Chapter 21: Thunder Annihilates the Soul, Risk of Self-Destruction!

Within the spiritual sea, thunder dragons surged!

The demon shadow transformed by the celestial demon trembled under the thunder dragons' onslaught.

“What!”

Hearing Ning Tian's hearty laughter, the celestial demon's heart shook violently, and shock flickered in its eyes!

This boy is formidable!

This youngster had actually taken the opposite approach, intentionally luring it into his body because he knew that inside his body was a Thunder Tribulation Spirit Vein, the nemesis of soul bodies, making it impossible for the celestial demon to seize his body!

And furthermore!

He even wanted to reverse the situation!

To use the enormous energy of the celestial demon's soul body to cultivate his techniques!

“Hiss”

Indeed!

What the celestial demon had thought was exactly what Ning Tian was thinking.

At the time when the celestial demon rushed forward, he was still worried that Luo Wuqing would take action, preventing the celestial demon from successfully entering his body!

Anyway, with the existence of the Thunder Tribulation Spirit Vein inside his body, he didn't believe that he couldn't electrocute a mere soul body!

[You have shocked the celestial demon, reward technique: Soul Destruction Art—annihilate soul bodies, the energy of the soul body is converted into your own energy, enhancing yourself!]

Soul Destruction Art?

Ning Tian's lips curled up slightly, well then, this celestial demon was done for!

“Celestial demon, weren't you arrogant? How come you've stopped being arrogant?”

Ning Tian's mocking voice resounded from inside the spiritual sea.

“You!”

Hearing Ning Tian's smug voice, the celestial demon gnashed its teeth in anger, having thought to seize the body with the divine physique, but who would have thought, this guy actually had Thunder Tribulation in his body!

Watching over the spiritual sea, where one hundred ninety-nine thunder dragons were eyeing it hungrily, the celestial demon broke out in a cold sweat, feeling an intangible pressure.

It had never heard of anyone using Thunder Tribulation as a spirit vein!

“Soul Destruction Art!”

Ning Tian didn't bother with idle talk and directly initiated the Soul Destruction Art!

[Soul Destruction Art activated!]

In an instant!

The spiritual sea boiled violently, one hundred ninety-nine Thunder Tribulation Spirit Veins transformed into one hundred ninety-nine thunder dragons, their

maws widened, showing sharp teeth and bodies flashing with lightning, as they ferociously attacked the celestial demon!

“Not good!”

Seeing the one hundred ninety-nine thunder dragons attacking, the celestial demon swallowed hard with difficulty under the force that filled it with terror.

Thunder Tribulation was a thing that, if not careful, could really cause its soul to disperse!

“Celestial Demon Palm!”

“Celestial Demon Thirteen Forms!”

“Celestial Demon Fist!”

At this moment, the celestial demon used all its skills, but despite its divinity-emperor realm strength, being a soul body, especially in front of a heavenly tribulation, it couldn't exert even half of its power!

Boom!

A casual swipe of a thunder dragon's claw could shatter its attack!

“Dammit!”

The celestial demon was full of frustration.

With the strength of the divinity-emperor realm, it was being utterly suppressed by the heavenly tribulation because it was a soul body. Forget about one-tenth power; it couldn't even exert half of its strength!

“Hehe.”

“Celestial demon, stop struggling. Just become energy for my Divine Chronicles!”

Inside the spiritual sea, Ning Tian's mocking laughter sounded again.

“Ah ah ah!”

“Kid, I will definitely kill you!”

The celestial demon was frantic!

It was a divinity-emperor realm powerhouse, yet now, it was about to become energy for a mere Xuanwu-tier youngster!?

The humiliation!

Perhaps it's the most tragic of all the divinity-emperor realm powerhouses!

Soul Destruction Art!

Activate!

One hundred ninety-nine thunder tribulations continued to emerge!

In a flash, one hundred ninety-nine thunder dragons charged, continually tearing apart and fragmenting the celestial demon's soul force!

"Ah!"

"Ah ah!"

Inside the spiritual sea, the celestial demon kept screaming.

The outside world.

Seeing Ning Tian enveloped in black mist, Luo Wuqing frowned slightly, feeling a bit conflicted.

This guy had defiled her body, and now he couldn't even deliver the celestial demon's book; he shouldn't be left alive in this world, but why

Never mind.

Luo Wuqing sighed softly, she couldn't just watch this guy being possessed by the celestial demon.

Her jade hand circulated spiritual energy, ready to shatter the shield and forcibly extract the celestial demon from within him.

But just then, before she could act, she heard a cracking sound.

The black light shield that originally enveloped Ning Tian's body shattered instantly, and black light circulated around Ning Tian's body.

Hmm?

Luo Wuqing's eyebrows furrowed slightly, she glanced at Ning Tian and then approached.

With one look, she could tell that this guy had not been possessed!

With her jade hand on Ning Tian's forehead, Luo Wuqing closed her eyes slightly, instantly seeing what was happening in Ning Tian's spiritual sea.

"This guy."

Surprise flickered in Luo Wuqing's eyes.

Ning Tian had actually trapped the celestial demon in his spiritual sea, continuously devouring the celestial demon's soul body strength with the Thunder Tribulation Spirit Vein!

"Not bad, this guy is quite interesting"

Luo Wuqing's lips curled slightly, watching Ning Tian with interest.

She wanted to see if Ning Tian could completely devour the celestial demon's power!

Inside the spiritual sea.

Ning Tian's consciousness was gleefully commanding one thunder dragon after another to devour the celestial demon's soul body, and at this moment the celestial demon was already unrecognizable.

Losing most of its power, it no longer even had the strength to curse Ning Mo.

"Hehe."

"So much soul force should convert into a lot of spiritual energy."

"When that happens, I'll be able to raise the level of the Divine Chronicles!"

Ning Tian thought contentedly.

However, a synthesized voice rang in his mind.

System: “Host, don’t be too happy too soon, the celestial demon is a divinity-emperor after all, with your strength, there is only one outcome if you want to assimilate all this spiritual energy.”

“Hmm?”

Ning Tian startled, a bad feeling in his heart, “What outcome?”

System: “Self-destruction.”

Ning Tian: “...”

“System, are you kidding me? Why didn’t you say so earlier?”

Watching the last thunder dragon contently devour the final strand of the celestial demon’s soul force, Ning Tian’s handsome face suddenly blackened like coal!

System: “No worries, the empress is your wife, you won’t die.”

Ning Tian: “...”

So the system only cares that the empress is my wife and thus tricks me, right?

If Luo Wuqing doesn’t want to save him, wouldn’t he actually die from explosion?!

Just then, the after-effects the system mentioned began to manifest.

As the soul energy was devoured by thunder tribulations after another, Ning Tian suddenly felt his body boiling, his energy going wildly berserk.

His spiritual sea began to boil like heated water!

It’s over!

Now, he really was going to explode!

The outside world.

Luo Wuqing, who had been closely observing Ning Tian, suddenly felt an intense heat.

This kind of heat was emanating from Ning Tian's body!

"This guy."

Seriousness flashed in Luo Wuqing's eyes; she didn't expect that Ning Tian, in such a short time, had indeed devoured all of the celestial demon's soul energy!

This guy, isn't afraid of self-destructing?

Daring to swallow the soul force of a divinity-emperor realm powerhouse with the strength of the Xuanwu-tier, you're really bold!

"Never mind."

Then, violent spiritual energy continually flowed from Ning Tian's body through the channel.

Invincible After Shocking My Empress Wife Chapter 22

Chapter 22: Soul-transformed Elemental Bead, Breakthrough to Spirit Realm!

As the torrential and violent spiritual qi gradually dissipated from his body, Ning Tian's consciousness slowly cleared, and the scorching heat on his body slowly faded.

So soft.

When Ning Tian regained consciousness, he felt a soft coolness on his lips, accompanied by waves of fragrant breeze.

Instinctively, he opened his eyes.

To his shock!

At this moment, Luo Wuqing's eyes were slightly open, and seeing Ning Tian staring at her with wide eyes, she felt a bit annoyed.

He sensed briefly that indeed, the violent spiritual qi in his body was continuously being absorbed into Luo Wuqing's body through his mouth.

Although it felt a bit odd and disgusting... this was the fastest way.

Any hesitation, and Ning Tian's body would be blown apart by the violent spiritual qi.

Ning Tian couldn't help but sigh; the system had predicted correctly. Even with the risk of his body exploding from violent spiritual qi, he wouldn't die.

Who made his wife the empress?

Sorry.

With the system and an empress as his wife, he really could do whatever he wanted!

Half an hour later.

Finally, in an odd position, all the violent spiritual qi that had transformed from the energy of the soul body in Ning Tian's body was completely absorbed by Luo Wuqing.

However, Ning Tian's lower lip had pretty much fallen victim, becoming numb.

"Phew"

"It's finally over."

Ning Tian breathed a sigh of relief. Although the process was exciting, it wouldn't be good to continue like this for long.

At the very least, this thing... would ruin one's mouth.

Luo Wuqing gently pushed Ning Tian away, then spread her hand and blew gently, revealing a pale white jade bead from between her lips.

“Here, take it.”

Luo Wuqing handed the white jade bead to Ning Tian.

“What is this?” Ning Tian looked at the white jade bead in his hand with a hint of confusion in his eyes.

Luo Wuqing glanced at the white jade bead and said, “This is a Soul Elemental Bead, transformed from the energy of the soul body. It contains the spiritual qi energy of the heavenly demon. You can use it to absorb and cultivate every day.”

She paused for a moment then gave a reminder.

“Remember, don’t absorb too much at once.”

“Cultivation should be gradual and progressive. You must not absorb too fiercely at once. It’s not every time you’re in danger of exploding that I’ll be by your side.”

At this moment, Luo Wuqing was like a teacher, instructing Ning Tian in all respects.

Luo Wuqing was right.

Ning Tian’s understanding of cultivation was far less extensive than Luo Wuqing’s.

He was still a rookie in cultivation.

Luo Wuqing was already a master on the path of cultivation.

“Mhm, I got it.” After being silent for a while, Ning Tian nodded and smiled at Luo Wuqing, “Wife, thanks.”

“...”

The two looked at each other, and Luo Wuqing was taken aback before finally nodding her head.

The young man who looked handsome when smiling in front of her seemed to have become more pleasing to her eyes.

“Wife.”

Ning Tian played with the Soul Elemental Bead in his hand and suddenly spoke.

“Yes?”

Luo Wuqing looked at him with curiosity.

“By eliminating the heavenly demon, aren’t we betraying and exterminating our ancestor?” Ning Tian asked.

After all, the heavenly demon was the founder of the Heavenly Demon Cult, and even though just a soul body, he had the strength of a Divine Emperor Realm. Although Ning Tian tricked him and let him be destroyed by the heavenly tribulation, he was still the first leader of the Heavenly Demon Cult.

“It doesn’t count.”

Luo Wuqing shook her head and then, with a palm strike, shattered the spiritual tablet of the heavenly demon!

“This guy set up the ancestral instruction, deceiving generations of Heavenly Demon Cult leaders, just for his own selfish desires. He no longer deserves to be part of the Heavenly Demon Cult.”

A cold light flashed in Luo Wuqing’s beautiful eyes.

Hearing this, Ning Tian nodded.

Suddenly, he frowned, feeling a swelling energy inside his body that was constantly impacting.

Is this a breakthrough?

Joy flashed in Ning Tian’s eyes.

“Wife, I’m going to make a breakthrough first!” After saying this to Luo Wuqing, Ning Tian sat cross-legged without hesitation and began to cultivate!

Inside his body, there was still a lot of residual spiritual qi.

This spiritual qi was enough for him to make a breakthrough!

Watching Ning Tian enter a state of urgent cultivation, a gleam of light flashed in Luo Wuqing's eyes.

This guy, within a few days, was breaking through several realms; this speed is quite fast.

Although in the path of cultivation, the realms of martial artist and Xuanwu master are entirely transitional phases for the physical body.

Only after reaching the Spirit Realm, where one's sensitivity to spiritual qi reaches a certain level, does the difficulty of cultivation increase.

Still, even so, many people struggle to cross the thresholds of the martial artist and Xuanwu master realms.

The fact that Ning Tian could break through in just a few days was a speed that few could match.

"No wonder he has the physique of a Heavenly God"

Luo Wuqing attributed everything to the physique of a Heavenly God.

"Just... I didn't expect that the Heavenly Demon Code was just a lie made up by the heavenly demon to possess those with the physique of a Heavenly God. Without the path to becoming a god..."

"The righteous path is invading, so what should we do?"

Worry flashed in Luo Wuqing's beautiful eyes as she looked at Ning Tian and finally sighed softly, slowly leaving.

"Let it be..."

"Lure the enemy to block, cover the water with earth."

"Even if there's no Divine Realm, even if my Heavenly Demon is destroyed, I still have to give them a painful lesson!"

At this moment, Ning Tian was sitting cross-legged, circulating spiritual qi.

With one hundred and ninety-nine tribulation spiritual veins circulating spiritual qi, the efficiency was extremely fast, and even the speed of breakthrough was constantly rising!

Ding!

The elegant electronic sound of the system kept ringing in his mind.

【Congratulations to the host for breaking through to an eight-star Xuanwu Master!】

【Congratulations to the host for breaking through to a nine-star Xuanwu Master!】

【The host has broken through!】

【Congratulations to the host for another breakthrough, reaching the one-star Spirit Realm!】

“Hu...”

Ning Tian slowly opened his eyes and exhaled a breath of stale air.

After breaking through to the Spirit Realm, Ning Tian immediately felt that his sensitivity to spiritual qi became much sharper. He could even sense the spiritual qi with the pores on his body.

But there was a problem.

The amount of spiritual qi needed between one-star increments was now much greater.

After breaking through the physical martial realm and reaching the true Spirit Realm, the difficulty of cultivation would greatly increase.

Slowly standing up, he didn't see the beautiful figure beside him anymore.

“It seems that she has left.”

Ning Tian murmured to himself and then, patting the dust off his body, also left the back mountain of the Heavenly Demon Sect.

Chapter 23

Chapter 23: Debate on the Way of the Demon, Leader of the Demon Path!

Days have passed.

Ning Tian's image in the Demon Sect had instantly transformed from a useless disciple to a mysterious and omnipotent ancestral master.

Especially the event a few days ago, when he used a thunder tribulation to open up spiritual veins in the scripture pavilion and directly created one hundred and ninety-nine spiritual veins, became widely discussed within the Demon Sect.

Many disciples had already become loyal fans of Ning Tian.

Even a slogan started to circulate within the Demon Sect:

With the ancestral master here, there's no surprise to be shocked.

The movements within the Demon Sect and the terror of the thunder tribulation that day were still lingering in the hearts of many power leaders in the Heavenly Spirit Domain.

Many forces that did not want to make an enemy of the Demon Sect were planning to show goodwill, by sending their prodigies to debate the way with the Demon Sect.

The debate was both literary and martial.

It was a discussion on the path of cultivation.

As a cultivator, it was a relatively friendly way of exchange.

Shadow Demon Sect.

Within the Heavenly Spirit Domain, there is a distinction between the righteous path and the demonic path. If the Demon Sect is said to be the

leader of the demonic path, then the Shadow Demon Sect could be considered second.

At this moment, within the Shadow Demon Sect.

Unlike the Demon Sect, the Shadow Demon Sect was located in the dark forest, where it was gloomy and eerie, without sunlight all day, aptly fitting the name Shadow Demon!

A gust of gloomy wind blew through.

Inside the main hall of the Shadow Demon Sect.

A hook-nosed old man stood with his hands behind his back, his eyes filled with a chilly light, and behind him stood a young man with a fair complexion who at a glance possessed a feminine beauty.

If not for his Adam's apple, it might have been mistaken for a woman.

"Master, your disciple has arrived."

The feminine young man looked towards the hook-nosed elder and spoke slowly.

"Good, good that you're here."

The hook-nosed elder nodded and said to the feminine young man: "Thirty, you have... broken through again?"

"Yes, Master."

Yin Thirty nodded, a faintly beautiful smile appeared at the corners of his mouth, "Now, I'm only half a step away from entering the Kingly Realm, at the peak of the Spirit-assimilating Realm."

"Half a step to Kingly Realm?"

Hearing this, the hook-nosed elder smiled approvingly, as the power of the Kingly Realm would grant one the status of an ordinary elder among the many forces of the Heavenly Spirit Domain.

Yin Thirty was only in his twenties but was already comparable to those elders aged fifty or so.

With such potential, with a little cultivation, he would be a candidate for the future leadership of the Shadow Demon Sect.

“Thirty.”

The hook-nosed elder looked at Yin Thirty and said, “Have you heard about the matters of the Demon Sect recently?”

“Your disciple has heard some.”

Yin Thirty nodded, “The day the thunder tribulation shook the sky, the clouds obscured the sun, and I happened to witness it.”

“Alas.”

The hook-nosed elder sighed, “Now the Demon Sect is becoming more and more powerful, with the Empress sitting in power, our Shadow Demon Sect really can’t stand up anymore.”

“ ”

Hearing these words, Yin Thirty was silent.

“Thirty, do you think the Demon Sect is worthy of being the leader of the demonic path?” The hook-nosed elder’s eyes flashed with a sharp light as he looked at Yin Thirty and asked.

“Your disciple is dull and does not dare to interfere in the strife between the sects.”

Yin Thirty pondered for a while, then slowly shook his head.

“Ha ha ha!”

Upon hearing Yin Thirty’s words, the hook-nosed elder looked at him more approvingly, and the admiration in his eyes grew stronger.

Yin Thirty knew that such topics, for a minor disciple like him, were completely beyond his right to discuss, and he answered in a very tactful manner.

Good!

This was the disciple he valued!

“Don’t be afraid!”

The hook-nosed elder patted Yin Thirty’s shoulder and laughed heartily, “You are in the Shadow Demon Sect, no matter what you say, it will be fine! Speak boldly.”

It was then that Yin Thirty nodded his head and hesitated slightly.

“Your disciple is untalented and feels that the Demon Sect is both worthy and unworthy of being the leader of the demonic path.”

“Worthy.”

“And yet unworthy?”

The hook-nosed elder muttered to himself, looking puzzled at Yin Thirty, “What do you mean by this? Isn’t it contradictory?”

“Not at all.”

Yin Thirty shook his head and said unhurriedly, “Master, please listen to your disciple explain slowly.”

“Your disciple believes that the Demon Sect is powerful, with countless followers and numerous elders, and even the Empress presiding. In terms of strength, it certainly is worthy of being the leader of the demonic path.”

“There are no forces in the demonic path that are stronger than the Demon Sect.”

“But.”

“Here comes the problem.”

“Although the Demon Sect is a part of the demonic path and practices demonic arts, the deeds it does and its style of conduct are not that of the demonic path.”

“The demonic path is characterized by killing and bloodthirst, but the Demon Sect does not.”

“They only focus on practicing demonic arts quietly, such ‘demon’ is not suitable to be the foremost of the Heavenly Spirit Domain’s demonic path!”

“The above is your disciple’s view.”

Yin Thirty slowly stated.

A demon sect should embody the nature of demons, which includes killing and bloodthirst!

This is the style of the demonic path in the Heavenly Spirit Domain, but ever since the Empress took charge of the Demon Sect, the sect does not kill or lust for blood, yet their power grows ever stronger!

This has already annoyed quite a few demonic forces.

But being afraid of the strength of the Demon Sect, they only dared to be angry but did not dare to speak out.

Which person of the demonic path has not stained their hands with blood?

Despite appearing weak, Yin Thirty himself has been stained with the blood of innocent people from a village.

“ ”

After Yin Thirty finished speaking, the hook-nosed elder was momentarily stunned, a flash of brilliance in his eyes.

Immediately thereafter.

He burst into laughter!

“Ha ha ha! Good insight!”

Yin Thirty’s words directly touched the hook-nosed elder’s heart!

“Nowadays, with the Demon Sect rampant, despite being a part of the demonic path, they don’t engage in demonic deeds. If this continues, won’t the demonic path of the Heavenly Spirit Domain become a name without substance?”

“Hmph!”

“Just a young girl leading the Demon Sect, wanting to become the leader of the demonic path, ruining the spirit of the demonic way!”

The hook-nosed elder's eyes flickered with sinister intentions, his expression one of indignant disdain.

He was also a powerful person at the imperial level, but his strength was only at the seven-star Divine Emperor realm, while Luo Wuqing was at the peak of the Divine Emperor realm!

It was unacceptable for him to be overshadowed by a woman!

"Master, do you mean"

Yin Thirty was taken aback.

He frowned slightly, sensing that his master seemed to be plotting something big.

"Hehe."

"Just wait and enjoy the show!"

The hook-nosed elder's lips curled up into a sneer.

"Many old demons in the demonic path are dissatisfied with the Empress, and it is said that tomorrow many forces will send their prodigies to the Demon Sect to debate the way. If there's an attempt to force the palace tomorrow, the Empress's authority will be greatly undermined, do you think the Demon Sect will still be their turn?"

"Hiss"

Yin Thirty's heart trembled!

He had not expected that so many forces within the demonic path already had thoughts of forcing the palace!

And moreover, it was during the time when many forces were going to the Demon Sect to debate!

If successful, the Empress's authority might indeed be shattered in an instant!

At that time, as the sect second to the demonic path, they naturally could rightfully become the leader of the demonic path!

“Then Master, you called your disciple here because?” Yin Thirty narrowed his eyes, puzzled as he looked at the hook-nosed elder.

Chapter 24

Chapter 24: The Ancestor Leads, Collective Cultivation!

“Hehe.”

The old man with a hawk-like nose let out a strange laugh, “I called you here today to send you to debate at the Sky Demon Sect.”

“However, it’s not a real debate.”

“It’s about crushing those disciples of the Sky Demon Sect underfoot in the guise of a debate, as a show of power before a direct confrontation.”

“I see.”

A gleam flitted through Yin Thirty’s eyes as he nodded in understanding: “Disciple, understands.”

“Alright, you can go now. Remember to go to the Sky Demon Sect tomorrow to debate, hehe.”

“Yes!”

After Yin Thirty left, the old man with the hawk-like nose revealed a cold smile.

“Luo Wuqing, oh Luo Wuqing, I wonder how you will be able to step down gracefully tomorrow!”

“How could a petty girl like you fit the seat of the Chief of the Demonic Path?”

“The Chief... should be from my Shadow Demon Sect.”

Nightfall.

Ning Tian, leaning against the window, was watching the silhouette in the room which was undressing in the candlelight casting shadows on the window, his heart racing with excitement.

Just one more piece.

Just one more, ah!

As if the thoughts in his heart could be heard, the silhouette in the room immediately stopped its movements.

Then, an indifferent voice rang out.

“If you want to die, keep looking.”

“...”

Hearing Luo Wuqing’s threatening, indifferent words, Ning Tian pouted, stubbornly retorting, “Fine, I won’t look, who cares?”

“Tonight happens to be the night of the full moon, so tonight, you can just sleep outside.”

As Luo Wuqing’s words echoed, the room was instantaneously sealed by spiritual energy.

Ning Tian: “...”

“Damn you, Luo Wuqing!”

Ning Tian felt aggrieved.

At that moment, the system’s melodious voice resonated in his mind: “Host, why be angry? Tonight is the night of the full moon, an excellent time for cultivation.”

“Night of the full moon?”

Ning Tian was startled, recalling that Luo Wuqing also mentioned that tonight was the night of the full moon.

“Yes, your wife is encouraging you to go out and cultivate to increase your strength, to later tell her the principle that heaven and earth are vast, but the husband is the greatest,” the system said with significance.

“System, why do I feel like you understand this too well?”

Ning Tian frowned, finding the system’s tone of a wise older brother, who has been through it all, a bit odd.

“Of course, does the system not understand these little human emotions?”

“Alright, alright.”

Ning Tian muttered to himself, finding that the system was particularly talkative today.

He would have preferred if it quietly remained an impassive cheat device.

“Host, I know everything that’s in your heart~”

Ning Tian: “...”

“Fine, I get it, I’ll go cultivate!”

At the highest cliff within the Sky Demon Sect, the Moonlight Cliff.

A flying dragon passed by, and soon, another figure was added to the top.

“Look, there’s a figure on the cliff!”

“It looks like the Ancestor!”

“Ancestor? Really the Ancestor?”

“Why is the Ancestor here so late? From the Ancestor’s posture, it seems like he’s cultivating?”

“My god!”

“So late at night, the Ancestor is still cultivating. As expected of the Ancestor, so hardworking!”

On the cliff, the appearance of another figure naturally attracted the attention of many disciples of the Sky Demon Sect. When they recognized it was Ning Tian, one by one they began to worship him in awe.

On the night of the full moon, instead of sharing the bed with the Empress, playing music and admiring the moon, he came here to cultivate!

This is simply... simply too hardworking!

“No!”

“How can we be complacent when the Ancestor is working so hard!”

A group of disciples was instantly inspired by Ning Tian, and they all began to sit down crossed-legged and deeply immerse themselves in cultivation!

Even some disciples who were about to sneak off to the grove with their partners to fool around felt a burst of fighting spirit!

Why bother with such frivolous things when one should learn from the Ancestor!

How hardworking the Ancestor is!

Instantly, they abandoned their partners and declared, “Go on your way, I must cultivate!”

On the cliff top, Ning Tian, who was sitting crossed-legged, upon hearing the discussions of the disciples, couldn't help but twitch at the corner of his mouth.

If it weren't for me being driven out, who would want to cultivate?

Who would want to cultivate if they had a wife to keep warm?

Could it be possible?

As Ning Tian silently complained, the system's voice piped up to indicate a reward.

【You have shocked a group of disciples, igniting their fighting spirit, reward: tenfold increase in moonlight spiritual energy absorption speed!】

Ning Tian: “...”

This... this works too.

“Well then, let’s cultivate with peace of mind.”

Ning Tian murmured to himself, then started absorbing the enhanced moonlight spiritual energy.

【Tenfold moonlight spiritual energy absorption speed now commencing!】

【Current moonlight spiritual energy absorption speed: ×10!】

In an instant, Ning Tian felt a surge in spiritual energy when the moonlight poured over him.

The night of the full moon is when spiritual energy at night is at its peak, but it’s difficult to absorb.

However, for Ning Tian who now had the tenfold moonlight spiritual energy absorption speed, this difficulty was no longer significant.

Soon, Ning Tian’s body was surrounded by a large accumulation of moonlight spiritual energy, making him shine like a bright moon, silver light scattered all around.

“Look at the Ancestor!”

Ning Tian’s anomaly was quickly discovered.

A group of cultivating disciples looked up to him as if he were a deity, eyes brimming with admiration.

“The Ancestor is truly divine!”

“Even the moonlight spiritual energy is rushing towards him!”

In the eyes of the disciples, this massive moonlight spiritual energy indeed seemed to automatically flock towards Ning Tian as if in fear he wouldn’t absorb it.

Watching this scene, they were amazed and envious.

“We can’t compete, we can’t compete.”

“We’d better focus on our own cultivation.”

Quickly.

A strange scene unfolded on Moonlight Cliff.

On the cliff, one person sat cross-legged, surrounded by silver radiance, exceptionally holy.

Below the cliff, a group of people sat cross-legged in deep cultivation.

Until midnight.

Because some elders of the Sky Demon Sect feared that the disciples would waste their nights indulging in frivolity and neglect their daytime cultivation, they would make rounds at night.

Catching an outside disciple would result in a punishment of facing the wall in contemplation.

Tonight, the chief elder personally made the rounds.

“Not bad, not bad.”

Above in the sky, the chief elder flew on his sword, touching his beard with satisfaction. He had patrolled most of the Sky Demon Sect.

Not a single disciple was found outdoors.

“It seems that the disciples of my Sky Demon Sect have really developed a lot of self-discipline!” The chief elder laughed with satisfaction.

“The next location is Moonlight Cliff.”

“There’s a large grove there, often used by male and female disciples to do things that men and women do. If old me catches them, I’ll certainly sever their means of committing the act!”

The chief elder said as he arrived at Moonlight Cliff.

“What is this…”

When he saw that a large group of disciples were sitting cross-legged under the cliff, carrying out cultivation, he was shocked beyond belief!

“These little bastards, how could they possibly be so enlightened to cultivate under the full moon!?”

He could hardly believe it.

Just then, one of the disciples seemed to see him and waved at him.

“Hmm?”

The chief elder descended.

“Why are you all cultivating here?”

He asked.

“Shh.”

Instead of answering him, the disciple made a shushing gesture.

“Chief elder, keep your voice down, don’t disturb the Ancestor’s cultivation!”

“Ancestor?”

The chief elder was taken aback, then suddenly looked up and his face was filled with wonder!

He saw Ning Tian sitting cross-legged with silver radiance around him, dazzling like the Milky Way!

By his posture, he was evidently cultivating!

“Holy smokes.”

A million “grass mud horses” [a Chinese netizen way of expressing shock or disbelief] galloped through the chief elder’s heart.

“The Ancestor... he’s actually leading the cultivation!”

Invincible After Shocking My Empress Wife Chapter 25

Chapter 25: Cultivation of Faith, Ancestor is Awesome!

“What exactly is going on here?”

The Great Elder still couldn't believe that the Ancestor would be cultivating at such a time!!

Nor could he believe that these disciples were also cultivating!

Usually, asking these disciples to cultivate was like asking in vain.

But at this moment, they were actually cultivating with the Ancestor right here?

This was truly absurd!

“You guys—” The Great Elder hadn't finished speaking when he saw a disciple wave his hand, interrupting him.

The disciple, with sincere expression, looked up at Ning Tian on the cliff top as if he were looking at a deity. “Great Elder, there is no need for many words. Seeing the Ancestor cultivating so diligently, as disciples of the Demon Sect, how can we not make an effort?”

The Great Elder: “...”

The disciples spoke earnestly and with evident emotion!

“Great Elder, why don't you join us in cultivation?” The disciple looked towards the Great Elder.

“No, there's no need.”

The Great Elder twitched the corner of his mouth and waved his hand, “I am advanced in years and can't stay up late like you young people.”

“That’s truly too bad.”

The disciple shook his head, expressing regret.

“The night is dark, and the wind is high; it’s the perfect time for cultivation, Great Elder!”

“ ... ”

The Great Elder was speechless, thinking to himself that these disciples must be crazy today.

Just as he was about to leave.

Suddenly, on the cliff under the moonlight, the bright silver moonlight cascaded down, and a massive amount of spiritual energy began to pour continuously into the body of the person sitting in meditation!

“This is...”

The Great Elder’s eyes sharpened, and he watched intently.

He saw Ning Tian’s body enveloped as if wearing a divine robe of moonlight, with spiritual energy circulating around, the silver light intertwined with the flow of spiritual energy.

The immense spiritual energy swirled around him.

“Is the Ancestor about to break through?”

Seeing this scene, the Great Elder was slightly surprised.

He found it odd.

How could the Ancestor’s breakthrough be as simple as drinking water?

This scene atop Moonlight Cliff stirred many of the meditating disciples. They all widened their eyes, excitedly looking towards the figure on the cliff.

“Who would have thought that the Ancestor would break through so quickly, so impressive!”

“He truly is a role model for our generation!”

“I heard that just a few days ago, the Ancestor broke through to the Spirit Calling Mirror realm, tsk tsk, and now there are signs of another breakthrough!”

“This...”

“This is perhaps the gap between us and the Ancestor.”

The disciples were abuzz with discussion.

Atop Moonlight Cliff, where moonlight and spiritual energy merged.

Ning Tian sat cross-legged, operating the Heavenly God Record, absorbing the immense spiritual energy, and in the palm of his hand, one could vaguely see a white jade pearl.

It was a soul essence bead formed from the energy of a Demon Soul Body.

Under the enhancement of the moonlight and the spiritual energy, along with the continuous absorption of the immense spiritual energy within the soul essence bead, Ning Tian was showing signs of a breakthrough.

Boom!

As the spiritual energy broke through the defenses within the body, Ning Tian’s face brightened with joy!

This was it—a breakthrough!

[Host has broken through!]

[Congratulations to the Host on breaking through once again, reaching the Two-Star Spirit Calling Realm!]

The system’s pleasant electronic tone echoed in his mind.

Suddenly, a surge in Ning Tian’s inner aura shot up substantially!

“Ah...”

“That feels good.”

Ning Tian opened his eyes, a glint of sharp light flashing in them, and murmured to himself: “At this pace, I wonder if I can break through to the Earth King Realm in two months?”

What!

From Spirit Calling Realm to Earth King Realm in two months!

Hiss

A group of disciples, including the Great Elder, all sucked in a breath of cold air.

“However, two months does seem a bit long.”

Up on the cliff, that murmuring voice sounded again.

The disciples: “...”

The Great Elder: “...”

Their hearts were overwhelmed with frustration; the idea of breaking through from the Spirit Calling Realm to the Earth King Realm in two months was already insane enough, and now you’re even finding two months too long!

It’s frustrating how some people are just beyond compare!

The Great Elder’s heart was in turmoil, almost spitting out blood in anger.

It took him a full two years to break through from the Spirit Calling Realm to the Earth King Realm!

Two years!

Even then, his speed was considered extremely fast among his peers!

As Ning Tian murmured, the system’s pleasant electronic tone sounded in his mind again.

[You have shocked a group of disciples and the Great Elder, reward: Cultivation of Faith!]

[Cultivation of Faith: When there are believers of yours around you, and they cultivate with you, their cultivation speed doubles. The spiritual energy cultivated by the believers will be redirected to the host!]

“Oh?”

“Cultivation of Faith?”

“There are such good things?”

Upon hearing the system’s message, Ning Tian’s eyes widened.

But believers... this was something he was not lacking at the Demon Sect.

[Cultivation of Faith, activate!]

In an instant, a golden light formation, visible only to Ning Tian, emerged, enveloping the nearby disciples, with him at the very center of the formation.

Ning Tian stretched and slowly got up.

He noticed the Great Elder was looking at him with wide eyes below.

“Great Elder, it’s a full moon night. Are you here to cultivate as well?” Ning Tian asked with a smile.

“No...”

The Great Elder waved his hand, casually adding, “Replying to the Ancestor, I was just patrolling to see if any disciples were not returning for the night...”

“Oh?”

“Then these disciples won’t count, right? Cultivating with me shouldn’t be considered not returning for the night, right?”

Ning Tian looked at the Great Elder with a smile.

The crowd of disciples tensed up, fearing if the Great Elder took them away, they would be facing a penalty!

At this moment, these disciples could only pray that the Ancestor would keep them safe.

“This...”

The Great Elder hesitated and then glanced at Ning Tian, shaking his head. After all, he had to give face to the Ancestor.

“Of course, this does not count. The Ancestor leading the cultivation under the moonlight, this diligence, how could it be considered not returning for the night...”

“Cough cough.”

“I still have other places to patrol, so I will not disturb the Ancestor any further.”

After speaking, the Great Elder’s treasured sword materialized, ready to leave.

“Great Elder, won’t you stay and cultivate with me? There could be a great gain if you cultivate with me tonight.”

Ning Tian looked at the Great Elder.

If he could turn the Great Elder into one of his believers and have him cultivate within the believer cultivation formation, then, with the Great Elder’s strength, the redirected spiritual energy would certainly be rich!

Right now, to Ning Tian, the Great Elder was like a fat sheep waiting to be harvested; he couldn’t let him slip away so easily.

“This...”

The Great Elder was taken aback, looking at Ning Tian with some strangeness.

He couldn’t help but wonder, “Why does the Ancestor’s gaze looks as if he wants to devour me?”

The Great Elder shook his head, just about to refuse, when suddenly, he heard an excited shout.

“Holy cow, I... I’m about to break through!”

“Me too! How is this possible? I clearly just broke through to Three-Star Xuanwu Master a few days ago!”

“I’ve broken through too! This... this must be the Ancestor’s blessing!”

“Ancestor is awesome!”

The next second, a group of disciples who were cultivating with Ning Tian became ecstatic!

They were all clearly sensing that the spiritual energy inside their bodies was circulating!

This was unmistakably the sign of an impending breakthrough!

Invincible After Shocking My Empress Wife Chapter 26

Chapter 26: The Entire Sect is Shocked!

For a moment, many disciples felt a surge of spiritual energy within their bodies!

This was a sign of an impending breakthrough!

Suddenly, the disciples nearby became extremely excited, each one of them looking towards Ning Tian on the cliff with fiery eyes.

“This must be the protection of our Ancestral Master!”

“With my talent, how could I be cultivating this quickly?”

As more and more people broke through, the surrounding disciples instantly felt that all of this was surely the protection of their Ancestral Master!

One person breaking through could be explained by high talent.

But a group of people breaking through together couldn't be attributed to talent—their ancestor must be protecting them!

“Ancestral Master is awesome!”

“Ancestral Master is the eternal god!”

As more and more disciples filled with faith towards Ning Tian, they clearly sensed that the absorption of spiritual energy in their bodies was twice the usual amount!

“Oh my... I've broken through too!”

“Miraculous! I haven't had a breakthrough in a whole year! Today, I've actually made one! I'm finally no longer just a warrior!” A disciple's face turned red with excitement, almost delirious with joy.

“This must definitely be the protection of our Ancestral Master!”

“It's simply miraculous!”

For a time, anyone who was full of faith in Ning Tian managed to break through within minutes or ten minutes.

Many people regarded Ning Tian as akin to a deity!

Believe in the Ancestral Master, and you can break through!

“What's going on here?”

The Great Elder was dumbfounded, his heart violently shaken by the sight.

Not to mention practicing collectively, but also breaking through together?

What kind of day was this?

Feeling his body replenishing with endless spiritual energy, Ning Tian's lips curled into a slight smile as he looked at the Great Elder, “How about it, Great Elder? I told you, following my cultivation practice, there will certainly be gains.”

“Gulp.”

Watching Ning Tian's smile full of confidence, the Great Elder swallowed his saliva with difficulty.

Everything indeed had something to do with the Ancestral Master!

The Great Elder's face turned red with excitement, feeling as though the heavens were blessing their Sky Demon Sect with this ancestor!

"Cough cough."

The Great Elder coughed dryly, his face red as he said: "Originally, I did not advocate for practicing at night, but since the Ancestral Master has graciously invited us, I naturally cannot tarnish your reputation."

After saying that, he walked to a spot.

Then, he sat cross-legged.

Seeing the Great Elder's reluctant appearance, Ning Tian couldn't help but chuckle, not expecting the Great Elder to be so tsundere!

Immediately, he didn't waste any more time, sitting cross-legged himself and began to cultivate.

Currently, three powerful streams of spiritual energy were present within his body.

The energy from the moonlight, the Soul Essence Bead, and the energy gathered from the faith-driven cultivation.

This spiritual energy must not be wasted.

After the Great Elder went over and sat down to cultivate, he didn't feel the doubled speed of cultivation that the disciples had mentioned.

"Strange."

"Could it be that I'm cultivating in the wrong way?"

The Great Elder was at a loss, looking around this way and that.

But, everything was as usual.

At this moment, a disciple who couldn't bear to watch whispered a reminder, "Great Elder, you have to shout 'Ancestral Master is awesome'."

"Huh? What for?"

The Great Elder was stunned, looking at the disciple in confusion.

"I don't know."

The disciple shook his head and muttered, "Anyway, as long as you shout 'Ancestral Master is awesome', you can feel the doubled intensity of spiritual energy absorption."

"Is that so."

The Great Elder fell silent for a moment, gritted his teeth; wouldn't such a shout damage his dignified image as the Great Elder?

But then again,

Watching those disciples cultivating in excitement, he couldn't keep calm.

Forget it, true fragrance warning!

The Great Elder took a deep breath, his energy gathering at his dantian, then he opened his mouth wide and shouted loudly, the cry echoing through all of Moonlight Cliff!

"Ancestral Master is awesome!!!"

Bang!

For a moment, all eyes were on the Great Elder.

The Great Elder's face turned red instantly; it was so embarrassing!

Boom!

Just then, the Great Elder seemed to be bathed in a divine light, and the slow absorption of spiritual energy in his body suddenly accelerated.

"Holy shit!"

“It actually works!”

“It’s miraculous!”

The Great Elder’s eyes flashed with excitement, quickly sitting down to cultivate. What need for dignity at such a time? He must concentrate on cultivating!

Below Moonlight Cliff, a group of disciples began to cultivate.

The next day,

A rumor instantly ignited the entire Sky Demon Sect!

Last night, under Moonlight Cliff, the Ancestor led the Great Elder and a group of disciples in cultivation, and the most amazing thing was, just by shouting ‘Ancestral Master is awesome,’ the speed of cultivation could be doubled!

For a time, many disciples were excited to experiment!

Hence, on what should have been a quiet morning in the Sky Demon Sect, it was instead utterly shattered by the repeated shouts of ‘Ancestral Master is awesome.’

Some experts from the Heavenly Spirit Realm passing by the vicinity of the Sky Demon Sect were extremely surprised!

‘Ancestral Master is awesome’?

Could it be that this was a new method of cultivation uniquely created by the Sky Demon Sect?

The calls of ‘Ancestral Master is awesome’ continued to echo within the Sky Demon Sect until a powerful Imperial realm aura erupted from the depths of the Sky Demon Sect, making the disciples instantly close their mouths.

They were also confused as to why their shouts of ‘Ancestral Master is awesome’ had no effect?

Of course, it was ineffective for them, as Ning Tian was not in range of service and the faith-driven cultivation array was not activated.

At this moment, Ning Tian had already come down from Moonlight Cliff, returning to his room to find that Luo Wuchen had already left. He simply dived into the bed still imbued with her scent, planning to go back to sleep.

In the Sky Demon Sect, Hall of Meetings.

“Ladies and Gentlemen, have you all arrived?”

Luo Wuchen looked indifferently at the group of elders in the Hall of Meetings and asked.

“This...”

The group of elders looked at each other, hesitated, and then,

“Reporting to the Empress, the Great Elder has not yet arrived,” one elder stepped forward, bowed to Luo Wuchen, and spoke.

“The Great Elder?”

Luo Wuchen was taken aback and frowned. Today was the day when many forces from the Heavenly Spirit Realm were coming to the Sky Demon Sect for discussions.

They were supposed to discuss important matters, but why would the usually very punctual Great Elder be late?

At this moment, a voice rang out, and an anxious old man ran in.

“Huff... Empress, I’ve arrived,” the old man panted.

The person who arrived was none other than the Great Elder.

“Great Elder, why are you late?” Luo Wuchen’s brows tightened, looking displeasedly at the Great Elder.

“This...”

Embarrassed, the Great Elder scratched his head and smiled wryly, “I stayed up all night last night, cultivating under Moonlight Cliff with the Ancestor, so... I was a bit late.”

“Cultivating with the Ancestor?”

Hearing the Great Elder's words, the surrounding elders couldn't help feeling puzzled.

As a Sacred Emperor realm powerhouse, the Great Elder shouldn't need to cultivate together with the Ancestor, right?

"Also, Great Elder, do you know about the matter of all disciples shouting 'Ancestor is awesome' this morning? Does it have anything to do with last night's practice?"

At this time, an elder cast an inquiring look at the Great Elder.

"Um..."

The Great Elder awkwardly smiled, "Because, last night, anyone who practiced with the Ancestor could enhance their cultivation speed just by shouting 'Ancestor is awesome.' Many disciples broke through one after another."

Invincible After Shocking My Empress Wife Chapter 27

Chapter 27: On the Day of the Dao Discussion, The Proud Sons of Heaven Assemble!

Shouting praises to the Ancestral Master boosts cultivation speed?

Upon hearing the words of the Great Elder, various expressions painted the faces of the other elders in the grand hall.

"Great Elder, are these words true?"

A group of elders looked at the Great Elder with puzzlement.

“Of course, it’s true. Do you think I would deceive you?” the Great Elder replied seriously. Then, his aura burst forth, and the majestic power of a six-star Holy Emperor realm filled the entire hall!

“The Great Elder’s aura is much stronger than before!”

Many elders felt inward shock. The Great Elder hadn’t broken through to a higher realm, but his strength had still improved a lot, and his aura was more solid!

Could it be that shouting praises to the Ancestral Master really provided a special bonus?

The hearts of the group of elders were stirred. If it weren’t for the Empress being present, they might have really started shouting.

“Is it that guy again?”

Luo Wuqing narrowed her beautiful eyes, feeling a bit astonished.

This guy.

Yesterday, all she wanted was for him to take advantage of the full moon night to focus on cultivation and to not waste his heavenly physique.

But unexpectedly.

This guy actually caused such a big fuss!

So much so that the entire Demonic Sect’s disciples were howling like ghosts and wolves early in the morning.

“Indeed, respected elders, you can find time to practice with the Ancestral Master, it truly works!” the Great Elder declared confidently.

Upon hearing this, a group of elders nodded.

“Alright, esteemed elders, let’s put this matter aside for now.”

At this moment, Luo Wuqing spoke indifferently.

The group of elders immediately fell silent, and the Great Elder also shifted his gaze to Luo Wuqing.

“Today, countless proud children of Heaven have come to our Demonic Sect for the Dao discussion.”

Luo Wuqing placed her gaze on the group of elders and continued softly.

“Although it is a friendly discussion, I do not wish to see our Demonic Sect disciples outdone by others.”

“So.”

“Esteemed elders, please bring your strongest disciples to participate in the Dao discussion.”

“Do you understand?”

Hearing this, the group of elders nodded vigorously, responding in unison, “We understand!”

Noon.

After Ning Tian woke up, he went to Moonlight Cliff.

There, he discovered that many disciples were already meditating there.

Upon seeing Ning Tian’s arrival, they were all visibly excited and full of reverence. Their faces flushed, they began to shout energetically, “Ancestral Master is awesome!”

At these words, a smile appeared on the corner of Ning Tian’s mouth.

These followers who came to him were not to be turned away!

Even the smallest of flies is meat.

Immediately, he activated [Faith Cultivation] and began to sit on the cliff. The disciples below, sensing this, promptly immersed themselves in deep cultivation.

One by one, they indeed felt that the spiritual energy within their bodies was being absorbed at twice the pace.

The disciples were ecstatic!

In their hearts, they practically worshiped Ning Tian as a deity!

He was extraordinary!

At the gates of the Demonic Sect.

As the great elder's direct disciple, Li Changsheng took on the duty of welcoming the proud children of Heaven who came from the Spirit Domain for the Dao discussion.

Outside the sect gates.

Many promising youths arrived, some riding exotic beasts, some aboard spiritual artifacts, or escorted personally by Holy Emperor realm powerhouses. In short, there were countless proud youths.

Looking from afar, there were over two hundred people.

"It seems that most of the powerful forces in the Spirit Domain have sent their disciples over," muttered Li Changsheng with a bit of a headache.

These young men and women were not ordinary disciples, and they couldn't be treated in the usual way.

After all, in their own sects, they were all quite arrogant.

Outside the gates, many proud children of Heaven had gathered, chatting very happily with each other.

Just then, the sound of someone slicing through the air was heard from the sky!

A cold-faced youth was seen traversing the void horizontally in mid-air!

"This is...!"

Seeing the youth, many of the gathered talents gasped in shock.

Traversing the void...

This was a feat that only Holy Emperor realm powerhouses could perform!

Could this youth possibly be a Holy Emperor realm powerhouse?

Hiss.

Many talents took a sharp breath of cool air.

Soon, someone recognized the identity of the cold-faced youth!

“That’s Ling Ao from the Lingxu Sect!”

“He’s using the Lingxu Sect’s secret technique, the ground-level martial art, Lingxu Step! It looks like Ling Ao has cultivated the Lingxu Step to its peak, allowing him to traverse the void without the strength of a Holy Emperor realm!”

“Cultivated to its peak!”

The group of talents enviously watched the cold-looking man descending from the sky.

Boom!

Suddenly, a cold aura emerged in the sky.

Unconsciously, everyone shivered with cold.

“The sudden drop in temperature... this can’t be that person arriving, can it?”

The group of talents’ expressions changed slightly, and they seemed to have guessed something from the anomaly.

In the sky, a gigantic raven descended, and a gloomy young man walked down slowly, exuding bursts of cold air.

Many people subconsciously moved away from him.

“This is Yin Sanyi from the Shadow Demon Sect!”

“It’s said that he once slaughtered villages alone! Not sparing men, women, the elderly, or children, he is a true demon of the Demon Path!”

“Yin Sanyi...”

Ling Ao’s gaze immediately fell on Yin Sanyi, his eyes filled with a desire for battle.

He was someone who only had interest in the strong!

The weak, he wouldn't even spare a glance!

Yin Sanyi's appearance immediately caught his attention!

Yin Sanyi remained unchanged, ignoring the words of the surrounding talents and calmly moved to one side of the crowd.

The crowd buzzed with discussion.

Li Changsheng's brows furrowed slightly, murmuring to himself, "Why has someone from the Shadow Demon Sect even come?"

The Demonic Sect and the Shadow Demon Sect had never gotten along.

Right now, Yin Sanyi's appearance seemed slightly odd.

Just at this moment, heavenly music lingered in the air.

Beautiful, ethereal music floated down from the Nine Nethers.

"Where did this celestial music come from?"

Hearing the music, the gathered talents fell silent in amazement but puzzled.

"I didn't expect the Holy Woman of Yaochi Sacred Land to come too!" Li's heart trembled with shock; the Yaochi Sacred Land wasn't an ordinary sacred place, their strength was no less than the Demonic Sect!

However, in the Spirit Domain, Yaochi Sacred Land had always maintained a neutral stance.

Even during the last Empress's grand wedding ceremony, when many forces from the Spirit Domain came, Yaochi Sacred Land was not among them!!

But this time, for a mere Dao discussion event, the Yaochi Sacred Land actually sent the Holy Woman!

"It's Yaochi Sacred Land! That's the Holy Woman of Yaochi!"

"Good heavens!"

“I can’t believe I’m actually seeing my goddess of dreams!”

Together, the group of talents realized, one by one becoming immensely excited as they looked up toward the sky!

A Pegasus came flying through the air, pulling a chariot behind it. The celestial music was coming from within the chariot!

Through the sheer curtains, everyone could even see the charming figure inside.

“The celestial chariot of the Pegasus! It is indeed the Holy Woman of Yaochi Sacred Land herself!”

Many talents were secretly stunned!

This Dao discussion had not only attracted the attendance of many talented youth from top forces, but there were also three among them!

“Is this discussion at the Demonic Sect really just a discussion?”

For a time, many talents were astonished beyond measure.

Invincible After Shocking My Empress Wife Chapter 28

Chapter 28: The Saintess of Yaochi and the Legendary Patriarch!

In the sky, the celestial carriage drawn by heavenly steeds slowly descended, landing before the crowd.

The haunting music of the immortals also gradually came to a stop at this moment, much to the disappointment of the geniuses intoxicated by it.

“Such enchanting music of the immortals, it wouldn’t be too much to listen to it for eight hundred years!”

“Indeed.”

“If one could cultivate accompanied by such music, I would surely break through to the Earth King Realm at an earlier time!”

Many prodigies shook their heads and sighed.

Such music only exists in the heavens; how often can mortals hear such melodies!

The carriage of the heavenly steed firmly touched down on the ground. Then, a delicate fragrance wafted from within the carriage.

“What is this...”

“This is the Night-Blooming Jasmine of Yaochi! How fragrant!”

A group of prodigies was wholly captivated.

This is the charm of the Saintess of Yaochi; her music moves hearts, and her fragrance intoxicates.

Shortly after, from within the carriage, a pair of slender jade hands reached out, holding the door as a woman dressed in white silk stepped out.

It was the Saintess of Yaochi!

As she stepped down, everyone marveled at her beauty!

“The Saintess of Yaochi is as beautiful as ever!”

“If only I had such a beautiful wife...”

However, in the face of the surrounding scions’ discussions, the Saintess of Yaochi always remained silent without uttering a word.

Her expression was indifferent, as if nothing could shake her.

She gently beckoned to the celestial carriage, which then turned into a golden light that settled upon her jade hand.

The carriage was, after all, a spiritual artifact.

Immediately after.

Having done all this, the Saintess of Yaochi walked gracefully, under the admiring gazes of others, toward Li Changsheng.

“This Brother here, I am the Saintess of Yaochi, here to discuss the Dao at the Devil Sect,” said the Saintess of Yaochi with a slight nod, speaking slowly to Li Changsheng.

“Uh...”

Li Changsheng was stunned for a moment, then quickly returned the gesture, “The Devil Sect welcomes the Saintess of Yaochi to discuss the Dao.”

Discussing the Dao.

First and foremost is the display of courtesy, and though the Saintess of Yaochi had arrived last, she was the first to give respects.

This quality led many prodigies to nod inwardly, and one by one, they stepped forward.

“Chongmen is here at the Devil Sect to discuss the Dao!”

“Poshanzong is here at the Devil Sect to discuss the Dao!”

“Lingxuzong is here at the Devil Sect to discuss the Dao!”

“Yingmozong is here at the Devil Sect to discuss the Dao!”

...

...

Outside the gates of the Devil Sect, many scions reported their affiliations.

The majority of forces from the Heavenly Spirit Domain sent their scions for the Dao discussion.

After the clamor subsided.

Li Changsheng stood before the gates, looking at the group of scions, and said slowly, "Welcome to the Devil Sect to discuss the Dao. Without further ado, I will lead everyone to the Dao discussion platform!"

Having said that, he turned around and led a group of prodigies into the Devil Sect.

Inside the Devil Sect.

The group of scions walked with their heads held high, thinking that even in the Devil Sect, disciples should cast admiring glances, right?

But unfortunately, some of the Devil Sect disciples who passed by them only gave them a glance before quickly losing interest.

This completely dumbfounded the group of scions.

As scions, when had they been so unanticipated?

Beside them were the murmurs of Devil Sect disciples.

"Today seems to be the day when many prodigies have come to discuss the Dao at our Devil Sect."

"What is there to see in the prodigies' Dao discussion?"

"That's right, we'd better go quickly and search for our Patriarch! I want to practice with the Patriarch!"

"The Patriarch is truly divine!"

"Hurry, or we won't even have a spot under Moonlight Cliff."

With that, this group of Devil Sect disciples left excitedly, not even giving the group of scions a second glance.

"That... Brother Li."

Unable to contain his curiosity and dissatisfaction, a scion looked at Li Changsheng and asked, "What are those disciples going to do?"

"They..."

Li Changsheng said with a smile, "They are heading to Moonlight Cliff, to practice with our Devil Sect's Patriarch."

"The disciples of the Devil Sect have such high enlightenment?"

Hearing this, many prodigies were startled and felt a sense of shame.

Could this be the reason why the Devil Sect is powerful?

There is even a Patriarch who leads disciples in cultivation!

Ling Ao and Yin Sanshili remained silent, while a glint flashed in the Saintess of Yaochi's beautiful eyes, and it was unclear what she was thinking.

Li Changsheng looked at these amazed prodigies, his mouth curving into a bitter smile.

Those young bunnies, where do they have such high enlightenment?

In his heart, he also sighed; the Patriarch was indeed divine, able to directly lead the entire Devil Sect's disciples to cultivate.

"Fellow practitioners, let's continue on,"

Li Changsheng went on to lead the group of scions. Along the way, the prodigies also heard a lot about the Patriarch from the Devil Sect disciples.

These prodigies, more or less, heard of the Patriarch's deeds.

Such a person is simply a legendary Patriarch!

Even Ling Ao, Yin Sanshili, and the Saintess of Yaochi, these three prodigies, were curious about the Patriarch.

Why had they never heard of such a legendary Patriarch within the Devil Sect?

Suddenly, the group of scions passed by Moonlight Cliff.

Seeing a large group of disciples practicing there, and on top of Moonlight Cliff, a young man with a graceful face and an imposing demeanor was sitting cross-legged.

The sunlight spilled over him, making the scions feel inexplicably sacred.

“Who is he?”

“Could it be a genius disciple of the Devil Sect?”

The prodigies from the various forces of the Heavenly Spirit Domain couldn't help but feel surprised.

“No.”

Li Changsheng, who was leading the group, shook his head; his gaze filled with reverence as he looked at the young man on Moonlight Cliff, smilingly said, “He is the Patriarch of our Devil Sect!”

“What!”

“He is that legendary Patriarch!?”

Upon hearing Li Changsheng's words, the expressions of the scions changed dramatically, and their eyes widened!

At this moment, the group of scions was incredibly disbelieving!

This young man, the Patriarch of the Devil Sect!!!

“This... This level of power, it probably is only at the Spiritual Enlightenment Realm, right? How can he be a Patriarch?”

“Is this legendary Patriarch of the Devil Sect not here as a joke?”

“A mere Spiritual Enlightenment Realm, and he can be the Patriarch of the Devil Sect?”

...

The group of scions discussed among themselves, finding the whole thing somewhat laughable.

“None of you should be so disrespectful!”

At this moment, hearing the discussions from the scions, Li Changsheng put away the smile on his face, his tone becoming very solemn, and with a displeased look, he said lightly.

“Not only is he the Patriarch of our Devil Sect, but he is also the husband of the Empress! In terms of status and identity, he is not someone you can compare with!”

“What!”

“So it turns out, the one who is married to the Empress, is actually him!”

At this moment, many prodigies gasped, and the words they had in their mouths they dared not to speak out loud anymore.

The legendary Patriarch of the Devil Sect, whether in terms of status or identity, was far beyond them.

Even if they were disdainful, they had to respect the Empress!

Invincible After Shocking My Empress Wife Chapter 29

Chapter 29: The Arrogant Great Emperors are Shocked, Comprehending the Sword Intent!

“Hmph!”

At the moment when everyone was silent, Ling Ao let out a cold snort.

“Is it ridiculous that an insignificant disciple at the Tongling realm can influence the cultivation progress of a group of disciples? He can’t even take care of himself, yet he is supposed to care for others?”

Behind Ling Ao stood the Lingxu Sect, and his father was a great emperor at the realm of Divine Emperor.

When he spoke, he naturally did not need to take too many concerns into account, unlike those other great emperors who were afraid.

Although the other great emperors dared not to speak, they quite agreed with what Ling Ao said.

Just a mere disciple at the Tongling realm.

How could he possibly drive the cultivation of other disciples? They are probably having a hard enough time with their own cultivation, right?

Everyone sneered in their hearts.

“Hehe.”

Li Changsheng smiled and looked at Ling Ao, shaking his head, “Brother Ling Ao is wrong. Following the ancestral master in cultivation, many disciples have clearly perceived becoming stronger.”

However, facing Li Changsheng’s words, Ling Ao merely sneered.

It was clear that he didn’t believe it.

A group of great emperors also didn’t believe it. How could they possibly feel their strength increasing by following a Tongling realm cultivator?

Li Changsheng smiled. They didn’t want to believe, and he was too lazy to argue.

Just as he was about to leave Moonlight Cliff with a group of great emperors, there came an excited voice from below.

“Hahaha! I’ve broken through!”

“My heavens! The realm that has troubled me for over half a month, after half a day of cultivation with the ancestral master, I’ve directly broken through!”

“This is simply divine!!”

“Me too, I’ve broken through!”

“Hahahaha!”

“All of this is thanks to the ancestral master!”

A group of disciples who were cultivating suddenly felt a surge of spiritual energy breaking through, and they made breakthroughs one after another.

Seeing this scene, the group of great emperors was stunned and a look of astonishment flashed in their eyes.

Was it really so miraculous?

Even the breakthroughs occurred simultaneously?

Could it really be because of the young man on the cliff?

“Sss”

Ling Ao looked terrible as if he had been slapped in the face!

“Hmph!”

He waved his robe and angrily walked towards the front.

Li Changsheng’s lips curled slightly into a satisfied smile, then he said to the group of great emperors, “Gentlemen, please follow me, the debating time is almost up.”

“Yes.”

“We understand.”

A group of great emperors nodded, but the shock in their hearts still hadn’t dissipated.

This legendary ancestral master of the Devil Sect seemed rather divine!

The Holy Maiden Yaochi glanced at Ning Tian on the Moonlight Cliff, revealing an amazed smile, murmuring softly, “This ancestral master... seems quite interesting.”

After the group of great emperors left.

Ning Tian stretched his body, the accumulation of spiritual energy in his body was enough for him to absorb slowly.

“Going on like this, maybe within two months, I might just have the chance to breakthrough to the Earth King realm.”

He murmured to himself and slowly stood up.

At this moment, the system’s melodious electronic tone sounded.

【You have astonished a group of great emperors, rewarded with the sword intent martial arts [Sword]!】

【Currently, comprehending the sword intent martial arts [Sword] at ten times the speed!】

【Sword intent martial arts has been comprehended to the point of perfection!】

As the system’s announcement ended, Ning Tian’s mind was filled with numerous methods of using sword intent.

But

When did I astonish a group of great emperors?

Ning Tian scratched his head, feeling puzzled.

System: “Host, that group of great emperors just left.”

“Oh, oh.”

Ning Tian also remembered that today was the day of the debate, and if one wanted to go to the debate platform, they’d have to pass by Moonlight Cliff.

However

He was just casually cultivating. Was it shocking enough for those great emperors...

“But the debate is quite interesting; it might be worth it to take a look,” Ning Tian muttered, then he looked down at a group of disciples, telling them that he was leaving. The disciples all seemed somewhat disappointed.

The departure of the ancestral master meant slower cultivation speed.

After Ning Tian left Moonlight Cliff, he turned off [Faith Cultivation] and directly headed for the debating platform.

Devil Sect, Debating Platform.

A giant stone platform sat atop the mountain peaks, with many seats atop the stone platform.

Some disciples of the Devil Sect had already arrived.

Atop the debating platform stood a tall stage.

Luo Wuqing, supreme elders, and grand elders were all sitting there.

“How are the great emperors from the various powers?” Luo Wuqing casually glanced at the grand elder and asked.

The grand elder fell silent for a moment, replying, “Returning to your majesty, according to news from Changsheng, there are more than two hundred great emperors who have come.”

“More than two hundred?”

“Did so many great emperors really come?”

The surrounding elders were shocked, but they were also excited.

The more great emperors that came, it meant these forces were trying to curry favor with their Devil Sect.

It also showed that the Devil Sect was becoming more and more powerful.

What the elders didn't know was that these forces completely came because they saw the thunder tribulation that day at the Devil Sect, thinking the empress had broken through again, which was why they wanted to ingratiate themselves.

Little did they know, it wasn't the empress who caused the tribulation.

It was Ning Tian.

“Yes, indeed there are more than two hundred.” The grand elder nodded, his expression solemn, “Among them, there are three that are most noteworthy.”

“The first one is Ling Ao of Lingxu Sect.”

“Lingxu Sect, Ling Ao?”

“I didn’t expect him to come as well.”

“This person is known as the future star of the Lingxu Sect! Even the position of junior sect master is about to be passed on to him.”

A group of elders were a bit surprised.

“The second one is Yin Shisan from Yingmo Sect.” The grand elder frowned slightly when he mentioned this.

“Yingmo Sect?”

“They are also here for the debate?”

The elders found it strange, as the relationship between the Devil Sect and Yingmo Sect was delicate and they didn’t get along well.

Yin Shisan’s debate seemed to have a vibe of the weasel paying a New Year’s visit to the chicken – no good heart.

A group of elders glanced at Luo Wuqing, who appeared indifferent, showing no reaction whatsoever.

“Then Grand Elder, who is this last person?” The elders could only focus on the grand elder and asked.

The grand elder smiled and said, “This last one is the Holy Maiden Yaochi.”

“Holy Maiden Yaochi?”

“The Holy Land of Yaochi also came?”

Hearing this, the elders were shocked, and even Luo Wuqing slightly narrowed her eyes.

The Holy Land of Yaochi, being one of the most mysterious forces in the Heavenly Spirit Realm, their exact strength was unknown to all.

And the Holy Land of Yaochi has always abstained from involving themselves in any sect affairs.

Most of the time, they are neutral. Even when the empress had her wedding, no one from Yaochi was seen.

Unexpectedly, they sent the Holy Maiden Yaochi today!

“This...”

The elders couldn't help but feel puzzled, buzzing with discussions.

“Why the panic?”

Luo Wuqing glanced at the elders, indifferently saying, “After all, it's just the Holy Land of Yaochi. There is no need for the elders to overthink.”

“The empress is correct.”

“We understand.”

Hearing her words, the elders spoke no more. With the empress here, there was no need to worry too much.

Invincible After Shocking My Empress Wife Chapter 30

Chapter 30: The Three Thousand Paths, Ning Tian Watches the Show!

At midday.

The debate on the Dao begins.

Many proud young geniuses sit on one side, while on the other side, there are some disciples of the Sky Demon Sect.

On the high platform, Luo Wuqing and a group of elders sit.

“Ladies and gentlemen.”

A voice rises. The Grand Elder descends from the high platform, stepping across the void, and looks towards the many geniuses of the Heavenly Spirit Realm.

“Saint Emperor realm powerhouse!”

“Such a formidable aura!”

A group of Heavenly Spirit Realm geniuses watches the Grand Elder with awe.

A Saint Emperor realm powerhouse in their sects is already the strongest existence!

The Grand Elder doesn't waste words. Looking at the geniuses, he says, “Everyone, the Sky Demon Sect's Dao debate begins now!”

With the end of his words.

The group of geniuses is incomparably excited!

A burly man immediately jumps out, “I am Li Poh Tian from the Thousand Mountain Sect. Please enlighten me, brother of the Sky Demon Sect!”

Quickly, a disciple from the Sky Demon Sect steps out.

“This brother, I am Xu Qingfeng from the Mountain Hall of the Sky Demon Sect.”

“It's the first of Mountain Hall, Brother Xu Qingfeng!”

“Go, Brother Xu Qingfeng!”

Seeing the disciple who steps out, a group of Sky Demon Sect disciples is extremely excited.

The Sky Demon Sect has a total of one hundred and eight halls, and among them, the Mountain Hall ranks fifteenth.

As the first of the Mountain Hall, Xu Qingfeng's strength is naturally not weak.

"Brother, what Dao do you want to discuss?"

Xu Qingfeng looks at Li Poh Tian with a smile and slowly asks.

"Hehe." Li Poh Tian laughs, swinging his massive arms confidently, "Naturally, it's the Dao of Strength!"

"The Dao of Strength?"

Xu Qingfeng is startled, and then nods, "Okay, let's discuss the Dao of Strength."

Very quickly, according to the rules of the Dao of Strength competition, the Sky Demon Sect elders bring two huge rocks. Whoever can inflict greater damage on the rocks is stronger in the Dao of Strength, and thus wins.

"Both of you, these are black stones, extremely hard. Please gauge your strength and be careful not to injure yourselves."

The referee elder reminds them.

"Thank you for the reminder, elder."

Xu Qingfeng and Li Poh Tian both bow in thanks.

"Brother, do you want to go first, or shall I?"

Xu Qingfeng maintains his manners.

"I'll go!"

Li Poh Tian laughs heartily and approaches the huge stone.

Under the watchful eyes of the audience, Li Poh Tian's spiritual energy flows, followed by a punch he throws out!

Bang!

Instantly, the giant stone is hit with a huge gap!

"What a powerful punch!"

“As expected of a genius who has cultivated strength, his power is formidable!”

Seeing this scene, a group of geniuses and Sky Demon Sect disciples are somewhat surprised.

“Hehe.” Li Poh Tian is very satisfied with his punch and looks at Xu Qingfeng, “Brother, it’s your turn.”

Xu Qingfeng steps forward calmly, looking at the black stone and taking a deep breath.

Then, with an ordinary punch, he strikes!

Boom!

In an instant, stone chips fly everywhere!

That black stone is directly shattered!

One punched a hole; the other shattered the stone entirely—the winner is clear.

“So powerful!”

Seeing this scene, Li Poh Tian is shocked and his mouth drops open.

“The winner is decided!”

“In the Dao of Strength, Xu Qingfeng of the Sky Demon Sect wins!”

With the referee elder’s verdict, the surrounding geniuses and disciples all cry out in astonishment!

And as more and more geniuses step forward.

The debate continues.

Martial Dao, Qin Dao, Wen Dao, Music Dao, and so on—the Three Thousand Dao are all their subjects of debate!

“Earth Spirit Sect, Li Ren! Here to discuss the Dao of the Saber!”

“Heaven Extreme Sect, Wang Xue! Here to discuss the Dao of Music!”

“Earth Profound Holy Land...”

“...”

“...”

The debate goes on.

On the debate stage, up on the high platform, a group of elders watches the debate below with satisfaction, a smile appearing on their faces.

Most of the debates end with victory for the Sky Demon Sect’s disciples.

Of course.

These disciples are not ordinary ones; they are the most outstanding geniuses of the Sky Demon Sect’s one hundred and eight halls.

Hearing their words, Luo Wuqing remains silent, as if everything is within expectations.

“Don’t be too happy too soon.”

The Grand Elder says indifferently, “The three most troublesome have not yet taken the stage.”

At his words, a group of elders is startled. Below, Ling Ao, Yin Thirty, and the Saintess of Yaochi show no signs of moving.

“These three won’t be easy to deal with...”

A group of elders frown.

Just then, a voice comes from behind, causing the group of elders on the high platform to turn around reflexively.

They see Ning Tian climbing up the ladder to the high platform, an apple in his mouth.

“Ancestor?”

Seeing Ning Tian, the group of elders is startled.

“Hey ho.”

Ning Tian climbs up from the ladder, takes the apple out of his mouth, and seeing the group of elders on the high platform, he can't help but smile, “All the elders are here?”

“Want an apple?”

Ning Tian raises the apple that he has just taken out of his mouth.

“Cough cough.”

“No need.”

“Thank you for your kindness, Ancestor. We appreciate the thought.”

The group of elders glances at the apple with Ning Tian's teeth marks and quickly refuses.

“What a good apple. It's a pity not to eat it.”

Saying this, Ning Tian takes a bite of the apple and then sits down next to Luo Wuqing, without any reservation.

Immediately, a fragrance wafts over.

Seeing this scene, a group of elders admires him; in the whole Sky Demon Sect, only the Ancestor can sit so close to the Empress.

Facing Ning Tian who sits down next to her, Luo Wuqing just furrows her brow and doesn't say much.

“Wife, want an apple?”

Ning Tian looks at Luo Wuqing with a grin.

“No.”

Luo Wuqing frowns.

“Wife, want a banana?”

“No.”

“Wife, do you want me to give you a massage?”

“No need.”

Luo Wuqing’s forehead vaguely shows a few black lines.

“Old...”

“Shut up!”

When Ning Tian is about to say something more, Luo Wuqing, who can bear it no longer, finally scolds him.

“Hehe.”

Ning Tian can only giggle and obediently shuts his mouth.

Then, he bites the apple, crosses his legs high, and watches the debate below with great interest.

Seeing Ning Tian’s carefree demeanor, a group of elders can’t help but give him a thumbs-up. To be so daring in front of the Empress, nothing more needs to be said—Ancestor is awesome!

Boom!

Below, on the debate stage.

Another round of debates begins.

At this point, a figure steps forward, instantly attracting the attention of many.

“It’s Yin Thirty from the Shadow Demon Sect!”

“He’s taking action too!”

“I wonder, what Dao will he discuss?”

Seeing Yin Thirty, a group of geniuses chatters, while the elders on the high platform start to get a little nervous.

Just as everyone's gaze is on Yin Thirty, expecting what Dao he will discuss, a voice suddenly comes from the high platform.

"Wife!"

"Look, that man looks like a woman; could he be a sissy?"

For a moment.

Attention shifts toward the high platform.

Everyone sees Luo Wuqing sitting beside Ning Tian, who is biting an apple and crossing his legs nonchalantly!

"What the heck!"

"Isn't that the legendary Ancestor of the Sky Demon Sect? What's he doing there?"

Seeing Ning Tian, a group of geniuses is astounded!

"Sissy!?"

At this moment, Yin Thirty's face turns dark!
