

Elegant SS 901

Chapter 901: No rest

"Come on, cheers!"

That night, Su Muyu cooked a sumptuous dinner to celebrate this transformation.

The sisters are very happy.

One can think about how an ordinary person would react and feel when he gained extraordinary strength?

This afternoon, the sisters were all energetic and blushing.

And also practiced all afternoon.

Originally wanted to play with Ye Fan, but Ye Fan felt very boring, so he asked Gulot to be a wooden man.

That's right, it's a wooden person.

Gulot stood still, letting her sister practice her hands.

This can make the water look breathtaking.

However, Gulot is not injured. The sisters now only have physique, only brute force, and they can't even use strength, so they can't hurt Gulot at all.

At the dinner table, Ye Fan also told his identity.

The lord of Tianzun Temple.

Su Muyu was not very surprised.

After undergoing transformation, their mood and psychological quality have grown too much.

Ye Fan is so powerful, he must have his own power.

Moreover, Su Muyu had already guessed, because there were soldiers guarding the Tianzun Mansion.

This is not something ordinary people can do.

At the end of the dinner, Su Muyu became sad, "The eldest sister is in the Tianzun Hall, although it is far away in the wild continent, but at least everything is fine. But the fourth, fifth, and seventh, I don't know what happened."

Ye Fan said, "Sister, the fourth sister is filming. The news I got before is that the filming is related to Daxia Renhuang. Don't worry about safety and treatment."

"Seven sisters are too smart, and she has been recruited to enter the national secret research base, and she feels relieved."

"The only one is Fifth Sister, following the secret team to perform missions. Now there is no news, and I don't know how?"

Han Bing said, "Xiao Fan, you have something to do. Tomorrow, go to the top to inquire about the leader."

Ye Fan nodded, "I think so too. If it is possible, I will pick up the fifth sister."

After the meal.

The big guy wandered around the territory and came to the greenhouse incubation shed unknowingly.

The three tyrants are still hatching.

Ye Fan felt that the vitality of two of them was very weak, and only one was very strong.

"Something's wrong!"

Feeling carefully, Ye Fan found the clue.

The strongest tyrant lays the egg, subtly absorbing the life force of the two tyrants next to him.

This led to his growing stronger, and the other two were about to perish.

"It's cruel."

"Before I was born, I started to compete. The survival of the fittest, the rule of survival, I don't need to intervene."

Ye Fan was very optimistic about the tyrant laying eggs in the middle.

So domineering, so strong, it must be amazing to hatch.

Thinking of this, Ye Fan decided to speed up the incubation of the tyrant's egg, and he forced a drop of natal blood to fall on the eggshell.

In an instant.

The eggshell was haunted by blood.

There seemed to be a tremor in Tyrant's egg, and he seemed very hungry. This drop of essence and blood energy was quickly swallowed.

"Boom."

"Boom."

The sound of the heartbeat was conveyed clearly.

Ye Fan was overjoyed.

He delivered blood again, this time it was just ordinary blood, not natural blood. But even ordinary blood contains energy.

The overlord body makes Ye Fan's blood a treasure.

The tyrant lays the egg eagerly to pick it up, and the egg shell gradually changes color, from white to light red.

The sound of the heartbeat gradually became stronger.

Ye Fan stopped pumping blood, he touched the tyrant to lay the egg, in a daze, there was a trace of life connection.

This is because of the transport of sperm and blood.

"Grow up quickly, I'm waiting for you to be born."

Ye Fan murmured.

The little life in the eggshell seemed to understand, and trembled, and the eggshell shook.

Ye Fan contacted Xing Tian and told him to collect precious medicine resources, boil them into juice, and provide energy for the tyrant to lay eggs.

...

the next day.

Ye Fan came to Longge.

"Who is here!"

"Ye Fan."

The two words alarmed the strong guard.

Silver-haired in white.

Yes, it is indeed Ye Fan.

"Master Ye, please."

"Thanks a lot."

Ye Fan drove straight in and came to the central hall.

at this time.

Elder Ge is already waiting.

"Hahaha, Ye Fan, we know all about your deeds in the Northern Wilderness, it's really terrifying for later generations."

"Now I can't beat you."

Ye Fan clasped his fists and said with a smile: "Old Ge was joking, and the kid thanks Mr. Ge for his care, and I would like to thank Mr. Ge."

Er Ge Lao, San Ge Lao and Si Ge Lao were very pleased.

Don't forget your roots, this is the most important thing.

Character is more important than strength.

The old man said: "You came to us, what is the so-called?"

Ye Fan said straightforwardly: "I want to know the message of my fifth sister, Zhong Ling, that she is performing a secret mission."

"this....."

Old Sanwei Ge looked embarrassed.

Ye Fan frowned and said, "Something happened?"

Old Erge said: "Let's tell you this, Zhong Ling is following the Daxia First Special Team Dragon Whale Special Team to perform secret missions."

"What task?"

"It's okay to tell you that a foreign thieves organization dug a cave in Qinling, opened it, and stole all the treasures."

"This is a huge loss, so the Dragon Whale Special Forces attacked and arrested the theft organization."

"Why do you want to bring my elder sister with this matter? Although my elder sister is an excellent criminal police officer, she is far behind the Dragon Whale Special Forces team. It can't help much at all, but it is a burden." Ye Fan asked, there was something in it. It's tricky and very unreasonable.

Elder Er Ge said: "It is claimed to the outside that Zhong Ling is going to observe combat and cultivate combat capabilities; in fact, he is the person who named the dragon whale."

"Who is the Dragon Whale?"

"Dragon Whale is the founder of the special team and a powerful master."

"Why did he call my sister to join? How did he get to know my sister?"

Ye Fan's face became more and more grim.

If the Dragon Whale had something wrong with the Fifth Sister, then the entire Dragon Whale special team would be destroyed.

Elder Ge's obstruction was of no avail.

Whoever dared to touch her sister would have to die without discussion.

The old man said: "The Dragon Whale will travel around the world, looking for excellent people to train and inject fresh blood into the special forces. Your sister is very good, and he should have noticed it. As for why you brought your sister to fight, I don't know the specific reason, maybe It's really to cultivate his combat ability."

"Do you believe it?"

"I don't believe it." Old Ge shook his head.

"If you don't believe me, the dragon whale must have tried. Elder Ge, please give me a place. I want to go there immediately. I hope that we won't cause unhappiness between us."

"sure."

Elder Er Ge agreed very simply.

He snapped his fingers, and the assistant came to open the world electronic map and marked a red dot.

"The special forces are in the red dot area."

"They fought against thieves and wiped out many people, but now they have encountered a crisis and have fallen into a trap and need support."

Ye Fan sneered and said, "It seems that I came here by coincidence. I encountered such a good thing."

Elder Sange said embarrassedly; "Ye Fan, that place is the boundary of the Eagle Country. We Daxia can't make a move. You do it. Bring all the members of the special team back. As a reward, the treasure is all yours."

"Aren't the treasures in the hands of the theft organization?"

"No, no, no, the treasure has been snatched by the special forces, and now it is trapped, it is very critical, you should leave quickly. Anyway, your sister, don't you save it."

"You bad old men are very bad."

Ye Fan hurriedly left Long Pavilion with a black face.

There was a burst of laughter in the hall.

"Second brother, Ye Fan should be fine. Now I only hope that Zhong Ling is safe, otherwise..."

"hiss,"

The three old patrons shuddered together.

If there is any accident in Zhong Ling, then Ye Fan will be furious, and it is possible to destroy the Dragon Whale Special Team on the spot.

Chapter 902: Sin capital

"Lao Xing, immediately prepare a fighter for me and inform the headquarters of Lao Bai that the King of War will dispatch a batch."

"I will send you the location."

Ye Fan urgently contacted Xing Tian to arrange deployment; he did not notify Su Muyu and them so as not to worry them.

The Thunder fighter pierced the sky and left the capital.

Far across the ocean.

A chaotic zone, where there is a city, called the chaotic city.

There are countless evils here.

This is a paradise for the wicked.

The capital of evil is huge, and the territory it belongs to is even greater. With hundreds of years of evolution, it has become a paradise for criminals from all over the world.

Because as long as you escape here, you are safe; the arrested Interpol and special forces are basically afraid to enter.

As a result, countless evils have spawned.

According to the international territories, this is the boundary of Eagle Nation, but Eagle Nation has not eliminated the evil capital, and there are even rumors that the evil capital is supported by Eagle Nation.

The purpose is to cultivate terrorist forces.

Unscrupulous plot.

Let's not talk about these first.

"Rumble."

At this moment, the City of Sin drove three cards to complete, and someone outside responded.

"Brother Six!"

In front, there was a convoy, and the man in the lead shouted.

A burly and fierce man jumped out of the leading truck and said with a smile: "Baby, what are you doing here?"

"This time I bought a lot of equipment. The boss was worried about something wrong on the road, so I asked me to pick up the escort."

"The boss is really thoughtful."

"Brother Six, how much did the equipment cost this time?"

"Fifty million."

"Hi, so much. Damn the Great Xia Long Whale Special Team, we have suffered a heavy loss."

The sixth man comforted: "It doesn't matter, the Dragon Whale Special Team is at a dead end. When this batch of equipment is delivered, they can be destroyed directly."

"Daxia's Dragon Whale Special Team was annihilated by us, and if we spread it out, we will be famous all over the world. Our value will skyrocket and we will have endless money."

"Hahaha, that's true!"

"But Brother Six, there is a beauty in the Dragon Whale Special Team, who is really handsome and very energetic. I have been greedy for a long time."

"Hahaha, whoever is not greedy, go back first. At that time, negotiate with the Dragon Whale Special Team to see if we can get that woman, and the brothers can play together."

"Get in the car and go!"

The convoy started again, and it was not close to the place where the special forces were trapped.

Huh!

The convoy drove into the distance.

A group of people in black appeared, murderous.

"Boss, did you hear that, Dragon Whale Special Force."

"Daxia's first special team was besieged by their mob? How could it be possible."

"No matter what, we can follow it to see, fish in troubled waters, and take advantage of it."

"No, I suggest not to confuse this matter, don't provoke Daxia, just take down those cars and equipment, and sell them for at least 50 million."

"Boss, you decide?"

"Carjack the car, rescue the Dragon Whale Special Forces, and then ask Daxia for benefits."

The head in black made a decision.

As everyone knows.

They chased up, and there were a few more people watching.

The most indispensable thing in the sin capital is to kill people and win treasures.

"Brother Six, someone is eyeing us."

"I found out a long time ago. Don't worry, keep going. They will suffer later."

An hour later, the convoy drove out of the territory of the sin capital.

Suddenly.

The people in black were killed. They were not Daxia people, but they were warriors.

"boom!"

One of them is still a master.

Coming up is a punch.

The gas bombarded the truck, and the truck was crumbling.

Inside the truck, the sixth sneered: "A group of uncontrollable guys have hijacked the car and all die."

"boom!"

A cluster bomb was launched.

After the explosion, densely packed sharp blades flew around, several people in black shunned, were shot into a sieve, and died.

Even the hiding camp was affected, with heavy casualties.

"Damn it!"

"Don't hide, join hands and kill these bastards."

The black master yelled.

Suddenly, all the hidden campers slammed out and surrounded the convoy.

Da da da.

with full force.

The fight between the two sides was inextricably difficult, and the vehicle exploded and the flames skyrocketed.

at this time.

The truck shed left, revealing the scene inside. It turned out to be a soldier, not equipment at all.

"not good!"

"Successful!"

The face of the person who came to the carjacking changed drastically.

The old sixth sneered: "Since it's here, don't leave, just stay."

"Kill me!"

Suddenly, a full counterattack.

Destroyed.

Ten minutes later, the camp that came to hijack the car was completely destroyed, and even the black-clothed grandmaster died.

"Sixth brother, you are still clever, even using fakes to mess with the real, and the straw boat borrows arrows."

"In the capital of sin, in addition to force, you have to rely on your brain."

The sixth man laughed.

Then he ordered: "Quickly, grab all the equipment of these people, and we rush to meet the boss."

About a hundred miles away from the territory of the Sin City, there is a deep valley in which a group of special fighters are hidden.

These are the members of the Dragon Whale Special Team.

The original 50-man special team now only has half left.

Everyone is full of colors and tired, but their eyes are firm and no fear can be seen.

Among these people, there is a mighty man.

middle aged.

Buzz cut.

National character face.

Wearing a black and gold armor, he is not angry or majestic.

This person is Dragon Whale.

The founder of the special team, a half-step peak-level giant.

The dragon whale's armor was full of blood, and his injuries were not light, and he suffered a lot of catastrophes during the chase. It was he desperately to stop the crisis. Only half of the fighters survived, otherwise there will be few remaining.

"Captain, Miss Zhong may not be able to survive." A female soldier ran over and said in panic.

"If you can't make it, you have to make it."

"As long as we succeed, we will be saved."

Long Whale said with a cold face.

Everyone is puzzled as to why Zhong Ling can be saved if he survives.

Is Zhong Ling a woman who can turn the tide?

How can it be.

Is the captain crazy?

Chapter 903: Heroic sacrifice

The dragon whale came to a thatched house, Zhong Ling lay on the ground and fell into a coma.

She has a strange aura in her body, it seems that she is about to wake up.

However, this force is very strange, it is very difficult to wake up, Zhong Ling is tortured and uncomfortable, even if he is unconscious, his pretty faces are twisted together and trembling constantly.

Dragon Whale said: "You have the original seed in your body. Once you awaken, you can gain extremely strong physique. Only in this way can I give you the special forces with peace of mind."

"Zhong Ling, that origin seed has a vast aura, it is suspected of the origin of the pre-Qin different species of Kunpeng, once you awaken, you will gain the Kunpeng attribute."

"In time, you will be the female overlord between heaven and earth. You must carry it over."

The dragon whale opened the treasure chest.

This is the treasure stolen by the theft organization in the cave mansion in Qinling. Among them is a Qidan with amazing energy. He has already taken it for Zhong Ling.

Na Qi Dan, it's incredible, it was an inner pill of a pre-Qin alien species, stained with a trace of Kunpeng essence and blood, stored in a special treasure chest, and the years have changed without decay.

But a lot of energy passed away, but it was enough, enough for Zhong Ling to awaken Kunpeng's physique.

In fact, the Dragon Whale had known about the cave for a long time, and opened it, knowing that the treasure exists.

Unexpectedly, the theft organization stole the treasure. How can the dragon whale give up.

Before he led the special forces to attack, considering the safety of the treasure, he specially recruited Zhong Ling to join the team.

The purpose is to get the treasure and give it directly to Zhong Ling; because he used to study at the Police Academy in Nanling, he noticed it.

It was discovered that the original seed was hidden in Zhong Ling's body.

This original seed coincides with the treasure in the box. It should belong to Zhong Ling, and only Zhong Ling can play the full role of the treasure.

Because of this, Dragon Whale regards Zhong Ling as his successor and must train her well.

So this came out.

"It's almost. A fuse is needed." Longjing muttered to himself, and he took out a small broken bone from the treasure chest.

Only the thumb is long.

This is a bit of Kunpeng's bone, put together with Qidan, sealed in a treasure chest.

For such a long time, it has not completely decayed.

The dragon whale punched this broken bone into Zhong Ling's body.

The next moment, the mutation broke out.

Kunpeng's broken bone was the fuse, which completely activated the original seed, a vast aura washed out, and in a daze, he heard a earth-shattering but vague groan.

In front of him, a picture seemed to emerge.

A big kun carries the sky on its back.

Soaring for ninety thousand miles.

What an atmosphere, carefree, and at ease, this world can't hold him back.

This is Kunpeng.

Pre-Qin alien species, top-level existence.

To be precise, it does not belong to the roc category, but it can compete with the golden winged roc.

"what!"

Suddenly, Zhong Ling screamed.

Her body was torn, and the original strength was too strong for her to hold it.

"not good!"

The dragon whale was in a mess, and he didn't expect such a result.

"hold onto!"

Dragon Whale was shocked and anxious. There was no way, he forced out his life essence and blood, turned it into energy to nourish and repair Zhong Ling's body.

One drop, two drops, three drops...

A lot of drops.

Only when Zhong Ling's injury was stabilized, he was repaired, and gradually entered a deep transformation.

The dragon whale was badly injured and his face was pale.

He walked out of the hut.

One staggered and almost fell.

"team leader!"

The soldiers are very worried.

"I'm fine."

Long Whale wiped the cold sweat from his forehead, summoned the remaining soldiers, and exhorted: "Remember, if I die, Zhong Ling will be the captain of the special forces. Later that group of **** will come in, you don't care about me and do your best to protect me. Zhong Ling. As long as Zhong Ling completes the transformation, he will be saved. Remember."

"team leader....."

"I ask you, do you remember?"

"Yes!"

Dragon Whale nodded, very pleased.

at the same time.

Roared.

Dragon Whale knew that the last wave of the theft organization was coming.

After stopping for so long, the theft organization is definitely going to get equipment, this wave of offense, I don't know how tragic.

"Protect Zhong Ling."

The dragon whale dropped four words.

Rising to the sky, killing far away, the little remaining blood burns wildly.

At this moment, the dragon whale's combat power entered the peak level.

"kill!"

In a word, the trembling mountains and rivers trembled.

The dragon whale punched like Changhong, killing dozens of people and exploding several armored vehicles.

He was crazy.

As the name suggests, it is a big dragon or a male whale, but it is a pity that he will lose too much in the end.

Peak state will not last long.

"Blast everything for me!"

"Boom him!"

The boss of the theft organization roared angrily when he saw the heavy losses.

Two treasured missiles burst out.

"team leader!"

In the deep valley, the soldiers burst into tears.

Dragon whales are not afraid.

Faced with the difficulties, his hands are like black holes, grabbing the missiles, trying to wipe out the missiles alive.

"what?"

The staff of the theft organization was frightened.

Receiving missiles with bare hands?

What an international joke.

"Or not."

High in the sky, Dragon Whale laughed at himself. He was not strong enough to completely obliterate the two missiles.

Goodbye!

Dragon Whale sighed in his heart and rushed to the thieves organization camp like lightning.

"Do not!"

The soldiers roared, and their eyes were cracked.

boom! boom!

With two loud noises, the flames soared into the sky.

The dragon whale fell.

At the same time, a breath of vastness, majesty, and anger spread from the thatched cottage.

A big kun phantom that obscured the sky and sun appeared in the air, vaguely groaning, reaching the depths of the soul.

The thatched house was wiped out in ashes, and a heroic figure came out.

Zhong Ling was full of sorrow, looking at the direction of the explosion, his eyes flashed with strong killing intent...

Chapter 904: Zhong Lingzhiwei

"Miss Zhong!"

Special fighters have complicated eyes.

If it weren't for the protection of Zhong Ling, Captain Dragon Whale would definitely not die.

It's too late to say anything now.

"Miss Zhong, the captain...fallen."

The deputy captain burst into tears.

Afterwards, he knelt down on one knee and solemnly said: "The captain said that if he falls, Miss Zhong will be the new captain of the Dragon Whale Special Team."

"See Captain!"

The other special fighters also knelt down and shouted together.

"See Captain."

"Everyone, get up, don't have to pay more. I will fulfill the last wish of the Dragon Whale Captain. From today onwards, I will be the captain of the Dragon Whale Special Team."

Zhong Ling's body was exuding a magnificent aura, as if this was not a person, but an ancient fierce beast, oppressing the heavens.

This feeling surprised and delighted the special fighters.

Is it true that you can really escape from the dead and turn the tide, what Captain Dragon Whale said is true?

Rumbling.

At this moment, the remnants of the theft organization made a comeback.

The last disaster of the dragon whale caused them to suffer heavy losses. Two-thirds of the casualties were left, leaving only a few dozen people.

However, they are well equipped.

The boss of the theft organization rushed into the deep valley with the remnants and saw Zhong Ling's group.

"Fuck, you dogs, chasing us for thousands of miles, killing so many of our brothers, I will cramp you, so that you have no place to bury you."

"Kill me!"

The old roared loudly.

Suddenly, a wretched man jumped out, the old eight. He stared at Zhong Ling, and his heart was itchy.

is not that right.

Zhong Ling's temperament is too different now, coupled with the face of the country and the city, he is a man who wants to be wrong.

"Boss, wait."

"what's up?"

"Use everything to your advantage, boss, look at that woman, my God, I'm so greedy." The old eight pointed to Zhong Ling.

At this time, the people of the theft organization calmed down, all staring at Zhong Ling fiercely, full of surprise.

They traveled north and south, traveling across the world. They had seen too many women, and they had played countless.

However.

Such a beautiful and temperamental beauty is rarely seen, even the first time I have met.

Suddenly, evil thoughts erupted.

The boss grinned and said: "The person opposite will listen to me, hand over that woman, and give you a way out. If you don't, you will be at your own risk."

The special fighters were furious.

Zhong Ling is now the captain, representing Da Xia. The theft organization is humiliating Da Xia. It is unreasonable and he is looking for death.

"do not move."

Seeing that the special fighters were about to riot, Zhong Ling raised his hand to stop them.

In the eyes of the people in the theft organization, they were scared, and their arrogance became even more arrogant.

"Little lady, Lao Tzu has long been interested in you, come over and follow us obediently, and take you to a spicy drink."

"Our brother hasn't been cool for a long time, let's be cool, hahaha..."

"Come here quickly and give you thirty seconds!"

"30!"

"29!"

"28!"

The opposite is counting down.

Zhong Ling moved.

"team leader."

The soldiers are very worried. Although Zhong Ling's temperament has undergone earth-shaking changes, they don't know his strength.

The opponent has a lot of weapons and is well-equipped. Can Zhong Ling's own power really contend?

Seeing Zhong Ling approaching, the people from the theft organization laughed from ear to ear.

In their view, a woman with no equipment on her body is a lamb to be slaughtered, without the slightest threat.

"Little lady, come and hold one."

The wretched old **** couldn't help but ran to Zhong Ling with an open arms and flew up.

Murderous intent burst into Zhong Ling's eyes.

"not good!"

The old eight is upside down.

Their organization travels north and south, and is cautious. It is not the weak, especially the perception ability, the most sharp.

Suddenly the old man knew it was broken.

However, he wanted to retreat, and it was too late. A suction force spread from Zhong Ling's body and pulled Old Ba back.

at the same time.

Old Ba found that his blood was flowing out.

This horrible scene caused the old eight's souls to die. Before the people behind the theft organization could react, the old eight was sucked into a corpse.

Zhong Ling's palm was holding a blood-colored energy ball.

This is the blood of the old eight.

She felt very sick, it was dirty blood.

"Old Eight!"

This incident gave other people a warning sign.

"You, you killed the bait, **** it, give it back to my brother!" These men roared, murderously.

"Back to you."

A trace of contempt and disdain flashed in Zhong Ling's eyes, and he threw the blood energy ball in his hand.

Bang!

Energy explosion.

The blood turned into a blood sword and shot around.

but.

The power of the blood sword is not too great. These thieves are wearing solid armor, and their physical fitness is good. Except for a few unfortunate people who were shot through the eyes by the blood sword and damaged their heads, everyone else was fine.

But there is no end.

Zhong Ling took the initiative to attack and broke into the crowd.

"Smelly lady, you are dying, firing, firing, and sifting her into a sieve!"

"Da da da da..."

There are bullets in all directions.

The special fighters were shocked, it was worth it, wouldn't Zhong Ling be shot into a sieve.

However.

A frightening scene happened.

A mysterious force burst out from Zhong Ling's body, which actually blocked the bullet, making it impossible for the bullet to enter or fall, as if it were still in the air.

"what!"

The thieves were scared to death.

What is this method?

It's a man or a ghost!

"die."

Zhong Ling waved his hand and these bullets returned the same way.

Puff puff.....

One by one the criminals died unexpectedly.

"This woman is weird, retreat!"

The boss snarled frantically.

The chariot roared and headed towards the exit.

Zhong Ling's face was still, she waved her hand, and the pulling force enveloped all the chariots, making the chariots unable to move forward.

"Worn out!"

Zhong Ling stopped drinking.

Use talents and supernatural powers.

This is the talent of Kunpeng physique, devouring and obliterating.

She is different from Su Muyu.

Su Muyu and the others awakened their physiques and were just an introduction; however, Zhong Ling swallowed Qi Dan, stained with a trace of Kunpeng essence and blood, and then merged with a Kunpeng broken bone, directly pushing the physique to the realm of Xiaocheng.

Therefore Zhong Ling has such strength.

The special warriors opened their eyes wide, because those chariots were weirdly being wiped out a little bit, as if they had disappeared out of thin air, without a trace.

"Do not!"

The survivors of the theft organization were frightened. This is simply a fairy tactic. Who is this woman?

How did it provoke such a terrifying existence.

Da Xia is really terrible.

"The heroine spare her life!"

The boss jumped out of the chariot and knelt on the ground begging for mercy.

The other surviving people also crawled on the ground, shivering, not daring to be presumptuous, and completely devoid of arrogant arrogance.

"Captain, can't forgive."

"Take revenge for the Dragon Whale Captain, and pay for the blood!"

"eye for eye!"

The special fighters were red-eyed and resolutely refused.

They were all trained by Dragon Whale. For them, Dragon Whale is not only the captain, but also the master.

As the saying goes, one day as a teacher and a lifelong father. ,

Dragon Whale is their father, at a young age, he can indeed be their father.

His father was killed, a sea of blood and blood.

How can you not report it!

Zhong Ling was murderous.

Finding that he could not survive, the boss of the theft organization was heartbroken and roared: "If this is the case, let's die together, explode!"

He held down a red button.

In an instant.

The bomb in the tank is activated.

"not good!"

Zhong Ling's face changed.

Although she has very strong strength now, facing the bombs of three tanks, the energy caused by the explosion at the same time is still unable to resist.

"Hahaha, let's die together!"

These villains laughed wildly.

"boom!"

It finally exploded.

Zhong Ling frantically used the devouring and obliterating talents to devour and obliterate the aftermath of energy.

But at this moment.

A ray of light flashed, and a stalwart figure appeared in front of Zhong Ling's eyes.

Silver-haired in white.

Such as the banished immortal descended on the world.

"boom!"

He shot.

With one blow, all the aftermath of the explosion energy was dissipated, and a hurricane was born and swept the entire deep valley.

Then the dust settled.

So strong!

Zhong Ling was horrified.

Members of the theft organization are directly petrified.

What big man is this again?

"call."

Ye Fan took a long sigh of relief, turned around, and smiled: "Fifth Sister, I'm here in time."

"Fifth Sister?"

Zhong Ling was shocked, feeling inexplicable.

next moment.

She reacted.

This is.....

Her younger brother, Ye Fan!

"Xiao Fan, is that you?"

"Sister, who else can be besides me? Isn't it just a change of hair color, longer hair, and a little more handsome? I don't know him anymore."

"I know you too."

Zhong Ling cried with joy.

Ye Fan took the initiative to hold Zhong Ling in his arms, glanced at the stunned special fighter, and then set his eyes on the remaining members of the theft organization.

"Very well, dealing with my sister is really looking for death."

"Do not....."

The leader of the theft organization was full of horror and begged for mercy: "Don't kill me, my lord, god, I know I was wrong, please forgive me."

"Xiao Fan, can't spare them. Because of them, Captain Dragon Whale has fallen."

"The dragon whale has fallen?"

Ye Fan was taken aback, very surprised.

Zhong Ling said: "I'll tell you later, I'll kill these **** first."

"Sister, let me do it, why don't you take it."

"Hold on!" Suddenly, the old man shouted: "I warn that if you kill me, the consequences will be very serious."

"Oh?" Ye Fan said playfully: "Do you have a background?"

"My cousin is the beloved concubine of the prince of the city of sin. If you dare to kill me, you are the enemy of the city of sin and will die without a place to be buried."

"City of Sin?"

Of course Ye Fan had heard of it, had fought, and had dealt with each other.

"The city lord of the sin city dare not talk to me like this, the prince of the mere trifle, it's nothing."

Ye Fan snapped his fingers.

This group of people was wiped out in ashes.

Nothing left a trace.

The special fighters were stunned, this strength was too terrifying.

Captain Dragon Whale is a half-step peak giant, and he hasn't reached this level.

This person is so strong, so young, who is the brother of Captain Zhong Ling, how did he cultivate?

Ignoring the shocked gaze of the special soldier, Ye Fan checked Zhong Ling's body for the first time, and found that there was no injury, but very good.

Surprisingly good.

This physique made Ye Fan feel the pressure.

Chapter 905: Coming to the capital of sin

Zhong Ling told the truth about everything that happened during this period. Dragon Whale taught her a lot of knowledge, and she also knew a lot about the martial arts world.

Dragon Whale's intention is to find the treasure, open it in time for her to break through, and reinvent her.

The cave in the Qinling Mountains was originally discovered by the Dragon Whale, but also entered it and found the treasure.

But in order to find the right person, he didn't have you to use the treasure, so he put it in the cave, and he didn't expect to steal it.

So he took a special team to pursue.

Long Whale had discovered that her body had Kunpeng's original seeds, which complemented Qidan and Kunpeng's broken bones in the treasure.

So she specially recruited her to join the team and started the pursuit for such a long time. It can be said to be running around, tossing and turning half of the world.

This theft organization is very strong.

There are more than one hundred people, many masters, well-equipped, and they are small and famous forces in the city of sin.

Now finally wiped out.

Treasures are also used.

The only regret is that the dragon whale fell and more than 20 special fighters died. This was a huge loss.

After Ye Fan listened, he was very moved.

Before he came, he thought that the dragon whale had any intentions, but now he was wrong to blame the dragon whale; it was the dragon whale that gave his sister a chance to change.

The dragon whale is a benefactor.

In order to protect my sister, sacrificed heroically.

Ye Fan was in awe.

"Can Captain Dragon Whale have relatives?" Ye Fan asked. If there are relatives, Ye Fan is willing to give generous rewards and meticulous care.

"No."

The deputy captain shook his head.

"Captain Dragon Whale is alone. It is said that he once had a lover, but he passed away, and he has been lonely ever since."

"I am the longest member of Captain Dragon Whale. Actually, I have a feeling that Captain Zhong Ling is like Captain Dragon Whale's lover in some respects, so the captains have died for each other."

I see.

Both Ye Fan and Zhong Ling suddenly realized.

Otherwise it doesn't make sense.

In order to find a successor and give up his own life, it would be fine if it is an old man who is approaching the end, but the dragon whale is just a mature man, half-step peak giant with a bright future, how can he sacrifice himself so easily.

Now I understand that perhaps Zhong Ling is really like the former lover of the Dragon Whale, who is so protected, and perhaps his fall is also the destination that the Dragon Whale wants.

From the lonely life, it can be seen that the dragon whale has a deep love for his former lover. Going to heaven to find a lover may be what he wants.

"Sister, congratulations, Kunpeng's physique, the talent for devouring and obliterating, is really amazing. I also tell you the good news, the second sister, the third sister, and the sixth sister have all transformed. The second sister has gained the immortal body, and the third sister has been killed. The battle body, the sixth sister has obtained the supreme sword body."

"Really!"

"Of course, sister, you are all extraordinary."

Zhong Ling was very excited.

Ye Fan said, "We are going back soon."

"go back?"

"Where do you want to go?"

A voice of indifference mixed with strong murderous aura sounded, and then a group of soldiers came in.

In the sky, several voices Yukong.

The leader was a young man who was very mighty and noble, but his face was pale and a little vacant. It was obvious that the wine had hollowed out his body too much.

By the side of this man, there are martial arts powerhouses as well as abilities powerhouses.

The evil capital is a mixed bag.

Everyone has it.

So there is no surprise that there are warriors and superpowers.

"You are the prince of the sin capital?"

The boss of the theft organization just said that his cousin is the concubine of the prince of the sin capital, and the man in front of him has the majesty of a superior, and good strength, and is very consistent with the identity of the prince.

The young man said coldly: "Yes, I am the prince of the sin capital."

"Are you here to avenge your brother-in-law?"

"You killed him?"

"A group of ants can be wiped out with the click of a finger."

"What a group of ants, in my opinion, you are also ants. Don't think that you are Daxia people and I dare not move you. Here, it is the world of the capital of sin."

"so what?"

The prince turned his eyes and said lightly: "Hand over that woman and let you have a way of life. As for those special fighters, all will die."

Zhong Ling was furious.

Ye Fan said coldly: "I also give you a piece of advice, immediately make all self-judgment, otherwise the end will be more cruel than self-judgment, I said, don't believe it."

"court death!"

Beside the prince, a martial arts master of the second stage of transformation was furious, and one stepped and swooped down.

A punch hit Ye Fan's head.

boom!

This punch hit Ye Fan sturdily, but he didn't even destroy a strand of Ye Fan's hair.

This grandmaster was directly stupid.

"waste."

Ye Fan snapped his fingers.

Bang!

This grandmaster exploded into blood mist, and then he swallowed it all, swallowing all the blood mist, and the ashes disappeared, leaving no trace in the world.

Swallowed?

Zhong Ling was surprised, but he didn't expect Ye Fan to use this method.

In fact, Ye Fan's devouring method is not comparable to Zhong Ling's devouring talent.

In the pre-Qin period, the reason why Kunpeng was the overlord of heaven and earth was because of his powerful body and talented supernatural powers.

Swallow.

Swallow the sky and the earth.

Going unfavorable.

Come back.

The prince saw that his confidant was instantly beheaded and his hair stood upright, and he immediately understood that he had hit the iron plate.

Instant firepower coverage.

Da da da.....

And he himself flees madly.

"Ha ha."

Ye Fan's expression was mocking.

With one punch, all the bullets that had been killed were blasted, and the soldiers were thrown into the air; then, with a palm slap, all the hundreds of soldiers were smashed into flesh.

"Om."

at this time.

Ye Fan's body trembled, and his eyes were in a trance.

A picture came to my mind and appeared in front of my eyes alive. It was a sea of blood asura field, and there were killings in the sky and the ground.

Kill kill kill kill.

Ye Fan's temperament began to change.

Zhong Ling was frightened.

She couldn't hold this breath, how strong Ye Fan was.

"What's wrong with Xiao Fan?"

"You won't get into trouble, right?"

Zhong Ling was a little worried, she snorted, "Xiao Fan, wake up!"

Ye Fan regained his clarity before his eyes.

"Xiao Fan, what's the matter, something is wrong with your body?"

"No, no, it's a good thing."

Ye Fan grinned in a happy mood.

The true meaning of killing.

That's right, the picture that emerged in his mind just now was the picture of his killing true intentions engraved in his mind in the Bronze Hall of the Ye Royal Family.

In fact, during the time in the Northern Wilderness Historic Site, Ye Fan wanted to see the true meaning of killing. Because as long as you understand the true meaning of killing, your strength will be greatly improved.

It's a pity that I can't recall the picture scroll from memory and comprehend it.

Just now, the brand of the true meaning of killing trembled, and the picture scroll appeared in his mind, and he could comprehend it.

"Kill! Kill!"

"Pay attention to a killing character. It seems that until now, my killing has reached the standard, that's why the branding screen appears."

"Now I can comprehend at will, only killing can be profound. But..."

Ye Fan was a little worried.

He was worried that he would become a killing machine and be lost in the killing.

Although his Dao heart is firm, but... just now, he realized the horror of the true meaning of killing.

"call."

With a long sigh of relief, Ye Fan gradually calmed down.

The prince of the sin capital and others have escaped without a trace.

"Sister, I decided not to go back for the time being. How about going to the city of sin for a while. I will show you to the world."

"Okay, with you there, it must be safe."

"Of course."

The special fighters followed, Ye Fan was very confident and could protect everyone.

The city lord of the sin city, Ye Fan had dealt with.

It's true.

There is a power in the city of sin, which is currently the second power in the world, but before the rise of the Temple of Heaven, it was the first in the world.

Therefore, Tianzun Temple became the number one in the world, and naturally it was inevitable to clash with that force.

That power headquarters is in the sin capital.

In other words, the entire Sin City is the headquarters of that power. After all, the city lord of the Sin City is the master of that power.

The prince fled back to the capital of sin with his subordinates embarrassed.

He was very annoyed.

I wanted to pretend to be forced in the past, but fled back in embarrassment. I have never been waiting for it.

"The prince calms down his anger, the world is so big, there are countless strong people, and a mountain is even higher than the other. Victory or defeat is a matter of military affairs."

"You know what a shit!"

The prince was furious and his face was ugly.

"I know that there are countless strong people, and there are people outside the sky. But if a middle-aged and old strong person has such strength, I am calm. But that man, very young, younger than me, why is there such strength!"

"I'm not convinced!"

This is true.

The subordinates were also shocked, and they had never seen such a evildoer.

"Prince, will the old monster rejuvenate? There are some special methods that can do this."

"really?"

The prince's eyes lit up.

If this is the case, then he feels a little better.

"Prince."

At this moment, a seductive woman came to the hall, it was the cousin of the boss of the theft organization.

She looks really enchanting and sexy.

Dress exposed.

There are not a few cloths all over the body.

The prince laughed, put the woman in his arms, unabashedly, reaching out into the woman's cloth and moving.

The woman winked like silk, and asked, "Prince, have I rescued it?"

"Uh, this..."

The prince was a little embarrassed and sighed: "Ai Concubine, I'm sorry, I met an old monster. It's too strong. I'm a step late. Your cousin and all the people in the organization are all destroyed."

"what!"

The woman's face changed drastically, and she sobbed immediately.

The prince comforted: "Ai concubine, don't be sad, that old monster may come to the capital of sin. I will arrange people to pay attention to it now. Once I find that old monster, I will try my best to kill and avenge your brother."

"What are you doing in a daze, don't hurry to find someone."

"Yes Yes Yes."

The subordinates hurriedly left, the prince smirked and fell over the woman, his eyes turned red, and he roared: "Ai Concubine, let me make you comfortable. When you feel comfortable, you won't be sad."

Soon, there was a voice of despair in the hall.

Lasted for three to five minutes...

...

Ye Fan and a group of people entered the capital of sin.

There is no hiding.

Swagger.

"This is the capital of sin. I have always heard of famous names, but I have never been here." The special fighters also found it very novel.

The construction of the Sin City is not vulgar, equivalent to an international metropolis.

only.

People who come and go are very gloomy.

Over the city.

A gloomy mist lingered.

It is very depressing.

puff.

Suddenly, not far from the street, there was a murder case and someone was beheaded.

The murderer swaggered away.

But he didn't take a few steps.

A stronger person appeared and slapped him to death.

"hiss."

Zhong Ling was full of goose bumps, unable to understand.

"How can such a city without laws survive? It will not collapse all day long."

Ye Fan said: "Most of those who come to the capital of sin are criminals who have escaped here. They are also worried outside. Although they are also worried here, they are at least free."

"where are we going?"

"The City Lord's Mansion."

Chapter 906: Shura Warrior

"Report!"

A supernatural person came outside the prince's bedroom and shouted: "Prince, man has been found, that silver-haired guy has come to the capital of sin."

Squeak.

The prince did not appear, and it was the woman who walked out.

"Concubine Shu, where is the prince?"

"Tired, already asleep." When she said this, a trace of contempt flashed deep in the eyes of Concubine Shu, it was really useless, she was tired like a dead dog after only a few minutes.

"You just said that the murderer came to the capital of sin?"

"Yes."

"What's more? Use all the power to kill him. No, grab him. I will do it myself and kill him alive."

"This, there is no prince..."

"Snapped!"

Concubine Shu slapped the face of the capable person, and reprimanded: "My words don't work, right? The prince is not listening to me, do it immediately."

"Yes Yes Yes."

"and many more."

"Concubine Shu, what else do you have to order?"

"Lead the way, I will go to the front line to supervise the battle, so as to save you from being lazy. Dispatch all the Shura army under the jurisdiction of the prince, understand."

The person with the supernatural power was taken aback.

The Shura Army, it is the strongest warhead in the capital of sin, and the relationship is not trivial.

However, since it was Concubine Shu's order, he could only do so. Anyway, it was exactly what she used, the prince was so fascinated by Concubine Shu that he listened to Concubine Shu.

Ye Fan is going to the City Lord's Mansion.

However, first came to the central square of the Sin City.

Because when he entered the city, he knew he was being targeted. If the prince wanted to make a move, then give him a chance.

The central square is such a big place, you can let the opponent play.

Rumbling.

as predicted.

The earth shook, and armored tanks appeared in all directions on the square; these battlefields came too suddenly, and they were rushing on and on without any scruples.

Many people were crushed to death.

A rough estimate is that there were hundreds of tanks, and then they jumped from the tanks and the armored fighters were dressed in black and red armor.

Woo woo woo.

A substantive murderous aura condensed and enveloped the entire central square. This murderous aura shocked the special fighters.

What kind of soldier is this?

So strong.

"Sura Warrior, yes, stronger than before." Ye Fan muttered to himself, with a playful smile on his face.

There are about three thousand Shura fighters here.

In addition, there are countless cannon thermal weapons in the distance, which can be said to be locked in all aspects.

"What is this going to do?"

"Sura warriors, my God, so many Shura warriors were dispatched. It's been a long time since there was such a grand scene."

"Yeah, it's so exciting."

"This is to deal with the group of people in the central square. It is unnecessary, dozens of people, dispatching so many Shura fighters..."

"Not only that, looking at the distance, there are many hot weapons in preparation."

"Could it be that those groups of people are strong in abilities and martial arts, and only in this way can such a strong lineup be deployed?"

Above the high-rise building 800 meters away from the central plaza, Concubine Shu looked at the computer screen, which was a real-time monitoring of the central plaza.

Concubine Shu zoomed the screen closer.

Ye Fan's face clearly appeared on the computer screen.

Suddenly Concubine Shu's heart was rippling.

Very heroic, handsome, and temperamental man.

Thinking of the prince again, Concubine Shu felt sick.

"Is this the old monster the prince said?"

Concubine Shu squinted coldly.

"Uh, this... it's probably because of rejuvenation, or disfigurement, plastic surgery."

"Fart! This is clearly a young man. You are really blind." Shu Fei scolded angrily.

A grandmaster asked: "Shu Fei, what do you do now, just open fire?"

"Not urgent."

Concubine Shu's eyes shone with brilliance, and she smiled: "Send a message and invite this silver-haired man to come to me for a talk. It makes me happy. Maybe I can spare them."

"This is not good, if the prince knows..."

"That useless thing, playing for a few minutes is like a dead dog, not as powerful as you guys. Don't worry, the dead dog sleeps very well and won't wake up in a short time. You invite this silver-haired man, count You have done a great job, find a chance for you to enjoy it."

The subordinates are overjoyed.

This concubine Shu is too tempting, and easy to let go, secretly having an affair with them, only the prince's foolish hat is in the dark.

A super power in the realm of a demigod headed away from the sky.

This is one of the two strongest subordinates of the prince, the other is the three giants of the world.

The demigod descended on the central square and said, "You have no escape. No matter how strong you are, you can't fight so many Shura fighters and missile bombings. Now, give you a way to survive, the silver-haired kid, come with me, and meet. one person."

Ye Fan asked, "Who is it?"

"Come with me and you'll know, what's the matter?"

"Ordinary people are not qualified to treat me. I came to the City of Sin to see the lord of the city. Could it be that the lord of the city sees me?"

"See the city lord, you are also worthy!"

"It seems that it is not the city lord, so there is no need. These Shura fighters are indeed good, but they are not enough to counter me. As for those thermal weapons, they can be activated, and the capital of evil will be destroyed."

"Asshole, shameless!" The demigod was furious, "I ask you one last time, do you want to follow me?"

"Noisy!"

Ye Fan's face suddenly became cold.

Suddenly, the demigod felt the crisis of death, his hair stood on end, and he didn't even know how to resist.

"My lord, spare my life..."

"Boom!"

A palm print fell, smashing the semi-sage into flesh.

This was just an ordinary demigod, in Ye Fan's eyes, it was just an ant, killing him like a dog.

"what!"

When Concubine Shu saw the demigod beheaded, Huarong was pale with fright.

She knew that a catastrophe had happened. This demigod was one of the crown prince's strongest supporters. Now that he has fallen, even if the crown prince loves her, he will be angry.

"Kill, kill, kill him!"

Concubine Shu didn't have that kind of thought anymore, and now only wanted to kill Ye Fan and annihilate that group of people.

Rumbling.

Three thousand Shura soldiers shot instantly.

A large formation was born.

Shura kills the array.

Ye Fan had experienced it once, and he was very familiar with it. The more Shura fighters in this big formation, the stronger the power.

The killing formation composed of three thousand Shura fighters should not be underestimated.

"boom!"

A force of killing fell from the sky.

Ye Fan said unhurriedly: "Sister, come and try, don't be afraid, I am here."

"good."

Zhong Ling feels safe.

She has no realm of martial arts, so she can only display the talents and supernatural powers that physique brings her.

"Swallow!"

"Worn out!"

Swallowing part of Shura's killing power, the remaining part is slowly eroded.

It's just that the speed of obliteration is very slow.

The second way, the third way, the fourth way... countless killing powers came down.

"Xiao Fan."

Zhong Ling confused Fang Cun.

Ye Fan hugged Zhong Ling and said with a smile: "Sister, look at me."

"Gai Shi Huangquan!"

This punch made Zhong Ling's body tremble, feeling extremely powerful, comparable to ordinary missiles.

Boom boom boom...

All the power of killing was destroyed.

The three thousand Asura warriors shook together, spewing blood, all of them were injured.

Ye Fan was surprised that although this punch was not full, it was already 60% of the power, and it didn't even break through the Shura killing array.

"how come!"

In the tall building, Concubine Shu was horrified.

She deeply knows the strength of the Shura fighters, and the Shura killing array is even more focused.

However, it was almost broken.

What a strong man!

Concubine Shu was even more throbbing at Ye Fan. Seeing Ye Fan's arms around Zhong Ling, the fire of jealousy erupted, and she shouted: "Kill, shoot me and blow them into fly ashes."

The giant grandmaster looked embarrassed and gritted his teeth and said: "Shu Concubine, don't mess around, launching missiles in the city will cause disastrous consequences."

"Do you dare not listen to my orders!"

"Do you want to die! You meddle with me, the prince knows, you will definitely die."

Concubine Shu grabbed the giant's collar and shouted: "Say, who are you listening to, is it my person or the prince's person?"

The master lowered his head and said, "It's yours."

"That's not going to do it yet."

"Yes!"

The giant grandmaster was about to give an order, but found that the sky had changed. A Shura sword was condensed in the sky, and then it smashed down like lightning, splitting Concubine Shu in half.

Puff through.

The grandmaster knelt on the ground in horror, shouting: "See the city lord! Please the city lord atonement!"

at the same time.

In the central square, the corners of Ye Fan's mouth were raised, looking into the distance, he knew that the old friend had appeared.

Chapter 907: King Shura

After Shura's sword smashed Concubine Shu to death, he turned around and slew towards the central square, split the Shura killing array, and fell towards Ye Fan.

Ye Fan raised his hand and grabbed the Shura sword.

With a "bang", the tyrannical Shura sword was squeezed and exploded.

at the same time.

From the city lord's mansion, there was a hearty laugh: "Ye Zun, come to the City of Sin, why don't you give a notice in advance."

Huh.

A strong wind blew by, and a tall figure appeared in the central square, strolling in.

This is a handsome man.

Not too old.

In Ye Fan's memory, this guy seemed to be in his thirties, about the same as Nalanruo, even younger.

Although young, but strong.

This person is King Shura.

At that time, the world's first power, and now the world's second power-the lord of Shura Palace.

At the same time, it is also the second in the top ranking.

Of course, this ranking list is actually not very gold, and it is probably arranged by the secular world.

Not counting those powerhouses in the martial arts world and the supernatural power world.

"King Shura, long time no see."

"have not seen you for a long time."

The special warrior was shocked, King Shura, could it be that he was the master of the Temple of Shura?

It turned out that the city lord of the Sin City was King Shura. No wonder the Shura Palace was once extremely powerful, with tentacles spreading all over the world.

It's a pity that Tianzun Hall suddenly emerged and successfully suppressed the Asura Palace, which led to the reduction of the Asura Palace's power.

This is the first time that special fighters have witnessed King Shura.

It is inevitable that it is shocking.

Because they felt that King Shura was much stronger than Captain Dragon Whale, at least a great figure at the pinnacle magnate level.

"Ye Zun, please."

"Please."

Ye Fan took Zhong Ling to follow King Shura to the City Lord's Mansion.

Special fighters will be arranged by themselves.

Now King Shura is coming forward, who dares to move the special fighters or Ye Fan's people, unless it is to go to war with the Tianzun Temple.

City Lord's Mansion, the main hall.

King Shura sighed: "Counting the time, I haven't seen you in a year. This year, Ye Zun, your strength has greatly increased."

Ye Fan's eyes flickered, and said: "Every other. Your strength is beyond my expectation. It is more than ten times stronger than a year ago."

"Hahaha, by chance, I got some good luck." King Shura was very proud and smiled bitterly at the same time.

As soon as he got good luck and his strength improved by leaps and bounds, he wanted to find Ye Fan to fight in the future, suppress Ye Fan, and find his place.

But gradually, he heard some news.

King Shura also practiced martial arts, so he was very concerned about the Daxia martial arts world. Knowing all the deeds of Ye Fan made his heart cold.

His strength soared ten times, but he still couldn't catch up with Ye Fan's footsteps.

Ye Fan came to the city of evil, but he actually felt it, even if Concubine Shu mobilized Shura fighters to deal with Ye Fan, he wanted to see Ye Fan's strength with his own eyes.

When Ye Fan randomly punched and almost burst the Shura killing array of three thousand Shura fighters, King Shura had already estimated Ye Fan's combat power.

Therefore, there is no need to continue.

Concubine Shu ordered the missile to be launched, which was almost a death, so Concubine Shu was struck to death.

It's just a woman, even though it is his son's concubine, so what? Even if it is a son, he can still kill it.

The word Shura is not a joke.

Speaking of which, King Shura said: "Daxia and the Eagle Nation clash, martial arts and abilities collide, sparks are everywhere. Next, what will happen? The Dragon Slaying plan of the corpse emperor has reached that point, what is the purpose of the corpse emperor?"

"I also want to know these questions of yours, and I haven't got the answers. Let's take a step and take a step. No matter what happens, the big men at the hegemony level will definitely bear the brunt and will not affect us."

"Aren't you about to become the overlord?"

"It's still early."

Ye Fan laughed and looked at King Shura again, getting more and more frightened.

The strength of King Shura is truly unfathomable.

Ye Fan found that he was not sure to suppress King Shura.

"You are very strong."

"Yes, I have obtained the Shura forging method, and I have created a purely broken Shura physique. I have achieved great success and obtained the innate and supernatural powers. In addition, I have also obtained a lot of Shura killing techniques and resource treasures. It allowed me to make rapid progress in just one year."

King Shura confessed frankly, making Ye Fan a little bit astonished.

He and King Shura are actually not friends, they should be rivals, but they are a bit sympathetic, and they are far from the point of confessing their hearts.

"I can also tell you that the treasure I got is under the capital of sin."

"What's the meaning?"

"Underneath the city of sin, about 800 meters away, there is a dark sea, which is not small in size and three hundred miles in length and breadth. I am the treasure I got in the dark sea."

King Shura paused, and then said: "The Dark Sea is really not easy. I feel that there are other treasures besides the Shura treasure, but it is too dangerous for me to explore it alone."

"You pulled me into the gang?"

"Yes, you are strong enough. We have fought each other before. Although we are opponents, we are also friends who are sympathetic to each other. I also thought about finding other people to explore together, but you are my first choice. I didn't expect you to be. Coming to the Sin City, then I won't miss this opportunity. Let's explore together, and the treasure will be evenly divided."

Zhong Lingxiu frowned, and secretly pulled Ye Fan, to signal Ye Fan to be careful, there might be ghosts in it.

Ye Fan certainly wouldn't take it lightly.

King Shura is not a mediocre person.

"How did you discover the undermined damage of 800 meters underground in the City of Sin? Don't tell me that you are okay to burrow in the ground."

"Call in the dark."

"call?"

"Yes, I know these ten strange separations, but the facts are like this. One day a year ago, I heard if there was a call that seemed to be nothing, vaguely and intermittently. At first I didn't care, it lasted for half a month, I It's not easy, there must be some secret."

"I spent seven days pondering and finally determined that the call came from the underground. So in the backyard of my City Lord's Mansion, I started digging frantically. Day and night, I dug into the dark sea in a month."

"No need to say any more, I easily got the treasure and started to transform."

Ye Fan asked, "Don't you think this is weird?"

King Shura nodded and said in deep thought: "It's really weird, that treasure is the edge of the dark sea, it seems to be specially for me. But I can't take care of that much, as long as it can become stronger, it is enough."

Zhong Ling interrupted abruptly and said, "I have a guess that there is a horrible existence in the dark sea, but it is trapped and needs external rescue. That's why I gave you the treasure to make you stronger, and then went to rescue it. he."

Ye Fan said: "This guess is the same as I thought. During the pre-Qin period, there was a terrifying race, the Shura race. This race was powerful and cultivated like a fish, but it was bloodthirsty and cruel. In the end, it angered many other races and jointly destroyed Shura. Family."

"The treasure you got is Shura's attributes. I am a little skeptical. Under the dark sea, Shura is sealed, the real Shura."

"I don't know if there is only one, there are still many Shura, in short, once these terrifying creatures are released, it may bring disaster to the world."

King Shura laughed and said: "Even if Shura is sealed in the dark sea, how much can there be? The world is so big, and a small amount of Shura creatures can make the world of cholera? It doesn't exist. The missiles are enough to kill, and there is no big wave."

"Ye Zun, I still suggest that we explore it. If we find the seal, we won't open it. But if we find other treasures, then we will make a lot of money."

"I'll give you time to think about it. It's getting late today. I prepared a banquet. Let's have a good drink. You will give me an answer tomorrow."

...

After the banquet, Ye Fan and Zhong Ling came to the residence.

"Xiao Fan, I feel a little tricky, will King Shura deliberately cheat you?"

"Who knows, but the Dark Sea definitely exists because I perceive it." Ye Fan's eyes were bright, his five senses are now so huge, and the underground is not deep eight hundred meters, he can feel it with his heart.

"you want to go?"

"Yes, I'm going to check it out. Actually, I really hope that Shura will be sealed so that we can understand many secrets of the ancient times through Shura. It's just a bit unrealistic. The pre-Qin Dynasty is two thousand years away from the present, and no creature can live so long. ."

"Sister, I'm very interested in the martial arts world in the pre-Qin period. There may be clues in the dark sea, and even some cultivation methods, magical secrets and faculties from the pre-Qin period. Since there is such an opportunity, no matter what, I have to go through it. ."

Seeing Ye Fan's words firmly, Zhong Ling stopped persuading, she said: "Take me, and I will go too."

Leaving Zhong Ling outside alone, Ye Fan was not at ease. King Shura arranged to capture Zhong Ling and could counter him.

"No problem, stay by my side, I'll be at ease. The special fighters had better not bring the evil capital. Tomorrow I will ask King Shura for a fighter plane so that the special fighters will return home first."

"Well, I listen to you."

Chapter 908: Dark sea

the next day.

Ye Fan asked King Shura for a fighter plane.

This is no problem. As long as King Shura agrees to go to the dark sea to explore together, let alone fighters, a cruiser can be given.

The foundation of the Sin City and Shura Temple is very strong.

It used to be the number one power in the world.

After the special fighters left, Zhong Ling felt relieved.

King Shura said: "Ye Zun, Miss Zhong also follow?"

Zhong Ling smiled and said: "King Shura, don't look down on me. Although I don't have the top two of you, I still have some strength."

King Shura said: "Indeed, I can feel that your physique is strong, not inferior to my Shura physique. Well, come with me."

The backyard of Santos Mansion.

This is a forbidden area, and only King Shura can come over.

In the middle of the backyard, there is a well.

This is the entrance.

The surface is a well, in fact, the passage below is very wide.

"Come!"

King Shura jumped in first.

Ye Fan hugged Zhong Ling closely behind.

Eight hundred meters.

Soon, the three of them landed.

But without seeing the Dark Sea, King Shura said, "There is still a way to go, the Dark Sea is just ahead. I think you have already felt the weird breath."

Ye Fan's five senses recovered to the extreme.

Pay close attention to the wind and grass around you.

After a quarter of an hour, the eyes suddenly opened up.

An icy breath rushed toward his face, and King Shura said: "Look, this is the dark sea, I'm right, I didn't lie to you."

Ye Fan and Zhong Ling looked surprised.

As far as I can see, the black sea is covered with black water; the king of Shura said that it is three hundred li vertically and horizontally, and the area is actually not small.

It is very difficult to form such a big dark sea.

Ye Fangen believed that it was man-made.

Only those with great magical powers can create such a big dark sea; Ye Fan can't do it at all with this kind of strength, unless it takes enough time.

In this space, the top of the mountain on the dark sea is inlaid with stones shining with green and white light, reflecting this space very strangely.

The sea is extremely calm, like a mirror.

Ye Fan felt that certain powers conveyed in the sea were extraordinary and dangerous.

"This piece of arrangement is very deep. My depth is a thousand meters at most, and it is far from the bottom. The more I go down, the more terrifying it is, and it is attacked by mysterious power."

"Ye Zun, this is the place where I once got the treasure." King Shura pointed to an area and said.

Ye Fan took a look and said, "Does your physique resonate?"

"What's the meaning?"

"If there are real creatures of the Asura clan in the depths of the dark sea, then your Asura physique will definitely throb and resonate."

King Shura groaned: "Not yet."

Ye Fan did not ask, he suddenly shot, punching a powerful punch, and rushing into the dark sea.

But it seems to have penetrated into the cotton, there is no waves.

King Shura explained: "This is the unusualness of the dark sea. There is no response when energy penetrates into it, as if this huge dark sea is just a black hole."

Is the dark sea a black hole?

This thought crazily bred in Ye Fan's mind, and it frightened him.

But is it possible?

Ye Fan said: "Energy entering the dark sea has no effect. Doesn't that mean that we have no way to resist the danger encountered in the dark sea."

King Shura said: "In the dark sea, you can use your physique."

"Ye Zun, how about it, do you want to enter the exploration?"

"I have come here, of course I have to see, I am not a timid person." Ye Fan was not afraid, but rather surprised.

The only worry is Zhong Ling.

Leaving her on the shore uneasy and taking her into the dark sea will really encounter a life-or-death crisis, and it is very likely that she will encounter unexpected events.

"Xiao Fan, I want to go down." Zhong Ling grabbed Ye Fan's wrist and said solemnly: "My physique is not vulgar, maybe I can help."

"All right."

Ye Fan thought, if there is really any big horror, he must send his sister out first.

Enter the dark sea.

A strange feeling rushed to my heart, it was impossible to tell, it seemed that every cell of the body was being pulled, and this pulling force was very weak.

But with the dive, this power gets stronger and stronger.

After a while, King Shura said, "Ye Zun, he has already dived to 600 meters, and his mysterious power has greatly increased, so he needs attention."

With that, King Shura regained Shura's physique.

I only saw that King Shura's appearance had changed, some strange lines appeared on his face, and his pupils turned red.

A violent breath burst out.

At the same time, on the surface of King Shura's body, a blood-colored armor appeared, like a different kind of scale, which looked amazing in defense.

"Om."

Zhong Ling's physique also recovered.

Kunpeng's physique is not trivial, and in terms of grade and development potential, it is much stronger than Shura's physique.

A small crab emerges.

Zhong Ling is in Kun Xuying's body, isolated from the sea water, and the mysterious force is invading, and he is not weak at all.

King Shura looked sideways.

"Kunpeng physique, Miss Zhong is very powerful, this physique has huge potential and can grow into a female overlord in the future."

"The King Shura praised it."

Ye Fanting was surprised. He didn't expect that the Kunpeng physique of the Xiaocheng realm could have such a mystery.

In the next moment, Ye Fanba's body also recovered.

But there was no complete recovery, only half of the recovery.

The overbearing aura of the yangzhigang enveloped Ye Fan, who was like the golden sun, illuminating the world in the sea.

The three continued to dive frantically.

Soon it reached a zone of one kilometer, which was the place where King Shura had reached before. As expected, the mysterious power began to explode.

Zhong Ling's little Kunpeng phantom began to tremble, and was about to collapse at any time.

Ye Fan pulled her to his side, and the Tyrant body recovered a little again, blocking the mysterious power from attacking.

King Shura looked sideways, and secretly said in his heart: "Ye Fan's physique hasn't fully recovered yet. It's really amazing. It seems that this time I can get that treasure."

"Xiao Fan, I don't feel right." Zhong Ling is very keen. This may be a woman's sixth sense.

"It's okay."

Ye Fan blinked and whispered, "I have already guessed something. I'll take a look later."

Seeing Ye Fan's everything under control, Zhong Ling felt a lot more secure. He felt that Ye Fan was really handsome, and this confidence was too attractive.

Dive to two kilometers.

Finally, it seemed that it was about to reach the bottom.

King Shura's body was trembling constantly, unable to withstand the pressure at any time, he shouted: "Ye Zun, can you continue?"

"It's almost reaching the limit, but I found that I can reach the bottom of the sea in about 500 meters. Do you want to fight it."

"Try it."

King Shura roared wildly, his eyes gleaming with blood, three drops of natal blood burned, and the blood-colored armor on his body was brilliant.

It's really hard.

Ye Fan slapped his tongue, he fully recovered his domineering body, did not use the emperor's phantom, the power of qi and blood was washed out, and the sea was separated.

"What a strong physique."

At this moment, King Shura finally felt the horror of Ye Fan's physical body, which he thought was incomparable.

"The stronger the better, attract me firepower."

A hint of cunning flashed in King Shura's eyes, and then the red armor on his body turned black, merged with the sea, and disappeared.

call out!

Just a few seconds after King Asura disappeared, a dark shadow came out ghostly, and the target was Ye Fan.

Zhong Ling's hair stood upside down and said, "Xiao Fan, there is danger."

"clear."

Ye Fan played martial arts skills, but he didn't. Gang Qi had no effect at all in the sea.

Now Ye Fan can use his blood and flesh.

"What the hell."

The black shadow was extremely fast, and then, unfortunately, Ye Fan moved faster and caught him instantly.

Take a closer look.

Zhong Ling was taken aback. This thing was not big, it looked like a water monkey with a hideous face and a hairy face.

"Oh!"

"Oh!"

The black water monkey kept screaming, his voice was sharp and uncomfortable.

Ye Fan forcefully squeezed the black water monkey.

However, dense black water monkeys appeared all around, screaming frantically, and culled.

Zhong Ling is a girl after all.

Although he is a criminal policeman who has gained good strength, he is still a human being although he is a criminal who deals with a criminal policeman.

Now these monsters are terrible, Zhong Ling closed his eyes, shrank into Ye Fan's arms, and hugged Ye Fan tightly.

"Sister, try to open your eyes and see. In the future, you will come into contact with something more terrifying than these. You must adapt as soon as possible."

Ye Fan slayed the black water monkey while teaching Zhong Ling.

gradually.

Zhong Ling was bolder.

This is actually Ye Fan's masculine breath that infects her.

Bang bang bang...

Although there are many black water monkeys, their combat power is not too strong. Ye Fan is easy to kill; not only that, Ye Fan dives while he is big.

"Xiao Fan, King Shura is gone."

"It's very simple. He wants me to attract these monsters. He went to dig the treasure himself."

"This **** really cheated us."

Ye Fan disapproved, and said: "It's okay, even if he digs out the treasure, it's not easy to leave. Whoever digs it, I will grab it later, or..."

"Let's go to the bottom of the sea and see the treasure."

"Oh!"

Suddenly, an extremely sharp cry hit Ye Fan's eardrums; Zhong Ling called painfully, dizzy.

This black water monkey has a huge body and is much stronger than the others.

"boom!"

Ye Fan and the Monkey King punched each other, and they were beaten into the air.

The monkey king grinned, he could control the mysterious power, carrying a rusty mace in his hand, and smashed it hard.

Mysterious power enveloped Ye Fan, to tear Ye Fan's masculine breath protection.

"Emperor Void Shadow."

Ye Fan no longer hides.

The emperor's phantom appeared, and the black water monkey was shot to death, and then the mace was axially directed.

The Monkey King shouted angrily.

Taking this opportunity, Ye Fan took Zhong Ling and dived crazily.

The pressure of the last five hundred meters was extremely terrifying, and the guardian of the emperor's phantom also made Ye Fan very uncomfortable.

Zhong Ling was better.

Because Ye Fan's blood was gushing, he protected Zhong Ling from three circles and three circles outside.

The two finally landed.

Zhong Ling exclaimed: "Xiao Fan, look, what is that!"

In the distance, faintly, there is a huge monster entrenched, which is frightening; and that mysterious power is emitted by that huge monster.

"Oh!"

At this time, the Monkey King dived like lightning, and the mace smashed at Ye Fan fiercely.

"court death!"

Ye Fan's right arm inscription bloomed, and he punched out with all his strength.

boom!

The mace pushed his hand away, the monkey king was beaten and flew several hundred meters, but he did not die, but grinned in the distance and roared in anger.

Ye Fan knew that the Monkey King was very jealous and didn't dare to attack at will. He held Zhong Ling and approached the behemoth far away.

Chapter 909: The corpse more than two thousand years ago!

"Oh!"

The monkey king saw Ye Fan and the two rushing towards the behemoth in the distance, jumping like a thunder; he chased them with dense black water monkeys.

But.

He should have been scared by Ye Fan's punch just now. The Monkey King didn't dare to approach him, but he kept hissing.

All the black water monkeys were hissing.

Those sharp shouts converged, it was a terrifying mental shock wave, making Ye Fan's scalp numb.

finally.

He approached the behemoth.

The Monkey King finally stopped hissing, but watched with a gloomy look, Zhong Ling was full of goose bumps.

"Xiao Fan, what is this?"

Zhong Ling whispered softly.

Ye Fan looked solemn and said, "This is a corpse. As I guessed, this may be Shura's corpse."

"what?"

"Just guessing."

Looking at the corpse up close, it is huge, one hundred meters long, like a small hill.

Most of them are rotten.

Exposed the gloomy bones.

Those black water monkeys may have taken this rotting corpse as their thing.

Ye Fan was looking for King Shura. It stands to reason that King Shura asked him to attract firepower because of the corpse, with treasures hidden in it.

Click!

Suddenly, there was an abnormal noise from the corpse, and some bones broke and collapsed.

"King Shura."

Ye Fan drank heavily, washed away the blood, turned into **** handprints, and grasped in that direction.

It is indeed King Shura.

He didn't expect Ye Fan to break through the Blackwater Monkey's siege so quickly, Ye Fan's strength surpassed his expectations.

And this time.

Ye Fan could actually use the blood and blood mudra to shock King Shura again.

"Break it for me."

King Shura coldly drank, Shura's physique was here like a fish in water, and the technique of killing and cutting split the **** handprints.

Ye Fan didn't think that this blow could defeat King Shura, just to make King Shura show up.

Now it is fulfilled.

He looked at King Shura and said, "Is this corpse what you want?"

"Yes, this is Shura's corpse."

"Impossible, the Asura clan creatures are so huge?" Zhong Ling was unbelievable, he felt a little fanciful.

King Shura stood on a bone and said: "In the pre-Qin period, the martial arts world was like a myth. There were not many huge creatures. Of course, not all the creatures of the Shura clan were so huge. This corpse is the corpse of Ashura."

"Ashura? What do you say?"

Ye Fan and Zhong Ling must be puzzled.

But King Shura got the inheritance of the Shura clan and learned many secrets of the Shura clan. He said: "The creatures of the Shura clan also have levels. Some of them can evolve into asuras and even ancient Shura."

"Asura, in the pre-Qin period can already be called the overlord of heaven and earth. Therefore, his corpse can only be two thousand years without ashes, just rot and decay."

"Since it is rotten, what do you want this corpse for?"

"I'm looking for clues to the secret realm of Shura." King Shura said: "I got the inheritance of Asura and know many secrets. During the pre-Qin period, many races joined forces to exterminate the Shura tribe. The secret realm will never come out, and it will preserve a trace of incense inheritance from the Shura tribe."

"The Asura Secret Realm is only known to the Asura Overlord, so I am going to look for clues. I am going to open the Asura Secret Realm."

"Ye Fan, I got the Asura inheritance, and I will be the future Asura, the future Lord of the Asura clan. As long as you open the Asura Secret Realm and release the Asura clan creatures, what a situation will it be, do you know!"

"For two thousand years, the Asura tribe has thrived in the secret realm, and the number is absolutely terrifying. I have a real Asura army, which will sweep the world, and I am the only one to dominate!"

King Shura laughed wildly, very confident.

Even the Monkey King in the distance was shocked, and his eyes changed when he looked at King Shura.

Ye Fan guessed right, these black water monkeys were feeding on Ashura's corpse, so they maintained Ashura's corpse in this way.

However at the moment.

When these black water monkeys learned that King Shura had received the inheritance of this corpse, their attitude changed, and they even felt like they wanted to surrender King Shura.

King Shura was keenly aware of this, and he was more confident.

Ye Fan said coldly: "You should know that the Asura clan is bloodthirsty. Once the Asura Secret Realm is opened, the world will usher in a huge terrifying disaster."

"What's wrong with me!"

King Shura was very cold, his eyes flashed with indifference to life.

Ye Fan sighed: "You are not you anymore. You get the inheritance of this Asura, begin to be alienated, and eventually you will become a real Asura, and you can't be called a human."

"So what." King Shura disagreed, and smiled: "Living in this space, no matter what race he is. Besides, becoming Shura, I can gain great strength, and even dominate the world, why not Why."

"Have you found the clue to the Asura Secret Realm?"

"gain something."

"Then you are sure that when you open the Asura Secret Realm, those Asura creatures will recognize you as the master?" Ye Fan mocked and ridiculed: "Your strength is too weak. In the eyes of the real Asura tribe, it's just a pile of flesh and blood. , Eat it directly. Don't you think that getting Ashura's inheritance will allow you to rule the Asura clan?"

King Shura's face gradually became ugly.

Ye Fan ridiculed: "The strong are respected, not to mention the murderous and brutal race of the Shura clan, regardless of inheritance or inheritance, believe in the strong. If you are not strong enough, everything is useless."

King Shura sneered: "Ye Fan, you don't have to hit me. I am not a fool. I will not open the Shura Secret Realm now. I will open it only when I am strong enough. Ye Fan's future world will be under my control. That's for sure. . You never know the strength of the Asura clan."

"In the memory of inheritance, I know that in the pre-Qin period, there were thousands of ethnic groups, and the assaults did not completely wipe out the Shura clan. I can imagine the horror of the Shura clan."

"I don't want much. As long as there are 100,000 Asuras in the Asura Secret Realm, you can sweep the world. If there are a million Asuras, I will immediately occupy many continents. If there are tens of millions of Asuras, then the countries will come."

Ye Fan suddenly smiled and said: "King Shura, something is wrong. Since I have inherited memory, isn't there the location of the Shura Secret Realm in my memory? Didn't say how many Shura has been sealed by the Asura Overlord?"

King Shura's face changed.

Zhong Ling shouted: "King Shura, it turns out that you are making a mess."

"shut up!"

King Shura was furious, and roared: "What I mean by making up idiots, what I said is true. The years are too long, the inheritance is shattered, and the memory is not complete."

"Ye Fan, I am too lazy to talk too much nonsense with you, now I will give you two paths."

"Tell me."

Ye Fan looked funny.

King Shura looked gloomy and snapped his fingers. As expected, the Monkey King obeyed and led a group of black water monkeys to stop the water surrounding this space.

"First, that is death."

"I don't want to die."

"Okay, then you have a second way. I will pass you the secret method of the Asura clan."

"What's the meaning?"

"In the inheritance I got, there is a secret method that can be gradually alienated into Shura after practicing."

Ye Fan understood, and sneered: "You want me to alienate into Shura, listen to your orders, and be your subordinate."

"good."

"What international joke are you making with me."

"Ye Fan, don't refuse in such a rush, think about it, I'll give you time."

"No, you ask yourself, are you qualified to let me surrender you?" Ye Fan's words were mixed with sarcasm.

A dull expression appeared on King Shura's face, and he said coldly: "If this is the case, then I can only send you on the road."

"Just rely on these black water monkeys?"

"Of course not, the mysterious power is emitted from the corpse of Asura, and now I have mastered the corpse."

When the words were over, King Shura drank heavily, the sea was surging, and the corpse surged with mysterious power.

This power, unlike the previous one, has a devastating blow this time.

Ye Fan's eyes were long, his left hand was holding Zhong Ling, and the inscription on his right hand bloomed, his strength increased greatly, and then, a rhyme of Taoism flowed out.

King Shura fried hair.

crisis?

The black water monkeys also have their hair upside down.

"Dadao Fist!"

This punch instantly annihilated the Blackwater Monkey. The Monkey King didn't hold on for long, and he exploded; then, it blocked the mysterious power.

boom!

For a time, there was a big explosion on the sea floor.

King Shura was lifted off.

The huge corpse also collapsed quickly.

Ye Fan did not linger, and rushed towards the top with Zhong Ling.

"Where to escape!"

King Shura was furious.

But there is no fear, he deeply understands that once Ye Fan is allowed to escape, it will be very troublesome later.

Maybe Tianzun Temple is about to attack the capital of sin.

"Ye Fan, you can't escape. Do you think that if I drag you to the dark sea, will there be no second hand?"

Chapter 910: Queen Shura!

Ye Fan rushed out of the dark sea with Zhong Ling, feeling refreshed, and his combat power directly climbed to the peak.

Rumbling.

A group of black water monkeys chased out.

Ye Fan killed a lot of black water monkeys with that punch, but it was far from killing them completely. These black water monkeys came all over the world.

Not in the dark sea, Ye Fan has a lot of means.

"King Shi Huangquan."

"Tianwei palm."

One punch and one palm killed countless.

Zhong Ling was not idle either, her obliteration talent was very good, and she could deal with some.

Ye Fan did not rush to leave, but waited for King Shura to come out.

If he expected it well, there must be a lot of layouts outside, maybe the missiles were all aimed at the wellhead, and if they came up, they would be killed.

Ye Fan was not that stupid.

Suppressing King Shura is the best choice.

"boom!"

King Shura finally rushed out of the dark sea, and he walked flat on the sea.

"Ye Fan, you are very smart, you didn't go outside, otherwise you would be bombarded."

"I can still think of this." Ye Fan responded faintly, "Why, do you think it is my opponent?"

"Why not give it a try."

King Shura also concealed his strength, his Shura physique completely recovered, and a huge shadow rose behind him.

That shadow is Ashura.

Exudes fierce and violent power.

King Shura smiled and said: "Back then, the Temple of Heavenly Sovereign emerged suddenly. I stepped on one of the Temple of Shura, and I was suffocated with fire. Today, let's make a conclusion."

A shadow of the emperor rose up behind Ye Fan, and said sharply: "You want to play, I will accompany you."

"You wait to retreat."

King Shura ordered that all the black water monkeys retreated back to the dark sea.

"Ms. Zhong will not be in danger anymore. You can fight with me without worry."

"as you wish."

Ye Fan and King Shura charged at the same time.

Bang!

The two collided.

It's definitely a brutal collision.

Seeing Zhong Ling's teeth are sour, which is too vigorous.

Bang bang bang...

Following the three barbaric collisions, Ye Fan and King Shura were both heartily.

Ye Fan was shocked that the Shura physique of King Shura could compete with his domineering body without letting down the wind.

Shura is indeed a terrifying race, amazing!

King Shura was equally shocked.

He was very aware of the strength of his Asura's physique, and he successfully transformed into a drop of Asura's life essence.

To be precise, he is not an ordinary Shura body, because he used a drop of Asura's natal blood, which is the biggest treasure.

There is an ancient breath in him.

It can be said that he is an Asura body, one level higher than the Asura body.

Therefore, it was able to collide head-on with Ye Fan's body.

"Ye Fan, your physical body surprised me. You didn't let me down. You are my best stepping stone."

"It's not always certain who stepped on it."

"Hahaha, Ye Fan, if it is elsewhere, it may not be possible, but here, I am invincible!"

King Shura performed a certain killing technique.

I only saw that a series of Asura blood shadows were shot, these blood shadows were like real Asuras, and the impact Ye Fan kept falling.

"Xiao Fan!"

Zhong Ling is very worried.

Ye Fan was very calm, he was even very excited, because the Asura clan was bloodthirsty and cultivated the purest way of killing.

In other words, fighting against King Shura can help him understand the true meaning of killing.

at this time.

The picture of killing true meaning in Ye Fan's mind once again surfaced.

Two purposes.

If King Shura knew that when Ye Fan would fight him again, he would still go to comprehend the true meaning of killing, I don't know how he would feel.

Of course.

The dual-use combat power will definitely have an impact, Ye Fan fell into the wind, and was beaten very embarrassed.

But this is what Ye Fan wanted.

"King Shura, it won't work, the Shura clan's killing technique, that's it?"

"In that case, let you taste it."

King Shura frantically played the killing technique, dazzling, Ye Fan was suppressed to death.

Ye Fan's enlightenment speed is skyrocketing.

Gradually, King Shura felt something was wrong, no matter how he attacked, he couldn't kill Ye Fan.

Moreover, Ye Fan seemed to be suppressed, but suffered no substantial harm at all.

"No, it's in the plan, this guy must be doing a ghost." King Shura was shocked, and hurriedly stopped using the killing technique.

Rumbling.

He mobilized the Asura phantom and began a brutal attack.

Ye Fan saw Ashura phantom stepped on, stopped comprehending the true meaning of killing, and began to concentrate on fighting.

"Great Seal Technique!"

After breaking through heavy attacks, Ye Fan appeared in front of King Shura, and the sealing power hit him.

Suddenly King Shura's expression changed.

His combat power was sealed by 30%.

"Boom!"

The next moment, Ye Fan hit him with a punch, and King Shura plunged into the dark sea.

Zhong Ling danced happily.

Ye Fan didn't take it lightly, his qi and blood turned into shape and grabbed into the sea.

But King Shura rushed out from the other side and killed Zhong Ling; Ye Fan suddenly furious, shrank into an inch, and appeared in front of Zhong Ling like lightning.

"To deal with my sister, you are going to die!"

"not good!"

King Shura was shocked.

Because, the rhyme of Dao on the bottom of the sea just now appeared again, and his back was hairy.

King Shura retreated madly.

At the same time, shouted, "My Shura warriors, come out."

Sudden.

This space shook, the dome split open, and a Shura warrior appeared, all dressed in blood armor, murderous.

King Shura said: "Ye Fan, this 30,000 Shura army is the real Shura, practicing my secret of alienation. This is specially prepared for your Heavenly Sovereign Hall. I originally wanted to use 30,000 Shura to destroy your 300,000 army. Today, let you taste the power first."

"Children, line up."

In an instant, the 30,000 Shura soldiers moved, and a strange pattern appeared in the air, hovering above Ye Fan's head.

boom!

A blood-colored beam of light appeared in the pattern, which was inserted on the ground.

Immediately afterwards, three more appeared.

Four blood-colored energy pillars stood, connected two by one, forming a cage.

King Shura stood up in the air and said proudly: "This is the big killing array of the Shura clan. I am based on 30,000 Shura. I don't know if Ye Tianzun can break it?"
