

Elegant SS 701

Chapter 701: Ye Fan's life experience

On the rostrum, Ye Xingzhi abruptly got up, a trace of joy flashed deep in his eyes.

Xiao Minghan next to him knew clearly.

The "Clan Lord Ring" of the Ye royal family is not in Ye Xingzhi's hands. It is a proof of the identity of the clan leader and a symbol of power.

Without the ring of the clan master, Ye Xingzhi's name was not righteous.

According to Xiao Minghan's understanding, Ye Gong left the royal family and gave the ring to Ye Chen.

However, Ye Chen was young and weak, and he was unsteady when carrying the ring on his body, so Ye Chen gave the ring to Ye Jiangying for temporary storage.

In other words, only Ye Jiangying knew where the "Clan Lord Ring" was for the entire Ye Royal Family.

Originally, Ye Xingzhi had no hope, but now Ye Jiangying suddenly agreed to his request.

What is his request?

Obviously, it is for the ring of the clan master.

"call!"

Ye Xingzhi Yukong came down, staring at Ye Jiangying, and said, "What are you saying is true?"

"Yes."

Ye Jiangying tried to support her body, she was too weak, and said solemnly: "But I have a condition to let Ye Fan and Ye Chen leave!"

"No, aunt, I won't go."

"To shut up!"

Ye Jiangying stopped drinking and stared at Ye Chen fiercely, making Ye Chen afraid to speak.

Ye Xing looked playful and smiled: "You have to protect the two of them. This condition is a bit excessive."

"Not too much, although you have great authority now, no one will recognize you without the ring of the clan master."

Speaking of this, a sneer appeared on Ye Jiangying's face.

"You think you are a brother to Xiao Minghan, you are very prestigious, but you don't know that people look down on you at all, because your name is not right. Not only Xiao Minghan, but other royal families look down on you."

Ye Xingzhi's expression darkened.

This has always been his heart disease, and now being announced to the public by Ye Jiangying, he is extremely embarrassed.

"But once you get the clan leader's ring, it's different. It's like getting a jade seal, that's the true emperor."

"Moreover, with the ring of the clan master, even if my father returns to the royal clan in the future, he can only teach you at most, not sanction you."

"How important the clan master ring is to you, you should be very clear. It's not too much to exchange for Ye Fan and Ye Chen to leave. On the contrary, you earned it!"

Ye Xingzhi's face was uncertain.

Ye Hao ran over and persuaded: "Father, Ye Jiangying is right. The ring of the clan master is the most important thing. Ye Fan and Ye Chen will have a big deal to catch them in the future, and they won't run away."

Others are also persuading.

Ye Xingzhi said: "Two people can't do it, you can only put one, you choose."

"No, the two must go." Ye Jiangying was very determined.

"You should know the grudge between me and that person, do you think I will let Ye Fan go?"

Ye Jiangying said coldly: "I'm sorry, you never want to get the ring of the clan master."

Ye Hao was anxious, very puzzled.

"Ye Jiangying, Ye Fan is your illegitimate child, so you defend him like this. How do I feel that you made terms with my father because of Ye Fan. Ye Chen is not as important as Ye Fan."

This can be described as murder and condemnation.

Ye Chen was also at a loss.

Finally, when Ye Fan walked over, he heard almost; from the conversation just now, Ye Jiangying and Ye Xingzhi must know his own life experience.

Ye Fan looked at Ye Jiangying and solemnly said: "I and Ye Chen are brothers, then I will follow Ye Chen and call your aunt."

Ye Jiangying trembled.

"Interesting." Ye Xingzhi smiled strangely: "Ye Fan, you heard it just now, I'll ask you if you want to stay and let Ye Chen leave, so that I can get the ring of the clan leader, and everyone is very happy."

"Can."

"No." Ye Jiangying yelled, "Ye Fan, you will die if you stay, you can't deal with so many powerful people alone."

"Oh, that would be difficult." Ye Xingzhi frowned.

Ye Jiangying's heart was crossed and she said, "Ye Xingzhi, let Ye Fan go, and Ye Chen stay."

boom!

Ye Chen's brain roared.

He was a little unacceptable, but his aunt was partial to Ye Fan? Would rather he stay to die, but also have to let Ye Fan leave.

Why?

It's not that he was afraid of death.

It is the closest person, who is biased towards an outsider, and normal people can't accept it.

"aunt....."

"Achen, Auntie loves you, but Ye Fan is different, he must go." Ye Jiangying's eyes were whirling tears, and she didn't know how to explain.

Ye Chen lowered his head and said weakly: "I understand."

"Ye Fan, you go."

"Go!"

Ye Fan ignored Ye Chen, he wanted to know his life experience, he also had to know.

Today, even if it is the king of heaven and Lao Tzu to stop it, it will not work.

Chapter 702: Come to the surface, brothers turn against each other!

"Are you hostile to me?" Ye Fan stared at Ye Xingzhi, the look in his eyes made Ye Xingzhi inexplicably uneasy, and a trace of dread was born.

What a kid!

It is worthy of defeating the young man of the Xiao royal family by one move. He is really powerful. He is afraid that he has the combat power of a grandmaster and a giant. He may even have cultivated to the triple realm of transformation.

Such an enchanting evildoer, let alone stay.

Ye Xingzhi also stared at Ye Fan and smiled: "It seems that you still don't know your life experience."

"Ye Jiangying, should I say."

At this moment, Ye Jiangying couldn't support her body, seated softly in the cage, watching Ye Fan deeply without saying anything.

Seeing this, Ye Xingzhi said, "Then I will let you understand. Actually, the relationship is very simple. Ye Jiangying is indeed your aunt."

"what?"

"Is your father Ye Jianghe?"

"Yes."

"Ye Jianghe was picked up by Ye Gonghe from outside, and he was accepted as a righteous son to live in the Ye royal family. You are the son of Ye Jianghe, and Ye Jiangying is naturally your aunt."

The father is Ye Gongyi's son.

Ye Fan was not shocked, but took it for granted, because he had already seen a clue--

There are some rules for naming the huge ethnic group.

In order to prevent generational confusion, the names of the same Xiaojiazi or the same generation basically have a distinctive feature.

For example, the younger generation of the Xiao royal family, Xiao Shenyu, Xiao Shending, Xiao Shenzhou, Xiao Shenhu...

These people all have the word "God" in the middle.

Ye Jiangying, there is the word "Jiang" in the middle, and his father Ye Jianghe also has it, indicating that the two are closely related.

Ye Xingzhi and his father are of the same generation, but there is no "Jiang" character. Obviously, the character "Jiang" is used by a small family, and it is not commonly used by the Ye royal family.

In other words, Ye Jianghe and Ye Jiangying are either siblings or siblings.

The blood relatives within the three generations will have similar appearances, which can be seen.

Ye Chen and Ye Jiangying's eyes and nose are very similar, but Ye Fan can see that he is different from Ye Chen and Ye Jiangying.

Most likely, there is no blood relationship.

Now that he knows that his father Ye Jianghe is the adopted son, he has verified all the conjectures made by Ye Fan just now.

So it is not shocked.

"anything else?"

"Why did my father leave the Ye Royal Family? What happened to the Changning Ye Family?"

Ye Fan asked.

Ye Xingzhi said: "Ye Jianghe is extremely talented and soon became the strongest of our generation."

"He became a grandmaster at the age of eighteen, a grandmaster at the age of nineteen in the second stage, and a giant at the age of twenty."

"Seven royal families, and even the first young generation in the martial arts world!"

Ye Chen took a breath.

Become a great master at the age of twenty, my God, how enchanting this is!

Ye Fan was also frightened.

His father was too cruel, he had a lot of adventures, and it was only at the age of 22 this year that he made such an achievement.

His father was two years earlier than him.

"But ah, Tian is jealous of the talents, Ye Jianghe went wrong in his practice and killed Ye Jiangjun."

"Oh by the way, Ye Jiangjun, you probably don't know who it is, he is Ye Chen's father."

"Ye Chen, Ye Fan's Lao Tzu is your father-killer enemy, I'm not lying, it's true."

Ye Chen's pupils shrank and he was extremely shocked.

Ye Jiangying shouted: "Achen is calm, things are not what Ye Xingzhi said, the situation was very complicated back then."

"Complicated? Not complicated at all? Ye Jianghe was crazy and crazy, trying to **** Ye Chen's mother; Ye Jiangjun arrived in time, trying to stop but was beaten to death."

"Fortunately, Ye Gong arrived in time, and Ye Chen's mother was saved. She was pregnant at the time and she was pregnant with Ye Ling'er. Ye Jiangjun has been depressed after his death. After giving birth to Ye Ling'er, she died on the operating table, including the child. I didn't even look at it."

"Alas!"

"Ye Chen, Ye Fan's father was the murderer of your parents!"

"Poor, when your parents died, you were not yet three years old and still don't remember; your sister Ye Ling'er was still in her infancy. Your childhood lack of parental love and maternal love was caused by Ye Fan's father. "

Ye Xingzhi is like a natural speaker, and his voice is very contagious.

Ye Chen's eyes were red, and his emotions were a little out of control.

"Ye Xingzhi, don't say anything."

Ye Jiangying cried, and comforted: "Achen, Ye Xingzhi is just a one-sided word. Your uncle Ye Jianghe was framed to get into trouble."

With that, Ye Jiangying looked at Ye Xingzhi.

"What do you see me doing? Back then, I and my line were very weak, but I was incapable and courageous to plan such a rebellious thing. Don't slander me."

"Ye Chen, let me tell you another secret. Ye Jiangying loved Ye Jianghe very much back then. He loved the house and Wu, so he was more partial to Ye Fan. Didn't you just let you stay and let Ye Fan go."

"After your parents died, Ye Jiangying also gave a password to not mention this. He also fabricated a lie, saying that your parents were traveling outside and were killed by a beast."

"Ye Chen, you and Ling'er have been deceived for more than 20 years. Pity you are so close to an aunt."

"Puff!" Ye Chen spouted out a big mouthful of blood, and his eyes were bloodshot, frightening Ye Jiangying.

"Achen!"

Ye Jiangying stretched her hand to hold Ye Chen, but she was thrown away by Ye Chen.

boom!

Ye Chen even used the imperial Qi technique, soaring into the sky, to leave the ancestral land of the Xiao family.

"Achen!" Ye Jiangying shouted hoarse, but Ye Chen left without looking back.

Ye Fan watched, feeling very complicated.

But he has no time to appease Ye Chen now, and there are still many mysteries that he needs to figure out as soon as possible.

"Ye Xingzhi, you bastard. I know your purpose. You are going to destroy Achen and make her despair!"

"Desperate? It won't happen. If this little blow is abolished, it can only mean that Ye Chen is a waste, and it has nothing to do with me."

Ye Xingzhi shrugged, his face was indifferent.

In the cage, Ye Jiangying was heartbroken.

"Aunt, don't cry. Ye Chen is definitely not a person who is easily crushed; he is only angry for a while, just calm down."

Ye Fan walked to the cage, grabbed Ye Jiangying's hand, and comforted softly.

Ye Jiangying cried even more sadly.

Ye Fan sighed, then turned around and said, "Go on."

"Your father committed a heinous crime. The other royal family knew about it, and it was passed to the Great Xia Long Pavilion. Ye Jianghe should be put to death, but Ye Gong couldn't bear it. In the end, the law enforcement elder abolished all his cultivation skills and blasted him out. Royal family."

"Unexpectedly, Ye Jianghe's vitality is so tenacious that he survived..."

Chapter 703: Unfathomable patriarch

Zhongzhou, a dense area.

Just like the Xiao family, there are row upon row of buildings, birds and beasts are overwhelming, sculpted beams and painted buildings, pens and dragons and snakes, magical workmanship, in the clouds and mists.

This is the ancestral land of the Xuanyuan royal family.

In this vast mountain range, some royal children practiced in the mountains and fought against the beasts.

"puff!"

A sturdy young man blasted the head of a big tiger, heartily, and said with a smile: "I killed another half-step Beastmaster level fierce beast, what are you still rubbing with!"

Beastmaster is comparable to a master.

Half-step Beastmaster, similar to the half-step master-level combat power.

However, because the fierce beast is naturally thick and thick, the half-step beast king can fight against the master.

Not long after this burly young man broke through the master, he was also considered a genius by killing a half-step beast king.

the other side.

A group of men and women also have their own opponents.

"call!"

Suddenly, a cold wind blew.

The burly young man shuddered, with an inexplicable anxiety. He shouted: "Eh, do you feel anything?"

"What are you talking about?" A young man with a sword finally smashed and killed the fierce beast and walked over.

"That kind of feeling, it's hard to say, it seems that there is a super power coming."

"No, why didn't I feel it?" The sword-holding youth disagreed. "There are several beast kings in this mountain range, but they all have good relations with my clan, and it is impossible to attack us."

"But....."

"Okay, okay, don't be suspicious. Let's go deeper and look for the beast!"

The burly young man frowned, followed the team and left, heading to the depths of the mountains.

at the same time.

The ancestral land of the royal family of Xuanyuan is high above the sky.

Twelve black-robed men appeared, overlooking the ancestral land of the royal family of Xuanyuan, looked at each other, and then all shot together.

Rumbling.

A palm print slowly condenses.

The twelve giants joined forces, how terrifying, this palm print stretched for thousands of meters, covering the sky and the sun.

The monstrous breath fell, and countless vegetation exploded; the Xuanyuan royal family's ancestral land was like a major earthquake, the buildings shook and some began to collapse.

"what happened!"

"Gosh!"

"What is the sky? A palm print?"

"Not good, enemy attack!"

People from the royal family of Xuanyuan reacted.

The palm prints that covered the sky and the sun quickly slapped down. If this were to land, the royal family of Xuanyuan would suffer heavy casualties.

"presumptuous!"

"court death!"

The thunderous anger resounded through the world, and the royal family's back mountain forbidden ground, one after another silhouettes rose into the sky.

Those were all the elders of the Xuanyuan royal family, coming out in full, and at the same time they were extremely shocked.

"Twelve Giants!"

"Who are these people?"

These elders have already reached a high level, and they have been in retreat in the ancestral land all year round, and do not care about mundane affairs; they still don't understand that the Corpse Man organization has launched the Dragon Slaying Project.

But they knew a little bit about the middle-aged powerhouses killed from some palaces of the Xuanyuan royal family.

However, they did not expect that the Zombie Organization was bold enough to kill the royal family's ancestors!

This is provoking the royal family!

It is also provoking the national prestige!

"Shoot together."

The white-haired elder screamed wildly, he was a giant-level existence.

However, Rao was the Xuanyuan royal family with a solid foundation, and he couldn't bring out the twelve giants at once.

The powerful masters of the Xuanyuan clan all shot, and the qi converged into a torrent, and under the control of the great elder, it turned into a giant sword that was thousands of meters long.

"cut!"

The big knife collided with the palm print.

Suddenly, the earth moved and the mountains shook, and the energy wave spread, like a nuclear bomb explosion.

"Protect the ethnic group!"

The great elder roared.

The great masters bite the bullet, block the energy waves, and do their utmost to protect the ethnic group and ancestral land.

However, after the impact, it was still devastated.

"what!"

An elder screamed in grief and anger, and everyone was blushing.

Destruction is far easier than construction.

These damages will take a long time and a lot of manpower and financial resources to repair.

Moreover, some tribe members were killed and injured.

"Zombie organization, you are looking for death!" The elder screamed wildly, "I really thought that twelve people would be able to annihilate my tribe. Why is my royal family Xuanyuan so unbearable!"

When it came to this point, there was no more scruples, and the royal family of Xuanyuan directly turned on the cannon.

For a time, the firepower was covered.

"Boom boom boom!"

The twelve black-robed men scattered and entered the ancestral land; this made the cannon useless.

The ancestral land guards were dispatched.

"Swallowing the Devil's Palm."

The twelve black-robed men once again used the corpse-man organization's junk learning, and the black aura's palm prints were suppressed.

too fast!

The great elders and other strong people have the intention to stop, but a giant wants to destroy it, and it can't stop it; not to mention there are still so many giants.

"No, disperse quickly!"

The commander of the defending army looked at the demon palm coming, his face changed drastically, and gave orders.

However, the speed of the soldiers is simply not enough to escape the clutches of the clutches.

"Boom!"

But the weird thing is.

This menacing clutch suddenly collapsed and disappeared invisible.

"Xuanyuanjian."

The black-robed man's eyes were sharp.

Where the Devil's Palm is, a dark golden long sword sinks and floats, shining to the extreme in the sun, like an emperor.

The treasure of the Xuanyuan royal family: Xuanyuan sword.

The sword is strong and terrifying, and the sharp one seems to cut through the sky.

It was Xuanyuan Jian just now, wiping out the ashes that had been split by the Devil's Palm.

"Xuanyuanjian has come out, Xuanyuan Changhong, don't hide."

"Huh!"

Somewhere in the ancestral land, arrogant.

A mighty middle-aged man walked in Yukong, wearing a black and gold robe, and Xuanyuanjian complemented each other.

He is like the king of the gods.

"So strong!"

The black robe man's face was solemn.

"My emperor said that the four of Xuanyuan Changhong, Ye Potian, Fasheng Dugu, and Wu Shentong are unfathomable and the most difficult to deal with. It is really terrifying at first sight today."

"How many meters does his field cover!"

"Is it beyond a hundred meters?!"

The sign of the master is the release of qi.

The symbol of the dual realm is the body shield.

The hallmark of a triple-level giant is to condense "potential" and cultivate its own field.

The domain range of ordinary giants is between 30-50 meters;

Genius can break through 50 meters.

When it breaks through 80 meters, it is enough to call it an evildoer.

And reaching 100 meters is a giant at the peak level.

For example, Wu Shentong, Ye Potian, Fasheng Dugu, and Xuanyuan Changhong all reached 100 meters.

But no one knows exactly what level it has reached, except for themselves.

Smart people can hide their clumsiness.

Who would throw out all of his strength stupidly, unless he was fighting against a strong person of the same level, he could only go all out to expose it.

now.

Xuanyuan Changhong is going to go all out.

His face was stern, and every one meter he walked, the scope of his field expanded by one point.

"when."

Xuanyuan Changhong walked to the side of Xuanyuan Sword and held the hilt.

at the same time.

An invisible force spread rapidly, that was Xuanyuan Changhong's domain power.

"not good!"

The black robe man exclaimed.

Going deep into the opponent's domain will be severely restrained and restricted, and combat power will be weakened.

"This distance has exceeded 200 meters and is still increasing. How big is his domain!"

The black robe man exclaimed.

In the distance, the Great Elder and others were also stunned.

They only knew that Xuanyuan Changhong, who was the head of the clan, was unfathomable and had never made a full shot.

I saw it today.

It's not over yet--

"300 meters!"

"350 meters!"

"400 meters!"

"500 meters!"

Finally, it stopped.

The black-robed man was half to death, and the Xuanyuan Changhong domain covered a 500-meter radius, which was simply shocking.

--scold!

Xuanyuan Changhong held the sword and pointed slantingly, and said coldly and ruthlessly: "Is the corpse emperor underestimating me? Arrange your twelve trash to kill me, when I am so weak!"

Chapter 704: One sword opens the sky

Twelve wastes!

Under the whole world, dare to say that the twelve great masters are rubbish, who can be there!

Now Xuanyuan Changhong speaks out.

How domineering.

Can't be forever.

The people of the royal family of Xuanyuan were full of enthusiasm, while the people in the black robes were terrified.

"Calm down!" The leader shouted: "Be timid before fighting, then we will lose half. No matter how strong Xuanyuan Changhong is, it will not be able to compete with the twelve of us, not to mention that we still have an earthly dragon slaying formation."

"That's right, we used the combined attack formation method to triple the combat power. He Xuanyuan Changhong can't hold it against the sky."

"Shoot immediately, but later it will change."

The twelve black-robed men immediately dispersed and surrounded Xuanyuan Changhong.

However, they found a problem.

The Xuanyuan Changhong area covers a radius of 500 meters.

They dare not enter this range, but they have a radius of 500 meters and a diameter of one kilometer. At such a distance, their formation can't be used.

What to do?

The twelve were at a loss.

A trace of disdain flashed in Xuanyuan Changhong's eyes, he narrowed his domain, and said contemptuously, "Is it all right now?"

"you!"

The people in black robes are ashamed.

This is a blatant humiliation, he didn't even use his domain power.

"Xuanyuan Changhong, you are arrogant and will pay for your words and deeds!"

"Twelve Earthly Branches of Dragon Slaying Array!"

"rise!"

Rumbling.

Twelve people are one, the big formation is launched.

Xuanyuan Changhong turned around and walked away from the sky, heading into the distance.

"Hahaha, scared? Want to escape, dream!"

"kill!"

The battlefield moved to a distant place.

The great elders and other strong men followed the past and watched the battle.

Xuanyuan Changhong stood on the top of a mountain, quietly feeling the power of the combined attack.

"The heavenly stems and the earthly branches are a pair."

"The formation of the Kunlun Mountains, the secret hiding of the cave mansion, is definitely more than the earthly dragon slaying formation."

"The corpse emperor still has the Heavenly Stem Slaying Demon Array in his hands."

"The Heavenly Stem Slayer Demon Array is going to be even more terrifying, is the Corpse Emperor left to deal with that one!"

Xuanyuan Changhong muttered to himself.

Immediately, a sad color appeared on his face, and he said faintly: "You know, this ancient combined attack method squeezes your life potential, so it can increase your combat power by three times. The Corpse King does not care about your lives, but you do. Is it worth his life?"

"nonsense."

The black-robed man scolded angrily.

"My emperor is amazing and brilliant, and it is bound to break the ground and create a brand new prosperous world."

"How do you know the greatness of our emperor!"

"It's a pity that you are going to die today, and you can't witness the bright moment of our emperor."

"kill!"

The big array is running.

The surging energy came.

Xuanyuan Changhong's face remained unchanged, and the Xuanyuan Sword in his hand trembled violently, emitting the sunlight, bursting with dazzling brilliance.

"One sword opens the sky."

The four words resounded through the world.

The joint attack formation was opened up, and one of the black-robed men was killed alive.

And the energy spilled, and the forest below was destroyed.

A group of royal children who are experiencing screams, deadly wounded.

Xuanyuan Changhong was furious.

"Swallowing the Devil's Palm."

The black-robed people roared wildly, their eyes were bloodshot, and they broke out to the extreme.

This palm destroys the world.

Xuanyuan Changhong did not retreat and counterattacked, holding Xuanyuan Sword against the sky, it was really a sword to open the sky.

At the time of the Xuanyuan Changhong battle, the Jiang royal family, the Ji royal family, the Yuwen royal family, and the ancient royal family were all attacked by the black-robed men.

...

The ancestral home of the Xiao family, the Colosseum.

Ye Xingzhi continued: "Ye Jianghe was abolished by his cultivation base and blasted out the royal family, but he never thought that his vitality was so tenacious and survived."

"What happened later?" Ye Fan said.

"I don't know what happened to Ye Jianghe." Ye Xingzhi shook his head.

Seeing Ye Fan staring at him, Ye Xingzhi smiled and said, "Even if Ye Jianghe is a dead person, it is only a person from the bottom of society. I am a majestic child, will I pay attention to a dead person? Ye Fan, I really am. I don't know what happened afterwards."

"If you want to know, you can ask Ye Jiangying. If I guess right, Ye Jianghe secretly helped Ye Jianghe survive."

Ye Fan blinked and said, "Auntie."

Ye Jiangying was still in the sadness of Ye Chen walking away in anger, and when she heard Ye Fan's call, she raised her head.

After hesitating for a few seconds, he said bitterly:

"I did stealthily and helped your father leave the deep mountain and old forest, and sent him to Nanling, the provincial capital of Qingzhou."

"I bought a villa in Nanling, gave him a large sum of money, and arranged for two nanny to take care of him."

"I can't stay by his side for a long time to take care of him. Besides, Jiang He was abolished and his temperament changed drastically. No one wanted to see him. I had to leave."

"Back in the clan, all my thoughts are on the maintenance of Achen and Ling'er. A year later, I went to Nanling, only to find that Jianghe was gone."

Ye Fan became nervous: his father, who has a ill-fated life, has encountered suffering again?

Ye Jiangying said, "I searched for three years and finally found him. At that time, he was already the eldest young master of the Ye family in Changning, and he was already married. That woman was Liu Xinyan and she was pregnant."

"Yes! It's my mother!" Ye Fan was excited, listening to Ye Jiangying's continued: "I inquired that Jianghe established Hongyu Group and became the largest group in Changning in just three years."

"He is always so good."

"Even if the cultivation base is abolished, my intelligence is not abolished. I am very pleased and happy for him. I did not disturb him, and I was worried because I let him be discovered again and murdered again; so I left and made up my mind. Don't go to Changning either."

"But a year later, I still couldn't help it, and in those few days I was restless, and I always felt that something would happen. So I came to Changning in a ghostly manner, but suddenly heard the bad news..."

Ye Fanhong stared, and said in a deep voice, "Father and mother committed suicide by jumping off the building, right?"

"Yes."

"I couldn't believe it at the time, but this was the truth. I was in pain. Later I stole your parents' bodies."

"It turns out that it was Auntie, you stole my parents' corpse."

Ye Fan finally understood.

"Do you remember that in Changning, you received a mysterious letter stating that your parents' bodies were not destroyed. That letter was delivered by me."

Ye Fan nodded.

But he was very puzzled. Judging from Ye Jiangying's expression, he didn't know that his father and mother were still alive.

Is it possible...

The old patriarch of the Ri clan said that it was not father and mother, but I thought too much?

Chapter 705: Is it life or death?

Ye Fan didn't want to believe it. He asked, "Auntie, you stole my parents' corpse, and then, how did you deal with the corpse."

Ye Jiangying said: "In my heart, Jiang He will always be my younger brother, and I can't let him live out. Therefore, I quietly transported the body to the ancestral grave of our Ye clan and buried it; by the way, your mother was also with you. , I did not abandon it."

boom!

Ye Fanru was struck by lightning.

Buried?

In this way, I really think more about it.

how so!

Ye Fan's blood was surging, and he had seen a glimmer of hope, but now it was shattered.

He was a little unacceptable.

The father of Tianzong Wizards shouldn't just fall away like this!

A mother who is astonishingly talented shouldn't die!

"Aunt, are you sure you are buried?"

"I personally buried it. Of course I am sure. It is next to the grave of your uncle Jiang Jun and his wife, but I didn't have a tombstone."

After Ye Jiangying finished speaking, she looked at Ye Xingzhi and said sharply, "If you dare to go back and dig your grave, I will not let you go as a ghost."

"It's not that it's not, the dust will return to the dust, even if there was a grudge between Ye Jianghe and I, this has been more than 20 years, and it has long since disappeared."

Ye Xingzhi opened his hand and said, "Ye Fan, you know everything you want to know, there is no doubt about it."

"Ye Jiangying, let's talk about business, where is the ring of the clan leader?"

"and many more!"

Ye Fan interrupted.

Ye Xingzhi frowned, and said displeasedly: "Do you have any questions?"

"Aunty, why did my parents commit suicide by jumping off the building, you didn't pursue it?"

"I learned about some situations. I was betrayed by my brothers and girlfriends. With the secret support of the Xiao family in Changning, I was forced to commit suicide by jumping off the building."

"I thought about taking revenge and destroying them, but if this is not in compliance with the rules, the royal family can't intervene in worldly affairs. Moreover, if people are dead, even if their entire family is destroyed, it will not help."

"Aunt, don't you know that behind the Changning Xiao family is the Xiao royal family!" Ye Fan said.

"What, behind the Xiao family?" Ye Jiangying couldn't believe it, "I only know that the Xiao family in Changning has a background, but I don't know that it is the Xiao family!"

"Auntie, the Xiao family arranged for the Changning Xiao family to shoot for the advanced Hongmeng chip in my parents' hands, and forced my parents to death. All this is a ghost behind the Xiao family."

Ye Fan was stern, turning his head to look at Xiao Minghan on the rostrum.

But Xiao Minghan was sitting in jeopardy, his face didn't change, and he didn't seem to hear anything.

Ye Jiangying was in a trance and screamed in surprise: "Royal Xiao Clan, did you murder Jiang He back then!"

"Don't talk nonsense!" Xiao Mingxiong cried out, "Ye Fan, Ye Jiangying, my clan is a royal clan, how can you allow you to slander and speak with evidence."

"Evidence?" Ye Fan sneered: "You and Ye Xingzhi are treacherous, the cholera Ye royal family; and you also supported Li Ce, the North Liang Hou, in an attempt to seize the title of Duke Ye. This is all obvious. Your wolf ambitions, I have reason to doubt. As early as twenty years ago, you were planning all this."

"My father, Tianzong Wizard, has him guarding the Ye Royal Family, and the Ye Royal Family is indestructible. So you murdered my father. Of course, among them, the Ye Royal Family must have an inner ghost. As for who this inner ghost is..."

Ye Fan tilted Ye Xing's eyes.

However, Ye Xingzhi clapped his hands and said with a smile: "Ye Fan, your imagination is very rich, but unfortunately, it is a one-sided word; and the time has passed too long, nothing can be verified. These things are not to be discussed."

this moment.

On the rostrum, Xiao Minghan finally got up, walked to the railing, looked down below, and said: "Brother Ye said yes, today is to sanction Ye Jiangying, not a joke. It's getting late, law enforcement elder, let's start."

Huh!

A great master rushed out.

He is the law enforcement elder of the Xiao clan, shouting: "Ye Jiangying, you killed the elder of my clan. Your sin is unforgivable, and you deserve to be put to death. Now I will give you a chance to survive and tell where the ring of the clan leader is. Then I will Abolish your cultivation, and you will be our maid!"

Ye Xingzhi said: "Quickly speak, I have let Ye Chen leave, you should also keep your promise."

Ye Jiangying suddenly laughed and shouted with a strange expression: "Ye Xingzhi, you can't beat him, you can't win for a lifetime!"

"What nonsense are you talking about?" Ye Xingzhi was startled when he looked at Ye Jiangying's claws and claws.

"This woman is crazy."

The law-enforcement elder cried out and shouted: "I will abolish this female cultivation first, and then I will teach her the lesson, and she will definitely be able to tell the whereabouts of the clan leader's ring, Mr. Ye don't have to worry."

After that, the cage made of alloy opened.

The law enforcement elder jumped, like an eagle catching a chicken, and grabbed Ye Jiangying.

"puff!"

Unexpected.

The body of the law enforcement elder who had not yet landed exploded and turned into flesh and blood on the ground, and blood filled the audience.

In the blood mist, Ye Fan stood proudly in front of Ye Jiangying, his eyes were like the sun, which made people unable to look directly at him.

His aura is surging like Jiang Tao.

All the anger and sadness turned into motivation at this moment, and the hysteria broke out.

"With me, no one wants to hurt my aunt!"

Chapter 706: Crazy and endless!

The sudden tragic death of the law enforcement elder, unexpectedly to everyone, directly petrified everyone present.

This is the top five figures of the Xiao royal family's strength, just like that, who made the shot?

Ye Fan?

How could it be possible!

Although the law enforcement elders are not the pinnacle giants, they also belong to the middle reaches among the grand master giants.

What ability does Ye Fan have to kill him?

And he didn't even see him make a move.

The world is dead silent.

The Xiao royal family is like a big enemy, thinking that there are peak giant-level powerhouses watching in secret.

For a while, they all looked around.

Ye Fan stood proud, his eyes full of contempt.

The power of blood and energy was used to bombard the law enforcement elders, but he used them too quickly and suddenly, and many people were focused on Ye Jiangying, so they didn't find it.

Moreover, no one would have thought that Ye Fan could display the power of energy and blood.

There was a bad news.

In fact, the law enforcement elder is indeed not weak, but why would he think of Ye Fan shooting him?

Who would have thought that Ye Fan was so strong?

It can be said that the death is very useless.

"Who!"

On the rostrum, Xiao Minghan was furious.

A great master and a tycoon, death is a huge loss. The entire Xiao family has accumulated for many years, and the tycoon has counted it with one hand.

Now I don't know if one is dead, how can I not be angry!

The entire royal family's ancestral land is boiling.

The guards were dispatched to encircle the Colosseum, the guns and cannons were all ready, ready to go, and there was a chill.

"No, it's impossible for anyone to watch. The one who killed the law enforcement elder is in the Colosseum."

Xiao Mingxiong shouted.

The eyes of everyone first fell on Ye Xingzhi.

The royal family of Xiao knew that Ye Xingzhi was a giant, unfathomable, good at hiding, and no one knew the specific strength.

But Ye Xingzhi had no reason to kill the elders!

It's not Ye Xingzhi, it's...

Swish.

At this moment, finally, all eyes converged.

"Ye Fan! It's you!"

"it's me."

Ye Fan said categorically.

In the spectator stand, the young master Xiao Shenyu's face was pale... Ye Fan, Instant Kill Law Enforcement Elder, has he reached this point?

"Giant Elephant Fist."

The general manager smashed out with a punch, and the light behind him was brilliant, and the qi turned into a giant elephant.

Ye Fan also waved his fist, his silver hair danced wildly, "Dragon Fist!"

A giant dragon churns out.

Giant elephant VS dragon.

"boom!"

In the big bang, Ye Fan reached out his hand: "Catch the claws!"

This claw, swiftly and fiercely, grabbed the chief executive in it.

"Blast me!"

The Chief General is worthy of being one of the top figures in the Xiao family.

"Ye Fan, give me another punch."

"Thousands of waves."

Ye Fan was slightly surprised.

This punch is very delicate, the power is like ripples, wave after wave.

Boom boom boom...

Even flip the shock.

Ye Fan stretched out the gas shield and stood still.

It is said that it is a thousand waves, but in fact it is more than a dozen.

After blasting the gang gas shield, a few heavy forces were left on Ye Fan's body, but Ye Fan's figure swayed slightly, harmlessly.

"Ah!" The general manager looked like he had a ghost, and cried out strangely: "You, you, you, how come your body is so powerful!"

Ye Fan was not wordy.

"Curse!"

He was merciless, and one move would blow the chief executive away, and then he grabbed Ye Xingzhi.

"Um?"

Ye Xing was surprised, but he didn't expect Ye Fan to suddenly attack him.

"Boy, you are such a wicked evildoer, just like your father, but unfortunately, you are still too tender."

"Today you can't save Ye Jiangying."

Ye Xingzhi sneered, the situation changed as soon as he shot, and he was much stronger than the Xiao Clan chief.

The faces of Xiao Minghan and others were shocked and suspicious.

Is this Ye Xingzhi's strength?

Maybe it's only part of it.

Ye Fan's face was solemn, and Ye Xing's combat power was definitely at the peak level.

"The Palm of King Daming!"

Ye Xingzhi performed this genius.

"Ye Fan, this Daming King's Palm was acquired by your father in a historic site and became the Ye Royal Family's unique knowledge. Unfortunately, as his son, you don't even know the Daming King's Palm."

"No hurry, suppress you, I will let you teach it to me obediently!"

"Suppress me? Not ashamed."

"You can try it."

Ye Fan is not afraid, Ye Xingzhi is the pinnacle giant, and he is taking a comprehensive path. The physical body and qi and blood are enough to make up for some.

But it's not anxious, Ye Fan doesn't want to expose the power of Qi and blood yet, because he feels a little restless in the dark.

It seems that something big is about to happen.

Must stay behind.

"Boom!"

"Boom!"

After a few breaths, Ye Fan and Ye Xingzhi banged dozens of punches, and they even split the seasons.

The audience was shocked.

"Xiao Fan is so strong. What has he experienced? The last time I saw him in Changning, he was far from being as scary as he is now."

Ye Jiangying couldn't believe it, muttering to herself, and her eyes flashed with relief.

"Jiang He, your son is as good as you, and he is not inferior to you."

"If you can escape a catastrophe today, you will surely rise in the world, and your future achievements will be limitless."

...

"boom!"

Ye Fan and Ye Xingzhi each stepped back, and said coldly: "You still have some reservations, why bother, this level can't suppress me."

Ye Xingzhi smiled lightly and said: "As expected to be Ye Jianghe's son, he is enchanting enough. But you are too happy, I just warmed up."

"Then add another warm-up." Ye Fan said, using his claws to catch Xiao Mingxiong, the chief of the Xiao clan.

This scene shocked everyone again.

It's crazy!

It's not enough to deal with Ye Xingzhi, and Xiao Mingxiong must be pulled in, one enemy two.

"presumptuous!"

Xiao Mingxiong was furious.

I don't know if Ye Fan is crazy, or Ye Fan deliberately humiliated him.

In short, Xiao Mingxiong shot.

"Ye Fan, my clan didn't want to intervene because of the grievances between you and the Ye royal clan, but you have repeatedly provoked and killed the law enforcement elder of my clan. Then you can only be captured and sanctioned!"

"It's very high-sounding, the Yellow River can't be cleaned by the shameless deeds of your Xiao royal family. Come on, get up with Ye Xing and see how much you are capable of after such a long life!"

Chapter 707: Ye Fan's purpose!

Ye Fan's approach made everyone puzzled.

This is not a question of whether you are mad or not, but a problem with your brain.

But is there a problem with such a wicked Junjie?

There must be none.

That means there is no ulterior motive.

Ye Xingzhi and Xiao Mingxiong are both carefully guarding to prevent Ye Fan from throwing out any killer tips.

"What is Xiao Fan doing?" Ye Jiangying was very puzzled. She swept around, her expression sullen, "This is a net of heaven and earth, deep in the tiger's lair, Xiao Fan alone can't get out."

"Damn it, Ye Xingzhi gave me cartilage, I am extremely weak now, I can't do anything at all."

Ye Jiangying was leaning against the cage, her body in a cold sweat.

In the battlefield.

With one enemy and two, Ye Fan opened and closed his moves in an endless stream.

This is not the most shocking.

The most tingling scalp is Ye Fan's body, which is terrifyingly powerful.

Just now, Xiao Mingxiong punched through the gas shield and bombarded Ye Fan, hitting him sturdily, but he just knocked Ye Fan away without breaking his bones.

"The Palm of King Daming!"

"Da Ming Yi Yang Zhi!"

"Da Ming Wang Quan!"

This is a set of jerks that Ye Jianghe brought to the Hui people back then and became the most sought after **** of the Ye royal family.

Because it is overbearing and strong enough.

Because of this, Ye Jianghe was honored as the King of Ming.

This is a thing of the past.

"Thousands of waves!"

Xiao Mingxiong is doing his best to use this trick. Compared with the general manager, his trick has reached 30 shock waves.

Boom boom boom...

Ye Fan finally vomited blood and flew upside down, hitting the ground; Ye Xingzhi and Xiao Mingxiong did not give up, shaking their fists madly.

The mighty fist gang bombarded the big pit.

After smashing the original one-meter deep pit into 20 meters deep, Ye Fan couldn't see it anymore.

"do you died?"

Xiao Shenyu was very nervous, and his fists were all white.

"Definitely dead." Xiao Shending gritted his teeth and said: "Even the strongest bullet-proof armored car will be crushed by the violent bombardment of the two giants. Ye Fan has a strong body, but after all, he is a man, not a god, and impossible. Can hold it."

"Yes, I've been scumbed!" Xiao Shenzhou sneered.

"That's good."

Xiao Shenyu let out a long breath.

Before he finished vomiting, the deep pit vibrated, and a white figure rushed out and stood in the air.

"Ye Fan!"

Everyone screamed in disbelief.

It's Ye Fan!

not dead!

Just a little embarrassed.

The white robe was in tatters, and even the silky silver hair was broken a lot.

However, there was a cheerful smile on Ye Fan's face, and he mocked: "Are you two not breastfeeding? With this little power, is it tickling me."

Ye Xingzhi and Xiao Mingxiong were uncertain.

"Is this kid a monster!"

The two couldn't understand.

Even if it is the pinnacle horizontal training master, they will be seriously injured in such a bombardment.

Ye Fan was like a okay person.

It doesn't make sense at all.

In fact, they don't know, Ye Fan used the Devouring Technique in the deep pit.

Absorb qi violently.

Those mighty fist gangs reached Ye Fan, and the strength was not much.

"You guys, no."

Ye Fan stretched out a finger and shook it, making Ye Xingzhi's faces blue.

"Why don't you join me together! Xiao Minghan, although you are not a giant, you should have the power of a giant. Come together, I will pick what you all have."

"Xiao Fan, don't mess around!" Ye Jiangying stood up and shouted: "It's enough. With your strength, if you want to go, no one can keep you. Don't worry about me, let's go."

"Aunt, I said, no one will want to hurt you if I am here. Today I will take you away generously. Who dares to stop me, I will kill someone!"

Ye Jiangying was so touched.

Crying again.

When I thought that Ye Fan would die with him, his heart aches. It was because he had harmed Xiaofan.

It's better to die.

Ye Jiangying bit her pale lips.

On the rostrum, Xiao Minghan yelled coldly: "Ye Fan, your father didn't dare to be so mad back then. You actually uttered rants and sensationalism here. Since you are rushing to reincarnate, I will perfect you!"

"Fire!"

Xiao Minghan was very straightforward and not verbose.

The soldiers fired immediately.

Da Da Da Da...

Gatlin, braving the blue fire, trembled like a sieve.

"Xiao Fan, be careful!"

Ye Jiangying screamed.

Ye Fan looked fierce and was about to use the power of energy and blood. Suddenly, a powerful aura came, smashing all the bullets.

at the same time.

A large number of soldiers were suppressed on the ground, bone fragments, and lost combat effectiveness.

"coming."

Ye Fan raised his head, and dark shadows descended.

He had felt it before, and the facts proved that he was not wrong.

"Cold breath, the strong of the Corpse Human Organization? Could it be that the Dragon Slaying Plan has begun!"

Ye Fan was alarmed.

The Dragon Slaying Plan began, and the corpsemen organized the strong to come to the royal family's ancestors. This was to kill the royal strong.

The Lord Brahmin said that when the plan to slay dragons begins, whoever is the dragon will be slayed.

As long as it is a strong enough evildoer, it is a dragon and must be slaughtered.

"The Xiao royal family has encountered it, and the other royal families must have also encountered it."

"This is going to turn upside down."

Ye Fan fell next to Ye Jiangying. To his surprise, Ye Jiangying said, "Xiao Fan, this is the giant of the Corpse Man Organization, and the Dragon Slaying Plan of the Corpse Emperor has begun."

"Aunt, do you know this?"

"Stupid boy, I know more than you."

"Aunt, what's the purpose of the Dragon Slaying Plan? What good is it for the corpse emperor to slaughter the pinnacle powerhouse?"

Ye Jiangying said tightly: "I don't know, but many experts speculate that the ultimate goal of the Dragon Slaying Plan must be a breakthrough. The Corpse Emperor is a capable person who has accumulated so many years and started to make a move."

Breaking the ground?

This is too much.

"Xiao Fan, you were too capable just now." Ye Jiangying complained: "Ye Xingzhi still hides his strength, don't underestimate him. That guy's talent is not much worse than your father, but he can bear it too much. Your father was expelled from the royal family, and he rose to become the first person of the Ye family!"

"Auntie, don't be ambitions to destroy your nephew's prestige, I also hide my strength."

"what!"

Ye Jiangying's beautiful eyes widened.

Ye Fan was so brave just now, yet he wasn't really capable.

"What are your calculations?"

"Actually, I practice a secret body refining method, and I need to perceive and improve in battle."

Ye Jiangying was shocked again.

"You kid, you actually use giants like Ye Xingzhi and Xiao Mingxiong as grindstones. You are too courageous. If you make a mistake, you will be killed by Huang Quan!"

"Aunt, I have a sense of measure."

"You child!" Ye Jiangying was pleased, touched Ye Fan's face, and sighed: "It's more and more like a father. Back then, your father was also a silver-haired, heroic hero..."

With that, Ye Jiangying's eyes flowed with memories and complex emotions.

"Father also has silver hair?"

"Yes, have you seen the photos of your parents? You should have seen them. You should have gone to Lin'an Liu's house. Your grandfather's house must save your parents' photos."

"Yes, I have seen it, but my father is not silver-haired."

"Silly boy, in the secular world, silver hair is still very strange, too conspicuous; it must be dyed black. The problem of silver hair should be genetic inheritance, you don't have to think about it."

Ye Fan has always felt that his black hair has turned into silver hair, which is the external manifestation of that genetic modification; now, it has nothing to do with genetic modification, it is inherited and inherited the characteristics of his father.

In this world, no race is silver-haired, unless he is born with albinism, but it is strange that Ye Fan does not have this disease.

Chapter 708: True strength

The arrival of the giants of the Corpse Man organization made the Xiao royal family nervous, but it seemed to be expected.

The Lord Brahmin knew that the Dragon Slaying Plan was about to begin, and he must have understood it as a royal family.

Suddenly.

All the dormant strongmen of the Xiao family came from Houshan, headed by the two elders.

One of them, Ye Fan, was Xiao Gong Xiao Shixun.

The other person must be the Great Elder of the Xiao Clan.

Both are giants.

In particular, the great elder, with a deep breath like a prison, is the number one strongman of the Xiao clan.

"Father. Great Elder."

Xiao Minghan gave a greeting.

Xiao Shixun nodded, glanced at Ye Fan, and then his gaze fell on the black robe man.

"The Corpse Emperor wants to kill the dragon, it has nothing to do with our clan, and we don't want to get involved, but we never thought that we would send you to my clan for cholera. Why, the Corpse Emperor wants you to slaughter the old man?"

"The seven kings are all slaughtered."

"It's a big tone." Xiao Shixun sneered, "It seems that there is nothing to say, so let's go to war. You probably didn't expect that there are strong people from the Ye royal family here."

"Our two clans join forces, and your twelve giants will also be defeated."

"Ye Xingzhi, what do you think?"

Xiao Shixun looked over.

Ye Xingzhi nodded and said: "What Xiao Gong said is reasonable. The corpse emperor provokes the majesty of the royal family. Our royal family must unite the front."

"Good point!" Xiao Shixun laughed, "killing twelve giants is enough to be a good story."

Suddenly, the black-robed man shouted: "Ye Fan."

"Um?"

Ye Fan was named and raised his brow.

The Corpse Man Organization knows him!

Xue Guan provided the photos of Ye Fan to the giants of the Corpse Human Organization, so they recognized Ye Fan.

It is precisely because of this that they just took action to solve the soldiers and blocked the bullets.

Ye Xingzhi and others from the Ye royal family were there, but the Twelve Giants didn't expect it, so they had other ideas.

"what's up?"

"There is a grudge between you and Ye Xingzhi. Ye Xingzhi will leave it to you."

"Does this mean...cooperation?" Ye Fan understood, why the black-robed man helped him solve the bullet and the soldiers just now, it turned out to be combined.

The face of the strong Xiao clan darkened.

Without Ye Xingzhi, there would be a lack of assistance.

"Ye Fan, you dare to cooperate with the Corpse Man Organization, this is a treachery!"

"Is it true? I, Ye Fan, do things, and I still need you, an old thing, to point fingers."

"Cooperation, I promised!"

The black-robed man laughed: "Ye Fan, good. Ye Xingzhi hand it to you, the Xiao royal family powerhouse hand it to us. As for whether you can take Ye Jiangying away, relying on your ability, we won't stop it."

When the words fell, the Earthly Dragon Slaying Formation rose up and enveloped all the great masters of the Xiao Clan including Xiao Shixun.

"Aunt, let's go!"

Ye Fan didn't hesitate, hugged Ye Jiangying, and rose into the sky.

Xiao Minghan was furious: "If you want to go, leave it to me!"

"Hahaxiao Clan Master, your strength is too weak, and you dare to shoot at me, are you not afraid of being slapped to death by me!"

Ye Fan didn't even look at it, but with a flick of his finger, he shattered Xiao Minghan's attack and walked away.

Xiao Minghan was extremely embarrassed and angry.

"Brother Xiao calmed down, Ye Fan and the others couldn't run away, just leave it to me."

"Brother Lao Ye, be sure to catch the dog and the man and woman back."

...

Huhuhu.

The strong wind whizzed through the clouds.

Ye Jiangying nestled in Ye Fan's arms, a little trance, as if she had traveled to more than 20 years ago.

At that time, Ye Jianghe took her on a happy trip.

Pooh!

Ye Jiangying regained consciousness abruptly and scolded herself as being too mean, this was her nephew.

"Xiao Fan, how did you meet Achen?"

"This is a long story."

"Well, wait for you to talk to your aunt well. But you are really brave. Achen asked you to bring him to the Xiao clan and you will come, really flabbergasted."

"Aunt, to be honest, my primary purpose in coming to the Xiao family was to find out the cause of death of my parents back then, not to save my aunt... Well, before that, I didn't know you, and I didn't know your relationship with me, aunt. Don't mind."

"Auntie is not so careful." Ye Jiangying rolled her eyes, and then said: "I didn't expect that the Xiao clan was behind the ghosts. I suspect that Ye Xingzhi and the Xiao clan were entangled as early as that year."

"possible."

"But when the clan thoroughly investigated this matter, Ye Xingzhi was the key subject of investigation, and he didn't find any clues."

"Ye Xingzhi is a cunning man, he is careful, and of course he can't show his feet." Ye Fan's face was cold, he didn't look down at Ye Xingzhi.

This family dared to initiate civil strife and take over power, whether it is boldness or skill, it is top-notch.

Enough to call it a hero.

"I will take this person, aunt, don't worry, I will calm down the internal chaos in the clan. In addition, grandpa is fine, I have seen him in the Wild Continent. It was also Grandpa's guidance, and I went to the Northern Wilderness to find the super body refining secret. , The physical body has been forged to this point."

"Really? That's great. I haven't been able to get in touch. I thought that the old man had an accident." Ye Jiangying felt relieved. She stroked Ye Fan's chest with ripples in her eyes, and smiled: "It's really strong. Stronger than your father."

The words made Ye Fan's mouth twitch, which sounded awkward.

"Xiao Fan, the Xiao family is in a catastrophe this time, and the twelve giants are enough for them. It is best to kill the core figures such as Xiao Shixun and Xiao Minghan, so that the Xiao family will collapse."

"Auntie, although the Xiao family does not have twelve giants, it is a lair after all, with soldiers and weapons, the twelve giants may not be able to kill them."

Ye Fan didn't believe that the royal family was so easy to deal with.

"Actually, there are still some mysteries about the death of their parents. What is the purpose of the Xiao royal family for the Hongmeng chip core? Did you get it? If you master it, what is it used for? All these need to be clarified, so Xiao Shixun and the others can't die."

"Auntie, I have to send you out of here first, and I will come to Royal Family Xiao again in the future."

"Again?"

"It must come. Hongmeng chip technology is the research result of my parents and belongs to my family. I think it is in the hands of the Xiao royal family, I have to get it back!"

Ye Fan is very firm.

This kind of technological achievements has made a great contribution to science and technology and must not be in the hands of outsiders.

"The corpse organization attacked the royal family, will our Ye royal family be attacked?"

"Now that the clan is empty, the giants of the corpse organization have arrived, and they can't deal with it at all."

"Xiao Fan, if you don't mind, come back to the royal family with me; although the royal family is very strange to you, it is ultimately your home."

Ye Jiangying was persuading that she was worried that Ye Fan would reject the Ye royal family; after all, Ye Jianghe was abolished and expelled from the royal family. As a son, Ye Fan might have grievances.

Ye Fan's heart was very plain.

I don't like or hate Ye Royal Family.

What happened to his father back then had nothing to do with the royal family itself.

Now that the royal family is in trouble, Ye Fan couldn't just sit back and watch. It was the place where his father grew up, and he wanted to see it too.

in addition.....

Ye Jiangying said that the corpses of his parents were buried in the ancestral grave of the Ye royal family, and he also wanted to see it.

Although digging a grave is rebellious and unfilial, there is no other way to get to the bottom of it.

"Aunt, I promise you."

"Thank you Xiao Fan." Ye Jiangying's eyes were wet, she couldn't hold it anymore, she was too weak, and she slept in Ye Fan's arms.

at the same time.

An invisible mysterious power descended on Ye Fan, restraining him, and slowing him down greatly.

"field!"

Ye Fan's pupils contracted, and when he turned his head, he found that Ye Xingzhi was about 500 meters away from him.

--hiss.

A chill rushed directly to the top of his head.

It's no longer known how to describe the field with a radius of 500 meters. Is this Ye Xingzhi's true strength!

Chapter 709: A generation of heroes

"Ye Fan, where to escape!"

When Ye Xingzhi caught it, the invisible domain power seemed to turn into a cage, trapping Ye Fan.

"Drive me!"

Ye Fan didn't hide it anymore.

Blood blooms.

Turns upside down in general.

The power of the domain exploded, and he rushed out of the domain; then he punched in the backhand.

The blood is like a rainbow, and the force is like a broken bamboo, and the beaten leaves fly hundreds of meters upside down.

Ye Fan hugged Ye Jiangying with one hand, squeezed a fist with the other, his eyes were like electricity, and he coldly shouted, "Ye Xingzhi, how do you feel?"

"The power of blood!"

Ye Xingzhi was a little embarrassed, he was really caught off guard just now.

"Boy, I really underestimate you."

"I underestimated you too!"

The two looked at each other, sparks flickered.

Suddenly, Ye Xingzhi smiled and said: "Ye Fan, we don't have any deep grudges..."

"To shut up!"

"You murdered my aunt, when my father had an accident, you may also have your shadow. You have the face to have no grudges against me!!"

Ye Xingzhi said sternly: "Ye Fan, don't talk nonsense about this. There is no proof, how can you slander people at will. According to your seniority, you should call me uncle."

"Uncle? Haha." Ye Fan sneered.

"Come on, catch it."

Ye Xingzhi threw a small bottle over. Ye Fan thought it was a miniature bomb and was about to explode it.

"This is the antidote."

"The antidote?"

Ye Fan squinted and grabbed the bottle. It was indeed a pill inside.

"Ye Jiangying was hit by the cartilage powder. This is the antidote. Give her the medicine."

"How do I believe this is the antidote? Besides, the cartilage is scattered, I have my own way to relieve it."

Ye Xingzhi said: "This cartilage powder is not ordinary cartilage powder. It is the unique poison of our Ye family. Even the three great medical sages of the Great Xia Kingdom can't solve it."

"The apprentice can't understand it, can't the master do it."

Ye Xingzhi said in surprise: "Do you know the master of the three medical sages?"

Ye Fan hummed and said, "Aren't you standing in front of you?"

When the words fell, three golden needles appeared in his hand, piercing several acupuncture points on Ye Jiangying's body.

Afterwards, the toxin of the cartilage powder flowed out along the golden needles by using the "Pushing Dragon Hand" of the medical doctrine.

It disappeared in the blink of an eye.

Ye Fan's power of qi and blood penetrated Ye Jiangying's body, trembling a few times, and then Ye Jiangying woke up leisurely.

"Xiao Fan."

Ye Jiangying looked blank, and then said in surprise: "My body...I've improved, and I have strength."

Ye Fan smiled and said, "Auntie, the cartilage toxins in your body have disappeared, and within ten minutes, you can return to its heyday."

At this scene, Ye Xingzhi was dumbfounded.

Ye Fan solved the strange poison that made the royal family and the martial arts world panic.

How can it be?

Ye Xingzhi didn't believe it, and asked, "Ye Fan, how did you do it?"

"Didn't you just say that, the apprentice can't understand it, the master can."

"Are you really the master of the three great medical saints?"

"you guess."

Ye Fan shrugged, unpredictable.

Ye Xingzhi was uncertain.

"This kid, how much is there to hide? No matter how strong the evildoer is, he still has such terrifying medical skills." Ye Xingzhi secretly said in his heart.

Ye Jiangying understood that her poison was not an antidote, but Ye Fan used his own means to remove it.

"Xiao Fan, you are really amazing. You have surprised my aunt too much."

"Where is this." Ye Fan smiled, watching Ye Jiangying's state gradually recover, and the situation is getting better and better.

Ye Jiangying is also a giant.

Although it is only a medium-sized giant, it is also a big help.

Ye Fan is confident, with Ye Jiangying's assistance, not to mention suppressing Ye Xingzhi, at least Ye Xingzhi can't help them.

"Ye Xingzhi, you still want to fight us?" Ye Jiangying's face was grim.

"No, no, I admire Ye Fan very much. This kid is my clan's arrogant man. It is my clan's fortune. How could I hurt him." Ye Xingzhi smiled and looked amiable.

This made Ye Fan's heart tense.

Being able to bend and stretch, turning his face is faster than turning a book, this Ye Xingzhi's scheming is really too deep, it is too difficult to play him, no wonder he can dominate.

"Then you don't follow us."

"You want the Hui clan?" Ye Xingzhi asked, and then he pondered: "Indeed, the corpse organization may have a strong person in the ancestral land, so I want to go back and have a look."

"Go, I have to stay and help the Xiao clan fight against the black-robed men."

"Haha, don't care about my own affairs, run to lick the **** of the Xiao royal family, admire and admire it." Ye Fan mocked.

Ye Xingzhi was not annoyed, and chuckled: "Ye Fan, you don't know. Ye Jiangying killed an elder of the Xiao family, and you, killed the law enforcement elder... Well, I have a headache. I'll solve it. I'll be the acting clan leader, who knows my suffering."

Ye Jiangying said angrily: "I didn't kill the elder of the Xiao royal family."

"Now it's useless and unnecessary." Ye Xingzhi waved his hand, "You go, hurry, lest the ancestral land is destroyed."

After the words were closed, Ye Xingzhi returned.

Ye Fan and Ye Jiangying looked at each other and couldn't figure it out. This Ye Xingzhi was really too difficult.

"Xiao Fan, leave him alone, let's go and rush back to the clan as soon as possible."

"good."

...

Ye Xingzhi returned to the ancestral land of the Xiao family.

Ye Hao came to face him and asked, "Father, where are Ye Fan and Ye Jiangying?"

"Let them go."

"Huh?" Ye Hao was puzzled, "Father, can't your strength capture the two of them?"

The corner of Ye Xingzhi's mouth twitched, and he said lightly: "That won't be enough. Even if Ye Jiangying regains his strength, I can suppress both of them. But then, I will be injured too, it's not worth it."

"Now Ye Jiangying is bringing Ye Fan Hui, this is a good thing."

"Good thing?"

Ye Hao frowned.

"Father, this should be a terrible thing. Don't forget, not all members of the clan support you, and there are those who oppose you. Ye Fan will probably be stubbornly supported by those old men when he returns, and he will fight for the clan with you. Lord's place."

"After all, Ye Fan is just a young man, he can't play with me by playing methods. It's impossible to be a clan leader. It doesn't matter if those old stubborn support him."

"Then what is the good thing you said?" Ye Hao asked puzzled.

"I need the clan lord's ring, Ye Jiangying is tight-lipped, but if Ye Fan returns, she will most likely give the clan lord's ring to Ye Fan for safekeeping."

"The clan leader's ring has been hidden, and I don't have a clue; but once it is on Ye Fan, then I will only need to capture Ye Fan in the future. It can be said that the clan leader's ring is 'snake'."

Ye Hao suddenly realized, and admired: "Father, you are still smart."

"Let's go, solve the crisis of the Xiao clan. It is time for the Corpse Emperor to start the Dragon Slaying Plan. I am still worried about Ye Potian's return. It seems that whether Ye Potian will survive the Dragon Slaying Plan is still unknown."

"Father, do you want to go back and help the Xiao clan deal with the black-robed people?"

"certainly."

"Father, Ye Jiangying is right. Xiao Minghan's things are polite on the surface and look down on us in his heart." Ye Hao was angrily.

A trace of murderous aura flashed deep in Ye Xingzhi's eyes, and he said coldly: "Xiao Minghan looks down on me, haha, as everyone knows, I am only using the Xiao royal family. Hao'er, the vision of the father is not just the Ye royal family."

Chapter 710: Ming Wu!

When Ye Xingzhi and his son returned to the Colosseum, Xiao Minghan found that Ye Fan and Ye Jiangying had not been seen, and his expression was a bit ugly.

Without waiting for him to ask, Ye Xingzhi said, "That kid Ye Fan was unexpectedly relieved of his cartilage, and Ye Jiangying regained her strength, and I couldn't suppress it."

Xiao Minghan obviously didn't believe it.

Ye Xingzhi didn't bother to waste his words, and said, "Brother Xiao don't care, it's time to deal with them. Now, I will help you deal with the black-robed people."

The twelve giants attacked together, making Xiao Shixun and other powerful people miserable. Several powerful people had been beheaded, which made Xiao Shixun very heartbroken.

"Ye Xingzhi, shoot quickly."

Xiao Shixun shouted.

"coming!"

Ye Xingzhi raised his hand to the palm of King Daming.

The twelve magnates controlled the big formation, gathered their forces, and suppressed Ye Xingzhi and the Xiao Clan powerhouse.

The wind and clouds of the war changed color.

This is not only the case of the Xiao royal family, but also the Xuanyuan royal family, the Ji royal family, the Jiang royal family, the Yuwen royal family, and the ancient royal family.

...

On the other side, Ye Fan left the mountain with Ye Jiangying and entered the Thunder Fighter.

"Boss, you are finally back. There was a big movement in the mountains, and we were worried to death."

"Withdraw troops."

Ye Fan gave the order.

Xingtian immediately notified Qiongqi and Longteng, who quickly retreated.

Above the natural dangers.

A group of lieutenants slowly breathed a sigh of relief as they saw the Dragon King's battle department retreat.

"They have withdrawn. We can allocate a part of our forces to support the ancestral land."

"Hurry up!"

On the natural danger side, tens of thousands of soldiers rushed to the ancestral land.

Ye Fan didn't want to pay attention to the next thing, nor was he interested. The titans of the Corpse Man Organization were alive or dead, which didn't matter much to him.

Under the guidance of Ye Jiangying, the Thunder fighter turned on three times the speed of sound and headed towards the ancestral land of the Ye royal family.

In the warplane.

Ye Fan continued to look at Ye Jiangying.

Although the cartilage powder was relieved, the toxin also damaged some of Ye Jiangying's organs, and Ye Fan had to help Ye Jiangying recover.

There were a lot of resources and medicinal materials on the fighter plane. Ye Fan cooked the medicine and gave it to Ye Jiangying, then left the room and let Ye Jiangying take a good rest.

Han Bing has been guarding outside the door.

"Sister, what are you doing?"

"I'm going to get to know my aunt, is she asleep?" Han Bing said.

"Sleep."

"Where is Ye Chen?"

"Something happened, Ye Chen left alone." Ye Fan gave a wry smile.

"Then have you achieved your goal, have you figured out your life experience?"

Ye Fan sighed heavily.

He told Han Bing about the information he had learned, and there was nothing to hide.

After listening, Han Bing was furious: "The Xiao royal family is too hateful, and that Ye Xingzhi might be behind the scenes."

"All of this, I will definitely find out." Ye Fan looked at Han Bing's expression and asked: "Sister, what's wrong? What's wrong?"

"It's just a little restless."

"Let me see." Ye Fan gave Han Bing a pulse, no problem.

Han Bing said, "Xiao Fan, is it dangerous to go to the Ye Royal Family, so I feel uneasy?"

Ye Fan groaned: "Royal Ye is very strange to me, I really don't know what will happen. However, when my aunt and I go, you won't have to go to the ancestral land."

"Sister, I'll prescribe you a prescription to calm the nerves, and let Xing Tian pick up the medicine for you and cook it."

After doing this, Ye Fan returned to his room and began to practice Tyrant Body Jue.

The battle with Ye Xingzhi and Xiao Mingxiong has benefited him a lot.

The Tyrant Body Jue, as expected, was born for fighting.

Only by fighting at the limit can progress be made.

However, Ye Fan has grown too quickly recently and has reached a bottleneck. It is too difficult to continue to break through.

"In terms of the physical body, let it go temporarily. If you want to break through to the Dacheng Hegemony, you need too many resources, and your own cultivation is not enough."

"The goal now is to work hard to understand the power of heaven and earth, to get started as soon as possible, and to master this power is of great use to me."

"In addition, work hard to gather momentum, give birth to its own field, and enter the realm of a great master."

Recalling Ye Xingzhi's 500-meter radius, Ye Fan was shocked but also very envious.

The power of the field is terrifying.

At that time, Ye Fan fell into it, feeling as if he had fallen into a swamp, his whole body was restrained, and his combat power was greatly reduced.

If it weren't for the force of qi and blood to break through, I'm afraid Ye Xingzhi would really suppress it.

"Hey, I don't know if the Devouring Method can swallow the power of the domain?"

Ye Fan suddenly had such an idea.

The situation was urgent at that time, Ye Fan did not think of this, and did not experiment.

"When my aunt wakes up, let my aunt release the field, I will give it a try."

Ye Fan made up his mind, and then took out the yellow book given by the old patriarch of the Ri clan to study and understand the power of heaven and earth.

One way of practicing, in fact, different ways lead to the same result.

If you want to become a great master, you must cultivate the domain; if you want to become a master of the triple realm, you must understand the power of heaven and earth.

After all, it is the unity of nature and man.

The power of the domain, in Ye Fan's eyes, is the cohesion of "qi".

What is Qi?

In Chinese medicine, people have energy and spirit.

Essence is the essence of the kidney. Human beings are born and become essence first, so essence is the source of life.

Qi is an invisible force produced by the essence of the kidneys, which works together with blood. Qi governs the flow of blood. Wherever the qi reaches, the blood can reach it; before the qi reaches, the blood can't do it... so there is the term "qi and blood".

If you can master the qi and blood, and use them together, you will achieve the power of qi and blood.

This is connected.

As for the gods, it is the external manifestation of the fullness of qi and blood.

Being strong is perfect.

The full spirit comes from the full blood, and the full blood comes from the kidney essence that is willing to surging.

"Aura and aura, a strong qi, a strong momentum, and a strong domain. This is coherent. And qi is born from the essence of the kidney. Good guy, it's right to guard your body like jade."

Ye Fan secretly cheered.

∩(′▽′)∩

"Whether it is martial arts training, body refining, or the power of qi and blood, in the end, it still depends on oneself."

"On the way of cultivation, it really is oneself fighting against oneself."

"In this way, as long as the grand master can use the qi and blood together, then it can display the power of qi and blood."

Ye Fan was surprised, these are not big secrets, a genius with a little bit of research can think of it.

"There must be a giant like me who can display energy and blood. Will Ye Xingzhi? This guy is really unfathomable!"

"My body is strong, my kidneys are surging, and my qi is strong. I will cultivate a realm in the future, and I will definitely surpass many evildoers. I don't know what I can achieve!"

Ye Fan was looking forward to it, and then he thought about—

If the qi, blood, and the power of heaven and earth are combined together, what kind of realm will be born?

"Hodgepodge!"

"Tsk tusk, I don't know if I will play myself to death, but this is indeed a way."

Ye Fan's thoughts are fiery, of course, can't be rushed, before that, he must understand the power of heaven and earth.

time flies.

In the room, Ye Fan studied fascinated, his mind became clearer and clearer.

And the distant place of the Martial God Temple.

Tongtian Peak.

"boom!"

There was a huge explosion, and the towering Tongtian Peak seemed to be smashed by a heavenly sword, and the top of the peak was missing.

The bronze halls have disappeared.

The entire explosion shocked all the disciples of the Martial God Temple, and they were all anxious.

"Is the war over?"

"Have the Lord won!"

"Tongtian Peak was ruined, and the main hall collapsed, shame, absolute shame."

"The corpses organize these **** things!"

The elders and disciples were filled with grief and anger, but they were more nervous, because after the explosion, they were extremely calm.

Ten minutes.

A tattered figure rushed out of the smoke, he was dripping with blood, lost an arm, and was seriously injured.

"The martial arts power is dead!"

He yelled, his voice hoarse.

The world is dead.

He screamed again: "Listen to everyone, Wu Shentong is dead! Successfully slaying the dragon!"

Gradually, far away.

But his shouts echoed between heaven and earth for a long time.

The elders and children of the Wushen Temple are all petrified.

Lord, fallen?
