

Elegant SS 711

Chapter 711: Great earthquake! Sudden change!

"Do not!"

The silence lasted for a long time.

A young man rushed out, roared sadly, and rushed to Tongtian Peak frantically.

He is Wu Lingjun, the son of Wu Shentong.

Immediately afterwards.

The other young man rushed away, Xiaowu Wang Yuhong.

Following closely are the elders and disciples, and torrents usually go to the top to find out.

No one believes it.

Great Xia Wusheng, the lord of the Martial God Temple, was regarded as the first martial artist in the martial arts world, how could it fall!

Absolutely impossible!

A group of people rushed to the broken peak, where it was in ruins and devastated.

The hall really collapsed.

Ruined.

"Father!" Wu Lingjun shouted, his eyes bloodshot.

"Master!" Xiao Wu Wang shouted.

"Hall Master!"

Everyone shouted.

However, nothing happened.

"Look!"

Suddenly someone screamed, it turned out that a corpse was found under the ruins.

Not the martial arts power, but the black robe man.

Immediately afterwards.

Everyone started tossing the ruins and found many stumps and arms, all of them in black robes.

"Twelve giants, eleven were beheaded, only the one just survived."

"But where is the Lord?"

"I want to see people in life, and corpses in death!"

The elders are puzzled.

King Xiao Wu said in horror: "Could it be that Master was wiped out in ashes?"

"Shut up!" Wu Ling scolded angrily, "Father has an unfathomable strength, how do you know how powerful he is! How could he fall!"

"Brother, where is the master?" Xiaowu Wang said sadly.

Wu Ling was choked and was very painful.

Yeah, how about people?

It is impossible to disappear out of thin air.

Could it be that the ashes were really wiped out, and nothing was left!

"Find it for me!"

"If you level the Tongtian Peak, you will also find my father!"

"hurry up!"

Wu Ling yelled hysterically.

The elder disciples started to open up the ruins, even digging three feet in the ground.

After more than an hour, Tongtian Peak dropped ten meters.

Can get nothing.

"Father!"

Wu Ling all knelt on the ground, crying bitterly, panicked and helpless.

Wow!

The elders and children all knelt down, crying in sorrow, and the entire territory was filled with deep sadness.

"Huh!"

A person came from afar, the main power demon of the Li Shenzong sect.

"Brother Shentong, he..." Limo was cold and sad.

then.

Sect powerhouses such as Killing Shenzong, Bajizong, Taiyizong and so on have arrived one after another.

After they learned about the situation, they were shocked and unbelievable.

But the facts can't be panicked.

The martial arts power really fell, and the dragon was slaughtered!

Woo woo-

The news is irrepressible.

Like a hurricane, it first swept across the upper reaches of the capital, and then swept across the martial arts world.

"Wu Sheng has fallen!"

"It's going to change!"

"As soon as the Dragon Slaying Plan started, Martial Saint fell. The first one was slaughtered. It's terrifying!"

"How strong is the Zombie Organization!"

The whole region was shocked, and violent storms were set off.

Even Long Ge was alarmed.

"The martial arts power has fallen, how come it feels so weird." Old Erge frowned, his face solemn.

"That guy hid deeply, and no one knows what level he has reached. Even if he loses, he can escape and be slaughtered. This is a bit strange." Old Sange said.

"Is it possible that I was worried that those giants would slaughter the disciples of the Martial God Temple after escaping, so I tried hard?" Old Si Ge raised a guess.

Elder Er Ge shook his head and said: "The heroes were never kind, and those disciples of Martial Arts are nothing to them. It is impossible to kill their lives for them. There must be hidden secrets in the fall of Martial Arts."

Elder Si Ge said: "On the contrary, I think the Martial God power has really fallen. The twelve giants, with the Earthly Branch of the Dragon Slaying Formation, triple the combat power, how terrifying!"

Old Sange said: "Don't worry, let's wait for the news. The Four Sages of Great Xia and the Seven Kings have also been attacked. Let's see their results."

after an hour.

The martial arts world shook again, and new news came:

-Dugu, the sage, was besieged by twenty-four giants, and even beheaded eighteen giants, lost to the Kunlun Mountains.

"Father!"

"grandfather!"

The capital of the Dugu Family Mansion.

All the clansmen knelt on the ground, crying bitterly, unwilling to believe this result.

...

Another hour later.

The third news spread:

-Xuanyuan Changhong clan leader, died together with the twelve giants.

...

Wu Shentong, Dugu, Xuanyuan Changhong.

All three of them are pinnacle giants, and they are all benchmark figures in the martial arts world.

But today, they have all fallen.

In the Dragon Pavilion.

The atmosphere is extremely depressing.

Elder Er Ge said solemnly: "We underestimated the corpse man organization! The martial arts power has fallen, guessing there is a hidden story; but now Fasheng and Xuanyuan have fallen, the problem is big!"

San Ge said: "Second brother, this matter is of great importance and needs to be reported to my emperor."

The old four pavilions echoed: "Yes, no matter whether the three of them died in real or faked death, there is now a big wave. The corpse emperor is messing up the situation, and we can't ignore it."

"Report!"

At this time, the guard ran over and said, "Leader Qizhengge, the owner of the Bing Pavilion is here."

The three big pavilions stood up together.

"Hurry up, please."

Chapter 712: Master of the Bing Pavilion, Gai Jiuyou!

After a while, a man with arrogance and fortitude walked into the hall.

The man is in his forties, he is powerful, he is a giant, and he is also quite accomplished in the physical aspect.

This person is the master of the Bing Pavilion, Gai Jiuyou.

There are many special departments in Daxia Country, such as Tiangong Division, Tiannong Division, Tianji Division...

Among the many departments, two have the most special and highest status:

One is the Dragon Pavilion and the other is the Bing Pavilion.

Dragon Pavilion, assists the Emperor of Daxia in making national affairs.

The Bing Pavilion, dominates the country's soldiers and horses.

Gai Jiuyou can also be said to be the Marshal of Soldiers and Horses. Even the Four Great Lords must listen to him.

The status is second only to the Emperor of the Great Xia, and the same level as the Elder of the Long Pavilion.

"Pavilion Master came because of the fall of the three Martial Gods, right?"

"good."

Gai Jiuyou's face was serious, his voice was like iron, and he said coldly: "Elder Ge, the Dragon Slaying Plan was so shocking at the beginning, and it's fine to let it go. Therefore, I want to lead the soldiers to punish the corpse man organization and capture the corpse emperor."

"However, this requires my emperor's order, but I can't contact my emperor."

"I heard that the old man went to see the emperor some time ago, so I want to ask the old man to contact the emperor to explain the matter."

The three old patrons looked at each other and sighed.

"What's wrong?"

"The pavilion master doesn't know anything about it. Elder Great Pavilion went to see our emperor, but he never came back, and we can't get in touch either."

"what!"

Gai Jiuyou was startled, his eyes were fierce, and he said solemnly: "Is it possible, Da Ge Lao and our emperor have encountered an accident!"

The three great patrons are also horrified.

"Don't talk nonsense about this. Da Ge is always the pinnacle giant, and our emperor is even more mysterious. How can we encounter accidents."

"That being said, why can't I get in touch? Now the martial arts world is in turmoil, and there is something wrong with the royal family. We must formulate countermeasures as soon as possible." Gai Jiuyou was very anxious.

Elder Ge said:

"The Dragon Slaying Plan is only aimed at 'dragons', and it is good that it will not deal with ordinary people. The pavilion master, please stay calm, the current situation is still under control."

"My emperor's hands and eyes are open to the sky, and he is strategizing. He must know that the Dragon Slaying Plan has begun. Maybe he has already set off to kill the corpse emperor."

"I think the pavilion owner should stabilize the four borders. You know, so far, the army of the living dead under the corpse emperor has not appeared."

Gai Jiuyou trembled, thoughtfully.

The old man said: "The corpse emperor has cultivated so many giants, there must be some special method, and the army of the living dead he has cultivated must be extremely powerful."

"However, no huge army of the living dead has been found in our country, so it is obvious that the army is hidden overseas."

"If it is an attack, the four major borders will be the first to bear the brunt. Therefore, the four major borders must be strong, and the cabinet owner should not take it lightly."

Gai Jiuyou nodded and said: "Don't worry, the four major borders in the Middle East, South Xinjiang, and West are all stable. Only the Northern Wilderness has no clear commander."

"Now the most powerful person on the Northern Wilderness side is Li Ce's deputy commander Bagu. Li Ce was beheaded and he took the opportunity to take the position and become the city lord of Beiliang."

Sange said: "The pavilion master is not satisfied with Bagu?"

Gai Jiuyou said: "I am not familiar with this person. It is not appropriate to control the Northern Wilderness. Besides, it is still a sensitive period."

"I plan to change a cronies of mine to take over the Northern Wilderness, and wait until the corpse emperor defies the law and the Dragon Slaying plan is over, and then transfer my people back. This is also one of the purposes of my coming to the Dragon Pavilion, and I hope the three elders will agree."

The three old patrons had complete trust in Gai Jiuyou.

This is the brother who once fought side by side with the human emperor, and the human emperor gave him all the military power, which is enough to show trust.

"permit."

"Okay, then I'll make arrangements now." Gai Jiuyou hugged his fists, "Please also the three elders continue to try to contact the elders and your majesty. Once there is news, immediately notify me."

"This is natural."

After sending away Gai Jiuyou, the three old patrons pondered for a long time, and they don't know what the **** did the old man and the emperor do?

"Lao San." Suddenly, Erge said, "You go to Zhongnan Mountain to see. Your Majesty admires Taoism, is familiar with Taoism, and studies Taoism, maybe in the area of Zhongnan Mountain."

Old Sange smiled and said: "Zhongnan Mountain, that is a Taoist holy land, where many hidden sages live there, your majesty is really likely to repair there. Then I won't make ink marks, and I will go there now."

...

Chapter 713: Life and death

Wu Shentong, Dugu, and Xuanyuan Clan Lord broke out news one after another. It didn't take long for other royal families and other saints to spread the news.

However, it is not a fall.

The Jiang royal family, the Ji royal family, the Yuwen royal family, and the ancient royal family temporarily forced the Heipao people back with the firepower of their soldiers;

The painting saints, book saints, and love saints broke out of the siege and disappeared. It is said that the black robe giants are chasing after them.

This result is a relief.

If the four saints of Great Xia and the lord of the seven royal families all fall, then the sky is really falling!

On the Thunder fighter.

Ye Fan was shocked by the news when he finished his practice.

"Xiao Fan, what are you doing?"

"Aunt, you are awake." Ye Fan said: "You don't know the latest news, Wu Shentong, Xuanyuan Clan Master, Fashen Dugu has fallen."

"What, this happened!" Ye Jiangying was startled.

"I don't know much about the abilities of Dugu and Martial God, but the Xuanyuan clan master I have been in contact with. It is unfathomable. How could he fall? There may be hidden secrets in this."

"I think so too." Ye Fan had come into contact with the martial arts power, a hero-level figure, and it was impossible for him to die easily.

The news said that Dugu, the sage, was besieged and killed by twenty-four giants, and eighteen giants were beheaded in succession. This kind of terrifying power, if you want to go, who can keep it.

"Aunt, don't talk about this, come with me to the gym."

"what's up?"

"Anyway, you come with me."

Ye Fan wants to verify whether the Devouring Method can absorb the power of the domain.

In a bedroom in the cabin, Han Bing took a tranquilizer, but he was still tossing and turning, feeling restless.

"What's wrong?"

Han Bing was a little irritable.

I always feel like I will lose something, and my heart is empty.

...

Dongtu.

One of the four major borders of Daxia.

A huge portal, one hundred meters high and about thirty meters wide, is like a **** of war, standing in the battlefield, making people afraid to cross the thunder pond.

It is said that this portal was established by the first generation of the Eastern Commander-in-Chief that year. He defeated the enemy country outside the pass and killed all the way here to seal the wolf.

Therefore, this portal is called Langxu Gate.

Within thirty miles of the portal, there is a huge city.

now.

The city lord's mansion was shrouded in a poisonous mist, and a large number of soldiers fell in a pool of blood, all tragically killed.

Some had their heads unscrewed, and some were ripped apart, shocking, like purgatory on earth.

"The Corpse Man Organization, you crazy fellows!" Tang Ying Yangtze River plunged into the ground, supporting her body.

She has been injured and poisoned, it is corpse poison, it is very troublesome, and the situation is very bad.

In front of her, was a terrifying and terrifying man with loose hair and gleaming eyes, like a demon crawling out of hell.

This person is Kayako.

The corpse man organization is second only to the powerhouse of the corpse emperor.

In accordance with the instructions of the corpse emperor, he led ten senior corpse kings to Dongtu to carry out the decapitation operation, cholera Dongtu, and then took control of Dongtu.

Not far away, ten senior corpse kings surrounded and killed a group of warriors.

"puff!"

A soldier was torn off his arm abruptly, before he had time to scream, a corpse king appeared behind him, penetrated his chest, and grabbed his heart.

Bang!

The heart was pinched.

The soldier was torn in half, and the image was so **** and terrifying that people did not dare to look directly at it.

"brute!"

The guard commander of the City Lord's Mansion was furious. These were all soldiers he had cultivated. They were all brothers, but they died tragically in front of him one by one.

His heart was bleeding.

"Give me to die!" The commander shook back the two corpse kings, roared angrily, and rushed away, the axe slashed firmly on the corpse king's body.

However, there was a spark.

Did not destroy the body of the corpse king.

"Boom!"

Instead, he was beaten into flight by the corpse king.

These corpse kings are not humans, but the living dead.

Their bodies are forged, they are no longer flesh and blood, they are very strong.

This is the horror of the corpse king.

There is no thought, no pain, no fear and other emotions. There is only killing, which means obeying orders.

"Roar!"

The ten corpse kings roared and continued to kill, suppressing the guards and retreating steadily.

One by one, the lively lives withered.

"Do not!"

Tang Ying's eyes were whirling with tears, she was extremely angry, and roared: "You dare to attack Dongtu, this is provoking the prestige of the country, the corpse king is doing death, and you are all looking for death!"

"Chatter."

Gaya coconut grinned.

"Beauty, my senior brother is amazing, none of you know his power, no one knows his purpose, but I do."

"Senior brother has to do a great thing, once it succeeds, it will be invincible in the world."

"For the great cause of brother, beauty, I can only be sorry for you."

"Don't worry, death is not painful, but for a while, you can bear it."

Jia coconut approached step by step.

Tang Ying gritted his teeth, took out the sword again, and drew softly: "Zhantian and draws the sword."

scold!

The light faded.

The coconut is safe and sound.

"Beauty, it's useless. My body has been forged and is indestructible. Although your swordsmanship is exquisite and powerful, your realm is too low to hurt me at all."

Tang Ying was angry and unwilling, but very helpless.

She is just the master of the Second Layer of Transformation, Jia Yu is a giant, second only to the corpse emperor, it can be seen how terrifying.

If it hadn't been for Tang Ying's beauty and want to tease, she would have killed Tang Ying long ago.

"what!"

In the distance, the guard leader was dismembered, and his limbs and head were removed.

All the guard soldiers are destroyed!

"puff."

Tang Ying was heartbroken, her eyes were cracked, she couldn't help but spit out a mouthful of blood, her legs were weak, and she forcibly supported her body with a sword.

Seeing the soldier's destruction, Jia Yuzhi smiled and said, "Well, the **** feast is over, and we should be over too."

"It's a pity, if it weren't for my special hobbies, you should clearly feel happy and comfortable, and even ecstatic."

"What do you mean!"

"Isn't it a violent thing for a beauty like you not to taste it, but...I like to die."

Tang Ying's hair is horrified.

This guy is going to kill her first, and then...

"You beast!"

"abnormal!"

Tang Ying was full of grief and indignation at the thought that she would not be peaceful after death.

This situation is a dead end and there is no hope of alive.

Tang Ying was desperate.

At this moment, a lot of pictures flashed before her eyes, and Ye Fan finally froze.

"Xiaofan, I'm sorry, my sister is too useless, she can't protect herself in her own territory."

"My sister is not afraid of death, but I will never see you again." Tang Ying burst into tears, "I don't even have a chance to let you clean up... In the next life, let's not be a sibling."

Tang Ying's words fell, and the Juying Sword in his hand shot out; at the same time, all the qi was poured back into his body.

Kay coconut flicked the Juesha sword and sneered: "Want to explode? In front of me, you can't die if you want. Your life is under my control."

boom!

In an instant, Tang Ying was suppressed.

The power of the domain enveloped Tang Ying, making her immobile, and there was no chance of suicide.

Jia Yuyi grabbed the Juying Sword, walked to Tang Ying, opened his big mouth, and said with a smile: "Beauty, I can't wait to enjoy your corpse, so goodbye."

"You must die! My brother will avenge me! And I, being a ghost, will not let you go!"

Tang Ying screamed as hard as he could.

--puff!

Jueying Sword quickly and fiercely pierced Tang Ying's body, penetrating her entire body.

Jia Yu opened her mouth wide and smiled wildly.

She spun the Shadowless Sword, making Tang Ying feel pained, and her internal organs would be crushed.

Chapter 714: Tang Laoxie's wrath!

Tang Ying didn't want to live, but she didn't make a sound, her eyes staring at Kayako.

If the look in his eyes could kill people, Kayako would have died countless times.

"I like this look!"

Kayako licked her dark lips and said grimly: "I changed my attention. For you, I decided to break my habit."

"Taste you when you are half a lifetime and half dead, and let you go to Huangquan with a wonderful feeling. Isn't it exciting?"

"Beast!" Tang Ying growled.

"Hahaha."

Kayako flicked his fingers, the qi turned into a sharp blade, cutting Tang Ying's clothes to ragged pieces, and the skin was also cut, leaving large and small blood stains.

Then, Kayako stretched out a finger, stained with Tang Ying's blood, and licked it on his mouth.

"Tsk, it's delicious."

"You are a pervert, you will be retribution! My brother will kill you! Will destroy the corpse organization! Will bring you down to ashes!"

Tang Ying's roar made Jia Yuzhi more excited, his body trembling, his clothes exploded, and his whole body naked.

The ugly body was exposed to Tang Ying.

"what!"

Tang Ying screamed, closed her eyes, her desire to die was gone.

Kayako jumped on it.

scold!

Suddenly, a domineering sword light descended from the sky, extremely powerful.

Jia coconut was surprised.

He jumped up and blasted out a punch, shattering the sword light, and he was also beaten back several tens of meters.

"call!"

A white-haired old man fell in front of Tang Ying and was extremely angry and murderous when he saw what happened to Tang Ying.

"Aying, I'm late for my father."

The person here is Tang Laoxie.

Tang Ying was covered in blood, and the Shadowless Sword was still stuck in her body, making Tang Laoxie's eyes flushed.

At this moment, Tang Ying finally cried out, "Foster father!"

"Don't cry, be here for the father, don't be afraid!" Tang Laoxie was moved, "A Ying, bear with me."

Tang Laoxie slowly drew out the Shadowless Sword, and the sharp pain of the internal organs made Tang Ying on the verge of fainting.

Then Tang Laoxie grabbed a piece of clothing and put it on Tang Ying.

"Woo!"

Turning around abruptly, the strong wind howled, Tang Laoxie's eyes like a sword and a sword locked Kayako.

"die!"

Without a word of nonsense, just shoot.

As a father, his daughter's experience made him unbearable. Even if he fights for his life today, he will kill the beast who is neither human nor ghost.

Jia Yuzhi's face was solemn and did not dare to neglect, Tang Laoxie's "slashing the sky and drawing the sword" was much more powerful than Tang Ying.

Moreover, it cannot be avoided.

"Boom!"

The coconut was smashed into the air, and his body was scorched.

Tang Laoxie swung his sword.

The sword energy was vertical and horizontal, splitting the poisonous mist that enveloped the city lord's mansion, and at the same time, it also slashed three high-level corpse kings.

"Asshole."

Kaya coconut was furious.

High-level corpse kings have the power of a grandmaster giant, which is very precious; there are not many high-level corpse kings in the entire organization.

One dead one less.

He was beheaded three times at once, making Gaya coconut furious: "Old man, you're dying!"

"Swallowing the Devil's Palm."

Kayako slapped it down with a palm.

boom!

Old Tang's evil spirit soared into the sky, and his whole body seemed to be transformed into a sharp sword.

The sword spirit rushed into the sky.

Swallowing the Devil's Palm, was cut open.

Tang Laoxie swung his sword again, and three high-level corpse kings were beheaded again.

Jia Yu screamed, rushed towards Tang Laoxie, and fought close.

Long-range attack, Jian Xiu's advantage is too great.

The sword is the king of a hundred soldiers.

Under the same conditions, Jian Xiu's attack power can be called the strongest.

Jia Yuzhi judged that the realm of Tang Lao Xie was equal to him, so he would be cut with a single sword by relying on his unique attacks.

His advantage is the physical body.

"Old thing, I will beat you to death, no, I will abolish you, and then play your daughter to death in front of you."

"Your swordsmanship is great, but it's a pity that your body is not good. As long as you get a punch from me, you're done. You have to be careful."

Jia coconut is very confident.

Just now, Tang Laoxie used the skill of smashing the sky and drawing the sword without splitting his body.

"boom!"

"boom!"

The sword energy that Elder Tang Xie produced was blasted away by Gaya Coconut's fist, and his body was indestructible.

Gayako laughed: "Is it useless to see it? Your swordsmanship can't hurt me."

"Really?" Old Tang Xie sneered and shouted, "Flying immortals outside the sky."

Suddenly, the light was shining brightly, and the eyes were a vast expanse of whiteness.

Gaya Coconut is a warning sign for Dasheng.

Suddenly, the point of the sword appeared in his sight, right in front of him, trying to pierce his brain through his eyes.

Yes, the eyes are the weakness.

No matter how strong the body is, the eyes are the weakest. It is impossible to polish the eyes into iron beads.

The coconut retreats.

However, the tip of the sword bloomed with qi, turning into small qi swords to shoot out.

"what!"

Suddenly, one eye of Jia coconut was cut open, shattered, and blood was gushing out.

Ho Ho Ho!

The remaining four high-ranking corpse kings were culled to fight for Jia Yuzhi a chance to breathe.

"Ahhhhh..."

"Abandon the City Lord's Mansion, no more."

"fire."

Old Tang Xie Lei Ting stopped drinking.

Outside the city lord's mansion, dozens of cannons had been waiting in full battle, and they had long discovered that something was wrong with the city lord's mansion.

However, corpse poison enveloped them, and they couldn't get in.

He didn't dare to open fire on the inside for fear of injuring friendly forces.

it's OK now.

Tang Laoxie was a great man in the east of the previous generation, and his prestige was even higher than that of Tang Ying.

The artillery battalion did not hesitate.

"emission!"

Dozens of shells were thrown into the City Lord's Mansion, and in an instant, the 300-mu City Lord's Mansion was destroyed.

The flames skyrocketed.

Earth-shattering.

Tang Laoxie knows Jia Yu.

This guy has been famous in the martial arts world more than ten years ago. He is a super genius. He is the younger brother of the corpse king.

Prolonged fighting will be detrimental to Tang Laoxie, and Tang Ying's physical condition is very bad and must be treated as soon as possible.

Tang Laoxie didn't care whether Jia Yu was dead or not, and there was no time to care about it. Tang Ying was already on the verge of life and death.

Her injuries are too serious.

"Foster father..."

"Aying, don't talk, save your energy, and go to the hospital right away."

"Foster father, I, I can't do it anymore." Tang Ying's consciousness began to blur, and the colors in front of her eyes began to dim and darken.

"Aying! Hold on! You are a person who aspires to become a peak power, and Ye Fan will be very sad if you let go."

Tang Laoxie's remarks had a great effect.

Tang Ying trembled, her eyes regained a gleam of brilliance.

At that time, Tang Laoxie rushed into the military hospital and shouted: "The dean, experts, and professors all come over to me, save my daughter, hurry!"

There must be casualties in the city lord's mansion, so the military hospital has been prepared for it a long time ago.

Famous doctors swarmed in and pushed Tang Ying into the emergency room.

at the same time.

Tang Laoxie felt a cold breath swept over him.

"So many shells haven't blown up, this guy is really difficult."

Tang Laoxie rushed out of the military hospital, and saw that the world had turned black, and the corpses were filled with poison.

In the dark mist, Gaya coconut smiled strangely: "Is it worth saving your daughter and ruining all the people in the city?"

"Kayako, you have cholera, and the corpse emperor can't keep you!"

"At this point, don't say so naive. Take care of the corpse poison. Besides, I will stare at this place. You'd better not take it lightly, otherwise the hospital will be photographed in ruins by me."

Tang Laoxie gritted his teeth.

Jia coconut is too cunning.

The corpse poison was strong, covering the sky and the sun. He was hidden in it, staring at him in secret, putting a lot of pressure on Tang Laoxie.

"what!"

"Ahhhhh..."

"help me!"

After a while, the screams were endless.

Those who have been poisoned by the corpse are ulcerated, completely unrecognizable, and have lost their reason, only bloodthirsty instincts, killing each other.

The area is in a mess.

The frightening thing is that the corpse poison is spreading, I am afraid it can sweep the entire city in an hour.

At that time, Daluo Jinxian will not be able to save it, and will surely fall.

"Master."

A general hurried over. He once followed Tang Laoxie, and is currently the number two figure in the East, named Guo Fu.

Tang Laoxie looked at the surging corpse poison mist, and said in a deep voice, "Xiao Guo, immediately use the freezing bomb to freeze the corpse poison to the best of his ability, so that it must not spread throughout the city."

Guo Fu hesitated and said: "The freezing bomb studied by the Tiangong Division is too powerful. Once it is launched, I am afraid that many people will be affected."

Old Tang Laoxie said solemnly: "Even if it is worth sacrificing some people, it is better than the whole city falls and the lives are overwhelmed."

Chapter 715: The sky never stops me!

Rumbling.

Twelve special cannons are ready.

Amidst the poisonous mist, Gaya coconut sneered: "I want to use cannonballs to disperse the poisonous mist. I'm crazy about dreams."

"boom!"

At the same time, a freezing bomb was launched and exploded in the sky.

The extremely cold breath spreads, like the Yellow River bursting its banks, spreading rapidly.

Those mists were directly frozen, and large tracts fell down.

This is the limit of zero degrees.

The cold is too terrifying.

Some people affected were directly frozen into sculptures.

"this!"

Jia coconut was shocked.

I didn't expect this result at all.

The freezing bomb of the Tiangong Division has hardly been seen in the world, and the corpse organization has not grasped such news.

"boom!"

"boom!"

...

A series of frozen bombs were projected, quickly freezing the corpse poison.

At the same time, Kaya coconut also exposed his body, and was affected by frostbite.

"scold!"

A ray of sword light broke through the sky and slashed on Jia coconut.

puff!

Jia Yu found that his arm had been chopped off.

Old Tang Xie coldly snorted: "The cold air has entered your body, and your body has become crunchy. Now can you stop my sword!"

Wow!

Blood stained the sky.

Jia Yuzhi's face changed in shock, and he quickly retreated.

How could Tang Laoxie let him go?

"The moment you move my daughter, you are doomed to end."

"Get on the road with peace of mind!"

"boom!"

A freezing bomb exploded 100 meters in front of the Jia coconut, and the extreme cold was surging.

In an instant, the Jia coconut was submerged.

"what!"

Jia coconut screamed.

The cold air penetrated into the bone marrow, making him feel unhappy, and the blood stopped flowing, and the vitality of the whole person was quickly frozen.

What frightened Jia Yuzhi most was that Tang Laoxie made a lore in the distance.

"Old Tang, I have something to say..."

"Keep it there and talk to Lord Yan Wang."

"Slashing the sky and drawing swordsmanship!"

Tang Laoxie ignored it, and Jueying Sword came out of its orifice.

嗷。

The dazzling sword light shines on the world.

"Do not!"

Jia Yu screamed, but to no avail, the extreme sword energy smashed on his head.

His indestructible head was attacked by the absolute freezing cold and became very fragile.

Click!

Sword Qi pierced the head and penetrated the whole body.

"Ah-I hate it!"

"I should kill her earlier and let you collect her body, I hate it..."

"Boom!"

Kayako's lower body exploded.

"Tang Laoxie, my senior brother will avenge me! You will all die! Everyone will die!"

"The whole world will be subverted! Hahaha, I am waiting for you in hell!"

"Boom!"

Kayako's upper body also exploded, leaving only the pierced head falling from the air.

Tang Laoxie fistled and wiped out the ashes from his head.

Guo Fu's eyes were full of awe, and it was so pleasing that such a powerful giant was beheaded.

"Do a good job in the aftermath."

"Yes!"

Tang Laoxie returned to the military hospital.

The dean's assistant ran up in a panic and said tremblingly: "Master, the problem is serious, Hou's injury is too serious, and the dean is helpless."

"He can't save my daughter? The rice bucket, a bunch of rice buckets, what do you eat?" Tang Laoxie roared, shaking the whole hospital.

Upon hearing the news, the dean bit his head and said in grief: "Master, I really did my best. Lord Hou's internal organs have been severely damaged, and the corpse poison has penetrated into the bone marrow. Prepare for funeral..."

"Snapped!"

Tang Laoxie slapped to marry the dean Shan Fei, and roared: "You should prepare for the funeral."

The dean said with a weeping face: "Father, even if it kills me, I can't save it."

Rumbling.

The monstrous breath erupted, and the whole hospital shook, as if there was a major earthquake.

Everyone was terrified.

"Brother Tang, calm down and stay calm." At this moment, a vigorous and powerful word came.

Old Tang Laoxie turned his head and found that it was an old man with a childlike look. His eyes lit up and he exclaimed, "Brother Bianque, why are you **** in Dongtu!"

The person who came was Bian Que, one of the three great medical sages of the Great Xia Kingdom.

"I traveled to the Eastern Territory a month ago, and the appearance of corpse poison attracted me to the city." Bian Que said.

"God never stops me."

Old Tang Xie cried with joy.

He wiped his face, pulled Bian Que and said, "Brother, you must save my daughter."

"This prescription is for the detoxification of corpses. Order people to do it, and rescue people who have been poisoned by corpses as soon as possible."

"I'll save Lord Hou."

After Bian Que finished speaking, the dean led him to the emergency room in a hurry.

Old Tang was relieved.

Three medical sages: Huatuo, Guigu and Bianque. Among them, Bianque is best at first aid.

Tang Ying would definitely be fine with him.

"Little Guo."

"exist."

"According to this prescription, prepare quickly and make an antidote."

"Yes."

Chapter 716: Shuiyuedongtian

In the Zhongzhou region, the warplanes are flying fast.

"Xiao Fan, the ancestral land of our Ye royal family is different from other royal families, it's very strange."

"What a wonderful method?"

"It's coming soon, you'll know when that happens." Ye Jiangying sold it off.

Ye Fan didn't take it seriously.

No matter how wonderful it is, it can still fly into the sky and escape, after all, it is living in a secret mountain range.

He continued to study the Yellow Book and comprehend the power of this world.

Before testing with Ye Jiangying, it was found that the Devouring Method could not swallow the power of the domain, which made Ye Fan more urgent to make a breakthrough in the "power of heaven and earth".

The power of heaven and earth can be opposed to the power of domain.

Only in this way, if you encounter a giant like Ye Xingzhi, there will be countermeasures; otherwise it will be very troublesome.

A quarter of an hour later.

Ye Jiangying shouted: "Xiao Fan, here it is."

When everyone came to the window of the machine, they saw a huge lake with a radius of tens of miles; there was also a large waterfall, which was a hundred meters high and magnificent.

Ye Fan wondered: "Aunt, where is the ancestral land?"

"It hasn't arrived yet, but here is the entrance."

"Entrance?"

Ye Fan was startled, then looked at the big waterfall, and said in surprise: "The entrance is that kind of waterfall."

"clever."

Ye Jiangying snapped his fingers and said, "Find a place to hide the fighter, and I will take you in."

Everyone is interested.

Ye Fan was looking forward to it. He immediately went to Han Bing's bedroom to call someone. Seeing that Han Bing's face was not so good, he asked, "Sister, are you still uncomfortable?"

"It's okay." Han Bing stretched out and smiled: "I have recovered, your medicine is very good."

"That's good. Come with me, I'm going to enter the ancestral land of the Ye Royal Family."

Everyone left the fighter plane.

Under the leadership of Ye Jiangying, he crossed the big waterfall and walked in the wide corridor.

After walking for a long time, light finally appeared in front of my eyes.

Then suddenly it became clear.

In the sight, everything is beautiful and thriving.

As recorded in The Peach Blossom Spring, he came to a truly isolated new world.

Gu Qingyun questioned and said: "It's a little bit of a mystery, it's unnecessary to do it, just fly in directly from the air, isn't it all right?"

"You can't fly in." Ye Jiangying shook her head.

"What's the meaning?"

Everyone was puzzled.

"If I could fly in, I wouldn't say that the ancestral land of our Ye royal family is amazing."

"This place is called Shuiyue Cave Sky."

"Do you remember the waterfalls and lakes? Crossing the waterfalls and walking through the corridors, the place we came to is under the lake."

Everyone was astonished, their faces full of disbelief.

Below the lake?

What's the matter with the sun?

If there is no sun, it is understandable to say that it is under the lake, the big deal is to dig an underground space.

But now I can see the sun!

"This is the miracle, and it is also the origin of our ancestral land being called the Shuiyue Cave Sky."

"Aunt, what's the matter?"

Ye Fan looked at the sky, he couldn't help but rushed to the sky, but found that after rising to one kilometer, an invisible force suppressed him, preventing him from continuing to ascend.

But at his height, everything he can see is a vast expanse, and nothing can be seen.

"Xiao Fan, come down."

"Auntie, that seems to be the power of heaven and earth." Ye Fan fell down, uncertain.

Ye Jiangying said: "You are really amazing, yes, that is the power of heaven and earth."

"Because of this strength, it is possible to hold Dongtian Lake in a radius of 30 miles."

Finally, everyone understands.

Gu Qingyun said: "Dongtian Lake has no bottom. The water of the lake is supported by the power of heaven and earth above our heads. Therefore, we can see the sun outside through the power of heaven and earth, through the lake water!"

"That's it."

"Hey, this is too amazing." Gu Qingyun exclaimed, "Why is there such a terrifying power of heaven and earth gathering in the sky?"

"This is a mystery, and it has not been solved yet." Ye Jiangying raised her head and exclaimed: "Since ancient times, many geniuses in my clan have wanted to study this secret, and they have found nothing."

"The power of the earth is so terrible, even the pinnacle giants can't break through."

"What about from the outside? Is it possible to break through from Dongtian Lake?" Han Bing asked.

"It won't work either." Ye Jiangying shook her head and greeted: "Let's go, take you to the central area of the ancestral land."

"The children of our Ye royal family are much smaller than other royal families, and the ancestral land area is also very small. Because they live under Dongtian Lake, the ancestral land is as big as Dongtian Lake."

"The world in the ancestral land is the same as the outside world. There are mountains and rivers, and there are also beasts and birds."

"The difference is that, perhaps due to the wonder of the ancestral land, the fierce beasts and birds here are extremely powerful and grow very fast. There are several beast kings, but most of the time they are in deep sleep."

The ancestral land in a radius of thirty miles is indeed not big for the strong like Ye Fan.

You know, the colosseum of the Xiao clan is one kilometer in length and breadth, that is, it is two miles away.

In comparison, the Ye royal family's ancestral land is small and pitiful.

But the scenery here is very beautiful.

The environment is very good.

"aunt!"

"Are you an aunt! What's wrong with you!"

Finally a tribe appeared.

This is a woman with ponytails and she looks just adult.

Carrying a large package, it seems to be leaving the ancestral land.

After seeing Ye Jiangying, she froze with a face full of disbelief. Then she threw away the package, rushed in ecstasy, and hugged Ye Jiangying tightly.

Ye Xuan shouted excitedly.

Suddenly, many people rushed out of the house in the courtyard, thinking that there was an attack.

In the middle hall, an elderly giant walked out, his breath covered the audience; but he saw Ye Jiangying all of a sudden and said in surprise: "Jiang Ying, you?"

"Uncle San, I'm fine, I'm back."

The old man named Sanshu had moist eyes. His name was Ye Guangbai, who was Ye Po Tiantang's younger brother, and he had a real blood connection with Ye Jiangying, and he always regarded Ye Jiangying as his daughter.

Ye Jiangying was taken by Ye Xingzhi to the Xiao royal family for sanctions. Ye Guangbai was in agony. He repeatedly blocked but was injured by Ye Xingzhi. He could only watch Ye Jiangying being taken away.

He can't go desperately.

Because there are still people in this line who need him to guard.

Once he falls, this vein is really over.

Now, seeing Ye Jiangying return safely, Ye Guangbai cried with joy, and his hanging heart finally fell.

Chapter 717: Ye Xuan's trouble

"Okay, I'll be back. Everyone, come in and sit down."

"Ye Mo."

Ye Guangbai yelled, he was a strong, fierce young man, already a master.

"Five-mile radius is strictly guarded, and children from other veins are not allowed to enter."

"Yes!"

Come to the main hall.

Ye Fan gave Ye Jiangying a color. Ye Jiangying understood what Ye Fan meant and didn't want to reveal his identity now.

Therefore, when Ye Guangbai asked about the ins and outs, Ye Jiangying said that Ye Chen rescued him, and did not mention Ye Fan.

"Ye Chen, this kid is promising, he deserves to be the grandson of the eldest brother, okay."

"But Jiang Ying, isn't it too dangerous for you to come back? Ye Xingzhi will come back soon. Wouldn't it be necessary to suppress you again?"

Ye Guangbai was very worried.

"Don't worry, San Uncle, I know it in my heart. The corpse man organizes the Dragon Slaying Plan, and the seven royal clans and martial arts circles are not at peace. The Xiao royal family is not thinking about handling my affairs now; as for Ye Xingzhi, he himself is in trouble."

"The corpse organization slays the dragon, and Ye Xingzhi is self-appointed as the acting head of the clan. Maybe the corpse organization will also slaughter him, so he has no intention of dealing with me."

"Yes, yes, it's time for the Corpse Human Organization to take action." Ye Guangbai sighed, and sighed: "The martial arts power, Dugu, and Xuanyuan clan lord have all fallen. This is so sad."

"Yes....."

Ye Jiangying, Ye Guangbai and others chatted, and Ye Fan felt a little bored.

He let Gu Qingyun wait to stay, and slipped out of the hall quietly.

Before leaving the yard, she was caught by Ye Xuan and asked, "Big brother, where are you going?"

Ye Fan smiled and said: "It's the first time to come to Shuiyue Cave Sky, such a wonderful place, I want to take a good look."

Ye Xuan said, "This is not good. The royal family has many forbidden places, and outsiders are not allowed to visit; in addition, other veins have been directed at our line. If you run around and get caught, you will be beaten."

"That's it."

Seeing Ye Fan with some regrets, Ye Xuan smiled and said, "I'll take you to play, Ye Guangbai is my grandfather, so I am quite high in the clan."

"Then the relationship is good, trouble the little princess to lead the way."

"Hee hee, you can really talk." Ye Xuan laughed, with crescent eyes, she asked curiously: "Big brother, your silver hair is so beautiful, is it dyed?"

"No, natural."

"Wow, it's so cool and cool."

Through communication, Ye Xuan seemed to have never been to the ancestral land several times, and was longing for the outside world.

Along the way, Ye Fan told her stories about the outside world, making Ye Xuan happy.

Huhu.

Suddenly, a strong wind blew.

Ye Fan frowned, stopped, a group of men and women surrounded them.

"Ye Xuan!"

A lean young man fell from the sky.

This is a little grandmaster, but because the Ye royal family has a unique and unique technique of imperial qi, people who are new to the grandmaster will walk away from the sky.

Seeing this young man, Ye Xuan's face changed drastically, and there was fear in her eyes.

"Xiao Xuan, who is he?"

"Brother Fan, his name is Ye Hua, he is Ye Xingzhi's nephew."

Yes.

Ye Fan's eyes flashed.

Ye Xuan said fearfully: "He wants me to be his little daughter-in-law. He has been pestering me. He is a big badass."

A royal family is too large, and the inheritance is too long. It is not that the blood of the same line is very thin, or even almost gone.

Therefore, there are also intermarriage within the royal family.

"Ye Xuan, you little bitch, I heard that you were leaving the ancestral land, which made me plan to go out to find you; I didn't expect that you went outside to find a little boy and came back."

Ye Hua's face was green.

Ye Xuan blushed and said angrily: "Ye Hua, keep your mouth clean. Brother Ye Fan is my friend, don't talk nonsense."

"Oh, it's so close, return Ye Fan's brother." Ye Hua sneered, and then grabbed his gaze, "Ye Fan, your surname is Ye, which family is in your clan?"

"Can you manage it?" Ye Fan said disdainfully.

This frightened Ye Xuan.

Relying on being Ye Xingzhi's nephew, Ye Hua was arrogant in the ancestral land, more arrogant than Ye Xingzhi's son Ye Hao.

Many of those who offended him were beaten and disabled.

"Ye Hua, let him go regardless of Brother Fan's business." Ye Xuan stood in front of Ye Fan, very brave.

In her opinion, where Ye Fan is Ye Hua's opponent.

"You actually protected this little white face." Ye Hua became even more angry.

"Boy, you dare to grab a woman with me, I don't want to beat you down today, but also take your line out to teach you a lesson."

"Only you?"

Ye Fan's face teased.

Ye Hua was furious and was about to give the order; Ye Xuan shouted: "Stop, Ye Hua, don't mess around. You really misunderstood. Ye Fan is my father's new adoptive son, my brother, don't think about it. "

"I never look at the background when I want to beat people, because I don't have my background! Ye Xuan, you are a fart, and your grandfather Ye Guangbai doesn't take it seriously!"

"You, you are too presumptuous." Ye Xuan was about to cry angrily, tears rolling in her eyes.

Ye Hua was very arrogant, and the reason why he targeted Ye Fan was actually because Ye Fan had a good temperament and a good image. He was very jealous and unhappy.

A woman who looks more handsome than Lao Tzu, and also soaks Lao Tzu...Extraordinary, can this be tolerated?

Isn't it cool to step on people in front of beautiful women?

Ye Hua raised his chin proudly.

Chapter 718: Late night action

To Ye Fan, Ye Hua is really a trivial clown, and he doesn't even have the mood to talk nonsense.

Ye Fan said straightly and neatly: "Ye Hua, right? Put your ears up and listen to me: Stay away from Xiaoxuan, she is not something you can do, and you are not worthy; besides, you just offended me... When I first came to the ancestral land of the Ye Clan, I didn't want to see blood, so you knelt down and knocked your head for a hundred times, and the matter was over."

"What! What did you say!"

Ye Hua was dumbfounded.

The boys looked at each other and thought it was a hallucination.

"Brother Fan." Ye Xuan's face paled with fright, and she was a little dissatisfied with Ye Fan's words, which would cause trouble.

Woo woo woo.

Sure enough, Ye Hua burst into anger, covering this area.

Ye Xuan shouted: "Ye Hua, don't mess around. Ye Fan was brought back by my aunt. If you dare to move her, my aunt will not let you go."

"Shit, your aunt has already accepted sanctions from the Xiao family, I'm afraid she would have died a long time ago."

"No, my aunt is back." Ye Xuan's vows made Ye Hua uncertain.

At this time, a little brother said: "Boss, their line is indeed a bit abnormal, Ye Mo is patrolling closely with someone."

Ye Hua was secretly frightened, and it's impossible for Ye Jiangying to really come back.

impossible.

How did she escape from the Xiao royal family?

Upon seeing this, Ye Xuan said, "I won't lie to you. If you have the courage, follow me back and see my aunt."

Ye Hua didn't have the guts.

Their line is incompatible with Ye Jiangying's line. Didn't he look for fights in the past.

"Since Ye Jiangying is back, I can't let you go. I will catch you, and when my uncle returns, there will be a hole card to threaten him."

"You bastard!"

Ye Xuan thought she could scare Ye Hua, but she never wanted to burn herself.

Seeing Ye Xuan waved her hand, a piece of white mist flew out, which was poisonous mist.

"Brother Fan, run!"

Ye Xuan pulled Ye Fan out of the encirclement circle.

puff!

Ye Hua slapped the poisonous fog and sneered: "It's stupid and ridiculous to want to run in front of the master."

"Bring me back."

Ye Hua didn't move, making a paw print.

Came in an instant.

"Boom!"

At the extreme, a fist broke the claw mark; then, a burly young man appeared in front of Ye Xuan.

"Brother Ye Mo."

Ye Xuan was very excited and relieved.

Ye Mo glanced at it and said, "You go first, don't worry, they can't deal with me."

"be careful."

Ye Xuan pulled Ye Fan away.

And Ye Mo, staring at Ye Hua, his eyes gradually turned red, and a fierce and violent aura permeated.

Ye Hua's face was solemn.

Ye Mo is both a genius and a weird person. He has been violent since he was a child, so he named Ye Mo.

When raging, his combat power doubles, he is very bloodthirsty, and he will never stop without blood.

Moreover, he is still an unscrupulous guy who doesn't give face to anyone.

Once Ye Hao beat him up, in order to get revenge, he squatted for three days without eating or drinking, and finally caught the opportunity to cheat Ye Hao. The beater Ye Hao didn't get out of bed for half a month.

Such a cruel person made Ye Hua feel a little confused.

"Ye Mo, because of Ye Jiangying's face, I won't beat you up."

"Wait for my eldest brother to come back to clean up you."

The eldest brother Ye Hua said was Ye Hao.

"let's go!"

A group of people left.

Ye Mo gradually recovered his calm and returned to the place where he was patrolling.

But Ye Fan did not go home.

At Ye Fan's insistent request, Ye Xuan took Ye Fan to the back mountain.

"Brother Fan, what are you doing here? This is the ancestral cemetery of my clan, where the ancestors are buried. It is very gloomy and I dare not come over."

Ye Xuan was a little frightened, hiding behind Ye Fan.

This ancestral grave is indeed very gloomy.

A pitch-black portal is ten meters high and about three meters wide, with countless grimace carved on it, like a ghost gate.

This is the boundary of the ancestral grave.

Go through the portal, even if you enter the ancestral graveyard.

However, there is also an extremely dark corridor with a gloomy atmosphere. Listening to Ye Xuan's words, there is a beast king in the ancestral grave, which is a big snake.

This is what scares her most.

If the children in the clan are disobedient, the older generation will scare them and throw them into the ancestral graves and let the snake eat them.

"Xiao Xuan, no one is guarding here, let's go in and take a look."

"no."

Ye Xuan bit her little head and said seriously: "You can't enter the ancestral graves casually. It will disturb the rest of the ancestors' heroic spirits. If you are found to be punished,"

"This is feudal superstition."

"Oh, you can't go in anyway, don't forget that there is a big snake, that is the king of beasts, like a giant. We will be eaten when we go in."

Ye Xuan was unwilling for a thousand people, so she pulled Ye Fan and said, "Brother Fan, let's go, I'll take you to play elsewhere."

Ye Fan also wanted to persuade. Hearing movement from afar, some Ye royal family members walked here.

"Well, let's go."

Ye Fan hurried away with Ye Xuan.

After wandering for a while, he returned to the courtyard.

Staying up until the night, the night was quiet, everyone fell asleep, Ye Fan only acted.

Be familiar with the road.

Soon came before the ancestral graveyard portal.

Compared to the daytime, it is even more eerie and scary at night.

The passage behind the portal was shining with a faint green light from time to time, and at the same time, there was a wave of yin wind blowing on his face.

Ye Fanyi was bold and undaunted, and walked through the dark portal into the passage.

It didn't take long for Ye Fan to perceive fierce beasts lurking in the jungle on both sides of the passage, staring at him.

"You all retreat to me."

Ye Fan drank lightly.

The power of qi and blood permeated, making the beasts frightened and scattered.

"My aunt said that his parents' corpses were buried next to Ye Jiangjun and his wife. Just find their cemetery."

"It's just that this ancestral grave is too big."

The ancestral cemetery of the Ye royal family is not only one layer above ground, but also several layers underground.

Fortunately, none of these ancestral graves are guarded, which is reasonable. After all, people living here are all people of the same ethnic group. Who would plan their ancestral graves with food and support.

Sorry, Ye Fan is here to dig the grave.

Because of this, he didn't tell Ye Jiangying, and it was troublesome to explain, so he might as well do it alone.

"It's amazing."

Standing in the ancestral grave, Ye Fan looked up and could see the bright moon.

The entire ancestral grave seems to be covered with a layer of gauze.

Cold and indifferent.

"The power of heaven and earth is supporting the lake, and it's just natural formation. If it is manipulated by humans, it would be terrifying."

"The Ye Royal Family has a big secret."

Ye Fan actually had a lot of ideas, he thought about it, it might be of great benefit to him to go to the power of the turbulent world.

Maybe you will be able to control the power of heaven and earth soon.

"Parents first."

Ye Fan began to look for them one by one, and in the darkness, two eyes were watching him.

Those eyes were bigger than fists, and they were gray, shimmering with the same color as moonlight, so it was difficult to detect them.

quietly.

Ten minutes later, Ye Fan entered the first underground floor and continued to search; then, the second underground floor, the third underground floor...

finally.

On the sixth floor underground, he found the tomb of Ye Jiangjun and his wife.

At this moment, Ye Fan became nervous inexplicably.

If there is really a parent's corpse below, what should I do and how to accept it!

"call."

Ye Fan took a deep breath, suppressing the anxiety in his heart.

"Uncle and aunt, you are offended. Tomorrow, I will burn you more paper money."

When the words fell, Ye Fan shot.

At this moment, a white light swept across like lightning, domineering and mighty.

"Snake King!"

Ye Fan had long felt that something was staring at him, but he couldn't find where he was. Now that the Big Snake Beast Emperor took action, he was relieved.

The most feared is the unknown, and it is easy to expose it, just suppress it.

Is it possible that this big snake is a peak-level beast king, with the kind of combat power like Ye Xingzhi?

Obviously it is impossible.

Chapter 719: Big-headed snake

Huh!

Snake tail crosses, super fast.

Ye Fan couldn't hide.

"Boom!"

He took this abruptly.

A torrent of power smashed him into the ground for hundreds of meters, and a 10-meter deep pit appeared.

"Damn!"

Ye Fan was aching all over.

The power of this big snake is too great, is it possible that it is really the peak-level beast king?

My luck is so bad.

"Um?"

Suddenly, Ye Fan felt fluctuations in the ground. It turned out that the snake's tail of the big snake burrowed into the ground, trying to attack him from below.

Ye Fan jumped and rushed out of the pit, but his eyes were dark, hit by a huge object, and fell again, smashing into the pit.

"Rumble."

At the same time, the underground snake's tail rushed out, entwining him with incomparable precision.

Depend on!

Ye Fan felt the power of horror and wanted to hang himself alive.

"open!"

Ye Fan finally took it seriously, and the power of qi and blood exploded.

next moment.

The power of qi and blood that was more vigorous than him fell, suppressing his qi and blood.

Ye Fan was shocked.

This big snake king is terrible, **** it, is this going to capsize in the gutter?

The snake's tail continued to shrink, and Ye Fan's bones crackled like fried beans.

Hum!

The domineering body wakes up.

Ye Fan's physical strength increased, roaring wildly, opening the snake's tail.

"what?"

A surprise sounded in his ears.

Immediately afterwards, Ye Fan felt that the contraction strength had increased, but the improvement was limited.

This shows that the limit of the Snake Emperor is at this level.

As a result, Ye Fan was relieved.

This level is not the standard of the Peak Beast King.

Can deal with.

After fighting for a while, Ye Fan found it quite interesting. This big snake emperor seemed to have just come up with him, and there was no other attack, only using the snake tail to compete with him for strength.

A quarter of an hour later.

Ye Fan gasped, and the snake's tail was trembling. Obviously, the snake king was cramping.

"Emperor Snake, it's boring for us to remain in a stalemate like this. I am also of the Ye Clan's blood. You are my own, let go first. Let's sit down and chat."

no respond.

Ye Fan shouted: "Let's let me go out. The oxygen in this deep pit is so thin that I'm almost suffocating."

Snake's tail forcefully threw Ye Fan out.

"call--"

"I finally came out, almost suffocating me." Ye Fan took a deep breath, then petrified.

"What are you going to chat with me?"

This is the words of the Snake Emperor.

It's just that this big snake is a bit...

It's so cute.

Ye Fan was dumbfounded, it didn't look like a big snake at all, it looked like a big tadpole.

The whole body is white with a huge head, and the body below is thin, about 30 meters long.

The big head is round, smooth and can reflect moonlight, and is inlaid with two huge, gray jewel-like eyes, spitting out bright red snake letters.

This this this...

what?

Ye Fan was dumbfounded. Is this really the snake that Ye Xuan fears?

Not scary at all, but very beautiful.

and,

The voice is milky.

"What are you talking about with me?" The Snake Emperor repeated it again.

"that....."

Ye Fan touched his nose and asked, "You are quite cute, unlike ordinary snakes, what kind of snake are you."

"I don't know, everyone in the clan calls me a big-headed snake."

"Big-headed snake, this name is quite appropriate." Ye Fan nodded and asked: "Your voice is immature, what age is it now?"

"Sixteen years old."

The lifespan of fierce beasts is longer than that of human beings, and fierce beasts of genius and enchanting rank have a longer lifespan.

The sixteen-year-old big-headed snake should be equivalent to a five- or six-year-old child of a human being.

Ye Fan was amazed. At the age of sixteen he cultivated the realm of the beast emperor. It was amazing, it was terrifying.

This is definitely top pedigree.

It may be more noble than the bloodlines of the Blue Nether Worm, Black Flood Dragon, and Titan Giant Ape.

"My aunt said that the fierce beast in Shuiyue Dongtian has grown very fast for some reason, and it really is true." Ye Fan secretly said in his heart, and then asked:

"Big-headed snake, are you specializing in guarding the ancestral grave?"

"No." Big-headed snake milk said gruffly, "I want to enjoy the moonlight. Only the graveyard in the entire ancestral land can receive enough moonlight."

"Then what are you doing to me?"

"If you want to dig a grave, of course I want to beat you. How can future generations dig the graves of your ancestors? You are rebellious. I want to tell the old man in the clan."

The big-headed snake's huge head shook, it was funny, it really looked like a tadpole.

Ye Fan said, "I'm not digging an ancestral grave. There are bones of my parents below."

"Then you are even more hateful, you even dig your parents' graves!"

"What the **** are you doing?"

Seeing that the big-headed snake is about to leave, he may have to go out to inform him, and Ye Fan quickly grabbed his snake's tail.

"Big head, listen to me, my parents don't even have tombstones in their graves. I'm here to move them to the cemetery."

"Migrant cemetery? I feel you are fooling me."

"You are the Beast King, majestic and majestic, how dare I fool you. Just stay here and don't leave, you'll be fine right away, and I will chat with you when I'm done."

The big-headed snake seemed to agree.

Ye Fan immediately started to move. In order to prevent the tomb of Ye Jiangjun and his wife from being shaken, he was very careful, so he dug very slowly.

"Why do you know the power of vitality? You are the second grandmaster I have ever seen."

"Really, who was the first?"

Ye Fan stopped, he had long guessed that there was a master Tianzong wizard who could control the "qi" and "blood", and then use them together.

"I made an appointment with him, I can't say." The big-headed snake shook his head.

"Is it old man Ye Potian?"

"Will he?" Big-headed snake asked.

Ye Fan thought for a while, it should be that Ye Potian hadn't used it in front of the big-headed snake, so the big-headed snake didn't know.

Judging from his age, it should be within one or two years for Big Head Snake to be promoted to the Beast King; and before that, Ye Potian had left the Ye Royal Family.

"Don't ask, I won't say, baby, I have to keep my promise."

Baby?

The corner of Ye Fan's mouth twitched.

But it was reasonable, indeed, it was the baby beast emperor.

"Hey, do you know tadpoles."

"what?"

"Many people say that I am like a tadpole, but I have never seen a tadpole before, do you look like me?"

"Uh, not as big as you, and the tadpoles are black. You are white, more beautiful than the tadpoles."

Ye Fan responded while digging, "When I get the chance, I will catch some tadpoles and send them to you."

"Tomorrow."

"Tomorrow? The tribe said that you are like a tadpole, but did not catch the tadpole to show you. It means that there is no tadpole in the ancestral land. I need to leave the ancestral land and go outside to look for it. Tomorrow is too anxious."

"No, I want to watch it tomorrow, after tomorrow I will go to bed."

"sleep?"

"Yes, I need to get a good night's sleep every three months, about seven days." The big-headed snake crawled on the ground, sighed humanely, and said: "You are a foreigner, because the ancestors are worshipped every year, the royal family of Ye People from all over come to the ancestral cemetery, I have seen young people, you are very strange."

"You can't stay in the ancestral land for long, right?"

"Indeed, I may leave soon. Or else, I will show you photos or videos of tadpoles?" Ye Fan took out his phone.

The big-headed snake shook his head and sighed: "No, I can't see clearly. Don't look at my eyes, but I am very short-sighted. I still don't know what you look like. I found that you have silver hair. Only then can you tell that you are an outsider."

??

Ye Fan had a question mark on his face.

"You are not suffering from albinism, do you want me to show you."

Chapter 720: Expose and confess

"No no, I don't have albinism, I am born with it."

"Albinism is born with poor eyesight. I'll show it to you."

The big-headed snake shrank back and said: "When I was a child, the old man in the clan asked a doctor to check on me. I am not sick, I am healthy, but his eyes are not good."

"No wonder I felt that your eyes were a little fluttering from the beginning." Ye Fan smiled and continued to work.

The big-headed snake said: "I am a snake, and I don't rely on my eyes. It doesn't matter if my eyes look bad."

"That's true."

"Have you decided, when will you catch the tadpoles and show me?"

"You don't look good in your eyes, do you see loneliness?" Ye Fan said angrily.

The big-headed snake raised his head and hummed: "Can the photo be the same as the living thing? I can judge the contour of the living thing by heat, so that's enough."

Ye Fan thought for a while, and said, "I will fight for tomorrow. If you go to bed late, I will give the tadpoles to Ye Xuan, and let her find a time to send them to you."

The big-headed snake suddenly laughed.

That voice was even more funny, and Ye Fan couldn't help but laugh out loud. It was just too ghostly.

"I know Ye Xuan. She is so funny. Once I purposely scared her and scared her psychologically."

"Well, it's best to give it to me tomorrow; if it is too late, let Ye Xuan give it to me in the future."

"Properly!"

At this time, Ye Fan finally found the coffin.

His heart shrank suddenly.

...

In front of the gate of the ancestral grave, a group of men and women gathered, headed by Ye Hua.

"sure?"

"Boss, I'm pretty sure." A thin man said, "I had a tryst with Xiao Cui near here and saw the silver hair sneaking into the ancestral grave during the day."

The woman next to the man, Xiao Cui, nodded and said, "Brother Hua, it's true."

"Grass, what's not good, come to the ancestral grave here for a tryst, I'm sick."

"It's exciting here."

The corner of Ye Hua's mouth twitched, and he looked deep into the door, a little hairy.

The thin man said: "Boss, I'm afraid of an egg. Once I was in that passage with Xiaocui."

"I, Nima, blaspheme the ancestors of the heroic spirit, and I won't kill you when I go back. Hurry up, go find the way now."

Ye Hua kicked.

Thin and Xiao Cui walked ahead without fear.

"Keep up."

Ye Hua brought the little brothers in.

Since Ye Fan frightened off the beasts before, Ye Hua and his party were safe.

"Look, boss, are you okay, what are you afraid of."

Very small and proud.

Ye Hua looked at the huge cemetery, empty, and said: "I won't go down anymore. Go and look for it."

Followers act immediately.

The sixth floor.

The big-headed snake raised his head and said, "Hey, someone is here, do you want to help?"

"You go to scare them away."

"Row."

The big-headed snake dangling cat at the entrance of the cave.

Da da da.

After a while, I heard footsteps.

Just when I was about to walk out of the cave, the big-headed snake suddenly showed his head and let out a series of laughs.

Suddenly something weird appeared, with a string of laughs, and everyone was frightened to death.

"Mom!"

A few little guys crawled and fled, making the big-headed snake laugh from ear to ear.

At this time, Ye Fan dug out the entire coffin.

The coffin was made of expensive yellow rosewood, and it was huge. It seems that Ye Jiangying did not separate her father and mother.

"Is this the bones of your parents? Where are you going to migrate? Have you figured out the address?"

"not yet."

Ye Fan's mood is a bit complicated, very nervous and anxious.

But after all, it depends.

Just when Ye Fan was about to open the coffin, he suddenly rushed in.

"Huh!"

Ye Hua drank.

"Ye Fan, you are so brave, you came to dig my clan's ancestor's grave in the middle of the night, you are dying!"

Ye Hua was furious.

Ye Fan furrowed his brows, but he didn't expect to be discovered.

"Snake King, why don't you let this **** dig a grave, why don't you stop it!"

"He said this tomb..."

"Big head baby." Ye Fan yelled, not wanting the Snake Emperor to disclose information.

"All right."

The big-headed snake is very clever and didn't reveal it; instead, it swept its tail and entangled Ye Hua.

"Snake Emperor, what are you doing!"

"You actually helped Ye Fan deal with me. You eat something inside and out, I want to tell the elders to sanction you."

Ye Hua was furious and roared again and again.

But he couldn't get rid of the shackles of the big-headed snake, the gap was too big.

However, there was even greater movement.

"not good!"

Ye Fan's expression changed, it must have been those young people who reported the news, and the royal family members killed them.

The big-headed snake said: "A lot of people are here, it's troublesome. I have to go, but I can't wade in the muddy water with you."

"You go, don't mix up, put Ye Hua down."

"Okay, does our agreement still count? You will catch me tadpoles." Big-headed snake asked innocently.

Ye Fan nodded and said, "Do the math, we are friends."

The big-headed snake slipped away happily.

At the same time, first a group of elderly people rushed in, then the middle-aged generation, and finally the young people.

Four to five hundred people came.

Many strong people.

There are several masters and giants.

"Bastard!"

Seeing Ye Fan dug out the coffin, a group of old men's eyes were torn apart and roared again and again.

However, when it was clear that it was the tombstone of Ye Jiangjun and his wife, many people died down.

Ye Hua said nothing.

"Ye Guangbai, how do you deal with your whole line of things!"

Ye Jiangjun and his wife are from Ye Guangbai's line.

At this moment, Ye Guangbo trembled all over, his nephew, nephew, and his wife's grave was dug, and he couldn't be peaceful after his death.

"How could this happen, why would Brother Fan do this?" Ye Xuan was angry with tears in her eyes.

The Ye Mo next to him, his eyes were already red, and he was about to enter a violent state.

"Ye Fan!"

Ye Guangbai roared.

The breath of giants suppressed.

Ye Fan stood still, and solemnly said: "Grandpa Guangbai, I can't explain more about this, let Aunt Jiang Ying come!"

"You were brought back by Jiang Ying, but what you made such a big rebellion is that Jiang Ying can't save you either."

Ye Guangbai was extremely angry and raised his hand to Ye Fan.

"Sanshu calm down!"

The sound of a sweet drink is Ye Jiangying.

She fell asleep, heard the movement, and guessed that Ye Fan might have come to dig his parents' grave, so she hurried over.

"puff."

Ye Jiangying smashed the palm prints and landed in front of Ye Fan, with a complicated look in her eyes, then turned her head and said: "Uncle San, there is something hidden in this matter. I will give you a reasonable explanation. Please calm down your anger and ask everyone to leave. Ancestral graveyard."

Ye Guangbai said, "Jiang Ying, Sanshu has always loved you, but now you will never be allowed to mess around. The death of Jiang Jun and his wife is our eternal pain. After death, the grave will be dug, which is intolerable. You get out, Ye Fan This kid must be sanctioned!"

"No, Ye Fan can't have an accident."

Ye Jiangying did her part.

The two uncles and nieces vie with each other, and people from other veins watch them with gusto.

Ye Hua sneered: "Aunt Jiang Ying, you protect Ye Fan so much, and you don't even care about the graves of your brother and sister-in-law. Is it possible that Ye Fan is your concubine?"

Hahaha.

Suddenly, burst into laughter.

Ye Jiangying was furious, and said sharply: "Ye Hua, just say it if you want to die."

"Sorry, sorry, I'm just reasonable speculation, if it's not a shame, then you can give an explanation." Ye Hua said jokingly.

Could it be that Ye Fan's brother is really aunt's lover, this...

Ye Xuan was silly.

After a short contact, she had a good impression of Ye Fan, but if it were her aunt's lover, she would no longer be able to look directly at Ye Fan.

"Auntie, speak up."

Ye Xuan shouted angrily.

"I'll give you an explanation, otherwise we won't be able to raise our heads in this vein."

"Yes, aunt!"

The young people shouted.

At this time, Ye Guangbai was also a little calm, and Ye Jiangying was also his pride. He knew that Ye Jiangying would not mess around, and there must be some hidden secrets.

"Jiang Ying, there is nothing to say at this point. If Ye Fan is really your lover, it's okay. You have been single and have a boyfriend. There is nothing shameful. However, Ye Fan still has to be punished, and the rules cannot be broken, but I know how to measure."

This has been said to the fullest.

Ye Jiangying's face was complicated.

"Auntie, go ahead, it's time."

Suddenly, Ye Fan's words came from behind, very firm, and at the same time, very strong.

"I want my parents to return openly, not sneakily like this."

Ye Jiangying's body trembled.

Yes.

For more than 20 years, he has been sneaking up, using the graves of Ye Jiangjun and his wife for cover.

Keep concealing it all the time.

No one knows.

When she is old and she is dead, who will give incense to Ye Jianghe and his wife?

Ye Jiangying laughed bitterly with tears in her eyes, and sighed: "Everyone, don't you see that the location of the coffin is not directly facing the tombstone."

This is strange, everyone has long discovered it.

Could it be that this coffin...

"You are right, this is not the coffin of Jiang Jun and his wife."

"Whose is it?"

"It's Jiang He and his wife, and Ye Fan is Jiang He's child."
