Chapter 1191

Dr. Lester quickly shot Cornelia up with a tranquilizer, figuring she should be right as rain once she woke up. Marcus held Cornelia in a tight grip, not saying a word, but everyone there could tell how much he cared for her.

Dr. Lester said. "Marc, Comelia will be fine. You can take her back to your room to rest

Marcus nodded, carrying Cornelia upstairs and gently laying her on the bed. He then turned around to fetch her pajamas and carefully cleaned her face with a damp towel After all that, he sat by her side, his gaze never leaving her for a moment.

He lifted her hand gave it a kiss, then said with love, "Cornelia, I can't be with you on your journey ahead. You'll have to go it alone!

Cornelia, deep in sleep, didn't hear him but still furrowed her brows.

Cornelia woke up at six in the morning. As she opened her eyes, she met a pair of deep-set eyes. Seeing Marcus looking a bit off, Comelia reached out to touch his face, asking. "You look unwell, what's up?"

"Really?" Marcus held her hand, pulling her into his embrace, "Maybe I'm just a bit peckish. I'll be fine after breakfast"

Cornelia let him hold her, no matter how long he wanted to, but he soon let go. "Let's get up, wash up and head to the office after breakfast."

Cornelia asked, "Are we going to the office for work handover? I forgot to ask last night, who's the new assistant you've chosen?"

"You'll find out soon Marcus replied

'Still playing guessing games with me huh? Cornelia asked

Marcus just chuckled and replied, "Uh-huh"

They brushed their teeth together, had breakfast, and went to the office

Like always, Austin parked the car outside the office And like always, Cornelia got out first, then opened the car door for Marcus. This time, she reached out to hold Marcus hand, wanting to make their relationship public, tired of hiding But Marcus dodged Comelia's hand, walking straight ahead.

Cornelia quickly followed him, wanting to ask why he didn't want to hold her hand, but he beat her to it, "We should keep work and personal matters separate"

Comelia accepted that

They took the executive elevator to the CEOs office. As they stepped out, they saw Yolanda and Tahlia waiting by the elevator,

Yolanda and Tahlia greeted them together, "Good morning, President Hartley! Good morning Ms. Stewart!

Cornelia smiled and replied, "Good morning!

Marcus nodded and told Yolanda. "You've been working with Tahlia for a while now, and you should know her capabilities. Today, you will hand over Tahlia to Ms. Stewart, let her guide her for the day"

Yolanda responded, "Yes, sir

Marcus then turned to Comelia. "Tahlia will be your successor."

Cornelia was speechless When she asked him who the new assistant was last night, he didn't answer Was it to surprise her? Tahlia got approval from both Yolanda and Marcus in such a short time, Cornelia was happy for her, but also a bit concerned.

Chapter 1192

There was this saying everyone had their own forte. Tahlia was a pro at finance, but had zero experience in secretanal work. So, making her the president's personal assistant might not be the smartest move. There was

gotta be a better fit within the president's secretary department Cornelia wasn't sure if Marcus had a soft spot for Tahlia because of her. But, since Marcus had made up his mind, he must have his reasons and she respected that

"Alright. I'll sort out the handover" Cornelia said

Marcus didn't say anything more and headed back to his office.

After Marcus left. Yolanda gave Cornelia an ambiguous smile, "Cornelia, are you quitting because you're planning to have a baby?"

Cornelia replied, "There are other people around. Don't talk nonsense."

Yolanda said, "We all know Tahlia is your sister, stop pretending"

Cornelia looked at Tahlia.

Tahlia playfully tugged Cornelia's arm, "I didn't spill the beans. Just because we have the same last name and people think we look alike, they figured it out"

Cornelia didn't blame Tahlia, she smiled and patted her head. "Yolanda, thank you for looking after Tahlia"

Yolanda said. "Tahlia is just as bright as you, she catches on quickly. Even though she has never been a secretary before. I believe she can handle being the president's personal assistant."

"Thanks for the vote of confidence" Cornelia said.

"Alright, get back to work, I won't bother you anymore. Remember to come back and visit. I'm curious to see how cute your baby with President Hartley will be" Yolanda said

Cornelia laughed and said, "Sure, I will"

Yolanda went back to her office, and Cornelia took Tahlia to the personal assistant's office

Tahlia was a bit worried, "Nelly, I don't know how I ended up being chosen as the president's personal assistant, I've only been here a few days, do you think I can handle this job?"

Cornelia said, "Tahlia, you need to have confidence. Trust in President Hartley and Yolandas judgment, if you weren't capable, they wouldn't have chosen you?"

Tahlia said nervously, "I suspect President Hartley chose me because of you."

"Regardless, now that they've chosen you, you need to do your job well
Cornelia said.

Tahlia understood. This was a good chance to prove herself, "I'll do my best, I won't let you down."

Cornelia nodded, "Okay, now I'm handing over my duties to you. After the handover, I might officially quit. If you don't understand anything in the future, you can still ask me."

Tahlia nodded, then said "Nelly, did you quit so suddenly because you're pregnant?"

Cornelia touched her stomach, she also hoped she could get pregnant, but who could be sure Not yet, but I believe it will happen soon,"

"You need to work harder then. I'm waiting to look after your baby. Tahlia laughed.

Cornelia chuckled Enough about personal matters, let's get on with the handover."

During the handover, Cornelia realized she had underestimated Tahlia Tahlia's understanding and grasp of the personal assistant's work far exceeded her expectations Without a doubt, she had a lot of potential

Cornelia spent an entire day handing over all her responsibilities to Tahlia, and officially completed the resignation procedures. This meant, from this moment on, she was no longer the personal assistant to the president of the Hartley Group, Marcus.

Her relationship with Marcus was no longer boss and employee, she was just Jeremy's wife.

Cornelia looked at the place where she had worked for over a year. The more she looked, the less she wanted to leave, until she heard Marcus' deep voice behind her 'Cornelia'

She turned around and saw Marcus standing at the door

Marcus reached out his hand, 'Let's go home'

All the reluctance disappeared at that moment. She walked towards him with a smile and put her hand in his "Alright, let's go home."

It was already after work hours, and only Marcus and Cornelia were left in the CEO's office. Marcus lifted his hand, gently brushing Cornelia's stray hair behind her ear, and asked, "Have you finished all the resignation procedures?"

Comelia nodded, "Yes. From now on, you're no longer my boss and won't get to boss me around anymore."

Marcus chuckled, "From now on, I'll listen to you."

"Alright. Let's go out for dinner tonight. I just made a pretty penny and I want to treat you! Cornelia said, draping her arm around his.

Marcus replied "Sounds good"

"What do you feel like eating?" Cornelia asked.

I'm not picky, we can eat whatever you want Marcus said.

"Are you sure you're not picky? Have you forgotten that you even choose your water carefully? Cornelia couldn't believe Marcus would say he was not picky

Marcus replied, "That was in the past. Now that I'm with you, I find everything delicious."

This made Cornelia feel incredibly sweet. She tiptoed to his eye level, “Me too. Everything tastes fantastic when I’m with you.”

Marcus wrapped his arms around Cornelia’s waist, lifting her up and pulling her closer, “Cornelia.”

Because they were so close, his breath lightly brushed past her nose, making her feel ticklish, very ambiguous. Cornelia thought he was about to kiss her and instinctively closed her eyes. But instead of his kiss, she heard his low laughter, “What on earth are you thinking about all day?”

Cornelia immediately opened her eyes and glared at him in annoyance. “Hmph, if you don’t want to kiss me, that’s fine, but don’t mock me. I don’t want to talk to you anymore.”

Unexpectedly, as soon as she finished her sentence, Marcus eager lips met hers. He was kissing her very seriously

Yes, seriously!

Soon, Cornelia was following his rhythm, lost in his kiss. When their kiss ended, Cornelia felt a bit dizzy Then she heard Marcus teasing her. “You’re such a fast learner at work, why haven’t you improved your kissing skills?”

Cornelia was speechless. This man was too much! He was actually mocking her for not being able to kiss!

Cornelia’s competitive nature made her unwilling to accept defeat, so she pounced on Marcus. She imitated his motions and kissed him back. After the kiss, she even lifted her head, “Who said I couldn’t kiss?”

“Well, you’re teachable.” Marcus rubbed his sore lip, his eyes twinkling behind his silver glasses.

“You sreaky man!” Cornelia said. She suddenly realized she had been provoked by him.

Marcus, laughing so hard his chest was shaking, pulled the furning Cornelia into his arms, ‘My Cornelia, you’re so adorable.”

Adorable enough that he wanted to gobble her up

Adorable enough that he wanted to protect her forever, making her worry-free.

Adorable enough that just looking at her made him feel incredibly happy.

Cornelia said, 'I'm done arguing with you. I'm hungry, let's go eat '

"Alright" Marcus replied.

Little did Marcus know, the restaurant Cornelia chose was the one she had booked for him and Mrs. Hartley for a date a year ago when they didn't know each other's identities and she was his assistant

He came back from the Capital at that time and went to pick up Cornelia from her rented apartment after he finished his business. But, he mistook Cornelia's good friend for Cornelia and thought she had betrayed him. In a fit of anger, he thought about divorce and naturally stopped coming to this restaurant.

Marcus didn't know why Cornelia arranged to eat here today, or if there was any special reason. Before he could voice this thought, Cornelia already got his drift.

"We failed to have our date a year ago It's not too late to make up for it today, right?" Comelia asked.

She was all smiles, clearly very happy

Marcus said, "It's not too late now"

Comelia said. "Well then, let's go. I've booked a room with a view. We can eat while enjoying the night view of Riverton"

"Alright Marcus said

Over the past year or so, Cornelia often helped couples book this restaurant. After going back and forth many times, she got to know the manager of this high-end restaurant. As soon as she walked in, the manager recognized her,

“Ms. Stewart, I reserved the best view box for you and your husband. I hope you enjoy your meal here.”

After saying that, the manager finally noticed Marcus, and his eyes lit up. “Ms. Stewart, your husband is so handsome.”

“Thanks for the compliment! Cornelia smiled and said.

“Please follow me!” The manager quickly led the way, taking a few steps before sneaking a glance back at Marcus. In the past, he always thought that Cornelia was so beautiful that it would be difficult to find someone who could match her. When he saw Cornelia’s husband today and saw them together, he felt that they were a perfect match.

This handsome man and beautiful woman were really pleasing to the eye, and wherever they went, they always attracted everyone’s attention. At a table by the window on the right side of the corridor, some diners recognized them, “Isn’t that Ms. Stewart and Mr. Hartley?”

“Huh? Really?”

“Yes! It really is them!”

“They’re holding hands, could it be?”

“Didn’t Mr Hartley love his wife very much? How could he be with Ms Stewart?”

“When a man and a woman spend a lot of time alone together, and the man is handsome and the woman is beautiful, it’s hard not to have some sparks, right?”

“They’re beautiful together, but it’s still an inappropriate relationship no matter how you look at it. This restaurant is not far from our company, they’re being too bold.”

Cornelia vaguely felt the gazes from the side. She turned her head and met their eyes. She recognized these two people, who were two directors from the finance department.

She smiled at them and held onto Marcus’ arm even tighter, “Honey, I see some acquaintances. Shall we go say hi?”

Those people recognized Marcus, but Marcus didn't recognize them, and every time they met, it was always others who took the initiative to greet Marcus. He rarely took the initiative to greet others. He didn't want to bother with those people, but Cornelia obviously wanted to make their relationship public, and how could he not accompany

her.

"Okay.

go with you" Marcus said.

"You're the best! Cornelia laughed.

The two colleagues noticed Cornelia and Marcus walking towards them and immediately lowered their heads, not daring to meet their eyes anymore.

Cornelia walked up to their table, "Gentlemen, are you also dining here?"

Now, they could no longer pretend not to know, and they could no longer pretend not to see. The two directors quickly stood up, "President Hartley, good evening! Ms. Stewart, good evening!"

Cornelia cut to the chase, "Are you curious about my relationship with President Hartley?"

So direct?

Now was it so public to be someone's mistress?

Did she think they wouldn't go back to the company and tell others?

Just as they were thinking about these things, they heard Marcus say. "After waiting for more than two years, you finally decided to reveal my identity to your colleagues?"

Chapter 1195

Was President Hartley hinting at something? Were President Hartley and Cornelia a couple? Had he been waiting for Cornelia to acknowledge his identity?

Cornelia smiled and said, "Let me introduce, President Hartley is my husband."

The two executives turned green with envy, "Oh, Ms. Stewart..."

It seemed a bit weird to call them that though, as they were the CEO and the CEO's wife of the company!

"You guys enjoy your meal, we've also booked a room here" Then, Cornelia left, hand in hand with Marcus

The executives watched their backs, both sighing, 'So the CEO's wife we've been curious about has been right under our noses all along'

Although Marcus said he was up for anything, Cornelia still thoughtfully arranged his favorite dishes, all of which were light in taste. However, Marcus only had a few bites before he stopped eating

"Not to your taste?' Cornelia asked.

"I'm going to use the restroom" Marcus said

"Okay" Cornelia said.

Marcus spent quite a while in the restroom, and by the time he came back, the food had already gone cold. Seeing his pale face, Cornelia asked, "Are you feeling okay?" Feeling really unwell, Marcus knew he couldn't hide it from Cornelia, nor did he intend to 'Yeah, I'm not feeling too good.'

Cornelia immediately put down her utensils, took out the medication Dr. Lester had given her at noon from her bag. Take this medicine first. Dr. Lester said it's specially made and it will help your body

Marcus put the pill into his mouth. It couldn't ease his pain, but he wanted Cornelia to rest easy, so he swallowed it. After taking it, he said, "This medicine works wonders, feel much better now."

Cornelia poured him a glass of water, 'Have some water.'

Marcus did as she told

He tried his best to adjust his condition, making himself appear less weak, quickly fooling Cornelia

She said 'Let's go home'

Marcus said, "I'm much better now. Didn't you say there's a new movie? Let's go see it"

Cornelia said, "There will be plenty of time to watch movies, you need to get better first."

"I want to go." Marcus insisted.

Because he knew, he didn't have much time left. If he didn't go this time, he might never have the chance to watch a movie with her.

"The movie theater is not a good environment, let's watch at home Cornelia too, was persistent

So they both compromised, deciding to go back to the Celestial Chateau to watch the movie.

Not long after the movie started, Marcus fell asleep with his head on Cornelia's shoulder.

Looking at him, Cornelia quietly took out her cell phone and texted Dr. Lester, "Dr. Lester, are you sure Marc is okay?"

Dr. Lester replied, "Who said he's okay? This problem has been bothering him for years, he needs slow recuperation, and he can't be working all the time."

"Is it really just his old illness acting up?" Cornelia asked.

Dr. Lester replied, "You want him to have more problems?"

Marcus had been sleeping next to Cornelia for the duration of the film. After the movie ended, Cornelia woke him up.

Marcus smiled at her, "Go get some rest."

Cornelia responded, "Okay"

Chapter 1196

That night, Cornelia had a rough time sleeping. The moment she shut her eyes, she was off to dreamland and her dreams were all over the place.

When she woke up in the morning, she found Marcus had already gone to work. And when Marcus got busy days just flew by

One day, while Cornelia was at home doodling comics, she heard a car pulling up outside. She rushed out to greet them and was surprised to find not only Marcus, but also Tahlia it had been a while since she last saw Tahlia and she was pretty stoked, "Tahlia, you're here."

Tahlia trotted over to Cornelia, "Hey Nelly, good afternoon."

Cornelia asked, "How's work going lately?"

"Goes well" Tahlia replied.

Π

Marcus didn't even glance at Cornelia. He walked straight into the house, "Show me the plan again."

"Sure Tahlia let go of Cornelia's hand Nelly I've gotta work with President Hartley first, we can catch up later."

"Alright, go ahead Cornelia smiled. What would you like to drink? I'll get it ready"

"I'm good with anything" Tahlia followed Marcus into the study.

Cornelia didn't continue her drawing instead, she went to the kitchen and prepared two drinks, one coffee, Marcus' favorite, and one passion fruit lemonade, Tahlia's favorite The coffee was freshly ground by Cornelia and tailored to Marcus' taste. The passion fruit lemonade was freshly squeezed by her. She knew Tahlia liked it sweet, so she added some honey

Once everything was ready. Cornelia personally delivered the drinks to the study

Even though they were married. Cornelia knew to respect personal space, so she didn't just walk in. Instead, she knocked on the door and only entered when Marcus said she could

I brought you guys some drinks Cornelia said

But Marcus and Tahlia seemed to not notice Cornelia. Marcus was looking at some documents, and Tahlia was helping him flip through, their faces so close they could feel each other's breath

Cornelia remembered when she and Marcus were still unaware of each other's identity, they never got this close at work. For some reason, Cornelia didn't really like this. She pushed the coffee next to Marcus. Your coffee

Marcus nodded, "Hmm"

Tahlia looked up at Cornelia. Thanks, Nelly"

Then, she went back to working with Mu

Cornelia wanted to say something but she didn't want to disturb their work, so she quietly left

Downstairs, Patricia noticed Cornelia's mood looking upstairs, Nelly what's wrong?

"Nothing" Cornelia sat back at the bar, opened her tablet, picked up her stylus, and continued her drawing. Patricia, President Hartley is still busy, could you prepare some fruits and snacks for them?"

"Sure." Patricia responded.

Cornelia immersed herself in her drawing

After a while. Patricia, who had just delivered the fruits and snacks, approached Cornelia, "Nelly"

"Hmm?" Cornelia didn't look up, just replied

Patricia hesitated, then asked. "Aren't you worried?"

Cornelia looked up “Worried about what?”

Patricia looked upstairs, “Aren’t you worried that Jeremy might be taken by another woman?”

Cornelia laughed. “I’m not worried.”

“Are you really not worried?” Patricia asked again

“I trust him, he won’t fall for other women.” Cornelia replied.

Patricia said “No matter how good Jeremy is, he’s still a man. Men, you know, they can be fickle. Be careful, don’t regret it when he’s taken by someone else”

“If he can be so easily taken by someone else, then he’s not the Jeremy I know. What’s the point of wanting him then?” Cornelia said

Chapter 1197

“You and Marc have a thing I don’t believe you wouldn’t be upset if he was taken away by someone else. Being big hearted is a good thing, but sometimes you can’t be too tolerant, otherwise, you’re the one who gets hurt in the end” Patricia said that, then went to the kitchen to prepare some drinks and took them upstairs.

Cornelia wasn’t worried about Marcus being taken away by other women, but Patricia was. Granny Luisa asked Patricia to take good care of the couple, Marcus and Cornelia, especially Cornelia

Patricia didn’t just owe it to Granny Luisa, she was also very fond of Cornelia. She couldn’t let anyone ruin Cornelia’s marriage to Marcus, nor would she let Cornelia be hurt. After Patricia left, Cornelia continued to draw her comics. Before long. Patricia was back by her side, “Nelly!”

Cornelia asked, “Patricia, what’s up?”

Patricia hesitated. ‘Nelly, I know you don’t like me meddling, but there are some things I need to say.’

“What things?’ Cornelia asked

Patricia said, “Ms. Reese became your own sister, now she goes by Tahlia, but it doesn’t change the fact that she once wanted to marry Marc. Now she has even taken your position and is around Marc every day What if...”

Cornelia just chuckled, Patricia, let bygones be bygones. Tahlia didn’t willingly do those things. You don’t need to worry, she no longer has such feelings for Marc.”

“People are unpredictable, saying no on the surface, who knows what they’re thinking deep down” Patricia said.

“I trust Marc, and I trust Tahlia One is my husband, the other is my blood sister. How could they possibly betray me?” Cornelia said.

Patricia wanted to say something more, but when she brought the drinks in, she saw Tahlia virtually glued to Marcus Before, Marcus would have avoided this, but this time

he didn’t. Not only did he not avoid her, he even got closer to her. They looked very close, more like a couple than boss and employee

Knowing Patricia meant well, Cornelia said, “Patricia, it’s getting late, why don’t you go prepare dinner. They’re probably going to finish around six or seven, and I plan to have Tahlia stay for dinner’

Although Patricia wanted to get Tahlia out of there immediately, she didn’t want to make Cornelia uncomfortable, so she obediently went to the kitchen.

After Patricia left, Cornelia was alone in the living room. She picked up her pen again and focused on her drawing. Not a few minutes into her drawing, a voice message came through on her phone. Cornelia answered, only to hear Zack say, “Nelly, good news! Really good news!

“What’s the good news? Spit it out, no cliffhangers.” Cornelia said.

Zack said, “Forver Entertainment not only bought our TV rights, but also our animation rights. The total for both is a seven-figure sum.”

“How much exactly? Cornelia couldn’t help but ask

One million was a seven figure sum, so was nine hundred and ninety-nine thousand, but the gap between them was quite big.

Abigail held up five fingers in front of the camera, saying. “This number.”

“Five million” Comelia was surprised

Chapter 1198

Zack nodded, “Yeah Other companies offered more, but we didn’t trust their production quality, so we went with Forver Entertainment”

Five million for the rights may not be a big deal to some big shots, but for newcomers like Cornelia, it was a hefty amount. Her last work. The Story of Nesiona, only fetched a six-figure sum for the rights. This time, it was a ridiculous jump.

“Really” Five million? You’re not pulling my leg right?’ Cornelia asked.

“When have we ever messed around with you like that? Abigail replied.

They had grown up together, and while they liked to goof off, they knew when to be serious and not joke around.

Comelia fell silent taking time to digest this massive number. She knew that her status had been elevated thanks to Hannah Hannah’s filming of Cornelia’s The Story of Nesiona had significantly boosted Cornelia’s income

Now, she had once again expressed her love for Comelia’s new work on social media and showed interest in being involved, making Cornelia’s work skyrocket in value

Suddenly having this huge income, Comelia was thrilled but also a bit worried. She was afraid that someone would buy her work and not even be able to recover the cost in

the end

“Did you really sign the contract?” Cornelia asked.

“They’ve already transferred the down payment to us. How could it be fake? Abigail understood what Cornelia was worried about, “Don’t overthink it. Forver Entertainment isn’t stupid. Their marketing department has done a thorough assessment before buying our work. If your work isn’t good, no matter how much Hannah promotes it, Forver Entertainment wouldn’t buy it

Zack added, “Honestly, signing a contract at this stage is a no-brainer for Forver Entertainment. Next month, when *The Story of Nesiona* starts airing with Hannah’s popularity, Forver Entertainment’s production quality, and the great plot, the show will at least be popular, if not a huge hit. Once the show becomes popular, your value as the original author will skyrocket, and the value of your work will certainly rise with it. By then, the bundled price of your film and animation rights will definitely be much higher than it is now, and you might feel like I sold it for too cheap

Cornelia said, “Would I? We’ve been steadily growing our studio for years, from just the three of us to now over twenty. We just want to continue growing slowly, not make it big overnight”

Zack agreed, “Indeed, we’ve always been steady. We’re not in a rush to make quick money. One step at a time, that’s the way to go

Abigail chimed in, “Today’s a good day, you two, don’t get sidetracked. Now, let’s think about how to spend this money”

Zack asked. Remember our website crash a few days ago?”

Cornelia nodded, “I’ve contacted the best engineers in Riverton. Their annual salary is high, and I’m still considering it.”

Zack said, “Now we have enough funds. We should invest some of it to hire them. We need to ensure the quality of our website, we can’t let it crash again.”

“Agreed” Cornelia nodded

“We must invest this money. But I’m more curious about how much each of us will get” Abigail started crunching numbers, “Cornelia, Zack, hear me out.”

“Alright, go ahead Seeing Abigail so excited, Cornelia couldn’t help but get excited too

“Is that all you care about?’ Zack teased

Abigail exclaimed, “Five million! Do you know what that means? That’s a number I didn’t even dare to dream about before, and now it’s in our account! How can I not be excited?”

Zack was actually pretty pumped too, just trying to keep his cool. They were about to do something big couldn’t lose their heads over money.

Abigail went on, “I did the math, after the five million hits our account, after taxes, website maintenance, staff salaries and all that jazz, the three of us should be able to split around a million”.

Zack facepalmed. “A million, sounds like just a number, but how many people can’t make that much in their whole life.”

Cornelia had been hanging around Marcus for so long, business of the Hartley Group were always counted in billions. She thought she’d gone numb to money. But when she heard she could make a million, she couldn’t contain her excitement, because this was money they had earned with their own sweat and tears.

Abigail kept talking. “When we get the money. I plan to pay off some of my mortgage. Our mortgage interest is so high, we’ve been paying for so long and barely touched the principal, it hurts just thinking about it

Zack said, “That’s my plan too. Nelly what about you?”

Cornelia replied. I plan to pay off some of my mortgage as well

Cornelia wasn’t exactly strapped for cash. Not only she had assets from Granny Luisa, but also from Grandpa Augustine. She had no clue how to

manage these assets, so she had a financial advisor handle it for her. The money earned was all deposited in a special account, and she didn't spend a dime. She wanted to prove her worth with her own hard work.

Abigail said, 'Nelly you're living in the Celestial Chateau now, hardly come back to Lakeview Estates, and it's hard for us to see you. Can you come back and stay tonight?'

Cornelia hadn't seen Zack and Abigail for quite a while, she missed them, but she turned down the invitation to return to Lakeview Estates tonight.

President Hartley has been away from home for a few days, he's finally back today. I want to stay with him" Cornelia said.

"You always put your man before your friends Abigail and Zack said in unison.

Cornelia laughed, "With a hunk like President Hartley around, who wouldn't fall head over heels?*

Abigail chuckled, "Nelly, so is President Hartley any good?"

"Of course he is! Even better than those guys in your novels who can go seven or eight rounds in one night Cornelia joked again.

"Cough" Suddenly, Tahlia's voice came from behind Cornelia jumped, she quickly hung up the phone and turned around, not only seeing Tahlia, but also Marcus

Marcus eyes fell on Cornelia, his gaze dark and complex

Cornelia was sure Marcus had heard what she just said, she blushed and started to stammer. You guys are done working?

Tahlia replied, "Uh huh, Nelly, I'll go back first

"It's dinner time, eat before you leave Cornelia said.

Marcus added, "Have Patricia arrange a room for you. Stay here tonight."

They spoke almost simultaneously

Cornelia was surprised that Marcus would invite Tahlia to stay over, she immediately turned to look at him. Marcus always disliked outsiders entering his territory, only making exceptions for his personal assistants

He did so with Cornelia in the past, and now with Tahlia

Tahlia looked at Cornelia, a bit embarrassed. "I think I'd better go back.*

Cornelia smiled, "We have plenty of rooms here. If Marc says you can stay, then just stay Besides, it's convenient for you two to communicate since you work together"

Tahlia stole a glance at Marcus, wanted to say something, but closed her mouth.

Cornelia stood up, I'm going to check on Patricia in the kitchen, see how dinner's coming along."

Tahlia immediately chimed in, "I'll go with you."

But Marcus interjected, "You stay here."

Comelia and Tahlia halted

Cornelia thought Marcus was calling her but when she turned around, she realized he was talking to Tahlia A weird feeling arose in Cornelia's heart, making her uncomfortable. But she tried hard to suppress it

Cornelia pretended to be relaxed while watching Marcus and Tahlia discussing something Tahlia glanced at Cornelia, then went back to Marcus' side. "President Hartley.

Marcus said, 'Give Ben a call, the plan must be confirmed tonight"

"Alright Tahlia said

Cornelia realized they were just talking about work; she secretly blamed herself for thinking there was something going on between Marcus and Tahlia

Cornelia went to the kitchen and asked, "Patricia, is dinner ready?"

"All set." Patricia said.

"Great, Ill call them for dinner Cornelia said.

Cornelia was at the kitchen door again, Tahlia, dinner's ready Get Marc to come eat."

"Alright, we'll be right there Tahlia replied

Cornelia returned to the kitchen to prepare dinner with Patricia. Soon, several dishes were served

Marcus and Tahlia also arrived. As usual, Marcus pulled out the chair where Cornelia usually sat, but he let Tahlia sit down.

Cornelia looked at Marcus, but his attention was not on her. After being away for so many days, Marcus finally came home today, but he ignored Cornelia all the time. Everí the most patient person couldn't stand this kind of neglect, let alone Cornelia who wasn't a patient person. But considering others were present, Cornelia held back her emotions and didn't blow up at Marcus.

Patricia bluntly said, "Miss Tahlia, the seat you're sitting in is usually Nellys."

Tahlia was taken aback and immediately stood up, I'm sorry"

"It's just a seat, sit down. We're all family here, no need to be all uptight. Do whatever makes you comfortable Marcus said.

Cornelia served Tahlia some dishes, 'Patricia's cooking is really good. Give it a try

Tahlia said, "Thank you!"

Cornelia smiled, then said, "There's a room upstairs. I used to stay there when I came over. Patricia cleans it regularly How about you stay there for the night?"

Tahlia said, "I'll go with your suggestion."

Patricia seemed somewhat annoyed. How could Cornelia be so naive? Inviting someone for dinner was enough, why did she have to invite her to stay overnight?

Patricia couldn't convince Cornelia, so she could only hope Marcus would get Tahlia to leave on her own, not letting another woman spend the night here. To Patricia's surprise, he also said, "She doesn't need to stay in the room you used to stay in. Let Patricia arrange a new room for her, with all new supplies."

Patricia was frustrated, "Marc."

Didn't he realize what he was saying?
