Chapter 861: Why Do You Need an Hour?

Xuxu instantly turned scarlet.

However, Yan Rusheng was still lazily resting against Xuxu and had his hand intertwined tightly with Xuxu's. He looked exceedingly calm and unruffled in the midst of everything happening.

... completely ignoring the traffic police standing outside the car.

Xuxu angrily nudged him. "It's the traffic police. Get off me!"

"Wife, we are legally married and not having any secret affair," he drawled. He stretched his neck to give her a kiss and even licking her lips.

It frustrated Xuxu. *'This fellow !'*

She finally couldn't take it any longer and blow up. She bit his lips as hard as she could; it gave Yan Rusheng the shock of his life.

Xuxu let him go only after she had tasted blood.

She opened the window and smiled at the traffic police. "Hi, Mr. Officer. What's wrong?"

"You're not allowed to engage in intimate behavior on the road. First, it's unsafe. Second, it displays the wrong moral values to our society."

"We.... no... we're not..."

Xuxu's face was boiling hot as she waved her hands frantically to deny his accusations. But the officer had already issued a ticket. He sternly said, "Besides, this is a traffic junction and no one is allowed to stop here. Here is your ticket."

Xuxu stretched her hands to receive the ticket. Using the light from outside, she read the details.

'Stopping on the road, engaged in intimate behavior.'

She frowned at the details on the ticket.

Xuxu implored the officer with no shame. "Hi, Mr. Officer, could you amend the details on the tickets? We weren't engaged in any immoral activities. I swear."

The officer looked unconcerned. He responded, "We have taken photos as evidence. If you have any disagreement, please follow us to the police station."

Xuxu awkwardly laughed it off. "It's... It's alright!"

If they really ended up at the police station, they would hit the headlines tomorrow with captions saying they had sex in the car.

Xuxu furiously gritted her teeth and turned to glare at Yan Rusheng. "It's all your fault!"

Yan Rusheng feigned innocence.

He licked his bleeding lips, and his other hand still wounded around Xuxu's waist, underneath her clothes.

Xuxu didn't dare to say anything with the officer still lingering around. She had to endure his wandering hands moving around *'indecently'* since he was her husband.

"We got it. Thank you, officer," Xuxu said and quickly wound the windows up.

She turned around to lash out at Yan Rusheng with her claws bared. "The gamble has been declined! If you dare to continue fooling around, then you shall be a monk forever!"

Yan Rusheng lifted an eyebrow. He drawled, "Do you believe that I will continue right now?"

He spun his head to look over his shoulder, only to find out that the officer was still around.

"Drive!" Xuxu yelled. She was livid.

"Don't forget to be more proactive tonight." Yan Rusheng grinned cheekily as he straightened his back before pressing the ignition button.

...

"What happened to both of your lips? Why are you both bleeding?"

Madam Mu Li, who was sitting on the sofa watching TV, noticed their bleeding lips the second they stepped in.

The reason was too obvious, and Xuxu remained mum. She bolted for the staircase with her face flushed.

Yan Rusheng, who was trailing slowly behind, mischievously grinned. "We fought."

Mu Li rose and walked to him. As she reprimanded him, she pinched him as hard as she could. "You wretched son. Xuxu is pregnant, and you need to know your limits."

But she had the same sly smile as her son.

When Xuxu turned around, she caught a glimpse of the sly smiles on their faces. They were indeed, mother and son.

Yan Rusheng saw that Xuxu had already reached the second level. He hastily said to Mu Li, "Tell the servants to prepare food. We'll be down in an hour."

He hastened his footsteps and ran up the steps.

It puzzled Mu Li, so she asked, "Why do you need an hour?"

Chapter 862: Did You Think Of Us?

Yan Rusheng ignored his mother.

He caught up with Xuxu and dragged her into his room. He lifted her up before taking quick steps towards his bed.

“Yan Rusheng, we haven’t showered,” Xuxu whispered with a frown.

Yan Rusheng’s voice was hoarse. “I can’t wait any longer.”

He bent his back to place Xuxu on the bed, and he purposely brushed his private part against her thigh.

Xuxu instantly turned red and averted her eyes. She couldn’t bear to meet Yan Rusheng’s eyes at that moment.

She clenched the bedsheets with sheer nerves.

Could she? Could she really do it?

Xuxu repeatedly asked herself. She kept thinking it would hurt her babies as she had no prior experience. This was also the reason she wanted to sleep separately from him until she gave birth.

During pregnancy, it was definitely not wise to do it often.

What if... an accident happened?

Yan Rusheng gazed at Xuxu’s flushed face, and he couldn’t resist the temptation anymore. He climbed on top of her. “Wife, where is your initiative?”

His gentle and hoarse voice was full of seduction, and it made Xuxu’s hairs stand. Her long eyelashes were also slightly trembling.

She turned her head back towards him and soon fell into the depths of his gaze. “I...”

She opened her mouth to speak but the man’s lips came crushing on hers, sealing her lips.

Xuxu wanted to stretch her hands to push him away, but she had no idea why she didn’t do it. It seemed that he had beguiled her, and incredibly, she wrapped her arms around his waist.

This action had Yan Rusheng’s body tighten, and his eyes were blazing with excitement and urgency. His kisses became more passionate and lingering.

He used a hand to support himself while the other dove underneath Xuxu’s clothes. His hand traveled upwards, caressing every inch of her body which was exceedingly inviting him there and then. He couldn’t wait any longer.

“Darling, be more proactive.”

Yan Rusheng continued to use his peach blossom-shaped eyes and hoarse voice to beguile Xuxu.

Xuxu was still very bashful but soon surrendered to Yan Rusheng’s bewitching gaze and eyes. Her hands began to slide towards his collar.

She mustered the courage to undress him and unbuttoned his shirt. Her slender and fair hands seemed like a perfect match with his crystal clear buttons.

Yan Rusheng thought how wonderful it would be if this pair of hands could undress him every day.

Evidently, Xuxu wasn't that experienced in this area. She was badly trembling, and her movements were clumsy.

Yan Rusheng peered at her. He admired her hunger and with a playful smile.

"Don't look at me," Xuxu whined and stopped her movements.

Yan Rusheng wiped off his smile, and he brushed his lips lightly across her cheek. "Alright, I shall not look at you. Darling, just continue."

He lowered his head to continue kissing her. He even arched his back to give Xuxu ample room for her to unbutton his shirt.

This was the first time she was helping Yan Rusheng to undress while he was conscious.

She was so shy and so embarrassed.

Her mind kept wandering to the past when he always mocked her for being unwomanly. And Yan Rusheng would always despise and grumble that about her.

Now they were so intimate... to such an extent.

She had no idea if Yan Rusheng would think of their past whenever they were so intimate with each other.

"Ah Sheng, were you reminded of our younger selves when we were engaged in intimate behaviors?" Xuxu blurted her questions before she could stop herself.

Chapter 863: This is My Seal

After she had blurted her question, Xuxu felt like biting off her tongue.

Yan Rusheng raised a brow. "What did you say? Intimate?"

The corners of his mouth were not twitching, but rather trying to suppress a grin.

It had never crossed his mind that the reserved and reticent Wen Xuxu would say such words to him. Wasn't it hilarious?

Xuxu pushed him away bashfully. "You're teasing me."

Ahhh. What did she just say? Intimate?

It was this fellow's fault for 'infecting' her. He had always talked of such intimate and sexual stuff, and now she had been influenced.

"No, I'm not." Yan Rusheng instantly shook his head. He said, "I will think of us and question myself with why am I so deeply in love with the stupid woman I've looked down on in the past? And why I kept thinking about sleeping with her."

Then he made his intention clear by shaking the lower part of his body.

Xuxu was so embarrassed that she wanted to bite him to death. She glared at him. "Enough! If you want to do it, then do it now."

Yan Rusheng widened his grin to show his rows of pearly white teeth. "I knew you couldn't wait any longer, too."

He straightened his back the next second and pulled Xuxu up with him. His hands went to her waist and tugged at her clothes. Within seconds, he removed all layers of her articles of clothing.

He flung the clothes away and scanned her attractive body from top to toe. "Baby. My wife."

When a man is consumed with his desires, any form addressing his loved one wasn't enough to express his love and desire.

He enveloped Xuxu tightly around his arms and bent to kiss her collarbones.

"Ah Sheng, it's ticklish." Xuxu writhed her body and giggled.

Yan Rusheng didn't usually hear her laughter. At that moment, every inch and hair on Xuxu was exceedingly seductive and attractive.

Not to mention her clear and bright laughter.

"Wife, continue to undress me?" Yan Rusheng rushed her softly as his hands roamed on her back to remove her bra.

Xuxu obliged and continued to unbutton his shirt.

After she undressed him, he couldn't stand it any longer and pushed Xuxu back on the bed. He entered her.

Because of Xuxu's pregnancy, Young Master Yan felt that even doing it twice wasn't enough to satisfy him.

But he had already drained all of Xuxu's energy.

After lying together for a while, Yan Rusheng turned and landed on his feet. He tapped Xuxu gently on her shoulders. "Darling, let's shower and head down for dinner."

He still called her darling.

Xuxu hid under the blanket, feeling embarrassed. "I'm too tired to move."

Yan Rusheng quipped. "Then I'll carry you and provide a full set of services for you."

He lifted the blanket and scooped the tiny woman up without any effort.

Xuxu caught a glimpse of her neck when she passed by the mirror. Since there were love bites all over, she punched him angrily on his back. "Yan Rusheng, you are so bad."

How could she go out like this?

Yan Rusheng smirked at his masterpiece.

He loudly proclaimed, "This is my seal. And I want to cover your entire body with my seal."

It had Xuxu dumbfounded.

This fellow had attained a brand new level of shamelessness. He was practically a hooligan and a rogue.

...

After showering, Xuxu changed into comfy loungewear. Although the collar was round and rather high, it still couldn't hide the love bites above her collarbones.

She rummaged through her wardrobe for scarves before heading down.

[Elite Doting Marriage: Crafty Husband, Aloof Cute Wife](#)

Chapter 864: Figure Out a Way

Yan Rusheng already went down the stairs after he had showered and changed into comfy loungewear. He was in the living room talking to Yan Weihong.

Xuxu angrily gritted her teeth at the sight of him.

"Xuxu, why did you wrap yourself up so tightly at home?" Mu Li came out of the dining room and saw Xuxu on the staircase. She had thrown her a question, and there was an obvious puzzled look on her face.

Xuxu glanced at the scarf around her neck and smiled awkwardly. She shook her head and stammered, "Hmmm... no... I'm feeling cold."

She couldn't even believe that she lied through her teeth. Even if she didn't mention the weather, how could it be freezing inside the house?

Their conversation caught the attention of the father and son duo. They turned around to face the ladies.

Yan Rusheng's eyes gleamed with a sparkle at the sight of Xuxu.

"This son of mine must have gone overboard earlier on." Mu Li could see through Xuxu's lies, for she was such a shrewd and experienced woman. She climbed the steps towards Xuxu.

She walked up to her and attempted to pull her scarf away.

Xuxu dodged and anxiously said, "It's alright! I'll just keep it on."

Then she lowered her head and scrambled down the stairs. She bolted for the dining room.

If she had known that this would happen, she wouldn't have put on the scarf. It was too embarrassing for her to remove it already.

Xuxu profusely perspired during dinner, and Mu Li couldn't bear to watch her suffer. "Silly girl, hurry up and remove your scarf. You're going to have rashes."

Xuxu instantly refused. "It's alright!"

It would be even more impossible to remove her scarf now.

She shoveled the food hastily into her mouth and thought that after dinner she would dash back to her room.

Mu Li supposedly was going to nag once more when Yan Weihong threw her an impatient look. "She doesn't feel warm. Stop forcing her."

Doesn't his wife realize how embarrassed Xuxu was? And that she was making matters worse?

He peered at Yan Rusheng and asked, "Has your First Aunt taken any actions? Do you have any idea who she is selling her shares to?"

She held 30% of Flourish & Prosper's shares. No any ordinary corporation would be able to purchase that.

The topic made the atmosphere strained and tensed. Xuxu's hand slightly trembled, and she stopped chewing her food.

She lifted her eyelids and stole a glance at Yan Rusheng.

Yan Rusheng still wore a smile that she couldn't read what was going through his mind.

He replied, "She already made her move. Once we confirmed it, I'll let you know."

Yan Weihong nodded at his son's response and continued, "She had made up her mind to sell those shares, so we can only let her do what she wants right now. You've just purchased those shares from the minor shareholders, so our funds will be limited. But we will figure out a way again."

He paused and raised his pitch. "We definitely cannot let those shares fall into an outsider's hands. Flourish & Prosper was founded by your great grandmother and great grandfather. And it had expanded and flourished under your grandmother's management."

He sounded determined and unyielding.

Xuxu felt like crying when she heard Yan Weihong's words. Flourish & Prosper was Grandmother's life. Even at her advanced age, before her untimely death, she was still worried about Flourish & Prosper's future.

And 30% of the shares are about to fall into the hands of her most despised rival.

If she knew all these were happening, how sad and disappointed she would be.

She quietly watched Yan Rusheng, wondering how he would or should reply.

Yan Rusheng managed a fleeting smile and grunted a response. He lowered his head and ate his dinner.

"I'm done. I'll go up and rest first."

Xuxu lost all her appetite and abandoned her chopsticks. She bade Mu Li and Yan Weihong good night and rose to leave.

Chapter 865: Do You Regret?

Mu Li watched Xuxu as she vanished out of sight. He turned to glance at Yan Rusheng as a thought-provoking expression appeared on her face.

She fell into deep thought. After taking a few more bites, she stood up to leave.

'Knock, knock, knock.'

Xuxu had barely sat down on her bed when someone knocked on her door. She acknowledged it and the door swung open.

It was Mu Li. She straightened her back and quickly adjusted her emotions. "Mother."

Her voice was slightly husky as she greeted her.

Mu Li latched the door after her and strode across the room. As she strode closer to Xuxu, she asked, "Xuxu, is something happening to the company?"

Her tone sounded certain.

Her question startled Xuxu. She asked Mu Li instead, "Why did you ask?"

"Who is intending to buy First Aunt's shares?" Mu Li didn't beat around the bush.

She had never thought of hiding the truth from Mu Li, although they intended to hide it from Yan Weihong with his health as their reason. Without hesitation, Xuxu answered, "Paramount. Jiang Shaomei."

Mu Li's expression darkened and cold fury could be seen in her eyes. "She has gone too overboard this time around."

She rarely lost her temper.

Xuxu stretched her hand to pat Mu Li's hand. "Don't let Father know as his heart is still weak."

"I noticed both of you being jittery and shifty earlier on." Mu Li sighed and worry filled her eyes. "But he will know the truth sooner or later. He won't be able to avoid this bad news, and I'm worried."

He had major surgery, and the doctor gave strict warnings that he mustn't be provoked.

And this matter wasn't anything trivial since it was no secret that the old lady hated Paramount.

She frowned. "This Jiang Qinglian is too much! Even if she doesn't care about the Yan family, shouldn't she spare a thought for the old madam?"

Xuxu heaved a heavy sigh. "First Uncle's shares are almost twice the shares of any of ours."

First Aunt may have guessed Grandmother's intentions, but no one knew the exact reason why.

Mu Li replied in an earnest tone, "After all, they are still her grandchildren. But she didn't let them enter the family after they were born. She even forbade your First Uncle from meeting them. The old madam had tried her best and furthermore, this is your First Uncle's mistake. Why should anyone else bear the brunt?"

Xuxu nodded. "Yes, exactly."

But everyone had different perspectives and certainly, their opinions too.

Furthermore, Mu Li and Jiang Qinglian were so different in terms of their personalities. The way they would have handled the same problem would be entirely different, too.

“Just keep it from Father first. Ah Sheng and I will make a way to reduce the impact.”

“Okay.” Mu Li nodded. “He had expressed that he wanted to go back to work.”

Xuxu firmly shook her head. “He shouldn’t do that. He needs to recuperate at home. If Ah Sheng really needs help, I’ll go back.”

She had mulled over this on her way back today.

Ah Sheng had so much burden to carry, and he is fighting a tough battle alone at work. Although she might not be able to contribute much, she could at least offer him her care and concern.

Mu Li heard her and was extremely touched, but her heart still ached. She looked at Xuxu and asked, “Xuxu, do you regret giving up your studies?”

Everyone knew the reason Xuxu chose to give up going overseas.

Her reason was too heartbreaking. She felt that the Yan family had given her more than what she could ever repay them in this lifetime, no matter how much she had suffered and gave in to Yan Rusheng.

Xuxu shook her head and smiled. “No, I don’t. If I really left, I might have regretted instead.”

[Elite Doting Marriage: Crafty Husband, Aloof Cute Wife](#)

Chapter 866: She Finally Understood

But really, Xuxu wanted to thank herself for not giving up years ago.

“Third Yan must have saved a country in his past life to reap such a blessing.” Mu Li held Xuxu’s hand. “I will support you if you want to pursue your passion. After you’ve given birth, I’ll take care of your children on behalf of the old madam.”

She paused before continuing. “And, you need to believe in Xiaosheng. He will be a better husband, and he will love you more and support you in the years to come.”

Xuxu’s tears welled up. And since she couldn’t speak, she stretched her arms to hug Mu Li instead.

So many people loved her, so what does it matter if she abandoned her dream again?

We should give priority to the more important things. Wasn’t Ah Sheng the most important and indispensable person in her life?

...

When Xuxu reached her workplace the next morning, the door was already open. She saw Su Yan standing in front of the sewing machine.

She was pleasantly surprised to see him. “Su Yan. Why did you arrive so early?”

She asked as she walked towards him.

"I feel like chatting with you, so here I am." Su Yan raised his head and smiled at Xuxu.

His smile radiated the usual charm and warmth.

It startled Xuxu. "Why do you want to chat with me?"

He had come so early, so there must be something important he wanted to say to her.

Su Yan shot an airy joke. "Don't worry, I'm not professing my love for you."

Xuxu was speechless.

Sometimes she really felt Su Yan and Yan Rusheng were quite alike. She wasn't sure if it was just a feeling, or it was because they were related.

"What do you think of me entering Flourish & Prosper?" spoke Su Yan in a serious tone.

Xuxu widened her mouth in shock. "You... want to work at Flourish & Prosper?"

Other than shock, confusion overwhelmed her.

Su Yan placed the pencil he was holding on the table and pulled a chair towards him. He looked at Xuxu. "Yueyue said something to me last night."

Xuxu asked, "What did she say?"

What could have Su Yue said that inspired him to enter Flourish & Prosper?

Su Yan answered, "She said, *'Brother, actually the more we give in or suffer in silence, the more others will bully us. Do you think I'm right?'*"

He pressed on without giving Xuxu the chance to interrupt. "Actually, I'm not someone who likes to compete with others. I prefer to let nature take its own course. But this time around, I think I need to do something."

Xuxu became nervous, and she narrowed her eyes warily at Su Yan. She had no inkling with what his plans or intentions were.

Su Yan sighed a sigh full of remorse. "Yueyue has suffered too much."

"So what do you intend to do?" Xuxu frowned and her voice seemed alert and vigilant.

"Grandmother was very kind and benevolent. And up till this day, I could still remember her warm and gentle smile." Su Yan reminisced with a tender smile on his face.

It was as though he was looking at Grandmother's face right now.

It shocked Xuxu. *'He had met Grandmother?'*

Su Yue ignored Xuxu's shock and continued on. "She said to me, *'I believe that you will be able to take care of your sister. Even without anyone's help, I know that you could soar to great heights and achieve something remarkable.'* That day in H City, there was a snowstorm. She gave me two scarves and two pairs of gloves. One for me and one for Yueyue, and it had my favorite picture on it. A sun..."

'It had my favorite picture on it. A sun...'

Xuxu suddenly recalled a memory, and her eyes widened.

'Grandmother, it's getting warmer these days. Why are you still knitting a scarf?'

'It's a present.'

She didn't understand at the time why Grandmother was personally knitting a scarf when she was so busy with work. Who could it have been that was so important that she was willing to squeeze in some time, despite her busy schedule, to craft a gift for someone?

[Elite Doting Marriage: Crafty Husband, Aloof Cute Wife](#)

Chapter 867: Grandmother is the Person I Admire the Most

Su Yan continued. "I realized that time that not everything you wish to do can be done. Similarly, you don't need to have everything you like. Grandmother had a lot of difficulties."

Xuxu's eyes stung. Her voice sounded nasal as she spoke. "Grandmother is the person I admire the most."

She just had that power to influence others. She was so kind and warm. She was gentle and benevolent and that made her character admirable.

It was as though she had a halo on top of her head. Despite not doing anything for them, she still won Su Yan's admiration and love. Grandmother had portrayed such a loving and kind image to Su Yan and Su Yue that she even became his idol.

Su Yan cast his sorrow aside and cheekily smiled at Xuxu. "Do you think I will have a pleasant and happy working relationship with Yan Rusheng?"

"I think you will, but he..." Xuxu dragged the last syllable and shook her head with uncertainty. "Probably not."

Even though he might seem happy working with him, he would definitely not express it.

"I share the same sentiments." Su Yan solemnly nodded before grinning. "That's because he will pale in comparison next to me."

The corners of Xuxu's mouth twitched. She warned, "Never say that with him around."

He implied that Yan Rusheng wasn't as capable as him. If Yan Rusheng heard that, given his arrogance and confidence, he would definitely be livid. He would surely think of methods to compete with Su Yan.

Su Yan quipped, "That's a fact."

Xuxu sneered. "The fact is that both of you are damn narcissistic."

"That unreasonable and demanding woman, Xin Yanting, are you sure you can handle her?" Su Yan suddenly asked.

He pressed on. "Actually, I can reject her request and just turn her away."

Xuxu rolled her eyes. “If you wanted to reject anyone, there wouldn’t be a need to ask for my permission.”

Yesterday, he witnessed how unreasonable and impatient Xin Yanting was. With his character, he would have done what he liked and that would be to reject the business deal. Why would he take measurements for her personally?

“You already knew that Xin Yanting is the young mistress of Paramount right?” Xuxu sounded certain and confident. “If I didn’t guess wrongly, Xin Yanting should be the person-in-charge from Paramount who is spearheading the purchase of Flourish & Prosper’s shares. Anyway, she would definitely have played a part.”

That day at the dining table, Xin Yanting had threatened Yan Rusheng so many times saying he would have regrets.

Their current predisposition was such a good opportunity to enter Flourish & Prosper and get close to him. How would she let it go?

Su Yan smiled but didn’t show his answer.

He certainly knew Xin Yanting’s real identity.

Xuxu shrewdly narrowed her eyes. She smiled as she watched Su Yan. “Are you thinking of seducing her?”

Su Yan frowned. “Did Yan Rusheng tell you that a woman shouldn’t be too smart?”

Xuxu burst out laughing and patted him on his shoulders. “Come on! Young Master Su doesn’t seem like the type of person who would make such a huge sacrifice. Besides, Xin Yanting has a huge crush on your Third Brother for years. Do you really think you’re more outstanding than your Third Brother?”

She fired on. “Do you think you are more gorgeous or more capable than him? Huh?”

She was indirectly praising her own husband.

Su Yan shook his head in amusement when he saw how protective she was. “If your husband was here, he would jump in joy.”

Xuxu didn’t deny and smiled instead. He was right. That narcissistic man was so prideful and her praises would do wonders.

“Actually, I’m here today to resign.” Xuxu hesitantly bit her lips.

Chapter 868: Do You Think You Are More Gorgeous or More Capable Than Him?

Su Yan raised an eyebrow. “You want to return to Flourish & Prosper?”

Wen Xuxu nodded. “Mm.”

Su Yan pressed on. “How about now?”

Xuxu lightly replied, "I think you might be a better choice compared to me if one of us were to assist him, though."

Su Yan chuckled. "I didn't know that you trusted me so much."

Xuxu answered, "I'm giving you this chance to compete with him."

Both of them chatted a little while longer before Xuxu headed upstairs. Time passed really quickly when work piled on for her.

Since Su Yan had the intention of working at Flourish & Prosper, he resigned from Grand Fashion to wait for the arrival of Paramount.

Hence, he was mostly free. He came to work before Xuxu did every morning.

He did nothing except taking photos of Xuxu.

Although Su Yan had turned off the shutter sounds, it was impossible not to notice him. Xuxu frowned as she glanced at him. "That's enough. Why are you still taking photos of me? You're disturbing me."

Su Yan straightened his back and looked through the photos. "That's because you weren't fully focused. If you truly were, it wouldn't have disturbed you."

'With a person hovering around and still being able to concentrate and ignore everything else...' Xuxu grinned. "The only person who can do that is Yueyue."

As long as it was what she wanted, even if someone was singing opera or putting fireworks next to her, it wouldn't make any difference to her at all.

Su Yan furrowed his eyebrows at the mention of Su Yue. "Recently, she has been using her phone whenever she is free."

'Using her phone whenever she is free?' Xuxu began to mull over his words. "Did you observe what she was doing? Don't let her chat with other guys. There are plenty of swindlers online."

That girl was so moody and always kept her worries to herself.

Su Yan replied, "I think she is reading a novel..."

"Novel..." It startled Xuxu. "What kind of novel?"

Was that girl becoming normal? She liked to read novels at her age, too.

Su Yan shook his head and answered, "I don't know."

He picked up his camera and took a photo of Xuxu again.

Xuxu hesitated for a short moment. "I haven't seen her in days. Let's fetch her and go for dinner together."

She grabbed her phone. "Let me call Yan Rusheng."

Su Yan smiled and turned around with his camera.

Someone dashed into sight, and he pressed his shutter at the exact moment.

“You’re quite good at scooping the best camera shots.” Su Yan placed his camera down and grinned at Li Qian as he teased her.

Li Qian was bashful and blushed. “I’m here to tell President Su and Sister Xuxu that lunch is ready.”

Li Qian was warming up to Xuxu, but this little girl was shy when facing a handsome guy.

Xuxu responded with an ‘oh’ and rubbed her belly. “I didn’t realize that I was hungry. I was too busy just now.”

She rose and her phone began to ring.

Yan Rusheng was calling her. Earlier on, his line was engaged, so she hung up.

He must be free right now to return her call.

“Hello,” Xuxu answered. As she spoke, she shuffled on her feet.

“Did you call me?” Yan Rusheng asked.

“Yup,” Xuxu continued. “Shall we go for dinner together with Su Yue and Su Yan?”

“I have to go to Chengnan at 4 p.m., so I don’t think I can make it back in time.” Yan Rusheng sounded regretful.

His reserved and aloof wife rarely called, but too bad he wasn’t free.

Chapter 869: Too Busy Until It Slipped My Mind

Xuxu immediately responded, “It’s alright, concentrate on your work. I can have dinner with Su Yue. You come home early tonight.”

Yan Rusheng suddenly switched the topic and said, “But if you eat slowly, I may be able to rush back and grab a bite with you.”

‘May be able to rush back and grab a bite with you.’ He sounded as if they were hard up for his company. Xuxu smiled to act in tandem with his narcissistic behavior. “All right then, we shall eat slowly and wait for President Yan to join us.”

She added, “I will eat my lunch now. Not talking with you anymore.”

Xuxu was about the hang up when the man spoke in a playful tone. “Wife, give me a kiss before hanging up.”

It dumbfounded Xuxu.

‘This hooligan!’ She ignored him and hung up straight away.

But her cellphone vibrated again almost immediately. It was a WeChat message, and Xuxu looked at it. Yan Rusheng had sent her a short video.

The corners of her mouth unconsciously curled, but—

After she had launched her WeChat and watched the video, she wasn't her usual self.

Her exquisite face instantly flushed a crimson red from her forehead to her neck. She was halfway through the video when Yan Rusheng followed up with a message. *'Can you continue this way tonight?'*

Behaving like a spoiled child.

Xuxu's face turned black from crimson. She gnashed her teeth as she replied, *'When did you record this video?'*

Yan Rusheng sent a tooth-baring smiley emoticon at the end of his message. *'The time and location were obviously that night when we were on the bed. Wife, your groans were music to my ears. I'm listening to it again through my earphones in the office.'*

Xuxu almost wanted to smash her cellphone.

With trembling hands, she texted back. *'Yan Rusheng, you're such a pervert. If you don't delete it, you'll be dead.'*

Young Master Yan calmly replied with a voice message. "I was thinking of uploading it on Moments to share with my friends."

His attractive masculine voice was mixed with a burst of devilish laughter, and it drove Xuxu mad.

This chap had already reached the lowest level of shamelessness. Good heavens!

Was he the Yan Rusheng she knew?

When did he record this video? She didn't remember him retrieving his cellphone midway.

Xuxu stopped in her tracks, for she was feeling distressed and upset over the video Yan Rusheng sent. She then heard Su Yan's voice coming from below. "Not eating?"

Xuxu's hands momentarily trembled with guilt that she almost dropped her phone. She immediately deleted the video and sent a text to Yan Rusheng. *'If you dare to try anything funny, then don't even think of harboring any future expectations.'*

She had no doubts about Yan Rusheng's words. He could do anything having no sense of shame.

Yan Rusheng sent over another text message, but she ignored it and shoved her phone into her pocket.

"Sister Xuxu, come and eat."

Xuxu went downstairs, and Li Qian was standing at the staircase landing, welcoming her with a wide smile.

Xuxu also smiled and nodded in return. "Okay."

Su Yan and Xuxu sat on the same row while Li Qian sat opposite them. There were three dishes and a soup for the three of them—all of which were Xuxu's favorite.

Xuxu knew that Su Yan must have informed Li Qian about it.

"I have an outdoor shoot in the afternoon, and I'll be back in the evening to pick you before picking Yueyue." Su Yan hurriedly ate his food. He was wiping his mouth as he informed Xuxu.

Xuxu nodded with an 'Mm'.

Su Yan stood up and left.

Li Qian, who was sitting at the opposite, stared at Su Yan's tall and sturdy physique. The sight of him had her momentarily lost in thoughts before turning back to look at Xuxu. "Sister Xuxu, President Su is so charming, so his girlfriend must be very pretty too."

"Erm. From what I know, he doesn't have any girlfriend yet," replied Xuxu as she broke into a smile. She then continued tucking in.

Chapter 870: He Doesn't Have Any Girlfriend Yet

"Are you serious? President Su doesn't have a girlfriend?" Li Qian exclaimed with exaggeration before changing the topic. "Nowadays, the more desirable a person is, the later he will start a relationship, especially for good-looking and successful people like President Su."

Every word of hers revealed her admiration for Su Yan.

Xuxu lightly smiled, as usual, showing no signs of surprise and didn't look at Li Qian differently. As what she'd said, which woman wouldn't fancy a desirable man like Su Yan? Be it his looks, built or career?

They were the best!

Li Qian's voice sounded again. "But Sister Xuxu's husband is also very good-looking and in no way inferior to President Su."

When Xuxu heard Li Qian's comparison, she broke into a wide grin before lowering her head. She thought, *'If only Yan Rusheng heard about this.'*

He would definitely sneer in disdain before starting his nonsense talks of how Su Yan couldn't compare to him.

Seeing Xuxu's smile, Li Qian thought she was just trying to please her, and so she spoke in a serious tone coupled with a frown. "Sister Xuxu, don't laugh. I'm serious."

Xuxu lifted her head and also nodded. "Mm, I also think he's good-looking."

'So good-looking that both people and the Gods hate it, okay?'

Li Qian was full of envy and said, "Sister Xuxu is so blissful."

Xuxu dismissed it with a laugh and bowed her head. Li Qian didn't continue speaking as well.

...

Su Yue returned at about 5 p.m. and without stopping to rest, he fetched Xuxu before going to Flourish & Splendor to fetch Su Yue.

It was already after the school dismissal time and from afar; they saw Su Yue in her school uniform standing at the school entrance. There were wine colored borders on the sleeves, collar, and skirt of her white long-sleeved dress.

She stuffed her hands in her dress pockets. With her hair tied up in a ponytail, she stood there like a tiny little girl.

The corners of Xuxu's mouth curled unconsciously. From a distance, she frantically waved at Su Yue in the car.

The car stopped in front of Su Yue and Xuxu got off to open the back door. She waved at Su Yue and smiled. "Quickly get into the car."

Su Yue nodded her head and prepared to go in.

Suddenly, someone shouted her name. "Su Yue."

Xuxu and Su Yue both looked towards the voice's direction at the same time. Three girls and two boys were smiling and walking towards them.

Standing before them, a boy looked at Su Yue with an enthusiasm clear on his eyes. "I heard that you would be celebrating your birthday next week. Can we attend the party?"

Su Yue responded with an ice coating her words. "Cannot."

The boy pursed his lips in disappointment while the girl beside him gloated over his rejection. "I've already told you but you still stubbornly insist on your way."

The boy was already feeling embarrassed after being rejected by Su Yue, but after being further sneered at by the girl, he flew into a rage out of humiliation. He turned around and glared at the girl who laughed at him. "You talk too much, nosy parker."

After that, he stomped off without taking a second look at Su Yue.

The girl dawdled after him. "Oh, look at him. A girl rejected Master Xiao, and he flew into a rage."

The boy turned around and shot her a menacing glare. "Shut up."

He further taunted, "You chatter on and on, and not the least bit behaving like how a girl should be."

Hearing this, the expression on the girl's face changed. "Since we were young, you have always been fierce towards me. Since you like Su Yue, I dare you to treat her aggressively as well."

She quickened her steps towards the boy as she spoke. She then pummeled his shoulders with her tightly clenched fists before running off.
