

Elegant SS 731

Chapter 731: Win half!

"Good job!"

Ye Fan laughed. At this moment, he no longer hides.

The domineering body awakens, the blood bursts, the qi is like a waterfall, everything is condensed.

A punch, slowly push out.

This punch made Gu Qingyun and others behind Ye Fan feel trembling.

This punch is enough to kill the grandmaster giant.

This punch is amazing enough.

Just as Ye Xingzhi rushed out of the water curtain hole, a swift and fierce fist appeared in front of his eyes.

He couldn't avoid it at all.

"boom!"

Ye Xingzhi abruptly caught the punch, and the one who was beaten flew directly back to the water curtain hole.

When Ye Guangbai and others saw Ye Xingzhi fly back, their expressions changed drastically, and they all walked away and did not dare to move.

"kill!"

One second.

Just one second.

Ye Xingzhi roared wildly, his face gingerly recoiled, tearing open the waterfall curtain, and rushing out forcefully.

here.

The Thunder fighter was already hovering in the air, and Gu Qingyun led Han Bing and others into the fighter.

Ye Fan strolled in the sky, strolling to the hatch of the plane, overlooking the past, and said with a smile: "Thank you for coming out, there will be a period later!"

"Come down to me!"

Ye Xingzhi was furious, and he grabbed his hands, and the power of the domain exploded.

However, the Thunder fighter exploded at three times the speed of sound and rushed to the sky in the blink of an eye.

"Ye Xingzhi, I almost forgot to tell you. Thank you for the opportunity. The true meaning of the picture scroll is so useful to me."

"When we meet again, we will have a good fight."

Ye Fan's laughter echoed between heaven and earth for a long time, and the Thunder fighter was gone.

On Dongtian Lake, Ye Xingzhi roared.

"Boom!"

"Boom boom boom..."

The lake exploded one after another, and the wind and rain changed.

"puff!"

Ye Xingzhi couldn't help it in the end, a mouthful of blood spurted out, and his figure was shaking.

Lost!

In the clash with Ye Fan, he unexpectedly lost!

Ye Fan learned the true meaning of the picture scroll on the bronze pillar, and in a short time, it was engraved in his mind.

Ye Xingzhi never dreamed that Ye Fan had such a terrifying ability.

It takes at least eight hours to engrave the true meaning of a picture scroll.

How long has Ye Fan been in the main hall?

Why is this kid's savvy so terrifying!

Ye Xingzhi's eyes flickered, and he gritted his teeth and said: "This son can't be kept, I don't know how much time he will grow. I don't want the ring of the clan lord, Ye Fan must die!"

"To pay a huge price, the United and the various forces must be killed as soon as possible!"

Ye Xingzhi made a decision.

What he didn't know was that Ye Fan didn't just engrave a true meaning, but a full five.

If I knew this, I was afraid that Ye Fan would be left behind because of serious injuries.

"Father, are you okay?" Ye Hao asked worriedly when he heard the news.

"Follow me, I have important things to tell you to do." Ye Xingzhi shook his face and returned to Shuiyue Cave with a calm face.

On Dongtian Lake.

Ye Guangbai, Ye Jiangshan and the others looked at each other, shocked to the point of indescribable.

Ye Fan hit Ye Xingzhi with one move!

How old is he?

Moreover, the words just now seemed to have entered the central hall for a short time, engraving the true meaning of the picture scroll in his mind.

evildoer!

The ultimate evildoer.

"Xiao Fan is so powerful that he can't even be judged by evildoers. He is a talented arrogant! Not only is he strong, but also resourceful like a demon. He doesn't play cards according to the routine and pits one of Ye Xing." Ye Guangbai exclaimed and was deeply moved.

"Yeah, we have fought Ye Xingzhi for these years, and we haven't won it once. Xiao Fan smashed him in just two days. Seriously, it's too deflated!" Ye Jiangshan laughed.

"Okay, all go back."

Ye Guangbai turned around, his gaze was like a torch, and solemnly said: "Everyone must work hard to cultivate and not slack off. Next time I see Xiao Fan, don't let him look down on us. Have you heard it!"

"clear!"

Everyone gradually returned to Shuiyue Cave Sky.

At the entrance of the water curtain, Ye Xuan looked at the direction in which the fighter was disappearing, pursing her red lips, feeling disappointed and dissatisfied.

"Xiao Xuan, what do you think?" Ye Jiangshan smiled and comforted: "The situation is urgent, Xiao Fan can't say hello to us."

"I know."

Ye Xuan walked into the tunnel unhappy.

Ye Jiangshan smiled bitterly, he couldn't see Ye Xuan's thoughts, but...

"Stupid daughter, Ye Fan is too good. In the future, he is destined to be one of the overlords between heaven and earth. The Ye royal family can't tolerate him as a great god. You and him are people in two worlds."

...

"Xiao Fan, Ye Xingzhi is afraid that he is going to die of anger." Han Bing kept smiling.

"All rise!"

"salute!"

"The boss is awesome!"

Xing Tian made a standard military salute, yelled, and was kicked by Ye Fan.

But this is the voice of everyone.

The punch just now really convinced everyone.

But it also made people see Ye Xingzhi's strength, Ye Fan's punch that was enough to kill the giants only brought Ye Xingzhi a slight injury.

"Boss, where are you going now?"

"Where is the Dragon King Battle Headquarters?" Ye Fan asked.

"Qingqi and Long Teng took the Dragon King War Department and transferred to Wan Beast Mountain." Xing Tiandao.

"Ten Thousand Beast Mountain? Isn't this the top of the mountain where the Beast Control Gate is located."

"Yes, after the gate of Yu Beast was destroyed, it was empty; I think Wan Beast Mountain is rich in resources, so I sent people to take care of it.

"good!"

Ye Fan appreciates it very much.

Xing Tian said triumphantly, "Not only the Ten Thousand Beast Mountain, but also the Golden Rooster Mountain where the Hehuan Sect was destroyed by us, I also took care of it. It is the second stronghold."

"Boss, shall we go to Wan Beast Mountain?"

"No." Ye Fan changed his attention, "Go to the central capital and rest for a period of time. I want to practice some faculties."

...

Dongtu, the main city.

Military hospital.

Bian Que walked out of the ward with a pale face, and Tang Laoxie quickly asked, "How is it?"

"The injury is too serious."

Bian Que sighed and said, "Let you ask if the ice coffin you asked for has arrived?"

"arrive."

"Put Master Hou in and freeze it at absolutely zero degrees."

Tang Laoxie slumped for a while, and said with red eyes: "Bian Que, is my daughter hopeless?"

"Don't worry, there is still a sigh of relief. Use an ice coffin to seal it, which can delay some time."

"What's the use of delaying time, I want to know who can save my daughter. You can't save it, then my daughter is not saved! My daughter is only in her twenties, so young, so genius..."

"Old Tang, calm down!"

Bian Que tapped a few points on Tang Laoxie's body, and Tang Laoxie gradually calmed down.

Sitting on the chair sadly.

Bian Que said: "There is still hope, my master should be able to save it."

"Your Master?" Tang Laoxie looked up, he had never heard of the Master of Medical Sage.

Seeing hope at this moment.

"What you said is true?"

"I'm not sure, but my master's medical skills are more powerful than me. It's just that my master, the dragon, sees the beginning and the end, so I can't get in touch at all."

Old Tang said evilly: "I'm looking for it, even if it is the end of the world, I will find it. Quickly, who is your master, what is your name, and what does it look like?"

"My master's name is Ye Fan, and he is a young man; I don't have a picture, but I will copy a picture for you."

Ye Fan?

A figure appeared in Tang Old Xie's mind.

When Tang Ying and Li Ce were in a duel, they were seriously injured. Ye Fan treated them with superb medical skills.

"Is that kid?"

Tang Laoxie was uncertain, without words, waiting for Bian Que to copy.

Half an hour later, Bian Que handed the life-like picture to Tang Laoxie, and said, "This is my master Ye Fan. Go and find it quickly. You only have one month."

"What? One month? Isn't the ice coffin sealed for three years."

"That's an ordinary situation, Hou's injury was too serious, and Jia Yuzhi's sword was a fatal injury. It took me a lot of effort to hang her up. I predict that the ice coffin will only be delayed for one month."

Tang Laoxie gritted his teeth, he hurriedly opened the picture scroll, and a handsome and familiar face came into view.

It's him!

It really is him!

"Little Guo." Tang Laoxie shouted immediately, and Guo Fu hurried over, "Master, what's your order."

"Prepare warplanes immediately. I'm going to the Central Capital."

"Yes!"

Tang Laoxie put Tang Ying in the ice coffin, sealed it up, called Shang Bian Que, boarded the fighter plane together, and rushed to the central capital.

at the same time.

The deaths of Gayaco and ten high-level corpse kings also reached the Shiwan Dashan side and the ears of the corpse king.

"Tang Laoxie, this guy is a personal thing, but it shouldn't be a concern."

A trace of contempt flashed in the eyes of the corpse emperor.

"I already released the second batch of the Dragon Slaying Plan yesterday. Have you acted?"

A black-robed giant replied respectfully: "My emperor, the latest news, the target has been found, and I am preparing to do it."

"good!"

The corpse emperor got up.

The mountain underneath cracked open, and the whole Baoshan was about to collapse.

His aura was as vast as the sea and the sky, the black robe giant was suppressed crawling on the ground, but in his eyes there was fanatical worship.

"The first batch is nothing but a chaos in the martial arts world; these two batches, I want to shake the world!"

"The people of the world don't know what I have done, they will know, because what the emperor does is destined to break the ground, and no one can match it!"

Chapter 732: Sacred Palace of Zhongnan Mountain

The middle section of the Qinling Mountains, Zhongnan Mountain.

Zongsheng Palace.

This is the largest palace in Zhongnanshan, big and small sects. The big and small sects are respected by the Zongsheng Palace, which serves Taoist sages and real people in myths and legends.

Carved beams and painted buildings, solemn and solemn.

Yunxian's mist is around, looking daunting.

at this time.

In the main hall of Zongsheng Palace, an old man stands standing with his arms folded, watching his nose and his heart, as if an old monk had entered concentration, motionless.

This person is the elder of the third pavilion of Daxialong Pavilion.

At this time, the sound of footsteps sounded, and a man wearing a Taoist robe, black hair, and a fairy style appeared.

The man is not very old, in his forties, with a face like jade and very handsome; he is as light as a swallow, fluttering, and he is barely visible when he walks.

Holding a whisk in his hand.

It looks like an expert in Taoism.

Elder Sange opened his eyes, did not support it, and said: "I have seen the palace lord."

Yin Xiu responded with a smile and said, "Sange's old man is polite, let you wait for a long time, please let me sit in the courtyard."

"No." Elder Sange shook his head and said: "Palace Master, the situation is urgent and the situation is serious. You should know that the Dragon Slaying Plan of the Corpse Man Organization has begun, and the Four Sages and the Seven Kings of Daxia have been hit."

Yin Xiu's face condensed, and he nodded and said, "Yes, I already know that the corpse emperor is really unscrupulous."

"Gai Jiuyou, the master of the Bing Pavilion, wants to use troops to suppress the corpse man organization and prevent the corpse emperor from making a big mess. But you need to play your majesty. However, we can't contact your majesty in the dragon pavilion. Let me ask."

"Your Majesty is not here."

Yin Xiu shook his head, and then said: "Your Majesty has been in the Zongsheng Palace for subsistence repairs. Two months ago, Da Ge made a visit and the two left Zhongnan Mountain."

"Two months ago? So long. Does the palace master know where your Majesty and Old Master are going?"

"I don't know, but Elder Ge doesn't have to worry. Your Majesty will not be in danger. Moreover, the movement of the corpse human organization has been affected by your Majesty. He also talked to me about the corpse emperor. Go, it should be to deal with the corpse emperor."

"All right."

Old Sange sighed.

"I hope that your Majesty and Elder Great Pavilion can solve the corpse emperor. The first batch of the Dragon Slaying Plan made such a big move. Who knows what will happen next."

"By the way, what is the purpose of the corpse emperor? Has your majesty talked to the palace owner?"

Yin Xiu paced, and said in deep thought: "The corpse emperor has no small ambitions, but from another perspective, it is also a big ambition."

"Who can tell if it's right or wrong!"

"Success, break the world; defeat, death will disappear. The corpse emperor is also betting on a broad future."

Old Sange looked blank.

Just about to ask, Yin Xiu waved the dust and said: "The secret of heaven must not be revealed."

"Playing this again, we are also old acquaintances, let's reveal some and see." Old Sange said angrily.

"It's not that I don't disclose it, but I don't know it. Besides, I don't want to worry about it. I am dedicated to cultivating morality and self-cultivation, and the others have nothing to do with me. ..."

"Stop it."

Old Sange's head is big.

"Don't be babbling, so be it. If your Majesty comes back, be sure to notify me."

"Farewell!"

...

Beihuang, Beiliang City.

City Lord's Mansion.

"Boom!"

An antique vase exploded.

Ba Gu's face was livid, and he said angrily: "Asshole, I'm limited to move out of the city lord's mansion within three days. He will take over Beiliang City and take command of the Northern Wilderness. How can this be true!"

Ba Gu was the former deputy of Li Ce, the former Northern Liang Hou. Li Ce was cut off, Ba Gu drove out the Li family and took the post. He was the only one, supported by the corpse organization behind him.

Just the day before yesterday, Gai Jiuyou, the master of the Bing Pavilion, got permission from the Dragon Pavilion and arranged for one of his cronies to come to Beiliang City to take over.

How can Bagu be willing to give up power.

But he was a close friend of Gai Jiuyou, a four-star warrior, and he was of the same level.

Dare to move?

Indeed, he can do it in Beiliang City, but if he does, he will startle Gai Jiuyou.

That was the Marshal of Great Xia Kingdom's soldiers and horses, and he was also a terrifying giant himself.

Respected as: Bingsheng!

Moreover, Gai Jiuyou was a brother who had fought side by side with the emperor, and had an extraordinary relationship. His status was equal to that of the elder of the Long Pavilion, and one person was above 10,000.

"Master!"

"What do you propose?"

Ba Gu angrily.

In the room, there was another grandmaster elder. He shook his head and said: "Che Hao can't move. He is Gai Jiuyou's right-hand man. He is a four-star warrior. His position is extraordinary. If something goes wrong, Gai Jiuyou will be alarmed, and he will definitely come to the Northern Wilderness. ."

"What do you mean is to really move away from the City Lord's Mansion and surrender control of the Northern Wilderness?" Ba Gu gritted his teeth and said unwillingly, "Master, why imprison Chahao? Or, instigate rebellion?"

The old man shook his head and said, "This is all dangerous. Gai Jiuyou is a personal character, and his cronies must also be stalwarts. It is impossible to instigate rebellion."

"Isn't there three days? No hurry, let's watch the changes."

"The second battle of the Dragon Slaying Plan has already begun, waiting for good news, maybe we have a turnaround."

Ba Gu sighed: "It can only be this way."

...

This evening

The Thunder fighter arrived at the central capital, and Ye Fan arrived at the mansion Xing Tian had prepared for him-Tianzun Mansion.

There are some more treasures here.

For example, the eggs laid by three fierce beasts.

I don't know how it was hatched.

On the fighter plane, Ye Fan was comprehending the true meaning of the picture scroll in his mind, and he was really intoxicated.

The true meaning of the picture scroll is indeed magical, fascinating.

When he arrived at Tianzun Mansion, Ye Fan took a look at Tyrant Laying, and there was no movement; after that, he went to the bedroom to see the true meaning without rest.

Time is like flowing water.

The next day.

morning.

A military fighter plane arrived at the military airport in Beijing, and Tang Laoxie came out carrying the ice coffin.

"Brother Bianque, please take care of the ice coffin. I have to go to Daxialong Pavilion."

"Are you looking for Lao Ge to help find my master?" Bian Que didn't know that Tang Laoxie knew Ye Fan, let alone that Tang Ying was Ye Fan's sister.

"Elder Ge has great energy, and with his help, there is indeed hope to find my master."

"You go quickly."

Bian Que took the ice coffin to his mansion.

As a medical saint, he naturally has his own mansion in the capital, and it was donated to him by the state.

Tang Laoxie hurried to the Dragon Pavilion.

I happened to ran into Elder San Ge, who had rushed back, and said in amazement: "Old Tang, it has been a long time. What's the matter, it's all about it?"

"I have something to ask for."

"True or false, there are also things that Old Tang Xie can't handle."

"Don't laugh, it's about Aying." Tang Laoxie's expression was sad.

The old man of Sange got upright and said, "Come in and talk."

In the lobby.

San Ge first told Er Ge and Si Ge Lao about Zhong Nanshan's meeting with Yin Xiu, and then said: "Old Tang, it's your turn."

"Jiaco Cholera East, if I hadn't arrived in time, Aying would have died away."

"what!"

The three patrons were shocked.

Tang Laoxie blocked the Dongtu incident, so it didn't come out.

"Kay coconut, this guy didn't die? Back then, something went wrong in the practice, and he fought against the corpse emperor and was suppressed by the corpse emperor, thinking that he was beheaded by the corpse emperor."

"Now it's really dead." Tang Laoxie said solemnly.

"Okay, Jia Yu was beheaded, and the corpse emperor lacked a powerful assistant."

"Old Tang, what do you want us to help?"

"I'm looking for Ye Fan. He is the master of Bian Que Medical Sage. He has great medical skills and allows him to save A Ying. Ye Fan, that's the kid!"

This secret really shocked the three elders.

Ye Fan is the master of Bian Que Medical Sage!

That kid still has this identity!

"Time is urgent. Ah Ying only has one month. Ye Fan still doesn't know where he is. I hope Long Ge will come forward and let the largest media group publish the news on the entire network, okay?"

"Of course, Aying is Daxia Houye. How can I not save him? I will arrange to find Ye Fan on the Internet; in addition, you can go to Meng's house. Meng Qingyin is Ye Fan's wife, maybe she Ye Fan can be reached."

Tang Laoxie immediately went to Meng's house.

Elder Er Ge contacted the Minister of Industry and Commerce of Daxia and asked him to order major media groups to publish news on the entire network.

They didn't know that Ye Fan was in the capital.

Tang Laoxie left the Meng family disappointedly, and the Meng family stopped contacting Ye Fan, even Meng Qingyin couldn't get in touch.

This line is broken.

At the same time, Elder Erge sent a message to Tang Laoxie, saying that major media groups are ready to start publishing on the whole network.

"good!"

"Ye Fan will definitely be able to see the news about the whole network walk."

Old Tang Xie let out a sigh of relief.

But people are not as good as the sky, a big news that shocked the world suddenly appeared, impacting the Great Xia Kingdom, making the martial arts world, but the secular world, become extremely tense and upset.

Chapter 733: Suddenly! World storm!

—The head of the superpower organization was attacked, and Earl Dante was beheaded in the Northern Wilderness!

This is news from the martial arts world.

—The Eagle State Minister of Foreign Affairs stated that he would take military action against Great Xia State.

This is news that the secular world has seen.

The two news were exploding enough, as if a tsunami hit Daxia Country.

At the same time, the world was shaking.

Great Xia Nation and Eagle Nation, the only two superpowers in the world, if these two countries fought, it would be difficult for other countries to stay out of the matter.

So what will it evolve into?

No one dared to think about it.

All countries in the world have directly exploded, and all major social media and platforms of all countries are discussing it.

Intensified.

A panic spread throughout the world.

Because... the Eagle Nation really took action, mobilizing a large number of soldiers and strategic equipment without shying away, and the most advanced weapons and equipment were revealed, not like a show.

The nerves of countless people have been affected.

"Gosh!"

"What the **** is going on, is there a world war when I wake up!"

"My God, what can I do!"

"Hahaha, it's good to fight. I'm sorry to be a human being. I have suffered so much in this life, and I will not be a human being when I reborn in my next life!"

"..."

The social platforms of various countries are flooded with various public opinions.

The pressure is huge.

The heads of all countries are sending enquiry emails to Eagle Country and Great Xia Country, and at the same time deeply express that they must calm down and never be impulsive.

What's the matter, sit down and talk about it.

Lack of money?

All countries join together, you use it first.

In a bad mood, just want to do it?

Gotta get it.

Shall we go and beat up a few small countries that are bigger than sesame seeds; or if the humanitarians don't want to do this, then paint a piece of land, you just rub it a little bit, don't be really good.

The two big brothers can quarrel between you, and the spray is over.

However, the emails from these leaders did not have any deterrent effect.

Twenty minutes after Eagle Nation mobilized soldiers and strategic equipment, Gai Jiuyou walked out of the Great Xia Long Pavilion with an extremely cold expression on his face, and came to the Bing Pavilion to give orders.

Daxia also mobilized troops.

"It's over, it's really going to be a fight."

"Excitement!"

"You stabbed your mother!"

"If you don't agree, just do it. It's a terrible thing for my country."

"I'm done, I'm afraid of an egg."

"Old **** critics, let's not talk anymore. The upper hand summoned me to go back to the editor. Goodbye old **** critics; if I can't come back, remember to ask some beautiful women to dance at my grave."

"..."

The secular world has completely fermented.

This kind of news is on the whole network.

Tang Laoxie didn't expect this to happen. The incident was too sudden and too big to be suppressed. The media group released the news of searching for Ye Fan and went straight to the sea.

"No hurry, there is still a month, wait a few days for this matter to go down, and Ye Fan's news will come out."

Tang Laoxie comforted himself, and was shocked at the same time.

A leader of the supernatural organization was beheaded, which is terrible.

"Did the corpse organization?"

"The corpse emperor, this is going to provoke a worldwide disaster, what the **** is he going crazy!"

...

Compared with the secular world, the martial arts world is also choppy.

The turbulent center is in the Northern Wilderness.

In the ancient relics of the Northern Wilderness, major families and forces are gathering people and horses, and the children of the clans have returned, and they dare not jump outside.

This matter is too relevant.

Earl Dante is a noble of the Eagle Country and one of the powers of the supernatural organization.

Genetic modification has reached a deep stage, controlling the power of nature, manipulating the thunder, calling the wind and calling the rain, and is called a "god" by the supernatural person, which is faith.

But now the gods have fallen.

Not only Earl Dante, but other leaders of the superpower organization were also attacked, with good minor injuries and terrible injuries.

One hour after the event fermented.

The martial arts community once again received a shocking news—the head of the supernatural organization, Earl Satan, died of serious injuries.

boom!

The second "God" fell.

Half an hour later, the news came out again—Earl Caesar, the leader of the superpower organization, fled for eight hundred miles, and was still beheaded in the end.

...

Secular world.

The Eagle Nation Council was furious and urgently sent additional soldiers.

In Daxia Bingge, Gai Jiuyou dispatched champion Hou Xue Guan and ordered his troops to enter the sea.

The southern border guarded by Xue Guan is an endless sea, and across the sea is the territory of the Eagle State.

At that time.

In the name of the corpse emperor, Xue Guan, who was planning in the Western Territory, received an order from Gai Jiuyou, with a complex expression on his face.

At this time, Xue Guan didn't know whether to listen to Gai Jiuyou, he contacted the corpse emperor, but found that he could not be reached.

How to do?

After thinking about it, Xue Guan decided to go back to Southern Xinjiang, and he could not be exposed for the time being.

On the fighter plane, he gave instructions to the deputy commander in southern Xinjiang.

then.

Many national satellites have seen the most terrifying picture in the new century-

In the vast sea, the Eagle Nation and the Great Xia Nation each faced off with hundreds of warships.

The photo immediately spread all over the world, bringing the situation to a flashpoint.

With countless people, the war is a foregone conclusion.

Because dispatching warships on such a large scale will consume huge resources and funds, and it is impossible to return without success.

And every country in the world is witnessing that, as two big brothers, they can't make it through without face.

So it must be played.

It won't work if you don't want to fight. It's just not clear when to fight, but it's definitely not far away.

Every minute, the situation is becoming more dangerous.

"The **** of the corpse emperor is absolutely frantic to start a world war."

"The three Counts of Caesar, Satan, and Dante have an important position in the supernatural organization. They are equivalent to our Great Xia saints. The three fell all at once. This loss is too great, and the Eagle Nation will not let it go."

"Why my emperor hasn't appeared yet, this is going to be done!"

In the dragon pavilion, the three major pavilions gathered the powers from all walks of life to come for discussion.

Everyone is very heavy.

It's not that I'm afraid. Now, Daxia's national strength is prosperous, and there is no fear of Eagle Nation at all.

It's just that the consequences will be disastrous.

Gai Jiuyou said: "I have asked Xue Guan to be the vanguard, and I will friction with the Eagle Nation Fleet first to see what I think."

"I arranged for Che Hao to go over in the Northern Wilderness, and the west is very stable; I didn't expect something happened to Dongtu, Old Tang, you are the previous marshal, and you will take over in Dongtu temporarily. It's okay."

"Can."

"Don't worry about Aying's affairs. There is still a month left," Old Ge comforted.

Tang Laoxie knows that the overall situation is important.

Without any hesitation, he left the central capital quickly.

"Your Majesty and Elder Grande are not here, we are here to form a council for the time being; no matter what, we must be fully prepared."

"From now on, immediately contact all allies in various countries and enter a state of readiness for war."

"Yes!"

"Power Magic."

Old Erge shouted.

In the presence, in addition to the power, there are also some powerful sect masters.

Lishenzong's lord Limo heard the call and walked out.

"Elder Ge please give me an order."

"The Four Saints of Great Xia are not there, the seven kings have just been hit, the martial arts power has fallen, and the martial arts world has no leader. I now announce that you will be in charge for the time being."

"Yes."

"The martial arts world must not slack off, mobilize all major sects, and all warriors will also enter a state of combat readiness; once a war starts, the warrior army will go out to fight against the superpower army."

Limo and other major sect masters looked solemn, but no one dared to object to the important affairs of the country.

There can be no objections.

No matter how internally fights, external parties must be consistent.

What's more, it is still the rival Eagle Country.

"What about the corpse emperor?" Gai Jiuyou said abruptly, "This guy is already crazy. Now that he has provoked such a big incident, he still doesn't know what to do next."

"But we don't even know where the corpse emperor is?"

"Yeah, we can't control this."

"It will be fine if your majesty is here."

There was a lot of discussion.

Elder Er Ge said: "The Corpse Emperor does not care about him, we are dealing with the Eagle Nation. All of this, your Majesty and Da Ge Elder must know, they will not appear, they must be preparing something, perhaps to kill the Corpse Emperor, we Do your own thing."

"Don't delay, each action must be taken seriously, this is the most dangerous situation since the new century, for Daxia, and even for the world!"

"and many more!"

Suddenly, Gai Jiuyou stood up, his sharp eyes swept across, raised his fist, and said without a doubt: "Follow me."

Everyone raised their fists in confusion.

Gai Jiuyou's voice was thunderous, and he said powerfully: "I swear by my life, family, faith, soul, everything, I will be loyal to Daxia and my emperor!"

Everyone understands.

In an instant, everyone was impassioned.

All shouted.

"I swear by my life, family, faith, soul, everything, that I will be loyal to Daxia and my emperor."

Gai Jiuyou said again: "I am here, I will guard the territory, fight for the country, and protect the foundation of the great summer; my death has been transformed into the soul of the great summer, and the great summer will be prosperous!"

"I am here, I will guard the territory, fight for the country, and protect the foundation of the great summer; I will die..."

"Life is a great summer, and death also great summer soul! If you violate this oath, immortals, demons and gods will condemn it!"

"..."

Chapter 734: Schedule deployment

The outside world is surging, and the edges are rising. There is a bedroom in Tianzun Mansion, but Ye Fan still delves into the true meaning of the picture scroll, which is simply enchanted.

Bang bang bang.

Ye Fan was awakened until Han Bing and the others really couldn't help it and came to shoot the door.

"call."

"Cool."

Ye Fan felt heartily.

He comprehended the "True Meaning of Zhenhai", that kind of majestic imposing meaning, could not help driving his body, and the domineering body was unconsciously awakened.

At the same time, Ye Fan felt that because of his cultivation of the Tyrant Body Jue, he was in harmony with Zhenhai's true meaning, and his comprehension speed was very fast.

"At this speed, I will be able to understand thoroughly within seven days."

Ye Fan secretly cheered.

Bang bang bang...

The door slamming kept ringing, Ye Fan shouted: "Here comes!"

I opened the door and found that everyone was there.

"Why, what's the matter?"

"My god, haven't you watched the news? Something has happened."

"What?"

Ye Fan was confused.

Han Bing said: "I don't know how to say it, you can read the news yourself."

ten minutes later.

Ye Fan wiped a cold sweat and said weirdly: "This has the feeling of a big dream for thousands of years, but it's just a day of cultivating in the room, and the outside is standing up, cow!"

Xing Tiandao: "The three heads of the supernatural organization must have been killed by the corpse organization. I didn't expect that the plan to kill the dragon would not only kill the dragon of Daxia, but even the dragon of the Eagle Kingdom."

Gu Qingyun smiled and said: "The next step is to slaughter the heads of other countries. It is really meaningless. This corpse emperor is really bold and generous."

"What the **** is the corpse emperor doing?"

No one answered this question.

Ye Fan recalled what happened in the Northern Wilderness. He had contacted Earl Dante. He thought that there would be a confrontation in the future. He found the place where he fled in embarrassment before, but he did not expect to be killed like this.

"Something's wrong."

"Is it really beheaded?"

"Martial God Power, Dugu, Xuanyuan Changhong Clan Lord have also fallen, I always feel that there is something tricky in this."

"But if they weren't dead, the Corpse Man Organization would not claim that they were beheaded. It doesn't make sense."

Everything shows that these giants and leaders have really fallen.

Ye Fan had to gradually believe it.

"Boss, I think this time is great, in the endless seas, the battleships of the Great Xia Kingdom and the Eagle Kingdom have already faced each other, and they can fight at any time."

"Once there is a battle at sea, there must be warships destroyed. Neither Daxia nor Yingguo will bear their breath. Then there will be land warfare and air warfare, technological warfare, economic warfare, and so on."

"This will affect the whole world."

"Our Heavenly Sovereign Hall can't stay out of the matter, do we have to make arrangements early?"

Ye Fan nodded, and he asked, "Have you contacted Min Dong?"

Xing Tiandao: "I got in touch. The Wild Continent is also very nervous. The Great Xia War Department and the Eagle State War Department are also at war, and the commander Wang Guoren and Commander Williamston personally went into battle."

"At the same time, the allies of both sides have also started to stand in teams, and the Wild Continent is also full of murderous air."

Gu Qingyun said anxiously: "In this way, our Great Demon Empire will not be immune, and it is impossible to take care of itself."

Xing Tian sighed: "Yes, Great Xia Country and Eagle Country are the only two superpowers in the world. When these two big brothers fight, it must be a mess in the world."

Ye Fan thought for a while and said, "I'm from Daxia and I belong to the royal family. I can't just sit back and watch."

Xingtian immediately arranged that Ye Fan and Min Dong conducted satellite video communications.

Do some deployment and planning.

The most important thing is to let Min Dong pay attention to the Great Xia War Department and the Eagle Nation War Department in the wild continent. If a war breaks out, it will naturally help the Great Xia War Department.

The situation is still getting worse.

All parties and countries are paying attention.

But Ye Fan wouldn't think that if the heads of the three supernatural organizations died, the Eagle Nation would go to war with Daxia.

Thinking with your toes, you know it's impossible.

unless.....

Add another fire.

A handful of fire that is enough to make Eagle Nation face great losses and irreparable.

Will the corpse emperor burn this fire?

Of course, this doesn't need him to think about it, he can't stop it, he doesn't even know where the corpse emperor is.

Daxiaguo high-level officials will definitely take action.

strength!

Ye Fan deeply understands that once the world is chaotic and the world is disorderly, then it will be the biggest fist.

Strength is the kingly way and the only way to protect family and friends.

Practice!

However, before that, Ye Fan needed to take all his sisters to Tianzun Mansion.

As if he could see what Ye Fan was thinking, Han Bing said, "The eldest sister is safe in the Tianzun Hall. The seventh is doing research at the secret national base, no problem; the second elder sister is in Nanling, and the fourth, fifth, and sixth cannot be contacted."

Ye Fan said: "The four sisters were specially recruited by the state to shoot film and television dramas. Presumably, safety is guaranteed."

"The Fifth Sister is specially recruited to enter the crime squad and perform a secret mission. There is no problem."

"Sixth sister is in Dongtu, it's a bit strange that I can't get in touch." Ye Fan didn't think much, guessing that Dongtu is the frontier and the signal might not be good.

"Sister, I'll go to Nanling first, and pick up the second sister and Yaoguang sister."

"have a safe journey."

Ye Fan left immediately, Gu Qingyun chased it out, and asked: "When do you plan to start the imperial tomb."

"Wait for the Dragon Slaying Plan to end."

"What?" Gu Qingyun was taken aback, and said in a condensed voice: "My master has said that, I hope you will start the imperial tomb as soon as possible and come to hedge against the Dragon Slaying Plan."

Ye Fan squinted and hummed, "Am I a fool? How can I listen to the words of the Brahmin Lord. I have never played cards according to common sense."

"Furthermore, opening the Mausoleum of the First Emperor now will only disperse the power of the Daxia Martial Realm."

"If I guess right, Daxia Dragon Pavilion has integrated the martial arts world, gathered the martial arts army, and is ready to fight against the army of supernatural powers in the eagle country. I will fight the beginning of the imperial tomb. The army of martial arts collapses, who will stop the army of supernatural powers!"

"I even think that your master Brahmin Lord gave me the map of the imperial mausoleum, which is using me to disintegrate the army of warriors, maybe he and the corpse emperor are the ones."

Gu Qingyun shook his head and said, "Impossible!"

Ye Fan said meaningfully: "Nothing is impossible in this world."

"Open the Mausoleum of Emperor Shi Huang to disintegrate the army of warriors, then why doesn't my master open it by himself, and by the way sits on the treasure of Mausoleum of Emperor Shi Huang. Give you the picture of the Emperor Mausoleum and let you open it. Isn't it an unnecessary move?"

"Do you think Shihuang Mausoleum is so easy to open? It must be dangerous and dangerous. Moreover, as a top tycoon, the Brahmin Lord must be targeted. He also wants to hang out in Daxia. If he brazenly helps the corpse emperor, the consequences will be very troublesome. ."

Ye Fan waved his hand and signaled Gu Qingyun not to fight with him. He said: "Everything is speculation, there is no need to entangle. I will go to Nanling. There are some things. The time is not short. You can move freely, but don't be in the big city. Xia Zuo chaos."

After half an hour. Ye Fan left the central capital from the district airport and rushed to Qingzhou Nanling.

...

Daxia, Kunlun Mountains.

A mountain forest.

There was a roar of beasts, which soon became a howl.

"I'm exhausted."

The Forester Qitian clapped his hands, sitting on the head of a behemoth and gasping for breath.

He was confronting a middle-class beast king just now, and the beast king had been subdued by his teachings.

"What are you doing?"

On an ancient tree not far away, Yue Linglong sat on a branch, swaying her long legs, and asked: "When you come to Daxia, you will come to Kunlun Mountains to find the Beast Emperor, and what is the purpose of accepting it as a little brother? ."

Qi Tian smiled and said: "My little brothers are all in the virgin forests of non-mainland, and there is no way to come. Of course I have to collect some little brothers here."

"The Mausoleum of the First Emperor is opened, and the melee is fighting for the treasure. There are a few Beast Emperor brothers to help, and it is easier."

Yue Linglong was speechless, she hummed: "How do you know that the Mausoleum of the First Emperor is in the Kunlun Mountains?"

"I'm not sure." Qi Tian jumped down and said, "Kunlun has accepted three little brothers, which is enough; now we go to the Shiwan Mountain in Youzhou; then to the Qinling Mountains, and then to the Northern Wilderness Historic Site..."

Yue Linglong was dumbfounded, "Good fellow, you are planning to collect a few little brothers in all the treasures of Daxia, and they will fully bloom!"

"There is no way, it must be everything."

Qi Tian patted the Big Bird and Beast Emperor, and said: "Get up, take us to Shiwan Dashan."

The big bird and beast emperor who was beaten with a blue nose and a swollen face was almost crying, and whimpered: "Kunlun is too far away from the Shiwan Dashan Mountain. How can I come back after I went?"

"You can come back wherever you go, exercise more, and exercise your wing muscles."

Big Bird and Beast Emperor's eyes rolled.

Qi Tian said: "I can warn you not to be lazy, don't settle down on the Shiwan Dashan side, so that I will have a little brother on Kunlun side."

Big Bird and Beast Emperor's thoughts were broken, and his head was drooping; although it was very humiliating, but there was no way, who made this human man too fierce, even more beastly than him.

Chapter 735: Solving the Big Three

On the plane, Ye Fan has been paying attention to the situation in Daxia and Ying Country.

Just as he thought.

Both sides are very powerful, but only thunder does not rain.

At the same time, the people of all countries in the world are gradually calming down. In fact, they are only excited and excited at the beginning, and there is not much panic.

It's still a fire.

No one knows when the corpse emperor's fire will burn.

"Um?"

Suddenly, Ye Fan's eyes condensed.

Murderous.

Although it happened in a flash, he did capture it clearly.

This time he didn't work as a private fighter plane. He did what he did on a civil aviation plane, but he didn't expect to be targeted.

I didn't bother to make a sensation, closed my eyes, and felt calmly, while the power of qi and blood was quietly permeating.

"Three giants."

"Good guy!"

"It should be the giant of the Corpse Man Organization. I am also on the Dragon Slaying List? The Corpse Emperor really looks up to me."

Ye Fan sneered in his heart.

The power of controlling Qi and blood decisively impacted the dead spots of the three bodies.

Medical skills can save and kill.

If you know enough about the human body, you can have the best means of killing.

The three giants never thought that Ye Fan would have the power of blood and blood, and he was instantly shocked, making his whole person stiff.

"Roar!"

However, it is a giant after all.

The vitality is tenacious.

They didn't sit still and yelled.

But it was still too late.

Three golden needles shot into their brainstem silently, destroying their brain center.

Puff through.

The three of them tilted their heads, and there was no sound.

It just solved the three giants and spread it out, fearing to shock the martial arts world.

Of course, this is also the trio's carelessness.

Only paying attention to whether Ye Fan used the qi, didn't know that Ye Fan would secretly attack with the power of qi and blood.

"How many giants are there in the Corpse Man organization, and how does it feel like a Chinese cabbage."

Ye Fan has a unique cultivation method to determine the corpse emperor, which can promote growth and improve quickly.

Although these giants are not weak, Ye Fan always feels very short.

Cultivation is fast, but it is not achieved.

The growth of the seedlings must be at the cost of squeezing out the potential, and the giants of the corpse human organization will not live long.

To practice fast, adventure, resources, and talent must be indispensable.

Does the corpse king have so many resources to cultivate so many giants?

Obviously it is not enough.

Then only squeeze their life potential.

Pathetic and pathetic.

These giants have been brainwashed by the corpse emperor, believe in the corpse emperor, and regard the corpse emperor as a faith, or the dead man of the corpse emperor.

afternoon.

The plane arrived at Nanling Airport.

"Sir, get off the plane."

"gentlemen!"

"gentlemen?"

"Ahhhhhhhhhhhhhhhhhhhhhh, these three gentlemen have no vital signs, they seem to be dead."

The flight attendant screamed.

Ye Fan didn't turn his head back, and strode away.

...

Sifan Medical Center.

Now it is the most famous medical clinic in Nanling.

As long as he has good medical skills and can cure diseases and save people, it is enough to carry forward. Moreover, Su Muyu is still the president of Chinese medicine, and it is expected that he will flourish.

Entering the Sifan Medical Center, Mo Ya happened to be in the clinic.

This is also a Chinese medicine genius.

Before Qingzhou and Tianzhou started the Chinese medicine war, Mo Ya performed very well. Later, he was invited by Ye Fan and Su Muyu opened the medical clinic together.

"Huh? Brother Fan!"

A few minutes later, Mo Ya noticed Ye Fan.

"Go on."

Ye Fan was observing Mo Ya's outpatient level, and it was pretty good. All he said were symptoms, and there was nothing wrong with the medicine prescribed.

After the patient was over, Mo Ya suspended the outpatient clinic and brought Ye Fan to the office.

"Brother Fan, haven't seen him for a while." Mo Ya found Ye Fan had silver hair, and was particularly surprised. "I almost didn't recognize it just now!"

"How is the operation of the medical center?"

"Very good, it is currently the most prosperous medical clinic in Nanling, and there is an endless stream of patients."

"That's good."

"By the way, where is my sister?"

Mo Ya said: "Unfortunately, Sister Su is not in Nanling, but has gone to Youzhou."

"Why are you going to Youzhou?"

"A large family from Yongchuan, the capital of Youzhou province, asked Sister Su to help see a doctor. She left yesterday." Mo Ya thought for a while and said, "I remember it was from the Cai family in Yongchuan."

What a coincidence!

Ye Jiangying said, leave Ye Ling'er in Yongchuan. The Patriarch of the Cai family was friends with her, so he asked him to go to the Cai family to ask about Ye Linger's whereabouts.

Originally, Ye Fan planned to take Su Muyu and Xia Yaoguang to the Cai's house in Yongchuan.

"okay then."

Ye Fan and Mo Ya chatted for a while, then answered some of Mo Ya's medical questions, and then came to the "Qingguang Internet" company and met Xia Yaoguang.

She is still the same.

Very beautiful, a strong woman.

When Meng Qingyi is not there, she takes care of the affairs of the company and is very busy.

Ye Fan was a little worried about the safety of his relatives and friends around him, after all, he had been targeted by the Corpse Man Organization.

In addition, there is also the Xiao royal family.

He beheaded the law enforcement elders of the Xiao royal family, suppressed the younger generation of the Xiao royal family, and severely slapped the Xiao royal family in the face. He was bound to be retaliated.

Ye Fan must make a perfect plan.

"Go to Zhongzhou?"

Xia Yaoguang looked puzzled and asked, "What are you going to do in Zhongzhou? The company is in the development stage. I'm very busy."

"It's safer to go to Zhongzhou."

"Puff." Xia Yaoguang laughed and said: "Xiao Fan, do you think a world war will break out? It's impossible. Just thunder and not rain, don't worry."

"Sister Yaoguang, there is an Internet conference in Beijing. A friend of mine has a place. I recommend you to study."

"real or fake?"

"I can lie to you." Ye Fan decided directly and said: "Now book a flight ticket and leave, and my friend will pick you up in Beijing. This is a great opportunity, a large-scale exchange meeting for Internet tycoons and elites across the country. "

Xia Yaoguang was very excited.

Ye Fan booked her a ticket, and then notified Xing Tian to arrange this Internet conference.

These are all small things.

Sending away Xia Yaoguang, Ye Fan rushed to Yongchuan, Youzhou non-stop.

It's really twists and turns.

Arrived in Yongchuan, it was already eight o'clock in the evening.

Ye Fan didn't delay for a moment, called a car and went straight to Cai's house.

...

Chapter 736: Yongchuan Caijia

Luxurious mansion in the center of Yongchuan.

Cai's house.

As a first-class family in the provincial capital of Yongchuan, the strength can be described as strong.

Master Cai, who is in control of the big Cai family, is the 80-year-old old man.

In recent years, Mr. Cai's health has been worsening day by day, and he has sought many famous doctors, but no results have been achieved.

Before the battle between Qingzhou and Tianzhou Chinese medicine, the Cai family's attention was drawn.

Later, Su Muyu's reputation rose, but the Cai family still felt unreliable. In their opinion, a yellow-haired girl could not have any medical skills.

Su Muyu must be the concubine of a big Chinese medicine doctor, who deliberately pushed it out to cheer him up.

But later.

The Sifan Medical Center grew bigger and more prosperous, and Su Muyu's reputation became better, and the Cai family couldn't sit still.

Finally yesterday, Mr. Cai asked him to invite Su Muyu.

but.

The famous doctor invited by the Cai family was not only Su Muyu, but more than a dozen people.

Seeing Mr. Cai together during the day.

Only Su Muyu had some ways. She used the "Nine Dragons Needle", which really made old man Cai feel better and attracted old man Cai's joy.

The variable appears at night.

The Cai family followed Su Muyu's prescription to grab the medicine and boil it for the old man to drink, only to find that the old man was vomiting blood and was dying.

This made the Cai family furious.

Thinks that Su Muyu is a quack, and blames everything on Su Muyu.

now.

Cai's lobby.

The Cai family is there, besides, there are also famous doctors who have been invited, as well as the celebrities who came to condolences to the old man.

In the middle of the lobby, a woman sat slumped on the ground.

The woman is surprisingly Su Muyu.

However, Su Muyu was very embarrassed at the moment, her cheeks were swollen, and she was obviously slapped a lot.

"Little bitch, cry for your stature, my grandfather is at stake now, and you are the one who killed him."

"Don't think you are the president of some Chinese medicine in Qingzhou, we dare not touch you. The energy of my Cai family is beyond your imagination."

"What's wrong with my grandpa, I will kill you bitch."

Miss Cai Jia grabbed Su Muyu's hair and slapped her a few more times.

Su Muyu covered her face and didn't dare to cry.

"There is no problem with my medicine. It is absolutely useful. I was wronged."

"You let me show the old man again, and I promise to let the old man come back."

"Shut up!" Cai Fen kicked Su Muyu's lower abdomen and reprimanded: "You dare to say to treat my grandfather, I think you are deliberately murdering."

Su Muyu held her stomach, her body trembling in pain, she shed tears.

Cai Fen said, "Dad, what should I do with this bitch? How about selling her to the kiln?"

Su Muyu was horrified and shouted: "No, Miss Cai, you really wronged me. I promised my life that I can heal the old man. There is absolutely no problem with my medicine. You must have made the medicine wrong."

"Okay, you bitch, you turned black and white to see if I won't kill you." Cai Fen punched and kicked Su Muyu.

After a while, Cai Zhenye, the eldest son of Cai Fen, and Cai Fen's father, said: "Okay, don't fight."

Cai Fen stopped now.

Cai Zhenye said coldly: "Su Muyu, you have put my father in danger, this account is impossible to calculate. Now you are imprisoned in my Cai's cellar, and when my father is in safety, I will deal with you."

"If my father didn't carry it over, he would die. Su Muyu, don't even want to live."

"Come on, stay here."

Cai Zhenye waved a big hand, and several five-and-three ugly family members rushed over.

Su Muyu is very weak now, and he doesn't even have the hostility to speak, and there is no way to struggle and defend.

"Hold on!"

At this time, a shout sounded, and a young man walked out of the celebrity crowd.

He said: "Uncle Cai, Miss Su is the president of the Qingzhou Traditional Chinese Medicine Association. It would be too much for you to imprison him, so why not transfer him to the police station."

Cai Zhenye was taken aback for a moment, but he didn't expect that something else would come out to obstruct him, and he was still a kid.

"Lu Feng, is there any part of you talking here? Get out of here." Cai Zhenye slapped the table and shouted.

"Uncle Cai, your actions are not in compliance with the rules, as a backup to point out to you, it is reasonable."

Lu Feng was neither humble nor overbearing, and straightened his waist.

Then he said:

"In addition, I have reason to guess that Miss Su's medicine is okay. Uncle Cai is eager to be the head of the house and take control of the Cai family. He doesn't want the old man to get better and secretly changed the medicine!"

boom!

The audience shook.

The celebrities present sighed, and at the same time marveled at Lu Feng's courage.

You must know that the Lu family is only a second-rate family in Yongchuan, and the strength is far less than that of the Cai family. How dare Lu Feng say this kind of rebellious rebellion, isn't it just looking for death?

Of course, everyone actually has this kind of speculation in their hearts, and Cai Zhenye can't wait.

But you can't talk about it.

It is true that a newborn calf is not afraid of tigers.

The celebrities sighed, Lu Feng's words completely ruined the Lu family, I am afraid that the family will be ruined!

Chapter 737: The people on Mo are like jade, and the son is unparalleled in the world

Cai Zhenye's face was pale.

Unexpectedly, the little Lu Feng would come out to question him and make such sensitive remarks.

All the Cai family members became angry.

Su Muyu didn't know Lu Feng. She was kind-hearted and didn't want to drag Lu Feng. She persuaded, "Master Lu, this matter has nothing to do with you. You don't need to mix it up."

Lu Feng said: "Miss Su don't worry, so many people are present today, and there are a lot of celebrities. I still don't believe that the Cai family dares to be lawless."

"Today I will never allow the Cai family to detain you privately, either let you go or send you to the police station."

"Presumptuous!" Cai Zhenye suddenly got up and scolded angrily: "Lv Feng, do you want to die!"

"Is this a blatant threat?" Lu Feng sneered, "This huge Yongchuan is not the only one in your Cai family. It is not your turn to cover the sky."

"Lu Feng, are you crazy? Did you take the wrong medicine?" Cai Fen said fiercely, "Offend my Cai family, your Lu family can't afford it."

"I said that my Lu family is not a soft persimmon, and your Cai family will break us down and be prepared to break our arms and legs."

Lu Feng's words are sharp and fearless.

The celebrities present couldn't understand when the Lu family was so young.

What is the close relationship between Su Muyu and Lu Feng?

impossible.

If there is a close relationship, they would have come forward to protect Su Muyu, so why wait until now.

Could it be that there are any plans for the Cai family behind this?

The celebrities' faces changed and they became more careful.

If it is a confrontation between two family camps, then they must stay away, otherwise it will affect them.

This is no joke.

At the same time, Cai Zhenye became vigilant, and Lu Feng's strength was unusual.

Is there a trap behind this?

In addition, Su Muyu also has an identity, and the Cai family can deal with it, but there is also some pressure; if you add the Lu family's design behind the scenes, you still need to think about it long-term.

"Lu Feng, very good, I remember you. I hope this is what your Lu family meant. If you make your own claim, tomorrow I will take you to kowtow to apologize, and I will not forgive."

"Get out of here!"

Cai Zhenye drank coldly.

Lu Feng helped Su Muyu up and left the Cai family mansion in a hurry.

The celebrities present also left one after another.

...

A villa in a mansion.

Cai Zhenye's family and his supporters gathered here.

"Bang." Cai Zhenye slapped a vase and said angrily: "This Lu Feng is really reckless."

"Dad, Su Muyu must be held in his hand, it will be detrimental to us outside." Cai Fen reminded.

"Don't worry, I have arranged the killer to solve the two of them."

Cai Zhenye's eyes flashed with cold light, and he sneered: "Lu Feng said that in Yongchuan, my Cai family can't cover the sky with one hand. I want to let the celebrities in Yongchuan know if I can cover it!"

"A Fen, you immediately arrange for the alliance and business allies to start suppressing the Lu Group, and the family must be destroyed."

"I know Dad." Cai Fen nodded, and the next second, his face became deep, and he said in disgust, "What about the old immortal?"

Cai Zhenye's face condensed, and he sat down slowly.

Others also expressed their opinions.

"The old immortal is now in a coma, but once he wakes up, he will definitely suspect that we did it."

"Damn, it's really hard, it's not dead."

"It must be killed as soon as possible!"

Cai Zhenye raised his hand, and everyone calmed down.

He said solemnly: "That stinky **** has been guarding by the bed, and there are a few things that support her. It is very difficult to kill. In addition, we should not leave clues because of our urgency."

"The stinky **** must have guessed that we did the trick, but without evidence, she can't say anything. Once we make a mistake and leave evidence, she will surely ruin us by her means."

"Dad, that **** is too hateful. An adopted daughter wants to occupy our Cai family. Grandpa still loves him so much. He wants to give him most of the Cai family's wealth. I can't bear it!" Cai Fen said angrily.

"It's a pity that that **** is a warrior, otherwise I would have found someone to kill her." Cai Zhenye was also murderous, then waved his hand, and said, "Okay, everyone is gone, don't worry. The old thing is dead. I can't get rid of it, but I definitely won't wake up."

At this moment, the butler hurried over and reported: "Master, a young man came outside and said he was looking for Su Muyu."

"Looking for Su Muyu?"

"Yes, it is Su Muyu who is her sister."

Cai Zhenye was stunned, and then laughed: "Hahaha, God wants to help me. Su Muyu's younger brother has found him and caught him, so Su Muyu hasn't come back obediently."

Cai Fen said: "Dad, I will deal with it."

Cai Zhenye immediately contacted the killers and told them not to assassinate Lu Feng and Su Muyu. After all, it would be very troublesome if someone died.

In the lobby.

Ye Fan waited, but felt something was wrong.

At this time, Cai Fen hurried over.

When she saw Ye Fan's appearance, Cai Fen was lost at once.

So heroic!

How handsome!

It's just like the man walking out in the painting, so unreal.

Really should the sentence:

The people on Mo are like jade, and the son is unparalleled in the world.

Cai Fen's body was hot all of a sudden, and his heartbeat doubled.

The butler next to him coughed.

Cai Fen recovered his senses, cleared up his emotions, and asked, "You are Su Muyu's younger brother, what is your name?"

"Ye Fan."

"What are you looking for Su Muyu for?"

"Isn't this weird? As a younger brother looking for an older sister, do you still need to know why?"

Cai Fen choked and nodded, "Su Muyu will treat my grandfather again, so I can't see you for the time being. Let me let the housekeeper arrange a room for you. How about going to rest and waiting?"

Ye Fan raised his eyebrows and said, "Are you sure my sister is treating the old man? Actually, my medical skills are also pretty good. I can go and see and work with my sister for better results."

"no need."

Cai Fen waved his hand and said without a doubt: "Just listen to my arrangements."

Then he turned his head and said to the butler: "Take Mr. Ye to choose a room to live in."

"Good eldest lady."

"Mr. Ye, come with me." The butler greeted, and Ye Fan remained calm and followed the butler to leave.

Bang bang bang.

As soon as Ye Fan left, there was a clapping sound, and several young men and women came along with a smile.

"Sister Fen, you are not after him, are you?"

"Should I say, that Ye Fan is really super handsome, and his temperament is so good, he seems to be a banished immortal."

"It seems that you are young. Sister Fen, you are in your thirties. It's not that you want the old cow to eat tender grass."

Cai Fen squinted and said with a cold snort, "Fuck you, don't eat and chew your tongue when you are full; also, you are not allowed to go to Ye Fan and talk about Su Muyu in front of him."

"Understand, how dare we ruin sister Fen's good deeds."

The young men and women laughed.

A smile appeared at the corner of Cai Fen's mouth, and she was considered to be countless men, but this was the first time I saw such a superb man.

But how can you let it go when you can't find it.

"correct."

Cai Fen thought of something, and ordered: "Don't be joking and doing nothing. Give you a task. Go to Lu's house to catch Su Muyu, and say that her brother Ye Fan is in my hands. I will see her tomorrow morning."

A young man said, "Lü Feng may have fallen in love with Su Muyu and will not let people go."

"I don't know how to use my brain. Anyway, I won't see Su Muyu tomorrow morning. I will deduct your three months of pocket money. If you don't have money, it depends on how you are happy and happy."

"Sister Fen, let's find a way to ensure the completion of the task."

Chapter 738: Hands and eyes

"Mr. Ye, just live here. If you have any needs, you can talk to the maid."

"good."

Ye Fan saw the housekeeper leaving from the window, but there were some housekeepers around the yard watching.

What happened to sister?

An idea came to Ye Fan's mind, otherwise the Cai family would not be able to arrange for someone to monitor him.

In order to properly resolve this matter and ensure the safety of his sister, Ye Fan had no urge.

He sent a message to Xing Tian.

One minute later.

Ye Fan's phone rang, it was an unfamiliar number.

Connected.

An excited voice came from the other end of the phone.

"Bai Lixi, the person in charge of the Great Xia Youzhou Headquarters of Tianzun Hall, has seen Tianzun. May Tianzun..."

"Okay, don't talk nonsense."

"Yes."

Bai Lixi's voice was trembling.

Although he is the person in charge of Youzhou Headquarters and is considered to be of extraordinary status, this is the first time he has spoken to Tianzun.

How not excited.

"What is Tianzun's instructions?"

"Listen well, my sister Su Muyu was invited to Yongchuan by the Cai family yesterday. She is gone now. The Cai family is also sneaky and very abnormal."

"You immediately investigate it for me and see what happened to the Cai family from yesterday to now."

"Is there a problem?"

Bai Lixi exploded directly, and there were people who were bold enough to move Tianzun's sister.

Damn it.

"Tianzun, don't worry, I will definitely reply to you within an hour."

"I am waiting."

Ye Fan believed in Bai Lixi's ability.

Of course, he was not idle and left the residence.

How many households are there to monitor him? Who believes it. Readers don't believe it. (∇)

...

The Cai family mansion covers an area of 300 acres, and there are more than 400 people living in the Cai family, including servants and guards of course.

The structure of the mansion of the big family is similar.

Older people like antique construction, and young people like villa pools and the like.

Therefore, in the four corner areas of the mansion, there are modern villas.

The center is an ancient building.

In a house on the central axis.

A middle-aged woman sat on the edge of the bed with a sad face; on the bed was Mr. Cai, who was mad and unconscious.

In addition, there are several elderly people here, all of whom are in power in the Cai family and support middle-aged women.

The woman is the old man's adopted daughter, named Cai Yanan, who is very much loved by the old man.

"Yanan, with all due respect, the old man is not good enough. You can't be immersed in sorrow. Cai Zhenye must be actively preparing for the battle, and you also need to plan."

"Yes, as long as the old man dies, Cai Zhenye will definitely deal with you. He can't stand you in his eyes."

"The old man wants you to become the head of the Cai family. For the old man, you must cheer up and fight Cai Zhenye."

Several old people kept persuading.

Cai Yanan looked red and sighed: "Uncle and aunt, I understand everything, but I am not in a hurry. Let me accompany my father, okay."

"Ugh."

Everyone was helpless and about to leave, only to find that there was a silver-haired man in the room at some point.

Suddenly everyone was horrified.

"Who are you!"

"Such a weird look, is it a killer invited by Cai Zhenye!"

Suddenly, Cai Yanan by the bed had a fierce face, and when he looked over, his eyes gushing with murderous aura.

Musha.

Ye Fan was surprised, and he was still a warrior at the pinnacle of inner strength, he was just one step away from becoming a master.

"Don't panic, everyone, I have nothing to do with Cai Zhenye in your mouth."

"Then who are you? Why do you suddenly appear here? I can warn you not to mess around. My niece is an inner strength warrior. It's not a problem to open the stone with your bare hands. You weigh it." An old man snorted coldly.

"My surname is Ye, and my sister is Su Muyu. I came to see my sister. But the Cai family said that my sister will see the old man again and let me wait quietly. I was curious and came over."

"Su Muyu's younger brother?"

The faces of everyone are complicated.

Cai Yanan came over and said coldly: "Su Muyu did show it to my father, but after taking her medicine, my father vomited blood without knowing it, unconscious, and was in danger."

Ye Fan said, "Can you show me the prescription my sister prescribed?"

Cai Yanan nodded.

An old man handed over the prescription, Ye Fan glanced a few times, and said: "This prescription is non-toxic."

"Of course, non-toxic does not mean that the old man will not vomit blood and coma. It may also be that the medicine is not right. If you can believe it, I will show it to the old man."

"You know how to heal?"

"My sister's medical skills were taught by me."

Cai Yanan's eyes lit up and she said hurriedly: "Then please try Mr. Ye. I think Mr. Ye is extraordinary, and he won't be a villain."

Ye Fan saw that Elder Cai was left with only one breath, and immediately displayed the "Three-pointed Hand of Hell".

Afterwards, a careful inspection began.

After a while, he knew it in his heart, and he used the "Nine Dragons Needle".

Cai Yanan was overjoyed by this scene.

Because during the day, Su Muyu also used this way to make the old man's condition much better.

Maybe my father is saved?

Cai Yanan secretly prayed.

Twenty minutes later, Ye Fan received his work.

"I have eliminated the toxin in the old man's body. It is an extremely rare, colorless and odorless toxin that cannot be detected by modern medical equipment."

"You can look at my golden needles, they are all contaminated with toxins and hacked, so they can't be used anymore."

"You should see the state of the old man. I use the same medical skills as my sister, which shows that there is no problem with the medical skills. Then come to test the medicine now... You should cook the medicine according to my sister's prescription. Remember, you must keep it secret. , Don't be discovered."

Cai Yanan said: "I will come in person."

After another half an hour, Cai Yanan came with medicine.

After taking a look at Ye Fan, he found that Ye Fan nodded, Cai Yanan was calm, and carefully fed the old man.

Then Ye Fan used his hand to push the dragon to help the old man digest the medicine as soon as possible. With Ye Fan's hands, the old man's breath became thicker, and it was almost inaudible before.

At the same time, the bloodless face gradually became rosy, and gradually he breathed very evenly.

"All right."

Ye Fan wiped his sweat and said: "There is no life danger. According to my sister's prescription, take the medicine on time every day, and the body will gradually get better; but I said that the age is approaching. This is a natural law. It cannot be changed. If it is good, it can be delayed for three years."

Cai Yanan cried with joy.

The old people present were also unbelievable, they were really fairy-like figures.

"Thank you, Mr. Ye."

Cai Yanan knelt down.

"Please get up."

Ye Fan helped Cai Yanan up, and the latter said guiltily: "Mr. Ye, it seems that this has nothing to do with Miss Su. My father was indeed murdered by poison."

"Can you tell me where my sister is now?"

"I really don't know this." Cai Yanan said, "My father vomits blood and I have been taking care of him. It should be Cai Zhenye who dealt with Miss Su."

"We don't know, and we've been here." The old people echoed.

"Mr. Ye don't have to worry, I'll go to Cai Zhenye now and bring Miss Su here in good condition."

Cai Yanan's words fell.

Bai Lixi's call came.

"No, you are busy." Ye Fan left the yard.

I connected the phone and listened to Bai Lixi's report...

In the wing room.

Cai Yanan sat down by the bed and suddenly became stiff.

A feeling of suffocation rushed to her heart, and it was as if she had fallen into a ten thousand years ice cellar. The biting cold air almost fainted her.

The strong!

Super strong!

As a martial artist of the pinnacle of inner strength, Cai Yanan still understands. She jumped up with all her strength and rushed out of the room frantically, but saw nothing and no figure at all.

who is it?

Who is that super strong, it is impossible to disappear suddenly, unless...

Chapter 739: Lu Feng's purpose

Unless that person is...

Mr. Ye!

Cai Yanan was stunned by this thought, and shook her head uncontrollably: How could it be Mr. Ye, he is too young.

On the other side, Ye Fan heard Bai Lixi's report, his face was covered with frost, and his eyes were murderous.

The power struggle of the Cai family has spread to his sister, and Cai Zhenye is a group of people who really do not live or die.

In the night, Ye Fan went away from the sky.

...

Lu Feng took Su Muyu back to Lu's house to settle, and hurried to the study.

At this time, a middle-aged man was reading a book. It was Lu Kaifeng, the head of the Lu family.

"You're back."

"Dad, have you heard?"

Lu Kaifeng snorted coldly: "Many friends called me and told me about your affairs in the Cai family. It's really majestic. You make your own way and offend the Cai family. This is bringing disaster to the Lu family. You want me to chase you away. Are you out of the house?"

Lu Feng said: "Dad, you calm down, I have my own considerations."

"Tell me."

"Dad, our Lu family is in the pharmaceutical business. In recent years, business has been sluggish. Our annual profits are shrinking and our market share is also decreasing; this is not the way to go."

Lu Feng raised concerns.

Afterwards, the conversation changed, and he said: "And Su Muyu's medical skills are indeed amazing; the president of the Qingzhou Traditional Chinese Medicine Association is also worthy of the name. Moreover, her medical clinic in Nanling is also booming. I want our Lu family and Su Muyu to cooperate. That's why I rescued Su Muyu."

Lu Kaifeng's expression gradually eased, and he muttered: "The family business has indeed not been very prosperous in recent years, but cooperating with Su Muyu can we evoke the second spring?"

Lu Feng smiled and said: "It must be possible. Su Muyu's ability really doesn't need to be doubted. The medicine she prescribed is definitely no problem. The reason why Mr. Cai vomited blood and was in a coma, he thought with his toes that Cai Zhenye was secretly doing a ghost."

"But you are still too risky to do this."

"Dad, shopping malls are like battlefields. There is no such thing as a profitable thing. If you want to develop, you have to take risks."

"Can you guarantee that Su Muyu is willing to cooperate?"

"It's necessary, and it's not only cooperation, but also make everything of her become my Lu family's."
Lu Feng smiled.

Lu Kaifeng was startled, and asked, "Did you like Su Muyu?"

Lu Feng nodded, "Yes, she is a kind-hearted and beautiful woman. She is still so skilled in medical skills. She is very suitable to be the young grandmother of the Lu family. I saved her, and I must have left good feelings and gratitude. Give me some time and I will definitely be able to get it. Su Muyu."

"Well, if you can really win Su Muyu, then our family is not at a loss, but there is hope for a higher level. The Cai family is just one of the first-class families, they want to cover the sky with one hand, and they want to break my Lu family. easy."

Lu Kaifeng's face was deep.

At this moment, the butler ran over and said, "Master, some young ladies and masters from the Cai family are here, saying they are here to ask for someone."

"These **** are really arrogant." Lu Feng's face sank, "Dad, I'll deal with it."

Lu Feng came to the lobby.

I found that the situation was a bit serious, besides the young ladies and masters of the Cai family, there were also a few fierce men.

These are the figures on the Yongchuan Road, all of the boss level, and everyone has one or two hundred brothers under their hands, which should not be underestimated.

"What are you doing here?" Lu Feng was not afraid, after all, he was in his own home and his own territory.

"Lu Feng, don't ask knowingly and hand over Su Muyu. Otherwise, don't blame me for smashing your Lu family mansion."

"presumptuous!"

Lu Feng's face was blue and glared.

"Do you really think that my Lu family is a vegetarian? You can try it. I see if you can get out of the house."

Rumbling.

Dozens of Jiading rushed with knives, guns and clubs to surround the Cai family.

"Puff." A Miss Cai family sneered and said contemptuously: "Lv Feng, don't shame you, do you think we are just such a person?"

"To tell you the truth, there are still five hundred people in ambush outside. As long as we give an order, we can come in and copy your Lu family mansion."

"Even if the police station comes forward and loses some money, our Cai family is not short of money. But your Lu family's face is scandalized, and you have been copied from your hometown. Tsk tsk, let's see how you will mix in Yongchuan in the future."

"You!" Lu Feng gritted his teeth angrily, really worried.

These Cai's children are also very smart.

Some sing red faces and some sing white faces.

The threat is enough, and then we have to persuade me, so an elegant young man said; "Lu Feng, we are all acquaintances, and we don't want to do too much. Let's ask Su Muyu to come over, if she is willing to follow us, then Don't stop."

"How could she go with you!"

"Anything is possible, you just ask her to come over."

Lu Feng's face changed and he would not give up Su Muyu. This was the hope of the Lu family's rejuvenation.

Copy home directly?

It's too simple to think.

There were nearly a hundred people in the family of the Lu family, and they occupied favorable terrain. The Cai family's forcible attack was bound to cause a lot of disturbance.

The Cai family is also very troublesome when public opinion rises.

However, in order to drive away the Cai family, Lu Feng could only let Su Muyu come.

"Yes, I will let Miss Su come over, but I warn you, if you threaten me, don't blame me for turning my face."

"Don't worry, we are not vulgar, speak well."

Lu Feng snorted coldly, winking at the housekeeper.

The steward left.

After a while, he brought Su Muyu over.

Seeing Cai's family, Su Muyu was very scared; originally she wanted to contact Qingzhou and ask for help; but she found that her mobile phone was missing.

In fact, it was Lu Feng who quietly touched Su Muyu's cell phone, temporarily cut off her contact, to prevent Su Muyu from being under his control.

"do not be afraid."

Lu Feng's voice was gentle, and he patted Su Muyu on the shoulder.

Then he looked at the Cai family and said coldly: "Ms. Su is here, if you have anything to say, please put your attitude a little better."

The elegant young man smiled and said, "Su Muyu, come back to Cai's house with us and reunite with your brother."

"What did you say?"

"Your brother Ye Fan is in our Cai's house. Is it possible that you don't care about your brother."

Su Muyu's eyes widened, and then shook her head: "Don't fool me, how could my brother be at Cai's house. Even if you want to catch him, you don't even know where he is."

"Is this your brother?" The young man flashed his phone in front of Su Muyu, which was the secretly taken photo of Ye Fan.

In the picture, Ye Fan is in the lobby of Cai's house.

Su Muyu covered her mouth, unbelievable; then she reddened her eyes and said in anger: "You are too much. You arrested my brother. I want to call the police!"

"Call the police? Cut, naive." A young lady was disdainful.

"We didn't catch Ye Fan. He came to Cai's house to find you, and he made a mistake. Okay, no nonsense, I'll ask you, should you go back with us?"

At this moment, Lu Feng was nervous, and he didn't expect the Cai family to get this hole card.

Su Muyu said without hesitation: "Don't hurt my brother, I will go back with you."

"no!"

Lu Feng stopped drinking.

After finally getting Su Muyu's hand, how could it be possible to give in.

"Shao Lu, I'm sorry, I can't stay in Lu's house. I can't ignore my brother, but please understand."

"I don't care, you are my woman, and I will not give up on you. Your brother Ye Fan, I will rescue him."

"Hahaha."

The Cai family laughed.

"Lv Feng, Lv Feng, did you get kicked by the donkey in your head? Why are you acting like that now! How can you save Ye Fan? Just rely on your Lu family's strength?"

"It's really dying!"

"Actually, our Cai family has already joined forces with allies and started to suppress the Lu Group. Wait for it to go bankrupt. You will become beggars on the street when that time comes. I will reward you with a few more irons!"

"Hahaha."

The ridicule made Lu Feng angrily.

Coupled with Su Muyu's side, if Lu Feng swallows his anger, he will definitely lose his image in Su Muyu's heart.

So, Lu Feng gritted his teeth and shouted: "Everyone, get on me, catch them!"

The families froze for two seconds.

Then they swarmed up.

"Fuck!"

The Cai family was surprised when Lv Feng dared to give an order to do it.

And Lu Feng pulled Su Muyu out of the battlefield.

He comforted: "Mu Yu, you are undoubtedly going to the Cai's family, you think the Cai's family will really let your brother go?"

"I know what, but..."

"Don't worry, everything has me." Lu Feng suddenly grabbed Su Muyu's hand, and said affectionately: "At Cai's house, I will stand up for you, so I think about all the consequences. I will protect you to the end and never let anyone else. It hurts you. It's easy to save your brother. Just grab these people and exchange them with the Cai's family."

Su Muyu's eyes lit up.

She withdrew her hand and said gratefully: "Lu Shao, thank you so much, please be sure to give me a younger brother, and I will repay you well."

When Lu Feng heard this, isn't it just a dedication?

Chapter 740: Reclamation

"Lu Feng, you are so bold, you are dying, and you actually did it to us!"

"Your Lu family is finished!"

"I want to see who dares to beat me!"

"Boom!"

The scene was mixed up.

The elegant young man who headed his face was livid, and roared: "A few bosses, send a signal to let the brothers come in. They copied the Lu family today, it's very special."

Several bosses are a little scrupulous.

The young man snorted: "What's the fear? My Cai family will take care of it if something happens. It has nothing to do with you."

"good."

Several bosses quickly whistled.

The young man sneered: "Lu Feng, you forced us to smash your Lu family mansion tonight. It will be on the news tomorrow. Seeing Lu family can't lift their heads."

"You're looking for death!" Lu Feng also gave up, rushing forward with a club, giving a blow.

"Ouch!"

The Cai family's children were beaten to the ground.

Even the bosses have a swollen nose and swollen noses.

For a while.

Nothing happened.

"What's the matter, people? Why haven't they come in yet, there is no movement at all!" Cai's family roared.

"this?"

The bosses also looked at each other.

The housekeeper of the Lu family rushed out to take a look, ran back in surprise, and shouted: "Master, I don't know what's going on, all of their hundreds of little brothers fell to the ground, unconscious."

"What!" The bosses were dumbfounded and shouted: "Impossible, that's nearly five hundred people!"

"If you don't believe me, go out and watch."

"Stop." Lu Feng said, motioning: "Several bosses, the matter between me and the Cai family has nothing to do with you. Let's go."

Several old Dalian rushed out of the house.

Lu Feng also walked out.

In sight, hundreds of people were lying on the street arrogantly.

This picture is extremely strange and terrifying, and it is frightening.

Da da da.

Suddenly, a white figure appeared on the street, and a chill came to his face.

"what!"

The butler was taken aback.

Lu Feng was also horrified, and the figure was white all over, floating at a fast speed.

"Ghost!"

Rao was a few bosses in the rivers and lakes. At this moment, he was so scared that he fled in panic, and the little brothers ignored them.

The person here is Ye Fan.

Just now, he stunned these five hundred people with his aura; they were just ordinary people, which was very simple for him.

coming!

Close!

At the door of the house, Lu Feng and the housekeeper stood stiff, not daring to move, and they were all hairy.

"Rumble."

The Cai family's children got a chance to breathe and rushed out; they happened to meet Ye Fan, and they were so scared that they screamed.

"Woohoo!"

With a wave of Ye Fan, these young ladies and masters all flew back and broke their heads.

Enter the house.

Ye Fan saw Su Muyu in the corner at a glance, and shouted, "Sister!"

"Xiao Fan."

Su Muyu rubbed her eyes, thinking she was dazzled by the hallucinations.

Ye Fan really stood in front of her and touched Ye Fan's face before finally confirming that this was her brother.

"Xiao Fan, why did you come out? The Cai family detained you, I'm so worried."

Su Muyu's eyes were red.

But Ye Fan looked at Su Muyu's red and swollen cheeks, feeling even more distressed, "Sister, I'm sorry, I'm late."

"It's okay, you just need to be safe." Su Muyu wiped his wet eyes.

"let's go."

Ye Fan hugged Su Muyu and walked straight out of the house, without even looking at the Cai family children.

At the door, Lu Feng finally couldn't help but shouted: "Stop!"

"Are you Mu Yu's younger brother?"

"it's me."

"Let's live in my house. It is not safe to go outside and will be found out by the Cai family." Lu Feng suggested, actually not wanting to let Su Muyu go.

As for Ye Fan, Lu Feng didn't think that the five hundred younger brothers were defeated by Ye Fan, so he didn't care much.

"Need not."

Ye Fan spit out two words faintly, and took Su Muyu's arms around and took a step forward.

Lu Feng's face appeared dumbfounded.

He was about to speak, but he felt like the sky was spinning and falling to the ground, as if a mountain was suppressing him.

But this is only a few seconds.

Come fast and go fast.

But looking up again, Ye Fan and Su Muyu were gone, and they were gone.

what's the situation?

People!

"Where are Ye Fan and Su Muyu, where are they hiding?" Lu Feng asked back.

"Master, I, I don't know either, I just saw nothing," the butler said.

"Damn it!"

Lu Feng was furious.

"Hurry up and arrange for someone to find it. Su Muyu is my woman and can't let it go."

"Yes Yes Yes."

When Lu Feng returned to the house, he found that several of the Cai family's children were all unconscious, thinking of the five hundred younger brothers outside, he was inexplicably terrified.

Could it be that Ye Fan did it all?

...

Xingyue Palace.

Yongchuan's largest leisure and entertainment integrated high-end clubhouse has a landmark building in Yongchuan-the 480-meter-high Xingyue Tower.

Known as: Jin Keyu fairy, hand can pick stars.

This is naturally an industry created by Bailixi and belongs to the Tianzun Temple.

The most noble room in Xingyue Building.

Ye Fan took Su Muyu into the house, made a potion personally, and wiped Su Muyu's face.

"Xiao Fan, why did you come to Yongchuan to find me?"

"Sister, it's not because the world is turbulent now. I am worried that something will happen, and I am going to Nanling to pick you up to the capital; Mo Ya said that you have come to Yongchuan, so I came here."

"To the capital?"

"Yes, Sister Yaoguang has already gone, and the third sister is also in the capital."

"A Bing is here too, okay, I'll go to the capital to play."

Ye Fan checked the time and said, "Sister, it's late at night, go to bed early."

Su Muyu was a little scared, holding Ye Fan's hand, and said: "Xiao Fan, you are here with me."

"Of course, sister, go to sleep, I'll watch you sleep." Ye Fan used the power of blood and energy to quietly soothe Su Muyu's body.

Su Muyu felt warm and super comfortable, and soon fell asleep.

At this time, Ye Fan came to the balcony.

Dialed Bai Lixi's number.

"Tianzun, I have gathered the people and horses, and went to destroy the Cai's house overnight, to speak out for my sister."

"Don't be so rude."

Ye Fan said lightly, he didn't take the Cai family at all.

It's just an ant, and he doesn't deserve it at all.

So in the Lu family, he didn't teach the young masters of the Cai family, because they were really too small.

Does an elephant care about the life and death of an ant?

"Tianzun, what do you want me to do?"

"Regardless of Lu Feng's purpose, he saved my sister after all."

"what do you mean?"

"Give the Lu family some compensation. By the way, didn't the Cai family say that the Lu family would go bankrupt? You can use the Lu family's hands to make the Cai family bankrupt."

Bai Lixi took a breath.

Letting the Cai family go bankrupt through the Lu family is a great humiliation in addition to a blow.

It's like a rich man who looks down on beggars, and finally gets bankrupt by the beggar he looks down on, and that beggar becomes rich.

A heaven, a hell.

"Tianzun, I understand."

"Play slowly and don't worry. The cat doesn't eat the mouse immediately when it catches it. It will play around first to make the mouse collapse in despair, which is interesting."

Bai Lixi's teeth were sore, Tianzun was really too cruel, and the Cai family was finished.

Of course it is not worthy of sympathy, who will let them die. Tianzun didn't directly kill them, it was already considered benevolent.

This night, it was destined to be restless.

Bai Lixi summoned all the business leaders he had made friends with and began to formulate a plan to deal with the Cai family; at the same time, a phone call called Lv Kaifeng over.

Big pie from heaven.

Lu Kaifeng almost fainted in excitement, and the other patrons and bosses were extremely envious.

And in the child.

Because Ye Fan was a little bored by staying beside Su Muyu, he rushed out of the window and left in the air.

Came to the sky over Cai's mansion.

All patterns have a panoramic view.

Ye Fan's eyes narrowed slightly, and it broke out in an all-round way.

The Cai family mansion below bears the brunt.

"what happened?"

"Such a strong wind! Yongchuan is not near the sea, where is the typhoon!"

"Ah, look, what is that!"

Suddenly, someone discovered that four huge claws appeared in the sky, falling from the sky.

Cai Yanan rushed out of the central courtyard, his face changed in shock.

This breath...

That's right, that super strong!

But the wind was howling, and she couldn't see it anymore.

"telescope."

Cai Yanan yelled eagerly.

A family member sent it, Cai Yanan looked through a binoculars, and vaguely found the white-clothed and silver-haired shadow in the sky.

boom!

Cai Yanan's brain buzzed, it was really him, Ye Fan, Su Muyu's younger brother.

The four paw prints are too big, and each one is several hundred meters in length and breadth.

The Cai family was terrified.

"Master Ye, be merciful!" Cai Yanan tried his best, his throat was torn, and he shouted.

But the paw prints did not stop.

Except for the central courtyard, the four corners of the huge area are caught by paw prints.

"rise!"

Ye Fan drank.

Four claw prints rose, and four pieces of land flew up. Among them were villas, and the Cai family members screamed in horror.

"dad!"

"daughter!"

Cai Zhenye and Cai Fen's father and daughter were among them, their faces turned pale, their legs were soft, and they screamed again and again.

Ye Fan left.

Leaving with the four major areas of the Cai family mansion, the entire mansion was left with only the central courtyard.

Cai Yanan was dumbfounded.

What a masterpiece, how strong is Ye Fan?
