Chapter 851: Ssangyong Pillar

"Brother, something is wrong."

"Who broke Zhang Junming's golden body of King Ming? Someone secretly shot!"

"Indeed, we were targeted."

"Then what to do?"

"Divided into three ways." The tycoon's youngest man had a grim expression and exhorted: "If you are caught, you won't have to sell the young master and betray the ancients, you understand."

"clear."

There was a firm light in the eyes of the three of them, and then they left in three directions.

After a while.

A **** figure descended.

Surprisingly, the blood is Qingcang.

Ye Fan was not wrong at all. Young Master Xue Jade was seriously injured, and Xue Qingcang was in desperate need of a peerless medicine, so it was impossible to miss this opportunity.

Just now, Xue Qingcang broke Zhang Junming's golden body of King Ming.

"Humph."

Looking at Xue Qingcang's face, he didn't expect to split into three paths.

After a brief hesitation, he chose the way of the tycoon's third son.

Xue Qingcang disappeared for three to five minutes.

When the four of Ye Fan arrived, Qi Tian said: "Here is a fork, three directions and three roads, they are quite smart, they know how to confuse people."

"Can you tell the difference?"

"How can I tell, you choose a path." Qi Tian said.

"Then..."

"and many more."

Nalanruo stopped, she closed her eyes, her body trembled, and her extremely cold body was recovering.

Ye Fan understood that Nalanruo's physique was very sensitive to the Netherstone, and could sense the chills emitted by the Netherstone.

"Here!"

"Here!"

The two said in unison.

One is Nalanruo, and the other is Water God.

This surprised Ye Fan.

Water God said: "It's true that I have some feelings for Netherstone."

"Oh?"

The three Ye Fan were puzzled.

Water God said: "I don't know why, I am eager for the Netherstone. That stone seems to be of great use to me."

Nalanruo squinted coldly and hummed: "Netherstone is helpful to my extremely cold body, and I am bound to win it."

"Then Jiyang Baoyao you gave up?"

"How about that."

"You are too greedy, you want both." Ye Fan was speechless.

Nalanruo said: "The treasure medicine can be divided into half, or one third. I don't want to force it, but the Netherstone has to be given to me."

Qi Tian said: "You...I'm considered to be taken. Before I get it, I will start talking about distribution!"

Ye Fan laughed: "Hahaha, let's go."

...

A hidden place in the ancient ruins of the Northern Wilderness.

Unknown.

Surrounded by dense fog.

Deep and quiet.

It is worth noting that this place is a geomantic treasure, with the topography of Ssangyong pillars.

The so-called Ssangyong Pillars means that there are two steep peaks on the left and right sides, with a valley in the middle, surrounded by small hills.

This kind of terrain is quite rare.

In the middle of the valley, Guihai Qianjun is practicing, and there are five giants around, but two of them are not lightly injured.

Eight people rushed into Wanzang Mountain to get a peerless treasure. The price they paid was that they were seriously injured and almost died.

"Wu Lao, Qi Lao, how are your injuries?" Guihai Qianjun asked.

"Young Master, don't worry, you can't die."

"Thanks to you for finding a unique medicine for me this time, when the three old men and others come back, they will work together to reconcile this extremely Yang medicine, and then we will take it together."

"The young master can't do anything. We can't die. Don't worry, it's important that you recover from your injury."

Qianjun Guihai sighed, turned his eyes, and opened the red sandalwood box in front of him.

Suddenly.

The hot breath rushed over his face, and the strong medicinal fragrance permeated.

Wu Lao and Qi Lao sucked greedily, it seems that this medicinal fragrance can heal their injuries.

This extremely sun treasure medicine has a large palm, and the whole body is fiery red, as if there is a flame burning in it.

"The fire bamboo at the center of the earth."

Guihai Qianjun's eyes flashed with excitement, this is a high-level, peerless treasure medicine, which can never be met.

Fire in the heart of the earth is inherently rare.

The bamboo shoots that grow next to the fire in the heart of the earth have undergone thousands of hard work and contain a trace of the power of the fire in the heart of the earth.

If you swallow it boldly, a little earth-centric spark inside the fire bamboo will explode, extinguishing the ashes that he burned, and must be reconciled with the most yin treasure.

"There is a fire in the depths of Wanzang Mountain?"

"To be exact, no, it has been extinguished long ago; there should have been a trace of a heart of the earth inside the fire bamboo, but as the years passed, the flame was extinguished, and there was only a little spark."

"When there was still a flame in the heart of the earth, its quality would be higher, and it would be a supreme medicine."

Guihai Qianjun listened, feeling very sorry, if he got the supreme treasure medicine, it would really be a step up to the sky.

"Why haven't the three old men come back yet?"

As soon as the voice fell, a breath rushed to the bottom.

Several giants are on alert.

"it's me."

"Old Eight!"

"Where are the third and sixth?"

"We were watched by the pinnacle giant and we were divided into three ways. I am responsible for bringing the Netherstone over." The giant old eight took out the Netherstone.

Zhang Junming was able to grasp the Netherstone with his bare hands because he cultivated the golden body of the King of Ming to be extremely masculine and strong.

But the giants can't do it.

On the way, he can be described as miserable, trembling with cold, and stiff.

He quickly put the Netherstone on the ground and explained: "This is the stone in the Nether cave."

"what!"

Everyone was shocked.

The Guihai ancients are in Kunlun, and of course they know where the Netherworld Cave is.

Qianjun Guihai is overjoyed: "What a Netherstone, it is definitely the most yin treasure, it can help me reconcile the fire bamboo in the center of the earth."

"Young Master, it's not too late, let's start right away."

"is it safe?"

"This is the topography of Ssangyong's pillars. It is a treasured land of feng shui, and it is the fate of heaven. There will be no problems."

The giant old Ba agreed: "Young Master, we are divided into three ways, and on the way back I went around again. The chance that the peak giant finds here is less than 10%. Even if we find it, we have the peak combat power together, not at all. Fear. The young master can swallow the treasure medicine at ease and heal his injuries."

"good!"

Thousands of troops to return to the sea are excited.

The number one giant is the chief steward of the Guihai Ancient Clan, and has a high status.

He said: "Young Master, in order not to weaken the medicinal power of the fire bamboo in the heart of the earth, the best way is to swallow the fire bamboo and the nether stone together."

"Huh? Swallow together?"

"That's right, otherwise it won't be able to suppress the trace of the earth-centered sparks. Afterwards, the Netherstone can be taken out without any harm."

The Qianjun Guihai said in deep thought, "Wait a while, I'll be ready to prepare and adjust my state to the best."

at the same time.

The four of Ye Fan came outside the valley.

"It's a treasure of geomantic omen. Returning to the sea thousand army to find such a treasure, is it possible that the transformation can be completed, and we can't take the treasure?" Ye Fan looked suspicious.

"It's just a mere terrain, what destiny is for! One way of practicing is to go against the sky. For a monk, man can conquer the sky."

"It's a good one to conquer the sky."

Ye Fan smiled and said, "Then we..."

"Rumble."

In the distant sky, a breath of riot swept across, arrogant.

The four of Ye Fan hurriedly hid.

"call!"

Xue Qingcang came, his face flashing with anger.

He pursued the other two giants, suppressed them, and found that they were all wrong, and the Netherstone was brought back by the weakest Old Ba.

In fact, it's a bit of good luck.

Originally, the tycoon returned directly, but it was too late for Xue Qingcang.

But the old eight was clever, and went around, delaying a lot of time; only then did Xue Qingcang have enough time to run three-way jungle.

Of course, Xue Qingcang was also exhausted, gasping for breath, sweating like rain, and his face was a little pale.

"Ssangyong holds a pillar?"

Xue Qingcang sneered.

"I thought that looking for a feng shui place would guarantee that the Qianjun Guihai would be transformed into a metamorphosis. It is a dream; even if I swallow the treasure medicine of extreme sun, I will drain the blood of Qianjun Guihai to heal my son."

"Break it for me."

Blood Qingcang is extremely domineering.

With a punch and a palm, bombard the peaks on the left and right sides.

"boom!"

"boom!"

With two loud noises, Shuanglong Peak was interrupted by the waist and began to rush.

The sudden change caused the general manager and others in the valley to be shocked.

Damn it!

There is a 10% chance of being caught!

Why are you so back.

Shouldn't the young master be lucky.

Qianjun Guihai was also dumbfounded.

I finally found a treasured geomantic place, but I didn't stop it.

"do not care!"

Guihai Qianjun's heart is cruel, holding the heart of the earth with fire bamboo in one hand and the nether stone in the other, sending it to his mouth...

Chapter 852: I am a national treasure, who dares to move me!

"Blood Qingcang, it's you!"

When the director Guihai saw the incoming person, he was shocked and angry, and his face was extremely solemn.

"Go away!"

Blood Qingcang is so domineering.

Apart from anything else, when he shot at the giants such as Guihai Director, the gesture was to suppress the four in an instant.

—The third and sixth were severely injured and did not come back. Here, the fifth and seventh are also seriously injured.

—Only the Chief Executive, the second child, the fourth child, and the fourth child are left.

"Blood Qingcang, you are deceiving too much."

"Kill me!"

"Buy time for the young master."

Xue Qingcang disdain, even if these four have the peak combat power together, so what?

After all, it is not a peak giant.

Moreover, his blood Qingcang still exists in the head of the peak giant, not a few cats and dogs can fight together.

"Go away!"

Xue Qingcang's body shook, the sixth blood demon body recovered, and the blood demon phantom rose from behind.

at this time.

Xue Qingcang was furious when he saw that Guihai Qianjun was about to swallow the fire bamboo and the Netherstone in the heart of the earth.

"Boy, you dare to swallow, this seat stripped you alive."

"Old thief, I'm afraid you won't make it."

Guihai Qianjun was also a ruthless man with arrogance, he was sure that Xue Qingcang would not dare to kill him.

The blood family is strong, but not as strong as the Guihai Ancient Clan. As the young master, if he is beheaded, it is a declaration of war.

The war between the two ancient tribes is no joke.

Xue Qingcang didn't have this courage.

After all, the blood family has lost a lot recently. First, the ancestor Gorefiend was smashed, and then several giants were damaged in the Fallen Soul Gully.

"Asshole."

Xue Qingcang saw that the sea army did not stop, and was furious; he wanted to stop it, but the four chief executives tried their best to stop him, and he temporarily held it back.

Just when Guihai Qianjun was about to swallow it, the ground suddenly burst, and a long black tail covered with hard scales flung out of the underground crack.

Bang!

Unexpectedly, the bombardment hit the back of the Guihai Qianjun, and the Guihai Qianjun screamed and flew out.

The fire bamboo and the nether stone fell to the ground.

"Little Lord!"

The general manager did not expect such a change, and saw the long tail curled up with the fire bamboo and the nether stone in the center of the earth, he roared: "The evil animal is looking for death!"

Xue Qingcang was also angry.

The mantis catches the cicada and the oriole is behind.

He made wedding gowns for the Beast Emperor for nothing, how could there be such a good thing.

"Leave me!"

"Blood Demon!"

Xue Qingcang made a gesture of tapping the ground, and the blood demon phantom behind him did the same.

boom!

The ground with a radius of 300 meters collapsed, and a five-finger crater with a diameter of 100 meters appeared in the center.

"Huh!"

The beast king hidden underground was forced out.

The main pipeline: "Pangolin, a small pangolin. Ordinary beast kings dare to move me back to the young master of the ancient clan, and die for me!"

This pangolin emperor was terrified.

He followed Xue Qingcang and picked up a bargain. He thought he could escape, but he still underestimated the power of Xue Qingcang.

"Haha, it turned out to be a pangolin. No wonder it can quietly appear under Guihai Qianjun's ass."

The four Ye Fan secretly watched.

Originally, the army returned to the sea wanted to swallow the treasure medicine, but Ye Fan planned to do it, and the Pangolin Emperor would go ahead, which was not bad.

But this beast emperor is too weak. It should have not been long since he was promoted to the beast emperor. He is not an opponent of Xue Qingcang at all, and any one of them can shoot him to death.

"what!"

The pangolin emperor who was beaten by the general manager screamed, but his defensive power was amazing, but he didn't take any serious damage, only a few pieces of the scales fell.

"Blood Demon captures the hand."

Xue Qingcang grabbed the pangolin emperor.

"Return to the sea with a knife."

The Chief General drew out the treasure knife and slashed it violently. It was amazing, making Xue Qingcang all eyelids.

This knife split the Gorefiend grabbing handprints, and at the same time it slashed on the pangolin emperor, cutting off his long tail.

"what--"

"It hurts me to death, I am a national first-class protected animal, you dare to kill me!"

The pangolin emperor shouted.

This caused Xue Qingcang and the others to be taken aback, the offensive stopped abruptly, and then continued to shoot after a second.

What level of protection do you care about in the martial arts world?

Nonsense.

The Pangolin Emperor was furious and cried: "Boss, don't hide, come and save me!"

The chief executive shouted: "There are helpers?!"

Ye Fan pressed it again.

He is going to save the pangolin emperor, but this guy has a boss, so let's watch it for a while.

"Who dares to move my brother."

With a roar, a behemoth stomped on the broken Shuanglong Peak, turned around and swooped down.

boom!

He fell in front of the pangolin emperor, stood up with his feet, hands on hips, and shouted: "Who dares to move me! Who dares to move my brother!"

Xue Qingcang, Director Guihai and others were all covered.

The four Ye Fan were also dumbfounded.

this.....

... Isn't this a panda?

Black and white, big dark circles, small ears.

It looks like a giant panda.

The front is a first-class protected animal, now is a national treasure? !

"I am a national treasure, who dares to move me."

The giant panda yelled again, very arrogant, and said with his head open: "I am a national treasure and beast. I have been registered in Beiliang City a few years ago. I want to see if you dare to move me."

The fierce beast can still be filed?

real or fake.

Ye Fan couldn't laugh or cry.

In the secular world, people say that giant pandas know that they are national treasures, so they are arrogant in zoos.

I didn't expect it to come true now.

This guy really walked sideways under the banner of "national treasure".

Similar to the strength of the Pangolin Emperor, he dared to challenge Xue Qingcang and Guihai ancient clan giants.

Don't be afraid of the big fist of the fierce beast, you are afraid that the fierce beast has a culture.

Xue Qingcang and the others were really bluffed for a while.

"Hmph, the General Marshal is still in Beiliang City. If I am killed, the Marshal will definitely not spare you. What ancient clan, what kind of clan, do you dare to fight against the country? Do you want to die!"

The giant panda's nostrils are facing the sky, majestic and majestic.

The pangolin emperor is envious. This is a national treasure. Although we are a first-class protected animal, the treatment is too bad. We have to let the boss talk with the above tomorrow and list the pangolin as a national treasure.

When it comes to Gai Jiuyou, the blood Qingcang and Guihai ancients must be cautious.

"You are a national treasure in the secular world, but nothing in the martial arts world. There are more fierce beasts more precious than you, which kind of green onion are you." The Guihai Qianjun endured the pain, got up, gritted his teeth and roared.

"Did they file for the record?"

The giant panda asked back, leaving Guihai Qianjun speechless.

"Please remember that in Daxia, the provisions of the law and the red-head documents are only valid. I am a national treasure designated by the country. Anywhere, I am Daxia National Treasure, representing Daxia."

"Look carefully, this is the certificate issued to me by the relevant department of my filing."

The giant panda threw the certificate over.

Xue Qingcang glanced, and the corners of his mouth twitched. What was really special was true, not bragging. It really had a record, and the relevant departments had stamped more than a dozen chapters.

This makes sense.

"Who dares to move me!" The giant panda shouted again and proudly said: "Renew the certificate."

"By the way, you cut off my old brother's tail. This matter can't be forgotten. Although he is not a national treasure, he has also filed with me as a first-level protected animal. Do you have any objections to this?"

Xue Qingcang: "..."

Qianjun Guihai: "..."

The giant panda said, "It's fine if there is no objection. Beat my brother like this and cut off his tail. You are really cruel. If I go to Beiliang City to find the Marshal to complain, hum, catch you right away."

"However, seeing that you are also people with identities and giants, I don't have trouble for you."

"This peerless medicine should be used to replenish my brother's body, it's okay."

Qianjun Guihai said angrily: "Fart."

The giant panda hugs his chest with humanized hands, squints his eyes, and hums: "You have objections, that's okay, let's go to Beiliang City to find the Marshal, how about the Marshal's decision?"

Chapter 853: Ye Fanfawei

Guihai Qianjun's expression changed.

If you look for Gai Jiuyou, you may take care of the pangolin emperor.

The atmosphere became very strange.

Secretly, the four of Ye Fan almost laughed out loud, and it was absolutely impossible to calculate such a situation. It was too funny.

"Neinei's, why don't you feel bluffing?" The giant panda was anxious, and his palms were all sweaty.

"Brother, you go first, let me see who dares to be presumptuous."

"Go, boss, take care."

The Pangolin Emperor dived into the ground and disappeared in the blink of an eye.

Ruthless and unjust.

The panda cursed secretly.

Xue Qingcang's face was gloomy, and he couldn't give up the fire in the heart of the earth, because Young Master Xue Jade's injury was very serious, and he must be treated with a peerless medicine.

"scold."

With a flick of his finger, a high-spirited gas shot out, and the pangolin emperor, who was running wildly underground, felt the crisis and went down frantically.

Ye Fan's heart moved, controlling the power of the earth surging away, blocking the blow for the Pangolin Emperor.

"Um?"

Xue Qingcang no longer hesitated when he realized that a single blow could not be achieved. He snorted coldly, "You are a national treasure, I don't care about you, but the pangolin emperor wants to escape and dream!"

Rumbling.

The Gorefiend phantom stepped out and stepped on the pangolin emperor.

"The baby is very angry, and the consequences are serious."

The panda is angry.

The fierce and mighty, really surprising.

Afterwards, the giant panda rushed towards the Gorefiend phantom. He thought it would show his skills, but he never wanted to be slapped away.

"Asshole, how dare you hit a national treasure."

"If you dare to stop me, I will shoot you to death. I have to see if Gai Jiuyou will deal with my blood family because of you."

The panda's jumping feet are angry.

The pangolin emperor was so frightened that Ye Fan finally made a move.

One punch exploded the Gorefiend phantom.

With this punch, the blood that hits Qingcang was stunned.

The people of the Guihai ancient tribe were dumbfounded.

How powerful is the Gorefiend phantom, it was hit by a punch, what kind of combat power is this.

This was a punch that Ye Fan had brewed for a long time, and of course it was extremely powerful.

When Xue Qingcang was stunned, he quickly grabbed the Pangolin Emperor and galloped into the distance.

"Where to escape!"

Xue Qingcang was furious, and it was enough for the mantis to catch the cicada and the oriole, but there were hunters behind the oriole.

Wireless doll?

Seeing Xue Qingcang chasing the past, he returned to the main pipeline of the ancient sea: "Four and eighth, you stay and take care of the young master and the fifth and seventh. Second, you and I chase."

They just left.

Qi Tian made a shot and outrageously suppressed the two giants.

He was able to confront Nalanruo, possessing peak-level combat power, and unexpectedly suppressing the four and eight giants, it was not difficult.

"not good."

Qianjun Guihai was furious.

There are strong ones watching?

How many masters are hiding in the dark?

"Guiyuan combat body."

The Qianjun returning to the sea roared wildly, rushing out of qi and blood to suppress.

But in the next moment, Qi Tian appeared in front of him and struck him with a punch. The returnee Qianjun smashed into the ground and his body cracked.

"Hahaha, okay, okay."

The giant panda was about to chase the pangolin emperor, and when he saw this scene, he couldn't stop laughing.

"Strong man, thank you for helping me suppress these bastards. Rest and let me be called." The giant panda walked sternly, looked at the seriously injured Guihai Qianjun in the deep pit, and sneered: "With you in hand, the old **** will definitely be very obedient."

Qi Tian looked at the panda's familiar appearance, and smiled: "You are so courageous, you are not afraid that I will capture you as a mount."

The giant panda said: "I'm not afraid. I am a national treasure. You can use the national treasure as a mount to try and see if you can't be caught by it."

Qi Tian was speechless.

This panda is really stunned.

the other side.

Ye Fan fought against Qingcang, the chief director of Guihai, and the second of the giants.

Fighting against the three powerhouses alone, there is also a peak giant among them, and the chief executive is almost half the peak.

"boom!"

"boom!"

The mountains and rivers of the war are broken.

Countless fierce beasts and strong men have been alarmed.

Ye Fan's mighty power caused the pangolin emperor's five bodies to fall to the ground. He didn't expect a human being to be more violent than a fierce beast, it was a humanoid tyrannosaurus.

"Ye Hei!"

Blood Qingcang shouted.

"it's me!"

Ye Fan responded, casting the emperor's phantom shadow.

A trace of power erupted from the Dacheng Overlord's body.

"puff!"

The chief executive and the giant **** were bombarded, **** sky.

Xue Qingcang also avoided the edge for a while.

"Tsk tusk, it's too strong, Ye Hei is invincible, fighting against the three giants alone, not letting go."

"The Lord also said that Ye Hei was about to fight, and he was completely looking for death."

"Look!"

Suddenly, someone shouted.

Ye Fan displayed his unique knowledge of the Emperor, the Emperor Fist, and this fist seemed to break through the sky.

This unique school, as its name suggests, is taking the domineering path; and Ye Fan's hegemonic body and the emperor's phantom are very compatible with attributes, and under the blessing, the power of the emperor fist is greatly increased.

Xue Qingcang was smashed and flew back hundreds of meters.

"Tianwei palm."

Ye Fan didn't give up, pressing on every step of the way, and once again displayed the emperor's unique learning.

Xue Qingcang was photographed and fell.

The scalps of the people and beasts watching the game were numb. This was too violent. Is this still a young man?

"Mom."

The pangolin emperor is about to faint.

"Brother, let's not fight anymore, let's go, can you keep a low profile."

"Hahaha."

Ye Fan laughed. He really needed to leave. More and more powerful people came over, and it was bound to be exposed.

"Xue Qingcang, there is no chance to confront you in Fallen Soul Gully, now my wish is fulfilled."

"That's it for today."

"If there is a chance, we will have a good fight another day and a definite victory or defeat."

"As for the Guihai ancients...huh, the Guihai Qianjun wants to engage me, and what alliances are you building? You are dying."

"I laughed at the treasure medicine, and it was an apologize to me. As for the alliance that crusades against me, hurry up, otherwise, I will blame this seat for your kindness, Meier and the rest of the clan."

Ye Fan leaked domineeringly.

Just as he was about to take the Pangolin Emperor away, suddenly six people appeared in the distance, killing them mightily.

"Where does Ye Hei escape!"

"Killing so many people from the six ancient tribes of me, I thought it would be nothing, and I'm crazy about dreams."

"eye for eye."

The six ancient tribesmen came to kill Ye Fan unexpectedly. This action was really fast.

Ye Fan said coldly: "I didn't kill your people. I was in Beiliang City for the past few days. The Marshal can testify that the real culprit is someone else."

"They all dare to quibble at this time."

"Why don't you talk nonsense, if we join forces, can't we stand still and kill him."

"kill!"

The six strong ancient tribes are eager to try.

Ye Fan's face was cold and murderous, and he sneered: "It's really unreasonable. Since you are looking for death, we can't be blamed."

"Little thief, you still dare to fight our six ancient tribes alone. You are really invincible in the world."

"Gai Shi Huangquan!"

Ye Fan didn't bother to talk nonsense. This punch was stronger. Under the blessing of the overlord body and the emperor's virtual shadow, there was the fusion of "the true meaning of opening a mountain" and "the true meaning of Zhenhai", as well as the assistance of the power of blood and energy.

It can be said that it was Ye Fan's most prosperous punch.

Heaven and earth paled.

The coercion is pressing.

"boom!"

The six ancient camps were instantly penetrated.

A lively avenue 30 meters wide and hundreds of meters long was created, and everyone within this avenue was beheaded and wiped out.

Chapter 854: The tragic return to the sea thousand army!

There is no sound in the world.

This punch of Ye Fan blinded everyone, and his heart collapsed.

Xue Qingcang was also suppressed.

The people of the six ancient camps were petrified collectively, dumbfounded, sweating like rain, and their hairs horrified.

How many people and beasts are in an area 30 meters wide and hundreds of meters long?

There are three thousand less to say.

It also includes some beast kings, giants, masters, and strong beast kings.

But under that punch, everything was wiped out.

Horrible.

Killed three thousand people with one punch.

Shocked the audience.

"Humph."

Ye Fan snorted coldly, pulling everyone's thoughts back, and watching Ye Fan and the Pangolin Emperor leave quietly, no one stopped them.

Rao is the blood to Qingcang, and also resisted the impulse.

He was unsure, even if he desperately suppressed "Ye Hei", he would be seriously injured. At this time, he would be picked up by other old monsters, and the gain would not be worth the loss.

"This son, don't stay."

Xue Qingcang murmured, then turned and rushed to Luolongpo.

Since he couldn't get the fire bamboo at the heart of the earth, he could only go to Wanzang Mountain to find the peerless treasure.

The chief executive and titans of the Guihai ancient clan were full of anger and unwillingness, but they returned very helplessly.

Woo woo woo.

High in the sky, the cold wind howled.

The pangolin emperor trembling, sent the earth-centered fire bamboo and the nether stone to Ye Fan.

"Boss."

"You are quite witty."

"Of course, I don't want to be smashed to death by your punch. Big brother, your direction is wrong."

"There is nothing wrong, let's go back to the valley again."

The chief executive two arrived in the valley with their front feet, and behind, Ye Fan rushed to the valley with the pangolin emperor.

They are like enemies.

Ye Fan said: "Don't be nervous, I only make money and don't kill me."

The general manager gritted his teeth and said: "Ye Hei, you have already got the Fire Bamboo and Nether Stone at the heart of the earth, what else do you want, don't deceive others too much!"

"Ye Hei?!"

"It's you!"

Qianjun Guihai was furious, his angry face twisted.

A humiliation came to my heart.

He joined forces with the six ancient tribes to form an alliance to kill Ye Hei, but he never wanted to be calculated by Ye Hei.

All the precious medicines are lost.

"puff!"

The Qianjun Guihai spouted a gulp of blood, his face pale and shaky.

"Little Lord."

The general manager and others were worried.

At this time, the giant panda walked up, imitating a human being, holding a fist and saying: "The strong man turned out to be the champion of the Shenwu Conference, the hero who has won glory for the country, and he has been admired for a long time."

"you flatter me."

"I am a panda fierce beast. This is my certificate, number 001. This shows that I am the first giant panda to successfully practice for the record."

Ye Fan was amazed, and exclaimed: "It's amazing, it's amazing."

The giant panda laughed: "Strong man, the fire bamboo at the center of the earth, take it out and let me have a look."

"Give."

Ye Fan threw the geocentric fire bamboo to the giant panda.

This operation makes it impossible to fix the panda, so why can you give it to him easily?

The pangolin emperor said timidly: "Boss, you can't take it with you. You don't know how powerful Master Ye is. He beat the six ancient tribes and Xue Qingcang stupid with one punch."

"How can a dull thing grow the aspirations of others to destroy the boss." The giant panda slapped the pangolin emperor's head, and then began to study the fire bamboo at the center of the earth.

Swallowed?

The panda has a fiery mind.

Suddenly, an icy cold air spread, locking him and the Pangolin Emperor.

hiss.

It's cold.

The giant panda's hair is upside down, and the scales of the pangolin emperor are also tossing up one by one.

Nalanruo and the water **** revealed their true bodies.

"It's the pinnacle power again." Guihai Qianjun's pupils contracted.

Why!

Why does Ye Hei have such a strong appeal?

Qianjun Guihai is not reconciled.

Ye Fan didn't bother to take care of the giant pandas. Nalanruo stared at him, and forgive them for not daring to make mistakes.

"Young Master Guihai, let's not talk about the previous things, I just ask you, do you know how to use pupil skills?"

"What's the meaning."

Qianjun Guihai looked on guard.

Ye Fan said, "You are a double pupil. This is very rare. Daxia has a history of thousands of years. The number of double pupils recorded in ancient history is counted. The double pupil is known as a symbol of the emperor and hegemon. I don't believe you. Both eyes are ordinary, and they will definitely be able to perform pupil surgery."

"What are you asking about? Do you want to learn pupil technique? Ye Hei, your ambition is really big enough."

"Know it, don't be so stingy. You have to know that you are under the eaves at this moment and you have to bow your head." Ye Fan said with a smile.

"dream!"

The Qianjun Guihai closed his eyes, motionless, letting the posture of slaughter.

The chief executive was very worried, thought about it, and said, "Young Master Ye, let me talk about it."

"Master, shut up!"

"Young master, it is true that people have to bow their heads under the eaves. Besides, this is not a secret. It doesn't matter if you say it." The chief executive leaned slightly, then looked at Ye Fan and said: "My young master does practice pupil technique, but Haven't awakened yet."

"Not awakened?"

"My young master's pupil technique is very special. Although he is a double pupil, he has not awakened, and pupil technique cultivation has no power. Only waiting for an opportunity, once he awakens, he will fly into the sky."

Qianjun Guihai sneered: "Ye Hei, don't think that I am inferior to you. If I awaken with my pupils and my pupils are invincible, would you be my opponent."

Ye Fan squinted, ignored him, and asked the chief manager, "His pupil technique training method must be re-pupil before he can practice?"

General Pipeline: "It's true."

Nalanruo said suspiciously, "Are you sure?"

"It's true, if you lie, I will be thundered. Master Ye, there is no use for you to practice the pupil technique."

The giant panda said abruptly: "That's not easy. Now that medicine is very advanced, let's have an eye transplant."

These words scared the Guihai Qianjun to death.

A panic lingered in his heart, and the heavy pupil was his last trump card, relying on these eyes to turn around in the future.

If it is dug, it will be completely cool in this life.

The general manager's face changed drastically, and several people would return to the sea and Qianjun to protect him.

"Young Master Ye, eye transplantation won't work, don't expect it. If you hurt my young master's eyes, it will be my mortal enemy of the Guihai Ancient Clan, who will never die. My Guihai Ancient Clan will immediately try my best to kill him. , To kill you at all costs."

"Do you think I would be afraid that you will return to the ancient sea?" Ye Fan was full of playfulness.

The atmosphere was suddenly tense.

At the end of the day, the third and sixth giants came back, and the eight giants were all together.

Although four were seriously wounded, it would be terrifying if he was really desperate and blew himself up for the Lord.

"Someone is coming." Qi Tian suddenly reminded, "This breath...should be the young master of Ming Dynasty who advocated Junming."

The general manager's eyes brightened, and he seized the opportunity to take the Guihai army into the sky.

"Young Master Zhang!"

"Here!"

The general manager shouted with all his strength.

Ye Fan frowned, and Zhang Junming and the Black and White Law King came over, and they were likely to have a big fight.

There are too many enemies during this period, and it would not be good to add another Da Ming Gu Sect.

Moreover, Ye Fan still doesn't know the relationship between his father and Daming Ancient Sect.

After thinking about it, Ye Fan decided not to conflict with Daming Ancient Sect for the time being.

"Withdraw first."

Ye Fan took the **** of water.

Qi Tian and Nalanruo grabbed the giant panda and the pangolin emperor and disappeared in a hurry.

The general manager breathed a sigh of relief.

Zhang Junming and the three arrived, and saw the miserable appearance of Qianjun Guihai, very sympathetic.

"Where is Ye Nei? I heard his fame and found it."

"gone."

"That's really a pity." Zhang Junming sighed, then turned around and stretched out his hand: "Get it."

The general manager was taken aback for a moment, "What for?"

Zhang Junming righteously said: "If we hadn't arrived in time, Ye Hei would definitely not let you go easily, so I need to be paid."

Qianjun Guihai looked ugly, and said in a deep voice, "You are taking advantage of the fire."

"No, right." Zhang Junming's face gradually appeared frost, and the black and white King also entered a fighting state.

The general manager was furious.

Although they fought, they were not afraid.

But it really can't happen anymore.

If all nine of them were damaged in the ancient relics of the Northern Wilderness, it would be a great loss to the Guihai ancients.

"what would you like?"

"What can you guys take out now? I don't want junk stuff."

The general manager gritted his teeth and threw out a yellow book, saying: "This is my unique school of Guihai Ancient Clan."

"It's pretty much the same."

Zhang Junming put away the yellow book, turned and left with the black and white Karmapa.

Guihai Qianjun watched Zhang Junming and the three people leave until they could no longer see their backs, their complexion flushed, and the suppressed blood spewed out, and then their breath was faint.

"Young Master, don't get angry, relax, the road ahead is still long."

"Yes, young master, thirty years in Hedong and thirty years in Hexi, you are still young."

The Qianjun Guihai was weak, but his teeth were rustling, and the depths of his eyes were full of resentment.

"Ye Hei! Zhang Junming!"

"I want to awaken the double pupil and cultivate into the invincible pupil technique, to snow today's shame!"

Chapter 855: Look at Ye Fan

"Ye Fan, why didn't you kill the Guihai Qianjun." On the way, the God of Water was very depressed and regretful, and couldn't help saying: "You have offended the Guihai Ancient Clan, they will not give up.

Guihai Qian Once the army awakens the heavy pupil, it will be your strong enemy. You should solve him in advance, and you can't raise the tiger. Even if you don't beheaded, you can also abolish his eyes and prevent him from rising."

"He is not guilty of death." Ye Fan's face was calm and indifferent, "I have snatched the fire bamboo and the Netherstone from the heart of the earth, it is enough. Come, I can't stand the moral level either."

"Furthermore, I have confidence that even if he awakens his pupil, I can suppress it. He will always be my defeated opponent."

"...Actually, the biggest reason is that I want to see what height the double pupil can reach after awakening."

The God of Water bit her red lips and sighed secretly. She couldn't see the cannibalism, she was very distressed.

Ye Fan joked: "Take your careful thoughts away, the foundation of the Daxia martial arts world is not what you can imagine. Even if Guihai Qianjun is killed, what about the power of the Daxia martial arts world is weakened? No. Even if it is destroyed. The Guihai ancients cannot shake the foundation of the martial arts world. This is the huge dividend and confidence brought by the long history and population base. Daxia will never lack talents, and the martial arts world will never lack evildoers."

The water **** sneered and said: "Don't blow it up, how many martial arts world like Guihai Qianjun is such a arrogant person? There will be one death and one less."

Ye Fan was too lazy to argue, and said nonchalantly: "When I swallow the fire bamboo in the heart of the earth, and make a breakthrough, I will shoot the Lord to death."

"Jehovah is not as simple as you think."

"Really, does he still have any reservations at the Shenwu Conference?"

"Of course, Jehovah is a student of the God of Cronus. How could it be easy. If you hadn't played tricks, you would fight Jehovah in the martial arts conference. It is unknown who will win."

"The God of Cronus?" Ye Fan and the three were surprised.

Realizing that he had leaked his mouth, the water **** entered the silent mode again.

Ye Fan didn't ask further, and smiled: "It's better to have reservations. Only then can you expect and be interesting, otherwise it will be very boring."

A group of people landed on the top of Baoshan.

The giant panda said, "Brother Ye, give me a face, let me give you the fire bamboo."

"This is a high-level, peerless medicine, or a rare extremely yang attribute, which can be met with unquestionable good fortune, why should I let it go to you?"

"Because the fire bamboo in the center of the earth was grabbed by my old brother, if it weren't for him, the Qianhai army would have swallowed it. For the fire bamboo in the center of the earth, my brother paid a terrible price, and his tail was cut off. So, this place Xinhuzhu must be let to us and repair my brother's injury."

The panda looks serious, serious, and awe-inspiring.

Ye Fan glanced at the Pangolin Emperor and said, "You can't die if the tail is broken, but what you said makes sense..."

The giant panda was overjoyed and said, "Hahaha, brother Ye knows the righteousness, and he deserves to be a great hero."

"What's the hurry, I haven't finished speaking yet."

"what?"

"Looking at what you said makes sense, I decided to compensate you a little bit, that is...you two follow me, and I cover you."

The giant panda suddenly exploded.

"Ye Hei, my dignified national treasure still needs you to cover me, what are you kidding me. No, the heart of the earth has to be given to me, and at the worst, I will score half of it, otherwise..."

"Otherwise, what can you do?"

"Puff."

The giant panda sat on the ground with a nose and tears and said, "Do you know how I came here these years? Do you know how difficult it is for a giant panda to cultivate to this point? How much has I suffered? ."

"I swear that I will step on the guy who bullied me before, but I have reached a bottleneck in my cultivation, and it is too difficult to make progress."

"But now a great opportunity lies in front of me. As long as I swallow the fire bamboo at the heart of the earth, I can transform and become a powerful beast king, and will not be humiliated by the old monsters at will."

"Brother Ye, do you have the heart to break your belief in a national treasure! There are a lot of peerless medicines, but this is the only national treasure beast like me. Which is more important? It goes without saying. Take it, bamboo is my best You like to eat, God destined the heart of the fire bamboo to be mine, reasonable and reasonable, you don't go against the will of God."

Everyone can't laugh or cry.

Qi Tiandao: "You want to fight the guy who has bullied you. It's very simple. Follow him, with his strength, the Peak Beast Emperor can also get down, and it's not an exaggeration to bring you air every day."

The giant panda hummed, "That won't work, how can it be subjugated to a man's dignified national treasure."

Ye Fan said: "Okay, don't talk about it, it is impossible to give you the fire bamboo at the heart of the earth. You can go, otherwise I will change my mind and stew you."

"you dare."

"Boss, he really dares, he is a ruthless man, let's retreat." The Pangolin Emperor said weakly.

The panda is very unwilling.

Ye Fan said: "I speak for words, you want to follow me to find me at any time."

"Ye Hei, you are really dark-hearted. It will be long in the future. You may not fall into my hands one day, hum." The giant panda left angrily.

"Sir, don't go to your heart, my boss is angry, goodbye." The Pangolin Emperor was very polite.

Ye Fan didn't care.

He took out the fire bamboo and the nether stone in the heart of the earth, and both Nalanruo and the water **** stared at the nether stone.

"Give me."

"Ye Fan, I want it."

Both women spoke.

Ye Fan gave the Netherstone to Nalanruo. Although the Water God knew that this would be the result, he was still very uncomfortable.

Netherstone is likely to bring her transformation, but unfortunately, she is not from Daxia.

Netherstone must be given to Nalanruo, there is no doubt about this. Ye Fan knew very well in his heart that his mind within the non-my race must be different, and the water **** is a foreign race after all.

Is it possible that just because we have been together these few days, we have feelings?

What a joke.

However, Ye Fan spoke to comfort him, saying: "Water God, if you can reveal the secrets of the power organization, such as the Cronus god, I can ask Nalan to lend you the Netherstone for a few days."

"Dream."

"Then it's all right." Ye Fan shrugged, then blinked at Nalanruo.

Nalanruo was so smart, guessing what Ye Fan meant.

She held the Netherstone in her arms, used the extremely cold air to stimulate the Netherstone to exude mystery, and then deliberately approached the Water God.

The mysterious meaning of the nether stone stimulates the water **** in the dark, making the water **** uncomfortable, and there is a strong desire in my heart.

Ye Fan snickered, the constant stimulation, he didn't believe that the **** of water could hold it.

"Ye Fan, I also have the credit. Does the earth-centered fire bamboo score me a little?"

"And I."

Both Qi Tian and Nalanruo have positions.

Ye Fan has a headache.

In the end, it was decided to allocate it by himself. Qi Tian and Nalan would definitely not agree.

How to allocate is also a problem.

After a quarter of an hour's argument, the final result was that Qi Tian and Nalan Ruo each got a quarter.

Ye Fan owns half of it.

"You have seen my character, such precious treasures are distributed to you, and now you are protecting me, what's the problem?"

"Can."

The two nodded, they were satisfied.

In the beginning, they didn't report any hope, thinking that Ye Fan would eat alone.

After all, if Ye Fan didn't distribute, they were helpless.

Is it a big battle?

This will not have any results.

"Then I will start directly, without lagging behind, half of the core of the earth, I can hold it."

Sitting cross-legged, Ye Fan swallowed the scarlet fire bamboo into his abdomen.

In an instant.

A fire rose in the body.

This flame, which cannot be treated with common sense, is the heart of the earth, possessing terrible burning power.

"call."

moment.

Ye Fan's clothes disappeared in ashes, and all the hair on his body fell off and drifted away in the wind.

At this moment, Ye Fan was naked.

"what!"

The water **** yelled and turned around abruptly.

This incident caught her off guard, and it was the first time she looked at a man's body.

Especially Ye Fan was burned by the heart of the earth, blood boiled, and his whole body was congested, including the following of course.

It can be described as...

A pillar of the sky.

Nalanruo's face solidified, but she was a middle-aged woman, and she had a better reaction than the water god.

After three seconds, he turned around and retreated away from the water god.

Qi Tian didn't move, staring at Ye Fan closely, and his eyes narrowed. Seeing Ye Fan's huge capital, he felt a sense of crisis inexplicably.

Chapter 856: Half a step, physical inscription

Ye Fan had already fallen into a state of cultivation and didn't know his external situation.

The fire bamboo in the center of the earth was originally just a tiny bit of sparks, but for some reason, it might be due to the overlord body, directly igniting the sparks.

At this moment, there was a small flame in Ye Fan's body. Although it was not the size of a pinky finger, it had infinite power.

Ye Fan felt that the flesh and blood all over his body would melt, the blood would go to war, the bones would rot, and the whole person would be wiped out by the ashes of burning.

"Rumble."

The tyrant body recovered to its extreme spontaneously, suppressing the flames in the heart of the earth.

However, it is not enough.

Ye Fan's skin was red and hot, some parts began to crack, blood was flowing, and it was shocking.

"what happened?"

Nalanruo came back and was a little embarrassed at first, but now she felt nothing and looked at Ye Fan calmly.

She has already cut her love, and there is no emotion in this aspect. In her eyes, it is just a flesh, blood and bones. It is the same for men and women, and there is nothing special.

"We have somewhat underestimated the power of the heart of the earth." Qi Tian looked solemn, "We can't help, we can only rely on him to carry it. Big risks will inevitably be accompanied by big gains. As long as they pass, Ye Fan's strength will definitely skyrocket. ."

Is it resistant to the past?

Ye Fan himself felt that it was a problem.

"I can't suppress it anymore."

The flesh, blood, and bones in his body have been burned, and the internal organs will be greatly damaged if he continues.

"Damn it!"

"A trace of the heart of the earth is so terrifying, it's simply unreasonable."

Ye Fan frantically ran the Domineering Body Art, manipulating the physical body, rewinding the power of qi and blood, scouring the flames in the heart of the earth.

But these qi and blood were all evaporated before they got close.

Ye Fan was thin with naked eyes.

"good."

The water **** secretly rejoiced.

"If a Tianjiao like Ye Fan falls, it will be a great thing for our organization."

"Who makes you bleak, now it's okay, let's play with yourself to death."

The water **** was happy, but suddenly thought of something and became worried.

Ye Fan planted a means in her body, if Ye Fan falls, who will help her relieve it.

At this moment, the water god's mood became complicated again.

Ye Fan reached the most difficult point.

Upon seeing this, Nalan took out the Netherstone.

Qi Tiandao: "You want to use Netherstone to help him suppress the flames in the heart of the earth?"

"nonsense."

"Wait, his physique is very masculine and strong, and it complements the flames of the heart of the earth, and he will resist the past and benefit infinitely. If he uses the most inferior treasure like the Netherstone to reconcile, it will greatly weaken the effect."

"But....."

"I can't be wrong. If Ye Fan really can't handle it, he will definitely ask for the Netherstone."

Just as Qi Tian thought, Ye Fan wanted to ask for the Netherstone many times, but that was not good.

Yin and Yang reconciliation does not apply to Ye Fan.

What the domineering body wants is the most masculine and strong, and the Netherstone blends in, and the effect is absolutely compromised.

Ten minutes passed.

If Nalan saw that Ye Fan's breath was beginning to decay, he couldn't help but said: "No, the effect of the medicine is greatly reduced.

Qi Tian did not stop this time.

But when Nalan Ruo was about to throw the Netherstone over, Ye Fan's body was shaken, and the emperor's phantom rose behind him.

A vision emerged.

Ye Fan's whole body aura began to rise again.

Qi Tian and Nalanruo looked at each other, knowing that Ye Fan had passed by, and then there was no danger.

"It's a monster, you can't die." The God of Water had nothing to say.

Rumbling.

Behind Ye Fan, the emperor's phantom became taller and taller.

It used to be 100 meters, but now it has risen to 130 meters, and it continues...

"Mysterious Sect Secret Art really helped me a lot, and it really turned out to be mysterious."

Ye Fan was ecstatic.

Just when it was about to fail, the cultivation method of Xuanmen Secret Art came to mind.

In the Beiliang City City Lord's Mansion, Ye Fan had a bit of insight into the mysterious technique of the Profound Sect.

Under the leadership of Xuanmen Secret Art, the Tyrant Body seemed to show even greater power.

Start a counterattack.

The flames in the center of the earth are retreating steadily.

Eventually the flame went out.

This declared Ye Fan's victory, and the majestic medicinal power was surging, circling his limbs and corpses.

The originally thin body is bulging, the flesh is in itself, the blood is filling, and the hair is growing.

After half an hour.

Ye Fan's skin recovered as before, and it was tougher than before.

Hair also grows out.

The long hair all over his head is more supple and elegant, more lustrous, setting off Ye Fan's handsome face, adding a misty and dusty fairy air.

"boom!"

A wave of coercion fell.

Nalanruo and Qi Tian felt bored and looked up and found that the emperor's phantom had reached two hundred meters.

Moreover, it is more substantial than before, but it is still very vague, because Ye Fan Dacheng's overlord body has not been completely completed.

"It's so powerful."

Qi Tian admired and envied him.

Ye Fan's physical body is simply invincible.

In addition to the emperor's virtual shadow, Ye Fan's physical body has also changed, revealing a halo from the inside out.

If you look closely, you can find that there are tiny lines under Ye Fan's skin, criss-crossed, densely packed, all over Ye Fan's body.

"what is that?"

"It looks like an ancient brand, I don't know if it is good or bad."

Nalanruo and Qi Tian approached Ye Fan again, carefully studying Ye Fan's body.

The Water God glanced quietly, still turned his back, did not turn around.

"These lines..."

Ye Fan knew his body well now.

The marks under the skin looked terrifying, but gradually disappeared, hiding in the flesh and blood.

"The tyrant body has become two treasures, one is capable of manifesting the emperor's phantom, and the other is the inscription of the flesh."

"Physical inscriptions need to be condensed, and it is a troublesome thing. I don't know how many resources are needed, but the good thing is that there are 108 inscriptions. Each time the inscriptions are condensed, the physical attributes will increase by one point.

Ye Fan was extremely excited.

The Tyrant Body Jue is simply terrifying.

You know, this is only the Dacheng Hegemony body; the peak Hegemony body above, and even the Heavenly Hegemony body of the final level.

The brand fragments in Ye Fan's mind were trembling again, it seemed that Emperor Zun's fists smashed through the sky, and the picture of smashing the stars appeared before his eyes.

"This road is too long."

Ye Fan suppressed his excitement, not being proud and complacent, "It's just 108 inscriptions of the flesh, I don't know how long it takes to condense. Let's take a step and look at it."

After half an hour.

Everything returned to peace.

Ye Fan opened his eyes and let out a long sigh of relief, full of energy, and his face was red.

He stood up.

"what!"

This time, Nalanruo couldn't help it either.

Ye Fan didn't wear any clothes. He stood up and flicked his big money. Nalanruo had already lost his affection and felt uncomfortable.

Special code.

Qi Tian thought it was deliberate and deliberately showed up in front of him to force him to give up Yue Linglong.

"Forehead."

Ye Fan knew that he was naked and completely naked, very embarrassed.

Some leaves were drawn by the gang air, covering the body.

In the sky, the white fox galloped from.

"Boss, the clothes are here."

A brand-new white robe was brought over, and Ye Fan put it on his body, which was very suitable.

That is, there is a gap in it.

Panic.

The white fox had long sensed that Ye Fan was here, and saw that Ye Fan's clothes were broken, so he went to the ancient city to buy clothes, which was very considerate.

"Gone?"

"Uh, no, what else do you want, boss?" Bai Fox looked blank.

"Nothing, it's good."

Ye Fan realized that some fierce beasts would wear clothes but not underwear, and the white fox didn't know how to buy them.

Forget it, just let it be in the neutral position.

It's also very exciting.

"Ye Fan, what is your current strength?" Seeing Ye Fan put on his clothes, Nalanruo and the Water God walked over.

"I have made great progress, and I will be invincible under the conditions of one-to-one fairness in the face of Xue Qingcang."

The progress of Dacheng Tyrant's body has reached half, and Ye Fan is now very confident.

The **** of water became anxious and worried for the Lord.

In the next step, Ye Fan will go to the Taiping Mountain to fight the Lord.

Chapter 857: Water **** is anti-bone boy?

"Hey, Ye Fan, now that his strength is greatly improved, according to international practice, he should find someone to practice."

"reasonable."

"I heard that the Lord is still waiting in the Taiping Mountain, or you go over and slap him to death to strengthen my Xia Guowei." Nalanruo glanced at the water **** and said so deliberately.

The God of Water was surprised. Although he knew that Jehovah had a trump card, Ye Fan's enchantment and power were beyond her expectations. She was really worried that Jehovah would be shot to death.

Although she didn't catch a cold to Jehovah, she was from the same organization after all, how could she watch him be beaten to death by Ye Fan.

"Ye Fan, Lord, you can't move."

The water **** stopped Ye Fan's way, his face was extremely solemn, and his tone was serious.

"Why, there must be a reason."

"Because..." The God of Water paused, then his face flashed in awe, and said, "He is a student of the God of Cronus."

Here comes the point.

What is needed is this effect.

Ye Fan secretly said that if you get along with someone as smart and cooperative as Nalan, you will come here comfortably.

"Let's talk about it, what is the origin of this God of Cronus, is it possible that I am not an opponent?"

"You are not far behind."

The Water God sneered disdainfully, and said proudly: "The God of Cronus is one of the three masters of our organization."

Just this sentence made Ye Fan and Nalan Ruo solemn.

The person in charge of the ability organization is amazing.

"I'm just a demigod. Jehovah and Zeus are both, but Lord Cronus has undergone a complete transformation. He is a true **** with earth-shattering strength."

"Ye Fan, it's not that I attacked you. Although you are very enchanting and strong, facing the **** of Cronus, it is like an ant seeing an elephant."

"Ants are compared to elephants? Oh, just blow it up, who do you look down on." Ye Fan didn't believe it. Even if Cronus was strong, it was impossible to crush him.

His current strength is the presence of the head among the pinnacle giants, and it is already the pinnacle in the entire Daxia martial arts world.

Cronus can crush him, doesn't it mean that he can crush the entire martial arts world.

With your toes, you know it's impossible.

The **** of water is bragging about it.

"Hmph, don't believe it, anyway, I'm telling the truth. The God of Cronus is not what you can imagine. Jehovah is his student. If you kill Jehovah, the wrath of the gods will be unbearable."

"If you say that, I'm going to take the Lord even more. Since I have forced Cronus to appear, let's see what the level of the gods you are after."

"Ye Fan, you are playing with fire and self-immolation. You will regret it, and you will pay a heavy price for your ignorance." The God of Water was very angry and felt that Ye Fan was unreasonable.

Nalanruo said: "No matter how strong Nakronus is, he can't get into Daxia's interior, so there is almost no threat to Ye Fan. Water God, this information of yours does not have much value."

Ye Fan said, "Indeed, if you want me not to deal with Jehovah, you have to come up with more valuable information. Of course, you can also refuse, then the result is the fall of Jehovah and the ability organization loses a young earl."

"Oh, young earl, a student of the gods, if you are shot to death, the ability organization that hits will lose its face, and secondly, it will be a big loss to the ability organization."

"You are not like us in Daxia. The martial arts world has a long heritage. Throughout the ages, the heritage is unimaginable. How many years have you been genetically modified, and how many young counts like Jehovah are there?"

The **** of water sank to the bottom with a heart.

Indeed, Jehovah is the Son of God, and there are not many Sons of God in the entire organization.

Ye Fan urged: "My patience is limited."

A sense of tension hit the water god, making her a little flustered.

In fact, this is Ye Fan, Qi Tian, and Nalanruo secretly releasing their breath and exerting pressure imperceptibly.

Where did the water **** play three peak powers?

Undoubtedly defeated.

"Ye Fan, how can I be sure that you can speak up? If you turn back, I can't do anything with you."

"It's very simple. I can let the white fox go to the Taiping Mountains to spread the news and tell the Lord, the God of Water begs for mercy. I will spare him his life and let him leave quickly. If the Lord is smart, I will definitely not stay in the Taiping Mountains."

"Besides, my character is guaranteed, at least you are a hostage, and I didn't act against you. If I were a treacherous villain, to be honest, you are so beautiful, you would have been ruined long ago."

The white fox said puzzledly: "Boss, haven't you already ruined it."

Qi Tian seized the opportunity and ridiculed: "It is said that you are a good man... it's not fake."

Ye Fan's face was full of black lines.

The water god's eyes flickered, took a deep breath, and nodded: "Ye Fan, I will trust you once."

"Let's talk about it and see if there is any useful information in exchange for Jehovah's life."

"In our superpower organization, there are many factions. One of them is very respectful of Daxia martial arts, and believes that Daxia martial arts is the kingly way. It is hostile to other factions, and even the people of this faction are either imprisoned or monitored. This faction has been labeled as an 'anti-bone faction'."

The words of the water **** caused Ye Fan's thoughts to go back and forth.

Ye Fan thought of someone.

Gulot.

When he first came to the Northern Wilderness, he was attacked by the ability team, and among them there was a powerful ability person named Gulot, who was a member of the Anti-Bone Sect.

The ability organization did genetic modification, and found that the security and success rate of the Daxia warrior's transformation was higher. This caused fierce debates in the ability organization, and even broke the belief of the ability organization that year.

Although the turmoil finally calmed down, some people grew up in the organization, and they began to admire Daxia martial arts extremely, believing that martial arts practice is the kingly way, and genetic modification will ultimately be difficult to beat martial arts.

This is the origin of the anti-bones.

"Do you know the Anti-Bone Sect?" Water God asked Ye Fan in surprise.

"Yes, I still know Gulot."

"Really?" The water god's face changed, and he quickly recovered his calm, said: "Gulot is an outstanding genius of the anti-bones faction. More than a month ago, he took part in the plan of creating gods, and successfully transformed, using power and flesh. The way to gain supernatural power."

"only....."

"But what?"

"That's what I'm going to say next." Water God stroked his thoughts and said: "All the anti-Boneists are now imprisoned, facing sanctions, and they will all be put to death."

Ye Fan frowned and asked, "What about the reason?"

Water God said: "It was caused by Gulot. He participated in the god-making plan, and he was transformed. He was incredibly powerful and had reached the level of a young earl."

"But because there are many factions in the organization, the struggle is fierce, and Gulot is an anti-Bone faction, so he was targeted, framed as a betrayal of the organization, fabricated the so-called 'conclusive evidence', and angered the God of Cronus. He was suppressed, Together with all the anti-Bone faction all arrested, it is calculated that the time will be decided in seven days, and all will be executed."

"I have dealt with Gulot. Although he is an antagonist, he will never betray the organization. He is a very upright and faithful person."

"Among those arrested, there are also some innocent people who have been implicated. If all were executed, it would be a huge unjust case."

Ye Fan's face was weird, and he said tentatively: "You tell me this, don't you want me to save people."

Water God nodded without thinking: "This is indeed the idea."

"Don't talk, it's not that way to make a joke, you are an international joke."

"I'm not joking, I'm serious. Ye Fan, listen to me. Those villains were wronged and are going to be executed. They have resentment and hatred in their hearts. If you save them, there is a chance of rebelling. Among the opposition. There are many high-level organizations who know a lot of secrets. Once they instigate a rebellion, they will tell you the secrets. Then I would like to ask, is this a great contribution? You will become the number one hero of Daxia."

Ye Fan touched his chin and looked at the God of Water, his eyes made the God of Water uncomfortable.

"What do you think of me?"

"How do I think that you are also a gangster, and also said yes, you are interested in Gulot? Your main purpose is to save Gulot? Right?"

Chapter 858: Negotiate with the Generalissimo

"What nonsense are you talking about!"

The water god's face was cold and angry.

Ye Fan approached her and stared closely at her eyes, while the water **** was unwilling to show weakness, and stared at Ye Fan.

"Your eyes are not strange."

"Actually, this just means something is wrong; it stands to reason why there is nothing unusual."

"This can only happen if you try to hide it."

The water **** glared at Ye Fan and was too lazy to argue. She turned around and said coldly: "Seven days later, the ruling will be in Bermuda."

"You have to ask why you chose there? It's very simple. There are many anti-bones and people affected, more than 3,000 people. So many people are put to death. If the wind leaks accidentally, it will cause a global disturbance, and the whole world will condemn it, our country There will be extreme pressure. And the Bermuda base has just gone through the flames of war. The corpses are everywhere, and the beacon smoke is full of devastation. It is the best place for execution."

"I have said everything that should be said. It is your business to go or not. In short, the value of this information is immeasurable, enough to make you give up killing Jehovah."

After the Water God finished speaking, he walked away and entered the woods to calm down alone.

Nalanruo said, "The God of Water makes sense. If we can save more than 3,000 people from the rebels, we will be very grateful. Don't ask them to take refuge, but as long as you instigate some people and obtain confidential information, it is definitely a great contribution."

Ye Fan nodded and said in deep thought: "This is a big event, and in Bermuda, it's too far away. I have to go to Beiliang City to talk with the Generalissimo."

"noob."

"Boss, do you want me to go to Victoria Peak?"

"Yes, go to Taiping Mountain and tell Jehovah that the **** of water begged for mercy. I will open my mind to him. I won't kill him for the time being and let him do it for himself."

"Yes."

After the white fox left, Ye Fan and the four came to the ancient city.

So there are so many warriors and fierce beasts coming.

"Jehovah."

The voice of the white fox was loud, spreading everywhere.

"Little beast, dare to call his son's name directly." The Lord was very disdainful, and the half-step beast emperor dared to make mistakes.

"Jehovah, are you pretending to be you."

"My boss is Ye Hei, I came here to send you a letter."

The white fox deliberately sold it, let the emotions ferment for a while, and saw a pair of expectant eyes, he shouted: "Jehovah, **** up your ears and listen. My boss was going to come over and kill you, but the water **** looks at the same one. For the sake of the members of the organization, I said a few words for you. The God of Water is really my boss's favorite concubine, so for the sake of the face of the God of Water, my boss said that for the time being, I will let you make a living, so you can do it for yourself."

These words, rippling between heaven and earth, lasted for a long time.

The sky and the ground are very quiet.

After ten seconds, it was boiling.

"Domineering!"

"It's so cool, Ye Hei is humiliating Jehovah. He really raises the prestige of our country."

"Ye Hei should be lingering with the water **** right now, tsk tsk, I envy Ye Hei too much."

"Look at the Lord, I'm afraid I will vomit blood out of anger."

The rumors were raging like waves, making the eyes of Jehovah black.

The white fox did not give up, added another fire, and threw a large communicator, all of which were playing videos.

"What I said is true, there is video testimony."

"Jehovah, this time my boss forgave you, next time you won't be so lucky."

The white fox left quickly, worried that the Lord would go crazy against him.

Jehovah also got the communicator.

In the picture, Ye Fan is pulling the water **** Yukong and walking. The two are very close, and they seem to be very happy and at ease.

This video was actually secretly filmed by Nalanruo, and then passed to the white fox.

"puff!"

In the end, Jehovah couldn't hold back, and he spouted blood, squeezing the communicator.

"Ye Hei!"

"Ah ah ah - you and I irreconcilable, die endlessly!"

This rage full of resentment and killing intent, resounded through the clouds and conveyed ten miles.

The Lord left Victoria Peak.

Ye Hei won't come over, maybe I'm with the Water God Qingqing, and if he continues to stay here, it would be humiliating himself.

"So majestic."

Below the mountain, a woman muttered to herself, her eyes erratic.

"Who would have thought that Ye Hei was so terrifying, it is our mortal eyes that are blind."

Hao Yun's face was bitter.

This is the mercenary team with Ye Fan before.

Before the Shenwu Conference, they were shocked when they saw Ye Hei's supernatural power.

Today, Ye Fan didn't show up, but the young Earl vomited blood, but he humiliated Jehovah. It can be said that he has won the victory.

Such a supreme arrogant talent, they didn't pay much attention to it before. If they can make a good relationship, then there will be many benefits in the future.

Especially the woman in military uniform was even more remorseful and ashamed, she was always ridiculed.

Thinking about it now, Ye Hei was really broad-minded, otherwise she would have died a hundred times.

"Let's go, we and him are not from the same world. It is our honor to be able to walk with him before."
Hao Yun greeted, and everyone left lonely.

...

Beiliang City.

Under attack.

Zeus personally led the army to attack the city, and at all costs, the Beiliang City was under great pressure.

Both sides suffered a lot of casualties.

City Lord's Mansion.

He Ning and other generals looked solemn.

"Grand Marshal, what kind of madness has Zeus gone, he is completely recklessly fighting the consequences, something is wrong."

"It's not Zeus, it's Jehovah." Gai Jiuyou guessed that the videos angered Jehovah.

He Ning hesitated to say something and stopped, he had long felt that those videos would be a big mess.

it's good now.

People smashed the city like crazy. Although Beiliang City was not afraid, these unnecessary casualties could have been avoided.

"Report."

Suddenly, a warlord heard a message: "Master Ye has returned with the Water God."

"Oh?"

Gai Jiuyou was puzzled.

It didn't take long for Ye Fan to go to the ancient sites of the Northern Wilderness. What did he do when he came back? Could it be possible that he had already killed the Lord?

"You go down."

Gai Jiuyou waved.

After He Ning and the others left for ten minutes, Ye Fan and the Water God arrived at the City Lord's Mansion and went straight to the Central Hall.

"Grand Marshal."

"What's the big deal, otherwise you won't be able to come back; I don't think it is to kill the Lord."

"It's really not, that little character is nothing to me now. If you want to kill, you can do it at any time."

Ye Fan sat down unceremoniously, and poured a cup of tea on his own.

The golden light flashed in Gai Jiuyou's eyes.

Only then did he discover that Ye Fan had changed again, more heroic, and his body faintly exuded precious light, which is the effect that the physical body can produce to a very high level.

It really is: Bao is solemn.

These four words describe Ye Fan very appropriately.

"You kid, how long has it been, you have improved, and let people not live."

"low profile."

Ye Fan put down his teacup and said, "Just talk about business, this time I got Tianda's intelligence from the water god's mouth, which is very valuable."

Gai Jiuyou was overjoyed, "Sure enough, I didn't misread you. I was just shooting a video to create a hot spot, but I didn't expect your kid to do it."

"So you are the one who made the ghost."

Ye Fan and the God of Water spoke in unison.

Gai Jiuyou slapped his tongue: "Oh, they are all in such a tacit understanding, so good."

The water god's face was sullen.

Ye Fan said, "Grand Marshal, don't think about it, it's nothing like that."

"I understand, the girl is thin-skinned. Let's talk about business, what kind of information."

"Information has to be purchased."

Ye Fan looked at Erlang's legs and turned on the merchant mode.

Gai Jiuyou's heart twitched, anticipating that he was about to bleed heavily.

With a deep expression on his face, he said dissatisfied: "Ye Fan, you are from Daxia, and it is your duty to contribute to the country, and at this critical juncture and sensitive period, you should make selfless dedication. How can you ask for benefits from the country? "

"Just tell me or not."

"What do you want?"

"Resources, I am very short of resources, preferably a peerless medicine."

The corners of Gai Jiuyou's mouth twitched, and he hummed, "You are really a greedy ghost. The peerless medicine is Chinese cabbage, and the royal treasure house only keeps three."

Ye Fan came to the spirit, geared up, and said with a smile: "Three, then give me one."

"no way."

Gai Jiuyou refused very simply.

"I don't have the right to decide on the top resources like Peerless Medicine. I can fight for you a royal jerk, how about it?"

Ye Fan picked up the teacup and said leisurely: "All the items collected in the royal treasure house can be called royal jerk, and the moisture is very high. I want the emperor to learn, or..."

"what?"

"The complete mysterious technique."

Gai Jiuyou wasn't surprised, the Guihai Qianjun had all studied the mysterious art, how could Ye Fan not gain anything.

"Mysterious Secret Art is a fragmented scroll, and there is no complete one in the royal treasury."

"I can apply to the general manager for the emperor's unique knowledge. As long as your intelligence value is large enough, I will come forward and the general manager should agree."

The chief steward whom Gai Jiuyou said was the chief steward of the palace.

Control all affairs of the palace.

Powerful and scary.

Ye Fan knew that enough was enough, and it was very good to be able to get another master of the emperor.

"and many more."

Suddenly, Gai Jiuyou remembered something, "No, you still owe me a head, so why do you still need it."

Ye Fan smiled and said, "Don't worry, don't worry, Jehovah won't kill now, he will definitely kill later. The deal we are talking about now is different from the previous one, so don't confuse it."

"Grand Marshal, listen to me talk about intelligence..."

With regard to the anti-bones faction, Ye Fan was informed of the fact that after hearing it, Gai Jiuyou fell into deep thought.

Ye Fan had already captured the excitement deep in Gai Jiuyou's eyes.

a long time.

Gai Jiuyou took a deep breath and said with satisfaction: "Ye Fan, thank you very much, this information is of great value. No one can compare with the emperor's unique knowledge. So, in addition to the emperor's unique knowledge, I will apply to the general manager for another peerless treasure. But hope is not great, I will try my best."

Ye Fan was very moved, and Gai Jiuyou treated him with all his benevolence and righteousness.

He clasped his fists to express his gratitude, and then frowned: "Grand Marshal, the rebels must be saved. It is of great use to us. However, I conclude that the Eagle Congress will send a strong military force to the Bermuda Islands to save people. It is not easy; and the biggest trouble and concern is that once the rescue is successful, the relationship with Eagle Nation will deteriorate again, and subsequent outbreaks will be unpredictable."

Chapter 859: For myself and Daxia!

The Bone Rebels were rescued, and with the help of Daxia's relevant departments, they opened their mouths and learned confidential information.

Eagle Nation certainly does not want to see this result.

The relationship deteriorated again.

A war may break out next, affecting the world situation.

This is the biggest concern.

Gai Jiuyou has a headache, and the emperor is not there, otherwise there will be personal consultations.

Ye Fan didn't bother to think about this problem and threw it to Gai Jiuyou.

"Grand Marshal, I just came back to tell you this information. If it's okay, I'll go down. By the way, I'm staying at the City Lord's Mansion, so let me get it quickly."

"Water God, let's go."

"and many more."

"What else is there?"

Gai Jiuyou touched his nose, walked over, pulled Ye Fan to sit down, and said with a smile: "Ye Fan, let's talk more."

Ye Fan felt bad for a while.

Gai Jiuyou must play tricks.

"Don't tell me, I have said everything I should say, there is nothing left to talk about."

"No, no, let's talk about it. Ye Fan, I will not only promise you a peculiar knowledge of the emperor, and apply to the general manager for a peculiar treasure medicine, plus a defensive armor."

"Marshal, what tricks are you playing?"

"It's very simple, I need you to rescue the anti-bones."

"What!"

Ye Fan jumped up, trying to escape.

Gai Jiuyou held his hand tightly and explained: "Don't get excited, listen to me. Join Daxia to send troops, that is to declare war with Eagle Country, and the consequences are unpredictable. But you are different, I know you are in the Palace of Heavenly Sovereignty. Lord, with hundreds of thousands of horses under his command, it is not easy to go to Bermuda to rescue 3,000 people."

"Tianzun Hall made a move, but regardless of Daxia's business, Eagle Country can't find our trouble."

"Ye Fan, don't rush to refuse, I know this is a difficult task for you, but Dao begs you to agree."

Gai Jiuyou got up and wanted Ye Fan to bow.

"Grand Marshal, can't make it."

Ye Fan helped Gai Jiuyou and smiled bitterly: "Grand Marshal, although I am the lord of the Temple of Heavenly Sovereign, I have always admired democracy. I am not talking about it. It's not that I want to rescue the Temple of Heavenly Sovereignty."

Gai Jiuyou nodded and said: "I can understand, so I will give the Tianzun Temple a huge reward. The most important thing in Daxia is the resources. I will try my best to satisfy you as much as you want."

This so-called resource is naturally not a peerless treasure medicine, but similar to the resources given by Killing Shenzong before. Most of them are gold, silver, and rare ores...

Ye Fan was very tangled.

If the Temple of Heaven is rescued, there will definitely be casualties in a war with the military forces of the Eagle Nation, which Ye Fan didn't want to see.

Gai Jiuyou also knew that this proposal was difficult for Ye Fan. He said, "No hurry, you take your time and discuss it with the backbone of the Tianzun Temple. I will apply to the general manager here, and I should be able to get it for you. A peerless medicine."

"Well, I do need to discuss with my brothers and sisters, but Grand Marshal, I don't guarantee that I will agree."

"I can understand."

Leaving the City Lord's Mansion and returning to the pavilion where he lived before.

The water **** finally couldn't help it, and said in surprise; "Ye Fan, you, are you the lord of the Tianzun Temple?"

"Very surprised?" Ye Fan smiled lightly.

Where is surprise, absolutely shock!

The prestige of the Temple of Heaven, no one in the world knows, this organization has risen a few years ago, and then it has been out of control.

It has developed into the world's number one power in just a few years.

The three major war ministries under his command were stunned, and the war ministries of all countries were frightened by the wind.

The lord of Tianzun Temple is always mysterious.

No one knows who it is.

Water God never dreamed that it turned out to be Ye Fan, the young man standing in front of him.

It's incredible.

Ye Fan ignored the God of Water. He returned to his bedroom and used the Daxia military satellite network to open the secret network.

This is the secret net of the members of the Tianzun Temple.

It was created by gathering countless elite geniuses. The security can be said to be world-class, even if it is a hacker genius Tongdi, it cannot be broken.

On the secret network, Ye Fan contacted Min Dong and held a video conference in ten minutes.

"Boss, call us so anxiously, what's the big deal?"

On the video side, the backbones such as Min Dong, Chaos, Ying Tiao, Taotie, Qiongqi, Bai Zhan, Luo Hong are all there, as well as sister Meng Qingyi.

She had been waiting for Meng Qingyin at the Tianzun Hall headquarters, but did not come back.

"Xiao Fan, you seem to have changed a little bit." Meng Qingyi said in surprise, Min Dong and others also have this idea.

"Strength has broken through."

Ye Fan looked at Meng Qingyi's face radiant, and asked, "Sister, how does it feel to teach you how to practice martial arts during this period of time?"

"Very good. I have improved a lot now. The resources here are rich and open to me. I believe that I will soon become a strong one." Meng Qingyi is full of confidence.

"That's good, hasn't Qingyin found yet?"

"Hey, no, there is no news at all, I don't know where I went." Meng Qingyi sighed.

Min Dongdao: "Anbu has been searching for information, but the Wild Continent is too big. One person really wants to hide. Looking for it is undoubtedly a needle in a haystack."

Meng Qingyin was really good enough not to do bloodline identification with Meng Qingyi. A daughter's family, alone in the wild continent, although she was in the realm of a master, she had no experience after all.

Forget it, don't want these for the time being.

"Listen, everyone, there is a big deal..."

Ye Fan spoke for a long time.

Not only the anti-bones facts, including the experience of the Northern Wilderness monuments during this period, they are also fully revealed.

There was silence over the video.

"The General Marshal meant that he wanted us to take action, but he didn't force it. I respect everyone's opinions, and everyone can express their opinions on the scene without restraint."

"Boss, before I express my opinion, let me talk to you about another thing, about genetic engineering."

Ye Fan came interested.

Before he was hit by "gene mutilation", he temporarily set up a genetic engineering research team, gathered elites from all over the world, and successfully developed the antidote for "gene mutilation".

Is there a breakthrough now?

"Tell me."

"The research team has gained a lot, but it has reached a bottleneck, because the confidential documents in the chip given by Michelle are five years ago; and the genetic engineering technology is updated and iterated very quickly, and the secrets five years ago are no longer enough to support the research. The group continues to study."

"Of course, the research team can explore breakthroughs on their own, but this time will be very slow; the fastest way is to provide new genetic engineering technology secrets."

"You mentioned the **** of water just now. This is an important person, but as a demigod, he has a firm belief and it may be difficult to disclose secrets."

Ye Fan said, "Your consciousness means..."

Min Dong nodded and said, "Yes, the anti-Boneists are definitely a great gift. Save them, find out the secrets of genetic engineering technology, and even let them participate in our research. It will definitely make a breakthrough quickly. "

"So boss, I mean, rescue! One is for ourselves, and the other is to contribute to Daxia."

At this time, Bai Zhan said, "Boss, I know you are worried about casualties, but you have to be clear that a soldier should fight on the battlefield. This is a respect for the soldier. If he is afraid of death, he is not a soldier of the Tianzun Temple. "

Luo Hong said: "Yes, the Dragon King War Department has been active. This time it's a naval battle. It's our Hades War Department and the Heavenly King War Department's turn."

"Xiao Fan, my sister also thinks like this." Meng Qingyi solemnly said.

Ye Fan smiled.

Worthy of being his brothers and sisters.

"Then what do you mean..."

"rescue!"

"rescue!"

"rescue!"

Ye Fan abruptly got up, his power was rippling, and it seemed to reach the conference room of Tianzun Hall headquarters tens of thousands of miles away.

The faces of Min Dong and others were solemn.

"Everyone listens to the order, immediately draw up a battle plan, immediately assemble the army, and go to Bermuda. Don't worry, brothers, in seven days, I will come to Bermuda and fight alongside you."

"war!"

Chapter 860: You are not fighting unilaterally, Daxia will fight alongside you!

"Xiao Fan, sister is proud of it." Meng Qingyi's eyes were full of tears. Little Ye Zi, who was protected by them in the orphanage many years ago, has grown to this point, which is great.

"Sister, don't worry about anything, practice martial arts, get bored, let Anbe protect you, and play in the kingdoms and tribes around the Tianzun Temple."

"I know to arrange your own life, you go to Bermuda, and everyone must pay attention to safety, don't be aggressive. The military strength of the Eagle Nation is not a joke, don't be careless."

Ye Fan nodded.

He thought a little more and asked, "How is Lucifer?"

Min Dongdao: "That guy is still in prison. To be honest, he was treated very well and he was not abused."

"Tell you, Lucifer is the illegitimate son of Count Zeus, and his status is honorable."

"Damn, there are such big melons."

"Now that Zeus is leading an army of abilities to attack Beiliang City, the pressure here is not small. Arrange to send Lucifer secretly."

"clear."

...

When Ye Fan was having a video conference, Gai Jiuyou was also having a video conference.

On the giant screen in front of him, there was a man with black and white hair, who looked very feminine, and his eyes were deep and sharp, which seemed to be intriguing and frightening.

This person is the palace chief, Ouyang Jing.

"Ouyang, I have finished speaking. You should know how valuable this information is, and if Ye Fan agrees to rescue him, his contribution will be even greater. I will seek for him a mastery of the emperor, a defensive armor, one A peerless medicine, it should be reasonable, don't stingy."

"This kid is a little genial." Ouyang Jing's voice was mixed with coldness and unkindness in his vigorous voice.

This must also be the case.

As the general manager of the palace, he controls all the affairs of the palace. If he is not impartial and selfless, wouldn't the palace be smoggy.

"I like Ye Fan a lot. I won't talk about talent and strength. I'm not sure to suppress him now. I don't say anything about his character. He has a clear sense of grievances and three views. He is a big summer. The country has also made a lot of contributions. The Temple of Heaven is on the international battlefield, but it has helped us a lot in Daxia."

"Ouyang, the world is in chaos right now, the corpse emperor still doesn't know how big the basket will be, your majesty and the old man have disappeared, and the older generation of us can't always show our faces, so..."

"So you want to find a spokesperson." Ouyang Jing said.

"Not bad." Gai Jiuyou said solemnly, word by word: "Represents Daxia and also the martial arts world. This person must be young and must have no character. Of course, it does not rule out that there will be better Tianjiao born in the future. , But at present, Ye Fan is the best choice. I will not deliberately tell Ye Fan that I want him to be a spokesperson. I want to make him a spokesperson subtly."

"Now, Ye Fan's prestige spreads far and wide. At first I wanted him to kill Jehovah and completely take the seat of the leader of the young generation, but the kid got this information. If he is willing to send troops to Bermuda and confront the Eagle Country directly, Once you win, the effect will be better and you will definitely become the young supreme."

"What are you talking about, young supreme, this title is a bit blasphemy against my majesty." Ouyang Jing frowned.

Gai Jiuyou smiled and said: "No, no, it's not a blasphemy. Your Majesty is high above, where would you care about this with a kid. We are a young generation leader in the summer, it is not appropriate to call Tianjiao. Young supreme, very good."

"Young supreme." Ouyang Jing kept muttering, her eyes shining brightly.

"good."

Ouyang Jing nodded.

Gai Jiuyou was overjoyed: "So, you are willing to send the Peerless Treasure Medicine over."

"Do not."

Ouyang Jing shook his head.

"There are only three in the treasure house of peerless treasures, and they are all high-level, too precious. I can't make a decision without your majesty's handwritten instructions. When your majesty returns, we will play, and your majesty will give it 100%."

"That's true. Ye Fan has been waiting for a long time. Your Majesty doesn't know when he will return."
Gai Jiuyou sighed.

"Human Sovereign skill and defense armor are no problem. I will order Tiangong Division to build a superb defense armor. In addition, the human emperor's unique knowledge and I will choose a good one. Don't worry."

"Hahaha, okay... By the way, I have an idea for the Defense Armor, and I want to surprise Ye Fan. I will send you the drawing, and you can see it. In addition, time is running out, so I can send it here as soon as possible, before Ye Fan goes to Bermuda. Be sure to get it."

"understood."

After closing the video, Gai Jiuyou sent the Baojia drawings to Ouyang Jing, and then he considered the "young supreme" matter.

The more I think about it, the more I get excited.

"This name will definitely be coveted by a group of Tianjiao, I am afraid that all the Tianjiao of the hidden ancient tribe will be born. It is so wonderful that a group of heroes will compete."

In Gai Jiuyou's mind, he had imagined the grand occasion.

He didn't know that in the future, the competition for the glory of "Young Supreme" would completely detonate the Daxia martial arts world and advance the brilliant era ahead of schedule.

...

Three days later.

A Thunder fighter drove into Beiliang City, and Lucifer sent it over.

In the Tianzun Hall, Min Dong stunned Lucifer on the way without being a demon.

Wake up now.

Seeing Ye Fan, Lucifer was startled, and then said angrily: "Ye Fan, if you have a seed, kill me. What is the ability to imprison me."

"Kill you? No, no, no, as the illegitimate son of Earl Zeus, your status is noble and of great value."

Lucifer's pupils constricted.

How did Ye Fan know this secret.

In the next second, Lucifer saw the **** of water, petrified, and was stunned.

Water God and Ye Fan together?

what happened?

What is going on here?

"Lucifer, this is the Great Xia Beihuang Beiliang City. Outside the city, your father Zeus is leading an army of supernatural powers. Do you want to meet your father?"

"Daxia is at war with our country?"

Lucifer couldn't turn his head.

During this period of time, he was locked in a dungeon, disconnected from the outside world, and now he came out, as if he had passed away.

"Grand Marshal, Lucifer has handed it over to you. This guy's abilities are quite powerful. There are three kinds of abilities, inverse blood, gravity, and contemplation. You have to beware."

"Hahaha, it's too weak, I can kill it with one finger." Gai Jiuyou was full of disdain.

Indeed, Lucifer is just a superpower, not even a demigod, too weak for the pinnacle giant Gai Jiuyou.

Standing still and allowing Lucifer to perform his abilities, he couldn't shake Gai Jiuyou at all.

Even the deputy marshal He Ning can crush Lucifer.

this moment.

Lucifer was incomparably low, and his self-confidence was crushed to pieces.

"Ye Fan, you want to use me to contain my father, foolishly dreaming. Lucifer is not a coward. Water God, you betrayed the organization and the country. Your sins are unforgivable. You are a sinner through the ages."

Lucifer roared abruptly.

Immediately after the seven orifices bleed...

"Self-defying blood?"

Ye Fan sneered, the force of qi and blood rushed out, suppressing Lucifer and forcing his blood flow to flow normally.

"In front of me, it's not up to you to decide whether to die or not. Lucifer, be honest, the **** of water dare not be a demon, how big a wave can you make? You were able to fight with me at the beginning, but now is different, I It's not something you can contend with the continuous transformation and leaps and bounds."

Lucifer was struck by lightning.

puff.

He spouted a mouthful of blood, his face was ashen ashes, and he was completely depressed.

Gai Jiuyou said: "He Ning, Lucifer will be handed over to you, and you can't get out of the basket, otherwise you will be asked."

"Grand Marshal, don't worry, the little super-powerful person can still jump in my hands." He Ning picked up Lucifer like an eagle catching a chicken, and asked: "Marshal, don't let the road go. Sifaliang is at the head of the city, let Zeus take a look?"

"Don't worry, it's not the time yet."

After He Ning left, Ye Fan and Gai Jiuyou continued to discuss the Bermuda rescue operation.

The water **** is beside them, and the two don't shy away from it.

In fact, Ye Fan was secretly paying attention to the changes in the expression of the God of Water, and became more convinced that the relationship between God of Water and Gulot was not shallow.

Gulot is a breakthrough point for the God of Water.

Although the water **** said that Gulot now participates in the god-making plan and has become a demigod, but Gulot must know very little about the secrets of the ability organization, after all, he is anti-bones.

Water **** is different.

The position in the supernatural organization is extraordinary, and the pursuit of young earls like Jehovah must know a lot of secrets.

This woman has to make a good breakthrough. Strong will not work, soft and hard to handle. Gulot is a knife given by God, the knife that cuts the heart of the **** of water.

"Marshal, my Hades War Headquarters and the Heaven King War Headquarters have already set off from the wild continent to the Atlantic Ocean. Since my Tianzun Temple does not have many satellites and does not cover the Atlantic Ocean, it is not conducive to precise strikes. Daxia needs help."

"Relax, my country's Beidou satellite system is now complete, and many advanced detection technologies are hidden. I will let the Beidou headquarters open the three-level highest detection mode, which can break through the signal blockade of the Eagle country and directly monitor their marching routes. Direct the reverse and send information."

"Ye Fan, please believe that this is not you fighting unilaterally. We will also fight side by side with the Tianzun Temple. We are the eyes, and you are the hands and feet. Unite and fight a wave of Eagle Nation. These years, the Eagle Nation has crossed the world. Domineering and arrogant, it's time to fight a beautiful naval battle and rub their arrogance."
