Chapter 651: Golden Retriever King

Nuolan has been patrolling outside the Phoenix Pavilion.

After Ye Fan and the Eighth Princess entered the Phoenix Pavilion, she felt a little restless.

Arranged eyeliner to inquire, saying that Ye Fan and the eighth princess were in the ward, treating the eighth princess.

Cure?

Nuolan was at a loss.

Now, looking at the time, it's already midnight.

Are they going to live in Phoenix Pavilion?

Nuolan couldn't help but came to the ward and was shocked when she saw the eight princesses transforming into a different person.

"How is this going?"

"Mr. Ye and the Eighth Princess stayed in the ward for a long time, and then the Eighth Princess was like this."

Nuolan was startled, and hurriedly asked, "How is the eighth princess' physical condition? There is no risk of life."

An expert said: "Not only is there no danger, the eight princesses are in extremely good physical condition!"

Nuolan breathed a sigh of relief. If the eighth princess had an accident in the Phoenix Pavilion, she could not escape the blame.

"Where is Ye Fan?"

"We don't know this."

Nuolan hurriedly left, contacted the monitoring department to find out where Ye Fan was going.

A few minutes later, she learned that Ye Fan had gone to the sixth floor.

...

"I have lived for 180 years. I have seen countless evildoers. You can rank in the top five."

"Only the top five?"

"Boy, don't be arrogant and arrogant. Throughout the ages, there have been countless evildoers. However, no matter how amazing you are, you can't hold the lifespan. Countless heroes turn into loess; many beautiful women, pink skulls!"

The Beast Emperor sighed, and he could see from the white beard that his limit was about to come.

180 years old, really advanced age.

For mankind, the distance is out of reach.

but.

The reason why people die is the failure of organs and the decline of bodily functions.

Through practice, you can strengthen your body, polish your body, and improve your body's functions. In theory, your life span can be extended.

For example, Heng Lian masters, such as fierce beasts, have a much longer life span than ordinary people.

Generally speaking, the double-level horizontal training masters have polished their internal organs, and their organ potential and vitality are very huge, basically living a hundred years old with ease.

Ye Fan's current physical fitness is no problem living a hundred and dozen years old.

If you practice "Big Body Jue" to its peak, it will be terrifying at that time. The energy of the body's energy is long, the rate of decay is very slow, and the life span is naturally long.

Of course, this is all theoretical speculation.

In fact.

The journey of cultivation is unpredictable and dangerous. Who dares to say that it is safe and sound.

"Boy, what's your expression?" The Beast Emperor found that Ye Fan's expression was a bit funny, and said dissatisfiedly.

"Why are you a big mouse? I thought it was so mighty. Compared with the Titan Great Ape and the Black Flood, the shape is quite different."

Suddenly, the mouse king's nose sprayed a thick white gas.

Ye Fan continued to look at it and nodded: "However, your hair is pretty good. It should have been golden when you were young, but now it's old, and the golden color is dim."

The Golden Retriever Rat emperor said angrily: "Boy, you know what a fart. This emperor's form is much more powerful than the Titan Great Ape and the Black Dragon. Don't think that it's too big to be powerful."

Ye Fan said, "That's not the case. You can't talk about strength and weakness in terms of form. As for the Rat King, it is impossible for your existence to submit to the Dafeng Empire. Why are you here?"

"Submission? It's ridiculous. I came from a barren forbidden area, and I have been invincible for hundreds of years. There are countless fierce beasts and different species under my command. What qualifications does the Dafeng Empire have to make me surrender. This time, the great prince gave me countless resources and asked me to come out of the mountain and protect him. Marriage safety."

Ye Fan's heart sank.

That's it!

It seems that the difficulty of grabbing a marriage has increased again.

The Golden Retriever Rat King is not weak, Ye Fan thinks he can't suppress it, and once he gets entangled with the Golden Retriever Rat King, he must fall into a crisis situation and cannot take Yue Linglong away at all.

The eldest prince is really generous.

Please move the Invincible Beast King, protect him well in his wedding, be careful to this extent, admire!

"Boy, you robbed the marriage."

"Um?"

"Hey, don't deny it, if I can't see this, I will live 180 years old in vain."

Ye Fan groaned: "Mouse King, what are you going to do, fight with me now?"

The Golden Retriever Mouse King smiled and said: "If you hit you, the guy behind you will jump out. I have no confidence in dealing with the three big guys. I'm not stupid."

Three big guys?

Ye Fan understood at once, it's no wonder that the Golden Retriever Rat King didn't have hostility towards him, because he thought he had three great masters.

Indeed, the power of qi and blood can represent the master of the beast king; the qi can indicate the presence of a great master; the bronze skin and iron bones indicate that there is a master of Heng Lian.

All three are accounted for.

Since the Golden Retriever Rat King had his own brain replenishment, Ye Fan certainly couldn't say anything wrong, and said: "Mouse King, you know it. My Beast King Master, I am stronger than you, and I am a peak-level King."

"I see."

The big head of the Golden Retriever Mouse nodded.

"Dare to ask the pinnacle Beast King of the Wild Continent? In which restricted zone?"

"The Abyss of Sin."

There are many restricted areas in the Wild Continent, but the only restricted area Ye Fan has experienced is the Abyss of Sin, so he blurted out.

The Golden Retriever Rat Emperor slapped his tongue and said: "It turns out to be the Abyss of Sin. It is one of the most mysterious and dangerous forbidden areas. It is stronger than the forbidden area where I am. There are many Beast Kings in it."

Ye Fan thought of that time, the monster he encountered in the Abyss of Sin seemed to be the Beast King.

Of course, several beast emperors plus Xiao Gong, Taiyi Sect Sect master, and Sect Master Killing Sect, besieged Ye Potian, but he was still forced out of the siege. With such a comparison, Ye Fan deeply realized Ye Potian's power.

'Should he have also practiced the Tyrant Body Jue? I don't know what level he has reached.'

Ye Fan secretly said in his heart that he wanted to meet Ye Potian again, on the one hand to understand the Ye Royal Family's affairs, on the other hand to ask about cultivation matters.

Besides.

Ye Fan thought again that Luo Hong's big fat rabbit, his little golden bull, had been taken away by the Beast King of the Abyss of Sin.

'The two guys have limitless accomplishments. They may have a connection with the Peak Beast King in the abyss of sin, so they were taken away.'

Ye Fan is looking forward to seeing the rabbit and the little golden bull again. They should be strong enough, and it is best to bring a group of beast kings to join the Tianzun Hall.

That way, it's really awesome.

"Boy, why are you in a daze!" The Golden Retriever Beast Emperor drank softly.

Ye Fan returned to his senses, touched his nose awkwardly, and asked, "The Rat King, what you said is right, I am here to grab the marriage. So, what are you going to do now? If you don't fight me, you are going to tell the prince? "

"Well..."

The Golden Retriever King is weighing the pros and cons.

Soon, he decided and said: "Boy, for the sake of the three big guys behind you, I will treat you as if I haven't seen you and won't tell the eldest prince."

"Thanks..."

"Don't be too happy." The Golden Retriever Rat King interrupted Ye Fan and said solemnly: "Now I turn a blind eye, but on the day of the wedding, I will definitely take action."

"In other words, you will take action on the day of your wedding, and not before the wedding?"

"Yes."

Ye Fan clapped his hands and said with a smile: "Mouse King, then if I go up and take my woman away, you won't stop me, right?"

Golden Retriever Rat King: "..."

"You just said that you couldn't make a move. Could it be that you turned back so quickly?"

Ye Fan said with a smile.

The golden rat emperor gritted his teeth.

Suddenly, the mouse king sneered: "Okay, I won't do anything, but it's not easy for you to take your woman away. The little girl outside, is very cautious, and cope with it."

When the words are over, the single-sided mirror is closed.

Ye Fan turned around and saw Nuo Lan rushing to the martial arts venue, staring at him, coldly shouting: "Ye Fan, what are you doing here, what are you doing here!"

Chapter 652: Accident

"Why Miss Nuolan lost her temper."

Ye Fan walked over and said with a faint smile: "I can't sleep, come to the martial arts field to exercise, it should be okay."

"Come to exercise at the martial arts field in the middle of the night? Is this reason too much."

"It's not exercise, then what do you say I'm here for? Is there any treasure in this martial arts field?"

Nuolan frowned and was speechless.

Looking at it this way, Ye Fan knew that Nuolan didn't know the existence of the Golden Retriever Mouse King, or that the Mouse King was hiding on the sixth floor.

"Miss Nuolan is very hostile to me?"

"Hmph, you such a villain, it is unreasonable and wrong to be the guard of the Eighth Princess. You must have something to try when you come to Phoenix Station."

Ye Fan laughed and said: "Miss Nuolan is too biased. I am the guard of the Eight Princesses only secondary, mainly to treat the eight princesses. You must have seen the eight princesses in the ward, what do you think?"

A flash of shock flashed in Nuolan's eyes, and said: "It's a miracle, how did you do it?"

"This is my medical skills!"

After speaking, Ye Fan stepped forward and smiled: "Do you want me to show you your body?"

Nuolan retreated instinctively and was very alert.

"Don't come near me!"

"Oh, you really blamed me. I want to suppress you and hurt you. I can do it in a blink of an eye. You can still compete with me."

Ye Fan shrugged and crossed Nuo Lan to walk out of the martial arts field.

Nuo Lan followed closely, looking at Ye Fan's back, very puzzled and curious.

What kind of strange man is this!

Not only is he powerful, but he also has magical medical skills. No wonder the eight princesses favor him.

Could it be that the eighth princess is treated, and can be like her mother's queen?

Nuolan's heart is in a mess.

There is a scar on the corner of her eye, which was caused by her experience in the restricted area a few years earlier, and it could not be completely removed after many medical treatments.

Although she is not too sad about her appearance, what she seeks is strength, but if it can be cured, why not do it.

However, she was embarrassed to speak.

Walking out of the Phoenix Pavilion, Ye Fan said, "Miss Nuolan, are you sending me back to the bedroom?"

"Um." Nuolan regained consciousness, "Go back by yourself, rest early, and don't run around on the Phoenix Terrace."

"See you during the day."

Ye Fan waved his hand and disappeared into the night.

At this time, a lieutenant rushed out and said strangely: "What's wrong with you in command? It's not because of that little white face, right?"

"Don't talk nonsense!"

Nuo Lan glared, "Mr. Ye is very strong, I am not his opponent."

"what!"

The lieutenant opened his mouth wide.

Nuo Lan said: "You go to guard Mr. Ye's palace, what needs to be met as best you can."

"Yes."

The lieutenant left happily.

...

In a blink of an eye, the sky was gray.

Five o'clock in the morning.

After thinking about it for two hours, Nuolan finally made up her mind. She came to the palace where Ye Fan lived, and was about to go in, when she suddenly received a call.

"what's up?"

"Commander, it's okay, something happened to the imperial concubine."

Nuolan is a shocking spirit.

"Come and take a look."

"almost there."

Nuolan's face was deep, and he contacted the lieutenant guarding the palace and asked: "Ye Fan has been in the palace?"

"Yeah, commander, I'm having breakfast with Mr. Ye? Do you want to come together?"

"..."

Nuo Lan twitched, hung up the phone, and hurried to Phoenix Pavilion.

The fifth floor of Phoenix Pavilion.

Yue Linglong was in a trance, lying on the hospital bed, very weak.

A group of experts and professors had a consultation, but they were all overwhelmed.

Yue Liuli cursed anxiously: "You group of physicians who claim to be superb medical skills, why haven't you figured out my sister's condition!"

"Miss Liuli calms down, we are studying, give us some more time."

"I didn't see my sister who was so angry that I would give you time. Will Lord Yan give my sister time?"

The experts and professors were silent.

If there is anything unexpected about Yue Linglong, the prince must have chopped off their heads.

now.

The news was still blocked, but Nuolan was notified.

"Kang Dang."

At this moment, Nuolan broke in.

"What's wrong?"

"Commander, you are finally here. The imperial concubine is suddenly like this, and we are also a little caught off guard."

Nuo Lan glanced at him and said in surprise: "Is this poisoning?"

"We have done several rounds of inspections just now, and we haven't found the toxins, and we still can't conclude that it is poisoning."

"Yue Liuli, what is going on with you and the imperial concubine? Could it be you who harmed the imperial concubine?"

"What are you talking about!" Yue Liuli said angrily: "Sister Linglong and I are not sisters than sisters. What reason do I have for harming her. On the contrary, you, how to serve my sister, caused my sister to suffer unexpectedly."

"My sister hasn't married the eldest prince. She is still the saint of the Yue clan and the heir of my clan."

"To harm the heirs of my clan is to declare war on the Yue clan!!"

Nuolan's face changed uncertainly.

She took a deep breath and said, "Miss Yue Liuli, the most important thing for us now is to find out why the imperial concubine has this symptom, and please tell me in detail what the imperial concubine did before the accident."

"What I can do is eat some fruit. I think there is a problem with the fruit!"

Nuo Lan said: "Immediately monitor the ingredients in the fruit!"

Yue Liuli scolded again: "You are sick, is the fruit important or my sister important!"

"Please calm down and don't make trouble unreasonably. Check the ingredients of the fruit and find the source of the symptoms!"

"Idiot, if it's really poisoned, and my sister can't detect toxins in her body, then naturally the fruit can't be detected. What is your IQ."

"Don't hurry up to contact the outside, send more powerful doctors over, hurry up!"

Nuo Lan sighed: "The current doctors here are the best doctors in the country."

"what!"

Yue Liuli panicked.

Nuo Lan said: "The situation of the imperial concubine can't be notified to the outside for the time being, it's useless at first, it can only add trouble; secondly, from a personal point of view, I don't allow it either."

"Pass it to the eldest prince, and learn that the beloved concubine has an accident, I can't shirk the blame and will be punished."

"So, this matter will be kept secret for the time being, who dares to disclose half a word and kill without mercy!"

Yue Liuli was taken aback.

Although she is a master of martial arts, Nuolan is stronger, and is a horizontal training master who is half-stepped with heaven and man; and it is recognized that the master of horizontal training restrains the master of martial arts.

Nuolan said straightforwardly: "The imperial concubine is ill, I hope Mr. Ye will take action and try to save the imperial concubine!"

"The imperial concubine? Who?"

"It's the saint of the Yue family who is about to marry the eldest prince, don't you know that!"

Ye Fan was startled, he did not react just now, after all, there were a lot of imperial concubines.

When I heard it now, I was overjoyed.

Zheng Chou didn't have a chance to see Yue Linglong, this was really brought to the door by herself.

Chapter 653: See you successfully! The purpose of Yue Linglong! Big decision!

"Mr. Ye, can you?"

"You can treat the obesity of the eight princesses, and the medical skills can't say, you can definitely cure the imperial concubine."

Nuolan's tone was mixed with a trace of plea, and Ye Fan certainly wouldn't readily agree.

He said lightly: "Led by Nuolan, I seem to have no reason to take care of it; besides, there is still a big risk. It's fine if it is cured. If it is not cured, I can't argue with it."

Nuo Lan gritted his teeth, very simply, without chirping, and asked directly: "Mr. Ye, let's talk about it, what are your conditions? How can you make a move?"

Ye Fan smiled and said, "I can't think of any conditions for half of the time. How about when I think about it?"

"Can."

"Well, I am willing to believe in Miss Nuolan's character; lead the way, there is no disease that I can't cure in this world."

Nuo Lan felt that Ye Fan was a bit mad and wanted to stun him, but he stopped talking, worried that Ye Fan would be annoyed, and they would not go to the treatment.

Three minutes later, Ye Fan followed Nuolan to the ward, and at a glance she saw Yue Liuli sitting by the bed wiping tears.

Ye Fan was surprised, but his face was calm and waved.

Nuolan understood and asked all the experts and professors to leave the ward.

"Is this the imperial concubine, she is really in love with the country, she seems to be naturally charming, no wonder the eldest prince admires her."

Suddenly, Yue Liuli trembled in shock.

This voice...

She looked up and was silly.

Why did Ye Fan appear here, how did he come, and he was still with Nuolan?

However, Yue Liuli was also a wise man, restrained the mood swings, and did not let Nuolan see the flaws.

In fact, Nuolan's attention was all on Yue Linglong, so worried, how could he care about Yue Liuli.

In her opinion, Yue Liuli is an unreasonable woman who is too lazy to take a look.

Ye Fan blinked at Yue Liuli quietly, and then said to Nuo Lan: "I will be treated later. I may have to take off my clothes. I wonder if this counts as blasphemy against the imperial concubine?"

"This..." Nuolan hesitated.

Yue Liuli shouted: "No! Absolutely not! My sister is still innocent, how can I let a man see it! Nuolan, what do you mean! I don't know where to find a man to treat my sister, will he? Such a young man is not as old as I am, and he can learn a magnificent medicine! If my sister is treated badly, who can bear the responsibility!"

Nuo Lan frowned and said, "Miss Yue Liuli, please don't yell. As you said before, the key now is to treat the imperial concubine, so don't be confined to trivial matters. Mr. Ye Fan's medical skills are superb, this is beyond doubt; he It's a doctor, only the patient is in your eyes, so don't think about it."

Ye Fan smiled and said, "Don't make a noise, I just told you in advance, you don't have to take off your clothes later."

Yue Liuli was quiet now.

She stared at Ye Fan angrily, her heart was very confused, she didn't understand how Ye Fan got in?

Yesterday he was still arrested and wanted by the War Department of the Imperial Capital, but he appeared here today.

Who the **** is this?

That's amazing.

What my sister said was true, Ye Fan really couldn't take it with common sense.

But.....

Yue Liuli remembered the bet with Yue Linglong, her cheeks flushed.

Do you really want to serve Ye Fan with your sister?

Nuo Lan noticed that Yue Liuli's expression was not right, and thought that Yue Liuli was very angry and wanted to destroy Ye Fan to save Yue Linglong.

He said hurriedly: "Miss Yue Liuli, Mr. Ye treats the illness, let's not disturb, let's go outside."

"How can it work, what if he does something to my sister?"

"Don't worry, Mr. Ye Fan is a strong man, much stronger than me. The strong has the arrogance and dignity of the strong, and he disdains the sneaky violation of women."

Nuo Lan is eloquent.

Ye Fan's face was serious, and he hummed: "It's so noisy, go out, don't disturb me. Wait until I tell you to come in. This genius doctor has seen countless beauties, full of determination, and will not infringe."

"Well, then, you must wake up my sister. If you can't save, and you watched my sister, I can't spare you."

Nuo Lan pulled Yue Liuli out of the house.

now.

Ye Fan let go, quickly shot, and began to use "The Nine Dragons Needle".

Ye Fan had seen this symptom.

This is Yue Linglong's method.

Sure enough, a quarter of an hour later, Yue Linglong's eyelids throbbed and slowly opened her eyes.

"Where am I? Dead? In hell?"

"With me, Lord Yan can't accept you either." Ye Fan said with a smile.

In a blink of an eye, Yue Linglong saw Ye Fan and immediately opened her small mouth, but was covered by Ye Fan in time to signal someone outside.

"Brother Fan, I knew you would appear." Yue Linglong lowered her voice and wept with joy.

But she is still very weak and has no strength to sit up.

Ye Fan was not stingy, and gave Yue Linglong in his arms.

"Once you have used this kind of strange poison, it is colorless, tasteless and invisible, and it cannot be detected by modern medical equipment."

"You swallow this strange poison yourself, why? Suicide?"

Ye Fan's face turned cold, and his tone was full of blame.

Two days before the wedding, Yue Linglong swallowed strange poison and wanted to commit suicide.

It's a sick brain.

Moreover, this is not like her style.

Yue Linglong laughed, and said strangely: "I did it on purpose, just to see you."

"what?"

"After being poisoned, the Yue clan and the Royal Family of the Dafeng Empire must find ways to save me, but as far as I know, only you can detoxify this kind of poison."

Ye Fan was shocked directly.

The brain is blank.

What kind of show operation is this?

"How are you sure that I am on the Phoenix Channel? How are you sure that I can come to rescue you in time?"

"I'm not sure." Yue Linglong shook her head, "but Liuli said, you are in the imperial capital."

"I told Liuli that after I was poisoned, the eldest prince must issue a national notice and invite a famous doctor to treat me. Then, let Liuli inform you that I was poisoned. You can come to Phoenix Channel to see me by signing up."

"What's the purpose?"

Ye Fan was very puzzled.

"What is the purpose of doing this, there is no need to use this dangerous method to get me over!"

"Brother Fan, I want to see you and be alone with you for a while...just like now."

Yue Linglong suddenly burst into tears and hugged Ye Fan tightly with her backhand.

"Brother Fan, I'm afraid you don't know yet. Liuli brought me news that the eldest prince invited an invincible beast emperor to hide in the Phoenix Terrace."

"I know the power of the Invincible Beast Emperor very well. You can't suppress it just because of this, let alone on the day of the wedding, the prince will arrange for heavy guards."

"Get married, there is no hope."

"I don't want you to come and die in vain, so I take the risk and want to see you in advance."

Yue Linglong said calmly, but Ye Fan couldn't let it go.

This fool!

Ye Fan couldn't help but hug Yuelinglong Lou tightly.

"Brother Fan, I know your temperament. Even if A Li tells you that there is an Invincible Beast Emperor, you will definitely get married. Only if I meet you, I will persuade you personally."

"Brother Fan, I didn't expect to see you so soon. I'm very happy. Thank you for coming to Dafengdi for a short distance of 100,000 miles to see me. Thank you for reluctantly trying to marry me and save me."

"I am very happy to meet you and become friends with you."

"It's just a pity that I can't be with you anymore."

Speaking of this, Yue Linglong has already rained on Lihua.

Ye Fan was distressed.

"Linglong, listen to me..."

"Do not!"

Yue Linglong was very stubborn. She wiped her tears and urged: "Brother Fan, hurry up, take off your clothes."

"Undress?"

"I can't be with you, I can't live with you, but I have to surrender myself to you so that I will be satisfied."

Before Ye Fan could speak, the gauze on Yue Linglong's body fell with a "swish".

moment.

Ye Fan Petrochemical...

Chapter 654: Give you! Give you!

puff!

Ye Fan's nosebleeds came out directly.

He was already full of energy and blood, but now he saw Yue Linglong's perfect carcass, and Yue Linglong was still charming her.

Born to be so charming is not a joke.

Yue Linglong was full of firepower, and Ye Fan couldn't control it at all.

Damn it!

Ye Fan yelled in his heart.

Before he recovered, the white shadow in front of him flickered, and he found that Yue's exquisite lotus root-like arms were wrapped around his neck, and two slender white legs were wrapped around his waist.

"Puff puff!"

Ye Fan went crazy again.

Yue Linglong was surprised: "Brother Fan, what's wrong with you? Just look at your body, right?"

"Hate, it made me blood all over, but it's okay, I have to take a shower anyway."

"Hurry up, don't froze, take off your clothes and hurry up."

Ye Fan woke up.

He tore Yue Linglong off and put it on the bed, covered the quilt, wiped a nosebleed, and said: "Linglong, listen to me..."

"Don't listen, don't listen, don't listen."

"Don't make trouble, things are not what you think, I know the Invincible Beast Emperor is in the Phoenix Pavilion."

Yue Linglong said, "What's weird about this, A Li told you."

Ye Fan shook his head, "No, I found it myself."

"What?"

"Linglong, we have been apart for a while, and during this time, I have changed a lot."

"I can see it, the silver hair is so cool, much more handsome than before. A Li showed me the photo, I almost didn't recognize it."

Yue Linglong, like a slippery little white snake, slipped out of the quilt.

The **** and buttocks are eye-catching.

Ye Fanqiang held back his excitement and stuffed her in again.

"Compared with before, my strength is very different, even if it is the invincible beast king, I can contend."

"Don't tease me."

"real!"

Ye Fan's blood vibrated out, enveloping Yue Linglong, majestic and depressing.

At this moment, Yue Linglong was shocked.

"The power of blood!"

"Brother Fan, you actually control the power of qi and blood. How could it be possible! This is the ability that the Beast Emperor possesses. You won't be a monster, right?"

Ye Fan said angrily: "Don't talk nonsense, I have obtained the super body refining method, achieved the domineering body, and the energy and blood skyrocketed, thus controlling this force."

"The beast king in the Phoenix Pavilion is the Golden Retriever. I met him and talked a lot in the early hours of the morning. The Golden Retriever Rat Emperor promised not to do anything before the wedding, but if I grabbed the marriage on the day of the wedding, he would do it. "

"And Nuolan, I suppress it at will; that is to say, now I can take you away from Phoenix Station. Do you understand, understand?"

Yue Linglong was stunned.

How could this be?

She was suspicious, but Ye Fan looked firm and serious, not like telling lies.

"Brother Fan, are you so strong now?"

"if not."

Ye Fan said triumphantly, "Yigao is talented and bold! If I don't have the strength, how can I have the courage to come here alone."

Yue Linglong was finally convinced that what followed was a gloomy face, and muttered: "In other words, I am taking the poison by myself. It is totally unnecessary?"

"It can be understood that way."

"Then I was seen by you for nothing?"

"If you still have your mind, I don't mind exercising."

Ye Fan grinned, his eyes bright.

Yue Linglong is not light.

She wanted to be Ye Fan's woman, but just now she thought she had no hope and wanted to give her body to Ye Fan as soon as possible.

Now that she can escape, Yue Linglong doesn't want Ye Fan to be so cheap. She needs Ye Fan to get married.

But Ye Fan watched her all just now!

This bastard.

"Don't blame me, it's the chance you didn't explain to me. Oh, isn't it the two things? I haven't seen it before. In fact, it's not very big, but the shape is good..."

"Boom!"

Ye Fan's forehead was hammered.

Yue Linglong glared fiercely as she was about to put on her clothes, when she suddenly remembered the sound of knocking on the door.

"Sleep."

When Ye Fan finished speaking, he saw the door opened and Nuo Lan and Yue Liuli walked in.

"Mr. Ye, is the imperial concubine awake? Why do I hear some conversations."

"Hearing a hallucination." Ye Fan said, "I haven't woken up yet, but it's okay."

"what!"

Suddenly, Yue Liuli yelled softly, grabbed the gauze on the ground, and lifted the quilt.

In an instant, Yue Linglong appeared naked again.

Pig teammate!

NS!

Yue Linglong cursed Yue Liuli in her heart, but now she couldn't move, so she could only let Ye Fan look at it.

Ye Fan was embarrassed and looked away.

Yue Liuli said angrily: "Asshole, you assaulted my sister!"

"I do not have!"

"I still dare to argue." Yue Liuli said angrily, "Look at Nuolan commander, my sister has pinholes all over her body, only her arms."

"In other words, Ye Fan only needs to pierce the arm with the needle, so why should I take off my sister's clothes? This is clearly a beast in a costume, an attempt to invade."

Nuolan believes and doubts.

Yue Liuli's explanation makes sense.

Is it possible that he was wrong, this Ye Fan is not a gentleman, a hypocrite, a beast in clothing?

"Miss Yue Liuli, if you don't understand my medical skills, please don't make comments and speculate wildly."

"In addition to acupuncture, I also used massage and patting. I took a lot of your sister's butt, let alone, elasticity!"

On the hospital bed, Yue Linglong's body trembled slightly, and she almost sat up with breath.

at this time.

Both Nuolan and Yue Liuli's eyes were on Ye Fan, so they didn't catch them.

Can't go on like this.

Yue Linglong thought in her heart, and then deliberately snorted, pretending to be about to wake up.

"The imperial concubine is about to wake up."

"Quickly, dress the imperial concubine."

Yue Liuli drove Ye Fan out.

Not long after, Nuolan walked out and said gratefully: "Mr. Ye, thank you so much. The imperial concubine has regained consciousness and is in good health."

"It's a little effort, so don't worry about it. But don't forget, you owe me a favor."

"I won't forget, Mr. Ye wants to tell me at any time, but it must be within the principle and within his ability."

While talking, Nuolan looked back at the ward and got a signal. She told: "Mr. Ye, come in, the imperial concubine wants to see you."

Entering the ward, Ye Fan noticed Yue Linglong's cold face, and he had a foreboding feeling.

as predicted.

Yue Linglong immediately yelled: "Ye Fan, what should you be guilty of!"

"What's wrong with me?"

"Listen to my sister, you intend to invade and desecrate this saint under the pretense of saving me, isn't this a crime!"

"Didn't I also save the saint?"

"Huh, it's over a hundred." Yue Linglong said coldly: "Nuolan, it's okay to leave this person to me, I need to teach him a lesson."

Nuo Lan was taken aback, and said quickly: "Imperial Concubine, Mr. Ye is not like a beast in a costume. Ms. Yue Liuli must have misunderstood it. In addition, Mr. Ye is strong. Huang Concubine, you and Miss Liuli are not his. Opponent. So, let Mr. Ye leave for the safety of the imperial concubine."

"presumptuous!"

Yue Liuli slapped Nuolan and shouted: "You are a servant, dare to teach me!"

"The subordinates dare not."

"It's okay if you don't dare. A Li, let's go back to the ninth floor. Ye Fan, you get me here."

Yue Linglong walked out of the ward with Yue Liuli's support.

Ye Fan "helplessly" spread his hands towards Nuolan, and turned to follow Yue Linglong's ass.

"Nuolan, I don't want the eldest prince to know about this, so don't make a small report."

"In addition, you said he is strong, then you go get me a high-level gun. I think high-level guns should be able to shoot this guy."

Nuolan nodded, "I will make arrangements."

After a while, Yue Liuli had a powerful gun in his hand.

The style is cool and powerful.

This is the strongest rifle of the Dafeng Empire, even if it is a steel plate 20 centimeters behind, it can be shot through instantly, as if hitting tofu.

Yue Liuli played with guns, and said proudly: "Ye Fan, you'd better be honest, if you dare to mess around, I'm not merciful, guns have no eyes."

Ye Fan smiled without saying a word.

The three came to the ninth floor.

I finally don't have to act.

Yue Liuli pointed at Ye Fan with a gun and shouted, "Frankly explain, is it taking advantage of my sister?"

"You should ask your sister about this, she wants to take advantage of me."

"nonsense!"

"Alright, A Li." Yue Linglong motioned to Yue Liuli to put away the guns, and she asked: "Brother Fan, how do you take me away? Just break the window and leave Yukong?"

"That's not a live target. Although I am not afraid of bullets, I can weaken the power of high-grade firearms and bullets, and then use the gas shield to block them; but the Imperial Capital War Department is not that simple, there will be hot weapons to bomb them out of the air."

"Don't worry, there is still time, I will think about the perfect solution."

Ye Fan stood in front of the floor-to-ceiling windows, overlooking most of the Phoenix Terrace, thinking about ways.

Suddenly, a shout came from outside: "Here is the prince!"

Sister Yue Linglong was surprised.

The eldest prince suddenly came over at this time with a full stomach, what should I do, how would Ye Fan deal with it?

Chapter 655: Big secret

"Ai Concubine!"

The big prince's rough voice came from the corridor, and then a burly young man appeared in Ye Fan's line of sight.

The youth looks ugly, but they are good-natured, with the aura of a prince.

Ye Fan had heard that the prince was arrogant and extravagant, and he felt that he must be a tall, thin and wretched man who was ignorant and skillless.

At first glance, the eldest prince is actually a master of horizontal training, with good physical quality.

Ye Fan stood still with his hands behind him.

Yue Linglong and Yue Liuli were sitting on the sofa with haughty faces, as if they were interrogating Ye Fan.

This is the picture the prince saw.

Outside, Nuolan talked about Ye Fan. The eldest prince was not surprised. He looked at Ye Fan a few times, clasped his fist and said, "Thank you, Mr. Ye for saving my concubine. Thank you for your kindness. From then on, you are mine. friend."

"You're welcome."

Ye Fan nodded lightly.

Yue Linglong said angrily: "When will I become your concubine, don't talk nonsense."

The eldest prince smiled and said: "Linglong, whether you are sincere or not, we will get married the day after tomorrow. You are my wife and my imperial concubine."

"You disgusted me when you came?" Yue Linglong was rude.

The eldest prince was not angry, and replied: "I'm here to see the Beast King. I think you should know. I asked a Beast King to protect our wedding."

Yue Linglong sneered: "You are really cautious."

"No way, I also got news that someone came to grab the marriage and I had to guard against it."

Yue Linglong's heart was startled.

Ye Fan's eyelids twitched slightly.

At this time, Yue Liuli deliberately asked: "It's true or false, there are people who dare to come to Dafeng Emperor to grab a marriage. Who told you this joke?"

The eldest prince said meaningfully: "Of course you belong to the Yue family. Except for the third line, the other main lines hope that you and me will be married so that you are no longer a saint. They can re-lect the saint and re Choose the heir of the Yue family."

Yue Linglong's face was full of frost and sullenly said: "So, I hate you very much. Because of you, I can't inherit the Yue clan. I hate you very much. Even if you get my people, you will never get my heart. "

"What I want your heart to do, people who want you are enough. At our level, is it ridiculous to pursue the so-called love? In fact, the reason why I want to marry you by name is not only because you are beautiful, but also with A certain main line of your Yue clan cooperates."

"what?"

Sister Yue Linglong was shocked.

The eldest prince said lightly: "The ancestors of your clan want the miraculous medicine in my hand to extend my life, but I don't know that this miraculous medicine was given to me by a member of the Yue clan."

"The purpose is to pull you from the position of saint through me."

"Linglong, do you understand now? This is actually your Yue clan fighting in the nest, and I picked up the great bargain."

"Oh, right."

The prince grinned with a terrible smile, and said jokingly: "Your clan member is very ruthless. He could have given Gu Qingyun the miracle medicine, but he chose the ugly me to disgust you."

Ye Fan couldn't help but interjected and asked, "The prince, who is Gu Qingyun, your brother?"

The prince turned and said, "No, no, Gu Qingyun is the prince of the Great Demon Empire!"

"The Great Demon Empire, presumably you know it. One of the three empires of the Wild Continent, its emperor is a pinnacle great demon beast, combined with a human woman, and the birth of Gu Qingyun."

"Then Gu Qingyun is extremely handsome and talented. He has already practiced in the second stage of the master and was established as a prince last year."

"Gu Qingyun admires Linglong very much. He even proposed marriage to the Yue clan, but was rejected. Gu Qingyun and I are also rivals. Now Linglong is going to be my woman, Gu Qingyun will definitely die of anger."

"In fact, the biggest suspect who came to grab the marriage is Gu Qingyun. During this time, Gu Qingyun has been quiet. But the more this is, the more it shows that he is brewing big moves. Of course I can't take it lightly, so please move the Beast King."

"As long as Gu Qingyun dares to come, I will let him come and go!!"

The murderous intent in the eyes of the eldest prince is raging, this is a round, the purpose is to kill Gu Qingyun.

Ye Fan was very moved.

This big prince is really lucky, the pie from the sky fell on his hand, and it was still full of meat.

You can marry Yue Linglong for no reason; you can also use the big wedding to kill Gu Qingyun, the enemy.

In addition, marrying Yue Linglong also has the support of the Yue clan, and an 80-90% chance of being established as the prince of Dafeng.

This is three birds with one stone.

Wonderful!

But Ye Fan was a little puzzled, why the eldest prince suddenly came over to tell these secrets.

"Mr. Ye."

Suddenly, the prince turned around and stared at Ye Fan.

"what's up?"

"Are you here to grab the marriage too?" the eldest prince asked with a smile.

Ye Fan calmly said with a smile: "To tell you the truth, I saw Master Saint in the ward just now, my heart was throbbing, and I really wanted to grab a marriage."

"However, this is the Dafeng imperial capital. Even if I am strong enough to bring the saint out of the Phoenix platform, I still can't escape from the imperial capital. So it is impractical to **** a marriage."

The prince nodded.

Ye Fan said again: "It's better to make a deal with the eldest prince and give me the saint woman, and I am willing to help you deal with Gu Qingyun, and at the same time be your guest qing and help you ascend the crown prince. How?"

Yue Linglong said angrily: "Ye Fan, what do you mean? What do you think of me. Is this saint a commodity? You actually use me as a transaction, you are going to die!"

"The saint calms down, I just admire you very much. If I can get you, it will naturally be a big deal in life." Ye Fan smiled and continued to ask: "The prince, what do you think?"

"Hahaha."

The eldest prince suddenly laughed.

"Mr. Ye, I am sure that I am a prince. Gu Qingyun will be sure to kill Gu Qingyun. Why give Linglong to you? Wouldn't it be a big loss for me."

"By the way, Mr. Ye, I heard that you came to Phoenix Station with my eighth younger sister. How come you are such an enchanting fellow with my ugly eighth younger sister? It's not right."

The prince looked at Ye Fan deeply, trying to catch clues.

Ye Fan deliberately asked in surprise, "Didn't the leader of Nuolan tell you? To protect myself, I made a deal with the eighth princess, serving as a guard for the eighth princess for a period of time and treating her illness at the same time."

"Cure?"

The eldest prince was puzzled, Nuo Lan only said that Ye Fan and the Eighth Princess were here, but did not say that the Eighth Princess had changed drastically.

at this time.

A cold word came: "Brother, Mr. Ye did treat me."

The eldest prince looked at it, and was shocked.

"You, are you the eighth?"

"it's me."

The eighth princess nodded indifferently.

Ye Fan is very satisfied with his masterpiece. Compared with the three in the morning, the weight of the eighth princess has dropped a little again.

It looked very strong before, generally thick up and down, but now, the waist contour has been highlighted.

Ye Fan didn't know that when the eighth princess woke up, she saw her appearance in the mirror, crying bitterly, reborn as if she was reborn, and she was grateful.

"Brother, Ye Fan can treat my obesity. It won't be long before I can be like a normal person. By then, although I will not be beautiful, I should not be ugly."

The eldest prince was a little embarrassed.

Obviously, the Eighth Princess heard what he said just now.

"That's good, brother congratulations."

"I know you are on guard against Mr. Ye, but he is indeed innocent, not deliberately approaching me on the Phoenix stage."

Eight princesses explained.

"Some time ago, I caught a handsome guy, but I didn't expect it to be Mr. Ye's disciple. The day before yesterday, Mr. Ye came to the Qingluan Temple, saved his disciple, killed my personal guard leader, and destroyed the Qingluan Temple, the Imperial Capital The war department is wanted throughout the city."

"Yes, I heard."

"Later, Mr. Ye was rescued by Lao Jiu, and I went to the mansion of Lao Jiu to have someone. In order to protect himself, Mr. Ye promised to be my guard and healed me at the same time."

"Brother, is there any problem?"

The prince smiled and said: "No problem, I just ask casually."

The eighth princess was the most beloved daughter of Emperor Dafeng, and her mother was also the most favored concubine, and she had a certain right to speak. With the support of the mother and daughter, she would be a prince.

Of course the eldest prince must give face to the eighth princess.

"Mr. Ye, let's go."

"Wait!" Yue Linglong snorted: "He offended me. I haven't settled the account yet, so I can't leave."

"I heard Nuolan say that Mr. Ye took off your clothes in order to save you. What an offense. If it weren't for Mr. Ye, you are already dead." The Eighth Princess said angrily.

"I don't care, save me is to save me, offense is offense, the two cannot be confused. Besides, I haven't settled with you yet. I was murdered, don't you give me an explanation? Someone from your royal family killed me!"

The eldest prince and the eighth princess looked at each other and felt a little headache, but they didn't doubt Yue Linglong's words, and would not have thought that it was Yue Linglong who took the poison by herself.

They are more willing to believe that the Ninth Prince did it for the purpose of destroying the big marriage and provoke trouble.

Chapter 656: Intricate, wit and courage!

The prince is in a dilemma.

On one side is Yue Linglong, on the other side is the Eighth Princess.

After thinking about it, the eldest prince still thinks that if you can't get Yue Linglong's heart, then there is no need to follow her; and the eighth princess is different, and needs to support herself as a prince.

Besides, Ye Fan is strong and Nuolan is not an opponent. Can such a strong person be taught a lesson?

If it becomes furious, the Phoenix Terrace will be destroyed.

The day after tomorrow will be a big wedding, temporarily unable to build a venue like Phoenix Terrace.

"Linglong, don't make trouble unreasonably, Mr. Ye is your savior, don't talk about lessons or not."

"Your poisoning problem, I will open a case for investigation, and I will definitely give you an explanation."

"Alright Bamei, take Mr. Ye."

The prince waved.

Ye Fan left with the eighth princesses, anyway she stayed and couldn't take Yue Linglong with him, so he needed to think about it long-term.

Moreover, Ye Fan got an important news.

That is Gu Qingyun, the prince of the Great Demon Empire, and it is very likely that he will also come to grab the marriage.

This is easier.

When Gu Qingyun comes to kill, he will have a good chance in the chaos.

As a hunter, you often need enough patience.

Ye Fan deeply understands this truth.

Yue Linglong was very angry and blasted the eldest prince away. Then she calmed down and said angrily: "I didn't expect that my tribe would harm me so much! Even if you want my sainthood, you can compete within the clan, and she is frantic. Going to the Dafeng Empire, it disgusts me! Asshole!"

Yue Liuli's face flushed with anger, "Sister, I guess, it must be Yue Jian Jia, that **** framed you!"

"The first pulse of incense is withered, and there is no desire to fight for power. Only the second pulse has been facing our third channel. That Yue Jianjia has also refused to accept you as a saint, so she must be using the miraculous medicine to make you sick. !"

"Yue Jian Jia, I know she is quite ruthless, but I didn't expect to be able to play with such a big hand." Yue Linglong sneered, "It's just that Yue Jian Jia counts as a thousand dollars, and I didn't even count that I still have a protector."

Yue Liuli said: "Sister, do you think Ye Fan can really take you out of Dafeng Imperial Capital? I still doubt it."

Yue Linglong said: "No matter whether it is achieved or not, I am satisfied. As for the result, let it be fate."

...

at this time.

Rich Hotel, a presidential suite, there are a couple of men and women.

Men are handsome and women are beautiful.

at this time.

Yueyao looked at Yuejianjia with a complicated mood, and at the same time she was deeply jealous.

just now.

Yue Jianjia told her a secret--

She gave the miraculous medicine in the hands of the prince, with the purpose of pulling Yue Linglong from the position of the saint.

The initiator of all this is the beautiful woman in front of him.

Too ruthless!

Yue Yao was very angry at first, angry Yue Jian Jia pushed Yue Linglong into the fire pit.

But Yue Jianjia said...

"Yueyao, have you thought about it! I have already said very clearly that if you want Yue Linglong, you must let her lose her position as a saint, and you must marry her and the eldest prince."

"In this way, Yue Linglong is not a saint, so you can hope to possess her. After getting married, the eldest prince will train Yue Linglong well, and train her like an obedient dog."

"At this time, I can help you talk about it and let the prince allow you to play with Yue Linglong."

"Yueyao, remember that Yue Linglong is too arrogant and she will never look down on you. Don't imagine marrying Yue Linglong and having children. It's impossible. What you need is Yue Linglong's body."

"Think about it, now she looks down on you, and in the future, you want to play with her, step on her under your feet and under your body, wouldn't it be great!"

Yue Yao was terrified, and his hair was horrified.

He became more afraid of Yue Jianjia, and said in a deep voice: "Yue Jianjia, your heart is too vicious."

"I want to control the Yue clan. As the master of a powerful ancient clan, how can I do it if I am not cruel. Don't you understand the principle of being merciful not controlling soldiers."

"Yueyao, I'm telling you these secrets. I just need you to tell me the third-vein marrying plan? I guess Gu Qingyun must have contact with your third-vein and tell me your deployment arrangements!"

Yue Jianjia came over, condescending, showing a fierce domineering.

Yue Yao gritted his teeth and said: "What if I don't say it?"

"Did not say?"

With a lightning-like palm, Yue Jianjia slapped Yueyao flying.

Her strength is better than Yue Yao.

"puff!"

Yueyao spewed blood and burned with anger.

Yue Jianjia said coldly: "You know so many secrets, how could I save your life."

"Do you dare to kill me?"

"Why don't you dare, you have repeatedly disrespect me a few times before the third vein, so I quietly beheaded it, have you found it out?"

"Oh it's you!"

Yue Yao blushed and roared.

But the next moment, he was terrified.

Yue Jianjia even told this secret, if he didn't follow, he would definitely be killed.

"Is you going to go down to the King of Hades, or follow me, and play with Yue Linglong in the future. Even, when I take control of the Yue clan, I can promote you to the power, the beauty of the clan, let you control it."

"Is this really true?" Yue Yao's eyes were bloodshot, and the blood was surging, and she became excited.

"This saint, disdain to lie to you."

Yue Jianjia has already claimed to be a saint, extremely arrogant, and completely defeated Yue Yao's psychological defense.

"Okay, I said."

Yue Yao stood up, wiped the blood from the corner of her mouth, and said: "Gu Qingyun does have contact with us and has a complete plan..."

...

The eighth princess took Ye Fan back to the bedroom.

Suddenly bowed deeply and said gratefully: "Mr. Ye, thank you."

"His Royal Highness doesn't need to be like that, it's just a matter of effort." Ye Fan waved his hand, "If the princess hadn't appeared in time just now, I'm afraid it would be difficult to get out."

"Relax, with me, no one in the Dafeng Empire can touch you, even if it is my father."

"Then I will feel at ease."

Ye Fan wrote a prescription and said: "Give it to the subordinates to decoct the medicine, take it three times a day, to regulate the body; in addition, pay attention to the diet, eat more light, and exercise more. It is best to find a horizontal training master, Following the practice, there are great benefits."

The eighth princess rejoiced and said: "I understand. I didn't see hope before, lived in a muddle, and did a lot of wrong things. Now that I have a new life, I will work hard and I will never let you down."

"Come on, give everyone a surprise! I believe His Royal Highness will be like your mother's queen."

"Thanks a lot."

The eighth princess was as sweet as she was eating honey.

Growing up, no man had ever said this to her.

I never thought that one day the term "all the country and the city" would be used on myself.

At this moment, the eight princesses' love for Ye Fan grew stronger, but at the same time there was still some shame.

Ye Fan is so good.

Not to mention his strength, his character is also so noble, I am afraid that only a woman like Yue Linglong can match him.

The eighth princess felt a little lost, but when she thought of her mother's peerless queen, she ignited hope again.

A mother must have a daughter. Why can't I be as beautiful as my mother's queen?

Don't you say, there are only lazy women in this world, and no ugly women.

"your Highness."

"Well, what's the matter?" The Eighth Princess asked in return.

"Remember my disciple Kong Liangheng is seriously injured and dying? I have to go for treatment and need to leave Phoenix Terrace. I wonder if it is possible?"

"Of course it can. This is just a small matter." The Eighth Princess called to Nuolan, asked for a pass, and said, "Mr. Ye, take this pass and you can enter the Phoenix Terrace at will."

"Thank you!"

Could it be that Ye Fan hurriedly left because of the passage order.

The eighth princess saw that Nuolan's expression was not right, and hummed: "Isn't it just a pass, if you don't want to make a big move, Brother Fan doesn't need this thing, just come up directly from Yukong."

"Your Royal Highness, you are misunderstood, I actually..." Nuo Lan said, "Can you please speak and let Ye Fan help heal the scar on the corner of his eye?"

"That's okay, I'll talk about it when Brother Fan comes back."

"Thank you princess."

...

Ye Fan contacted Tang Ying and met in a mountain range in the suburbs.

"Master, you are finally back, Liangheng is almost dead." Nangong Ba said anxiously.

Hell's three-pointed hand only temporarily sealed his breath.

Three-day period.

It has been two days now, Kong Liangheng is indeed going to die at any time.

Ye Fan was treated immediately.

An hour later, Kong Liangheng's injury was stable and there was no life crisis.

Ye Fan said: "Now I have gained the trust of the Eighth Princess, and I have also met the eldest prince and Yue Linglong; I also know some big secrets. Don't hide in the mountains, let me go to the city."

"By the way, apart from Yue Liuli, has Yue Yao contacted you?"

Tang Ying shook her head.

Ye Fan groaned: "This big marriage is related to the establishment of the Yue family's saint, the Dafeng prince, and the life and death of the Great Demon Empire prince. It will involve a lot of things. The Yue family is also extremely complicated, and the third line is just You want to use me, so except for Linglong, Yueyao and other third-line people cannot be trusted."

"Where is Yue Liuli?"

"beware!"

Ye Fan spit out two seriously.

At this moment, a message was sent to Tang Ying's mobile phone. She looked at it and said, "Yue Liuli said it was Yue Yao who took us to the city and asked where we were?"

Chapter 657: Bombing

"Xiao Fan, how come back?" Tang Ying and Qiongqi felt that things were not simple.

Ye Fan also said just now that Yueyao and other third-line people are not credible, and now the news is coming.

Pick them up to the city?

It seemed that Ye Fan was hunted down that day, and the third vein said that he would not intervene. Why did his attitude suddenly change?

Ye Fan said, "Ignore it and turn off the phone. From now on, don't contact Yueyao and others. I suspect that we have been betrayed."

"Fuck, bastard, we came to save Yue Linglong, but we were betrayed. Niang's, boss, should I shoot that little girl Yue Yao to death in the past?"

"Don't act rashly, it's just a small role. The day after tomorrow is the big wedding, don't make trouble before the big wedding. On the day of the big wedding, I will take action. You don't have to bother."

"When Liangheng wakes up, I will arrange for you to leave Dafeng Imperial Capital."

This time, Tang Ying and Qiongqi had no objection.

Because Ye Fan has already penetrated inside and established trust with the Eighth Princess, there is a lot of room for maneuverability.

Ye Fan arranged Tang Ying's four in a remote hotel, then went to the drugstore to grab some medicine, and returned to let Tang Ying decoct; he continued to treat Kong Liangheng's injuries.

In the evening, Tang Ying said: "Xiao Fan, how about the four of us leaving the imperial capital at night to go to the Thunder fighter plane, with abundant resources and advanced equipment, so that Liangheng can recover from his injuries."

This is true. The medical equipment on the Thunder fighter can be described as world-class.

However, Ye Fan shook his head: "If I'm not mistaken, Yueyao has sent someone to lurk on the Thunder fighter, just waiting for us to cast our trap."

"Then what to do?"

"Of course there is a way." Ye Fan twitched the corner of his mouth, took out a palm-sized screen, and lit it, with many settings on it.

Qiongqi explained: "Sister Liu, this is a remote control device that can remotely control the Thunder fighter within 80 miles."

"Boss, but we are far more than eighty miles away from the fighter."

"Two hundred and eighty miles."

On the screen, the distance is displayed.

Flashing red light.

This means that the distance exceeds the limit and remote control is not possible.

"Clean up, let's leave."

after an hour.

Ye Fan and his party came to a place near the city gate, and the red light on the screen finally turned into a green light.

"It's OK!"

I only saw that an image of the Thunder fighter appeared on the screen, and the intelligent voice asked: "Do you want to turn on the fighter activation device?"

"So advanced and amazing!" Tang Ying admired, "It is worthy of being the top fighter in the Tianzun Palace, and it is already comparable to the Dongfeng fighter of the Great Xia Kingdom."

"Xiao Fan, take the Thunder fighter out of the mountains and change a place. We are now out of the city."

"Not in a hurry."

Ye Fan twitched the corner of his mouth and said with a smile: "Let's take a look, is there someone lurking near the fighter plane?"

"Turn on the biometric scanner. Turn on the global camera."

"Ding Dong!"

"The biological scanner has been turned on!"

"Ding Dong!"

"The whole world camera is on!"

...

Outside the imperial capital, in a mountain range.

A lot of people gathered around the Thunder fighter, and a group of soldiers lurked farther away.

"What a cool fighter, just with this momentum, it will explode all the fighters in my Dafeng Empire."

It is a general who speaks.

The name is Hu Yanzhao.

A member of the Huyan family, a general guarding the city at the west gate of the imperial capital.

He has been watching the Thunder fighter for a long time, and he was amazed; he once asked his subordinates to break the boot cabin, but found that the bullets could not penetrate.

Only the missile can blast off.

But once this happens, this magnificent and cool fighter will be ruined.

"General Huyan, the important thing is not the fighter, but the arrest of Ye Fan!"

It was Yueyao who spoke this time.

At the Feng Rao Hotel, he betrayed the Third Vein and fully informed Yue Jian Jia about the deployment plan of Gu Qingyun and the Third Vein.

At the same time, Ye Fan was also exposed.

Of course, Yue Yao didn't know Ye Fan's background, because Yue Liuli only told her "aunt" Ye Fan's identity, and Yue Yao didn't know.

Later, Yue Jianjia contacted the eldest prince, saying that he had found a group of suspicious persons who wanted to destroy the wedding, and borrowed a group of soldiers to arrest him.

The eldest prince trusted Yue Jianjia very much.

Because the two are grasshoppers on the same rope.

He did not ask who the suspicious person was, and directly ordered Hu Yanzhao to cooperate.

Yue Yao didn't get Tang Ying's location for a long time, so he brought Hu Yanzhao to this mountain and found the Thunder fighter.

"This fighter is so good. If it can become my car, it must be very exciting."

"You must capture Ye Fan, let him open the cabin and give me control."

Hu Yanzhao is plausible.

He didn't know who Ye Fan was.

Although Ye Fan destroyed the Qingluan Palace the day before yesterday and also attracted the arrest of the Imperial Capital War Department, it was nothing more than a trivial matter for the huge imperial capital.

What's more, Hu Yanzhao is not in control of the city's public security, but a general defending the city away from the city.

I heard that there was nothing else but Hu Yanlie's jurisdiction, but he didn't ask in detail.

The Huyan family is huge, with many people, and the internal competition is fierce. Hu Yanzhao and Hu Yanlie do not have deep friendship.

"Yue Yao, are you sure that Ye Fan will come here?"

"Sure." Yue Yao said vowedly: "Ye Fan is hunted down, and if he can't stay in the Imperial Capital, he will definitely come here to drive the fighter plane and leave. We just need to wait and wait."

In addition to Yue Liuli, Yue Yao and other third-line people also believed that Ye Fan was wanted and pursued, and they didn't know that Ye Fan had resolved the crisis.

Yue Yao was still very nervous in her heart.

If Ye Fan appeared and failed to kill and let Ye Fan escape, he would tell Yue Liuli the news, then he would be in trouble.

It is impossible for any family to tolerate the children of the traitorous clan; and for such a huge ancient clan like the Yue clan, it is extremely harsh.

Once found, there is a dead end.

"Ye Fan, come on!"

"I can't wait to shoot you, of course, don't blame me!"

"Yue Jianjia is right. Normally I will never get Yue Linglong, and even that **** is reluctant to look at me more."

"Only by following Yue Jianjia, I can hope to play with Yue Linglong, who is a bitch. In the future, I will ruin and abuse her fiercely!"

Yue Yao roared in his heart.

It seemed as if I had imagined that kind of unbearable picture, the blood was surging, and then there was a shiver, and it was over.

Hu Yanzhao took a look and said with a joke: "What's wrong with you, inexplicably launching small tadpoles. It's so fast that you can't use up more?"

Yueyao was embarrassed.

All this, including the conversation between the two, was recorded by the panoramic video of the fighter plane.

...

"vomit!"

Tang Ying was vomiting, and said in disgust: "This Yueyao is so disgusting, it's such a waste!"

Qiongqi was murderous and cursed: "Really betrayed us, **** thing!"

Ye Fan's face was also extremely ugly.

This is something he didn't expect.

"Boss, stop them." Qiongqi raised his head in a cold tone, his eyes shone with coldness.

"Alright!"

Ye Fan looked solemn and pressed a red button on the screen.

Suddenly.

The Thunder fighter opened its eyes like a sleeping lion, as if it had come to life.

The whole body is radiant.

"what happened?"

Hu Yanzhao and Yue Yao were alarmed.

At this time, among the fighters, Ye Fan sneered: "Yue Yao, I didn't expect you to still play this hand. Betray me, does Yue Liuli know about this?"

"Ye Fan!"

Yueyao's pupils contracted.

In the next second, his face changed drastically, and he had a bad foreboding, so he turned around and fled without hesitation.

"boom!"

A missile is launched.

It exploded just in front of Yueyao, destroying a group of hidden soldiers, and was so scared that Yueyao's face turned pale, and was impacted by the aftermath of the explosion and flew back upside down.

"Damn it!" Hu Yanzhao was shocked and roared: "Everyone disperse! Disperse quickly! Open fire! Destroy this fighter, hurry up!"

However, their speed is no match for the Thunder fighters.

Boom boom boom!

The missiles were launched one after another, razing the surrounding area to the ground in the blink of an eye.

The soldiers and horses that Hu Yanzhao brought were killed and wounded seven or eight.

Immediately afterwards.

The sky fire covered Hu Yanzhao and his lieutenants.

Although Hu Yanzhao is a horizontal training master, with bronze skin and iron bones, the firearms equipped with Thunder fighters are all top-notch.

Hu Yanzhao and others couldn't stop it at all.

In one breath, he was shot into a sieve, and one could not die again.

In the audience, only Yueyao was left alive.

And he had already peed his pants...

Chapter 658: See the big demon prince!

Click, click, click.

The Thunder fighter was completely activated, floating in the air, and a series of organ pipes were aimed at Yueyao.

As long as Ye Fan gave orders, Yue Yao immediately returned to the west.

"Puff."

Yue Yao didn't hesitate at all, kneeling on the ground, shivering; Hu Yanzhao's tragic death really scared him stupid.

It was real, full of holes, densely packed up and down, shocking and terrifying.

"Brother Fan is forgiving."

"Now I know my name is Brother Fan, didn't you just want to cheat me?"

"Don't dare! Brother Fan forgive me, I don't dare anymore, it's all my ghosts. For the sake of Linglong and Liuli, please spare my life."

Qiong Qi said: "Boss, if you have anything to do with him, just shoot and kill him directly."

This word came out through the fighter's speaker, causing Yueyao to pee and tremble, unable to speak.

Tang Ying looked at the screen image, disgusted, this Yueyao was really wasteful.

Ye Fan sneered and said, "As a third-line person, you betray me, that is, you betray Linglong. You are ashamed to say that I will spare you because of Linglong's face!"

Rumbling.

The fighters roared as if they were about to fire.

Yue Yao's face changed drastically, and she shouted: "No! Don't! Brother Fan, I didn't mean to betray you, I was also forced."

"What's the meaning?"

"It's Yuejianjia, she forced me to say it."

"Who is Yuejianjia? You should be clear and detailed. Maybe I can spare your life."

Yueyao saw the hope, so she couldn't care about other things at all, so she told them all.

After listening.

Ye Fan couldn't calm down for a long time.

This month Jiajia is too vicious, and it is the most poisonous woman's heart!

"Brother Fan, I've said everything that should be said, it's all the **** Yuejianjia, I'm just a little girl, please spare my life, Brother Fan, I won't return to the capital, I rolled away."

Yueyao was overjoyed, and his five bodies fell to the ground.

"Thank you Brother Fan, you are my second parent."

"Don't be happy too early."

Suddenly Yueyao stiffened.

"All the images and conversations just now have been recorded. If I send Liuli to ask her to give 'Auntie', what will be the consequences?"

Yue Yao tremblingly said: "The end of betrayal is death, I will be thwarted and ashes!"

"Yes! So, you should know what to do? Tell the news to the moon, or pretend that nothing happened, and the moon and the snake?"

Yueyao's mind turned sharply.

Telling Yue Jianjia what happened here, the consequence is that Ye Fan reports it, and he is a capital crime; the poisonous woman Yue Jianjia cannot save him, and will separate everything from him.

If he didn't say anything, he continued to pretend to arrest Ye Fan, dragging time, and at least he was safe and sound when the wedding was over.

How to choose is obvious.

Yue Yao shouted: "Brother Fan, I am not a fool, I know what to do."

"Just know! Finally, I want to ask you, if you betray me, does Yue Liuli know? Did she participate?"

"That's not true. Yue Liuli and Yue Linglong are as close as sisters, and it is impossible to betray. I don't have Tang Ying's contact information, so I asked Yue Liuli to ask."

"Well, you can do it yourself!"

When the words fell, the fighter jets soared into the sky and disappeared in the blink of an eye.

call! call!

Yue Yao finally breathed a sigh of relief.

"Ye Fan, bastard!"

"Dog bastard!"

Thinking of her embarrassed appearance, Yue Yao hated the sky and cursed.

However, he really didn't dare to confide in the news.

Looking at a corpse, Yue Yao had a headache.

"How should I explain this? Forget it, I won't return to the capital before the wedding, pretending to catch Ye Fan with Hu Yanzhao outside."

...

The fighter plane moved to another mountain range.

The city gate is under martial law.

But Ye Fan has a pass.

Although it was a pass from Phoenix Mountain, being able to get this was enough to show that he was a high-ranking empire, and the guards would dare to stop him.

The four Tang Ying entered the Thunder fighter safely.

Then Ye Fan came to Phoenix Terrace.

He sent a message to Yue Liuli.

Not long after, Nuolan found Ye Fan.

"Mr. Ye, you just came back. The imperial concubine is still a little unwell. Miss Yue Liuli asked you to show it to the imperial concubine."

"No, I think she is looking for an excuse to let me go, but in fact she wants to teach me, huh!"

Ye Fan wanted to catch it.

Nuolan smiled bitterly: "Mr. Ye, now the eighth princess is protecting you, the imperial concubine can't help you. Please go and see, the provincial imperial concubine is making trouble."

The eighth princess walked out of the bedroom and persuaded: "Mr. Ye, Nuo Lan said it is right, you don't have to be afraid of Yue Linglong, I am here."

"Well then, let me take a look, if those two little girls make unreasonable troubles, I will use a little trick."

The Eighth Princess and Nuolan looked at each other and asked, "What little trick?"

"I am a genius doctor. I can treat illnesses and harm people. I will get a little needle and cause an endocrine disorder. It's hard for them to feel uncomfortable!"

"puff!"

The Eighth Princess and Nuolan laughed.

Ye Fan is too funny and humorous.

...

Ye Fan came to the ninth floor.

Seeing that no one was coming, Yue Linglong asked hurriedly, "Brother Fan, why should I rush to see us?"

"I want to see Gu Qingyun and help me build a bridge."

"what?"

Yue Linglong was shocked.

Yue Liuli looked weird and asked, "What did you see him doing? You two are rivals in love. If you meet jealously and fight hard, isn't it a bad thing?"

Ye Fan said seriously: "I won't tell you the reason. Anyway, I see that he has something important. Liuli, can you contact him?"

"Yes, I have Gu Qingyun's contact information. He is frustrated in pursuing Linglong sister, and wants to use me as a breakthrough point. It is very good for me. Gu Qingyun is currently located, even my aunt doesn't know, and he doesn't meet with her aunt, so he is very cautious. . But when I speak, Gu Qingyun will definitely agree."

"Then don't fudge, let's get in touch."

Ye Fan sat down and grabbed a cup at random and took a sip.

Yue Liuli was taken aback, that was her cup.

"It doesn't matter, you will be Brother Fan's woman anyway," Yue Linglong said with a smile.

"What?"

Ye Fan was puzzled.

Yue Liuli blushed with shame, glared at Yue Linglong, and turned to contact Gu Qingyun.

Ye Fan looked at Yue Linglong, she smiled without saying a word.

What the **** are these two sisters doing?

After a while.

Yue Liuli informed Ye Fan that Gu Qingyun agreed to meet, but she had to let Yue Linglong talk to him, and Yue Linglong had to decide the location.

Ye Fan nodded secretly, and from this it could be seen that Gu Qingyun extremely trusted and admired Yue Linglong.

In this way, he can also trust Gu Qingyun.

"Hey, it's me."

Yue Linglong picked up the phone and turned on the speakerphone.

A voice full of magnetism came from the other end: "Linglong, it's been three months since our last contact. After three months, I finally heard your voice again. It's wonderful."

"Don't talk about anything useless, how can I decide the location, I don't know where you are?"

"I'm in Dafeng Imperial Capital."

The three of Ye Fan were surprised.

Gu Qingyun had already mixed into the Dafeng imperial capital. It was amazing and courageous enough!

Yue Linglong said: "You have to be careful, don't expose it."

"Are you caring about me?"

Yue Linglong frowned and hummed, "Location Phoenix Mountain."

Gu Qingyun: "..."

"Linglong, it's too much, it's too dangerous for me to go there."

"It's on Phoenix Mountain, the same! On the day of the wedding, the Phoenix Mountain was heavily guarded, and now the guards are normal. If you can't settle the current level of martial law, then leave quickly, don't think about robbing the marriage."

"Who says I can't settle it, even if it is the imperial palace of the Dafeng Empire, it is easy for me to go in."

"Blow your sister."

"Hey, I have a unique knowledge that allows me to easily get in and out of any place." Gu Qingyun said unpredictably, making Ye Fan more curious.

Chapter 659: Gu Qingyun VS Ye Fan

"What kind of jerk?"

"This is my big secret, how can I tell others, I didn't even tell my father, queen and mother. But I can tell my wife, so Linglong, as long as you..."

"Okay, don't say it." Yue Linglong interrupted Gu Qingyun. "An hour later, on Phoenix Mountain, there will be a man with white clothes and silver hair waiting for you."

After speaking, he hung up the phone.

Ye Fan smiled and said, "This Gu Qingyun is quite interesting."

Yue Linglong snorted: "I'm so bored, I definitely rejected him, and I still don't give up. However, he dared to grab the marriage, and I am very grateful to him."

"Then I will go first."

Ye Fan swayed down the mountain.

The so-called Phoenix Mountain is actually the towering mountain pillars that support the Phoenix Terrace, and the surrounding area is flat grassland without any cover.

In this environment, Gu Qingyun is indeed very likely to be exposed when he comes over.

Ye Fan is looking forward to it, what will Gu Qingyun do?

Time flies, almost forty minutes, and a limousine arrives in the distance.

Gu Qingyun is here?

Ye Fan was dumbfounded, so he drove over so blatantly?

as predicted.

The car was immediately stopped by the sentry on Phoenix Mountain, but the sentry took a look and actually knelt on the spot.

Not Gu Qingyun?

Just when Ye Fan was puzzled, the car stopped in front of him, and the window opened, revealing the face of the eldest prince.

"It turns out to be the prince. I'm tired of staying at the Phoenix Terrace. I'm going down the mountain to get some air. What's the matter with you?"

"Get in the car."

Ye Fan smiled, "How dare you not follow the invitation of the prince."

Rumbling.

The car speeded, leaving the Phoenix Mountain area.

Ye Fan was ready to take action. Suddenly, the "big prince" said: "White clothes and silver hair, Linglong is talking about you. Who are you?"

"Gu Qingyun!"

Ye Fan cried out.

"it's me!"

The corner of Gu Qingyun's mouth rose, and then, under Ye Fan's shocked eyes, Gu Qingyun's face began to change, and gradually changed drastically.

Within ten seconds, he had already turned into a handsome and fascinating man.

This is his true face.

If you just look at a face, you might think it is a woman.

Gu Qingyun is indeed as handsome as a demon.

"hiss."

Ye Fan took a breath.

Change appearance! !

Good guys!

No wonder Gu Qingyun said that as long as it is willing, the palace can go in and out freely.

"What's this?"

"Disguise."

"Awesome." Ye Fan admired, "Thousands of people, thousands of faces, amazing skills."

"Thanks."

Gu Qingyun nodded faintly.

The car came to a forest park.

The two got out of the car.

By the lake, Gu Qingyun said, "Let's say, who are you and what does it have to do with Linglong? Why do you want to see me?"

"Ye Fan, friends, I saw you to save you."

"Friend? What friend? Why haven't I heard of it?"

"Do you know all of Linglong's friends? Not that." Ye Fan said with a smile.

Gu Qingyun's face sank.

Gradually, an overbearing and ruthless aura emerged.

Master Heng Lian dual stage.

This age, this strength, can be described as a genius evildoer.

However, Ye Fan didn't care, his breath immediately suppressed Gu Qingyun.

"Um?"

This shocked Gu Qingyun.

This is terrible!

Gu Qingyun's face became extra deep, how could such a enchanting man appear next to Yue Linglong.

A sense of crisis was born in Gu Qingyun's heart.

This special code is a rival in love!

Gu Qingyun suddenly realized.

"Ye Fan, I haven't heard of you such a villain, let me see if you are bluffing."

When the words fell, Gu Qingyun shot.

The fierce and domineering punch actually faintly affected the power of the sky. Although it was extremely subtle and disappeared in a flash, it showed that Gu Qingyun would be able to touch the threshold soon.

Nuolan was in his early thirties and achieved "Half a Step for the Unity of Heaven and Man", while Gu Qingyun was only twenty-five and six years old, and he must take half a step within three years.

That is to say, he is less than thirty years old. This kind of achievement can be said to be top-notch first-class in the entire Wild Continent.

As expected of the Great Demon Prince!

Ye Fan admired and admired, still standing with his hands behind him, motionless like a mountain.

"You despise me!"

Gu Qingyun was furious, and his strength suddenly skyrocketed.

Bang!

This punch hit Ye Fan sturdily, but it made Gu Qingyun's expression change drastically.

"This flesh!"

Gu Qingyun continued to retreat, stabilized his figure, and his face was uncertain.

"What a strong physical body, how did you practice it? Are you already a peak horizontal training master, who has completed the unity of nature and man."

"No."

Ye Fan shook his head.

"I can't use the power of heaven and earth, but my physical body should be stronger than the pinnacle horizontal training master."

Gu Qingyun's heart could not be calm.

He has already used 70% to 80% of his strength just now, so powerful that he can penetrate even a ten-centimeter-thick steel plate.

But he couldn't touch Ye Fan's body.

It's simply unreasonable.

Gu Qingyun estimated that he could not shake Ye Fan with ten percent of his strength.

A sense of frustration grew spontaneously.

Ye Fan said, "The prince doesn't need to be discouraged. I have a lot of good fortune. I swallowed the peerless medicine and reborn."

"I see!"

Gu Qingyun said enviously: "The Peerless Medicine is too rare. My father broke into a few restricted areas and spent a lot of money to find me half a Peerless Medicine."

So hard to find?

Ye Fan didn't believe it.

In the Wanzang Mountain in the Northern Wilderness Luolongpo, he found two in a short time: a dracaena and a red vermillion fruit.

The Wilderness is rich in resources, especially the so-called forbidden zone, where there are treasures everywhere.

The emperor of the Great Demon Empire is the pinnacle-level beast emperor, much stronger than the Golden Retriever, the Black Flood, and the Titan Giant Ape. How could it be possible to find only half of it for Gu Qingyun?

This emperor is too good.

Still, he was too stingy with his son and deliberately hid it and refused to give it to him.

Chapter 660: Three evildoers gathered in the imperial capital!

In fact, Ye Fan is thinking about it, and the peerless medicine that can be reborn is indeed extremely rare.

There are not many of the many restricted areas in the wild.

As for Wanzang Mountain, I can't say much, but Ye Fan is really lucky. The **** is transported, and it can't be stopped. There is no solution!

Having said that, Ye Fan pointed Gu Qingyun a few times, and said several weaknesses in Gu Qingyun's body.

Just as in the abyss of evil, Ye Gongye Potian punched out all the weak points in Ye Fan.

Ye Fan also has this vision now.

It's because of practicing "Bati Jue".

This super body-refining secret method is inexplicable and infinite, and while practicing, it also improves Ye Fan's vision, and he can naturally see the physical defects of others.

"admire!"

Gu Qingyun clasped his fists and was convinced.

He felt the points pointed out by Ye Fan. They were indeed flaws. If they were repaired, his strength could be improved a bit.

At this moment, Gu Qingyun's attitude towards Ye Fan has changed, adding a trace of admiration.

But the rival is still the rival, Gu Qingyun will not forget this.

"You just said that you saw me to save me?"

"indeed."

"What do you mean, please tell me clearly."

"Your battle plan has been exposed, and the prince has already cleared it up, and is waiting for you to throw yourself into the net."

Gu Qingyun was startled, his face was suspicious, and his brows furrowed.

Ye Fan knew that Gu Qingyun didn't believe it.

So, he repeated the battle plan, Gu Qingyun's face was extremely ugly.

"A traitor in the third vein?"

"Smart." Ye Fan nodded, "There are indeed traitors. As for who they are, it's just a small character."

"You want to see me, tell me this, do you want to do it?"

"Hahaha, talking to smart people is simple. The prince is right. He will do everything in his plan and fight against the big prince."

Gu Qingyun pondered: "This is indeed a good strategy!"

Ye Fan said: "On the day of the wedding, please fight the prince and the prince, I will take advantage of the chaos to take Linglong away."

"Why!"

"Why are you taking Linglong away? Why didn't you fight with the prince?"

Ye Fan shrugged and said with a smile: "Because I have already gotten into the Phoenix Terrace and gained the trust of the Eighth Princess. On the day of the wedding, I can even attend the wedding. This is the advantage. How about you, Prince?"

Gu Qingyun's eyes were deep.

The strength is weaker than that of himself, and now he has also lost in rescuing Yue Linglong.

Everyone got mixed up at the Phoenix Terrace, came in and out at will, and was able to attend the wedding.

In fact, Gu Qingyun had also thought about mixing into the Phoenix Station, but the risk factor was very high.

His disguise skills are magical, but he hasn't practiced it to the extreme, and there are flaws in imitating the appearance of others.

Just imitating the prince, it was because Ye Fan was not very familiar with the prince, otherwise he would be able to tell the fake one at a glance.

Furthermore, there is a time limit for imitating looks.

At present, Gu Qingyun can only maintain it for half an hour.

"Don't think it's a good thing to mix into Phoenix Station. I can also enter. It's not that difficult."

Ye Fan knew that Gu Qingyun was hard-mouthed, so he didn't say much on this topic.

"Let's do it, I hope the prince will make preparations and create opportunities for me when I get married the day after tomorrow. On the issue of rescuing Linglong, we must be unified."

"I know it in my heart."

Gu Qingyun took a deep breath and said, "Ye Fan, although I didn't shake you just now, that's not my full strength. It's still early, let's learn from each other."

"The prince is interested, I am happy to accompany you."

"war!"

In an instant, a burst of energy and blood burst out.

Ye Fan's pupils shrank.

Gu Qingyun unexpectedly displayed the power of energy and blood... After thinking about it, Ye Fan was relieved.

His father is the pinnacle beast king, he has been trained since he was a child, and it is within the scope of understanding to be able to control this power.

"That's interesting."

The corner of Ye Fan's mouth twitched, the tiger's body trembled, and blood rushed out.

Gu Qingyun opened his eyes wide, and shouted in disbelief: "How is it possible, you will also be powerful!"

"Why not?"

The blood mist behind Ye Fan was raging, and he was like a killer in a sea of blood.

The silver hair began to be dyed red by the blood mist.

Turned into red hair.

White clothes with silver hair, banned the gods; white clothes with red hair, earthly Shura! !

Because Gu Qingyun had the blood of the Beast Emperor, his blood was not red, but purple.

This shows that his father's blood is purple.

Purple represents nobility.

It can be expected that the bloodline of the Great Demon Emperor is very top, and the peak Beast Emperor of the top bloodline is so terrifying that it is immeasurable!

"boom!"

"boom!"

The two atmospheres collided, and for a time, the huge lake exploded, and the water waves were soaring.

...

During the battle between Ye Fan and Gu Qingyun, an eye-catching young man walked through the gate of the Dafeng imperial capital.

The young man is very handsome, but he has a strong savage and fierce aura, like a mature and fierce beast.

He wore a beautiful and powerful outfit made of animal skins, a black suit with two Hetian jade pendants hanging from his waist.

The jade pendant is carved with a beast pattern: a gorilla, a big-eyed beast.

The young man had a feather fan in his hand, black, swaying gently.

"It's a coincidence. I came from a non-mainland continent and met the prince of the Dafeng Empire. I don't know if I can ask for a wedding drink."

The youth muttered to himself.

He is the emperor of the non-mainland virgin forest.
