

Elegant SS 71

Chapter 71: Operation Red Rose

This night.

Tianhao Hotel, a presidential suite.

Red Rose turns on the computer, opens the web page, and enters the password; then the web page that pops up, enter the password again...

It lasted six times in total.

Unlocked six times.

After that, the computer page was like ripples, with four big words rippling and bleeding:

Black Sky Organization.

That's right! !

This is the internal webpage of the Heitian organization. It is encrypted with six layers and has world-class security.

On this webpage, thousands of killers in the organization can communicate with each other, take on tasks, and report work.

Red Rose swiped the mouse to browse the scary code names, then clicked on an avatar and entered a paragraph of text.

Then, the second head, the third head, the fourth head...

She sent messages to six killers in total.

After doing all this, Red Rose quickly went offline, shutting down the web and computer; and she, after a few minutes, was sweating like rain, and her heart was beating like a drum.

"call!"

The red rose kept breathing deeply, trying to calm her emotions.

ten minutes later.

Red Rose left Tianhao Hotel wearing a windbreaker and sunglasses.

About half an hour, she came to an entertainment club...

at this time.

In a deck on the second floor of the clubhouse, Li Xiang and a few friends, friends, are pushing cups and changing cups.

"Brother Xiang, it's still hard for you to come out so soon, it's awesome."

"Oh, Brother Xiang, don't be depressed. The removal is only temporary. After ten and a half months, you will be able to reinstate you."

"Come on, drink!"

Li Xiang's face was deep, and he hated Zhong Ling.

If it weren't for Uncle Zhou Ping's efforts to protect this time, I'm afraid he would really want to squat.

Without knocking Zhong Ling down, he planted himself in, picked up a rock and hit him in the foot, angry and embarrassed at the same time.

It just made Li Xiang wonder how could the tiger shark betray him?

Who caused the tiger shark's injury?

In the Criminal Police Department, the tiger shark was killed.

Obviously, there is a terrifying big man behind him, who broke the plan and caused himself to stumble.

"Oh shit."

Li Xiang got more and more angry, and took a sip of wine fiercely.

Pulling the accompaniment lady next to her, her hands kept tormenting, and she did not shy away from it.

"Brother Xiang, just forget it?"

"Forget it, how is it possible!" Li Xiang sneered, "Wait for the limelight to pass, and then find someone to deal with it. I must take revenge.

"That is, revenge must be made."

"I think Zhong Ling is beautiful, Brother Xiang, don't you plan to do it?"

Li Xiang's eyes flashed and thought of something unpleasant.

"Do you think I don't want to? Do you know why I have to deal with her! It was when I was rejected when I confessed, and the **** said that he doesn't like me at all, and he will not be my girlfriend after death."

Thinking back to that day, when Zhong Ling was ruthlessly rejected, Li Xiang's chest was up and down, wishing to catch Zhong Ling and taste it now.

The more I thought about it, a fire rushed from my abdomen.

"You drink, I'll go to the toilet."

Li Xiang hurried to the toilet, took out his cell phone and made a call: "Hey, old cat, do me a favor and catch a woman."

"I'll send you the photo, and I will thank you buddy again after it's done."

"Hahaha, it's easy to talk about it. I want to find a solution to your son's problem and see if I can get it out in advance. Then I'll hang up and send you the photo."

Li Xiang flipped through the album happily.

Among them, there is a photo of him secretly taking Zhong Ling's work.

"Tsk, little bitch, so beautiful."

"It's really beautiful."

"what!"

A cold word suddenly rang in his ears, and Li Xiang was startled; when he turned around, he found that it was a beautiful and **** woman, and he was immediately stunned.

Red Rose licked her red lips.

Reaching out to grab Li Xiang's mobile phone, and pressing his other hand on Li Xiang's chest, Li Xiang's whole body trembled, his face flushed.

An unnamed karma fire rushed straight from the soles of his feet to the top of his head, making him unable to himself, and breathing quickly.

"Go in."

Red Rose opened her mouth charmingly, her voice numbed and her eyes blurred; pushing Li Xiang's chest, she walked into the squatting position and closed the door.

Where did Li Xiang have seen such a temperamental beauty, but also such a sexy, that pair of big red lips made his mouth dry.

In the next second, hug the red rose...

Three minutes later.

Red Rose quietly left the toilet, and outside the clubhouse, using Li Xiang's cell phone, sent a text message to the old cat.

Not long.

A jeep approached.

Red Rose got into the car, looked at the middle-aged man in her forties, and asked coldly: "Are you an old cat?"

"It's me, you are..."

"puff!"

The cold light flashed, blood gushing.

The old cat clutched his neck tightly, his eyes widened, and soon died out.

Red Rose left Li Xiang's phone in the car, and then disappeared into the night like a ghost...

after an hour.

The detective came.

First, the body of the old jeep cat and the lost cell phone were found, and then Li Xiang who had hanged himself in the toilet was found.

"Axiang!"

Zhou Ping came after hearing the news.

Tang Jian, the director of the third room, sighed: "Zhou Ping, the sorrow and the change."

Unexpectedly, Zhou Ping stared at Zhong Ling, rushed to grab Zhong Ling's neck, and shouted: "Bitch, it's you! It's you who retaliated and assassinated Axiang. I want you to die, give me death!"

"Zhou Ping give me a hand!"

Tang Jian roared.

But Zhou Ping not only didn't let go, but instead pinched tighter and tighter.

Upon seeing this, Tang Jian used an electric shock stick to stun Zhou Ping. "Come here, handcuff Zhou Ping to me and take him back to the Superintendent."

"Zhong Ling, are you okay?"

"I, I'm okay." Zhong Ling's face turned pale, he was obviously scared, and said with red eyes: "Director, I'm innocent."

Tang Jian said, "Don't worry, you are absolutely innocent. You were in the Superintendent's office at the time of the incident. Moreover, at the toilet scene, Li Xiang did commit suicide by hanging himself. There is no other doubt; plus the phone of the jeep. It was initially determined that Li Xiang was killed. He killed the old cat, and then committed suicide in fear of sin."

"The specific situation, wait for the results of the investigation."

"Don't be afraid, Zhou Ping will definitely be punished for doing this. Next, I will give you a few days off. You go home and take a good rest, adjust your state, and wait for my news."

Zhong Yiyi said excitedly: "Thank you Director."

Opposite the clubhouse.

Watching the criminal police team leave, the corners of Red Rose's mouth rose.

The ninth silver medal killer of the Black Sky Organization faked the scene of the crime and it was too simple to confuse the criminal police.

Out of the alley, Red Rose made a call.

"Hey, Mr. Ye, the first task is over. I solved Li Xiang, and incidentally, I also solved a gang leader who had to deal with Miss Zhong."

"well done."

"The second mission is also underway, and they will arrive in Changning soon."

Red Rose finished speaking, bit her red lip, and carefully asked, "Dare to ask Mr., who are you? If you do that, it will cause an uproar and even shock many forces around the world. The impact is too great!"

On the other end of the phone, Ye Fan chuckled softly: "What about the alarm, it has no effect on me. Even if the "black sky" comes, what can I do!"

Chapter 72: Global forces are alarmed!

—Even if "Hei Tian" comes, what can we do!

A short sentence reveals domineering, frivolous, and...

Extreme confidence!

You know, Heitian is the controller of the organization, the boss of the organization, and the most powerful existence.

In the global dark world, it is called: God.

That is a terrifying existence that can make world-class giants want to hear about it, but Ye Fan actually said so easily, why did he?

Do you think you are the Lord of the Tianzun Hall?

The phone has been disconnected, but Red Rose has been unable to recover for a long time. She wanted to leave Changning, worrying about being affected.

But now, she changed her mind.

She wants to stay.

Look at Ye Fan, how it ends!

...

In the middle of the night, the full moon crossed the sky.

In the remote Siberian glacier steppe, a man wrapped in an animal coat killed several agents, and then looked at the messages on the special mobile phone.

"Daxia Changning, it's interesting."

Half an hour later, the man boarded a fighter plane to Daxia.

...

Amazon forest at night.

Very scary.

Strange snakes, insects, rats and ants were raging, but at this moment, there was a horrified howl of birds and beasts.

"call."

An agile figure fell on a boulder.

Two men with sharp fangs and three centimeters long looked up to the sky and screamed. Not long after, a fighter plane flew over and took him away, aiming for Daxia.

...

A deserted island overseas.

There is a volcano in the center, and in the volcano, in the hot cave, a man of steel is waving his fist.

Bang bang bang.

With every punch, the bombarded volcanic rock bursts.

I don't know how long it took.

The man walked out of the cave and jumped into the sea; boarded a warship, cut through the sea, and rushed towards the port of Daxia.

Such images also appeared in three other places in the world.

The six killers rushed to Changning, Daxia.

at the same time.

The intelligence organizations in the world got the news and quickly spread in the dark world, immediately causing a huge wave.

"The Beast King and Sirius are all gold medal killers of the Heitian organization, and they rushed to Daxia together, and their destination was Changning, a third-tier city."

"So what happened?"

"What mission has been released by the Black Sky Organization that actually sent out six gold medal killers, and they are all top-ranked, unique!"

"..."

The dark world is already boiling.

Even the Heitian organization became nervous, and the senior management leaders of the organization immediately held a meeting.

"Can't contact Sirius!"

"These six guys, what are they doing? Don't you know the horror of the Great Xia Kingdom? It is a violation of the treaty we signed with the Great Xia Kingdom to rashly enter the Great Xia country to assassinate!"

"Would you like to contact the senior officials of the Daxia War Department to block the Beast Emperor and others?"

The elders are discussing suggestions.

Suddenly, a woman wrapped in a purple robe said, "No, Sirius and the others are not fools. Since they are going to Daxia, and they are acting together, then they must have intentions and will not mess up. Let's watch the changes."

"Yes, Grand Elder."

...

Six o'clock in the morning.

Daxia Space Command Center.

The monitor came to the office in a panic and reported to Director South Korea Qianghui: "Director, there is a situation. Six foreign fighters rushed to our Daxia and deduced the sailing route and found that the destination was Changning, Qingzhou."

"Changning again?"

South Korea was surprised, and he hurried to the monitoring room.

Stare at the six red dots on the screen.

In Changning, Ye Fan is still there. Are these six fighters from the Temple of Heaven?

Han Qiang did not act rashly, he immediately called Guo Xiong.

"Hey, Xiao Guo, something is going on. Six fighters rushed to my Daxia land, and the destination was Changning. Are they disciples of the Temple of Heaven?"

"I need to ask the Lord."

"good."

A few minutes later, Guo Xiong called back.

South Korea asked strongly, "How is it?"

Guo Xiong said, "Not a disciple of Tianzun Temple, but a gold medal killer of the Heitian organization, but don't stop it, the Lord arranged it."

"Are you sure there will be no accident? You know the Heitian organization, how powerful the gold medal killer is, and it will be a disaster if you do anything wrong."

"Relax, everything is under the control of the Lord."

"Okay, then I believe you once. If you are out of Da Louzi, I will ask you for it." Korean Qiang didn't dare to trouble Ye Fan, so he could only warn Guo Xiong.

"Release."

"Yes!"

Two hours, around eight o'clock in the morning.

Six fighters entered the country one after another.

At that time, the major forces around the world were using various channels to pay attention, wanting to know why the six gold medal killers, including the Beast Emperor, Sirius, and Vulcan, gathered in the small town.

And Changning.

This small city, which is being watched by global power, does not know it, and is as quiet as usual.

Orphanage.

Han Bing got up early, she was worried and worried.

"The Beast King, Sirius, they are here, how did these guys find me, it's over, it's over."

"It must be said by the red rose!"

"Son of a bitch."

Han Bing stomped his feet angrily. He had never been so anxious before.

She thought about leaving Changning, but worried about Meng Qingyi and Ye Fan. In her opinion, since the Six Sirius can find Changning, they must have investigated her clearly.

If she runs away, then...

Ye Fan and Meng Qingyi will suffer, and her assassin's identity will be exposed.

"I won't give in."

Han Bing's eyes were determined, unusually determined.

She changed into a black outfit and put on equipment.

"Sister, where are you going?"

"Uh."

Seeing Ye Fan approaching, Han Bing said perfunctorily: "Sister, don't ask too much about things, just stay in the orphanage and don't run around."

Seeing Han Bing's back, Ye Fan smiled unkindly.

He contacted Red Rose and asked, "Where is the location?"

Red Rose replied: "Mr. Ye, I said that Mandala lives in seclusion in Jiulong Mountain. They should meet in Jiulong Mountain."

"good."

Calculate the time, it will be about an hour.

Ye Fan drove to Jiulong Mountain, but unexpectedly, Han Bing also came here, and he was still seriously arranging traps.

And this time.

At Changning Airport, six fighters arrived at the same time and landed all at once.

Woo woo woo.

In an instant, the murderous spirit soared, and the situation changed.

"Sirius!"

"Beast King!"

"Vulcan!"

"..."

The six people spoke together, like six wild beasts.

Fortunately, Guo Xiong had arranged it a long time ago, and there was no one at the airport, otherwise he would be suppressed by the murderous and terrible coercion of the six people.

"Jiulong Mountain!"

"Jiulong Mountain!"

"Jiulong Mountain!"

The six people looked at each other for more than ten seconds, and then uttered three more words one after another.

Then he left the airport quickly.

Airport control tower.

Guo Xiong and Cao Bing looked at the backs of six running fast, their eyes were dignified, and their faces were full of shock.

"It is worthy of being the top-ranked gold killer of the Black Sky Organization. His strength is terrible, and he is not a vain name. That murderous aura is almost condensed to the essence, like a blade."

"General Guo, what are they going to do when they suddenly come to Changning?"

"I don't know, but the Lord is in control of everything. It is possible that the Lord called them. It's just that the Tianzun Hall and the Black Sky Organization don't have much contact. Although it is rumored

that the Black Sky Organization surrenders to the Tianzun Hall, it is just a rumor, and no one has confirmed it. !"

Guo Xiong couldn't figure it out either.

He couldn't suppress curiosity, called Cao Bing, and drove to Jiulong Mountain in an off-road vehicle.

Besides.

The red rose also left.

Not only her, the world-class power is in Daxia territory, and both the disciple who is doing the task or the disciple who is lurking have already rushed to Changning.

After all, the news began to ferment last night, and one night's time was enough for them to come over and join in the fun.

Changning, which was originally a small third-tier city, has suddenly increased by tens of thousands, and they are all at the level of big brothers. They are either big masters, giants, or strangers...

The pressure of Changning authorities has doubled.

Li Chungang was sweating profusely and contacted Cao Bing, hoping to get help from officers and soldiers to assist in patrolling and maintaining law and order.

Cao Bing immediately made some arrangements.

But these are not important.

The important thing is-

A black "cloud" headed towards Jiulong Mountain, which was the center of the storm, affecting the hearts of tens of thousands of powerful people and big men.

Rumbling.

At the right time, the originally gloomy sky was blasted with thunder, and then "click" lightning raged and "whoop" the wind screamed.

A storm is coming...

Chapter 73: warmth!

Click!

It was brewing for ten minutes, and finally after a purple lightning with thick arms, a heavy rain fell and a rain curtain fell between the sky and the earth.

Changning is precarious in the wind and rain.

And in Xiao's house.

Xiao Wenkang's face was extremely serious.

Just now, a command was conveyed above:

-Find out, what is the so-called six gold medal killers of the Heitian organization gathered in Changning!

After many years.

The order was given again above.

Xiao Wenkang was very excited and immediately convened a meeting with all the members of the Xiao family.

"Big brother, what you said is true? The news is really going on, so I take the initiative to contact you. It seems that our return is expected."

Xiao Wenyao was extremely excited.

The same is true for Xiao Wenkang, even the pain of losing his son has gone beyond the clouds.

"Talk about business."

"Man King, haven't you come yet?"

After all, the brutal king, who was seriously injured yesterday, appeared in the living room while being pushed by the maid in a wheelchair.

"master."

"Oh, you are so badly injured, I blame the Xiao family. Don't worry, Mr. Man Wang, I will double your compensation."

The Barbarian King was not a strong man cultivated by the Xiao family, but was hired for worship. Xiao Wenkang also respected him, because the Barbarian King had a powerful mercenary group under his command.

The Barbarian King Mercenary Corps, with 800 people, is commonly known as the Eight Hundred Warriors. He is also very famous in the mercenary world, and his influence is not small, Xiao Wenkang dare not underestimate it.

"It has nothing to do with the Xiao family."

The Barbarian King waved his hand and asked, "Master, what do you want to do with me? I can't fight anymore in my current state, but I have already ordered the mercenary group to be transferred. Brothers are on the way."

At this hearing, Xiao Wenkang was overjoyed.

"Well, well, with the blessing of 800 strong men, they will surely be able to kill Ye Fan's little beast."

Kill Ye Fan?

is it possible.

A huge question mark appeared in Man Wang's heart, thinking of the horrible scene last night, he still has lingering fears.

"Master, go ahead."

"Do you know about the Black Sky Organization?"

The Barbarian King was horrified, "Why do you ask this? The Heitian organization is incredible. It is the world's number one assassin organization. There are countless powerful men under his command. The power is huge, and the horror is extreme."

"Does the master want to hire a killer from the Black Sky organization to assassinate Ye Fan? This is a good idea. However, contacting the Black Sky organization is not easy and requires special channels. I don't have it."

Listening to the introduction of Man Wang, the Xiao family was shocked.

Xiao Wenkang said, "I got reliable information, and the six gold medal killers of the Heitian organization came to Changning."

"what!"

The barbarian king almost jumped up from his wheelchair.

Six gold medals, gathered in Changning?

What a joke.

What is the existence of Changning, worthy of the linkage of the six gold medal killers?

Could it be...

Ye Fan!

The Barbarian King's mind naturally appeared, and the figure of "Mask Youth" appeared.

Xiao Wenkang said: "The news said that the six killers gathered in the outskirts of Jiulongshan. We need to find out what happened?"

"go!"

The Barbarian King stood up without thinking.

Xiao Wenyao asked, "Sir, your injury?"

"It's okay, I can hold it back. The six gold lists are linked together. This grand occasion is too rare. I must go and see it."

The barbarian king gritted his teeth, his blood was boiling, and his pain was completely forgotten.

"Uncle, Dad."

At this time, Xiao Chen stood up.

"Mr. Man Wang just mentioned that we can hire a killer from the Black Sky Organization to kill Ye Fan. Now the six gold medal killers are in Changning, which is a good opportunity."

Xiao Wenkang and others nodded secretly.

The Man King said, "The Black Sky Organization has a total of 100 gold lists, and each of them is a terrifying and powerful existence. They already have countless wealth, and most of the tasks are based on their preferences. If the Xiao family does not have enough things to impress them, I Let's just forget it. In short, let's go to Jiulong Mountain to see the situation first, if we can see the killer, it's still too early to talk about hiring."

"Yes, go to Jiulong Mountain first."

Five minutes later, an armored off-road vehicle rushed out of Xiao's house.

There are three people in the car.

Man Wang, Xiao Wenkang and Xiao Wenyao.

Rumbling.

There was loud thunder and wind and rain.

The weather is extremely bad.

Driving out of the city and arriving in the outskirts, the trio of Man Wang discovered that it was unusual. They saw a lot of mighty carts and many figures. The destination was Jiulong Mountain.

At this moment, the three talents of Xiao Wenkang know—

There was too much movement, too many people involved, and even giants. It was shocking and the grand occasion was unprecedented.

At this moment.

Jiulong Mountain, in the valley.

Wearing a mask and black rainproof combat uniform, Han Bing finally set up the trap, and then sat cross-legged on a rock in the center, waiting quietly.

She was cold all over.

Fear, loneliness, helplessness...

She knew that she was no match for the gold medal killer anyway, not to mention six of them all at once.

Nowadays.

She will definitely die.

"Sister and sister, Xiao Fan..." Han Bing took out a photo, stroking it, his face was sad, tears rolled down, mixed with rain, and he couldn't distinguish it.

"sorry."

Han Bing closed his eyes and sighed.

Later, she destroyed the photo and then sent a message to the WeChat group.

Ding dong.

In the jungle, Ye Fan has been paying attention.

The phone rang.

He saw a sentence sent by Han Bing on WeChat:

"Sister, younger sister, Xiaofan, I am actually an agent, and my identity needs to be kept secret, so I have never said it. Now, I have received a mission and need to go abroad. I don't know when I will come back. You take good care of yourself, love you!"

Ye Fan's heartstrings trembled.

My sister responded immediately to the WeChat group.

Fifth Sister Zhong Ling: "Sister Sister, you are actually an agent, good fellow, that's too awesome. Sister, is your mission dangerous? Pay attention to safety."

The eldest sister Meng Qingyi; "A Bing, in fact, we have all guessed over the years. It is similar to what we thought. The agents are very good and contribute to the country. However, as Xiao Wu said, pay attention to safety, and you must pay attention to safety!"

Second sister Su Muyu: "A Bing, have you gone, why don't you say anything? I have prepared a lot of hemostatic drugs and painkillers that are very effective, and you can bring them!"

Seeing these words, Han Bing's heartstrings trembled. The fear in my heart disappeared, and even the cold body gradually warmed up, and his heart became hot.

"puff!"

Suddenly, the rain curtain was torn open, and the dark clouds in the sky were rushed out of a huge gap, and the waves were surging strangely.

It was a strong breath, like a knife, cracked clouds like paper.

Puff puff...

Then, the five auras appeared again, equally overbearing.

Han Bing's body was tight and his face was stern.

They are coming!

Chapter 74: Top six gold list!

"Sister, don't talk anymore. The organization requested that this mobile phone number will be invalid, so you don't need to call me and wait for me to come back."

Han Bing said hurriedly and destroyed the phone.

at the same time.

Dark clouds flow away, lightning and thunder.

People who came to watch from all over appeared on the tops of Jiulong Mountain, but they did not dare to show up for fear of being affected.

The trio of Barbarian Kings have also arrived.

"Who is that?"

"woman!"

"Could it be that the six gold medal killers are linked together to kill a woman? What's a joke? What identity and strength is this woman?"

No one knows the reason.

On a certain hill, Red Rose paid close attention to the center of the valley, looking for Ye Fan's figure, and at the same time, waiting for the six strong men.

Soon.

With a click, the huge dragon-like purple lightning occupied the gloomy sky, reflecting on the valley, making the tens of thousands of people watching from the top of the mountain briefly trance.

After the lightning disappeared.

Everyone saw that a man wrapped in animal skins appeared directly opposite Han Bing 30 meters away.

"Golden List Fifth: Beast King!"

Han Bing's voice is hoarse.

"it's me."

The man speaks, very calm, but it is this calm and indifferent, which gives people a sense of oppression.

"Wow!"

At the same time, with a howl of a wolf, a man with fluffy hair appeared 30 meters behind Han Bing.

Can't see the face clearly, only two white fangs and green eyes can be seen.

"Gold List Ninth: Sirius!"

Han Bing's voice seemed weak.

It's not over yet.

To the west, a scorching breath rushed into the sky, as if a sea of fire was coming from the sky, and the rain fell on him, all steaming hot.

Steel, fiery man.

"Gold List Sixth: Vulcan!"

Han Bing was crumbling.

The strength gap is too big, and she can hardly resist even the coercion.

Those who were on the sidelines were shocked to the extreme.

The top ten existences in the gold list are all world-class powerhouses, and they will be respected wherever they go.

The Fifth Beast King, the Sixth God of Fire, the Ninth Heavenly Wolf...

Oh my god!

Everyone's heads are about to explode.

"and also!"

There was a shout, and as far as his eyes were, it was east.

scold!

A little cold light passed.

Rain curtain division.

The man with the sword was silent, wearing a hat.

"Gold List Thirteen: Mad Knife!"

Immediately afterwards.

To the south, a black air swept in, strange and terrible, but mixed with an intoxicating fragrance, a woman in sackcloth walked out of the black air.

"Gold List Eighteen: Poisonous mother-in-law!"

Gurulu.

A ball-like thing rolled down from the mountain, and opened 50 meters away from Han Bing. It turned out to be a short man with a weird appearance, only about 1.3 meters.

"Gold List Twenty: Little Tai Sui!"

There are three powerhouses again.

Between 20 and 10, it belongs to the gold list killer of the second ladder.

The six gold rankings surrounded Han Bing.

Of course, the people on the sidelines, apart from Red Rose, no one knew that the woman in the middle was Han Bing, and they were all guessing at her identity.

In the eyes of the audience, Han Bing is definitely a super strong.

Because, if you dare to come here alone to fight the top six gold lists, if you are weak, you can't justify it; this also means that the next is a wonderful battle.

Everyone is looking forward to it.

"Mr. Ye."

Red Rose found Ye Fan's location.

"Are they the six? Very good."

Ye Fan's eyes contained murderous intent, just a trace of it made Red Rose horrified, and it felt terrifying more terrifying than the murderous intent of the Beast Emperor and Vulcan.

Can he really beat the top six gold lists?

Red Rose is very suspicious.

At this juncture, she couldn't help asking, "Mr. Ye, can you tell me why you are going against the top six gold lists?"

"No, they are looking for death."

"What's the meaning?"

Red rose puzzled.

Ye Fan didn't have a word, in fact, I have to talk about it from a few days ago.

At that time, he asked Zhao Qingmei to check Han Bing's information. In addition to knowing the identity of Han Bing's killer, including some activities she organized in Heitian and past deeds, they were all found out in great detail.

And in the data:

Ye Fan keenly found that Han Bing had been hiding from several people, namely the Beast Emperor, Vulcan, Sirius, Crazy Sword, and Little Tai Sui.

Besides.

Ye Fan also learned that the poisonous mother-in-law chased down Han Bing. Once Han Bing was poisoned and fled back to Changning, he was cured by Su Muyu.

This point was verified by Su Muyu.

In summary.

Ye Fan asked Red Rose to send a message and gathered all six people.

Why?

Naturally, it was to solve the trouble for Han Bing.

Ye Fan didn't want his precious sister to be worried all day long and live uneasy. As for why they were targeting Han Bing, Ye Fan didn't know too well and didn't want to bother.

Anyway, they are all dead.

"Crack!"

The lightning thunder dragon raged in the sky.

Reflecting on the six beast kings, it looks particularly terrifying.

"You still got it, Red Rose sent you the message, right." Han Bing calmed down and said coldly.

"Indeed." The Beast Emperor nodded.

"Hand it over, you know what we want."

Vulcan's voice was extremely low and hoarse, like a sharpened knife, it was creepy.

The young Taisui is very old, but his voice is like a child: "Little silver medal killer, even if you have a trap, hand it over, and you can save your life."

"Say."

Crazy knife spit out a word.

The squatting Sirius roared hoarsely in his throat, and his back was slightly arched, ready to kill at any time.

And Poison mother-in-law, surrounded by black mist, stared at her.

"I don't know what you are talking about. I really didn't take it. I'm not a fool. If I take what you want, I will definitely give it to you. But in fact, I don't have anything. What do you want me to give up!!!"

Han Bing was very angry and aggrieved.

five years ago.

The poisonous mother performed the task, but the target of the mission was eventually killed by her accidentally hitting her, which caused the poisonous mother to be angry and attacked her.

She wandered down to an island.

there.

She found the five Beast Kings, and she didn't know what they were digging in secret; later, he was discovered by the Beast Kings and hunted down.

Fortunately, the sea weather was unpredictable. She escaped with the help of the bad weather and quietly returned to Changning. Su Muyu was cured of the poison on her body.

For five years, in addition to doing tasks, she has been hiding in Tibet, fearing that she would be found by the Beast King, Poison Mother and others.

As for what the Beast King asked for, she had no idea.

But.

The Beast King did not believe them.

That was the big secret of the five of them. It was too important to them. They didn't believe Han Bing's words.

"If you don't pay, then die!"

Crazy Blade spoke coldly, and one stepped up into the sky.

The big sword fell from the sky.

The battle is on the verge.

Han Bing gritted his teeth, and a stainless steel short knife appeared in his hand, but she was a woman, and there was no such power as a crazy knife.

The knife was cut down, almost breaking her arm, and she also flew out.

"call out!"

Sirius moved.

As the name suggests, he is a wolf. He was raised by wolves since he was young. He can call and drive wolves. He is talented and moves super fast.

"puff!"

Sirius waved his claws.

Instantly grabbed Han Bing's black combat uniform, cracks appeared in the soft armor inside, and the impact caused Han Bing to fall into the quagmire.

"what happened!"

"This is too weak. Who the **** is she, just kidding."

"Six big gold list besieged and killed a weak chicken?"

On the top of the mountain, the onlookers talked a lot and found it incredible.

I thought it was a wonderful battle, but who would have expected that the woman in black had no room or ability to resist.

It's so boring!

"Cough cough." Han Bing got up, coughed up two mouthfuls of blood, did not give in, and stared at the Beast Emperor with cold eyes.

"I didn't take it, I don't know anything!"

"It seems that some means are needed." The Beast King was expressionless and squinted. "Poison Granny, I'm sorry to trouble you."

Poison mother-in-law is a woman in her thirties, with long hair like Sadako, and said coldly: "You are really too rude. You should be gentle. Look at me."

As he spoke, a black air swept away like a poisonous snake.

Instantly drowned Han Bing.

"what!"

The next moment, Han Bing screamed.

She knew that she was poisoned, and it was a torturous poison. At this moment, she felt that thousands of ants were gnawing on the internal organs, and it was better to die.

"Mandala, you escaped and detoxified last time, hehe, you can't escape from my palm this time. This poison is my latest development, and only I can detoxify it!"

Poison mother smiled triumphantly: "So, you still listen to the Beast Emperor's brother, and honestly explain."

Han Bing's expression was painful, but no longer made any sound.

Xiao Tai Sui laughed strangely: "This girl is quite hard. In that case, take it away and torture slowly. There are too many people on the sidelines. There are too many people to look at. It is better to withdraw first. After all, this is Daxia, so you can't make too much trouble. "

"I agree." Crazy Blade said.

"Sirius."

The Beast King yelled, and Sirius threw at Han Bing like lightning.

At this moment.

"Crack!"

A dazzling lightning burst out, making everyone temporarily blind.

During the Qingming Festival, the pupils of the Beast Emperor and others contracted, and the tens of thousands of people who were watching were all dumbfounded.

In front of Han Bing, there was a tall and straight white man wearing a mask of grimace, otherworldly.

He had one hand behind his back, one hand and five fingers on Sirius' head... At this moment, Sirius was very miserable.

A wolf's claw turned into powder, and the blood flowed along the fracture of the wrist, splattering, and dyed the quagmire red.

And the head can be squeezed at any time.

"Several people, don't leave in a hurry, we need to do some calculations for some accounts."

Chapter 75: In the blink of an eye!

The calm and even a slightly playful tone made the Beast Emperor and the others feel inexplicably shocked.

Under the lightning and thunder, the grimace mask looked particularly hideous.

What's even more frightening is that this masked youth actually appeared at that moment, abolished one of Sirius's hands, and then clasped Sirius' head.

This series of actions all happened between the electric light and flint.

What speed is this!

The audience at Shantou was also dumbfounded, and then took a breath of air-conditioning: Good fellow, it turns out that the master is behind, that black woman is just a little girl, appetizer! !

Rumble!

Click!

Thunder and lightning, roaring and rolling.

Ye Fan just stood there, standing in front of Han Bing, like an insurmountable mountain, giving Han Bing an endless sense of security.

This is a **** of war!

Han Bing's vision was blurred, and she wanted to look up at the young man in white, but she was really to the limit; she had always been supporting it all at once, and now she couldn't hold it anymore.

Not surprisingly, he fainted in the rain.

"puff!"

At the moment when Han Bing was in a coma, Ye Fan contracted his five fingers and squeezed his head in the horrified gaze of Sirius.

The headless body was thrown away and landed in front of a pack of wolves not far away.

Gold List Ninth: Sirius, die! !

The five members of the Beast Emperor and even the spectators all felt the icy coldness, and looked at the corpse surrounded by wolves with horror.

Sirius... That's it, dead?

How dare he!

The ninth in the gold list, he belongs to the Heitian organization. He dares to kill, isn't he afraid of the Heitian organization's revenge! !

Somewhere in the jungle, the red rose had long been pale.

However, Ye Fan seemed to kill an insignificant ant without any fluctuations; he squatted down, took out the silver needle, and used "Nine Dragons Divine Needle" to detoxify Han Bing.

Seeing this, the poisonous mother-in-law sneered: "You know how to heal? It's a pity that only I can deal with the poison. In the world, no one except me..."

"what!"

Suddenly, the poisonous mother-in-law's face froze.

Han Bing's face darkened by the poisoning returned to its original state at a speed visible to the naked eye, and he vomited the poisonous blood.

"This, this is impossible!" The poisonous mother-in-law didn't want to believe it, it was a great blow to her.

She is a killer who is famous for her "poison". She has painstakingly studied three years of highly poisonous art, but she was instantly cracked by the ghost-faced youth.

"Impossible! Impossible!"

"I killed you! Die to me!"

The poisonous mother-in-law's eyes were stern, and all the poisoning techniques erupted, and at the same time, the overwhelming black mist and poisonous insects attacked Ye Fan.

Ye Fan was submerged in an instant.

"Hahaha, this time you will see if you die, no one can survive such a strong poisoning technique!"

The drug mother is extremely confident.

"Scatter!"

In the next second, a word was like a thunder in the sky, and the trembling black mist collapsed, flying hundreds of poisonous insects.

Ye Fan was intact, safe and sound.

Poison mother-in-law's eyes widened, and then the thought of fleeing emerged in her mind; but at this moment, a silver needle turned into a stream of light and submerged between her eyebrows.

"Uh, uh—"

Po Po-po's throat squirmed a few times, and then she fell into a pool of blood.

Gold List Eighteen: Poisonous mother-in-law, die! !

Suddenly, the second of the six gold lists was dead, which really shocked everyone present.

"too strong!"

"Who is this grimace young man? He killed Sirius and Poison with his fingers. No fear of poisonous, fast as lightning, these methods cannot be an unknown person!"

"Strong, outrageous!"

Everyone sighed, extremely enjoyable.

In the crowd, Man Wang, Xiao Wenkang and Xiao Wenyao were surprised, because they felt that the masked youth was somewhat familiar.

"Brother, it won't be Ye Fan." Xiao Wenyao said tremblingly.

"I don't know." Xiao Wenkang was also afraid for a while.

If Ye Fan is the masked youth who can kill the existence of the black sky organization gold list strong, then will the Xiao family be Ye Fan's opponent?

"Man King, what do you think?"

"It's hard to say!" The Barbarian King stared at him, but due to the distance and the inclement weather, it was impossible to be sure that it was Ye Fan.

At this time, in the middle of the valley.

Ye Fan hugged Han Bing, who was still in a coma, and shielded her from the wind and rain. He glanced at the four Beast Emperors, and said indifferently: "You four, self-discipline."

-Self-decision? !

The four Beast Kings were stunned, then furious and murderous.

They never thought that as the killer of the gold list of the Heitian organization, one day they would be asked to dictate themselves!

This is a blatant humiliation.

However, the four of them did not act rashly. They were not idiots. The "Mask Youth" killed Sirius and Poison Granny with just a few clicks, which had already shown that they were strong enough.

"Who is your Excellency? We asked ourselves, if you didn't provoke you, why did your Excellency take a trip to this muddy water. You should know that we are the killers of the Black Sky Organization and are on the gold list."

"Then what?"

Ye Fan's eyes flashed with disdain and contempt.

"You have already killed two gold-listed powerhouses, and have caused a catastrophe. Is it possible to kill us? Let's not say whether we can deal with the four of us together. Even if we are wiped out, you are sure that you can withstand the revenge of our organization. ?"

"Xiao Hei Tian, can still dig out the waves."

"presumptuous!"

The four of them roared in full anger.

The knife in Crazy Sabre's hand was trembling. He took off his hat, revealing his face like a sword, and said coldly: "Offend God, you **** it!"

"Hey!"

In the blink of an eye, the crazy knife slammed in front of Ye Fan, and the refined weapon broadsword split the rain curtain and slashed at Ye Fan's neck.

But Ye Fan didn't move, and stretched out a hand lightly.

And point to a flick.

"when!"

The blade trembled, and a huge force passed along the big knife to the crazy knife, causing him to fly upside down like a lightning strike.

This shocked the audience again.

The Beast Emperor and Vulcan looked at each other, and quickly flanked them left and right.

"Roar!"

The Beast Emperor roared and roared like a beast, which was a means to disturb his mind.

On the other side, Vulcan is like a fireball, covered with blue veins, criss-crossed and criss-crossed, like an old tree's horns, it's not like a person.

One gold list is fifth and one gold list is sixth.

Ye Fan smiled.

On the left and right, the Beast Emperor and the Vulcan each punched, and he greeted the fiery fist of the Vulcan with one palm; because he was holding Han Bing in the other hand, Ye Fan could only use his foot to block the fierce fist of the Beast Emperor.

"what!"

The faces of the Vulcan and Beast Emperor all changed drastically.

Both of them punched with all their strength, but they were easily resisted, and they remained motionless. Their strength was unfathomable.

retreat!

This is the only thought in their minds.

However, Vulcan found that he was volleyed and his body was out of control; it turned out that Ye Fan grabbed his wrist with his backhand and threw him up and hit the Beast Emperor.

At the same time, Ye Fan turned around.

The surging power was instilled in his feet, and the hard ground was sinking deeply.

Oooh!

With a kick, carrying a howling sound, fiercely overbearing and violent, he kicked and exploded the young Tai Sui who attacked behind him on the spot.

"Boom!"

This terrifying scene made the scalp of the mad knife who returned from the killing numb, abruptly stopped, and froze on the spot.

The Beast Emperor and Vulcan also petrified.

All the spectators in Jiulong Mountain were shocked to the point where it could not be added... To be precise, it should be shocked!

Shocked and terrified.

In the rain curtain, Ye Fan's eyes were like electricity, and he said with extreme disdain: "Golden List Twenty waste, come join in the fun! Humph!"

Chapter 76: black sky? I, wait for him.

—The waste of Jinbang Twenty, also come to join in the fun.

Extreme contempt.

but.

He has this qualification.

The Beast King, Vulcan and Crazy Sabre were like enemies, no longer easily shot, the three formed into horns, and surrounded them without moving.

"Three of the top six gold lists are dead, and there are three left, amazing!"

"It's so handsome to kick Xiao Tai Sui just now, he is decisive, domineering and frivolous, so handsome!"

"Where is he sacred!"

"..."

The masters, giants, and gangsters all wanted to know who the young man with a white mask was, but no one dared to go down the mountain to see.

Someone had brought a telescope, but it was a pity that it was covered by rain, the wind was howling, the trees were swaying, and the leaves were all over the sky.

"Brother, show me."

Xiao Wenyao snatched the telescope in Xiao Wenkang's hand and grinned, "Damn it, the wind and rain are too big and there are big branches and leaves blocking it, so I can't see it clearly."

"Man King, what do you think?" Xiao Wenkang asked.

"I don't know, but the possibility of Ye Fan is very small. The strong person who can kill the gold list killer in a second must be world-class, and Ye Fan is clearly not among them."

"Right!"

Xiao Wenkang Weiwei feels at ease.

In the woods, the red rose covered her mouth and sat on the ground, shaking and unable to help herself.

He really did it!

Killing the strong in the gold list, and still a second kill, is simply unreasonable.

Is it true that today's six big gold lists are really going to be destroyed?

Will not.

That's the fifth, sixth, and crazy knife.

It is known within the Black Sky organization that Crazy Sword is a knife obsessed, obsessed with sword practice, and is not very interested in rankings, otherwise it would have rushed to the top ten of the gold list.

The rain keeps falling.

In the cold wind, Ye Fan stood proud and despised everything.

"Actually, I could intercept and kill you long ago, even without me, I can take off your head with just one sentence."

The three of the Beast King were alarmed.

Ye Fan continued, "The reason why you are summoned here is to know why you are chasing and killing my sister, and what do you want from her? Unfortunately, I am very disappointed. I didn't get the result I wanted. ."

"It's getting late, don't delay my time. My sister has been in the rain, which is not good, so..."

"Do it yourself."

These three words again.

Self-decision! !

Compared to before, the Beast King was no longer angry, but rather heavy.

Three pairs of eyes stared at the white-clothed youth in front of them, they couldn't figure out, who was this? It's so unfathomable, it shouldn't be unknown.

"who are you?"

"There is not much time for you, hurry up and judge yourself, I will let you die decently." Ye Fan's tone is beyond doubt.

The Beast Emperor gritted his teeth secretly, and the Vulcan clenched his fists.

As for the mad knife.

Buzzing.

His broad sword kept trembling, and it made the trembling of a metal plate.

"what?"

Ye Fan is slightly different.

This crazy sword has a deep knowledge of swordsmanship, and has two tricks.

"kill!"

Crazy Dao took the lead.

Puff puff puff...

His sword technique is fast and arrogant, seemingly simple but hidden in the mysterious.

Ye Fan moved his muscles and bones, and finally pointed and clamped the blade; no matter how hard the mad sword was, he couldn't pull out the broad sword.

This scene.

Completely defeated the confidence of the Beast Emperor and Vulcan.

"Crack!"

Ye Fan's fingers pressed hard, and the sturdy sword made of special materials cracked, and then...with a bang, it exploded into countless fragments.

"puff!"

Crazy Sabre spouted a mouthful of blood and knelt on one knee.

The knife is here.

Now, the weapon was ruined and his face was ashamed.

"escape!"

The Beast Emperor and Vulcan scattered and fled.

This result was unexpected and reasonable, and the audience on each mountain shook the sky with applause and shouts.

Ye Fan didn't care about the crazy knife anymore, and two silver needles popped out after flipping over his palm.

The two people a hundred meters away fell to the ground.

"Your Excellency, don't kill us!" Seeing Ye Fan approaching, the Beast Emperor finally showed horror and exclaimed: "I am a strong man in the Black Sky Organization, fifth on the gold list, and have an important position in the organization. If you kill I will be retaliated by the Black Sky Organization."

"Your Excellency, this is the end of this matter. We will never trouble the mandala anymore. Please let your Excellency stop here." Vulcan said in pain.

"give up?"

Ye Fan was condescending and sneered contemptuously: "What are you guys worthy of talking about with me, it's not enough to see if it's dark."

The Beast King said angrily, "Your Excellency, don't be too rampant. I have countless strong people in the Dark Sky organization. Although I am the fifth on the gold list, the first four are much better than me, especially the first on the gold list. I may not be able to kill you; Moreover, there is the most terrible God."

Vulcan agreed: "Yes, you can't imagine the terrible Heitian organization. We can be a referee and introduce you to the organization."

Ye Fan said playfully, "Introduce me to the Black Sky Organization?"

Seeing hope, the Beast King and Vulcan kept nodding their heads, and said seductively: "With your ability, you must have a very high position in the organization, and it is not impossible to even fight for the first place in the gold list."

"You are young and have great potential. In the future, you may not be able to become the highest level of the organization. At that time, you will overlook the world and have unparalleled financial power."

"interesting."

Vulcan asked: "Then your Excellency agreed to join the Black Sky organization?"

Ye Fan turned around, took out the foldable tent from Han Bing's bag, opened it to build it on the ground, put Han Bing in it, and avoided getting wet in the poncho.

Later, his words came: "Your status is too low, you are not qualified to recruit me, let the dark sky come, I will give you an hour."

——Let the dark sky come!

——Give you one hour!

The corners of the Beast King and Vulcan's mouth twitched.

But they had no choice but to contact the boss Hei Tian in order to survive.

As the top players on the gold list, they are very familiar with Heitian and have Heitian's personal contact information.

The Beast King called.

Rumbling.

The call was quickly connected, and the other end was roaring, and before even speaking, an anti-furious roar came out:

"Beast King, you idiot! What are you doing! Do you know how much trouble you have caused! Do you know who that person is!"

"Boss, I..."

"To shut up!"

Heitian roared, wishing to get out of the phone.

He kept roaring: "What's the situation now?"

The Beast King said angrily: "Boss, Sirius, Poison Granny, and Little Tai Sui died. They died horribly. I and Vulcan and Crazy Sabre were also defeated. Boss, where are you? He said he wouldn't see you in an hour. , We all have to die."

"I have arrived in Changning, and I will be able to reach Jiulong Mountain soon."

"real?"

The Beast King was ecstatic and couldn't wait to say: "Boss, come on, take revenge for us and Sirius..."

"Report your sister!"

"Listen to Lao Tzu, and immediately kneel down and confess! Don't say a word of nonsense, kneel down and confess! Repent, idiot!!"

The call stopped abruptly.

The Beast King and Vulcan looked at each other, wondering what Heitian was going crazy!

suddenly.

A flash of lightning flashed through their minds, and they seemed to have thought of something.

After that, a color of horror appeared on his face, staring at the tent blankly, breathing more and more quickly...

The next second, the two moved in unison.

Five-body cast.

Creeping worship.

And 30,000 spectators, exploded...

Chapter 77: Reprimand Heitian!

Beast King and Fire God's five-body worship? !

This style of painting has changed too quickly.

The audience can't react, and even if it fails, there is still a problem of dignity.

For the top players in the gold list, dignity should be more important than life, how can such a humiliating five-body cast!

Can't understand! Can't understand!

Overwhelming discussions, disdain, and demeaning voices poured down from all the hills, the Beast Emperor and the Fire God blushed, but they did not produce any anger.

That's...

God!

There is nothing wrong with paying respect to Tianzun.

In the woods.

The red rose who saw everything dropped her chin. She couldn't wait to rush over and ask the Beast King and Vulcan why she did it!

This not only humiliated myself, but also discredited the Hei Tian organization.

The killer can die, and he is mentally prepared to be killed on the day he enters the trade, and he absolutely can't go unscrupulously.

One hundred gold list.

Want to rush forward, not only need points, but also various aspects of assessment.

Only a character who is not afraid of death, loyal to an organization, and persevering can be qualified to be on the gold list. At this time, the behavior of the Beast Emperor Vulcan completely abandoned his principles and beliefs.

This is also the root cause of criticism and condemnation by 30,000 viewers.

"Crazy Knife!"

Vulcan whispered.

However, in the quagmire, Crazy Sabre knelt on one knee, piece by piece of his own broken sword, it seemed that everything had nothing to do with him.

"The obsession is deep, it's pretty good."

In the tent, Ye Fan admired Crazy Sword very much, and had a love for talent.

actually.

The same is true for the Beast King and Vulcan.

Both of them are strong, with great potential, it is a pity to kill like this; besides, Ye Fan is not a bloodthirsty person, so he gave them a chance.

Of course, Han Bing had to be treated a second time.

Poison mother-in-law's housekeeping skills are actually quite extraordinary. At first, the toxins that Ye Fan removed were only at the superficial level, and the deep levels of poison were not dealt with.

"Sister, I'm offended."

Ye Fan closed his eyes and unbuttoned Han Bing's clothes.

At this time, he had no distracting thoughts. After finding the acupuncture point, the golden needle in his hand fell quickly...

Time flies, half an hour.

Han Bing's fair skin oozes a lot of black impurities, which is deeply poisonous, and he was forced out at this moment.

Ye Fan kept his eyes closed.

He received a lot of rain from the outside world, wiping Han Bing's delicate body.

In half an hour, 30,000 spectators were impatient to wait, and some bold ones went down the mountain and watched at the foot of the mountain.

"What are you doing!"

"Is it impossible, he is happy in the tent!"

"Hurry up and kill the Beast Emperor and Vulcan, these two wastes, betraying their beliefs, immortality is the stain of the Hei Tian organization."

Many people are afraid that the world will not be chaotic, and hope to see Ye Fan take the initiative to kill.

Ten minutes passed.

"What are you waiting for?"

More and more people are impatient, and large-scale movies are coming down the mountain.

And outside Jiulong Mountain.

A blockbuster of officers and soldiers is lurking and banned.

But an armored vehicle rammed and smashed, attracting Cao Bing's attention; as he was about to stop it, Guo Xiong's call came.

"Let it go, he is Hei Tian!"

"black sky?"

Cao Bing was stunned and quickly turned into a shock.

"The master of the Hei Tian organization, Hei Tian!"

"good!"

After getting an affirmative answer, Cao Bing hurriedly sent an order: "Don't stop it, let it go."

Buzzing.

The armored tank pushed in horizontally, at a speed of two hundred yards.

Dark sky, anxious.

In the valley, the audience's emotions climbed to the climax. At the edge of the explosion, the originally quiet dark sky suddenly swam away from the thunder dragon electric snake.

"Look!"

Someone is shouting, pointing to the mountain road.

He saw a chariot galloping forward, even driving straight away, and the thunder dragon electric snake in the sky seemed to be leading him forward.

That picture is extraordinarily spectacular!

The Beast Emperor and Vulcan did not raise their heads, but they knew that it was the boss Heitian who had arrived.

"Be merciful!"

The chariot didn't stop, and a black shadow shot out, rushing to the tent like lightning, panting heavily.

Heitian, a man in his forties.

The whole body is as black as ink.

Even the skin is like this. This is not a disguise, but an assassination. Hei Tian dyes the skin permanently, making it dark all over, in order to blend in with the night.

The ultimate pursuit of the killer profession is one of the reasons why Heitian is admired by the giants of all walks of life.

"black sky!"

"God!"

Finally, the audience screamed.

Many of those present were giants and big men. Even the children of some ordinary forces could recognize Heitian because he was so unique.

He, the fifth-ranked man in the world's top ranking list, unexpectedly appeared!

There is no cheering, the world is dead.

Even if Heitian didn't release a bit of murderous aura, just standing like that would give people an extremely terrifying feeling, as if he was a murderous god!

"Come in."

Two words came out from the tent, and Heitian was a spirit.

"You two continue to pay homage."

Hei Tian reprimanded, then glanced at himself playing with his own crazy knife, and cautiously entered the tent.

Everyone held their breath.

In the tent.

Hei Tian knelt down on one knee, lowered his voice, and respectfully said: "See the Lord! I am not able to discipline, please the Lord punish!"

"You really should be punished."

Ye Fan's face was cold, and he reprimanded: "As far as I know, the Heitian organization has regulations that prohibit internal cannibalism, yes!"

"No, that's right."

Heitian was sweating, but he didn't dare to raise his head, lowered his head and waited for it to fall.

"Hehe, then you know, my sister, codenamed Mandala, you organized the killer of the silver list, He De, how can you be chased by the six gold lists!"

"boom!"

Hei Tian understood the reason, his scalp was numb, and he wished to tear the Beast Emperor and the others to pieces.

Tianzun's sister dared to chase and kill, isn't this a death.

"Five years, do you know how my sister came here in the past five years!"

"Tianzun calms down his anger."

"Quite my anger? How can I calm my anger! My sister must have reported to the organization, but your internal managers, do you think that my sister is not willing to offend the top six gold lists, so I ignore it and let them chase me down? Sister, make my sister hide in hiding, all day long in fear!"

Heitian was trembling, and he knelt on his knees at this moment.

Tianzun was angry, blood flowed into a river, even the black sky organization aspiring to the assassin world, it will instantly fall apart!

If this scene in the tent is seen by someone outside, you will definitely faint with fright.

The powerhouse ranked fifth in the world's top rankings, knelt down on his knees and shivered, and respectfully accepted the reprimand. This is definitely the big news that detonated global forces.

"I think my sister is weak and there is no one behind. In that case, can you see me okay!"

"The Lord calms down his anger."

Hei Tian didn't know how to answer, so he could only beg Ye Fan to calm down.

As for the selfishness within the organization, Hei Tian secretly vowed that after this crisis, he must clear the malignant tumor within the organization.

"By the way, the Beast Emperor and the Vulcan are going to recruit me to join the Black Sky Organization, and they said that I am fighting to get the first place on the gold list. Do you think I should agree?"

Damn it!

Heitian is really going to scold his mother.

"That, Lord, please give us a chance."

"Humph!"

Seeing Heitian crying, Ye Fan knew it was about time, "Okay, get up."

"Thank you Lord."

At this point, Heitian breathed a sigh of relief.

Ye Fan said, "Look at the potential of the three of them, especially Crazy Sword, so you save their lives. I will leave them to you, and you will deal with them yourself."

"Lord, rest assured, I will punish severely."

"In addition, the Beast Emperor and the others chased down my sister, saying that my sister had taken something, so I didn't bother to interrogate it. If you come out of the trial, you will sue me."

"Yes."

Ye Fan was not talking, guarding the mandala.

Hei Tian asked cautiously, "Master, is there anything else?"

"My identity is kept secret, today's matter, just assume that nothing happened, the people outside, you handle it."

"good."

Hei Tian turned around and was kicked immediately.

He flew straight out of the tent and fell into the muddy water, very embarrassed.

In the eyes of the audience waiting outside, Heitian and the Ghost Face Youth lost the battle in the tent and were beaten out.

This is incredible!

On a certain mountain, a white-haired old man in brocade clothes, holding a brush in his hand, said quietly: "The ranking of the sky list has changed!"

Chapter 78: Ranked in the top rankings, popular all over the world!

"Idiot, take the crazy knife and let's go."

"Yes!"

Hei Tian issued an order to let the Beast Emperor and Vulcan be amnesty, knowing that their lives were saved.

They didn't want to stay for a second, and rushed into the chariot with the mad knife.

On the other hand, the black sky swept across the mountains, bursting out incomparably terrifying murderous aura instantly, dispelling all the dark clouds in the sky.

"Everyone, this is the end of this matter, it's time to retire."

After that, Hei Tian got on the chariot.

In the blink of an eye, disappeared into the valley.

However, the 30,000 spectators were hesitant to retreat.

They are too curious, too shocked, and want to see what the face of the strong who defeated Heitian is.

pity.

There was no sound in the tent.

Everyone didn't dare to approach. After waiting for more than ten minutes, someone suddenly shouted: "Retreat, Daxia's officers and soldiers are here."

One stone stirred up a thousand waves.

Most of the audience present were disciples lurking in Daxia from major forces around the world. They were worried that they would be swept away by a net, but in desperation, they quickly retreated like a tide.

"Brother, let's go." Xiao Wenyao shouted.

"I didn't expect this to be the result. I originally wanted to hire a gold-listed master to kill Ye Fan, but now it's a waste."

Xiao Wenkang was full of emotion, but this trip was worthwhile.

The boss of the Black Sky organization, the fifth-ranked man in the world's top rankings, appeared. Although he only saw an outline from a distance, it was enough to leave an indelible impression.

The only thing that makes Xiao Wenkang uncomfortable is that it is impossible to determine whether the masked youth is Ye Fan!

"Let's go."

The Man King retracted his gaze and comforted: "Master, don't worry, the ghost-faced youth who defeated Heitian will soon be famous in the world and be on the top of the list."

The so-called Tianban is a list made by a neutral organization-Tianji Pavilion, with a total of 108, ranking the known strong.

"Ranking on the top list, becoming a world-class master, receiving attention from all over the world, and personal information will become more and more comprehensive. If the ghost-faced youth is Ye Fan, then all the information will be found by Tianji Pavilion, and the list will be published. Announced today."

"Master, there will be news within three days, we just wait."

"Go back, the officers and soldiers have entered the valley."

Xiao Wenkang glanced deeply at the tent in the middle of the valley, then hurriedly descended the mountain and quickly left the Jiulong mountain boundary.

Thirty thousand spectators disappeared in just twenty minutes.

Rumbling.

At the right time, officers and soldiers entered the valley, and an armored vehicle drove slowly in.

"The Lord."

Guo Xiong and Cao Bing stepped forward.

Ye Fan walked out holding Han Bing. At this moment, he took off his mask.

Guo Xiong said, "The Lord is divine and mighty, this time the global forces will be shaken by it. The idlers outside have been eliminated, and the Lord can leave the valley."

"Thanks a lot."

Ye Fan glanced at the jungle diagonally opposite, said nothing, and got into the car with Han Bing in his arms.

In minutes, the brigade left.

The valley became extremely silent.

At this time, Red Rose staggered out, looking at the broken corpse on the ground, and then at the direction Ye Fan was leaving.

She had a huge conjecture in her mind.

This conjecture made her horrified, and she couldn't stop shaking.

Ye Fan, he...

Is he Tianzun? !

Just thinking about it, when the call came, Red Rose saw that Ye Fan was calling, her face was pale, worried that Ye Fan would kill her.

"Mr. Ye, what are you looking for?"

"Come to Tianhao Hotel."

Twenty minutes later, Red Rose hurried back to the hotel.

Ye Fan handed Han Bing to her and exhorted: "My sister, take care of you temporarily, what to say and what not to say, I believe you are very clear."

Red Rose is a wise man. Knowing that Ye Fan didn't want Han Bing to know his identity, he replied with a vow: "Don't worry, I know how to say it."

"Then my sister will leave it to you, I will ask you if something goes wrong."

Ye Fan left the hotel and returned to the orphanage.

But the big wave in the dark world has been set off, and the news that Heitian was defeated, like a hurricane, has swept the world.

Two days later.

At noon that day, under the eagerness of the world, Tianji Pavilion finally released the latest list——

Top of the list: Tianzun.

Ranked second in the rankings: King Shura in the Temple of Shura.

Ranked third...

Fourth on the list...

Finally, the fifth position on the ranking list where Heitian was originally, changed at this moment and changed to—

The fifth day of the list: San Xiu ghost noodles.

Hei Tian's ranking was downgraded, and he fell to sixth in the top ranking.

As soon as the top ranking came out, it became popular all over the world.

The word "ghost face" officially swept the entire dark world, and countless people talked about it for a while, and the limelight was unparalleled.

As for the ghost face information, Tianji Pavilion also announced: there is no power, no organization, loneliness, wandering all over the world, and mysterious whereabouts.

Although there is only a short sentence, it reveals important information, and smart people have already seen something.

On the top of the list, the powerhouses at the top have tyrannical forces, such as Heitian's assassin organization, the Shura Hall of King Shura, and even the Tianzun Hall of the first Tianzun on the list.

A ranking fifth without a strong force is theoretically weaker, but in terms of importance, it is even greater.

Because.

Will be recruited.

In the Tianji Pavilion, the ranking list was released for half an hour, and the Shura King in the Shura Hall personally issued the Shura King Order.

Say:

The Asura Hall is willing to open the door, the Ghost Face Brothers can join the Asura Hall at any time, and become the second person in the Asura Hall!

As soon as this order was issued, the world was shaken.

The dark world is surging.

Immediately afterwards, the third and fourth strongest players in the rankings also issued solicitation orders, saying that as long as the ghost face joins, they will be the number two figure in the organization.

One person under ten thousand people!

This olive branch is simply too big and too tempting... Countless people, countless forces, countless giants, and even the nations of the world are waiting for Guimian's answer.

However.

There was no wind, and the ghost face seemed to have evaporated from the world.

...

Changning.

Mingyue Manor.

Ye Fan, Guo Xiong, Jiang Long, and Zhao Qingmei gathered at the table and exchanged cups.

"Brother Fan, there is a ghost face in the sky list. You alone occupy the top five or two positions in the sky list. It's too immoral." Jiang Long jokes.

"Brother Fan, why don't you work harder to occupy the top five of the top five in the top five, and one person will be all inclusive. It will be exciting to think about it."

Zhao Qingmei said in anticipation that if Ye Fan plays the role of the top five in the top five, and waits for it to be announced to the public one day, the dark world will be fried, and there will be a major earthquake around the world.

At that time, it must be very exciting.

Guo Xiong also found it fun.

Ye Fan smiled and said: "I'm not interested in the top ranking list. The top ranking list was also obtained by the old men of the Tianji Pavilion. I have never contested."

Mi took a sip of wine and the call came.

Heitian called, Ye Fan contacted and asked, "What's the matter?"

The black sky said in a condensed voice: "Lord, I interrogated the three Beast Kings, and I have some gains, and I intend to report it to you."

"Say it."

"The three of the Beast King said that five years ago, they found a treasure map and found an isolated island overseas. While digging for the treasure on the island, your sister Mandala fell on the isolated island; afterwards they found Mandala. Luo, thought she had stolen the treasure, so she chased it down."

Ye Fan asked, "What is the treasure?"

Heitian paused and said, "The Beast King said it was a golden key."

"Golden key?"

Ye Fan's face was dark, and he snorted coldly, "What are you talking about, a golden key, worth pursuing by the gold list, insulting my IQ?"

Hei Tian hurriedly said: "Lord, this is the case. The treasure map obtained by the Beast Emperor is not complete. According to them, the isolated island treasure is the second treasure map and the golden key to unlock a certain place."

Ye Fan thoughtfully.

Hei Tian continued: "The Beast King is not sure that the mandala was stolen. In fact, they don't think the mandala is capable of stealing. However, only the mandala is an outsider and they can only chase. In fact, , Did not intend to kill your sister, the purpose is only to ask Mandala to surrender the treasure."

"Honorable Lord, the three Beast Kings know so much. If the treasure does exist, then besides your sister, Beast King, Vulcan, and the seventh in the isolated island, that guy is the most disgusting, let Man Tuoluo is back."

"Don't worry, I will do my best to investigate. That's all for the report, Lord, what instructions do you have?"

Ye Fan said lightly: "Just so, hang up."

The seventh?

Hum, it's kind of funny, let my sister take the blame, and almost killed my sister.

Ye Fan told Jiang Long to contact the headquarters of Tianzun Temple and cooperate with Heitian to thoroughly investigate the overseas island five years ago...

And at the moment.

He didn't know that a man who arrived in Changning in a hurry from overseas was extremely anxious and worried, and... self-blame! !

The man wore a trench coat, tall and tall, with a strong and fierce aura.

Sunglasses covered half of his face, but he was still very handsome and determined; he walked out of the airport and made a phone call.

"Did you find it, where is the mandala?"

"Lord, according to reliable sources, the mandala is in Tianhao Hotel, and Red Rose, the killer of the Black Sky Organization, is taking care of it!"

"good."

Chapter 79: Are you the seventh?

Tianhao Hotel.

A strong man waited at the door, saw the man in the windbreaker appear, hurried forward, and said respectfully:

"Master, you are here."

"lead the way."

The two drove straight in and came to Room 908.

The man in the windbreaker took a deep breath and said: "Wait outside, don't let anyone come near."

"Yes."

Then, the man knocked on the door.

Boom boom boom.

"Who?"

The voice of the red rose rang.

She didn't think much, and opened the door directly; seeing the upright man outside the door, her keen instinct as a killer told Red Rose——

This man is not easy!

However, it was too late to close.

In an instant, the man grabbed her neck, walked into the room and locked the door, and then left her on the sofa.

"Who are you? What are you going to do?" Red Rose shouted.

"You better be honest, otherwise, if I don't pick you up, you will never be able to speak." The man's cold voice almost suffocated Red Rose.

Then, the man walked into the bedroom.

The red rose is an exciting spirit.

If Han Bing's accident happened, Ye Fan would definitely kill her; so even if she was afraid of the windbreaker man, she couldn't help but yell.

"Stop, you can't go in!"

Huh. The man looked back.

Two substantive cold lights burst out, making the red rose stiff and unable to move; she felt that as long as she moved by herself, her head would be separated.

too frightening.

This power is more terrifying than the Beast King, and even worse than the organization boss Hei Tian.

who is he?

Could it be...

The strongest?

"Huh." When the man walked into the bedroom, Red Rose was relieved, limp on the ground, and tremblingly sent a text message to Ye Fan.

She doesn't know what this mysterious person is going to do with the mandala? She couldn't stop it, the only hope was that Ye Fan came quickly.

And in the bedroom.

Seeing Han Bing who was pale on the bed, the man's eyes were full of self-blame and pain.

"A Bing."

The man sat on the edge of the bed, holding Han Bing's hand.

"Sorry, I am late."

His name is Xue Guan.

Thinking back to the day five years ago...

He was hit by an attack and was seriously injured. He thought his life would come to an end, but he didn't expect a beautiful girl to rescue him.

And that girl is Han Bing.

Although Han Bing only gave him a sum of money, did some resettlement work, and left after a day, Xue Guan, the life-saving grace, remembered it in his heart.

Three months later, Xue Guan was able to move.

After another three months, after recovering from his injuries, Xue Guan embarked on the journey again; inadvertently, he got some news and followed the five people of Beast Emperor and Vulcan to the isolated island.

Xue Guan wanted to grab food.

However, under the five gold list players of the Beast Emperor, and he was not healed from his injury at the time, it was almost impossible to grab food from his mouth.

It coincided with Han Bing drifting off the island.

Although Xue Guan recognized Han Bing and knew it was his benefactor, in order to obtain the treasure, he forced Han Bing to expose his whereabouts.

Originally, the Beast Emperor and the others continued to dig and could immediately obtain the treasure, but because of Han Bing's appearance, the five people were suspicious, so they aimed their fingers at Han Bing.

After the five men chased Han Bing, Xue Guan dug up the treasure and left the isolated island.

Time is like flowing water.

In the blink of an eye, five years...

In the past five years, he has devoted himself to cultivation, not asking about world affairs.

It wasn't until two days ago that the six gold rankings gathered in Changning, and the dark day had arrived, causing a huge wave to break his tranquility.

then.

He hurried to Daxia Changning.

"sorry!"

Xue Guan's eyes were red.

For what happened back then, he blamed himself extremely, but helplessly, in order to get revenge, he must have enough strength, and the treasure is hope.

so.....

At this moment, Han Bing's fingers trembled.

Xue Guan was pleasantly surprised: "Abing, Abing, wake up soon, I'm coming to see you."

"Xiao Fan."

"Xiao Fan."

Han Bing murmured like a dream, his eyes half-open and half-closed, and he hadn't fully awakened yet, between his dazed consciousness.

Xue Guan's expression became gloomy when he heard Han Bing yelling "Xiao Fan".

It's as if something that originally belonged to me was snatched away by others, and a hostile spirit spread out.

"Ahem."

After a few coughs, Han Bing finally opened his eyes.

"Me, where am I?"

"hotel."

Hearing the man's voice, Han Bing was stunned, looking at Xue Guan with a blank expression.

"Am I dead? Is this hell? Is there a hotel in hell? Arrange for a man to take care of me. Do ghosts still have the same treatment."

"What are you talking about, you're not dead!" Xue Guan was amused.

Han Bing's eyes gradually became clear, she suddenly sat up, withdrew her hand, and touched her body, her face full of surprise and shock.

She remembered that she was surrounded by the top six gold lists, and she was poisoned by the poisonous mother-in-law, and she should definitely die.

how come.....

"Mandala."

The red rose pushed in.

Xue Guan squinted, and the cold light shone; but the red rose still bite the bullet and approached, explaining: "The boss saved you."

"Boss?"

"That's it, the six big gold lists are going to kill you. At a critical moment, God will come and kill Sirius, Poison Granny and Little Tai Sui."

"what!"

Han Bing's face was full of disbelief.

This simply subverted her three views. The boss Hei Tian came personally and killed the three major gold lists for her, including Sirius who was ninth in the gold list.

How is this possible? It's totally unreasonable.

Red Rose said: "There is a rule in the organization not to kill each other. The Beast Emperor and the others violated the rules and were severely punished by the boss. This is the end, you are fine; I heard that the Beast Emperor, Vulcan and Crazy Sword are still locked up. In the black jail, accept sanctions."

Although Han Bing thought it was weird, he could only believe it and was willing to believe it.

Because.

Except for Black Sky boss, no one will save him, and no one can save him.

At this moment, Han Bing's gratitude was too turbulent, and his loyalty to the Heitian organization was overwhelming. He wanted to write a thank-you letter on the killer website now.

"By the way, the dark world still doesn't know who the six gold lists are besieging and killing. I don't know that you are the party involved. In order to avoid a big impact, the boss hopes that you will not say anything and be careful of some people's revenge."

"I understand." Han Bing nodded.

The killer world is complex. The three Sirius Gold Lists died because of her. They must have friends. If they expose themselves as the parties, they will definitely face revenge.

I dare not know it, and it's hard to guard against secretly.

Han Bing glanced at Red Rose, frowned, and asked, "How many days have I been in a coma?"

"Two days, the poison has been resolved, the antidote that the boss found on the poisonous mother-in-law, you will be fine if you continue to recuperate for a few days."

"These two days, did you take care of me?"

"Although the boss saved you, he didn't care about you. I brought you back." Red Rose said.

Han Bing originally wanted to ask if Red Rose told the Beast Emperor her whereabouts, but now it is no longer necessary.

Because Red Rose brought her back from Jiulong Mountain, whether it was due to Heitian Boss or not, she took care of her after all.

Han Bing didn't want to think more about this matter. She set her eyes on Xue Guan and asked alertly: "Who are you?"

"Xue Guan."

"Xue Guan? I don't know."

Han Bing was very puzzled, but when he looked at Xue Guan's face, he felt very familiar and déjà vu.

Xue Guan also looked at each other with Han Bing.

For a long time, Han Bing caught something in his mind, and said in surprise: "I remember it, it's you!"

"Thank you for saving my life five years ago. In the past five years, I have mixed up some famous people. Two days ago, I found out about Jiulong Mountain and immediately inquired. I was late, but luckily you were fine." Xue Guan's eyes were burning. Say.

Once, he did something against his conscience. From now on, he decided to repay the woman in front of him.

Han Bing was very uncomfortable by Xue Guan's gaze, and changed the subject and said, "Go out, I want to wash up."

"Okay, I'll wait for you."

When Xue Guan walked out, Red Rose quickly closed the door.

In the living room, Ye Fan turned around in front of the floor-to-ceiling windows, and said playfully: "The seventh person in the isolated island is looking for you. I didn't expect you to appear by yourself."

Chapter 80: Xue Guan!

Danger.

Extremely dangerous!

Xue Guanhan's hair stood upright, and the whole person instantly entered a state of fighting, staring at Ye Fan, not daring to be distracted or careless.

For five years.

This is the first time I feel this way.

The little brother outside is a master, at least equivalent to the king of soldiers in the war zone. He was solved quietly, and he didn't even have a chance to convey news. Moreover, when he came to the room, he was silent, and he didn't feel it at all. .

scary!

When Xue Guan stared at Ye Fan, Ye Fan was also looking at Xue Guan, but he was not as nervous as Xue Guan, but rather relaxed.

The clouds are light and the wind is light, standing with hands behind them.

"You are very strong, very good."

Ye Fan made a comment.

This is from the heart, Ye Fan is sure, this guy named Xue Guan is more powerful than Hei Tian.

Is it a top player?

Although he is number one in the top ranking list, he doesn't care about the top ranking list at all, and he doesn't bother to watch it, so he doesn't know or understand the top players.

"Are you the ghost face to save A Bing?"

"What do you think."

Ye Fan asked with a smile.

Xue Guan's eyes flashed, and then he was sure.

Only by defeating Heitian's ghost face can he give him this kind of pressure. In addition, even though Heitian suppressed the news, he can still understand through channels—

The ghost face wears a bronze mask with gold rim ghost face, and the white clothes wins snow, making him otherworldly.

Although the young man in front of him didn't wear a mask, he was dressed in a white robe and was as abundant as jade. It was definitely him!

"I don't like the code name of ghost face. Tell me about myself. My name is Ye Fan."

"Ye Fan!"

Xue Guan was stunned, recalling Han Bing's babble just now, and suddenly, jealousy and murderous aura mixed up and burst out.

Huh.

Suddenly, Xue Guan shot.

Flashing in front of Ye Fan, his fists were like raindrops, so fast that the shadow of the fist appeared; what is commendable is that at such a fast speed, the strength is not at all frivolous, very heavy and steady.

This is a very high level of combat.

Ye Fan nodded secretly, but praised him. He didn't give face, and he fluttered with one hand.

After ten rounds of confrontation, Ye Fan slapped Xue Guan back.

"Sit down, I have something to ask you, hurry up." Ye Fan sat down and said calmly.

This calm attitude made Xue Guan feel despised.

But the confrontation just now let him know that the ghost face Ye Fan's strength was unfathomable, and his temples were sweating coldly.

"What's the matter? What is there to talk about between us."

"No, there is a lot to talk about. For example, you let my sister take the blame, and you have been at ease for five years."

Ye Fan's deep eyes narrowed, and he said with a compelling tone: "This, you have to explain it to me, otherwise, you won't be able to get out of this room."

this moment.

Xue Guan found that there was a breath blockade in all directions, and the thought of not being able to escape Ye Fan's palm came to mind.

"Need me to ask you to sit down?"

"You can talk."

Xue Guan took a step back, sat opposite Ye Fan, and solemnly said: "I don't understand what you said just now."

Ye Fan sneered: "For this reason, you don't need to wrestle with me. Five years ago, the Beast King was digging for treasures on five overseas islands. My sister lived on the island and was used by you to attract the Beast King's attention; you took the opportunity to steal I took the treasure, which made my sister carry you a scapegoat for five years."

"These, am I right?"

"Of course, you don't have to admit it. Because I think it's enough. I don't care what you think!"

overbearing!

Frivolous!

Xue Guan felt a sense of powerlessness being suppressed.

He squeezed his fist and asked while thinking about the countermeasures: "What do you want? I didn't do anything to Ah Bing. On the contrary, when I came back this time, I wanted to protect her and compensate her."

"Protection? Ridiculous. My sister does not need your protection, and you are not qualified." Ye Fan said contemptuously.

"Your Excellency is too deceiving. I was just a test just now. You may not be able to beat me with all your strength, or you may lose both."

Listening to this, Ye Fan laughed, and the contempt between his eyebrows became more intense.

"For many years, you are the first to say this to me. The frog at the bottom of the well, the mouse is short-sighted, and Yinghuo dares to compete with Haoyue!"

"boom!"

When the voice fell, Ye Fan's temperament changed drastically.

The entire room seemed to have increased by hundreds of atmospheres, and Xue Guan seemed to be suppressed by the mountains, his bones creaking.

Obviously, Ye Fan sat there calmly.

What aura is this!

Xue Guan was horrified, he was convinced, clasped his fist and said: "Brother Ye, I'll confess."

call.

In an instant, everything returned to peace.

Xue Guan gasped, panicking, and Ye Fan slowly sipped his tea, in a posture of controlling the overall situation.

Taking a deep breath, Xue Guandao: "That's it, five years ago..."

After listening to Xue Guan's confession, Ye Fan was even more angry.

"My sister is your savior, and you actually avenge your grievances. You are a scumbag, so **** it!"

"Brother Ye calmed down and listened to me."

Xue Guan looked bitter and continued: "Brother Ye, you don't know anything, I bear a deep hatred. I was the son of a big family and was murdered by my relatives. Originally I wanted to die, but A Bing saved me and let me There was a fire of revenge."

"As for the isolated island later, I was actually very uncomfortable, but I also knew the Heitian organization well, knew the internal rules of the organization, and thought that the Beast King would not kill A Bing, but I didn't expect them to be so frantic."

"I admit that I was negligent, but I couldn't help it. At that time, I also made a decision. If A Bing died because of me, I would destroy the Black Sky Organization in the future."

Hearing Xue Guan's explanation, Ye Fan's anger was weakened.

But still coldly: "It's a big talk!"

Xue Guan was full of self-confidence, and said seriously, "I have this ability, and I have it now. Hei Tian is nothing to me."

"Humph!"

Ye Fan couldn't deny this.

If he didn't make it to the fifth place in the top ten, Xue Guan was afraid that he would be able to make the top five; but a pity...according to the rules of the top ten, the top ten could not leapfrog and challenge one by one.

He is now like an iron gate, blocking the threshold of the first five.

Xue Guan couldn't go up at all.

I am afraid that the top five rankings will not move from now on, unless... the top five rankings are two, three, four, and they die by themselves!

"Speaking of which, what is the treasure? You have the achievement today, so you should be inseparable from the treasure." Ye Fan was curious.

"indeed so."

Xue Guan looked a little tangled, and was about to speak.

At this moment, there was movement from the bedroom.

Ye Fan got up and hummed as he walked outside: "My sister doesn't know that I am a ghost face. There are some things that shouldn't be said."

As soon as Ye Fan left here, Red Rose and Han Bing came out.

With wet hair, Han Bing apparently took a shower and changed into a new dress; she sat down with a smile and took the medicine from Red Rose.

"Five years, you can still see you, these five years, it seems that you are doing well."

"It's okay, get out of Dianmingtang."

Han Bing smiled and asked, "Why are you looking for me?"

Xue Guan's eyes turned, the corners of his mouth raised, and suddenly he knelt down on one knee. His handsome face was full of seriousness and admiration.

And in the hand, there is an extremely bright diamond ring—a global limited edition diamond ring, which is of inestimable value.

The red rose was shocked, and Han Bing was also at a loss.

Xue Guan said loudly, "A Bing, you are my savior, and I will use this life to repay you. So, please marry me."
