing."

"Say."

"The Scarlet Flame Golden Eyed Beast, the Orangutan and the Nether Cat are my brother and sister. You hurt them. As a big brother, I can't say nothing."

The Mai man smiled and said, "Do you want to fight me? Well, I also want to see the power of young people."

The young man took off the mink and threw it to the wolf-toothed gorilla. Then his body trembled, and the terrifying blood spread out.

The Mai man is also unambiguous.

The two competed instantly, no one could do anything about it.

"The posterity is terrible." The Mai man sighed, "Much better than my kid, that kid is really bad, I really want to beat him up."

"Who are you talking about, your disciple? Your master is not my opponent. Please don't use your disciple to compare with me."

"Young man, conceit is not a good thing. The kid in my family is late, but the talent is not lost to you, and there is nothing worse. As long as you give him a little time, he can surpass you, no doubt."

"Hahaha, I heard this kind of joke for the first time. It seems that I need to let you know what strength I am as a junior."

"It's useless to say more, let's fight!"

The Mai man was very excited, one step was more than ten meters, and he quickly approached the young man.

The two sides are going towards each other, which is a posture of a big collision.

The three major terrifying beast kings are nervous.

Human Sovereign, a legend, invincible evildoer, and the three gorillas, were all afraid of being beaten.

He was really a cruel man who became more and more brave in the war, but he has been shrinking in the depths of the forest, and he has no idea of going to the outside world.

If things go on like this, the three gorillas will recognize the young man as the eldest brother, and regard them as the "human emperor." It's just that this is a secret, no one knows except them.

"boom!"

The two banged each other, and they were evenly divided.

Gradually.

The battle became more fierce. From the initial competition of energy and blood to the final close fight, the two sides were almost evenly matched, and no one was depressed.

"Boy, you are too young after all, and your physical fitness is still not good." The Mai man sneered, and after a brief confrontation, he guessed some of the man's background.

This is experience.

This thing cannot be accomplished overnight, it needs time to settle.

The young man was not annoyed, but chuckled: "It seems that my husband has probably guessed my strength. In that case, let's go all out and stop."

"Just to my liking."

Both sides are brewing, and the breath and aura are rising steadily.

In the end, the power made the three big beast kings feel very restless and anxious, and their heartbeats speeded up and their breathing was short of breath.

Sudden.

The two moved, and all their strength was poured into one punch, and one punch was used to decide the outcome.

"boom!"

There was a big explosion in the center of the collision.

Smoke and dust were everywhere, flying sand and rocks, and his vision was completely obscured.

a long time.

The heaven and the earth returned to clarity, and the young man was a little embarrassed, but he was fine; the Mai man had long since disappeared.

"The Emperor, he ran away."

Chiyan Golden Eyed Beast gritted his teeth and said.

The Nether Cat flashed over and said, "I can track his scent and find it, everyone?"

The man waved his hand, took a deep breath, looked at the explosion of the tiger's mouth, and said in a deep voice: "That man is not easy, I can't suppress it, it can only be evenly matched."

The three big beast kings were shocked. They knew that the man was powerful and evenly matched. The man was really terrifying and indeed had the ability to kill them.

"The world is magnificent and colorful. It seems that the great world will come, and all kinds of old antiques, geniuses and evildoers will appear one after another. I think...I'm time to go out for a walk."

"Human Sovereign, are you going to leave?" Nether Cat was a little reluctant.

"It's not that I won't come back. I will go to the Wild Continent. There are many body refiners, and see if there are any evildoers who can compete with me in the flesh."

"The Wild Continent is also unfathomable. You must be careful, Human Sovereign. Don't go deep into the wild forbidden zone. It is a place where you will die."

"I know it in my heart."

The man took a short break and called a bird to take him away. The target was also the Hasaigo Capital Airport.

Chapter 638: Meng Qingyin and Meng Qingyi meet

Ye Fan and Meng Qingyi came to the capital of the small country of Hasaigo and stopped for a while.

Meng Qingyi will definitely not stay to learn any Internet technology. Although she will not abandon business, it is obviously not as important as before.

Along the way, Ye Fan and Meng Qingyi talked a lot, including the future world pattern.

Ye Fan has always wanted his sisters to embark on the path of cultivation. Now is an opportunity. He hopes that Meng Qingyi will practice martial arts.

Meng Qingyi readily accepted.

Now she has opened the door to a new world, understands the incomparably magnificent world, and naturally wants to try new things.

Of course, cultivation does not happen overnight, especially martial arts, which requires time and accumulation, and also depends on talent.

However, Ye Fan decided earlier that in the future, he would go to Wanzang Mountain in Luolongpo in the Northern Wilderness to find the peerless treasure medicine, so that all his sisters would be reborn.

For now, let Meng Qingyi understand martial arts first.

On Hasaigo's side, Ye Fan didn't have much interest, and Chang Wei wanted to be the emperor of the earth, and he couldn't control it either.

It's just that he instructed Chang Wei-the reincarnation of heaven is rewarded for good and evil, so that he should not be too black-hearted and be better to the poor below, instead of enslaving the human beings in these backward countries.

Ye Fan is not a saint, a god, or a savior. He has no obligation to save suffering.

Everyone has his own destiny, and the way of heaven is destined.

He told Chang Wei that he had done enough.

If Chang Wei is smart, he will definitely listen to him. Of course, these are all things.

At noon this day.

Fan Dian left with the group of fighters, leaving Ye Fan a Thunder fighter and a pilot.

Afterwards, Ye Fan took Meng Qingyi and the big parrot, and also set off.

Three days later.

Wild continent, Tianzun Temple, airport.

"Welcome Tianzun!"

The children shouted.

The momentum is magnificent and the scene is magnificent.

Ye Fan smiled knowingly, he knew that this was done deliberately by Min Dong, and the purpose was to make him powerful enough in front of his sister.

as predicted.

Seeing what kind of scene, Meng Qingyi was excited and admired, and exclaimed: "Xiao Fan, you are really a fan of him, like a little emperor."

"Then sister, do you want to be a queen?"

"Don't be mean."

Meng Qingyi gave a white glance, but felt a little touched in her heart.

Queen?

It sounds pretty good.

Bah, Meng Qingyi, Xiao Fan is your brother, how can you have that kind of thought. Besides, even if Xiaofan agrees, the sisters might have opinions.

Meng Qingyi believed that Ye Fan belonged to everyone. If he were to be with Ye Fan, it would be unfair to his sisters; it is even possible that because of this, the Seven Sisters were separated and their relationship was cracked.

This is the last thing Meng Qingyi wants to see.

However, Meng Qingyi didn't think about it, the seven sisters and Ye Fan...

stop!

Cannot be involved in pornography.

o(^ o#)

Closer to home, Ye Fan took Meng Qingyi to the top floor of the Tianzun Hall building.

Everyone is waiting.

"Sister."

"little six."

Meng Qingyi hugged Tang Ying.

Ye Fan had also told her about Tang Ying, and Meng Qingyi was really pleased.

There is a Hou Ye from his sister, commanding hundreds of thousands of troops and mastering the territory of Daxia. What an honor it is.

"Hello everyone."

Meng Qingyi was very polite and bowed to everyone.

Min Dong and the others didn't dare to bear it, and hurriedly responded, "Hello, sister."

"This is Qingyin, right." Meng Qingyi saw Meng Qingyin.

The two women looked at each other, their eyes flickering.

Ye Fan once told her that she may be of the blood of the Meng family in the capital, and most likely Meng Qingyin's cousin.

Now that the two meet, they only need to do a DNA test; and here is the headquarters of the Tianzun Temple, which has everything, and the DNA test is very simple.

And at the moment.

Meng Qingyin was a little nervous and scared.

She is Ye Fan's wife, although she has a name but no reality, she has a reputation after all.

Once DNA identification has been done with Meng Qingyi, what if Meng Qingyi is really a cousin?

He will lose the name of "Ye Fan's Wife".

And Ye Fan will marry Meng Qingyi, after all, when they were young, they had decided to kiss each other.

Although both parents are gone, the marriage contract is true, plus the sister is close, and they will definitely get married.

How to do!

Meng Qingyin squeezed the powder fist secretly.

At this moment, she was born with a nasty emotion, hating the appearance of Meng Qingyi!

"Um, yes, I am Qingyin, good sister." Meng Qingyin responded awkwardly.

Meng Qingyi smiled and nodded. She didn't feel anything, she was very relaxed, and even couldn't wait to do a DNA test with Meng Qingyin...Because Ye Fan concealed the baby's relatives and didn't mention it with Meng Qingyi.

Tang Ying felt keenly and changed the subject: "Sister, the banquet is ready, just waiting for you and Xiaofan to come."

Luo Hong said: "Yes, right, right, come to the table, drink and chat."

On the wine table, everyone pushed the cups and changed them.

Meng Qingyi was very familiar with her, and she became familiar with her eldest sister soon, and chatted very speculatively.

"Ye Fan, come here."

In the middle, Yue Liuli called out.

Coming to the rooftop, she said: "Just today, Sister Linglong has entered the capital of the Dafeng Empire."

Ye Fan's eyes narrowed.

"The prince of the Dafeng Empire built a Phoenix Terrace early, and sister Linglong lives there; at the same time, the Phoenix Terrace is also the place for the wedding."

"There are still seven days before the wedding."

"We need to leave this morning, and to arrive at the Dafeng imperial capital, we have to make plans. Otherwise, if we rush the marriage, even if we grab someone, we won't be able to escape."

Ye Fan nodded and groaned: "You are right, but don't worry too much. There will definitely be a large army from the Tianzun Palace. As long as the Dafeng Empire is not stupid, it should not go to war with my Tianzun Palace."

"If you are not worried about Linglong's personal safety, Tianzun Hall can directly send a letter to the Dafeng Emperor's dignitaries, but there will be certain risks in this way."

Yue Liuli said: "That day, you will rescue Linglong sister from Phoenix Terrace, and then you will reveal your identity. The Dafeng Empire should not do anything to us!"

Ye Fan said, "Not necessarily. As one of the three empires on the wild continent, the Dafeng Empire is strong, and only Daxia and the Eagle Kingdom can match the outside world. Such a powerful country naturally pays attention to face; besides, on the day of the wedding, there must be Many tribes and kingdoms have been invited to participate. If I were to take Linglong away on this occasion, it would be a shame."

"What can I do then?"

"It depends on the situation, wait until Dafeng Emperor Capital. If there is a chance, I will rescue Linglong from Phoenix Station in advance. It is better to do it before the wedding than on the day of the wedding."

After hearing this, Yue Liuli became even more anxious, "Then let's go tonight."

Ye Fan smiled and said, "Don't rush for a while, leave tomorrow morning."

When Ye Fan and Yue Liuli left, Meng Qingyin also quietly exited.

However, just after leaving the restaurant, a shout came from behind: "Sister Qingyin."

"Um, sister."

Meng Qingyin was surprised. He watched Meng Qingyi come and asked, "My sister is looking for something to do with me?"

Meng Qingyi took Meng Qingyin's hand and smiled and said, "Sister, I feel very kind to you. Xiaofan also said about us. I'm not really from the Meng family's blood."

Ever since Ye Fan talked about her life experience, Meng Qingyi was very excited and looking forward to it.

This feeling of being able to find a home is really great.

Meng Qingyi really hopes that she is of the Meng family's blood, not to covet the Meng family's wealth, but to have her own blood relatives.

Know where your roots are!

"Sister, do you want to do DNA identification now? Min Dong said that the twenty-eighth floor of the building is the Biological Research Institute, which can be identified. It is said that it will be very fast, and it will take an hour."

"Now?" Meng Qingyin trembled, and persuaded: "Sister, don't worry about this. DNA identification requires blood sampling. You drank a lot of alcohol just now, and the blood contains a lot of alcohol. This may affect the identification. Wait for tomorrow. Okay, how?"

Meng Qingyi nodded again and again and said, "Yes, my sister should be considerate, so tomorrow morning."

"Sister, then I will go to rest first, my head is a little dizzy."

"I'll give it to you."

Meng Qingyi sent Meng Qingyin to the door of the house and left.

In the room, Meng Qingyin leaned against the door, her face sank, she felt a sense of crisis, and her emotions became stronger.

no!

I can't wait and die!

Meng Qingyin gritted his teeth and made a decision...

Chapter 639: Blood test

"Huh, what about Qingyin?" Ye Fan returned to the table and saw one person missing.

"Qingyin went to rest, saying it was dizzy." Meng Qingyi explained.

Dizziness?

Budo master dizzy after drinking some wine?

Ye Fan was speechless.

The wine bureau lasted very late, and Min Dong, Bai Zhan, and Chaos were all drunk.

Early the next morning, while everyone was still asleep, Meng Qingyi got up excitedly. After washing, he went to the cafeteria to get a rich breakfast and came to Meng Qingyin's door.

After ringing the doorbell for a long time, but did not open the door, Meng Qingyi secretly said how to sleep so hard.

She didn't have Meng Qingyin's contact information, so she could only call Tang Ying.

I made a call and it showed--

"Can't connect?"

Tang Ying was stunned, puzzled.

The signal here is strong and scary, and there are satellites belonging to the Tianzun Hall in the outer space above the earth.

"Sister, there may be something wrong with the phone, don't worry, wait until Qingyin wakes up. I will show you around the Tianzun Hall. This is the headquarters of the forces built by Xiaofan, very awesome!"

"All right."

Meng Qingyi could only press an eager mood.

...

meeting room.

Ye Fan, Min Dong, Luo Hong and others are in a meeting, and Yue Liuli is also participating.

"The Three Great War Department, the Dragon King War Department is still in Daxia Zhongzhou, currently there are only the Heavenly King War Department and the Yama War Department, and A Hong and I can lead to the border of the Dafeng Empire." Bai Zhan said solemnly.

In fact, everyone is very serious.

Because this is not a trivial matter.

Robbing the marriage, grabbing the marriage of the eldest prince who is expected to be made the "prince", is a heavy blow to the face of the Dafeng Empire, and it is very likely that war will break out.

The Dafeng Empire is no small thing. Once a war starts, the Tianzun Palace will also be under pressure.

There must be casualties in the war.

The brothers of the War Department of the Heavenly Kings and the War Department of the Yamas were killed and wounded, and Bai Zhan, Luo Hong and others did not want to see them.

Yue Liuli also knew the stakes in this. Ye Fan was very grateful and even admired that Ye Fan could promise to save Yue Linglong without saying a word.

Sister Linglong, she didn't see the wrong person.

Ye Fan looked at the big screen at the border of the Dafeng Empire. At present, the two major war ministries were already lurking in the mountains 3,000 miles away from the border.

"Three thousand miles is too far, and the pressure is not enough. We still need to move forward and shorten the distance to one thousand miles."

"A thousand miles?"

"Yes, one thousand miles is the station of the Heavenly King War Headquarters; the Hell King War Headquarters will be even closer. It depends on you, Ahong, to lead you. As long as you are not found, try your best to get as close as possible to the border of the Dafeng Empire."

"Brother Fan, don't you take us to Dafeng Imperial Capital?" Luo Hong said in surprise.

Ye Fan shook his head, "It's not a good thing to be crowded, I'm going to bring Qiongqi, and my sixth sister Tang Ying, plus Liuli, the four of us are enough."

"Boss, what about us?" Chaos shouted.

"Come on, you followed the boss to the North Wilderness for a while, this time to Dafeng Imperial Capital, it's me. Don't think about it."

What he was talking about was a strong man with a tough and handsome face and a domineering temperament, especially his eyes, which was as cold as a beast.

He is Qiongqi, one of the four fierce kings.

Entered the Heng Lian master earlier than the Chaos trio, and among the backbone of the Tianzun Palace, Qiong Qi is also known as the most talented twin star alongside Jiang Long, and of course Ye Fan is excluded.

Now, Qiongqi has completed the polishing of the first layer of "copper skin and iron bones", and has begun to hit the master of the dual stage horizontal training, and the speed is very fast.

The meeting lasted for an hour and many plans were made.

After all, once the marriage was robbed, the swords were immediately drawn, and Ye Fan could not have time to contact Min Dong. Therefore, it was up to Min Dong and the others to make their own decisions. They had to deduct all the possibilities in advance and formulate detailed coping strategies.

Nine o'clock.

Ye Fan was thinking about leaving.

But at this moment, I received a call from Tang Ying, saying that Meng Qingyin might be in an accident.

"what happened?"

Ye Fan came to Meng Qingyin's residence and asked while looking around.

Meng Qingyi said: "I came early to ask Qingyin to get up, and there was no movement, so I followed Xiaoliu to visit the Tianzun Hall. But we didn't wait for Qingyin, so we forcibly opened the lock."

Tang Ying continued: "I didn't find the soft tone, and the phone couldn't be connected. I felt something was wrong, so I went to the monitoring room to investigate."

Ye Fan frowned and said, "Are there any clues to the monitoring?"

"Last night, my eldest sister sent Qingyin back to the room. After a while, Qingyin went out again. The surveillance showed that Qingyin went to the back mountain. We went to the back mountain to look for it and found this."

Tang Ying took out a necklace with blood stains on it.

Ye Fan's eyelids twitched.

Meng Qingyi worried: "Qingyin won't have any trouble, I heard Xiaoliu say that there are fierce beasts in the back mountain."

"Qingyin is the master of martial arts, and those fierce beasts in the back mountain are not enough to hurt her."

Ye Fan twisted his brows into a rope and contacted Min Dong, asking him to arrange a carpet search for the mountain.

...

After everyone went to the back mountain, Meng Qingyi came to the Biological Research Institute on the 28th floor of the Tianzun Hall.

"Miss Meng, hello." The director of the research institute rushed over, and Meng Qingyi's identity spread throughout the Tianzun Hall. Everyone knew that this was Tianzun's sister, who was extremely honorable and did not dare to neglect.

"Director, hello."

Meng Qingyi took out a string of necklaces, which she found in the back mountain, and she took it from Ye Fan's hand.

"Director, the blood on this necklace is enough for you to extract DNA."

"Can."

"Then give me a blood draw, verify the degree to which my DNA fits, and determine if I and the owner of this necklace are cousins, isn't it difficult?"

The director smiled and said: "This is the most basic blood relationship is firm, there is no difficulty. In half an hour, I can give you an answer."

Half an hour later, the director found Meng Qingyi, sent the identification documents, and said: "Miss Meng, you and the owner of the necklace are not related by blood."

Chapter 640: Woman heart sea needle

"what!"

Meng Qingyi didn't want to believe it.

A feeling of suffocation rushed to my heart, and I had already seen home, but suddenly fell apart.

My heart is empty.

Meng Qingyi was a little unacceptable, and asked with luck: "Director, is this blood the blood of a fierce beast?"

The director shook his head and said, "I have been engaged in biological research for twenty years, and I can still distinguish between human blood and animal blood."

At this moment, Meng Qingyi was extremely disappointed and disappointed, and his voice was full of sadness.

how so.

I clearly saw that Qingyin would be cordial, and there should be blood connections.

Isn't this blood sounding softly?

Meng Qingyi comforted herself and felt a little better.

The key now is to find Meng Qingyin so that he can do another blood test.

The mountain is in full swing.

Thousands of people searched the carpet for two hours and found nothing.

"Thousands of miles are our core sphere of influence, let alone behind the mountains, every plant here can find the benchmarking documents in the database, and it is impossible for Qingyin to have an accident here."

"But, there are no people? Satellite monitoring of the surrounding area did not find any clues. It is really strange, as if the world has evaporated."

Min Dong is incomprehensible, this is definitely the first incident that has happened.

In the core sphere of influence of the Tianzun Temple, clues can not be found, which is strange!

Ye Fan stood on the top of the back mountain, thoughtful; for a moment, he sighed; "I can't delay, I have to rush to Dafeng Imperial Capital, Qingyin, I don't see anything wrong, maybe I hid myself."

"Hide yourself?"

"No matter what, you continue to arrange for people to search, I have to leave."

Ye Fan was not very worried about Meng Qingyin's safety.

First, the core sphere of influence of the Tianzun Temple, there will never be irrelevant people.

If you can come to the back mountain quietly and take Meng Qingyin abducted without being discovered, leaving no trace, this kind of terrifying existence has arrogance and self-esteem. There is no need to cover up, just come and trouble him directly, why bother to catch a woman.

Second, Meng Qingyin is a master of martial arts, relatively capable of self-protection.

Ye Fan was more willing to believe that Meng Qingyin was hiding himself.

Why?

Thinking of Meng Qingyi, Ye Fan guessed it.

He had a headache about women's affairs, and he didn't know what to do, so he simply didn't bother to think about it.

Back to Tianzun Hall.

Ye Fan learned that Meng Qingyi was carrying a necklace to do a blood relationship test, and found that there was no blood relationship. At this moment, Ye Fan was more determined, all these were Meng Qingyin's small tricks.

"Xiao Fan, did Qingyin find it?"

"Not yet." Ye Fan comforted: "Sister, don't worry, you're still looking for it over there. I have to leave the Tianzun Hall, and Sister Six will go with me. You will play in the Tianzun Hall for a few minutes. We will be back tomorrow."

Meng Qingyi was very considerate and would not bother and disturb Ye Fan.

Not long after, the Thunder fighter broke through the air and left.

At the same time, in a hidden place in the back mountain, a pair of eyes looked at the departing fighter and muttered to himself: "Go away, damn, if it weren't for Meng Qingyi, I could follow Brother Fan to the Dafeng Empire."

This person is naturally Meng Qingyin.

She discovered this dense land by accident, and the black armor she wore contained shielding methods that could block satellite detection.

Therefore, no one found her.

"Brother Fan is really true, just leave like this, don't you worry about me at all!"

Meng Qingyin was sulking.

"Tian Zun Temple can't go back, I have to leave for a while, anyway, there is a armor, and the satellite can't detect me. I am a martial arts master, and I have the power to protect myself. I don't have to be afraid. I can go alone."

Meng Qingyin made the decision as if outrageous.

Not in a hurry, she was very patient, and when it got dark, she avoided all searchers and went down the mountain and left quietly.

...

This is a long way to go to the Dafeng Empire.

The Thunder fighter turned on at twice the speed of sound and approached the border of the Dafeng Empire in the early hours of the morning.

The pilot turned on the "stealth mode" and entered the territory of the Dafeng Empire, but the speed slowed down to the speed of sound.

At dawn.

Facing the rising sun, Emperor Dafeng also appeared in sight, it was an extremely majestic city.

Highly guarded.

Can't get close.

The Thunder fighter stopped in a mountain range, Ye Fan and the four walked out of the mountain range, and an armored off-road vehicle rushed in.

"Boom!"

The car stopped in front of everyone, the window fell, and a young man shouted, "Yue Liuli, you are finally back."

"Let me introduce, this is the outstanding man of our Yue clan, and his name is Yue Yao."

"Yue Yao, this is the one I invited to save Linglong's sister, Ye Fan, Tang Ying, and Qiongqi."

Yue Liuli introduces them one by one.

The young man named Yueyao is quite handsome, with extraordinary tools and a realm of a half-step master, but his body has reached the level of Master Henglian.

Genius of physical martial arts fellow practitioners.

No wonder, arrogance flows between the eyebrows.

Yueyao looked up and down a few times before frowning and said: "Just them?"

"Boy, what do you mean by this! Look down on us? Or, fight?"

Qiongqi immediately became angry.

Yue Yao was shocked and felt the fierce aura exuding from Qiongqi, and knew that this was a master of horizontal training.

Yue Liuli hurriedly rounded up the field and said, "Oh, it's your own person, don't hurt your peace. Yueyao, don't be rude. Brother Ye Fan is the person Sister Linglong pointed out to look for, so that means that Sister Linglong can be rescued."

Yue Yao's gaze shifted from Qiongqi and fell on Ye Fan, unabashedly hostile to Ye Fan.

Ye Fan's white clothes and silver hair may be unique to the outside world, but it's nothing in the Wild Continent. There are all hair colors here, red, blue, and green...

"Can you save Linglong? What does it rely on? Just rely on a bodyguard of a horizontal training master?"

Ye Fan's aura converged, except for his extraordinary temperament, the others were just like ordinary people, with only one man and one woman.

The indifferent guy would indeed think that the man is the bodyguard, the woman is the maid, and he is the young master of the big clan, who came out to find flowers and ask Liu.

If it is a grandmaster giant, a horizontal training master who combines heaven and man in the triple realm, or a beast emperor who controls the power of qi and blood, even if Ye Fan converges, he can still see that Ye Fan is powerful.

But Yueyao, in the eyes of others, is a strong person, and is nothing in front of Ye Fan, where can he see Ye Fan's inner details.

When Ye Fan was silent, a sharp expression flashed in Yue Yao's eyes.

"Do you know what you are facing? It is the Dafeng Empire! One of the three empires of the Wild Continent. Even the superpowers outside: Daxia and Eagle Country; dare not neglect Dafeng."

"Why can you rescue Linglong?"

"Why did Linglong name and let Yue Liuli come to you and let you come and save her! Why!"

Yue Yao repeatedly questioned, her hostility spurted out, and at the same time she showed her aura and was extremely arrogant.

Ye Fan remained calm and calm, and said lightly: "I don't say much because of me."
