

## Chapter 6 How Dare You Seduce My Husband?

It took Vanessa Shell half an hour to get to Yardley Corporation.

The security guard stopped her from entering the premise and in the end, it was Benedict Yardley who solved the problem. She was finally allowed in.

"Turn right and walk until the end. Scott's office is there. I still have things to do so I can't walk you there. Can you find your way there?" Benedict asked.

Upon hearing this, Vanessa nodded her head and said, "Sure. Thank you, Benedict."

"You're welcome," he said.

Watching Benedict's back, Vanessa couldn't help but shake her head, thinking, "They have the same parents, but one is a gentleman whereas the other is so annoying!" Vanessa took a deep breath and

walked towards Scott's office.

Vanessa finally reached his office. She reached out her hand and was about to knock on the door. All of a sudden, the door opened and someone was got pushed out of the office.

Vanessa couldn't dodge in time. The person hit her and she fell on the ground.

That person fell on the ground as well. "Ah! Scott, how can you do this to me!"

It was only then that Vanessa realised the person who hit her just now was a woman with heavy makeup and messy clothes. She got up and scolded Scott.

Scott, who was sitting in his wheelchair, stared at her and said, "Get out."

"You!" Anger welled up within the woman's chest. She said, "Scott, who do you think you are? Do you think I'll please you if you're not the Second Young Master of the Yardley family? You're nothing more than a disabled person. How dare you reject me?"

Scott was consumed by anger.

The woman wanted to scold Scott again but Vanessa suddenly stood up and said, "Weren't you eager to seduce Scott even though he's disabled? How dare you look down on him after getting rejected?"

The woman pointed her finger at Vanessa and said, "Who are you? How dare you interrupt me!"

Vanessa smiled and slapped her.

The sound of the slap echoed through the corridor.

The woman covered her face with her hand in disbelief. "How dare you slap me!" she said.

Slap!

Vanessa slapped her again. Although Vanessa did not have any makeup on, she had a domineering demeanour. She looked at the woman and said, "I'm Scott's wife. How dare you seduce me?" my husband in front of

Despite that, the woman was still pointing her finger at Vanessa. Vanessa said, "Are you not going to get out now? Do you want me to call the security guard to strip you off and throw you onto the road?" After saying that, she took out her mobile phone and pretended to call the security guard.

"You..." The woman covered her swollen face with her hand and said unwillingly before she left, "Sooner or later, you will kneel before me and beg me."

Vanessa raised her hand again and pretended to slap her. The woman was so scared that she ran away immediately.

Scott was staring at Vanessa. She was no longer the weak and obedient woman. He looked at her curiously and even had some feelings...

Scott became indifferent again when Vanessa looked at him. He said, "I've underestimated you."

Vanessa shrugged and said, "Although we had a deal, we are still husband and wife. As your wife, how can I allow another woman to seduce and slander my husband?"

Upon hearing this, Scott was stunned. Then, he sneered, "Haha! I guess having been married twice has made you well-experienced. You can switch to calling another man your husband so quickly!"

Vanessa frowned when she heard him. Thinking of the old master's task, Vanessa stepped behind Scott. She held his wheelchair and said, "Well, I'm here at your office so shouldn't you keep your promise too?"

Vanessa pushed him into his office before he could say anything. Then, she asked, "What do you need me to do?"

Scott didn't answer her. Instead, he showed his domineering demeanour again and he sneered. "It seems like you're not really afraid of me."

Vanessa pursed her lips and said, "I don't want to be your assistant either, but Grandpa forced me."

"Are you using him to threaten me?" Scott said angrily.

"Why do you have to be like this? I'm also a victim. Isn't it better if we tolerate each other?" Vanessa said.

Then, she noticed that the office was a little messy. There were some documents on the ground, most probably caused by the woman who just left.

Thinking of this, she squatted down to pick up the documents. After tidying them, she put them on the table.

Scott looked at her with a gloomy look in his eyes. She was just another materialistic woman that was sent by the old master to keep an eye on him, and Scott nearly had a crush on her because of what she did just now. Well, these were probably all part of her plan to get close to him.

He had to admit that this woman was cleverer than the other women before this.

Sam Sorrento came in at this moment.

"Young Master Yardley, the meeting starts in five minutes," he said. Sam was shocked when he saw Vanessa. He didn't expect her to really come here.

Scott wanted Sam to wheel him away but all of a sudden, an idea crossed his mind. He said, "You want to be my assistant? Well, here's your chance."
