Chapter 1501: My Poor Knowledge of History

“Uhh... Mom, don't be afraid! This is Sister Bai! She's an alien not a monster!”

Immediately, Chen Xiaobei tried to explain the whole thing to his mom.

“Al... Alien?”

Zhang Chui'er was bewildered. She would not believe it even if she was still the old her. Ever since Chen Xiaobei showed his extraordinary abilities in front of everyone, Zhang Chui'er had witnessed a lot of things she could never have imagined. With that being said, it was easier for her to accept new things now.

“An alien is good eh! This alien should become my Chen Xiaobei's wife, and our family will feel really proud of it!” said Zhang Chui'er in with an attempt to boost her courage.

Upon hearing that, Bai Linsu's face started to blush. Back in the starfield, Bai Linsu was someone that could kill her enemies without any mercy. Now, she had no idea how to explain the whole thing to Zhang Chui'er. Considering that this was her first time facing a situation like this, things had taken an awkward turn.

“Mom! Stop talking nonsense! Sister Bai is no ordinary person! Not even the entire Bei Xuan Faction is powerful enough to defeat her if you anger her!” said Chen Xiaobei.

“You are the one who is talking nonsense! Look at Lady Bai! She looks so gentle and well-mannered! I believe that she will not get angry easily!”

“Erm... That's because you have not seen her letting out her anger!”

Last night, Bai Linsu's anger had driven her to destroy hundreds of Yi Family members' Dantian within seconds! One should never attempt to anger her!

“Either way! Those who are allowed to come with Chen Xiaobei to this place are definitely trustworthy people! You are family now! Let's go! Let me bring you to pluck some peaches! I can guarantee that you have never eaten the peaches produced by Bei Xuan Faction before! I can also guarantee that you will never forget its taste in your entire life!”

With Bai Linsu's face flushed and Linghu Shuang's mouth pursed, they were brought away by Zhang Chui'er. Seeing that they were gone, Xiangyu changed the topic.

“How's it going? Do you need my help?” asked Xiangyu.

“I have to return to earth to run some errands! The overlord of the Northern Wilderness Starfield has just asked me to fix the portal at the Atlantis.” replied Chen Xiaobei.

“I don't think it's easy to fix that thing, right? Can you do it alone?”

“That is a huge portal. I have no idea how to fix it! Luckily, I found help! The Sister Bai that I introduced to all of you just now is a Dimensional Master!”

“Damn son! You are good! I can’t believe that you have managed to dominate a masterpiece like her!”

“Bro Yu. Come on! Stop teasing me... You should know better than anyone that I only love my Little Fox!”

“Are you talking about the reincarnated Daji? Any news about her?”

“All I know right now is that she’s reincarnated! I have no idea where is she right now... That’s why I’m planning to ask Lady Nuwo about it!”

“Alright. I believe that your sincerity will be able to move Lady Nuwo! Little Daji will return to you eventually!”

“Oh right! Bro Yu! Why are you not training today?”

“I just had a chat with Jiang Ziya and I’m feeling really excited right now!”

“What kind of matters would excite you this much?! Old Jiang didn’t tell me about it!”

“Jiang Ziya told me that Li Xiang made some progress! He’s confident that he will be able to unlock Emperor Qin’s tomb really soon! I want the exact date before telling you about it personally through a phone call!”

“Alright! Let’s wait for his news then! I’m curious as to why you pay so much attention to it?”

“Did your sports teacher teach you history?”

“When he was still alive, he was the one that led an army to invade the main city of Dynasty Qin and burnt the largest palace called Daqing Afang Palace!”

“Right! Right! Right! I still remember my teacher asking me to memorize the poem about this palace! I have spent a great deal of effort to memorize the whole thing, and the hero that brought down the tyrant was none other than my Bro Yu!”

“Hehe... A hero will never tell his old tales to others! Just remember to bring me along when you travel to the Emperor Qin’s tomb!”

“Are you going to take a good look at your enemy?”

“Your knowledge of history sucks!”

“When I tried to bring down Qin Dynasty, Emperor Qin had already passed away! His successor was sitting on his throne during that time! Technically speaking, I have not faced the first Emperor Qin before. So, he’s not my sworn enemy. The reason why I want to travel to Emperor Qin’s tomb is because I want to witness the glory of the legendary emperor!”

Clearly, Xiangyu’s hatred towards Emperor Qin had diluted over the course of hundreds of thousands of years. Instead, he was feeling nostalgic about it.

“Is Emperor Qin still in his tomb?”

“I’m not sure as well! I remember Jiang Ziya had once mentioned that after Emperor Qin ruled the world, he wanted to consume a Divine Pill and lead millions of soldiers to invade the Heavenly Realm!

During that time, all those brave soldiers gathered at Xiangyang City's underground, prepared to wage a war against the deity. They chose not to worship any deities or spirits but Emperor Qin! On that day, even the deities in the heavenly realm could feel the deafening cries from the soldiers from the earthly realm. Imagine the aggressive battle spirits and merciless murderous intent! They were like the invisible swords penetrated the heaven! Needless to say, most of the deities were shocked by it! Even the Jade Emperor was forced to do something about it! Initially, Emperor Qin was worthy enough to become a deity after he brought peace to the nine states and united them. However... The heavenly realm would never accept this since the Jade Emperor was fearful of him. In the end, the Jade Emperor changed his Divine Pill into a poisoned pill. And, that's how the legendary emperor died at the age of 49!"

After hearing that, Chen Xiaobei remembered that Jiang Ziya had once told him the same thing as well. This incident was supposed to be a top secret in the heavenly realm. Only Jiang Ziya and a handful of Chanism's core members knew about it. If the Ancestral Lord knew that the Jade Emperor poisoned a human emperor that was supposed to become a deity, he would definitely be given some form of punishment!

"Will we be able to locate Emperor Qin?" asked Chen Xiaobei, frowning.

Chapter 1502: Total Dominance

"I'm not sure if we can locate him or not. The only thing that I'm sure of is that Emperor Qin did not go to the underworld realm to reincarnate! Remember, he was murdered by poison! There's a high chance that his hatred caused him to turn into an evil spirit and that he would eventually go down the wicked path to become a demon! There's a chance that he's still in his tomb, but we need to head there to check it out first!"

"Old Jiang told me that there was something powerful being buried with him in his tomb! I will definitely head there no matter what! Besides, I'm heading back to earth anyway! We will do something about it once Li Xiang gives us the exact date!"

"When are you heading back to earth?"

"My returning point on my returning bracelet has changed. I have to wait for Jing Fei to come over here before I can go back to earth! I estimate we can leave to earth tomorrow! Now, I still have something that I want to deal with!"

"Alright! You should go ahead and do your thing first! I'm going to do some preparations as well! I will head back to earth with you tomorrow!"

After that, Chen Xiaobei went through the portal in his dimension to travel to the cave at Silver Plume Forest. From there, he travelled to Silver Plume's Inner City.

....

At the Chamber of Commerce.

"Mr... Mr. Chen! Why are you here?"

Immediately, a young shopkeeper came out to welcome him.

“Where is Elder Gu? Tell him that I’m here!”

Previously, Gu Congwen would definitely come out to welcome Chen Xiaobei once he knew that he was at the doorstep. Failing to see Gu Congwen made Chen Xiaobei wonder what might have happened to him.

“Our... Our manager... He... He...”

“What happened to Elder Gu? Did something bad happen to him?! Tell me now! Stop stuttering!”

“Gu Congwen has no business here anymore!”

At that moment, a man in his thirties walked towards Chen Xiaobei in an arrogant manner. Seemingly, he had no mood in hiding his hostile intentions as well.

“Who are you? What happened to Elder Gu?” asked Chen Xiaobei.

“My name is Tie Feihu! From today onwards, I’m the new manager here! Gu Congwen has been fired by our Tie Family!”

“I will hold all responsibility! Elder Gu has done nothing wrong so far! I’m the one who messed with your family! Besides, Elder Gu has been working for you guys for a very long time! Don’t you feel bad treating him like that?!”

“Hehe... You are right... Gu Congwen really is responsible as a manager! Initially, we were about to let him handle more of our businesses, but Gu Congwen made friends with the wrong person... and that person is you! You scammed 500 million Spiritual Stones from the Chamber of Commerce, not to mention killing my cousin! How could we not hate you?! To be honest, you’ve got no one to blame but yourself for getting Gu Congwen fired!”

“The family members of Tie Family have no conscience! Just come at me! I, Chen Zhufeng will go against you guys alone!”

“Heh! Do you really think that Tie Family would not dare to mess with you? If it wasn’t from the protection of the overlord, you would have been greeted by three demigods today!”

“Hmph! I dare you to come and mess with me! I will crush you personally if you dare do anything bad to Elder Gu!”

Suddenly, a terrifying murderous aura exuded from Chen Xiaobei. Ever since he fought with the Tyrant Dragon King, Chen Xiaobei’s state of mind was a hell lot stronger than before! One could the anger coming right out of him was more terrifying than that of the Tyrant Dragon King.

Si...

Tei Feihu took in a deep breath, his pupils contracted, and his heart was jumping up and down really fast. It was as if he could feel a giant claw of a Demonic Beast pressing on his chest. The suffocating feeling made him feel like his heart was going to explode and he was about to die! With his face now very pale, he had never felt such a terrifying force before.

Ughh...

Just like Chen Xiaobei, Tie Feihu sensed that the Qi Flow inside his body had been messed up. He could not help but cough out a mouthful of fresh blood. Though the aura was not a tangible force, it was enough to shake him and increase a lot of pressure to his state of mind. In other words, his heart rhythm, bloodflow, and brainwaves were now heavily affected by Chen Xiaobei's aura. These three factors would block and mess with a person's Qi Flow. If the aura was powerful enough, it might even cause internal injuries to the person which would result in death!

During the Three Kingdoms era, Zhang Fei managed to kill one his enemies with only a simple shout. The cause of death of his enemy was his powerful aura! If Chen Xiaobei intended to kill Tie Feihu right here and right now with his aura alone, he was definitely powerful enough to do so.

"Have mercy... have mercy please..."

Tie Feihu was just a rich brat who grew up in protected environment. He was not as bold as Chen Xiaobei when he killed the Tyrant Dragon King nor did he have the 'I would rather die than kneel in front of my enemies' kind of spirit in him as well.

Knowing that Chen Xiaobei was extremely powerful, Tie Feihu started to kneel on the ground to beg for his life.

"Garbage!"

Actually, Chen Xiaobei had no intention to kill Tie Feihu. He felt that it was unnecessary to kill him anymore. To him, a person was no different than a garbage if the person threw his pride away. From the moment Tie Feihu had a taste of Chen Xiaobei's powerful aura, this trauma would follow him for the rest of his life!

"I have a list here! You have ten days to bring me everything I need! If I see anything missing from these things that I've asked you to prepare, I will kill you personally!" said Chen Xiaobei.

The items on the list were listed by Bai Linsu, items that were needed to fix the portal. With the Spatial Spiritual Crystal and all these materials, it would be easy for them to fix the portal in the given time.

"No... I... I can't do it..."

With his body shaking in fear, Tie Feihu did not dare to take the list.

"Why not?! I will pay you enough Spiritual Stones to gather all these stuff!"

"It's not about Spiritual Stones! Tie Family has given an order to prohibit every Chamber of Commerce' in Northern Wilderness Starfield to deal with you! All my wealth would be gone if they find out that I'm dealing with you! And they will punish me severely as well... I can't risk it..."

"All the Chamber of Commerce' are not allowed to deal with me? This is getting worse by the minute..."

Chapter 1503: Muyue's Scheme

The Northern Wilderness Chamber of Commerce monopolised trade in the starfield, and every transaction had to be intermediated by the chamber.

Right now, the Northern Wilderness Chamber of Commerce had forbidden any business transactions with Chen Xiaobei.

That basically meant that Chen Xiaobei could not purchase any of the items on the list from the Northern Wilderness Starfield.

Of course, he could go to another starfield to acquire them, but he was not familiar with the people and the place, and did not have any business connections like he did in the Northern Wilderness Starfield.

If he wanted to get the items on the list, Chen Xiaobei could need to make trips to several places, and spend a lot of Spiritual Stones. He might also encounter unknown dangers in the process, and that would waste a lot of time.

And time was the most important factor here!

The Northern Wilderness Overlord had only given him one month to complete the task. If he took more time than he was allowed, everything he had done up to this point would be completely wasted, and he would not be able to get the Golden Purple Echeveria Lola to cure Wenren Muyue!

Chen Xiaobei could never accept such an outcome.

If he forced Tie Feihu to buy them for him, he would risk getting found out by the Northern Wilderness Starfield. Should that happen, he would then lose everything.

This could cause the mission to fail.

Chen Xiaobei could not afford to take this risk!

“Do you any other ideas? I need to get everything on the list within 20 days!” Chen Xiaobei asked.

Tie Feihu drew in a breath of cold air, and like a mouse before a tiger, he stammered, “N... No... It’s not possible to get to the other Starfields to buy everything in 20 days! Our Tie Family is monitoring the sales in the Northern Wilderness Starfield, so you won’t be able to buy anything!”

“Can’t I just do it without the knowledge of your family?” Chen Xiaobei frowned. This did not look good for him.

“Our family is in control of the business, that’s a known fact. There are so many things on your list. You can’t possibly get them all without the Northern Wilderness Chamber of Commerce’ network.”

Tie Feihu made it sound like it was final nail in the coffin.

“F*ck! Then my plan’s completely ruined! I need to go to the other Starfields!” Chen Xiaobei frowned.

Chen Xiaobei’s initial plan was to give the list to Gu Congwen to complete, so that he could use this time to cultivate.

When Shen Gongpao and the others were done with their training, Chen Xiaobei had to organize the King of Glory competition, and a Red Envelope Snatching Session would be waiting for him after that.

Also, if there was news from Li Xiang, Chen Xiaobei would need to get to Emperor Qin’s tomb to collect his treasures.

If things went according to plan, then it would have been perfect.

But right now, with the Tie Family pulling the carpet under him, Chen Xiaobei's flawless plan was completely ruined.

Chen Xiaobei would be forced to forgo cultivating, forgo the competition, and forgo searching for Emperor Qin's tomb. All his time and energy would be spent in other Starfields.

Even then, Chen Xiaobei had no guarantee that he would be able to acquire everything within the given time period.

His entire plan was now in jeopardy, and he was very unhappy.

"Mr. Chen! Don't worry! I have an idea!" Suddenly, a melodious voice spoke up.

It came from a very beautiful person, with sparkling eyes and an elegant aura, looking like a fairy princess with a magical smile.

"Muyue! Why are you here?" Chen Xiaobei asked.

Wenren Muyue smiled at him. "My servants told me that they saw you coming into town. You didn't even contact me. I figured that you would come here, that's why I came!"

"You said that you have an idea? Is that true?" Chen Xiaobei asked.

"Of course! I heard everything you were talking about! I have an idea to help you get the things you need as quickly as possible!" Wenren Muyue said confidently.

"What is it? Tell me!" Chen Xiaobei was suddenly excited.

Clearly, Wenren Muyue was not the type of person who would lie. If she said that she had a plan, she surely had a plan! Also, it was what Chen Xiaobei really needed in this time!

Even Tie Feihu was all ears.

As a member of the Tie Family, Tie Feihu could not figure out how Wenren Muyue could come up with an idea to circumnavigate the Northern Wilderness Starfield Chamber of Commerce, and get everything on the list.

There were a lot of things on the list. Even if the Northern Chamber of Commerce was the one to be given the task to purchase the things, they would have taken some time before it could be completed.

There was no way Wenren Muyue could do it alone.

Wenren Muyue still had a smile on. "The Northern Wilderness Starfield was able to control businesses in the entire Starfield because they held information about the price of every item on the other planets!"

"For example, if I wanted to buy something in Silver Plume and I didn't know where to find a seller, I could only go to the Northern Wilderness Starfield to buy it! At the same time, if someone in Divine Cloud has something that I want, but the person didn't know about the existence of a buyer like me, then he could just sell his goods to the Northern Wilderness Chamber of Commerce. In other words, as long as we have a wide business network, we could easily let everyone all over Northern Wilderness

Starfield know what we want! Then, these people could bypass the Northern Chamber of Commerce and send the things to us!”

Wenren Muyue let out a lengthy explanation. She had clearly thought everything through and through.

Chen Xiaobei furrowed his brows. “I know what you mean, but it would take a long time to build a network like that! I don’t have the time!”

“Mr, Chen, you are normally so wise and farsighted. Why are you thrown out of a balance by this problem?” Wenren Muyue smiled. “Others might need about a decade to build the network, but Mr. Chen just needs to raise an arm and holler, and it would be done!”

“Raise an arm and holler? You mean...” Chen Xiaobei’s eyes lit up and he put two and two together.

“That’s right! Mr. Chen, all you need to do it speak, and the items on this list would be passed quickly from mouth to mouth, until it reaches the entire Northern Wilderness Starfield!” Wenren Muyue smiled.

“Mr. Chen, you saved one million people in Overgrown Forest, and they are all scattered across the entire Starfield. All of them have their own little force behind them! Getting the things on the list could be done in a matter of minutes.”

“Muyue! You’ve been a great help! This problem will be solved according to your plan!” Chen Xiaobei’s worry was suddenly wiped clean. “In the message, tell everyone that the price that I, Chen Zhufeng, am offering will be 30% higher of what the Northern Wilderness Starfield is offering! That’s the reward for those who support me!”

“Great! I will send the message out to my circle immediately. I think the message will be passed on very quickly.” Wenren Muyue said confidently. “With Mr. Chen’s prestige and generosity, we’ll be able to get everything on the list in less than three days!”

Tie Feihu’s eyes were wide open.

It was not difficult to imagine the interesting expressions on the Tie Family’s faces when they hear this news!

[Red Envelope Group of the Three Realms](#)

Chapter 1504: Let the King of Glory Competition Begin

It was the time in Overgrown Forest Planet, that Chen Xiaobei spent 100 million Spiritual Stones to trick the one million Demonic Beasts into the Verdant Emperor Divine Gourd.

In the short term, Chen Xiaobei might appear to have made a loss, wasting 100 million Spiritual Stones and only getting 10 million Merit Points in return.

In the long term however, Chen Xiaobei got the key to rescuing Diao Chan, and also got himself three demi-god level Beast Kings as his loyal hounds.

Most importantly, Chen Xiaobei won the hearts of one million young people of the Northern Wilderness!

This time, Chen Xiaobei truly experienced the convenience of prestige and the favor of the people.

It was not unlike what Wenren Muyue said, that once Chen Xiaobei's list was sent out, it would create a ripple effect, and news would spread like wildfire all over the Northern Wilderness Starfield. Hundreds of thousands of youngsters from different places would stand up for Chen Xiaobei. Only a small portion of them were afraid of Tie Family.

In the short three days, the items on Chen Xiaobei's list were sent all over the Northern Wilderness Starfield. That was way faster than the Chamber of Commerce itself getting their stock.

In fact, a lot of the families were willing to donate the things to Chen Xiaobei without taking a single penny from him.

Had Chen Xiaobei accepted the items without paying, he could save himself a large sum of Spiritual Stones.

The Chinese have a saying that went, 'The one who wins the favor of the common people will win the world'.

Of course, Chen Xiaobei did not take advantage of this. He did as he promised, and paid everyone for the items 30% higher than the market price.

This decision had Chen Xiaobei pay a huge sum of 300 million low-grade Spiritual Stones.

However, in the long run, this was a profitable business transaction.

Even though Chen Xiaobei spent 300 million low-grade Spiritual Stones, he had also bought the hearts of many people!

He let the noble families profit this time so that when Chen Xiaobei needed help the next time, they would be more than happy to oblige him.

On top of that, Chen Xiaobei was able to gather all the materials needed to fix the portal sooner than his had originally planned.

This meant that the Northern Wilderness Overlord's second test was already completed halfway.

Additionally, Chen Xiaobei could use the spare time to cultivate, and settle his business at Emperor Qin's tomb.

Of course, more importantly, Chen Xiaobei had enough time to deal with the remaining people of the South Town Star Temple.

With Lu Gang in the way, Chen Xiaobei would not be able to officially rule the South Town Star Temples.

A fierce battle was inevitable!

In the Secret Space.

"Now that we have all the ingredients, let's get back to earth! I will do my best to help you fix the portal as quickly as possible!" Bai Linsu said.

"There's no need to hurry. Stay here and wait for a few days." Chen Xiaobei said.

“Wait for a few days? But why?” Bai Linsu asked, confused. “Aren’t you in a hurry? Why are we waiting?”

“Because there are still some obstacles back on earth that I need to eliminate in order for me to take control of South Town Star Temple,” Chen Xiaobei said.

“Obstacles? Do you need my help?” Bai Linhu said.

“No, I will figure it out myself.” Chen Xiaobei shook his head.

“Mr. Chen, you saved our lives. Please don’t feel obliged!” Bai Linsu said earnestly.

“I’m not being obliging; I just have to be careful!” Chen Xiaobei said. “I suspect that the Northern Wilderness Overlord has a spy in Atlantis! If you help me, you will be exposed to the Overlord’s field of vision! If he decides to conspire against you, it would be really bad then!”

“Mm, now that you put it that way, it really is better to be cautious!” Bai Linsu nodded. “The Northern Wilderness Overlord and the master of the Lu Family have a private arrangement! In recent years, I’ve frequently been to Northern Wilderness. If our presence is exposed, Yi Family will definitely travel here to kill me, and you would be dragged into my problems as well!”

Chen Xiaobei nodded. “Mm, because of that, I have to get rid of that obstacle in Atlantis on my own. You stay here and wait for my word!”

“Can you do that all by yourself?” Bai Linsu frowned. “If I’m not mistaken, the enemy’s cultivation should be at a demigod level!”

“Don’t worry, I can!” Chen Xiaobei chuckled. “Even if my cultivation is not high enough, I can still unleash the kraken!”

“Unleash the kraken? What do you mean?” Bai Linsu asked.

“I cannot reveal that secret. Anyway, the conclusion is, that I can take care of it!” Chen Xiaobei shrugged.

Bai Linsu nodded. She could not figure out what Chen Xiaobei was going to do, but having experienced all kinds of things previously, Bai Linsu had faith in Chen Xiaobei. If he said that he could, then he could!

After that, Chen Xiaobei did not leave the Secret Space immediately, but rested for half a day.

It was not that Chen Xiaobei was lazy, but the first round of King of Glory competition was a due to take place tonight!

After dinner, Chen Xiaobei hurried back to his room.

The Three Realms Group was already buzzing with activity.

God Erlang: This time, our team will be the champion! Xiao Tianquan is good at playing the assassin! Be very afraid!

Wei Xiaobao: Xiao Tianquan only has a pair of dog paws! How could he even play?

Xiao Tianquan: I am a Divine Beast. Turning into human form is very easy. What's there to be surprised about at all?

Wei Xiaobao: Fine! You win!

Xiao Tianquan: What is so great about that? We are the Three Eyed Battle Squad! The other members are Wang Cai, Lai Fu and Er Ha! They've all eaten Shapeshifting Pills, and have transformed into human form.

God Erlang: Our Three Eyed Battle Squad will win for sure!

Monkey King: Pfft! Don't be so pleased with yourself! My team is the strongest!

God Erlang: You? Strong? Hahaha! Which part of you is so strong?!

Monkey King: In our team, we have Bull Demon King, Snake Demon King, Holy Rock Demon King, and Lion Demon King! This OP team is going to crush you!

God Erlang: Hmph! I cannot be bothered to fight about who's the stronger one with a monkey on this happy day! We'll know when the competition starts!

Shen Gongpao: Hehe, I just got online and I'm seeing two pieces of trash! What a joke!

Monkey King and God Erlang: Who are you calling trash?

Shen Gongpao: Hehe, I'm not targeting anyone. Everyone here is trash! My team is the best!

Monkey King: Don't get all cocky too soon! Believe it or not, when my brother Xiaobei's team joins the battlefield, he'll kick your stupid face!

[Red Envelope Group of the Three Realms](#)

Chapter 1505: Weak Ass Team

Shen Gongpao: Hehe... Chen Xiaobei's most powerful team members, NeZha and Hong Hai'er have joined my team! There's no way that Chen Xiaobei can defeat me this time!

Monkey King: What?! Why would NeZha and Hong Hai'er join your team?!

Shen Gongpao: Why not?! I'm a charismatic person! I can attract them to my team easily!

Monkey King: You are charismatic? What a shameful lie!

Actually, the reason why NeZha and Hong Hai'er chose to join Shen Gongpao's team was because they were threatened by him! NeZha's father and both of his brothers were at the heavenly realm right now and so were Hong Hai'er parents. Considering that Shen Gongpao was the one assigned to hold the Deity Lashing Whip, he would hurt their families if NeZha and Hong Hai'er refused to listen to him and that was why they were forced to join his team.

Shen Gongpao: Hehe... The competition is about to begin! Instead of talking shit here, let's hasten Chen Xiaobei to prepare his Dragon's Edge as the reward of this competition, and I will take it with me no matter what!

Monkey King: It's too early for you to celebrate! My Bro Bei can still defeat you even after taking NeZha and Hong Hai'er with you!

Shen Gongpao: Heh! Let me tell you something! Chen Xiaobei is actually bad at this game, let alone defeating me! I don't even think he is skilful enough to defeat you!

Monkey King: I'm not going to argue with you right now! Just wait for Xiaobei to come here! He will show you how his might later! @Chen Xiaobei

Chen Xiaobei: Stop tagging me! I'm here!

Monkey King: Bro Xiaobei! You are finally here! Bring out your team to slap Shen Gongpao's face!

Chen Xiaobei: My team? What team?

Shen Gongpao: Hahahaha... Please don't tell me you don't have a team with you!

Chen Xiaobei: I didn't have time to assemble a team because I had something pressing to deal with for the past two days! Old Wang is my only teammate here!

Shen Gongpao: Huh? You and that weak piece of shit... and you want to compete against me?! I would advise you to concede! Hahaha...

Chen Xiaobei: There's no way that I will concede to you! I will look for another three friends on earth to join me right now!

Shen Gongpao: No! I have announced that the participants can only be members of the Red Envelope Group! No outsiders are allowed! NeZha and Hong Hai'er are now in my team! You can only choose to concede if you fail to form a team!

Chen Xiaobei: Pfft! Do you really think I would do whatever you ask me to do?! @everyone. Is there anyone without a team? Come and join me!

Sanzang: I don't have a team yet! Can you bring me with you? I'm just a noob and I know how to boost my team's morale!

Third Prince: God Chen! Bring me with you too!

Zhu Bajie: And me! And me! Carry me!

Chen Xiaobei: Alright! With the three of you, Old Wang, and me, we can form a team, and the name of our team is called...

Shen Gongpao: Noob Ass Team!

Chen Xiaobei: Brother Shen! The competition has not even begun yet! Don't you think it's too early to mock others?

Shen Gongpao: Am I mocking you? I'm simply telling the truth here! Sanzang is just food in the game, not to mention that the third prince is just a pretty horse! Zhu Bajie is a perverted bullshit... and you have the God of Bad Luck with you! Tell me that this is not a weak ass team!

Chen Xiaobei: Fine! We will call ourselves the Weak Ass Team then! If we manage to beat you in this competition, you are going to be everyone's laughing stock for a very long time!

Shen Gongpao: There should be a limit to your daydreams! I will bang my head on the wall if you guys can beat me!

Chen Xiaobei: Stop telling me this bullshit! Brother Shen, your face is thicker than a wall! I don't think that even the wall could kill you! Let's talk about something more practical! What are you going to reward me if I manage to beat you?

Shen Gongpao: I will send a 3,000 year-old Saturn Peach to the group if I lose to you!

Chen Xiaobei: Fine! You promise me that you will allow a Red Envelope Snatching Session in the group if I can become the champion of this competition! It's only right of you to send it to the group! Just remember to keep your promise!

Shen Gongpao: Heh! There's no way that you can beat me! You have to remember to give out your Dragon's Edge to the champion team if you lose this competition!

Chen Xiaobei: Of course! A promise is a promise! I will never break it!

Shen Gongpao: Fine! I hereby announce that the King of Glory MOBA competition... begins now!!!

After that, every group drew lots to decide who their opponents would be. In total, there were 2,000 teams because Chen Xiaobei bought 10,000 cellphones for them. One, there were too many participants. Two, Shen Gongpao was confident enough that he was going to beat Chen Xiaobei and so, he did not play any dirty tricks this time.

In the end, the lot drawing session was done in a fair and square manner. As usual, the winner would get to continue the fight and the loser would be immediately disqualified. After all, this was the first time that most of them played this game. Though they had a few days to practice, their skill level was still below average. As expected, Old Wang was acting like a newbie and Chen Xiaobei had led his team to beat the other teams. After a short while, 1,000 teams had already been disqualified!

During the second round of the competition, another 500 teams were disqualified. The third round saw 250 teams being disqualified. The fourth round had 125 teams disqualified! In the fifth round, 62 teams were disqualified! 31 teams were disqualified in the sixth round and the seventh round had 16 teams disqualified!

Alas, in the eighth round, only 16 teams of the initial 2000 were left!

Shen Gongpao: After many tough rounds of eliminations, the most powerful 16 teams are finally born! Everyone did really well just now but I have to say that the champion will have to go to my Dominating Legend Team!

Chen Xiaobei: Nah... I don't think so!

Shen Gongpao: Eh? You don't have the right to talk here!

Chen Xiaobei: Why not? My Weak Ass Team is among the most powerful 16 teams!

Shen Gongpao: What? All of you are just newbies! How is possible that you guys beat so many teams just now? This is not real!

Clearly, Shen Gongpao did not think that Chen Xiaobei could win the entire competition and hence, did not pay attention to him at all. To his surprise, Chen Xiaobei managed to lead his team to get into the top 16!

Shen Gongpao: You were simply lucky! All the teams here are really skilful! The real fight begins now!

Chen Xiaobei: Ah... I think so as well! Are you going to give your best since the fight is about to begin eh?

Shen Gongpao ignored Chen Xiaobei's taunts and went ahead using his Magical Item to talk to Lu Bu who was currently at Silver Plume City.

Chapter 1506: The Finale Begins

Shen Gongpao: Lu Bu! Are you ready?

Lu Bu: Ready for what?

Shen Gongpao: Hey! Are you really that pig-headed? I told you yesterday that I would be using a portal to send you to Chen Xiaobei sometime soon!

Lu Bu: Look... if you have anything to say, just say it! You don't have to call me pig-headed!

Shen Gongpao: Ohh! Spare the rod, and spoil the child! So what, if I did call you names? What are you going to do about it huh? Bite me? If you want, I could crush Diao Chan so that she could never reincarnate!

Lu Bu: Fine! You win! I'm ready! I can fight Chen Xiaobei anytime now!

Shen Gongpao: Remember, I don't want you to just fight Chen Xiaobei, I also want you to beat him! I want you to totally get rid of him!

Lu Bu: Yes, I remember!

Shen Gongpao: Good! Then Chen Xiaobei will lose the competition! Then, even if the Prime of Tongtian shows up, he would have to admit defeat, and he would have to give me the Dragon's Edge as reward! ☹

Lu Bu: When that happens, you'll have to keep your promise and send Diao Chan to the world to start a new life with me!

Shen Gongpao: Don't worry! I will keep my promise!

It was obvious that there was a reason why a jerk like Shen Gongpao could replace Jiang Ziya as the ruler of the place.

Even though Chen Xiaobei had pretended to be incompetent since the beginning, taking in three inept teammates and was even accepted the mockery as a weak-ass team, Shen Gongpao did not for a second underestimate Chen Xiaobei.

In fact, the situation was quite the opposite. Shen Gongpao sent out Lu Bu, his killing pawn to eliminate Chen Xiaobei. Whether or not Chen Xiaobei was pretending to be bad at the game, wouldn't matter so long as he did not win it.

Not only was Shen Gongpao dangerous and despicable, but he was also a con! It was no wonder he was made the Primordial Lord of Heaven's famous disciple!

The first round of the competition between 16 of the strongest teams began.

Chen Xiaobei drew God Erlang's team, Three Eyed Battle Squad as his opponent.

In the previous round, the Three Eyed Battle Squad had performed very well. The assassin that Xiao Tianquan played had managed to impress everyone around him, and was thought to be the team which would most likely win the championship title.

Due to God Erlang' being Chanism's disciple, Xiao Tianquan had to show him respect on the surface. That was why Xiao Tianquan had displayed his best and gave it his all in this competition.

However, Chen Xiaobei was simply a mediocre player. He could win a battle against newbies but against those who were experienced, he would definitely lose.

Of course, Xiao Tianquan and Chen Xiaobei were good friends, but he said that he would do his best because he knew that Chen Xiaobei had hidden a scary killing machine in his incompetent team!

The scary killing machine, or rather, the person was Old Wang!

Old Wang, who had pretended to know nothing, was secretly giving his best, and attacked Xiao Tianquan a few times during the group fight.

The Three Eyed Battle Squad lost their core member Xiao Tianquan and defeat was just a matter of time.

Of course, in this competition, Old Wang had remained on the sidelines. Every time after he killed Xiao Tianquan during the group fight, he would always step back to let Chen Xiaobei kill the rest of the players, allowing him to claim the glory.

Eventually, the system named Chen Xiaobei MVP! The other people who were watching also saw Chen Xiaobei as the best performing player in the whole competition.

Tu Xingshun: Shishu Shen! Oh no! Chen Xiaobei won again! And he even got MVP!

Lei Zhenzi: Ugh! This kid's been actually lying to us, pretending to be bad at the game and hiding his true power!

Shen Gongpao: Hehe, what is there to get all worked up about? It wouldn't be Chen Xiaobei if he didn't pull a couple of smart little tricks!

Tu Xingshun: Shishu Shen! Aren't you the least bit bit worried? What if there's more that he's hiding? Then we'll surely lose!

Lei Zhenzi: Yeah! I didn't sleep or eat at all for this competition! You know what... I've been training so hard! If we lose, damnit! I'll die of frustration!

Shen Gongpao: Yo. Don't worry! Chen Xiaobei can't win!

Tu Xingshun: Now why is that?

Shen Gongpao: Ah, I can't possibly reveal my secret! Forget about Chen Xiaobei! Just go get ready for the next match!

Lei Zhenzi: Since Shen Gongpao has a way around this, then we should all quit worrying!

The elimination round of 16 to 8 ended very quickly.

Up next was 8 to 4, then 4 to 2. In each of the matches, Chen Xiaobei and Old Wang used the same strategy and tactics.

Old Wang would attack the core members of the opposing team, and then allow an enemy to target him, while Chen Xiaobei would take down the rest of the team, taking the title of MVP.

That way, Old Wang actual skills remained hidden, and Chen Xiaobei became known as the core player of his weak team. Without Chen Xiaobei, the rest of the team were just a bunch of noobs.

Eventually, Chen Xiaobei's team was up against Shen Gongpao's team in the finals!

Wei Xiaobao: Place your bets! Place your bets!

God Erlang: Shishu Shen's team will definitely win the finals because that weak-ass team is too reliant on Chen Xiaobei! Just watch. Once Chen Xiaobei is dead, the four remaining team members will fall like dominoes!

Emperor Zhen: Heck yeah! Shen Gongpao's team will surely win! Those weakasses weakness are just too obvious! God Chen keeps winning the MVP, but the other four are horrible at the game! All the opponent needs to do is to defeat Chen Xiaobei and they will surely lose!

Tiangong Xingjun: God Shen's team can use two team members to fight God Chen! This is a solid win!

Almost everyone in the group believed that Shen Gongpao would snatch the winning title.

Monkey King: No matter what all of you say, I will still bet that little Xiaobei will win!

Wei Xiaobao: Monkey King, aren't you just being a little too stubborn? You guys might be close but you can't just place a bet blindly! You're still going to bet on him even though you know that it's a losing battle?

Monkey King: Hehe, since you're so confident, why don't you bet a bigger amount?

Wei Xiaobao: No, I won't place a bet! I've learnt my lesson during the Go Competition! God Chen is totally unpredictable! He might be hiding a trump card!

Monkey King: You are so cunning! No wonder you are encouraging people to place their bets! You want to use God Chen to earn a huge score for yourself!

Wei Xiaobao: I'm not cunning! I'm also taking a risk, you know! I'm just afraid that God Chen will lose and I'll have to sell myself to pay off my debts!

Monkey King: Don't worry, this time, you won't need to be the gigolo!

Wei Xiaobao: Let's hope so.

At Silver Plume Planet's Secret Space.

"Xiaobei! The finals are about to begin! I have this feeling that something is not right!" Old Wang said worriedly.

"Relax. With your skill level, even if the 4 of us die, you can still beat our opponents in a 1 vs 5 game!" Chen Xiaobei answered.

"No! I'm not worried about the competition itself! It's something beyond the competition!" Old Wang frowned. "Didn't you notice how strangely quiet Shen Gongpao has been? He never lays low and keeps quiet like that! There must be something going on!"

Boom!

Just as he had finished speaking, what sounded like a loud impact boomed outside the building.

Chapter 1507: Final Battle

"Crap! Something bad seems to be really happening!" Old Wang exclaimed. "I'm so useless. Curse my vagabond of a salty mouth! What should we do?"

"You don't need to worry about that! Focus on the competition while I go take a look!" said Chen Xiaobei, while quickly getting up and walking toward the window.

Outside.

A strapping man appeared in the Bei Xuan arena. His eyes were aflame with anger, his manner and presence imposing.

"It's Lu Bu!" Chen Xiaobei recognized him immediately.

"Lu Bu? How did he get here?" Old Wang asked.

"Shen Gongpao sent him here! Just like last time, Shen Gongpao sent Lu Bu from Earth to the Northern Wilderness Starfield!" Chen Xiaobei said.

"Nooo!!! That's against the rules of space? He can't be really doing that!" Old Wang frowned.

"Shen Gongpao violated plenty of rules! It's only because he has the Primordial Lord of Heaven on his side, that no one is able to stop him!"

"Shit... shit... what should we do now? Lu Bu's strength is above average and the finale has already started!" Old Wang asked worriedly.

"I won't be joining the finale! You take care of that eh!" Chen Xiaobei said. "But don't win too soon! Drag it out with Shen Gongpao. Only once have I settled the problem here are you allowed to beat him!"

"Alright! No problem!" Old Wang nodded and then immediately dove into the game.

The Three Realms Red Envelope group was in a maniacal chaos.

Bull Demon King: Huh? The finale has already started but why isn't God Chen moving at all? Has he gone AFK?

Emperor Zhenwu: Do you have to ask? God Chen knows that he'll lose, so he'd rather go AFK and surrender!

Li Bai: No way! The weakass team relies on God Chen! If he goes AFK, then what's the point of the whole competition?

We Xiaobao: What the hell! What the hell! I was offering bets, and everyone betted for God Chen to lose! Now that God Chen has gone AFK, they will lose for sure, and I'll be drowning in huge losses! 😞😞

Monkey King: Calm down will you, Brother Xiaobei will not lose!

Wei Xiaobao: Really? You're still saying that? What about this... you can play the house for the bets just now! That way, all the winnings will be yours but you" have to bear all the losses as well!

Monkey King: You know what? I've no problem with that! As long as you're willing!

Wei Xiaobao: @all members, all those who have placed a bet with me, please pay attention! From now, the house has been changed to @Monkeyking! If you win, he'll be responsible!

Monkey King: Hehe! When Brother Xiaobei wins later, don't you cry yourself to oblivion in the bathroom!

Wei Xiaobao: Pffft! God Chen has gone AFK! How could he win? Monkey King, thank you for taking over! Or else, I'd have to sell my body to pay for the losses!

Monkey King: Just watch the competition. We'll have the results soon enough!

In the other chatroom , at Sheng Gongpao's Chanism group chat.

Tuxing Shun: That's strange! Why is Chen Xiaobei AFK? Could this be some sort of trick?

Lei Zhenzi: I don't think so. If he has went AFK, then his hero is useless! They will surely lose!

Tuxing Shun: If this is not a trick of Chen Xiaobei, then could it be Shishu Shen's plan?

Shen Gongpao: Let me tell you the truth! I've just sent Lu Bu over for Chen Xiaobei! Now, he probably has him by the neck! That Chen Xiaobei won't have time to play anymore!

Lei Zhenzi: Without Chen Xiaobei, the weak-ass team has really become nothing but a pile of trash!

Tuxing Shun: Hahaha!!! Shishu Shen! Brilliant! That is absolutely brilliant! With Chen Xiaobei gone, the championship title will belong to us!

Shen Gongpao: Alright, enough talk. Get into the game! Kill those pieces of trash within five minutes! When I get my hands on the Dragon's Edge, I will reward all of you!

Silver Plume Planet's Secret Space.

"Chen Xiaobei! Show yourself!" Lu Bu thundered on the arena, shaking the whole place.

“Who are you?! How dare you come to Bei Xuan faction and behave so atrociously! Do you want to die?!”

Upon hearing Lu Bu’s savage bellows, the residents of Bei Xuan faction came charging out, all ready to launch an attack on him.

“Stand back! Everyone, stand back! The enemy is too strong! No one is going in there!” Xiangyu shouted, swiftly stopping the group from attacking.

With Lu Bu’s immense strength, they would all have died if the people really did charge forward!

“Xiangyu?” Lu Bu’s eyes narrowed. “Tell that bastard of a Chen Xiaobei to come out or I’ll start a massacre, I swear!”

“Xiaobei will come out, but not now! Wait here for a few minutes!” Xiangyu said.

“No!” Lu Bu refused. “I know that Chen Xiaobei is in a competition now! My mission is to kill him so that he’ll lose! If I wait until he wins, my mission would have failed completely eh?!”

“Trust me, just wait a few minutes! You’ll be very happy that you did!” Xiangyu said firmly.

“Haven’t I said that that’s impossible? Shen Gongpao has Diao Chan! I cannot wait! I cannot afford to wait!”

“Even if you can’t wait, you still have to wait!” Xiangyu’s face darkened. “I’m here, and I won’t let you do anything stupid!”

“Wha... You?” Lu Bu snorted. “You might have been able to fight me back in underworld, but don’t you forget that you’re just wearing someone else’s meatsuit! You should know that I’ve descended to carry out a mission! Our cultivation is not even on the same level!”

Xiangyu did not answer but took out a pitch black Zhenwu Combat Spear, and stood resolute among the crowds of people. Seemingly, he was about to unleash a terrifying attack.

“It looks like you do want to die!” Lu Bu swung his right arm, and manifested a powerful hand knife purely made out of Ethereal Force. “I’m only giving you three seconds. If you don’t leave, you’re going to die!”

Xiangyu remained silent. When it came to strength, Xiangyu was no match to the likes of Lu Bu that was before him. When it came to Qi Strength however, Xiangyu was nowhere near weak.

“If that’s the case, then don’t blame me for forgetting our past! Our two thousand years of friendship in the underworld would now be severed completely!” Lu Bu shouted, a tinge of sadness in his angry, murderous eyes.

Here, it was evident that for love’s sakes, he would kill anyone in his way!

Zing!

Lu Bu swung one arm, having the hand knife suddenly extending itself, and it was now pointing directly at Xiangyu’s throat!

Like a spear cutting through thin air, it was definitely powerful enough to instantly kill Xiangyu!

“Thunder! Zeus Sword!”

A thundering voice suddenly shook the sombre atmosphere, coming from behind Xiangyu. The shadow of the person appeared faster than his voice and appeared in front of Xiangyu.

The person spoke in English, with both his hands raised above his head as he formed a long sword with his Lightning Ethereal Force. A blinding flash that came from the lightning flooded the entire place. That force was so powerful, it would seem that it was about to tear the whole dimension into half.

Right you are, for the person who materialized was the demigod Osnur himself!

[Red Envelope Group of the Three Realms](#)

Chapter 1508: Heavenly Halberd

An ominous rumble trembled the ground...

The Lightning Ethereal Force was still growing after Osnur swung his sword. From afar, it looked as if a massive Lightning Dragon had just struck down from the nine heavens, ready to annihilate every single living being that were in its sight.

“Okay. Now that is fucking powerful! Since when did we have such a powerful individual from Bei Xuan Faction?! Not to mention being foreigner as well!”

“Judging by his cultivation, I think he is a legendary demigod! I feel like that the Lightning Giant Sword he is holding is way more fearsome than real lightning!”

“You sure are right! With such a powerful elite here, it looks like I can finally feel safe once again!”

After seeing Osnur unleashing his ungodly attack, everyone from Bei Xuan Faction let out a sigh of relief. To them, they had faith that Osnur could defeat Lu Bu.

Unfortunately, their wishful thinking did not come true.

“Those who dare stop me will die!”

Facing Osnur’s ultimate strike, Lu Bu showed not a single ounce of fear. Instead, he glared at Osnur in disdain.

Swish!

Rumble!

In a calmed manner, Lu Bu welcomed Osnur’s attack with his hand knife, and a deafening sound was heard following the clash of their attack. That deafening sound had also caused a huge shockwave! Like a pile dried leaves blown by a leafblower, everyone from Bei Xuan Faction was flung around by the hurricane-like gale. Not even Xiangyu could stand on his feet.

“Ugh!!! This is so terrifying! Could this be the true power of a demigod?!”

“And this just the shockwave caused by the clash of their attack! Imagine being near to the attack! I’m pretty sure we would have turned to dust or a pile of dead meat if we got too close to it!”

“What’s happening now? Who has the upper hand?”

Shaking themselves clear of dirt and after being forced behind tens of meters, everyone could finally stand up on their feet again. Surprisingly, nobody was hurt by the powerful wind that had hit them just now. Immediately, all of their attention turned to Osnur and Lu Bu with the desire to know who had won the fight.

“Wait!!! How... How is that even possible...?”

The people were left stunned by shock, not believing what they had just witnessed.

Blargghh...

Osnur was sent tens of meters away from his original position. Coughing out a mouthful of warm blood, Osnur had to muster all his strength to stand on his feet once again. Seemingly, he had suffered critical internal injuries. Though the both of them were demigods, it was clear that Osnur was way weaker than Lu Bu. Osnur could be considered an elite at an early phase of demigod cultivation. Lu Bu however, was possibly an elite at a middle or later phase of demigod cultivation hence the loss.

“Die!”

With Lu Bu worrying about Diao Chan, he showed no mercy and readied himself to charge at Osnur with the intention of killing him with his hand knife. The truth was, that Lu Bu actually hadn’t wished to kill anyone here. However, if someone had intentions to stop him, he would not mind killing Osnur to serve as a warning to everyone.

Swish!

It was then that Lu Bu was about to land a merciless and lethal strike on Osnur.

“Shit... He is done for sure...” shouted a few people, obviously startled and shaken.

Merely a few seconds ago, everyone thought Osnur was powerful enough to defeat Lu Bu. The reality check had now woken everyone up from their wishful delusions. Once Osnur was dead, the rest of them would surely turn into a pile of dead meat on a chopping board. Soon enough, a wave of despair started to spread like a disease amongst the crowd.

“Okay. We are so dead...”

Seeing Lu Bu’s Ethereal Force powered combat saber was about to land on him, Osnur lost all hope.

“Thousand Snows! Slice the Heavens!”

During that critical moment, a snow-white Ethereal Force was suddenly launched from afar and was targeting Lu Bu.

Shinng!

Seconds later, it clashed with Lu Bu’s weapon producing a metal-on-metal shrieking sound so sharp, that people from miles away could hear it. The bright light from the friction was enough to disperse away all darkness around them.

The snow-white Ethereal Force had turned into hundreds of thousands of tiny droplets and struck Lu Bu.
Swoosh!

Both of Lu Bu's feet remained unmoved but his body was forced back at least a few meters. With a shocked look on his face, he frantically stole a glance at his attacker. He could see that the attacker was a gorgeous woman with three snow-white fox tails behind her. The thing that shocked Lu Bu the most wasn't her looks, but her unparalleled Ethereal Force. After taking a hard hit from Lu Bu, the lady did not even move a single step from where she stood. She was still standing in front of Osnur. Clearly, this woman's cultivation was way more powerful than Lu Bu.

"It's Ms. Bai! That is the lady that our Sifu brought with him earlier! Damn... she sure is powerful!"

"Ms. Bai has just neutralized Lu Bu's attack! We're saved!!! We are safe once again!"

"Our Sifu is the best! I can't believe that he managed to take her in! He's truly the most charming Sifu in this world!"

"I must say this. The only person that I admire now has to be my Sifu!"

Immediately, everyone lit up with a ray of hope once again and they started chatting excitedly about it. The person that had just saved Osnur was none other than Bai Linsu!

"I know that you are Mr. Chen's friend! That's why I only used 70% of my strength to attack you! You better wait here and do nothing for a few minutes! If you make any rash moves, don't blame me for subduing you with a hundred percent of my strength!"

Bai Linsu might have looked demure and tender on the surface, but the way she spoke actually revealed that she was not the type of woman that one should mess with. If she did unleash all her strength, she could have easily defeated Lu Bu.

However, Lu Bu gave a reply that left everyone in shock.

"Get lost now! I don't mind killing a woman at all!"

Everyone thought that Lu Bu was out of his mind. They did not expect that Lu Bu to say such arrogant words when he was obviously on the losing side. Seconds later, they realized that the reason why Lu Bu dared to act in such arrogant manner was because still had a powerful trump card hidden within him.

Swoosh!

Lu Bu then swung his hand and took out a Heavenly Halberd measuring a staggering 14 feet with an image of a golden dragon engraved on it. Reflected by the sunlight in its golden glory, the Halberd looked like a one man army powerful enough to defeat everyone in this world. With the hefty Lu Bu holding it, he now looked like a Heavenly General that one should never ever mess with.

[Red Envelope Group of the Three Realms](#)

Chapter 1509: The Perfect Plan

In a time long ago on earth, Lu Bu fought Old Luo with the Heavenly Halberd. In the end, he was defeated by Old Luo. One should know that the Heavenly Halberd was just a mirage created by the Ethereal Force.

This time though, the Heavenly Halberd followed Lu Bu to the underworld realm, strengthened and honed for over a thousand years, and had eventually become a bona-fide Divine Instrument! The moment the Heavenly Halberd made its presence known, the entire place was flooded by its imposing presence. One could safely say that it was way more powerful than Chen Xiaobei's painting. Immediately, everyone from Bei Xuan Faction took an unconscious step backward.

Even Osnur and Xiangyu could not bear to stand near him, and slowly retreated.

"Tha... That's a One-star Divine Instrument!" Bai Linsu was shocked. All of her confidence was washed off clean.

"Hmph! Smart!" Lu Bu said coldly. "My Heavenly Halberd is actually a Six-star Divine Instrument, but because of the restriction, it can only wield the strength of a One-star Divine Instrument! But that's more than enough to kill you ain't it?"

Bai Linsu was dumbfounded, and her face grew solemn.

She knew very well that demigods were humans, but Divine Instruments were at a 'deity' level and that was way beyond 'human'!

A one-star Divine Instrument was enough to kill a demigod!

Just like the Blood God's Deity-killing painting, if Chen Xiaobei managed to find ten thousand 150,000 combat power evil spirits, it could also be used to kill demigods!

That was why Bai Linsu could say or do nothing. It was obvious that by this time, the conclusion of this battle had already been determined. Bai Linsu would lose – there was no doubt about it!

"Oh, do you think that just because you're keeping quiet, you'll be alright?" Lu Bu raised the halberd with one hand, and ran towards Bai Linsu.

"Those who stop me shall die!" Lu Bu roared and the special ability of the Heavenly Halberd was triggered.

In a shocking swift moment, everyone could see an immense amount of golden rays emitting out of the Halberd, outshining the sun on the clearest of skies. No one could stare at it directly with their naked eyes. Within the midst of the golden light, a ten-meter long tiger with sharp claws had materialized.

Ziiing!

Lu Bu then swung his Heavenly Halberd and the golden tiger savagely charged at Bai Linsu without any mercy.

"Everyone," Bai Linsu's forehead was slick with sweat and her pupils narrowed. "Run! Run now!"

Bai Linsu knew all the better that she could not take on Lu Bu, and besides telling everyone to run for their lives, she could do nothing else.

“Damn! The enemy has a Divine Instrument! Even Ms. Bai can’t seem to fight him! Where should we run to?”

“That Divine Instrument is damn scary! Looks like we’re really dead this time!”

“Sifu? Where did Sifu go? Sifu! Save us! Save us!”

The people of Bei Xuan watched the battle from afar, their hearts in their throats as they cried out for their lives.

Once Bai Linsu was dead, the rest of them would soon follow suit.

Alas, in such a dire moment, Bei Xuan’s leader Chen Xiaobei was nowhere to be seen.

Chen Xiaobei was their Sifu, their religion, their last hope.

However, as Chen Xiaobei was nowhere in sight, they were left in terrible despair.

Some people even squeezed their eyes tightly shut so they did not have to watch Bai Linsu getting killed, while at the same time awaiting for their own deaths to arrive.

“Sifu! Sifu, don’t die!” When she saw that the Halberd was about to strike Bai Linsu’s head, Linghu Shuang instinctively ran to the arena, tears streaming down her face.

“Shuang’er! Don’t come over here! You’ll die!” Bai Linsu’s face and lips were ashen, the rims of her eyes raw and red.

“Even if I die, I want to die with Sifu!” Linghu Shuang had completely lost control of her emotions, and she was running as fast as she legs could carry her, not caring about the consequences of her actions.

“Don’t come here!” Bai Linsu trembled, a river of tears running down her face.

“Stop!” A commanding voice thundered.

All heads turned and suddenly, hope began to rise; the despair on their faces lifted as if they had just seen their saviour.

Lu Bu’s attack suddenly was suddenly frozen, and his murderous eyes turned from Bai Linsu to the person that approached him.

The only person who could turn a situation around with a mere ‘Stop!’ would have to be the faction leader of Bei Xuan, Chen Xiaobei!

“Chen Xiaobei! You’ve finally come!” Lu Bu’s tone was frosty. “I thought you would have been hiding behind a woman like a coward!”

“Oh, I was not hiding! I have only just come because I am now sure that my plan would surely succeed!”

Chen Xiaobei walked over to the arena, and signalled for Bai Linsu and Linghu Shuang to retreat.

“Will you be alright?” Bai Linsu looked worried. “This guy has a Divine Instrument!”

“Don’t worry. He won’t attack me!” Chen Xiaobei smiled.

“Ho... how is that even possible?” Bai Linsu and Linghu Shuang stared at him in disbelief. But knowing that they would be no help even if they stayed behind, the two women retreated to a safe place far away.

“What did you say? I won’t attack you? Has all that fear in you fried your brains?” Lu Bu growled. “Today, I won’t stop until I destroy your Dantian!”

With a loud roar, Lu Bu swung the Heavenly Halberd again, ready to strike at Chen Xiaobei’s Dantian.

“No! That guy is going to attack Mr. Chen!” Bai Linsu and Linghu Shuang exclaimed.

The hearts of the people of Bei Xuan were shaken to the core. “The fight is starting! Will Sifu be able to block that Divine Instrument? It’s too scary! If Sifu can’t do it, then we’re all dead for sure. This is our last chance!”

The entire atmosphere was tense, and everyone in the place were on pins and needles, holding their breaths, with their eyes unblinking.

Whether they won or lost, and whether they would live or die – everything would depend on this strike.

But!

Right at such a threatening moment, Chen Xiaobei remained where his was, unmoved, not avoiding and not blocking the attack.

“You stupid f*ck! What is the meaning of this? Why aren’t you fighting back? Are you looking down on me?”

Lu Bu did not hold back but increased the intensity of his force instead.

“Die now!!!”

With the Heavenly Halberd only inches away from him, Chen Xiaobei said calmly, “Would you like to listen to my plan? The perfect plan that can help you save Diao Chan!”

[Red Envelope Group of the Three Realms](#)

Chapter 1510: Perfect Counter

“Save Diao Chan? That’s the perfect plan?”

Chen Xiaobei’s words had obviously struck Lu Bu, freezing him in his tracks.

Lu Bu instinctively withdrew his force, and put his mission to kill Chen Xiaobei aside.

Evidently, that had stunned everyone. They had really thought that Chen Xiaobei was about to die. They could not believe that what Chen Xiaobei had said could stop Lu Bu’s attack midway. Not to mention that Lu Bu was also holding a Divine Instrument!

Everyone stared blankly at the scene, disconcerted by the sudden turn of events.

It was all very simple, in actual fact. Chen Xiaobei had the key to Lu Bu’s heart, Diao Chan!

“What are you saying?” Lu Bu glared suspiciously at Chen Xiaobei.

“I’ve already settled this matter. We’ll be able to save Diao Chan very soon!” Chen Xiaobei smiled.

“How could this be? Diao Chan is in Shen Gongpao’s hands. How are you going to save her?” Lu Bu frowned. “Tell me now! Explain yourself! If I find out that you are stalling me, and that you’ve found someone to take your place in the finale, I will make sure you die an ugly death!”

“Heh, stall you?” Chen Xiaobei sniggered. “You’re thinking too much! Without me, my team could still win the finale. I have no need to stall you!”

“How’s that possible?” Lu Bu frowned. “Shen Gongpao insisted that I would need to destroy you during the finale so that you cannot join the competition! How could you possibly give up the entire competition? Don’t you want your Dragon’s Edge anymore?”

“Hehe, if you don’t believe me, you can take a look at the group chat!” Chen Xiaobei said.

“Group chat? I’ll check it now!” Lu Bu immediately took out his phone.

Right now, the Three Realms Red Envelope Group was in chaos with everyone freaking out.

Bull Demon King: Why is God Chen still AFK? The competition has been going on for so long... he could at least have said something!

God Erlang: Ugh! Chen Xiaobei must have abandoned the game! He can’t win anyway!

Wei Xiaobao: I think something must have happened to God Chen back on earth. If he loses, then he’ll also lose his black saber!

Goddess Zixia: I think so too! I think that God Chen must have gotten himself into some kind of trouble! The black saber is made by The Prime of Tongtian using Black Demonic Dragon’s bones. God Chen won’t give it up so easily!

God Chejiao: But, even though God Chen is AFK, the weakass team keeping it tight! It doesn’t seem like they would lose anytime soon!

God Erlang: It’s just a matter of time! There’s no castle in this world that would stand forever! Sooner or later, they would lose in this battle!

Tiangong Xingjun: You are right! I have put all my bets on Shen Gongpao’s team!

Emperor Zhenwu: Yep! Shen Gongpao’s team will win!

Crowd: Shen Gongpao’s team will win!

Lu Bu was shocked. “Chen Xiaobei! You... you really are AFK?! What the hell are you planning in your mind?!”

Chen Xiaobei replied, “First of all, I’ve been AFK the whole time. Most people think that something happened to me, and Shen Gongpao would think that you’ve completed your mission and that you have destroyed me!”

“So what?” Lu Bu cocked his head to one side.

“The person Shen Gongpao is most weary of would be me! Right now, he thinks that he’s got me, so he would let his guard down! My plan should be implemented now, and I can guarantee you that it’s going to be very successful!”

“What in the world have you planned? Stop keeping me on my toes and tell me already!” Lu Bu urged.

Clearly, the messages inside the group chat had Lu Bu believing Chen Xiaobei’s words.

If Chen Xiaobei was not confident enough, why would he put his Dragon’s Edge up on stake?

“It was just now that when you were fighting my people, I’ve already asked Monkey King to use the excuse of checking the merit points ledger to harass Shen Gongpao!” Chen Xiaobei chuckled. “Shen Gongpao is competing in the game so he didn’t have time to attend to Monkey King! On top of that, because Shen Gongpao thinks that you’ve crushed me, he’s passed the merit points ledger to a young boy under his charge!”

“Merit points ledger? What does that have to do with Diao Chan?” Lu Bu could not understand what Chen Xiaobei was trying to get at.

“Right now, that boy is helping Monkey King to check the merit points ledger. It is just about now that anyone who uses their merit points to wish for blessings can evade Sheng Gongpao’s control! I’ve just contacted Diao Chan and told her to pray to the heavens immediately!”

“Asking Diao Chan to pray? Pray about what?” Lu Bu asked.

“Just now, I sent a Red Envelope of 10 million merit points to Diao Chan. Combined with her own 80 million, and without Shen Gongpao’s involvement, she can get a place at the Earth God’s Realm!” Chen Xiaobei explained. “Once, Diao Chan becomes an Earth God, she can descend to the Earth God’s Realm and receive a chance to cultivate again to become a deity!”

“What?! You gave Diao Chan 10 million merit points?! How is that even possible?” Lu Bu dared not believe Chen Xiaobei’s utter generosity.

Diao Chan had passed away for nearly 2,000 years now. Even after such a long time, she had only earned 80 million merit points, getting only 40,000 every year!

With Chen Xiaobei sending 10 million merit points to her, would have meant saving Diao Chan 250 years of training.

The sheer value of this Red Envelope was indescribable! That was why Lu Bu dared not believe this to be true!

“I always speak the truth!” Chen Xiaobei answered. “When I sent Diao Chan the merit points, I also sent her a phone! When she arrives at the Earth God’s Realm, she will give me a call. You’ll know very soon that I’m not lying to you!”

“I...” Lu Bu was completely stunned.

The expression on his face was tense. He could not believe that Chen Xiaobei would give up 10 million merit points, but at the same time, he had hoped that it was true for that was the only way Diao Chan could truly escape the grasp of Shen Gongpao.

Lu Bu did think of this method but because he thought the merit points ledger was in Shen Gongpao's hand, and Lu Bu himself could not make it happen.

If what Chen Xiaobei said was true, not only would Diao Chan saved, but it would also release Lu Bu as well – both of them would escape Shen Gongpao's control. That was indeed the perfect plan.

Ding Ring Ring!

Chen Xiaobei's phone suddenly rang.

"Here, pick up the phone!" Chen Xiaobei handed the phone over.

Lu Bu accepted the phone and answered the call. Upon hearing the caller's first words, he froze like a mannequin.

Clank!

The Heavenly Halberd slipped from his hand and fell to the ground.

Lu Bu's eyes welled up, all reddened and swollen.
