Red Envelope Group of the Three Realms

Chapter 2191: Small Improvement

"Based on the current situation, the improvement is very small!"

but, I've already passed the trial of the Overlord body. If I continue to train my physique, my physical strength will skyrocket! Chen Xiaobei said.

"That's good, that's good!"

Tu tiedan heaved a sigh of relief, then sighed again. "It's a pity that your original body and soul weren't easy to cultivate. With this, you'll have to start from zero again!"

"There's no need for that. Who said I'm going to start from zero?" Chen Xiaobei retorted.

"You were the one who said it! "The improvement in body tempering this time is very small ..." Tu tiedan said embarrassedly.

Chen Xiaobei smiled. yes, the improvement is very small. It's far from what I expected. However, it's still a little more than what you think!

"How much did it improve by?" "Can it increase my physical strength by 5000 points?" tu tiedan asked, frowning.

It was obvious that it was extremely difficult for an ordinary person to increase their physical strength.

This time, Chen Xiaobei had only used nine days to refine his body with beast blood. Tu tieyu felt that it would be good enough if Chen Xiaobei could increase his physical strength by 5000 points!

"Five thousand?"

I don't know! Chen Xiaobei laughed again. more like 1100 times!

how ... How many times more??? " Tu tiedan's face was filled with bewilderment, and he simply couldn't believe his ears.

"My physical strength has reached 5.5 million!" That's the peak of the nine flames God-refining stage!"

"What?" Tu tiegu was dumbfounded. He even began to wonder if Chen Xiaobei's brain was damaged from all the body cultivation. Why did he start to talk nonsense?

"You don't believe me? You can try!" Chen Xiaobei raised his eyebrows, clenched his fist and punched tu tiedan's chest.

"Bang!"

With a muffled sound, tu tiedan staggered from this punch and almost fell to the ground.

"Heavens! This power ..."

Tu tiedan wasn't injured, but his entire body seemed to have been electrocuted as he cried out in alarm, " without using true origin, this strength has definitely reached 5.5 million physical strength!

Obviously, tu tiedan was a three-star earth-god, and his judgment of strength was absolutely correct!

If a normal person was standing there, they would have exploded to death from Chen Xiaobei's punch!

The truth was already in front of their eyes, and tu tiedan had no choice but to believe it!

"Young master Chen! You're not human! He was a monster! He's an incredible demon!"

Tu tiedan screamed again and again, and even began to doubt his life, " "I saw with my own eyes that your body and soul were destroyed and your life was hanging by a thread! In just nine short days, not only have your injuries completely healed, you've also risen to the peak of the nine flames God-refining stage ..."

"Don't be so excited." Chen Xiaobei shrugged and smiled. "This little improvement is really nothing! As long as I can find the right beast blood, it will be very easy for me to break through to the earth level deity body!"

"Young master Chen! What if I want to curse?"

Tu tiedan's face turned green. 5.5 million physical strength points. You actually say it's nothing ... Do you know how long it took me to cultivate to the same physical strength? "

no! Chen Xiaobei shook his head and asked, " how long did it take? "

"Fifty years! It's been 50 years!"

Tu tiedan said sorrowfully, " I'm already very talented. I also have a lot of resources to use! The main point is that I've been cultivating like crazy every day, and I've put in more effort than others!"

As he spoke, tu tiedan was about to cry from being wronged, " I thought that my body-tempering speed was already very fast, but compared to you, I feel that my body-tempering speed is simply too slow to be saved ...

"There's no harm without comparison!" Chen Xiaobei shrugged and said, " after all, my body refining secret technique has already reached the divine level. It's impossible for a mortal to compare with me!

"God-level?"

When tu tiedan heard this, he immediately knelt on the ground and said respectfully, " "Young master Chen! I'll kneel down to you! I beg you to take me in as your disciple, I also want to learn this divine skill!"

Chen Xiaobei nodded. you're a good person. You've been protecting me for the past nine days. I'm willing to teach you this divine skill!

"Many thanks, young master Chen! From now on, you're my master!"

Tu tiedan knelt on the ground and said respectfully, " "Master, please accept three bows from your disciple ..."

"Hold on!"

Chen Xiaobei grinned and said, " "You better think carefully before you kowtow! If you want to practice my deity level secret technique, you must be like me, destroy your own body and soul, and go to the gates of hell first!"

this ... tu tiedan's expression froze. His pupils involuntarily contracted, and cold sweat poured down like rain!

"What's wrong? What's wrong?" Chen Xiaobei laughed.

"I ..."

Tu tiedan swallowed his saliva. After struggling for a moment, he finally admitted defeat, " I really don't dare to ... I saw your body being destroyed the whole time, and I almost thought you were dead ... And that terrible pain and torture ...

"Forget it, forget it ... I don't have the guts, and I don't have a life as tough as yours ..."

Tu tiedan composed himself and said with extreme seriousness, " "Even this terrifying disaster didn't take your life! I'm truly convinced by you! He was completely convinced! I believe that in the near future, you'll definitely be invincible!"

" of course not! Chen Xiaobei smiled. since you've already said so and knelt down, why don't you join my bei Xuan faction? "

this ... tu tiedan was a little hesitant.

"Don't tell me you're still thinking about the Jiang family?"

"Your life has already been returned to Jiang haoxuan. He's the one who can't take it away!" You've already cut off all ties with him!"

Tu tiedan frowned. I understand the logic, but I'm worried that the Jiang family will definitely take revenge on me. If I join the bei Xuan faction, I'm afraid it will bring big trouble to the faction!

"You've got it wrong, haven't you?"

Chen Xiaobei was amused. compared to you, I, Chen Zhufeng, am the Jiang family's number one enemy. I'm the one who's dragging you into this by joining me! If you're afraid, you can reject me. It's fine!"

"I'm not afraid! The Jiang family will Never Let Me Go. I'll die anyway, so what do I have to be afraid of?"

I'm willing to join the bei Xuan faction, " tu tiedan said heroically. if the Jiang family comes for revenge, I'll fight them to the death! Kill one to break even, kill two to make a profit!"

welcome to bei Xuan faction!

Chen Xiaobei helped tu tiedan up and said, " "Don't worry, they're going to die anyway, not you or me! It's the Jiang family!"

"This ..."

Tu tiedan swallowed his saliva and said,"sect master!" Aren't you being too arrogant by saying this? With our strength, it's impossible for us to be on par with the Jiang family! I can't let them die ..."

"Heh, you know nothing about my power!"

Chen Xiaoxi smiled charmingly and released a murderous aura, "Find a way to find Jiang haoxuan! The day you find him will be his death anniversary!"

[Red Envelope Group of the Three Realms](#)

Chapter 2192: Combat Power Improves

"Find ... Jiang haoxuan?"

Tu tiedan swallowed his saliva and said awkwardly, "Sect master, you're not joking with me, are you? He has a six-star earth-god instrument, and you're going to find him? Wouldn't that be suicide?"

"Heh, you think that only my physical body has become stronger this time?" Chen Xiaobei grinned.

Tu tiedan was dumbfounded. He said, "increasing your physical strength by 5.5 million in nine days is already heaven-defying enough ... What else have you become stronger in?"

"Hiss ..."

Chen Xiaobei smiled but did not say anything. He took a deep breath and sucked out a vast amount of heaven and earth spiritual aura from the heaven and earth furnace!

Nine days had passed. Except for the Furious wave heaven-splitting saber, which had not been refined, all the other resources had been refined into spiritual aura!

Thousands of seven-colored rays of light, like thousands of rivers converging into the sea, poured into Chen Xiaobei's body and sank into his dantian!

"What ... What are they doing?" Tu tiedan was surprised. He had never seen such a formation before.

"I'm increasing my combat strength!" Chen Xiaobei's netherspirit battlescouter was showing him the latest information.

[ding Yingying's cultivation base: spirit-refining of five flames, lifespan: [4600 years]][physique: 5500000][combat power: 3500000!]

"Increase my combat strength?"

Tu tiedan was dumbfounded, 'absorbing those seven-colored halos can improve my combat strength? This is too simple!"

"That's right! It's that simple!"

"My combat power has increased by 400000 points!" I've already broken through to the five-fire god-refining stage. The breakthrough of a small stage has even added an additional 1200 years of my lifespan!"

how ... How is this possible?! Tu tiedan's face was filled with shock and disbelief!

Chen Xiaobei smiled. a powerful primordial spirit realm can detect other people's cultivation. You'll know everything once you've done so!

"Good! Sorry for the offense!" Tu tiedan calmed himself down and activated his primordial spirit realm, enveloping Chen Xiaobei.

Everyone had eyes! Ears! Mouth! Nose! Body!

They corresponded to the sight, hearing, taste, smell, and touch!

The primordial spirit was The Sixth Sense that transcended the five senses and five senses, which was also commonly known as the divine sense!

A powerful primordial spirit could not only sense the movement of the wind and grass within a certain range, but it could also spy on the strength of the weak!

In front of a powerful primordial spirit, the weak were like naked babies. The strong could see through their cultivation with a single glance!

Tu tiedan had already reached the three-star earth immortal realm, which was also commonly known as the Golden elixir realm!

His primordial spirit had formed a golden core and its strength had increased dramatically. It was now a piece of cake for him to see through Chen Xiaobei's cultivation!

With tu tiedan's peeking, the facts were clear in front of him!

Facts speak louder than words!

Tu tiedan instantly cried out in alarm, " The sect master! Your cultivation base has really reached the five fire spirit-refining realm! In other words, you've gained 400000 combat power in just a few seconds! This ... This is simply heaven-defying ..."

The difficulty of cultivation was as difficult as ascending to the heavens!

Furthermore, the higher one's cultivation level, the more difficult it was to increase one's battle prowess!

In tu tiedan's opinion, 400000 combat power, even if it was a genius with extremely high talent, coupled with an endless stream of resources, would take at least one or two years to improve!

But Chen Xiaobei only used a few seconds!

To others, cultivation was harder than ascending to the heavens! But to Chen Xiaobei, it was as easy as breathing!

Tu tiedan felt that his heart had suffered a critical blow hundreds of millions of times. His three views were shattered into pieces, and he even began to doubt his life!

Chen Xiaobei then added, " if I want to, I can even increase my combat power by an additional 1000000!

this ... This motherf * cker ... tu tielan's face turned green.

He had thought that an increase of 400000 combat power was already incredible!

And yet, Chen Xiaobei was able to improve even more!

In just a few seconds, he could achieve the results of others 'years or even decades of hard work!

It was true that there would be no harm without comparison!

"Sect master, since you can increase your combat strength, why don't you?" Tu tiedan asked, his face full of doubt.

"I can use them to increase my combat power. Beast cores, spiritual stones, and spiritual Qi! However, to repair, strengthen, and nourish the magic treasure, you can only use the spiritual aura of heaven and earth!"

"There's still some spiritual aura left in the heaven and earth furnace. I want to use it to repair and strengthen the damaged Nightstalker outfit!" He even wanted to strengthen the master-protecting puppet! If there's a chance, repair No. 8 Luban!"

"Ling Yun? Ghost clothes? A puppet? Luban?" Tu tiedan was confused. He knew nothing about Chen Xiaobei's trump cards.

"I can't explain these things in a short time!"

just do as I say! Find a way to find Jiang haoxuan and contact me! Chen Xiaobei said.

sect master, even though your physical strength and combat power have greatly increased, it's still not enough to deal with Jiang haoxuan ... tu tiedan said worriedly.

"Don't be so wishy-washy, if you don't dare to go, I'll order someone else to look for her!" Chen Xiaobei said.

Tu tiedan's expression was startled, but he immediately became spirited. He patted his chest and said, "Sect leader, don't underestimate me! I'm not even afraid of death! Is there anything I don't dare to do?"

"Then go quickly! Hurry up and find Jiang haoxuan!" Chen Xiaobei said with a murderous look.

"Good! You can count on me!" Tu tiedan did not waste any more time. Since Chen Xiaobei had made up his mind, he would do as Chen Xiaobei said even if it meant risking his life!

"Go! If there's anything, call me anytime!" Chen Xiaobei then sent tu tielan out of the verdant Emperor's divine gourd!

"There are still ten days before the winter solstice ..."

Alone, Chen Xiaobei started to plan. "I will kill Jiang haoxuan in ten days! At the same time, he wanted to capture second senior brother! Master said that he could help second brother return to normal during the winter solstice! We can only succeed in this matter, we can not fail!"

I've already gathered the four great demon swords of the limitless demon nation. As long as I can master the limitless sword formation, I'll be able to suppress a six-star earth-god instrument!

with the scholar heart, it's easy for me to learn. I can learn it again after I find Jiang haoxuan!

"Since there's still time, I'll continue to improve my cultivation! I've already reached the five-fire god-refining realm. As long as Lin Dong returns, I can open the third level of the limitless nine-floor Pagoda!"

I can open the fourth level when I'm at the seven-fire god-refining stage. When I break through to the earth-god level with nine fires, I can open the fifth level. Then, I can take out the Wuji sword formation map. I can even fight a seven-star earth-god instrument!

I won't touch the remaining spiritual aura in the furnace for now. I have enough spiritual stones to use for cultivation! Chen Xiaobei said.

however, if I use spirit stones to cultivate, I'll have to use the sunlight cache to speed up my cultivation. It's not easy to increase my lifespan, but I'll have to use it up again ...

Chen Xiaobei's face was filled with reluctance.

To Chen Xiaobei, lifespan was the most important thing!

The blood tribe's special ability and the last three forms of the witch Dragon's nine transformations required the burning of one's lifespan to be used.

Although opening the sunlight cache could speed up his cultivation, Chen Xiaobei would not be able to use those powerful abilities after his lifespan was depleted!

Chen Xiaobei hesitated for a moment, then he grinned and said, " my injuries have already healed anyway. Why don't I capture a few enemies to consume my lifespan!

Chen Xiaobei immediately took out the returning bracelet!

[Red Envelope Group of the Three Realms](#)

Chapter 2193: Controlling The Vermilion Bird

Chen Xiaobei took out the verdant Emperor's divine gourd and then the returning bracelet.

The returning bracelet's origin point was set in White Tiger Royal City. Since bei Xuan faction had also moved into the royal city, Chen Xiaobei could reach his room in bei Xuan faction through the portal.

After that, as long as he activated the returning bracelet at the original point, he would be able to return to this cave and meet up with tu tiedan!

"Chi ..."

After passing through the space gate, the surrounding environment immediately changed dramatically.

The cave became a room that Chen Xiaobei was familiar with.

Walking out of the house, he saw that bei Xuan faction was thriving and full of life.

His family and friends were happy, and his disciples were cultivating hard. From such a good atmosphere, one could tell that bei Xuan faction would definitely grow better and better in the future.

Chen Xiaobei chatted with everyone for a while and then rushed to the palace.

At the moment, the entire White Tiger continent was governed by Song Qincheng and Jiang Ziya. Although they had just arrived, their abilities were exceptionally outstanding!

While Chen Xiaobei was away, The White Tiger continent was on the right track under the management of Song Qincheng and Jiang Ziya!

The people were happy and the society was stable and prosperous. There was nothing for Chen Xiaobei to worry about!

"Xiaobei, as the saying goes, we must first settle the internal affairs before resisting foreign aggression! Right now, the situation on The White Tiger continent and the Black Tortoise continent is very stable. There are no more internal problems! I think it's time for you to take the next step!"

Song Qincheng was dressed in a gorgeous Royal robe and looked like a queen in front of others. But in front of Chen Xiaobei, she was very gentle. Even if it was a very serious topic, she would always be gentle and charming!

"We were thinking the same thing!" that's right! Chen Xiaobei grinned. I've come back this time to gain more control over apocalypse Starfield!

"What do you plan to do?"

"The Azure Dragon continent and the Vermillion Bird continent are guarding us tightly. You won't have a chance to take advantage of us!" Jiang Ziya frowned.

"Of course, I'm clear about that!" of course! Chen Xiaobei smiled. but now, I have a huge advantage!

"What advantage?" Song Qincheng and Jiang Ziya's eyes were wide open, full of curiosity.

"Beiming Wuji and the Jiang family both knew that I was in the earthly calamity Star Ocean a while ago!"

"The enemy thinks that I'm heavily injured!" Chen Xiaobei laughed. Even if they had to be on guard, they would only be on guard against the other side of the earthly calamity! In this way, the Vermillion Bird continent and the Green Dragon continent will become their weaknesses that they would never think of!"

"I understand!"

Song Qincheng was very smart and immediately understood. the enemy must've guarded every teleportation array in the sea of stars. But they would never have dreamed that you had a treasure like the bracelet of returning. You bypassed them and returned to the apocalypse Starfield!

Jiang Ziya also laughed, "it seems like this is a rare occasion!" We can take the Vermillion Bird continent before the enemy can react!"

"Great minds think alike! My goal is the Vermillion Bird continent!" I have a loyal dog in the Vermilion Bird continent. He will cooperate with me! Chen Xiaobei grinned. It should be easy to take down the Vermillion Bird continent!"

great! song Qincheng said excitedly, " as long as we can do it smoothly, we'll be able to control three of the four continents in apocalypse Starfield! After taking down the last green Dragon continent, it's only a matter of time before we can wait!"

"Since no one has any objections, I'll start immediately!" Chen Xiaobei said without hesitation.

no problem. If there's anything you need us to do, just arrange it. We'll definitely do it well! Song Qincheng said seriously.

"I'll take care of the frontline operation by myself!" "Your mission is to join forces with the Black Tortoise continent and prepare to link up with the Vermillion Bird continent! Wait for my message and activate the teleportation portal. If necessary, send the Army over!"

"Will the war start?" Song Qincheng was a little nervous.

"I don't think so!"

"War is the worst case scenario!" Chen Xiaobei shrugged. Unless my plan fails, I will not need your Army! I've just survived a life and death crisis, so this operation should be going very smoothly!"

"Good! We'll listen to you!" Song Qincheng and Jiang Ziya were not indecisive people. More importantly, they knew Chen Xiaobei very well and trusted him a hundred percent.

"That's right, I want to see Yitian before we take action!" Chen Xiaobei said.

After that, they went to an independent cultivation room built in the palace!

The last time Chen Xiaobei and Qin Yitian were in danger, Qin Yitian was determined to become stronger in order to avenge Chen Xiaobei.

When she was cultivating in seclusion, Qin Yitian had activated the mysterious power sealed in Heavenly Sword by chance and entered a special cultivation state!

In this state, Qin Yitian's cultivation speed became extremely fast, and she was protected by Heavenly Sword!

At that time, a ray of sword Qi was shot out to protect himself, almost killing Chen Xiaobei.

Because of this, no one dared to enter the cultivation room and could only stand at the door and watch.

[ding Yingying's cultivation base: spirit-refining of five flames, lifespan: [5809 years, physique: 3500000, combat power: 3500000!

With a sweep of his netherspirit battlescouter, Qin Yitian's combat strength was revealed.

"Amazing! In such a short period of time, Yitian has also reached the five-fire god-refining stage. If she continues to cultivate in seclusion, she has the chance to break through to the earth immortal stage!"

Chen Xiaobei heaved a sigh of relief, 'there must be a powerful being behind Heavenly Sword! I can now confirm that this expert has no ill intentions towards Yitian. On the contrary, he has helped her greatly. I don't have to worry at all!"

After seeing Qin Yitian, Chen Xiaobei no longer had any worries.

He would leave for the Vermillion Bird star system immediately!

Last time, Chen Xiaobei had been careful. Before he closed the portal between The White Tiger continent and the Vermillion Bird continent, he had asked Jin Fei to go to the Vermillion Bird continent and use another returning bracelet to fix the point of origin!

Chen Xiaobei called Jin Fei over and went to the Vermillion Bird continent.

Of course, Chen Xiaobei did not bring Jin Fei with him. He was on his own, and he was wearing a new human-skinned mask.

It was late at night when they arrived at the Vermillion Bird continent. Chen Xiaobei sneaked into the third Prince's residence and found his most important chess piece, mu chenfeng!

Originally, mu chenfeng's identity as a loyal dog had already been known by the canopy great country.

However, in order to lure Chen Xiaobei out with mu chenfeng, the canopy great family had asked the MU family to pretend that they did not know about this. They allowed mu chenfeng to do whatever he wanted and only sent people to monitor him in secret.

However, the MU family did not find any trace of Chen Xiaobei.

Coupled with the news of Chen Zhufeng wreaking havoc in the spirit condensing immortal abode, the MU family's surveillance had greatly relaxed.

That was how Chen Xiaobei was able to meet mu chenfeng.

Controlling the Vermillion Bird continent would start from here!

Red Envelope Group of the Three Realms

Chapter 2194: Entering The Chamber

"Bro bei! You're finally here! I was worried that you might be in trouble, but it seems that I've been overthinking! No one can stop you!"

Mu chenfeng said with an excited expression.

"Don't flatter me, let's talk about serious matters!" Chen Xiaobei said seriously.

"Alright!"

"Some time ago, Tian Peng told my father mu Xiaohe about my identity!" Mu chenfeng said. So, the MU family's Secret guards started to monitor me 24 hours a day!"

I followed bro bei's orders. I ate, drank, and played as usual. At first, they were watching me very closely, but recently, they've obviously let down their guard!

then, there were rumors that you appeared in the earthly calamity Star Ocean and killed all the core elders of heaven dominating faction! Of course, you're also heavily injured and have been besieged by several forces!"

"After this news came back, the tense atmosphere in the Vermillion Bird Royal City immediately eased! The Royal Mu family and heaven dominating faction's Vermillion Bird branch all let out a sigh of relief!"

"It's not an exaggeration to say that you've come to the Vermilion Bird continent now, bro bei. This is definitely the safest time! It's also the best time to set up the operation!"

of course! mu chenfeng said confidently. the MU family and the Vermillion Bird branch are at their most relaxed state. If bro bei wants to kill them, it'll be easier than killing a group of ants!

what?! Chen Xiaobei raised his brows and said, " you brat, you're quite arrogant! Since you say it's easy, I'd like to hear your opinion! What can I do to kill the enemy and control the Vermilion Bird as quickly as possible?"

"What a coincidence! I really do have a good method that won't require any bloodshed!"

"It's tomorrow!" Mu chenfeng said excitedly. Mu Xiaohu had made an appointment with the Vermillion Bird branch's branch leader, Shi tuqiang, to set up a banquet in the palace and have a good rest! The core members of the MU family and the Vermillion Bird branch will all be there!"

Chen Xiaobei's eyes lit up. He had a plan in mind.

However, Chen Xiaobei did not interrupt mu chenfeng. He continued to listen to his opinion.

my plan is to put a piece of heavenly dog biscuit in each of their meals. Then, they will all become bro bei's loyal dogs!

Mu chenfeng's plan was very comprehensive. I also know who the head chef in charge of the banquet tomorrow is. As long as we control him, it will be easy for us to put in the dog food!

that's a good idea ... Chen Xiaobei said, " however, there are too many loopholes. It can not be implemented!

"Loophole?" "Bro bei!" Mu chenfeng said respectfully. Bro bei, please give me some pointers!"

"First of all, I don't have that much heavenly dog biscuit with me!" Even if I can make it in time, how can you guarantee that everyone will eat the dish that I put dog food in?"

"Also, besides the core members, there were many other people at the banquet! These people may save the people who have eaten the dog food, or they may be recognized as the owner by the loyal dog. These are all uncontrollable loopholes!"

Upon hearing this, mu chenfeng suddenly realized and said, " "Bro bei, you're so thoughtful! I only calculated on the surface and didn't consider the hidden variables!"

"Your plan might not be perfect, but the timing you chose was perfect!" Tomorrow will definitely be a good opportunity to achieve great things!"

"Then what should we do?" Mu chenfeng asked with a face full of anticipation.

"It's very simple. Just do as I say!" Chen Xiaobei raised his brows and smiled evilly, " "You ..." He said.

.....

After a whole day of planning, it was already the evening of the second day!

Red lanterns were hung up high in the Vermillion Bird Palace, and it was bustling with activity.

The core members of the MU family and the younger generation were all dressed up. It was as if they were celebrating the New Year.

The core members of the Vermillion Bird branch, as well as some young disciples, all changed into gorgeous clothes and came to the banquet with a relaxed mood.

In the banquet hall, there were a total of five tables of food and wine.

At the main table, the Vermillion bird's venerated Wang Mu Xiaohe and the Vermillion bird's branch leader Shi tuqiang sat side by side.

Sitting at the same table were three core members of the MU family and two vice-leaders of the Vermillion Bird branch.

The other four tables were occupied by members with lower positions!

Of course, their power and status were low only when compared to the main and guest tables!

If they were compared to ordinary people, any one of these four tables would be able to do as they pleased in the Vermillion Bird Royal City!

After all, they were backed by the MU family and the Vermillion Bird branch, and ordinary people would not dare to provoke them!

After three rounds of drinking, the atmosphere became more relaxed.

"Branch leader Shi! Come! Let's have another toast as brothers!"

Mu Xiaohe held his wine glass and said excitedly, " let's celebrate the death of our greatest enemy, Chen Zhufeng!"

"No, no, no! I can't drink this glass of wine alone!"

Shi tuqiang's face was full of smiles and he was in a good mood. "Chen Zhufeng is dead! This was great news! I suggest that everyone fill their cups with wine! Let's raise our glasses and celebrate Chen Zhufeng's death!"

After he finished speaking, Shi tuqiang stood up and raised his glass high!

"Well said, leader Shi!"

Mu Xiaohe also stood up and was so excited that he seemed to have been injected with chicken blood. "I've been looking forward to the stars and the moon! Chen Zhufeng was finally dead! Our nightmare will finally end! Everyone raised their glasses! To celebrate Chen Zhufeng's death!"

Chen Zhufeng will die a terrible death ... Chen Zhufeng will die a terrible death ...

In an instant, everyone in the banquet hall stood up and held their duvet high in excitement.

"Cheers!"

After Shi tuqiang and mu Xiaohe shouted in unison, they drank the wine in their cups at the same time!

The surrounding people didn't hesitate and all toasted!

"Straightforward! Hahaha ..."

After the toast, everyone's mood was lifted. To them, Chen Xiaobei was like a demon in their nightmares. Chen Xiaobei's death was a great relief to them.

"Hello, everyone!"

However, at this moment, a figure strolled into the banquet hall and smiled cynically. "Why didn't you tell me about this refreshing matter?"

H-H-H-how ... How is it you???"

In an instant, everyone was shocked.

Including mu Xiaohe and Shi tuqiang, everyone's eyes were as wide as a bull's, and their mouths were open so wide that a fist could fit in.

Some of the more timid people's pupils contracted, and their bodies trembled. They were so scared that they almost peed their pants.

"It can't be, right? I, Chen Zhufeng, don't have eight eyes and six legs! There's no need to be so surprised, is there?"

That's right! It was Chen Xiaobei!

Without the human-skinned mask, Chen Xiaobei's original appearance was more terrifying than the devil to the crowd!

More importantly, Chen Xiaobei was still holding his phone in his hand. He grinned evilly, "My brothers! Society, your bro bei is back!"

[Red Envelope Group of the Three Realms](#)

Chapter 2195: I'm So Scared

Yingluo-hahaha! Bro bei is streaming again! I knew that bro bei would not die!

Rumors! They were all rumors! Bro bei was not even in the earthly calamity Star Ocean! Bro bei was not injured at all!

My bro bei is back! The MU family and the Vermillion Bird branch were 10000% going to suffer! Wakaka!

There was no doubt that Chen Xiaobei's reputation in apocalypse Starfield was very high after the previous livestreams!

Other people had hundreds of people responding to their call, but Chen Xiaobei had hundreds of millions!

The livestream had just started, but the number of viewers had already begun to soar, reaching a total of 300 million in an instant! Moreover, it was still increasing!

"Chen ... Chen Zhufeng! What are you up to now?"

Shi tuqiang looked at Chen Xiaobei nervously. He had already taken out a four-star earth-god grade saber, ready to fight!

we're old acquaintances. Don't you know what I'm going to do? " Chen Xiaobei laughed.

I ... I don't understand what you're saying ... Shi tuqiang was extremely nervous. His voice was trembling, and cold sweat was pouring down his body like rain!

"Idiot!" Chen Xiaobei looked at her like he was a mentally-disabled child and said, " "Think about the Black Tortoise branch and The White Tiger branch. Don't you know what I'm going to do?"

you ... Shi tuqiang instantly swallowed his saliva, and his pupils couldn't help but contract."You want to destroy my Vermillion Bird branch?"

"Do you even need to ask?"

Chen Xiaobei admitted, " "I've already formed a deep enmity with heaven dominating sect! if I don't die, then heaven dominating sect will be destroyed! The Vermillion Bird chapter will naturally be destroyed!"

this ... Shi tuqiang gasped. He was so nervous that he couldn't take it anymore.

At the same time, many of the audience watching the live broadcast were disciples of the Vermillion Bird branch.

After hearing Chen Xiaobei's words, this group of disciples started to get nervous.

one had to know that the current situation was already very bad for heaven dominating sect!

First of all, the Black Tortoise and white Tiger branches had been completely destroyed!

Secondly, the core elders of heaven dominating faction were all in the spirit congealing immortal abode and were all killed by Chen Xiaobei!

More importantly, even the sect head, beiming Wuji, had been completely lost in contact!

under such a situation, heaven dominating sect could be said to be in danger! As long as the disciples were not fools, they would definitely consider their own future.

Bro bei! I'm a disciple of the Vermillion Bird branch! But I'm also your loyal fan! I beg you to give me a way out!

Bro bei! Please let him go! I am still young and I don't want to be buried with heaven dominating sect!

Bro bei! we are just normal disciples of heaven dominating faction, we have no enmity with you! Please don't make things difficult for us!

All of a sudden, there were many messages begging for mercy in the audience's comments.

"Everyone, don't panic!"

"Those who have watched my live broadcast will know that I'm not someone who kills innocent people! The White Tiger and black Tortoise branches are the best examples!"

"Everyone only needs to do three things!" one, destroy heaven dominating faction's token! second, burn heaven dominating faction's clothing! three, tear down heaven dominating sect's branch! Do these three things and we'll leave heaven dominating faction. I promise I won't make things difficult for you!"

No problem! We'll do it immediately! Destroy the Vermillion Bird branch now! To show bro bei his determination!

I've registered for old Wang's live stream account, so I can stream the scene at the Vermillion Bird branch Live!

Hurry up! Everyone immediately got into action! Bro bei gave us a chance to live, we must cherish it!

In this situation, Chen Xiaobei's words were more effective than an imperial edict. The disciples of the Vermillion Bird branch immediately started to rebel!

Shi tuqiang hurriedly took out his phone and opened the livestream app. His face instantly turned green, "F * ck! This group of bastards! They really started to disassemble the rudder ... It was destroyed! It's all ruined ..."

at the same time, all the core members of heaven dominating faction in the hall looked like their fathers had died.

"Crack! Crack ..."

seeing that the Vermillion Bird division had lost, the young core disciples all took out their sect tokens and crushed them. They also took out heaven dominating faction uniforms and tore them.

"Bro bei! we will also leave heaven dominating sect! "Please let us go ..." These core disciples weren't stupid. They naturally knew what to choose.

"No problem! If you are obedient, I will not make things difficult for you!" let's go! Chen Xiaobei smiled. go back to your own homes and find your own mothers!

As soon as these words were spoken, those core disciples felt as if they had been granted Amnesty and slipped out of the banquet hall as if their feet were oiled.

thus, heaven dominating faction's Vermillion Bird branch only had Shi tuqiang, two vice-leaders, and seven core elders left!

"Bro ... Bro bei! I'm also willing to leave heaven dominating sect ... Shi tuqiang swallowed his saliva and quickly took out the sect token, crushing it.

The other nine did not hesitate. They followed Shi tuqiang and immediately took out their tokens and crushed them!

At this point, the Vermillion Bird branch was completely destroyed!

no! Chen Xiaobei shook his head. the ten of you can't leave! as core members of the Vermillion Bird division, you are all loyal to heaven dominating faction! I dare say that you're just putting on an act for me now, but the moment you turn around, you'll be my enemy again!"

we don't dare ... We don't dare ... Shi tuqiang and the other nine people all wailed. even if we have 10000 guts, we still wouldn't dare to go against bro bei again ... Please spare our lives ...

stop wailing. I won't believe you! Chen Xiaobei took out the verdant Emperor's divine gourd and said, "of course, I can give you the only way out, and that is to enter the immortal astral space!

After that, Chen Xiaobei activated the verdant Emperor's divine gourd's special ability!

"We want to live ... We want to live ..."

Shi tuqiang and the other nine people were afraid of death. They did not resist and were willing to listen to Chen Xiaobei's orders.

Thus, they were all taken into the verdant Emperor's divine gourd!

"Heavens! That gourd is too magical ... It took in leader Shi and the others in an instant ..."

Seeing this, the MU family members were all stunned. They had never seen such a magical treasure before!

"Don't be so excited!" of course! Chen Xiaobei smiled. underaged members of the MU family can leave the banquet hall! The rest of you will also enter the immortal astral space!"

"Chen Zhufeng! I'm ... I'm warning you! Don't mess around!"

Mu Xiaohe swallowed his saliva and nervously said, " "This is the Vermillion Bird Palace! I have a five-star earth-god level array under my control! How dare you threaten my Mu family! I ... I'm going to kill him!"

"Five-star earth-god level?" "I'm so scared!" Chen Xiaobei laughed.

"Woof! Buzzzzzz! Buzzzzzz! Whoosh!"

The next moment, Chen Xiaobei summoned the four demonic swords. They hovered in the air, glowing with spiritual light and exuding a terrifying demonic aura!

"This ... This, this, this ..."

The hearts of the MU family members trembled as they were instantly intimidated by the demonic sword's might.

"I have four five-star earth-god instruments here!"

Chen Xiaobei raised his eyebrows and said, " "Is this enough for you to be obedient?"

"It's enough ..."

The MU family members were so scared that they almost peed their pants. They nodded their heads like chickens pecking at rice.

[Red Envelope Group of the Three Realms](#)

Chapter 2196: The Vermilion Bird Treasure Vault

Through his previous livestreams, Chen Xiaobei had gained a high reputation and prestige in apocalypse Starfield!

Almost everyone knew that Chen Xiaobei was a man of his word, and he would never joke around with his enemies!

If the MU family did not back down, Chen Xiaobei would definitely use the four demonic swords to cut them down!

The audience knew Chen Xiaobei, and as his enemies, the MU family knew him even better. Even if they had a hundred million guts, they would not dare to show off in front of Chen Xiaobei!

"Everyone ... Everyone will listen to bro bei! Those who aren't of age or have no power, leave the banquet hall! Hurry up! Don't dawdle ..."

Mu Xiaohe immediately ordered the younger generation of the MU family to leave.

Thus, only mu Xiaohe, the revered King of Vermillion Bird, and the core members of the MU family were left in the banquet hall!

I suddenly changed my mind, you people don't need to enter the immortal astral space!

Chen Xiaobei raised his eyebrows and said calmly.

The core members of the MU family, on the other hand, knelt on the ground and kowtowed to Chen Xiaobei as if they had been electrocuted.

"Bro bei, please spare me! Bro bei, please have mercy ... We don't want to die ... Let us enter the immortal astral space ... We don't want to die yet ... Please ..."

The core members of the MU family thought that Chen Xiaobei would kill them if he refused to accept them.

Their eyes widened in shock and their bodies trembled violently. Their limbs turned cold and they broke out in cold sweat like raindrops! Where was the dignity of an aristocrat?

"Stop howling! I didn't say I was going to kill you!"

Chen Xiaobei took out a dozen heavenly dog biscuits from his infinite space ring and said, "One piece for each of you. After you eat it, you won't have to die!"

This was all the low-level heavenly dog biscuit that Chen Xiaobei had, and it was just enough to control the core members of the MU family.

Chen Xiaobei's goal was to control the Vermilion Bird continent.

Chen Xiaobei could not do this alone!

After all, the Vermillion Bird royal family had ruled the Vermillion Bird continent for tens of millions of years. They had a strong foundation and many connections!

Chen Xiaobei did not have the time to get rid of the MU family's allies!

As the saying goes, if you cut the grass and don't remove the roots, it will grow again when the spring breeze blows! These potential variables could all brew an immeasurable crisis!

More importantly, the people of the Vermillion Bird continent had not dispersed!

Those who win the hearts of the people will win the World!

Back on The White Tiger continent, Chen Xiaobei had passed through many rounds of selection and became the revered King of The White Tiger, acknowledged by the elders and the people!

It was because of this that Chen Xiaobei was able to convince the entire White Tiger continent, as well as song Qincheng and Jiang Ziya!

The situation in the Black Tortoise continent was completely different because Chen Xiaobei could not gather the people of the Black Tortoise continent! He could only let the Xia family continue to control the Black Tortoise continent!

By the same logic, Chen Xiaobei would not be able to win over the hearts of the billions of people on the Vermillion Bird continent in a short period of time!

That was why the best way for Chen Xiaobei to control the Vermilion Bird continent was to control the core members of the MU family!

If the MU family continued to control the Vermilion Bird continent, the continent would be stable and prosperous, and the lives of the people would not be affected!

This way, Chen Xiaobei only needed to control the MU family from behind the scenes to achieve his goal of controlling the Vermilion Bird continent!

There was no doubt that this was a good way to avoid bloodshed!

"Eat ... We'll eat ..."

Looking at the four demonic swords, all the core members of the MU family, including mu Xiaohe, knew that they were no match for Chen Xiaobei.

Since Chen Xiaobei had everything under his control, he naturally had control over their life and death!

The only way to live was to do as Chen Xiaobei said!

Therefore, mu Xiaohe took the lead, and the dozen or so core members of the MU family all ate the heavenly dog food!

There were no outsiders at the scene, and the master recognition process was very smooth!

In just two minutes, all of these high-status and powerful aristocrats had become Chen Xiaobei's loyal dogs!

"Master, what other arrangements do you have next? We'll do our best to get it done!"

Mu Xiaohe and the innumerable tribulation aristocrats all stood up and bowed respectfully, awaiting their orders!

"First of all! Cut off all the teleportation arrays connecting the Vermillion Bird continent and the Azure Dragon continent!"

Chen Xiaobei ordered, " next, announce to the world that the Vermillion Bird continent has formed an alliance with The White Tiger and the Black Tortoise. They have broken off their relationship with heaven dominating faction!

"Finally, the MU family will continue to rule the Vermilion Bird continent! Let all the people live and work in peace, and not be affected in any way by this matter!"

Everyone from the MU family was naturally surprised and overjoyed!

They had thought that Chen Xiaobei would send them on a dangerous mission.

They didn't think that they would still be able to hold the power and continue to be the Vermillion Bird royal family if they maintained the status quo!

It was great news for the MU family!

Although these core members had become Chen Xiaobei's loyal dogs, they were still very lucky compared to the core members of Green Dragon's Jiang family who had been annihilated!

Once this news spread, the entire Mu family would be grateful to Chen Xiaobei for his generosity!

Just like that, in less than half an hour, Chen Xiaobei had become the one who controlled the entire Vermillion Bird continent!

Even though Chen Xiaobei was not a Royal, he could command them with just one word!

This was the absolute control!

.....

After the orders were given, mu Xiaohe would naturally communicate with song Qincheng and elder Xia and announce the Alliance.

With nothing to worry about, Chen Xiaobei took the verdant Emperor's divine gourd and headed to the heaven dominating faction's Vermillion Bird branch.

At this moment, the branch had already been destroyed and turned into ruins!

However, the branch's Treasury was still there!

The Vermillion Bird Royal City had a Treasury too, but the MU family still had to manage the entire continent. Their Treasury could not be empty, so Chen Xiaobei did not even think about it!

But! Chen Xiaobei was not going to show mercy to the treasure vault of the Vermillion Bird branch!

It had to be cleared!

Chen Xiaobei held the verdant Emperor's divine gourd in his hand and could communicate with Shi tuqiang.

After asking for the location of the Treasury, he made Shi tuqiang hand over the key.

Chen Xiaobei opened the door to the Treasury!

this Treasury is almost the same as the two branches of The White Tiger and the Black Tortoise. They are basically recycled goods. The most important things are the few treasure chests in the deepest part!

Chen Xiaobei understood the situation very well.

There were a lot of things outside the vault, but they were not of high grade. Chen Xiaobei did not even bother to look at them. He took out the heaven and earth furnace and started to stuff them in!

They were all melted down, leaving nothing behind!

And in the deepest part of the treasure vault, there were indeed five treasure chests!

"In the previous two treasure vaults, I found the materials to repair the infinite soul ring, and I also found the remnant volume of the" ten thousand beast Star Battle technique "!"

what kind of surprise will there be in these five treasure chests? " Chen Xiaobei asked, his face full of anticipation.

[Red Envelope Group of the Three Realms](#)

Chapter 2197: Evil Bone Demon Race

"Let's take a look at the first treasure chest!"

Chen Xiaobei walked over and opened the first chest. He looked at it and said disappointedly, " a two-star earth-god spiritual medicine is not of much use to me. I'll just melt it down!

The furnace of heaven and earth turned into a small black bowl and floated above Chen Xiaobei's palm.

Chen Xiaobei threw the earth-god medicine into the heaven and earth furnace.

The second and third treasure chests contained two three-star earth-god grade materials. Although they were rare, Chen Xiaobei had no use for them. So, he just melted them.

there are two treasure chests left in the middle. There should be some good treasures, right? don't disappoint me!

Chen Xiaobei opened one of the treasure chests nervously.

There was only a storage bracelet in the chest and nothing else.

"What is this? Why is he using a storage bracelet to store it?"

Chen Xiaobei picked up the storage bracelet and was shocked. "Heavens! There are five trillion low-grade spiritual stones, 300 million medium-grade spiritual stones, and 20000 high-grade spiritual stones!"

"No wonder I didn't find any spirit stones just now. They were all stored here! It's no wonder. With so many spirit stones, if they were piled outside, they would probably take up half the space in the Treasury!"

"I didn't expect this fatty Shi tuqiang to be so good at making money!" Chen Xiaobei said excitedly. That's a total of 100000 upper spiritual stones!"

"I only have 330000 upper spiritual stones! This is equivalent to one-third of my wealth, and now it's all in my pocket. This is simply too great! Hahaha ..."

Chen Xiaobei was overjoyed. I'm planning to use the spirit stones to cultivate. This is what I need the most!

Chen Xiaobei's Treasury was now filled with 430000 superior-grade spiritual stones!

Such a huge amount of wealth was definitely enough to rival a country in apocalypse Starfield!

Even the Treasury of the four royal cities could not compete with Chen Xiaobei's wealth!

"There's one last treasure chest left! Please help!"

Chen Xiaobei rubbed his hands together and opened the last treasure chest expectantly.

"What ... What is this ..."

Chen Xiaobei's face was filled with surprise!

Inside the treasure chest was a strange-looking skull!

It had the shape of a human head, but it had sharp fangs!

It even had bull-like horns on its head!

Its lower jaw was covered with sharp and exaggerated blood-colored bone spikes!

The main point was that the skeleton was exuding a fierce and threatening pressure from the inside out. It was as if it was a demonic creature with an awe-inspiring evil aura!

this skull ... Seems to be the otherworldly demon of the spirit condensation immortal abode!?

Chen Xiaobei said with certainty, "The horn of the barbaric bull! Blood bone spur! There was also this demonic and evil aura! There was no mistake! This skull belongs to those otherworldly demons!"

In order to save the people in the spirit congealing celestial abode, Chen Xiaobei had opened the Sumeru mustard seed dimensional space of the spirit congealing fairy!

From that space, 9999 heavenly demons and evil ghosts rushed out!

Judging from its appearance, the skeleton in front of him should be the head of the group of heavenly demons and evil ghosts!

"This means that those heavenly demons and evil ghosts are not evil ghosts transformed from human souls! When they were alive, they were monsters like this!"

Chen Xiaobei calmed himself down and said, "To be precise, they should be a branch of the demon race! They turned into evil spirits after they died!"

"Chi ..."

Chen Xiaobei quickly released the infinite soul ring and summoned the four demon kings.

"The four of you, take a look. What mystery is hidden in this skull?" Chen Xiaobei ordered.

"Yes, sir!"

The four great demon kings immediately focused their gazes on him.

With just one look, Fantasy Gold Emperor shouted, "They're members of the evil bone demon race! In terms of rank, their race is much more powerful than our limitless demon race!"

"Yeah!" The spiritual Flame King was confused. The evil bone demons aren't weak at all, and they're doing pretty well in the demon world. Why are they in the human world?"

looking at those sharp horns, they should be the legendary 'rotten bone Berserker'!

they're extremely powerful, " the fiendish water King said. one 'evil bone Berserker' can take on three limitless demon race members of the same realm!

Chen Xiaobei nodded and said, " "I've seen 9999 evil bone ghosts! Every one of them had the combat strength of a five-star earth-god! It's clear that they must have been super powerful warriors when they were alive!"

nine thousand nine hundred and ninety-nine!? "What?" wildthunder King was shocked, "this power is too terrifying!" The four demon kings were only one-star earth-level deities! The difference is too great!"

it's a pity that the infinite soul ring is damaged, " the spirit Flame King said. otherwise, master could have subdued them! This was equivalent to having a powerful Army! I can't say for sure about other things, but it's more than enough to suppress apocalypse Starfield!"

"Yeah ... It's a bit of a pity!"

Chen Xiaobei sighed. to tame them, one's infinite soul ring has to be at least a six-star earth-god level. But it's only two-star now. It's still too far away!

the point is that to repair the infinite soul ring, other than the spiritual aura of heaven and earth, special materials are required. It's impossible to gather them in a short time!

"It doesn't matter!"

"Evil spirits won't die!" Spirit Flame King said. Master, you can slowly repair the infinite soul ring, and you'll be able to subdue them sooner or later!"

"I'm afraid I won't have the chance ..."

no! Chen Xiaobei shook his head. the battle at that time tore open a crack in space, and those evil spirits were sent to an unknown place by the chaotic flow of space! Even if I repair the infinite soul ring, I won't be able to find them ..."

this ... There's really no other way ... the four great demon kings sighed helplessly.

"I should study this skull!"

this is the Vermillion Bird branch's Treasury! If it was just a normal skull, there would be no need to put it here! Chen Xiaobei said.

"Master! Can you try and see if it has spirituality?"

After observing for a while, he said, " this 'evil bone demon' is very special. The bone armor is an excellent material for forging demonic artifacts. Perhaps this is also a demonic artifact!

"Good! Let me see!"

Chen Xiaobei immediately placed his hand on the skull of the skeleton and released his spirituality. He immediately received a response.

"Chi ..."

With a wave of spiritual fluctuation, the huge skull actually glowed with a blood-colored spiritual light.

In the spiritual light, rows of demon race words appeared.

"It's indeed a magic tool! 'But, I don't know any of these words ...' Chen Xiaobei frowned.

"These are the runes of the 'evil bone demon race'!"

yes! the four demon kings said, " there is a magical formation hidden in this skull, but we can't be sure what it is exactly! If only the Holy maiden was here. She does have some knowledge of foreign races
"runes!"

Ding Ling Ling Ling

Chen Xiaobei's phone rang.

It was actually from beiming Wuji!

[Red Envelope Group of the Three Realms](#)

Chapter 2198: The Endless Dead Sea

"Bro bei! I'm really sorry, there's a situation here. I only saw your text message today!"

The call connected and beiming Wuji's voice came through.

After Chen Xiaobei had lost his phone, he immediately gave beiming Wuji a new number.

ten days have passed in the blink of an eye. You only called when you showed up. Are you in big trouble? " Chen asked.

"I've indeed encountered some trouble!"

Beiming Wuji said,"I was sent to one of the seven forbidden areas in the earth immortal world, the 'endless Dead Sea'. Although I'm only at the outer region, it's still very dangerous!" I was really lucky to be able to escape ..."

"It's actually that dangerous?"

you're already a one-star earth-god! Chen Xiaobei said. you spent ten days in the outermost area and got lucky to escape? If it is the core of the endless Dead Sea, how dangerous would it be?"

Beiming Wuji replied seriously, "the seven forbidden grounds of the earth-god Realm!" The reason why it's called a forbidden area is that even a peak earth level deity would have a slim chance of survival!"

Chen Xiaobei was taken aback. "According to what you said, there are celestial immortal level dangers hidden in the seven forbidden areas?"

"Yes, I am!"

"The seven forbidden grounds are the scariest places in the earth immortal world. The mention of those seven places can even make the children in the earth immortal world cry!" Adults are absolutely forbidden to step foot. They don't even dare to get close, let alone go in!"

that's right! Chen Xiaobei nodded. based on what you've said, those seven places are really dangerous. It was not easy to escape from them!

"Isn't that so?"

Beiming Wuji said, "I was lucky that I didn't get targeted by any demonic beasts!" That Tian Peng is really unlucky. He's being chased by a six-star earth-god demonic winged tiger shark. I'm afraid he can't escape!"

"What? Second senior brother was also sent to the endless Dead Sea by the chaotic space currents?"

"Go back and check if he's still alive!" Chen Xiaobei exclaimed. Help me protect him! I can't let anything happen to him!"

this ... beiming Wuji was dumbfounded, " I'm just a one-star earth-god and I can't even protect myself. How can I protect Mr. Tianpeng? "

Chen Xiaobei composed himself and said, " "Tell me immediately! Where was the endless Dead Sea? I'll charge over immediately! We must protect second senior brother!"

Obviously, Chen Xiaobei was still thinking about his friendship with second Shixiong. He had already made up his mind to help second Shixiong get back his kindness!

The winter solstice was just around the corner. If second Shixiong died just like that, Chen Xiaobei would regret it for the rest of his life!

Don't forget! The King of Hell had already said that the list of Yin ghosts had been confirmed!

Those who died now couldn't be on the list, so they couldn't be exchanged for a rebirth at the earth immortal realm! He had to wait until the immeasurable catastrophe was over before he would have a chance!

However, the measureless cataclysm was too unpredictable. No one could guarantee what terrifying things would happen!

Perhaps, before the cultivation tribulation was over, second brother's soul would have been scattered, which meant that he had completely disappeared!

"Bro bei! Don't worry!"

Just as Chen Xiaobei was worrying, Beiming Wuji sent him a piece of good news, "I see Mr. Canopy! He has walked out of the endless Dead Sea!"

how ... How is this possible?!

second senior brother only has a six-star earth-god instrument that the Jiang family lent him. Even if it's full of spiritual Qi, it can only use ten moves! Against a six-star earth-god demonic beast, you will lose after ten moves!"

"No! Mr. Canopy seems to be holding a new weapon ..."

Beiming Wuji hesitated for a few seconds and said, "I was quite far away, so I don't know if I saw it clearly ... It looked like a ... Uh ... Rake!"

"A rake? A nine-toothed rake?"

Chen Xiaobei was shocked, but he quickly understood. "I know! Second senior brother must have contacted Shen Gongbao at the critical moment and he sent the nine-toothed rake over!"

"Bro bei? What are you talking about? "I don't understand ..." Beiming Wuji was even more confused.

"Alright! I'm fine now!"

run! Chen Xiaobei ordered. go and spy on second Shixiong! If there's any news, let me know!

I'm friends with Mister canopy, it shouldn't be hard for me to be a spy ... beiming Wuji paused and said, "but, what if he asks me where my storage bracelet is?"

"Isn't that simple?" "Just say that you lost it in the spatial turbulence!" It just so happens that I've used your raging waves heaven splitting saber in front of Jiang haoxuan. You won't be exposed if you say that!"

"Good! I understand now! I'll go catch up with Mr. Canopy immediately!" Beiming Wuji answered and hung up.

Chen Xiaobei put away his phone and heaved a sigh of relief. "With the nine-toothed rake, second senior brother won't be in any danger! Later on, we will work together with beiming Wuji to capture second senior brother. Once the winter solstice arrives, we will be able to help second senior brother recover!"

"It seems that Shen Gongbao is really giving me a big gift!"

"The nine-toothed rake is an extraordinary divine weapon!" Chen Xiaobei grinned. Full name, superior treasure golden rake!"

"Taishang Laojun personally forged it with the divine ice iron, and then asked the Five Emperors and the nine Heavens Thunder God, puhua heavenly venerate, to forge it with the strength of six ding and six Jia! In terms of grade, the nine-toothed rake is even better than Monkey King's golden-hooped rod!"

"As long as I can restore second senior's kindness! "Second senior brother will become one of my own, and I can use this nine-toothed rake!" This is definitely a powerful force!"

After some thought, Chen Xiaobei said, "Of course, Shen Gongbao would never let a divine weapon come to the human world! The power of the nine-toothed rake was most likely sealed, and it was unable to unleash the might of a divine weapon! However, this is a story for the future!"

Chen Xiaobei calmed himself down and said with a determined look, "The most important thing now is to increase my cultivation and get rid of Jiang haoxuan!"

.....

Chen Xiaobei put away his phone, infinite soul ring, and the nefarious bone skeleton, then left the Vermilion Bird branch's Treasury and returned to The White Tiger Royal City.

Bei Xuan faction.

In Chen Xiaobei's own room.

"There's nothing much to do now. We just have to wait for tu tiedan to find Jiang haoxuan! During this time, I can cultivate in peace!"

Chen Xiaobei took out the verdant Emperor's divine gourd and placed it on the table. "The lifespan of 10 enemies is enough for me to use the sunlight cache to my heart's content! Hehehe ..."

[beiming Wuji has sent you a message!]

"Eh? It hasn't even been an hour since I came back from Vermillion Bird, and darknorth Wuji already has news of me?"

beiming Wuji is definitely with Tian Peng. He sent me a message even if he was discovered. This must be very important! And it's from the canopy great country!"

Beiming Wuji: Tian Peng said that he had just seen the heavenly demons and evil ghosts in the spirit condensing immortal abode!

[Red Envelope Group of the Three Realms](#)

Chapter 2199: Lack Of Spirit Stones

"What the f * ck! It can't be!"

Chen Xiaobei was stunned when he saw the message on his phone. "I was just regretting that I couldn't subdue those 9999 heavenly demons and evil ghosts! I didn't expect them to be teleported to the endless Dead Sea!"

After all, those demons and devils were the most powerful Berserkers of the evil bone demons!

Every evil spirit had the combat strength of a five-star earth-god!

The point was that they even knew how to use high-level battle formations to form the sky demon image, which could release the power of an eight-star earth-god!

If Chen Xiaobei could get his hands on this power, he would become one of the leaders in the earth-god Realm! Even if it wasn't the best, it could definitely be ranked among the top!

Of course, this was a story for later!

"Now is not the time to be happy! Even though he knew the location of the evil bone ghosts, the infinite soul ring was not enough to subdue them! The point is, I'm not strong enough to enter the endless Dead Sea!"

"I still have a long way to go before I can subdue these evil bone ghosts!" There's no use in thinking too much, increasing your strength is the most important thing!"

Chen Xiaobei then entered the verdant Emperor's divine gourd!

"Sect leader Chen is here ... Greetings, sect leader Chen ..."

Shi tuqiang and the other nine core elders were all in the verdant Emperor's divine gourd. When they saw Chen Xiaobei, they were as respectful as if they were seeing their grandfather.

I've spared your lives! Now, it's your turn to do something for me! Chen Xiaobei said.

Shi tuqiang and the others didn't dare to hesitate and nodded their heads vigorously. "Sect leader Chen, what are your orders? As long as you don't kill us, we'll do anything you want ..."

"Alright, hand over all your storage bracelets first!" Chen Xiaobei said.

hand ... We'll hand it over ... Shi tuqiang and the others were heartbroken, but compared to their lives, these worldly possessions were not that important.

Ten storage bracelets were handed over to Chen Xiaobei.

Chen Xiaobei took out all his spiritual stones and transferred them into his infinite space ring. It was a total of 20000 high-grade spiritual stones.

This brought Chen Xiaobei's wealth to 450000 high-grade spiritual stones.

As for the remaining items in the ten storage bracelets, Chen Xiaobei did not care about them at all. He threw them into the heaven and earth furnace to be refined!

After putting away the heaven and earth furnace, Chen Xiaobei took out the sunlight cache and a huge amount of spiritual stones!

"Faction leader Chen ... What are you doing?" Shi tuqiang and the others were dumbfounded. They could not understand what Chen Xiaobei was asking them to do.

"Come out and activate the special ability of this magic treasure!" Chen Xiaobei pointed at one of the core elders and ordered.

yes ... the man was a little nervous, but he didn't dare to disobey. He took the sunlight cache and tried to activate his special ability.

"Chi ..."

At the same time, Chen Xiaobei took out the demonic Crow King from his infinite Beast Ring!

This huge demonic beast had already reached the three-star earth-god level and was very powerful!

Chen Xiaobei was about to enter a state of cultivation. With the demonic Crow King around, Shi tuqiang and the others would not dare to make any moves.

"What ... What a terrifying magical beast ..."

Sure enough, as soon as The Raven King appeared, Shi tuqiang and the others sucked in a breath of cold air. Like a group of frightened ducklings, they shrank their necks and didn't even dare to breathe!

"Chi ..."

Then, the core elder directly activated the sunlight cache!

The light of his special ability enveloped him, and within the range of the light, time would flow faster!

"Alright! Just keep this up until I tell you to stop!" Chen Xiaobei ordered.

"Don't worry, sect leader Chen! I will definitely do such a simple thing well! If you don't stop, I won't stop!" The core elder didn't feel any discomfort, so he naturally nodded and agreed.

[ding Yingying's cultivation base: six fire spirit-refining, lifespan: [year 6032, physique: 4000000, combat power: 4000000!

Chen Xiaobei knew how long this person's lifespan would be with just a glance of his netherspirit battlescouter!

Since Chen Xiaobei had promised to spare his life, he would give him a little bit of his life. Of course, as an enemy, Chen Xiaobei would not give him any more!

.....

Soon, an hour had passed.

"Hmm ... You can stop now!"

After that, Chen Xiaobei slowly opened his eyes and stopped cultivating.

One hour was equivalent to 60 minutes, and every minute would consume 100 years of lifespan!

After this incident, the core elder's life span was reduced to only a fraction of thirty-two years!

This guy didn't notice it at all and asked with a smile, "Sect leader Chen! I've done what you asked me to do, can you let me go now?"

"Sure, just wait a little longer and I'll let you go!" Chen Xiaobei smiled.

"Thank you, sect leader Chen! thank you so much ... the core elder was overjoyed. He did not expect Chen Xiaobei to let him go so easily!

Seeing this, Shi tuqiang and the others were also very excited. They even suspected that Chen Xiaobei was an idiot. If they let them go so easily, why did they capture them? Is this a joke?

However, they would never have thought that even though Chen Xiaobei had let them go, they did not have many years left to live!

Chen Xiaobei stopped his cultivation and thought to himself, " as my cultivation level increases, my consumption of spiritual energy also increases!

"Cultivating for 60 minutes is equivalent to 60 days, which is equivalent to 1440 hours! Two hundred upper spiritual stones per hour! The total cost is 288000 upper spiritual stones!"

"My wealth has been reduced to 162000 upper spiritual stones! The consumption was too huge! No wonder it's harder to improve the higher one's cultivation!"

[ding Yingying's cultivation base: six fire spirit-refining, lifespan: 6000 years, physique: 5900000, combat power: 4076000!

The netherspirit battlescouter immediately gave him the latest information.

Chen Xiaobei was finally comforted. "Although the consumption of spirit stones is huge, the increase in combat power is also very obvious! For 1,440 hours, 100 points of combat power will be increased every hour!"

"A total of 144000 combat power! With the help of the level-three heavenly path cultivation Halo, my combat power has increased by 576000!"

"My cultivation level has been directly raised to the six fires spirit-refining realm! Moreover, his lifespan had increased by 1400 points! Thinking about it, it's still pretty cool!"

as long as I have enough spiritual stones, I can use the lifespan of Shi tuqiang and the others to break through to the nine flames God-refining realm!

Chen Xiaobei was overjoyed.

If others wanted to reach the nine flames God-refining stage, they would need at least a hundred years, or even a few hundred years.

But for Chen Xiaobei, it was only a matter of a few hundred minutes!

Of course, that was if Chen Xiaobei had enough spiritual stones!

now that my cultivation level has increased, my consumption of spiritual energy is even greater. Spiritual stones have become a scarce resource!

Chen Xiaobei furrowed his brows and thought to himself, " "If only I could find a fat sheep for me to slaughter! But ... Who should I kill?"

Chapter 2200: Meeting An Acquaintance

"Why don't I go to heaven dominating sect's Treasury again? The key to the treasure vault is in my hands anyway ..."

Chen Xiaobei shook his head and said, " "No! I've just taken control of the Vermillion Bird continent, so the enemies will definitely be nervous! this was the time when heaven dominating faction's defense was the tightest! They might have already formed the "heaven shrouding formation" and are waiting for me to walk into their trap!"

Don't forget, the heaven shadowing array was a nine-star earth-god level array! in heaven dominating faction, he could unleash the terrifying power of a peak earth level deity!

Right now, Chen Xiaobei did not have the strength to fight against this formation!

"Since the enemy knows I'm in apocalypse Starfield! Then I'll just return to the earthly calamity star sea! Let's try our luck and see if there's any fat sheep to slaughter!"

Chen Xiaobei grinned and decided to return to the astral Sea!

He was leading the enemy by the nose! He was walking the enemy like a dog!

There were still nine days before the winter solstice. Chen Xiaobei could not waste any more time. He had to find a way to become stronger!

There were many mysterious no man's land in the earthly calamity Star Ocean. Chen Xiaobei should be able to get something good in these nine days!

Actions speak louder than words! Chen Xiaobei immediately took out the returning bracelet!

After passing through the portal, Chen Xiaobei was back in the cave he came from!

He changed into an ordinary black outfit!

He put on a brand new human skin mask!

Then, he stepped on the old and black flying sword!

Chen Xiaobei left the cave quietly.

Chen Xiaobei was not familiar with the environment outside the cave. After all, he was brought here by tie dan tu after he was seriously injured.

I have to find a place with people first, then I'll have a chance to earn spiritual stones ...

Chen Xiaobei flew high up in the sky and looked around.

All he saw was a forest that stretched on endlessly in all directions, and he couldn't see any signs of human habitation at all.

"Old tu, that idiot, he's hiding too far away from Jiang haoxuan! We can't even see the central main city now ..."

Chen Xiaobei frowned. I'm not familiar with this place. Where should I go? " If we go in the wrong direction, we'll just be wasting time!"

"Woof! Buzzzzzz! Yi ..."

Just as Chen Xiaobei was having a headache, nine figures suddenly appeared from the forest below.

All nine of them had their hair tied up neatly and were dressed in Daoist robes. They should be fellow disciples from the same sect.

Moreover, these nine people were all standing on flying swords and flying in the air. It could be seen that their sect's Foundation was not bad. Even if they were not the best, they could be considered first-class!

If it was an ordinary sect, they would not be able to take out so many flying swords at all, and they were even given to their disciples to use!

Of course, this was not the main point!

More importantly, Chen Xiaobei knew the leader of the nine!

This person had fair skin and was a chubby young man!

He was standing on a two-meter long and palm-wide giant sword!

That's right! He was the first person Chen Xiaobei met when he first arrived in the astral Sea, Zheng Daqian!

This guy was not Chen Xiaobei's friend, but he was not his enemy either.

When they first met, Zheng Daqian wanted to trade his flying sword for Chen Xiaobei's somersault cloud.

Compared to Jiang Minkun, who wanted to kill him and rob him of his treasures, Zheng Daqian was considered very kind.

That was why Chen Xiaobei felt that he could still get along with this person, so he flew over.

Coincidentally, Zheng Daqian and the others were also flying toward Chen Xiaobei.

Zheng Daqian could not tell that Chen Xiaobei had changed his mask. He asked politely, " little brother, did you see a white snow-feathered eagle flying past just now? "

I didn't see him ... Chen Xiaobei shook his head.

this is bad ... My master was just missing the snow Eagle's bone marrow to make the 'iron bone body strengthening pill'. We searched for ten days before we found one. I didn't expect it to run away ...

Zheng Daqian's brows furrowed and he said anxiously, " "The small Cold Moon Palace has already paid the deposit, and they will come to collect the pills in three months! If master can't hand over the pills on time, Hua Hanyue won't let it go ..."

As soon as he said that, the surrounding people frowned and their faces were full of worry.

that's right ... Hua Hanyue is a terrifying woman. Whoever offends her will be skinned alive ...

"Isn't it? This woman has the guts to make an enemy out of the Grand Cloud Palace. In the earthly calamity star sea, is there anything she doesn't dare to do?"

"Don't talk nonsense! Hurry up and find the snow feathered Eagle! This time, all nine of US Core disciples have gone out. If we fail this mission, how can we keep a foothold in front of our junior brothers and sisters?"

After saying that, the nine of them were about to leave and continue their search in the forest.

"Everyone! Wait a minute!"

Chen Xiaobei stopped them and asked, " "What are the effects of the 'iron bone body strengthening pill' that you guys are talking about? is it very difficult to make?"

"No way! You've actually never heard of our Green Lotus sect's 'iron bone body strengthening pill'? " Zheng Daqian and the others looked at Chen Xiaobei as if he was an idiot.

uh ... I'm new here. I've never heard of it before. Can you introduce it to me? " Chen Xiaobei said.

"Our Green Lotus Daoist sect is famous for our pill Dao! My master is as righteous as a true person and is a famous alchemy Grandmaster in the second level of the star sea!"

this 'iron bone body strengthening pill' is a type of supplementary pill, " Zheng Daqian said seriously. it can help young people with lower cultivation speed up their body-tempering!

"Speed up the body refining?" Chen Xiaobei's interest was piqued.

"That's right!"

Zheng Daqian said proudly, " as long as the sects in the second level of the starry sea recruit new disciples, they will definitely come to us to buy the 'iron bone body strengthening pill'. Sometimes, it's even hard to get one pill. No matter how big the force is, they have to line up obediently!

Chen Xiaobei's interest was immediately swept away. since it can only be used by new disciples with low cultivation, it means that this pill is of low quality!

that's right. The level isn't high. Otherwise, it wouldn't have been possible to refine it in three months! Zheng Daqian nodded and said.

Chen Xiaobei felt like laughing.

The alchemy techniques in the human world were simply too backward! It took three months to refine such a low-level elixir!

If he asked The Alchemist in the human world to refine the heavenly dog biscuit or the Taiyi Yuan supporting pill, wouldn't it take three years? Or even 30 years?

Chen Xiaobei saw through her but did not say anything. He smiled and said, " "I have a way to help you quickly refine the 'iron bone body strengthening pill'. However, I want some benefits!"

"You? Don't joke around! We don't have time to waste on you!" Zheng Daqian and the others frowned slightly, not believing him at all.

"Ha, looking down on me?"

Chen Xiaobei raised his brows and smiled evilly. "As long as you can afford the spiritual stones, I can guarantee that within three days, Hua hanyue will come and get the pills!"

Everyone was shocked by his words!
