

Chapter 20:

Elle's POV:

I don't entirely know what came over me but I wanted to try something new, to be in control for once, to make her scream my name. The thing is, I'm a little bit too shy for this normally but fuck it.

Aurora got up from the bed, swaying her sexy hips, to grab the dildo.

"Stand up baby," she husked into my ear.

Once I got up from the bed and stood up, she fastened the straps around me, securely. If I'm honest, I don't really know where to start but I guess the bed will be a good start.

"Lay on the bed," my voice rasped.

Doing as she was told, Aurora got on her hands and knees ready for me. I climbed onto the bed behind her, moving my hand down to her core, only to find that she was already wet for me. I ran the strap-on through her wet folds before a-lining it with her dripping hole, I pushed slowly into her, looking for any signs of distress, not finding any I pushed all the way in.

"Ahhhhh...fuck baby..." she moaned.

I slowly started to move in and out of her at a steady pace. Deciding that I could get a better angle if I flipped her onto her back, I pulled out of her and grabbed her waist turning her over. Gripping her legs, I wrapped them around my waist, giving me a better angle. Thrusting in and out of her at a faster pace, I leant forward placing one hand next to her hand and the other on the top of the headboard to steady myself. Aurora's legs tightened around my waist pulling me in further, the pressure of the toy against my clit was too much and my orgasm was starting to become hard to hold o .

"Aurora... fuck," I moaned.

"I know... baby," she panted back.

Feeling her grip around my waist tighten even more, I knew she was close.

"H-harder," she moaned.

Complying, I pulled nearly all the way out before pumping back in at a gruelling pace. Her chest rising and falling, I could tell she was close. I moved my hand that was next to her head down to her clit, making sloppy circles, causing her to fall over the edge. The feeling of the base of the strap against my clit and the sight before my eyes was enough to make me reach climax. Shuddering underneath me, Aurora pulled me down into a sloppy kiss. I slowed down my pace to help us both down from our highs as her grip around my legs loosen.

Holy shit that was hot. The way that she came and the way I was inside her was like a feeling that I have never felt before.

"Fuck," I whispered into her ear as I collapsed onto her.

"If you ever want to do anything like that again you can okay?" she said, trying to catch her breath back. "Stand up," she commanded.

"Huh?" I asked confused.

"You heard me stand up," she repeated.

Following her orders I stood up, still confused. Aurora got up from the bed and got down on her knees in front of me.

"What are you doing?" I asked.

But instead of responding she placed her right hand on the dildo and proceeded to move it up and down. Her eyes then flickered up to meet mine as she moved her head forwards taking the silicone dick in her mouth. Blue orbs still locked with mine as her head bobs up and down, building pressure against my sensitive bud. Her tongue swirling the tip as if I could feel each lick whilst her hand moves up and down. I don't think I can last much longer with how sensitive my clit is a er the first round.

"Shit...fuck...!- Aurora," I moaned.

"Cum for my baby," she husked.

As if like magic I came on her command, shuddering under her touch. Making her way up to my face, she captured my lips in a sloppy, meaningful kiss.

"We better get back to packing," she stated whilst swaying her hips over to the suitcase, fuck.

For most of the journey back I had fallen asleep in Aurora's shoulder, occasionally feeling her kiss the top of my head.

"I had fun," I said, raising my head to look up at her.

"I'm glad you did, I did too," she said, bringing me in for a chaste kiss.

"Don't forget that you still owe me that dinner," she said smirking.

Honestly, I had completely forgotten about that, even though I had a whole plan and everything. Then again it would mean that I would get to spend more time with her.

"P ...I didn't forget," I said blu ing.

"Whatever you say," she said rolling her eyes.

"Soooo how was your little romantic get away?" Talia asked.

I blushed.

"OH MY GOD. You little horny fucker. I bet all you did was fuck, it's written all over your face," she said whilst wa ing her finger in my face.

"Well maybe just a little but that's non of your business," I stated simply.

"Actually it is my business considering I'm your best friend."

"Gurl your my only friend," I said half joking.

"Your just proving my point. Anyway I would ask for details but I really don't want to know what my little bottom gets up too," she laughed.

"I'm not a bottom," I pouted.

"Mate you literally pouting right now."

Ugh. I hate everything.
