

Chapter 8: Zhao Qingmei - My Poised and Elegant Seven Sisters

Outside the building.

Ye Fan made a phone call.

"I'm in Aoba Building. I want to see you in three minutes."

Only said one sentence.

Rumbling.

In less than three minutes, a Bentley galloped in.

Immediately afterwards.

A woman in red got out of the Bentley and came to Ye Fan quickly and ghostly.

So far.

Exactly three minutes.

"Zhao Qingmei, the person in charge of the Changning branch of the Tianzun Temple and the chairman of the Hongxiu Group, has seen the lord of the palace." The woman in red bends over ninety degrees, with an extremely respectful attitude.

If it weren't for worrying about attracting attention, Zhao Qingmei even wanted to bow down.

Tianzun Temple has power all over the world.

As the person in charge of the Changning branch, Zhao Qingmei received a call from the headquarters early and learned that the lord Ye Fan was coming to Changning.

These days Zhao Qingmei is excited and anxious.

Staring at the phone all the time, waiting for Ye Fan's summons.

She waited three minutes ago.

She was discussing a one-billion-dollar project with another big group at the time. After receiving the call, she left on the spot, shocking the big business leaders at the table.

Changning is only a third-tier city. Although she is the head of the Changning branch, she has never seen Tianzun, and at this moment, Tianzun is standing in front of her.

How could Zhao Qingmei not be excited.

Hongxiu Group is a leading enterprise in Changning. As the chairman of Hongxiu, she is the richest woman in Changning; but Zhao Qingmei knows that this achievement is not worth mentioning in front of Tianzun.

She didn't dare to look up at Ye Fan's respectfulness, bent over, her Jiao body trembling with excitement.

"Farewell to Tianzun!"

Zhao Qingmei wanted to kneel down.

Ye Fan waved his hand, "I don't like these red tapes, just call me Brother Fan. I came to you to check something."

"God... Brother Fan, please order."

"Take a thorough investigation of what the Zhang family has done to Qingye Group over the years, especially Zhang Zhe, the young master of the Zhang family; in addition, all the families and forces that have targeted my eldest sister Meng Qingyi have been found out for me."

"Yes."

Zhao Qingmei nodded solemnly, and at the same time set off a huge wave in her heart.

Meng Qingyi is the eldest sister of Tianzun!

Zhang Zhe coveted Meng Qingyi, and she also heard about it, and before she came to talk about cooperation with Zhang family, Zhao Qingmei was scared into a cold sweat.

It's over.

The Zhang family is over.

Ye Fan thought for a while, then said, "My sixth sister, Tang Ying, went to the frontier to join the army ten years ago. I also checked. I now authorize you to directly contact the Tianzun Temple headquarters."

Zhao Qingmei trembled and then burst into tears.

As the person in charge of the Changning branch, her boss is the Qingzhou branch, and she is far from qualified to contact the headquarters directly. Now Ye Fan has given her authorization, which invisibly increased her position sharply.

I'm afraid it won't take long before the entire Tianzun Temple will know her name, Zhao Qingmei.

"Brother Fan, I will do it now."

Zhao Qingmei hurried away.

Ye Fan returned to the office, Meng Qingyi had already patched up her makeup.

"Let's go, let's go to the mall to purchase."

"Sister, you are so beautiful, you deserve to be the number one beauty entrepreneur in Changning." Ye Fan changed his face, completely opposite to the prestige and solemnity he had faced Zhao Qingmei before.

He held Meng Qingyi's arm and said thieflly, "Sister, don't forget your promise."

"Promise? What promise?"

"When you were young, you told your six sisters that you would be my daughter-in-law when you grow up. The dean's grandfather testified in person... By the way, I remember that I wrote the agreement, and all eight of us had red handprints."

Meng Qingyi was startled.

Thoughts drifting away, it was also when Ye Fan was six years old. After Ye Fan was bitten by a big yellow dog, Meng Qingyi felt guilty. She wanted to coax Ye Fan, so she came up with this.

"It's clearly written in black and white, don't be fooled!"

"Cut." Meng Qingyi said irritably, "I want to step on seven boats, dream of you. Besides, the agreement was burned to ashes in the fire that year."

...

Jinshan Group, Building.

After treating the wound in the hospital, Zhang Zhe came to the family company depressed.

"Shao Zhang."

As soon as I entered the gate, I was yelled at.

Wang Xiong nodded and bowed to Zhang Zhe, and asked with concern, "Zhang Shao, what's wrong with your head? Who dares to beat you! Tell my brother, I will take someone to beat her."

"What are you doing?" Zhang Zhe said impatiently.

"I want to see Chairman Zhang, but I have never had a chance. Can you take me up. I have important things to tell Chairman Zhang."

Zhang Zhe disdainfully said, "My dad manages everything every day. How can I take care of you, a little bastard, hurry up and get out of it."

Wang Xiong blocked Zhang Zhe's way out, reluctantly, "Zhang Shao, I didn't lie to you, there is really a big deal."

"I'll give you three minutes, hurry up. If you can't tell the reason, I won't beat you up."

"This..." Zhang Zhe looked embarrassed, "Zhang Shao, you can't tell this matter clearly, I can only talk to Chairman Zhang in person."

Zhang Zhe was angry at Meng Qingyi's, and he was unhappy. Hearing Zhang Zhe looked down on him, he immediately slapped him and cursed, "You're tired of your life, get away."

"Don't get out yet, believe it or not, I asked the security guard to beat you to death!"

"Yes Yes Yes."

Wang Xiong looked aggrieved and ran out of the building in a panic.

It happened to see a Rolls Royce slowly approaching, and he recognized that it was Zhang Tianlong's car.

Zhang Tianlong is in a bad mood.

Originally, I had a good talk with Zhao Qingmei, but the woman went crazy and ran away; and on the way back, Zhao Qingmei called him and said:

-Hongxiu Group terminates all cooperation with Jinshan Group and recovers all vested interests.

This made him puzzled, and there was a fire in his heart.

"Zhang Dong."

"Who!"

Zhang Tianlong drank seriously.

Wang Xiong was startled, and said cautiously, "Zhang Dong, it's me, Wang Xiong."

"What are you doing?"

"Dong Zhang, something has happened." Wang Xiong looked around, approaching Zhang Tianlong and said nervously, "Ye Fan is not dead, he is back."

"Ye Fan? What Ye Fan?"

"That's Ye Fan from the Sunshine Welfare Institute. The fire didn't burn him thirteen years ago. Now he is back."

Suddenly, Zhang Tianlong's face darkened.

"You come with me."

He has a calm face and quick steps; Wang Xiong obediently follows behind.

When he came to the office, Zhang Tianlong said, "What's the matter?"

Wang Xiong explained what happened to the orphanage in detail, and then asked anxiously, "Dong Zhang, there will be no accident. I did it according to your wishes back then. If the truth is revealed, would I be afraid?"

"What are you afraid of!"

Zhang Tianlong sneered, "Thirteen years, the dust has returned to the dust. On the contrary, the little bunny is not dead, so he dares to come back, very good!"

"Dong Zhang, what do you mean?"

Zhang Tianlong thoughtfully.

Just now, Wang Xiong said that Ye Fan's sisters had some accomplishments, and Meng Qingyi was one of them.

"No hurry, you stare at the orphanage for me first, and wait for Meng Qingyi and the others to be resolved, then it will be Ye Fan's death."

"Dong Zhang, no." Wang Xiong cried and said, "Ye Fan is too good at fighting. My brothers and I are not rivals at all. Also, he wants me to return 2 million within three days, otherwise he will destroy me. Zhang Dong, How about you help me pay back the money..."

"Snapped!"

Zhang Tianlong slapped Wang Xiong with a slap in the face of the gold star, and scolded angrily, "Useless waste, even a stinky boy can't clean it up."

Seeing Wang Xiong's embarrassed appearance, Zhang Tianlong didn't push too hard, after all, Wang Xiong knew a lot of things.

He took out 50,000 yuan from the drawer and threw it to Wang Xiong, comforting him, "Take the money and go happy for a few days. At the orphanage, find a few young ladies to stare at. The 2 million thing is nothing more than Ye Fanfang. Cruel, Changning is so old, where will he go to find you."

Wang Xiong thinks about it and thinks it makes sense. With Zhang Tianlong behind his back, what is he afraid of.

"Dong Zhang, then I'll go first. Just ask if you have anything to do."

"Go ahead."

Soon after Wang Xiong left, Zhang Zhe came to the office angrily.

Seeing Zhang Zhe's head helping the gauze, Zhang Tianlong asked hurriedly, "Azhe, what's wrong with your head?"

"The vase was smashed by the **** Meng Qingyi."

"What!" Zhang Tianlong jumped like thunder, "This **** **** is really lawless, and my son Zhang Tianlong dare to fight. Azhe, I now give you a task to dissolve the Aoba Group as soon as possible and have the right to use the family. All power."

Zhang Zhe was stunned, and immediately exulted.

He had imagined that Qingye Group went bankrupt, and Meng Qingyi was sadly carrying a huge debt. At that time, Meng Qingyi was still not the fish on the chopping board, let him handle it.

Sponsored stories

After Meng Qingyi and Ye Fan finished shopping at the vegetable market, they went to the supermarket to buy a lot of snacks and clothes.

When they came to the orphanage, the children cheered.

"Big brother, I want to eat this."

"I like that."

"Big sister, is this skirt for me?"

The children surrounded Meng Qingyi and Ye Fan as if they had discovered a treasure.

After distributing clothes, snacks and toys, the two began to pick vegetables; Wu Changqing sat under the willow tree by the Qingshui River, drinking wine and telling stories to the children.

This picture made Ye Fan feel particularly warm.

For many years, traveling around the world has experienced ***** winds of fighting and killing. This kind of tranquility is extravagant.

Ye Fan's heart is more determined--

We must protect this peace, and protect our grandfather, sister and children.

Time flies, and the sun sets.

Meng Qingyi had already started cooking, and Ye Fan drove her Maserati to the Institute of Biology of Changning University.

"Wow, so handsome."

"Which rich second generation, who is she in love with, is really her blessing."

"It must be Du Yue'e, isn't she the garden flower of the Institute of Biology, she is the only one, I really envy Du Yue'e."

The appearance of Ye Fan made many girls in the school feel excited.

Ye Fanquan didn't hear these comments; he had received too many praises, and he was already immune.

"Hey handsome guy."

Suddenly, a beautiful figure came towards him.

The woman stopped him and said with a smile, "Get to know my name Mi Cai, are you interested in having a cup of coffee together?"

The students from the past stopped and were attracted.

Mi Cai is also a well-known beauty and a student of the Institute of Biology. As we all know, Mi Cai and Du Yue'e are rivals.

"I don't know you." Ye Fan responded lightly.

"Don't you know him now, what's your name, handsome guy? I also know a lot of the rich second generation in Changning, you are a little strange."

With that, Mi Cai twisted her waist and approached Ye Fan, exhaling blue to Ye Fan.

"Step aside!"

"There are quite a few rich second generations who want to drink coffee with me and me, handsome guy, are you sure you won't take this opportunity?" Mi Cai did not stop, reaching out to take Ye Fan's shoulder.

A trace of disgust flashed in Ye Fan's eyes. He didn't catch a cold for such a stray woman, coldly patted Mi Cai's hand away, and spit out a word.

"roll!"

The word was like a thunderstorm, and Mi Cai was so scared that she could not stand firmly and fell to the ground.

Ye Fan snorted coldly and strode into the research institute.

When they met Du Yue'e head-on, both of them were stunned; then Ye Fan smiled and said, "You are a student here, it's a coincidence."

"Yeah, what a coincidence."

Du Yue'e blushed slightly, glanced at Maserati outside the academy, and said in surprise, "Is that your car?"

"My sister's."

"Oh, so you are still a rich second generation."

Ye Fan said haha, "By the way, my name is Ye Fan. I'm coming to Fang Rui. You are a student here. You should know where she is."

Du Yue'e was a little lost and muttered, "What are you looking for Professor Fang Rui for?"

"Take her home for dinner."

Du Yue'e was full of surprise. Fang Rui was the first beautiful teacher of Changning University. He was an associate professor at a young age. There were countless teachers who pursued her, and there were even some rich second generations.

Fang Rui refused, because he had long been famous.

"Professor Fang's research room is over there, let me take you there."

"Thanks a lot."

The two left the gate of the institute side by side.

Not long after, Du Yue'e pointed to the research room in front of him and said, "This is it."

From the visitor port on the door, you can see that a beautiful woman in a white coat is doing research intently.

Du Yue'e exhorted, "Professor Fang hates being disturbed by others when he is doing research. You can wait here for a while."

Ye Fan nodded, it's still early for dinner anyway.

"Then I'm leaving." Du Yue'e turned back after not taking a few steps, and asked, "I almost forgot, the **** who was taught by you on the bus, did you trouble me behind?"

"I found it, and brought dozens of people."

"Huh?" Du Yue'e was shocked, "What then?"

Ye Fan grinned, "I was beaten away by me, otherwise I would stand here well."

Du Yue'e became even more worried, and said seriously, "You must be careful, those **** will report to you, and it is easy to hide a spear and an arrow to prevent it."

"Don't worry, it's all under my control."

Ye Fan saw that Du Yue'e was kind and could talk, and she was still a student of Seventh Sister, so he exchanged contact information with her.

Then he looked at Fang Rui inside.

She has short hair and looks very capable, wears black-rimmed glasses, and her eyes are dark and deep. She knows that she is knowledgeable at first glance; she is definitely of the top goddess level if she has no appearance or body.

Fang Rui's popularity in Changning University is very high. To be precise, he is a first-class hot goddess classroom in the entire Changning teacher circle!

Ye Fan couldn't help but smirk, he found that he was really too happy, there are seven beautiful sisters.

And on the outside.

Mi Cai was dazzled by Ye Fan's shout, and she was sober.

I got up and found a group of students in the distance, pointing to her.

She hadn't heard Ye Fan and Du Yue'e talking just now, only saw the two talking and laughing, thinking that Ye Fan was Du Yue'e's boyfriend.

She and Du Yue'e were dead enemies, but when Du Yue'e's boyfriend slapped her face in public, Mi Cai felt ashamed and her face was red and hot.

"What to look at!"

"Get out of here!"

The students who were on the sidelines disappeared.

Mi Cai looked back sullenly, and came to a cafe on campus angrily.

A luxurious box.

Bang!

Mi Cai rushed in and cried on the spot.

"Brother Jun, you have to call the shots for me, I was beaten."

There are four young people in the private room, playing mahjong.

One of the young men was wearing ear studs and dyed with yellow hair.

His full name is Zhu Jun, a rich second generation.

The Zhu family is a big family in Changning, with assets of several billion and a huge influence; therefore, Zhu Jun is very famous at Changning University, and many female students dream of having a relationship with him.

Not only because Zhu Jun is rich, but also because Zhu Jun is very short-handed.

As long as the women he had had, they were covered by him.

Because of her outstanding appearance, Mi Cai has always been a woman Zhu Jun liked. Hearing that Mi Cai was beaten, Zhu Jun became furious and lifted the mahjong table.

"Grass, the whole Changning University, who didn't know that you were my Zhu Jun's woman."

"Who dares to beat you!"

Mi Cai cried, "I don't know him, but I know he is Du Yue'e's boyfriend and he is in the Institute of Biology at the moment."

"Du Yue'e's boyfriend!"

Zhu Jun's face sank.

Du Yue'e is one of the three beauties of Changning University. He is pure and beautiful, and fascinating; he has long wanted to win and has been pursuing it, but Du Yue'e ignored him.

I thought it was Du Yue'e who didn't want to fall in love yet, but I didn't expect to have a boyfriend.

"This stinky watch actually pretended to be pure with me!"

"Fuck a man behind my back!"

"Oh shit."

Zhu Jun froze and felt humiliated.

The younger brother next to him immediately shouted, "Boss, Du Yue'e, this **** is actually doing a man with you behind your back. It is unforgivable. I will catch that **** tonight; as for her boyfriend, just abolish it."

"Brother Jun, you have to give me a breath."

Mi Cai stood up, holding Zhu Jun's arm and acting coquettishly.

Zhu Jun hummed: "Call someone, go to the research institute!"
