#### Chapter 1641: Get Lost If You Refuse to Slap Yourself

“What?! 30 slaps?!”

Everyone was dumbfounded when they heard what Chen Xiaobei had just asked them to do. Considering that they were all top-tier elites on earth, asking them to slap themselves in front of everyone would be the greatest humiliation ever. This was not about face slapping anymore, this was about Chen Xiaobei stepping on the very core of their ego.

“Temple Master Chen... We really know that we are at fault now... Everyone here are respectful individuals... I beg you please spare us this time... We won’t dare to offend you anymore!”

Those who were asked to slap their own faces started to beg Chen Xiaobei desperately.

“Stop acting innocent here! All you wanted me dead just now! Asking you to slap your own face is a very merciful punishment! Well, get lost from my Atlantis then if you refuse to slap yourself!!!” shouted Chen Xiaobei.

Immediately, everyone fell silent. Being kicked out from the Atlantis would mean losing the opportunity of going to other starfields and earning Spiritual Stones. Right now, Spiritual Stones were the most valuable resource on earth. Everyone wanted to look for a golden opportunity to earn more Spiritual Stones.

Slap!

Slap!

Slap!

Suddenly, a loud slapping sound broke the silence. Everyone could see that Ding Xiadong was slapping his face with both of his hands. Clearly, Ding Xiadong was the kind of person that would choose to side with the powerful side over every other thing in his life.

“Great! Faction Leader Ding is a wise man! I will save a spot for you to enter to the starfield next year!” said Chen Xiaobei with a smile.

“Thank you so much, Master Chen! Thank you...”

With a smile on his face, Ding Xiadong did not stop slapping his face. It was a rather hilarious scene to behold.

Slap!

Slap!

Slap!

Slap!

Slap!

Seeing that Ding Xiadong had initiated the punishment, all those demigods who offended Chen Xiaobei before started to slap themselves as well. They tried their best to slap themselves as hard as possible, hoping Chen Xiaobei would save them a slot next year. One should know that the reward for recommending someone to a starfield was 30,000 Spiritual Stones. If a youngster was chosen to go to the starfield, it could bring the person another 100,000 Spiritual Stones! To Chen Xiaobei, that was just a small amount of wealth.

However, to the people who lived on Earth, 100,000 Spiritual Stones was an astronomical amount of wealth. Thinking back, Ding Xiadong's and Tenshou's wealth was only at a measly 100,000 Spiritual Stones. It was evident that Spiritual Stones was such a precious resource on Earth.

Slap!

Slap!

Slap!

The sounds of face slapping echoed loudly in the hall. It was louder than fireworks on Chinese New Year. Six-Eared Macaque and Xiangyu were looking at them in disdain as if they were joke to them. As for Liu Xuanxin and Long Zishan, they were left in shock. They had ever thought that Chen Xiaobei could make all these top-tier elites slap their faces in front of him. The thing that shocked that the most was Chen Xiaobei being the new temple master of South Town Star Temple.

"Temple Master Chen, greetings! I'm..."

Suddenly, Calderon approached Chen Xiaobei.

"I know who you are! You are the demigod from Rothschild Family, Calderon! I know you!" interrupted Chen Xiaobei.

"Damn! Master Chen, you have good memory! I'm honored that you remembered my name!"

"Do you want me to kick you out of Atlantis?"

"Huh? Master Chen... What do you mean by that? I'm volunteering to become your follower. Can I just stay here in Atlantis forever?"

"Then, you should go and slap your own face now!"

"I have never... never offended you before!"

"You are right! I know that you would just stand there and watch me die if all of them attacked me just now! You have never treated me as your ally! So, why should I allow you to become my follower?"

"I... Master Chen! I'm at fault... Please forgive me... I shouldn't have looked down on you! Please give me a chance to redeem myself for the sake of Rothschild Family!"

"Fine! I will give you a chance! Slap yourself 15 times and you can be my follower!"

"Fine! I will do it!"

Calderon now regretted deeply that he had approached Chen Xiaobei. If he could reverse time, he would never approach Chen Xiaobei in the first place.

“What’s happening here? It seems like something exciting’s going on!”

Suddenly, a stern voice could be heard at the entrance. Immediately, everyone was attracted to it. This middle-aged man was wearing a golden dragon robe. His confident strides confirmed that he was a firm and sturdy individual.

This man was none other than the overlord of Northern Wilderness Starfield. There were a bunch of other people following behind him as well. Judging by their looks, they seemed to be very important people. Of course, there were whole lot of other people blocking the entrance. All of them were the overlord’s followers.

“Welcome to Atlantis! Overlord!”

Chen Xiaobei stood up to welcome and greet the overlord.

“Mr. Chen! How did you do it?! Not only you did fix the portal in a month but also rebuilt the entire Atlantis City! This is a pleasant surprise!”

“This is all because of the help that I get from my powerful friends who came from other planets! It’s not possible that I do it alone!”

“I see now! Speaking of which, what happened to them? Why are their faces hurt?”

#### **Chapter 1642: The Third Quest**

“These people are all Earth Jianghu’s God-Ascension cultivators. Because they didn’t know the rules, I punished them.”

Chen Xiaobei swept his gaze across the room at the six demigods who were looking at the ground like frightened little children, too afraid to even breathe.

If the six of them served the temple well, the Northern Wilderness Temple Overlord would be like their God of Prosperity with an endless supplies of Spiritual Stones!

However, if they failed to do their jobs well, the Northern Wilderness Overlord would be like their Reaper, capable of taking their lives.

Right now, Chen Xiaobei was the new Temple Master of whom the Temple Overlord had approved of, and crossing Chen Xiaobei also meant crossing the Temple Overlord.

That was why the demigods were so afraid.

But Sima Liang stepped forward and said, “Mr. Chen! Although you killed Lu Gang, fixed the portal and rebuilt Atlantis, contributing your labour to the Overlord...”

Everyone turned their attention to him. He had just said ‘although’ which meant that the sentence was not yet complete!

“You have yet to complete the Overlord’s final quest! So, you’re not actually the official South Town Star Temple Master yet!” Sima Liang added with emphasis. “You don’t have the authority of the South Town Star Temple Master yet but you did as you pleased, and beat the guests until they looked like this! You disrespect the Temple! You disrespect the Overlord!”

Suddenly, everyone’s demeanor changed.

“Chen Zhufeng! The nerve you have!” Zhou Daoxian roared. “You are not the Temple Master yet and you have the nerve to humiliate us like that! How defiant!”

“Chen! You are a savage!” Xu Shiqiu added. “You did not have the authority yet you beat us without seeking permission! That’s insolence towards the Overlord!”

“No! That’s not simply a matter of insolence!” Ding Xiadong followed suit. “We are all invited guests of the Temple Overlord! Chen Zhufeng hitting us meant that he was slapping the Overlord in the face as well!”

If Chen Xiaobei was the South Town Star Temple Master, these six demigods would not have criticized him so harshly.

However, it seemed that Chen Xiaobei was not the Master of the South Town Star Temple!

Sima Liang even appeared to be accusatory!

Sima Liang was the brains of the Northern Wilderness’ think-tank! He was the one who legitimized half of the important policies in Northern Wilderness Starfield. The other half required his input before being implemented!

If the Temple Overlord was the Emperor of the starfield, then Sima Liang was his left hand!

Sima Liang’s accusation indicated that Chen Xiaobei’s rise to South Town Star Temple Master was not yet complete!

That was why Zhou Daoxian and Xu Shiqiu dared to scold Chen Xiaobei.

The other six demigods were no fools either. They understood what was at stake and were infuriated.

“Overlord!” The demigods called out, complaining at once.

“Chen Zhufeng, this bastard is so conceited! He’s dictatorial and commits outrage! He has no respect for you! He’s such a despicable creature!”

“This kind of person should not be allowed to become the Master of South Town Star Temple! He’ll be like a cancerous growth to the Temple! He will stir up trouble for all of Earth’s Jianghu and make sure we have no way of getting by!”

“Please, Overlord, sir! No matter what, you cannot let Chen Zhufeng become the Temple Master!”

“Please Overlord... We beg you...”

The demigods had gone down on their knees, bowing their heads to the ground, crying out as if someone had just passed away.

“Everyone! Please calm down!” The Overlord finally spoke. “Mr. Chen and I have made an agreement. He needs to complete three quests in order to become the Master of South Town Star Temple! Right now, the third quest is about to begin. He may not be able to succeed!”

When they heard this, the six demigods were ecstatic, shooting spiteful glares at Chen Xiaobei.

It was obvious that the person that these demigods truly feared was the Northern Wilderness Overlord!

If Chen Xiaobei failed to complete the third and final quest, he would not be made the Temple Master nor would he receive the approbation and protection of the Overlord.

The demigods could then join forces and kill Chen Xiaobei.

On top of that, the Overlord had brought a large number of people with him. Those who had entered the grand hall were all the Overlord’s honored guests made of officials and dignitaries. Those who have yet to enter were no common people either!

Now that the whole situation had been blown out of proportion, if Chen Xiaobei failed to complete the third quest, he would not be able to leave this place!

Everything now completely hung on this final quest!

Chen Xiaobei shrugged. “The Overlord came to Earth personally, which meant that you’ve come with the third quest ready. Let us not delay the matter further. Please announce the task!”

“Heh, Mr. Chen really is quite gutsy – swift and decisive like the wind, and never slow to agree!” The Overlord chuckled. “I have indeed brought you the final quest. Please come with me Mr. Chen, and you’ll see what the final task is!”

Everyone followed them out of the hall.

Outside was a plaza so spacious that one might have mistook it for a parking lot but instead of cars, there were hundreds of people standing in two groups.

On the left was a group of about 50 people all dressed in black robes. The expression on their faces were of contempt and malevolence, glaring at Chen Xiaobei as if they wanted to skin him alive!

Chen Xiaobei knew these people – they were all the core members of the South Town Lu family.

The master of the house Lu Mingjun was among them. There was also another old man whose aura was much stronger than Lu Mingjun – he was the Temple’s Core Elder, the great grandfather of the Lu family, Lu Tianheng!

The animosity between Chen Xiaobei and the Lu family could be summed into one word – interminable!

On the right side of the camp were also about 50 people, dressed in extravagant, expensive clothing, lined in swathes of copper, and wearing the same angry faces!

Chen Xiaobei recognized these people as well – they were the wealthiest family in Northern Wilderness Starfield, the Tie family!

The master of the family Tie Jingtao was the President of the Northern Wilderness Chamber of Commerce. The other core family members such as Tie Nulang and Tie Hongji were present as well.

Previously, Chen Xiaobei had extorted 500 million Spiritual Stones from the Northern Wilderness Chamber of Commerce and killed Tie Nulang's son, Tie Juzhe!

The hatred sowed between them could only be described in the same way – interminable!

What was this final task the Northern Wilderness Overlord had that brought the Lu family and the Tie family to Atlantis?

#### **Chapter 1643: Fight to The Bitter End**

"Mr. Chen, these are all your acquaintances. You don't need me to introduce them, do you?" The Northern Wilderness overlord said with a hint of amusement in his voice.

Chen Xiaobei his eyebrows. "They are the third task that you're giving me? That's refreshing!"

"So, can you guess what the subject matter is?" The overlord asked.

"That's very obvious! These two families loathe me! They wish they could skin me alive! This third task is for me to fight them to the death, am I right?"

The overlord shook his head. "You can't exactly say that! I don't want you to die; on the contrary, this task is for your own good! First of all, you are still in your salad days. Most people in Northern Wilderness Starfield will not accept you! You see, I've brought all of the Temple's core members and some governors from some very important planets here today! Defeat both the Lu Family and the Tie Family, and your prestige will be given credence. From today onwards, no one would ever dare dismiss you for your age as a young Temple Master!

"Secondly, revenge breeds revenge; when will there be an end to it? If you can settle this animosity between you and these families once and for all, you, your family and your friends will be able to live in Northern Wilderness Starfield without worries! If this bad blood is unresolved, when your family walks on the street, someone might attack you! The meal that you share with your friends might be poisoned! That is why in order to secure your position as the Temple Master of the South Town Star Temple and for you to gain a firm foothold in Northern Wilderness Starfield, you cannot withdraw from this fight!"

The overlord spoke calmly and frankly; he had obviously prepared this speech beforehand.

He made it sound as if he really was concerned for Chen Xiaobei, and was paving the road for him.

But Chen Xiaobei knew very well that this was all to fool him!

Everything the overlord had talked about was built on the basis of Chen Xiaobei winning!

If Chen Xiaobei wins, he would definitely be building a reputation for himself and be able to secure his place in Northern Wilderness Starfield.

But! What the overlord failed to mention was what would happen to Chen Xiaobei if he lost.

The answer was simple!

If Chen Xiaobei loses, the Lu Family and Tie Family's hatred for Chen Xiaobei would mean a macabre death for him and all of Chen Xiaobei's friends who were present!

Worse still, the Bei Xuan people in the secret space would have to live in hiding for eternity, unable to set foot on Earth and the Northern Wilderness Starfield lest they be hunted and killed!

The overlord said nothing about that dreadful consequence, claiming only that he was doing this for Chen Xiaobei's own good!

Only a fool would believe such nonsense!

Chen Xiaobei saw through this but he played along. "Your Eminence is so considerate of me. It is my honor to oblige!"

"So, are you brave enough to take on this task?" The overlord asked.

Chen Xiaobei shrugged. "I am, but let's lay down the rules first! What are the restrictions? Can I bring my backup or do I have to fight on my own?"

Before the overlord could speak, Lu Tianheng bellowed, "You can bring whatever backup you want! At the end of the day, you and all of the people related to you are going to die anyway! Whoever you bring into this fight, I will slaughter!"

Ding!

[Cultivation: Middle phase of Ethereal Cultivation; Lifespan: 1,264 years; Health: 800,000 Combat power: 800,000]

Chen Xiaobei did a quick sweep of the old man's competency.

800,000 combat power!

That was 150,000 more than Six-Eared Macaque who was the strongest in Chen Xiaobei's group!

On the premise that the Chaos Blood Sword and the Blood God's Deity-Killing painting were not used, Lu Tianheng alone could easily kill Chen Xiaobei and all of the people who were on his side!

Ignoring Lu Tianheng, Chen Xiaobei asked the overlord, "Overlord, I can find help, right?"

"Yes!" The overlord nodded. "Not only can you seek help from those who are present, you can also seek help from your friends from other high-ranking starfields!"

Chen Xiaobei grinned, "Mm, that's great! I really am not capable to fight them on my own!"

In reality, Chen Xiaobei only needed to use either his Chaos Blood Sword or the Blood God's Deity-Killing painting to wipe out all of the Lu and Tie Family with ease.

But with so many people watching, the news about his Chaos Blood Sword and Blood God's Deity-Killing painting would spread like wildfire throughout the entire Northern Wilderness Starfield and even the entire human realm!

If that was the case, elites from high-ranking starfields and even from Earth God realms would come searching for Chen Xiaobei to rob him of these Earth God instruments.

At the moment, Chen Xiaobei was not very strong. If elites of Wei Zhonglie's caliber came for him, they could easily take Chen Xiaobei out and take possession of his Chaos Blood Sword and Blood God's Deity-Killing painting!

So, unless Chen Xiaobei was under disguise, he could not bring out these weapons in front of this crowd!

Of course, he could always get rid of all these eyewitnesses to prevent that information from spreading.

But not today!

Other than those from the Tie and Lu Family, the overlord had also brought many other very important people who were innocent, including Wenren Jinghao and Dong Zhuo.

Complete annihilation was not a viable option because his conscience would not allow him to do it, and without these people managing the starfield, Northern Wilderness would fall into complete chaos!

Not doing that meant that Chen Xiaobei could not use both the Chaos Blood Sword and the Blood God's Deity-Killing painting.

"Do you have anymore questions?" The overlord asked.

"One more!" Chen Xiaobei said. "This fight, is it to the death or are we supposed to pull punches?"

"The Lus are criminals, traitors who are to be executed into the third generation. You are free to kill them all!" The overlord paused for a moment and then added hesitantly, "The Ties and I share a close tie, and they are the economical lifeline of the Northern Wilderness Chamber of Commerce... I think you should pull your punches on them!"

Chen Xiaobei nodded, "So if I do that, will Tie Family would have to hold back on me as well?"

"Of course!" The overlord confirmed. "This is a fair fight! If you are not allowed to kill the Tie Family, they shouldn't be allowed to kill you either!"

"No!" Tie Jingtao suddenly boomed. "We don't need him to hold himself back! We want to fight this piece of shit to the death!"

Chen Xiaobei shrugged. "Whatever you want – I, Chen Zhengfeng, will fight you to the end!"

#### **Chapter 1644: Unexpected Gust**

"Great! This is great! So, you are volunteering to get involved in this matter, right?! Tie Family will definitely make sure that you die a horrible death!"

Tie Jingtao shouted at Chen Xiaobei in a hysterical manner.

"President Tie! I don't think that's necessary at all! The Chamber of Commerce is the most important foundation of my Northern Wilderness Starfield! I don't think I can manage it well without Tie Family!" said the overlord.

"No! He killed my son! I have to avenge my son! I have to be the one that chops off his head! He needs to die no matter what!"

“But...”

“My Lord, you don’t have to talk me out of it anymore! My brother and I have thought about it for a long time and we have made up our mind! Chen Zhufeng has to die! My Lord, are you worried that all of us here will lose to him?”

“Fine! Do whatever you wish! You may fight till the death!”

It seemed like the overlord had already expected that Chen Xiaobei was going to lose this fight. That was why he agreed to the fight anyway.

“The battle can begin any time from now!” announced the overlord.

Immediately, all those not related retreated to a safe distance to watch the battle. Zhou Daoxian and his people were the first who made the retreat. They were all but waiting for Chen Xiaobei to be killed in the battle. As for Xiangyu and others, they had chosen to stick with Chen Xiaobei no matter what. Though the enemy’s side might have the advantage, Xiangyu and the rest of them would never leave Chen Xiaobei whatever the outcome may be

Long Zishan and Liu Xuanxin had decided to side with Chen Xiaobei as well. However, they felt really worried about Chen Xiaobei’s current situation. To them, they knew that Chen Xiaobei could never win this fight no matter what. After all, they were just the elites who lived on Earth. All those elites that came from starfields were like gods to them. At the same time, Dong Zhuo and Wenren Jinghao started feeling guilty about the whole thing.

“We are the ones who suggested Mr. Chen to take over Lu Family to control the South Town Star Temple! I have never thought that it will lead to this life-threatening predicament.” said Dong Zhuo.

“It’s too late now! I didn’t know the overlord would come up with such difficult test for Mr. Chen! Clearly, he is trying to kill Mr. Chen!” said Wenren Jinghao.

At the same time, the elders from temple and governors from other starfields were sighing as well.

“Sigh... Mr. Chen is a good man! If it wasn’t for him protecting us at the forest, most of us here would have been killed by the demonic beasts!”

“You are absolutely right... Mr. Chen is our savior! Unfortunately, he messed with Tie Family! I don’t think he will end well!”

“Should we try to stop the fight?”

“This is not possible! Lu Tianheng was the core elder of the temple and now he is a prisoner! Lu Family has completely ceased to exist... And Tie Juji is dead, not to mention that they lost 500 million Spiritual Stones as well! No one can stop the fight right now!”

“That’s right... Not even the overlord can stop the fight... No matter what, the Lu and Tie Families will definitely kill Mr. Chen today!”

“Sigh... It’s a shame that Mr. Chen is going to die here!”

A lot of them were grateful for what Chen Xiaobei did for them at the forest.

“Chen! Are these your allies? Are there more? Just summon them here! I will kill them all at once! I don’t want to waste my precious time hunting them!” shouted Lu Tianheng.

Shinng!

Shinng!

Shinng!

Dozens of people from Lu Family drew their weapons. They were aiming at Chen Xiaobei and all those who chose to take his side.

“Elder Lu! You can kill the rest of them! However, you must leave Chen Zhufeng for us! Tie Family has dominated the Northern Wilderness Starfield for hundreds of years! We have never experienced such ridiculous shame before! In the name of our family, we brothers have to kill him!” shouted Tie Jingtao and Tie Nulang.

Shinng!

Shinng!

Shinng!

Dozens of people and assassins from Tie Family drew their weapons as well. They were ready to charge at Chen Xiaobei and shred him into pieces.

“Xiaobei... The enemies are going to charge at us soon! What should we do now?!” asked Liu Xuanxin.

“What should we do now? We don’t have to do anything! Let’s just stay here!” replied Chen Xiaobei with his shoulders shrugged.

“What did you just say? We don’t have to do anything?”

Upon hearing that, everyone was left in shock.

“Aren’t you going to use the Blood God’s Deity Killing painting and Chaos Blood Sword to kill them?” asked Jiang Ziya.

“Of course not! Just stay here! Everyone including me shouldn’t have to do anything about it!” said Chen Xiaobei.

“Why... What’s the logic behind it? We are going to be killed by them if we don’t do anything about it!”

“Don’t worry! We will not die!”

Swoosh!

Swoosh!

Swoosh!

At the same time, hundreds of people from the Tie and Lu Families had finally charged their Ethereal Force to the max, ready to launch their ultimate attack at Chen Xiaobei.

“Son of a bitch! Draw your weapon! Are you afraid of us now?! Or are you going to stand there and let us slaughter you?!” shouted Lu Tlanheng while charging at Chen Xiaobei.

“Don’t think that we will show any mercy to you! You are going to die a horrible death today!” shouted Tie Jingtao.

“Xiaobei! Stop messing around! Fight back now! Otherwise, we are all going to die!”

Liu Xuanxin was now in a panicked state. Everyone around him was hit by despair as well. Suddenly, a portal appeared in front of them and two people walked out of it.

“Ah Bu! Where is my Xiaobei? Where?”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1645: Obliteration at the Wave of a Hand**

The voice in question came from a beautiful and alluring woman.

Her face was exquisite, devoid of flaws and held reminiscence of classic charm; her physique impeccable as if the gods had broken the mould themselves – a work of art on her own!

In the pink trumpet sleeve tulle dress, she gave out the appearance of a goddess, graceful and elegant!

Next to the woman was a man, big and strong with a striking demeanour, and meandering eyes as fierce as a tiger’s and steely as that of a wolf!

Even though the Murderous Qi from this man was overbearing, whenever he looked at the woman next to him, his gaze would always soften significantly and his expression tendered up.

Evidently, two were Lu Bu and Diao Chan!

“Bro Bei should be here too!” Lu Bu pointed ahead.

On the account that the transportation portal was on an elevated platform, they were able to see everything that was happening down there – hundreds of people carrying weapons, their faces oozing with murderous intent, ready to rip their prey apart!

Lu Bu’s brows creased. “Chan’er! You better go help! There are hundreds of people getting ready to kill Bro Bei! He won’t make it if we’re late!”

“What? People actually have the nerve to kill my brother Xiaobei!” Diao Chan suddenly exploded into a frightening rage. Her daintily embroidered shoes hit the ground, and she disappeared.

When Shen Gongpao captured Diao Chan to blackmail Lu Bu into working for him, Chen Xiaobei could have killed Lu Bu and turn a blind eye to Diao Chan’s ordeal. Instead, Chen Xiaobei took out a large portion of his hard-earned merit points, amounting up to a whopping 10 million to help Diao Chan become an Earth God, thus saving the couple!

This kindness was etched into Diao Chan and Lu Bu’s hearts to the point that if anyone dared touch a hair on Chen Xiaobei’s head, the couple would literally rip that person into shreds!

Swoosh!

A pink silhouette appeared in the sky above the Lu and Tie Family, magnificent and dreamy like blooming cherry blossoms.

The pink radiance streamed in to form beams that came together to manifest a pink Divine Light Formation!

“What... is that?”

The appearance of the pink light had taken everyone by surprise. Even the 110 heavily armed opponents of Chen Xiaobei took a step back unconsciously, lifting their gazes to the sky!

Whoosh!

A beautiful image of a woman flashed before their eyes and swooped down to land before Chen Xiaobei.

“Huh? Who is this woman? She’s really beautiful!”

The men who were ready to charge forward were completely distracted.

They had never seen such a stunning creature in their entire lives. She was like the goddess of their most firecast dreams, so beautiful she was literally flawless from every angle.

In fact, it was not only these men, but the Northern Wilderness officials and aristocrats standing far behind were also staring at her lustfully, secretly salivating.

Even the overlord of Northern Wilderness could not help but ask, “Who is this woman?”

Sima Liang swallowed, “I’m not sure either... I’ve never seen nor heard of such a breathtaking beauty...”

“Sakura! Spirit Blade!” Under the hundreds of leering gazes, Diao Chan raised a porcelain hand and waved it towards her front.

There were no fancy moves, nor were there any sinister secret weapons – just the simple wave of a hand!

Zing!

A pink arc like a crescent moon sliced through the air so quickly it was all but a blur to the naked eye, which then released a terrifying energy!

When the pink crescent swept past, a violent gale blustered looking like it was about to sweep the entire place away! The ground trembled fiercely as a result, and pryed open alarming trenches in the ground!

Horried, only one thought ran through the people’s mind – powerful!

Very powerful!

Perversely powerful!

Zing!

The pink crescent bent towards the Lu Family and Tie Family and swept across like a blade slashing through paper!

The crescent had sliced about seventy to eighty people at the waist causing the upper half of their bodies to be removed from the bottom half like fallen trees, spraying red everywhere and hurling organs all over the place. Everything that came in contact with the strange crescent were now inanimate.

“My god... That... What is that woman... Her combat power... is... alarming...”

Cries of horror gradually filled the air.

Even the powerful overlord of the Northern Wilderness was gawking, his jaw slacked in incredulity.

Taking out eighty people with one strike was not a difficult task. Most of the people who were present there could also do it.

However, among the eighty people who were so simply halved, none of them were ordinary people!

Lu Tianheng and Lu Mingjun were among them! There were even three demigods, and the rest were all Ethereal Cultivation elites!

It was just a single wave of a hand, and all of these people were slaughtered before they could so much as utter a reply.

The stunning woman’s cultivation was terrifying.

She had made the overlord look like a weak kitten – easily executed with one swing of her hand.

“Earth God! That woman is an actual Yuan Shen cultivation Earth God!”

The overlord screamed, “Earth... Earth God??”

In the hundreds and thousands of starfields in the human realm, Earth Gods were supreme! The absolute ruler of everything! Untouchable hegemony!

Whenever an Earth God presented themselves in a situation, everything would automatically be under their control. They only needed to think it, and every living thing would be destroyed.

Diao Chan was probably not used to her controlling her powers so the strike was a little unbalanced; or else all hundreds of them would have died.

Among the eight people, the Lu Family was practically completely destroyed, leaving only about twenty people from the Tie Family who had managed to evade death.

“Greetings, Earth God Master! Why have you come here?” The overlord smiled obsequiously as he bowed to the woman.

The other hundreds of people followed suit.

Instead of acknowledging the gesture, the woman turned around to face Chen Xiaobei and asked, “Bro Xiaobei, are you alright?”

“If even one hair is missing from Bro Bei, I, Lu Bu, will kill everyone here!” Lu Bu had arrived next to them holding the Heavenly Halberd, giving off the aura of an Earth God!”

Suddenly, there was but a pin drop silence in the place!

## Red Envelope Group of the Three Realms

### **Chapter 1646: Clear the Battlefield**

The Earth-God lady and the man that was holding an Earth-God weapon addressed Chen Xiaobei as Bro Bei. Presently, almost all the people present knew that Chen Zhufeng's real name was Chen Xiaobei. Immediately, everyone took a quick glance at Chen Xiaobei. Even Liu Xuanxin and Long Zishan were left in shock, unable to absorb the shocking incident that had unfolded before their eyes.

On the battlefield, the remaining 20 Tie Family's survivors were drenched in blood. Standing beside the broken bodies, they were all shaking in fear. Some of them even peed their pants. As for Zhou Daoxian and his gang of allies, they were standing there, petrified. In their eyes, one could see that their spirits were now weak with fear and they were completely terrified by that they had just witnessed. The overlord which was still bowing and the other high-ranking officers were also in a similar state of bewilderment.

"Erm... Both of you... are here for Mr. Chen?"

Diao Chan ignored the overlord and ran to Chen Xiaobei. She took a good look at Chen Xiaobei to make sure that he was well before letting out a breath of relief.

"Bro Bei is our benefactor! Are you trying to kill Bro Bei as well?!" asked Lu Bu with his Heavenly Halberd pointing at the overlord.

Sii...

"No... No... No... Mr. Chen is my most trusted subordinate! I'm going to make him the official master of South Town Star Temple! I will never hurt him no matter what!" replied the overlord.

"Subordinate?! Are you even worthy to become my Bro Bei's boss?!"

"No... No... No... Mr. Chen is my most trusted friend! That was a slip of the tongue, an honest mistake!"

"Well, it sure sounds better now!"

Lu Bu then turned around and walked towards Chen Xiaobei. Noticing the way Diao Chan and Lu Bu acted towards Chen Xiaobei, the overlord could no longer figure out who in the world Chen Xiaobei really was.

"Chan'er, why did you kill only half of those who wanted to kill Bro Bei? The rest of them are also trying to kill Bro Bei!"

"I was worried about Bro Bei, so I had to check on him first!"

After that, Diao Chan got back into the battlefield.

"Oh my god..."

Right now, Diao Chan was the reaper which was about to harvest their souls. Those she was extremely gorgeous, it did not hide the fact that she was merciless and extremely powerful as well.

"Mercy please... Please spare our lives! Mr. Chen! Please..."

Immediately, every single member of Tie Family kneeled down and started to beg for their lives. Considering that they were not powerful enough to defeat Diao Chan and Lu Bu, they had to start begging if they wanted to live to see tomorrow. Instead of killing them right away, Diao Chan chose to wait for Chen Xiaobei's decision first.

"Before the battle begins, I mentioned that none of us should do any killings, but you guys insisted to kill me! So, why should I spare your lives right now?"

"Erm... Overlord, please help us... Tie Family has helped out with the Chamber of Commerce for aeons! The Chamber of Commerce will stop working if our entire family is eliminated!"

The overlord knew that things in the Northern Wilderness Starfield could take a turn for the worse if everyone from the Tie Family was dead.

"Mr. Chen! You are my best friend! From today onwards, South Town Star Temple belongs to you! Can you please spare our lives..."

"No! If I'm not mistaken, you told me that everything that you do is for my own good and if I don't settle this score, my family and I will be killed by my enemies eventually! You also told me that someone might poison us when we eat!"

"About that..."

Rendered completely speechless, the overlord knew that he was indeed the one who said all those things earlier.

"I'm actually a coward. So, in order to prevent my enemies from killing me in the future, I'm going to end the entire thing for good before it gets out of hand!"

"Hold on! Mr. Chen! Tie Family really matters a lot to our Northern Wilderness Starfield! The economic lifeline of our planet lies with Tie Family! If the entire Tie Family is destroyed, I'm afraid the entire planet will go to recession!"

"I don't think so! There are hundreds of planets in the Northern Wilderness Starfield! I believe that there are a lot of talented people who can take over their position! I know a very qualified person for the job called Gu Congwen. You can hire him to be the manager of the Chamber of Commerce! I'm pretty sure that he can get the job done... and very well at that!"

"What?!!! Are you the overlord or I'm the overlord?! This is an important decision, and you don't get to decide it!"

The economy of the Northern Wilderness Starfield was closely connected to the overlord. That was why he wanted someone he knew to become the manager of the Chamber of Commerce. Not only did Chen Xiaobei wanted to kill Tie Family, but he also asked someone unknown to the overlord to become the manager. Thinking that his source of wealth was going to be cut off, the overlord was forced to voice out his opinion.

"I know you are the overlord but I'm not going to listen to what you have to tell me!"

"Chen Zhufeng! You better watch your manners with me! Don't you forget that I have poisoned you! With only a simple snap, I can kill you with ease!"

“What poison? Hehe... Little Diao Chan! Kill all of them!”

“Sakura Rain!”

Without saying a single word, Diao Chan started to do the killing. Before they could realize it, the sky was filled with countless pink dots, like cherry blossoms falling from their trees.

“Land!”

Swoosh!

Swoosh!

Swoosh!

All the pink dots fell to the ground at an extreme speed.

Bam!

Bam!

Bam!

The fallen pink dots then exploded on all 20 Tie Family members. When it came to cultivation, all 20 of them were considered to be powerful elites. The moment the pink dots landed on their bodies, they swiftly exploded before they could do anything to stop it. Seconds later, the entire place was filled with blood and flesh.

“Chen Zhufeng! I want you to die!”

Immediately, the overlord attempted to activate the poison inside Chen Xiaobei’s body!”

“What kind of curse is that?! I don’t feel anything at all!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1647: Have a Chat with Him**

“H... How is that possible...” The overlord stammered. He repeated the curse again a couple times more but nothing happened. “This is impossible... This is absolutely impossible... My curse has never failed before!”

“Don’t waste your energy! Your curse is useless against me!” Chen Xiaobei told him.

The truth was, Chen Xiaobei had used the Nine Twists Thousand Hearts herb to break the curse earlier on, so he was no longer under its control but as the overlord was unaware of this he began to question himself.

“Alright, both the Lu Family and the Tie Family are eradicated!” Chen Xiaobei shrugged. “According to the agreement, I am now the Temple Master of South Town Star Temple. If there’s nothing else, overlord sir, please bring the officials and the aristocrats inside. I need to take care of some Earth Jianghu’s household matters!”

That was basically a dismissal order to the overlord and his guests, making it plain to these people that Earth's Jianghu belonged to Chen Xiaobei, and that, from now on, the overlord was not allowed to meddle with its matters!

"My goodness... What did I just hear? Is Mr. Chen declaring independence?"

"Heroes really are made young! Mr. Chen looks really young on the outside, but he's actually so powerful!"

"Yeah... Our Northern Wilderness Starfield is nothing to him..."

The officials and aristocrats blathered amongst themselves.

They thought that Chen Xiaobei was being played by the overlord, and was in grave danger. They had never imagined that Chen Xiaobei was the one who was actually in control all this while.

The once mighty overlord had lost all dignity to a young upstart called Chen Xiaobei.

"My god... We're dead for sure..." Zhou Daoxian inhaled sharply; his face was as white as a sheet.

Ding Xiadong and Xu Shiqiu swallowed. "How did Chen Zhufeng manage to have Earth God friends... If the overlord leaves, we're all going to die..."

The other demigods were also in low spirits, their faces drained of color and their hands and feet shook uncontrollably.

Moments ago, they all wanted Chen Xiaobei dead but right now, they were all terrified that they were going to die in Chen Xiaobei's hands.

On the other side, Long Zishan was still stunned by the events that had unfolded. "Faction Leader Chen really is something phenomenal... you actually got an Earth God to kill your enemies for you..."

Jiang Ziya chuckled, "Xiaobei has always been a loyal friend, always willing to lend a helping hand to his friends. Of course, his friends would come and help him when he needs it!"

"His friends are incredibly powerful..." Liu Xuanxin's gaze landed on Diao Chan, and to her own bemusement, felt a sting of jealousy.

Xiangyu and Six-Eared Macaque too, were very excited. "Xiaobei has many powerful friends! They are just not in this part of the world!"

"Not in this part of the world?" Liu Xuanxin looked confused. Chen Xiaobei was like a fog, or even a black hole. No one could ever see through him.

"Chen Xiaobei! You've gone too far!" The overlord had not left. "Atlantis belongs to my Northern Wilderness Starfield! If you want to be the Temple Master of South Town Star Temple, you have to obey me!"

"It seems like you don't plan to leave this place alive!" Lu Bu swooped in, the Heavenly Halberd ready in his hands.

"You... Don't... Don't you come here..." The overlord swallowed. "Don't say that I didn't remind you that I'm not simply the overlord of Northern Wilderness, and my Sifu is the great Elder of Heaven Dominating Faction! If you hurt me, you will pay for it dearly with your lives!"

"I don't care what faction you're from! If you don't obey, I will cut your head off!" Lu Bu growled.

"A... Are you crazy? You're not afraid of Heaven Dominating Faction?" The Northern Wilderness overlord said. "My sifu is in the middle phase of Yuan Shen cultivation! He can crush all of you like cakes! I am not joking!"

"You really want to die!" Lu Bu was growing impatient, and he raised his hand to attack.

"Hang on!" Chen Xiaobei suddenly spoke. He looked at the overlord and asked. "Is your sifu really an Elder of the Heaven Dominating Faction?"

No one knew who Heaven Dominating Faction was, but Chen Xiaobei did.

The 1.4 million combat power God-Ascension cultivation Wei Zhonglie was all but a core disciple in Heaven Dominating Faction.

It was plain to see that the Elder of Heaven Dominating Faction was a person of an Earth-God level.

"Why? Are you scared now?" The overlord was growing bold. "If you hurt me, my Sifu will finish you off!"

"Arrest him!" Chen Xiaobei said.

"Huh?" The overlord nearly tripped over himself. "Chen Zhufeng! You're insane! My Sifu is the Elder of Heaven Dominating Faction! How dare you touch me..."

Swoosh!

Before he could finish his sentence, Lu Bu was already charging forward, fierce and savage as a mountain lion.

Chen Xiaobei thought for a while and then said, "Diao Chan, go help Lu Bu! I think the overlord owns three Earth God instruments!"

"Alright!" Diao Chan smiled sweetly.

"Arggggh..." A shrill cry echoed through the place when Lu Bu used the end of his halberd to strike the overlord in the face. The overlord was sent flying through the air and his face was now distorted.

He was simply lucky that Chen Xiaobei had ordered for his arrest and not his demise.

Lu Bu had only used the blunt end of his halberd instead of sharp blade at the tip. Otherwise the overlord's head would have been sliced open like a juicy watermelon.

"Be good!"

Lu Bu jammed the halberd against the overlord's neck with one hand, and picked him up by the collar with the other as if he was carrying a dead dog.

“Brother Xiaobei! This idiot can’t have any Earth God instruments, right? He’s so weak!” Diao Chan pursed her lips. She did not need to offer her help to Lu Bu.

Chen Xiaobei was troubled. “That’s strange... Didn’t Linghu Shuang tell me that the overlord has three Earth God instruments?”

The truth was before them – the overlord of Northern Wilderness did not possess any EarthGod instruments or else, he would not have ended up like this.

“Bro Bei! Here he is!” Lu Bu brought the overlord over to Chen Xiaobei.

“Detain him first and keep an eye on him!” Chen Xiaobei said.

“No problem!”

Lu Bu nodded, and then dragged the overlord back into the hall.

Chen Xiaobei walked to the front and said, “Uncle Wenren, Governor Dong, please lead everyone back. I’ll have a quick chat with the overlord first and then I’ll send him back to the Northern Wilderness!”

“Mr. Chen! Don’t do anything reckless! Without the overlord’s rule, the Northern Wilderness Starfield will fall into chaos!” Wenren Jinghao said nervously.

“Don’t worry. I really am just going to have a chat with him!” Chen Xiaobei smirked.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1648: My Jianghu**

“Mr. Chen! That’s not for us to joke about! The overlord is the backbone of the Northern Wilderness Starfield! We can’t let anything happen to him!” said Dong Zhuo in a worried manner.

The overlord was, after all the king of the entire starfield. Civil war would break out if the other planets knew that their king was dead. By that time, swathes of people would die because of that. In the worst case scenario, the entire Northern Wilderness Starfield could be ceased to exist.

“You guys don’t trust me? Quickly ask them to leave this place!” said Chen Xiaobei while staring at the overlord.

“This...”

The overlord could not figure out what was Chen Xiaobei trying to do.

“Didn’t you hear what Bro Bei just said?!”

Lu Bu glared at the overlord signifying that he could slit his throat whenever he wanted to.

No... Please don’t kill me... Everyone! Leave us! Are you guys trying to kill me?!”

“Yes... Yes... Yes... We will leave now! Mr. Chen! Please don’t kill him!”

Dong Zhuo and Wenren Jinghao were worried that the whole thing might spiral out of control. So, they hurried off to send all the high-ranking officers to the portal. After that, Chen Xiaobei looked at Osnur and signaled him to follow them. The portal had been recently built by Bai Linsu and it could only be

operated by certain people. Osnur was the person that Chen Xiaobei chose to manage the portal. After all, Osnur's combat power was only 500,000. There was nothing he could do to help Chen Xiaobei even if he stayed here.

Besides, Osnur was really familiar with the Jianghu on earth. With the Heavenly Dog Biscuit that he consumed last time, his loyalty was sworn only to Chen Xiaobei. Right now, the entire place was left with Chen Xiaobei and the ones who were instructed to slap their own face just now. As for the overlord, Chen Xiaobei had made him stand aside first. He would deal him lastly.

"Mr. Chen... Faction Leader Chen... Temple Master Chen... Spare our lives please... I beg you..."

Filled with fear, the entire group of demigods started to cry their hearts out to beg Chen Xiaobei to let them live.

"Zhou Daoxian, Ding Xiadong, Xu Shiqiu, Shuldean, and Betadalf! I want all five of you to come out right now!" said Chen Xiaobei.

It looked like nothing good was about to happen to them since Chen Xiaobei called out their name specifically. Right now, Chen Xiaobei was like their god and they had to do whatever Chen Xiaobei asked them to do.

"Mercy please... Faction Leader Chen, please spare our lives!"

With Zhou Daoxian taking the lead, all five of them knelt down on the floor and crawled to Chen Xiaobei.

"Tell me now. How many times have I spared your lives? How many times have I saved you and how many times have you guys attempted to kill me? I have shown you all the mercy that I have within me! Today, the five of you have to die no matter what!"

"No... Please don't do this to us... We swear our loyalty to you! We will never think of killing you anymore!"

Immediately, the five of them started to knock their heads on the ground to show their sincerity. They knocked so hard that the floor in front of them started to shatter.

"Your words mean nothing to me! You guys are telling lies! Only dumbasses will believe the lies you guys spew! Little Diao Chan! Send them to hell!"

"Okay!"

Diao Chan lifted up her weapon and prepared to kill the five of them.

"No... Faction Leader Chen! All five of us are the faction leaders of top-tier ancient factions! The entire Jianghu would turn upside down if you kill all five of us! Faction Leader Chen! From today onwards, the entire Jianghu on Earth belongs to you! Are you going to destroy your own Jianghu?"

"You don't have to worry about my Jianghu! Actually, I want to power up my cultivation as much as possible but I didn't do any training for the past three days! Do you guys know the reason behind it?"

"No... We don't know..."

“See... how stupid you guys are! For the past three days, I have set everything up to take over the Jiangju! I’m the one who called Little Diao Chan to come help me deal with the situation here! I have also found five replacements for all five of you!”

“What?! Our replacements?!”

Zhou Daoxian and the rest of them were left in fear and shock.

“Bro Bei! They are here!”

Suddenly, Wu Guangwen led a dozen people to Chen Xiaobei. Judging by the way they dressed, one could guess that all of them were also from the five respective ancient factions, and it was obvious that Chen Xiaobei knew all of them personally.

“Bro Bei!”

A young man who walked at the front greeted Chen Xiaobei.

“Faction Leader Chen!”

An elderly man greeted Chen Xiaobei as well.

“Young Master Zhuo, how are you? Elder Zhuo is looking good too!” said Chen Xiaobei with a smile on his face.

The young man was Zhuo Qunfeng and he was one of the core disciples of Kunlun Faction. As for the old man, he was Zhuo Yaolung – the forth elder of Kunlun Faction. A long time ago, Zhuo Qunfeng was Chen Xiaobei’s enemy. All this while, Zhuo Yaolung had been trying to convince Zhuo Qunfeng to make peace with Chen Xiaobei. After the adventure that they had Jingjue Kingdom, they saw that Chen Xiaobei had indeed done everything that he could have done to save their lives. That was how they finally became friends.

All these people that came here were from Xiangxiu Faction, Mount Shu Faction, Hogwarts Magic School, and The Vatican. They were going to replace the five people that Diao Chan was supposed to kill.

“All five of you should die in peace now! Our Jianghu will become a better place without you guys!”

“No... Please don’t kill us... We will not think of killing you anymore! Never!”

Zhou Daoxian and the rest of them started to cry even louder.

Swish!

In a cruel second, the whole place became dead silent once again. Their voices were cut mid-sentence, dismissed as they were killed with one slash! The smell of blood and body parts scattered on the floor had terrified everyone silly in the hall. After that, Chen Xiaobei turned around and took a look at the demigods behind him.

“So, do you guys want to live or die?”

[Red Envelope Group of the Three Realms](#)

**Chapter 1649: Good Cop, Bad Cop**

Sii...

The demigods behind were shaking like leaves, their faces drained of color and their palms wet with perspiration, each of them terrified of the prospect that they could be next on the kill-list.

After all, they had all sided with Zhou Daoxian just now, wishing Chen Xiaobei dead.

If Chen Xiaobei wanted to settle this debt, this group of people did not stand a chance.

Lucky for them, Chen Xiaobei gave them the option between living or dying. This meant that they had a choice, a chance at keeping their lives.

“Live... Of course... We all want to live... Have mercy, Faction Leader Chen... Have mercy...”

The demigods wailed, knocking their heads on the ground.

Although they were sorry weaklings before Chen Xiaobei, they were the apex of Earth’s pyramid.

Status, wealth, and power awaited them back home – they would never willingly die just like that.

“Alright! Stop your howling!” Chen Xiaobei waved them off. “Since this is your first offence, I’ll give you all a chance!”

“Thank you, Faction Leader Chen...”

“Thank you, Faction Leader Chen for sparing our lives...”

The demigods, still sniffing, kowtowed to Chen Xiaobei.

Chen Xiaobei then announced, “From today onwards, the Jianghu on Earth belongs to me! I will first lay down the laws!”

All of the demigods, including Zhuo Yaolong and the other 10 people who had just arrived held their breath, pricked their ears and listened intently.

“Kunlun, Mount Shu, Xingxiu, Vatican, Hogwarts – these five forces will change hands immediately. I hope that the other forces will not loot a burning house, but help them as much as possible! It is not Jianghu without some fights – I do not mind minor bickers and quarrels but whoever wreaks serious conflict too close to home, I will wipe out their entire faction! I’ve mediated the feud between the Blood Descendants and the Werewolves, so if there are any grudges between you and any of the forces, you must seek my help to resolve the problem!

“On top of that, I don’t care what the rules in South Town Star Temple were, from today onwards, Atlantis is officially under Bei Xuan faction! I will be assigning my disciples to manage Atlantis and Bei Xuan will decide all the laws here! You must obey the orders from even my most average of disciples!”

Chen Xiaobei spoke in an exacting tone, firm and assertive. Every word was like the royal decree, not subject to being questioned!

“We understand everything you’ve outlined, Faction Leader Chen. We will do as you have instructed and will not violate a single law!”

The demigods, as well as Zhuo Yaolong and the other ten people, pledged sincerely; no one dared to do otherwise.

At this very moment, Chen Xiaobei had become the absolute ruler of Earth's Jianghu. The Anti-Bei Alliance was eradicated, and the overlord was detained.

Absolutely no one dared say one thing but do another.

After all, for the sake of their own little lives, obeying the rules was not too much to ask.

"Also..." Chen Xiaobei continued. "From today onwards, every year, each of the forces can recommend three people to come here. The reward will remain the same!"

"What?! Three candidates? Is this real?"

The leaders were all thrilled.

Previously, only a few forces were given the chance to recommend one person annually. Most of them were only allowed to have one candidate every three years! Some did not even have any!

Chen Xiaobei had just sanctioned them to three candidates every year! More importantly, the reward would be maintained!

With three candidates, the recommendation fee alone would add up to 90,000 Spiritual Stones. That was more than what some of the ancient factions entire fortunes!

If the person who was recommended was chosen by the Temple, they would receive an additional 100,000 Spiritual Stones each! That was indeed, a very large sum of assets!

"Thank you for your grace, Faction Leader Chen... Thank you Faction Leader Chen... Thank you..."

All the leaders of Earth's Jianghu expressed their heartiest gratitude.

They were sincere in their thanks for without Chen Xiaobei, they would never in their lifetime be able to enjoy such luxury.

Earlier on, they expressed reverence towards Chen Xiaobei because of fear.

Now, they were expressing thanks to Chen Xiaobei because they were truly grateful.

From this moment on, their lives and their interests were closely tied to Chen Xiaobei. They would be dutiful and obey only Chen Xiaobei.

"Alright! You can all go back!" Chen Xiaobei dismissed them.

Wu Guangwen quickly came to lead them away.

There was no one else left.

Jiang Ziya praised, "Xiaobei! That was incredible! With just a small move like that, you managed to control the entire Jianghu on Earth!"

Chen Xiaobei smiled back at him. "It's easy to take over them but they are hard to manage in the long term! From today onwards, you are in charge of running this iron triangle that is Earth, Atlantis, and the Northern Wilderness Starfield!"

Jiang Ziya nodded, "Don't worry, that is my specialty! Give me one year and I will make this iron triangle revolve around you!"

"Iron triangle? Does that mean you plan to procure the overlord as well?" Six-Eared Macaque asked.

"But of course!" Chen Xiaobei said confidently. "I was just going to feed the overlord a piece of Heavenly Dog Biscuit!"

"No! Don't waste the biscuit!" Six-Eared Macaque said. "Just let me change into the overlord! He is much stronger than my current body!"

"No! I must give him the dog biscuit!" Chen Xiaobei said. "Because the Northern Wilderness stage is not enough for me to unleash my full potential, I would have to go to higher-ranking starfields to expand. Do you want to come with me?"

"I do! Of course, I do!" Six-Eared Macaque was delighted.

"If you want to come with me, you cannot take the form of the overlord of Northern Wilderness! His position is too distinct. It will cause a lot of trouble for us as we travel across space!" Chen Xiaobei explained. "Also, the overlord is not really that strong – only one million combat power – that's nowhere nearly as strong as the Violet Reborn Yi Family's master! If you want to take a new form, you should take the form of the overlord's sifu instead!"

"The overlord's Sifu? An Earth God? Wow! That sounds awesome! Alright, that's settled then!" Six-Eared Macaque was practically on cloud nine.

"Mm, that's settled!" Chen Xiaobei nodded, and then turned around towards the hall. "Now I have to go settle the Northern Wilderness' overlord."

Inside the hall.

The overlord was sprawled across the floor with Lu Bu's feet planted firmly on his back and the halberd pressed against his neck.

Chen Xiaobei approached the overlord, and presented him with a Heavenly Dog Biscuit. "Open your mouth!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1650: New Bei Xuan Faction**

"This... What is this... Is this poison? I refuse to eat... No... I will not eat it..." screamed the overlord while struggling.

Now that Chen Xiaobei had become his sworn enemy, the overlord figured out that Chen Xiaobei must have had wanted to poison him.

"Not going to eat, is it? Lu Bu! Kill him!" said Chen Xiaobei.

“Hmph! I have always wanted to kill this coward!” shouted Lu Bu.

Before Lu Bu lifted up his weapon, the overlord screamed once again.

“Ah... Ah... I will eat... I will eat whatever you give me... Just don’t kill me...” screamed the overlord while opening his mouth wide.

Knowing that Chen Xiaobei could kill him anytime, the overlord knew that he would have to eat it even if Chen Xiaobei was going to feed him a pile of shit.

“I’m a fair person! You used a curse to try and control me! Now, I’m going to control you with a Heavenly Dog Biscuit! Lu Bu, you can let him go now!”

“Thank you master!”

The overlord stood up and stared at Chen Xiaobei like he was his god.

“I have a few questions to ask you! Others told me that you have three Earth God tier weapons! Is that true?”

“It’s a half-truth. That three Earth God tier weapons you have heard actually belongs to my Sifu. He will come and help me whenever I come across something that I cannot deal with. I just told others that I have three Earth God tier weapons to put fear in them!”

“No wonder Lu Bu could capture you with ease!”

Right now, the overlord’s Sifu was not someone that Chen Xiaobei could deal with. It seemed like he had to wait for some time before he could get his hands on the weapons.

“How many Spiritual Stones are left in the temple?”

“Not many... It requires a huge amount of Spiritual Stones to run a starfield! Paying the high-ranking officers and employees are nothing! The thing that cost me the most Spiritual Stones is building the Space Jet and intergalactic weapons! In order to prevent intergalactic war, I have to invest a good amount of Spiritual Stones for military research! 70% of the tax that I collected from the entire starfield goes to this project! Other than that, I will have to hand over the remaining Spiritual Stones to my Sifu! If not, he will stop protecting me!”

“What?! Your Sifu is clearly taking advantage of you! My Sifu is the best! He always look after me no matter what! And he had gifted me some really powerful items as well!”

“You are right! My Sifu is taking advantage of me! I don’t have a choice. Without his protection, I don’t think I can be the overlord of this starfield!”

“I can understand that. This is like paying for protection fees!”

“Master, are you in need of Spiritual Stones? At most, I can squeeze out 50 to 60 million Spiritual Stones for you! I can get more after I confiscate everything that Tie Family possessed! I’m pretty sure that there are a lot of Spiritual Stones at the Chamber of Commerce!”

"It's okay. I still have 192 million Spiritual Stones with me! I don't think I can use all of them anyway! As for the Spiritual Stones at the Chamber of Commerce and temple, don't touch them first. Do what you need to do every day! I don't want anyone to see that you have sworn loyalty to me!"

"I understand! I will do what you tell me to do!"

"Alright! You can go back now! You will be under Jiang Ziya for now! Contact me if there is something big happens!"

"Understood!"

The overlord nodded his head and left the place.

"This is so frustrating! Such big fight but Bro Bei did not manage to get any EarthGod tier weapons! Not even Spiritual Stones! This is really bad!" said Lu Bu.

"I don't need all that for now! Those are just small things!"

"Then, what is the big thing that you gained today?"

"People! Today, I have the hearts of people! I have won them! Earth, Atlantis, and Northern Wilderness Starfield are the perfect triangle! If I manage them well, I will get able to get what I want in the future!"

"You are right! That makes sense! Though Earth God tier weapons and Spiritual Stones are really powerful, it would require a huge amount of them to be used every time you get into big fight! But, if you have your own army and intergalactic weapons, you can basically kill all those demigods that wish to kill you and you will spend way less resources to complete the whole gig!"

"That's right! I remember that I fought the three Demonic Beast Kings with the combat space jet before, and I actually managed to fight them off! With that being said, I will now need to focus on managing these three places. After all, my family and friends need to head back to Earth and live there!"

"Okay! I understand now! Now, we just need to make sure that Earth and Northern Wilderness Starfield are in good hands! If you manage to do so, people will respect our Bei Xuan Faction and your family and friends can live a peaceful life because of that!"

"Right! That is my goal!"

In order to make sure that his friends and family get to live a peaceful and good life, Chen Xiaobei was willing to give up all Spiritual Stones and Earth God tier weapons.

"Oh right! Just now, you mentioned our Bei Xuan Faction. Does that mean Dian Chan and you are planning to join me?"

"Not planning! We have made up our mind!" said Diao Chan.

"About this... The two of you are more than welcome, but I'm afraid the temple of Bei Xuan Faction is too small for the two of you to move in!"

"Bro Bei, please don't make the decision for us! Hahaha... While I'm in the Earth God Realm, I have managed to find a Spiritual Mountain! I have set Bei Xuan Faction up there!"

“Huh?! You’ve opened up a Bei Xuan Faction in the Earth God Realm?!”
