#### Chapter 2171: Heart-Devouring

"A letter from master! We're saved!"

Chen Xiaobei was overjoyed. Before his consciousness fell, his body was still under his control!

"Pa!"

Chen Xiaobei grabbed the cleansing Bodhi and smacked it on his head.

"Chi ... Chi ..."

The next moment, black smoke came out of Chen Xiaobei's head. The Buddhist power surged into his body and attacked the demon that had invaded his body!

"Oh ... Oh ..."

At the same time, a shrill ghostly cry burst out. A stream of blue ghostly Qi quickly exited Chen Xiaobei's body and returned to the blue flames.

"Phew ..."

Chen Xiaobei let out a long breath and quickly pulled his hand back. Then, he opened the private chat.

The prime of Tongtian, Xiaobei! What's the situation on your side? Your master was listening to the Dao ancestor's lecture when I suddenly divined that you would face a Great Tribulation!

[ I was almost possessed by the demon just now. If Sifu's message came a few seconds later, I might have been dead ... ]

Sect leader Tongtian,"don't you have a Buddha treasure?" How could he be possessed?

Chen Xiaobei: " my friend has been captured by the devil. Only the devil knows how to open the dimension! So, I let the devil take over my body on purpose. I wanted the devil to open the space and Exchange it for my friends!

"Sect leader Tongtian: silly boy!" For the sake of friendship, you don't even want your life?

Chen Xiaobei,"friendship is my bottom line!" I'm willing to risk my life for my friend!

Sect leader Tongtian,"good job!" Your master likes your temper! Those who were heartless were animals!

Chen Xiaobei,"Sifu, do you have a way to open that space?" My friend's life could be in danger at any moment. I can't delay any longer!

Sect leader Tongtian replied,"of course I have a way!" Since the devil wants to take over your body, I'll teach you a trick.

Chen Xiaobei: F \* ck! This was too awesome!

Sect leader Tongtian, "this method is based on one's state of mind. It's called heart-devouring with a thought!" Originally, it could only be used in the primordial soul realm, but your state of mind had long surpassed those in the primordial soul realm, so the effect would be very good!

"Shizun, please teach me!" (Can't wait)

[ sect leader Tongtian: it's too late for you to learn it now. Let me give you a red packet! ]

Chen Xiaobei thought, 'didn't Shen gongpao forbid us from giving out red packets? Master, you're at the Dao ancestor's place, so it's better not to post anything. It'll be troublesome if you're discovered ...

"I'm your master. It's only natural for me to teach you!" Besides, I'm not going to post anything substantial!

[ Chen Xiaobei: nothing substantial? ] What was that?

[ sect leader Tongtian: private collection! ]

Ding! Congratulations! You've snatched a red envelope from sect leader Tongtian. You've received an inheritance seal. It has been stored in your treasure chest!

"What's an inheritance imprint?" Chen Xiaobei was confused. This was the first time he had encountered something like this.

[ ding! Ding! Ding! Inheritance imprint: the deified soul inheritance of sect master Tongtian, contains the heart-devouring divine chant with one thought! ] After using it, one could directly obtain an inheritance and master a divine technique! Do you wish to use it?

"What the hell! This is awesome!"

Chen Xiaobei's eyes lit up. I don't need to learn it at all! After I use the legacy mark, I can master the heart devouring divine technique immediately! This is insane!

the main point is that the system asked me if I want to use it, but not if I want to retrieve it. This means that I'm not afraid of the spatial ring being sealed. I can use it with a thought!

As sect leader Tongtian had said, the mark of inheritance was not a material thing, but a kind of inheritance that was built on the spiritual consciousness!

"Use it!"

Without hesitation, Chen Xiaobei used his primordial spirit imprint.

"Whoosh ..."

The next moment, a strange energy was injected into Chen Xiaobei's mind!

It was like a seed that had taken root and sprouted in Chen Xiaobei's mind. It grew and spread out until it finally took root!

At the same time, the contents of the heart devouring divine technique were completely integrated into Chen Xiaobei's mind, becoming his own skill!

"Success! Next, let me try!"

Chen Xiaobei grinned, looking very confident!

With the scholar heart, Chen Xiaobei quickly understood the essence of the skill. It was as if he had been practicing it for many years. He knew it by heart and could control it with ease!

"Hiss ... Hiss ..."

Chen Xiaobei reached his hand into the blue ghost fire again. Then, the ghost Qi slithered into Chen Xiaobei's body like a venomous snake.

hmm ... My consciousness is starting to blur ... This means that a demon has already invaded my brain ...

Chen Xiaobei immediately started to use the heart devouring divine technique!

As he activated the divine skill, a strange illusion appeared in Chen Xiaobei's mind!

He saw a huge blue python lying on a huge stone door, biting at the stone door with its big mouth!

This meant that a demon was attacking Chen Xiaobei's mind gate!

If one's mental state was weak, they would soon have a mental breakdown and their consciousness would completely fall!

In an unconscious state, the soul would be completely obliterated by the devil, and the body would be occupied by the devil!

However, Chen Xiaobei's state of mind was extraordinarily strong. Moreover, Chen Xiaobei had also mastered the essence of the heart devouring divine technique!

Heart-devouring!

"A backlash!"

Just as the demon was attacking Chen Xiaobei's mind, Chen Xiaobei had already prepared to fight back!

In the illusion of his mind, the stone gate suddenly opened!

A purple-gold dragon that was a hundred times larger than the blue python had charged out!

The purple-gold dragon bit down and instantly devoured the blue python!

"The backlash is successful!"

Chen Xiaobei's eyes lit up, and he pulled his hand away from the blue flame. "This god art is too powerful! The demon that invaded my body has already lost its consciousness. I can read its mind as I wish!"

On the surface, Chen Xiaobei did not look out of place.

However, only Chen Xiaobei knew that the demon had lost its consciousness and was 'imprisoned' in Chen Xiaobei's mind.

Heart-devouring! It had two abilities!

A backlash! Mind reading!

Now that the backlash had been successful, Chen Xiaobei had to use his mind-reading ability to dig out the important information in the demon's brain!

How do I open fairy Ling ning's Xumi mustard seed dimensional space? "

Chen Xiaobei closed his eyes. With the aid of the scholar heart, his brain was like a supercomputer, searching for useful information from the demon's subconscious!

"Done!"

After a while, Chen Xiaobei stopped searching and released the demon's spirit.

"Bang!"

With the cleansing Bodhi in hand, Chen Xiaobei threw a punch at the demon and destroyed its soul before it could regain consciousness!

It was necessary to cut the weeds and eliminate the roots!

"Next, I'm going to open the Meru space!"

Chen Xiaobei's face was serious and he was extremely nervous. "In this space, there are still 9999 'otherworldly demons'. The danger has not been truly resolved! But no matter what, I have to save him first!"

#### **Chapter 2172: Bloodfiend**

"Woof! Buzzzzzz! Yi ..."

Chen Xiaobei's mind moved, and the five elements jade ring began to spin again.

In the process, Chen Xiaobei used a special technique from the devil's memory. It was a special method similar to possession!

He would use his own spirituality to invade the five elements Jade and control the remaining aura of the spirit condensation fairy, thus completely removing the seal on the Xumi mustard seed space!

"Open!"

The five elements precious Jade emitted a spiritual light that shone into the ball of dark blue Ghost fire!

"Phew! Whoosh ..."

In the next moment, a terrifying cold wind gushed out of the blue ghostly fire.

"Uh ..."

Chen Xiaobei's physical body was already very strong, but he was still sent flying by the gust of wind. He was sent flying dozens of meters away!

"Uh ... Ah ... We're out ... We're finally out ..."

Then, the people who were grabbed by the Xumi mustard seed space all flew out.

Liu xuanxin, Zi Yuan, the winter Witch, and Xiao 'er were all lying on the ground. Although they were not dead, their breathing and spirits were very weak. It was obvious that a lot of their life force had been devoured by the demon.

this is great ... We're finally out ... It was really close just now ... I didn't expect that we'd be able to keep our lives ...

On the other side, Tian Peng and the Jiang family, including beiming Wuji, all fell to the ground. They were very weak but luckily, they were still alive.

"Chen Zhufeng? The thirteenth young master? Chen Zhufeng is there? Let's quickly kill him ..."

Tian Peng was the first to notice Chen Xiaobei. He stood up with difficulty and glared at Chen Xiaobei with hostility.

The Jiang family members gritted their teeth and glared at Chen Xiaobei.

"Second senior!"

"The Qin family once!" Chen Xiaobei said. Devil earth twice! Blood pool once! Once at the beast God mountain! I've saved you again today, can't you turn back?"

"Turn back?" Tian Peng laughed in disdain, "I only have evil thoughts in my heart, do you think I will turn back?."

Chen Xiaobei said, "Don't say that I didn't warn you. There are still nine thousand nine hundred and ninety-nine 'blood Devils' in that Xumi space! If you want to start a war with me now, don't even think about escaping!"

"PAH!"

Tian Peng was extremely disdainful, "what bullshit 'Blood Sky demon'!" I have the Jiang family's Inferno spirit war King saber in my hands, why would I be afraid of a few little ghosts?"

stop talking nonsense! Jiang haoxuan laughed. let's just kill Chen Zhufeng! With a six-star earth-god instrument in hand, killing him is like killing an ant. It will be done in an instant!"

"You two just focus on killing Chen Zhufeng! Leave the safety behind to this old man!"

there's only a group of little ghosts in the Meru space, " Gu Daosheng said confidently. leave them to me. I can take care of them and heal my zombies and evil ghosts!

Hearing this, beiming muqing immediately praised, old Gu is a famous spiritualist in the cloud Palace. It's like using a butcher's knife to kill a chicken to deal with those kids!

The dozens of cloud Palace disciples laughed at Chen Xiaobei's words, waiting for him to be killed!

Beiming Wuji, the loyal dog, was worried about Chen Xiaobei's safety.

After all, Chen Xiaobei did not have any trump card that could compete with a six-star earth-god instrument. Once the battle started, Chen Xiaobei would lose without a doubt.

At that thought, beiming Wuji even decided to sneak up on Tian Peng or Jiang haoxuan to help Chen Xiaobei get rid of a strong enemy.

"Woof! Buzzzzzz! Yi ..."

However, at this moment, numerous Blue Extreme shadows shot out from the blue ghostly fire like thousands of arrows!

what's going on?!

The members of the Jiang family were greatly shocked. What happened next made their blood run cold!

The dark blue shadows quickly took shape in the space, revealing extremely terrifying appearances!

The skeletal Ghost Face had sharp fangs!

Its eyes were burning with blue flames and it had bull-like horns on its head!

Their bodies were like bone dragons, covered with sharp and exaggerated blood-colored bone spikes. It was as if they were wearing blood-colored armor, making them look majestic and fierce!

9,999 of these evil spirits were gathered in the space, like a huge Army, and their aura was extremely terrifying!

It was as if as long as the Army charged, they would be able to raze everything in front of them to the ground!

is ... Is this the 'Blood Sky demon'? I can't see their true bodies in the Meru space ... I didn't expect them to be so terrifying ...

The people from the Jiang family and Tian Peng family all took a deep breath. Their pupils couldn't help but contract and fear gushed out of their hearts.

In the Xumi mustard seed space, no one could see the true body of this demon. They thought it was a powerful array that worked with ordinary little demons.

Only now did he realize that there were no powerful arrays in the Meru space. The truly powerful ones were these demons!

They were the ones who forcefully tore open the spatial Rift and captured everyone, almost taking their lives!

Forcefully tearing open the Sumeru mustard seed space was like tearing open the void!

Although it was only a small crack, it was enough to tell that the strength of this group of evil ghosts was definitely not low!

"Woof! Buzzzzzz! Yi ..."

Everyone was shocked, but the devil did not wait and suddenly launched an attack!

With shrill howls, dozens of disciples of the cloud Palace in the Jiang family's Grand monastery fell into pools of blood as if they were straws being harvested!

The sky blood Devil's Blue body and blood-red bone spikes were like red and blue rainbows. Wherever it passed, the disciples with low cultivation were dismembered!

Broken corpses, blood, and internal organs instantly covered the ground!

five-star earth-god level ...

Seeing this, the people from the canopy great country and the Jiang family all screamed.

He had never dreamed that these 'Blood Fiend demons' were so terrifying!

A five-star earth-god was already extremely powerful, but there were 9999 of them here!

Just the thought of it made everyone's scalps tingle.

Oh my God ... Thirteenth young master, save me ...

Gu Daosheng stood at the back, completely dumbstruck. Just a second ago, he had declared that he would take down all the 'Blood Fiend demons', but now, he was so scared that he almost peed his pants on the spot!

He, Gu Daosheng, only had one five-star earth-god instrument, and his own strength was only at the two-star earth-god level!

He couldn't even defeat a 'blood devil'. There was nothing he could do except to ask for help!

"Thirteenth young master! You saved old Gu! I'll kill Chen Zhufeng!"

die! Tian Peng immediately charged at Chen Xiaobei with the flame spirit war King saber in his hand!

"Little Zi! Take them away first! I'll bring up the rear!"

While the Jiang family was still in a state of shock, Chen Xiaobei had gathered all his friends and handed them over to Zi Yuan, who was a four-star earth-god!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2173: Can't Ignore It**

"What will you do if we leave?"

Zi Yuan wrapped his ethereal force around Liu xuanxin, Xiao 'er, and the witch of winter, but he could not bear to leave Chen Xiaobei behind.

"Don't worry about me!"

no! Chen Xiaobei said, " if I don't stop, the canopy will catch up to us. By then, none of us will be able to escape!

"No! I'm not leaving! I want to be with Xiaobei ... Liu xuanxin's eyes were red as she struggled with all her might.

In Liu xuanxin's eyes, Chen Xiaobei had no chance of winning. If she left, she would never see Chen Xiaobei again.

To Liu xuanxin, this was a life-and-death parting!

"Bro bei! I'm not leaving either! Bro bei is the best to me! I will never leave him behind!" The waiter cried out, not wanting to leave either.

Even the witch of winter who loved to attack Chen Xiaobei was worried. "Chen Zhufeng, you're a man! I'm willing to die alongside you! I won't run away!"

As the saying goes, a friend in need is a friend indeed!

In the face of this kind of life and death crisis, the word "friendship" could be best tested!

Everyone was touched by Chen Xiaobei's friendship and was willing to die with him!

But Chen Xiaobei would not let them die in vain!

"Zi Yuan! I command you as your master! Take them away and protect them!"

Chen Xiaobei ordered sternly.

"I ... Will do as you say ..."

After all, Zi Yuan was a spirit demon who had signed a primordial spirit blood contract with Chen Xiaobei. She could do whatever she wanted normally, but she had to obey Chen Xiaobei's orders in critical moments!

"Chi ..."

Zi Yuan's figure flickered, and he led everyone out of the cave through the space gate.

"Chen Xiaobei! You actually dare to stay behind to bring up the rear? What's the difference between this and waiting for death?"

At the same time, Tian Peng had already closed in. The six-star earth-god weapon flame spirit war King saber in his hand suddenly activated its power!

"Boom boom boom ..."

In the blink of an eye, terrifying flames erupted. The intense power was like dozens of volcanoes erupting at the same time.

The entire space was filled with flames, and the temperature rose rapidly, as if everything was about to melt.

"BOOM!"

The terrifying flame turned into a hundred-meter tall war god Dharma form, like a fire god descending to the world, looking down at Chen Xiaobei!

It was so powerful and domineering that Chen Xiaobei felt like he could be killed with a snap of his fingers!

as expected of a six-star earth-god instrument. The power is indeed terrifying ...

Chen Xiaobei took a deep breath, and his face turned serious.

"Since you've already given up, then obediently accept your death! We've been fighting for so long, and we can finally put an end to it today! Hahaha ..."

Tian Peng held the blade with both hands and was extremely excited.

Tian Peng had been suppressed by Chen Xiaobei all this while and he desperately wanted to beat Chen Xiaobei. Today, his dream could finally come true!

"Mr. Canopy! Save me!"

However, at this moment, Jiang haoxuan's terrified screams came from behind.

huh?!

Tian Peng's expression froze and he quickly looked back.

Jiang haoxuan was holding a six-star earth-god level mountain and river fan, which was shining with spiritual light!

The fan's power had been fully activated. It transformed into a huge mountain and a vast River, attacking the group of Blood Fiend skyfiends with immense power!

However, although the group of bloody sky demons were only five-star earth-god level, they knew how to use a special battle formation!

The 9,999 sky blood demons formed a terrifying sky demon battle formation and conjured a huge sky demon image!

boom boom boom ... Boom boom boom ...

The huge otherworldly demon smashed down with its claws, shattering the mountain and tearing the long river apart!

Anyone with a discerning eye could see that the power of the huge otherworldly demon had completely crushed Jiang haoxuan's mountain and river fan.

If Jiang haoxuan did not ask for help, he would be dead!

"Thirteenth young master, hold on! I'll come over now!"

Tian Peng saw the urgency of the situation and gave up on Chen Xiaobei to save Jiang haoxuan.

After all, the Jiang family had roots in the earth-god Realm. More importantly, the Jiang family hated Chen Xiaobei to the core.

Because of this, Tian Peng had to save Jiang haoxuan. Only then could he get closer to the Jiang family and have a better development in the earth-god Realm!

As for Chen Xiaobei, even if he could not kill him now, with the Jiang family's help, he would have another chance in the future.

That was why the canopy great country had abandoned Chen Xiaobei and turned to save Jiang haoxuan.

"Second senior! Don't bother about the Jiang family!"

no! Chen Xiaobei quickly said, " those blood demons are very powerful! Fairy Ningling died at their hands! You will only lose your life if you go to save Jiang haoxuan!"

"Hmph! Don't you dare try to sow discord!"

Tian Peng did not believe Chen Xiaobei at all. Instead, he shouted, " "I must save the thirteenth young master today! If you don't want to die, then get lost. Otherwise, after I save them, it will be the day of your death!"

"Boom boom boom ..."

Before he could finish his sentence, Tian Peng had already controlled the fire god Dharma form to attack the sky demon Dharma!

However, the difference in power was still very obvious!

Even though Tian Peng and Jiang haoxuan had combined forces and used two six-star earth-god instruments at the same time, they were still no match for the sky demon Dharma idol!

The sky demon image's claws danced wildly, and it could tear mountains and rivers apart in two or three moves, blasting the fire god apart without any suspense!

Gu Daosheng, tu tiedan, and beiming muqing also activated the power of their three five-star earth-god instruments!

Unfortunately, this level of power could not cause much trouble to the sky demon Dharma idol!

In this way, the earth-god instruments of the Jiang family and the canopy great country would consume a large amount of spiritual Qi in every battle, but the sky demon Dharma form was not damaged much!

From this, it could be seen that there was no suspense to the outcome. It was only a matter of time!

oh no... Once the spiritual Qi is exhausted, second senior brother and the others will lose without a doubt ...

Chen Xiaobei furrowed his brows, his whole body tensed up.

If Tian Peng was not here, Chen Xiaobei would have left without hesitation!

However, whenever he thought about the chubby and adorable second Shixiong, Chen Xiaobei could not leave in peace.

Chen Xiaobei could still remember that the first person to add him as a friend after he joined the red envelope group was his second senior brother!

With the three gold ingots that second senior brother gave him, Chen Xiaobei had earned his first pot of gold in his life. From then on, he had reached the peak of his life!

Chen Xiaobei still remembered the happy time when his second senior brother pulled him into the 'old driver' group to compete with him in terms of dirty power!

Chen Xiaobei also remembered how his second senior brother's heavenly River spiritual water had saved his life many times!

Humans were not plants, how could they be emotionless?

The past interactions between Chen Xiaobei and second Shixiong had already forged a deep bond!

Moreover, Chen Xiaobei was a person who placed friendship first!

"I can't just ignore second senior brother!"

Chen Xiaobei charged into the battlefield!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2174: Instant Beauty**

"Oh no... We're dead for sure this time ..."

Jiang haoxuan's face was pale and he fell into despair. "The spiritual Qi of the mountain and river fan is getting less and less. I can only use it for three more moves at most! Without spiritual energy, we will be killed in an instant!"

"Wuwuwu ..."

Beiming muqing immediately started crying, we should have listened to Chen Zhufeng and left this place first ... We're all dead now ... I didn't marry brother haoxuan later ... I don't want to die yet ...

we're dead ... Gu Daosheng and tu tiedan were already in despair."We should have left earlier ... We don't even have the chance to leave now ...

"F \* ck! "I've really miscalculated this time ..." Tian Peng was filled with regret.

Chen Xiaobei had already warned Tian Peng that these blood demons could even kill spirit fairy.

However, Tian Peng suspected that Chen Xiaobei was cheating and insisted on entering the battlefield.

Chen Xiaobei's words were proven right. The sky demon Dharma idol had completely suppressed everyone. It was too late for Tian Peng to regret his decision!

look! Chen Zhufeng ... He's coming!

At this moment, beiming Wuji suddenly said with a dumbfounded look,"What is he doing here? You could have left, so why did you come here to die?"

"What? Is Chen Zhufeng trying to ambush us?"

Jiang haoxuan's eyes were wide open and he was extremely nervous. we can't hold on any longer. If Chen Zhufeng comes again, we'll be dead!

"No! This isn't a sneak attack!"

Tian Peng's eyes focused and he said, "Chen Zhufeng won't be able to run away after he ambushes us! He must have some other purpose!"

Chen Zhufeng is our enemy. Even if he didn't come here to ambush us, he definitely wouldn't do anything good ... Sob ... We're dead ... beiming muqing was crying her eyes out. She was afraid of death.

"I'm here to save you!"

Chen Xiaobei rushed over and said, "If you don't want to die, then shut your mouth! Do as I say!"  
save us???

Not only did Jiang haoxuan not believe him, but he also scolded, "Do you think we're idiots? You're a mortal enemy of the Jiang family! How could you save us?"

"The thirteenth young master is right! This kid is definitely up to something!"

Gu Daosheng and tu tiedan did not believe Chen Xiaobei either. They shouted, "this brat is full of tricks, even more cunning than a Fox. You must not believe him!"

"You guys, hold on! I'll kill this little brat first and make him our scapegoat!" Beiming muqing turned around and attacked Chen Xiaobei. She wanted to drag someone down with her before she died.

"A bunch of idiots!"

"The person I'm going to save is my second Shixiong!" In my eyes, you're not even comparable to a group of ants. If my second senior brother wasn't in danger, I wouldn't care about your lives!"

"Who would believe your nonsense! Die!" Without hesitation, beiming muqing swung her dark golden fantasy King Sword at Chen Xiaobei.

"Everyone, stop!"

At this moment, Tian Peng suddenly said, "We have no other choice! If we don't believe in Chen Xiaobei, we will all die! Believe in Chen Xiaobei, we might still have a chance to live!"

As soon as he said that, everyone was stunned.

Just like what Tian Peng had said, if they did not believe in Chen Xiaobei and continued to fight like this, they would be completely overwhelmed by Chen Xiaobei's power. There was no chance of winning! His speed was also suppressed, and he didn't even have the chance to escape!

It wouldn't be long before everyone was completely crushed and obliterated by the sky demon image!

In this situation, the choice in front of everyone was very simple. They could choose to believe in Chen Xiaobei or die!

Even a fool would not get this kind of question wrong.

Between certain death and a possibility of death, everyone would choose the latter.

Even if there was only a slim chance of survival, at least they could take a gamble. It was better than waiting for death.

"Good! We'll listen to Mr. Canopy! I'll trust Chen Zhufeng this once ..."

Jiang haoxuan let go and the others did not say anything. They all looked at Chen Xiaobei.

"Activate all the power of your earth-god instruments and concentrate them around me! In addition, all of you, release your true Qi without any reservation!"

Without hesitation, Chen Xiaobei stood in front of the crowd and faced the sky demon Dharma idol alone.

"This kid is really not afraid of death ..."

Jiang haoxuan and the others were shocked. we wanted to run but we didn't have a chance. He actually ran into the muzzle himself!

"Don't talk nonsense! Do as he says!"

Tian Peng's face was green and his tone was serious, " there's not much spiritual Qi left in our earth-god instruments. Whether we live or die depends on this confrontation!

As soon as this was said, everyone did not dare to delay and immediately did as he said!

Two six-star earth-god instruments and three five-star earth-god instruments were activated at the same time. A vast and unparalleled power surged toward Chen Xiaobei like a river!

Then, two one-star earth-level deities, two two-star earth-level deities, one three-star earth-level deity, and one peak four-star earth-level deity circulated their ethereal force to the maximum and released them all, gathering around Chen Xiaobei!

Just like what Tian Peng had said, everyone was betting everything. Whether they lived or died depended on this battle!

"Roar!"

At the same time, the 9999 blood demons seemed to have sensed the fighting spirit of the crowd. They let out earth-shaking roars and fought back!

boom boom boom ... Boom boom boom ...

The huge sky demon celestial appearance waved its fists at the same time.

The bone spikes on the blue fists turned blood red, like two huge red and blue meteorites, crushing down on everyone!

This incomparably terrifying power had already reached another level!

Before the fists landed, the wind and the aftershock alone caused the entire space to shake violently, as if the end of the world had come and all living beings would be blown up by the fists!

"Chen Zhufeng ... Don't lie to us ..."

The people from the canopy great country and the Jiang family had used all their strength. Under the great pressure, they even knelt down on one knee and could no longer make any contribution!

At this moment, all their hopes were pinned on Chen Xiaobei!

"The five elements are born from each other! All techniques were connected! One thought of the origin! Heaven and earth return to one!"

Chen Xiaobei suddenly let out a low growl.

He activated the immemorial one thought incantation!

A single thought birthed ten thousand laws, a single thought merged ten thousand laws!

All the ethereal force and the power of the earth-god instruments around Chen Xiaobei converged into his body!

At the same time, the energy in Chen Xiaobei's body was converted into energy of the same attribute through the incantation of heaven and earth. Then, it was poured into the five elements Jade!

"Woof! Buzzzzzz! Buzzzzzz! Buzzzzzz! Whoosh!"

In an instant, five huge lotus flowers bloomed in the void!

Victory or defeat! Life and death!

It was all in this moment of beauty!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2175: Life And Death Unknown**

It was obvious that everyone's power had been suppressed by the giant sky demon image.

If Chen Xiaobei wanted to defend against the sky demon image, he had to increase everyone's strength!

And the method to strengthen it was naturally the principle of the five elements reinforcing each other!

"Chi ..."

The five giant lotuses, which had given everyone all their power, emitted different spiritual lights of the five elements.

At first, it was the Lotus of fire that fused with the Lotus of earth. Fire gave birth to earth, causing the might of the Lotus of earth to skyrocket!

Following that, the expanding Earth Lotus flower followed the law of earth begets metal and merged with the metal lotus flower, causing the metal elemental energy to surge!

Then, it was gold that gave birth to water!

Finally, it was water that gave birth to wood!

The five elements complemented each other, and after a round of strengthening, the remaining Lotus of Wood's power had almost multiplied several times!

what a magical transformation ... It's exactly the same as the five elemental Lotus outside the cave ... How did Chen Zhufeng know the five elemental true energy technique of the spirit condensation fairy ... This is unbelievable ...

Seeing this, the members of the Jiang family all exclaimed in shock, unable to understand what was happening.

the power of this Lotus of wood is indeed very strong ... It far exceeds all of our strength ... But the problem is that this power is still not enough to resist the sky demon image ... We're still going to die ...

Tian Peng's eyes were solemn and his face was filled with despair.

The 9,999 demons were all five-star earth-god level!

Moreover, with the help of the battle formation, their strength was integrated and strengthened, almost comparable to an eight-star earth-god!

Even though Chen Xiaobei had used the five elements Jade to increase everyone's strength by a few times, there was still a long way to go before they could reach the power of an eight-star earth-god!

It wasn't an overstatement to say that when the sky demon image's attack came crashing down, everyone would be directly obliterated without a way out!

"Witch Dragon!"

Just as everyone was in despair, Chen Xiaobei took a step forward and roared, " heavenly flame burning the heavens!!!

"Boom boom boom ..."

Following Chen Xiaobei's roar, two terrifying pillars of fire shot out from his deep eyes like two purple-gold dragons!

what ... What's going on ... Why is there such a terrifying purple flame coming out of Chen Zhufeng's eyes ... Judging from his power and aura, he must be at least a five-star earth-god ... Is this an illusion? "

Everyone from the Jiang family cried out in shock. They couldn't believe their eyes, thinking that what they were seeing was just an illusion.

"This Mystical Fire is indeed very strong ... But it still can't compete with the sky demon technique ... No! There seems to be a chance!"

Tian Peng's face was filled with despair, but suddenly his eyes lit up and he was overjoyed, " "Chen Xiaobei! Although I still want to kill you! But today, I have to admit that I'm convinced by you! I'm sincerely convinced!"

Mr. Canopy ... Do we really have a chance to live? " the people of the Jiang family couldn't believe it.

Tian Peng said in a deep voice,"defend yourselves!" Chen Zhufeng risked his life to save me. We have at least a 50% chance of survival!"

Everyone in the Jiang family was confused. They could not figure out the relationship between Chen Xiaobei and canopy great country.

Tian Peng tried to kill Chen Xiaobei, but Chen Xiaobei did not stop trying to save him.

Outsiders would not be able to understand such a complicated and contradictory relationship.

Only Tian Peng and Chen Xiaobei knew that Tian Peng's killing intent came from his evil thoughts, while Chen Xiaobei's desperation was for the sake of friendship!

boom boom boom ... Boom boom boom ...

At the same time, the two purple-gold fire dragons charged toward the sky demon celestial appearance's fists that were crashing down like meteorites!

As Tian Peng had said, although the power of a five-star earth-god was strong, it was not enough to compete with the sky demon sect!

"Whoosh!"

However, at that moment, the wood lotus flower flew over!

Wood begets fire!

Everyone's power had increased several times after the five elements were strengthened. At this moment, this power was completely added to the witch Dragon heavenly flame!

In the next moment, the two purple-gold fire dragons suddenly increased in size! His strength and might had also skyrocketed!

Even though the purple-gold fire Dragon's strength was still not as strong as the sky demon Dharma idol after its increase in strength!

However, the witch Dragon heavenly flame was extremely yang, and it was the greatest nemesis of the evil forces of the Devils!

This was why Tian Peng said that there was still a chance!

"BOOM!" BOOM!"

Chen Xiaobei had already used all the power he could and strengthened it to the maximum.

With two deafening and terrifying explosions, the two purple-gold fire dragons and the sky demon celestial body's meteorites 'fists collided like planets!

The power of the sky demon image was stronger, but the attribute of the purple-gold fire Dragon was more effective in restraining it!

In an instant, the terrifying powers of both sides clashed in the air!

The huge force was comparable to a super nuclear explosion that was 100000 times critical hit!

At the center of the collision between the Twin Dragons and the Twin fists, the power was unimaginably great. It was as if time and space had been wiped out, and everything had been crushed into dust!

The scariness of the core did not need to be said. The situation on the outside was also very terrifying!

The entire cave was filled with strong winds. The aftermath of the frenzied power tore the ground and shattered the mountain walls as if it was going to destroy the entire space!

Everyone who was in the middle felt the world spin and their bodies hurt as if they were going to be blown apart!

In just a few seconds, everyone, including Tian Peng, was tortured into unconsciousness by this terrifying scene.

Once again, Chen Xiaobei was closer to the core of the power than everyone else! Not only did he fall unconscious, but he was also seriously injured by the terrifying force and spat out blood. Many of his bones were broken! He didn't even know if he could survive!

.....

In the forest of the immortal mansion's fourth challenge.

"Who are you people?"

Just as dugu zang was about to leave, he ran into Zi Yuan and the others.

"Get out of the way! There's a strong enemy chasing us! I don't have time for your nonsense!"

Zi Yuan followed Chen Xiaobei's order and used his ethereal force to wrap Liu xuanxin, the witch of winter, and Xiao 'er. They then escaped from the Holy abode.

In Zi Yuan's opinion, Chen Xiaobei would not be able to stop Tian Peng. The only way to keep everyone safe was to escape quickly or Tian Peng would catch up to them!

"Wait a moment!"

Immortal dugu zang's eyes narrowed as shock filled his pitch-black eyes. are you Chen Zhufeng's friends? "

"Eh?" Zi Yuan was stunned, and his speed slowed down greatly. "How do you know my Xiaobei Gege?"

how ... How is this possible?!

what?! dugu zang Xian was completely stunned. Chen Zhufeng is a madman! He actually opened the spirit condensation fairy's Meru space and saved all of you! Where was he? Have you already been possessed by the devil?"

"Possession? "Xiaobei Gege's body wasn't taken over ..." Zi Yuan said.

"This ..."

Dugu zang was taken aback once again. With a complicated expression, he sighed and said, "Chen Zhufeng! You're truly a monster through and through! I, immortal dugu zang, have always planned for everything, so how could I have miscalculated everything when it comes to you ..."

### **Chapter 2176: A Chance Of Survival**

Dugu zang had once concluded that Chen Xiaobei would not be able to save his friends. But now, Chen Xiaobei's friends had all escaped alive.

Dugu zang Xian had also asserted that the only way for Chen Xiaobei to open the Meru space was to be possessed by the devil. But now, Chen Xiaobei had successfully opened the Meru space without being possessed!

For dugu zang Xian to misjudge the same person twice in a row was an unprecedented situation.

Dugu zang Xian felt as if he had been slapped in the face. He was a little unhappy, but he was more curious about Chen Xiaobei!

Dugu zang had never made such a serious mistake before, nor had he ever been so interested in a person!

what a pity ... An interesting person like Chen Zhufeng died just like that ...

Dugu zang Xian sighed. He was not putting on an act. He really felt sorry for Chen Xiaobei!

As soon as he said that, Zi Yuan's face was naturally filled with sadness, " "Xiaobei Gege is a real man! Extraordinary courage! He was extremely righteous! In order to let us escape safely, he stayed behind to block the enemy ... I swear, I will definitely take revenge for him!"

"Well said! Although we don't have the ability to do so now, we will definitely avenge bro bei in the near future!" The waiter and the witch of winter also expressed their opinions.

In their eyes, Chen Xiaobei was dead for sure. There was no way he could survive.

That was why they were determined to avenge Chen Xiaobei.

"No! Xiao bei didn't die!"

However, at this moment, Liu xuanxin said firmly, " "I can feel that Xiao bei is definitely not dead! Zi Yuan! Let me go! I want to go back and find Xiao bei! Let me go ..."

sister Liu, don't be like this ... Zi Yuan said with a bitter expression, " you saw what happened just now. There's no way Xiaobei Gege could have escaped ...

"No! Xiaobei won't die!" Liu xuanxin lost control of her emotions and burst into tears. "He still doesn't know my identity, so he won't die ... Zi Yuan! I'm begging you! Will you let me go?"

"You'd better behave yourself!"

"Judging from your complexion, a lot of your life force has been absorbed by the devil, and you can't move anymore!" Dugu zang replied indifferently. If they went back now, Chen Zhufeng's efforts would be in vain! He risked his life to save you!"

"No! Xiaobei didn't die!" Liu xuanxin's tears fell uncontrollably, and her heart ached as if it was being cut by a knife.

he's really dead ... dugu zang Xian sighed. However, before he could finish his sentence, he was completely stunned.

Not only dugu zang Xian, but everyone else present was completely dumbfounded!

BOOM! BOOM!

A terrifying explosion was heard from the space gate leading to the cave!

The deafening sound was like thunder, causing everyone's eardrums to hurt!

An extremely terrifying shockwave blasted out from the spatial gate, crushing the surrounding vegetation. Even the earth and rocks trembled and cracked as if there was an earthquake!

"What ... What is going on?"

Liu xuanxin, Zi Yuan, the winter Witch, and the waiter were all dumbfounded.

could ... Could it be that ... I miscalculated again!?

Immortal dugu zang's expression was incomparably complicated. Although she didn't know what had happened, she was certain that a huge change had occurred in the cave!

"It's Xiao bei! It must be Xiao bei fighting the enemy!"

"Zi Yuan!" Liu xuanxin said impatiently. Let's go back and take a look! Xiao bei must still be alive! Hurry up ..."

"Do ... Do you want to go back ..."

"The power of this explosion actually went through the space gate," Zi Yuan said, still in shock, "it's clear that the explosion in the cave must be ten times, a hundred times more terrifying! I think it's at least two eight-star earth-god level cultivators ... Xiaobei Gege doesn't have that kind of power ..."

"Whoosh!"

While everyone was still in shock, dugu zang Xian had already turned into a shadow and rushed in the direction of the space gate!

"Zi Yuan! Don't be stunned! Let's hurry!" Liu xuanxin urged.

Zi Yuan did not hesitate any longer. He continued to use his true essence to wrap everyone and flew back at full speed.

At the space gate.

The surroundings were already in a state of chaos! The grass, trees, earth, and rocks were all shattered, as if they had just experienced a terrible disaster!

The most unbelievable thing was that even the space gate had been severely damaged by the explosion.

Cracks appeared on the teleportation screen, which flickered like an old TV that could turn off at any time.

"Zi Yuan! Let's go in and take a look!" Liu xuanxin urged worriedly.

"I can't get in! The independent space within the cave has been completely destroyed!"

Immortal dugu zang shook his head and sighed, "just like Zi Yuan said, the explosion just now involved at least two eight-star earth-god level cultivators!" The terrifying power exploded in the small space and tore the entire space apart!"

"What? Even the space has been destroyed?"

Liu xuanxin felt as if she had been struck by lightning, and she fell into despair. a mortal's body can't withstand a power that can tear space apart ... If it's really like what you said, little north is really dead ...

"No!"

no! dugu zang Xian shook his head again, " if I didn't tear the space, Chen Zhufeng would have died! On the other hand, if Chen Zhufeng falls into the space crack, he will be able to escape from the fatal danger and have a chance to live!"

"Really?" Liu xuanxin was both surprised and happy. She had been in a state of extreme despair, but now, she had found hope.

I'm telling the truth. I only said that Chen Zhufeng has a chance to live. I didn't say that he will definitely Live!

of course! dugu zang Xian said, " because if Chen Zhufeng falls into the spatial crack, he will be sent to an unknown place along with the spatial turbulence!

"And those places with spatial rifts are often filled with great danger! Chen Zhufeng might just be out of a Wolf's Den, but now he's in a Tiger's Den. He'll still die!"

"Unless his luck is heaven-defying and he was sent to a safe place by the spatial turbulence, he would have a chance of survival!" Immortal dugu zang said in a deep voice.

Liu xuanxin became nervous again.

His luck was heaven-defying!

Chen Xiaobei's luck seemed to have been used up a lot, and he did not know if it could help him survive this!

Chen Zhufeng's life or death will depend on his luck! "The only thing I can do is to send people to search for his whereabouts!" Dugu zang Xian said.

"Good! Thank you!"

Liu xuanxin knew that she had no other choice but to hope that dugu zang Xian could find Chen Xiaobei.

"Please, you must find Xiao bei! I will never forget this kindness!"

"You don't have to thank me!" "I have my own reasons for looking for him. It has nothing to do with you!" Immortal dugu zang said indifferently.

"No matter what! As long as we can find him, it's fine!" Liu xuanxin said excitedly.

Black Sparrow! dugu zang Xian ordered. pass on my order! All the disciples of the nine nether platform are to search for Chen Zhufeng!

In the void, an old and heavy voice came, " "As you command! Sir Holy master!"

#### **Chapter 2177: Repaying A Debt Of Gratitude**

Whoosh ... Whoosh ...

On the shore where the tides rose and fell, a deeply unconscious figure was washed onto the beach by the sea.

If an ordinary person were to soak in the sea for a long time, even if they didn't drown, their skin would definitely be damaged.

However, this unconscious young man's breathing was very normal, and his skin was all intact, as if the sea water had no adverse effect on him.

If it weren't for the bloody wounds all over his body, others would probably think that he was sleeping on the shore.

That's right!

The young man covered in bruises was Chen Xiaobei!

Everything was going according to dugu zang Xian's plan. The terrifying explosion tore open a crack in space and Chen Xiaobei fell into it. He was then sent to the depths of the ocean by the turbulent flow of space!

The water repellent bead allowed him to breathe normally in the sea, and his body was not corroded by the seawater.

However, the power of the explosion was too terrifying. Not only had it shattered the master-protecting puppet, but it had also blown the Nightstalker outfit to pieces!

Although Chen Xiaobei was lucky enough to survive, his body was covered in wounds. Most of his bones and tendons were broken, and even his dantian was damaged!

If Chen Xiaobei remained unconscious and did not receive timely treatment, his injuries would worsen rapidly!

Death was only a matter of time!

"Swish!"

At this moment, a figure suddenly flew over from the sky!

This person was standing on a flying sword. Although he was tall and strong, his essence, Qi, and spirit were extremely poor, as if he was suffering from a serious illness!

"Eh? Isn't that Chen Zhufeng?"

He was a bald man with a Dragon Spear in his hand. He recognized Chen Xiaobei immediately and sped up to the shore.

That's right!

This man was Jiang haoxuan's subordinate, tu tiedan!

Just like Chen Xiaobei, he was sent into the ocean by the spatial turbulence.

However, his injuries were not as serious as Chen Xiaobei's. After the seal on his storage bracelet was removed, he took out his flying sword and left the sea.

He had wanted to rest on the shore, but he did not expect to run into Chen Xiaobei!

"Little guy! Weren't you quite domineering in the spirit condensing immortal abode? Why was he only half-alive now? It's so pitiful!"

Tu tiedan came to Chen Xiaobei's side and looked down at him.

Chen Xiaobei was unconscious and could not respond.

"Kid, you've turned apocalypse Starfield upside down! he killed all the core members of heaven dominating faction! You've even played the thirteenth young master!"

you're right. tu tiedan narrowed his eyes and said playfully, " if I cut your head off, I'll become the number one hero of the Jiang family and heaven dominating sect in minutes. At that time, I'll definitely be rewarded greatly! Just thinking about it makes me super happy!"

Ding Ling Ling Ling

At this moment, tu tiedan's mobile phone rang.

"Thirteenth young master! You've also left the spatial turbulence?"

Tu tiedan quickly picked up the call and said respectfully, " "It's good that you're fine! I don't know where I am ... There's ... There's nothing unusual! Understood! I'll return to the cloud Palace as soon as possible! 'Yes, sir!' Yes! Please take care, don't worry about me!"

After the short conversation, tu tiedan hung up the phone. He did not mention a word about Chen Xiaobei.

It was obvious that tu tiedan did not plan to kill Chen Xiaobei in exchange for credit!

"Kid, your luck is simply heaven-defying! If it was anyone else, you would have died today!"

Tu tiedan looked at Chen Xiaobei and said, " "I, tu tiedan, am a boorish man. I have no other strengths except for my gratitude! You saved my life, so I'll return your life! After you've recovered, I'll kill you in broad daylight!"

Tu tiedan took out some pills from his storage bracelet and fed them to Chen Xiaobei.

Then, she took out some ointment and applied it on Chen Xiaobei's wound.

It was very obvious that tu tiedan really knew how to repay a debt of gratitude, but at the same time, he was also really loyal!

After repaying the favor, tu tiedan would kill Chen Xiaobei for the Jiang family!

Of course, putting all grudges aside, tu tiedan truly admired Chen Xiaobei from the bottom of his heart!

"You little brat! It was too crazy to actually have such courage! In that situation, I was so scared that I didn't know what to do, but you were able to step forward ..."

As tu tiedan applied the ointment, he sighed and praised, "My name is tu tiedan, but compared to you, I'm simply a coward! Fortunately, you didn't die. Otherwise, the world would have one less pure man!"

After a while, tu tiedan finished treating Chen Xiaobei's wounds and carried him towards the forest on the shore.

In the next second, a young woman slowly walked out from behind a rock on the shore!

"Big brother haoxuan! I'm mu Qing!"

The woman took out her phone and called Jiang haoxuan. I just saw tu tiedan save Chen Zhufeng!

"What? You must be mistaken!"

Jiang haoxuan's surprised voice came from the other end of the phone. "Iron ball is loyal to me, how could he save my enemy!"

"I swear I didn't see wrong!"

I saw it with my own eyes, " beiming muqing said. tu tiedan fed Chen Zhufeng a life-extending pill and even carefully applied some ointment on it. This is the first time I've seen tu tiedan care so much about someone else!

"You better not lie to me! Otherwise, don't blame me for falling out with you!" Jiang haoxuan trusted tu tiedan very much, and his tone was very serious.

"Why Would I Lie to You?"

"I'll send you my location immediately. Bring your men over. If I'm lying, you can do whatever you want to me!"

"Good! Give me the position!"

how dare tu tie betray me! I will cut him and Chen Zhufeng into pieces! Jiang haoxuan said viciously.

Beiming muqing sent him a location and sneaked into the forest to keep an eye on Chen Xiaobei and tu tiedan.

.....

Jiang haoxuan and the others had been sent to another place by the spatial turbulence. It would take them some time to get here.

Moreover, Jiang haoxuan had dispatched a group of disciples from the Grand cloud Palace from the Jiang family! He was going all out to kill Chen Xiaobei and complete the mission given to him by the Jiang family's ancestor!

Time flew by, and it was already the morning of the next day.

"Cough cough ..."

After a series of violent coughs, Chen Xiaobei slowly opened his eyes. The first thing he saw was tu tiedan squatting beside him.

"You're awake?"

Tu tiedan rubbed his chin, which was full of stubble, and grinned. you're quite tough, kid. If it were any other person, I'm afraid they'd be in a coma for a few days!

thank you for saving me ... Chen Xiaobei's breathing was extremely weak. He had only said a few words, but his entire body was in pain. It was obvious that he was severely injured!

"You're quite calm! Aren't you afraid that I might have ill intentions?" Tu tiedan said with a smile.

"There's nothing to be afraid of ... If you had any ill intentions, I would have died long ago ..." He said.

"Besides, I'm already awake!" Chen Xiaobei said. If you dare to have any ill intentions, I'll turn you into ashes!"

#### **Chapter 2178: End Of Lifespan**

"You little brat! He really needed a beating! He still dared to be so pretentious when he was only half alive! Do you think I, tu tielan, am a vegetarian?"

Tu tiedan pursed his lips and cursed.

"Whoosh!"

Chen Xiaobei's deep eyes lit up with a golden-purple flame. "Of course you're not to be trifled with, but I'm not someone to be slaughtered!"

"Hiss ..."

Tu tiedan gasped and said nervously, "Don't! Don't! I'm just joking, don't take it seriously! That purple-gold heavenly flame of yours is simply terrifying. Quickly ... Quickly withdraw your divine power ..."

"I was just joking with you!" Chen Xiaobei smiled, and his eyes returned to normal.

Tu tiedan heaved a sigh of relief. When he thought of that terrifying explosion, he still felt a chill down his spine and was extremely afraid.

"Cough! ahem ... Ahem ... Chen Xiaobei started to cough again.

"What's wrong with you? Are you feeling uncomfortable?"

Tu tiedan frowned. I've already fed you all my high-grade pills. If your injuries continue to worsen, I'll have no choice but to take you back to the earth-god Realm and ask the great Chinese medicine doctor to treat you! However, your identity will be easily exposed in the earth-god Realm, and your life will be in danger at any time ..."

"No need ... I'm a great doctor of Chinese medicine myself ..."

Chen Xiaobei took a deep breath and checked his own pulse. It's easy to deal with internal and external injuries ... My biggest problem is that my dantian is damaged ... Using the strange fire will cause a sharp pain in my tendons and vessels ... Using force will aggravate the damage ...

"It can't be!" "If your sea of Qi dantian is destroyed, you'll be a cripple!" Tu tie was shocked.

"Don't be nervous. I'm not in a hurry, so why are you?" Chen Xiaobei smiled and took out some pills and herbs from his infinite space ring.

These pills were all two-star earth-god level pills from the limitless nine-floor Pagoda.

Chen Xiaobei had used his superb medical skills to modify the herbal formula according to his own injuries.

The effects would be even better if the medicinal herbs were consumed together with the elixir.

As expected, Chen Xiaobei's complexion improved a lot after he took the medicine.

"What the f \* ck! You actually know medicine!"

Tu tiedan was so shocked that he could not believe his eyes."Furthermore, the grade of your medicinal pill is much higher than mine! This way, it won't be long before your injuries are completely healed!"

Chen Xiaobei shook his head. The damage to my dantian is a little troublesome. It can be healed slowly. But if I want to recover quickly, I need to buy a two-star earth-god medicine called 'vitality grass'!

"Elemental nurturing grass?"

Tu tiedan frowned slightly. I know nothing about medicine. However, I know a large Chamber of Commerce on this planet! he said.

okay ... Let's go and have a look after I recover a little more ... Chen Xiaobei nodded. He was very calm.

Such a serious injury would be a big deal for anyone!

But in front of Chen Xiaobei's extraordinary medical skills, this was nothing!

In fact, Chen Xiaobei still had the elixir that he extorted from second senior brother at the blood pool!

However, that pill was too precious and was reserved for life-saving purposes!

Now that Chen Xiaobei was able to control his injuries, there was no need to waste the precious elixir!

.....

After a short rest, Chen Xiaobei took tu tiedan's flying sword and the two of them headed to the planet's central City.

this planet is a medium-grade planet in the third level of the earthly calamity Star Ocean!

While flying, tu tiedan introduced, " hundreds of millions of years ago, the primeval continent was broken into the vast universe Today. The earthly calamity Star Ocean is connected to the earth-god Realm and can be considered a high-level plane!

"Although the top experts all yearn for the earth immortal realm, even the heaven immortal realm! But in fact, there are countless planets in the earthly calamity Star Ocean, and many places have yet to be explored!"

"Because of this, many places in the earthly calamity Star Ocean still have the remains of ancient Immortals from billions of years ago! For example, the spirit condensing immortal abode! In addition, there are even true blessed lands of heaven Immortals!"

I often fantasize that if I find a celestial immortal's cave one day and get the celestial immortal's inheritance, I, old tu, will reach the peak of my life in no time. Just thinking about it makes me feel great!

Tu tiedan was a boorish man. He said whatever came to his mind and did not treat Chen Xiaobei as an outsider!

Chen Xiaobei's interest was piqued, and he asked, " "From what you've said, doesn't that mean that there are more opportunities in the earthly calamity star sea than in the earth-god Realm?"

it can't be said that it's more than the earth-god Realm. After all, the earth-god Realm is so vast that even the four top intelligence forces can't cover the entire earth-god Realm!

however, most of the places in the earth-god Realm are already controlled by different forces, " tu tiedan said. even if you find an opportunity, you may not be able to get it!

in comparison, there are very few forces in the earthly calamity star sea. Many opportunities are in ownerless lands and belong to whoever finds them!

Chen Xiaobei nodded and said, " "According to what you said, the earthly calamity is better! There's no need to scheme against each other, the opportunity you find is yours!"

"Of course!"

sometimes, I even consider that if I don't work for the thirteenth young master anymore, I'll bring an expedition team to the sea of stars in search of treasures! tu tiedan smiled.

"He has a bright future! I support you!" Chen Xiaobei chuckled and changed the topic. "Can I borrow your phone? I think mine fell into the sea ..."

"Take it," Tu tiedan passed the phone to Chen Xiaobei.

The first thing Chen Xiaobei did was to call Liu xuanxin. Firstly, he wanted to know how she was doing. Secondly, he wanted to tell her that he was safe so that she would not worry.

However, the phone was turned off after he called.

"Shit! Will Xuan Xin be alright ..."

Chen Xiaobei immediately used tu tiedan's phone to connect to the Three Realms intranet.

Once, Chen Xiaobei's phone fell into the water and broke.

Then, he got Red Boy to help him transfer the Three Realms immortal network's connecting array and the treasure chests of the Three Realms red envelope group into his interspatial ring!

So, as long as Chen Xiaobei's infinite space ring was still there, he could use any phone to connect to the Three Realms intranet.

Chen Xiaobei-brother Yama! I'm in a hurry! Can you use the book of life and death to check if Liu xuanxin is Dead or Alive?

King of Hell: " alright, wait! (Second reply)

[ King of Hell: Liu xuanxin ... Earthling ... Birth chart ... Found, she's still alive! ]

Chen Xiaobei: I'm relieved! As long as she's still alive, she'll definitely return to bei Xuan faction and contact me sooner or later!

King of Hell replied, "although she's still alive, the book of life and death states that she only has three months left to live!"

Chen Xiaobei: " H-how is this possible?! (Shocked)

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2179: Changing Fate**

Chen Xiaobei: Are you sure you're not mistaken? Xuan Xin wasn't injured or sick, and she was healthy. How could she only have three months to live?

King of Hell: " I'm not wrong ... This is a secret from the heavens. Since you're so worried, I'll reveal some of it. Liu xuanxin might die after the new year!

Chen Xiaobei, 'this ... This is written in the book of life and death?

King of Hell: It was written clearly in the book of life and death, there was no mistake!

Chen Xiaobei, "bro, can you help me change it?" No matter how much merit points you want, I'm willing to pay!

King Yama: " I can't do anything about that either ... The contents of the book of life and death are automatically generated after the heavenly Dao's destiny is activated. I'm not the one who writes them!

King of Hell: " I'm in charge of the book of life and death. I only want to find some people who deserve to die but are not dead. Then, I order Ox-Head and Horse-Face to take their souls. That's all!

King Yama: " I can't change someone's fate. In fact, even the Dao ancestors can't do this! Otherwise, the Three Realms would've been thrown into chaos long ago!

Chen Xiaobei: " so, according to you, xuanxin is dead for sure? " Then I'll wait until the winter solstice and help her change to an earth level deity. That should be fine, right?

The King of Hell thought, "No... The final" list of Yin ghosts "has been decided!" Liu xuanxin was not in the list. She would have to wait until the cultivation tribulation was over before she could exchange for an earthly immortal position!

King Yama thought, "and it's just a chance!" After the cataclysm, the Three Realms would have new laws! At that time, I can't guarantee that I can still exchange for an earth immortal!

Chen Xiaobei: I can't let Xuan Xin die! The immeasurable cultivation tribulation was a major killing tribulation, full of infinite variables! If her soul is destroyed during this process, even if I win the cataclysm, I can't revive her! I will never accept this result!

King of Hell: " this is the result of the operation of the heavenly Dao. It's almost impossible to change!

Chen Xiaobei thought, 'it's almost impossible, so it's possible!' At most, I'll learn from brother monkey and tear the book of life and death in the netherworld. That way, Xuan Xin won't have to die!

King Yama, "don't mess around!" Back then, the great sage had indeed torn up the book of life and death. However, during the battle of Mount Huaguo, countless of his descendants had not been able to escape the fate of death! It was obvious that tearing up the book of life and death was useless!

Chen Xiaobei thought, 'but Monkey King has escaped the fate of being seduced by you! Wasn't it?

King of Hell: I said it was almost impossible! It meant that there was still a chance of survival! Only by completely changing one's fate like the great sage could one reverse the fate that was destined by the heavenly Dao!

Chen Xiaobei-How can I change my fate? Tell me! No matter how hard it is, I will do it!

King of Hell: " there's no specific method for this. Fate is the result of the operation of the heavenly Dao! If he wanted to keep Liu xuanxin alive, she would have to undergo a huge change that would increase her fate energy!

Chen Xiaobei thought, 'how did Monkey King's fate energy skyrocket?

King of Hell: " after the great sage wreaked havoc in the netherworld, he was recruited by the heavenly court to be the emperor's son-in-law. After that, he wreaked havoc at the heavenly Peach Banquet and was locked in the alchemy furnace by the Supreme elderly Lord. He was supposed to die!

King Yama: " however, the great sage obtained a great opportunity in the alchemy furnace. The spiritual aura of heaven and earth in the alchemy furnace backfired into his body. His physical body expanded greatly and he even activated the fiery golden eyes!

King Yama: " the point is, Taishang Laojun was not around at that time. The great sage stole all the immortal pills, divine pills, and even divine pills from the Tushita Palace! Thus, his cultivation, physical body, and lifespan all skyrocketed!

King Yama: " that's why the great sage's fate energy has skyrocketed. His fate has also been quietly rewritten!

Chen Xiaobei: Originally, the heavenly Lord of the origin and the Grand Supreme elderly Lord could have captured and killed the Monkey King for making such a big mistake!

[ but because of the sudden increase in his Qi, he was chosen by the Buddha of the West! ] Although it had been suppressed under the five elements mountain for 500 years, it had also avoided the death disaster brought by the havoc in the heavenly Palace!

King Yama, "that's right!" The great sage had truly defied the heavens and changed his fate that time! He was supposed to die without a doubt, but he managed to grasp a chance of survival!

[ King of Hell: after that, the great sage escorted Tang Sanzang to get the Scriptures and obtained a huge amount of merit, becoming the victorious fighting Buddha! ] Even in the heavenly realm, his experience could be considered a shocking legend!

Chen Xiaobei: in other words, as long as I can increase Xuan Xin's cultivation, physical strength, and lifespan in a short period of time, I can change her fate and reverse her fate!

King of Hell, "yes, that's it!" In fact, there was only one way for anyone to change their fate, and that was to keep getting stronger! Become stronger! Become stronger!

Chen Xiaobei-thank you for your advice, bro! I already have a goal in my heart, and I have endless motivation! I will achieve my goal at all costs!

King of Hell: The winter solstice is coming, and the atmosphere in the heavenly realm is getting more and more tense. I can't help you with anything, but I can only cheer for you silently!

Chen Xiaobei: It's a special period now. Brother, be careful and don't be plotted against!

King Yama, "okay, you too!" I hope that when you become a heaven immortal, we can meet each other safely!

Chen Xiaobei thought to himself, 'becoming a god is too far away for me, but I'll definitely work hard!'

King of Hell: " it's a long time for others, but it shouldn't be too long for you!

Chen Xiaobei: " I hope it'll be faster. I've been dreaming of becoming stronger! Only strength was the absolute truth!

King of Hell thought, you can definitely do it!

Chen Xiaobei: " alright, I'll stop talking to you now. I have something to do!

King of Hell: Let's talk when we have time!

After exiting the private chat, Chen Xiaobei deleted Liu xuanxin's number and disconnected from the Three Realms intranet. Then, he returned the phone to tu tiedan.

"The central city is below us! I'll take you directly to the best medicine shop!" Tu tiedan said.

Chen Xiaobei shook his head and said, " "Let's go buy a phone first!"

"Alright!" Tu tiedan nodded and immediately led the way.

Very quickly, Chen Xiaobei bought an even more advanced cosmic phone!

Not only was it waterproof, but it also didn't need to be charged!

The most important thing was that this phone was connected to the cosmic network of the earth-god Realm. Under the heaven realm, there was signal almost everywhere!

The first thing Chen Xiaobei did was to send a message to Liu xuanxin to let her know that he was safe. He also left his new phone number so that Liu xuanxin could contact him immediately!

Chen Xiaobei heaved a sigh of relief and followed tu tiedan to the medicine shop.

The city was huge, and its commercial system was very prosperous.

Along the way, Chen Xiaobei saw many different kinds of shops. He even saw the heaven of treasure pickers, the Taobao Marketplace!

"Old tu! Walk slower! I seem to have seen something good!"

When they passed by the Taobao Marketplace, Chen Xiaobei's eyes were drawn to something special.

#### **Chapter 2180: Strange Insect Sculpture**

The so-called Taobao market was a place that was very similar to a vegetable market on earth. The merchants had set up a stall that was neither big nor small.

On those stalls, there were all kinds of strange things piled up.

There were weapons, herbs, ores, animal skins, decorations ... There were all kinds of things.

These completely different things all had one thing in common, which was that they were extremely old!

Almost any one of them looked like an old antique!

Outsiders would treat this place as an antique market!

Only a true expert would know that there might be extraordinary treasures hidden among these miscellaneous old antiques!

If they met a lucky person or an expert with good eyes, they could buy rare treasures from here at an extremely low price!

It was because of this that it had the name of the Taobao Marketplace!

Laymen who came to search for treasures were basically trying their luck. If they were lucky, they could buy something worth it. If they were unlucky, they would be scammed by unscrupulous merchants and spend money in vain!

Professionals, on the other hand, had a unique vision and could often buy good things at a low price!

Therefore, the experts also called treasure hunting as picking up scraps!

Obviously, Chen Xiaobei was a super expert. With just one look, he could tell which of the items were treasures and which of them were trash!

More importantly, with Chen Xiaobei's current knowledge, he would not be interested if he did not find a super-rare treasure!

"Boss, what's the price of this sculpture?"

Chen Xiaobei walked over and picked up a statue made of a special material from the stall.

From its appearance, the sculpture was a very strange looking reptile!

Like a Mantis, it had front claws that were like blades! It was like a snake, with a slender body! It also looked like a Spider with eight eyes and hook-like fangs!

Even the most experienced and knowledgeable person couldn't tell what kind of strange insect it was!

The main point was that the material of this sculpture was very special!

It was as cold as metal, but as smooth as Jade!

However, he was certain that it was not made of metal or Jade!

In fact, even Chen Xiaobei himself did not know what material it was made of.

The reason why Chen Xiaobei was attracted to the statue was because he could see a strong purple-gold light on the statue!

This meant that this sculpture was extremely precious! It was extremely ancient!

At the same time, the insect-shaped statue reminded Chen Xiaobei of something!

Gu worm!

Chen Xiaobei had learned the beginner level of witchcraft from Taiyin true deity. Even though he did not raise many legendary venomous insects himself, he had a general understanding of many of them!

The Voodoo race used special methods to cultivate their legendary venomous insects. They had a unique appearance and special abilities!

The small sculpture in front of him had a very ancient history, and its shape was very strange!

Because of that, Chen Xiaobei had a strong feeling that this strange insect was a type of witch's legendary venomous insect!

"Little brother, you're not making fun of me, right?"

The stall owner looked like a very Smart Fat man. He squinted his eyes and said, " look at the wounds all over your body. You should be buying medicine to treat your injuries!

"Ah?" Chen Xiaobei realized that he was still wearing his Nightstalker outfit, and that many of his wounds were exposed. He looked very miserable.

"I'm fine. It's not too late to treat my injuries after I'm done shopping!" Chen Xiaobei was very calm and did not care about the strange looks from the others.

"I don't think you have much money, do you?"

The stall owner looked at Chen with disdain and said impatiently, "This sculpture is no ordinary thing! It's from a top interstellar expedition team, brought back from a no-man's land in the depths of the universe. It's very expensive!"

"Just tell me how expensive it is!" Chen Xiaobei said nonchalantly.

Just based on the fact that the statue might be a witch's Gu, Chen Xiaobei would definitely buy it.

Chen Xiaobei did not care about the price!

Chen Xiaobei had nearly 300000 high-grade spiritual stones in his infinite space ring, which was equivalent to 30 trillion low-grade spiritual stones!

This amount of spirit stones might not be considered much in the earth-god Realm, but in the earthly calamity star sea, it was definitely a huge fortune!

This was only the third level of Galaxy. There was nothing that Chen Xiaobei could not afford!

"You brat, your entire appearance is shabby, but your tone is really not small!"

The stall owner gave Chen Xiaobei a sidelong glance and said, "10000 medium spiritual stones! If you have the money, then buy it. If you don't, then get lost. I don't allow you to bargain here!"

The stall owner's voice was very loud when he said these few words, and it attracted many gazes from the surroundings.

10,000 medium spiritual stones was equivalent to 100 million lower spiritual stones. To ordinary people, this was a huge sum of money!

Obviously, in the stall owner's eyes, Chen Xiaobei, who was covered in wounds and tattered clothes, could not possibly have so many spiritual stones!

So, the owner purposely shouted to humiliate Chen.

As expected, the people around him started to point at Chen Xiaobei and mock him.

In this situation, Chen Xiaobei was not moved at all. In fact, he even wanted to laugh.

All Chen Xiaobei had to do was throw out 1000 medium-grade spiritual stones and he would be able to blow up the faces of the stall owner and all the people who were mocking him!

To Chen Xiaobei, this was a piece of cake!

"Pa!!!"

However, right at this moment, a heavy palm came straight at him!

With a loud sound, the stall owner was sent flying. He fell to the ground and spat out blood.

The people who were mocking Chen Xiaobei were like a group of frightened ducks, shrinking their necks and closing their mouths. They did not even dare to breathe!

"Numbed! My Savior came to buy something from you, that's a great honor for you, you don't even want face, you're just looking for a beating!"

A bald man appeared next to Chen Xiaobei. He was the one who had slapped Chen Xiaobei.

old tu ... You're too impulsive ... Chen Xiaobei did not know whether to laugh or cry.

The brawny man was tu tiedan. He said with a disdainful look, " I'm already very restrained. Otherwise, I'll directly slap his dog head!

pfft ... You ... You're dead ... the stall owner spat out blood and cursed, " "Fighting is strictly forbidden in the city. You've hit me, so you'll be arrested and executed by the law enforcement team ..."

"What do we do now?"

Chen Xiaobei looked at tu tiedan and laughed, " "You're planning to take me and run? Or are you planning to fight with the law enforcement team here?"

"There's no need to run, and there's no need to fight!"

Tu tiedan had an indifferent expression and said indifferently, " "It's not that I'm trying to act cool, but even the city Lord of this small Broken City has to obediently act like a grandson when he sees me!"

Chen Xiaobei raised his eyebrows and smiled evilly. "According to what you said, I can buy things without paying?"
