Chapter 1491: The Overlord is Shocked

BAM!

The bedroom of the overlord was pushed open.

“What happened to you, my Military Advisor? You have been following me around for many years. This is my very first time seeing you losing your composure!”

“I have miscalculated the whole thing! Chen Zhufeng managed to save the hostage! And... He even killed Tie Juzhe! The entire Tie Family is in a mess right now!”

“What?! How’s that even possible?! Are you sure that he has saved the hostage?!”

Taken aback, the overlord rushed to the entrance of his bedroom.

“I’m sure about it... Including Tie Juzhe, there are dozens of casualties... his father came to my place earlier to knock at my door!”

“It’s just that everything happened too damn fast! You are the one who told me that he will not be able to locate the hostage! But... he’s now managed to rescue the hostage within two hours!”

“This... This is my fault... Chen Zhufeng is no ordinary person... I have underestimated him...”

“You are not the only one! I have underestimated him as well! Initially, I wanted to use this test to check him out entirely! Now, we’ve all ended up knowing nothing about him and causing the Tie Family to lose a dozen people! We have completely lost to him in this round!”

“Luckily, there are two more tests for him! This time, I will definitely pour out all my effort to plan the whole thing properly! I swear that I will help you unveil all his trump cards the next time!”

“It seems like we will have to wait for next time! I still need to meet up with Chen Zhufeng later. I need you to calm Tie Family down first. I don’t want to listen to their complaints!”

“Yes! I know what to do now...”

Sima Liang then nodded his head and left the place.

.....

At the Chamber of Commerce’s headquarters.

All the core family members of Tie Family were gathered there. The atmosphere inside the meeting room was extremely tense. All of them were filled with anger and sorrow. Even the heir of Tie Family, Tie Hongji could only hide behind his father in a moment like this.

“Big brother! You have to bring justice to Juzhe’s death!” shouted a middle-aged man with white hair.

This person was none other than the father of Tie Juzhe, Tue Nulang! He was also the big brother that he mentioned just now, family head of Tie Family and the CEO of Chamber of Commerce, Tie Jingtao!

“Did you manage to talk to Sima, the Military Advisor just now? What did he say?”

“I did see him just now, but you should know his temper better than anyone else! All he asked me to do just now was to wait! After that, he didn’t even get back to me!”

“We can’t afford to waste time anymore! Chen Zhufeng will take the hostage and escape this place if we continue to wait here without doing anything! By that time, how am I going to avenge my son?!”

“Second brother, please calm down! The Military Advisor normally knows what to do in a situation like this! Let’s just wait for him! I’m pretty sure he has something planned right now!”

“I don’t care whether he’s coming here or not! I must kill Chen Zhufeng!”

“Second Master Tie, don’t you worry! I will definitely grant you the opportunity to kill Chen Zhufeng!”

Suddenly, Sima Liang appeared at the doorstep.

“You are finally here!”

Everyone from Tie Family regained their spirits and stood up from their chairs. Tie Jingtao and Tie Nulang rushed to him immediately to ask some questions.

“How do you plan to deal with this matter? Are you going to lock down the entire town to look for Chen Zhufeng?”

“That’s not necessary! Chen Zhufeng will not leave Divine Cloud Planet! If I’m not mistaken, he should be going to meet the overlord early in the morning later!”

“How’s that even possible?! That son of a bitch just killed my son! He knows that I will never let him off the hook no matter what! I don’t think he will be bold enough to stay here! I have to bring someone to go and capture him before it’s too late to do so!”

“Second Master Tie, please calm down! Chen Zhufeng will not leave this place because he has not achieved his real goal!”

“His real goal? Are you trying to say that he’s not here for the state banquet?! You are right! Though he is still young, he has a huge ambition! He wanted to take the entire South Town Star Temple into his possession! By doing so, he will be able to replace the entire Lu Family at Silver Plume City!”

“Replace Lu Family?! That’s simply impossible! There’s no way that the overlord will say yes to such a ridiculous request! Not even an idiot would allow him to take control of South Town Star Temple!”

“Second Master Tie, please watch what you say! Actually, the overlord has agreed with Chen Zhufeng’s request! However, he’s asking him to complete three quests before letting him take possession of South Town Star Temple!”

“What?! I can’t believe that the overlord said yes to his request!”

“So, does that mean rescuing the lady was the first quest given to Chen Zhufeng?!”

“Master Tie, you are right about that! That was the first quest! Considering that he’s managed to save the hostage, he had passed the first test! Try to put yourself into his shoes. Would you leave this place if you were him?”

“I understand now! Chen Zhufeng will definitely do whatever it takes to complete the other two quests if he wants to take control of South Town Star Temple! That would mean he will never leave Divine Cloud Planet for now!”

“I don’t care about all that! I want to avenge my son! I want to kill him personally!” shouted Tie Nulang.

“Second Master Tie! Don’t you worry! You will have your chance! Chen Zhufeng will get this second quest when he meets up with the overlord later! By that time, I will try my best to include you in the second quest!” said Sima Liang.

“Does that mean I can kill him?! I have no time to play games with him!”

“Don’t worry! You can go all out to kill him! The overlord wants to know all of Chen Xiaobei’s trump cards if he’s forced into a life or death situation! He does not deserve to live if he fails to survive the fight!”

“Alright! Deal!”

Tie Nulang licked his lips gleefully and the look on his face turned ugly.

.....

Somewhere in the sky. Chen Xiaobei was on the Somersault Cloud.

“I have just killed a dozen people and I was awarded with 150,000 merit points! I now have 10,160,000 merit points... more than enough to save Diao Chan! The only problem right now is... when is Shen Gongpao going to get addicted to the game? I’m bored now... Let me head to the group and check it out!”

Chapter 1492: Idiot Shen Gongpao

Shen Gongpao: Shit! Shit! Shit! In addition to this round, I’ve already beaten all of you 32 times! ☹

Shen Gongpao: Tell me, how many days has it been? You guys made no progress at all! You guys are deities but even kids from primary school are better at this game than you are! Aren’t you ashamed of yourself?”

Tang Sanzang: But the primary school kids back on earth play very well.

Shen Gongpao: Hah! You are one to talk! You were the one leading them! Are you guys the Calabash Brothers? Are you all going to rescue grandpa? Going in like that, even kids from a kindergarten can beat you!

Zhu Bajie: God Shen, you cannot judge a whole group of people based on just a few! I have never done that!

Shen Gongpao: Yes! You've never done that! Your base was about to be torn down but you still hid in the grass along the river! What the hell were you doing? Waiting to see an elf take a bath?"

Third Prince: Zhu Bajie! I've already sent a message for you to join but you didn't come! See, now, we're getting scolded.

Shen Gongpao: Some people! If you don't know how to play Guan Yu, then you shouldn't play at all! Are you here to perform some circus acts, or are you trying to revisit the time you spent as a horse? 😊

Third Prince: 😊

Shen Gongpao: And you, Sha Wujing! I'm already at level three but you've only just left the base! Do you really need that long to buy a piece of equipment? Are you bargaining with the shopkeeper?

Curtain Rolling General: Don't just talk about us! If you dare, then talk about Monkey King!

Shen Gongpao: I was just about to do that! Monkey King! My Little Luban was killed by a group of enemies and you are still farming in the jungle? Why didn't you come and help me?! What a traitor!

Monkey King: Hmph! I don't want to help you! So? If you're not happy with that, then let's fight!

Shen Gongpao: I... What terrible luck I have to be matched with a group of noobs as my teammates!

Li Bai: God Shen, don't be angry! Come join me!

Shen Gongpao: You? Go away! It's not like I've never played with you before! You didn't even kill anyone in a 40-minute game! Are you a Buddhist? You don't kill?

Little Qiao: God Shen, come and join me then. My skills have improved!

Shen Gongpao: You?! Explain this to me then, why did you buy six pairs of boots?

Little Qiao: That's very simple! Which girl doesn't like to have as many shoes as possible? 😊

Shen Gongpao: Oh, please don't try to pull me into your team! I want to die! ☹️

Little Qiao: Is being alive not good? 😊

Shen Gongpao: I beg you guys... please put in some effort! Chen Xiaobei's gaming level is actually pretty normal. As long as everyone works hard to practice, we can beat him! Please don't do anything stupid anymore!

"Pfffttt! Wahahaha!" When Chen Xiaobei read the chat, he burst into laughter. "Man, this is hilarious! Is Sheng Gongpao getting obsessed with the game? Looking at his current condition, he probably has no time to care about the merit points ledger! Let me find someone from the group to test him!"

Chen Xiaobei then went to the Little Apple Playground group and looked for Grandma Rong, asking her to pretend to inquire about the merit points.

Very quickly, Grandma Rong replied Chen Xiaobei's message – the ledger was still with Shen Gongpao.

"It looks like even though Shen Gongpao was addicted to the game, he was still able to find time to manage the merit points ledger! Prying himself away from the ledger would have to wait until the day of

the competition! That'd be good too! Saving Diao Chan while Shen Gongpao is busy with the competition! There's a high chance that could work! Mm, that's it then. Let Shen Gongpao focus on practicing for the game for now, and then make a move on the day of the competition.

Once he had everything planned out, Chen Xiaobei was no longer worried about this problem.

He took a look at the time, and it was almost day. Chen Xiaobei took the Somersault Cloud and flew right to the Divine Cloud's Capital City.

In the Northern Wilderness's temple.

Chen Xiaobei arrived at the break of dawn, and the Overlord was already expecting him.

In the grand hall, there was the Overlord, all alone and seated on high, looking down. "You did very well! Much better than I thought!"

"You're flatter me, my lord! Please tell me the second test!"

Chen Xiaobei could not be bothered with the formalities and jumped straight to the point.

"There's no hurry!" The Overlord said. "I want to know – how did you find out the location of the hostage? Except for myself and the core members of the Tie family, no one else knows about it!"

Chen Xiaobei shrugged. "If I told you that I planted a spy in the Tie Family, would you believe it?"

"How is that possible?" The Overlord gasped. "Didn't you come to Northern Wilderness Starfield alone? Who would help you with such a dangerous task?"

"Since you asked, I will just tell you the truth!" Chen Xiaobei said. "Actually, I have a friend from a higher-ranking starfield! He was the one who sent people to Northern Wilderness Starfield to help me!"

"You know someone from a higher-ranking starfield? I don't believe it!" The Overlord shook his head.

"Think about Atlantis, and then think about the disappearing Demonic Beasts!" Chen Xiaobei said.

"Without help from my friend from a higher starfield, I surely couldn't have done it, not alone!"

"Is... Is that true?" The Overlord asked suspiciously. "Since you already have a friend from a higher-ranking starfield, then why do you want to take over South Town Star Temple? What is your intention? Are you hoping to attack Northern Wilderness by working with outsiders?"

"My lord, you worry too much!" Chen Xiaobei said. "I want to takeover the South Town Star Temple for my friends and family's sake! I want to move them away from earth! On top of that, you've already put a curse on me. If I betray you, I will die a terrible death, and my friends and family will suffer the same fate!"

"That's true." The Overlord nodded.

After all, the Overlord himself was the one who had laid the curse. If Chen Xiaobei even displayed the slightest hint of disloyalty, he would be wiped out immediately.

As long as he had Chen Xiaobei's life in his hand, and even if Chen Xiaobei had friends from higher-ranking starfields, the Northern Wilderness Overlord would have nothing to fear.

With that assurance, the Overlord nodded. "Having your fiends help you is considered a good thing! After all, the one person won't be able to manage the entire South Town Star Temple alone. You must have your own confidantes and forces!"

"Can you tell me the next test now?" Chen Xiaobei asked.

"Of course!" The Overlord nodded. "AltaIntis was ruined, and the biggest loss was not the city, but the portal in the center of the city! The second test I'm giving you is to go and fix the portal!"

Red Envelope Group of the Three Realms

Chapter 1493: Gorgeous Sifu

"So, you know that the portal is the only way to travel from earth to Northern Wilderness Starfield! That's why one has to first fix the portal for South Town Star Temple to regain its purpose! Otherwise, it will be pointless for you to take possession of it!"

"Alright. I understand now. I'm willing to take this quest! How much are you going to give me if I do this job? How many people are going to assist me? This is a really huge project! I don't think I can do it alone!"

"I need you to do it alone! I will not give you any Spiritual Stones or assign anyone to help you! And you have a time limit to complete this quest! You must complete this quest within a month! Failing to do so will result in failing the quest!"

"What? No Spiritual Stones and no help?! And there is a one month time limit? My lord, are you kidding me? I will need more than a month to travel to earth even with the fastest spaceship, let alone fixing the portal with such a short amount of time!"

"I'm not kidding you! This is supposed to be a challenging quest! If I provide you with resources and manpower and set no time limit, I can ask anyone to do it! So, why should I ask you?"

With a frown on his face, Chen Xiaobei realized that the overlord was not a person that was easy to deal with. Clearly, this quest was harder than asking him to rescue Linghu Shuang. Apart from that, there was actually a hidden risk in this quest.

"My lord, how are you planning to deal with Lu Gang and the rest of the South Town Star Temple members?"

"You know that the portal is not functioning right now! Lu Gang and the rest of them are forced to stay on earth. There's nothing I can do about them!"

"So, are you trying to ask me to fix the portal and deal with Lu Gang and the gang after that?"

"The fight is unavoidable, and you know it! Lu Gang hates you a lot! He will not agree to it if he knows that you are going to replace him!"

"My lord, are you trying to mess with me or test me? You know that a huge fight will break out the moment I meet up with Lu Gang!"

"Well, what's the point for me to give you power if you can't deal with matters like this?! You will fall from the throne before you know it!"

After hearing the overlord's reason, Chen Xiaobei realized that it actually made sense to him. One should know that there were a lot of factions that tried to take over South Town Star Temple. He would need to expect trouble if he took over South Town Star Temple. However, if Chen Xiaobei managed to kill Lu Gang and the rest of them, he would be able to put fear into other factions and thus, no one would dare to mess with him!

"Alright! I will do my best then! I really hope that I can finish this quest!"

"Great! I know that you are one worthy man! Time is of the essence! I'm not going to keep you here! I hope that I can hear good news after one month!"

"Hold on! I have one more thing that I want to ask. It's about the elite hunting competition! Though an unexpected event happened, I think that I'm worthy to be first! I would like to ask for the reward from you!"

"Are you talking about Golden Purple Echeveria Lola? I will hand it over to you personally if you manage to complete this quest one month later! It will be pointless for me to give it to you right now!"

In other words, Chen Xiaobei had to survive this quest no matter what. With him dead, the Golden Purple Echeveria Lola would be pointless to him.

"Fine! One month it is then! We will talk about it one month later!"

After that, Chen Xiaobei nodded his head and left the place. Luckily, Wenren Muyue still could live for another five months. Asking her to wait for another month should not be a problem. The moment Chen Xiaobei left the temple, he quickly contacted Linghu Shuang.

"Shuang'er, the last time, you told me that your Sifu is some master at creating dimensions, right? Is that real?"

"Of course it is real! My Sifu is the best in this line of profession!"

"Great! This is really great! When will your Sifu arrive here?"

Though Chen Xiaobei knew how to deploy a formation, he had no idea how to create or fix a dimension. Without the blueprint, Chen Xiaobei would have to rely on others to fix the portal. With the help of Linghu Shuang's Sifu, he might just be able to fix the portal within a month.

"She will arrive here later in the afternoon! What is going on?"

"Something big is going on! Where are you? I will come to you right now!"

...

At the south side of Divine Cloud's main city.

Inside an ordinary house.

Chen Xiaobei managed to locate Linghu Shuang. Together, they waited for the arrival of Linghu Shuang's Sifu.

Knock...

Knock...

Knock...

Suddenly, a series of knocking sounds could be heard from outside. Immediately, Linghu Shuang opened the door in a joyful manner.

“Big brother Chen! Let me introduce this person to you! She’s my Sifu! The number one Dimension Master from Green Hill Planet, Bai Linsu!”

With a smile on her face, she held Bai Linsu’s hand and walked towards Chen Xiaobei. The moment he saw the woman, he was completely taken aback. To his surprise, she was just a girl that was in her twenties. She had a fair skin and perfectly crafted facial features. She was pretty enough to make every man to fall for her. Other than her gorgeous looks, her body was extremely voluptuous as well. The curves on her were simply unreal! Clearly, she was the perfect woman that was way more attractive than Linghu Shuang! Any normal man in this universe would not be able to resist her!

Of course, Chen Xiaobei’s state of mind had already gotten way better than all the other ordinary men! The thing that attracted Chen Xiaobei was not her looks and body but her temperament! She seemed extremely similar to someone that he knew.

[Red Envelope Group of the Three Realms](#)

Chapter 1494: Heading to Green Hill Planet

Demonic Fox!

The aura exuded by this lady called Bai Linsu was extremely similar with Demonic Fox. Well, they were not exactly the same but they were at least 70% similar to each other. This special temperament could only be concluded with one word – seductiveness! Just by looking at her face, Chen Xiaobei was drawn to her like a magnet and her curvy body was like water that could soothe one’s heart. The temperament that came right out from her was tender and sultry. This woman right here was the epitome of a seductress.

Cough...

Cough...

Looking at Chen Xiaobei staring at her mindlessly, Bai Linsu was left in an awkward situation. Immediately, she let out two coughs to wake Chen Xiaobei up.

“Big brother Chen! You are such a pervert! You are not allowed to stare at my Sifu in such a manner!”

Linghu Shuang used her fist to thump Chen Xiaobei’s chest.

“Ugh... I’m really sorry... I don’t mean to stare at you in such rude manner... It’s just you look extremely similar to one of my friends... I was lost in my thoughts earlier... My apologies...”

“Psst! Your reasoning is pretty damn outdated!” said Linghu Shuang.

“I’m not trying to make any excuses here! I’m telling the truth! Look at my sincere eyes!” replied Chen Xiaobei with his eyes wide open.

“Save it! You should look into the mirror just now! You look exactly like those perverts who stared at my Sifu!”

“Shuang’er! Watch your manners! Mr. Chen has saved me three times! You should know him better now! Do you really think you can stand here and talk to me if he is a real pervert?”

“About this... Fine... I’m at fault here...”

Clearly, Linghu Shuang was feeling jealous over her Sifu. She would never doubt Chen Xiaobei’s character. Seeing that Chjen Xiaobei had his gaze fixed on her Sifu, she could not help but feel slightly uncomfortable. On the other hand, it seemed Bai Linsu did not mind the admiration at all.

“The first time was at Silver Plume! The second time was at Overgrown Forest! And the third time happened last night! Mr. Chen, you have saved Shuang’er three times now! I’m wondering how should I repay your kindness!”

“Senior Bai, you are most welcome! Shuang’er and I have gone through a lot together! It’s only right for me to help her when she’s in need of my help! You don’t have to repay me! I will not ask for anything in return!”

“Alright! With the things that you just said, Shuang’er and I will pour out our hearts to help you when you go through difficult times!”

Though Bai Linsu was soft and gentle, there was actually a sense of a heroic presence from the way she talked.

“Actually, I do have something that needs your help right now! I’m asked to repair the portal that connects Earth and the Northern Wilderness Starfield! I have heard that you are an expert at solving dimensional problems! Please help me!”

“It’s not difficult to repair a portal! Provide me with enough resources, and I can fix it within ten days! The real problem is, how should we travel to earth within a month?”

“I have a way to return to earth instantaneously!”

“How is that even possible?”

“According to what I know, there’s only one way to travel from earth to here, and that is through the portal at South Town Star Temple. Without the portal, we will have to travel to earth with a spaceship!”

“Please believe in me. To me, travelling to earth is as easy as eating a piece of cake! Just tell me what you need! I will go and prepare now!”

“I still find it really hard to believe! But, we can actually prepare everything that I’ll need to fix the portal beforehand! The portal at South Town Star Temple can be considered as a high-tier portal! The Talisman Rune within the Formation Core has to be crafted with Spiritual-tier jadestone! Other than this, the next most important thing is called a Spatial Spiritual Crystal!”

“No problem! I have 500 million low-grade Spiritual Stones with me right now! Just give me a list and I will go prepare everything that you need right now!”

“500 million low-grade Spiritual Stones?”

Taken aback, she could not help but begin to reevaluate Chen Xiaobei. From the very beginning, she knew that Chen Xiaobei was no ordinary person. She had never expected that Chen Xiaobei was loaded with such a ridiculous amount of Spiritual Stones.

All Chen Xiaobei did was nod his head and respond to her shock with a smile. He had just acquired these 500 million Spiritual Stones from Tie Family, and now he could finally put some good use to it.

“It’s not hard to purchase Spiritual-tier jadestones. The Spatial Spiritual Crystal is the one item that is extremely hard to come by! This material is really rare! It can be used to build a portal and create your own private dimension! Many intergalactic factions and elites desire to get their hands on this item! That is why once a Spatial Spiritual Crystal becomes available in the market, you can expect a huge fight! Hence, it is almost impossible to use Spiritual Stones to purchase it!”

Upon hearing that, Chen Xiaobei could not help but frown. Initially, he thought Bai Linsu could help him to solve all his problems. He had never expected that the Spatial Spiritual Crystal would become a wall that stopped him from advancing.

“Senior Bai! This matter is really important to me! If I fail to repair this portal within a month, everything that I’ve done would be wasted! My friend would also die because she would not get the medicine that she needs in time!”

“There is very high demand for Spatial Spiritual Crystals in the market! We have to try to figure out another way to acquire it!”

“Senior Bai, please enlighten me! I will do whatever it takes to acquire it!”

Not only did this second test that the overlord gave to Chen Xiaobei have something to do with his position at Northern Wilderness Starfield, but it was also connected to the life and death of Wenren Muyue. Rendered with no other option, he had to do whatever it took to achieve his goal.

“Alright! If that’s the case, please follow me to Green Hill Planet! We will talk more about it when we travel there!”

“Green Hill... Senior Bai... I meant to ask you about this just now... Green Hill Planet is the place where the legendary Divine Fox stays, right?”

“You are right! Let’s not waste any time! We should depart right now!”

After that, Bai Linsu turned around and walked to the exit. Chen Xiaobei was left in shock again when Bai Linsu turned around. He saw three snow-white fluffy tails swinging in front of him.

“You are such a pervert! How dare you stare at my Sifu’s butt?! I’m going to tell her right now!” said Lingu Shuang while using her fist to thump at Chen Xiaobei’s chest again.

“Ah? No... This is a misunderstanding! A misunderstanding!”

[Red Envelope Group of the Three Realms](#)

Chapter 1495: A Heist

“Now, the Green Hill Planet is inhabited by the descendants of the Fox Tribe. It is completely different from the ancient Green Hill Planet. Just like what you saw on me, I was born with fox tails. Hence, I would be considered as half a beast and half a human! When the Fox Tribe was first born, they were in full fox form. After a long period of training and cultivation, almost all of them could transform themselves into humans! To put it in simple terms, my foxtail is just like the silver hairband on the people from Silver Plume Planet! We are born with it! The real Demonic Fox only existed during the ancient eras but not now.”

Chen Xiaobei then nodded his head after hearing out Bai Linsu. All these sounded like fictional stories to him. During the previous three calamities, Chanism and Jieism had a huge war among themselves. The war had caused the void to shatter! With that being said, the earthly realm would just be a small piece of the void, just like Penglai Island that Chen Xiaobei been to. It could not be compared to the Divine Penglai Island during the ancient times! Another example would be Mount Kunlun! It was no longer a Divine Zone where deities stayed during the ancient era!

Of course, Chen Xiaobei was not thinking about the origin of Green Hill Planet. He was thinking about whether the reincarnated Da Ji would be born at this ancient planet related to the Demonic Fox. From what he knew right now, he figured out that it was impossible that Bai Linsu had been reincarnated from his Little Fox. As for Linghu Shuang, she was not even a descendant of the Demonic Fox Tribe.

With a new goal in mind, Chen Xiaobei wanted to look for his Little Fox at Green Hill Planet. Though Chen Xiaobei did not have much information about it, he could always ask Lady Nuwo. He would be able to kill two birds with one stone if Little Fox was at Green Hill Planet.

As for now, he needed to focus on another matter first.

“Senior Bai, you haven’t told me on how I should get my hands on the Spatial Spiritual Crystal when we travel to Green Hill Planet.”

“My enemy has it! I will steal it for you since you need it urgently!” said Bai Linsu.

“Enemy? Are you talking about Yi Family? Don’t do it! Yi Family treats you as their worst enemy! You will be killed if you make a small mistake!”

“Is it really that dangerous? I can see that Senior Bai is really powerful! Are you trying to say that her enemies are more powerful than her?”

“Of course! Green Hill Starfield is at a higher tier than the Northern Wilderness Starfield! At Northern Wilderness Starfield, my Sifu is as powerful as the overlord! However, she is not most powerful elite in Green Hill Starfield, and the Yi Family is the most powerful family over there! Their family head is also way more powerful than my Sifu!” said Linghu Shuang.

“Shuang’er! Stop it! Mr. Chen had once risked his life to save you! That’s why I’m willing to risk my life to get the Spatial Spiritual Jade for him! Besides, don’t you know your Sifu? Would I allow myself to die that easily?!” replied Bai Linsu.

“You are right about that...”

Linghu Shuang nodded her head and she looked less worried now.

“May I know Senior Bai’s other identities?” asked Chen Xiaobei in a curious manner.

“Sifu, am I allowed to say it?”

Linghu Shuang turned around to look at Bai Linsu, and she saw that she nodded her head.

“Other than being known as the Dimension Master, my Sifu is also known as the greatest thief at Green Hill Starfield!”

“Greatest thief? Damn! I’m pretty sure that Senior Bai can get her hands on the Spatial Spiritual Crystal with ease huh!” said Chen Xiaobei.

“No doubt, my Sifu is really good at it but it’s not as simple as you think it is! The only time my Sifu failed to steal an item was at Yi Family’s place! That’s why Yi Family treats her as their sworn enemy!” said Linghu Shuang.

“Do you think she will fail this time? If that’s the case, I think I should go with Senior Bai!”

“You are just going to make the whole thing worse! You have no idea how dangerous the Yi Family is! You will not do her any good if you go with my Sifu. She would also have to divide her attention to protect you!”

“Is there something wrong with you today? You are normally kind and obedient! Why are you treating me in such a bad manner today?!”

“That’s because you are a pervert! You have ill intentions towards my Sifu!”

“I have told you that’s a misunderstanding! Could it be that you are in love with me? Why are you getting jealous over your Sifu?”

“I... I didn’t... Please don’t spur out such nonsense! I’m going to beat you up for that!”

“Alright! Shuang’er, stop messing around! Mr. Chen, I’m used to acting alone! More unexpected things might happen if you come along with me! So, I need you and Shuang’er to stay put here! Yi Family is extremely hard to deal with! I need to put my full attention on them!”

The things that Bai Linsu had just said was pretty much similar to what Linghu Shuang said. She assumed that Chen Xiaobei was not going to be much help if he went with her. Regarding this decision, Chen Xiaobei did not say much about it. All he needed to do was to put on his Nightstalker Outfit and he would be able to go with Bai Linsu. The best outcome would be that Bai Linsu managed to steal the item without any problems. If something bad did happen to her, Chen Xiaobei would be able to help her in time as well.

After that, Bai Linsu led the three of them to a portal on Divine Cloud Planet to one of the planets that was located in the Northern Wilderness Starfield. From that planet, they went through another portal to travel to Green Hill Starfield. Just like what Linghu Shuang had said earlier, Green Hill was definitely better than Northern Wilderness. The Spiritual Qi in the air had a better quality to it. The planet in question was Reborn Purple Planet. It was only a random planet that was located outside of Green Hill Starfield! Chen Xiaobei could not help but notice that the people on the streets were equipped with extremely powerful cultivation.

The descendants of Green Hill's Demonic Fox Tribe were usually at Ethereal cultivation! Even the kids there were already at True Nirvana cultivation! The higher the tier of a planet, the more powerful the civilians were! Imagine how powerful the nobles were if the normal people were this powerful! The family head of Yi Family was as powerful as Bai Linsu; equivalent to the overlord of the entire Northern Wilderness!

Chen Xiaobei had a hunch that the operation would not be as smooth as he hoped! And, it would be extremely difficult to locate his Little Fox as well. Though these two matters were extremely hard to accomplish, Chen Xiaobei was determined to complete these two tasks no matter what.

The darkness of night arrived.

Chen Xiaobei and Linghu Shuang were asked to stay at a hotel. It was at this time that Bai Linsu took the opportunity to sneak into Yi Family.

Chapter 1496: Inescapable Trap

"This is my first time in Green Hill Starfield, so I want to go take a look around. Wait here like a good girl okay?"

Just as Bai Linsu left, Chen Xiaobei made an excuse to leave Linghu Shuang's line of sight.

"Why should I wait here? I want to go with you!" Linghu Shuang pouted.

"You can't go! What if your Sifu comes back and she can't find us? She would be very worried then!" Chen Xiaobei reasoned.

"Pfft! Don't think I'm that easily fooled!" Linghu Shuang said. "You're sneaking out to follow my Sifu!"

"You're overthinking again. With your Sifu's ability, do you think I could catch up with her?" Chen Xiaobei retorted.

"Tha... That's true." Linghu Shuang nodded. "My Sifu is more skilful than you are. She'll know if you're trailing her!"

"Now that's more like it! You wait here, and guard your position. I'm just going to walk around and I'll be back real soon!" Chen Xiaobei shot her a smile before running out of the room.

"Wait a minute!" Linghu Shuang frowned. "You really don't want to bring me along that badly, huh? It's not like I'll eat you!"

Once he got outside, Chen Xiaobei went up to the hotel's rooftop with his fastest speed, changed into the Nightstalker Outfit and disappeared into the skies on the Somersault Cloud.

Like a predatory bird, Chen Xiaobei scanned the streets from high above and soon spotted Bai Linsu.

Instead of going after her, he remained in the clouds and scouted from above.

After all, Bai Linsu was given the title of the best thief. She must have some tricks up her sleeve and should be able to complete this task effortlessly. Naturally, Chen Xiaobei would not have to get involved.

If there were any unexpected incidents however, Chen Xiaobei would come to protect Bai Linsu.

Due to the fact that she had trespassed into the Yin Family's home before, this time should be like riding a bicycle.

Her cultivation was high and she was very experienced, so getting into the Yin family's home should be easier than Chen Xiaobei imagined it to be.

Bai Linsu slipped unnoticed into the Lin family's forbidden tower.

Chen Xiaobei could not tell how many traps, and how much danger lay within this tower.

But in a short three minutes later, Bai Linsu walked out of the tower, an enchanting victorious smile could be seen adorned on her angelic face.

"Was it successful? That was so smooth!" Chen Xiaobei had observed the whole thing from above.

From the expression on Bai Linsu's face, and the fact that she was leaving using the same route she came from, it was pretty obvious that she had already gotten the Spatial Spiritual Crystal and was ready to escape the Yins' house.

But, it was then when Chen Xiaobei's face suddenly fell. "Crap! It's not that easy!"

From above, he saw that the lights all over the peaceful Yin mansion suddenly lit up, and hundreds of people were streaming from the doors to surround Bai Linsu.

"Damn it!" On the ground, Bai Linsu also noticed the incoming danger. She then channeled her Ethereal force, stomped her feet on the ground and launched herself 10 meters into the air.

Bai Linsu's Ethereal Force was released, gathering itself to form stairs in mid-air. She ran up the stairs to escape as fast as she could.

It would also seem that the Yin family came prepared.

"Bai Linsu! I've been waiting for you for a damn long time! Since you're here already, don't even think of leaving here alive!" barked an angry voice. The master of the Yin Family whose cultivation was similar to Bai Linsu leapt into the air and landed before Bai Linsu.

As the master of the household had said, he had been waiting for a very long time. The Ethereal Force on his body had already reached its peak, having gathered enough strength to explode at this very moment!

Whoosh!

The heavens trembled, and Fire Attribute Ethereal Force combusted behind the master of the Yin Family, and transformed into a red three-tailed giant fox.

The rest of the Yin family members were standing 10 meters away, all covered by an invisible force, and all 100 people were unable to move!

That's right! This was the force of nature that the master of the house was wielding!

That invisible force was 10 times more frightening than that of an Ethereal Force Elite! With a single bout of willpower, he could suppress 10,000 people easily.

“How scary!” Chen Xiaobei who was watching from afar could feel that force as well.

Luckily, he was far enough, or else, he would have been thrown to the ground.

Zing! Zing!

The three-tailed fox did not hesitate even for a moment, reaching out a pair of sharp claws towards Bai Linsu.

It moved so quickly that it formed two bright red lights, striking with a matchless might, as if it was about to tear the heavens and shred the ground!

“Crap!” Bai Linsu shrieked. Her opponents came prepared and caught her completely off guard. Even though their cultivation was pretty much the same, she was still at a disadvantage.

Swoosh!

In a moment’s panic, Bai Linsu raised her hands, and her pure-white Snow Attribute Ethereal Force formed itself into a large shield before her which took the blow of the meteorite-like pair of claws.

Rumble! Rumble!

The moment the claws hit the shield, an explosion of energy waves thundered, tearing the thick mass of clouds, sending the people on the ground falling back. It also sent the whole place into a violent quake.

“My goodness! That was really scary!” Chen Xiaobei’s heart hammered inside his chest.

This force was so much more powerful than that of the Overgrown Forest Beast Kings.

It reminded Chen Xiaobei of how weak he still was. Even if Little Fox really was in Green Hill Starfield, he may not be able to find her; not with his current strength!

Strength! He had to find a way to raise his strength as quickly as possible! In this world where the strong ruled, it would be extremely difficult to advance without strength!

“Get down!” The master of the Yin Family shouted.

It seemed like something unexpected had just happened.

Boom!

Apparently, the attack that Bai Linsu had blocked off was just one of the three-tailed fox’s claws.

The second one was following close behind, and struck the crisp white giant shield like a raging comet.

“Arrrrgh!” Bai Linsu had put up the defense in a panic, and was completely unprepared. For her to be able to take the first blow was not easy.

This second attack shattered the giant shield and slammed her to the ground.

Buzz...

Simultaneously, there was a sudden explosion of red light. The few hundred people of the Yin household also came prepared, and were forming a special formation.

These people were all at Celestial Cultivation and above. In fact, there were quite a few Ethereal Cultivation elites among them as well.

Everyone exerted their individual force as one, weaved a large red net through the formation's Special Ability, and trapped Bai Linsu inside so that she was unable to move.

"Bai Linsu! You didn't expect this, eh?" The master of the Yin Family descended from the sky, a smirk on his face. "I let you escape the last time because I was not prepared. This time, I've set a trap for you! You won't be able to escape even if you had wings!"

"How did you know that I was going to come today?"

Bai Linsu wanted to know.

[Red Envelope Group of the Three Realms](#)

Chapter 1497: Divine Flame Lonewolf Formation

"Somehow, you've managed to escape the last time but I've predicted that you would come back here! I have someone to keep an eye on the portal 24/7! The moment you stepped into the main city of Reborn Purple Planet, I have started to plot against you!" said the head of Yi Family.

"Did you really think that these people could stop me?!"

"The thing that traps you is called Divine Flame Lonewolf Formation! I have spent a great deal of effort and resources to acquire it hundreds of years ago! No beings that are below the Earth God can escape from this trap!"

"What?! This is the legendary Divine Flame Lonewolf Formation?! During the war between 35 tribes, they were all killing each to get their hands on the blueprints for this formation! How did you acquire it?!"

"Heh! Things are unpredictable! After the war, most of them are dead! I was the last one standing! Give it a try if you don't believe me! I will let you walk free if you can break this formation! I will not hold you responsible for the things that you stole from me!"

"This..."

Of course, Bai Linsu wanted to try to break this formation! However, the moment she channeled Ethereal Force to her body, there was an invisible force stopping her from doing so! If she forced herself to do it, the invisible force would go against her Ethereal Force and her Qi Flow would become chaotic! If she still refused to stop channeling Ethereal Force, her body would suffer from an implosion!

"Now, you know how powerful this formation is, right? Not only can this formation be used to trap an elite like you, but it can also be used to do some killing! No matter what, you will not be able to escape from this place anymore! Hahaha..."

"Shit..."

Knowing that her attempt was futile, Bai Linsu had lost all hope. Unless, of course, there was an Earth God willing to come to her rescue!

Swoosh!

Suddenly, a sword that was formed by Ethereal Force appeared on the family head's hand. And he strolled towards Bai Linsu slowly.

"You... What are you doing?"

Immediately, Bai Linsu's face became pale and was filled with despair.

"Don't worry! I'll never let a pretty woman like you suffer! I will not kill you! Hehe... But! I will destroy your cultivation and make you my sex slave! Hahaha..."

"You... Kill me! I will not allow you to take advantage of me!"

With her teeth gritted, Bai Linsu would rather die than let the Yi Family take advantage of her.

"Hehe... Do you really think that you still have the right to choose whether to live or die? Letting you die is too easy for you! I want you to live like you are dying! Hahaha..."

While talking, Yi Family aimed his sword at Bai Linsu's Dantian.

"I'm doomed..."

She knew that once her Dantian was destroyed, those people could do whatever they wanted to her.

BAM!

Suddenly, the sound of an explosion could be heard from the tower at the forbidden ground of Yi Family. It was as if a missile had just landed on it. They could see the tower crumbling to pieces.

"What is going on?!"

Bewildered, the family head fixed his gaze on the tower. He had stopped his attack on Bai Linsu.

"The tower is destroyed!! What... What the hell is going on? Did Bai Linsu come with someone?!"

"No way! There are so many valuable items in the tower! Did the person take everything with him?!"

"I don't think so! There are a lot of traps in the tower! I don't think an ordinary person could disarm all those traps!"

"Are you an idiot? Do you really think that the person that came with Bai Linsu is ordinary?!"

Hundreds of Yi Family members were left in shock and worry.

"Stay here and watch her! I'm going there personally to check it out!" said the family head.

Knowing that Bai Linsu was trapped in his formation, he rushed to the tower without worrying that she might run away.

At the tower.

“Who are you?! Stop moving!”

The family head could see a person running away from the tower at lightning speed. Just like what everyone said just now, the family head was worried that the person might have taken all the valuable items. Without any second thoughts, he went after the person.

“Our family head has just gone after the person personally! I don’t think her accomplice will be able to escape from here!”

“I have heard that Bai Linsu has a disciple with beautiful long legs like her! I wonder if our family head will let us take turns to have fun with her!”

“Hehe! That would be the best! Women with long legs are extremely seductive!”

“It would be heavenly if they wore stockings! Hehehe...”

With a perverted smile on their faces, all of them assumed that the thief would not be able to escape from the pursuit of their family head.

“Could that really be Shuang’er? Please don’t let it be her... She can never outrun him... I pray that it’s not her!”

After hearing the crowd’s discussion, Bai Linsu felt extremely worried.

“Senior Bai, don’t worry! That’s not Shuang’er!”

Suddenly, a calmed voice could be heard from afar.

“Chen... Mr. Chen... Why are you here?!” exclaimed Bai Linsu.

She could see that he was holding his Nightstalker Outfit and mask. Clearly, he had stayed invisible to avoid any detection. In his other hand, he was holding a mirror with an evil spirit’s carving.

“If that’s not Shuang’er, who is the family head chasing then?”

“That old man is chasing a blob of fur!” said Chen Xiaobei while laughing.

Upon hearing that, Bai Linsu thought that Chen Xiaobei was speaking metaphorically. The truth was that the Family Head was actually chasing the Prosperous Monkey Fur! Due to a limitation of time, Chen Xiaobei did not enter the tower. So, he had to bomb the tower from the outside. When he saw the arrival of the family head, he used one of his Prosperous Monkey Fur to transform into a black shadow to draw him far from here.

Things got simpler when the family head was not here.

“Son of a bitch! Who are you?! Why are you talking to Bai Linsu? Do we all look like invisible people to you?!” shouted all the Yi Family members.

“I’m not trying to offend anyone here! But, you guys are just garbage to me!” said Chen Xiaobei while shrugging his shoulder.

Chapter 1498: Breaking the Formation

“Are you blind or just plain stupid? We have Bai Linsu trapped, and you’re still hoping that she could fight us?”

“I think this kid is a retard! He doesn’t know how powerful the Divine Flame Lonewolf Formation is!”

“Ignorant people are the most fearless! Our master will come back soon, and he would kill this idiot one hundred times over!”

All the hundreds of Lu family members began to mock Chen Xiaobei, throwing insinuating glances his way, as if he was a demented retard.

“Mr. Chen, forget about me! This Divine Flame Lonewolf Formation cannot be broken! You better leave before that old fart comes back or it’ll be too late!” Bai Linsu shouted; her voice stricken with fear.

Bai Linsu shared the Yin family’s opinion of the situation.

This was a legendary-level formation. Even Bai Linsu herself was unable to break it, much less Chen Xiaobei.

But the crowd’s mocking was met with a chuckle from Chen Xiaobei. “This formation really, is not too bad. Unfortunately, this is completely useless to me!”

“What?” The hundreds of Yin family members went berserk.

“Motherf*cker! Even at death’s door, you’re still putting on an act! How dare you call our Yin family’s Divine Flame Lonewolf Formation useless! You might just as well have said that you are an all powerful deity!”

“This piece of shit is so full of himself! If it was not for us needing to maintain the formation, I would have killed him with one slap!”

“Hmph! Why would you need a whole palm to kill an insect? One finger would be enough!”

“Everyone, don’t panic! Once the master is back here, this twat will be dead!”

Hearing the Yin Family’s threats, Bai Linsu began to panic. “Mr. Chen! Run! I’m not kidding! If I don’t make it out, please take good care of my Shuang’er...”

“I can’t take care of that girl! So, you’d better take care of her yourself!” Chen Xiaobei said.

“Mr. Chen! How is it that you still don’t understand the situation?! If you don’t leave now, we’ll both die here together! Wh... What is that?!”

Before Bai Linsu could continue, she stopped mid-sentence, stunned.

“I’m not pointing fingers at anyone but any formation used to trap people that is below a demigod level is rubbish to me!” Chen Xiaobei raised the mirror with the carvings of evil spirits above his head and shouted, “Asura unleashed! Heaven be my support! Fire and water will be kept out! Thousand spells are deemed useless!”

That’s right! Chen Xiaobei was holding the special Spiritual Instrument, Asura Divine Mirror that Acheron had given to him!

And what this Spiritual Instrument could do was break all formations that was used to trap people who were below demigod level!

That meant that seals, formations, and traps that had not yet reached demigod level could be broken using the Asura Divine Mirror!

The Lu Family's Divine Flame Lonewolf Formation might have been strong but it could be destroyed by an Earth God with ease.

This formation was obviously not at the level of a demigod, and did not pose as a problem at all for Chen Xiaobei or the Asura Divine Mirror!

Zoom!

As soon as Chen Xiaobei finished speaking, a bright bloody red ring of light rippled from the mirror like undulating waves, spreading itself around and cloaking Bai Linsu.

Bai Linsu suddenly let out an excited shriek, "My god! The Divine Flame Lonewolf Formation is really broken! That's amazing! Mr. Chen, you're really incredible!"

"Senior Bai, didn't you just say that I didn't understand the situation?" Chen Xiaobei teased.

"I..." Bai Linsu was red from the neck up. "Sorry, I've underestimated you. Your foundation is much thicker and deeper than I expected!"

"Don't need to praise me, Senior Bai. I just happened to be able to break the Divine Flame Lonewolf Formation. As for these rotten eggs, I'll still need our Senior Bai to take care of them!"

"Don't worry! I am very fair! Whatever the Yin Family did to me, I will pay them back a hundred times!" Bai Linsu said, her entire Qi Field suddenly became frigid.

A hundred times more was fair? Chen Xiaobei raised his brow.

He had not expected such a charming beauty of a fox to have such a ferocious side.

Without the master of the house here, the rest of people were going to suffer!

Chen Xiaobei sniggered, grieving silently on their behalf for a mere three seconds.

"H... how could this be? The pride of our family, the Divine Flame Lonewolf Formation has been broken just like that? Could that kid really be a demigod?"

The hundreds of Lu Family members could not believe what they were seeing.

They did not foresee a kid in his twenties being able to break the Divine Flame Lonewolf Formation! And he even did it almost instantaneously!

The Yins began to wonder if this was all just a bad dream!

A few minutes ago, they had been laughing and mocking Chen Xiaobei, calling him names and boasting about how they could kill him with only a finger.

Right now, they were all confused and stumped, as if everything they had known to be true was slapped right out of their heads.

And an even scarier thing was about to befall them.

Unbounded, Bai Linsu was like a liberated tiger. This was the signal of a disaster to these people.

“Thousand frosts! Spiritual Snake’s Hundred Strikes!” Bai Linsu shouted, and a surge of Snow Attribute Ethereal Force was released. Sprinkles of snowflakes in the sky gathered and formed a scarf like a Spiritual Snake.

Swoosh! Swoosh!

Exactly 100 pieces of scarfs shot out like snakes coming out of a pit at a blinding speed.

Not only were they fast, but these 100 scarfs were also like snakes with extremely sharp vision, charging towards the 100 people’s Dantian!

The master of the Yin Family wanted to destroy Bai Linsu’s Dantian. So now, Bai Linsu was going destroy the Dantian’s of 100 members of the Yin Family.

This beautiful lady really was not one to be messed with!

Phissh!

Phissh!

Phissh!

Except for the master, no one was Bai Linsu’s equal in the Yin Family. None of them were able to fight back at all.

One hundred Spiritual Snakes speared through 100 people’s Dantian. Each one hit the target in the exact place.

At once, screams of pain filled the place, and the people who were hit fell to the ground, twisting and writhing in pain, with blood pouring from deep within, and they were shaking violently! Those who were not hit ran for their lives!

Among these hundreds of people, the lowest cultivation among them was Celestial Cultivaiton, and many among them were Ethereal Cultivation elites! In the end however, they were utterly and completely defeated by Bai Linsu! One strike per person!

This woman was really powerful!

In reality, if she wanted to, she could have wiped them all out!

But she did not. She did not allow her anger to cross her own moral compass. She would not commit a massacre.

“What happened? What happened here?”

By the time the master of the Yin Family was alerted of the situation here, Bai Linsu had already escaped with Chen Xiaobei, out of the Yin's house.

Chapter 1499: Pursuit from Yi Family

Immediately, the crowd told their family head what had just happened.

"How is that even possible... How did the person destroy my Divine Fire Lonewolf Formation?!"

Feeling frustrated, the family head felt like he'd just ate a pile of poop. This old man had initially thought that he could kill Bai Linsu this time. To his surprise, Chen Xiaobei came to her rescue while he was not around. Not only had he managed to destroy his formation, he even went as far as to destroy everyone's cultivation! The most important thing was that the Spatial Spiritual Crystal was gone as well. With that being said, Yi Family had suffered a great deal of loss during this fight.

"I swear that I will capture the bastard that destroyed my formation! I want to know how the hell did he manage to do it! And Bai Linsu... that bitch! I will make her return my Spatial Spiritual Crystal! It's a must!"

"But... But... They are gone..."

"I'm pretty sure they have unfinished business here! For those who can still fight, follow me! We have to surround the hotel that they are staying as soon as possible!"

With people tailing them the moment they stepped foot on Violet Reborn Planet, the family head knew exactly which hotel they were at right now.

....

"Shit... This is getting really complicated! Big brother Chen just went to Yi Family on his own... What if he is captured by Yi Family...? He is going to drag Sifu into his problems! I was so stupid just now! I should have stopped him!" said Linghu Shuang.

"Who are you going to stop?"

Suddenly, Chen Xiaobei and Bai Linsu opened the door and walked into the room.

"You! Stop! Where have you gone? Do you know how worried I was?"

Immediately, Linghu Shuang glared at Chen Xiaobei, ran to her Sifu, and held her arm.

"Sifu! You are back here safely! I know that you are the best! The idiots from Yi Family will never be able to capture you!"

"I'm not as powerful as you thought I am, and Yi Family was about to lock me up forever!"

"How did that happen?! Did big brother Chen bring you down?"

"Bring me down? No..."

"If it wasn't for Mr. Chen, I don't think I would see you guys anymore!"

“What? Big brother Chen rescued you?! Sifu, are you kidding me? Though he is slightly more powerful than me, I don’t think he is powerful enough to provide you with such an incredible aid!”

“I’m kidding here! We have underestimated Mr. Chen! This time, I owe him my life!”

Upon hearing that, Linghu Shaung’s eyes were wide open and her mouth had turned into an ‘O’ shape. One should know that when Bai Linsu mentioned that she owed someone her life, it was a really big deal.

“Big brother Chen!”

Linghu Shuang calmed herself down and ran to Chen Xiaobei with both of her eyes staring at him.

“Can you not stare at me this way? I’m really pressured by it!”

“Thank you!”

Linghu Shuang then bowed to Chen Xiaobei.

“I’m really grateful that you have rescued my Sifu! From today onwards, you are my hero! I will always support you no matter what you say or do! I will never talk bad behind you anymore, and I will never make you mad again as well!” said Linghu Shuang in a grateful manner.

“Alright... That’s enough. I feel like you are going to propose to me!” replied Chen Xiaobei with a smile.

“Pst! No one is going to propose to you! I’m a girl and I still value myself a lot!”

“Crap! People from Yi Family are here! We are surrounded!” said Bai Linsu after she took a look outside the window.

“What should we do now? Once they manage to trap you, big brother Chen and I are not powerful enough to defeat all of them! By that time, we would definitely bring you down with us!” exclaimed Linghu Shuang.

“Run! All we can do right now is to run! I will buy you guys some time! Use this opportunity to run to the portal and leave this place! After that, we will figure a way to meet up again!”

“Senior Bai, don’t make such rash decision!”

Immediately, Chen Xiaobei held on to Bai Linsu’s hand.

“Mr. Chen! Let me go! They will be here soon!”

“Senior Bai! Listen to me! They have figured out our next step! If I’m not mistaken, they have already deployed someone to guard the portal! There’s no way that they are going to let us through!”

“This... What should we do now?”

She knew that Chen Xiaobei was telling the truth.

“We will all be dead if we don’t run now!” said Linghu Shuang.

The moment they had Bai Linsu trapped, the rest of them would work together to attack Chen Xiaobei and Linghu Shuang. In such critical moments, they could even work together with other factions on this

planet to defeat them. No matter what, Linghu Shuang felt like this was a fight that they could never win.

“Don’t worry! I can get all of us out from this place unharmed!” said Chen Xiaobei.

“How is that even possible?! They have already surrounded us!”

Bai Linsu and Linghu Shuang found it really hard to believe the things that Chen Xiaobei just said.

“Trust me! I can do it! But... I have a small request... If anyone asks about us, you can only tell them that we are normal friends!”

“Why? We have gone through so many things together!” asked Linghu Shuang.

“It’s hard for me to explain right now! Just remember my words! If not, trouble will come looking for the two of you!” said Chen Xiaobei in a frustrated manner.

“But...”

Linghu Shuang wanted to ask more about it.

“Alright! Shuang’er! Let’s just do whatever Mr. Chen asks us to do! The most important thing right now is to escape from this place! Mr. Chen, we will leave our lives to you!” said Bai Linsu.

“Don’t worry! The two of you will be fine!”

With a smile on his face, Chen Xiaobei took out something from this Infinite Space Ring.

Chapter 1500: Where Did This Lady Come From?

“What is that? A bracelet? This thing can save us? No way.” Bai Linsu and Linghu Shuang stared at the thing in Chen Xiaobei’s hand, a thing which looked like a metal bracelet.

“Don’t worry! If I say it can, then it can!” Chen Xiaobei gathered his thoughts, and the silver bracelet’s Special Ability was activated.

A grey projection appeared before them. It looked like a blank canvas; there was nothing special about it.

“Mr. Chen, what in the world is this thing?” Bai Linsu was very curious.

“This is a small Spatial Spiritual Instrument. Once we step through this screen, we’ll arrive at a very safe place!” Chen Xiaobei explained.

The thing that Chen Xiaobei had taken out was obviously, a Returning Bracelet.

He had a total of two bracelets. One was with Jing Fei, connecting Earth and the secret space for shipping commodities. The other was with Chen Xiaobei, and was marked in the secret space.

That meant that Chen Xiaobei could return to the marked point from anywhere. Using it to escape capture by the Yin Family was the best option.

However, one of the features of the Returning Bracelet was that once a person got to the marked location from another location, said person can return to that similar location the next time it was used.

The Returning Bracelet in Chen Xiaobei's hand originally linked earth to the secret space, but after using it this time, it would then connect Violet Reborn Planet to the secret space.

If Chen Xiaobei wished to visit Violet Reborn Planet again the next time, he did not have to use the portal anymore. He could just use the Returning Bracelet to come back to this very room.

Of course, the prerequisite was that Chen Xiaobei did not change the location that was linked to the secret space in the first place!

"We cannot delay anymore! Come with me now!" Chen Xiaobei called out to them before he first stepped into the grey screen.

Bai Linsu and Linghu Shuang had no choice but to trust Chen Xiaobei and follow him into the projection.

With a powerful surge of energy, all three of them walked out of the other side of the projection.

All at once, the scenery before them changed from a normal hotel room to a vast open landscape with a gorgeous view.

Soft grass lay beneath their feet, and tall, sturdy trees stood all around them. On one side of the forest stood an ancient Traditional Chinese-styled building.

"My god! We really escaped! Big Bro Chen's bracelet is awesome! It's like a mini portal!"

Their narrow escape had Linghu Shuang bouncing on the balls of her feet and praising Chen Xiaobei.

"That's unbelievable!" Bai Linsu exclaimed. "Hidden inside that silver bracelet is a cryptic Spatial Formation! Based on my research on Spatial Formations, I can safely say that that was not a Spiritual Instrument! That's a Divine Instrument for sure!"

"Divine Instrument?! My god! Big Bro Chen actually owns a Divine Instrument?! That's just incredible!"

Linghu Shuang's lips, once again, formed a little 'O', and her eyes twinkled with adoration.

"If you insist that it's a Divine Instrument, you're not wrong."

Chen Xiaobei shrugged.

Xiao Tianquan's little brother brought the Returning Bracelet from the Heavenly Realm, so in one way or another, it could be considered a Divine Instrument.

"Big Bro Chen, what is this place?" Linghu Shuang's beautiful dark eyes explored the place.

Bai Linsu observed her surroundings for a moment and then said, "If I'm not mistaken, this is an independent space but by the looks of those houses, it appears that they are occupied. Is this an owned space?"

"Correct! This place is an independent space separate from the outside world, and I am the master of this place!" Chen Xiaobei said. "That place in front of you is the faction that I've built with my own two hands, Bei Xuan Faction!"

Both Bai Linsu and Linghu Shuang gasped in surprise.

They would never have thought that an ordinary young man like Chen Xiaobei would have such sturdy foundations!

Divine Instrument! Independent space! A self-built faction!

Bai Linsu and Linghu Shuang felt as if they were in another dimension!

“Let’s go! I’ll show you in!” Chen Xiaobei smiled as he led the two beautiful women into Bei Xuan Faction.

“Xiaobei! You’re here!” A cheerful voice called out from afar. It was Xiangyu, marching forward to greet Chen Xiaobei.

Ding!

[Cultivation: Early Phase of Celestial Cultivation; Lifespan: 203 years; Health: 70,000; Combat power: 70,000]

One look with his Netherspirit Battlescouter and Chen Xiaobei confirmed that Xiangyu had successfully achieved a cultivation breakthrough after taking the Skybreaking Cultivation Pill.

Xiangyu’s talents, paired with the Primordial Jade Divine Skill, would see his cultivation continue to soar at a rapid pace.

Not long from now, Xiangyu would become a most essential powerful ally to Chen Xiaobei.

“Huh?” When Xiangyu came close, he immediately shot Chen Xiaobei a cheeky smile. “Say, my brother! Your romantic luck has blown out of proportion! It hasn’t even been long since you left, and you’re bringing me two more beautiful ladies already? Are you planning to start a harem or what?”

“Bro Yu, please don’t misunderstand, they are just my friends. r, I had to bring them here only because we had to escape from danger!” It would seem that Chen Xiaobei had already prepared a speech.

“Hehe! You don’t have to explain to me!” Xiangyu teased. “My other ladies will grill you themselves! Of course, there’s also auntie Zhang!”

“Xiaobei! Why didn’t you tell me you were coming back?” Zhang Chui’er came running towards them. “Where did you kidnap these two ladies from?”

Chen Xiaobei could feel himself starting to sweat. “Mom! How can you say these things to me! What kidnap? They are just my friends!”

“You don’t have to explain. Is this your mother’s first day knowing you?” Zhang Chui’er smiled. “Oh, this little girl is so pretty, and she’s so tall too! Two more years and she’ll become a gorgeous flower!”

“Thank you for the compliment, auntie!” Linghu Shuang smiled sweetly. “But my Sifu and I are really just friends of Big Bro Chen!”

“Oh, stop explaining! The girls that my Xiaobei brings home always say that they are just friends at first. I’m already used to it!” Zhang Cui’er turned to look at Bai Linsu and praised, “This young lady here has

the body and the looks. Most importantly, she has a big bum! That will be great for giving birth! Huh? Fox tails?"

Zhang Chui'er suddenly turned as white as a ghost when she spotted three fluffy tails sticking out of Bai Linsu's back.
