Chapter 1791: Occultist Sorcerers

Qin Yitian shook her head. “Childe Chen, stop joking around... I can never leave Heaven Dominating Faction...”

She was their core disciple, one of the few who had been given prioritized nurture. She could not just switch factions as she pleased. The consequences of leaving Heaven Dominating Faction were unimaginable!

Chen Xiaobei shrugged and changed the subject. “Your shidi’s condition is stable now. I will prescribe some medicine for him, both oral and topical. Tomorrow and the day after, I will perform two more sessions of acupuncture on him, and he should be able to leave the bed and walk. After that, he can go home and rest. He’ll be fully recovered in a month’s time!”

“Thank you very much, Childe Chen!” Qin Yitian said gratefully. “Your skills are really extraordinary... I hope you can forgive me for my many trespasses...”

“Why? You don’t think I’m being conceited anymore?” Chen Xiaobei teased.

Qin Yitian pouted. “No, of course not... You are a truly rare prodigy! With the kind of skills and talents you possess, you have every right to be proud! You are not conceited, just unapologetically self-confident!”

“You really do know what to say!” Chen Xiaobei smiled. “Alright. I’ll have Wugui prepare a place for you to rest. For the next two days, the both of you will stay in the prince’s residence so it’ll be convenient for me to treat the patient!”

After Qin Yitian left with the injured man, Chen Xiaobei returned to cultivating again.

This time, he was uninterrupted for a good twenty-four hours – right until the next morning.

Ding!

[Cultivation: Early phase of God-Ascension cultivation; Lifespan: 1,100; Health: 505,900; Combat power: 505,900]

The result of 24 hours of cultivation was doubled, which meant both his health and combat power were each increased by 4,800. His progress was very much evident at this point.

After that, Chen Xiaobei proceeded to treat the patient with his needles.

The entire healing process went smoothly.

Once the treatment was over, Qin Yitian would not stop thanking Chen Xiaobei. She even came out to send him back to his quarters.

“Go watch over the patient. You don’t have to walk me back!” Chen Xiaobei said.

“No, I should!” Qin Yitian said. “My shidi is getting better! It’s all thanks to you! I don’t know how to repay you. This is the least I can do!”

Chen Xiaobei nodded, and asked in the most casual manner, “Your relationship with that shidi of yours is special, right?”

Qin Yitian was a special woman with a ruthless aura about her. She would never take a second look at a common man.

But the fact that she brought her shidi all the way across the starfield to him, and even thanked Chen Xiaobei a million times for his help, could only mean that she shared a special relationship with this shidi of hers.

“Actually, no. There’s nothing special about my relationship with shidi Lin.” Qin Yitian answered. “An enemy was going to attack me but shidi Lin came to my rescue and took a hit! Strictly speaking, I owe him my life. It was only right for me to help him!”

“Oh, so that’s it?!” Chen Xiaobei grinned. “I thought you were a couple!”

“Of course not!” Qin Yitian looked uncomfortable and quickly tried to change the subject. “I was thinking about how I was going to repay his family if he died, but now that you’ve healed him, I owe you my life!”

Chen Xiaobei shrugged. “Lady Qin, you’re too polite. You’ve helped me too. If you see me as a friend, there’s no need for us to be so calculative!”

“No! They are completely unrelated – this has to do with a person’s life! I owe you a life! I will repay you when I get the chance!”

Chen Xiaobei did not answer. Instead, he asked, “Which fight was it in your starfield that nearly got you killed?”

Qin Yitian explained, “Some occultists showed up in my family’s territory! They were going to attack a small city with one million people so I brought our people to stop them! The enemy is not very powerful but they sure are sly. They ambushed our ambush!”

Chen Xiaobei looked puzzled. “That’s strange. Those occultists are not strong. Even if they attacked the city, they won’t be able to seize it. What’s the whole point of attacking?”

Qin Yitian answered. “Their target is not the city! They just wanted to create a massacre so that they could use the dead’s blood essence and Yin spirit to practice their witchcraft!”

“How could there still be such sick evil people?” Chen Xiaobei clenched his fist angrily.

The Chaos Blood sword also absorbs blood essences and spirits, but the people who died by Chen Xiaobei’s sword were all wicked and evil people.

These occultists were ready to kill innocent people for their own selfish gains. These people were wicked and filled with contempt!

“The bigger the world, the more varieties they come in! Apocalypse Starfield is huge. There are billions of people! There will always be people like this! I can only make sure that we eradicate those animals from our Qin Family’s territory!”

“You were able to wipe out wicked men with one Heavenly Sword! That’s impressive enough!” Chen Xiaobei said.

Although Qin Yitian was filled with murderous intent, the people she killed were all evil men. That actually made her a righteous person.

It was indeed very impressive for a heroine to be able to do that.

When they reached the door of the study, Chen Xiaobei asked, “We’re here. Would you like to come in?”

“It’s alright... Have a good rest, Childe Chen!” Qin Yitian paused for a moment, chewing on her lip before saying, “Oh, Happy Mid-Autumn festival!”

“Mm, a very happy Mid-Autumn festival to you too!” Chen Xiaobei smiled. “It’ll only be the few of us having reunion dinner tonight!”

“See you tonight then...” Qin Yitian nodded and turned to leave.

Chen Xiaobei took out his phone immediately. “The Red Envelope Snatching Session is tonight! I better go tell the Brotherhood group what I need! Hehe!”

Ding!

[You have a message from the Prime of Tongtian.]

“Huh? Why would sifu send me a message at this hour? I wonder if he will join the Red Envelope Snatching session tonight...”

In his excitement, Chen Xiaobei decided to read his sifu’s message first.

The Prime of Tongtian: Xiaobei! How many merit points have you earned recently? Will you be lucky enough? I will send you a big red envelope tonight! You must get it or it’ll be your big loss!

Chen Xiaobei: Don’t you worry, sifu! Just a few days ago, I earned another 400,000 merit points! I’ll be the King of Luck for sure!

The Prime of Tongtian: That’s good! Alright, I have to go! The lecture is not over yet. We’ll talk more tonight!

Chen Xiaobei: Goodbye sifu!

“Sweet! Sifu will be there tonight! Lady Nuwo should be able to give me a reply by tonight too!”

Next, Chen Xiaobei clicked into the Brotherhood group.

“I can place orders for the things I want from my good old brothers! Tonight will be another bountiful harvest!”

Chapter 1792: Heaven and Earth Spiritual Aura

Chen Xiaobei: Brothers! Have you prepared the Red Envelopes for tonight? I would like to request for some specific items!

Monkey King: What is that you need, little brother Xiaobei? Just tell us! I will send as many as I can so that you may get it!

Yan Wang: Yes! Our plan worked last time. We just need to do the same thing this time! We can send as many of what Xiaobei wants as possible so that whatever red envelope you get will be useful to you!

Goddess Chang'e: God Chen, better don't ask for things that are too high grade, or we won't be able to send them in large volumes. Then, other people might get it... The thing is... I'm just a small-time deity, I don't have a lot of expensive things! ?

Chen Xiaobei: Don't worry! Don't worry! I just need things that can be used by mortals. I can't even use the things that you deities use!

Goddess Chang'e: That's good news! Tell us then, God Chen. What do you need?

Chen Xiaobei: Okay, first, I recently acquired two Divine Instrument fragments. Does anyone know how I can put them back together again?

Goddess Chang'e: Really? God Chen! Have you used up all the Living Soil that Lady Nuwo rewarded you?

Chen Xiaobei: Living Soil? Oh yeah! I still have that! Because I haven't used it for such a long time, I've completely forgotten about that item!

A long time ago, when he was still back on earth, Chen Xiaobei donated a large portion of his merit points to help 48 cursed children to get a chance in reincarnation.

When Lady Nuwo found out about it, she praised him openly in the chat group and rewarded Chen Xiaobei along with the three Saints that were previously also in the chat group.

It was the time when Lao Tzu gave him the recipe for Skybreaking Cultivation Pill! Next was the Primordial Lord of Heaven who replenished Chen Xiaobei with the merit points he used!

The most valuable reward of all came from Lady Nuwo – Living Soil !

Lady Nuwo had once used the Five-Colored Stones to fix heaven and Living Soil to fix the soil nearby the Divine Stones used to fix heaven.

Although the Living Soil did not have the ability to fix the problematic heavens, it could still be used to repair just about anything in the three realms!

This item was not even in the Celestial Court's treasury!

Chen Xiaobei: That means I just need to use a little bit of Living Soil to repair both Divine Instruments and return it to its original form.

Goddess Chang'e: Exactly! Living Soil is a Divine Item, it can easily fix your Divine Instruments!

Yan Wang: But there's still one problem! Living Soil can only put the pieces together, but it cannot restore the Divine Instruments' Special Abilities and Spirituality! That means they won't be able to wield a god's strength! They won't be very useful even when repaired!

Chen Xiaobei: Then how can I restore their Special Abilities and Spirituality?

Yan Wang: Restoring a broken Divine Instrument is basically like forging a Divine Instrument from scratch! There are plenty of ways to do that, but with your current cultivation and resources, it's impossible!

Monkey King: That's not an absolute! If you have a large amount of 'Heaven and Earth Spiritual Aura', you can use them to baptize the Divine Instruments. Then slowly, their Spirituality will be activated, and then eventually give rise to a Special Ability!

Yanwang: But then again, with Xiaobei's capability, he won't be able to get enough Heaven and Earth Spiritual Aura to do that!

Goddess Chang'e: 'Heaven and Earth Spiritual Aura' is also a type of special energy like Spiritual Qi. They cannot be sent via red envelopes! God Chen will have to gather them himself!

Chen Xiaobei: Forget it... I can't use Divine Instruments now anyway. I can just set it aside first. When the opportunity arises, I'll revisit it.

Yanwang: Is there anything else you need?

Chen Xiaobei: I need Spiritual Medicine, or elixir, or anything that can help increase my health!

Yan Wang: That's easy! We don't have a lot of Divine grade things but we have plenty of Earth-God grade items! We can send a lot of them! You'll be able to get them, for sure!

Chen Xiaobei: That's great! I really really need to bump up my health! That's the fastest solution to allow me to boost my combat power!

Monkey King: How unfortunate that you're not in here in the Heavenly Realm right now. Otherwise, I could have placed you in Lord Laotzu's alchemy furnace. You'll have a deity's health in no time.

Chen Xiaobei: ? Monkey King, I don't have your Divine Stone Monkey Pulse. If you put me inside, I'll be burned into ashes!

Monkey King: Oh, you've got the wrong idea! Lord Laotzu's furnace has been refining countless Divine Pills for billions and billions of years! Although most Heaven and Earth Spiritual Aura will be absorbed by the pills, whatever's leftover will be more than enough!

Monkey King: If I can control the strength of the flame well enough, not only will it not burn you to death, but the leftover Heaven and Earth Spiritual Aura will also benefit you greatly!

Chen Xiaobei: The Invisible Body and the Golden Gaze Fiery Eyes you have... were they benefit from the furnace?

Monkey King: Yup! Lord Laotzu really wanted to burn me to death back then but I am a stone monkey born of the Divine Stone. I have a deity-level pulse! That's how I survived it!"

Chen Xiaobei: So, your health soared, and you've developed the Golden Gaze Fiery Eyes special ability. These were all from the 'Heaven and Earth Spiritual Aura'?

Monkey King: Yes! Unfortunately, 'Heaven and Earth Spiritual Aura' are even scarcer than Spiritual Qi. It's practically impossible to harvest them.

Chen Xiaobei: You mentioned just now that the 'Heaven and Earth Spiritual Aura' would be left inside the furnace. Can refining elixir create it?

Monkey King: Not just refining elixir. Anything you refine that has Spirituality can produce Heaven and Earth Spiritual Aura. However, spirituality of the things in the human realm are very weak. The yield of the Heaven and Earth Spiritual Aura would also be very low.

Monkey King: On top of that, the Heaven and Earth Spiritual Aura needs to be stored in a special Divine Item. Even I don't have this capability!

Chen Xiaobei: This is all a pipe-dream. Lord Laozu will never help me. ???σ?

Chen Xiaobei: Hey, by the way, where's Xiao Tianquan? He's normally very active. Why hasn't he said anything?

Monkey King: I'm not sure. He's probably on duty with God Erlang. He should be here tonight.

Chen Xiaobei: Alright! See you all tonight!

With his phone tucked away, Chen Xiaobei immediately took out the Green Dragon sword and the Red Dragon Sword, and a small piece of Living Soil.

"I should at least put the fragments back together... I'll have to ask sifu tonight about how to restore their Spiritual Abilities and Spirituality..."

Chen Xiaobei pieced the broken longswords back together and rubbed the Living Soil on all the cracks.

Bright light flashed in the places where the Living Soil was applied, and when the light dimmed, the cracks had been flawlessly sealed! It was as if they even never existed!

Because there were so many cracks, the whole process was very time-consuming.

He only finished when it was almost dinner time.

Ding!

[You have a message from Xiao Tianquan.]

[Red Envelope Group of the Three Realms](#)

Chapter 1793: Sudden Event

"Huh? That's strange... Xiao Tianquan did not join the chat the whole day and now when the Red Envelope Snatching session is about to begin, he private messages me? I wonder if something's wrong?"

Chen Xiaobei checked the message immediately.

Xiao Tianquan: God Chen! Something big happened!

Chen Xiaobei: What is it? 🤔

Xiao Tianquan: I was out on duty with God Erlang for the whole day and we just came back from the Great Hall. Shen Gongpao came right after.

Chen Xiaobei: Shen Gongpao? What scheme is that idiot planning next?

Xiao Tianquan: He came to take the Bad Luck Charm from God Erlang!

Chen Xiaobei: Bad Luck Charm? The Mid-Autumn Red Envelope Snatching session is about to start soon. Is he going to use that Bad Luck Charm on me?"

Xiao Tianquan: You guessed it right! Because Shaoba Xingjun is not in the Heavenly Realm, there are very few Bad Luck Charms going around. Lately, Shen Gongpao has been running here and there gathering all the charms to be used against you!

Chen Xiaobei: Searching for all Bad Luck Charms? Does that mean he'll be using more than one Bad Luck Charm?

Xiao Tianquan: Yes! I overheard Shen Gongpao telling God Erlang that he had found 30 pieces of Bad Luck Charms. He is going to use all of it on you so that you won't be getting any Red Envelopes at all.

Chen Xiaobei: Wow! What the hell, wow! That asshole is seriously throwing me into the deep end! Thirty pieces of Bad Luck Charms! All to be used on me! I won't be getting shit tonight!

Xiao Tianquan: Oh, it's not just the Red Envelopes! For a long time in the coming days, you'll suffer from terrible luck! You will have to endlessly collect merit points to recover your luck!

Chen Xiaobei: F*ck! This Shen Gongpao is one sly son of a bitch! I don't mind not getting other Red Envelopes but my sifu is going to send me one today. If I don't get it, it'll be a complete waste of my sifu's effort!

Xiao Tianquan: What? The Prime of Tongtian will be giving out Red Envelopes? He will be giving out items that are at least Divine Tier! If other people got their hands on your Red Envelope, it would be a great loss for you!

Chen Xiaobei: No! If I can't have it, then no one else can! I better tell sifu not to send me the Red Envelopes tonight!

Chen Xiaobei sent a few messages to his sifu consecutively but there was no reply.

"Shit!" Chen Xiaobei was growing more anxious by the minute. "If sifu doesn't see the messages and sends the Red Envelope out, it's over for me!"

As Xiao Tianquan had said, the Red Envelopes that the Prime of Tongtian sent were normally at least Divine-Tier items.

If Chen Xiaobei failed to get it, the Red Envelope would then fall into someone else's hand. Worse yet, an enemy on Sheng Gongpao's side may get it.

But then again, that was still not the worse consequence!

“That lowlife Shen Gongpao is ruthless! How could he do this?!” Chen Xiaobei was gnashing his teeth. “The session is going to start anytime now, and sifu is not returning my messages. I don’t even stand a chance at salvaging this situation!”

“Childe Chen!” Qin Yitian suddenly walked into the study. “The Mid-Autumn Festival dinner has already started. We’re all waiting for you!”

“Oh, okay! You could’ve just asked one of the servants to call for me. You didn’t have to come here yourself.”

Qin Yitian nodded. “There’s no need for Childe Chen to worry. I don’t know how I can repay you for all you’ve done, so I’m doing these small things to give myself some peace of mind.”

“I understand your intentions...” Chen Xiaobei frowned. “But I won’t be able to join tonight’s dinner...”

“Why? What is it? Did something happen?” Qin Yitian asked. “If there’s anything you need at all, I am willing to help! Even if I have to risk my life – I won’t think twice!”

Chen Xiaobei shook his head. “I’m afraid you can’t help me with this!”

“Childe Chen! Don’t you underestimate me! My combat power is at 1.5 million, and I have the Heavenly Sword. Even the occultists who invaded Vermillion Phoenix are no match for me! There’s nothing in the Nine Zones that I cannot solve!”

“Occultists!” An idea popped into Chen Xiaobei’s mind. “How many of them did you kill?”

“Huh? Why do you ask? I killed over a thousand occultists!”

“Over a thousand?” Chen Xiaobei’s eyes lit up. “Great! This is great! Lady Qin, let’s go! We’ll go right after dinner!”

“Huh?” Qin Yitian looked confused. “Didn’t you say that you’re not joining?”

“I was not. But now I am!” Chen Xiaobei was smiling from ear to ear. His entire mood had changed. “You can help me solve my problem!”

Qin Yitian nodded. “No problem! Just give the word, and I will do it! As long as it is within the Nine Zones, I can wipe whoever it is out! I still owe you a life, and I have to repay you!”

“It has nothing to do with Nine Zones and it also doesn’t require any sacrificing!” Chen Xiaobei said. “Let’s go! We’ll talk while we eat!”

...

A table had been set in the garden behind the prince’s residence. A sumptuous dinner had been laid on the table where Luo Bin, Lin Xue and Qin Yitian’s shidi were seated.

Wugui Kojiro was not qualified to join them, so he stood on the side, pouring tea.

Once when Chen Xiaobei and Qin Yitian had arrived did the dinner begin.

Everyone was in a pretty good mood, enjoying the moon and drinking wine. The conversations were light and the atmosphere was friendly.

Only Qin Yitian seemed distracted. She was ready to help Chen Xiaobei with anything but Chen Xiaobei had not yet made any mention of it yet. What puzzled her even more was that, after all the wine was gone, Chen Xiaobei had his attention fixed on his phone. He looked at ease as if he did not need any help at all.

Of course, Chen Xiaobei was not merely fiddling with his phone and was not playing games either. He was getting ready to rag on Shen Gongpao in the Three Realms Red Envelope chat group!

Chen Xiaobei: Brother Shen! How big is the Red Envelope you've prepared for tonight? @Shengongpao

Shen Gongpao: Hehe! Don't say I didn't take care of you! I have prepared something that you really need – one hundred Spirit Serpent Bone-strengthening pills that can increase health! We'll just have to see if you get them! 😊

Chen Xiaobei: You really do care for me, Shixiong Shen! You even know that I need help with raising my health! It seems like I will have to do my best to get your Red Envelope! I wouldn't want to waste all that effort you put in!

Shen Gongpao: But I've been paying close attention to the horoscope lately, and the forecast is that your luck will keep dwindling! If I'm right, you won't be getting a single Red Envelope!

Chen Xiaobei: I'm afraid you got that wrong. If I'm right, I will be today's King of Luck!

Red Envelope Group of the Three Realms

Chapter 1794: Total Victory

Shen Gongpao: You? The king of luck? Hahaha! According to what I've predicted, I don't think you are going to get a single Red Envelope today! If you even manage to get a single item today, consider me losing the bet!

Chen Xiaobei: You losing the bet? What's the punishment going to be if you lose the bet?

Shen Gongpao: If I lose the bet, I will send you a 3,000-year-old Saturn Peach!

Chen Xiaobei: Damn son! Shixiong Shen! You are really very generous!

Shen Gongpao: It's too early for you to celebrate the victory! What if you can't snatch a single Red Envelope?

Chen Xiaobei: I will do whatever you ask me to do!

Shen Gongpao: Fine! I want your Dragon's Edge if you fail to snatch at least one Red Envelope!

Chen Xiaobei: No problem! I'm fine with that!

Shen Gongpao: Hehehe! You are going to lose the bet this time!

The reason why Shen Gongpao was so confident that Chen Xiaobei was going to lose was that he had used 30 Bad Luck Charms on Chen Xiaobei earlier. This Bad Luck Charm had been personally crafted by the God of Bad Luck, Shaoba Xingjun himself.

The last time Chen Xiaobei used it on Shen Gongpao, he had managed to make Shen Gongpao accidentally slip a Celestial Item into the Red Envelope. Other than a fast reaction, luck was a secondary factor that determined how many Red Envelopes one could get.

Knowing that Chen Xiaobei would eventually lose the bet, he had prepared himself to embarrass and humiliate Chen Xiaobei after receiving the Demonic Dragon Apocalypse from him. The time to redeem himself from the past shame had finally arrived!

Shen Gongpao: Let's cut the crap eh! Next, let's kickstart the Red Envelope Snatching Session!

Chen Xiaobei: Hold on!

Shen Gongpao: What do you want to do?

Chen Xiaobei: Let me go and wash my hands to boost my luck!

Shen Gongpao: Wash your hands? Hahaha! Sure! Go and pray to your gods! Shower! Surround yourself with incense! Nothing is going to boost your luck!

Chen Xiaobei did not reply to Shen Gongpao after that.

"Lady Qin! Can I ask a favor from you?" asked Chen Xiaobei.

"Childe Chen, just say it. I'm ready to do anything for you! I'm willing to sacrifice everything to settle anything you for you!"

"Err... It's actually not that serious. Relax! I just need you to snatch some Red Envelopes for me!"

"Snatch Red Envelopes? What do you mean by that?"

"Later the picture of a Red Envelope will appear on my cellphone's screen. I need you to use your fastest speed to tap on it!"

"Tap the screen... Does... Does that mean anything to you?"

"This is just a mobile game! I win if I snatch the most Red Envelopes! I'm playing this game with my friends, so losing will definitely bring shame to me!"

"Erm..."

Rendered speechless, Qin Yitian did not expect a godly doctor like Chen Xiaobei to be so childish.

"The game is about to begin! Please do your best! This is the best way to repay me!"

"Alright! I will do my best! But, why are you asking me to do it? I'm still a newbie..."

"This game is all about luck! I can feel that you are luckier than me today!"

Earlier, Qin Yitian had just killed thousands of wicked people. That would mean a huge amount of merit points have been granted to her. In other words, she would get really lucky within this period of time. That was also why Chen Xiaobei asked Qin Yitian to snatch the Red Envelopes on behalf of him.

Shen Gongpao: Where is he? I'm not going to wait for him anymore! Let me send my Red Envelope first! Then, everyone else can drop your Red Envelopes after me!

“It has begun! Snatch them! Snatch them!” shouted Chen Xiaobei.

Ding!

[Congratulations! You have snatched Shen Gongpao’s Red Envelope! You have received 11 Spirit Snake Bone Strengthening Pills. They had been stored inside your treasure chest!]

“Damn! Lady Qin! You have a fast hand!”

Chen Xiaobei: Shen Gongpao has sent a total of 100 pills into the chat and I managed to snatch 11 of it! I’m getting really lucky here!

Shen Gongpao: What the f*ck?! How did Chen Xiaobei manage to snatch my Red Envelope?

On the other hand, Qin Yitian was still tapping the screen with lightning speed in a very calm manner.

Ding!

[Congratulations! You have snatched Monkey King’s Red Envelope! You have received 5 Leopard Muscle Strengthening Pills. They have been stored inside your treasure chest!]

“Double kill!” shouted Chen Xiaobei.

Shen Gongpao: What the actual f*ck?! How did Chen Xiaobei manage to get a second Red Envelope?! This is not possible!

Ding!

[Congratulations! You have snatched Chang’e’s Red Envelope! You have received 3 Gyokuro Bone Healing Pills. They have been stored inside your treasure chest!]

“Triple kill! Wahahaha!”

Shen Gongpao: What the actual f*ck is going on right now?! Did Chen Xiaobei just manage to snatch three Red Envelopes?! The Red Envelope Snatching Session had only just begun!

Ding!

[Congratulations! You have snatched Yanwang’s Red Envelope! You have received 5 Black Cloud Blood Cleansing Pills. They have been stored inside your treasure chest!]

“Quadruple kills! Lady Qin! You are too good!”

Shen Gongpao: I think I must have used a fake Bad Luck Charm on him!

Ding!

[Congratulations! You have snatched Xiao Tianquan’s Red Envelope! You have received 3 Combat God Muscle Strengthening Pills. They have been stored inside your treasure chest!]

“Quintuple kills! Lady Qin, you can do it! Two more and we are done! Hahaha...”

Shen Gongpao:

Ding!

[Congratulations! You have snatched the Prime of Tongtian's Red Envelope! You have received a Heaven and Earth Cauldron. It has been stored inside your treasure chest!]

"Sextuple kills! It's my Sifu's Red Envelope! This is great! Lady Qin! You have done me a great favor today!"

Chen Xiaobei could not help but give Lady Qin a big hug.

"Childe Chen, if you don't let me go, I won't be able to snatch more Red Envelopes for you!" scolded Qin Yitian with a reddened face.

Immediately, Chen Xiaobei let her go. The Red Envelope Snatching Session had almost come to an end.

Shen Gongpao: I can't believe the Prime of Tongtian joined the snatching session as well! Why didn't I get to snatch his Red Envelope?! It's always Chen Xiaobei! Did I just put a Bad Luck Charm on him or a Good Luck Charm?!"

Chen Xiaobei: Shixiong Shen! Time to send me your Red Envelope!

[Red Envelope Group of the Three Realms](#)

Chapter 1795: Three Hundred Bad Luck Charms For You

After losing the bet, Shen Gongpao was left in great anger. The moment he saw Chen Xiaobei asking him to send him a Red Envelope, he completely lost it. He had spent a great deal of effort to collect 30 pieces of Bad Luck Charms. Unfortunately, Chen Xiaobei had still managed to find a way to outsmart him.

Monkey King: Shen Gongpao, a promise is a promise! You are the one who said so! You said that you will send Xiaobei a 3,000-year-old Saturn Peach if he manages to snatch at least one Red Envelope! We are all watching you right now! Don't try to go back on your promise!

Yanwang: Bro, don't rush him! I believe that God Shen will not break his promise! He is not that kind of person!

Xiao Tianquan: You are right! God Shen is the star of Chanism! Everything that he does is for Chanism! Breaking his own promise is going to destroy his reputation! God Shen will never do that!

The three of them worked together to prevent Shen Gongpao from breaking his promise. If he refused to give Chen Xiaobei the Saturn Peach, that would mean he had brought shame to Chanism. He could afford to do that to himself but not Chanism. Things could get really ugly if the Primordial Lord of Heaven held him responsible for bringing shame to Chanism.

Shen Gongpao: Who... Who told you that I'm going to break my promise! I will never do that! Here's the Red Envelope! Take it!

Ding!

[Congratulations! You have snatched a Red Envelope from Shen Gongpao! You have received a 9,000-year-old Saturn Peach! It has been stored inside your treasure chest!]

"What the hell? What's going on? Is there something wrong with the system? How in the world did I get a 9,000-year-old Saturn Peach? Lady Qin, can you please pass me my cellphone?"

Qin Yitian nodded her head and passed back the cellphone to Chen Xiaobei.

“There’s nothing wrong with the system!!! There is indeed a 9,000-year-old Saturn Peach in my treasure chest! Has Shen Gongpao gone insane?! He promised to give me a 3,000-year-old Saturn Peach, not one aged 9000 years! There’s no way he could be so kind!”

Seeing that Chen Xiaobei was talking to himself, Qin Yitian was weirded out by him. On the other hand, Luo Bin and Lin Xue had no clue on what Chen Xiaobei was talking about as well. They just assumed that he was addicted to this mobile game and did not think much about it after that.

Shen Gongpao: Shit! Shit! Shit! I think I have just sent the wrong item to Chen Xiaobei! Shidi Xiaobei! Can you send me back the Red Envelope that I just sent you? I will send you a new one right now!
@Chen Xiaobei.

Shen Gongpao: Shidi Xiaobei! Can you reply?! Please say something! @Chen Xiaobei

Chen Xiaobei: I’m right here! You didn’t send me the wrong Red Envelope! I did receive a Saturn Peach!

Shen Gongpao: Please check again! It’s really the wrong one! Just return it to me and I will send you a new one right away!

Chen Xiaobei: They are all Saturn Peaches. Why do you have to send me a new one?

Shen Gongpao: Stop acting innocent! I’ve just sent you a 9,000-year-old Saturn Peach by accident! That’s my one and only 9,000-year-old Saturn Peach! I need it back!

The entire group was shocked when they heard that Shen Gongpao had accidentally sent a 9,000-year-old Saturn Peach to Chen Xiaobei.

Monkey King: Is there something wrong with your brain? How did you accidentally send away something so precious?!

Yanwang: 9,000 year-old Saturn Peach! Even an Elite Deity can’t get it once a year! That’s indeed a huge loss!

Shen Gongpao: I didn’t lose anything! What I promised him is a 3,000-year-old Saturn Peach! Everyone heard that! I’m willing to give him a 3,000-year-old Saturn Peach but he must first return my 9,000-year-old Saturn Peach!

Chen Xiaobei: Shixiong Shen, I’m really sorry! I didn’t check the notification just now! I ate it immediately once I received your Red Envelope! There is still half of it left. Do you want it back?

Shen Gongpao: What?! You started eating it?!!!

Chen Xiaobei: You should know better than anyone that I need more lifespan and power, right? A Saturn Peach can do all that, which is why I ate it without any hesitation!

Shen Gongpao: You did that on purpose!

Chen Xiaobei: You are the one who sent the wrong item and you want to blame me now?

Shen Gongpao: You bastard! I promised to give you a 3,000-year-old Saturn Peach, not a 9,000-year-old one! You have to pay me back now! If not, I will punish you by striking lightning on you!

Chen Xiaobei: Hehehe! I'm not from Chanism! You have no right to punish me!

Shen Gongpao: Hmph! I have the Divine Whip! I have the right to punish anyone that breaks any rules within the three realms!

Chen Xiaobei: You wish to punish me? Have you asked my Sifu about this?

Shen Gongpao: Chanism is going to rule during the calamity! I'm just following the heavenly rules! Not even the Prime of Tongtian can question me!

Prime of Tongtian: Is that right?

Shen Gongpao: Si... Greeting Shishu...

Prime of Tongtian: What did you just say? I'm giving you a chance to say it again!

Shen Gongpao: I... I'm saying that even though you are one of the Sanqing! I have evidence that this bastard broke the rules! Even the Ancestral Lord will support me...

Prime of Tongtian: Shen Gongpao! Are you trying to use the Ancestral Lord to pressure me?

Shen Gongpao: I would not dare to do so! I'm merely speaking the truth here!

Prime of Tongtian! Fine! Let me tell you the truth as well! The reason why you sent the wrong Red Envelope is because I have just used 300 Bad Luck Charms on you!

Shen Gongpao: Huh?? 300?? Bad Luck Charms?!!!

Prime of Tongtian: Why are you so shocked? Didn't you use 30 Bad Luck Charms on Xiaobei? Using 300 of them on you is a fair move!

Shen Gongpao: You... You tricked me!

Prime of Tongtian: So, you can trick Xiaobei but I'm not allowed to trick you?

Shen Gongpao: I...

Prime of Tongtian: This is all your fault! Xiaobei has worked very hard to increase his luck in the human realm and you cleared all his luck with your Bad Luck Charm! You are an evil man! This is your karma! Losing a 9,000-year-old Saturn Peach is your punishment! You brought this upon yourself! If you are not happy, let's go to the Ancestral Lord and talk about it!

[Red Envelope Group of the Three Realms](#)

Chapter 1796: Massive Boost to Health

Shen Gongpao: I... I... I...

Clearly, every single word that the Prime of Tongtian just said had rendered him speechless. Thus, the price that Shen Gongpao had to pay for messing with Chen Xiaobei. Even if the Ancestral Lord was here, he would have sided with Chen Xiaobei and the Prime of Tongtian as well.

Prime of Tongtian: Shen Gongpao? So, are you going to report this incident to the Ancestral Lord? He has just finished his sermon. He has all the time in the world to listen to your complaints!

Shen Gongpao: I... I don't think I will be going... Shishu, I surrender to you! I... I've lost this time...

Prime of Tongtian: Let me reward you with one more phrase: Get lost!

Shen Gongpao:

Chen Xiaobei. Sifu is the coolest man in the three realms!

Prime of Tongtian: You can stop licking my boots! You should defend yourself properly if you come across similar incidents again in the future! Remember! People like Shen Gongpao are just paper tigers! Sooner or later, karma will come back around and bite him! It's not necessary to be afraid of them!

Chen Xiaobei: Yes Sifu! I will remember what you said today!

Prime of Tongtian: Are there any more questions? If there are none, I suggest you should go back and study the items that you've received today!

Chen Xiaobei: Yes! Yes! Yes! I've been wanting to ask if Lady Nuwo is available right now?

Prime of Tongtian: Let's just wait for a little longer. I think she will reply real soon!

Chen Xiaobei: Okay! Understood!

After that, Chen Xiaobei left the group chat. With cellphone in hand, he waited patiently for Lady Nuwo's reply.

Ding!

[Lady Nuwo has just sent you a message!]

"Here it is! After such a long wait, I can finally know where my Little Fox is!"

Nuwo: Xiaobei! You are so unpredictable! You've completed the task that I gave you 40 days earlier!

Chen Xiaobei: Lady Nuwo, thank you for the compliments! I'm just lucky to have crossed paths with golden opportunities!

Nuwo: You don't have to be so humble in front of me! You totally deserve every single of the one billion disciples that you recruited! You reap what you sow! This is not about luck.

Chen Xiaobei: Let's stop talking about me! Lady Nuwo, I did all that for Little Fox... you know that right?

Nuwo: Of course, I know! I know where the reincarnated Daji is and I can tell you her exact location right now! She's at the southern part of Earth-God Realm, the Enigma Equipment Faction!

Chen Xiaobei: Enigma Equipment Faction?! What... What a coincidence! I have just obtained something important about the faction!

Nuwo: This is normal. You have to know every predetermined thing about yourself even before you were born! Of course, this has something to do with your luck as well!

Chen Xiaobei: That makes perfect sense to me right now! Recently, I have just earned 400,000 merit points! I think my luck has already been activated!

Nuwo: Luck is also known as Qi Yun! This is a very important thing for you! If you have the chance, you have to increase it as much as possible! It's going to benefit you a lot in the future!

Chen Xiaobei: Qi Yun? Is this some kind of Qi as well?

Nuwo: Yes it is! Every time your luck increases, it will be recorded in the system! It's just a number. Qi Yun is a very special kind of Qi! The moment your luck increases, your Qi Yun will become really strong, and it would thin down when your luck strikes you! As you can see, this is a cycle. In other words, no one will be lucky or unlucky forever!

Chen Xiaobei: I understand now!

Nuwo: It's up to you right now. The more good things you do, the more you might just get your Qi Yun strong enough within three days!

Chen Xiaobei: Lady Nuwo, thank you for the tips! I know what to do now!

Nuwo: I believe you can get this task done perfectly!

Chen Xiaobei: I will figure out a way to boost my Qi Yun. Regarding the Enigma Equipment Faction, I still have lots to know. Lady Nuwo, can you tell me more about it?

Nuwo: I'm afraid I can't reveal more! This is all I can tell you right now! You'll have to work it out yourself!

Chen Xiaobei: Alright! The southern part of Earth-God Realm! I will definitely get myself there step by step!

Nuwo: Daji is really blessed to have you as her partner! This is her reward for all the good deeds she had done for three generations! I hope the two of you can reunite as soon as possible! When the time is right, I will definitely show you more guidance!

Chen Xiaobei: Thank you Lady Nuwo!

After the conversation ended, the mooncake festival had come to an end as well. Right after everyone left the place, Chen Xiaobei retreated to Wugui Kojiro's room to check out the Red Envelopes that he snatched today.

"11 Spirit Snake Bone Strengthening Pills, 5 Leopard Muscle Strengthening Pills, 3 Gyokuro Bone Healing Pills, 5 Black Cloud Blood Cleansing Pills, and 3 Combat God Muscle Strengthening Pills! All of these pills are Two-star Earth-God supplements! Each of these pills can provide me with 10,000 health! If I consume all of them, my health will be boosted by 270,000! With the 100% boost from the Heavenly Path's Reward, in total, my health will be increased by 540,000! By that time, I will be allowed to use the Primordial Witch God Combat Enhancement technique and I will be able to come up with more combat power! Time to eat them all at once!"

With a smile on his face, Chen Xiaobei took out all those pills out from his ring. He then tossed all of them into his mouth and started to chew.

“It begins...”

Chen Xiaobei could feel the pill’s effects starting to flow around every single part of his body. When that happened, the pills also proceeded to strengthen and fortify his body! Due to the large number of pills he consumed, he had to spend around 10 hours to completely digest all of them. It was already the second morning before his body returned to his normal state.

Ding!

[Cultivation: Early phase of God-Ascension Cultivation! Health: 1,100. Health, 1,045,900. Combat power: 505,900!]

“Everything worked the way I expected it to! Now, I can finally fully utilize my combat enhancement skills! I still have the million-year-old Ambergris and a 9,000-year-old Saturn Peach with me! Which one should I eat first? Hehehe...”

[Red Envelope Group of the Three Realms](#)

Chapter 1797: Heaven and Earth Cauldron

“Let me eat the Saturn Peach first!”

Immediately, Chen Xiaobei took it out from his ring and started to munch on it. During the Queen Mother’s Saturn Peach Feast, Chen Xiaobei was given a 9,000-year-old Saturn Peach as well! As compared to the 3,000 and 6,000-year-old Saturn Peach, the 9,000-year-old Saturn Peach had ripened enough for consumption. As it was considered a Divine Item, Chen Xiaobei would also get to enjoy an instant boost of lifespan right after he consumed it.

Ding!

[Cultivation: Early phase of God Ascension Cultivation. Lifespan: 19,100. Health: 1,063,900. Combat power: 523,900!]

“Damn son! This Heavenly Path’s Reward is too damn awesome! My lifespan has increased by 18,000 years, and my health and combat power have increased by 18,000! Everything has doubled! This is f*cking awesome! What’s important to me right now is the massive boost of my lifespan! If I burn 19,000 years of my lifespan, I will be able to activate the Sunlight Cache for 190 minutes! That would mean 190 days-worth of training! With an everyday increase of 48,000 combat power and health, I will be able to increase to a total of 912,000 of combat power and health in 190 minutes! This is almost godlike!”

If he did that, he would be able to defeat Helian Tulong with ease and take the first place on Nine-Zones Earth Leaderboard.

“Right now, I still have one big problem I need to deal with as soon as possible! All the Demonic Beast Essence that I’ve stored in my body will run out soon! I have to collect more if I want to continue enjoying an instant boost of health and combat power! Though I still have a lot of Spiritual Stones with me, they could only do half of what the Demonic Beast Essence did to my body! That is why it’s not worth using Spiritual Stones on myself! The smartest way right now is to use Spiritual Stones to purchase more Demonic Beast Essence!”

To ordinary people, Spiritual Stones and Demonic Beast Essence contained Spiritual Qi that could be used to boost their cultivation.

For example, if a normal elite with God-Ascension Cultivation consumed high-grade Spiritual Stones, they would be able to boost their combat power or health by 100!

This boost applied to Chen Xiaobei as well. However, if he used Demonic Beast Essence instead of Spiritual Stones to train himself, he would receive a doubled effect! That is because Chen Xiaobei possessed the special ability of a Blood Descendant!

Once the Demonic Beast Essence entered Chen Xiaobei's body, its special ability would convert it into the right Spiritual Qi for him to boost his cultivation. With this ability, Chen Xiaobei would be able to boost his combat power and health at the same time. Maximizing his resources was a must for him if he wanted to thrive in the future!

"There are still 40 days left before the competition at Saint Duke ends! I think I will need to go to Apocalypse Starfield to boost my cultivation as soon as possible! I'm not going to consume the Ambergris first! Let me study the gift from my Sifu right now."

Though the Prime of Tongtian had not sent Chen Xiaobei Red Envelopes for a long time, he knew that the items given by the Prime of Tongtian were always the most powerful amongst all items that he received from others.

Ding!

[Heaven and Earth Cauldron: Born from chaos when heaven and earth were separated! It is a Nine-star Divine Item! It can be used to draw both Heaven and Earth Spiritual Aura from anything in this universe! It can also store them as well! Do you want to withdraw it?]

"Damn! A Nine-star Divine Item! Extract and store Heaven and Earth Spiritual Aura! This is exactly what I need right now!"

He had never thought that the Prime of Tongtian would send him such a powerful item which he also needed most right now.

"Let me give it a try right now!"

Immediately, Chen Xiaobei removed it from his ring. The cauldron looked like a giant ancient metal bowl. Its surface was rough and uneven. By taking a closer look at it, Chen Xiaobei could see that it was covered in a layer of black rust.

However!

The moment Chen Xiaobei held it in his hand, he could feel that the cauldron was exuding a powerful ancient aura!

"Such a terrifying Spiritual Attribute! This is comparable to the Verdant Emperor's Divine Gourd! I can't wait anymore!"

Chen Xiaobei then calmed himself down and tossed the metal bowl into the air.

Buzz...

Immediately, the giant metal bowl was covered in black rays and it became as big as millstone; hovering in the air.

Actually, this cauldron was like the Monkey King's Jingu Bang! If Chen Xiaobei had enough cultivation and energy, he could turn this cauldron into something as big as a palace! Due to his limited resources right now, this was the best that he could do.

To be honest, the physical size of the cauldron did not matter to Chen Xiaobei at all. Inside the cauldron was a special space that could store an unlimited amount of items – just like his Infinite Space Ring! Even if Chen Xiaobei shrunk it to the size of a coin, it would still function the same.

“Let me try... what in the world is this Heaven and Earth Spiritual Aura!”

Without wasting any more time, Chen Xiaobei took out a Five-star Spiritual Instrument and placed it into the cauldron. After clearing the Tenshou's vault, Chen Xiaobei had now more than 10,000 Spiritual Instruments! That was why he could afford to use it as an experiment.

Swoosh...

After that, Chen Xiaobei summoned the Transmogrifying Flame and applied it to the cauldron. The level of his Transmogrifying Flame was not high enough. This made it slightly difficult for him to stabilize the flames to melt the Five-star Spiritual Instrument.

With the help of the Heaven and Earth Cauldron, Chen Xiaobei somehow managed to complete the whole process in only three minutes! That was all it took before the Five-star Earth-God Instrument melted completely!

“So, the Heaven and Earth Spiritual Aura is now stored in the cauldron?!”

Chen Xiaobei could not wait to check it out.

[Red Envelope Group of the Three Realms](#)

Chapter 1798: Mind-blowing Spiritual Aura

After making a Spiritual Connection, everything about the Heaven and Earth Furnace was projected into Chen Xiaobei's mind.

It was a deep black space like a cave, and within it, a ray of thin and wispy rainbow-colored Spiritual Aura fluttered gently in the air.

Chen Xiaobei studied it for a moment.

“This is a Heaven and Earth Spiritual Aura! Everything on heaven and earth has Spirituality, the only difference is how much! In other words, everything relies on Spiritual Qi for growth! The higher the grade of an item, the more Spiritual Qi it will need, and the stronger its spirituality. The Heaven and Earth Spiritual Aura content will also be higher! When the thing has absorbed the Spiritual Qi, it breaks them down and accumulates them little by little, bit by bit. A change is then triggered, and it changes into Heaven and Earth Spiritual Aura!”

“This means the Heaven and Earth Spiritual Aura is the end-product, the essence of the cumulative Spiritual Qi! Although Heaven and Earth Spiritual Aura is also an energy source, it is much stronger than Spiritual Qi!”

With the help of Scholar’s Heart, Chen Xiaobei was able to understand the nature and essence of the Heaven and Earth Spiritual Aura.

“So, if Heaven and Earth Spiritual Aura are like an extremely high-grade Spiritual Qi, can I use it for cultivation?”

Chen Xiaobei allowed the cauldron to release the Heaven and Earth Spiritual Aura. He then took in a deep breath, sucking all of it into his body.

“Wow! This Heaven and Earth Spiritual Aura is incredible!” Chen Xiaobei cried.

Chen Xiaobei could feel the effects of the aura immediately. It was the same feeling he experienced when he ate the 9,000-year-old Saturn Peach!

Ding!

[Cultivation: Early phase of God-Ascension; Lifespan: 19,100 years; Health: 1,064,000; Combat power: 524,000]

“Wow! 100 combat power and 100 health points! That’s an instant increase! This is amazing!”

Chen Xiaobei was happy as a sandboy at his discovery.

“If I don’t count the boost that my Heavenly Path’s reward adds, the Heaven and Earth Spiritual Aura from the Five-star Spiritual Instrument increased my health and combat power by 50 points each!” calculated Chen Xiaobei.

“After I break through to God-Ascension cultivation, one high-grade Spiritual Stone can add 100 points to either my health or combat power! Both methods add 100 points except one high-grade Spiritual Stone was equivalent to 10,000 medium-grade Spiritual Stones, which also counts as 100 million low-grade Spiritual Stones – I can buy ten Five-star Spiritual Instruments with that amount!

“The Heaven and Earth Spiritual Aura refined from a Five-star Spiritual Instrument valued at 1 million low-grade Spiritual Stones. This corresponds to the Spiritual Qi of 100 million low-grade Spiritual Stones! That is to say, the Heaven and Earth Spiritual Aura yield are ten times that of ordinary Spiritual Qi, and many times more than the Beast Cores!

Chen Xiaobei continued to be stunned by the numbers.

He may have to make changes to his cultivation strategy.

“The things that I have taken from the Tenshou exchequer range from One-star to Nine-star!” Chen Xiaobei rubbed his hands gleefully. “If I convert these resources to the standard of a five-star Spiritual Instrument and refine them into Heaven and Earth Spiritual Aura, I can add up to 1 million points to my health and strength! No wonder Monkey King recommended the Heaven and Earth Spiritual Aura so highly! This energy is just out of this world!”

The more Chen Xiaobei thought about, the more excited he became.

“Although I’ve taken lots of resources from the Tenshou exchequer, they are mostly unappetizing and pathetic to me! Useless garbage! With this Heaven and Earth Furnace though, I can yield Heaven and Earth Spiritual Aura from a One-star Spiritual Instrument! That’s just like turning trash into treasure! I can even make a fortune from simply picking rubbish!

Turning trash into treasure was an extremely important skill to Chen Xiaobei!

A useless low-grade Spiritual Instrument could be refined into a utilitarian and valuable Heaven and Earth Spiritual Aura!

It was absolutely incredible!

“But... I cannot use the Heaven and Earth Spiritual Aura just yet. Even though refining everything can hike up my cultivation, it won’t get me to Earth-God cultivation! Instead, I should be using the Heaven and Earth Spiritual Aura to restore the Green Dragon sword and Red Dragon sword’s Special Abilities! If I’m successful, I can wield power beyond my own strength with the swords! That would be even more of a worthwhile investment!”

At this thought, Chen Xiaobei immediately placed everything – except for the higher-grade Spiritual Medicines – he had taken from the Tenshou treasury into the Heaven and Earth Furnace.

Then, he introduced a ball of Transmogrifying Flame to the cauldron. Because there were so many things inside, the refining process would take a long time.

...

Chen Xiaobei used this time to tend to Qin Yitian’s shidi and completed the final round of acupuncture.

Needless to say, when he was done, Qin Yitian’s shidi was able to leave his sickbed and walk – exactly as Chen Xiaobei had promised.

“Childe Chen! I know I’ve said this many times, but I still want to thank you!” Qin Yitian said earnestly.

Qin Yitian’s shidi, on the other hand, saw Chen Xiaobei as his savior. Once he got off the bed, he immediately went down on his knees thanking Chen Xiaobei profusely!

“You don’t have to thank me anymore. My ears are calloused from hearing your thanks for three days!” Chen Xiaobei shrugged. “If you really want to thank me, do something for me!”

“What is it? Just tell us! We’ll do everything we can!” Qin Yitian and her shidi answered in a heartbeat.

Chen Xiaobei said, “I want to buy a lot of Spiritual Items, as many as possible! They have to Five-Star and above!”

Qin Yitian was taken aback by this strange request. “Why do you need so many Spiritual Items? Are you planning to build an army?”

“That is my secret. Just tell me if you can help me.” Chen Xiaobei answered.

“Yes, of course!” Qin Yitian rubbed the back of her head. “But you have to give me the specific amount or it’ll be really difficult for me to make the purchase!”

Chen Xiaobei said, “I have 50,000 high-grade Spiritual Stones, and 500,089,000 medium-grade Spiritual Stones and around 30,100,003,000 low-grade Spiritual Stones! You do the math. How much can all this buy? Buy it all for me!”

“What?!” Qin Yitian and her shidi stared at Chen Xiaobei.

Red Envelope Group of the Three Realms

Chapter 1799: A New Option

“Childe Chen... You’re joking, right? The amount of Spiritual Stones you mentioned, after conversion, adds up to about 13 trillion low-grade Spiritual Stones. You want to use all that to buy Spiritual Items? You won’t be able to finish using them even with an army...” Qin Yitian managed to croak, still in a state of shock.

“I’m not! Just buy them for me!” Chen Xiaobei said. “Pass me your storage bracelet. I’ll give you 50,000 high-grade, 500 million medium-grade and 3 trillion low-grade Spiritual Stones first!”

“I...” Qin Yitian blinked.

All of that added up 13 trillion low-grade Spiritual Stones!

To Qin Yitian, that was an astronomical amount!

Yet, here was Chen Xiaobei, taking out all these Spiritual Stones, as casual as shopping for vegetables in the market. He did not even break a sweat!

“Lady Qin, snap out of it! I am serious! I need you to spend all of it within the next thirty days!” Chen Xiaobei said. “Didn’t you want to repay me? Spending all these Spiritual Stones is the best way to do it!”

“I... I will... do my best...” Qin Yitian stammered.

The world was full of people working themselves to the ground to earn money!

But as for people who were so eager to spend all their money, Chen Xiaobei was definitely the first one Qin Yitian had ever seen!

Thirty days to spend all 13 trillion... Even if Qin Yitian gave it her best, she might not be able to spend it all!

This amount of money was just too much!

What Qin Yitian did not know was that by spending 13 trillion low-grade Spiritual Stones, Chen Xiaobei would be gaining back 130 trillion low-grade Spiritual Stones!

The more he spent, the more he would earn!

Of course, it would also take a lot of effort to spend it all!

...

After the Spiritual Stones were transferred to her Storage Bracelet, Qin Yitian left Tenshou starfield with her shidi.

Chen Xiaobei's original plan was to visit Apocalypse Starfield but after today's incident with the Heaven and Earth Spiritual Aura, Chen Xiaobei changed his mind.

It turned out Qin Yitian could be trusted with the task.

He, on the other hand, had to make the best use of the remaining thirty days to restore the dragon swords.

Chen Xiaobei returned to the study and brought out the Heaven and Earth Furnace.

"I have 89,000 medium-grade Spiritual Stones and 130 million low-grade Spiritual Stones left! I can't simply use them. I will need them to power the Earth-God Instruments!" Chen Xiaobei said to himself.

"But, do I have enough resources to mend two Immortal Instruments? When they are restored, will the remaining Spiritual Stones be enough to power them?"

Ding!

[You have a message from the Prime of Tongtian!]

The question had only just popped into his mind when the Prime of Tongtian decided to send him a message!

This sifu was seriously something else!

The Prime of Tongtian: Xiaobei, I can sense that you've already started using the Heaven and Earth furnace!

Chen Xiaobei: Yes, I tested it. It works really well. I've put in a large portion of my resources into it, and now I'm just waiting to harvest the Heaven and Earth Spiritual Aura.

The Prime of Tongtian: What do you plan to do with these Spiritual Aura?

Chen Xiaobei: To restore Spirituality into my two broken Immortal Instruments.

The Prime of Tongtian: No! Don't do that!

Chen Xiaobei: But... Why?

The Prime of Tongtian: Because the resources you have won't be enough to do that. Even if you put everything in, it could only be reanimated to extent of a Three-star Earth-God Instrument!

The Prime of Tongtian: You might as well invest all of that resources into a potential Divine Instrument!

Chen Xiaobei: Potential Divine Instrument?! ?

The Prime of Tongtian: Chaos Blood Sword, Dragon's Edge, Somersault Cloud – all of these instruments have the potential to be developed into Divine Instruments! Each of them has its own maximum limits, and their success in the future will differ too!

Chen Xiaobei: I understand! Immortal Instruments have limitations that prevent them from growing further! As for Premature Divine Instruments, they have the space to grow further and eventually overpower Immortal Instruments!

The Prime of Tongtian: That's right! The Chaos Blood Sword and Dragon's Edge have the capacity to exceed Immortal Instruments. These are where you should be devoting your Heaven and Earth Spiritual Aura into!

The Prime of Tongtian: This is especially true for Dragon's Edge! There are profound mysteries of the mechanics hidden inside this weapon. Its Spiritual Attribute is extremely frightening at its pinnacle phase! Shen Gongpao wants to get his hands on it because of the Primordial Lord of Heaven!

Chen Xiaobei: Yeah! If you haven't mentioned it, I wouldn't have noticed either! Recently, Shen Gongpao had been trying to get me into making bets with him. Each time, he would place his wager on my Dragon's Edge!

Chen Xiaobei: I really didn't think that the Primordial Lord of Heaven would ignore the Chaos Blood Sword and seek the Dragon's Edge instead. What Special Ability does this saber have anyway?

The Prime of Tongtian: The mysteries of heaven must not be revealed. You have to find out yourself! If you're willing to go all-in, you can probably activate the Dragon's Edge's preliminary Special Ability!

Chen Xiaobei: Go all-in? You mean I'm going to have to put in ALL of my resources?

The Prime of Tongtian: I forged the Dragon's Edge with my own two hands. It's a Divine Instrument in itself. Only that its Spirituality has never been awakened, and its Spiritual Ability has not been activated. This process will be more difficult. Perhaps you would have to include the broken Immortal Instruments in the furnace!

Chen Xiaobei: That...

The Prime of Tongtian: Why? Are you reluctant? On one hand, two Immortal Instruments, and on the other a Divine Instrument. You should know which one you should choose to nurture!

Chen Xiaobei: It's not that... It's just that I have used a lot of Living Soil on both the Immortal Instruments! I'm just troubled that I've wasted the Living Soil!

The Prime of Tongtian: Don't worry! The Heaven and Earth Spiritual Aura in the Living Soil can be refined too. It would not have been a waste!

Chen Xiaobei: Okay! I get it! I'll go do as you have instructed, right now!

Chen Xiaobei put his phone away and jumped right into the task.

First, he examined the situation inside the furnace.

10,000 or more Spiritual Items, Spiritual Medicines and Elixirs – all being refined to make thousands of rainbow Spiritual Aura.

Accumulated together, the Spiritual Aura looked like the long hair of a woman, dancing in the wind. It was a splendid sight.

“Come! No matter what this is going to cost me, I have to awaken the Dragon’s Edge’s Spirituality and activate its true Special Ability!”

Thousands of rainbow-colored Spiritual Aura filled the Heaven and Earth furnace.

Chen Xiaobei had the Dragon’s Edge taken out.

Under the control of his mind, the thousands of Spiritual Aura streams pierced the Dragon’s Edge.

“It’s reacting!” Chen Xiaobei’s eyes lit up. He could sense a touch of Spirituality in the palm where he held the Dragon’s Edge.

It was delicate like an infant’s breath but it was there!

“Its Spirituality is awakened! The next step is to continue to strengthen it and activate its Spiritual Abilities!”

Chen Xiaobei took out his Green Dragon and Red Dragon and tossed them into the furnace without so much as a protest.

[Red Envelope Group of the Three Realms](#)

Chapter 1800: One Month’s Closed-door Cultivation

Although the dragon swords lost their Spirituality, they were still Immortal grade materials that had been fixed with the Living Soil! Refining them was not going to be an overnight task!

On top of that, Chen Xiaobei only had one piece of Sanmei True Fire Talisman left. So, he had to resort to using the Transmogrifying Flame.

Even if the Heaven and Earth Furnace’s Spiritual Ability was given a boost, it would take almost a month for the whole refinement process to be completed because of the low-grade fire.

Of course, since there was no battle involvement in the meantime, Chen Xiaobei had the time to spare.

He could cultivate while he waited; not a minute was to be wasted.

Chen Xiaobei may have given most of his Spiritual Stones to Qin Yitian and the Beast Essence stored inside his body had been used up. However, he had made the emperor of Tenshou his loyal hound and had access to the Tenshou’s spirit channel for cultivating.

Ultimately, after 40 days, the Tenshou imperial family would be wiped out. Chen Xiaobei did not wish to rule Tenshou Starfield either, so it did not matter even if the spirit channel was drained dry.

...

After communicating with Wugui Osama, Chen Xiaobei received an electronic imperial edict that allowed him to go in and out of the Tenshou palace without any restrictions.

Wugui Kojiro brought Chen Xiaobei to the secret cultivating room built right above the core of the imperial city’s spirit channel. The room was used only by the emperor himself.

“The Spiritual Qi here is so dense!” Chen Xiaobei noted upon entering the room.

The room was not very big but it was filled with pure and extremely concentrated Spiritual Qi, making it feel as if tens of thousands of Spiritual Stones had been cracked opened in the room.

Wugui Kojiro shook his head. "This is only a small portion of the spillover from the Spiritual Channel. Go ahead and get ready to cultivate, master. I will go get the formation going. There will be even more Spiritual Qi released later!"

"Alright!" Chen Xiaobei walked to the raised platform in the center of the private room. He crossed his legs and began to use his Heaven and Earth Scripture.

Wugui Kojiro activated the Spiritual Channel's formation.

Only the core members of the Tenshou imperial family had the access to the formation.

In the next minute, Spiritual Qi poured into the secret room like a raging river.

Chen Xiaobei breathed them all in.

Ever since he broke through to God-Ascension cultivation, Chen Xiaobei's Dantian's capacity had increased by ten times! He could also take in Spiritual Qi ten times faster than before.

Almost every second, 30,000 thousand low-grade Spiritual Stones' worth of Spiritual Qi was continuously siphoned into his body.

Of course, after he had broken through to God-Ascension cultivation, it would require even more Spiritual Qi to increase the same amount of cultivation.

Essentially, one high-grade Spiritual Stone's Spiritual Qi could increase either his health or combat power by 100; and one high-grade Spiritual Stone was equivalent to 100 million low-grade Spiritual Stones.

Taking in 30,000 low-grade Spiritual Stones every second meant almost 100 million low-grade Spiritual Stones in an hour!

Put simply, every hour Chen Xiaobei spent cultivating required 100 million low-grade Spiritual Stones, which would either increase his combat power or health by 100 points.

.....

There were thirty days in one month, and twenty-four hours in a day. That added up to a total of 720 hours!

Because his health was far above his combat power, Chen Xiaobei leaned more towards increasing his combat power.

720 hours of cultivating to raise his combat power.

72 billion low-grade Spiritual Qi spent.

This should result in a 72,000 increase in combat power.

With the boost of his Heavenly Path's reward, however, that number was doubled to 144,000.

Ding!

[Cultivation: Early phase of God-Ascension; Lifespan: 10,100 years; Health: 1,064,000; Combat power: 668,000]

Chen Xiaobei opened his eyes and breathed out a mouthful of white mist of about ten meters long. The mist did not dissipate. It was very unusual.

“Master! You’re awake!” Wugui Kojiro, who had been waiting by his side, said.

“I could feel the Ethereal Force in your body undulating. That must have been about a 150,000 increase in combat power!”

“About there...” Chen Xiaobei shrugged.

He slowly reined in his Ethereal Force, and allowed his body and Dantian to calm down.

“My god... It’s true... I thought that... I was mistaken...” Wugui Kojiro stammered. “I’m twenty-five this year but I’ve only managed to reach 600,000 combat power! In thirty days, you were able to reach my level which I worked my ass off for six long years to achieve... That... It is just incredible...”

“It’s nothing...” Chen Xiaobei answered. “If I had used the Demonic Beast Essence to cultivate, I could have gained another 100,000 health.”

“Oh...” Wugui Kojiro felt a stab in his little heart.

What seemed so impressive to Wugui Kojiro was simply ordinary to Chen Xiaobei!

Wugui felt like useless in comparison to Chen Xiaobei. How could he ever catch up to his master?

...

Chen Xiaobei took out his phone and left Wugui Kojiro to stew in his shock.

“Qin Yitian is very reliable, after all.” Chen Xiaobei smiled at the message he had just received from her.

This woman had used all her family’s connections and pulled the all right strings to turn the 13 trillion low-grade Spiritual Stones into Spiritual Items in thirty days!

In her message, she informed Chen Xiaobei that he could go to Vermillion Phoenix to collect the goods. If it was inconvenient, she could send it over to him herself.

“I have ten more days until the Saint Duke betrothal contest deadline. My cultivation can skyrocket again after I get my Spiritual Items! This is great!”

Chen Xiaobei stood up. “Now, let me take a look inside the Heaven and Earth Cauldron first!”

An image of the furnace was immediately projected into Chen Xiaobei’s mind.

The Green Dragon and Red Dragon swords were nowhere to be seen.

In their place were two rainbow-colored Heaven and Earth Spiritual Aura.

Unlike the previous Spiritual Aura which was fine and small, these two Heaven and Earth Spiritual Aura were very thick and large like two rainbow-colored serpents slithering in the air, giving off a strong vibe of Spirituality.

“Immortal grade materials really are one of a kind. Combined with the Living Soil, the Heaven and Earth Spiritual Aura produced ten times more Spirituality than ten thousand Spiritual Items!” Chen Xiaobei was over the moon. “Next, it’s time to activate the Dragon’s Edge Special Ability! Ooh, I can’t wait...”

“Rise!” Chen Xiaobei instructed, and the two bands of rainbow aura streamed into the Dragon’s Edge like little waterfalls.

Wugui Kojiro stood frozen, watching from the side.

He had never ever seen anything like this before!
