Chapter 2021: Returning To Devil Earth

I'll be carrying out an extremely important operation later, and you'll play an important role!

Chen Xiaobei looked at Zi Yuan seriously and said, "Whether I can live or not, to a large extent, depends on your performance!"

Zi Yuan smiled and said, "I didn't expect that I'm so important to you!" Tell me, what do you want me to do?"

I've also heard a little about the legends of the five poison sacred sect! what? " Chen Xiaobei asked, " can you still use the poison that you used to kill their entire sect? "

"Of course you can!"

"As long as the poison's grade is lower than my cultivation base, I can imitate it after eating it once!" Zi Yuan said confidently. Furthermore, it could be used forever in the future! If you want to use it now, I can release the poison right away!"

"Don't worry, don't worry!"

I also want to make sure that this poison is colorless and odorless. Even a poison master wouldn't be able to detect it! Chen Xiaobei said.

"Do you even need to ask?"

"Back then, the five poison sacred sect was one of the top poison sects in apocalypse Starfield," Zi Yuan said. "Everyone in the sect was an expert in using poison! In the end, they were all completely poisoned to death by me without knowing it!"

"Very good! As long as I'm not discovered, my plan is already half-complete!"

what's wrong? " Chen Xiaobei asked again, " does this poison take time to activate? " Can you control the timing of the attack?"

"It's a delayed attack! Furthermore, it can control time!" "Back then, in order to ensure that the poison would spread throughout the five poison sacred religion and kill everyone, I had specially delayed the poison's flare-up by a few dozen days!" Zi Yuan said.

"In the past few dozen days, everyone from The Five Venoms sacred cult has been infected with the poison without them knowing! It was only on the tenth day after I was sealed that the poison completely erupted!"

the sudden poison didn't give them any chance to save themselves. In just three minutes, everyone from the five poison sacred sect was dead!

At this point, Zi Yuan couldn't help but raise his delicate little chin, full of pride for his masterpiece back then.

"Very good!" "With this poison, my plan will not fail!" Chen Xiaobei said excitedly. However, could the delay be shortened? It's too long to take dozens of days for it to act up!"

"Of course you can!"

"I'm in complete control of the time when the poison takes effect!" Zi Yuan said. It doesn't matter if it's fast or slow, it's all up to my thoughts!"

"It's perfect!" "Let's go!" Chen Xiaobei grinned. Let's go back to devil earth together! Everything that follows will be in my control!"

.....

Half a day later.

Chen Xiaobei returned to the blood Emperor Starfield and then teleported back to the Qin family's main city.

Chen Xiaobei entered bei Xuan faction's room, used the returning bracelet, and returned to the devil earth.

"What the hell is this place? The environment is terrible!"

Zi Yuan was a demon, so he could not enter the ring. He was like a little purple butterfly, flying around Chen Xiaobei.

"This is the legendary devil earth continent!"

don't worry! Chen Xiaobei said, " every step you take will be filled with danger. You have to hide yourself and not let anyone see you!

"What are you afraid of?"

"I'm a four-star earth-god level poisonous demon!" Zi Yuan said proudly. Humans of the same level are no match for me. If anyone dares to stop us, I'll just kill them!"

"Idiot!"

"You are my secret weapon!" Chen Xiaobei said. He could only act at a critical moment! If we expose ourselves to the enemy early on, they will be on their guard, and my plan will be ruined!"

"Am I really the secret weapon? Am I really that important?" "Alright, I'll go into hiding now!" Zi Yuan laughed proudly. At the critical moment, we'll deal the enemy a fatal blow!"

"Whoosh ..."

With a thought, Zi Yuan's fairy-like form turned into a cloud of purple smoke and hid under Chen Xiaobei's Black cloak.

Obviously, Zi Yuan's current body was the spiritual body of a Demon Soul, which could change freely.

In fact, her girlish voice and elf form were all influenced by her childhood friend, Xiaoling, and she had deliberately changed into this form.

If the first person Zi Yuan met was an evil person, she might have transformed into a terrifying demon.

At the beginning of life, people were good by nature.

At the beginning of a demon's life, their nature was not bad. The key was to see what kind of influence they were under after they developed consciousness and wisdom.

Chen Xiaobei was glad.

Fortunately, the person Zi Yuan first met was the seven-year-old girl, Xiaoling.

Because of this, Zi Yuan was also like a young girl now. Sometimes he was naive, sometimes he was silly and cute, but the main point was that he was very easy to coax.

When Chen Xiaobei complimented her as his 'secret weapon', she was so happy that she hid away.

Of course, Chen Xiaobei did not lie to her. Every step after this could affect the direction of the entire plan, so he had to be careful.

Chen Xiaobei had been wearing the Nightstalker outfit and the mask, but he did not hide himself.

With the sky demon Apostle token in his hand, Chen Xiaobei walked into the demonic sect's control area.

Chen Xiaobei had been here once before, so he was very familiar with the area. With the sky demon Apostle token in his hand, no one dared to block his way. He reached the eerie temple where the children were held.

At this time, thousands of demon sect disciples had gathered outside the temple, all of them in high spirits, rubbing their fists.

One look and he knew that there would be a big move today.

Chen Xiaobei walked over and used the wonderful sound perception to make his voice hoarse, " "What are you all doing here?"

"You didn't know?" One of the demonic sect leaders looked at Chen Xiaobei in surprise.

"You'll answer whatever I ask! You're not qualified to ask about other things!" Chen Xiaobei's tone was cold and overbearing, and he instantly intimidated the other party.

After all, those who held the sky demon Apostle token were the highest level spies in the demonic sect!

Because of his high status and the fact that he was involved in secret operations, no one in the demonic sect could question the heavenly demon Apostle except for the demon commander!

Even the heavenly demon apostles were not allowed to ask each other questions!

"Lord Apostle, please calm down. I didn't mean to offend you!"

The leader quickly replied respectfully, " 8100 boys and girls have been gathered. We're all gathered here, and we'll bring all the children to the sacrificial altar at your command. We'll cut their flesh and drain their blood to activate the killing formation ...

"You've already gathered all of them?" Chen Xiaobei's heart skipped a beat.

"Yes ... I've gathered all of them ..."

The leader swallowed his saliva and said awkwardly, " as soon as the children were gathered, the demon Supreme ordered all the heavenly demon apostles to gather for a secret meeting to finalize the final action plan!

"Open the door!" Chen Xiaobei said.

"Ah?" The leader was stunned and said in surprise, " "You're not joking, right? Without the demon's order, how would I dare to open the door?"

Chen Xiaobei raised the sky demon Apostle token and said, " "Open the door, or die!"

Chapter 2022: The Demon's True Appearance

"Plop!"

The leader immediately knelt on the ground and wailed, " "Lord Apostle, please show mercy! Please spare this lowly one's life ... These children are extremely important. Even one less would be the end of this lowly one ..."

"Who said I was going to take these children away?"

I'm telling you to open the door. I'm just going in to take a look and leave immediately. I won't touch any of the children as sacrifices!

"R-really?" "You're really not going to touch the offering?" the leader asked, trembling.

"Nonsense! If I touch the sacrifice, not only will you die, I won't live either!"

I'm in a hurry to go to a meeting! Don't waste my time! Open the door! Chen said impatiently.

"Yes, sir ..."

The leader thought to himself that if Chen Xiaobei really dared to do anything, he would just push the blame on Chen Xiaobei.

Soon, the gate of the temple was opened.

"You wait at the door!" let's go! Chen Xiaobei ordered and walked in.

yes ... the leader's brows furrowed, but he didn't dare disobey.

The space inside the divine temple was extremely large, and it was able to accommodate a total of eight thousand children.

However, the environment here was extremely bad. The space was dark and damp, and the ground was bone-piercingly cold. Almost all the children had caught a severe cold, and some even had a high fever and fainted.

The children who had been captured earlier were already on the verge of death due to the lack of food and water.

Chen Xiaobei's anger reached its boiling point. He was like a volcano that could erupt at any moment.

These children were all under the age of seven!

The demonic sect was actually going to do such a heartless thing to the purest, most innocent, and kindest children!

Anyone with a conscience, let alone Chen Xiaobei, would be enraged by this!

8,100 children! Cut his flesh! Blood!

If such a thing really happened, it would be enough to anger the heavens and earth! Both man and God were enraged!

Of course, since Chen Xiaobei was already here, he would not let such a thing happen!

"I'm going to keep all these children, not a single one less!"

Chen Xiaobei made up his mind.

However, they couldn't save these children yet. Otherwise, the operation would be exposed and the follow-up plan wouldn't be able to proceed.

Chen Xiaobei's goal was not only to save all the children, but also to reverse the demonic sect's entire conspiracy.

Because of that, Chen Xiaobei could only suppress his anger and complete the final plan.

Chen Xiaobei walked to a dark corner of the temple, took out his phone and took a video.

The dami 17 interstellar phone had an extremely high camera resolution.

In the dark, the camera quickly scanned the entire scene, but it could still capture everything in the temple clearly.

Even the faces of the children could be seen clearly.

After that, Chen Xiaobei secretly released Xiao 'er from the dark corner and left a secret weapon behind.

.....

Chen Xiaobei walked out of the temple and said, "I'm done checking. If you're still worried, you can go in and count!"

"No need to count!"

The leader smiled. the Apostle went in for less than half a minute and came out empty-handed. It's impossible for him to take any offerings with him. I was too suspicious just now!

Chen Xiaobei nodded and said, " in that case, lock the door and guard it carefully. The demon's order should be issued soon!

"Yes, sir!" The leader quickly locked the temple and guarded it carefully with thousands of demon sect members.

On the other hand, Chen Xiaobei was rushing to the sky Soul Hall.

.....

at this moment, the entire Sky Soul Hall was on high alert. Other than the sky demon apostles, no one was allowed to enter.

One could imagine that the demonic sect's shocking scheme was about to be finalized in the dizzying Hall.

Chen Xiaobei showed the sky demon Apostle token to the front of the hall and walked in without a hitch.

After all, the heavenly demon apostles were important spies sent out!

The identity of every Apostle was Top Secret!

Other than the demon himself, no one knew the true identity of these top spies!

That was why Chen Xiaobei could still wear the mask and no one would suspect or question him!

In fact, when Chen Xiaobei entered the meeting room, he saw that everyone was wearing a mask!

Moreover, all of them sounded weird, hiding their real voices!

This was to hide their true identity!

In this meeting room, they were all heavenly demon apostles!

However, once they went outside, they were all famous big shots, even big shots of the righteous path!

Once their identities were exposed, the entire apocalypse Starfield would be in chaos, even to the point of being overturned!

"Lord devil Emperor has arrived!"

At this moment, a loud shout came from outside the conference room.

The dozen or so heavenly demon apostles in the meeting room stood up in unison and looked at the door respectfully.

Chen Xiaobei looked over as well and activated his golden gaze fiery eyes and netherspirit battlescouter.

He was waiting to see the true face of this demon commander.

A man in a black and gold battle robe and a black jade mask walked in with a majestic gait.

"We pay our respects to Lord devil Emperor!"

In the conference room, everyone shouted in unison and bowed in unison.

Chen Xiaobei, on the other hand, was shocked. He hesitated for a moment before he quickly learned to bow.

Who dared to think about it!

It was not a human face under the demon's mask!

It was the face of a devil!

His face was green, fangs were sharp, and his blood-red eyes were ferocious. Just his face alone was enough to scare a child to tears!

Chen Xiaobei continued to use his golden gaze fiery eyes to see through the black and gold battle robe. The body under the black and gold battle robe was even more terrifying!

His muscles were exposed, his bones were exposed, his blood vessels were as thick as fingers, and his tail was wrapped around his waist, with a dagger-like inverted stab!

Chen Xiaobei immediately thought of the demonic tribe.

However, there was a huge difference between this demon and the limitless demon race.

More ferocious! It was even stranger! It was more dangerous!

It should be a demon race of a higher level than the Wuji race!

Of course, other than its race, Chen Xiaobei had also killed it.

[ding Qianqian's cultivation level: five-star earth-god level, lifespan: 10,010,000 years, physique: 50 million! (The strength of five tigers)

One must know that a five-star earth-god instrument was almost the strongest existence under the earth-god Realm!

As for the earth-god Body, because of the advantage of the vital essence in the sea of Qi dantian, it could suppress earth-god instruments of the same level!

In other words, this evil demon was almost invincible under the earth-god Realm!

Even Chen Xiaobei did not have the confidence to fight this demon head on!

"All of you, sit! He had to hurry! To avoid any more variables!"

The demon waved his hand. His tone and actions were very human.

"Yes, sir!"

Everyone took their seats.

A shocking conspiracy had begun!

[Red Envelope Group of the Three Realms](#)

Chapter 2023: Taking Off The Mask

the 8100 children have been gathered!

The demon sat on a throne made of Black Gold and said with a deep voice, "According to the order, tell me if you have prepared the things I have arranged for you!"

"Yes, sir!"

Everyone agreed in unison.

Chen Xiaobei's heart tightened. Everyone was taking turns to say it, what should he do when it was his turn?

"The first Apostle reports to the demon!"

At this moment, an old man wearing a green mask said in an extremely hoarse voice, "all the aristocrats in the Azure Dragon region have been evacuated. All the slaves are gathered in the excavation area!"

Chen Xiaobei was shocked. He did not expect that other than Jiang Zhaoyan, the Jiang family of Green Dragon had a spy in the demonic sect!

Of course, this person could also be a new spy chosen by the honor demon after Jiang Zhaoyan's death!

After all, the demonic sect's shocking conspiracy was closely related to the apocalyptic aristocrats in the four continents!

As long as this plot succeeded, the aristocrats would be able to gain a large number of believers, just like they had tens of millions of years ago. The fate of the four major families would continue to be troubled and prosper forever!

Naturally, there would be many people in the Jiang family of Green Dragon who would be willing to serve the demonic sect!

By the same logic, every heavenly demon Apostle present had a corresponding top force behind them. In this conspiracy, they would more or less get a share of the loot.

Because of this, their conscience was blinded by benefits and they helped the demonic sect unscrupulously.

"Second Apostle, report to demon commander!"

A man wearing a red mask said in a sharp voice, "all the aristocrats in the Vermillion Bird area, evacuate! All the slaves, stay!"

Then, without any suspense, people from The White Tiger Imperial City and the Black Tortoise Imperial City also made the same report!

In this way, all the aristocrats in the four regions controlled by the four imperial cities were withdrawn, and all the slaves were kept!

Chen Xiaobei knew all of this!

The total number of slaves reached a shocking eight hundred million!

However, the demon's next statement was something that Chen Xiaobei had not expected!

"Very good!"

The honor demon nodded and said with satisfaction, "eight hundred million slaves, plus two hundred million people from over ten thousand forces, big and small!" Once the limitless demon formation is activated, we can kill them all!"

Chen Xiaobei's heart skipped a beat.

The first information they received was that the demonic sect was going to kill eight hundred million slaves.

He had never expected that the demonic sect would want to kill all the people from the other forces except the aristocrats!

After all, there were more than 10000 factions in devil earth.

These forces, big and small, were spread all over the four continents of apocalypse Starfield.

If killing 800 million slaves was to throw the entire apocalypse Starfield into panic!

Killing the people of these tens of thousands of forces would make everyone in apocalypse Starfield angry and hateful!

In this way, the entire apocalypse Starfield, from the top wealthy families to the small forces to the ordinary people, everyone would be eager to see the demonic tribe exterminated!

At this time, the mastermind behind the conspiracy could step forward and put on a good show of 'eliminating demons and protecting the Dao'!

After that, the trillions of people in apocalypse Starfield would regard the mastermind as their Savior and offer their most devout faith!

Chen Xiaobei clenched his teeth. He could not let this happen!

The lives of 8100 children! The lives of a billion adults! The faith of a trillion citizens!

All of this was because of Chen Xiaobei!

"Continue with your report."

The Asmodian looked at the other apostles and said, " "Have you all prepared what I asked you to?"

"Fifth Apostle, report to the honor demon!"

A man wearing a bronze mask said, " a five-star earth-god level excavation formation has been set up in the excavation area. As long as you give the order, we can excavate the infinite sky demon formation in half an hour!

"The sixth Apostle, report to the honor demon!"

yes! the sixth Apostle said in a deep voice, " I have already taken out three medium-sized spiritual veins and plundered three medium-sized Treasuries. I have finally gathered enough spiritual Qi and can activate the infinite sky demon formation at any time!

"The seventh Apostle, report to the demon!"

The seventh Apostle continued, "I've already taken care of all the top news media in apocalypse Starfield!" When the formation is activated, the news that 'the demonic tribe killed one billion humans' will be spread to every corner of apocalypse Starfield!"

The eighth Apostle replied, "I've taken care of all the top internet media!" The news of 'demons killing a billion humans' will spread all over the internet!"

The ninth Apostle continued, "your subordinate has taken care of all the mobile phone operators!" In apocalypse Starfield, anyone who uses a mobile phone will receive a text message that 'the demonic tribe has killed one billion humans'!"

The tenth Apostle laughed. once the news spreads, the people I've arranged will start to stir up the People's hearts. They will create panic and create chaos. They will do it as fast as possible so that all the people will hope for the arrival of the Savior from the bottom of their hearts!

"Very good! Very good! I didn't choose the wrong person when I chose you as my heavenly demon apostles!"

Hearing this, the demon laughed out loud and said excitedly, " "You're all big shots in apocalypse Starfield! Once all of this is settled, our plan will be smooth and unimpeded! Hahaha ..."

As soon as he said that, the surrounding apostles started to flatter him.

"The success of this plan is all thanks to Sir devil Emperor's wisdom!"

"Yup! It's all thanks to Lord devil Emperor's perfect plan, a strategic plan that determined victory from a thousand li away!"

"Isn't that so! Lord devil Emperor was the commander who had contributed the most! We're just Small Soldiers who act according to the plan!"

"Now that everything is ready, we just need to wait for Lord devil Emperor's order and we can pick the fruit of victory!"

"Lord devil Emperor, please give the order! We can't wait any longer!"

"Sir devil Emperor, please give the order ... Please give the order ..."

The meeting room was filled with joy. From the demon Lord to the apostles, everyone was immersed in the joy of victory.

In their eyes, the great conspiracy to overturn apocalypse Starfield was perfect, and the victory was already set in stone.

"Good! Pass me the sky demon order!"

The demon was excited. He raised one hand and shouted, " "The heavenly Devil project! Officially open ..."

"Wait a moment!"

Chen Xiaobei interrupted the demon's order.

In an instant, everyone's eyes were on Chen Xiaobei.

"Which Apostle are you? Why did you interrupt my order?" The demon's tone turned cold. He was very unhappy.

"I'm ..."

Chen Xiaobei slowly took off his mask and smiled. "Society, your bro bei!

Chapter 2024: Destroying The Conspiracy

you ... Who are you!?

The demon immediately stood up from the throne nervously.

The ten or so sky demon apostles around them also stood up and stared at Chen Xiaobei with murderous intent.

"Reporting to the demon Lord!"

At this moment, one of the apostles said, " this kid is Chen Zhufeng!

"What!"

Chen Zhufeng? " the demon was shocked. he ... He's the Chen Zhufeng who killed tenhon ishiqi and Zhaoyan Jiang? "

"Right! It's him!"

The Apostle said,"not only that, he even let the spiritual Flame King go and took the explosive flame spiritual King Sword!" He almost ruined our big plan!"

"Nangong Kurong! You're quite concerned about me!" what?! Chen Xiaobei raised his eyebrows and said, " you know everything about me?!

you ... How did you know it was me ... the Apostle from earlier was shocked and became nervous.

Obviously, Chen Xiaobei had the Golden gaze fiery eyes!

with one look, he could tell that this sky demon Apostle was heaven dominating faction's Grand Elder, Nangong Kurong!

Of course, Chen Xiaobei would not explain. Instead, he sneered, " "Not only do I know that you are Nangong Kurong, but I also know that you are Nangong Kurong. I also know that the demon you're loyal to is not human!"

"You little brat! You're looking for death!"

Hearing this, the honor demon was enraged. Like a provoked beast, he released a terrifying killing intent and pressure.

"Don't be so excited!" hehe ... Chen Xiaobei grinned. the show is just about to start. It won't be fun if you kill me!

"No matter what kind of show there is?" "Today, you're going to die!" The demon said disdainfully.

"Clang! Clang! Clang ..."

As soon as he said that, the surrounding heavenly demon apostles all drew out their earth-god instruments.

Once the demon gave the order, they would all gang up on Chen Xiaobei and kill him!

Don't underestimate these people!

Each of them had a high status, and the earth-god instruments in their hands were all at least three-star. The people from the Vermillion Bird, Black Tortoise, and white Tiger imperial cities even had five-star earth-god instruments!

There was no doubt that if they surrounded Chen Xiaobei, he would not be able to fight them with his current trump card.

However, Chen Xiaobei did not show any fear. Instead, he smiled and asked, " "Why do you have to kill me? Am I that scary to you?"

"Nonsense!"

"You've been here since the meeting started!" The demon roared. You already know all our secrets! If I don't kill you, those secrets will be leaked! Our plan will be ruined!"

"Hehe." what? " Chen Xiaobei grinned. if the world already knows about your secret, would you still kill me? "

"What? What the hell are you talking about?"

"This is the highest conference room of the sky Soul Hall!" The demon said with disdain. No secret could escape from this door! How could the whole world know about it?"

"Nangong Kurong, haven't you always been very concerned about me?" I have another identity that you should be very clear about!"

"What ... What identity?"

Nangong kuirong was dumbfounded and said in surprise, " "What does your identity have to do with whether the secret is known to the world or not?"

"Idiot!"

Chen Xiaobei shook his head in disdain and reached out his hand from under the cloak.

Everyone's eyes were on Chen Xiaobei's hand.

He saw that the other hand was holding a cell phone!

The screen of the phone showed the meeting room, and a line of text popped up.

Each line of text had a corresponding user name.

The Azure Dragon, the scholar in Azure-was inhumane! He was too inhumane! Recently, children had been lost in various places! He didn't expect that he was actually captured by the demonic sect as a sacrifice!

The Vermilion Bird Golden Saber young master was crazy! The demonic sect actually wanted to kill a billion people! Just thinking about it makes my scalp go numb!

The most terrifying thing about The White Tiger Jade Tower's Palace Master, Lao Ai, was that all the Tribulation aristocrats in the four capital cities were secretly colluding with the demonic sect! This world was simply too dark!

Xuanwu, the melon-eating crowd, and the Grand Elder of heaven dominating faction! He was actually working for the demonic sect! heaven covering sect was the leader of the righteous path! My three views have been shattered! I don't believe in justice anymore!

Azure Dragon Zhangsan, do you want to die? There was still justice in this world! Bro bei is justice!

Zhuque Li Si was right! Bro bei had risked his life to sneak into the demonic sect! Give us a live broadcast of the demonic sect's conspiracy! Otherwise, we would still be in the dark!

White Tiger Wang Mazi, yes! If not for bro bei! The people behind the scenes would become the Saviors of the world!

Black Tortoise Wang Erma was right! Bro bei is justice! He is our beacon of light! He is our eyes! He is our hope!

I'll never regret being a fan of bro bei!

I'll never regret being a fan of bro bei!

I'll never regret being a fan of bro bei!

.....

.....

.....

Lines of text appeared on the screen of the mobile phone rapidly like a storm!

From the usernames, it was obvious that people from all continents in apocalypse Starfield were watching the livestream!

Moreover, from the density of the text and the dazzling speed of the refresh, it could be roughly estimated that the number of people watching this live broadcast had probably exceeded 100 million!

Although not the entire apocalypse Starfield was watching, it was only a matter of time before the whole world knew about it!

"What's going on?"

The honor demon became nervous. He grabbed Nangong Kurong's collar and roared, "Tell me! What the hell is going on?"

"This ... This is a live broadcast ..."

Nangong kuirong gasped, and his pupils contracted uncontrollably. Chen Zhufeng also has another identity. He's a popular streamer on 'old Wang livestream'. ..

live broadcast???

The demon was so angry that his eyes were about to spit fire, "In other words, everything that happened just now has already been known to the world?"

y-yes ... Nangong Kurong swallowed his saliva and said, "The person on the screen ... Is the person watching the live broadcast ..."

"Pa!!!"

The honor demon was so angry that he slapped Nangong Kurong's face.

"Argh ..."

Nangong kuirong was sent flying. The mask on his face was directly shattered, and half of his face was swollen like a pig's face. When he opened his mouth, blood and broken teeth were flowing out.

"Trash! You bunch of trash!"

The demon flew into a rage out of humiliation and roared at everyone around him, "I've been preparing for hundreds of years for this plan! Countless blood and sweat! Endless energy! Countless financial resources! The massive investment is now all in vain!"

The surrounding crowd felt as if they had been struck by lightning. They all shivered and gasped.

It was clear that the lives of every single Apostle were in the hands of the demon!

The plan had failed, the efforts had gone to waste, and the demon was extremely furious. It was very likely that he would take everyone's lives!

"Chen Zhufeng! Good job!"

The demon gritted his teeth and said, "you've completely ruined my plan!" I'm convinced! However, the price you have to pay is death! The 8,000 children would definitely die! The one billion humans will die!"

[Red Envelope Group of the Three Realms](#)

Chapter 2025: The Demon's Revenge

No! Don't kill bro bei! You damned devil!

The evil bi 'an! If you dare to kill bro bei! My family and I will declare war on you! They wouldn't rest until one of them died!

F-ck you-you f-cking demon! If you have anything, come at me! Don't touch my bro bei!

.....

Before Chen Xiaobei could say anything, his friends who were watching the live stream exploded.

Without a doubt, Chen Xiaobei had become the hero in their hearts! It had even become their belief!

They scolded the demon Lord for Chen Xiaobei! He declared war on the demon Lord! She did not even mind dying for Chen Xiaobei!

It could be seen that in this world, there were still more kind people!

Seeing this, Chen Xiaobei's heart was filled with warmth but he was not afraid. He smiled at the camera and said, "My brothers! Don't worry, your bro bei will not die!"

"Acting tough!"

Upon hearing this, the demon suddenly roared, "I am a five-star earth-god!" There were three five-star earth-god instruments around him! Five four-star earth-god instruments! Seven three-star earth-god instruments! You won't die? This Lord will follow your surname!"

"Whoosh! Whoosh! Whoosh ..."

The fifteen sky demon apostles activated their spiritual energy and ignited their earth-god instruments, ready to attack Chen Xiaobei at any time!

Qingqing is finished! Bro bei is dead! The enemy's strength was too terrifying!

Yingying ... Bro bei is really working too hard! In order to destroy the demonic sect's plot, he was willing to risk his life!

Bro bei was using his life to broadcast!

Bro bei! Have a safe journey! I will definitely avenge you!

Bro bei will forever be remembered ... Bro bei's name will be passed down for centuries ... Bro bei will always live in our hearts ...

On the screen, there was another wave of frenzied spam. Almost everyone believed that Chen Xiaobei was dead for sure.

After all, the combat power that the enemy had displayed was already terrifyingly strong!

Even though everyone worshipped and believed in Chen Xiaobei, they could not believe that Chen Xiaobei could escape from such a deadly situation!

This was absolutely impossible!

"I didn't expect this! You guys worship Chen Zhufeng so much!"

The demon squinted at the words on the screen and said, "since my plan has been completely destroyed, I will let all of you have a taste of despair!"

Yingluo, what are you doing! Don't kill my bro bei!

Please don't kill bro bei!

Yingluo, don't!

"Hehe, don't worry! You guys value Chen Zhufeng so much! I can't bear to kill him so easily!"

no! the demon said viciously, " I want Chen Zhufeng to continue his live broadcast! A live broadcast of 8100 young boys and girls being cut and bled! The livestream of the infinite demon formation was activated! A live broadcast of one billion humans dying in a river of blood! A mountain of corpses!"

"Finally! I'll be putting on the best show of this live broadcast!"

The demon stared at the camera ferociously and said, " "I want you to see Chen Zhufeng being tortured! To see him suffer a fate worse than death! Watch him get cut into pieces!"

"From a living person to a skeleton! His meat would be fed to the dogs! His bones will be crushed into dust!"

"I want all of you to taste the taste of despair! I want you to remember the consequences of being my enemy forever!"

"I promise! Today's live broadcast will be unforgettable for all of you! Hahaha ..."

The demon suddenly burst into laughter.

These extremely sinister remarks made the friends who were watching the live broadcast cry out in panic.

Xuxu is in trouble! This demon was furious! His scheme had failed! He wanted to make others suffer!

Qianqian, this demon, will definitely torture bro bei! I don't even dare to look!

It's not just bro bei! And those poor children and one billion innocent adults, they would die a terrible death!

Bro bei just sent me a video of the temple. I've already seen it. My own flesh and blood is in it!

My father and brothers are among the one billion Lords in Xuanji!

We clearly know that-massacre is about to break out, but we are completely powerless! This feeling was probably despair ...

Bro bei is going to die! The children must die! His father, uncle, and brother would all die! However, we can only watch and can't do anything! This! It was despair!

Yingluo-No... I don't want them to die ... I'd rather the one who dies is me ...

"Hahaha ..."

Looking at the people wailing, the honor demon laughed even more crazily, " "Wail! Scream! Cry! Seeing you all in so much pain, this Lord's heart finally feels much better!"

"Idiot! Don't laugh!"

Chen Xiaobei said impatiently, " "Didn't you want to do a live broadcast? Hurry up! I'm very busy!"

"Numbing! You're not scared silly, are you? You're on the verge of death and you're still urging me to hurry up?"

"Since you're so determined to die, I'll naturally fulfill your wish!" The honor demon said disdainfully. Let's go! From now on, we'll broadcast despair!"

Then, the demon walked out of the meeting room.

Chen Xiaobei was not afraid at all. He took his phone and followed her.

The 15 sky demon apostles held their earth-god instruments tightly and formed a circle around Chen Xiaobei, not giving him a chance to escape.

Soon, the group arrived at the temple where the children were imprisoned!

"Everyone, open your eyes wide and watch! This is the place where the 8100 children are imprisoned!"

The demon said viciously to the camera, " "Those little brats will be caught soon! In front of the camera, one by one, their flesh was cut and their blood was drained! One by one, they died without an intact corpse! This is the first good show I'm going to show you! Hahaha ..."

As soon as he said that, the audience wailed on the screen.

A total of 8100 innocent and pure children under the age of seven were about to die!

The hearts of all the audience members were filled with anger, unwillingness, and hatred, but they were powerless to stop it!

Extreme despair spread to everyone's heart. That feeling was worse than death!

"A disciple of the sky Soul Hall! Hear my order!"

The demon Lord shouted and looked forward!

"We pay our respects to Lord devil Emperor!"

Outside the temple, thousands of demon disciples had gathered, kneeling on one knee, waiting for the demon's orders.

open the temple and bring all the offerings to the array altar. We'll offer blood to the heavenly demon! The honor demon shouted and gave a clear order.

"Yes, sir!"

Thousands of demonic cultists received the order and gathered at the entrance of the temple.

The disciple Leader opened the door and was the first to enter.

Bro bei! Move the camera away! We can't bear to watch anymore!

Yingluo, yes ... This kind of brutal massacre ... We really don't have the courage to see it ...

Bro bei! Don't stream anymore! Many people would not be able to take it!

The audience wailed again.

It was obvious that despair had crushed his mental state and disintegrated their courage. They had become weak and cowardly!

"Everyone, open your eyes wide and look carefully!"

"Bro bei, I won't let you down!" Chen Xiaobei said with a smile.

"Ah!"

At this moment, the leader of the followers screamed and retreated from the temple. He covered his head with his hands and looked like he was in extreme pain!

Chapter 2026: Gold Worm Waiter

what's going on?!

The demon, the 15 apostles, thousands of cultists and hundreds of millions of spectators were all shocked.

They had no idea what was happening over there!

In everyone's eyes, the people locked up in the temple were all weak children. They couldn't do any serious damage to a demonic sect leader.

"Ow Uh ah"

They only heard the leader's miserable wailing.

He covered his head with both hands and kept stepping back. His whole body was trembling because of the pain. Cold sweat was pouring down like rain!

"Bang!"

The moment the leader retreated out of the temple, his head exploded.

It was like a watermelon being smashed by a heavy hammer!

Skulls exploded on the ground, and blood and brain matter splattered in all directions. The headless body swayed and fell heavily to the ground.

"My God ... Leader ... Why is leader dead ..."

Other than Chen Xiaobei, everyone else gasped in disbelief.

Thousands of demon followers were scared out of their wits. They retreated one after another, not daring to approach the gate of the temple.

The audience watching the live broadcast cheered.

Bro bei! How did the enemy die? You didn't even make a move, how did he die?

Qinqin streamer is awesome! He killed people invisibly! He was so handsome!

Bro bei! It was insanely cool! Mighty, domineering, and invincible!

"Hmph! It was simply laughable! It's just a stinky bug, what can it do?"

The crowd cheered, but the demon snorted in disdain. His eyes fell on the sky above the temple.

Hearing this, everyone's eyes turned to look and they all found the key to the problem.

"There really is a vicious insect!"

Because everyone was quite far away, it was hard to notice without looking carefully.

At the place where the leader had fallen, a small Golden Bug was flapping its cicada wings in the air.

"That little bug's body is covered in blood! It's the one that exploded the leader's head!"

"What powerful spiritual fluctuations! And there were also true essence fluctuations! That little bug has already reached the spirit-refining stage!"

"Heavens! Since when did devil Earth Star area have such a terrifying insect?"

Thousands of demon sect disciples cried out in alarm, not daring to approach.

Even though they had the advantage in numbers, their cultivation base was only at the celestial phenomenon and ethereal cultivation. Compared to the God-Ascension cultivation base, they were miles apart!

If they couldn't form a battle formation to attack and defend together, these thousands of people wouldn't be a match for the Golden Bug!

"A mere early God-refinement realm cultivator! There was nothing to fear! I'll go destroy it!"

Nangong kuirong had sharp eyes. He could tell the little golden worm's cultivation level and immediately volunteered to fight.

After all, he had just been slapped, and Nangong kuirong wanted to take this opportunity to save some face.

"Stop!"

The demon said coldly, "look carefully first!" That little bug seemed to be holding onto something! I'm afraid there's another mystery!"

"What?"

Nangong kuirong was stunned and looked carefully.

The others also observed carefully and immediately made a discovery. "That little bug seems to be holding a ring! If one didn't look closely, they would think that it was the stomach of the little bug!"

The demon was smart. He immediately looked at Chen Xiaobei and asked coldly, "Chen Zhufeng! You were the one who put that little bug in there?"

"That's not a little bug! That's the twelve wings Golden Cicada!"

Chen Xiaobei chuckled and taunted, " "Didn't you say that you wanted to broadcast despair live? Don't tell me he has already slipped away?"

"Bah! It only had a pair of cicada wings! Where did this twelve-winged come from?"

The honor demon said disdainfully, "I don't believe that a little bug at the early stage of spirit Ascension can cause any big waves!" Nangong kuirong, take some men and exterminate that little bug!"

"Yes, sir!"

Nangong Kurong smiled disdainfully and said, " "There's no need to bring anyone else, this subordinate will be more than enough!"

"Don't underestimate the enemy!" The demon's eyes narrowed as he warned in a deep voice.

Obviously, the honor demon was very smart and cautious. He noticed the ring Xiao 'er was holding and sensed the dangerous Qi.

However, everything was being broadcasted live!

The honor demon couldn't let the audience think that he was a coward, so he had to send Nangong Kurong to fight.

"All of you, don't get your spirits up!"

Nangong Kurong walked forward and glanced at the thousands of demon sect disciples. He shouted, " "Isn't that just a little bug? Look at how scared you are! Come with me and take away all the children as sacrifices!"

"Yes, sir!"

The thousands of demonic sect disciples were instantly filled with confidence.

They all knew that Nangong Kurong was a one-star earth level deity!

More importantly, Nangong kuirong was holding a five-star earth-god level sword!

The spirit Qi had already filled the sword, and it could activate the power of a five-star earth-god at any time!

In everyone's eyes, no matter how strong the waiter was, he was no match for Nangong Kurong.

With this in mind, thousands of demon sect disciples followed behind Nangong Kurong and approached the divine temple.

Obviously, except for the honor demon, Nangong Kurong and the rest of the people from the demonic sect didn't take the waiter seriously. They were all sure that they would win this battle!

At the same time, the audience in the live streaming room broke out in a cold sweat for Xiao 'er.

Bro bei! Is that little Golden Bug your spirit beast or not? Quickly let it escape! Otherwise, it would die!

Yingluo-yes! Bro bei! Nangong Kurong was heaven dominating sect's first Supreme elder! He was a one-star earth-god! He even had a five-star earth-god instrument! The little Golden Bug couldn't win!

Yingluo, that little Golden Bug, was also stupid! He was only at the early stage of God-Ascension cultivation. Did he not know fear?

"Brothers, don't worry!"

Chen Xiaobei was not worried at all. He smiled and said, "Not only is my waiter not stupid, he's also very smart! A good show is about to start!"

As soon as he said that, the number of words that popped up on the screen decreased greatly.

All the followers stopped typing and stared at Xiao 'er with full attention, looking forward to the little Golden bug's performance.

"Little bug! Show me what you've got!"

Nangong Kurong stopped ten meters in front of the waiter and laughed arrogantly, "if you don't have any special skills, I can crush you 10000 times with one finger!"

"Idiot! You're about to die, yet you still dare to act tough!"

The waiter rolled his eyes at Nangong Kurong in disdain and shouted, "Bro bei, bro bei! Quickly cut off your spiritual connection! I'm going to kill this idiot!"

Obviously, other than Chen Xiaobei, no one else could understand Xiao 'er's buzzing.

"Little bug! Are you looking down on me by not running or defending?"

Nangong kuirong was very impatient and directly struck out his palm!

"Woof!"

His palm was enhanced with the power of a one-star earth-god! It was equivalent to the strength of a Tiger!

The destructive power of this palm was equivalent to a full-force attack of a giant barbaric Tiger!

Just like what Nangong kuirong had said, if the waiter didn't have a special trump card, this attack was enough to kill the waiter 10000 times!

However, Chen Xiaobei had already calculated everything and completed his plan! How could the waiter not have a trump card?

"The Black Tide! Surge!"

The waiter let out a low growl and shot out ten thousand arrows from the ring in his arms!

[Red Envelope Group of the Three Realms](#)

Chapter 2027: Life And Death Rescue

"Woof! Buzzzzzz! Yi ..."

In an instant, tens of thousands of black shadows charged out of the ring.

It was obvious that the waiter was holding the ten thousand beasts ring!

Chen Xiaobei had temporarily cut off the spiritual connection so that Xiao 'er could control the ring and release tens of thousands of demonic crows!

Of course! He also released the devil Crow King!

"Swish!"

The demonic Crow King was a three-star earth-god, so its speed was extremely fast.

When he suddenly charged out, he was like a Black bolt of lightning, so fast that it was difficult to see with the naked eye!

"Oh my God ... What ... What the hell is that? How could he have the strength of three tigers!"

Nangong Kurong's face changed dramatically. His pupils contracted uncontrollably and he screamed in fear.

One must know that Nangong kuirong was only a one-star earth-god, and his combat strength was only as strong as a Tiger!

An adult giant barbaric Tiger had 10 million combat power and 10 million physical strength! This was the difference between each minor level of the primordial soul realm!

As the saying goes, when an essence spirit is derived to become an earth immortal, the first minor realm will have Nine Heavens!

When one reached the primordial soul realm and became an earthly immortal, it would be more and more difficult to cultivate!

Every minor realm that was raised was as difficult as defying the heavens!

Moreover, he wanted to defy the nine Heavens! Only then would he be able to advance a small realm!

One could only imagine how difficult it was!

Of course, the cost and gain of cultivation were always proportional!

Although the process was extremely difficult, as long as he successfully broke through, it was equivalent to standing proudly above the nine Heavens! Everything that was lower than his realm would be as small and fragile as an ant!

At this moment, Nangong Kurong was just an ant in the eyes of the king of demonic crows! A speck of dust!

"Swish!"

The distance was extremely close! The attack was sudden! Crushing power! The devil Raven King had all the advantages!

The point was that Nangong kuirong had underestimated his enemy. When he found the king of demonic crows, he had no time to use his five-star earth-god instrument!

In the blink of an eye, the demonic Crow King's Blade-like wings slashed across Nangong Kurong's throat!

The head rolled onto the ground, and blood gushed out like a fountain!

he was the Grand Elder of heaven dominating faction! He was a one-star earth-god! Just like that, he was killed in an instant!

"Oh my God ... He's dead ... Nangong Kurong is dead ..."

Seeing the scene in front of them, the thousands of demon sect disciples were all shocked by the level of nuclear explosion!

As if they had been hit by a petrifying spell, they were completely frozen on the spot. Their pupils contracted uncontrollably, and their bodies trembled violently. Their feet could not move even half a step.

At the same time, the hundreds of millions of people watching the live broadcast were all stunned. Not even half a message appeared on the screen!

To the people of apocalypse Starfield, heaven dominating sect was the most powerful force!

as the only Grand Elder of heaven dominating sect, Nangong Kurong's seniority was even higher than the current sect leader!

In the eyes of ordinary people, Nangong Kurong was definitely a god-like existence! Supreme! Holy Majesty! It was extremely powerful!

However! Right at this moment!

Nangong Kurong, who was like a god in everyone's heart, instantly fell from the altar and directly fell into hell!

Instant kill! Instant kill!

If they didn't see it with their own eyes, no one would believe that it was true!

"Woof! Buzzzzzz! Yi ..."

Just when everyone was extremely shocked, the tens of thousands of Black Tide demon crows weren't idle!

They were staring with their blue eyes! It waved its sharp claws! It flapped its blade-like wings! He directly pounced into the crowd!

"Ah ... Ah ... Help! These strange birds were so strong! Every single one of them was at the early stage of God-Ascension! Help! We don't want to die!"

Only to hear, among thousands of devil cultists, screams and wails erupted one after another.

As the black demonic Qi surged like a tide, human heads rolled on the ground, broken corpses covered the ground, and blood formed a River!

Thousands of demon sect disciples were like harvested straw, falling in pools of blood!

In less than ten seconds, tens of thousands of Black Tide demon crows had finished their harvest, completely wiping out thousands of demon sect disciples!

Oh my God! These blue-eyed crows were simply too powerful!

Bro bei! Are these blue-eyed crows also your spirit beasts? It was simply overwhelming!

They wiped out thousands of people in just ten seconds! Such combat power was even more terrifying than a fully armed Army!

Those demons from the demonic sect have done many evil things! He died very well! I'll give the host 32 likes!

He urged bro bei to get rid of evil for the people! 666!

Bro bei! You really didn't let us down! 66666.....

Seeing that all the demonic cultists outside the temple had been annihilated, the audience who were watching the live broadcast instantly became excited.

On the screen, dense text popped up!

Everyone was praising Chen Xiaobei, and the atmosphere was extremely lively!

"Chen Zhufeng! You're too sinister!"

At this time, the demon roared in anger. His eyes under the mask were so angry that they were about to smoke.

"Sinister?"

you're a despicable, shameless, and cunning demon! How dare you say that someone else is evil? "

Chen Xiaobei laughed. Your skin is even thicker than that of the devil earth continent!"

Well done, bro bei! The devil earth continent was tens of thousands of meters thick! This demon was super thick-skinned!

Our bro bei is not a cunning person! He was clearly quick-witted! This demon was obviously jealous of bro bei's talent!

Qianqian was the leader of the demonic sect! He actually had no sense of shame! One could imagine that the entire demonic sect was full of shameless things!

He's a rubbish devil! Thick-skinned fried chicken!

He's a rubbish devil! Thick-skinned fried chicken!

He's a rubbish devil! Thick-skinned fried chicken!

"You ... You guys ..."

The honor demon was so angry that he almost vomited blood. He gritted his teeth and roared, " "Chen Zhufeng! Don't think that you're so great just because you killed Nangong Kurong and a few thousand of his minions! You still can't get out of my Five Finger Mountain!"

Chen Xiaobei raised his eyebrows and laughed, " Only the one who has the last laugh will know the answer!"

"Is that so? Then I'll make you cry now! Let all the stupid humans who are watching the live broadcast cry together!"

The demon Lord waved his hand and roared, "attack!" Kill those damned Black Crows! Then, bring out all the children as sacrifices! The massacre would continue! The despair will continue!"

"Yes, sir!"

The remaining 14 apostles clenched their earth-god instruments tightly and prepared to attack the Blacktide Ravens.

Xuxu is in trouble! These powerful Devils were about to make a move!

The earth-god instruments in the hands of Qianqian and the others were all at least three-star! Any one of them could take on the devil Crow King!

If Yingying and the others attacked together, the tens of thousands of blue-eyed crows would probably be wiped out!

If the blue-eyed crows were all dead, the children in the temple would lose their protection!

Yingluo, we've only just seen a glimmer of hope! Was he going to fall into despair?

"Return!"

Chen Xiaobei shouted.

All the Black Tide demon crows flew back and rushed into the temple.

"Shit! Everyone! Make your move immediately!"

no! the demon suddenly roared. Chen Zhufeng is going to use these crows to save all the children!

Chapter 2028: Killing

"Whoosh! Whoosh! Whoosh ..."

At the demon's command, the 14 sky demon apostles activated their earth-god instruments.

The treasure light was dazzling and the terrifying true essence fluctuation shook the entire space. Fourteen powerful Dharma images were formed rapidly.

Each of these earth-god instruments was at least three-star to five-star, and the Dharma images they conjured varied from dozens to hundreds of meters.

The 14 earth level deities were powerful and terrifying, as if a different world had opened up and 14 powerful earth level deities had descended!

The huge temple suddenly looked very small in front of the fourteen earth-god Dharma laksanas.

As long as the fourteen earth-god Dharma laksanas made their move, the entire temple, including everyone inside, would be completely wiped out!

Whether it was the children or the tens of thousands of demonic crows, there was no doubt that they would survive!

Wanwan was finished! This time, it was completely over! The children were dead! Those blue-eyed crows are also dead!

Wufu's true despair had arrived! Even bro bei could not save those children!

You can't blame bro bei for this! The enemy's strength was too terrifying!

Yingluo was right! If these 14 Devils joined forces, they would be able to sweep through the entire apocalypse Starfield! Not only could bro bei not do it, no one could stop them!

Yingluo's children! Have a safe journey! Bro bei! Have a safe journey! We will definitely avenge you!

It was obvious that the battle in front of them had once again sent the audience into despair.

It was not because the audience had underestimated Chen Xiaobei, but because they knew that the enemy was extremely powerful!

In the entire apocalypse Starfield, no one could stop these 14 earth-god Dharma laksanas!

Because of this, the hearts of the audience had already determined that the children could not be saved! Chen Xiaobei would also die!

"My brothers! Don't panic!"

Chen Xiaobei was calm as ever. He smiled and said, "I'll bet with you that those 14 idiots won't dare to make a move! And all the children will be fine!"

Yingluo, how is this possible? Those 14 Devils already had the advantage, so why didn't they dare to make a move?

How could the children be fine when the bi 'an temple was already surrounded?

Bro bei! How can you still be in the mood to joke at a time like this?

I believe in bro bei! From the start of the livestream until now, it seemed like bro bei had been bragging all the time. However, all his bragging had come true one after another!

Good! I'll bet with bro bei! If the enemy really did not dare to make a move! I'll immediately give you a 'heaven-immortal artifact'! If the children are saved, I'll immediately give you ten 'heaven-immortal artifacts'!

Yingluo-yes! Today's livestream was too intense and exciting! We were so engrossed in watching that we forgot to send gifts to bro bei!

[I'm urging bro bei to risk his life for a live broadcast!] We can't be stingy! If the children can really be saved, we'll definitely send them gifts like crazy!

Yingluo was right! After the matter was done, there would definitely be a crazy amount of farming! Let's give bro bei a taste of his violent damage output!

Yingluo was right! He would play even if he had to eat dirt and chop off his hands! Even if he had to go bankrupt!

Bro bei! It's all up to you!

Chen Xiaobei's words reignited the despairing audience.

Even though the audience could not imagine how Chen Xiaobei's idea would come true.

However, the audience worshipped Chen Xiaobei! Believe in Chen Xiaobei! As long as it was something Chen Xiaobei said, they would believe it!

Chen Xiaobei had not disappointed them!

"We've been talking for so long. Look, do those 14 idiots dare to attack?"

Chen Xiaobei smiled and spoke calmly, as if everything was under his control.

As expected!

The 14 giant earth-god Dharma laksanas were only condensed in the space and did not launch an attack!

What's going on with Yingluo? Did those Devils really not attack?

Yingluo, isn't this too strange?

Bro bei! Please explain!

"It's simple!"

"Because the children were with the demonic crows!" Once the enemy made a move, they would kill the children by mistake! If the child died, it could not be used as a sacrifice! The enemy's follow-up plans will not be able to proceed!"

What the f * ck! Bro bei's prediction was godlike!

With this, the enemy really didn't dare to make a move!

The question was-how was she going to Save the Children? We can't keep this stalemate going!

"Save it, you guys!"

At this time, the demon said in disdain, " "As long as I give the order, the entire temple will be razed to the ground! You want to save her? Unless the sun rises from the North!"

"Those children are your offerings!" Chen Xiaobei said. Are you willing to kill me?"

that's right. I spent a lot of manpower and resources to capture these children. It's a pity to kill them for nothing!

"But that doesn't mean I have no other choice!" The demon said.

"Do you have any other choice?"

Chen Xiaobei asked, " "Could it be that you have Wuji Saint Demon king's blood in your hands?"

"That's right!"

The demon nodded and grinned, "I have nine drops of Wuji Saint Demon king's blood in my hands!" He could directly activate the great formation of the limitless demon! The reason why I captured these children as sacrifices was because I didn't want to waste the limitless Saint Demon king's blood!"

"Extremely sinister!" you ... Chen Xiaobei was enraged. in your eyes, the lives of 8100 children are not as precious as a drop of demonic blood? "

"Nonsense! The lives of your human race! What's the difference between them and pigs, dogs, and ants?"

"8100 lives are just appetizers to me!" The honor demon said disdainfully.

"You're simply vicious and evil!" Chen Xiaobei was furious.

"Oh, thanks for the compliment!"

Instead of getting angry, the demon laughed and ordered, "attack!" Kill all those human children and Those Damn Crows!"

"Yes, sir!"

yes! the 14 heavenly demon apostles agreed in unison. Since the child was no longer of any use to them, they could kill him without any hesitation!

Bro bei! Your scheme is not working! The great devil didn't want children as sacrifices anymore!

Bro bei! What should he do now? The children were going to die! Your Blacktide Raven is going to die!

Everything would be over if the 14 Dharma laksana crushed down ...

"Why are you panicking!"

"As the saying goes, the devil is one foot higher, but the Dao is ten feet higher!" The enemy will do something desperate, so I'm naturally prepared!"

Prepared for this?

As soon as he said that, all the audience members stopped typing and paid close attention to the battle.

The demon commander and the 14 heavenly demon apostles also widened their eyes.

After all, Nangong Kurong and thousands of demon sect disciples had already died. No one dared to underestimate Chen Xiaobei's 'preparation'!

"Chi ... Chi ..."

At this moment, the waiter, who had been silent all this time, suddenly raised the five-star earth-god level long sword left by Nangong Kurong and flew into the air.

"What's wrong? That little bug wants to use the earth-god instrument to fight back?"

The demon said disdainfully, "I saw it clearly!" We have two five-star earth-god instruments here! Five four-star earth-god instruments! Seven three-star earth-god instruments! What else can that little bug do?"

Red Envelope Group of the Three Realms

Chapter 2029: Complete Victory

"Hahaha ... We thought you, Chen Zhufeng, had some powerful preparations! I didn't expect it to be this little bug?"

"Chen Zhufeng! Are you trying to be funny? The 14 of us together are enough to crush this little bug and make it guard the temple. Only you can think of that!"

"Chen Zhufeng! If this is your last resort, then you can kneel down and accept your death! You can't change anything!"

The 14 sky demon apostles laughed. Not only were they not afraid of Xiao 'er, but they were also mocking him and Chen Xiaobei.

Bro bei! Are you kidding me? How could the little golden worm fight against fourteen people alone?

Bro bei! How could you make such a low-level mistake? The little Golden Bug could not protect the children at all!

Bro bei ... You've been wise for a lifetime, but you've been foolish for a moment! One wrong move and he would lose the whole game ...

The audience's hearts were also clenched. They thought that Xiao 'er was going to die. They thought that Chen Xiaobei had made a mistake in his plan! And it was a stupid low-level mistake!

"Kill them!"

The demon grinned and waved his hand, giving the order to kill.

kill!!!

The 14 sky demon apostles also shouted one after another. Their murderous aura was like a volcano, erupting violently!

"Crack!"

But! In the next moment! It was as if everyone had been hit by a petrifying spell as they were completely frozen on the spot!

A crisp sound was heard!

It was Nangong kuirong's five-star earth-god level long sword!

He actually! It was bitten in two by the second-year student!

this ... This is f * cking ... the demon Lord was dumbfounded.

F ... F * ck ... the 14 apostles were dumbfounded.

On the live broadcast screen, the text had completely disappeared. One could imagine through their cell phones that the hundreds of millions of viewers were all dumbfounded!

However, what happened next made everyone's world view collapse!

"Crack! Kachaa! Kachacha ..."

Xiao 'er, this little glutton, was gnawing on the two pieces of the broken sword as if he were a carrot.

The five-star earth-god grade metal was crunchy in his mouth.

The waiter was eating happily, but everyone who saw this scene felt as if their hearts had been hit by a nuclear explosion that was 100000 times stronger!

People couldn't believe their eyes, thinking that this was an absurd dream!

However, when people realized that this wasn't a dream, their three views were instantly shattered. They even began to doubt their lives!

a five-star earth-god instrument ... The best magical equipment in apocalypse Starfield ... And it was eaten by that little bug ...

The honor demon stammered with a face full of confusion.

that's terrifying ... What the hell is that little bug ... It can even eat a five-star earth-god instrument ... What can it not eat ...

The 14 heavenly demon apostles were all terrified. Not only did they not dare to attack, but they also retreated.

Earth-god instruments were very precious!

The earth-god instruments in their hands were all three-star to five-star, which were as rare as Phoenix Feathers and Qilin horns in apocalypse Starfield!

They were all afraid that their earth-god instruments would be eaten by the waiter!

In apocalypse Starfield, every earth-god instrument of this level destroyed meant one less!

If it was really eaten by the waiter, it was almost impossible to get a new one!

Such a loss was something that the 14 heavenly demon apostles could not bear!

After all, they were living in a world where the strong preyed on the weak and the strong were respected!

The loss of an earth-god instrument of this level was enough to make a Force's status plummet, or even completely decline!

At that moment, the 14 heavenly demon apostles were all terrified! They were all afraid of Xiao 'er from the bottom of their hearts!

"BOOM!" Buzz ... Buzz! Buzzzzzz! Yi ..."

At that moment, a large hole suddenly appeared on the roof of the temple!

The demonic Crow King tore the roof apart and took the lead to rush into the air. He released his Zhen Yuan to protect a large area around him!

Immediately after, tens of thousands of Black Tide demon crows, carrying 8100 children, also rushed into the sky!

"Terrible! They got away!"

The 14 sky demon apostles screamed as if they had been struck by lightning.

The fear in their hearts caused them to be dazed for a moment!

And in this short period of time, the Blacktide Raven had already used its extremely fast speed to bring the children up to a height of a thousand meters.

Oh my God! Bro bei's plan was a success!

The little golden worm was so cool and arrogant! The little Golden Bug was mighty, domineering, and invincible!

The Black Tide demon crows also made a contribution! He had completely escaped the attack range of these Devils! The children were safe!

Wanwan's 8100 children were all saved! I'll be bro bei's fan for the rest of my life!

I've been turned into a fan by the little golden worm! From now on, I'll be bro bei and the little Golden bug's die-hard fan!

I'm-fan of the Black Tide demon crows! I'm a big fan of bro bei and the crows!

Wufu won this battle too beautifully! Satisfying! Vent! Cool!

"Foolish humans! Don't be happy too early!"

At this moment, the demon shouted in disdain, " "This is the underground devil Kingdom! Those crows can't go to the sky!"

As soon as he said that, all the audience members became nervous.

Yingluo, yes! The devil nation was located underground! It's not the sky above us, but the earth's crust!"

I've heard that the demonic sect's territory is surrounded by the demonic spirit heart-burning poison. The Black Tide and devil crows can't hurt the sky, nor can they break out of the poisonous gas!

Yingluo-no way! So, we haven't won yet?

"Who said we didn't win?"

Chen Xiaobei grinned, a talisman already in his hand.

"Divine Wind! Rise!"

With a low growl, the talisman instantly ignited!

"Hu ... Hua! Huu ..."

In an instant, it was as if the god of wind had descended!

With Chen Xiaobei as the center, a strong wind started to blow. It was as if thousands of horses and soldiers were charging up from the ground into the sky!

That's right!

This was Chen Xiaobei's last divine banana fan talisman!

A Divine Wind rose, and a vast and unparalleled power rushed toward the east! Like a dragon, it suddenly tore the space apart!

"Hiss!"

At the same time, The Raven King led tens of thousands of Black Tide Ravens and followed the wind Dragon to the East!

The wind was extremely strong, and all the poisonous gas was dispersed wherever it passed!

The Blacktide Raven used the wind to rush out of the demonic sect's area that was shrouded in poisonous gas without any hindrance!

"This ... This is also f * cking possible ..."

The honor demon was completely dumbfounded. He was pleased with himself for less than half a minute before he was slapped in the face by reality.

Chen Xiaobei was the winner of this battle! A complete victory!

Yingluo is amazing! My bro bei! The children were completely safe now!

Brothers! I've received news! the heavenly wings race's little princess and heaven dominating faction's Punishment Hall elder had already arranged for a space carrier to pick up the children! This was all part of bro bei's plan!

The little princess of the heavenly wings race? I know! That's the kind Princess of our heavenly wings race, menglu!

The elder of the punishment Hall of heaven dominating faction was the impartial and incorruptible Yuchi Hanshan!

Bro bei is a God! By arranging for these two to receive them, the children would definitely be able to be safely sent back to their families!

Brothers! Do you still remember our promise? It was time to give bro bei a wave of violent damage!

Wanwan's gifts were flooding in! Until it blew up!

Red Envelope Group of the Three Realms

Chapter 2030: Bold Idea

The Super little sect master of the Kongtong Sect had sent out 33 'heaven-immortal artifacts'!

I've sent 66 earth-god instruments to you!

The invincible Alliance leader sent out 166 'flying machines'!

[the audience has sent out 66 low-grade spirit stones!]

.....

.....

.....

All of a sudden, the audience began to give out gifts like crazy.

A vast amount of gift messages popped up on the screen like a storm.

This speed was ten times faster than the red envelope snatching speed in the Three Realms red envelope group!

Even the dami 17 interstellar phone in Chen Xiaobei's hand was still burning. It felt like it was being overloaded!

One could imagine that almost all of the hundreds of millions of viewers were sending out small gifts like crazy.

These little gifts were not real.

Instead, they were the codenames of the 'virtual gifts'.

A 'heaven-immortal instrument' was worth 100 million low-grade spirit stones, an 'earth-immortal instrument' was worth 10 million low-grade spirit stones, and a 'flying device' was worth one million low-grade spirit stones.

The audience only needed to go to the Chambers of Commerce in various places and top up the corresponding number of spirit stones. After that, he could buy 'virtual gifts' to tip the host on the 'old Wang livestream' platform.

After the last livestream, many Chambers of Commerce took the initiative to approach Qincheng entertainment, which was behind 'old Wang livestreaming', to discuss cooperation.

This time, the audience had obviously topped up a large number of spirit stones, and the number of gifts was more than ten times more than the last time!

Chen Xiaobei estimated that the gifts he had received this time would be close to a trillion low-grade spiritual stones!

If there were live streams like this all the time, Chen Xiaobei could become as rich as a country!

Chen Xiaobei suddenly had a bold idea!

Let's assume that the seal in the Qin Emperor's Black coffin was at the divine fairy level!

Chen Xiaobei was using the ten thousand Beast Battle formation and the Army-breaking Heavenly Sword battle formation, and the earth-escape divine gourd to suppress the formation!

Wouldn't that mean that he could break the heavenly immortal level seal? Release Ying Zheng directly?

As long as Chen Xiaobei could earn enough spiritual stones to activate the earth escape divine gourd again, he would be able to try this method!

If he succeeded, he would be able to bring Ying Zheng's soul back to the Three Realms and five elements!

The list of Yin ghosts would be completed by the winter solstice!

Once Chen Xiaobei changed Ying Zheng's cultivation to an earth-god, he would be able to bring Ying Zheng to the earth-god Realm!

After that, he would be able to use Ying Zheng's merit points to exchange for more earth Immortals!

Of course, this was just Chen Xiaobei's idea. It would be very, very difficult to realize it!

To say nothing of anything else, the amount of spirit stones needed to activate the earth escape immortal Gu was at least one trillion low-grade spirit stones! That was 100 million upper spiritual stones!

Chen Xiaobei only had 100000 high-grade spiritual stones!

He was 108000 miles away from 10000000 upper spiritual stones!

Of course, other than earning spiritual stones, Chen Xiaobei could also find a large spiritual vein that had no owner! Using the spirit energy of the spirit vein to activate the earth escape immortal Gu's heaven immortal power.

However, most of the spiritual veins in apocalypse Starfield already had owners!

If he could find a large spiritual vein without an owner, Chen Xiaobei would have moved bei Xuan faction there!

Other than that, snatching a large spiritual vein from the enemy's hands was also a good idea, but Chen Xiaobei would not do that.

That was because the draining of a spirit vein would have a huge impact on the water and earth!

There were innocent people living in the enemy's territory!

If he drained the spirit vein, it would severely damage the living environment of the people, and Chen Xiaobei would feel guilty!

It would also destroy Chen Xiaobei's yin virtue and destiny!

The heavenly Dao punished evil and promoted good. If one did evil, they would definitely have bad consequences!

It was for this reason that earning spirit stones and searching for spirit veins had become extremely difficult!

By the time Chen Xiaobei had gathered enough spiritual Qi, the winter solstice would have passed!

"You little brat! Why are you in a daze!"

At this time, the demon roared angrily, " "You have saved all the children as sacrifices! The live broadcast was for everyone to see! You've made this Lord lose face! You actually dare to be in a daze! Aren't you afraid that I'll crush you to death?"

"Heh, if you really wanted to kill me, you would have done so long ago!" you're right! Chen Xiaobei said calmly. since you're letting me live, that means I still have some value!

"You're right! I still want you to continue your live broadcast!"

"Those children are just appetizers!" The honor demon said ruthlessly. I can also activate the limitless demon formation. At that time, the power of a divine immortal will be fully unleashed, and the one billion humans in the demon Kingdom will all die! This was a true slaughter feast! Hahaha ..."

Chen Xiaobei was not afraid. Instead, his eyes were shining. "Yeah! I almost forgot! You can activate the great formation of the limitless demon!"

"Are you crazy? Why are you so excited?" The demon was stunned, his head full of question marks.

Chen Xiaobei smiled but did not say anything. His heart was about to explode with excitement.

During the secret meeting earlier, the sixth Apostle had made a report!

The content was that he had already taken three medium-sized spiritual veins and plundered three medium-sized Treasuries. He had gathered enough spiritual Qi and could activate the infinite sky demon formation at any time!

This meant that as long as Chen Xiaobei killed the sixth Apostle, he would be able to obtain a massive amount of spiritual Qi!

This way, Chen Xiaobei's plan would have a basis for action!

The plan to liberate Ying Zheng was only one step away!

Chen Xiaobei could not help but think of an old song from earth, " no guns, no cannons, the enemy will build them for us!

Without a doubt, Chen Xiaobei had everything planned out!

The sixth Apostle was dead, and all the spiritual Qi He had worked so hard to gather would go to Chen Xiaobei!

no spiritual pulse! No spiritual Qi! Give us the enemy! Chen Xiaobei almost shouted.

"You little brat! Are you scared silly? Why are you laughing?"

The demon's brows furrowed and he angrily shouted, "get out of here!" I want you to personally broadcast the scene of a billion people being slaughtered! Then, I'll tear you into pieces! Grind his bones and scatter his ashes!"

"Yes, let's go. I can't wait to broadcast your 'formation'!" Chen Xiaobei smiled evilly. Everything was under his control.

After that, Chen Xiaobei, surrounded by the 14 sky demon apostles, followed the demon to the excavation area.

boom boom boom ... Boom boom boom ...

At this moment, a special formation that the fifth Apostle had reported to him was currently in the digging area, using its special ability to push downwards!

This array had reached the level of a five-star earth-god, and its special ability was very strong. It could dig and push down at an extremely fast speed.

"Foolish humans! Did you see that? The limitless demon formation buried underground will soon be excavated!"

The demon looked at the camera and said viciously, "I only need a drop of Wuji Saint Demon king's blood, as well as the spiritual energy that I've already prepared, to completely wipe out the one billion humans in the underground demon Kingdom! Tremble! Despair! Hahaha ..."

The audience was shocked.
