Chapter 781: Turned upside down

Ye Fan has fallen!

This is the news released by Killing Shenzong.

In fact.

As early as three days ago, many experts in the martial arts world had speculated that Ye Fan had fallen.

It really came true.

The whole martial arts world was a sensation.

"impossible!"

Beijing, Tianzun Mansion.

The eyes of Xing Tian, Qiong Qi and others were splitting, roaring again and again; Yue Linglong and Han Bing were in a trance.

As for Su Muyu and Xia Yaoguang, they were not in Tianzun Mansion and went shopping, but they didn't know the news.

"How could this happen? How could Brother Fan fall? This must be fake." Yue Linglong hid her face and wept.

"Xiao Fan won't have any accidents, he has a big blessing, and there is no ability to kill the waste of Shenzong. It must be false news."

"Xing Tian, Qiong Qi, immediately led troops to destroy Shenzong!"

Han Bing made a decision.

As Ye Fan's sister, with sufficient status, Xing Tianqiongqi left Tianzun Mansion immediately.

Three days ago, the fifty thousand dragon generals and hundreds of fighters on the side of Killing Shenzong did not retreat too far. At this moment, they received the order and were ready.

at the same time.

Qiongqi once again mobilized the remaining fifty thousand dragon generals.

Xing Tian also mobilized the personnel of the Tianzun Hall branch in various cities in Zhongzhou.

The number of people gathered in the 108 city of Zhongzhou is an extremely large number.

after one day.

Three hundred thousand soldiers approached the mountains.

With this lineup, not only the entire martial arts world was alarmed, but Daxia Longge was also unable to sit still.

I thought it was only a hundred thousand dragon generals, but never thought that 300,000 soldiers would be gathered in just one day.

"Good guy!"

The three old Ge secretly admired.

They didn't have a good way, thinking about it again and again, but let Li Mo lead people to understand the situation, and stop it if it can stop...In fact, Old Ge knew that it couldn't stop it at all.

Kill Shenzong.

The faces of Wu Yinyang and Wu Xingyun were extremely solemn, and a layer of haze appeared on the faces of all those in power.

Three hundred thousand army, his mother, this is completely beyond expectation.

I thought it was just facing a hundred thousand soldiers.

"What should I do now?" Wu Xingyun said, "We can't stop the fight."

Wu Yin and Yang said nothing.

He was confused and didn't know what to say.

"Sect Master, Great Elder, we must save the legacy of killing Shenzong. I think it's better to... negotiate a peace."

"I second."

"I agree."

Many people in power expressed their views.

Negotiation is the only way out.

The consequences of fighting are disastrous, and even the sect is really to be destroyed.

"boom!"

Suddenly, there was an explosion, and the entire Divine Killing Sect shook.

"what's the situation!"

Those in power all jumped up.

A disciple stumbled into the hall, and said in horror: "Sect Master, it's not good, it's bombed by a fighter plane."

"Bastard!"

Wu Yinyang was furious, and roared: "What are you afraid of, counterattack, all-round counterattack, we also have a lot of weapons, give me all those fighters."

Wu Xingyun said, "Really going to war?"

"Yihe, what kind of face does the Killing Shenzong have to stand in the martial arts world? We will always be laughed at by others, and we would rather stand to die than kneel to live."

"Go to war!"

Wu Yin and Yang decisively.

Many people in power looked at each other and gradually became firm. Killing Shenzong was their home, and protecting the homeland was blood in the bones.

"Go to war!"

"Go to war!"

"Go to war!"

Everyone shouted.

Soon, the details of God Killing Sect surfaced:

In the mountains, there are more than 100,000 horses, although less than half of them, they are not afraid.

Within the sect, hundreds of cannons were activated; at the same time, there were a group of fighters from the Killing God Sect, which also rose into the sky for air combat.

High in the air, on the main fighter plane, Xing Tian said coldly: "Wu Yinyang is going to fight us, it's really beyond his control."

Qiong Qi said: "If you don't play with them, you will directly crush it to flatten the Killing Shenzong."

Yue Linglong said angrily: "First cut Wu Qingyang, let Wu Yinyang cut off his children and grandchildren."

Wu Qingyang was taken out.

At this moment, his face was pale, his legs were weak, and he could not walk easily.

"Can you spare my life?"

"What do you mean."

"I have nothing to do with this matter. Moreover, Ye Fan may not necessarily fall."

"What's the meaning?"

Xing Tian and others became excited.

Wu Qingyang said: "That day, my father and the Great Elder joined forces to attack Ye Fan, but Ye Fan disappeared."

"disappear?"

"Yes, if you are killed, there should be a corpse, even if there is no complete body, there are fragments, but there is nothing. My father and the elder also said that they should not kill Ye Fan. Therefore, it is possible that Ye Fan did not fall."

Xing Tian and others looked at each other and were surprised.

If Ye Fan didn't fall, why didn't he come back in four days, where did he go?

...

Zhongzhou, a treasured geomancy place.

A simple bamboo house.

Ye Fan opened the door and walked out, his expression in good condition.

Four days ago, when he was alive and dead, suddenly a mysterious force rescued him, and then he came here and took four days to recuperate again.

Not far from the bamboo house, there is a small lake where a man in a pale golden robe is fishing.

The man has a ruddy complexion, looks like about fifty, and is a middle-aged man; however, his hair is gray and white.

At the same time, there is an incomparable majesty, giving people a sense of superiority.

Ye Fan walked over, clasped his fist and said, "Senior."

"how are you feeling?"

"The precious medicine given by the senior is very good. It has a great effect on me. The skin trauma is almost healed, and the internal injury will take some time to recover."

The man nodded.

Ye Fan respected him very much. First, he was a lifesaver, and second, his strength was unfathomable.

It was so terrifying to be able to quietly rescue him under the hands of Wu Yinyang and Wu Xingyun without leaving any traces.

What Ye Fan thought was that only a pinnacle horizontal training master like the old patriarch of the Ri clan in the Wild Continent, who had been so skilled in the movement of Qiankun, could he be moved out instantly from a distance.

However, this man is not a master of horizontal training.

"The power of the field."

The man with flower hair seemed to see Ye Fan's doubts and explained: "The power of the domain has a myriad of magical functions. It is not only used to suppress and restrain the enemy, but can also use the effect of changing the universe."

Ye Fan was shocked, the power of the domain was used to such an extent, it was really terrifying.

"Senior, we don't know each other, why did you save me? Dare to ask who is Senior?"

"Passing by and killing Shenzong, do whatever you want, why do you have to have a reason. As for who I am, you will naturally know in the future."

Ye Fan didn't ask if the man with flower hair didn't say anything.

He sat down by the lake.

Although the man is fishing, there is no bait on the hook.

Taigong Jiang is fishing, whoever would like to take the bait?

Ye Fan thoughtfully, this must have some deep meaning.

He watched attentively.

Time passed, and at noon, a fish suddenly jumped out of the water, as if it had jumped over a dragon's gate; but when it fell, it was impartial, just caught by a hook.

It belonged to him hitting the gun.

Ye Fan laughed.

The man with flower hair said: "It's about to start."

"What did the senior say?"

"You should do what you should do. If necessary, go back to the capital." The flower-haired man finished, and before Ye Fan spoke, he waved his sleeves. Ye Fan only felt the world spin.

When his eyes were clear, he found that he had left the treasured land of Feng Shui.

"So strong!"

"It feels stronger than the old patriarch of the Ri clan, the effect of this shift is too powerful."

Ye Fan was very envious.

However, he felt that he was not far away. As long as he understood the power of heaven and earth, then the power of heaven and earth would be perfected, and he could learn the method of moving the universe.

"I disappeared for three days, and I don't know what the outside world is like. Xing Tian will not lead his troops to attack and kill Shenzong."

Ye Fan didn't have a mobile phone on his body. He rushed to the nearest city. He wanted to contact Xing Tian, but he learned a earth-shattering news——

The Eagle Nation's base in Bermuda was attacked, and the Eagle Nation's head was furious. The two fleets collided for the first time in the endless waters, and the situation was extremely tense.

Chapter 782: The lion has a big mouth

This news has shaken the world.

All countries are tense.

Because in the endless seas, the two fleets have already had some friction, and this is a big deal.

"I know that the corpse king will add a fire, but I didn't expect that this fire turned out to be an attack on the Bermuda base, which is the base of the ability organization adaptor."

"That is the reserve force of the supernatural organization, and it is related to the foundation problem."

"This time it directly hit the heart of the Eagle Nation. The consequences are definitely not comparable to the killing of several supernatural organization leaders before."

Ye Fan muttered to himself, his face solemn.

Is the world really going to be in chaos?

I am afraid that a war is not enough, because it concerns the whole world.

"I hope that the fleet on the endless sea is just a small friction. If it really fought, there would be no way to stop it."

Ye Fan secretly prayed that compared to the chaos of the world, a stable environment is naturally better.

But some things are unforeseeable, not to mention that there is a terrifying Qianghe behind as a pusher.

Who knows what the corpse emperor thinks and does.

...

Kill outside the Shenzong Mountains.

The two armies confronted each other.

In the high altitude, in the main fighter plane, a meeting was being held.

On the round table, sitting Xing Tian and others, Li Mo, and Wu Xingyun and other elders who killed Shenzong.

The sudden big changes shocked the whole world.

During this critical period, Daxia Longge issued a secret order that it is strictly forbidden to kill the Shenzong side.

Limo hurried over and brought the two parties together to negotiate.

"In general, I have explained that Long Ge's attitude is very determined this time, and he cannot go to war now, and he must take revenge and wait for the future."

"This is a prerequisite."

"As for what kind of consensus is reached, I will not participate, you will talk about it. Xing Tian and Wu Xingyun, please talk about your ideas."

Limo looked at the two.

Xing Tian was very angry and aggrieved, but he knew that this was Daxia's land, and the Dragon Pavilion had already spoken, and he couldn't tolerate Tianzun Hall's arrogance.

Wu Xingyun secretly breathed a sigh of relief.

It's God's help.

"Commander Xing Tian, people die like a lamp, for a dead person, I don't think we need to fight."

"Well, we can give a batch of resources as compensation, and you give us Wu Qingyang."

"I lack your resources?"

"In addition to resources, we have nothing to give, or we can turn fighting into jade and become allies."

"Kill Shenzong is worthy of being an ally with us with such a strength?" Xing Tian was full of disdain.

Wu Xingyun's face sank, and he hummed: "Then I'll be out of trouble, you can figure it out."

Yue Linglong is an angry one, killing Shenzong is a secret order for the dragon pavilion, not to go to war, there is no fear.

Xing Tian's face was extremely ugly.

At this moment, an unfamiliar phone called, just because he was a little nervous, he left the meeting to answer the phone with excuses.

"Who?"

"it's me."

Xing Tianhu's body trembled, this voice...

"Boss, it's you, you're not dead!"

"Who said I was dead!"

At this moment, Ye Fan didn't know the movement of the martial arts world, so he was puzzled.

But how clever he was, he immediately realized that Xing Tian might have led his troops to attack and kill Shenzong.

"Where are you? Killing Shenzong is destroyed?"

"It was planned to kill Shenzong four days ago, but Limo came forward and delayed for three days. Yesterday Killing Shenzong sent a message saying that you have fallen; today, Qiongqi and I led the people to kill."

"But suddenly there was a big change. The Eagle Nation's Bermuda base was attacked, and the fleets of the two sides in the endless sea were friction, and the world was shaken. The Great Xia Dragon Pavilion forbids us to go to war. Negotiations are currently underway."

"I was rescued by a mysterious powerhouse that day, and I am fine now. It is indeed a special time. Don't go to war and save your strength. But negotiations are still needed. Strive for the best interests, that's it."

"good."

Xing Tian finally felt relieved.

The past few days have not been able to eat well and sleep well, and now it has become clear that there is nothing wrong with it.

Killing Shenzong, don't scrape your few layers of oil and water, Lao Tzu's name is written anyway.

Xing Tian returned to the negotiating table.

His face was grim.

Li Mo asked, "Commander Xing Tian, that phone seems to come from an extraordinary origin."

Xing Tiandao: "It was Elder Ge who came here."

Li Mo and Wu Xingyun were taken aback.

"I understand Ge Lao's decision, and Ge Lao also gave me some suggestions. Wu Xingyun, I can accept the compensation of resources."

"Okay!" Wu Xingyun said with a smile: "Xing commander can rest assured, we are absolutely rich in resources."

"I want a thousand tons."

"puff!"

Wu Xingyun just picked up the teacup and squinted, and it all sprayed out, shouting: "What are you talking about, a thousand tons?"

"good."

"Why are you the lion who speaks loudly? You are going to eat the Killing God Sect. Where can I get a thousand tons of resources. You really want to do this. Of the thousand tons of resources, 900 tons are flowers and trees."

Li Mo touched his nose and said, "Commander Xing Tian, a thousand tons of resources are indeed too terrifying. You can't get it out of Killing Shenzong. No sect can get it out."

Xing Tian coldly snorted: "Then what count can you get to kill Shenzong?"

Wu Xingyun pondered: "One hundred tons, this is our limit."

"No, it's too low, far from reaching my expectations."

"One hundred and fifty tons?"

"Eight hundred tons."

"Two hundred tons."

"Five hundred tons, I will make a half-fold, which is also my bottom line."

Xing Tian had an unquestionable and uncompromising attitude.

Li Mo said: "Great Elder, what do you think?"

Wu Xingyun gritted his teeth and said: "Five hundred tons is also a terrifying number, but it can be discussed. The types and quality of resources need to be relaxed."

Xing Tiandao: "The types can be relaxed, but the quality can't be lowered. Gold, silver, and rare ores can be used. Anyone who comes can be accepted. In addition, treasure medicine, martial arts secrets, etc. are included."

When Wu Xingyun heard it, even the rare ores were counted, and that 500 tons would be able to bear it.

Killing Shenzong holds several large mineral veins.

"Rare ores can't exceed two-thirds of the number. Giving me all stones is no good."

"The great elder goes back and ponders with Wu Yinyang. It's best to make me satisfied, otherwise we don't mind some small friction. Presumably small friction, Long Pavilion will not bother."

Xingtian's words were full of warnings.

Wu Xingyun and other elders left with a heavy heart.

Xing Tiandao: "Leader, please go to kill Shenzong and persuade you, don't engage in Yaozi."

Limo nodded.

After everyone left, Yue Linglong, Han Bing, and Xing Tian looked at Xing Tian in a puzzled manner.

concession?

This is unusual.

Xing Tian smiled and said: "The call just now was not from Elder Ge, but from the boss. He is safe and okay."

"what?"

Everyone was shocked.

Then Yue Linglong and Han Bing cried with joy.

"I knew Xiao Fanfu would have nothing to do with his life."

"Brother Fan is so bad that he doesn't give us a call these days, it scares us to death."

Xing Tiandao: "The boss was rescued by a mysterious strong man, he should be healing, and he came out today."

"Okay, it's okay, I will stay here to deal with the funeral, Qiongqi, take Linglong and Sanjie back to the capital. Presumably Brother Fan will also return to Tianzun Mansion."

At this point, Xing Tian had guessed wrong.

Ye Fan did not return to the capital, but rushed to Wangqingzong.

The news of his own fall spread, and Nalan Haizhu had no scruples, would he have killed Nalan Haitang?

He promised to Paul Nalan Haitang's life and he had to do what he said. If Nalan Haitang hadn't helped him, I'm afraid he would not be able to successfully kill all the old monsters.

In addition, Ye Hao is still forgetting Qingzong, he has to hold it in his hand, this is the trump card to contain Ye Xingzhi in the future.

Chapter 783: Wangqingzong Rebellion

Wang Qingzong is now in chaos and panic.

When the news of Ye Fan's fall spread, Nalan Haizhu had no scruples, and immediately executed Nalan Haitang; at the same time, Nalan Haizhu's three men were beastly and wanted to harm the girl who was forgotten.

This directly leads to disasters.

At first, with no precautions, more than a dozen female disciples were violated.

Afterwards, many elders began to gather the disciples, and at the same time Nalan Haitang escaped supervision and hid in the secret underground palace with all the disciples and elders.

Persevering in this way for a day.

Today is precarious.

"Damn Nalandi, this traitor, that's horrible."

"Yes, Nalandi captured the master sister and went to Nalan Haizhu."

"Ouuuu, big sister."

The female disciples' faces were filled with grief and anger, especially sweet. As a good sister of Nalan zhi, she was heartbroken.

The atmosphere in the entire underground palace is very depressing.

At the entrance of the cave, a group of elders were sitting around, with Nalan Begonia in the middle.

Although she escaped supervision, her injuries were too serious to compete with the six Nalan Haizhu.

"What does the Sect Master do now? We can't stand it anymore."

The elders are full of bitter faces, many of them are injured, and persisting for so long is already the limit.

Nalan Haitang used the treasure medicine here to heal his injuries, but he could not recover much strength in one day.

"What to panic, I have my own way to deal with them. If Nalan Haizhu comes in, the end will be a death."

This is true.

This underground palace is the core secret of Wangqingzong, possessing many treasures and institutions.

If you rush in, you will surely encounter a terrorist attack.

"boom!"

There was a big explosion in the tunnel.

The entire underground palace is also shaking, seeming to collapse at any time.

The female disciples panicked.

"Nalan Begonia!"

Outside, Nalan Haizhu yelled.

"You think it's safe to shrink inside, but it's a dying struggle. Come out, I'll give you a corpse; otherwise I will thwart you."

"Nalan Haizhu, your sin is unforgivable for cholera. What face do you have in the future to meet your ancestors! Your conscience will not hurt!"

"Hahaha, my dear sister, I don't think you have the face to see the ancestors. After all, your position as the lord is not right and you have murdered me. I just take back everything that belongs to me. What's wrong. "

"Then you will indulge those animals to harm the disciples, it will be frantic and outrageous."

"I was about to talk about this."

Nalan Haizhu's voice softened and shouted: "Listen, disciples, I have already taught three **** and ordered them not to mess around, otherwise I will severely punish them."

"Most of you remember me. Back then, I was orthodox. Nalan Haitang usurped the throne. She is the wicked person who is rebellious and rebellious."

"Everyone, please support me. I swear that I will treat all the disciples kindly. After all, you are the blood of my Wangqingzong, and I will never allow you to be hurt again."

"But if you are stubborn and follow the rebellious Nalan Haitang, you won't be merciful when you get in."

"You guys do it for yourself!"

These words are indeed very useful.

The disciples became agitated.

Even some of the elders' faces changed.

Nalan Haitang's heart contracted, worried, and shouted: "Don't be deceived by this poisonous woman. The three men are her younger brothers, and they are also giants. They are much more valuable than your disciples."

"Once you follow this poisonous woman, you will completely become playthings! Don't be fooled by the poisonous woman's words, stick to your heart!!"

Gradually, the elders and disciples calmed down again.

Thinking back to the dozen or so female disciples who had been assaulted to death, everyone shuddered, not believing Nalan Haizhu's nonsense.

"Nalan Haitang, you are really dying!"

"Poisonous woman, there is a kind of you to come in. Tell you, I have sent out the call, reinforcements are coming soon. You just wait to die!"

Outside, Nalan Haizhu was uncertain and a little anxious.

At this time, three men arrived.

"Where are you dead?"

Nalan Haizhu was very dissatisfied, the two female giants, she arranged to investigate the Wangqingzong resource bank.

I wanted the three little brothers to help, but none of the ghost shadows could be seen.

The three men looked at each other and laughed strangely: "Sister, let's go to taste the female disciple. The one named Nalandi is very good, but the Nalanzhi is more beautiful, but in a serious condition. We are worried that we will die and wait for her to be injured. It's better to be playing."

Nalan Haizhu's face sank.

Wangqingzong is his native land after all, and the three little brothers are so unscrupulous that she is dissatisfied.

However, she needs help.

The younger brother needs to support her, and there are more three giants to follow. This momentum is different.

"Okay, hurry up and blast the underground palace together. I guess it's good, it must be a resource land. Nalan Haitang must be healing her injuries, but it will be difficult to do it when she recovers. In addition, there is suspected reinforcements and must be cut as soon as possible. Nalan Begonia."

"clear!"

The four teamed up to receive a crazy bombardment.

The ground in the underground palace was cracked and the hills collapsed.

...

Wang Qingzong back mountain.

Ancestral graveyard.

Nalanzhi sadly buried more than a dozen seniors, all of whom were victims.

"brute!"

Nalanzhi was extremely angry.

But no way, she is not the opponent of the three giants at all.

this moment.

Nalanzhi thought of Ye Fan in her mind.

If Ye Fan were here, how could the three giants dare to be rampant, how could they dare to do something inferior to such a beast.

"Junior sister, rest in peace. Senior sister will work hard to practice and will avenge you in the future."

Nalanzhi walked out of the ancestral grave after paying his respects.

When I came to Lotus Peak, I found Nalandi with tattered clothes and blood stains on his body.

"Three Junior Sisters."

Nalanzhi trembled and understood something.

But Nalandi suddenly looked like a beast, his eyes were red, and he roared: "Nalanzhi, you bitch, you are the victim."

boom!

Nalanzhi was caught off guard and was beaten into the air, spurting blood.

She was already badly injured, where is Nalandi's opponent.

"Junior sister, what are you doing! You arrested me, but I didn't settle accounts with you, so you still want to beat me!"

"Bitch, if it weren't for you, how could I be humiliated."

Nalandi yelled, disheveled, and the memories just made her feel sick and make her feel painful.

If it wasn't for Nalanzhi's injury, it would definitely be Nalanzhi who had violated her, not her.

It's all Nalanzhi!

This bitch!

"what."

Nalandi screamed, slapped Nalanzhi again and hit the mountain wall with a slap.

"Bitch! It's all you killed, it's all you!"

Nalandi kept shooting.

Nalanzhi was like a sandbag, being beaten back and forth, and the consciousness of being beaten was blurred.

"Junior sister, don't fight, I, I'm going to die!" Nalan Zhi said weakly.

"I just want to torture you to death, bitch! Give me death!"

With a hideous face, Nalandi hit Nalanzhi's head with a punch.

At this moment, Nalanzhi was extremely desperate.

He closed his eyes in despair.

"stop!"

When life and death were at stake, there was a thunder and explosion, and Nalandi shook his seven orifices and bleeds.

This voice is...

Nalan Zhi opened her eyes and saw Ye Fan coming from the sky.

this moment.

Ye Fan was in Nalanzhi's eyes and mind.

This man, like a **** descending, was so heroic and extraordinary, and pulled her back from the gate of ghosts.

"Ye Fan!"

Nalandi seemed to be hell.

"You are Ye Fan! Impossible! Why are you still alive! Impossible!"

"roll."

Ye Fan snorted coldly, the shocked Nalandi spurted blood and was seriously injured.

He took a step, came to Nalanzhi's side, displayed the "Three-point Hand of Hades", and then used the blood to moisturize Nalanzhi's body.

"Don't worry, you can't die with me."

"You saved my life again."

Nalanzhi smiled bitterly.

Originally, he wanted to kill Ye Fan to prove the truth, but he was rescued by Ye Fan again and made good luck.

"why!"

In the distance, Nalandi roared ferociously, his face full of unwillingness.

"Why will someone come to rescue you at this time? Why doesn't God take care of me! Nalanzhi, I hate you, hate you for taking everything from me."

"Hahaha, Ye Fan is here, Nalan Haizhu and the others are bound to die. When the Sect Master gets out of trouble, the first one will sanction me for the crime of betrayal, and I will never escape."

"Nalanzhi, you and Ye Fan are entangled and planted evil results. I will curse you with my life, and I will become crazy in the future, and I will not die!"

"Neither you nor Ye Fan have to die!"

Nalandi sneered maliciously, a sword pierced the heart, and fell into a pool of blood. There was no sound after a few convulsions.

Chapter 784: Supernatural power

"Junior Sister!"

Nalanzhi yelled, and finally sighed.

Everyone has his own life.

Perhaps this is where she belongs.

Ye Fan glanced around and asked, "The whole clan is so quiet, where is the disciple?"

"By the way, Ye Fan, go and rescue my master and sisters, they are all in the underground palace. Nalan Haizhu and other giants are attacking, go, please."

Nalanzhi pleaded, clutching Ye Fan's arm tightly.

"lead the way."

Ye Fan picked up Nalan Zhi.

In a short while, the two arrived outside the underground palace.

Nalanzhi's face changed drastically: "Oh, Nalan Haizhu went in."

Ye Fan shrank into an inch, quickly passed through the broken tunnel and rushed into the underground palace.

at this time.

A big battle is going on in the underground palace.

Nalan Haitang, many elders, and some powerful disciples joined forces to stop the four of Nalan Haizhu.

In addition, there are also some corpses on the ground, elders and disciples who were beheaded.

"Exit!"

The four of Nalan Haizhu shouted together and broke the camp of Nalan Haitang and others with one blow.

The opposite was completely defeated.

"Nalan Haitang, as I said, you are just struggling to death, so hurry up if you have any last words."

"Ye Fan!"

Nalan Haitang shouted.

"Ye Fan?"

Nalan Haizhu sneered: "Why, Ye Fan is your concubine, and you still think about him when you die. Well, I will send you down to reunite with Ye Fan now."

"My words, you take the wind in your ears."

Just when Nalan Haizhu was about to make a move, an icy appeal rang in her ears, echoing throughout the underground palace.

Nalan Haizhu stiffened.

The three men suddenly turned their heads and saw Ye Fan. They were stunned for a few seconds, and then they screamed again and again.

"Ye Fan! You, you, you! Not dead!"

"Sister!"

The three men were terrified.

Ye Fan is famous for killing eight peak old monsters, they are far from opponents.

Nalan Haizhu turned stiffly, his face full of disbelief, and he could not speak for a long time.

Ye Fan approached slowly and said coldly: "I once told you that you are not allowed to touch Nalan Begonia and the female disciple of Wang Qingzong. Do you take my words to your ears?"

"Ye Fan, I..."

Nalan Haizhu opened his mouth and didn't know how to respond.

The atmosphere became extremely weird.

The disciple of Wang Qingzong was immediately convinced.

The four of Nalan Haizhu, who were still majestic and invincible just now, saw Ye Fan like a mouse and a cat. They were so scared that they couldn't speak.

So handsome!

At this moment, the Taoism of many female disciples was unstable.

Nalan Haitang laughed: "My dear sister, after all, I won, or I made a better move, and chose the right person. Now that I give up my hands and feet, I can save your lives, otherwise you won't see the sun tomorrow. NS."

Nalan Haizhu secretly clenched his fist.

"Sister!"

Suddenly, a younger brother shouted: "What are you afraid of? Ye Fan is in an injured state, and he is strong outside and doing the same."

Another echoed: "Yes, big sister, Ye Fan is definitely a bluff."

Huh! Huh!

At this time, two other female giants came.

The six giants surrounded Ye Fan.

"You want to shoot me?"

Ye Fan sneered. Although his strength had recovered by 30%, only Nalan Haizhu was close to the top giant, and the remaining five were ordinary.

He still has control over it and is not afraid.

Besides, Nalan Haitang also has some combat power over there, which can be assisted, what is it afraid of.

"Ye Fan, I beg you to kill three of them." Nalanzhi pointed to the three male giants, her eyes were splitting, and said angrily: "They are inferior to pigs and dogs. They have insulted more than a dozen of my seniors."

scold!

Ye Fan's eyes were like electricity.

In an instant.

The long sword in his hand trembled.

Nalan Haizhu exclaimed: "Ye Fan, do you dare to make a move..."

"Open the mountain!"

Two words spit out.

A sharp and unmatched sword gas flashed, and three heads flew high.

The three giants fell.

The audience was silent.

There was no sound.

What a terrifying Ye Fan, killing the three giants in the blink of an eye is easier than trampling ants to death.

The blood splashed all over Nalan Haizhu's body, making her whole body cold.

She couldn't handle the sword just now, and she would be seriously injured if she didn't die.

Ye Fan recovered and was in his peak state.

Is this guy a human, and how can he recover so quickly?

"You want to deal with me?"

Ye Fan's tone was cold with indifference.

Nalan Haizhu lost his heart, became soft, and said: "Ye Fan, I am wrong. You have killed the three of them, and you can be regarded as avenging the female disciples. We left voluntarily and will not come to Wangqingzong to make trouble again. "

"No." Nalan Haitang shouted: "Ye Fan, you can't let them go."

Ye Fan snorted coldly: "What do you treat me as your tool?"

Nalan Haitang was shocked.

Wake up.

Ye Fan is not a good person.

"Sorry, I offended." Nalan Haitang apologized.

"I didn't want to mix up the grievances of your Forgetfulness Sect, but Nalan Haitang helped me a lot. I will save her life now. You can kill her again when she recovers from her injuries."

"In addition, don't affect innocent disciples."

"I have these two conditions. If you agree, you can leave."

Nalan Haizhu didn't dare to agree, clasped his fists, and hurriedly left with the two female giants.

Everyone walked out of the underground palace.

Seeing that the Big Three of Nalan Haizhu really went away, these talents felt relieved.

"Thank you Lord Ye!"

Thanks to all elders and disciples.

Ye Fan replied, then looked at Nalan Haitang, and said, "I have done what I promised you. The next thing about Wang Qingzong has nothing to do with me. You and Nalan Zhi's injuries, just take a good rest."

Nalan Haitang said: "In short, thank you very much, I will remember this kindness in my heart. By the way, you still need to take Ye Hao. What about Ye Hao people?"

An elder said: "I don't know. At that time, Nalan Haizhu was in trouble and the situation was urgent. Ye Hao had no one to take care of, so he should still be in the infirmary."

"Go and take a look."

Several disciples hurried to the infirmary.

It didn't take long to turn back, and the report said: "Ye Hao is gone!"

"The whole family is looking for."

All the disciples searched Wangqingzong, but did not find Ye Hao.

Ye Fan sighed, this Ye Hao is quite clever, knowing to escape in chaos.

"Forget it, leave him alone."

"If there is a chaos in the world, there will be no more orderly law, and Wangqingzong will be a sweet steamed bun."

"You have to make good plans and arrangements, and it is best to establish a second base area, which can be quickly transferred in the event of a disaster."

"This is my advice to you."

"As for the news that I have not fallen, you don't have to publicize it, it's meaningless."

Ye Fan's words fell, Yukong went away.

Nalanzhi looked at the sky, her eyes flickering, she didn't know what she was thinking.

In the evening, Ye Fan arrived in the capital.

When he returned to Tianzun Mansion, Ye Fan entered a state of retreat and healing.

The distant Atlantic Ocean.

Bermuda.

At this moment, the flames of war are boiling, and beacon smoke is everywhere.

The zombie king general led a sudden attack, which caught the base's defense department by surprise.

The first defensive barrier was directly breached.

At present, the second defensive barrier is also riddled with holes, and only the last barrier is left.

Jiang Chen is a ruthless man.

He used the powerful firepower of the warship to cover the center of the airborne base of the 160,000 living dead on the fighter plane.

Although these dozens of rounds of airborne losses caused a lot of losses to the living dead, 100,000 troops also entered the center of the base.

This is where the fitter lives.

The entry of the living dead made the defense department unable to use artillery fire, because this would bombard and kill even the adaptors, so soldiers could only be sent into the center to kill the enemy.

However, there are still 640,000 troops on the periphery.

The defense department of the Bermuda Base is really desperate. Of course, the support of the Eagle Nation is coming quickly, but it will take time.

On the endless sea.

The two warships were clashing, firing and bombarding each other.

These images quickly spread all over the world, causing huge fluctuations.

Three days later.

With two earth-shattering roars, the two warships sank each.

Evenly matched.

At the same time, the Bermuda base and the third barrier all collapsed.

Even if reinforcements arrive, the 640,000 army and countless firepower blessings will only delay the collapse and cannot change the outcome.

The army logs onto the islands.

This is a cruel war, **** water has stained the ocean red, attracting tens of thousands of sharks, the waves are magnificent, and it is rare in a century.

The fighting lasted for seven days and seven nights.

The entire Bermuda base is like a purgatory on earth, and one hundred thousand adaptors are destroyed; the army of the living dead also loses a lot, a full two hundred thousand.

During the period, several leaders of the ability organization came to kill, but they were severely injured and fled by the minister.

"retreat!"

On this day, the generals sounded the trumpet of victory, and the class returned to the court.

Eagle Country is surprisingly silent and calm.

But every country knows that the calmer the storm, the more violent the storm will come.

as predicted.

After five days of calm, Eagle Country took action...

Chapter 785: Powerful Army

Great Xia Beihuang.

Outside Beiliang City, about three hundred miles away, Ba Gu led his troops to garrison.

The master of the Bing Pavilion, Gai Jiuyou, arranged for his cronie Che Hao to take over Beiliang City and command the Beihuang City. Although Ba Gu tried his best to deal with it, it was still to no avail.

Only surrender the tiger charm.

Afterwards, he was arranged by General Che Hao to garrison the defensive line here. The place is full of yellow sand, the living environment is very bad, and the supplies are scarce, which makes Ba Gu very annoyed.

"Damn Chahao!"

Inside the camp, Ba Gu was furious.

In addition to him, there is also his master, a giant master, a strong man in the corpse organization.

"Don't worry, my emperor will not forget us. Recently, our army of the living dead destroyed the Eagle Country Bermuda Base, and a major event will happen next. I have a hunch that we will join."

"What's the meaning?"

"Wait and see."

It was on this day that a news came.

The giant grandmaster laughed: "Let me just say, my emperor won't forget us, it's time for us to perform."

"Master, make it clear."

"According to intelligence, the Eagle Nation's army of ability players will enter the Great Summer and will land from the Northern Wilderness. This is a breakthrough. We are just stationed on the defensive line, and we can let the army of ability players come in."

"Ah this?"

Ba Gu was frightened.

Allowing the enemy to enter is a major crime of betrayal.

Grandmaster hummed: "Those who make big things don't stick to the trivial, use the ability to kill Cha Hao, you continue to control the Northern Wilderness, won't you?"

Ba Gu's eyes lit up.

The grandmaster ordered: "This is my emperor's will, and you must not disobey it. Then you will make arrangements."

"Yes."

Ba Gu was full of expectation.

The sky in the Northern Wilderness, the dark is relatively late.

ten o'clock.

It was completely dark just now.

In the night, the vanguard team of supernaturalists came to kill, but Ba Gu had been prepared for a long time, waiting for the supernaturalists to arrive.

Soon, the vanguard team was surrounded.

Ba Gu walked out and said lightly: "Do you understand Daxia language? If you understand, let the person who can speak it over. I have important matters to discuss."

The supernaturalists looked at each other.

Then, a middle-aged man came out, speaking fluent Daxia, and said: "This leader, what do you want to discuss?"

"Follow me."

Seeing the middle-aged man hesitate, he grunted and said, "I want to destroy you, and I still need to grind with you? I can't come."

"All right."

The middle-aged man followed Ba Gu to the camp, Ba Gu talked about the plan.

The general idea is to let the army of supernaturalists enter, but the superhumanists must get rid of Grand Master Cha Hao.

The middle-aged man was shocked, "Commander Ba Gu, are you sure this is not a conspiracy? I don't believe you will betray."

Ba Gu smiled and said, "Why don't I go to your army camp and stay?"

"Being hostage yourself?" The man was startled and gradually became serious.

"My level is not enough. I need to discuss this matter with my army commander. Please move to our army camp."

"Can."

Ba Gu is not afraid, he believes that the army of supernaturalists will cooperate with him.

Wee hours.

He arrived at the camp.

In the central castle, there are some majestic men and women sitting cross-legged, none of them are very old, almost all under the age of fifty.

This is because age has some influence on genetic modification, and most of them are young people undergoing genetic modification. Therefore, most of the strong people in supernatural organizations are middle-aged and middle-aged.

The head is a burly man.

The typical blond and blue-eyed westerner face has extremely powerful superior majesty, much stronger than other men and women.

Ba Gu knew that this man was the commander of the army.

"Commander Bagu, this is one of the heads of our supernatural organization and the commander of the army this time, Earl Zeus."

Earl, this title is a symbol of the head in the supernatural organization, and also a symbol of the "false god".

It's like the Earl of Dante, the Earl of Caesar, and the Earl of Satan who were beheaded before.

These earls have all joined the "God Creation Project" to control supernatural powers.

"I don't know what kind of supernatural power this Earl Zeus will have, but this aura is enough to show that it is terrifying, equivalent to a pinnacle giant."

Ba Gu didn't dare to be big, clasped his fist and said: "See Earl Zeus."

"I heard that you are going to betray Daxia."

"Don't be so ugly, I'm just seeking my own benefit. I opened the defense and let you in; in exchange, Lord Earl killed the commander of Beiliang City, Cha Hao, so that I could retake Beiliang City."

"This sounds like a good deal." Count Zeus's voice was deep, thick and vigorous, with strong pressure.

Ba Gu felt the pressure and seemed to give him a disarm. He tried to stand firm and said: "Since it is a good business, I hope Lord Earl will decide immediately. Later, it will change."

"Count, could it be a conspiracy, deliberately leading us into the game, and then flanking us back and forth." A person in power raised a guess.

"I think so too, Daxia people are treacherous and cunning, and they have to guard against it." Another person in power agreed.

Everyone talked in a rush.

Count Zeus raised his hand and was silent for an instant. He confidently said: "It is true, I can see that Mr. Ba Gu didn't mean anything."

"Master Earl Mingjian."

"Go, I'll let you go back and prepare. In order to avoid suspicion in Beiliang City, there is always a little friction."

"Farewell."

Ba Gu hurriedly left the camp, only to find that his whole body was soaked.

He was extremely excited.

"Che Hao, you are finished. Although you are a half-step giant, you are far from the opponent of Earl Zeus."

Ba Gu laughed in his heart.

Then, a thought came to my mind: "Is genetic modification really that magical? Mastering supernatural powers sounds very impressive. I don't know what kind of superpower Earl Zeus is, and I don't know if I can perform genetic modification."

The old castle of the camp.

The person in power asked: "My lord, just believe it so easily?"

Zeus said: "The Bermuda base was not destroyed by the Great Xia Warhead, but a corpse organization in Daxia. The head of the organization is called the Corpse Emperor. He is a great figure who has caused a series of disasters. The corpse organization strikes."

"That Bagu is obviously from the Corpse Man Organization. He should have received the corpse emperor's will and opened the line of defense to let us in."

"My lord, why did the corpse emperor do this?" someone asked inexplicably.

"It's just because I can't guess it, that's why it is infinitely reverie. If I have the opportunity, I would like to see the corpse emperor." Zeus's eyes flashed brightly, and then he ordered: "Quickly complete the army, in two calls in an hour. Strike out."

"Two calls?"

"Yes, one wave will attack Beiliang City, and the other will attack the ancient relics of the Northern Wilderness. Many of the martial arts clans and forces will be eliminated."

"Yes!"

This night, it was destined to be restless.

Compared with humans, the instincts of fierce beasts are more acute.

In the ancient relics of the Northern Wilderness, countless murderers were howling, haunting a wave of killing.

The great ancient tribes, forces, and the hidden masters were all surprised and wondering what had happened.

"boom!"

With a blast, and the skyrocketing fire, illuminating a large area of the night sky, the entire Northern Wilderness monument was alarmed.

The army of abilities has entered the ancient ruins of the Northern Wilderness.

at the same time.

After pretending to be a small friction, Ba Gu completely opened the line of defense.

Chapter 786: Angry

The edge of the Northern Wilderness Historic Site has been completely occupied, here are all weak strengths, and the powerful strengths are in the depths of the historic sites.

However, the entry of the army of supernaturalists directly caused the ancient forces of the ancient ruins to form an alliance.

This is the instinct of Daxia people.

You can fight inside, but you must be consistent outside.

not to mention.

It's the deadly enemy Eagle Country! It's the opponent with the ability!

In just an hour, the coalition forces were organized; the army of supernatural powers was not fast, this was because countless beasts were fighting with them.

The fierce beast is also protecting his homeland.

"Hold on, the coalition forces are coming soon!"

"These nasty chores!"

"Fortunately, the wave of fierce beasts blocked their footsteps, otherwise the range would increase several times."

Suddenly, there was a roar of the beast.

Shake the world.

"The Beast King, the Beast King is here to kill, and the army of these superpowers will definitely suffer."

Many warriors cheered.

In the army of supernaturalists, two figures rushed out, one male and one female, able to walk in the air.

"Little Beast King, dare to be presumptuous."

"This seat just lacks a mount, you are the only one, give me suppression!"

Men and women shot at the same time.

I only saw that under the control of the woman, the strong wind rose, turned into a wind blade, and wrapped the beast emperor.

The ability to manipulate the wind.

The man shook his body, his armor emerged, and he grabbed a giant axe out of thin air.

The ability to manipulate Qi.

They are all powers of the supernatural organization, participating in the existence of the god-making plan, and obtaining supernatural powers.

Men fight in close quarters and women remotely assist.

The Beast King was suppressed.

After a while, the Beast King was bruised and roared in anger.

"Surrender, or die?"

The response was the power of qi and blood, and the Beast Emperor was desperate.

"Stubbornly stubborn."

A fierceness flashed in the eyes of the men and women. Together, the combination of wind and energy, the power skyrocketed.

The beast emperor roared in sorrow.

But at this moment, a palm print of the Eight Monsters came to disperse the combination of "Feng Shen" and "Qi Shen".

"Who?"

The two were alarmed.

A figure ripped open the beacon and raging smoke, and walked over. He looked personable, and the breath of the peak giant was shaking.

Seeing this person, the Beast King was overjoyed.

"Qu too Xu!"

The Beast King shouted, this is the Patriarch of the Qu Family, the first person in the Northern Wilderness of the previous generation.

"Have you been promoted to the top giant?" The Beast Emperor felt Qu Taixu's strong power, and was surprised and delighted.

"Yes, I was promoted only half a month ago. I didn't expect that there would be a big battle for me to practice hand skills."

Qu Taixu looked at Fengshen and Qishen, and said lightly: "Controlling the wind and Qi is really amazing. It's a pity that you are brave enough to come to the cholera Northern Wilderness site, aren't you looking for death?"

"Hmph, we will organize a large army to capture the Northern Wilderness, including the ancient relics of the Northern Wilderness. You aborigines who are interested in it will be captured with nothing, otherwise you will be killed without mercy."

"What a killer, I want to see how you can kill me."

Qu Taixu took a step, spanning three hundred meters.

It's like teleporting.

Ling Beast Emperor and even Feng Shen Qishen were shocked.

If it is a horizontal training master who is the unity of nature and man, it will be enough.

If Ye Fan were here, he would definitely be able to see that Qu Taixu had used the power of the domain to help himself cross such a large distance.

Qu Taixu is worthy of being the first person in the Northern Wilderness of the previous generation.

"Fighting with me, dare to be distracted, is this looking down on me."

"not good!"

The two alarmed Dasheng and quickly retreated.

Wind and air can help make the speed soar, so this is very fast for men and women.

Qu Taixu hit empty with one move.

"Abominable storm!"

The woman yelled, and a series of strong winds rose from the ground, forming a dozen tornadoes like knives, killing Qu Taixu in all directions.

"The air is peeling off!"

The man's methods were even more mysterious and unpredictable, and he dared to extract the air in Qu Taixu's radius.

How can a person live in a vacuum without oxygen?

Fortunately, it is not an ordinary person.

As a pinnacle giant, cardiopulmonary function and vital capacity are very large. It is not an exaggeration to say that holding your breath for an hour is no problem.

After all, ordinary people hold their breath, and the Guinness World Record has reached 22 minutes.

It is worth mentioning that a peak giant like Qu Taixu held his breath for an hour under static conditions; if it were in a war, this time would be greatly shortened, perhaps only half an hour.

In any case, the air being stripped and extracted will definitely have an impact on Qu Taixu's combat power.

"Innate thirteen kicks."

Qu Taixu was very domineering, and he kicked the storm back and forth strongly.

This is an innate skill.

His son Qu Xiantian once found a cave, obtained these inheritances, and shared with him.

"Congenital broken Gang finger."

Qu Taixu pointed towards Qishen, only to find that the light dissipated directly.

Qi Shen sneered and said, "I control Qi, and Gang Qi is also Qi, so I will naturally control it."

Qu Taixu frowned.

He didn't believe it, and punched again.

The qi is raging, and the fists are like pillars.

In the blink of an eye, the power was weakened by 80 to 90%, because the qi was stripped away, and the fist burst eventually.

"As I said, anger is useless to me. I am your master's nemesis."

Angrily sneered, his face haughty.

Qu Taixu's murderous intent was ups and downs, and Qishen was included in the list of must-killers.

This person can't stay, he is too restrained against the master.

Gang Qi is useless, so you can only use your physical body and domain power to attack.

"What crazy?"

Qu Taixu controlled the power of the domain, grasping the spirit of Qi, and at the same time quickly approached.

Physically, he is very confident.

As long as you can get close, this spirit will undoubtedly die.

"Air punch."

Qishen roared, mobilizing the air to confront the enemy, and the air was endless and everywhere.

In an instant, Qu Taixu's body exploded one after another, causing him to groan, and blood overflowed from the corner of his mouth.

"Hahaha, is this the so-called pinnacle giant, but so. Daxia martial arts world is commonplace, today, kill you pinnacle giant, kill the chicken and the monkey."

"Fengshen help me."

"good."

The woman set off a hurricane, enveloped the world and turned into a cage of wind blades.

Qishen manipulates the air, which is weird and changeable, making Qu Taixu overwhelmed.

"This guy!"

Qu Taixu was very aggrieved.

It's a joke that the dignified pinnacle giant was so suppressed and spread out.

"Gunshield!"

"It's useless, I said, qi is also qi, disintegrate it for me!"

Drink with anger.

The gas mask quickly collapsed.

"Boom boom boom."

In the blink of an eye, hundreds of air fists bombarded Qu Taixu's body, knocking him down and hitting the ground.

"Storm spikes."

The woman seized the opportunity and manipulated the tornado into a sharp awl shape, fiercely falling from the sky and piercing into the pit.

The beast king is horrified.

Qu Taixu is one of the top powerhouses in the Northern Wilderness, and even can't resist these two people.

Manipulating the air is terrible.

This is the great nemesis of the master.

Under the deep pit, Qu Taixu resisted the wind blade, which didn't hit him much, he could resist it casually.

The key is that anger.

"Although the air fist is frequent, but the power is not great. If you are a master of horizontal training in the realm of harmony between man and nature, you can directly resist, then the spirit of qi will be poor."

But now, where can I find the pinnacle horizontal training master.

Qu Taixu was thinking, and suddenly heard:

"Air punch!"

"Boom boom boom..."

His whole body was bombarded again, and naturally there was air in the pit, which made him extremely annoyed.

But air is everywhere, unless it is in a vacuum, otherwise there is no way to resist the air punch.

Although each punch is not strong, the punches are superimposed one after another, and it is not easy to come so many times.

"Oh, Qu Taixu, you are not known as the first person in the Northern Wilderness, how did you get beaten up?"

Suddenly, a mocking word came.

Several strong men arrived.

One of them is the owner of the Huo Clan.

Huo Clan and Qu Family are deadly rivals. Seeing Qu Taixu being beaten so embarrassed, Huo Clan Lord is very happy.

"A few more to die?"

Qishen sneered, not only not afraid, but very excited; winked at Fengshen.

Fengshen immediately set off a violent wind blade.

"Small bugs."

"Huo Lie King Fist."

Fire clan master shot.

However, his fist burst quickly, and he was caught by the wind blade, and he was caught off guard.

Escaped embarrassedly.

Suddenly, hundreds of air punches hit her, and the fire master vomited blood and fell.

"I said what do you pretend." Qu Taixu sneered, and then reminded: "Attention everyone, this one controls the wind and the other controls the qi. Especially the one who controls the qi, controls the air, which is very difficult."

"It's so amazing!" A female sect master drew her sword and struck her with sword energy.

"Sword Qi is also Qi, I said, your Grandmaster I can crush it, it's useless to me."

Qishen snapped his fingers, and the sword qi collapsed.

The faces of the masters were solemn.

The Huo Clan Lord turned back and said angrily: "Qu Taixu, why don't you remind me."

"I'm sorry, I didn't have time to say, it made you suffer."

"asshole!"

"Okay, what's the noise." A giant old man said: "Now we must unite the front and unify the outside world. The spirit of anger must be killed, otherwise there will be major disasters."

"Gong Qi can defeat it, but the power of the domain will never work. We use the power of the domain to suppress it, and they can't make any big waves."

"Do it!"

All the giants shot together, the power of the domain was superimposed, and the waves were turbulent.

The look of Qi and Feng changed.

Without thinking about it, the two turned around and fled, with the help of the wind, they left in the blink of an eye.

Chapter 787: Zeus shot, terrifying!

"Chase!"

Qu Taixu took the lead, followed by other masters.

The Beast King shouted: "Don't panic everyone, I will contact other Beast Kings."

When the Northern Wilderness and historic sites were in great chaos, fierce battles also occurred in Beiliang City.

This is a battle to conquer the city.

The artillery fire continued.

Very tragic.

On a hill in the distance, Ba Gu and his master were watching.

"Master, Beiliang City is indestructible, when will it be broken if this is the case."

"Furthermore, although the army of superpowers does not lose the level of weapons and equipment in Beiliang City, but the number is small; we know how many weapons and equipment the Beiliang City has garrisoned."

"Don't worry." The old man said: "It doesn't matter whether Beiliang City can be breached or not. What we want to see is Zeus killing Cha Hao."

"is it possible?"

"Is it impossible? I have already inquired about the situation. Zeus is the leader of the first echelon of the ability organization, a strong group."

"I hope so."

Boom boom boom...

The continuous bombardment of artillery fire made Beiliang City tremble constantly.

City Lord's Mansion.

Che Hao has a torch, calm and composed.

He is a four-star general and a half-step giant, and he has gone through countless wars of all sizes with Gai Jiuyou, and this scene is still stable.

"Marshal, it is said that there is also an army of supernaturalists on the Northern Wilderness Ancient Ruins."

"It seems that the soldiers are divided into two groups. I said why there is only such a small amount of troops to attack Beiliang City." Che Hao narrowed his eyes and said: "In this case, it feels like annihilating the army of supernatural powers outside the city, and then go to support Historic sites in the Northern Wilderness."

"Yes."

The soldiers were excited.

Daxia advanced weapons were unveiled, and hundreds of Dongfeng A91 fighters set sail.

This is one of the most advanced fighters in the world.

Only the Thunder Fighter of Tianzun Temple and the Lightning Eagle M23 of Eagle Country can compare with it.

Under normal circumstances, unless it is a major battle, it is impossible to dispatch hundreds of Dongfeng A91s.

This is the respect that Che Hao gives to the superpower army.

"scold!"

These fighters cut through the sky and came to the outside of Beiliang City.

The soldiers on the head of the city cheered excitedly.

Next second.

Endless firepower poured down, with no mercy, a group of weak abilities were beaten to death without a whole body.

It can be foreseen how powerful and violent the firepower is.

"Great handsome!"

A commander of an ability army rushed to the temporary camp and asked for help: "The other party has activated the Dongfeng A91 fighter. We did not bring the Lightning Eagle M23. The resistance is a bit difficult, and the gods are asked to take action."

In the camp.

Zeus sits in the first seat, with five men and women on the left and right, all "gods", controlling different supernatural powers.

"Marshal, let me go."

"Add me."

"Together we will."

The three false gods took the initiative to invite Ying.

However, Zeus said: "Don't have to be so troublesome, we need to attack the Northern Wilderness quickly and let the world see the power of our Eagle Nation."

"what do you mean?"

"I will do it myself."

As soon as he said this, the eyes of the gods were bright.

Zeus, as the leader of the first echelon of organization, is a real super power.

One of the closest beings to the supreme god.

There are countless believers.

"Wow."

The gods knelt down on one knee and greeted Zeus.

Da da da.

Zeus slowly walked out of the camp.

In the distant sky, a hundred Dongfeng A91 fighters circled and galloped and killed the army of supernatural powers below.

"Om!"

Zeus rose to the sky.

The gods did not lift off and walked on the ground, because now the entire sky will be the stage for Zeus alone.

After a while, Zeus appeared in the battlefield airspace.

at the same time.

On the head of Beiliang City, Che Hao arrived.

"Who is that?"

"False god?!"

Cha Hao squinted his eyes and said coldly: "Even if it is a false god, mastering supernatural powers, it won't be against a hundred A91s. This is completely looking for death."

"Yes, it's dying!"

"He should be one of the commanders of the army. Kill him, and the army of superpowers will be disintegrated and will destroy itself without attack."

Cha Hao shook his head and said, "I need to completely wipe out, not just fight back, understand."

"clear."

The soldiers stood in battle.

Battlefield airspace.

The pilot spotted Zeus, and one of the A91s galloped in and started fire.

A series of bullets came.

However.

These bullets exploded without getting close, and did not cause any impact on Zeus.

"Um?"

The pilot was surprised.

Just when he was about to launch again, he saw Zeus raise his hand. Then, the entire fighter plane lost control and fell downward.

"what happened?"

The pilot's mental quality was excellent, and he was not chaotic when he was in danger. He madly pressed the ejection device, but it failed.

In other words, the entire fighter console was completely extinguished, as if it had become a crash.

"boom!"

The fighter plane crashed.

This unthinkable situation caused Cha Hao's heartstrings to tremble, and he felt bad.

as predicted.

The second fighter also lost control and exploded directly in midair.

Then came the third, fourth, fifth...

Every minute.

Twenty fighter planes were blown up, making Cha Hao's face gloomy to the extreme.

This is a huge loss.

From the development of the A91 to the present, 20 aircraft have not been lost. Today, just now, after losing so much in one minute, he has become a sinner.

"Quickly retreat!"

Cha Hao knew that he underestimated the enemy and was careless; that man was definitely a super strong, possessing mysterious and unpredictable terrifying superpowers.

"stop!"

Cha Hao couldn't help but rushed out.

"King Shi Huangquan."

This is the unique knowledge that Gai Jiuyou passed to him.

Zeus said coldly: "You can be the lord of Beiliang City, Che Hao, you are finally here, and I am waiting for you."

Talking.

Zeus smashed his fist with a punch.

"what!"

Cha Hao is horrified.

With a punch of anger, his power is so powerful that ordinary giants can't hold it; don't think he is just a half-step giant, but he has giant-level combat power.

But the opponent broke the fist with his flesh fist, and his body was too strong.

"Who are you?"

"Zeus."

Che Hao was shocked, as if he was approaching an enemy.

Just as the Eagle Country studies the Daxia martial arts world; Daxia also secretly researches and probes the intelligence of the supernatural organization.

It is no secret that Zeus is the head of the first echelon of the ability organization.

Che Hao did not expect that Zeus led the army to attack Beiliang City, an existence that was infinitely close to the gods.

"Tianwei palm."

Cha Hao made a full blow.

This unique knowledge is also top-notch, like the King's Fist, it has an extremely strong and terrifying power when played, just like the majesty of the sky.

It is said that this is the fascinating knowledge of the Emperor Daxia, passed on to Gai Jiuyou; and he is a close friend of Gai Jiuyou and has been taught.

"Good grip."

Zeus praised, but his eyes were extremely disdainful.

"Unfortunately, your realm is too weak. If you are the pinnacle giant, if you are to play with Jiuyou, I will have some trouble, you are still far away."

Without thinking about it, Che Hao immediately fled to Beiliang City.

In the rear, Zeus instantly became violent, fiercely tearing his palm prints to pieces, and stepped out in one step.

"Do you know why I can let the fighter lose control?"

"Because I control electricity."

"Cut off the circuit of the fighter plane, and naturally you will lose control; the human body also has microbial electricity, so you can't escape."

Zeus grabbed Cha Hao out of thin air.

Suddenly.

Cha Hao twitched, his whole body numb, and he fell involuntarily.

"open!"

At this moment, with life and death, Che Hao had no scruples, burned his life potential, broke the shackles, endured the pain, and rushed to Beiliang City.

In Beiliang City, the A91 fighter once again carried out a precise strike to cover Cha Hao, but the bullet still couldn't get close to Zeus.

Zeus strolled in the courtyard, watching Cha Hao flee in embarrassment, sneered: "I can sit on the head of the first echelon, do I have only one superpower."

Che Hao's face changed drastically.

"Anti-blood."

In an instant, Cha Hao's blood flowed in the opposite direction, and ordinary people would have to die on the spot.

After all, Cha Hao is a half-step giant, and his body is very strong. After the blood reversal, he screamed and fell straight down.

"Great handsome!"

On the head of the city, the soldiers cried out sadly.

A false **** below grabbed Cha Hao.

Zeus Yukong stood with his hand in his hand, looked at Beiliang City, proudly said: "surrender, or is it destroyed?"

Chapter 788: Die for the country

"Master, that Zeus is terrifying!" Ba Gu was furry on the top of the distant mountain.

Zeus is like a god.

The Dongfeng A91 fighter plane couldn't help it. The fighter plane crashed without seeing him take action. Cha Hao was also seriously injured and dying, which is simply unreasonable.

The giant old man was also shocked, and said in a deep voice: "Ba Gu, let's withdraw. Don't think of getting Beiliang City from Zeus."

"Huh? This?"

"Zeus will occupy the Northern Wilderness, and he must use the Northern Liangcheng as a camp. It is impossible to give it to you; we will find the door, if we are going to die, let's go."

"The task entrusted to us by our emperor has been completed, and we have credit for it, and the future is boundless, so why bother with a Beiliang city."

Ba Gu was unwilling and reluctant.

He has been in the army for many years and has been in the Northern Wilderness, and Beiliang City is his habitat.

Leaving now, where did you go?

"Follow me to Kunlun." The giant old man said: "The organization has eight strongholds, the stronghold of Shiwan Dashan has been destroyed, and there are seven. Kunlun is the largest one. If we go there, we will definitely get you a half official. Position."

Ba Gu's eyes lit up and said, "Master, it's all up to you."

"Let's go, don't watch, the Northern Wilderness is destined to fall."

The two left without looking back.

Beiliang City.

Become very calm.

Cha Hao was captured, the soldiers did not dare to attack, worried about Cha Hao's safety.

"Surrender, or annihilate?"

The words of Zeus echoed between heaven and earth for a long time.

The soldiers felt great humiliation.

surrender?

This word will not appear in Daxia's dictionary.

"Zeus, let us go, or you will be wiped out."

"Tiny bug, ridiculous threat."

Zeus's eyes were extremely contemptuous.

The false **** below shouted: "Open the city gate immediately, otherwise you will cut off Che Hao's head."

The soldiers gritted their teeth, not knowing what to do.

"leave me alone!"

Suddenly, Cha Hao shouted with all his strength.

"Surrender is a sinner, always nailed to the pillar of shame, in vain as a warrior of the Great Summer. I order you to stand firm in Beiliang City until the pavilion master arrives."

"Great handsome!"

"Remember, defend Beiliang, even if you fight to the last person!"

After shouting out these words, Cha Hao suddenly clapped his whole body, his qi rewinded, and he blew himself up with a "boom".

"Great handsome!"

"Great handsome!"

The soldiers cried out sadly, tears raining down.

The gods were also shocked.

The half-step giant, the four-star warlord, such a high-ranking officer, is so bold and undaunted, this spirit is awe-inspiring.

"Fire!"

The deputy commander screamed.

In an instant, the sky full of firepower was covered, and thirty missiles were launched in one wave.

This terrifying firepower made Zeus frowne.

He can make bullets inaccessible and explode in the distance, which also uses static electricity in the air.

But.

With such turbulent firepower coverage, there are even missiles, and the effect of static electricity in the air is greatly reduced. Although it can block some firepower, it is only a small part.

Even if the gods below took action together, the thirty missiles could not be blocked.

"retreat."

Zeus ordered.

He and the gods blocked the fire with all their strength, and the army of supernatural powers quickly retreated.

At the same time, the fire interception system at the rear camp was turned on to relieve the pressure on the army to retreat.

"boom!"

However, some missiles still fell, the bombed ground shook the mountains, and the yellow sands boiled.

The sky is full of yellow sand, obscuring the line of sight.

"Sand Wall."

A pseudo-god who can control the soil and sand shots, and the endless yellow sand rushes into the sky, turning into a curtain wall, blocking firepower, and covering the army of ability to retreat.

A quarter of an hour later.

Heaven and earth returned to peace.

Outside Beiliang City, the power army disappeared, and even the blood and the corpse were buried by the yellow sand.

As if nothing happened.

A sad mood permeated the soldiers, and the first wave of confrontation was too tragic.

Cha Hao was forced to blew himself up.

This is a four-star warlord, there are not many in Daxia, and one death is a great loss.

"It's Baku!"

The deputy commander red eyes and roared, "He led a hundred thousand soldiers to stick to the line of defense. It is impossible to make a paper. How can he let the army of supernatural powers quietly approach the city."

A general agreed: "Yes, Ba Gu must have opened the line of defense. He was deprived of his position as the city lord, and he betrayed Da Xia with a grudge!"

"This beast!"

"It's not too much to frustrate the bones and burn ashes."

The soldiers screamed and hated the sky.

Subsequently.

They all shed tears.

The deputy commander immediately sent a secret order to the military satellite through the military satellite.

The central capital, where the military pavilion is located.

"boom!"

A monstrous evil spirit rushed out of the clouds, covering a radius of several miles.

A lot of big shots were disturbed.

It's not dawn yet, it's only three o'clock in the morning, who is doing things!

who is it?

—It is Gai Jiuyou.

The private Dongfeng A91 fighter plane took off from the military pavilion, breaking through the air at three times the speed of sound and leaving the capital.

gradually.

Its daybreak.

The news of the Great War in the Northern Wilderness spread, and it even swept the world like a storm.

Of course, to the people of the secular world, they all think they are ordinary fighters; only the martial arts world knows that it is the army of eagles who attacked.

This news is enough to detonate the world.

The social platforms of various countries have been swiped by this news, and people are panicked, fearing that it will cause disasters in the world.

The upper-class circles in the capital are also uneasy.

"It was the arrogance of the pavilion master at about three o'clock in the morning, because Cha Hao was martyred."

"what!"

"General Che Hao has countless merits, he is four stars, and a cronies of the pavilion master, he has fallen."

"No wonder the pavilion master is so angry!"

"The pavilion owner has already gone to the Northern Wilderness, but rushing from the capital to the Northern Wilderness, even with the speed of the A91 fighter, it takes a day. Can Beiliang City hold on for one day?"

This question is a problem that many people worry about.

Once the Northern Liangcheng fell, it would mean that the Northern Wilderness fell, which was terrible.

...

Beijing, Tianzun Mansion.

Secret room.

Ye Fan opened his eyes and let out a long sigh of relief. After these days of retreat, his injury finally recovered.

Come to the living room.

Seeing that everyone was talking about something, Ye Fan said, "What's the big deal?"

"Brother Fan, it's time for you to leave the customs, and something really happened. There is chaos in the Northern Wilderness, and the army of supernaturalists attacked the ancient monuments and Beiliang City of the Northern Wilderness, and the commander of the Northern Liangcheng has been martyred."

Yue Linglong handed the phone to Ye Fan.

After reading the news carefully, Ye Fan's face was solemn.

"The army of superpowers, good guys, Eagle Country still has one hand. The Bermuda Adaptor Base is definitely only one of them, and there are many adaptors in other places."

"Compared to the other three frontiers, the Northern Wilderness has a small number of troops, only 500,000. The army of abilities who dare to attack, I am afraid that there will be at least 300,000."

"This is a terrifying number!"

Ye Fan found out that they had underestimated the Eagle Country before, and they had already secretly created a large number of supernatural powers.

Xing Tiandao: "Gai Jiuyou, the master of the Bing Pavilion, has already rushed to the Northern Wilderness. In addition, Daxia Long Pavilion has also ordered that the warrior army needs to support the Northern Wilderness."

"At present, the first batch of one hundred thousand warriors, under the command of Limo, rides on a dedicated large-scale military aviation maneuver."

"The second batch of warriors is making urgent preparations."

"Boss, do we want to participate?"

Ye Fan groaned: "No, if Daxia can't deal with this matter, it's not Daxia. However, I have to go to the Northern Wilderness."

Han Bing said: "Xiao Fan, a man should protect the family and defend the country. As a Daxia, you should do your part. My sister supports you in going to the Northern Wilderness, but you must be careful not to be aggressive."

Ye Fan nodded.

Going to the Northern Wilderness, in addition to looking at the army of supernatural powers and fighting against the false gods, the most important thing is to go to Wanzang Mountain to find the peerless treasure.

"Xiao Fan."

Xia Yaoguang and Su Muyu rushed back.

Xing Tian arranged for the two to visit some large consortiums, but news of the sudden battle flew all over the sky, and the two were panicked.

"Sister, you just came back. I need to go to the Northern Wilderness to kill the enemy. Don't go back to Nanling for the time being. Just stay here. The capital is the safest anyway."

"Xiao Fan, are you really going to the Northern Wilderness to kill the enemy? That's right, you are a good man, you should be dedicated to the country, but you must be careful."

"Don't worry, I still have medical skills. As long as I breathe, I won't die."

"Don't be stupid, try to kill the enemy while ensuring your own safety." Su Muyu hugged Ye Fan, her eyes full of pride and relief.

In fact, Su Muyu was very worried.

This time, the Eagle Country seemed to be aggressive, and in a short period of time, Da Xia lost a great man.

What should Ye Fan do if there is something unexpected.

This kid is still young, not married or in love yet.

Su Muyu was worried.

Because she still didn't know Ye Fan's strength, Han Bing hadn't said that there was no suitable opportunity.

"Xiao Fan, why don't you wait, my sister will cook a meal for you and do it for you." Su Muyu said.

"Uh, okay, then I will leave after lunch." Ye Fan didn't care, he didn't rush for a while.

After a few sisters went to work, Ye Fan was going to send a letter to Nalanruo who was in the valley.

If Nalan had agreed to go to Wanzang Mountain to look for a peerless treasure, this time he went to the Northern Wilderness, and it happened to be called.

Just after passing the letter, Xing Tian hurried over.

"Boss, I received the news from Daxia Longge that someone will pick me up to Longge for discussion later."

Ye Fan smiled and said, "This must be Elder Ge's hope that one hundred thousand dragons will join this operation and go to the Northern Wilderness to kill the enemy."

"Then shall I go?"

"Let me go there, it just so happens that I also have something to ask Elder Ge."

Chapter 789: Ye Fan enters the game

Daxialong Pavilion.

The old Ge had a headache because of the Northern Wilderness, and they also deplored Cha Hao's death in his country.

Besides.

There is one more thing, and that is Tang Ying.

One month period, today is the last day.

Tang Ying is in danger.

Tang Laoxie, who was stationed in Dongtu, kept calling and was anxious; but the Northern Wilderness was in turmoil, and the other three borders could no longer be disturbed. Tang Laoxie could not leave Dongtu and could only be anxious.

"Ye Fan has fallen, is there no one to save Xiao Tang in this world? She is a child with great potential and talent."

"Bian Que said, no one can save except Ye Fan."

"Does Ye Fan have a master? Ye Fan's medical skills cannot be obtained out of thin air, and the possibility of self-learning without a teacher is very small. There must be a master."

"Looking for Ye Fan's master?"

"It's also like finding a needle in a haystack, I don't even know that Master Ye Fan is still in the world."

The three old men sighed again and again.

Suddenly.

There was wind and grass outside.

"Who!"

Erge's old drink.

Someone stole into the Great Xia Dragon Pavilion, so bold!

"Old Ge's senses are really keen, this has all been discovered."

Ye Fan appeared in front of the main hall and walked in comfortably.

The three old Ge's eyes widened.

"Ye Fan!"

"You are not dead?"

Ye Fan smiled and said, "I'm Xiaoqiang who can't kill me. I can't kill Shenzong in a mere way."

"Grass!"

The dignified old man couldn't help but burst into swearing.

They had heard that God Killing Sect paid Xingtian 500 tons of resources, including gold and silver, rare ores, treasure medicine and martial arts, and so on.

But now Ye Fan is alive and well.

Killing Shenzong really lost to grandma's house.

After knowing that Ye Fan is still alive, will Wu Yinyang vomit blood in anger?

"Xing Tian is my brother. Elder Ge asked him to come over. It must be because of the war in the Northern Wilderness. After thinking about it, I will come and talk to you myself."

"These are not in a hurry, you'd better save your sister first. Time is running out and it's running out."

"what?"

"Follow me!"

The three old patrons took Ye Fan hurriedly to leave the Dragon Pavilion and came to Bian Que's mansion.

Along the way, Ge Lao talked about the ins and outs.

Ye Fan's eyes were red.

Six sisters suffered such a big injury, she didn't know it at all, **** it!

Blame her, he was careless.

Thinking that Dongtu is Tang Ying's base camp, there will be no accidents.

did not expect.....

Ye Fan didn't have time to be angry, he just wanted to see Tang Ying as soon as possible.

"Master!"

Seeing Ye Fan appear, Bian Que knelt down immediately, excited.

Ye Fan ignored it, rushed to the ice coffin, and saw that Tang Ying was about to close the ghost gate at a glance.

boom!

Opening the ice coffin, Ye Fan took Tang Ying out and rushed into a bedroom.

Bian Que breathed a sigh of relief, and said, "I thought Xiao Tang would definitely die, but I also thought that Old Tang would go crazy to seek revenge on the corpse emperor. I didn't expect God to bless me and the master would arrive in time."

Old Ge also felt thrilling.

Old Sange asked suspiciously, "Ye Fan is really your master?"

"It's true."

There was worship and awe in Bian Que's eyes, and he proudly said: "It's not just me, but also Hua Tuo and Guigu. Our three major medical sages are all his students and accept his medical teaching and teaching."

"hiss."

The three old Ge secretly frightened.

This must have a good relationship with Ye Fan. With such superb medical skills, there will always be times when he will ask him in the future. After all, who can guarantee that he will not get sick.

An hour later, Ye Fan came out and gave a list of medicinal materials to Bian Que, and then entered the bedroom again.

Bian Que looked at the list of medicinal materials and was a little worried, because many of them were rare medicinal materials that were not easy to buy.

"Elder Ge, I need your help."

"Give me the list, I will do it. Xiao Tang is Daxia's Hou Ye, and the country should pay for these."

Daxia Longge's work, of course, is smooth.

In a short period of time, all the major medicinal material merchants across the country have become active.

One and a half hours.

All the medicinal materials on the list were shipped by air.

Approaching noon.

In the bedroom.

Ye Fan took a long sigh of relief, wiped his sweat, and looked at Tang Ying on the bed tenderly.

It's okay, Tang Ying's life is saved.

Her injury was really serious, and after a full month of delay, she had already walked outside the ghost gate.

I almost went to see the king of Yama.

Ye Fan was very grateful to Su Muyu for leaving him for lunch, and also grateful to Elder Ge for inviting Xing Tian to talk to Long Ge.

Without these two factors, he had already left the capital to go to the Northern Wilderness and completely missed it, then he would regret the pain of his life.

Tang Ying's state tends to be stable.

Ye Fan went out and ordered Bian Que to cook medicine.

"It seems to be saved." The three old patrons felt relieved.

"Dangerous and dangerous." Ye Fan still had some lingering fears, and hugged the three old elders. "I have to thank old elder Ge. I won't come without you inviting Xingtian."

"There is a destiny in the dark, which shows that Xiao Tang's fate should not be extinct. If you don't die in a catastrophe, there must be a blessing."

"I think it's all the clues about the corpse emperor." Ye Fan's abrupt sentence surprised the three old men.

Ye Fan was very calm.

But Elder Ge could feel that a murderous aura was hidden in this calm.

Obviously, Ye Fan wanted revenge.

The old man said: "Ye Fan, don't be impulsive, although you are strong enough, compared with the corpse emperor, I am afraid that it is still a bit worse."

"The culprit who made Xiao Tang like this is Jia Yu, but he has been beheaded by Tang Laoxie. The Corpse Emperor is just an indirect culprit, you need to take your time."

"I see."

Ye Fan is not arrogant.

Previously in Shiwan Dashan, the corpse king had not yet arrived, and he suppressed the zombie king with a palm in the air, already showing terrifying strength.

He needs to confront the corpse emperor, at least to break through the realm and make progress in all aspects——

The realm of martial arts needs to step into the triple stage of transformation and become a great master; in addition, master the complete power of heaven and earth; there is also the method of successfully cultivating vitality and blood; there must be a breakthrough in the true meaning.

These add up to have the confidence to fight against the corpse emperor.

If you are lucky, the tyrant can break through to the realm of Dacheng, then Ye Fan will have some confidence to suppress the corpse emperor.

"I know it in my mind, but I have to know some clues and information, and I ask Mr. Ge to agree."

Ye Fan pleaded again.

The three old Ge glanced at each other and nodded slightly.

"The corpse emperor is very mysterious, even if we only know a little information, we haven't even seen the corpse emperor."

"The corpse man organization actually existed for a long time. It has been active in the areas of Xiangxi, Miaojiang, and Shiwandashan in Youzhou.

"Originally it was just a small mess, and the country didn't care much, but twenty years ago, this organization suddenly became active and grew rapidly. In just ten years, it became an irresistible organizational force."

"At this time, the title of the corpse emperor was gradually spread, and it was determined that he was the controller of the organization."

"Actually, the corpse man organization has been very low-key over the years and has not caused any disasters, but I didn't expect that it would shock the world if it took action now."

"The so-called Dragon Slaying Plan has been heard a few years ago. The country is also cracking down on corpse organizations, but they hide it well, and the effect of the attack is not ideal."

"There are very few clues and information about the corpse emperor. The corpse emperor has made known moves only twice."

"The first time, it was his confrontation with Jia Yu. I heard that it was Jia Yu who wanted to win the position of the leader of the corpse organization and challenged the corpse emperor. At that time, Jia Yu was engaged in a lot of battles, and many martial arts were strong. The person went to watch the battle; but the result was shocking-the corpse king came and beat him to the ground with three palms in the distance. He was suppressed and snatched away. The whole process lasted for a minute."

"The second time, the corpse emperor and the palace lord of the Zhongnanshan Zong Sacred Palace discussed the Taoist confrontation."

Ye Fan said: "Zhongnan Mountain Sect Sacred Palace, is this also a martial arts school? Why is there no 72 Sect? How strong is the Palace Master?"

Old Sange said: "Zongsheng Palace cannot be said to be a sect, but it can be called a Taoist holy land. The strength of its palace lord Yin Xiu is also unclear, and he has hardly seen him make a move."

"It's worth saying that your Majesty occasionally goes back to Zongsheng Palace for repairs."

Your Majesty, naturally refers to the Emperor Daxia.

Ye Fan secretly remembered the character of Zongsheng Palace Yin Xiu.

"What was the result of the confrontation between the corpse emperor and the palace master Yin Xiu?"

Er Ge said: "No result, Yin Xiu revealed afterwards that the corpse emperor's method is advanced and profound, and he has great ambitions to open up the world."

Ye Fan slapped his tongue and said: "This evaluation is too high, opening up the world? How can the world be opened up in this era? Could the corpse emperor be the monarch of Great Xia?"

The three elders shook their heads, and said very unanimously: "This possibility is unlikely, and the ambition of the corpse king is not here."

Ye Fan and Elder Ge had communicated a lot, but there was no useful clue or news about the corpse emperor.

However, he did get the location of the two strongholds of the Corpse Man Organization.

Let's charge some interest first.

Ye Fandang sent the information about the strongholds to Xingtian and asked him to immediately arrange to destroy the two strongholds.

Finally, Elder Er Ge said the business, "Ye Fan, the Northern Wilderness is in great chaos, I hope you can help."

"You want me to go to the Northern Wilderness?"

"good."

"Don't tell me that Daxia can't even deal with some army of abilities. In addition, I think even more that the army of abilities should be opposed to the army of warriors."

"The collision between abilities and martial arts is the biggest attraction; if military combat troops are used, will the Eagle Nation also dispatch national combat troops?"

Ye Fan's words also meant to tactfully reject Ge Lao.

"I will go to the Northern Wilderness. I was rescued at noon, but now I have to delay it for two or three days."

"Gu Laomen don't worry, if Daxia and Yingguo really start a full-scale war, I will definitely not stay out of the matter."

"It's enough to have you." The three old patrons got the answer they wanted, said goodbye, and left Bian Que's mansion.

In the car, their faces were wonderful.

"Ye Fan has entered the game."

"Yes, he could have stayed out of the incident, but the Tang Ying incident pulled him in."

"As soon as this kid enters the game, it becomes unpredictable. I don't know what kind of waves will be stirred up."

...

Chapter 790: Bridal chamber

Tang Ying needs time to wake up.

If Ye Fan decides to keep Tang Ying at the Bianque Mansion and take it back to Tianzun Mansion, it will cause worry to the sisters.

"Master, the medicine is ready."

"Hard."

Ye Fan carefully transported the medicine into Tang Ying's body, and then used his dragon-pushing hand to help stimulate the effect of the medicine.

After all this was done, it was a little bit faster. Ye Fan looked at the phone, and as expected, many of the missed calls were from Su Muyu.

Tang Ying was in no danger, and Ye Fan asked Bian Que to take care of him and returned to Tianzun Mansion.

Su Muyu and the others are still waiting for Ye Fan to come back for dinner.

"Xiao Fan, where I went, I won't answer the call." Su Muyu complained, and then asked, "Did you eat?"

"Nope."

"Sit down, then, it's time for dinner."

Su Muyu, Xia Yaoguang, and Han Bing made a large table of dishes, which were very hearty.

Ye Fan said as he ate, "Sister, I may have to wait two or three days before I go to Beihuang."

"Really? That's great."

"What's great, sister, do you have anything to do?"

"I'll talk about it later." Ye Fan didn't care about Su Muyu God's secret.

At this time, Yue Linglong picked up some vegetables for Ye Fan and said softly: "Brother Fan, eat more."

The sound is very crisp.

Ye Fan was a little uncomfortable. Looking at Yue Linglong's affection, he intuitively told him that there was something tricky in it.

After a meal.

Han Bing and Xia Yaoguang cleaned up, Su Muyu called Ye Fan to the bedroom, and Yue Linglong followed.

"Sister, let's talk about it, what's the matter?"

"Xiao Fan." Su Muyu was a little embarrassed, and asked with a smile: "I think Linglong is pretty good, beautiful, smart, sensible, and loves you very much, so..."

"So what?"

"So Sister hopes that you will meet Linglong's bridal chamber before going to the Northern Wilderness to join the war."

"what?"

Ye Fan was dumbfounded.

Thousands of calculations, I didn't expect it to be such an absurd thing.

Huh! Ye Fan looked at Yue Linglong and said displeased: "You must be talking nonsense in your sister's ears."

"Brother Fan, you misunderstood me, I didn't say anything, it was my sister who decided by herself." Yue Linglong looked innocent.

"Xiao Fan, it has nothing to do with Linglong. It is indeed my decision." Su Muyu looked serious and explained, "It is dangerous to participate in the war, let alone fighting against a superpower such as Eagle Nation. If you have anything unpredictable, what can you do? ."

"You are still so young and have not married and had children. If you are martyred and have no incense left, this is a great sin."

"I think Linglong has been following you. Your relationship is good. That's why I want you to bridal chambers and leave a small seed. When the war is over, you will have a wedding when you come back. Maybe you will be a father when you come back. ."

"How is it? Sister, this plan is very good, right."

Ye Fan was speechless.

Su Muyu was really worried.

Of course, this also makes sense, just in case, leave a seed.

It's just that Su Muyu didn't know Ye Fan's greatness, and there was basically no risk of his life going to the Northern Wilderness.

"It was quite hurried, but you said you waited two or three days before leaving, then you have time. You and Linglong can have a good chat. Sister, I really hope you can agree.

"It's not easy to marry a wife now. There is such a good girl as Linglong who likes you, so you can just steal it and look reluctant. You really don't know how to be blessed in the blessing."

Su Muyu left after speaking.

Yue Linglong became very charming, she was naturally charming, and she released her signal to her heart's content.

this moment.

Yue Linglong is really a witch, a little fox, charming.

Changing to be an ordinary man, I am afraid that he would have fallen a long time ago.

Ye Fan was swaying in his heart.

But soon, Ye Fan became sober and hummed: "Stop making trouble, my sister didn't know how good I was to make this plan, so why did you follow along."

"Brother Fan, don't say that."

Yue Linglong sat next to Ye Fan and solemnly said: "Although you are powerful, but the world is big, Crouching Tiger, Hidden Dragon, how can you guarantee that you are safe. I said that I was killing Shenzong a while ago, if it wasn't for the mysterious powerhouse to save You, can you sit here well, the first seven days are over."

"Just in case, you save a seed in advance, even if it is not for yourself, but also for your parents."

"Broken the incense, you are the sinner of the Ye family!"

Ye Fan's mouth twitched, looking at Yue Linglong weirdly, and said, "You want to give me a baby?"

"Why not."

Yue Linglong's beautiful eyes were rippling with waves, and she said slyly: "If I am pregnant with a baby, my position will be stable and no one can be shaken."

Ye Fan was actually very moved.

A woman, still such an excellent and beautiful woman, is willing to give birth to you without hesitation.

This is the pride of a man.

only.

Now, Ye Fan really didn't have this idea.

In fact, he can be a scumbag.

Sleeping Yue Linglong, Sleeping Meng Qingyin, and even sleeping with seven sisters, the sisters will not blame him. Ye Fan is very confident or confident, because he knows that his sisters love him, and Yue Linglong and Meng Qingyin hope to do it. His wife.

However, you are responsible for finishing sleep.

Ye Fan didn't want to be a scumbag.

At this stage, there are still many things to do, and even the world may be in chaos, and children's personal relationships must go back a little bit.

In fact, in Ye Fan's mind, marriage is a major event for you and needs the witness and blessings of your parents, relatives and elders.

In Ye Fan's mind, he felt that at least he had to make things clear about his parents before he could consider his lifelong events.

"Linglong, thank you very much, but I don't have this idea yet, you should be able to understand."

"Oh, I knew it." Yue Linglong sighed, then laughed again in the next second, opened her arms, and said coquettishly: "Then hug, so I can act with you to deal with the second sister."

"make a deal."

Ye Fan hugged Yue Linglong in his arms, and couldn't help feeling numb all over.

This is really an extremely delicate body, as if it has no bones, and it makes people want to be stuffed into the body.

And Yue Linglong's eyes rolled, and her legs wrapped around Ye Fan's tiger waist flexibly.

Then, Ye Fan felt Yue Linglong take a sharp breath on his neck.

"what?"

Ye Fan clutched his neck.

Yue Linglong jumped down and said with a smirk: "Grow a big strawberry for you. This should be the first time you have been planted by a girl, hehe."

Ye Fan hurried to the bathroom to look in the mirror, only to find a large strawberry print on his neck.

It's summer, and I wear cool clothes, which can't cover it at all.

Yue Linglong was so happy, she asked triumphantly, "How am I doing?"

"Depend on."

Ye Fan's face was full of black lines.

Turning around and staring at Yue Linglong, ten seconds later, he asked with a sudden smile: "You like talking, don't you?"

Yue Linglong was agitated, and asked anxiously: "You, what are you doing?"

Ye Fan approached step by step, grinning and said: "What's the point of squeaking your neck, squeaking in a different place."

Yue Linglong was stunned.

Then the cheeks were flushed, hot, and even the neck and ears were red.

"rogue."

Yue Linglong gave a light sip.

Then the conversation turned around and he took the initiative to approach Ye Fan, and said happily, "Do you think you can scare me? I'm all adults. I'm not reserved for what I'm afraid of."

"Come on?"

"Come!"
