Red Envelope Group of the Three Realms

Chapter 2041: The Perfect Location

"A phone call every day? Even if they're a couple in love, there's no need to do this ..."

Liu xuanxin smiled, but her tone was filled with sweetness.

"It's necessary! It's very necessary!"

Chen Xiaobei activated his overbearing CEO mode and said, "You have to promise me that. Otherwise, I'll go find you right now and keep you by my side!"

Liu xuanxin was silent for a moment before she said softly, "okay, I promise I'll call you every day ... You have to take care of yourself and be careful when dealing with the enemy. Don't force yourself and don't take risks ... Wait for me to come back!"

"Good! It's a deal!" Chen Xiaobei calmed himself down and said seriously.

.....

After hanging up the phone, Chen Xiaobei did not rest for even a minute. He turned around and started to make arrangements for the follow-up.

After everyone from bei Xuan faction was ready ...

Chen Xiaobei then put the entire bei Xuan faction, including the people and buildings, into the verdant Emperor divine gourd.

Then, using the portal and the flying device, Chen Xiaobei went to the best place to accommodate everyone.

the environment of this asteroid is really good!

Zi Yuan flew around Chen Xiaobei and was very satisfied with the environment. the mountains and rivers are beautiful, the climate is pleasant, and the atmosphere is peaceful and harmonious. This is simply a paradise!

That's right! Chen Xiaobei's new destination was the planet where the blood pool was located!

I've already told you that my choice is better than yours!

"This place has not been visited by anyone for tens of millions of years!" Chen Xiaobei grinned. And there weren't even any magical beasts! The environment is undamaged, so it's naturally perfect!"

"Indeed, this place is full of lush vegetation, abundant water, fertile land, and suitable climate. There's really nothing to be picky about!"

however, the spiritual Qi here is too thin. There doesn't seem to be any spiritual veins. Even if those 800 million people don't cultivate, don't your sect's people cultivate as well? " Zi Yuan changed the topic.

"This is only a temporary stop!"

Chen Xiaobei said, "I've said it before, I'll make bei Xuan faction the number one faction in the myriad tribulation! When that happens, I will bring bei Xuan faction back to apocalypse Starfield and build a new faction on the best spirit vein!"

"Alright, no matter what, the location is chosen."

"But there are 800 million people in the verdant Emperor's divine gourd!" Have you thought of a way to solve your problems?"

"Of course I have!"

Chen Xiaobei shrugged and said, "Since I dared to ask them to follow me, I naturally won't let them go hungry!"

"What are you going to do?" "Don't tell me you can conjure up food for eight hundred million people?" Zi Yuan asked curiously.

"I'm not a God, how can I make it appear?"

I've asked the Qin family and mu chenfang to help me with the first batch of food. The Qin family's capital city is rich in resources, and the Vermillion Bird Royal City is even richer. They'll send over three days' worth of food for eight hundred million people before dark!

"Three days' worth of food?" Zi Yuan frowned, "then what about three days later?" Will they continue to transport food over?"

"I won't!"

Chen Xiaobei shook his head and said, "these 800 million people are humans! It was not a pet! I won't feed them every day, I'll let them do it themselves! This is also my promise to them, to let them live a normal life!"

"Three days later, let them do it themselves?" "You want them to eat grass and tree bark?" Zi Yuan frowned.

"Pfft ... I can't believe you came up with this! How could he eat that kind of thing!"

"Three days later, I'll help them grow enough food and vegetables to last them for half a year!" Next, they have to rely on themselves to store seeds, sow the land, water and fertilize the soil, harvest the next year, and be self-sufficient!"

"What? Three days to grow half a year's worth of grain? Do you think I'm a three-year-old kid?" "Please, can't you make a draft before you brag?" Zi Yuan said angrily.

Chen Xiaobei shrugged and said, "Whether I'm bragging or not, you'll know very soon!"

.....

After that, Chen Xiaobei rode the somersault cloud and flew around the small planet a few times.

Chen Xiaobei planned to build 80 small cities in the areas with water sources.

Around each small city, there was sufficient fertile land.

This kind of large-scale planning was like planning a country. If it were an ordinary person, they would probably not be able to plan it well in decades.

Luckily, Chen Xiaobei had the scholar heart. Within a few hours, he came up with the perfect plan.

At this moment, the sky was already getting dark.

Jin Fei brought the food prepared by the Qin family and mu chen feng, as well as a large number of crops 'seeds, and successfully arrived at the small planet!

Jin Fei had a returning bracelet. The origin was set on the Vermilion Bird continent, so that it would be easier for him to transport things in the future.

After getting the food, Chen Xiaobei entered the verdant Emperor's divine gourd and led the bei Xuan faction members to distribute the food.

These 800 million people had received three days 'worth of food, so they didn't have to worry about food and clothing. However, they still felt a little uneasy.

Bro bei, thank you for taking us in and giving us such good food ... But we're still very worried. What are you going to do with us? "

"That's right, bro bei ... You're not going to make us stay in this space forever, are you? This is not the result we want ..."

"We only have three days" worth of food ... What do we do after three days? Will we be starved to death?"

Fear came from the unknown. The uncertainty of the future filled everyone's hearts with worry.

"I can understand everyone's concerns!"

Chen Xiaobei used his ethereal force to spread his voice throughout the entire space. "I promise you that you will have your own homes in three days! They would have sufficient food and water! I can live a normal life!"

As soon as he said that, the entire space boiled.

"Three days! Everyone can be at ease! Bro bei has given us a promise! We just need to wait patiently!"

"Don't worry! He could really rest assured now! Bro bei, I will fulfill all of your promises. In three days, we will be able to be Reborn!"

"Right! A new life! Bro bei wants us to stop being slaves and start a new life! Bro bei is our second parent!"

long live bro bei! Long live bro bei! Long live bro bei!

After comforting everyone, Chen Xiaobei left the verdant Emperor's divine gourd without even eating anything.

Chen Xiaobei took a large number of crops 'seeds and used the somersault cloud to plant them in every plot of land that he had previously planned.

The fertile land was divided and the seeds were sorted, so it was Quite time-consuming and energy-consuming to sow them.

After an entire night, Chen Xiaobei finally finished his work.

"You're a big liar!"

Zi Yuan pouted his little mouth and said unhappily, " it's already been a day, and the seeds have just been planted. Are you going to let the 800 million people eat soil in two days? "

"Heh, little girl, you know nothing about my background!" Chen Xiaobei took out his phone and opened the red envelope group.

[Red Envelope Group of the Three Realms](#)

Chapter 2042: Merit Fulfilled

Enter the Three Realms red envelope group and activate the merit points ledger.

A huge Golden Book appeared in Chen Xiaobei's mind.

With a thought, the book opened automatically, and an image that looked like an online shopping mall appeared on the page.

There were all kinds of items, and their prices were clearly marked. They could all be exchanged with merit points.

Right now, Chen Xiaobei had to grow all the seeds he had planted into ripe crops that could be harvested in two days!

It was impossible to do it with human strength! He had to use the magical items in the Three Realms red envelope group!

However, the group members were not allowed to send Chen Xiaobei red packets in private.

Moreover, Chen Xiaobei needed a lot of things this time. Even the Brotherhood brothers might not be able to provide that!

That was why using the merit points ledger was Chen Xiaobei's only option!

"I want to exchange for immortal fertilizer!"

The next moment, the page showed the details of the lucky charm.

[bi an immortal spirit fertilizer: special fertilizer for the herb garden of the heavenly court. It promotes the growth of immortal spirit plants and has excellent effects!]

[exchange price: 100000 merit points for one bag of Kasaya.]

Please select the exchange amount!

Shen Gongbao, that b * stard! I could have exchanged for one bag with 10000 merit points. Now I have to pay ten times the price!

Every time Chen Xiaobei used the merit points ledger to exchange for something, he was very unhappy.

But there was no other way. Chen Xiaobei had no other choice. The merit record could solve his current problem.

Luckily, Chen Xiaobei had saved one billion people this time!

As long as the 800 million people in the verdant Emperor's divine gourd were settled, the merits would be fulfilled. At that time, the heavenly Dao would definitely send a huge amount of merits!

"I want to exchange for 300 bags!"

Chen Xiaobei selected the number of items he wanted to exchange.

[you have exchanged 300 bags of immortal fertilizer. You have spent 30 million merit points. Confirm exchange?]

"Confirm!"

Chen Xiaobei calmed himself down and made his final decision.

[3000000 merit points have been deducted!]

[your current merit points are 40170000 (charm: 4017000, luck: 4017000) !

"F * ck!"

I've only got 40 million merit points left out of the 70 million that I've worked so hard to accumulate! Shen gongpao is such a scammer! I'll teach him a lesson when I get the chance!

Ding! Congratulations! You've received a red envelope from the merit reward. You've received 300 bags of celestial fertilizer. It has been stored inside your treasure chest!

Extract!

Chen Xiaobei quickly took out a bag of celestial fertilizer and sprinkled it on a plot of land.

"You're a big liar!"

you ... Zi Yuan pouted, unconvinced. do you think I'll believe your nonsense if you take out fertilizer and sprinkle it on me? "

"I'm too lazy to explain to you. Time will prove everything!" Chen Xiaobei was not moved at all. In fact, he even wanted to laugh.

One must know that the effect of the celestial fertilizer was extremely good!

When he was still on earth, Chen Xiaobei had used three peach pits to grow three peach trees in one night!

Today, Chen Xiaobei had obtained 300 bags of celestial fertilizer. Naturally, he could grow the seeds he had just sowed into ripe crops that could be harvested in one night!

The result was unsurprising. It was only a matter of time.

Without explaining, Chen Xiaobei used the somersault cloud to fertilize every plot of land.

There was no need to distinguish between seeds and areas for fertilizing, so it was much faster than sowing. It was all done in a few hours.

.....

In just a few hours, the seeds in the fields that had been fertilized the earliest had taken root, sprouted, and grown healthily.

Chen Xiaobei went around the planet and applied fertilizer, then returned to the place where he started.

Oh my God ... This speed of growth is too strange ... It's too heaven-defying ...

Looking at the crops that had already grown, Zi Yuan was so shocked that he could not believe his eyes.

"Hehe, let me ask you, are you convinced?" Chen Xiaobei's eyes were filled with mockery. He had already predicted the outcome and was just waiting to see Zi Yuan suffer.

"I'm convinced! He was convinced! You are simply too godly! At this rate, all the crops will be ripe by tomorrow!"

Zi Yuan composed himself and asked again, "the food problem has been solved, but what about the accommodation problem?" You can't possibly ask the 800 million people to sleep on the grass, right?"

"The problem of accommodation is easy to solve! As long as you have spirit stones, it's fine!"

Chen Xiaobei shrugged and took out the Tiangong construction blueprint from his infinite space ring.

"What is this?" Zi Yuan blinked his big eyes, full of curiosity.

Chen Xiaobei did not explain. He flew straight to the area that he had planned for the construction of the city.

Within these areas, there were forests and mountains.

Logically speaking, neither of these two terrains were suitable for living.

However, the forest could provide wood, and the mountains could provide stone. These were exactly what the Tiangong construction blueprint needed!

Chen Xiaobei flew above an area and activated the Tiangong construction blueprint.

After being injected with hundreds of billions of low-grade spiritual energy, this magical treasure began to show its nature-defying special ability!

The wood and stone materials combined together to form the structure of a building, forming walls, pillars, beams, roofs, and finally forming complete houses!

A small-scale city was directly pulled up from the ground at an extremely fast speed!

Oh my God ... Am ... Am I dreaming ...

Zi Yuan was instantly stunned. He raised his small hands, rubbed his eyes, and pinched his own face. He still suspected that he was dreaming.

"Of course this isn't a dream!"

of course! Chen Xiaobei grinned and said, " there are two days left. I'll finish building all the cities! Jin Fei would send over some simple furniture and daily necessities! Eight hundred million people, food, property owners, no need to worry about the future!"

"You're bragging ... Oh no... Bro bei! You're simply a God!"

Zi Yuan's eyes were filled with stars as he said excitedly, " I've realized that I've already started to admire you deeply!

"It's not enough for you to worship me. Do you think those 800 million people will worship me?" Chen Xiaobei asked with a smile.

"Do you still need to ask?"

Zi Yuan said in all seriousness, "not only will they worship you, but they will also worship you!" Furthermore, they would respect you as if you were a God! I'll become your most loyal follower!"

Chen Xiaobei smiled, 'yes, as long as I can achieve that! All the sacrifices will be worth it!"

"Whoosh!"

After that, Chen Xiaobei rode on the somersault cloud and flew to the next location to continue building the city.

.....

Time flew by, and it was already the afternoon of the third day.

The immortal fertilizer that was exchanged for 30 million merit points brought a great harvest to every fertile land!

Ten trillion spirit stones to activate the 'heavenly works construction', so that every city could live comfortably!

800 million people had entered a new home and started a new life!

Chen Xiaobei had finally completed his merit!

Ding!

The netherspirit battlescouter flickered, and the heavenly merit finally fell!

[Red Envelope Group of the Three Realms](#)

Chapter 2043: God Seal

[ding! You have quelled the disaster and saved the world. You have been rewarded with 1 billion merit points!]

[ding! Congratulations! You have been promoted to a one-man Emperor!]

[your current merit points are 1040170000 (charm: 104017000, luck: 104017000!%!!

"What the!! ck! One billion merit points!"

Chen Xiaobei's jaw dropped. He was so happy that he could explode.

He had a feeling that the merit points would be a lot, but he did not expect it to be this much!

One billion merit points! A human Emperor!

The heavenly axiom punished evil and promoted good. All of Chen Xiaobei's efforts were rewarded in an instant!

Thirty million merit points for fertilizer and ten trillion spirit stones for the city were nothing compared to what he was getting!

With this amount of merit, not only can I help Ying Zheng become an earth immortal, I can also exchange myself for other earth Immortals!

Chen Xiaobei's eyes lit up and he was extremely excited. "This time, I've really struck it rich overnight. But, who should I change to other than Ying Zheng? The quota is limited, so you must change to the person who can help me the most!"

"Ancient immortal? Or an immemorial divine beast? Or should I change my friend? Wei Xiaobao? Zhao Zilong? It's so difficult to choose ..."

Chen Xiaobei calmed himself down and said, 'no! This matter was of great importance! I'll have to ask my master first before I make a final decision!"

Chen Xiaobei quickly sent a message to the prime of Tongtian, asking about the situation.

However, sect leader Tongtian didn't reply immediately.

"Master might still be listening to Dao ancestor's lecture ..."

"I'll ask brother Yanwang first!" Chen Xiaobei raised his eyebrows. 'List of ghosts' was compiled by brother Yama. He must know who is the most cost-effective!"

Chen Xiaobei took out his phone and sent a message to Hades.

The King of Hell was free and replied in seconds.

[King of Hell: Xiaobei, the list of Yin ghosts has been compiled, but I'm afraid you don't have the right to choose the best candidate ...]

Chen Xiaobei: Brother, can you be more detailed?

King Yama said, " this earth immortal exchange is the last chance for all forces to strengthen themselves before the infinite calamity! Everyone wanted to exchange for the best and strongest helper with the limited quota!

King Yama thought, "but there are only a few of the most powerful ancient gods!" It was a typical case of more wolves than meat! Even the six great heavenly path Saints would fight for it! The countless forces below would also fight for it!

Chen Xiaobei: There was a limited number of chaos ancient gods, and only the first to choose would have a chance to exchange for one! The people behind him could only choose the weaker Yin ghosts!

King of Hell: "yes ... As far as I know, the six heavenly path sages will choose first. After that, the group will draw lots to determine the order of selection!

Chen Xiaobei, drawing lots? (Excited) then I should be able to draw a rank that's closer to the top! That's because my luck has just soared! This is the time when my fate energy is at its peak!

King of Hell, "it's not that simple ...(Sigh) don't forget!" Chanism's sovereign sky! It's impossible for the heavenly Lord of the origin and Shen Gongbao to let you draw the first rank!

Chen Xiaobei: " that's true. This is not the first time that chanism's B * stards have cheated! (Angry)

King of Hell: " so, you have to be mentally prepared! You might be placed very far back, and the yin ghosts you could choose wouldn't be very powerful ...

Chen Xiaobei: " so, what are the yin ghosts that I can pick this time? "

[King of Hell: first of all, you can choose from all the ghosts who give up on reincarnation and stay in the underworld to cultivate after death!] Among them were humans, as well as all kinds of monsters and snakes ...

Chen Xiaobei: " mm, that's easy to understand. There's a wide range of choices.

King Yama said, " next, the 365 righteous gods of the heavenly court on Investiture of the Gods can choose those who choose to re-cultivate. Among them, 317 of them were the disciples of the tribe of severity who had died in the last cultivation tribulation!

"This ... This ... I don't understand ... Why would the gods of the heavenly court need to relearn?" And why the dead disciples of the tribe of severity? Isn't that my master's disciple?

King Yama said, "it's a long story. I have to start from the 'battle of deification' in the last Eon ..."

Chen Xiaobei: " I know that. The main confrontation in the battle of deification is between my Sifu's tribe of Jie and the ancient sect of enlightenment!

King of Hell: Investiture of the Gods was the list that was finally decided after the war! Only the dead could be on the list and be conferred as gods!

Chen Xiaobei, 'I don't understand ... How can a dead person become a God?

King Yama said, "this word 'enfeoff' is a double-edged sword. It means 'enfeoff as a God', and also 'seal the primordial spirit'!"

Chen Xiaobei, seal the primordial spirit? What ... What was going on?

The King of Hell was one of the 365 people on Investiture of the Gods. Although he was conferred as the 365 gods of the heavenly court, he was still the king of Hell. But in reality, their primordial spirits were sealed by the celestial heavens and they were enslaved and controlled by the celestial heavens!

Chen Xiaobei thought, 'this ... Isn't becoming a god good enough? How could it be said to be enslavement and control?

King of Hell: " different heights lead to different levels of vision! Not everyone wanted a deity position in the celestial heavens!

Chen Xiaobei: He didn't even care about the deity position? Who's so awesome?

King Yama: " for example, Holy Mother Jin Ling. She was one of your master's eight disciples. Her strength crushed the 12 golden Immortals of the clan of enlightenment!

King of Hell: she once used the Dragon and Tiger Jade Ruyi to fight alone. Manjushri, Samantabhadra, and cihang, the three great Western scholars, still had the upper hand!

Chen Xiaobei: My Senior Sister! The twelve golden Immortals had extremely high positions in the clan of enlightenment, second only to the primordial old thief and the Deputy sect leader! Even the Jade Emperor had to be respectful when he saw the twelve golden Immortals!

[Manjushri, Samantabhadra, cihang, and even a Buddhist Bodhisattva. Needless to say, their status is very high!] My Senior Sister Jin Ling was able to fight against three of them without being at a disadvantage. She was simply crazy and cool!

King of Hell, "isn't that so?" For a person like the Golden Spirit Holy Mother, would a mere deity position be able to enter her eyes?

Chen Xiaobei: " that's true ... Someone as powerful as Senior Sister Jin Ling might not even be willing to take the position of the Jade Emperor. Not to mention that it's just a deity position. She has to listen to the Jade Emperor! To her, this was simply a humiliation!

King Yama, "that's right!" This was the logic! Although being on Investiture of the Gods would grant one the title of a God in the heavenly court, it was not an honor for many people, but an insult! It was a great humiliation!

Chen Xiaobei, "what happened to my Senior Sister Jin Ling?" He's also on the rankings?

King Yama said, " that's right. When Holy Mother Jin Ling was fighting against three Western great warriors, Daoist dipamkara sneaked an attack with the sea calming Pearl, causing her to die on the spot.

[King of Hell: after the death of Holy Mother Jin Ling, she will naturally be listed on Investiture of the Gods!] She was given the title of kangong Doumu, but she was merely the head of the star mansions. Her status in the celestial heavens was extremely low, and anyone could order her around!

Chen Xiaobei: Despicable chanism dogs! Sneak attack my Senior Sister! To my Senior Sister, this God throne is a huge humiliation! (Rage explosion)

[Red Envelope Group of the Three Realms](#)

Chapter 2044: Bullying

King of Hell replied, "there are many more examples like the Golden Spirit Holy Mother."

[King of Hell: Zhao Gongming is also a disciple of your master!] His strength also crushed the 12 golden Immortals of the clan of enlightenment! In the end, he was cursed to death by the nail head seven arrow book! After getting on Investiture of the Gods, he became a small God of Wealth!

The King of Hell thought, "the three night goddesses are also your master's disciples!" He had once used the primeval Dipper and the nine-turn yellow River formation to cut off the three flowers on the top of the head and the five Qi in the chest of the twelve golden Immortals of the tribe of enlightenment! They almost annihilated the twelve golden Immortals!

King Yama said, " at the critical moment, heavenly Lord Yuanshi and Taishang Laojun broke the nine-turn yellow River formation together! Taishang Laojun didn't take things to the extreme. He only used The Map of Heaven and earth to take away lady Yunxiao and suppressed her under the Qilin cliff.

The King of Hell, the heavenly Lord Yuanshi, did not show any mercy and turned goddess bi Xiao into a pool of blood with the primordial treasure box! Then, he killed Queen clear sky with the three treasure Jade Ruyi!

King of Hell, "after the death of the three goddesses, she was also named as the one who tricked the third lady, just like on Investiture of the Gods ..."

Chen Xiaobei thought, 'you tricked the third lady? What did that mean? This was also a deity position?

The King of Hell, "it's ... The God of latrine ..."

Chen Xiaobei: Chanism dog thief! This is too much!

King of Hell: " now you know? " In fact, the deity positions on Investiture of the Gods were not rare! The 317 disciples of the tribe of severity were listed on the list. Almost all of them were humiliated, and all of them hoped for relief ...

Chen Xiaobei thought, I don't need this bird deity position! Why didn't they leave the celestial heavens? Why did he have to suffer such humiliation?

King of Hell, have you forgotten? The word 'investiture' in Investiture of the Gods meant 'title of God' and 'seal of vital spirit'!

[King of Hell: the physical body of the person on the list is dead, only his primordial spirit and soul are left!] Their primordial spirits were sealed in Investiture of the Gods! They couldn't go anywhere, and could only be controlled by the heavenly court!

Chen Xiaobei thought, I'm going to get Investiture of the Gods back! Return the freedom of my 317 senior brothers and sisters!

King of Hell, don't talk nonsense! Investiture of the Gods was an item of Dao ancestor! Although it was now under the control of the clan of enlightenment, it still belonged to the Dao ancestor!

Chen Xiaobei: My fellow disciples were humiliated, so am I! I definitely can't swallow this!

King of Hell, don't be impulsive! I just said it! In this exchange, all the people on Investiture of the Gods had a chance to choose to restart from scratch!

Chen Xiaobei, "what does that mean?"

King Yama destroyed his own cultivation and unsealed his primordial spirit! Although the soul could be free, it had to start from scratch and cultivate again! Of course, if they could get an earth level deity position, they could start their cultivation from the earth level deity stage!

Chen Xiaobei: " I only have three spots. How can I exchange for 300 people? "

King Yama asked, "don't you still have a master?" The prime of Tongtian had been defeated in the last cataclysm and had endured for hundreds of millions of years. It was impossible that he did not have any schemes and calculations! You just need to ask him, he will definitely be able to point you in the right direction!

Chen Xiaobei-thank you for your advice, bro! I still have something to ask you!

King of Hell: " tell me. I know. I'll definitely tell you!

Chen Xiaobei: " is Ying Zheng in the list of Yin ghosts? "

King of Hell, "who?" Ying Zheng? He ... He was someone the Jade Emperor wanted to get rid of. His soul had long scattered, so he was naturally not in the list of Yin ghosts.

Chen Xiaobei: " no, his soul is still here. It's just that it's been sealed and isolated from the Three Realms!

King of Hell, "there's such a thing?" Can you be sure?

Chen Xiaobei: Ying Zheng's soul is right beside me, and I already have a way to help him break the seal!

The King of Hell thought, "this ... This is troublesome ... If the Jade Emperor knows that Ying Zheng still exists, he'll definitely find a way to get rid of him!"

The King of Hell thought, "maybe the Jade Emperor will ask me to send nether soldiers to the mortal world to steal Ying Zheng's soul!" It was also possible that the Thunder Department would strike down Heavenly Thunder and directly destroy Ying Zheng's soul!

"That's what I'm most worried about!" Therefore, I have not unsealed Ying Zheng yet, because I want to ensure his safety first.

King of Hell, wait! Are you trying to help Ying Zheng change his cultivation to an earth immortal?

Chen Xiaobei: " yeah ... But the problem is, he's not in the list. I can't change it even if I want to!

King Yama, "no no no!" This was an opportunity! It's your best chance!

Chen Xiaobei:

King of Hell: " I've already given the list of ghosts to the Jade Emperor and Shen Gongbao. Ying Zheng is not in it! If Ying Zheng's dark soul had only appeared in the mortal world for a short period of time, the Jade Emperor would not have been able to discover it in time!

King of Hell: " quickly unseal Ying Zheng's soul before the Jade Emperor finds out. Exchange it for the earth immortal realm! In this way, Ying Zheng would become a living person, and not a ghost!

King of Hell: " there are countless mortals in the world. Ying Zheng is hiding in the vast sea of people. As long as he doesn't do anything earth-shattering, the Jade Emperor won't notice him at all!

King of Hell thought,"in this way, Ying Zheng will be safe!" Also, his name is not in the list of Yin ghosts, so it won't cost you your three spots!

Chen Xiaobei, is this really okay? What if they were discovered?

King of Hell: " this is a huge gamble. If you're discovered, it'll bring you a lot of trouble. Let's see if you dare to take the gamble!

Chen Xiaobei: My luck points have soared. I win every bet! I'm just worried that I'll get you into trouble!

King Yama replied,"don't worry!" As long as you're lucky enough, I'll only benefit from you and won't be implicated!

Chen Xiaobei thought,'I've never felt so lucky before!

King of Hell,"then it's decided!" I'll be in charge of keeping the ghost officials in the netherworld busy, so that they won't be able to detect Ying Zheng's soul! Hurry up and end the battle quickly!

Chen Xiaobei: I'll take action immediately!

Chen Xiaobei exited the private chat and entered the verdant Emperor's gourd.

Eight hundred million people had moved into their new homes, and Bei Xuan faction had been settled in the center of the asteroid.

At this moment, there was no one in the verdant Emperor's divine gourd.

Chen Xiaobei took out Ying Zheng's Black coffin from his infinite space ring.

"Sect leader Chen! Long time no see!"

Ying Zheng's voice came immediately, and he asked, " "What is it today? You're letting me out without having to fight?"

"There's no battle today! I asked you to come out to help you break the seal on the black coffin!" Chen Xiaobei studied the black coffin.

"Break the seal? Do you have a solution?" Ying Zheng was immediately excited.

"I already have a way."

Chen Xiaobei nodded and said, " as long as the level of the black coffin seal is lower than or equal to a one-star heaven immortal, I can break it!

Xu Fu was only an earth immortal back then, " Ying Zheng thought to himself. no matter how strong the seal he laid down is, it can't be as strong as a heaven immortal! However, Xu Fu is working for the Jade Emperor, so it's possible that he'd set up a high-level seal!"

"I'll try!"

Chen Xiaobei then took out his earth-escape divine gourd and his spiritual storage treasure. "We'll get the answer soon!"

Red Envelope Group of the Three Realms

Chapter 2045: I Haven't Changed Yet

Whoosh ... Whoosh ... Whoosh ...

Chen Xiaobei then activated the infinite sky demon formation, and the spiritual Qi that was ready to be released from the spiritual storage treasure gushed out like a river.

Then, a vast amount of spiritual energy quickly poured into the earth escape immortal Gu like a river flowing into the sea.

"Faction leader Chen ... What kind of magical treasure is this flag? how can it contain so much spirit Qi ... It's terrifying ... Ying Zheng was shocked.

The amount of spiritual energy that a magic treasure could contain was different according to its grade.

The higher the level of the magic weapon, the greater the capacity of the spiritual energy.

The massive amount of spiritual Qi in front of him was enough to prove that the banner in Chen Xiaobei's hand was of a very high level.

At least, Ying Zheng had never seen a magical treasure of the same capacity!

this is a heaven immortal item. I'm going to use its heaven immortal power to help you break the seal!

Chen Xiaobei held the earth escape divine gourd in his right hand and raised his left hand. With a thought, he activated the special ability of the ring of all beasts!

In the space of the ten thousand Beast Ring, tens of thousands of Black Tide demonic crows formed the < ten thousand Beast Battle formation > and then merged with the < Army breaking Heavenly Sword battle formation >!

This way, Chen Xiaobei did not need ten thousand people to form a formation. As long as there were more than ten thousand Black Tide demonic crows, he could use the heavenly Sword Army-shattering battle formation!

With the help of the earth escape immortal Gu's heavenly immortal level power, he could break the seal of the same level!

"Get ready! I'm going to make my move!"

Chen Xiaobei's earth escape divine gourd instantly burned up a large amount of spiritual Qi and released the power of a divine immortal.

At the same time, the " Army-breaking Heavenly Sword battle formation " ability burst out from the myriad beasts ring.

"Heavenly Sword!"

go! Chen Xiaobei shouted, and a long sword's spiritual shadow emerged from the ring!

The sword stood proudly in the air, shining brightly! It was like a divine sword that had descended from the heavens, striking fear into people's hearts!

"Army destroyer!"

break! Chen Xiaobei shouted again, and the heavenly Sword spirit slashed down, penetrating the black coffin.

Very quickly, the sword shadow completely dissipated. The surface of the black coffin was completely undamaged, as if nothing had happened.

"Solved! It was solved! The seal on my soul has been completely broken!"

In the next moment, Ying Zheng's loud cheers could be heard.

"Whoosh"

A human-shaped shadow passed through the black coffin and appeared in front of Chen Xiaobei.

That's right!

This shadow was Ying Zheng's soul!

His body was tall and straight, and he had an imposing appearance! He had sword-like eyebrows and Starry Eyes, and he was extraordinarily handsome!

He was dressed in a black Imperial robe, looking majestic and overbearing. Even if he did not make a sound, he could still exude the unparalleled aura of an Emperor!

"Sect leader Chen!"

After a brief moment of excitement, he cupped his hands and bowed to Chen Xiaobei. "I can't repay the kindness of unsealing! From today onwards, I, Ying Zheng, vow to follow sect Master Chen to the death, and to serve him with all my might!"

"Alright, we won't say any more polite words."

I'm going to help you exchange for an earth-god status now! Chen Xiaobei said. The faster you complete it, the safer you will be! If the Jade Emperor finds out, we'll be in big trouble!"

"Is 90 million enough?" "If I'm not mistaken, it should be a long way off ..." Said Ying Zheng in surprise.

"I have enough merit, you don't have to worry!"

I'll give you three phone numbers now. One is mine, and the other two are Diao Chan and Lu Bu's! After you become an earth level deity, you will descend into the earth level deity world! We'll contact each other using our cell phone numbers!"

"Alright," he said. Ying Zheng nodded his head heavily and memorized the three numbers.

"And your black coffin!"

you're here! Chen Xiaobei said. you can't bring the black coffin with you when you're in the earth-god Realm. You'll have to leave it with me! Do you have anything to say?"

"Sect leader Chen, do you still remember the promise you made back then?" asked Ying Zheng after some thought. I want the dark Dragon cavalry to become ordinary ghosts and be reincarnated instead of being evil ghosts without freedom!"

"Of course I remember!"

"I still have one of the heart returning talismans from before!" Chen Xiaobei said. I'll help you convert the Black Dragon Riders later and let them reincarnate!"

"Thank you, sect leader Chen!" Ying Zheng cupped his hands and bowed again, then he said worriedly, "But without the Black Dragon cavalry, what will happen to your Blood God's deity-killing painting?" he asked.

"Don't worry. The blood God's deity-killing painting is no longer my strongest trump card. I won't be able to use it in the short term."

I'll think of a way to strengthen or modify the blood God's deity-killing painting later. The Black Dragon Riders are not strong enough anymore. They'll have to be replaced sooner or later! Letting them reincarnate won't have much of an effect on me!"

"Good! I'm relieved!" that's right! Ying Zheng nodded. the material used to make this black coffin should be of a very high grade. I'll leave it to sect leader Chen!

this is seven-star earth-god grade black Luo meteorite iron! "Are you sure you want me to do it?" Chen Xiaobei asked.

The last time Chen Xiaobei asked Xiao 'er to come out, he bit open a small box made of the same material.

The waiter recognized this material and was extremely greedy.

It could be seen how precious this material was!

"Sect leader Chen! You're being too polite!"

Without any hesitation, Ying Zheng said, "From now on, my things are sect leader Chen's things, and this black coffin is no exception! I'll let sect Master Chen deal with it as he wishes!"

"Alright!"

Chen Xiaobei nodded and said, " everything that needs to be settled has been settled. I'll help you exchange for the earth immortal position now!

Chen Xiaobei then activated the merit points ledger.

"I want to exchange for an earth level deity!"

A thought flashed through Chen Xiaobei's mind, and the next moment, the page displayed the details of the situation.

Xuanji's earth immortal status was an exception given by the heavenly Dao to those with great merit! After exchanging for it, one could directly reach the earth immortal realm and enter the Earth immortal world!

900 million merit points of the three worlds could be exchanged for an earth-god level.

Please select the exchange amount!

"What the f * ck!"

Chen Xiaobei was taken aback, and then he cursed, "Shen Gongbao, that bitch! An earth level deity with 90 million merit points would need 900 million to exchange for it! If this goes on, I'll suffer a great loss!"

"Sect leader Chen, what's wrong?"

"You have to hurry up!" Said Ying Zheng with a puzzled face. If we drag this out too long, our operation might be discovered!"

I know ... Chen Xiaobei was in pain.

Let's change? A blood loss!

You don't want to exchange? The whole plan would fall through, and Ying Zheng would be harmed!

"No matter! Now that things had come to this, even if he suffered a great loss, he could only trade! Fortunately, Ying Zheng has a huge amount of merit points, and I'm sure I'll be able to get a return on this investment of nine hundred million Yuan ..."

Chen Xiaobei gritted his teeth and was about to exchange for it.

"Whoosh ..."

But right at this moment, Ying Zheng's body suddenly glowed with a golden light as he exclaimed, "Success! Many thanks, sect leader Chen! My soul has begun to sublimate, and I'm about to become an earth immortal! Thank you, sect leader Chen!"

"Ah?"

"I haven't changed it yet ..." Chen Xiaobei said, confused.

[Red Envelope Group of the Three Realms](#)

Chapter 2046: Heaven's Guidance

"Whoosh!"

Ying Zheng's soul flickered and disappeared from the space inside the gourd.

Chen Xiaobei stood there, confused. "What the f * ck is this? I'm not sure if I want to change! Who had replaced Ying Zheng? This is a big joke!"

To Chen Xiaobei, Ying Zheng's importance was irreplaceable!

All the subsequent plans were closely related to Ying Zheng!

If Ying Zheng ran off with someone else, Chen Xiaobei would be so depressed.

Ding! Sect master Tongtian has sent you a message.

"Master?"

Oh? " Chen Xiaobei's eyes lit up. could it be that master replaced Ying Zheng? "

He quickly opened the private chat and Chen Xiaobei was right.

"Don't panic, Xiaobei!" I'm the one who replaced Ying Zheng for you! He will contact you later and work for you!

Chen Xiaobei: You really gave me a fright. I thought I was tricked by someone! Next time, can you tell me in advance?

"It's not that I didn't want to tell you, but I didn't have the time to!" If I had acted a little later, your 900 million merit points would have been wasted!

Chen Xiaobei: " uh ... Indeed. If Sifu doesn't want to change, I'll change immediately!

Sect leader Tongtian, [you silly boy, you're really bold. You know it's a loss, but you still want to fight!]

Chen Xiaobei thought, 'I have no choice! I can only charge forward!'

[sect leader Tongtian: if you have any problems in the future, come and discuss with me!] Your master is your path!

Chen Xiaobei: He was mainly worried that his master would not have the time! This disciple actually has a lot of questions that I would like to ask teacher!

[sect leader Tongtian: ask away. I'll answer your questions one by one!]

Chen Xiaobei: " I've received one billion merit points today. I've even been promoted to a one-time renhuang! What does that mean? "

[sect leader Tongtian: nine generations of good people cultivate one life's blessing; nine generations of blessing cultivate one life's Emperor; nine lives 'Emperor cultivate one life's celestial immortal!] This was the character level that kept rising with the increase of merit!

[sect leader Tongtian: if a good man of nine generations dies, he will be blessed in his next life!] He had a life of wealth, health, longevity, and prosperity! His family and descendants could share their good fortune and live a carefree life!

[sect leader Tongtian: if a person who has been blessed for nine lives dies, he can obtain the Destiny of an Emperor in his next life and be the Emperor of the human world for one more life!] Power, wealth, status, they could all reach the peak! Family members and descendants could share the glory and achieve the noble fate!

[sect leader Tongtian: the Emperor of nine lives can live forever and offset the heavenly Tribulation with a huge amount of merit!] He would directly ascend to the immortal world and become a celestial immortal!

Chen Xiaobei, this is amazing! (Surprised) the heavenly Dao punishes evil and promotes good! As long as he did enough good! He had enough merit! A mortal body could also directly ascend to immortal!

Sect leader Tongtian, "that's right!" Yu the Great controlled the flood and became seven human emperors! Hou Yi shot down the sun and became nine renhuangs! Ying Zheng stopped the war and became nine human emperors! These were all living examples!

Chen Xiaobei: His descendants had obtained the Ascension to immortality elixir, but it was eaten by fairy Chang 'E! Ying Zheng had also obtained the Ascension to immortality elixir, but Xu Fu had secretly exchanged it for poison!

[sect leader Tongtian: it's good that you know. Be more careful in the future!] The renhuang of nine lives sounded like he was only one step away from becoming a heaven immortal, but if he really wanted to become an immortal, he still needed many opportunities in the dark!

Chen Xiaobei thought, 'I don't dare to think that far! If one wanted to reach the human Emperor's character realm, just the merit points alone would probably cost more than ten billion. It was as difficult as ascending to the heavens!

Sect leader Tongtian, [not just this!] From now on, you have to be more careful in everything! You have to remember that after this exchange, you will have many more powerful enemies! It would bring you danger at all times!

Chen Xiaobei: I'll obey master's teachings!

[sect leader Tongtian: continue. Tell me your other questions!]

Chen Xiaobei: " my remaining questions are all about the earth-god exchange! Ying Zheng had three spots, and so did his disciples! Who should he change to?

Sect leader Tongtian, "first of all, Ying Zheng doesn't have a quota!" He was not a member of the Three Realms red envelope group! He couldn't use the merits record's function!

Chen Xiaobei: There was such a restriction?

[sect leader Tongtian: why do you think I'm so eager to help Ying Zheng change his cultivation base to an earth immortal?] It's so that you can keep the merit points and Exchange them for the three precious spots!

Chen Xiaobei thought, 'thank God I have Sifu's help! Otherwise, if I spend 900 million merit points, I'll be completely dumbfounded on the day of the winter solstice!

Sect leader Tongtian, [that's why I said your calculation is not appropriate at times!] Even if Ying Zheng had a spot, they couldn't let him be exchanged for an earth immortal! Otherwise, the Jade Emperor will find out about Ying Zheng's existence at any moment, and at that time, both you and Ying Zheng will bring forth countless disasters!

Chen Xiaobei: (Sudden realization) at that time, this disciple didn't think so far! From what his master had said, this was a serious miscalculation!

Sect leader Tongtian, [I'll still say the same thing. You must be more careful in the future!]

Chen Xiaobei: At the moment, Ying Zheng could not use the merit points ledger, so did that mean that the massive amount of merit points he had was nothing?

"Of course not!" Sect leader Tongtian replied. Although Ying Zheng could not use the merit points he had, he could not use them! But in the unseen world, it could bring him great protection and an extremely prosperous fate! With him by your side, it will bring you unexpected opportunities and gains!

Chen Xiaobei: Back then, Xu Fu did not dare to kill Ying Zheng, because Ying Zheng was blessed with a vast amount of virtues and was protected by the heavenly Dao! If he killed Ying Zheng, he would be punished by the heavens!

Sect leader Tongtian: "to put it bluntly, Ying Zheng is only beneficial to you. He's a good friend!

Chen Xiaobei-I understand!

Sect leader Tongtian,"tell me about your three spots!" I want to hear your plan first! Do you have a candidate in mind?

Chen Xiaobei: "I haven't decided yet ... I just want to exchange my senior brothers and sisters with my tribe of severity. But there are too many of them. I can't give up on them ...

Sect leader Tongtian,"my advice is not to change the disciples of the tribe of severity!"

Chen Xiaobei: Didn't his master want to save them from the devilish hands of the celestial heavens?

"There are many ways to save people!" However, there was only one way to win the immeasurable catastrophe!

Chen Xiaobei thought,'win the infinite cataclysm? He didn't expect his master's plan to be so far-reaching! Please teach me, master! I want to save people! He also wanted to win!

Sect leader Tongtian said,"alright, I'll teach you how to save people first!" For example, if Shen Gongbao exchanged for three earthly Immortals, the three of them would sign a soul contract with him and serve him with absolute loyalty!

[sect leader Tongtian: you can capture these three people alive first. Then, you can kill Shen Gongbao. The soul contract will be terminated, and they will regain their freedom!]

Sect leader Tongtian said,"simply put, let the enemy exchange for the disciples of the tribe of severity!" You only need to focus on killing the enemy and you can save them!

[Chen Xiaobei: killing an enemy is saving a life!] Buy one get three free! It was too cost-effective! (Great praise)

Sect leader Tongtian thought,"you're Teachable!" Listen well, master will now teach you the way to win!

[Red Envelope Group of the Three Realms](#)

Chapter 2047: Way To Win

Chen Xiaobei-your disciple is all ears!

Sect leader Tongtian: "there's only one way to win. In this earth immortal exchange, you need to exchange for three people!"

Chen Xiaobei, "which three?" (Solemn)

Sect leader Tongtian, the first person, the demon God of the great path, Luo hou! The second person was the master of the bell of chaos, Eastern Emperor Taiyi! The third person was the head of the twelve ancestors of sorcery, Emperor Jiang!

Chen Xiaobei, "this ... This this this ... Is this really okay?"

Sect leader Tongtian, "why not?" Tell me your concerns, and I will answer them for you!

Chen Xiaobei thought, 'I don't know much about the eastern Emperor Taiyi, but Rahu once tried to kill a Dao ancestor!' The twelve ancestors of sorcerer were the leaders of the Sorcerer tribe, the alien tribes that the heaven realm feared the most! This can be exchanged?

Sect leader Tongtian, "of course!" In this immeasurable cultivation tribulation, Investiture of the Gods was also going to be set. If luohou and the twelve ancestors of sorcery were on the list, their primordial spirits would be sealed for hundreds of millions of years, and they would have to serve the heavenly court during that period! This was the result that the heavenly Dao wanted!

Chen Xiaobei: "that's true. After all, they'll only be earth-god level when they're released. If they're not careful, they'll be killed and listed on Investiture of the Gods. They'll become slaves of the heavenly court!"

Sect leader Tongtian asked, "do you have any more questions?"

Chen Xiaobei: As far as I know, on the day of the winter solstice, the six great sages of the heavenly path would first exchange for the earth Immortals. Then, the group members would draw lots to decide who would exchange first. I'm afraid that I'll be ranked very low. How can I exchange for the three people that master mentioned?

Sect leader Tongtian said, "the secrets of heaven can't be revealed. But you don't have to worry. Just don't be late for the winter solstice."

Chen Xiaobei: This disciple will remember! In addition, why was it that choosing these three people would guarantee victory in the immeasurable calamity?

Sect leader Tongtian thought, "we may not win!" These three people can only lay a path to heaven for you! Whether or not you can reach the peak of the Three Realms will depend on your own efforts!

Chen Xiaobei: "then, why did it have to be these three?"

The prime of Tongtian, Luo hou, was a Devil God of the great Dao! It was born early in the absolute beginning. My four celestial slaying swords are actually luohou's accompanying chaos spirit treasure! The celestial eradication sword formation was also created by Rahu!

Sect leader Tongtian, [the four celestial-killing swords and the map of sword formation are in the hands of the clan of enlightenment!] With the four Swords working together, only four heavenly path Saints

could break the formation! I can't win by myself! Only Luo Yi was the variable to take back the four Swords and the formation map!

Sect leader Tongtian thought, "the point is, there's a demon behind Luo Yi!" The 3,000 heavenly Devils of the great Dao were stirring in the demon world. Whoever could suppress the demon world would obtain infinite merits. This was the first path to becoming a saint!

Chen Xiaobei: To become a saint? (Shocked) master, are you referring to the heavenly path Sage?

Sect leader Tongtian: " that's right. Back then, Little Junior Sister Nuwa sacrificed herself to mend the heavens and save all the living beings in the world. The heavenly Dao bestowed upon her boundless merit. Little Junior Sister Nuwa thus verified her Dao and became a Sage of the heavenly Dao!

Chen Xiaobei thought, 'shizun, you mean ... You want me to borrow the power of Rahu to suppress the demonic world and prove my Dao with endless merit?' (Swallowing saliva)

Sect leader Tongtian, "that's right!" If you can also become a heavenly path Saint, then this time's immeasurable cultivation tribulation, us master and disciple will win without a doubt!

Chen Xiaobei thought, "this ... This is too much!" Compared to a heavenly path Sage, I'm not even an ant ...

Sect leader Tongtian, [don't belittle yourself!] A year ago, would you have thought that you would have such an achievement today?

Chen Xiaobei, [that's true!] If he had not entered the Three Realms red envelope group! If he wasn't accepted as a disciple by his master! I'm afraid I'm still a poor student on earth!

Sect leader Tongtian, [that's why!] As long as there was an opportunity! As long as one was willing to work hard, anything was possible!

Chen Xiaobei-I understand! The master pointed out the opportunity for the disciple! This disciple will naturally do his best to seize this opportunity and create a miracle!

"It's good that you understand!" Rahu was just an opportunity! The eastern Emperor Taiyi and the twelve ancestors of sorcery are also your great opportunities!

Sect leader Tongtian said, "let's talk about the eastern Emperor Taiyi first!" He was one of the earliest ancient gods to be born at the beginning of chaos! The decree of the great Dao: Pangu opened the sky, Nuwa created the spirit, and Taiyi ruled the world!

The prime of Tongtian, the eastern Emperor Taiyi, controlled the bell of chaos! They United all the tribes in the untainted land and were collectively called the 'Demon tribe'! He had created an unparalleled hegemony, ascended to the heavenly Emperor, and called himself the East Emperor! Establishing heavenly rules and commandments, becoming the Orthodox Supreme of the Three Realms!

[sect leader Tongtian: in the second immeasurable cultivation tribulation, East Emperor Taiyi fought eight ancestors of sorcery and died together!] The bell of chaos was hidden and nowhere to be found! East Emperor Taiyi was the opportunity to find the bell of chaos!

Chen Xiaobei, is the bell of chaos very powerful?

Sect leader Tongtian, [of course!] The bell of chaos was one of the three connate Cardinal treasures! No one below the heavenly path Sage could compete with him!

Sect leader Tongtian, "the point is!" The bell of chaos was another way to become a saint!

Chen Xiaobei-what do you mean? Was the bell of chaos related to Dao verification and sainthood? Why didn't East Emperor Taiyi succeed?

[sect leader Tongtian: the eastern Emperor Taiyi is entangled by karma. He can only prove his Dao by force after passing the killing tribulation of the Sorcerer and demon!] Unfortunately, he died in the killing tribulation and failed to vindicate his Dao!

Chen Xiaobei: " then, what should I do? "

[sect leader Tongtian: if you can find the bell of chaos, you'll have two more paths!]

"Sect leader Tongtian: first, you must obtain the original soul stamp of Pangu left by Saint Three Pure Ones, and then use the bell of chaos to prove your Dao!" However, this is very difficult. Neither Yuan Shi nor tai Shang will imprint their primordial spirit on you!

[sect leader Tongtian: second, let the twelve ancestors of sorcery unite and gather the real body of Pangu. Then, use the bell of chaos to prove the way by force!]

Chen Xiaobei: " the first option is very difficult. I'll choose the second option first! This is why my master asked me to exchange for the head of the ancestors of sorcery, Di Jiang!

Sect leader Tongtian, "that's right!" The twelve ancestors of sorcery were formed by the twelve drops of blood essence of the great God Pangu. Although they were dead, their bodies would not decay!

[sect leader Tongtian: exchange for Emperor River, find the twelve ancestors of sorcery's corpses, regather the real body of Pangu, and use the bell of chaos to prove the way and become a saint!]

It sounds so difficult and so far away ... But I promise I'll do my best to achieve it!

"Sect leader Tongtian: I believe you!" This time's measureless cataclysm, all the success and failure, I'm betting on you! I believe you won't let me down!

Chen Xiaobei-don't worry, Sifu! As long as there's a breath left, this disciple will not stop!

Sect leader Tongtian: " well, if there's nothing else, I'll take my leave. See you at the winter solstice!

Chen Xiaobei, I have another question! The second brother ... Marshal Tianpeng was sent by Shen Gongbao to the lower worlds to kill his disciple. The disciple did not want to hurt him, but he chased after him. Master, do you know how to solve this?

Sect leader Tongtian: " I do have a way, but you have to give him 90 million merit points. Are you willing to do that? "

Chen Xiaobei: As long as second senior brother could recover his nature, this disciple was willing to pay any price!

Sect leader Tongtian thought, "you're too loyal!" He looks too much like me ...

Chen Xiaobei:

[sect leader Tongtian: I thought it was good, but I lost!]

Chen Xiaobei, I don't want to lose! But I don't want to betray our friendship! Master, please teach me how to save second senior brother.

[Red Envelope Group of the Three Realms](#)

Chapter 2048: Desperately Trying To Become Stronger

[sect leader Tongtian: find him the day before the winter solstice, control him, give him 90 million merit points, and Exchange his first wife to the earth-god World!]

Chen Xiaobei thought, Sifu, are you talking about Gao cuilan from Gao Laozhuang? She was just a mortal, how could she help second brother?

"Sect leader Tongtian: the secrets of heaven must not be revealed!" Just do as I say! This woman could untie Tian Peng's heart knot!

Chen Xiaobei-yes, your disciple!

Sect leader Tongtian said, "alright, I'll take my leave first. I'll contact you again if there are any other questions."

Chen Xiaobei, [your disciple is here to see you off, Sifu!]

After exiting the private chat, Chen Xiaobei's mind was filled with thoughts.

This short ten-minute chat contained a huge amount of information and involved a wide range of fields. The impact would be far-reaching.

It was no exaggeration to say that this winter solstice would be the major point of the immeasurable catastrophe.

How the future would develop would all be decided in one day!

To prove his Dao and become a saint!

Before today, Chen Xiaobei had never thought about it. In fact, he did not even dare to think about it!

However, from today onwards, Chen Xiaobei would use this as his goal and fight with all his might!

The measureless cataclysm was the only way out! He would either win against the sovereign patriarch or be humiliated in defeat! Only Dao vindication would give him a chance of winning!

"Demon God Rahu! East Emperor Taiyi! Di Jiang, the ancestor of sorcerers!"

Chen Xiaobei's eyes were filled with determination. "Master has already pointed out the path to heaven for me! I'll have to take every step on my own! His heart aspired to the peak! I won't rest until I die!"

This time, Chen Xiaobei was not just talking!

Before he could even finish his sentence, the heaven and earth smelt had already been retrieved.

All the resources he had obtained in devil earth were also taken out.

There was no doubt that the leader of Lu Tongtian had already pointed it out to him. But to continue on this path, Chen Xiaobei needed to use his own strength as a Foundation!

With strength, he could walk with his head held high and the wind and water smooth!

Without strength, one would be restricted in all aspects and even find it difficult to move!

The fastest way for Chen Xiaobei to increase his cultivation was to use the spiritual aura of heaven and earth. He did not need to cultivate to increase his cultivation!

Because of that, Chen Xiaobei did not hesitate to throw everything that was not of much use into the heaven and earth furnace and use the witch Dragon Flame to refine them!

Of the 15 heavenly demon apostles, only Nangong Kurong's five-star earth-god instrument was eaten by the waiter.

There were two more five-star earth-god instruments! Five four-star earth-god instruments! Seven three-star earth-god instruments! Chen Xiaobei did not even blink as he returned them to the furnace and refined them!

And the storage bracelets of thousands of cultists!

When the Blacktide Ravens killed them, they also collected the storage bracelets.

There were no high-level items in these thousands of storage bracelets, but grasshoppers were also meat. The spiritual weapons, spiritual herbs, and spiritual items in them would all turn into the spiritual aura of heaven and earth!

In addition, there were also the resources of the first level of the limitless nine level Pagoda!

The limitless nine-floor Pagoda was the treasure house of the limitless demon race. On the first floor, there were 108 one-star earth-god instruments, all of which were rare ancient demon weapons with very powerful abilities!

Chen Xiaobei was going to reward his disciples with these 108 ancient demonic weapons, so he would not use them for the time being.

The rest of the resources from the first floor of the tower were all thrown into the heaven and earth furnace!

It contained a large number of one-star earth-god items, which could also bring a large amount of Heaven Earth spiritual aura!

Once these resources were refined into the spiritual aura of heaven and earth, Chen Xiaobei would absorb them all and use them to improve his physical body and combat power!

"By rough estimation, these Heaven Earth spiritual aura can increase my combat power and physical strength by 300000! With the addition of my current heavenly Dao cultivation Halo, I can increase it by a whole 900000!"

more importantly, my number of followers is still increasing! In the past three days, I have gained another 1.5 billion followers! In addition to the 1.2 billion Yuan from the day of the live broadcast! The number of new believers has reached 2.7 billion!"

although the increase in believers has slowed down significantly after the boom, it's still increasing. In a few more days, there will definitely be three billion new believers!

by then, I'll be able to choose another ten cultivation rewards. This wave of Heaven Earth spiritual aura will increase my combat power and physical strength by 1.2 million!

Chen Xiaobei's livestream in the demonic sect's territory was only watched by a few billion people that day, which gave Chen Xiaobei 1.2 billion new followers!

In the three days that Chen Xiaobei was busy planting crops and building the city, the live broadcast was slowly spread throughout apocalypse Starfield!

There were trillions of people in apocalypse Starfield, so Chen Xiaobei should have more believers!

However, most of them knew that Chen Xiaobei's situation was not looking good. Not only did he have enemies on all sides, but he had also openly declared war on heaven dominating faction. He would definitely lose!

Therefore, most of the people did not think that Chen Xiaobei would win!

Only a small group of righteous people worshipped Chen Xiaobei from the bottom of their hearts and became his new believers!

Of course, apocalypse Starfield had a huge population! Although it was only a small portion, it still reached a total of 1.5 billion!

[new believers: 2.7 billion] The total number of believers was 5.7 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

[the number of believers has reached the standard. You may choose a heavenly Dao reward!] (You can choose 27 rewards for Level 1, 13 for Level 2, and 9 for Level 3!)

"I'm still short of 300 million new believers before I can choose ten Level 3 cultivation halos! It should be enough in a few days! It just so happened that refining the spiritual aura of heaven and earth would take a few days! It's a double-edged sword!"

Oh! Chen Xiaobei raised his eyebrows and smiled. also, I haven't used my million-year Ambergris yet. When I take it out, it can increase my combat power by 400000!

"By then, my combat power will exceed three million! He could also open the second level of the limitless nine level Pagoda! The resources within will definitely not disappoint me!"

"Besides, I also have Ying Zheng's Black coffin! This amount of seven-star earth-god grade dark Luo meteorites is enough for my physical strength to increase by another level!"

I still have 300000 upper spiritual stones. If necessary, I can use them all for cultivation!

Chen Xiaobei looked at her and said, " from today on, I'm going to do my best to cultivate and break through to the earth immortal realm as soon as possible!

of course, other than my cultivation, I still need a stronger trump card!

Chen Xiaobei took out the limitless nine floor Pagoda with one hand and released The Limitless Soul ring with the other.

"Whoosh! Whoosh! Whoosh ..."

In the next moment, the Dharma spiritual images of the Lin Dong witch and the four demon kings appeared one after another.

"Why did you only let us out now?"

The witch of winter's face was cold and angry. "Did you stop the human ruler's despicable scheme or not? Our limitless demon race won't take the blame for killing 800 million people!"

don't worry, I've already dissolved the conspiracy. I've also saved those 800 million people and they've started a new life!

"Now, I want to ask you, where are the other three demonic swords that are on the same level as the spiritual bursting flames sword?" Where is the Wuji sword formation?"

[Red Envelope Group of the Three Realms](#)

Chapter 2049: Heaven Shrouding Order

Explosive flame Spirit King Sword! Killing sunflower water King Sword! Furious Thunder King Sword! Dark gold fantasy King Sword!

These four demonic swords were the Natal spiritual swords of the Great Demon King, and they were all five-star earth-god level!

If the four Swords were combined into one, their strength could complement each other and increase each other's strength. Then, they could defeat a six-star earth-god!

If the four Swords gathered together, together with the Wuji sword formation, he could even fight a seven-star earth level deity!

Right now, the strongest magical equipment in apocalypse Starfield was a five-star earth-god level. If Chen Xiaobei could find the remaining three King's swords, he would be able to dominate apocalypse Starfield!

If he could find the sword formation again, Chen Xiaobei would be able to reach the upper-middle level in the earth-god Realm!

That was why this trump card was very important to Chen Xiaobei. He had to find it as soon as possible!

the Wuji sword formation diagram is on the fifth floor of the Wuji nine-floor Pagoda!

I know, " Lin Dong witch said. but you should remember that in God-Ascension, the first, third, fifth, and seventh flames can open the first four levels! You need to combine the nine flames into one and break through to the earth immortal realm to open the fifth level!"

"Yes, I remember!"

yes! Chen Xiaobei nodded. in the near future, I will increase my cultivation like crazy. I believe it won't be long before I reach the earth God level!

uh ... the witch of winter was stunned, and her expression was complicated.

One had to know that even the leader of the Azure Dragon Imperial City, Jiang Zhaoyan, who was hundreds of years old, had not become an earth level deity!

If it was someone else who said 'it won't be long' to become an earth immortal, the witch of winter would definitely treat that person as a lunatic.

However, the witch of winter had personally witnessed Chen Xiaobei's combat power and physical strength increase by 500000 in just a few minutes.

If Chen Xiaobei said it would not take long, then it would not take long!

I can put the formation map aside for now. I'll have to find the other three demonic swords first anyway! alright! Chen Xiaobei said, " tell me all the clues you have!

our swords were all taken away by the enemy in the Great War thousands of years ago!

that year, the people of The White Tiger Imperial City were in charge of fighting me. Before they were sealed, I saw with my own eyes that the sunflower water evil king Sword was taken away by the city Lord of The White Tiger Imperial City! the fiendish water King said in a deep voice.

The other two said simultaneously, " "We're the same. The Raging Thunder berserk King Sword was taken away by the people from Black Tortoise Imperial City! The dark gold fantasy King Sword was taken away by the people from the Azure Dragon Imperial City!"

alright! Chen Xiaobei said, " if that's the case, I'll go to the three royal cities and get the demonic sword back!

"Don't get too excited!"

"The three demonic swords were taken away tens of millions of years ago!" The witch of winter quickly reminded him. The first respectable King of the four royal cities had already broken through the earth immortal realm! The three-grasp sword might have also been taken to the earth-god Realm!"

"It's fine, we'll still have to find it!" I'll start from the three imperial cities. Even if I can't find the sword, I'll at least find some clues! Chen Xiaobei said.

hmm, you have a point ... the witch of winter nodded and asked, " we've answered all your questions. Now, it's your turn to tell me how our Saint is doing.

"Tuo hai?"

he's officially a part of bei Xuan now. He's getting along well with his fellow disciples. I'll let him improve his cultivation first. He should be able to help me in the future! Chen Xiaobei said.

The witch of winter calmed herself down and bowed to Chen Xiaobei, " "Please treat the Holy Son well!"

"Don't worry!"

"Everyone in my sect is like a family!" Chen Xiaobei said. Tuo hai and I are a family. What he can get isn't just kindness!"

"Many thanks!" The witch of the winter tribe finally felt at ease and thanked Chen Xiaobei.

.....

Chen Xiaobei returned to bei Xuan faction after putting away the limitless nine-floor Pagoda and limitless soul ring.

After a phone call with Liu xuanxin, he found out that Liu xuanxin had gone to the Azure Dragon continent and was strolling around the beautiful places as if she was on a vacation!

After that, Chen Xiaobei made some arrangements for the internal affairs of the sect.

With song Qincheng, the reincarnation of Wu Zetian, and Jiang Ziya, the top general, everything in bei Xuan sect could be taken care of in an orderly manner.

Even the 800 million people on the entire asteroid could be managed very well!

Chen Xiaobei did not need to worry about these things.

Chen Xiaobei's main task was to let Jiang Ziya make the skybreaking cultivation pill to speed up the cultivation of his disciples.

One heavenly essence sublimation pill could increase one's combat power by 3000 and physical strength by 3000!

The cultivation of bei Xuan faction was increasing rapidly every day, and it was only a matter of time before everyone reached the peak of sky origin stage.

By then, Chen Xiaobei would be able to make another batch of skybreaking cultivation pills, and everyone in the sect would be able to break through to God-Ascension.

Unfortunately, the heavenly essence sublimation pill was the same as the heavenly essence realm-breaking pill. Once one surpassed the heavenly essence realm, they couldn't be used.

Chen Xiaobei was already at one fire god-refining level, so he could not use it anymore. Otherwise, he would have felt so good that he could fly.

On top of that, Chen Xiaobei also asked song Qincheng and LAN Mengcheng to continue running their entertainment and cosmetic companies.

After all, the spiritual energy on the asteroid was thin, and the number of heavenly essence sublimation pills was limited. He had to earn more spirit stones so that his disciples could use them to cultivate when they did not have any pills.

As for the live streamers and factory workers, they could be chosen from the 800 million people.

These 800 million people were Chen Xiaobei's most loyal followers. Even if they died, they would not say anything about betraying Chen Xiaobei. They were absolutely trustworthy!

After that, Chen Xiaobei arranged for Jing Fei to continue being the Super Porter!

The most important task was to transport the revenue back to the live streaming platform.

This part of the income was topped up by the audience to the local chambers of commerce. As the amount was huge, Jin Fei had to go to each Chamber of Commerce to collect the payment and could not be sloppy.

At the same time, Jin Fei also brought the cosmetic products to various places and sold them to distributors who were willing to cooperate.

After taking back the spirit stones, he bought clothes, daily necessities, furniture, farm tools, and the young of chickens, ducks, pigs, cattle, and sheep.

In this way, the lives of the people could be completely carefree. The entire asteroid would be able to create a virtuous cycle and become an independent country with sustainable development!

Finally, Chen Xiaobei even arranged for Jing Fei to make a long trip when he was free to move all the first love peach trees to the asteroid.

These magical peaches were so delicious that even Chen Xiaobei himself was craving for them.

.....

After everything was settled, Chen Xiaobei left the asteroid.

The first destination was the Black Tortoise continent.

Chen Xiaobei was now the most famous person in apocalypse Starfield.

Chen Xiaobei had no choice but to put on a plain-looking human-skin mask for the operation in Black Tortoise Royal City.

"Fellow townsman, can I ask you something?"

Chen Xiaobei stopped an honest-looking man on the street and asked, "Where are Xia Longxiang and Xia Jinlin staying?"

you ... Who are you!?

The honest-looking man was shocked, 'you even dare to find the death row criminals on the heaven shrouding order? You want to die too?"

"Heaven shrouding order? A death row convict?" Chen Xiaobei was taken aback and felt uneasy.

[Red Envelope Group of the Three Realms](#)

Chapter 2050: Traitor Of Beixuan

fellow townsman, I still don't know about the heaven shrouding order. Can you tell me about it? "

Chen Xiaobei pretended to be curious, as if he had never seen the world before.

The simple and honest man didn't have any doubts and said, "I don't think you're a bad person, so I'll give you some general knowledge."

Of course, Chen Xiaobei's charm was off the charts, and it was very easy for him to gain the trust and favor of others.

"The heaven shrouding order is the highest order given by the heaven shrouding sect! It's like an Emperor's decree. Everyone in apocalypse Starfield must obey it!"

"three days ago, there was a kid called Chen Zhufeng. He didn't know his place and publicly declared war on heaven dominating faction! Hence, the heaven dominating faction has issued the heaven dominating order to arrest everyone who is close to Chen Zhufeng!"

"Originally, the Dragon elephant Prince and Princess Jin Lin only needed to publicly declare that they had nothing to do with Chen Zhufeng and they wouldn't be questioned! However, the two of them insisted that they were Chen Zhufeng's friends and became the criminals ..."

"damn ... Heaven dominating sect is too cruel! Chen Xiaobei frowned. He was very unhappy.

Family and friends had always been Chen Xiaobei's reverse scale, and he would not allow anyone to touch or hurt them.

Besides, Xia Longxiang and Xia Jinlin did not do anything wrong. They were just too righteous and refused to say that they did not know Chen Xiaobei, and that was why they became criminals!

to put it bluntly, heaven dominating sect was being unreasonable and using their own power to bully the weak!

"Who said it wasn't?"

The honest man sighed. Prince Longxiang and Princess Jin Lin are kind by nature. They treat the people of Black Tortoise capital city very well ... On the day they were captured, some people even signed the 'ten thousand people' to plead for mercy for them ...

"but the Dragon elephant Prince and Princess Jin Lin weren't saved. The people who signed the ten thousand people scroll were all captured by heaven dominating faction!

the honest man frowned. heaven dominating faction has really gone too far this time ... None of us dare to mention Dragon elephant Prince and Princess Jin Lin. We can only let them be locked up. The next step might be to be executed ...

"What? You want to be executed?" Chen Xiaobei's heart trembled and he was furious.

"Yup," The honest man nodded. the heaven shrouding order is the highest order. It's only issued once in a few years or even decades. But once it's issued, the entire apocalypse Starfield will be in chaos!

"has heaven dominating sect gone crazy? " what?! Chen Xiaobei was furious. if you have the guts, go and fight Chen Zhufeng! How can you kill innocent people!"

I don't know! the honest man said. rumor has it that Chen Zhufeng was scared out of his wits and went to hide in some deserted place! Heaven dominating faction only kills people to lure Chen Zhufeng out!"

hehe! A mere heaven dominating sect is not enough to scare Chen Zhufeng!

" you're right! Chen Xiaobei sneered. the way I see it, heaven dominating faction was scared out of their wits by Chen Zhufeng! They were afraid that Chen Zhufeng would defeat them, so they tried to capture the people who were close to Chen Zhufeng!"

"Little brother! You can't just say things like that!"

The honest-looking man was stunned and said nervously, " " this is a critical time. If the heaven dominating sect disciples hear what you said, they'll definitely capture you!

"Alright! Just come and catch me!"

what?! Chen Xiaobei said, " I'd like to see where they're keeping the people!

are you crazy? don't drag me down with you if you want to die ... the honest-looking man gulped and turned to leave. He was afraid that Chen would drag him down with him.

Chen Xiaobei calmed himself down and immediately gave menglu a call.

Luckily, menglu was with Yuchi Hanshan, and they were currently escorting the eight thousand children home. This was a righteous mission, and it was already known to the world through the live broadcast.

No matter how unreasonable heaven dominating faction was, they couldn't capture menglu and Yuchi Hanshan.

otherwise, it would cause the people to be angry. If that happened, heaven covering sect's popularity would drop and their believers would decrease.

Because of this, menglu and Yuchi Hanshan were both very safe.

Chen Xiaobei heaved a sigh of relief.

Other than Monroe and Yuchi Hanshan, Chen Xiaobei had only made a few new friends during his trip to devil earth.

The relationship between Chen Xiaobei and Edina was not that close. She did not even leave Chen Xiaobei her phone number. Besides, she was a smart woman, so she should know how to protect herself.

So, Chen Xiaobei's top priority was to save Xia Longxiang and Xia Jinlin.

"Young masters, please wait!"

Chen Xiaobei observed the street for a while and quickly found two heaven dominating faction disciples. He quickly walked up to them.

"Who are you? Why are you calling us?"

the two heaven covering sect disciples were very arrogant and spoke in a different tone.

Chen put on an honest face and asked, " I would like to ask the two of you, where are the residences of Prince Dragon elephant and Princess Jin Lin? "

"Ah? What did you just say?"

The two heaven dominating faction disciples looked at Chen Xiaobei as if he was an idiot.

I mean, I want to meet Prince Longxiang and Princess Jin Lin. But I don't know where their mansion is. Can you show me the way? " Chen Xiaobei said.

"Directions?" the two heaven dominating faction disciples laughed, " "No need to point, we'll take you there!"

"Swish!"

Before he could finish his sentence, one of the skinnier disciples took out a spiritual talisman and hit it on Chen Xiaobei's chest!

This was a spiritual talisman that could seal one's ethereal force. After its ability was activated, the blood vessels and tendons around Chen Xiaobei's dantian would be blocked, and he would not be able to use his ethereal force.

"Ka! Ka!"

The other disciple, who was slightly fatter, immediately took out a pair of special shackles and cuffed Chen Xiaobei's hands.

"You two ... What ... What do you mean?" Chen Xiaobei continued to play dumb.

"What do you mean?"

you're a traitor! the two heaven shrouding sect disciples laughed. you're guilty of the same crime as the North Mystic traitor! Come with us. Once you're in my heaven dominating faction's dungeon, you'll naturally be able to see the traitors Xia Longxiang and Xia Jinlin!"

"I'm not guilty ... I don't know what traitor ... I'm not guilty! you can't arrest me ... Chen Xiaobei shouted, but he half-heartedly let the fat disciple drag him forward.

.....

On the east side of Black Tortoise Royal City.

heaven covering sect's Black Tortoise division occupied a large area here.

heaven dominating faction's main headquarters was on the Azure Dragon continent and had branches on the other three continents.

Although it was a branch, it still had more than 100000 disciples, which was a level higher than all the sects on the continent.

"Hurry up! Don't dawdle!"

The fat disciple dragged Chen Xiaobei to the entrance of the dungeon. "Hurry up and get in, I'm still waiting to get my reward from you!"

10000 spirit stones for every beixuan traitor we catch! the skinny disciple sneered. we'll be able to go to the brothel again! Hehehe ..."

"BOOM!"

Suddenly, Chen Xiaobei pulled the shackles off and said, " "Don't even think about getting a reward, just die!"
