Chapter 2211: Two Days Will Be Enough

"Woof! Buzzzzzz! Buzzzzzz! Whoosh!"

Chen Xiaobei summoned the four infinite demonic swords.

The flame burst Spirit King Sword was like a Heavenly Fire, burning and majestic!

The kui water Demon King Sword had a cold glint and was filled with killing intent!

The Furious Thunder King Sword was surrounded by lightning and was extremely violent!

The dark gold fantasy King Sword had gold Qi floating around it, giving it a demonic and evil look!

All of a sudden, the four demonic swords hovered in the air, protecting Chen Xiaobei like guards!

Under the light of the four spiritual lights, Chen Xiaobei's body glowed like a demonic god, his appearance extraordinary and unruly!

Oh my God ... Faction leader Chen ... What ... What are you doing? "

Shi tuqiang and the nine core elders shrieked like frightened chicks, not even daring to breathe!

"Master! These four long swords are simply too terrifying!"

Even The Raven King exclaimed, " "Just by looking at the spiritual fluctuations, each sword is a five-star earth-god instrument! When they were placed together, they seemed to resonate with each other and help each other increase their spirituality! Strengthen, strengthen!"

Obviously, The Raven King had already reached the three-star earth-god Realm. His vision was much more brilliant than Shi tuqiang's group, and he could already feel the deep level of power!

Of course, The Raven King was speaking in the language of beasts, so Shi tuqiang and the others couldn't understand it at all!

Chen Xiaobei did not want them to understand either.

you're right! Chen Xiaobei replied in the language of the beasts, " these four demonic swords are more powerful when they are put together than when they are separated! With the infinite sword formation, it'll be even more powerful. It'll even be able to suppress six-star earth-god instruments!"

"Oh my God!"

The demonic Crow King was even more shocked, "in the earth immortal realm, there is a huge gap between each small realm!" Especially after the five-star earth-god level, the gap was even more unbelievable! These four demonic swords can actually fight above their level. This is simply too heaven-defying!"

"Heh, skipping one level is nothing!"

four demonic swords, " Chen Xiaobei said. with the infinite sword formation and the infinite sword formation drawing, I can fight against a seven-star earth-god two levels above me!

"Two ... Two levels higher? Oh my God ... I've never seen or heard of something like this!" The devil Crow King felt that his three views had been completely refreshed, and he quickly asked, " "Where is the formation diagram?"

the formation is in the fifth level of the limitless nine-floor Pagoda. I need to reach earth-god level to open it! Of course, I still need the witch of winter by my side!"

Chen Xiaobei's cultivation had reached the eight-fire god-refining level, and he could open the third and fourth levels of the pagoda!

Unfortunately, the witch of winter and Liu xuanxin had disappeared together. Even though Chen Xiaobei had the limitless nine-floor Pagoda, he could not open it!

"I wonder how Xuan Xin is doing ..."

Chen Xiaobei furrowed his brows and was worried. "Xuan Xin, Xiao 'er, Zi Yuan, and Lin Dong, there is no news from them! Brother Yama said that she only has three months left to live, and she must have a sudden increase in her fate energy to defy the heavens and change her fate. Otherwise, she will definitely die!"

Chen Xiaobei's heart sank at the thought.

In the past, brother monkey caused a huge ruckus at the heavenly Peach Banquet and was captured alive by the Grand Supreme elderly Lord and thrown into the elixir furnace!

This was originally an unsolvable death tribulation!

However, in the elixir furnace, the Monkey King endured the crisis of life and death, devoured all the spiritual aura of the heaven and earth, and secretly ate a large number of immortal pills and divine pills. In the end, his fate energy soared and he escaped death!

"But how can Xuan Xin increase his fate energy?"

Chen Xiaobei furrowed his brows. He had no clue.

This kind of good thing, everyone hoped that it would fall on them! However, it was still a dream, but he couldn't get it!

Chen Xiaobei was willing to help Liu xuanxin change her fate at all costs, but the problem was, he had no idea how to do it!

Fear came from the unknown!

He did not even know how to work hard, and that was what made Chen Xiaobei feel the most hopeless!

"Master?"

"Aren't you going to study the sword formation?" The Raven King asked awkwardly. Why are you in a daze?"

"Ah?"

Chen Xiaobei shook his head and tried to calm himself down. "There's no way or opportunity at the moment, so it's useless no matter how much I think about it! The only thing I can do is to make myself stronger! Only the strong could achieve more! Only then can we change more things!"

Chen Xiaobei dispelled all his worries and calmed himself down, ready to learn the infinite sword formation!

Without sufficient strength, no matter how worried he was, it was useless!

At that moment, Chen Xiaobei only had one thought in his mind-to become stronger! He kept getting stronger!

At least, when Liu xuanxin needed him, Chen Xiaobei would be able to step up for her! Even if they had to fight to the death, it was better than helplessly waiting for death!

"Woof! Buzzzzzz! Buzzzzzz! Whoosh!"

Chen Xiaobei summoned the infinite soul ring and the four Demon King Dharma forms.

The four great demon kings all had the appearance of a demon! It had horns on its head, fleshy wings on its back, sharp claws on its hands and feet, and four phenomenons of water, fire, metal, and lightning around it!

He was fierce and tyrannical, and his King's Qi was overbearing. Even if he didn't move, he could still intimidate ordinary people!

"My God ... What the hell is this ..."

Seeing this, Shi tuqiang and the other nine core elders were even more shocked. They subconsciously retreated and were extremely terrified.

Even the devil Crow King was so shocked that it stood rooted to the ground, unable to speak for a long time.

"Master! You've finally gathered the four great demonic swords!" The spiritual Flame King was overjoyed.

"That's right!"

alright! Chen Xiaobei nodded and said, " now, I need you to teach me infinite sword formation! After learning it, I can kill my enemies!"

"Of course we can teach you! But the problem is that the infinite sword formation is extremely profound and difficult to learn!" Fiendwater King said.

"Yup!"

The reason why the infinite sword formation can allow you to fight above your level is because of its infinite changes! Back then, the four of us took ten years to learn the sword formation, and another ten years to master it! After that, it took a full 30 years for them to work together flawlessly!"

"And, the four of us are the top geniuses of the limitless demon race!" Fantasy Gold added. If it was an ordinary person, they would probably spend ten times the time and still be unable to execute a flawless sword formation!"

As soon as he said that, Shi tuqiang and the other nine core elders were dumbfounded. Their eyes were as wide as a bull's, and their mouths were so wide open that a fist could fit in!

The demonic Crow King was also shocked and gasped, "The top geniuses need fifty years to be able to use a perfect sword formation! This price is too great ... No wonder you can fight above your level by using the sword formation!"

While everyone was still in shock, Chen Xiaobei smiled and said, " "For me, two days is more than enough! If I can't learn it, then I lose!"

Red Envelope Group of the Three Realms

Chapter 2212: Too Lazy To Explain

two days???"

The four great demon kings were shocked! The devil Crow King was shocked! Shi tuqiang and the other nine core elders were even more shocked!

The four top geniuses had spent 50 years to perfectly execute the sword formation! Even if four ordinary people spent five hundred years, they might not be able to do it!

But Chen Xiaobei was alone, and he said that he had more than enough time for two days!

As long as one was in the right mind, they would not believe this!

Shi tuqiang and the other nine core elders were already cursing him in their hearts! Even his own people could not help but criticize Chen Xiaobei in their hearts for his braggart!

cut the crap. Let's start immediately!

Chen Xiaobei calmed himself down and said, " "Two days later, I'm going to the auction with my friends! We can't be late!"

are you really going to learn the infinite sword formation in two days?" The four great demon kings' eyes almost fell out.

"Have I been too polite to you guys? I told you to obey orders! Where did all this nonsense come from?" Chen Xiaobei's eyes narrowed, and a domineering aura was released.

"Hiss ..."

The four demon kings instantly sucked in a breath of cold air. They felt as if they had fallen into a ten-thousand-year-old ice cave. Even their spiritual bodies felt extremely cold, as if their souls were about to be frozen!

what a terrifying pressure ... The Raven King's body trembled, and his pupils shrank.

Oh my God ... It's so scary ... This pressure is even stronger than that of an earth level deity! Shi tuqiang and the other nine core elders' pupils contracted like needles. Their limbs turned cold and they broke out in a cold sweat.

The pressure had nothing to do with cultivation or age, it was only related to the strength of one's state of mind!

Chen Xiaobei's state of mind had been tempered by the many life-and-death trials in the past. It had long been strong and unparalleled!

Not long ago, in the life-risking battle in the spirit condensation immortal abode, his mental state had been strengthened again!

Even a three-star earth-god like the demonic Crow King could not withstand Chen Xiaobei's pressure!

Even though Chen Xiaobei had not fully released his aura, it was enough to intimidate everyone. His domineering aura was even stronger than that of an Emperor!

"As you command! We'll immediately teach you all the contents of the infinite sword formation!"

The four great demon kings didn't dare to say any more nonsense. They immediately and respectfully began to recite the contents of the infinite sword formation.

The reason why this sword formation could allow the four great demonic swords to fight above their level was because it contained endless mysterious changes!

Just the oral content of the four demon kings took almost a whole day!

In the beginning, The Raven King, Shi tuqiang, and the nine core elders were all listening attentively, trying to take the opportunity to learn the sword array.

However, after about half an hour, their minds started to become muddled. The more they listened, the more confused they became. They felt that the contents of the infinite sword formation were inextricable and confusing.

After about an hour, the demonic Crow King, Shi tuqiang, and the nine core elders had completely given up on the idea of learning the sword array.

The endless and mysterious changes had turned their brains into a pile of mush. They even felt like they were listening to a heavenly book. They couldn't understand it, so how could they learn it?

After giving up on studying, everyone's eyes fell on Chen Xiaobei.

Chen Xiaobei's eyes were closed, and his hands and body were not moving at all. Those who did not know better would think that he was asleep!

"Is that kid really learning? His eyes are closed, don't tell me he's asleep?" Shi tuqiang secretly ridiculed.

The nine elders beside him also said in a low voice, "Such a complicated sword formation, even if you listen and deduce at the same time, it's extremely easy to make mistakes! He closed his eyes and didn't do anything, so it would be a wonder if he could learn it!"

Even The Raven King was secretly worried. master probably can't learn it, and he's afraid it'll be embarrassing to stop halfway, so he's pretending to be asleep ... I don't want to expose him, I'll just treat it as he's learning ...

The four demon kings had the same thought as the demonic Crow King. They thought that Chen Xiaobei was pretending to learn to save face.

The four demon kings did not dare to slap Chen Xiaobei in the face, so they could only force themselves to continue explaining the sword formation.

Just like that, until the first day had completely passed, the content of the sword formation was completely recited once.

In other words, Chen Xiaobei had only spent two days learning!

Everyone thought that Chen Xiaobei would eventually give up because he could not master it.

However, Chen Xiaobei remained in his meditative state and did not do anything else!

.....

Time flew by, and another day had passed!

"Alright, I'm done!"

Chen Xiaobei, who had been silent, finally opened his eyes and said, " this sword formation is really complicated. I used to only take a few hours to learn other things, but this time, it took me more than a day!

As soon as he said that, everyone who had been in a daze for an entire day revealed a shocked expression.

"Master, you ... How much did you learn?" The four demon kings asked hesitantly, worried that Chen Xiaobei would not be able to learn it.

The demonic Crow King consoled him in the beast language, "master, it's okay!" It's not embarrassing to not be able to learn such a complicated sword formation!"

Shi tuqiang and the other nine core elders scoffed in their hearts. "Brainless posturing! He was simply stupid! If this kid can learn it, we'll live stream him eating sh * t!"

"Clang! Clang! Clang! Clang!"

Chen Xiaobei did not explain anything and just drew his sword!

In an instant, the auras of the four demonic swords changed. It was as if the ancient demonic Lord had descended to the human world and was about to slaughter all living beings in the world and turn the eternal Pure Land into an endless hell!

"Spiritual ... Spiritual fluctuations are rising! The four demonic swords seem to have fused into one ... Its power has already surpassed that of a six-star earth-god instrument!"

The eyes of the raven King, Shi tuqiang, and the nine core elders almost popped out of their sockets!

"My God ... Four Swords in one! It was perfect! Master could already use a perfect sword formation! This ... This can't be an illusion, right ..."

The four great demon kings were even more dumbfounded. Their worldview was shattered, and they even began to doubt their lives.

What the four of them had spent 50 years to achieve, Chen Xiaobei had only used two days!

Before this moment, they all thought that they were top geniuses and that Chen Xiaobei would never be able to learn it!

But at this moment, compared to Chen Xiaobei, the four of them felt like idiots! They wished they could find a hole to hide in!

Chen Xiaobei was too lazy to explain to them. He put away the four demonic swords and left the verdant Emperor's divine gourd, leaving everyone standing there in a daze!

.....

"Master! Master, are you still cultivating? Sect leader Hua is here to pick you up!"

Outside the elixir room, Daoist Yiru called out to Chen Xiaobei in a low voice, afraid to disturb him.

"Squeak ..."

Chen Xiaobei opened the door, looked at the beautiful Hua hanyue and smiled. "Let's go!"

[Red Envelope Group of the Three Realms](#)

Chapter 2213: Nine Cauldron Royal City

Chen Xiaobei had already made arrangements for the follow-up work.

After seeing Hua hanyue, he left the green Lotus Daoist sect.

Hua hanyue's flying sword had reached the four-star earth-god level, so it was even faster.

For the sake of convenience, Hua hanyue asked Chen Xiaobei to stand behind her and share a flying sword!

Hua hanyue's flying sword was very delicate and short. Chen Xiaobei was almost touching Hua hanyue's back!

While he was flying, his hair brushed against his face, and his body smelled nice. Chen Xiaobei was very happy, but he was also worried that if he were to suddenly brake, he would instantly fall onto Hua hanyue!

With this woman's intrepid character, she would probably flip out at any moment!

"Young master Chen!"

Hua hanyue did not know what Chen Xiaobei was thinking. After they had stabilized in the air, she said seriously, "I've found some leads on the matter you asked me to investigate!"

"So fast! You're really good at gathering information, sect leader Hua!"

Chen Xiaobei calmed himself down and dispelled any unnecessary thoughts. "Where is my enemy?"

"The information I received says that a few days ago, you appeared on the Vermillion Bird continent. Not only did you destroy the heaven dominating faction's Vermillion Bird branch, but you also took complete control of the Vermillion Bird royal family. That means you have the entire Vermillion Bird continent under your control!"

"Right! You're right!" Chen Xiaobei nodded and was secretly impressed by Hua Hanyue's ability to collect information.

Hua Hanyue continued, "In that case, three of the continents in Apocalypse Starfield are in your hands! Anyone with a discerning eye can see that your next target is the Azure Dragon continent!"

Chen Xiaobei understood the key point. "You mean Jiang Haoxuan has already gone to the Azure Dragon continent and is waiting for me to fall into his trap?"

"That's right!"

Hua Hanyue nodded and said, "Jiang Haoxuan has already left for the Azure Dragon continent! Moreover, there were also important members of the heaven dominating faction! They would definitely set up a dead end in the Azure Dragon continent! If you go, you'll only have a slim chance of survival!"

"If that's the case, I'll have to reconsider!"

"I'm not worried about anything else but the nine-star earth-god level sky shrouding formation!" Chen Xiaobei said. "If we go before we have the ability to break the formation, we'll just be courting death!"

"Yup!"

Hua Hanyue nodded and said seriously, "This is a matter of life and death! Unless you have absolute confidence, you can't go!"

"Understood!"

Chen Xiaobei changed the topic, "Right, I remember you mentioned that the Beiming family was looking for me! Did they also go to the Azure Dragon continent?"

"No, I didn't!"

"As far as I know, the people from the Beiming family and an earth level deity called Mr. Tianpeng are still in the earthly calamity Star Ocean. They are still looking for you. Mr. Tianpeng seems to have guessed that you are still in the earthly calamity Star Ocean!"

"It's normal!" yes! Chen Xiaobei nodded. "With the clay Buddha around, the second senior brother will know my approximate location! Maybe we'll meet again soon!"

"Second senior?" "That Mister canopy is your second senior?" Hua Hanyue asked in surprise. "Why would he be with your enemy?"

"It's a long story, I can't explain it in two or three sentences!"

Chen Xiaobei said seriously, "The winter solstice is in four days! It was even better to meet second senior brother! This is the seventh time I've captured him, and it's time for him to regain his kindness!"

I don't understand ... Hua hanyue frowned and was confused.

Chen Xiaobei shrugged and said, "you don't need to understand. Just remember, if you encounter any danger, hide far away. Don't ever say that you know me!"

"What kind of person do you take me for?"

Hua hanyue's face turned cold, and she said unhappily, "Am I, Hua hanyue, the kind of person who is afraid of death and doesn't care about friendship? If you hide when you encounter danger, what right do I have to be your friend?"

Chen Xiaobei praised, "Sect leader Hua is indeed a heroine! I've underestimated you!"

Hua hanyue raised her eyebrows and said seriously, "We're friends when we're in trouble together! No matter what kind of danger we encounter, I'm willing to help you!"

"Alright!"

Chen Xiaobei smiled and said seriously, "Just based on your words, no matter what danger we encounter, I will protect you!"

"Ah? You'll protect me?"

Hua hanyue was stunned for a moment and laughed, "stop joking, okay?" My cultivation has reached the earth level deity realm! You also have a six-star earth-god instrument to protect yourself. I should be the one protecting you!"

Chen Xiaobei did not argue, but just smiled.

.....

They would rush to the main city of this planet and then use the teleportation array to be teleported to the nine levels of the starry sea!

According to the rules of the starry sea, each level of the starry sea corresponded to a small realm of the God-Ascension realm!

Chen Xiaobei's cultivation was at the eight-fire god-refining level, so he could only go to the eighth level of the starry sea!

Thanks to Hua hanyue's presence, he was able to go to the ninth level of the starry sea!

.....

After coming out of the last teleportation portal, a huge, prosperous city appeared in front of them!

In terms of size, this place was almost the same as an ordinary city in apocalypse Starfield!

However, the streets here were very wide, and the buildings on both sides were luxurious and exquisite! On a closer look, each building was running a high-end business, which apocalypse Starfield couldn't compare with!

The main point was that people of almost all races could be seen on the streets!

Almost all the travelers were riding high-rank spirit beasts!

The people who were shopping were almost all wearing high-rank spirit weapons!

He used his netherspirit battlescouter and saw that almost all of the people on the street were at the God-Ascension level! Even the weakest of them was at ethereal cultivation!

It could be said that God refinement was everywhere! Tian Yuan was as weak as a dog!

This was the legendary higher plane! Apocalypse Starfield couldn't be compared with it!

"This is the nine Cauldrons Royal City! It's one of the largest commercial cities in the nine levels of the starry sea!"

"In the early years, there was a top-notch alchemy master here!" Hua hanyue introduced. With the nine Cauldrons in his hands, he started from scratch and created a legend with wealth that could rival a country through alchemy. He was later known as the king of the nine Cauldrons!"

"After that, he entered the uninhabited region of the starry sea in search of a rare herb and never returned! Some said that he had encountered danger and had already died! Some say that he has encountered a lucky chance and has already attained the celestial immortal realm!"

"There's no way to verify the truth of the legend!"

"However, the later generations named this city the 'Nine Cauldrons Royal City', where the alchemy Dao flourished!" In total, there were nine Supreme alchemists who managed this city together, making the alchemy Dao even better than before!"

"That's why it's the most prosperous place for pill Dao below the earth-god Realm! Alchemists could buy extremely rare medicinal herbs here! A pill recipe! A cauldron! We might even have the chance to explore the ruins of the nine cauldron Emperor!"

Hua hanyue's intelligence gathering ability was very strong, and she knew this city very well.

Chen Xiaobei's curiosity was piqued, " "I want to buy the blood of Infinity! Do they sell it here?"

[Red Envelope Group of the Three Realms](#)

Chapter 2214: Legitimate Self-Defense

"Limitless? What's that?"

Hua hanyue was stunned. She had never heard of it before, so she could not answer Chen Xiaobei.

the limitless demon beast is an ancient demon beast. It's extremely rare!

Chen Xiaobei shrugged and said, " "I'm just casually asking, it's not strange that you don't know!"

"I really don't know about this!"

Hua hanyue composed herself and said, "if there's a need, I can help you check through my connections." Or, you can look for a veteran Alchemist and ask around!"

"Alright! Then I'll have to trouble you to help me check!" Chen Xiaobei said.

"Alright," he said. Hua hanyue nodded and took out her phone to send a message.

"Can I ask how you collect information?" Chen asked curiously. It's like you can find out anything you want to know!"

Hua hanyue's expression changed.

"If it's not convenient for you to say, then forget it!" Chen Xiaobei said.

"It's not inconvenient at all, but you have to keep it a secret!" Hua hanyue said.

"No problem!" yes! Chen Xiaobei nodded. I will not tell anyone about this!

I know a high-level official in the nine nether platform, " Hua hanyue said in a low voice. as long as I pay him spiritual stones, he will have a way to find out the information I want!

"Nine nether platform?" Chen Xiaobei was taken aback. He suddenly remembered the four top-tier Intel organizations in the earth-god Realm!

Nine nether platform! Tianji city! Ten thousand Buddhas Pagoda! The temple of the gods!

These four forces had disciples all over the world! Eyes all over the world! He was known to be able to calculate everything in the world! He knew everything in the world!

Hua hanyue actually knew the higher-ups of nine nether platform. No wonder she could obtain important information so quickly and accurately!

Chen Xiaobei's eyes turned serious and he said, " "Sect leader Hua! I want you to help me investigate a person!"

"Who's there? You don't have to be so serious!" Hua hanyue said indifferently.

it's a young woman. Her name is Liu xuanxin. She looks like this ... Chen Xiaobei said.

Chen Xiaobei had given Liu xuanxin a human skin mask when they were outside the spirit congealing immortal abode.

Chen Xiaobei described the mask to her, hoping that he could find Liu xuanxin as soon as possible through nine nether platform's intelligence network!

Hua hanyue nodded and agreed readily. alright, I'll send the information over. I'll let you know as soon as I have any news!

"Many thanks, sect leader Hua!"

"This information is very important to me!" Chen Xiaobei said. No matter how many spirit stones it costs, as long as the other party offers me a price, I'm willing to pay!"

Hua hanyue nodded and comforted him, " be patient and wait. As long as there are no special circumstances, I should be able to help you find her!

"Thank you, faction leader Hua!" Chen Xiaobei said. As long as I can find her, I will owe you a big favor!"

"That girl is your sweetheart, right?" "If she knew how much you care about her, she would be very happy!" Hua hanyue smiled.

"Yo! Isn't this the famous sect leader Hua?! You've rejected so many young talents in the earthly calamity Star Ocean, so why are you hanging out with a pretty boy? It's really rare!"

At this moment, a mocking voice came from not far away.

They looked over and saw three young men in gorgeous clothes walking over, surrounded by more than a dozen followers!

"Who are they?" Chen Xiaobei frowned. He was not happy to be called a gigolo.

Hua hanyue's expression turned cold as she said, "the one who spoke just now is the young master of the SI family, one of the nine great families in the nine cauldron capital city. His name is si Yunjie!" The nine super clans rule the capital together. The SI family is ranked second and has an extremely high status!"

"The one on the left is the trusted young master of the Golden spear sect's branch, Kim jichan! The original young master, Jin zihang, was killed by a mysterious young man named Feng Zhu. This Kim jichan got a good deal!"

"The one on the right is the young master of the Qing Kingdom's yang Palace branch, Bai Qunfeng! He's famous for being a martial arts fanatic and his cultivation is outstanding among his peers. He's even received an invitation from a sect in the earth immortal world!"

Hua hanyue was very familiar with the person's situation, so she briefly introduced him to Chen Xiaobei.

"Heh, aren't they just a bunch of second generation rich kids? Without the support of their families, they are nothing!"

Chen Xiaobei laughed disdainfully. He did not even care about the person who came.

"You're right, they're just a bunch of trash! However, the powers behind them are all very powerful, especially the SI family behind si Yunfei?"

Hua hanyue frowned and muttered, "if we offend the SI family, we might be expelled from the nine Cauldrons Royal City!" You might even get yourself killed!"

"This isn't like you!" what?! Chen Xiaobei frowned. the mighty Hua hanyue even dared to fight the Jiang family. Why would she be afraid of these three small forces? "

a small force?! Hua hanyue shook her head and said, "the headquarters of these three forces are all in the earth-god Realm!" Any one of them could be on par with the Jiang family! Even I can't afford to offend him ..."

"It's fine. If you can't afford to offend him, I'll do it!" Chen Xiaobei chuckled, still not taking the enemy seriously.

"What are you doing?" Hua hanyue immediately became nervous.

Without explaining, Chen Xiaobei walked towards the man.

"Kid, Who are you? What's his relationship with Hua hanyue?" Si yunrao looked at him from the corner of her eyes, her face full of disdain.

"I should be the one asking who you are." Chen Xiaobei asked, " "I'm with hanyue. Who are you to tell me what to do?"

"Holy sh * t! Are you an idiot?" "Who in the nine Cauldrons Royal City doesn't know who I am?" si yunzhe was furious.

"I don't know him! I've never even heard of it!" Chen Xiaobei pouted, looking as if it was only natural.

you ... si yunrao was so angry that her face and ears turned red. On the streets, in front of Hua hanyue, she was simply too embarrassing!

Seeing this, Kim jichan immediately cursed, " "You little brat! How dare you humiliate young master si in the street! He was simply courting death! You're courting death!"

"And who the hell are you?" Chen Xiaobei asked.

"I'm the young master of the Golden spear sect's branch! Bah! You're the one who's the root!" Kim jichan stomped his feet in anger.

Oh! Chen Xiaobei raised his eyebrows. so, you're the one who's going to replace Jin zihang!

Kim jichan raised his chin proudly, " "How is it? Are you afraid? Our golden spear sect is so powerful! You can't afford to offend him!"

"Hehe."

hehe! Chen Xiaobei laughed. I heard that the previous young master Jin zihang was beheaded by a hero named Zhu Feng! You brat took over Jin zihang's position, but you don't hide your head in your turtle shell. Do you want to be beheaded?"

"Numbing! You dare to call me a turtle hiding in its shell! I won't let you off!" Kim jichan was furious. He raised his fist and threw it at Chen Xiaobei.

Chen Xiaobei was not afraid at all. He shouted, " "Everyone, as you can see, it was Kim jichan who made the first move! I really had no choice but to defend myself!"

[Red Envelope Group of the Three Realms](#)

Chapter 2215: Forced Face

"Self-defense? I'll blow up your dog head with one punch! Let's see what defense you have!"

Kim jichan was furious. He was like a wild boar that had gone mad from killing. He charged at Chen Xiaobei.

"Kim jichan! Stop!"

"No fighting is allowed in the nine Cauldrons Royal City!" Hua hanyue was shocked and shouted. You are the one who started the fight. If you hurt young master Chen, I will make you pay the price, even if I have to bring this up to city Lord Yan!"

Upon hearing this, si yunrao immediately shouted, "Gold! Let go and hit! If the sky falls, I'll hold it up for you!"

It was obvious that the SI family was ranked second among the nine great families that jointly managed the nine Cauldrons capital city. Young master si yunzhichan definitely had the ability to suppress this matter and allow Kim jichan to hit someone without being punished!

Hearing this, Hua hanyue became nervous. "Young master Chen! Hurry up and come back! I'll protect you ... You ... How can you be so strong?"

Before she could finish her words, Hua hanyue was stunned!

"Pa!!!"

A loud explosion was heard in Kim jichan's face. It was like a sudden clap of thunder, shocking everyone at the scene.

At the scene, other than Hua hanyue, who was at the earth immortal realm, no one else had seen clearly what had happened.

Hua hanyue was the only one who saw it clearly. Chen Xiaobei had used his absolute strength and speed to give her a tight slap!

"

In the next moment, Kim jichan let out a shrill scream like a pig being slaughtered. His entire body was like a top as he was whipped and spun a dozen times on the spot. Then, he fell to the ground and spat out blood. He couldn't even get up!

Kim jichan was Jin zihang's successor, but his cultivation was not even as high as Jin zihang's. How could he withstand Chen Xiaobei's attack?

If Chen Xiaobei had not held back, that slap would have been enough to blow Kim jichan's head off!

Seeing this scene, the surrounding crowd was instantly stunned!

No one could imagine how the 'pretty boy' that Hua hanyue brought with her defeated Kim jichan!

"Gold! Are you alright, gold?"

Si Yunjie and Bai Qunfeng hurriedly ran over and helped Jin zhichan up, who was still vomiting blood.

"Blargh ... Medicine! The medicine ..."

Kim jichan vomited blood and his entire body was trembling from the pain.

"Here! This is the SI family's 'small clear sky blood circulation pill'! You should be fine after eating it!"

Si Yunjie quickly took out a green jade bottle and poured out a green pill, feeding it to Kim jichan.

"Phew ..."

The pill took effect immediately after it entered his mouth! Kim jichan heaved a sigh of relief and stopped vomiting blood. The intense pain had also subsided.

Seeing this, Hua hanyue could not help but exclaim, "That's the 'little clear sky blood pill'! The medicinal effect was indeed worthy of its reputation! If I can buy the 'great Azure cloud blood activating pill', I'll have one more chance to risk my life!"

Oh? "Chen Xiaobei raised his eyebrows and asked, "you're here to buy a 'great Azure cloud blood activating pill'?"

"Yup!"

yes! Hua hanyue nodded. I'm going to do something very dangerous later. If I can bring a 'great clear sky blood activating pill' with me, it's like I'll have an extra life!

"What do you want to do? Do you need my help?" Chen Xiaobei asked.

"I want to ... Behind you!" Hua hanyue suddenly screamed.

"Woof! Yi ..."

Suddenly, si Yunjie and Bai Qunfeng attacked Chen Xiaobei from the left and right!

It was obvious that they had not given up! They thought that Kim jichan's defeat was because he had underestimated his opponent, not because Chen Xiaobei was stronger!

At this moment, the two of them joined forces and used their full strength. They absolutely did not underestimate their enemy!

They thought that they could definitely kill Chen Xiaobei this time!

"That kid is in trouble! The young master of the Si family was a young expert at the seven-fire god-refinement realm! A sneak attack from behind is enough to take his life!"

"And the martial arts fanatic Bai Qunfeng! This guy was a young genius of the eight fires God-refining realm! Some sects in the earth-god Realm have already sent him invitations, which shows how high his talent is!"

"There's no suspense! With young master si and young master Bai joining hands, that pretty boy will definitely die!"

The crowd was in a heated discussion, but they all agreed that Chen Xiaobei was dead for sure!

However, Hua hanyue was not worried at all. That slap had shown her Chen Xiaobei's true strength!

"Bang!"

Chen Xiaobei had his back to the enemy, but in that instant, he turned around faster than the enemy and delivered a powerful roundhouse kick at Bai Qunfeng!

Bai Qunfeng was an eight flames God-refining cultivator with 5000000 combat power!

Among the younger generation in the earthly calamity Star Ocean, he was definitely a well-deserved genius!

If he went to apocalypse Starfield, he could even be ranked on the great heavenly fate ranking when he was over thirty years old!

However!

Chen Xiaobei's cultivation had also reached the eight-fire god-refining level after his recent cultivation!

Furthermore, his combat strength had already reached 5358400 points! His physical strength had even reached 5.9 million!

Just as the crowd had said, there was no suspense in this battle!

However, the one who would lose was not Chen Xiaobei, but Bai Qunfeng and Si Yunfei!

"Bang!"

Chen Xiaobei's roundhouse kick landed on Bai Qunfeng's waist with a loud thud!

"Ka! Ka ..."

The sound of bones breaking could be heard as the genius Bai Qunfeng was sent flying a dozen meters away.

"Ugh ... Pfft ..."

Bai Qunfeng spat out a mouthful of blood. He could clearly feel that more than half of his ribs had been shattered, and even some of his internal organs had been damaged. He had completely lost the ability to fight!

"Swish!"

The moment Bai Qunfeng was defeated, Chen Xiaobei did not stop there. He slapped si Yunjie!

"Oh my God ..."

Si Yunjie was one small realm lower than Bai Qunfeng, so he was definitely not Chen Xiaobei's match!

"Spare me! Young master, please spare my life!"

Si yunzha was weak, so her speed was slow. She was still two steps away from Chen Xiaobei.

Just as Chen Xiaobei was about to slap him, he kneeled on the ground and started to beg for mercy.

"You want me to spare your life and you think I'll spare your life? Wouldn't I lose face then?"

Chen Xiaobei did not show any mercy. He took a step forward and slapped her face!

"Pa!!!"

Si Yunrao was sent flying by the slap. She lay paralyzed on the ground, her teeth and blood spurting everywhere! The screams were even more miserable than a pig being slaughtered!

Seeing this scene, all the onlookers were so shocked that their eyes and mouths were wide open, and their world views were shattered! He had never thought that the pretty boy Hua Hanyue had brought with her would be so powerful!

as expected of Childe Chen!

Hua Hanyue saw everything and praised from the bottom of her heart, "He's younger than Bai Qunfeng! His cultivation base was far superior to Bai Qunfeng's! In terms of talent, Childe Chen is unparalleled in the world of earth-god!"

"What's going on? What's with the commotion!"

At this moment, a pair of fully armed soldiers rushed over and immediately surrounded the scene!

Hua Hanyue's expression changed drastically, and she became nervous. "Shit! The law enforcement team is here!"

"Help ... Eighth uncle, help ... Murder! murder! si Yunrao screamed as if her father had died.

The leader of the law enforcement team was actually si Yunrao's eighth uncle, si Linhu!

"Who is so bold? How dare you try to assassinate the young master of the SI family!" Si Linhu roared.

"It's me!" Chen Xiaobei held his head high and puffed out his chest fearlessly.

[Red Envelope Group of the Three Realms](#)

Chapter 2216: Enemy Arrived

"You little brat! Did you f*cking eat a bear's heart and a leopard's gall? How dare you come out and admit that you tried to assassinate our young master si! You're simply tired of living!"

Si Linhu glared at Chen Xiaobei and shouted, "Men! Capture the assassin who tried to assassinate the young master and throw him into the Imperial prison to await his execution!"

The group of soldiers from the law enforcement team swarmed forward and surrounded Chen Xiaobei.

"Stop! You can't just randomly arrest people! Everyone had seen the conflict just now. It was si Yunrao and the others who had started the fight! Young master Chen was only defending himself!"

Hua Hanyue frowned and wanted to rush up to Chen Xiaobei to protect him.

"Is that so?"

Si Linhu narrowed his eyes and swept his cold gaze across the crowd. He said fiercely, "Who saw it? Stand out and be our witness!"

As soon as he said that, none of the hundreds of onlookers were willing to stand out and testify!

As long as one was not an idiot, they would know that if they stood up for Chen Xiaobei now, they would offend the entire si family and they would never be able to survive in Nine Cauldrons Royal City!

Because of this, everyone chose to remain silent. They had clearly seen the truth, but they did not dare to come out and testify!

Seeing this, Hua hanyue was furious, but she had no choice. "Si Linhu! You're using your power to oppress others! The crowd doesn't even dare to step forward!"

"Did I use my power to oppress others?"

Si Linhu arrogantly scanned the crowd and said indifferently, "If there's anyone who thinks that I'm using my power to oppress others, you can come out and tell me. I'll definitely change!"

Hearing this, none of the hundreds of people around dared to stand up. Many people even left the crowd and the scene for fear of getting into trouble!

"Hua hanyue, did you see that?" si Linhu laughed smugly. No one thinks that I'm using my power to oppress others!"

"You ... You're shameless!" Hua hanyue was extremely aggrieved, but the surrounding people's indifference made her unable to obtain any support. She had no way to refute si Linhu!

Seeing this, si Linhu was even more pleased. He immediately reversed the situation and said, "Facts speak louder than words! There are no witnesses, which means that my young master didn't make the first move! All the crimes for this fight will be borne by that brat surnamed Chen! Arrest him!"

"I'll see who dares to capture young master Chen!" Hua hanyue was so angry that she stood in front of Chen Xiaobei, ready to attack him at any time.

"Hua hanyue! You should be very clear about the rules of the nine cauldron Royal City! Those who help the criminal will be charged with the same crime as the criminal!"

Si Linhu shouted in a domineering manner, "If the criminal resists arrest, I, si Linhu, as the head Captain of the law enforcement team, have the right to sentence the criminal to death! Behead immediately!"

"Clang! Clang! Clang ..."

The surrounding law enforcement soldiers immediately drew their weapons and were ready to arrest them. If Chen Xiaobei and Hua hanyue resisted, these soldiers would not hesitate to kill them!

Chen Xiaobei said calmly, "Captain, don't get too worked up. If I wanted to resist arrest, I wouldn't admit that I was the one who hit them!"

"Oh?" "So, you're admitting to the crime you've committed?" si Linhu raised his eyebrows.

"If you want to punish someone, you have nothing to say!" Chen Xiaobei shrugged and said, "Even if I don't admit it, you'll force the crime on me! Instead of resisting, I might as well obediently let you take me away, and I'll suffer less!"

"Heh, you're a smart person!"

Si Linhu narrowed his eyes and said viciously, "you've beaten my young master to such a state. You'll have to pay the price, whether you admit to your crimes or not! If he cooperated, he could at least not implicate Hua hanyue! If you resist arrest, you will both die!"

"Hanyue! Did you hear that? Don't you do anything stupid!"

Chen Xiaobei turned to Hua hanyue and said in a low voice, "My enemy is already here! I'll go to the Si family's celestial prison to hide first! If we start a war now, I'll miss the auction!"

this ... Hua hanyue's expression froze. She was extremely shocked.

At first, Hua hanyue thought that Chen Xiaobei was too impulsive to hit her! It was only now that he realized that all of this was Chen Xiaobei's plan!

He intentionally hit people and got caught just to avoid the enemy temporarily. After he successfully attended the auction, he would start the war with the enemy!

Earning money and defeating enemies at the same time!

"What are you two whispering about?"

"Guards!" Si Linhu roared. Capture that kid! Hua hanyue! You better not cause any trouble! Otherwise, don't blame me for being impolite!"

As soon as he finished speaking, two law enforcement soldiers placed their blades on Chen Xiaobei's neck.

Hua hanyue was worried about Chen Xiaobei, but she was more worried about his enemies!

Because of that, Hua hanyue did not resist and allowed Chen Xiaobei to be taken away by the law enforcement team.

.....

After walking around for a while, Hua hanyue saw the beiming family's men!

The group of people, led by the seventh young master, beiming Jinghong, were patrolling the area with a murderous look. They were obviously looking for Chen Xiaobei!

And beside beiming Jinghong, there were three Strange Fellows.

One of them was a sickly old man. Even walking took a lot of effort, but he was constantly calculating with his fingers! This person was the clay Bodhisattva!

The other person was a cold-looking young man in a black robe. His eyes were empty and emotionless, and even beiming Jinghong had to be polite to him! It was obvious that this person was Tian Peng!

Finally, there was a fair-skinned young man in his early twenties. He had a harmless smile on his face, but his eyes were bloodshot! That's right! This man was Qin Wuxin!

Chen Xiaobei knew that these people had come to Nine Cauldrons Royal City because of the intimate Gu that Qin Wuxin had!

As the saying goes, know yourself and know your enemy, and you will never be defeated!

Chen Xiaobei could always predict the enemy's movements with the help of the knowing Gu. He could control the situation as he pleased!

"Mr. Canopy! Startled! I've already searched the entire southern city, but I can't find any trace of Chen Zhufeng!"

Just then, another group of people from the beiming family appeared in Hua hanyue's sight.

The leader of the group was none other than beiming Wuji!

"Uncle, don't be anxious!"

Beiming Jinghong's eyes were as sharp as a Falcon's, and he confidently said, " the clay Bodhisattva is gradually narrowing down the search area. Chen Zhufeng won't be able to escape even if he has wings today!

"Good! Let's keep looking!" Beiming Wuji nodded and started to move again.

Hua hanyue was watching the battle from afar. She could not help but exclaim at Chen Xiaobei's decision.

First, avoid the enemy's sharp edge, figure out the enemy's situation, and make sufficient preparations before starting the battle!

This was definitely the safest and most likely choice!

However, Hua hanyue did not relax.

Even though Chen Xiaobei had managed to escape from his enemies, how was he going to escape from the SI family?

[Red Envelope Group of the Three Realms](#)

Chapter 2217: The Pill King Conference

The SI family's dungeon!

Si Linhu was abusing his power to get revenge on Chen Xiaobei. That was why he did not send Chen Xiaobei to the Imperial prison. Instead, he was going to execute Chen Xiaobei in secret on the SI family's own territory!

"You little brat! How dare you slap us in public! We're going to make you wish you were dead!"

Si yunzha and Kim jichan had both taken healing pills, and their pain had temporarily subsided. Each of them held an iron whip with thorns and approached Chen Xiaobei!

Bai Qunfeng was not so lucky. He had half of his ribs broken by Chen Xiaobei's kick. Even though he had taken some healing pills, he was still bedridden. He would not be able to get out of bed for at least two to three months!

"You two! Don't hit me yet!"

Chen Xiaobei was not afraid of the two men. He smiled and said, " have you guys heard that there's going to be a Grand pill auction tonight? "

"Nonsense!"

Si Yunjie looked at Chen Xiaobei like he was an idiot and said, "This is our nine cauldron Royal city's pill King conference that happens once every three years! Everyone in the Nine Seas of stars knew about it! How could we not have heard of it!"

"Pill King conference?" "What's going on?" Chen Xiaobei asked curiously. Isn't this just an ordinary auction?"

"Where did you come from, country bumpkin? You don't even know about the pill King conference?"

"The nine Cauldrons capital city is jointly managed by the nine great clans!" Si Yunyan said. The top management would be elected once every three years! The method of election is to take out the pill with the highest value in the pill King assembly!"

Chen Xiaobei's eyes lit up. so you're saying that whoever can refine the best Pills will be able to become the highest-ranking administrator of the nine cauldron Royal City for the next three years? "

"That's right!"

Si Yunrao raised her chin and said with a proud expression, "This year, the Si family has prepared a super amazing pill that will definitely replace the Yan family and become the number one family in the Dao of alchemy! From now on, I, Si Yunzhe, am not only the young master of the Si family, but also the young city Lord of the nine cauldron Royal City!"

"It sounds very powerful!" Chen Xiaobei raised his brows and laughed evilly, "future city governor's son, aren't you going to attend such an important event tonight? "

"Who said I'm not attending?"

Si Yunrao laughed narcissistically. tonight is the day our Si family rises to the peak. It's also the day I become the young city Lord. I've been looking forward to this for a long time! I'll dress up to attend! He accepted everyone's congratulations! Men will be envious of me, and women will love me! Just thinking about it made him feel so good that he could fly! Hahaha ..."

I'll first congratulate young city Lord Yun Yan!

Kim Jichan immediately flattered, "Tonight is the grand event that happens once every three years! All the powerful beings in the nine layers of the starry sea would be there. Even the earth-god Realm would be there! Young city Lord Yun Yi will become the focus of everyone's attention and his name will be known throughout the world!"

Si Yunrao was grinning from ear to ear. "Hahaha! My good brother! I'll borrow your auspicious words! If I really get what I want, when you come to the nine cauldron Royal City in the future, just use my name as the city Lord! It doesn't matter even if you walk sideways!"

"This is a good relationship! In the future, I'll be following young city Lord Yun Yi!"

Kim Jichan's face was full of smiles, but his expression changed as if he was flipping a book. He said viciously, "Young city Lord! It was almost time! Let's beat this little bastard to death first, then go back and freshen up before attending the conference!"

"Well said! Let's take our revenge first, then we'll slowly prepare!"

Si Yunzhe nodded heavily, and a fierce glint appeared in his eyes. He immediately circulated his quintessential essence and added it to the spiked metal whip in his hand!

Even someone as strong as Chen Xiaobei would have his skin and flesh torn apart by this whip!

"Don't be in such a hurry to attack!"

Chen Xiaobei was as calm as ever, and he smiled. "Forgive me for being blunt, but it doesn't seem appropriate for both of you to go to such an important event with your pig heads on, right?"

big pig head???

Si Yunjie and Jin Zhichan were stunned for a moment before they exploded with anger. They roared hysterically, "Holy shit! Our faces are swollen like this because of you!"

At this moment, their cheeks were swollen like pig heads, and one could even see the bright red palm prints!

If they went to the pill King conference like this, they would definitely become the laughing stock of the entire place.

"You little brat! You've touched on my sore spot!"

Si Yunrao was fuming with anger and roared, "Tonight was supposed to be my most glorious and glorious moment! It's you! He left the most humiliating stain on my body! I'm going to tear you into a thousand pieces! Grind his bones and scatter his ashes!"

It was obvious that even though the Si family had many pills, there wasn't a single one that could restore Si Yunjie's swollen face to normal in half a day.

The thought of attending the gathering with a pig's head made Si Yunjie want to tear Chen Xiaobei apart!

"I advise you not to touch me!"

Chen Xiaobei raised his eyebrows and said, "I have a way to help your pig's head reduce the swelling before the conference! If you kill me, you'll regret it!"

"You have a way to reduce the swelling? Are you trying to fool an idiot?"

What? Si Yunrao said disdainfully, "That slap you gave me made my teeth fly out! Even with the best medicine in the Si family, it would take three days for the swelling to subside from such a serious injury! You said that the swelling will go down before the conference? Even a fool wouldn't believe it!"

"If you don't believe me, you can only look like pigs!" "Trust me, there might still be a chance!" Are you sure you don't want to try?"

this ... Si Yunyan was taken aback and immediately hesitated.

In her heart, Si Yunrao did not believe Chen Xiaobei!

However, when she thought about how many important people would be attending tonight's event, and perhaps even many beautiful women, Si Yunjie couldn't accept her pig head!

"Yun Xiao! It's not good!"

At this moment, Si Linhu rushed into the cell and said nervously, "Huangfu Lingyun will personally attend tonight's grand event. The family head wants you to accompany him!"

"What? Didn't Huangfu Lingyun send his Butler over? Why did you come here personally?"

Si Yunrao's expression changed drastically. With my face swollen like this, I'm sure I won't be able to leave a good impression on Huangfu Lingyun ... I'll lose a great opportunity to get close to the Huangfu family!"

"I can't care so much!"

"Huangfu Lingyun is a great Bodhisattva that we can't invite even if we wanted to. The clan head and the other eight clans fought so hard that he got you a seat!" Si Linhu said. Other people don't even have the right to sit beside him!"

"This ..."

Si Yunjie frowned and turned to Chen Xiaobei. "Little brat! If you can really reduce the swelling on my face! The Grudge between you and me is written off! I'll thank you very much!"

"Heh, that's too easy!" Chen Xiaobei smiled confidently.

[Red Envelope Group of the Three Realms](#)

Chapter 2218: 100000 Starting Bid

Chen Xiaobei's medical skills might not be the best in the three worlds, but he was definitely the best in the world!

Swelling was actually not difficult, as many doctors could do it. The difficult part was to recover from a very serious injury within half a day!

An ordinary Chinese medicine doctor couldn't do it, and even a big family of alchemy like the Si family couldn't do it.

But to Chen Xiaobei, this was a piece of cake! He didn't even need to use any profound medical skills!

He only needed to concoct some medicine similar to the hundred herbs potion and it would take effect immediately!

The reason why he stopped using hundred herbs potion was that as Chen Xiaobei's physical body grew stronger, the effect of low-level medicine became weaker!

All Chen Xiaobei needed to do was to take out some high-grade herbs and mix them in a special ratio to create a similar medicine!

He didn't dare to say that it could cure serious injuries like the hundred herbs potion, but small problems like swelling and pain reduction could be solved in minutes!

apply this on your face. The swelling will be completely reduced in five minutes! Chen Xiaobei put the mixed medicine into a big bowl and mixed it with water.

"Is ... Is this reliable?" Si yunrao's face was filled with suspicion.

She had thought that Chen Xiaobei would take out some kind of healing medicine, but he was actually concocting it on the spot!

This was too rash!

"Yun Xiao! Don't believe this kid! He's definitely trying to set you up!" Si Linhu said with a frown.

"Is there a hole in your brain?" what good would it do me to harm him? " Chen Xiaobei said. Only by helping him can I leave this cell!"

this ... si Linhu's expression froze. He was speechless.

"What this kid said makes sense! He wouldn't dare to harm me!"

Si yunrao composed herself, turned to the other side, and said, " "Gold! We're Good Brothers! Come and help me try this medicine!"

"Ah?"

Kim jichan was dumbfounded. He swallowed his saliva and said, " I don't dare to try ... This kid's speed of concocting the medicine is so fast, I suspect that he made it randomly ... God knows what effect it will have after using it ... It might even disfigure me!

"Aren't we Good Brothers? you won't even help me with such a small favor ... Uh ... si yunrao was very angry. Before she could finish speaking, she was stunned!

"Pa!"

Chen Xiaobei grabbed a ball of ointment and slapped it on si yunrao's face. He said impatiently, " "You're wasting my time!"

"You little brat! You still dare to hit my young master! I want you dead!" die! si Linhu roared and channeled his ethereal force to kill Chen Xiaobei.

"Eighth uncle! Stop!"

Just then, si yunrao let out a sound of extreme enjoyment. "He didn't hit me! It's so comfortable to apply this cream on my face ... I can feel that my swollen face is quickly recovering ... It's amazing ..."

"What? This ... How is this possible?" Si Linhu's eyes widened in disbelief.

Kim jichan's face was full of shock and he said awkwardly, "Really? The effect was so fast? Could it be an immortal medicine?"

.....

A few minutes later, the ointment on si yunrao's face had dried.

"Alright! Get the medicine dregs off!" Chen Xiaobei said.

okay ... si yunrao hurriedly nodded. She peeled off the medicinal dregs from her face like peeling off an egg shell.

"Heavens!"

Si Linhu instantly cried out in alarm, "Yun Xiao!" Your face has really recovered! Not only is the swelling completely reduced, even the handprint has disappeared!"

"This is too amazing!"

Kim jichan was also shocked and said with a smile, "This young master! Your medicine is simply too awesome! Let me use it too!"

"Hehe."

Chen Xiaobei chuckled and poured all the medicine on the ground. "My medicine will disfigure you, you'd better find someone else!"

this ... Kim jichan's face turned green.

Seeing that si yunrao had completely recovered while she still had a pig's head on her head, she most likely wouldn't be able to attend tonight's meeting!

Thinking about this, Kim jichan was filled with regret.

"Young master Yun Xiao! Young city Lord!"

Kim jichan quickly turned to the other side and said, " "We're Good Brothers. Please help me ask this young master to make me some medicine!"

"Good brother? Heh, I'm not close to you!"

please leave our house immediately, " si Yunfei said coldly. otherwise, I might release the dogs to bite you!

this ... Kim jichan was dumbfounded. He even wanted to die.

The SI family was a big family after all, and Kim jichan couldn't afford to offend them, so he could only leave in dejection.

On the other hand, Chen Xiaobei was treated as a guest of honor. Si yunrao personally led him to the main seat in the main hall of the SI family.

"Young master Chen is indeed an expert! Everything that happened before was a misunderstanding! I'll use tea as wine to apologize to you!"

Si yunzha was holding a cup of tea and standing in front of Chen Xiaobei.

"I won't drink the tea!"

I'm sorry! Chen Xiaobei waved his hand. if you really want to apologize, help me arrange an auction slot for tonight's gathering!

"An auction slot?" Si yunrao's expression darkened. "Does young master Chen have any medicinal pills that you wish to auction off?"

"Yes, I am!"

Chen Xiaobei nodded and said, " I'll be honest with you. I'm an Alchemist myself! I'm a pill master! Ordinary people can't afford my pills at all! Only at the pill King conference will you find a buyer with the financial resources!"

Si Yunrao was amused. Aren't you being a little too arrogant? What kind of pills are you planning to sell? Name a price, I'll buy them all!"

Obviously, si Yunrao thought that Chen Xiaobei was still young. Even if he was an Alchemist, he would not be able to make any high-level pills. Even if she bought all of them, it would not cost much. She thought that she was returning Chen Xiaobei's favor!

Chen Xiaobei shook his head and said, " "You can't afford it!"

this ... si Yunrao said awkwardly, " "You haven't even told me what pill it is, how do you know I can't afford it?"

"Skybreaking cultivation pill!" "The starting price is 100000 high-grade spiritual stones!" Chen Xiaobei said.

what???"

Si Yunrao's eyes almost popped out of their sockets as if she had been struck by lightning. "Young master Chen! You're joking, right? 100,000 upper spiritual stones was just the starting price? Do you want a higher price?"

I'm sorry! Chen Xiaobei shrugged. the starting bid is 100000, no upper limit!

this ... si Yunrao sucked in a breath of cold air and said helplessly, " "I really can't afford it! However, I can help you arrange a spot! See if anyone wants to buy it ..."

Si Yunrao did not think that Chen Xiaobei would be able to make a pill that was too expensive! The starting bid was 100000 upper spiritual stones, and even an idiot would not buy it!

Of course, si Yunrao would not say these words out loud. She was just going along with Chen Xiaobei's wishes and helping him achieve his wishes.

Chen Xiaobei was full of confidence. "Just wait and see. My medicinal pill will definitely sell for a sky-high price! And everyone's rushing to buy it!"

[Red Envelope Group of the Three Realms](#)

Chapter 2219: Weakest

"Sell it at a sky-high price? Everyone was rushing to buy it? This ..."

Si Yunjie was taken aback. She could not understand where Chen Xiaobei's confidence came from.

No Alchemist under the earth-god Realm could say such arrogant words!

If not for Chen Xiaobei's medical skills, si Yunrao would have scolded him for daydreaming!

Si Yunrao thought that she had seen through Chen Xiaobei, but she did not expose him. Instead, she went to help Chen Xiaobei arrange a spot for the auction!

This way, Chen Xiaobei would become one of the pill King conference's sellers! He could be considered one of the participants!

As for Hua hanyue, Chen Xiaobei only sent her a text message to let her know that he was safe. He did not ask to meet her, but said that he would meet her after the auction!

.....

Time passed very quickly, and as night fell, the triennial pill King conference finally kicked off!

The venue in the center of the city was already decorated with lanterns and streamers, and the crowd was surging!

Hundreds of thousands of people had gathered from all over the world to witness this exciting event!

Of course, most of the people were not allowed to enter the main venue. They could only watch the situation inside through the big screen from the periphery!

Those who were qualified to enter the venue were all rich and powerful Giants!

Hua hanyue was already the sect leader of the nine layers of the starry sea, but in this huge venue, she could only be regarded as a guest of the upper, middle, and lower class. Her seat was very far back!

One could imagine that the people who could sit in the front row must be overlords with great origins!

The person sitting in the middle of the first row was a skinny young man!

As the young master of the second largest clan in nine cauldron capital city, si Yunjie could only sit to the right of the skinny youth!

On the left of the skinny youth was the young master of the Yan clan, the number one clan, Yan Qingyu!

That's right! The young master of the Yan family, Yan Qingyu, was a woman!

She was just like her name-Yan Qingyu was beautiful, had a soft voice, was gentle, and gave people the feeling of a lady from a big family!

To be able to sit firmly on the position of the young master of the number one family in the nine cauldron Royal City, Yan Qingyu did not rely on her good looks, but her extremely high talent in alchemy!

In terms of alchemy, Yan Qingyu was publicly acknowledged as the number one genius in the earthly calamity star sea!

In the younger generation of alchemists, there was no one who could compete with Yan Qingyu!

It was precisely because of this that the old master of the Yan clan had suppressed all the male descendants of the clan, ensuring that Yan Qingyu would become the young master and inherit the Yan clan's great alchemy business in the future!

It was also because of her outstanding talent in pill Dao that Yan Qingyu was extremely respected in the nine Cauldrons capital city!

Looking at the scrawny young man, who could make Yan Qingyu and Si Yunfei accompany him, one could imagine how high his status was!

That's right! This scrawny young man was Huangfu Lingyun, whom she had mentioned earlier!

He came from the Huangfu family in the earth immortal world and was the direct descendant of a core member!

Although there were many elders present, no one could be compared to Huangfu Lingyun in terms of identity and status!

In order to fight for the two positions beside Huangfu Lingyun, the nine super clans 'heads almost fought with each other. All of this was so that their own descendants could get close to Huangfu Lingyun and seek a chance to ascend to the heavens!

If Yan Qingyu and Si Yunrao could form a relationship with Huangfu Lingyun, their future would be extremely bright, and even their entire family would be able to benefit from it!

It was precisely because of this that Yan Qingyu and Si Yunrao did not dare to slight him at all. Their attitudes were extremely respectful!

Even the other people around them felt as if they were sitting on pins and needles. They trembled in fear, afraid that they would do something wrong and make young master Huangfu unhappy!

Everyone in the hall was afraid of Huangfu Lingyun!

To Chen Xiaobei's surprise, Huangfu Lingyun's cultivation was the lowest in the entire Hall!

[ding Yingying's cultivation: pinnacle phase of true Nirvana stage. Lifespan: [73 years] physique: 50000 combat power: 50000!

Chen Xiaobei even suspected that the netherspirit battlescouter had been destroyed along with the master-protecting puppet in the spirit congealing immortal abode.

But when Chen Xiaobei checked his own cultivation, he realized that his netherspirit battlescouter was not damaged.

In other words, the great Huang Fu Lingyun was indeed only at true Nirvana cultivation!

This kind of cultivation, on earth, was only considered to be above average!

In the earth-god Realm, they were just like ants!

"This is very strange ..."

Chen Xiaobei furrowed his brows. He could not tell from Huangfu Lingyun's complexion that he was sick or injured!

To put it bluntly, being born in the Huangfu family, even a pig could be forcefully pushed to a very high level with the massive amount of resources!

Chen Xiaobei could not understand why Huangfu Lingyun's cultivation was so low.

"Little brat! Why do you keep staring at our third young master?"

Suddenly, a man with silver hair and a suit of armor glared at Chen Xiaobei.

Thanks to si Yunfei, Chen Xiaobei was seated in the second row, right behind Huangfu Lingyun and the others.

This silver-haired man was Huangfu Lingyun's personal bodyguard! His cultivation had reached the four-star earth-god Realm and he was very powerful!

"Oh ... I don't have any ill intentions. I'm just a little curious!" why is young master Huangfu so skinny? " Chen Xiaobei asked. young master Huangfu is a noble man. Why is he so skinny? "

"Who are you to meddle in our third young master's Affairs?" The silver-haired man snorted, his eyes full of disdain.

Chen Xiaobei frowned. I'm just being kind. If you don't want to tell me, then I won't ask. There's no need to be so hostile!

"Hmph! Who Do You Think You Are? You don't deserve to be my judge!" The silver-haired man's temper was very bad, and his eyes revealed a fierce light. He looked like he would attack at any moment!

"Silver Wolf! Restrain yourself!"

At this moment, an old man with white hair and a white beard said indifferently, "This little brother really doesn't have any ill intentions. Don't target him!"

"Yes! I'll listen to old Meng ... the Silver Wolf took a deep breath, suppressed his anger, and looked away from Chen Xiaobei.

Old Meng nodded. His tone was calm and gentle. He was obviously an honest elder with a high reputation!

Even the hot-tempered Silver Wolf was convinced by old Meng!

"Little brother, please don't take offense!"

Old Meng explained in a low voice, "there's a special reason for third young master's skinny body!" The Silver Wolf's anger was not only directed at you, but also because of this special reason!"

"What special reason?" Chen Xiaobei was very curious.

"You wouldn't understand even if I explained, so don't waste your time!" "If you want to curry favor with the third young master, you'll have to think of other ways!" Old man Meng shook his head.

"Curry favor?" Chen Xiaobei was taken aback.

The Silver Wolf and old Meng thought that Chen Xiaobei was trying to get on Huangfu Lingyun's good side, so he wanted to know more about him!

Chen Xiaobei was not affected by this at all. He even wanted to laugh. "I, Chen Xiaobei, will never suck up to the rich and powerful! Huangfu Lingyun should be the one currying favor with me!"

Red Envelope Group of the Three Realms

Chapter 2220: Tit For Tat

Chen Xiaobei only muttered those words in his heart. If he were to say it out loud, that Silver Wolf Guy would probably go crazy and cause some trouble!

The auction was about to start, and Chen Xiaobei did not want to cause any trouble!

After all, Chen Xiaobei had used up all his spiritual stones during his last cultivation session. His top priority now was to earn more spiritual stones!

In order to earn spiritual stones, Chen Xiaobei hid in the SI residence for half a day, not wanting Tian Peng to find him!

"Whoosh ..."

However, at this moment, there was a sudden burst of exclamations at the entrance of the venue.

Chen Xiaobei turned around and frowned. "What should come has come! I can't Dodge it ..."

Five people walked in from the entrance of the venue!

Tian Peng, Qin Wuxin, clay Bodhisattva, and beiming Wuji were all in the group!

And the person who caused the crowd to exclaim in shock was the seventh young master of the beiming family, beiming Jinghong!

"I'm not seeing things, right? That young man was beiming Jinghong! The most dazzling young genius of the earth immortal world's beiming family!"

"Isn't beiming Jinghong preparing for the heaven dominating faction's core disciple competition? Why did you come here personally?"

could it be that there was a mysterious pill that caught beiming Jinghong's interest in today's alchemy King conference? "

the conference is about to begin. I'm really looking forward to it!

Everyone here was either rich or powerful, but most of them came from the earth tribulation star sea. They were full of respect for the beiming family of the earth immortal world, and naturally, they were also afraid of beiming Jinghong!

Of course, what they did not know was that beiming Jinghong was not here to buy pills, but to look for Chen Xiaobei!

Tian Peng walked to the front row and scanned the crowd. He was obviously looking for someone!

Chen Xiaobei was not worried at all. After all, he was still wearing the human-skinned mask.

But the strange thing was that the canopy had immediately locked onto Chen Xiaobei!

"Seventh young master, I've found him!" Tian Peng said to beiming Jinghong in a low voice.

"With the clay Bodhisattva's prediction and Mr. Canopy's x-ray vision, there's no mistake! We'll take action immediately!" Beiming Jinghong's eyes were as sharp as a Falcon's.

"I don't think it's a good idea to fight here ..."

Beiming Wuji said in a low voice, "the triennial pill King conference is a grand event of the nine cauldron Royal City and also a grand event of the alchemists!" If we try to sabotage them, we'll be hated by all the people in the city. We might even offend all the alchemists in the entire earthly calamity Star Ocean!"

Beiming Jinghong's expression changed. Uncle is right. But the problem is that we've finally found Chen Zhufeng. We can't let him get away!

"Seventh young master, don't worry!"

Tian Peng squinted and grinned, " we have two six-star earth-god instruments and one seven-star earth-god instrument! Chen Zhufeng would not be able to escape today! Why don't we sit down and see what Chen Zhufeng is up to? It won't be too late to make a move after the pill King conference is over!"

"Mr. Canopy is right!" Beiming Jinghong respectfully praised, " with Mister Tianpeng's nine-toothed rake, even if Chen Zhufeng had nine lives, he would still die today!

After the great battle in the spirit condensing immortal abode, the canopy great country was once transported to one of the seven forbidden areas of the earth immortal world, the endless Dead Sea, by the chaotic flow of space!

At that time, Tian Peng's life was in danger. Fortunately, he got the nine-toothed rake from Shen Gongbao's Red envelope and escaped from the endless Dead Sea!

The nine-toothed rake was originally a divine weapon, but most of its power was sealed by Shen Gongbao. At present, it could only exert the power of a seven-star earth-god!

As for Tian Peng's clairvoyance ability, it was probably from Shen Gongbao's Red envelope!

After all, there were only four days left until the winter solstice. Shen Gongbao wanted to use this last chance to get rid of Chen Xiaobei. That was why he had to satisfy Tian Peng's requests!

"What's wrong? I, Beiming Jinghong, have arrived, and there's no one to greet me?"

Beiming Jinghong's eyes were filled with anger as he arrogantly swept his gaze over the crowd.

"Why isn't anyone greeting us?"

Si Yunrao immediately jumped up and said with a face full of smiles, " Young master Jinghong's arrival is a great honor for the nine cauldron Royal City! I'm so honored by your presence that the pill King conference will be lit up!"

"Men! Give young master Jinghong a seat right next to young master Ling Yun!"

Yan Qingyu walked over with light steps. After bowing, she said gently, we didn't know that young master Jinghong was coming. Please forgive us for our lack of manners!

Beiming Jinghong's eyes stopped on Yan Qingyu's pretty face for a moment, and he asked arrogantly, "Where are the clan heads of the nine super clans? Why didn't you come out to welcome us?"

"Ignorant!"

At the side, Huangfu Lingyun sneered in disdain. "The nine clan heads are personally hosting the pill King tournament and are all preparing behind the scenes! Not to mention you, even if your father came, the nine family heads would not welcome him! This was the rule of the alchemy King conference! It's a form of respect for the Dao of alchemy!"

Meanwhile, Chen Xiaobei was sitting in the second row. He had seen everything, and his impression of Huangfu Lingyun improved.

They were both young masters of major forces in the earth-god Realm.

Beiming Jinghong was arrogant and rude, and he thought that everyone should follow his lead! However, Huangfu Lingyun knew the rules and was in awe of the alchemy Dao!

This wasn't just a difference in character, but also a difference in structure!

Under the same conditions, Huangfu Lingyun's achievements would definitely be much higher than Beiming Jinghong's!

Unfortunately, for some unknown reason, Huangfu Lingyun's cultivation was only at the pinnacle of true Nirvana stage. He was simply incomparable to Beiming Jinghong!

"Yo! Isn't he the number one loser in the earth-god Realm, Huangfu Lingyun?"

Beiming Jinghong narrowed his eyes, and sneered, "You're already so weak, and instead of hiding at home, you're here to embarrass yourself. Has your Huangfu family fallen to the point where you don't even care about your face?"

"Beiming Jinghong! You're too much!" The Silver Wolf stood up in a fit of rage. The power of a four-star earth-god was suddenly activated, and the pressure swept across the whole place.

Beiming Jinghong's expression didn't change at all. He didn't put the Silver Wolf in his eyes at all. "I'm talking to the great trash. You're just a servant, do you have the right to interrupt? The Huangfu family's people really have no manners!"

"Silver Wolf, sit down!"

"Beiming Jinghong is right. I'm indeed a good-for-nothing now!" Huangfu Lingyun replied indifferently. But three years ago, I was the number one genius in the Putuo domain of the Nanzhan state! The river flows thirty years to the East, and thirty years to the West! I believe that one day, I will return to the peak and trample all those who once laughed at me under my feet!"

As soon as he said that, everyone exclaimed in surprise!

The Silver Wolf forcefully suppressed its battle intent and said solemnly, "I believe that seventh young master will definitely be able to return to his peak! Someone! Sooner or later, he will pay the price for his words and actions!"

"Heh, a loser counterattack? It doesn't exist!"

Beiming Jinghong laughed disdainfully. From what I know, the Huangfu family has already lost their patience with this useless piece of trash. They've started to reduce the resources they've given him. He can forget about ever making a comeback in this lifetime!

"Young master Jinghong," "The alchemy King conference is about to begin, please take a seat," Yan Qingyu interrupted.
