Red Envelope Group of the Three Realms

Chapter 2051: Desperate Persistence

"This ... How is this possible? Your true essence has been sealed ... How can you still have so much power ..."

the two heaven dominating faction disciples immediately began to tremble in fear as if they had seen a ghost.

heh, my true essence is sealed, but my 1.8 million physical strength is still there!

Chen Xiaobei's eyes were filled with murderous intent.

"That's impossible ... You're just a commoner, how could you have a physical strength of 1.8 million! This is impossible!"

the two heaven dominating faction disciples' pupils involuntarily constricted as cold sweat poured down their faces.

"Woof! Whoosh!"

Without explaining, Chen Xiaobei's fingers turned into claws and with lightning speed, he grabbed the throats of the two heaven dominating faction disciples from both sides!

Crack ... Crack ...

Chen Xiaobei exerted his strength and easily broke the two men's necks!

after all, this was just a branch of heaven dominating sect and the disciples weren't strong!

Furthermore, these two were just small fry patrolling the streets. If they were to go against Chen Xiaobei in an instant, they would be killed instantly!

[ding! You have eliminated an evil person. You have been rewarded with 10000 merit points!]

[ding! You have eliminated an evil person. You have been rewarded with 10000 merit points!]

[your current merit points are 1040190000 (charm: 104019000, luck: 104019000) !

"As expected! Neither of them are good people!"

Chen Xiaobei kept the two disciples' bodies into their storage bracelets.

After transferring a small amount of resources from the bracelet, he threw the bracelet into a corner, as if the two had never appeared.

"Chi ..."

Chen Xiaobei took out the Asura divine mirror and removed the seal on his body. Then, he took out the devil mask.

After putting on the mask, Chen Xiaobei activated the rune concealment ability and sneaked into the dungeon.

.....

In the deepest part of the dungeon.

Xia Longxiang and Xia Jinlin were locked onto two Cold Steel crosses.

The two of them were unable to break free from the restraints, which showed that their true essence had been sealed.

At the same time, the two of them were covered in bloody whip marks. Blood kept flowing, and the ground was dyed red.

Obviously, the two of them had been whipped several times in these three days!

heaven dominating faction's whipping torture was famous for being terrifying!

The torturer did not have vital essence to protect his body, so he used the red flame iron whip to add vital essence to the whip! The whips pierced into the flesh, causing severe pain!

Back then, Jiang Heqing, the genius of the Jiang family of Green Dragon, had been whipped 6600 times and turned into a dismembered corpse!

One could only imagine how terrifying this torture was!

"Brother ... I can't hold on much longer ..."

Xia Jin Lin's head drooped down, and he was on the verge of death. Blood flowed out of his small mouth, and it was obvious that he was severely injured.

"Don't be silly!"

Xia Longxiang also had blood in his mouth and was in an extremely bad state. He tried to encourage his sister, "Hold on! Things will definitely take a turn for the better!"

I can't hold on any longer ... Xia Jinlin said in a sad voice, "Nangong Kang is about to come again ... I definitely can't hold on today ..."

"No!" Xia Longxiang's heart clenched and he said bitterly, "You must hold on! You are my little sister! I won't allow you to say such demoralizing words!"

it's too painful ... I don't want to experience the taste of the mystic Fire iron whip again in my life ... Death is also a form of release for me ...

Xia Jinlin was like a pitiful kitten as he sobbed in a low voice, "Brother, if I die ... It means that our principles are wrong ... Don't be so stubborn ... Just bow down to Nangong Kang, and maybe you can live ..."

"Impossible!" Xia Longxiang said solemnly, "what we stand for is justice!" The bottom line of our principles must be kept. Otherwise, what's the point of living?"

but ... What we're holding on to has already killed ourselves ... Soon, we'll also kill the 10000 people who are pleading for us ... Even so, are you still going to hold on? "

"Give up on your principles and bottom line ... Live on and protect those innocent people ... Is it wrong to do this?" Xia Jinlin said in a sorrowful voice.

this ... Xia Longxiang was instantly rendered speechless.

"Yo, yo, yo, little sister Jin Lin has been enlightened!"

At this moment, a strange voice came from nearby.

They saw a young man in luxurious clothes and two strong men with iron whips walking over.

Nangong Kang ... Xia Jin Lin took in a deep breath of cold air, and his eyes suddenly revealed a deep fear.

"Nangong Kang!" Xia Longxiang shouted. Today's flogging is all directed at me! Don't hurt Jin Lin!"

"Xia Longxiang! It's been three days and you still haven't woken up?" "You're now a traitor of beixuan!" Nangong Kang laughed. Do you think you still have the right to choose?"

Xia Longxiang was furious, 'can't you tell? Jin Lin was already dying! Are you going to kill her?"

"So what if he's dead!"

Nangong Kang shrugged his shoulders, his face indifferent, "The heaven shrouding order states clearly that the traitors of beixuan will be killed without mercy! If you don't kill him, are you going to keep him for the new year?"

"You dare to kill Jin Lin! I won't let you off even if I become a ghost!" Xia Longxiang's eyes were almost bloodshot. He wanted to hack Nangong Kang into a thousand pieces, but he couldn't resist at all.

"Hmph, even if you're a ghost, you're just an evil ghost that killed my sister and 10000 people!" Nangong Kang sneered. You'll go to the eighteenth level of hell and never be reincarnated!"

"Killed my sister? Killed 10,000 people?"

Xia Longxiang's expression froze for a moment, and a conflicted look appeared in his eyes. "I didn't harm them! I'm just upholding justice! I'm not wrong!"

"Stupid!"

"The Xia family of Black Tortoise doesn't care about you, and the billions of citizens of Black Tortoise capital city don't care about you either! Your sister is going to die soon! You're still so stupidly insistent on justice?"

"Wake up! Justice simply did not exist! In this world, only power is the absolute king!"

"We, heaven dominating faction, have the power to crush apocalypse Starfield!" Nangong Kang said. If you want to live, you shouldn't insist on some Bullsh * t justice! Instead, we should just follow heaven dominating faction's orders and do a live broadcast to lure Chen Zhufeng out!"

"As long as we kill Chen Zhufeng! There would be no more traitors from beixuan in the world! The lives of the people would return to normal! 'As long as you kill Chen Zhufeng, you two will be heroes!' The entire Black Tortoise Imperial City will be in glory because of you!"

Nangong Kang's face was filled with a sinister smile as he tried to use both the carrot and the stick in an attempt to break down Xia Longxiang's mental defense and force him to compromise.

"You're talking nonsense!"

However, Xia Longxiang wasn't defeated. He shouted angrily, " "There must be justice in this world! Otherwise, how could the 8000 children be saved? How can a billion humans survive?"

"You're so stupid that you can't be saved!"

Nangong Kang threatened, " "For the sake of this Bullsh * t justice that doesn't exist, you'll see with your own eyes that your own sister will be whipped to death! He continued to whip the corpses into dregs! Are you satisfied with this?"

brother ... I'm scared ... Xia Jinlin didn't have a strong heart like her brother and had already fallen into despair.

"Don't be afraid!"

At this moment, a voice as cold as a knife came from behind, " "Justice will not be absent, it is just late!"

[Red Envelope Group of the Three Realms](#)

Chapter 2052: As You Wish

who's there!?

Nangong Kang and the two brawny men were shocked. They turned around at the same time, but they didn't see anyone.

"Woof! Whoosh!"

The sound of two gusts of strong wind whistling could be heard from the void.

In the next moment, two hands appeared in the void and snatched the red flame whips from the hands of the two strong men at an extremely fast speed.

"Is ... Is this a ghost ..."

Nangong Kang and the two brawny men were dumbfounded. While they were shocked, they condensed their protective Zhen Yuan, not daring to be careless.

From the Zhen Yuan fluctuations, Nangong Kang was about one fire spirit cultivating stage. The two men's cultivation was much lower, only at the early stage of sky origin stage.

"Pa! Pa!"

Before he finished speaking, two explosions erupted.

The two hands in the air waved the whips at the same time. They were extremely fast and powerful, and they were even supported by true essence!

The long whip was burning with Scarlet flames. It lashed out like a dragon with extremely terrifying power!

"Woof! Whoosh!"

In an instant, the two long whips had already struck the bodies of the two strong men.

Who dared to think about it!

The true energy of the two sky origin stage cultivators who had true energy protecting their bodies exploded! Moreover, the power of the whip didn't weaken. It went one step further and directly broke their bodies!

Two living people had their stomachs burst and spines broken by the iron whips. Their upper and lower bodies were directly separated, which was like being cut at the waist!

"My God ... What ... What is going on?"

Nangong Kang was so scared that he screamed, his face turned very ugly, "Who is it? If you have the guts, show your true face! What kind of man are you, pretending to be a ghost!"

"As you wish!"

In the air, a hand dropped the whip and took off a ghost mask. Slowly, Chen Xiaobei's figure appeared.

The human skin mask was removed, and Chen Xiaobei's true face was revealed!

"Young master Chen! It's young master Chen!"

Xia Longxiang was overjoyed and extremely excited, "Jin Lin!" Look! Young master Chen is here to save us! We won't die! The Justice we insist on is not wrong! That's right!

mm ... I see it ... It's young master Chen ... Xia Jin Lin was also instantly excited. The despair he felt earlier was swept away, and his pale little face was filled with infinite hope.

you ... You ... You're Chen Zhufeng!!! Nangong Kang's face turned green, his lower abdomen felt numb, and he almost peed in his pants.

Chen Xiaobei's livestream had spread throughout apocalypse Starfield in the past three days.

Everyone knew that Chen Xiaobei had many hidden cards!

The little golden worm had swallowed a five-star earth-god instrument! The black demon Crow killed Nangong kuirong! A mysterious poison that put down all the Devils!

The moment he saw Chen Xiaobei's face, a word appeared in Nangong Kang's mind.

Die!

There was no doubt that any one of Chen Xiaobei's trump cards could kill Nangong Kang 800 times over!

Of course, Nangong Kang knew that he would die if he tried, so he could only try to goad him, "Chen Zhufeng! You ... Aren't you just powerful because of your trump card? Do you dare to have a real fight with me? We'll only compete with our cultivation, and we won't rely on external items!"

Nangong Kang could tell that Chen Xiaobei's cultivation was also at one fire god-refining level from the two lashes.

Nangong Kang felt that he had at least a 50% chance of winning without the help of any external objects. It was better than being killed by Chen Xiaobei!

"As you wish!"

Chen Xiaobei threw away the iron whip and used his red fire ethereal force to form a long whip Dharma!

"Chen Zhufeng! You're a man! Let's have a fair and square battle!"

Nangong Kang grinned as he gathered his wind ethereal force in his hands and formed two long swords. The strength of his ethereal force was not any weaker than Chen Xiaobei's.

"Young master Chen! Don't fall for his trick!" Xia Longxiang suddenly shouted, "take out your trump card and kill him!" Otherwise, the noise from your fight will attract reinforcements. At that time, we won't be able to escape even if we have wings!"

"Young master Chen! Quickly kill him!" "This Nangong Kang is full of tricks. He's obviously trying to stall for time until reinforcements arrive!" Xia Jin Lin also said anxiously.

"You two, shut up!"

"Isn't Chen Zhufeng the hero of justice in your hearts?" Nangong Kang said. He's already promised me that he won't use any external items and that we'll have a fair fight! If you go back on your word, the principles and bottom line you've been holding on to will become a joke!"

"Pa!"

Without a word, Chen Xiaobei pulled out the ethereal long whip Dharma.

He didn't rely on external objects, only his strength!

"Come on! Let's have a fair fight! Hahaha ..."

Nangong Kang laughed smugly without any fear. He waved the double sword Dharma in his hands and cut the long whip!

It was obvious that Nangong Kang was in a good mood!

From Nangong Kang's point of view, as long as he did not use any external items, even if he could not beat Chen Xiaobei, they could at least be a draw!

The fight would be so loud that the powerhouses outside would quickly gather and kill Chen Xiaobei!

One had to say, Nangong Kang's plan was very clever and very cooperative.

Unfortunately, no matter how Nangong Kang thought of it, he could not predict that Chen Xiaobei could be stronger than him even without the help of external items!

"Pa!!!"

With a loud sound, the two wind swords in Nangong Kang's hands were destroyed by Chen Xiaobei's flaming red whip!

The sword shadow Dharma power was unable to resist and was instantly shattered!

Furthermore, Nangong Kang's protective Zhen Yuan was also shattered!

Taking another step forward, the red flame long whip suddenly struck the center of Nangong Kang's face!

"Bang!"

With a muffled sound, Nangong Kang's head exploded like a watermelon.

Blood and brain matter splattered everywhere, and eyeballs wrapped in rotten flesh fell to the ground. They still retained the extreme fear and surprise in their eyes before death!

Nangong Kang didn't even know how he died!

how ... How is this possible? "

Xia Longxiang and Xia Jinlin were both stunned. They couldn't believe their eyes.

He thought that Chen Xiaobei had fallen into Nangong Kang's trap, but now he realized that it was all a trap!

If Chen Xiaobei could not even take one hit, it would be suicide!

Childe Chen ... Aren't you at the one fire spirit-cultivating stage? how did the combat power of that whip reach 1.8 million? this doesn't make sense ... Xia Longxiang was completely bewildered.

Chen Xiaobei had used the primordial Witch King combat enhancement training manual to kill Nangong Kang in one hit. It had forcefully increased his combat power from 1.5 million!

With the support of a physical strength of 1.86 million, he could unleash his true Yuan to 1.8 million combat power!

He was 300000 combat power higher than Nangong Kang, so it was obvious that he would crush him!

"Young master Chen! You're so strong!"

Xia Jinlin's eyes were full of stars, and he was in awe of Chen Xiaobei. Nangong Kang is a bad guy. He tortured me and my brother every day. Young master Chen, it's so satisfying to crack his dog head with one whip!

Chen Xiaobei dispersed his ethereal force and put on a gentle smile. "I'll help you guys heal first. Later, there'll be something even more satisfying to vent!"

Red Envelope Group of the Three Realms

Chapter 2053: Live Broadcast Of Beheading

Chen Xiaobei did not use the Taiyi life enhancement pill. Instead, he took out the one-star earth-god level healing medicine from the Wuji nine-floor Pagoda.

The Taiyi vitality enhancement pill's grade was already on the low side. For Xia Longxiang's and Xia Jinlin's physical strength, it was already a little hard to control. Even if it was effective, it wouldn't be effective very quickly.

However, a one-star earth-god level medicine was different. If the level of the essence was higher than the spirit-forging stage, the effect of the medicine could be said to be immediate.

Not long after, Xia Longxiang and Xia Jinlin's injuries stabilized.

Chen Xiaobei then used the Shura divine mirror to remove the seal on their ethereal force. The two of them could now move freely without any problems.

After that, Chen Xiaobei considerately concocted a kind of scar removal medicine for them. By applying it regularly, the ugly whip marks would be removed and their skin would be as smooth as new.

"Thank you, young master Chen! I'm really, really grateful to you!"

Xia Jinlin loved to look pretty, and when he got the scar removal medicine, it was as if he had gotten a treasure. He even worshipped Chen Xiaobei.

"Young master Chen! There was no way he could repay the favor he received today! From now on, my life is yours! As long as you say the word, I can climb a mountain of daggers, dive into a sea of fire, and even die ten thousand times!"

Xia Longxiang was extremely grateful to Chen Xiaobei.

The fact that his younger sister was saved was the greatest comfort to Xia Longxiang!

Justice was eternal, and it further defended Xia Longxiang's belief that he had defended with his life!

Xia Longxiang had completely opened up his heart to Chen Xiaobei and had become his follower!

Coincidentally, Xia Longxiang had rounded up the number of new believers to a whole number, and a notification immediately came from the netherspirit battlescouter.

[new believers: 2.8 billion!] The total number of believers was 5.8 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

With 200 million followers left, Chen Xiaobei could choose ten Level 3 halos.

By then, all the resources in the heaven and earth furnace would have been refined, and Chen Xiaobei's cultivation would have soared!

[your current merit points are 1040240000 (charm: 104024000, luck: 104024000) !

Other than the believers, killing the three of them had also given Chen Xiaobei 50000 merit points.

Although the amount was small, the merit points of the Three Realms could make a mountain out of a molehill. If he accumulated them bit by bit, he might be able to reap some miraculous effects in the future!

"There's no need for such polite words!"

Chen Xiaobei stopped smiling and said, " " heaven covering sect is unreasonable and uses their power to bully people. I will teach them an unforgettable lesson today!

"Saving the people is more important!"

"From what I know, the 10000 civilians who pleaded for my sister and I have been taken to the execution ground. They will all be live-streamed today!" Xia Longxiang replied.

"A live broadcast?" what do you mean? " Chen Xiaobei asked.

" heaven dominating faction is planning to copy you and do a large-scale live broadcast!

Xia Longxiang explained, "the live broadcast of the execution of 10000 people is meant to set an example for the others!" Let the entire apocalypse Starfield see heaven dominating faction's determination to get rid of bei Xuan faction! No one in apocalypse Starfield will dare to get involved with bei Xuan faction anymore!"

"I see!"

The corner of Chen Xiaobei's lips curled up into a cold, evil smile. " I was planning to do a live broadcast, but since heaven dominating faction has done so, I'll use their live broadcast to smack their faces!

.....

Heaven dominating faction, Black Tortoise branch, execution ground.

At this moment, the 10000 people were all shackled and crowded, almost filling the entire execution ground.

More than 100000 disciples of the Black Tortoise branch also gathered around.

A small half of them were here to watch the show!

More than half of them were ordered by the branch leader to be there to increase the effect of the live broadcast and let the entire apocalypse Starfield see the power of heaven dominating sect!

At the same time, there was a platform at the front of the execution ground. A chapter leader, two vice chapter leaders, and ten core elders were all sitting on the platform.

heaven covering sect's Black Tortoise branch could be said to have sent all their members.

"Everyone's here, let's start the live broadcast."

Chapter leader Nangong wenshuo sat on the main seat and waved his hand in an imposing manner.

Following Nangong Wenshou's order, the people in charge of the live broadcast turned on their cameras.

Then, a big screen on one side of the execution ground played the scene.

As soon as the scene started broadcasting, many comments popped up from the audience. They were densely packed and there were a lot of them.

one had to say that heaven dominating sect's influence was huge! He had never done a live broadcast before, but today was his first live broadcast, and the number of viewers was off the charts!

From the data displayed in the live broadcast room, it could be seen that the number of viewers continued to surge at a rate of more than one billion per minute.

In less than 10 minutes, the audience had already exceeded 10 billion!

"Cough cough!"

Nangong wenshuo cleared his throat and said to the camera, " "Yes, heaven shrouding order! I, Nangong wenshuo, led the disciples of heaven dominating faction's Black Tortoise branch and took down 10000 rebels from North Mystic!"

today, I'm going to use this live broadcast to show the entire apocalypse Starfield that all the traitors from bei Xuan will be beheaded and that bei Xuan faction will be uprooted!

"I'm here to tell everyone in apocalypse Starfield! Don't get involved with bei Xuan faction! Otherwise, you will be the next one to die!"

Obviously, this live broadcast was to kill the chicken to warn the monkeys!

If the live broadcast was successful, everyone in apocalypse Starfield would avoid bei Xuan faction.

Even Chen Xiaobei's current followers would be afraid of being implicated and would not dare to continue their devout faith in Chen Xiaobei.

as time passed, they would lose a large number of believers and become like normal people, standing on heaven covering sect's side.

Killing ten thousand, changing a trillion! heaven covering sect was really smart about this deal!

On top of that, heaven dominating faction had also gathered a large number of internet trolls to use the live broadcast to criticize Chen Xiaobei!

Heaven shrouding sect was the number one myriad tribulation! This was an undisputable fact! If bei Xuan faction wanted to fight for first place, they were just daydreaming!

Chen Zhufeng is such a jerk! After acting tough, he went into hiding and caused the death of everyone related to him!

Yingluo was right! Chen Zhufeng was a typical pretentious prick! He kept saying that he wanted to be the number one myriad tribulation! Once the heaven shrouding order was out, he immediately became a coward and didn't even dare to show his face. What a joke!

Chen Zhufeng is a scum! They should be eradicated! If you have any clues about bei Xuan faction, please inform heaven dominating faction immediately! Get rid of this cancer as soon as possible! Return peace to the world!

it was obvious that these comments were all from the Internet Water Army of heaven dominating sect.

After the live broadcast in the underground devil Kingdom, although people did not think that Chen Xiaobei could defeat the heaven dominating sect, they still had a good impression of Chen Xiaobei.

After all, Chen Xiaobei had saved 8000 children and 1 billion adults. This contribution could not be erased.

The people with a conscience would not support Chen Xiaobei openly because they were afraid of heaven dominating faction, but they would not go against their conscience and defame Chen Xiaobei.

But then again, the fake reviewers 'comments were not completely wrong!

Back then, Chen Xiaobei had threatened to be the number one of the ten thousand tribulations, and it was true that he had caused these ten thousand people to be captured!

If Chen Xiaobei did not show his face, he would really be a coward! The People's impression of Chen Xiaobei would plummet!

this was also part of heaven dominating sect's plan!

It was very sinister! It was very useful!

But it was also very easy to crack!

As long as Chen Xiaobei showed up, he would be able to destroy the fake reputation of the Internet Water Army and destroy the heaven dominating faction's reputation!

"Idiots! Don't be so rhythmical!"

An indifferent voice suddenly came from the sky, " I'm Chen Zhufeng, the leader of bei Xuan faction!

[Red Envelope Group of the Three Realms](#)

Chapter 2054: Heaven Shadowing Array

what??? "

All of a sudden, hundreds of thousands of pairs of eyes, as well as the ten billion viewers watching the livestream, all focused their attention on him.

They saw a huge black shadow in the sky coming at them at high speed!

As they got closer and closer, the black shadow expanded rapidly in everyone's eyes. It was like a thick dark cloud that covered the sky, but also like a Black Flame that burned the sky.

"Blacktide! It was Chen Zhufeng's Blacktide Raven! Chen Zhufeng is really here!"

Someone immediately started screaming.

shock and fear spread like a disease to every heaven dominating faction disciple, causing them to tremble and fear to their bones!

Those who had watched the demonic nation's live stream knew that Chen Xiaobei controlled 10000 Black Tide demonic crows! Killing thousands of demonic cultists was as easy as harvesting straw!

There was even a King of demonic crows among them, which even killed Nangong Kurong in one hit! There was no need to say more about how terrifying his cultivation base was!

That was why the crowd gasped when they heard that Chen Xiaobei had arrived!

in the eyes of the heaven dominating sect disciples, this was a bloody disaster! He was a world-destroying demonic god!

Everyone felt fear from the deepest part of their souls!

"It's young master Chen! Young master Chen has come to save us!"

At the same time, the 10000 people who were locked up in shackles and waiting to be beheaded started to celebrate.

in contrast to the heaven dominating faction disciples, when the people heard Chen Zhufeng's name, it was like they had heard the name of their Savior!

The infinite despair instantly turned into infinite hope!

To these 10000 people, as long as Chen Xiaobei was there, they would be saved!

"Woof! Buzzzzzz! Yi ..."

As expected, tens of thousands of Black Tide demonic crows were like ten thousand arrows that were shot at the same time. They rushed to the execution ground, and each demonic Crow saved a commoner before flying back to the sky.

"Not good! The 10,000 rebels were saved by Chen Zhufeng!"

everything had happened too quickly, and the heaven dominating faction members were still in shock and fear.

Before they could come back to their senses, the 10000 people had already flown into the sky and could not be caught back.

Seeing this, the neutral audience started to speak.

Chen Zhufeng was indeed a Big Shot! He actually dared to raid the execution ground! He was bold!

Bi an had protected the safety of tens of thousands of people with his own strength! This Chen Zhufeng was both brave and smart. No wonder he could foil the demonic sect's shocking plot!

Eh? Where were the people who said Chen Zhufeng was a coward? Why was there no sound?

Those guys from Qin Zhuan studio had been slapped in the face and had already become clowns. How could they still have the face to speak up?

it was obvious that these people were heaven dominating sect's Internet Water Army.

Every word that they had said to Chen Xiaobei was now like an invisible slap to their own faces!

at the same time, because the viewers did not have real names, the registered names were all made up. So, a lot of bold people appeared and started to laugh at heaven dominating faction.

Heaven dominating faction's live broadcast of killing! Chen Zhufeng had saved her! this was also a slap to heaven dominating faction's face!

The most ironic thing was that this live broadcast was organized by heaven dominating faction. They were simply shooting themselves in the foot!

The heaven dominating faction was really funny this time. They wanted to ruin Chen Zhufeng's reputation, but not only did Chen Zhufeng not bear the curse of being a coward, but he also became famous in front of the billions of viewers!

Wasn't Yingluo the same? I bet that after this livestream, many people who originally didn't think Chen Zhufeng would win will now have extra points for him!

Qianqian was right. There might even be many people who would worship Chen Zhufeng!

A brave hero, saving the people! To be honest, I'm starting to admire Chen Zhufeng!

The audience's eyes were bright. Everyone knew that Chen Zhufeng had already won against heaven dominating faction!

"Chen Zhufeng! You're such a coward!"

At this moment, Nangong wenshuo suddenly roared, "If you have the guts, then come down from the heavens! I'll definitely fight you for 800 rounds! If you run away, I'll look down on you for the rest of my life!"

it was obvious that Nangong wenshuo knew that heaven dominating faction had already lost one round and had lost face in front of the world!

The only way to save his face was to defeat Chen Xiaobei!

Chen Zhufeng was not stupid! How could he have come down from the sky?

Although Nangong wenshuo didn't have a five-star earth-god instrument, he had more than 100000 people from the Black Tortoise branch. Their battle formation was enough to trap Chen Zhufeng!

Unless Chen Zhufeng was an idiot, Qianqian would never come down to die!

On the screen, the audience's comments were almost the same. They were certain that Chen Xiaobei would not dare to come down and fight.

"Chen Zhufeng! Are you really going to be a turtle hiding in its shell?"

Naturally, Nangong wenshuo wouldn't give up. He looked up and roared, "If you were still a man! If you still have a little bit of courage! Come down and fight with this Lord! If he fled! You're a turtle! For a lifetime!"

"As you wish!"

Just when everyone thought that Chen Xiaobei would not accept the challenge, Chen Xiaobei jumped off the demonic Crow King's back and landed in the middle of the execution ground!

"Young master Chen! Don't go!"

On the back of the devil Crow King, Xia Longxiang and Xia Jinlin both cried out in alarm.

She thought that Chen Xiaobei would leave after he saved her! He did not expect Chen Xiaobei to be so unsatisfied with this victory! He wanted to play an even bigger round!

All of a sudden, Chen Xiaobei was surrounded by hundreds of thousands of people from the Black Tortoise branch!

Looking down from the sky, Chen Xiaobei was like a grain of sand in a sea of people, insignificant.

"Chen Zhufeng! You're really a fool! Hahaha ..."

Nangong wenshuo laughed excitedly, "All disciples, hear my order! They formed the "heaven shrouding formation"! Kill Chen Zhufeng!"

Did Chen Zhufeng's brain get rusty? He actually dared to come down from the sky!

Yingluo is dead! Chen Zhufeng is dead! The "heaven shadowing array" was a nine-star earth-god array! Although these people were not strong enough to exert the power of a nine-star earth-god, they could definitely exert the power of a five-or six-star earth-god!

Yingluo, yes! Even if Chen Zhufeng had a five-star earth-god instrument, he would still die in the sky shrouding formation!

I was just praising Chen Zhufeng for his courage and intelligence! Did I make a mistake? He was just a reckless man with courage but no brains!

"Whoosh! Whoosh! Whoosh ..."

Soon, the hundred thousand people released their true Yuan.

Following a mysterious pattern, their true Qis connected, resonated, and complemented each other, quickly forming a terrifying and unparalleled giant battle formation!

Chen Xiaobei was completely trapped in the formation, like an ant that could be annihilated at any moment.

"Chen Zhufeng! You can say your last words!"

Chen Zhufeng! Nangong wenshuo grinned. as long as I give the order, there will be no more Chen Zhufeng in this world!

"I'll only say one thing!"

Chen Xiaobei did not change his expression and said, "Those who leave heaven dominating sect can live! Otherwise, die!"

Red Envelope Group of the Three Realms

Chapter 2055: Falling Apart

"You little brat! You still dare to act tough even when you're about to die!"

Nangong wenshuo looked at Chen Xiaobei with disdain, as if he was looking at a lunatic. "This is the top battle formation of our heaven dominating faction! Now, he could at least unleash the combat strength of a peak five-star earth-god! You brat, even if you have ten thousand lives, it won't be enough for you to die!"

At the same time, the hundreds of thousands of people around them laughed at Chen Xiaobei's words. They thought that he was crazy!

The ten billion viewers watching the live stream had the same attitude. They all thought that Chen Xiaobei was an idiot. Jumping down from the sky to fight was a suicide mission!

Even Xia Longxiang and Xia Jinlin, who were in the sky, were worried. They felt that Chen Xiaobei had jumped into a pit of fire and was doomed!

All of a sudden, almost everyone was not optimistic about Chen Xiaobei's chances!

However, Chen Xiaobei was as calm as ever. He said, "I won't say the same thing for the third time. Either you die!"

"You little brat! I think you've really gone crazy!" Nangong wenshuo roared angrily, "I can turn you into ashes with a single word, and you still dare to speak so arrogantly!" You're simply ... Ugh ..."

Before he could finish his words, Nangong wenshuo suddenly clutched his chest and fell to the ground.

"Pfft ..."

Nangong wenshuo's neck tilted, and he directly spat out a large mouthful of blood. His face was as pale as paper, and his body was weak. He couldn't even get up!

"Blargh! Pfft ..."

After struggling for about two to three seconds, Nangong wenshuo spat out another mouthful of blood and died instantly.

In an instant, everyone was shocked.

Yingluo-we almost forgot! Chen Zhufeng was a master of poison! No wonder he dared to come down to fight! It turned out that he had been prepared!

Yingluo, something's wrong! Chen Zhufeng had been in the sky all this time. When did he poison Nangong wenshuo?

Wufu already said that Chen Zhufeng was a master of poison! Naturally, he could poison them without them noticing!

Yingluo is amazing! Chen Zhufeng was indeed an amazing person! He couldn't help but be convinced!

The audience was in awe of Chen Xiaobei. They no longer dared to underestimate him.

"Oh no... Chen Zhufeng's poison is invisible! All of us here ... Have we all been poisoned?"

"I don't think so. What about us? How did he poison so much?"

"That's true, but who can guarantee that they're not poisoned? If we're poisoned, Chen Zhufeng can kill us with a single thought!"

"My God ... I don't want to die yet ..."

at the same time, the hundreds of thousands of heaven dominating sect disciples all screamed in fear.

None of them dared to say that they were not poisoned.

They felt as if their lives were in Chen Xiaobei's hands!

The fear of death attacked their hearts, causing their will to fight to collapse!

"Chi ... Chi ..."

As more and more people lost their will to fight, the aggressive heaven shrouding formation started to show signs of losing its true Qi!

A thousand-mile dam was broken by an ant nest!

Not long after, the entire sky shrouding formation was completely destroyed without even hurting a single hair on Chen Xiaobei's head!

"It looks like you've all opened your apertures!"

Chen Xiaobei scanned the crowd and said, " I will not repeat what I just said. Give me an answer in three seconds!

In less than three seconds, wails could be heard everywhere.

"Don't kill me! Don't kill me! I'm willing to leave heaven dominating sect!"

" I don't want to die either ... I'm leaving heaven dominating sect ...

" young master Chen, please spare me ... From now on, I have nothing to do with heaven covering sect ... Please spare me ...

including the two Deputy chapter leaders and the ten core elders, all the people present expressed their willingness to leave heaven dominating sect.

"Words are not proof!"

Chen Xiaobei said, " "If you want me to believe you, you have to take action!"

The hundreds of thousands of people had no choice but to wail, " "Young master Chen, please speak! As long as they don't kill us! We'll do anything you tell us to!"

"I want you to do three things!"

The corners of Chen Xiaobei's mouth lifted into a devilish smile. "He shattered the heaven dominating sect token! burning engulfing heaven sect uniform! Tear down heaven dominating sect's branch!"

"What!"

A stone that caused a thousand ripples! Chen Xiaobei's words were like a bolt of lightning that struck the hearts of hundreds of thousands of people!

The hundreds of thousands of people felt as if they had been struck by lightning. Their minds went blank, and they could hardly think.

Seeing this, the ten billion viewers were shocked. They did not expect Chen Xiaobei to make such a request!

Chen Zhufeng is amazing! with this, the 100000 people at the scene had completely fallen out with heaven dominating sect!

the Suan ni token was the only token heaven dominating faction members had! Losing a token was a serious crime and one would have to suffer a hundred whips! Personally shattering the token, his crime was doubled! According to the sect rules, he would be beaten to death!

The Kasaya was the symbol of heaven dominating faction! with this heaven dominating faction uniform, he could walk through many places without a problem! Chen Zhufeng's order to burn the clothes was equivalent to burning the heaven dominating faction's face!

There was no need to talk about the bi-an chapter! heaven dominating faction's first rule was that disciples swore to protect the faction with their lives! However, Chen Zhufeng had ordered them to destroy the branch! This operation was really amazing!

with this, the 100000 disciples broke off from heaven dominating sect and destroyed the entire division! it was the same as completely wiping out heaven dominating faction's Black Tortoise branch from the world!

Even though Wufu said that, the hundreds of thousands of people might not listen to Chen Zhufeng ...

"My patience is limited!"

Chen Xiaobei's tone was calm, but it exuded a domineering aura, " "Those who don't follow my orders within ten seconds will die!"

"Hiss ..."

In an instant, gasps sounded from the crowd. The fear of death had caused the 100000 people to fall.

"Jump! Beng! Beng ..."

everyone took out their heaven covering sect tokens and used their true essence to shatter them.

Whoosh ... Whoosh ... Whoosh ...

Immediately after, everyone took off their gorgeous robes, piled them together, and started a fire.

Boom Boom ... Boom Boom ... Boom Boom ...

In the end, more than 100000 people scattered and began to demolish all the buildings in the branch!

The pavilions and kiosks collapsed one after another, and the courtyard walls and doors shattered.

With more than 100000 people working together, the entire branch was reduced to ruins in just a few minutes!

And all of this, through the live broadcast, fell into the eyes of the 10 billion viewers!

Chen Zhufeng is so awesome! He destroyed the entire Xuanwu branch of heaven dominating faction by himself! It was simply explosive! I can't help but want to top up and buy gifts!

The Xuanwu continent's number one sect was destroyed just like that! It was so f * cking cool! Don't stop me! I want to be Chen Zhufeng's fan!

Qianqian, from now on, Chen Zhufeng is my idol! If I worship such a powerful person, I will also gain a lot of face!

"Thank you for your praise!"

Chen grinned at the camera and said, " guys, don't go away. I'll livestream you guys opening the treasure vault!

Red Envelope Group of the Three Realms

Chapter 2056: Far-Reaching Scheme

What the f * ck! There was even a live broadcast of opening the treasure vault! He knew how to play! 666

Yingluo's live stream is getting more and more exciting. If I don't top up and buy gifts, I'll be letting the streamer down!

All the Chambers of Commerce related to bei Xuan faction must have been targeted. They couldn't top-up their money, so they could only owe him money!

Bro bei! Let's do a live broadcast first! We owe you a gift!

Hurry up! I can't wait to see the Treasury of the Black Tortoise branch!

"No problem! The live broadcast continues!"

Chen Xiaobei released his ethereal force and took Nangong wenshuo's storage bracelet. The key to the vault was in it.

There were also hundreds of millions of low-grade spiritual stones and two three-star earth-god instruments. The rest of the resources were basically recycled.

"The two of you, one of you carry the camera, and the other one, lead the way!"

Chen Xiaobei raised his hand and pointed at the two sub-division leaders. Their hearts trembled, but they did not dare to resist and could only obey.

.....

Soon, Chen Xiaobei was in front of the vault.

Chen Xiaobei opened the door under the camera's view and walked in.

"My brothers! Let's start the tour!"

With a devilish smile on his face, Chen Xiaobei said, " first of all, we saw a large number of one-star earth-god grade materials. Together, they can be sold for a lot of spiritual stones!

What the f * ck! as expected from heaven covering sect's division! He was simply filthy rich!

I've never seen so many earth-god materials in my life!

If Yingluo can give me one of these things, I'll wake up laughing!

"I accept!"

With a wave of his hand, Chen Xiaobei stored all the earth-god grade materials into his infinite space ring!

* * * * * Bro bei! You can't play like this! All of them! Do you want us to die of envy?

"Come on! Let's continue the tour!"

"What we're seeing is a huge amount of medicine!" Chen Xiaobei said with a smirk. Most of them were high-grade spirit herbs, and a small portion of them were earth-god herbs! The rest are all medicinal pills, so their grades are definitely not low. I'll take them!"

Ahhhhhh! Bro bei! You're too stimulating! Our hearts can't take it anymore!

"Brothers, sit tight! The more exciting part is coming!"

Chen Xiaobei strode forward. What was that glittering Hill in front of them? Right! You guys didn't see wrong! It was a small mountain of middle-grade spirit stones! Roughly, there should be 100 million medium spiritual stones, which was equivalent to one trillion low-grade spiritual stones! I'll take more!"

Wuwuwuwuwu ... I can't live like this anymore! Bro bei! You're just trying to provoke our young hearts!

With a wave of his hand, Qianqian took away the wealth that we couldn't save up even if we didn't eat or drink for generations! He was so envious that he could explode!

"My brothers! Steady! I can still do it!"

"Look at that!" Chen Xiaobei smiled. Sabers, Spears, swords, halberds, axes, hooks! You can make a full set of the eighteen weapons!"

What the f * ck! That was 18 earth-god instruments! Bro bei! You take it easy! Our hearts can't take it anymore!

"I accept!" Without hesitation, Chen Xiaobei took all 18 earth-god instruments.

Yingluo, my God! There would be no harm without comparison! When I can reach one percent of bro bei's level, I will have no more regrets in my life!

Yingluo, you're too greedy! I'll be satisfied if I can reach one ten-thousandth of bro bei's level!

"Alright! It's finally time for the most exciting moment!"

Chen Xiaobei narrowed his eyes and quickly walked over. "There are three treasure chests left! Let's go and open the prizes together!"

In the first chest was a two-star earth-god instrument, and in the second chest was a three-star earth-god spiritual herb!

Naturally, Chen Xiaobei accepted all of them, causing the audience to scream in envy.

"F * ck!"

The last treasure chest, however, gave Chen Xiaobei a shock.

It was a gray jade stone, and its surface emitted a cloud of Yin Qi that would not dissipate. It looked like a ghost spirit.

"This is a two-star earth-god material!"

Chen Xiaobei did not show any emotion on his face, but he was thinking, "The aura inside is very similar to that of the infinite soul ring. If I'm not wrong, this material can make up for the infinite soul ring and restore it to the two-star earth-god level!"

The infinite soul ring was the devil nation's sacred artifact. At its peak, it was a peak earth-god instrument with extremely shocking power.

Unfortunately, the infinite soul ring was destroyed in the war back then. Chen Xiaobei had to use some of the heaven and earth's spiritual aura to restore it to its one-star earth-god level.

The yin Qi gray Jade could be used to repair the infinite soul ring, and it was exactly what Chen Xiaobei needed!

The recent increase in his luck had brought Chen Xiaobei an unexpected harvest!

"I'll take more!"

Chen Xiaobei kept the gray Jade and turned to the camera. "Alright! My dear brothers! I've already cleared out the Treasury. Today's livestream has come to an end. We'll meet again!"

Yingluo-we don't want to leave! Bro bei, continue with the live broadcast!

Yingluo, forget it! The entire treasure vault had been cleared out. There was nothing left for bro bei to stream anymore!

Bro bei is really ruthless! The sect could be rebuilt, but emptying the Treasury would completely destroy the foundation of the Black Tortoise branch!

He had to cut the weeds and eliminate the roots! Ruthless enough! My bro bei is definitely someone who will do great things!

It's good that everyone is clear about this in their hearts! Disperse! If heaven covering sect targeted us, we would be in trouble!

Whoosh! Whoosh! I'm looking forward to bro bei's live stream!

After chatting for a while, the audience reluctantly left the live broadcast room.

There was no doubt that the ten billion viewers would share the exciting content they saw with those who were not watching the live broadcast.

In less than half a day, the news would spread to every corner of apocalypse Starfield.

the world would know that heaven dominating sect's Black Tortoise branch had left.

Broken Token! Burning clothes! Tear down the sect! Clear the Treasury!

Such a cool result was enough to slap heaven dominating faction in the face!

heaven dominating faction wanted to kill the chicken to warn the monkeys so that everyone would avoid bei Xuan faction!

However, after the live broadcast, Chen Xiaobei had not only attracted a large number of fans, but he had also completely destroyed the entire Black Tortoise branch of heaven dominating faction!

This was no longer a face-smacking! instead, he stepped on heaven dominating sect's face and rubbed it on the ground!

.....

Black Tortoise capital city, the highest level meeting room.

As soon as the live broadcast on the big screen was cut off, the room full of core upper echelons of the capital could not help but exclaim.

One of the old men with white hair and a white beard asked in a deep voice, "Your Majesty, what do you think of Chen Zhufeng?"

Revered King Black Tortoise was a middle-aged man. After some thought, he replied, Chen Zhufeng saved long Xiang and Jin Lin. He's a good person. I'm grateful to him!

"in addition, Chen Zhufeng was also courageous and intelligent to have eliminated heaven dominating faction's branch!

"of course! the Black Tortoise King said, "but Chen Zhufeng's actions will only anger heaven dominating faction and invite even more intense revenge! In the long run, Chen Zhufeng will definitely be in trouble!"

The old man sighed and said, "You're the one who's short-sighted! Chen Zhufeng's plan is so far-reaching that it's terrifying!"

Lord Black Tortoise was taken aback as he replied awkwardly, "Your grandson doesn't understand, grandfather, please give me some pointers!"

[Red Envelope Group of the Three Realms](#)

Chapter 2057: Establishing An Alliance

In an instant, all the core upper echelons of the Black Tortoise Imperial City, including the Black Tortoise King, perked up their ears and listened attentively.

It was obvious that this old man was an existence akin to the retired emperor in Black Tortoise capital city! He was the true leader of the Black Tortoise Imperial City!

Every word of this old man was like the truth in everyone's ears and was extremely important!

"In the ancient war, the highest realm was to subdue the enemy without fighting!"

Chen Zhufeng! the old man squinted his eyes and praised, " today, Chen Zhufeng's plan is to hurt even more without killing!

"Don't kill?"

Lord Black Tortoise was taken aback and asked, " "Grandfather, are you saying that Chen Zhufeng won't kill the hundreds of thousands of disciples? Obviously, Chen Zhufeng was afraid of angering the crowd, so he didn't start a massacre! You call this a scheme?"

"That's why I said you're really short-sighted!"

"Yes, Chen Zhufeng's killing will indeed anger the public, but have you thought about it?" Who are the angriest people?"

"Of course, the families of the 100000 disciples are the most furious!" The Black Tortoise King replied.

"Then have you ever thought about what's behind these hundreds of thousands of disciples?" the old man asked again.

The Black Tortoise honored King thought for a moment and said, "heaven dominating faction's disciples all have extraordinary identities!" Behind those hundreds of thousands of people, almost all of them are from the upper-middle class family forces of our Black Tortoise continent! Killing those hundreds of thousands of people was equivalent to declaring war on the entire Black Tortoise continent! That's why Chen Zhufeng didn't dare to kill those hundreds of thousands of people!"

"Wrong!"

no! the old man shook his head and said, " it's not that Chen Zhufeng doesn't dare to kill! He intentionally didn't kill them!"

your grandson doesn't understand ... the Black Tortoise King's brows furrowed and his face was filled with doubt.

Everyone in the meeting room was confused and puzzled.

just as you said, killing those hundreds of thousands of people is equivalent to declaring war on the entire Black Tortoise continent!

" of course! the old man explained, " Chen Zhufeng didn't kill these people. He wanted them to break off their relationship with heaven dominating faction! In the long run, this is the same as making the powers behind these people break off from heaven covering sect!"

"In the long run, this means that the entire Xuanwu continent will break off from heaven dominating sect! In other words, this is the same as kicking heaven dominating faction out of the black Tortoise continent!"

"The entire Black Tortoise continent is filled with enemies of heaven dominating faction! Heaven dominating sect's Xuanwu division will never be able to be rebuilt!"

Everyone was shocked.

one had to know that heaven dominating faction's branches had a long history on every continent and were deeply rooted.

Apart from the four royal cities, these branches were the most powerful!

the main point was that these sub-divisions had the heaven dominating sect headquarters behind them and could suppress the four imperial cities!

Even the revered King Black Tortoise had to be polite to Nangong wenshuo!

in everyone's subconsciousness, as long as heaven dominating sect's headquarters didn't fall, then the three branches would also stand tall!

However, after hearing the old man's words, everyone suddenly realized that the Black Tortoise branch was really finished!

Not only would it be eradicated, but it would also be impossible to rebuild it in the future!

If the crowd had not witnessed this with their own eyes, they would not have believed it even if they were beaten to death!

"Chen Zhufeng's plan is equivalent to cutting off one of heaven dominating faction's arms!

The old man took a deep breath, his face full of admiration. "This is what I meant by an Army that can subdue the enemy without fighting! If you don't kill, you'll hurt more! Chen Zhufeng's plan is so far-reaching that even I have to admit that I'm not as good!"

As soon as he said that, everyone was shocked.

In his memory, he had never heard the old man praise someone like this! And it was a young man who was only twenty-one or twenty-two years old!

"This young man is indeed extraordinary!"

King Black Tortoise took in a deep breath and sighed, "if he continues to do that, I'm afraid the entire apocalypse Starfield will change!

The old man squinted his eyes and said with anticipation, "This dark sky should have changed a long time ago!"

Ding Ling Ling Ling

At this moment, the Black Tortoise King's phone rang.

After the call was connected, the Black Tortoise King nodded his head repeatedly and answered 'yes'. He quickly hung up the phone.

" the higher ups of heaven dominating sect called? " The old man's eyes were wise and he had already guessed.

"Yes, I am!"

yes! the Black Tortoise King nodded and said, " heaven dominating faction ordered me to seal all the teleportation formations in the Black Tortoise Royal City and trap Chen Zhufeng in the city! The Army that captured Chen Zhufeng will be here soon!"

"Do you know what to do?" The old man asked.

"I know!" The Black Tortoise King nodded his head and immediately stood up to leave the conference room with his men.

.....

In the southern part of the city, in the Prince's Mansion.

Xia Longxiang had come back to retrieve some important things, so Chen Xiaobei accompanied him.

As for Xia Jin Lin and the 10000 civilians, they were naturally kept into the verdant Emperor's divine gourd.

They were still seen as traitors of beixuan, so Chen Xiaobei decided to bring them back to the asteroid to settle down.

Staying in the verdant Emperor's divine gourd could ensure his immediate safety.

"Who's there!"

Xia Longxiang was tidying up the study when a shadow suddenly rushed in.

"Swish!"

Chen Xiaobei was extremely alert. He drew out his flame burst Spirit King Sword and did not show any mercy.

"Young master Chen! Don't do it!"

"This is my father!" Xia Longxiang quickly stopped him.

Ji Ying stood still and the Black Tortoise King appeared in the study room. He said politely, " "Young master Chen! Hello! I don't have any ill intentions, I just want to have a few words with you!"

I don't talk to heartless people who abandon their children! Chen Xiaobei said. if you mean no harm, please leave! If you have any ill intentions, speak to the sword in my hand!"

"Young master Chen! You're mistaken!" Xia Longxiang quickly explained,"the Black Tortoise Xia family is a righteous man!" Father didn't save me and my sister because he was afraid that more people would be implicated!"

why? " Chen Xiaobei frowned. the higher-ups of Black Tortoise Imperial City are colluding with the demonic sect? how do you explain that? "

yes! Xia Longxiang replied hurriedly, " there are indeed higher-ups in Black Tortoise capital city among the heavenly demon apostles, but they are not from the Xia family!

alright, since you've said so, I'll believe you! Chen Xiaobei nodded.

Xia Longxiang had insisted that he was Chen Xiaobei's friend, so Chen Xiaobei naturally treated him as one of his own.

Furthermore, Xia Longxiang and Xia Jinlin were kind and righteous by nature, and this was inseparable from the Xia family's upbringing.

Therefore, Chen Xiaobei was willing to believe that the Xia family was not a bad family.

"Thank you for your trust, young master Chen!"

"As the revered King of Black Tortoise, I am here to make an alliance with young master Chen!"

"An Alliance agreement?" "What do you mean?" Chen Xiaobei asked.

I represent the Black Tortoise Imperial City to form an alliance with young master Chen!

"From now on, the Black Tortoise Imperial City will support young master Chen in secret!" if young master Chen suppressed heaven dominating sect! This King guarantees that the entire Black Tortoise continent will support young master Chen to become the number one person in the myriad tribulations!"

Upon hearing this, Xia Longxiang was extremely excited, 'that's great! Young master Chen! From now on, we'll be allies who advance and retreat together!"

"It doesn't matter whether we make an Alliance or not." Chen Xiaobei was uninterested.

[Red Envelope Group of the Three Realms](#)

Chapter 2058: Combat Guard Beixuan

"Why do you say that, young master Chen? Could it be that you look down on our Black Tortoise capital city?"

The Black Tortoise King frowned. He knew that Chen Xiaobei was arrogant, but he did not expect him to be this arrogant!

Xia Longxiang did not understand what Chen Xiaobei meant.

"It's not that I look down on Black Tortoise capital city!"

you're the one who said that you can only support me in secret! Chen Xiaobei said. on the surface, you still have to submit to heaven dominating sect! The amount of help you can give me is very little! What's the difference between an Alliance agreement and not one?"

this ... the Black Tortoise King was stunned and speechless.

Just as Chen Xiaobei had said, it was not the time for Black Tortoise Royal City and heaven dominating faction to fall out.

Even if they were acting, they had to act as if they were loyal to heaven dominating sect.

Because of this, the Black Tortoise King could only meet Chen Xiaobei in secret. He could not disclose their relationship. To put it bluntly, the Black Tortoise King could not help Chen Xiaobei in any way.

At the end of the day, Chen Xiaobei would have to fight against heaven dominating faction alone. There was no point in forming an alliance.

"There's no need for an Alliance agreement! If you really want to help me, then tell me one thing!"

Chen Xiaobei asked seriously, "Where is the Furious Thunder King Sword?"

King Black Tortoise was taken aback once more, and his expression suddenly became very unnatural. "Why would young master Chen ask about this?"

Chen Xiaobei did not hide anything and said, "I want to get this demonic sword! It can increase my combat strength! In the great battle in the future, help me suppress the strong enemies!"

"I'm afraid that won't do ..."

The Black Tortoise King shook his head and said, "the Furious Thunder King Sword is suppressing the core of the Xuanwu city-protecting formation!" To protect the safety of Black Tortoise Imperial City! Even this King doesn't have the right to take it out and use it, so it's even more impossible to give it to outsiders!"

"Who said that young master Chen is an outsider?"

At this moment, another extreme shadow appeared in the study room. Its speed was more than ten times faster than that of the Black Tortoise true king.

"Grandfather! Why did you come here personally?"

The Black Tortoise revered King was taken aback for a moment before he hurriedly bowed in greeting.

"Greetings, great-grandfather!"

Xia Longxiang also bowed and said in surprise, "You're the highest-ranking leader of Black Tortoise capital city! How can you come to my place? You'll be in big trouble if someone sees you and thinks you're a traitor of beixuan!"

"Young master Chen feels that the Black Tortoise Xia family can't give him much help! This old man is here to dispel young master Chen's doubts!"

Elder Xia's tone was calm, but very serious. "I present the Furious Thunder King Sword to young master Chen! furthermore, I can guarantee that as long as young master Chen gives the order, the soldiers of Black Tortoise capital city will respond to it! We'll defend beixuan!"

"What?"

Upon hearing this, the Black Tortoise King and Xia Longxiang were so shocked that their eyes almost popped out of their sockets.

He did not expect that elder Xia would not only give him the Furious Thunder King Sword, but also promise to fight for Chen Xiaobei at any time!

This was not a joke! If they were defeated, their country would be destroyed!

"Grandfather! Please think thrice!"

"This decision has too great of an impact!" Revered King Black Tortoise tried to persuade him anxiously. If we're not careful, we'll be consigned to eternal damnation!"

"Shut up!"

Elder Xia shook his head and sighed, "I thought you knew what to do, but you're trying to fool young master Chen with a covenant?" You almost caused my Xia family to lose the opportunity to rise from the ranks of Dragons to the heavens!"

"W-what? From the Dragon to the sky?"

The Black Tortoise King was dumbfounded and said awkwardly, "Grandfather's meaning is? Chen Zhufeng is a Dragon? Our Black Tortoise Xia family has to follow him in order to ascend to heaven?"

"This old man believes that his eyesight is not bad! Young master Chen must be a true dragon among men!"

"For now, we will follow young master Chen. In the future, young master Chen will ensure the continuation of the Xia family's destiny and the country's prosperity and the People's peace!" Elder Xia said with certainty.

As soon as he said that, not only was the Black Tortoise King stunned, even Xia Longxiang was stunned.

He did not expect elder Xia to give Chen Xiaobei such a high evaluation.

"Old Xia, you're too kind!"

Chen Xiaobei was very calm and said humbly, "my battle with heaven dominating sect has just begun. Whether I win or lose, that all depends on the future!"

Elder Xia smiled, "I've watched Childe Chen's live broadcast!" Let's borrow the audience's words, if we win, we'll be wild together! If we lose, we'll bear it together! The Black Tortoise warrior, the combat guard beixuan! I'm not just saying!"

"Good! I, Chen Zhufeng, will be friends with you!"

Chen Xiaobei said, "when bei Xuan faction reaches the peak of the myriad tribulations, I'll grant the Xia family the right to be above all other factions!"

"This old man thanks young master Chen in advance!"

Elder Xia cupped his hands and said, "In ten minutes, I'll hand over the Furious Thunder King Sword to you personally!"

As soon as he finished speaking, elder Xia flashed out of the study and went to get the sword himself.

Only the Black Tortoise King and Xia Longxiang were left in a state of confusion.

.....

A few minutes later, elder Xia returned with the sword in both hands and presented it to Chen Xiaobei.

The sword was three feet long and sharp! The sword was slightly yellow, with lightning patterns floating around it! The release of spirituality and the tyrannical demonic nature! The sword had yet to move, but the enemy was already terrified!

"What a great killing weapon!"

Chen Xiaobei held the hilt of the sword and observed it carefully. "This fiendish demonic nature can only be born from mountains of corpses, seas of blood, and billions of souls! Just the sword Qi alone is enough to intimidate people!"

Xia Longxiang could not help but gulp when he heard that. He could feel an intimidating and ferocious pressure that made his heart beat wildly and his breathing quicken.

"There's one more thing I want to ask you, elder Xia!"

Chen Xiaobei put away the Furious Thunder King Sword and asked, "Tens of millions of years ago, who did the four royal cities work for? Who is the biggest beneficiary behind the scenes?"

"I don't know who it is exactly!"

Elder Xia shook his head and said, "I only know that the Black Tortoise revered King has said that the person who helped the four royal cities destroy the boundless demon nation was an Almighty from the earth immortal world! His Daoist title is Daolord Demon Slayer!"

"Daolord Demon Slayer?"

Chen Xiaobei frowned, "this guy is the biggest demon! If I'm not mistaken, the 'Lord' that the demon spoke of is this person!"

Elder Xia nodded. "At first, I didn't know the truth of what happened thousands of years ago. It was only after Childe Chen exposed the demonic sect's plot that I realized that the Justice thousands of years ago was actually dirty and evil!"

Chen Xiaobei nodded. "mm, since elder Xia doesn't know more, then forget it. I can't go to the earth-god Realm yet anyway. Let's put this matter aside for now."

"If there's nothing else, young master Chen, please leave the Black Tortoise continent as soon as possible."

"Yes! Elder Xia said, "the higher-ups of heaven dominating faction are gathering! It won't be long before the Army to capture you will arrive!"

"Heh, are you here to die?" Chen Xiaobei smiled. He was not afraid of a fight.

Ding Ling Ling Ling

Suddenly, Chen Xiaobei's phone rang.

As soon as the call connected, Jin Fei's anxious voice came from the other end of the phone, "Bro bei! I'm in trouble! We can't get back all the trillions of spirit stones we've received from our livestream platform ... And I can't get away either ..."

Red Envelope Group of the Three Realms

Chapter 2059: White Tiger Continent

"What's the matter? Take your time, don't rush!"

Chen Xiaobei frowned. He could already guess that Jin Fei's trouble must have something to do with heaven dominating faction.

I just arrived at The White Tiger continent today to collect my debt. I found out that everyone was trying to catch the beixuan rebellion! Jin Fei said. Besides, the few Chambers of Commerce that were working with bei Xuan faction have all been seized!"

"if those Chambers of Commerce want to live, they have to hand over all of bei Xuan faction's money to heaven dominating faction. They also have to publicly announce that they have broken off relations with bei Xuan faction and will never work with us again!

"as expected, it is heaven dominating faction! Chen Xiaobei said coldly, "Wait for me there, I'll rush over as soon as possible!"

After hanging up the phone, Chen Xiaobei explained the situation to elder Xia and asked him to protect the Chamber of Commerce that was working with bei Xuan faction.

elder Xia didn't think that there was a need to worry. After all, the Black Tortoise division had been destroyed. Heaven dominating sect wouldn't be able to reach the Black Tortoise continent in a short time.

After that, Chen Xiaobei put Xia Longxiang into the verdant Emperor's divine gourd and stayed with Xia Jinlin and the 10000 people.

After all, they were still the 'traitors of beixuan'.

After saying goodbye to elder Xia, Chen Xiaobei activated the returning bracelet and returned to bei Xuan faction.

After releasing all the people from the verdant Emperor's divine gourd, Chen Xiaobei rushed to The White Tiger continent.

One must know that the income from live broadcasting was not a small amount.

All in all, bei Xuan faction needed to collect five trillion lower spiritual stones from the live broadcast.

Chen Xiaobei only had 31 trillion low-grade spiritual stones in his own vault.

The five trillion Yuan was equivalent to one-sixth of Chen Xiaobei's total assets. He could not give up on it no matter what!

Furthermore, if Chen Xiaobei did not take back the spiritual stones, heaven dominating faction would benefit from it! Chen Xiaobei would never accept this!

This five trillion had to be taken back!

Even if it had already been taken by heaven dominating faction, Chen Xiaobei would take it back and make them pay interest!

.....

On The White Tiger continent.

Chen Xiaobei was wearing the human-skinned mask as he walked through the majestic white Tiger Royal City.

Before this, Chen Xiaobei did not know much about The White Tiger continent. Only after he arrived did he realize that the people of The White Tiger continent were all orcs!

There was a cute rabbit girl with long ears, a strong Tauren, a clever monkey Boy, a demonic half-snake person ...

There were all kinds of things, only things that one couldn't think of, but there was nothing that one couldn't see!

"My little fox ... Have you been born yet?"

As he walked on the street, Chen Xiaobei thought of someone. It was the reincarnated Daji, little fox.

Chen Xiaobei had never forgotten the woman who had died for him.

Chen Xiaobei wanted to get her back all the time.

However, goddess nūwa had already made it clear that the opportunity to find little fox was in the earth immortal world, in the weapon Mystic sect!

And the secret of the weapon Mystic sect could only be unraveled by nine pieces of the weapon Mystic token!

Right now, Chen Xiaobei only had two Mystic weapon tokens. He still had a long way to go before he could unlock the secret and find little fox.

"This is not the time to miss the little fox!"

Chen Xiaobei cleared his mind and said, " this White Tiger Capital city seems to have undergone some great changes. I have to find Jin Fei first!

Just as Chen Xiaobei had said, something big had happened in White Tiger Royal City!

The people on the streets were all in a hurry, their eyes filled with panic.

Apart from the civilians, teams of Beastman Warriors could be seen everywhere.

These Warriors were all wearing heavy armor and holding war blades. They looked like they were ready to fight at any moment.

The main point was that in some of the better areas, many luxurious courtyards had been sealed, and there were orc Warriors guarding the doors.

"Jin Fei only said that the Chamber of Commerce has been seized ... What's up with these manors?"

'These manors are all located in the best parts of the Imperial City, and they are extremely luxurious! Some of the houses are even more beautiful than Xia Longxiang's Prince's residence. How can the people of the Chamber of Commerce live in such houses?"

"Other than working with the Chamber of Commerce, there shouldn't be anyone on The White Tiger continent who has any relationship with my bei Xuan faction. Furthermore, the ones guarding the door are the beastmen soldiers, not heaven dominating faction disciples!"

"In other words, these houses weren't sealed by heaven dominating faction, but by the beastmen themselves! And the owners of these manors must have committed some heinous crime to have their houses sealed and seized!"

"What is going on?"

Chen Xiaobei furrowed his brows and said, "Forget it, I can't be a busybody. Finding Jin Fei is more important!"

Chen Xiaobei dispelled his thoughts and headed to the address that Jin Fei had given him.

.....

It was a small Tavern. On the surface, it looked very unremarkable. There were all kinds of guests inside, so it was quite safe to meet here.

"Roar ... Roar ..."

However, just as Chen Xiaobei was about to enter the restaurant, he heard the growls of beasts all around him.

A few orc Warriors with wolf heads and human bodies were staring at Chen Xiaobei. They clenched their sabers and surrounded him.

Chen Xiaobei was surprised. He was wearing a human skin mask and he did not do anything wrong. Why were these Wolf-headed people targeting him?

Chen Xiaobei scanned them with his netherspirit battlescouter. These Wolf-headed people were not that strong. Chen Xiaobei could take care of them easily.

But on this busy street, if things got out of hand, it would definitely bring Chen Xiaobei endless trouble.

Chen Xiaobei did not know whether to fight or not. He was in a dilemma.

"Brothers of the Mad Wolf Army, it's been hard on you patrolling! Did you find anything?"

Just as Chen Xiaobei was feeling troubled, a woman's voice came from not too far away.

He looked toward the source of the voice and saw a young woman with wheat-colored skin and a cheetah's tail walking over with a smile.

Her facial features were very delicate, and her figure was perfect. Her wheat-colored skin made her look very sunny and healthy.

"So it's Princess Edina!"

The wolf-headed people cupped their hands and saluted. The captain said in a low voice, " we felt that the kid's aura was very similar to Chen Zhufeng's. We were planning to go and confirm it!

"What's there to confirm?"

look at that kid, " Idina laughed. he's so silly. He's scared by you! If it really was Chen Zhufeng, you guys would be lying on the ground!"

The werewolf Captain nodded and said, " "What the princess said makes sense, but there's nothing wrong with confirming it."

Edina shook her head and said in a low voice, " "There's no need to confirm. You've all been working very hard these days! When he could be lazy, he would be! Capturing Chen Zhufeng is heaven dominating faction's mission. We don't have to put in so much effort!"

"The princess is right! Chen Zhufeng is not our enemy anyway! Let heaven dominating sect have their own headache!" The Wolfman Warriors grinned and left.

With a bright smile on her face, she walked towards Chen Xiaobei and said, " Childe Chen, long time no see!

Chapter 2060: Battle For The New King

"Edina? How did you recognize me?"

Chen Xiaobei scratched his face to make sure that the mask was still there.

"It's because of the innate talent of us beastmen!"

Edina pointed at her delicate nose and smiled. "No matter how your face changes, the smell on your body will never change!"

"So that's how it is! No wonder those Wolf-headed Warriors had their eyes on me!" Chen Xiaobei was confused. "But, how did they know my smell?"

"Idiot!"

" you've once stayed in devil earth's heaven shrouding sect's highest base, " Edina said. everything you've used has your scent on it!

Chen Xiaobei finally understood.

"Catch! Take it with you!"

Edina took out a bunch of grass and handed it to Chen Xiaobei. "This is netherworld grass, it can cover your smell! If you carry it with you, the Shinobu will not be able to detect your scent!"

Chen Xiaobei put the netherworld grass into the seven treasures fragrance pouch and said, " "Many thanks! If you didn't help me, I would have been in trouble!"

"You're lucky!"

"Those Wolfman Warriors just now have a very good relationship with our family," said Idina. If you encounter other Warriors, even I can't help you!"

Chen Xiaobei's eyes lit up. Indeed, his luck was off the charts. This was the best time of his life.

To be able to meet Idina by coincidence was actually a sign of good luck!

Therefore, one should do more good deeds. The more merit points one had, the more luck and charm points one would have. It would bring many unexpected good results!

"Edina!"

I have some important questions for you. I wonder if it's convenient for you to tell me? " Chen Xiaobei asked.

"Beastmen know how to repay kindness!"

you saved my life in devil earth, " Edina said seriously. no matter what you ask me, I'm willing to answer! However, this is not the place to talk!"

"That's great! Wait for me to make a call, then I'll leave with you!" Chen Xiaobei immediately contacted Jin Fei and told him to use the returning bracelet to return to bei Xuan faction.

As for the current situation of The White Tiger Capital city, Idina knew it better than Jin Fei.

Since he had already met Idina, Jin Fei could go back first, which would be safer.

.....

After that, Chen Xiaobei followed Idina to a small, low-key House.

"You're a Princess, and you're going to live in a place like this?" Chen Xiaobei looked around and felt that the house was too simple.

"You're too uninterested in me!"

I'm the Princess of the Dawn and dusk continent, not the princess of The White Tiger Capital city, " Edina said. it's already good enough that I can stay in this small house!

"Right! I remember now. You went to the devil earth from the dawn and dusk continent!" what? " Chen Xiaobei was confused. but why are you here in The White Tiger Royal City? "

"It's all because of you!" Said Idina with a smile.

"Because of me?" Chen Xiaobei was stunned. "Can you not joke around?"

"I'm not joking!" "Didn't you see those grand mansions that have been sealed off when you came?" Edina asked.

of course! Chen Xiaobei nodded. I also found it strange! How could there be so many people whose houses were sealed and their homes seized? And they're all people of extraordinary status!"

"That's because of you!" Said Edina.

"What does this have to do with me? This is my first time in The White Tiger Capital city!" Chen Xiaobei frowned, " don't keep me guessing! Hurry up and tell me the real reason!"

"You exposed the evil cult's plot in the underground devil Kingdom. One of the heavenly Devil apostles is the current White Tiger King!" Edina explained.

"White Tiger King?" what? " Chen Xiaobei asked. so, you're saying that The White Tiger city's ruler is working with the demonic sect? "

"Right!"

Edina nodded and said, "the revered King White Tiger colluded with the enemy for his own selfish desires!" This violated the totem iron rule of our beast clan! Blasphemy against the sacred totem beast God! He doesn't have the right to be our King!"

"In the devil Kingdom, the revered King White Tiger has already been poisoned to death by you! After further investigation, it was discovered that almost all the members of The White Tiger King race knew about the matter of colluding with the demonic sect!"

therefore, the 'Council of Elders' unanimously decided to abolish the title of all the members of the royal family, put them in life imprisonment, and confiscate all their property!

that's right. Edina paused and concluded, " simply put, the apocalyptic aristocrats in The White Tiger Capital city have been completely abolished! Those sealed mansions you see used to be the property of the aristocrats!"

what? " Chen Xiaobei was taken aback. if that's the case, then those mansions were really sealed because of me!

Edina nodded and said seriously, " "Many things have changed because of you! You may not know this, but your live broadcast in the demon Kingdom shocked the entire apocalypse Starfield!"

"Don't praise me." Chen Xiaobei then asked, 'let's talk about you! Why did you come to The White Tiger Capital city because of me?"

because you made the current White Tiger King become a prisoner. The 'elders Guild' is going to choose a new king and a new king! Edina raised her eyebrows and smiled. I came to The White Tiger Capital city this time in order to fight for the throne!

fight for the throne!?

Chen Xiaobei was surprised. "Who do you want to compete with? Seeing how relaxed you look, I don't think you're going to start a war, right?"

I want to compete with all the young beastmen under the age of 30 who have the bloodline of the beast clan!

"We orcs are very United," Edina said indifferently. "Moreover, with the 'Elder Council', there will definitely be no Civil War!" As for how to fight for the throne, that will depend on the arrangements of the 'elders Guild'! "

"What kind of organization is this 'elders Guild'?" Chen Xiaobei asked. He actually had such great power! Not only would they cripple the old Royal family, but they could also decide on the candidates for the new royal family! Wouldn't he be even more powerful than The White Tiger King?"

"Of course!"

"The highest belief of our beastmen race is the beast God, the pinnacle of the ten thousand beast totems!" The seven elders of the Council of Elders are the emissaries chosen by the beast deity!"

"In the hearts of the human-beast hybrid clan, the beast God is above all! The power of the royal family, the power of heaven dominating faction, they are not worth mentioning in front of the beast God!"

"As the spokesperson of the beast God, the will of the 'Elder Council' is like the 'Oracle' of the beast God, and all the beast clans will follow it unconditionally!"

" even if the 'Elder Council' says that we are going to war with heaven dominating faction tomorrow, even if we know that we can't win, we will fight to the death!

Chen Xiaobei was taken aback. "To put it simply, the beastmen are the most loyal followers of the beast God! They listen to the beast God, and they also listen to the 'elders'! "

Edina nodded and said, "yes!" Your statement is very correct!"

"If the 'Elder Council' appoint me as the new king, will the orcs accept it?" Chen Xiaobei asked.
