Chapter 671: The purpose of the Lord Brahmin!

gone.

That's it!

This big wedding ended up with such a result.

The Dafeng Empire suffered a lot.

Although Gu Qingyun can get 30 billion compensation, the Feng Rao Hotel was destroyed, the Phoenix Terrace was also destroyed, and the palace was burned a large piece...

The total loss is more than 30 billion.

The key is face.

The face of the empire was lost.

"Emperor Dafeng, I will withdraw first."

"I also withdrew, goodbye!"

"Go away!"

The spectators left one after another.

Hu Yanzhen also retreated quietly.

At this point, Emperor Dafeng was furious, kicked the prince, and shouted: "Idiot, it's all your sin!"

"Father, I can't be blamed... blame Lao Ba, she is the one who led the wolf into the house."

The eldest prince pointed to the eighth princess.

At this moment, the Eighth Princess looked at the sky blankly, thinking of Ye Fan in her mind.

Emperor Dafeng glared at the Eighth Princess, but the first concubine snorted dissatisfiedly. He couldn't blame the Eighth Princess. Besides, people looked at the sky stupidly and ignored him.

There was nowhere to spread the anger, Emperor Dafeng looked at the Yue clan, and said angrily: "Well, you guys have been watching the show, and never let a fart from the beginning to the end!"

The ancestor's face was gloomy.

In fact, she had long wanted to arrange for people to take action. The Yue clan is strong, and there are many Henglian masters who are great masters and the unity of nature and man.

But.

Disputes and differences arose within the clan.

More and more people began to disagree with Yue Linglong's marriage.

This may have something to do with Ye Fan's enchanting posture and Gu Qingyun's powerful master.

Yue Yinghuo didn't expect Yue Linglong to escape in the end, her wedding was successfully destroyed, and she was smiling all over her face.

"Old ancestor, the wedding has not been completed, Linglong is still a saint."

"I don't agree." Yue Jianjia was not reconciled, she painstakingly planned the layout, but in the end she was completely empty.

"Yue Linglong has been in the Phoenix Pavilion for so many days, I am afraid that the prince has already been fucked, and has lost her body. Right, the prince?"

"Yes, Yue Linglong has been **** by me a long time ago. She is not a perfect body, and she is not qualified to be a saint." Of course, the eldest prince must support Yue Jianjia.

"You fart!"

Yue Liuli angrily rebuked: "Yue Jianjia, I am by my side with Linglong sister. I know that my sister is the perfect body, so you can't talk nonsense."

"On the contrary, you, for your own benefit, murdered the tribe, with a vicious heart and shamelessness."

"What did you say!"

"Why, do you want me to speak out in public. Don't think I don't know what you are doing with the prince."

Yue Jianjia "cocked" in her heart and became nervous.

The ancestor squinted and snorted coldly: "Don't make a noise, don't be ashamed."

"It's the patriarch."

Yue Jianjia immediately stopped talking.

Yue Liuli is also very clever, holding some secrets in her hand, that is the handle, if you pierce it, the effect will be lost.

The ancestor said coldly: "The prince, should you give me the miracle medicine?"

"Yue Linglong is gone, you still ask me for a strange medicine?"

"It's your business that Linglong is robbed of marriage. Who told you that you can't stop it, what to do with me. Is it because the eldest prince is going to turn back, do you think my Yue clan is easy to bully?"

The eldest prince looked cold all over by the old woman.

At this time, Emperor Dafeng waved his hand and said impatiently: "Give her the miracle medicine and let them go."

"Give you!"

The eldest prince threw out a wooden box, and the ancestor took it and opened it to take a look. The fragrance of medicine suddenly overflowed.

The old ancestor's eyes brightened and he laughed and said: "What a miraculous medicine, it is enough to extend my life span by five years. Big prince, thank you. The marriage contract between Linglong and you is still valid, as long as you can catch Linglong, then he is yours. ."

"really?"

"Will the old man lie to you?"

"Hahaha, thank you ancestors, you walk slowly." The prince turned anger into joy.

Yue Yinghuo and Yue Liuli looked at each other, and said nothing.

With Ye Fan's ability, the eldest prince can catch Yue Linglong with this rubbish?

Want to fart!

...

Outside the capital of Dafeng, among the mountains.

A top of a peak.

The Dapeng Bird landed, dissipated, and the four landed.

"Master, the death of the elder is my responsibility, please punish it."

Gu Qingyun knelt on one knee, looking painful.

The Brahman said: "He is inferior to humans, and it has nothing to do with you. The journey of cultivation is extremely dangerous, and no one can predict the life and death."

"Master, why did you come to Dafeng?"

"Find someone."

"Looking for someone? Who?"

Gu Qingyun was puzzled.

The Brahman master looked at Ye Fan, and Gu Qingyun said incredulously: "Ye Fan? You came from Daxia to find him?"

"good."

Gu Qingyun was upset.

He thought that the Lord Brahmin was here to save him, but he didn't expect to come to Ye Fan.

It was because of Ye Fan that he dared to escape from the Dafeng imperial capital.

Pouch.

Watching Gu Qingyun's deflated appearance, Yue Linglong couldn't help laughing.

She was generous, clasped her fists and said: "The master, no matter what, it is because of you that I escaped the cage, thank you."

The Lord Brahmin nodded and said: "The Yue family, one of the ancient strong clan in the Wild Continent, is also very good for me to have a good relationship."

Ye Fan took a deep breath. He felt a little heavy, and thought of something that made him very unhappy.

"Ye Fan, this is the first time we met."

"Indeed, but in Miaojiang, I have fought with Yin Juekong."

"Did you guess something?"

Brahmin asked with a smile.

Ye Fan nodded, and said solemnly: "You just destroyed the beast control gate and blamed the real culprit on me."

"What's the reason?"

"Disguise technique." Ye Fan looked at Gu Qingyun, and then said: "If Gu Qingyun had not used disguise technique, I might not know that you are the real murderer."

"The gate of the beast control was destroyed, I rushed over to investigate, the daughter of the master of the beast control, Wuling said that it was the gate of the beast control that I destroyed, and she was very sure that the murderer was my face."

"I couldn't understand it at the time, but now I understand. You cast a disguise technique, changed into my appearance, and went to destroy the Beast Yumen."

The Brahman said: "Yes, it is true."

"For the map of the imperial mausoleum?"

"Yes."

Ye Fan gritted his teeth, his face full of sullen expression: "Even if you want the Emperor Mausoleum map, you don't have to destroy the Beast Taming Gate. With your strength, you can completely let the Beast Taming Gate Master hand it over. Killing innocents indiscriminately, this is your style. ."

Yue Linglong found that the atmosphere was not right.

Gu Qingyun yelled softly: "Ye Fan, why do you speak to my master."

Ye Fan ignored it, and stared at the Brahman master, and said: "There are three pieces of sheepskin scrolls of the Emperor Mausoleum. You know that I have them. I came from Daxia not far from a hundred thousand miles away, so I want to grab the Emperor Mausoleum from me?"

The Brahman master pondered and shook his head: "I did have this idea before, but I have dispelled it now."

"Yes?"

"I know that you have two pictures of the Emperor's Tomb in your hand, plus this one in my hand and it's complete."

The Lord Brahmin took out a piece of sheepskin roll and threw it to Ye Fan.

This made Ye Fan's complexion solidify.

Because this is the third map of the imperial mausoleum.

What's the meaning?

The Brahman said: "The Dragon Slaying Plan of the Corpse Man Organization is about to begin."

Ye Fan shook.

"The Dragon Slaying Plan of the Zombie Organization, Daxia's First Emperor Plan, and the Eagle Nation's God Creation Plan, these three plans will disrupt the world structure."

"Plan to kill the dragon! Who is to kill? Who is that dragon?" Ye Fan asked.

"Whoever is the dragon will kill him!"

When the Lord Brahmin said this, he didn't say it, but it felt full of deep meaning.

"The map of the emperor's tomb is related to the tomb of the first emperor, and the core of the plan of the emperor is the tomb of the first emperor."

"The Dragon Slaying Plan is about to begin. I plan to add another fire. I need someone to start the imperial tomb."

"You are the best candidate!"

Chapter 672: Grab food

The Lord Brahman is throwing out a major secret.

Ye Fan only knew the "God Creation Project" of the Eagle Country, but he didn't expect that there would be the "Dragon Slaying Project" organized by the Corpse Man, and the "Shihuang Project" of Daxia.

Ye Fan previously thought that the picture of the emperor's tomb was the tomb of a certain emperor, but he did not expect it to be the tomb of the first emperor.

The core of the so-called Shi Huang plan is the Shi Huang Mausoleum.

But.....

"Didn't the Shihuang Mausoleum have been discovered long ago, in the Lishan area." Ye Fan said.

"No, that is not the real Mausoleum of the First Emperor, it is a counterfeit, but it was also built under the order of the First Emperor to confuse the audience and mistake it for the truth."

"The real Mausoleum of the First Emperor has never been found."

"However, the tomb in Lishan has clues to the real Mausoleum of the First Emperor, which is the map of the emperor's mausoleum."

"Twenty years ago, a group of ruthless people from Lao Pianmen in Youzhou chiseled out the tomb of Lishan and brought out the picture of the emperor's tomb. However, the mantis hunted the cicada and the oriole. After them, a robbery of the Emperor's Tomb was launched, which set off a **** storm."

"Finally, the map of the imperial mausoleum disappeared and disappeared."

The Lord Brahmin explained the origin of the map of the imperial mausoleum.

Ye Fanmao paused.

The Lord Brahmin went on to say:

"It is said that before Shi Huang, martial arts was extremely prosperous. After Shi Huang unified, in order to stabilize the world, he began to suppress the martial arts world and reduce the emergence of powerful practitioners, so he burned a large number of advanced practice methods, which caused great damage to the inheritance of martial arts. Withered."

"However, people are selfish."

"Shi Huang also has to cultivate himself, it is impossible to burn all the advanced cultivation methods."

Ye Fan's eyes were bright, and he said, "In other words, there are many advanced cultivation methods in the Mausoleum of the First Emperor, which exceed the limits of the current martial arts world."

The Brahmin master nodded and said: "This is for sure, because of this, the map of the Emperor's Tomb was vying for competition by the major forces."

Ye Fan became vigilant and asked: "Opening the Mausoleum of the First Emperor will be filled with many treasures. Why did you give me this opportunity? Why didn't you open it yourself? The two missing pictures of the Emperor's Mausoleum, you can grab me and force me I will hand it over."

"Big gains are often accompanied by big risks. This is the most basic truth; not to mention the great treasures like Shihuang Mausoleum, there must be great horrors. I don't need to take risks...or, wait for you to bring out the treasures from Shihuang Mausoleum. , I rob you directly, isn't this zero risk."

Ye Fan: "..."

Special code, this abacus is also good.

The Brahmin Lord smiled and said: "Actually, my current mind is focused on the corpse man organization. I have more than enough energy on the tomb of the first emperor."

"How powerful is the Corpse Organization?" Ye Fan asked.

"Eight strongholds, but one of them was destroyed by the love sage Murong some time ago, leaving only seven strongholds."

"Seven strongholds? That's it? With this power, you want to disrupt the world pattern?"

"What they have to do is to slay the dragon, and they don't need a numerical advantage."

"That dragon is the Emperor of Great Xia?" Ye Fan asked what he thought.

The main Brahman's eyes flashed, and he said in a deep voice, "Perhaps, who knows the specific situation."

"Ye Fan, now that you have a complete map of the Emperor's Tomb, you can look for the First Emperor's Tomb at any time. It's best to act as soon as possible."

"In addition, let me tell you another secret, Daxia champion Hou Xue Guan has joined the Corpse Organization."

Ye Fan's heart jumped.

At this moment, he was a little clear and enlightened.

Before the ancient royal family sent people to lead six consortiums to come to Changning and cause chaos, this is probably the cooperation with Xue Guan.

Xue Guan's goal is to control the entire Qingzhou.

What a big ambition.

Ye Fan thought about Beihuang again, whether it was also controlled by the corpse organization.

Two of the four major borders are controlled at once, and this situation is serious.

"Ye Fan, that's all I have to say."

At this time, a fighter plane galloped from a distance.

The Brahmin Lord looked at Gu Qingyun and said: "You still need to grow up, you can follow Ye Fan to experience."

"Am I following him?"

Gu Qingyun looked upset.

The Brahman Lord stopped talking, rose up into the sky, wandered into the fighter plane, and went away.

Ye Fan looked at the sky, unable to return to his senses for a long time.

Yue Linglong said: "Brother Fan, where are we going now? Back to Daxia? I think it can. Staying in the wild continent, we will be harassed by the Dafeng Empire, and the prince will not let go. Besides, there is Yue. Some factions of the clan must also want to arrest me."

"Of course I have to go back, I am looking forward to the Shihuang Mausoleum." Ye Fan looked at the picture of the emperor mausoleum in his hand, with excitement gleaming in his eyes.

Sudden.

The mutation occurs.

A force of qi and blood rushed out from the ground and shook the three of Ye Fan into flight.

at the same time.

One person appeared in front of Ye Fan, it was the Forest Man Emperor.

"boom!"

The Forest Man Emperor was not polite, Ye Fan fell quickly with a fierce punch, and the Emperor Mausoleum figure came out.

"Bastard!"

Ye Fan was furious.

However, he was injured on the Phoenix Channel and is now no opponent.

Even adding Gu Qingyun is not enough.

The Forester Emperor grabbed the picture of the emperor's tomb and sneered: "Daxia Shihuang's Tomb, it's interesting, I also want to see it."

"kill!"

Ye Fan endured the pain, rose against the sky, and once again used the ability to swallow.

The Forest Man Sovereign did not collide head-on, but retreated, and said with a smile: "Ye Fan, I won't fight you today. I disdain to take advantage of others."

"When the Tomb of the First Emperor is opened, we will compete."

"Devil, come here."

The Forest Man made a shot at Yue Linglong.

not good!

Ye Fan and Gu Qingyun's expressions changed drastically, they tried their best to stop them, but they were still a step too late.

Yue Linglong was caught by the Forest Emperor.

"Huh."

The high-pitched cry concussed.

A huge bird appeared, carrying the Forest Emperor and Yue Linglong away.

"Ye Fan, I have taken the Little Demon Girl. I will go to Daxia Country. When you want to open the Mausoleum of the First Emperor, you can contact the Demon Girl."

"goodbye!"

Ye Fan gritted his teeth and spouted a mouthful of blood.

Gu Qingyun knew he was not strong enough and didn't chase him. He asked, "Are you okay?"

"It's okay."

Ye Fan waved his hand and looked at the sky coldly.

"Don't worry, Linglong will not be in danger. That guy is extremely arrogant. Even if he wants to be his woman, he won't be forced."

"I think so too. It's just that the emperor's mausoleum map was robbed, which is horrible." Gu Qingyun said angrily.

"Actually, it's okay, your master said, the opening of Shi Huang's Tomb is a big horror. He wants to participate, just to share the risk for me."

Ye Fan didn't care.

In fact, he guessed that the Brahmin Lord would definitely spread the news that he had a complete map of the imperial mausoleum.

It is impossible for him to get the treasure alone.

Therefore, there must be many strong people on the Tomb of Shi Huang, and one more Forester Sovereign will not hurt.

...

Ye Fan contacted Tang Ying.

Not long after, the Thunder fighter approached.

"You follow me to the Tianzun Hall."

"what?"

Gu Qingyun's pupils contracted.

The reputation of Tianzun Temple is unknown to everyone in the Wild Continent.

Ye Fan is from the Temple of Heaven!

Good guys.

Gu Qingyun was very excited. He had long wanted to go to Tianzun Hall, but he never had a chance.

"Boss."

Entering the cabin, Qiongqi ran.

"You are hurt?"

"Small things, just a few broken breastbones, and you will soon recover."

Ye Fan introduced: "This is Gu Qingyun, the prince of the Great Demon Empire, and is considered our friend."

"Hello."

Gu Qingyun said hello.

Qiang Qi said: "The big demon prince, hahaha, this status is noble. However, compared with our boss, it is still inferior."

"I know that Ye Fan is the son of Tianzun."

???

Ye Fan looked dumbfounded.

When did I become a son!

Qiongqi laughed and said: "What son of Tianzun, my boss is Tianzun!"

Gu Qingyun was stunned, then his face was shocked.

Ye Fan is the lord of Tianzun Hall?

Damn it.

He finally understood why Ye Fan could mobilize 200,000 troops.

"The Temple of Heavenly Sovereign, it's just a power, not a country, nothing to be shocked. In terms of soldiers and horses, your Great Demon Empire has more than mine."

"But your weapons are advanced, and the Three Great War Department is even more invincible. As far as the people are concerned, there are divisions of the Tianzun Temple in the world, and all these divisions are gathered, my God, how many people are there!"

This is true.

The most terrifying part of Tianzun Hall is that it has many branches, spread all over the world and many cities in various countries.

The total number of people is immeasurable.

"Don't talk about it, go back to Tianzun Hall. Let's go back to Daxia after a few days of rest."

"Go back to Daxia, I'm afraid it won't work." Tang Ying walked over, her face extremely solemn.

"What's the matter, sister?"

"There is news from Min Dong that the boss of the Heitian organization said that he has received the third sister's distress signal."

"what!"

Ye Fan trembled and lost his voice: "What's going on again?"

Qiong Qi said: "Hei Tian said that sister Han Bing took a mission on the Wild Continent some time ago, but there has been no news. Just yesterday, a distress signal was received."

"The third sister is in the Wild Continent, Xiao Fan, we have to act quickly."

"Where is the location?!"

Ye Fan is murderous, who dared to move my sister and didn't want to live anymore, right?

Chapter 673: Black wind ridge

Heifengling is a dangerous zone between the Great Demon Empire and the Dafeng Empire. Among them, fierce beasts are raging, but the most are stray bandits.

Controlling Heifengling is a stray band of 100,000 people who are fierce and powerful, and they are very famous in the vicinity.

at this time.

Thunder fighter appeared near Blackwind Ridge.

"Heitian said that sister Han Bing's task was to assassinate Hei Whirlwind, the son of the leader of the black wind ridge bandit."

"This black whirlwind smuggled into the Great Xia Kingdom last year and took many virgins in the Youzhou area. Among them was a daughter of a powerful and powerful person, so that powerful person offered a huge reward."

"There are many assassins in the Black Sky Organization who have taken this task, but they have not completed it."

"Boss, that's a rough idea."

Ye Fan frowned and said in confusion: "The third sister's skills are not enough to reach Black Wind Ridge. She is only proficient in assassination techniques, not even a warrior."

Qiong Qi said: "This is not clear."

Tang Ying said; "Don't worry about why the third sister took the task now, the key is where is the third sister now? Heifengling is so big, how can I find it."

Gu Qingyun said: "It's simple. The pirate activities in Heifengling are between the Great Demon and Dafeng. Our country is quite familiar with them. I will contact our border war department and ask about the situation."

"Trouble." Ye Fan thanked.

After a while, Gu Qingyun got a reply, with a very strange expression on his face.

"How to say?"

"The Frontier Defense Department said that the Blackwind Ridge gangsters are crazy, they are killing frantically and killing each other; even the murderers have rioted and become a mess. Those gangsters ignore the border defense department. Normally, the gangsters will inevitably be. Give me the face of the Great Demon Empire and let Miss Han Bing go."

"It seems that I can only get in."

Ye Fan didn't want to delay time, let Qiongqi drive the fighter into Black Wind Ridge.

as predicted.

The gunfire came one after another.

Between the lofty mountains and ridges, the fire was filled with smoke and gunpowder.

Countless beasts and stray bandits are fighting each other.

Ye Fan put on a solid armor to support his chest. After all, he had a few broken breastbones.

The fighter plane landed in a valley, and Nangong Ba stayed to watch and guard Kong Liangheng.

Ye Fan, Gu Qingyun, Tang Ying and Qiongqi were dispatched.

soon.

I encountered a small wave of gangsters fighting each other.

"what?"

Ye Fan felt unusual.

He suppressed this group of rogues and found that they were all a little confused, their eyes flushed, and bloodthirsty.

Gu Qingyun said: "These rogues seem to have gone wrong before they were killed. Isn't it poisoned?"

Ye Fan checked.

For a moment, he condensed his voice: "It's a ruthless method. It is indeed poisoning. It is a kind of crazy bloodthirsty toxin."

Qiong Qi said in shock: "This is a hundred thousand gangsters and countless beasts, how can there be such a large amount of poison?"

"It's pollen."

Ye Fan swept the robber, and a small white powder appeared on his fingertips.

"This is the source of the poison."

"Behind the scenes, the main envoy directly sprinkled poisonous powder in the air, and took advantage of the wind to cover the entire Heifengling."

"Great!"

Ye Fan slapped his tongue again and again.

Tang Ying said: "Xiao Fan, can you solve it? Create an antidote to detoxify the bandits and end the fight. In this way, the Great Demon Empire Border Defense Department orders that the bandits should release the third sister."

"I can make the antidote, it's very simple, but to detoxify all the rogues, an extremely huge amount of medicine is needed. With the four of us, it can't be done."

"Should I mobilize the Frontier Warfare Department?"

"In this way, I will write a prescription, and you will pass it to the Frontier Warfare Department to make them expeditiously make an antidote. Even if it is defective, it is okay. What you want is a large amount."

Gu Qingyun smiled and said: "Don't worry, my Great Demon Empire has a lot of powerful doctors. If you master the prescription, you can't make an antidote!"

After doing this, the four of Ye Fan continued to go deeper.

They want to find the headquarters of the rogue.

...

at this time.

The deepest part of Black Wind Ridge.

In the underground palace.

Blood flows into a river.

The corpses were lying in a pool of blood, and of course there was still alive, a big dark man.

He is a master of horizontal training, but at the moment his body is in tatters, his flesh and blood are tumbling, and his bones are thick and thin.

He knelt on the ground, extremely frightened, and did not dare to look at the mighty man sitting on the high seat.

"Master Hou, I have said everything I should say, I really don't know the whereabouts of the woman."

"Please forgive me."

"My brothers killed each other, and a large number of them died. It's miserable enough."

The dark man is the leader of the bandits, and he is crying bitterly at the moment.

The mighty man tapped his finger on the handrail and said slowly: "The lives of all of you can't be worth half of my woman's finger."

"Yes, yes, Ms. Han is extremely honorable, after all, she is the woman you like when you are a champion."

The mighty man on the high seat is the commander-in-chief and champion Hou Xue Guan of Daxia Southern Xinjiang.

Earlier, when Ye Fan broke his plan in Changning, Xue Guan wanted to find Ye Fan to fight; but suddenly learned that Han Bing had come to the Wild Continent to do a mission, so Xue Guan gave up Ye Fan and came to the Wild Continent to look for Han Bing.

Xue Guan also found out Han Bing's trajectory in recent days and came to Heifengling.

But these gangsters are very stubborn.

So Xue Guan used some small tricks and found a small tribe nearby to make a large amount of poison powder and toss it on Heifengling.

Just three days.

The entire Black Wind Ridge has become a purgatory, and the fierce beasts and gangsters are crazy and bloodthirsty.

However, he was not satisfied with the result.

Han Bing was not in Heifengling. The boss said that his son took Han Bing and left and went to an ancient clan.

"puff!"

Xue Guan flicked his fingers, and the qi pierced the boss's chest, making him painful and feeling death coming.

"Master Hou, please forgive me, please forgive me. It's not easy for me to get to this point."

"Miss Han Bing came to assassinate my son and was caught by my son, but she did not hurt her."

"My son took her to the Ri clan. The savage ancient clan is extremely mysterious, how do I know where the ancestral land of the Ri clan is!"

Xue Guan yelled coldly: "Didn't you say that your son Hei Xuanfeng paid homage to a certain elder of the Ri clan as a teacher, didn't he tell you where the Ri clan is located?"

The dark man cried and said, "No, I don't dare to say it. The location of the ancient clan is a secret. If my son reveals it, he will definitely be punished by the Japanese clan. Besides, I don't need to know the Japanese clan. It's no use for me, I didn't ask at all."

"In other words, what you said has no value and cannot buy your life."

"No, no, no."

The leader was so frightened that he shouted: "Master Hou, I tell you that Miss Han Bing is in the Japanese clan. This is a big clue. You raise your hand and spare my life."

"Ha ha."

Xue Guan sneered.

Since joining the corpse human organization and receiving a lot of training, his xinxing has changed imperceptibly.

Before he changed his job, he would spare the boss.

but now.....

"Die, Ant."

Xue Guan looked indifferent and slowly reached out.

suddenly.

The entire underground palace shook, and there was a big explosion outside.

Then, the entrance to the underground palace exploded.

Four figures flashed in.

Xue Guan's pupils shrank, and said in surprise: "Are you, Ye Fan?"

"Xue Guan!"

Ye Fan was unbelievable. He didn't expect that the Brahmin Lord had just mentioned Xue Guan, and this guy would appear here.

"Why are you here?"

"It seems that our goals are the same, we are all here to rescue A Bing." Xue Guan smiled.

He came over with a very friendly attitude.

Ye Fan remained calm.

No debunking.

"What clue did you get?"

"A Bing came to assassinate Black Whirlwind, but was caught by Black Whirlwind. Black Whirlwind wanted A Bing to be his wife, but A Bing swore to his death. So Black Whirlwind took A Bing to the Ri clan. I guess Black Whirlwind It is to dedicate A Bing to a certain young master of the Ri clan."

"The Ri family?" Ye Fan raised his brows and looked at Gu Qingyun.

"The Ri clan and the Yue clan are deadly rivals, but it is said that in a long time ago, the sun and the moon were one and the same, and they didn't know how they broke up later."

Gu Qingyun explained, and then shook his head: "I don't know where the Ri clan is located, but the Yue clan definitely knows. You can contact Liuli to ask."

Xue Guan's eyes lit up and he said excitedly: "Brother Ye, you can find out where the Ri clan is. That's really great. A Bing is saved."

Ye Fan looked at the tragic situation in the underground palace and asked, "You poisoned those stray beasts?"

Xue Guan said indifferently, "In order to save A Bing, what is the life of some stray bandits. Brother Ye, if there is anything wrong with A Bing, I think you will slaughter all the bandits and razing Blackwind Ridge."

Anti-General?

Ye Fan nodded slightly and said, "Indeed, I would do this."

Xue Guandao: "That's fine. Don't worry, this poison can only last for a week. When the time limit is up, the effect of the drug will fade, and you will be able to restore your calm. You should hurry up to find the place of the Ri clan, and we will save Ah Bing. Delay a minute, Ah Bing is dangerous."

Chapter 674: Japanese family

The center of the ancestral land of the Yue clan.

The top of the Moon Mountain.

Inside the parliament hall.

All the core tribesmen are there, and everyone is extremely angry at this time. There is a wave of anger in the whole hall, and there is a haze between everyone's eyebrows.

"Too disgusting!"

Firefly patted the table and yelled.

Just when the core figures of the Yue clan went to the Dafeng Empire to participate in the big wedding, the people of the Ri clan came to the ancestral land, saying that they were communicating with the younger generation.

Because Yue Liuli, Yue Jian Jia and other powerful younger generations are not there, those who remain in the clan are the ordinary generation.

The result is obvious.

A group of people were brutally beaten by the Japanese clan, one by one, their noses and faces were swollen, and the most serious were almost killed.

"Patriarch, we must fight back!"

Yue Liuli stood up, the Shui Hanjian in her hand was rippling with the cold air.

"The Rats of the Ri clan are despicable and shameless, and they must know how good we are."

"That's right." Yue Jianjia also came out and said coldly: "I am willing to lead a team to exchange with the Japanese clan. I will definitely live up to the expectations and defeat the waste of the Japanese clan."

"I'll lead the team, you stand aside." Yue Liuli shouted.

"Shut up, in terms of age, I am your sister, and whether there is any superiority or inferiority." Yue Jianjia was not to be outdone.

This is an opportunity to make great contributions, she doesn't want to miss it.

The two quarreled together.

At this time, the ancestor appeared, she swallowed the miraculous medicine on the way of the Hui nationality, and fell into a deep sleep.

Now finally awakened.

At this moment, her face was radiant, she seemed to be more than ten years younger, and her spirits were much better than before.

"Old ancestors!"

"Well, I already know the matter. The counterattack is inevitable. How can my Yue clan bear this bad breath. But..."

The ancestor paused, and said solemnly; "The Ri clan has always been sinister, I guess it may be that they did this deliberately, and then forced us to communicate with the Ri clan. In fact, they have long ambushed a lot of traps, waiting for us to go inside. Jump."

The parliament hall was commotion.

This is also an issue that everyone is worried about.

The sun and the moon were originally linked together, but since the ages, they have broken for the super secret method.

That super secret method can break the current practice limit.

After the break, the Yue clan and the Ri clan controlled half of each.

However, it is useless to master half of it, and it is impossible to practice.

Over the years, both tribes want to defeat each other and get each other's half-step secret method.

But the two clans are equal in strength, and no one can do anything about it.

Every three years, the two races will hold exchange meetings, the purpose is also to see the strength of each other and make plans.

"Old ancestors, there is only three months to go before the next exchange meeting. It's better to advance the time. We all dispatched to kill the Sun God Mountain and start the exchange meeting."

"Yes, ancestor, no matter whether there are traps or not, we are not afraid."

"Kill the Sun God Mountain!"

The people shouted.

The entire Moon God Mountain was shrouded in passionate shouts.

The ancestor said: "It's not okay for all members to be dispatched, so let's, firefly, streamer, plus Gao Feng, you three will lead a team to the Japanese clan for exchanges."

"Yes!"

Three strong men stood up.

Moon Streamer is the power of the second channel, and Yueyinghuo is the power of the third channel. Both of them are great masters.

Yue Gaofeng is a man, a master of cross-training of the unity of nature and man, from a collateral line, and is currently the elder of the Yue clan.

The ancestor glanced at it and exhorted: "Liuguang and Yinghuo, as the deputy team, the main team is the peak, and everything is under the command of the peak, understand."

Yueliuguang and Yueyinghuo glanced at each other.

Yue Gaofeng said: "My ancestors don't worry. With me, the two younger sisters won't quarrel."

"Go, make sure to make the Ri clan look good and know how good we are."

"Yes!"

Not long after, a group of birds rose into the sky, bringing the elites of the Yue clan to kill the Ri clan.

On the birds.

Yue Gaofeng asked: "Hinghuo, if I came back this time, I didn't see that kid Yueyao. Where did he go?"

"I don't know, I didn't get in touch, maybe it's fun, I'm still in Dafeng Imperial Capital." Yue Yinghuo said.

"This kid!" Yue Gaofeng sighed.

Yue Jianjia's heart trembled, Yue Yao wouldn't betray her, right. Inadvertently, she saw Yue Liuli looking at her with a smile, her heart contracted.

"What are you staring at me? I'm sick!"

Yue Liuli squinted and said, "Go to the Ri clan this time. Don't embarrass my clan. Don't get **** up as soon as you play."

"You should care about yourself."

"Why don't we compare and see who has defeated more?" Yue Liuli wiped Shui Han Jian.

Yue Jianjia snorted coldly: "I'm afraid you won't succeed!"

The two competed.

at this time.

Yue Liuli's cell phone rang. It was Ye Fan. Due to the presence of the tribe, she hung up and contacted Ye Fan with a message:

"Ye Fan, what's the matter?"

"You should know where the Japanese clan is. I'm going to the Japanese clan. I don't know if you can tell me the location."

"Why are you going to the Japanese clan?"

"Save my sister."

"You are really a lot of things, but it's a coincidence that our Yue clan elite team is rushing to hit the ground with the Japanese clan. You can just come and have a look."

"Stop talking nonsense and send me the location quickly."

"The Wild Continent is not a city. Where is a specific location? Where do you put it now?"

"Black Wind Ridge."

"I know this place. It's easy. If you fly in the direction of the sun setting in Heifengling, you will encounter a fiery red mountain range in which the Ri clan hides."

"The core of the Ri clan is a peak that is burning with flames. It is called Mount Rishen. After entering the mountains, just look for Mount Rishen."

"Thank you."

"Come on, come late, but you won't see me showing my power."

"Properly."

Heifengling, Ye Fan and his party set off.

...

Flame Mountain.

This is the mountain range where the Ri clan is located.

It is said to be the Flaming Mountain, but not the "flaming mountain" in the Journey to the West; it is because the entire mountain is planted with fire mulberry trees.

The leaves of this fire mulberry tree are red all year round.

As a result, the entire mountain range was red, like a blazing flame.

The Ri clan is completely opposite to the Yue clan.

Women of the Yue family are in power; men of the Ri family are in power.

The Yue clan tend to practice martial arts, because there are many women; the Ri clan tends to refine the body and there are many men.

The Yue family likes the cold, so the Moon God Mountain is full of snow; the Sun family likes the sun, so the Sun God Mountain is surrounded by flames.

...

The sun is setting.

here.

The birds of the Yue clan arrived at the Flame Mountain, drove straight in, and descended on the territory of the Sun clan.

"boom!"

"boom!"

The power of the sky permeated, suppressing the birds, causing the people of the Yue clan to land.

Unwilling to show weakness, the peak of the moon roared wildly, shaking the sky and the earth shaking.

He was in his early forties and had cultivated to this level, he was a genius, otherwise he wouldn't be able to be an elder by a sideline.

Puff puff.

There are several masters of the Unity of Heaven and Man of the Ri clan fighting alone, but they are not let down by the wind.

"Hahaha."

Suddenly, a big laugh came, and the carrier's vigorous momentum collided with the peak of the moon and evenly divided.

"Brother Gao Feng, long time no see, your strength has improved again."

The person here is the elder of the Ri clan.

"You come to my clan, what is the so-called?"

"Yang Dingtian, you still have the face to put this fart. We are here to tell you that the exchange in three months will be advanced to today, and you can start." Yue Gaofeng is straightforward, and he doesn't bother to whistle around.

"This is unreasonable."

"Unreasonable? You took the opportunity to join our clan and hurt a group of juniors in my clan. Is this reasonable!"

"It's just for the juniors to learn from each other."

"If this is the case, the elites of our clan today also want to ask the geniuses of your Japanese clan to see how many catties there are."

Yang Dingtian's face was not waved, and he asked indifferently, "Is there no room for negotiation?"

Yue Gaofeng's face was grim.

"It seems that we can't discuss it. In that case, let's come to God Mountain."

Yang Dingtian turned around, the power of the sky gushing under his feet, and Yukong rushed towards the Sun God Mountain.

That day, the sacred mountain was three kilometers high, made of fire-red rocks all over, and surrounded by raging fires.

These flames are extremely hot.

The children of the Ri clan begin to experience the burning of these flames to polish their bodies as soon as they are born; therefore, their attainments on the road of body refining are very high.

However, due to being burned all the year round, most of the people of the Japanese clan have black faces.

The face value cannot be compared with the Yue clan.

"Be careful."

Yue Gaofeng urged the rear, and then took the lead.

The top of Sun God Mountain.

A group of unruly geniuses stood, looking at the people of the Yue clan coming up below, with a lot of fun on their faces.

"Take them in one pot today."

"The women of the Yue clan are so beautiful, the women of my clan are too ugly."

"That's Yueliuli, that's Yuejianjia, tusk, it's really beautiful."

"Everyone make a good allocation, don't grab, I saw the firefly last month. Girls hook people, but young women ecstasy."

"Hahaha."

A group of geniuses smirked.

Suddenly, someone asked: "Boss, why didn't you see people. Didn't he keep talking about taking Yue Liuli?"

A genius smiled and said: "Don't mention it, that black whirlwind dedicated to the boss, a glamorous beauty with a glamorous appearance, the boss is hooked, how can I care about Yue Liuli now."

Chapter 675: Fierce battle

Yue Gaofeng and others came to the martial arts field at the top of Sun God Mountain.

Yang Dingtian recruited a group of elite geniuses.

One by one rebellious, the eyes of the girls of the Yue clan were full of greed and enthusiasm.

"Ugly guy, I'm disgusting." Yue Liuli frowned.

Others are also very uncomfortable.

At this time, several important figures from the Ri clan came, all of whom were elders.

Moon Streamer was impatient, and shouted: "Don't chirp, just go to war."

Hotaru Yue said: "Wheel battle or melee?"

Yang Dingtian smiled and said: "You don't have to worry, you are a guest from afar, let the juniors get familiar with it first, let's go to the attic and enjoy it while drinking."

Yue Yinghuo sneered: "We dare not drink your wine, who knows if there is poison."

An elder beside Yang Dingtian said angrily: "What do you mean, my clan is not so despicable yet."

Yue Yinghuo sneered: "Really faceless and skinless, your behavior is not mean enough?"

"you!"

"Alright, alright." Yang Dingtian prevented the elder from fighting back and said with a smile: "They are all old friends, there is no need to be at war. We don't drink, let's go and sit on it. These guys can't end up discussing and communicating in a short while. "

Yue Feng nodded.

The elders left, and the young people of the two races immediately fought each other.

"Yue Clan's sister, Zhen Shuiling, is there anyone to be my wife? My father is an elder, and my status in the clan is not low."

"Sisters, I am strong and strong, but those who have no ability to say, I want two wives, you both stand up, I will choose carefully."

"It's boring to compete in martial arts. It's better for my sisters to go to bed and communicate with me. That's the real skill!"

"Hahaha."

The people of the Japanese clan roared with laughter.

Yue Liuli and other girls' faces were blue.

The male genius of the Yue clan couldn't help it anymore, and shouted: "You ugly group, you are also worthy to covet my sisters, don't you know how many cattles you are!"

"Where did the waste come from, dare to bark snarlingly in front of this young master."

"You little white faces, without any masculinity, dare to shout in front of our men."

"Fuck, who do you mean to be a little boy!"

"I'm not targeting anyone, I'm saying that all of you present here are little white faces."

"court death!"

Suddenly, the contradiction was sharp to the extreme.

Yue Liuli said coldly: "It's boring to speak quickly. There is a real chapter under your hand. I hope you so-called 'boys', don't be beaten by us to kneel on the ground and call you Dad."

"Wife, it should be you who kneeled on the ground and called Dad."

"Who is your wife!"

Yue Liuli was furious.

The Shuihan Sword shook, and the cold was gushing, and it was the first to rush to the battle platform.

The direction of the long sword is full of brilliance.

"Yangbo, come up for me!"

Yue Liuli shouted angrily.

The young generations of the two races compete every three years, so they are basically familiar with each other.

The young man named Yang Bo is one of the top geniuses of the Ri clan. His father is the great elder, so his status is also extremely noble.

Second only to the saint son of the Ri clan.

The corner of Yang Bo's mouth raised, and he said with a chuckle: "Sister Liuli is so angry that you originally wanted to marry me."

"What **** are you!"

"I'm not joking. When I break through to the realm of harmony between man and nature, I will go to the Yue clan to propose marriage. It won't be too long. Within two or three years, my sister must wait for me."

"Dare you go to my clan to propose a marriage?"

"Why don't you dare?" Yang Bo said, "In this life, your Yue clan is weak, especially your saint Yue Linglong, who is very playful and doesn't know how to cultivate. At present, the cultivation base is still ordinary."

"But the eldest son of my family, at the age of twenty-eight, has half a step of the unity of nature and man. Before he turns thirty, he must take the last half step."

"In addition, our clan is united, but your Yue clan is intriguing. The old patriarch marries the saint for his own benefit. It is really a big mess in the world, and I am confused."

"Our clan is prospering, one goes down and the other grows. In less than ten years, you will be able to dump a large portion of your moon clan. At that time, your entire clan will be suppressed by us."

"After the suppression, you will be enslaved. So sister, you should marry me as soon as possible, otherwise you will only be my slave in the future."

Yang Bo's words made the young geniuses such as Yue Liuli extremely angry, and his anger broke through the red clouds in the sky.

Yue Liuli didn't say much anymore, she gave a sweet voice, with sword aura.

"Look at the sword!"

The war is about to start.

In the attic.

Yue Gaofeng and others will also hear Yang Bo's words clearly, and their hearts are very heavy.

The previous three-year martial arts competitions were basically the same.

But in the last two times, the Yue clan was defeated.

This shows a big problem.

"I said that Yue Linglong is not suitable for being a saint. She is eager to play and doesn't pay attention to cultivation, and she won't be able to bring the Yue clan in the future." Yue Liuguang whispered.

Yue Gaofeng glared.

In front of outsiders, how can you talk about these things? Isn't it a joke?

Yang Dingtian smiled knowingly.

The internal conflicts of the Yue clan are sharp, which is a great thing.

Originally, if this development continued, within ten years, the Yue clan would definitely be suppressed.

But the world is impermanent.

Now, don't wait too long.

A cold light flashed deep in Yang Dingtian's eyes, but his face was silent and calm.

...

Yue Liuli and Yang Bo fought inextricably; in addition, Yue Jianjia and others also found their opponents and went to war together.

In the entire martial arts field, swords, lights and swords are in full swing.

The screams were also continuous.

Both sides have injuries.

But if you look closely, the Yue clan gradually fell into a disadvantage.

Yue Gaofeng's face became deep.

Yang Dingtian smiled and said: "We have mostly men here, and they are at home, so they have the advantage. Brother Gao Feng, don't mind, Liuli's children are very good."

There is nothing wrong with this, but it is very harsh in the ears of Yue Gaofeng's three people.

On the battle stage.

Yue Liuli fragrant and sweaty, she was suppressed by Yang Bo, very anxious.

"It won't work so soon. Didn't you say that I was going to cut off my head."

Yang Bo was full of playfulness.

"Liu Li, this physical strength is not enough. I am very strong. You need to exercise for an hour, otherwise you can't bear it."

Yue Liuli was extremely embarrassed.

"You are despicable and shameless. Why is the temperature in this martial arts field getting higher and higher."

The Yue clan loves the cold, and the hot and dry environment must have some influence.

Yang Bo said: "My sister is not happy to say this, the temperature has always been like this. I think it is because our battle is too fierce, that's why my sister feels hot and dry. Why don't we go to the room with me, let's take off our clothes and cool off in the pool. fighting."

"You're a jerk-headed bastard."

Yue Liuli's successive swordsmanship is amazing, it can be said to be an evildoer.

However, Yang Bo was physically strong, not afraid of sword aura, and blasted everything through with a pair of iron fists.

"puff!"

Yue Liuli was injured by a shock, vomiting blood and flew upside down.

In the attic, Yueyinghuo stood up suddenly, his face covered with frost.

"Something's wrong, the temperature in the martial arts field has indeed risen. Yang Dingtian, you really are sinister."

Yang Dingtian shook his head and said: "The materials used for the performance of the martial arts field are heat-absorbing and absorb the sun throughout the day; now at sunset, in order to maintain the temperature of Rishen Mountain, the heat stored in the stone begins to release, so the temperature will rise. "

"This is a natural phenomenon, there is no human interference, no wonder we. Who made you arrive at this point in time, if you come in the morning, there will be no impact."

The elder next to him echoed: "Yes, if you lose it, you won't fight it, don't make any excuses."

Yue Yinghuo gritted his teeth.

at this time.

There was a big event on the battlefield—

Chapter 676: Big day gold wheel

A male genius of the Yue tribe was blown to his head and died on the spot.

!!!

Yue Gaofeng finally couldn't help it, smashed the table and shouted: "You are too much!"

Yang Dingtian said embarrassedly: "This is indeed an accident. But if you really want to talk about it, you can't be held accountable. After all, there was no rule just now that you can't kill you, right."

Yue Gaofeng laughed in anger, slapped the top of the attic with a slap, rushed to the sky, looking down at Yang Dingtian, and said forcefully: "The juniors are fighting like a fire, and you must be itching in your heart. Come, I will accompany you to make gestures. "

Yang Dingtian smiled and said, "Since Brother Feng is interested, let's play with you.

"Why do you want to stop at it, that's boring." Yue Gaofeng's tone was cold.

Yang Dingtian's heart was tense, without a word, he rushed to the sky, and the two immediately collided.

This is competing with the flesh.

"Boom!"

"Boom!"

"Boom!"

Every time it collides, the Sun God Mountain shakes, and it can be expected how terrifying the impact of the collision is.

After colliding hundreds of times in a row, Yang Dingtian was unstable and lost by half.

The month's peak face teased.

This made Yang Dingtian extremely angry. He and Yue Gaofeng were rivals when they were young, and no one could lose to Yue Gaofeng.

"Buddhist mudra!"

Yang Dingtian performed his unique skills.

Yue Gaofeng raised his hand and shouted: "Buddhist mudra!"

Perform this faculty in the same way.

The two races used to be in the same spirit, so the core faculties are similar.

The bombardment of the two large handprints caused a hurricane, and the flaming clouds covering the Sunshen Mountain all collapsed.

"Bengtian handprint!"

"Bengtian handprint!"

The two played the same genius again.

This is a test of one's own strength, and one can clearly see which one is strong and which one is weak.

Yang Dingtian gritted his teeth, not reconciled, and roared wildly: "Yue Gaofeng, try my trick."

"Big Rijin Wheel!"

The riot of the power of the sky turned into a golden roulette, shining extremely brightly, making the originally gray sky bright as day.

The roulette is too big, hundreds of meters in diameter.

"Give me obliteration!"

Yang Dingtian controlled it, and the big sun golden wheel turned and rolled towards the peak of the moon.

Yue Gaofeng's face was cold, he stomped his feet, and Sun God Mountain shook three times.

Subsequently.

The monstrous power of the earth rushed up, the peak of the moon was grabbed out of thin air, and the power of the earth turned into a spear.

"Yang Dingtian, this is my own unique knowledge, remember, it is called Guanri Gun!"

"Huh!"

Yue Gaofeng threw the spear violently.

The spear is like a dragon, with a long pair of horses, and stabs the Dahijin Wheel.

The two are competing.

One wants to obliterate the other side, and the other wants to pierce the other side.

Unexpected.

Click!

Cracks appeared on the Daiichijin Wheel.

"How could it be!" Yang Dingtian couldn't believe it. This is the top genius of the Ri clan, how could it be inferior to the "garbage stuff" created by Yue Gaofeng.

"break!"

The peak of the month bursts.

The spear goes through the day.

"Boom!"

The big day gold wheel exploded.

Yang Dingtian flew upside down, blood stained the sky.

"presumptuous!"

The elders who were watching the battle were furious, and stepped out all together, and together they wanted to kill the peak of the moon.

"You are the presumptuous!"

Moon streamer and moon fireflies will certainly not stand idly by.

However.

A few tyrannical auras came to kill in the distance, and there were also a few elders.

"Hahaha."

The moon peak screamed, standing proud of the world.

"You can't stand it anymore! That's good, save the ink. Come on, let's go together, and this seat will take it together!"

"Arrogant!"

"court death!"

"kill!"

The five elders besieged.

The peak of the moon was not afraid, the tiger's body trembled, and a dozen long-day spears appeared behind him.

Damn it!

The five elders were shocked, and they shouted together: "Guanri Spears, such a knack, must consume a lot of money. How can you be able to easily use them to gather so many Guanri Spears at once."

"Your own unique knowledge is the most suitable for you. It can use the least consumption to play the greatest power. You trash, you are so stupid, how can you understand it!"

A bit of cold light came first, and then the gun shot out like a dragon.

Guanri Gun is amazing.

This seems to be created specifically for the Japanese clan.

The five elders couldn't attack for a long time, but were injured and humiliated.

"Go away!"

Yang Dingtian killed him and came back.

"You still dare to come back, your courage is commendable. Come on, good brother, reward you."

The moon peak threw like lightning.

"Boom!"

Poor Yang Dingtian was caught off guard, and flew upside down hundreds of meters again, smashing into the ground.

The other end.

Moon Firefly and Moon Streamer are also very strong, pressing their opponents to fight.

The strength of the three made Yue Liuli, Yue Jianjia and the others more confident, and their fighting spirit was high.

"Brothers and sisters, arrange a combined attack to crush this group of choppy."

"good."

The geniuses of the Yue clan quickly formed a mysterious formation. Everyone was in the formation, as if they were integrated, all invincible and nowhere to be broken.

Rumbling.

After being crushed, Yangbo and others were overwhelmed, and many people were injured.

"These little **** and Xiaobai have great faces." Yang Bo wiped the blood from his body, his eyes cold.

"Brother Bo, let's also use a combined attack." A genius said.

"It's useless, our combined attack formation is incomplete and we can't exert much power."

"Then what to do?"

"Don't worry, we can just postpone the time. Don't forget our real purpose. The Yue clan is doomed. This is destined."

Chapter 677: Nether hits the moon, life and death!

The sky war is too magnificent.

The peak of the moon was a mess, and even the moon firefly and moon streamer were shocked.

"Big Brother Gao Feng hides so deeply, this combat power is probably ranked in the top three in the clan."

"Brother Gao Feng came from a sideline and has always been low-key. Today is really angry."

"I hope that Brother Gao Feng will cut off a few elders so that the Ri clan will know how good we are."

"No, I don't think it's right, I'm very upset." Yue Yinghuo said anxiously: "Yang Dingtian, they are too abnormal, I suspect there is a big conspiracy."

"Is it possible to kill us? If that's the case, all the powerful Ri clan can come out. Why do you have such ink marks?" Yueliuguang said, "I think you think too much."

"I hope I really think too much." Yue Yinghuo was still worried.

The battle between heaven and underground is endless, and at this moment, in front of the central hall of Sun God Mountain, there is an unfathomable old man standing.

Although the old man is full of white hair, his complexion is ruddy, the spirit of the stone clan, especially his eyes, are sharp and energetic.

On the left and right, one man and one woman are also strong.

They watched the war in the distance.

"Patriarch, the peak of the month was hidden too deeply, and the Guanri Gun seemed to restrain the Big Sun Golden Wheel."

"Patriarch, should we join and kill Yue Gaofeng?"

The old man's gloomy eyes flashed strangely and hurriedly, and said lightly: "There is no need for this, the ancient Nether Clan should have already taken action, as long as the three people of Yue Gaofeng are dragged."

The men and women looked at each other, their eyes gleaming with anticipation and excitement.

The reason why they took advantage of the time when the Moon Clan went to the Dafeng Empire to go to the Moon God Mountain for a wave was to lure the snake out of the cave.

Attracting the core main force of the Yue clan, the ancient Nether clan rushed to Huanglong.

The Ancient Nether Clan is also an ancient and powerful tribe on the Wild Continent, the conditions for cooperation with them——

The Ri clan got the remaining half-step secret method.

The Moon God Mountain will belong to the Ancient Nether Clan.

For a long time, the ancient Nether tribe has greeted the Moon Mountain and wanted to occupy the ancestral land of the Moon tribe.

But the Yue clan was so powerful that they didn't have the slightest chance; the Ancient Nether Clan contacted the Ri clan many times and wanted to cooperate, but there was no result.

Just last month, the Japanese rulers voted and agreed to cooperate with the ancient Nether Clan.

Hence these events.

"Patriarch, I'm a little bit confused, wouldn't it be better for them to leave the Dafeng Empire at the peak of the moon and kill them halfway?"

"There is too much room to kill them halfway. We can't stop them if we want to escape. But at Sun God Mountain, they can't escape from the Moon Peak; on the other side, the Ancient Nether Clan attacked Moon God Mountain, the Moon Clan. The people in this country will not run away, they are destined to save their ancestors to death."

"It's just that, I didn't expect that only Moon Peak, Moon Streamer, and Moon Fireflies would come, so there are still a lot of main forces on the Moon God Mountain, especially the great elder who has not come, and the many methods I prepared have no use for them. It's not easy for the Ancient Nether Clan to conquer."

Speaking of the great elders of the Yue clan, the couple shivered, they were peerless and ruthless.

Had it not been for his existence, the Yue Clan would have been defeated long ago.

The woman said: "Why don't I take someone to support?"

The old man shook his head and said, "The Moon Clan is not that simple. In fact, we don't know if this plan will succeed, so we can't directly attack Moon God Mountain."

"Let the ancient Nether race toss, for us, it will be profitable and harmless."

"The patriarch is brilliant."

...

Luna Mountain.

At this moment, the beacon is everywhere.

The ancient Nether clan made a surprise attack, making the Yue clan furious.

but.

It was only a little messy, and soon calmed down and started an orderly counterattack.

"Old ancestors, this is a conspiracy and trick of the Ri clan, deliberately led Gao Feng and the others, and then let the Nether Ancient Clan sneak attack, it is despicable and shameless!"

"Old ancestors, there are too many people from the ancient Nether Clan, and 100,000 gangsters have been gathered. We must make a full deployment."

"The ancestors..."

Pieces of news made the old woman look ugly and had a splitting headache.

Her ability is not outstanding.

Whether it is wisdom or strength, it is not considered top in the clan, but was lucky to sit on the saint, and thus control the Yue clan.

Now that there is such a big mess and crisis, she is a little flustered and doesn't know what to do.

"Contact Gao Feng and they come back!"

"The ancestors can't be contacted at all. Obviously, the communication signal is blocked on the Sun God Mountain."

"Elder, where is he!"

Speaking of the Great Elder, everyone's eyes flashed with awe, that was the strongest of the Yue clan.

It's just that I have been wandering around, not asking about things within the clan.

Only when something major happens within the clan, or when there is a crisis, will he come back.

"Old ancestor, the great elder has already responded. He is a guest in the Nobita Empire and has already set off to rush back. The most advanced fighter in the Nobita Empire, twice the speed of sound, it takes two hours to rush back."

Nobita Empire, one of the three empires, is about 3,000 kilometers away from Luna Mountain.

"The great elder wants us to hold on for two hours and wait for him to come back."

"Two hours!" The ancestor gritted his teeth and ordered: "All the strong are dispatched, and the old and young women and children follow me to the air-raid shelter."

Boom boom boom!

The moon clan territory was full of gunpowder, and the roar continued.

It is not impossible to deal with a hundred thousand rogues. The Yue clan has occupied the mountain range. After such a long period of time, they have long coexisted with the beasts.

The tide of beasts started.

The bandits are temporarily blocked.

But it can't stop it for much time, because the rogue's firepower is very strong. Except for a few powerful beasts, ordinary beasts can't stand up to bullets.

"fire!"

"fire!"

"Hahaha, blow up the ancestral land of the Moon Clan for me, but don't touch the Moon God Mountain!"

The leader of the Nether Ancient Clan laughed wildly.

"Children, go in. The ladies of the Yue clan are very watery."

"kill!"

A large number of black-robed men rushed into the ancestral land.

This ethnic group is very weird. It is said that they are a hybrid between humans and animals, and there are rumors that they are genetic mutations. In short, the people of the Nether Ancients are all strange.

Among the many ancient tribes in the wild continent, the Nether ancient tribe is one of the most mysterious, but also the most annoying.

Because this ancient race did not have their own ancestral land, they often migrated, occupying magpie nests, burning, looting, looting wherever they went, and doing evil.

"puff!"

A Nether Clan member hacked to death a man from the Moon Clan, then grinning grinningly, he split the woman next to him in half.

In the night, he showed his terrifying head, and in the next second, he lay in a pool of blood and ate the woman's flesh and blood.

"what!"

This scene horrified the soldiers of the Moon Clan.

The war is downside-down.

The Yue family retreats steadily.

For half an hour, all the soldiers retreated to Luna Mountain.

The great elder and ancestor were not there, and the second elder of the Yue Clan became the commander-in-chief, but he was injured.

"If this goes on, it won't be possible for the great elder to come back." The second elder wiped the blood on his body, his face extremely ugly.

"Second elder, or we should withdraw first. The ancestral land is temporarily abandoned, and the lives of the people of the tribe are important."

"no!"

The second elder sternly refused.

"How noble our Yue clan is, how can the ancestral land be occupied by such filthy beasts as the Nether Clan. Even if you die, you must die in the ancestral land."

"Yes, die in Ancestral Land!"

"Live to death!"

Just as the soldiers of the Yue clan were preparing to fight desperately to defend the ancestral land, a large bird appeared above the mountains.

There is a man and a woman on it.

"What's wrong?"

Yue Linglong's eyes opened wide, unbelievable, is this really the seat of her own family.

"Haha demon girl, your family was copied."

"Shemale, shut up!"

Yue Linglong shouted angrily.

The Forest King shrugged his shoulders and said with a chuckle: "You said go home to do something, and I will send you back. I hope you will keep your promise and follow me when you are done. If you go wrong, the consequences will be very serious."

Chapter 678: Qi Tianrenhuang

Yue Linglong was taken abducted by the Forest Emperor and was not harmed.

As Ye Fan said, the Forest Emperor is very arrogant, and doesn't disdain and force Yue Linglong at all.

As for the Huiyue clan, it wasn't the Forest Emperor Yuelinglong's routine, but she wanted something.

"Fly to Moon God Mountain."

Yue Linglong is not anxious.

Asuka was so fast that he soon saw the snowy Moon God Mountain, and at the same time the tragic picture was brought into view.

"how so!"

Yue Linglong couldn't believe it. Seeing the tragic death of her tribe and the ruined ancestral land, her eyes flushed.

At the foot of Luna Mountain.

The second elder noticed and shouted: "Linglong, it's Linglong!"

The Nether Clan powerhouse also found out.

"What a beautiful girl."

"Born to be charming, this is the saint of the Yue clan, catch him!"

"Huhuhuhu."

Suddenly, a group of strong men went up.

The second elder was shocked and was about to rush to rescue Yue Linglong, but was stopped by the strong Nether clan.

"Go away!"

"You are already injured, and you dare to show your might, and die." The Nether Clan powerhouse smiled and rushed forward.

In the sky.

A group of "monsters" came to kill, Yue Linglong was frightened and angry.

But without waiting for her to take action, the Forester Sovereign got up and stood proudly on top of Asuka's head with cold eyes.

"The woman who caught me, you are so brave."

"You all get on the road."

In an instant, a picture of vitality and blood appeared behind the Forester Sovereign, enveloping the powerful Nether Clan.

Ahhhhh.

The screams reverberated in the picture.

The Nether Clan people who had besieged the second elder from below stopped and looked at the sky incomprehensibly.

"The power of blood, that big bird is the Beast Emperor?"

"No, it's not the big bird, it's the young man in black!!"

The Nether tribe was alarmed.

At this moment, the scroll of blood and qi scattered, and a group of corpses fell.

Capture the powerful Yue Linglong, and the whole army is wiped out.

"hiss."

This caused everyone on the battlefield below to take a breath.

You know, this is a group of horizontal training masters, among them there are two big brothers who unite heaven and man.

But it was so easy to be destroyed, and there was no way to fight back.

That black-clothed youth, what monster?

Having seen the Forest Man Emperor's power in the Phoenix Terrace, Yue Linglong was not surprised. She bit her red lip and begged: "Qi Tian, please take action and save my people."

"Are you begging me?"

The corners of Qi Tian's mouth rose.

Yue Linglong is really beautiful. She is wearing a phoenix crown and a hair, and she looks like a queen. She should be his woman by nature.

Finding that Yue Linglong was very annoyed, Qi Tian laughed: "The beauty speaks, how can I refuse."

"Let's look at the husband showing great power."

For husband?

The moon is exquisite and beautiful.

Qi Tian took a step forward, and suddenly the sky fell apart.

"At Phoenix Station, I didn't exert my full strength. Take a good look, Ye Fan and I are stronger and weaker."

"Blood Sea Buddha."

Qi Tian roared wildly, his eyes exploded with two rays of blood, and he grabbed and exploded two Nether Clan's horizontal training masters with his bare hands.

He is like a bloodthirsty war god, who has entered the camp of the Nether Clan powerhouses, rivaling everything, pushing everything horizontally.

"this!"

Yue Linglong was stunned.

Qi Tian was much fiercer than Ye Fan.

However, in Yue Linglong's heart, Ye Fan was invincible, and he would surely be able to beat Qi Tian.

"As expected to be a saint, she came in time and brought the Forester Sovereign. This is a monster that can contend with Hu Yanzhen. With him, we will definitely be able to delay the return of the Great Elder."

"Hahaha, the saint is good, who would dare to say that the saint is useless in the future, I was the first to blow his head."

"Don't be stunned by the big guy, kill it, kill all the beasts of the Nether Race."

Warriors of the Yue clan started a counterattack.

This is the battlefield.

The strength of the coach can determine the situation of the battle, and Qi Tian's addition has caused a major blow to the Nether Race.

However, the Nether Clan is not a soft persimmon.

"Little devil, killing so many people from my tribe, is it enough?"

The cold voice echoed between the heaven and the earth.

The black wind whistled, and a man with a height of three meters appeared. He was the Nether King.

The master of the ancient nether tribe.

"you are human?"

Qi Tian was not afraid, but looked at King Nether with a playful look.

There was a pile of black wings behind him and two three-centimeter fangs at the corner of his mouth.

These two points alone cannot be called a person.

"Are you really a hybrid between humans and animals, a new species?"

"Little devil, you have the power of qi and blood, and you should be called an orc."

"Your sentence directly sentenced you to death."

"Boy, crazy enough!"

The sea of blood behind Qi Tian was violent, and the blood turned into fierce beasts, culling the surrounding Nether clansmen.

And he himself, in a violent charge, came to Nether King.

"boom!"

The intense collision, the energy wave exploded, and all nearby people were affected, all flying away.

The huge body of the Nether King shook, and said taunted: "Little devil, is it only this level?"

"Don't hurry, play slowly." Qi Tian's tone was teasing, and he didn't put Nether King in his eyes.

Other battlefields.

The appearance of the blood and fierce beast gave the Yue clan a great help.

at this time.

Below the Moon Mountain, the underground palace air-raid shelter.

Old and young women and children hid in it.

A chief rushed in and shouted, "Where is the ancestor?"

"In the depths."

This leader has been to the deepest point and found that the ancestor is hiding in the secret room.

This secret room can only be opened from the inside, and the outside sound can hardly pass through.

"Old ancestors!"

The leader fist bombarded Shimen.

boom!

boom!

In the secret room, the old ancestor was scared with no blood, thinking that it was the Nether Clan who had attacked it.

Outside, the leader is anxious.

"What's going on here, what's the battle situation outside, are you anxious to see something major about your ancestor?" a gray-haired old man asked.

"There is strong support outside, but it's only temporary. We need to turn on the Moon God Cannon to kill the 100,000 rogues of the Nether Race."

"Now that those stray bandits are temporarily resisted by the wave of fierce beasts, the Luna Cannon must be activated as soon as possible. Once it is too late, the consequences will be disastrous."

"To turn on the Moon God Cannon, you need the key in the hands of the ancestors!!"

The old and young women and children panicked.

Together with the leader bombarded Shimen.

Rumbling.

The secret room was shaking, and the ancestor yelled in fright, and shrank in the corner with his head covered.

"Don't bombard, this stone gate is indestructible, even if it is a master of the unity of nature and man, it is difficult to break it open. You can only open it from the inside."

The white-haired old man shook his head and sighed.

Everyone was almost desperate.

The little leader was furious, and as the patriarch, he was so greedy for life and fear of death. No wonder he ignored the face of the ethnic group and insisted on marrying a saint in exchange for a life-saving medicine.

"You continue to bomb Shimen, I can't spend here, I have to kill the enemy."

"If the ancestor opens the door, take the key to the Moon God Temple on the top of the Moon God Mountain."

The chief is gone.

The old and young women and children all moved, bombarding, shouting, and... desperate.

The battlefield outside is still not optimistic.

The tide of beasts can't stop the gangsters, once the gangsters come in and cooperate with the Nether tribe, then the Yue clan will collapse in an instant.

...

Sun God Mountain.

Yue Fengfeng's face became more solemn as he hit, and he noticed something was wrong.

These elders of the Ri clan seem to be delaying time.

not good!

Yue Gaofeng realized the problem.

"roll!"

Suddenly, his combat power increased by 120%, and all the besieging elders flew away.

"The purpose of the Ri clan is to adjust the tiger away from the mountain, the streamer, and the fireflies. We were fooled."

"The ancestral land is in danger!"

Yang Dingtian coughed up blood and sneered: "You understand it now, but it's a pity that it's too late. The ancient Nether tribe has already taken action. Counting the time, the ancestral land of the Moon God Mountain has fallen."

Yue Gaofeng's face changed drastically, and he roared: "Ancient Nether Clan! Asshole, you are actually cooperating with Nether Clan."

Yang Dingtian calmly said: "Why can't we cooperate with the Nether Clan? Their interests are not in conflict with ours. The Nether Clan wants the Moon God Mountain, and we need a half-step secret method, and each takes what we need."

"Despicable and shameless!" Yueliuguang and Yueyinghuo shouted.

"let's go!"

Yue Gaofeng didn't say much any more, using the power of the sky, wanting to roll up Yue Liuli and other elites.

But it was blocked by Yang Dingtian and others.

"Trash, you dare to stop me!"

"Gunri Gun!"

Yue Gaofeng was going crazy, and he didn't expect the Ri clan to be so vicious.

As a noble ethnic group, you shouldn't use these and other indiscriminate methods.

"Get out of here!"

The crazily peak of the moon made Yang Dingtian and the others horrified, and their combat power was even more terrifying than before.

at this time.

A man rushed out of the Sun Temple and came out from the sky. It was the man next to the old Japanese patriarch. He was the great Japanese elder.

"Brother Gao Feng, don't come here unharmed."

"Yang Zong!"

Yue Gaofeng's face was solemn.

This great elder is much more powerful than Yang Dingtian.

"Brother Gao Feng is showing great power, my heart is itchy, let's make gestures."

The momentum of the Yang is like a rainbow, and is forced to come.

"Liuguang, Firefly, you take Liuli and the others, I'll stop them."

"Brother Feng, this..."

"Go!"

Chapter 679: Self-caught

Moon Streamer and Moon Firefly looked at each other with grief and anger in their hearts.

"Brother Feng, be careful."

When the words fell, the two rolled up Yue Liuli and a group of elite geniuses.

Even if they die, these talented elites cannot afford to lose.

These are the future of the Yue clan.

Once the damage is here, the Yue clan will not accept it, and it will really be over.

"Want to go? Dreaming."

Yang Dingtian led a group of elders to kill.

But suddenly the sky is spinning around.

They were pulled back to where they were.

Yang Zongheng's eyes flickered, and he exclaimed: "The combination of the power of heaven and the earth is so perfect, amazing!!"

Changing the universe is not a unique knowledge, the forces of heaven and earth can cooperate with each other to do it, and the master of Heng Lian, who is one of heaven and man, can do it with a little practice.

But Yue Gaofeng moved a group of elders in Yang Dingtian with his own power, which was incredible.

"war!"

The moon peak sounded like thunder.

Yang Zong stepped out, with a brilliant golden light behind him, and smiled: "The Big Sun Golden Wheel that Ding Tian used just now was broken by Brother Gao Feng. I don't know if Brother Gao Feng can break my Big Sun Golden Wheel."

boom!

The big sun golden wheel, which was twice as large as Yang Dingtian's display, rose slowly, and looked like a big sun horizontally.

Yue Gaofeng squinted, and screamed: "The river runs through the sun!"

Huh!

A shining star like a galaxy rises up against the sky, dividing the sky, as if splitting the sky apart.

Yang Zongheng's face darkened.

Firefly on the moon drink off.

"Remember today's shame, turn grief and anger into motivation, you must work hard to become strong."

"We all cheer up, we have not left the Flame Mountain, and we are still in danger."

The voice just fell.

A shell struck.

Yue Liuli's eyes are quick and quick, and Shui Hanjian is released.

"Swordsmanship: Cutting!"

A sharp sword gas split the cannonball in half and exploded in the distance without affecting them.

Next second.

Dense shells came to kill.

"These **** are going to kill us." Yue Liuguang was extremely angry.

"When you land, you will be a living target in the air." Yueyinghuo made a decisive decision.

"But there must be an ambush below."

"I can't manage that much!"

Firefly on the moon took the lead, not afraid of danger, and blazed a trail.

As soon as he landed in the forest, he was immediately surrounded.

Yue Liuli gritted her teeth and shouted, "Yue Jianjia, is our gambling agreement still count?"

Yue Jianjia sneered: "Of course it counts, it depends on who kills more. This group of trash, this saint is not in the eyes."

"You dare to call yourself a saint!"

"Why not dare!"

"Even if Sister Linglong doesn't become a saint, it won't be your turn, and I will be in front."

"just you?"

The two quarreled while killing.

Fight in blood.

At that time.

Outside Huoyan Mountain, in the darkness, a fighter plane approached with black smoke.

"Finally arrived."

Ye Fan let out a long sigh of relief.

The Thunder fighter was damaged in the Dafeng Emperor's capital, and there were some problems on the way to Huoyan Mountain, which was delayed, otherwise it could arrive half an hour earlier.

"Boss, there are fighting sounds in the mountains, and there are strong fluctuations in the distance."

"Radar detection, there is a big fight."

"It should be the Yue clan and the Ri clan fighting, Liuli said that they will come to the Ri clan to play in the field." Ye Fan said.

Qiongqi said excitedly: "This is just right, today the Ri clan will be upset."

Sudden.

A sword gas exploded in the air, and the aftermath hit the Thunder fighter, causing the fighter to sway.

"The cold ice sword aura is Liuli."

Ye Fan's expression condensed.

"Below Liuli is in a big battle, I'll check it out to prevent any accidents."

"Xue Guan, come with me?"

Ye Fan didn't dare to leave Xue Guan alone in the fighter plane, and Tang Ying and Qiongqi were not Xue Guan's opponents together.

Xue Guan's realm is the second level of Transformation Realm, and his physical body is also very powerful. His physical strength is comparable to that of the Master of Double Realm Heng Lian. Obviously, he has swallowed a peerless treasure medicine and reborn.

The corpse human tissue cultured him, it really took a lot of money.

"good."

Xue Guan did not refuse.

The fighter jet dived, opened the cabin at a distance of 100 meters from the ground, and Ye Fan stepped out.

Between the jungle.

The members of the Yue clan were broken up.

Yue Liuli escaped alone.

"Liu Li, you can't escape, you are destined to be captured by me and be my slave girl."

"Yangbo, you are dying!"

Yue Liuli was furious.

If Yang Bo is alone, she is not afraid at all, but besides Yang Bo, there are some fierce beasts staring at him.

"Wow!"

One accidentally, Yue Liuli caught the trap and fell into the big pit.

When she rushed out, Yang Bo had already appeared behind her, slapped her back with a palm.

"puff!"

Yue Liuli vomited blood and flew upside down, hitting the ancient tree and falling down.

Yang Bo smiled sternly, like a wolf hunting a lamb, walked slowly over, and said playfully: "Keep running? This way, I will be more excited."

Yue Liuli looked sad.

She knew that she had fallen into Yangbo's hands and she would end up miserably.

It's better to...

A fierce stern flashed in Yue Liuli's eyes, and Shui Hanjian wiped her neck.

"Boom."

At the end of the game, the Shui Han Sword was blown away by a burst of qi.

Yue Liuli opened her eyes and saw a handsome man with white clothes and silver hair standing sideways in front of her.

Ye Fan rolled his eyes and said jokingly: "This is what you said to show the mighty power? It's too delicious. If I didn't show up in time, we're afraid that the yin and yang are separated."

Chapter 680: Suppress all enemies!

Somewhere in the Flame Mountain.

A couple of men and women strolling.

The man's body is bronzed skin, his muscles are bulging, his facial features are erect, and he is quite heroic.

The female is in a black tights, highlighting the graceful figure to the fullest, with stunning looks, but very cold, she is a glamorous beauty.

The two of them were Han Bing and Yang Junhao, the saint son of the Ri clan.

"A Bing, you admire the many wonders of this Flaming Mountain, but I have never seen you smile. I'm sorry."

"Smile?"

Han Bing sneered at himself.

"If you are caught, can you still be happy?"

"You are very free, and I also said that as long as you are my wife, then you are the noble young lady. When I inherit the throne in the future, you will be one person below ten thousand people, so noble and prestigious."

Han Bing unceremoniously refused: "Sorry, I'm not interested in this. Young lady, I don't deserve it. You'd better find her someone else."

Yang Junhao looked unhappy, and said lightly: "Presumably, you don't know the strength of my clan."

"You have also heard the movement, there are foreign races fighting against the strong of our race."

"I'll take you back to the Sun God Mountain to take a look, and let you see how powerful our clan is, and you will understand that being my wife is a great fortune that can't be met."

Han Bing said, "No, I'm not interested in anything."

A trace of impatience flashed in Yang Junhao's eyes. At this time, there was a sound of fighting in the distant mountains and forests.

"If you don't go back to the Sun God Mountain, I will show you the forest war. Come with me."

Han Bing was very reluctant, but she was helpless when a force pulled her to walk.

Yang Junhao half-stepped the realm of the unity of heaven and man, just like Nuolan of the Dafeng Empire, able to display the power of heaven.

...

the other side.

Yue Liuli looked at Ye Fan who suddenly appeared and pulled her back from the ghost gate, unable to return to her senses for a long time.

Under the night, in the moonlight.

Ye Fan's silver hair is fluttering, his handsome face is so charming with a faint smile.

Yue Liuli blushed suddenly.

Thinking of the bet with Yue Linglong, she still lost, she wants to be Ye Fan's woman with Yue Linglong...

She blushed even more.

"What's wrong with you?"

Ye Fan was puzzled, thinking that Yue Liuli was poisoned.

"Um, it's okay." Yue Liuli wiped the blood from the corner of her mouth and picked up Shui Hanjian, "You came in time, thank you for saving me. However, I am not a vegetable, but he is too shameful."

"he?"

Ye Fan looked at Xiang Yang Bo.

Yang Bo at this time, Qi Qiao smoke already angry. It was unreasonable that Yue Liuli was glaring with other men in front of him.

Before Yang Bo could say anything ruthlessly, Xue Guan took a step forward and said, "Brother Ye, little gangster, don't bother you to do it. Let me solve it."

"Need not."

Ye Fan shook his head, his face gradually turning cold, "He hurt my friend, I will settle this account myself."

Yang Bo was even more angry.

"What do you think of me, the strong fight against me, thinking that I am a rookie! It's good to humiliate me so much, I will cut you off in a moment!"

"Yangbo, tell you, this is my boyfriend." Yue Liuli was deliberately angry.

Ye Fan didn't care, but Yang Bo's expression turned pale, he looked up to the sky and screamed...

"Boom!"

Before the howling was over, Tarzan's momentum suppressed him and knelt on the ground.

"what!"

Yang Bo's knee was directly crushed.

Yue Liuli laughed out of her temper, and said mockingly: "Yangbo, aren't you pretty bullish? You can't even hold my boyfriend's momentum. Tsk tsk, it's a complete waste."

"what-!!"

Yang Bo was furious and shouted again.

"Boom!"

Ye Fan's momentum increased again, and with a click, Yang Bo's two leg bones shattered directly, unable to hold the pressure.

At this time, Yang Bo was panicked.

Finally sober.

In front of him was someone he couldn't afford to provoke, a monster-level figure who surpassed him too much.

"Liu Li, summon all your people." Ye Fan didn't even look at Yang Bo. This ignorant sense of humiliation made Yang Bo angry and almost fainted.

Yue Liuli quickly sent out a signal flare.

Not long.

Yue Jianjia came with her injured body, and she was surprised and delighted when she saw Ye Fan.

Behind.

The elites of the Yue clan came one after another, and finally the Moon Streamer and Moon Firefly.

They all felt incredible when they saw Ye Fan, and at the same time had a strong sense of security.

"Hahaha, do you know that you can't escape, get together, and wait for us to suppress it."

Five elders of the Ri clan appeared.

They joined forces to suppress the two men from Moon Streamer.

Just when it was about to be suppressed, the two rushed here to fight their injuries.

Now that everyone is there, they are so happy, it's so easy.

Unexpected.

He noticed that there was Yang Bo on the ground, which was miserable. The pupils of the five people shrank and Thunder was furious.

"who is it....."

"it's me."

Ye Fan watched the people of the Ri clan arrive one after another, and nodded secretly: "Okay, it's all here, so it saves me to look for them one by one."

The Yang Bo on the ground was unbelievable, and only then did he understand that Ye Fan's intention was to destroy their group of strong and elites by their own efforts.

What a joke!

Five elders can kill you, and I want to pick all of them and pretend to be stinky!

Ye Fan didn't say a word, and shot directly, three of the five elders only half-stepped the unity of heaven and man, and the remaining two were more powerful.

But it was nothing compared to Hu Yanzhen.

"puff!"

After five breaths, the three and a half elders were beaten and couldn't get up.

Tenth breath.

An elder of the unity of heaven and man was blown out of his arms and lost his combat effectiveness.

The twentieth breath.

The last elder had a hollow chest and was seriously injured.

!!!

In just 20 breaths and 30 seconds or so, the five elders resolved.

The elites such as Yang Bo were dumbfounded.

Xue Guan was shocked.

But Yue Liuli and the others were not surprised. They had already witnessed Ye Fan's supernatural power in the Phoenix Terrace.

"hold head high!"

Ye Fan took a step and issued a dragon chant, the power of shaking the sky is not what it used to be.

Yang Bo and others bleed from seven orifices.

"Kneel down!"

Ye Fan stopped drinking, and the Japanese elite couldn't bear the pressure, and knelt down in horror.

It's a coincidence.

Yang Junhao and Han Bing just walked from the forest trail, Yang Junhao held hands and smiled: "A Bing, come and see the power and prestige of our elite genius, you will be eye-opening."
