Chapter 2391: The Mysterious Young Man

"You're right!"

Xuanyuan guanghong nodded and said awkwardly, "However, my rank is not high enough, so I can only issue Golden Supreme tokens! When I contact the headquarters later, I'll also help you apply for a Dongsheng purple gold Royal token!

"A purple gold Royal token?"

Oh? " Chen Xiaobei's eyes lit up. what's the meaning of this? "

"This is our Dong Sheng merchant Association's highest-level VIP token! In all the branches in the earth-god Realm, you can get the treatment of a head Chairman!"

of course! Xuanyuan guanghong said, " in the entire earth-god Realm, everyone who has a purple-gold Royal token is an Overlord. Even I have to be respectful when I see them. I don't dare to show any neglect or offend them!

"This is not bad!" "Then help me apply!" Chen Xiaobei grinned. Inform me if there's any news!"

alright, then please let me inspect the goods first so that I can apply for funds from the headquarters! Xuanyuan guanghong said.

"No problem!" Chen Xiaobei took out 11 four-star earth-god instruments and gave them to Xuanyuan guanghong for appraisal.

"As expected of something young master took out!"

Xuanyuan guanghong praised, " not a single one of them is inferior. Not only are they made of excellent materials, but they are also very spiritual. Even their abilities are very special! I think the total price can reach 550 million upper spiritual stones! Does the young master approve?"

"No problem!" Chen Xiaobei shrugged and agreed.

Tian Peng had estimated each of the four-star earth-god instruments to be worth 40 million. Now, Xuanyuan guanghong had given them 50 million each. Chen Xiaobei had no reason not to agree.

Moreover, these earth-god instruments were all from the Wuji nine-floor Pagoda, which Chen Xiaobei could get without much effort.

If he could really exchange it for 550 million upper spiritual stones, it would definitely be a great deal.

alright, since young master has acknowledged it, I'll apply to the headquarters as soon as possible!

"Young master, please give me your number. 550 million isn't a small sum. I'm afraid it'll take some time to raise it. I'll inform you when the time comes!"

"Good! Then I'll wait for your news! I'll see you later!" Chen Xiaobei left his phone number and left the Chamber of Commerce with canopy.

Xuanyuan guanghong had wanted to have a few drinks with Chen Xiaobei to improve their relationship. However, Chen Xiaobei had a lot of things to deal with and did not have the time to stay for a drink.

.....

As soon as he walked out of the Chamber of Commerce's Gate, a figure ran over in a hurry.

"Young master! Young master, please wait ..."

Wu qiman seemed to have been waiting at the door all this time. She ran to Chen Xiaobei with a face full of anticipation.

"It's you?"

Chen Xiaobei raised his eyebrows and said impatiently, "Is there something you need from me?"

"I'm here to apologize to young master!"

"At the start of the auction, there was some unhappiness between young master and I. I regret it very much. I hope young master can forgive me!" Wu qiman said in a low voice.

"Alright, I forgive you! Goodbye!" Chen Xiaobei replied perfunctorily and turned to leave.

Wu qiman quickly caught up with him and said with a fawning face, "Since you have forgiven me, can we exchange phone numbers? Let's be friends, okay?"

"We can't!" no! Chen Xiaobei refused. I'm in a hurry! I don't have time to be friends with you!

Chen Xiaobei had even turned down Xuanyuan guanghong's drinking session. Why would he waste his precious time on Wu qiman?

After that, Chen Xiaobei left with Tian Peng and did not say another word to Wu qiman.

"You ... You dare to reject me!"

Wu qiman was like a stone statue, frozen on the spot, her whole face twisted.

"I'm the Wu family's young miss! He was ranked third on the young warlord list! The future disciple of Tianji city! I put down my status and took the initiative to ask for your phone number, and you actually dared to reject me! No one has ever dared to treat me like this! Never before!"

Wu qiman gritted her teeth and said, "you little brat!" Just you wait! I'll definitely make you pay for this! Whoever offends me, Wu qiman, will never have a good ending!"

"Big miss Wu! Do you know who that kid is?"

Just then, a black figure walked out of the dark alley with the back of the light and looked at Wu qiman with a faint smile.

"I don't know!" Wu qiman looked at him and asked in a low voice, "You know who he is?"

"Of course I know!" The black shadow walked to the light. It was a young man in his twenties.

His skin was fair, and he was tall and straight. He could be considered handsome.

However, his entire body emitted a dark and evil Qi, like an evil ghost that crawled out of the darkness, making people not dare to get close to him!

"Who is he?" Wu qiman furrowed her brows, secretly on guard.

"He's Chen Zhufeng!" The young man said.

Chen Zhufeng!?

Wu qiman was stunned for a moment and said in shock, "He ... He's the famous Chen Zhufeng? The Chen Zhufeng who single-handedly destroyed the earth-god Realm's Army of a million?"

"Right! It's him!"

who else can fool you other than Chen Zhufeng? " the young man said indifferently.

he really is Chen Zhufeng!

Wu qiman gulped and thought, no wonder he has such unfathomable wealth! He also had a state of mind that even elder Hong praised! If he was Chen Zhufeng, then all of this would not be strange!

The young man nodded and sneered, "Are you interested in joining forces to deal with him?"

"Yes ... Wait!" Wu qiman's eyes narrowed, and she said warily, "And who are you?"

I'm Zhu Tianlin, Chen Zhufeng's enemy! "If you're willing to cooperate, I'll give you unexpected help," the young man said indifferently.

"What if I don't cooperate?" Wu qiman was arrogant by nature and would not be easily manipulated by others.

"Don't want to cooperate?" "I won't allow you to refuse to cooperate!" Zhu Tianlin sneered.

"Hmph! Who Do You Think You Are?" "I'm ranked third on the young God of War ranking in the earthly calamity Star Ocean!" Wu qiman said angrily. If we really fight, can you beat me?"

"Third? Oh, that's amazing!" Zhu Tianlin raised his hand and snapped his fingers. He sneered and said, "Come on, let's see if you can defeat my two loyal dogs!"

Just as he finished speaking, two more figures walked out of the dark alley.

"Gooddenton? Cao Changfeng?"

Wu qiman was taken aback and instantly gasped. "They are the second and first place on the young God of War ranking list! What are they doing here?"

"Master! Master!" Gooddenton and Cao Changfeng walked over and bowed to Zhu Tianlin.

Zhu Tianlin sneered, "Wu qiman, if you're willing to cooperate, then open your mouth!" If you don't want to, I'll get them to help you open your mouth! Make your own choice!"

I ... Wu qiman's heart and body trembled. She fell into despair. She couldn't beat him, and she couldn't escape. In the end, she could only obediently open her mouth.

Zhu Tianlin took out a heavenly dog biscuit and immediately made Wu qiman his loyal dog.

"Chen Zhufeng! The sect selection is in five days. Are you ready to welcome death? "Hahaha ..." Zhu Tianlin burst out laughing.

Red Envelope Group of the Three Realms

Chapter 2392: Planting Lotus Seeds

He found a place with no one around.

Chen Xiaobei and Tian Peng returned to the Sumeru dimension.

It was absolutely safe to spend the night in the Meru space! Moreover, the many pavilions in the poison immortal space were absolutely comfortable to live in!

Most importantly, what Chen Xiaobei was going to do next had to be kept a secret! Entering the Meru space was the best choice!

"Xiaobei, you're back!" Liu xuanxin had been lying on a recliner in the garden.

Liu xuanxin liked the elegant little bridges and running water in the poison God Realm, and the fresh flowers and grass. So, she had specifically asked Chen Xiaobei not to put her in the bedroom.

"Yup!"

Chen Xiaobei was in a good mood. He told Liu xuanxin about what happened today and fed her some nourishing medicine.

Liu xuanxin was curious. "Since you've bought the Holy water, hurry up and try to see if it can grow the legendary Green Lotus seed of chaos!"

"Good! I'll try it now!"

Chen Xiaobei could not wait any longer.

With a thought, the ground of the poison immortal space directly caved in!

This was spatial transfer, one of the most basic uses of the law of space. The sunken space was transferred to another place by Chen Xiaobei.

Then, Chen Xiaobei took out the pool of divine water and placed it on the sunken spot on the ground.

The edge of the pool was made of green jade, and there were exquisite carvings of Dragons soaring into the clouds. They were vivid and beautiful.

In the green jade pool, a Bay of divine water rippled with blue waves and flashed with seven colors. It looked very beautiful, but it did not show anything special. It did not even have any spirituality!

second senior brother ... Are you sure this is the heavenly water of creation? " what? " Chen Xiaobei frowned. why doesn't it have any spirituality? "

Tian Peng grinned and said, "idiot!" If this pool of divine water had released its spirituality, it would have been bought by someone else long ago!"

"Do you mean that this type of holy water is naturally reserved in its spirituality?" Chen Xiaobei frowned.

"That's right! The heaven and earth holy water of creation can seize the Fortune of the heaven and earth and gather billions of spiritual energy!"

Tian Peng explained, "its spirituality is completely hidden in the water!" It needs nine giant spiritual veins to be completely saturated. Only when it is full of spiritual energy will its spirituality be released!"

"This is too exaggerated!"

what? " Chen Xiaobei was surprised. I only need the spiritual Qi of a large spiritual vein to activate the earth escape divine gourd! To fill up this pool of divine water, you actually need nine giant spiritual veins?"

"Of course!"

Tian Peng laughed, "this is a Three Star God item!" A mere large-scale spirit vein isn't even enough to fill the gaps between my teeth!"

Chen Xiaobei frowned and said, " judging from the current situation, the spiritual energy in this pool of divine water is obviously not enough. Where am I supposed to find a giant spiritual vein? "

"You don't have to fill it with spiritual energy!"

Tian Peng said, " you should try first. See if there is any reaction when you put the green Lotus of chaos into the pool. If there is a reaction, you can slowly think of a way to inject spiritual energy!

"That makes sense!"

Chen Xiaobei nodded, took out the green Lotus seed of chaos, and placed it into the creation divine pond!

Chen Xiaobei and Tian Peng continued to wait.

Liu xuanxin was lying on the bed so she could not see clearly. She asked curiously, " "Xiaobei, is there any reaction from the Lotus seed?"

No... Chen Xiaobei shook his head in disappointment.

Tian Peng's face was solemn and he said guiltily, " Xiaobei, you might have been tricked by me ... I thought this was your lucky chance ... But now it seems that's not the case ...

"This is nothing ..."

Chen Xiaobei was disappointed but he did not blame Tian Peng. "If it was so easy to cultivate the green Lotus seed of chaos, Dao ancestor would have already settled it himself. At the very least, this pool of divine water is a divine item. No matter how you calculate it, I won't lose out!"

"Xiaobei, don't be discouraged!"

"You said that your lotus seed is flawed!" Liu xuanxin reminded him. Why don't you think of a way to fix this flaw first? In addition, weren't there three people who had grown divine lotuses? Why don't you ask them for their experience?"

"Yeah!"

wait! Chen Xiaobei said. you guys wait! I'll ask the netherworld River first!"

Chen Xiaobei immediately took out his phone and started to chat with netherworld River.

Chen Xiaobei,"brother netherworld River, are you there?"

Minghe replied,"of course!" (Second reply) what's the matter, little brother?

Chen Xiaobei: " I got a Green Lotus seed of chaos during the winter solstice festival! Brother, do you know about this?

Minghe said,"of course I've heard about it. You're so lucky!"

Chen Xiaobei: " I'm lucky, but I don't know how to plant these lotus seeds. Can you teach me? "

Minghe thought,"you should ask the prime of Tongtian!"

Chen Xiaobei: " Sifu seems to have something urgent to attend to. He hasn't replied to the message I sent him last time!

Minghe,"so that's it!" Then I'll tell you about my experience back then!

Minghe said,"I got a lotus seed by chance!" At first, no matter how hard he tried, he couldn't make it grow! "Later on, I fought with Ksitigarbha and obtained a drop of the purified bottle jade dew from his disciple!

Minghe said, " I had an idea. I dropped the dew on the Lotus seed and fixed the Lotus seed's flaw!

Minghe said, " then, I buried the Lotus seed in the core of the unholy blood sea. I nourished it with the essence of the blood sea and a great amount of spiritual Qi. Finally, the Lotus seed sprouted!

Minghe thought, " the next step is to cultivate it day and night. From the first grade, it will slowly reach the completion of the twelfth grade Lotus platform!

Chen Xiaobei: I'll try it out immediately!

Minghe said, " go on. I'll find Guanyin to get a drop of the Jade dew and repair the Lotus seeds. Only then can we open up a new situation!

Chen Xiaobei, no need to trouble yourself! In my hands, I originally had a drop of the purified bottle jade dew! It was also snatched from the winter solstice festival!

Minghe thought, no way! (Extremely envious) your luck is simply too terrifying!

Chen Xiaobei: We'll talk later when we have time!

Chen Xiaobei put away his phone and used his ethereal force to retrieve the Lotus seeds and the Jade dew bottle.

"Xiaobei! What are you trying to do?" Tian Peng asked in surprise.

"Xuan Xin is indeed my goddess of luck!"

it's just as she said! Chen Xiaobei grinned. in order to plant the Lotus seeds, we must first fix the flaws of the seeds!

"Repair the flaws!" Tian Peng was surprised and said, "yes!" Monkey King destroyed the ginseng fruit tree back then! It was also completely restored by a few drops of purified jade dew!"

"That's great!" Liu xuanxin was overjoyed to hear that.

"Di da!"

Chen Xiaobei then dropped the bottle of dew onto the Lotus seed.

To avoid wasting them, Chen Xiaobei even used his ethereal force to wrap the two items together.

As time passed, the Jade dew in the purified bottle had been completely absorbed by the Lotus seed.

However, there was still no change to the Lotus seed itself.

"It's over ... The purified bottles of jade dew are useless!" Chen Xiaobei looked dejected and said helplessly, "This time, I really have no other way!"

"Xiaobei! Don't worry!"

"Think about it carefully. Is there anything on you that others don't have?" Liu xuanxin asked. Not even the daofathers have one!"

"Something that even the Dao ancestors don't have?" Chen Xiaobei was confused.

"Miss Liu's reminder is absolutely right!"

Tian Peng suddenly realized, "I previously guessed that the daofather was unable to make the Lotus grow because he didn't have the opportunity! Xiaobei, if you can take out something that the Dao ancestor doesn't have, then it must be the key to opening this opportunity!"

[Red Envelope Group of the Three Realms](#)

Chapter 2393: Endless Problems

Tian Peng had speculated before that only a specific person would be able to use the full potential of an opportunity.

Clearly, the Dao ancestor was not that specific person.

Because of this, the lotus flower, lotus leaf, Lotus soil, and lotus root-the five lotus seeds-separated one after another.

Although outsiders didn't know, they could guess that the Dao ancestor had definitely worked hard in secret, but he couldn't obtain any opportunities. In the end, he could only silently agree that these treasures were all scattered.

Even the last lotus seed had been personally sent by the Dao ancestor with a red envelope. It was also because the Dao ancestor had no way of growing it.

The reason why Chen Xiaobei had gotten the Lotus seed during the winter solstice festival was not only because of his good luck, but also because he had been blessed by the chaos Green Lotus.

However, Chen Xiaobei would have to work hard on how to stimulate the extraordinary nature of this opportunity.

Liu xuanxin's reminder was like a bright light that pointed Chen Xiaobei in the right direction!

"You don't say!"

Oh? " Chen Xiaobei raised his eyebrows and said, " I do have two things that even the Dao ancestors don't have! Even the heavenly Lord Yuanshi is trying his best to get it!"

what's that?! Both Liu xuanxin and Tian Peng looked at Chen Xiaobei with anticipation.

"Clang! Clang!"

Chen Xiaobei flipped one of his hands, and a blood-red light appeared in the center of his palm. His other hand was filled with Yin, and a black shadow appeared from the infinite space ring!

The blood light contained the Qi of Nine Dragons, which was majestic and overbearing!

The black shadow was like an ancient demonic Dragon, fierce and domineering!

That's right! These were the chaos Blood Sword and the Dragon's edge!

"Yes! These are the two things!"

Tian Peng's eyes lit up. Shen Gongbao and the clan of enlightenment made a bet with Xiaobei in the group. They wanted to take the chaos Blood Sword and the Dragon's edge. This must be the original Lord of heaven's idea!

Liu xuanxin thought for a moment and said, " the heavenly Lord Yuanshi has a very high status. Even he wants to fight for it. Perhaps he has already secretly calculated some karma. He knows that the chaos Blood Sword and the Dragon's edge can play an extraordinary role!

Liu xuanxin was an Earthling, so she had some understanding of ancient myths.

Her words once again proved her speculation. These two things that even Dao ancestors didn't have, one of them must be the key to opening the opportunity.

"I'll try it first!"

Chen Xiaobei calmed himself down and placed the green Lotus of chaos that had absorbed the Jade dew on top of the Dragon's edge. He then observed it quietly.

Time slowly passed, but the expected change did not appear.

it seems like the Dragon's edge isn't the key to opening the opportunity ...

Chen Xiaobei shook his head, took a deep breath and said, "In the end, only the chaos Blood Sword is left! If it still doesn't work, then I really have no other way!"

"Don't be disheartened! Let's try it first!" "I believe that you can do it!" Liu xuanxin encouraged.

"Good! Lady Luck has already spoken, we can definitely do it!" Chen Xiaobei nodded and placed the chaos Green Lotus seed on the chaos Blood Sword.

"Chi ..."

Finally, the change that everyone had been looking forward to happened!

A blood-colored spiritual light shot out from the chaos Blood Sword and wrapped around the chaos Green Lotus seed!

The Jade dew in the purified bottle that he had absorbed earlier was emitted from the inside of the green Lotus seed of chaos, giving off circles of seven-colored spiritual halos!

I've succeeded!!!

Chen Xiaobei, Tian Peng, and Liu xuanxin all cheered!

"I can feel that the spirituality of the green Lotus seed of chaos is recovering! And it's getting stronger and stronger!"

this means that the green Lotus seed of chaos 'flaw is being repaired by the Jade bottle dew! Chen Xiaobei said excitedly.

what? " Tian Peng was confused. but why does the green Lotus seed of chaos have to be placed together with the chaos Blood Sword to be restored? "

"This is an opportunity from the unseen world!"

if this can be explained by common sense, someone else would have gotten this opportunity long ago. Why would I have a chance? " Chen Xiaobei raised his eyebrows.

"Next, do I have to slowly wait?" Liu xuanxin asked.

"No need to wait!" Chen Xiaobei took out the verdant Emperor's divine gourd and said, "I'll go in and cheat, I'll be out soon!"

.....

It took Chen Xiaobei a full 81 minutes to get out of the verdant Emperor's divine gourd.

In the verdant Emperor's divine gourd, tens of thousands of little strange insects were constantly activating the sunlight cache.

Eighty-one minutes was equivalent to eighty-one days!

It had been quite a while, but luckily, Chen Xiaobei came out with a smile.

just by looking at Xiaobei's expression, I know that the green Lotus seed of chaos must have been completely repaired! Tian Peng said excitedly.

"That's great!" it's time! Liu xuanxin was excited as well. now, we can officially plant it!

"Good! Let's see what kind of magical thing will happen!" Chen Xiaobei walked over and placed the repaired Green Lotus seed of chaos into the Holy water of creation.

However, after a period of time, nothing changed.

"How did this happen?"

the green Lotus seed of chaos has been fixed. Why is there no reaction? " Tian Peng said with disappointment.

"Try putting the Blood Sword in again!" Liu xuanxin said.

"Alright!" Chen Xiaobei did as he was told.

But this time, the luck goddess's Halo seemed to have lost its effectiveness.

After waiting for a long time, the green Lotus seed of chaos still had no change.

"Could it be that the spiritual energy in the heavenly water of creation is insufficient? It can't trigger the mutation?" Chen Xiaobei guessed.

"I won't!"

Tian Peng said seriously, " from the color and texture of this pool of holy water, there is at least half of the spiritual Qi inside. Even if it is not enough for the green Lotus seed of chaos to bloom, it should at least cause some germination!

there's not even a hint of it. This means that we're working in the wrong direction! Liu xuanxin said.

if that's the case, then I really don't have a choice ... Chen Xiaobei was very rational. He would not be upset or angry over his failure.

[sect leader Tongtian has sent you a private message!]

Suddenly, a message on his phone lit up Chen Xiaobei's hope!

"Master is here!"

Chen Xiaobei's eyes lit up, and he said excitedly, " "Last time, I sent a private message to master asking how to cure Xuan Xin, but he didn't reply! It's the perfect time to reply!"

Chen Xiaobei immediately opened the private chat.

[Prime of Tongtian: Xiaobei, I've predicted that Little Junior Sister Nuwa has already solved your problem last time!]

Chen Xiaobei: But this disciple just happened to encounter a new problem!

Sect leader Tongtian,"I've also figured out this problem. I've already started to help you!"

Chen Xiaobei,"it started long ago?" (Shocked)

Sect leader Tongtian: " from the moment you snatched the red envelope from Dao ancestor, I've been planning for you on how to plant that lotus seed!

Red Envelope Group of the Three Realms

Chapter 2394: The Tear Of The Void

Chen Xiaobei thought to himself, 'as expected of my Sifu! He planned far ahead and took the initiative! This disciple is truly impressed!

Sect leader Tongtian, [stop flattering me. Serious business is more important!]

Sect leader Tongtian: " I didn't reply to your message earlier because I went to Mount Buzhou. Facing the twelfth-grade Green Lotus of reincarnation, I meditated for several days and meditated. Finally, I gained some enlightenment!

Chen Xiaobei, this is great! Master, please enlighten me. What should I do next?

[sect leader Tongtian: the green Lotus of Samsara blooms at the peak of Mount Buzhou and is the core of the heavenly realm!] Minghe's Red Lotus of fire bloomed in the netherworld blood sea and became the core of the netherworld! Jieyin's Golden Lotus of merit bloomed in the Nirvana world and became the core of the Buddhist world!

Sect master Tongtian: " however, the Black Lotus of destructions of Molo Wutian is the most different. It bloomed at the place where the devil ancestor, Luo Yi, died. It's the core of the devil World!

[the first three divine lotuses bloomed in the core of the heavenly realm!] The core of the underworld! The core of the Buddha realm! What was the difference between the final core of the demon world?

Sect leader Tongtian, a world in a flower, a Buddhist Kingdom in a palm! Tathagata's Buddhist Kingdom palm was his specialty! Since mo Luo Wu Tian called himself Buddha Wu Tian, he naturally had a corresponding devil nation in his palm!

The place where sect leader Tongtian, luohou, died was originally an endless black hole! Later on, mo Luo Wutian forcefully took over the devil nation!

[sect leader Tongtian: that means the core of the demonic realm is actually in the hands of mo Luo Wu Tian!] The Black Lotus of destructions would bloom in his palm!

Chen Xiaobei: This was too exaggerated! Mo Luo Wu Tian had forcefully kept the core of the devil realm into his devil Kingdom. The Black Lotus of destructions had bloomed in his palm! It was simply unbelievable!

"Don't be surprised!" Think about what I have in my palm?

Chen Xiaobei: The chaos Blood Sword?

Sect leader Tongtian, "yes!" It was the chaos Blood Sword! Do you still remember where it came from?

Chen Xiaobei: The chaos Blood Sword was originally the chaos sword embryo. You obtained it when you traveled around the rift to the great void! The system introduction of the Three Realms red envelope group was 'the primordial origin, the first sword embryo'!

Sect leader Tongtian said,"you still remember, but you would never have thought that the great void crack is actually the core of the human world!"

Chen Xiaobei: The tear of the great void was the core of the human world? In other words, the chaos sword embryo was born from the core of the human world?

Sect leader Tongtian,"that's right!" The great void was an evolution of Dao! Dao begets one, one begets two, two begets three, three begets all things! The human world was born from the great void!

Chen Xiaobei: " that's a lot of information. Sifu, let me sort it out!

"First of all, the first mature lotus seed will bloom in the core of the heavenly realm!" After that, three unripe lotus seeds bloomed in the Buddha realm, netherworld, and devil realm respectively!

Chen Xiaobei thought,'this is the fourth unripe lotus seed! According to his master, it should bloom in the core of the human world!

Sect leader Tongtian,"that's right!"

Chen Xiaobei: " the chaos Blood Sword came from the mortal realm's core. So, when the chaos Blood Sword and my unripe lotus seed were placed together, the aura of the mortal realm's core awakened the Lotus seed's spirit. That's why it was able to be repaired by the Jade bottle dew!

'But the chaos Blood Sword only has a little bit of the aura of the mortal realm's core, so it can't make the Lotus seed grow!' In other words, I have to bring the Lotus seed to the core of the human realm in order for it to bloom!

Sect leader Tongtian,"that's right!" This was the only way!

Chen Xiaobei: " but, how do I get to the rift? " After the Lotus seed was planted, how would the disciple protect it? And how long would he have to wait for the divine Lotus to bloom?

Sect leader Tongtian, [I've already thought of your concerns!] That's why I specifically mentioned the devil nation in mo Luo Wu Tian's hands!

Chen Xiaobei thought to himself,'no way ... Does Sifu want me to learn from mo Luo Wutian and take the tear of the great void into my palm?

"Of course not!" Sect leader Tongtian replied. You don't have that kind of strength! Even if it's a trillionth of the rift to the great void, your body won't be able to bear it!

Chen Xiaobei,"then why are you still talking about Inferno?"

[sect leader Tongtian: you can't bear it, but the chaos sword embryo can!] I'm going to help you merge the crack of the void into the chaos sword embryo!

Chen Xiaobei thought,'how ... How is this possible?

"Sect leader Tongtian: silly boy!" I'm a heavenly path Saint. If even mo Luo Wu Tian can do it, I'll definitely do it better than him!

Chen Xiaobei thought, 'but Sifu, you'll be breaking the heavenly rules if you do that!' Not to mention heavenly Lord Yuanshi, even Dao ancestor would punish you severely!

Sect leader Tongtian: " fine. I'm all alone. They can't kill me. (Doesn't matter)

Chen Xiaobei thought, "what if they really want to kill me?"

Sect leader Tongtian, "no!" Don't forget what I said! What Dao ancestor wanted was balance, not to kill one side! Chanism had become big, while the other religions had to hold back! In the end, I'm still the only one who can keep the old primordial thief in check!

Chen Xiaobei: " that's true. But I can't harm shizun for my own benefit. I can't be punished!

Sect leader Tongtian, "listen well!" The green Lotus seed of chaos was a Supreme opportunity! Not only is it related to your selfishness, it is also related to the success or failure of the immeasurable catastrophe!

Sect leader Tongtian, "didn't you always ask me when the immeasurable catastrophe will come?"

Chen Xiaobei: (Surprised)

[sect leader Tongtian: when the Lotus seed in your hand blooms!] Heaven realm! The Buddha realm! The netherworld! The demonic realm! The human realm! When the cores of the five realms returned to their positions, the cataclysm would arrive and the world would be created!

Chen Xiaobei:

[sect leader Tongtian: so, as long as I can help you take down the crack in the great void, it's worth it no matter how heavy the punishment I'm going to receive!] Remember, this is an absolute chance! Absolutely! I absolutely can't miss this!

Chen Xiaobei: " I've never seen Sifu use three 'absolutes' to describe something. Since you're so sure about it, I don't dare to disobey you!

Chen Xiaobei: " but I swear that I will keep getting stronger. In the infinite cataclysm, I will take back everything that my Sifu has lost!

Sect leader Tongtian said, "I believe you!" Just send me the chaos Blood Sword!

Chen Xiaobei:

He opened the red envelope function, put the chaos Blood Sword into his Private Bag and sent it to the prime of Tongtian.

Time passed slowly. After a full three hours, the phone finally rang.

Sect leader Tongtian: " I've already integrated the crack of the great void into the chaos sword embryo. You'll gain a lot of benefits as your strength increases!

Sect leader Tongtian: " there's not much time left. I don't have time to explain in detail. You can figure it out slowly. The rest is up to you!

Ding! Congratulations! You've snatched a red envelope from sect leader Tongtian. You've received a chaos Blood Sword. It has been stored in your treasure chest!

Chen Xiaobei: Don't scare me! What do you mean by not much time left?

[Red Envelope Group of the Three Realms](#)

Chapter 2395: Success

Sect leader Tongtian, "don't be nervous. The separation of the great void crack has already alarmed all the heavenly path sages!" I'm going to argue with them, so you have to work hard!

Chen Xiaobei: "Master, are you sure you'll be fine?"

Chen Xiaobei did not receive a reply for a long time. He knew that the prime of Tongtian must have been surrounded by the other heavenly path Saints.

Even though the prime of Tongtian said that he was going to argue, it was obvious that the battle of words was just to cover for Chen Xiaobei. The prime of Tongtian himself would be severely punished.

There was nothing Chen Xiaobei could do about it.

Since his Sifu had already put in so much effort, the only thing Chen Xiaobei could do was to continue to work hard and use the final result to give the best answer and the best reward!

"Alright, it's useless for me to think about matters at master's level! Do what you can do first!"

Chen Xiaobei took out the chaos Blood Sword.

He held the hilt of the sword in his hand, and from the outside, there didn't seem to be any obvious changes.

However, as soon as they started to communicate, Chen Xiaobei was shocked.

It was as if the chaos Blood Sword had been integrated into a universe, and a vast aura swept through Chen Xiaobei's mind.

In that instant, Chen Xiaobei felt as small as a grain of sand in the endless universe. He could not even compare to a trillionth of a corner.

Dao begets one, one begets two, two begets three, three begets all things!

In Chen Xiaobei's mind, he was hallucinating that a void had turned into 3000 worlds!

This unprecedented shock made even Chen Xiaobei's heart tremble. He was on the verge of collapse.

If an ordinary person were to hold the chaos Blood Sword, their mental state would probably be crushed by this vast pressure in a matter of minutes. At the very least, they would be injured and faint on the spot. At the very worst, they would suffer a mental breakdown and become demented.

Of course, if a person could maintain his mental state under such a terrifying pressure, then the result of persevering would be a substantial growth in his mental state!

"Phew ..."

After a while, Chen Xiaobei let out a long sigh of relief. His trembling mind calmed down and the uncontrollable illusion disappeared.

Clearly, Chen Xiaobei had endured it. His mental state had grown and he would no longer be intimidated by this pressure.

After calming down, Chen Xiaobei could finally feel the changes in the chaos Blood Sword!

At the core of the chaos Blood Sword, a dark golden pattern that was half a finger long appeared. It was where the great void crack was located.

Sect leader Tongtian had extracted the great void crack from the universe and sealed it in the chaos sword embryo with his supreme divine power.

To the naked eye, it was only half a finger long, but in fact, the space contained in it was much larger than the space in the verdant Emperor's divine gourd!

And in the space of the great void crack, there were many mysterious opportunities hidden!

Almost all the heavenly path sages, including sect leader Tongtian, had traveled to the great void Rift before. Each time they went, they would more or less gain some benefits.

More importantly, no heavenly path Sage would dare to say that they had explored every corner of the great void crack.

In other words, there were still many places that had never been set foot in the rift of the void, and there were still many hidden benefits to be discovered.

Of course, Chen Xiaobei's cultivation level was too low. He did not even have the ability to go in and take a look, let alone gain any benefits from the rift.

let's talk about the future later. I'll plant the green Lotus seed of chaos first!

Chen Xiaobei focused his mind and opened a small gap in the space of the great void Rift.

After that, Chen Xiaobei placed the chaotic Green Lotus seed into the Holy water of creation.

"Whoosh!"

In the blink of an eye, the entire pool was sucked into the tear of the great void.

"Next, I'll have to see the changes in the Lotus seed!"

Chen Xiaobei held his breath and focused on the changes.

In the air, Chen Xiaobei could feel that the universe creation divine pool had been transferred to the core of the rift in the void.

From all directions, a vast amount of purple gas gushed towards the heaven and earth creation divine pool at the same time and completely merged into it.

"Could this be the legendary primordial violet vapor?" Chen Xiaobei guessed, but he could not be sure.

Then, there were seven-colored ripples in the pool. The chaotic Green Lotus was floating in the center, being washed by the purple gas. At the same time, it quickly absorbed spiritual Qi from the pool.

"That's great! The green Lotus seed of chaos has started to absorb spiritual Qi. This means that it has begun to grow!"

wait! Chen Xiaobei was excited. now, I just have to wait for it to sprout, grow, mature, and finally bloom into a Divine Lotus!

"Xiaobei! Don't be happy too early!"

"The blood Bodhi tree needs 120000 years to bear the blood Bodhi fruit!" Tian Peng reminded. The level of the green Lotus seed of chaos was higher, so the time needed was naturally longer! We can't just wait like this!"

"Of course I know that!"

yes! Chen Xiaobei nodded and said, "Sifu told me about the divine sand of time! The sun Emperor crystal! The Holy eternal water! He could upgrade the sunlight cache to the divine level. In that case, the time acceleration ability would definitely increase! Hundreds of thousands of years might just pass in the blink of an eye!"

"Oh my God!"

Tian Peng was surprised, "fairy Chi Xia's original sunlight cache is only at the celestial level, and you want to upgrade the replica to the divine level!" This is too exaggerated ..."

Chen Xiaobei nodded and said, "this is the only way. This is the only way I can harvest the blood Bodhi in a short time and make the green Lotus seed of chaos bloom!"

Tian Peng frowned, "but the three items you mentioned are all divine items!" How are you going to find it?"

of course! Chen Xiaobei chuckled. Sifu gave me a clear path, how can it not work? "Let me tell you, those three divine items are all in the human world! No man's land in the earthly calamity Star Ocean, the seven Forbidden Lands of the earth immortal realm! These places are my targets!"

"As expected of the prime of Tongtian!" "He has already planned everything for you. With a direction to work towards, your growth will not stop!" Tian Peng praised.

"Of course! My master is the most awesome!" Chen Xiaobei's admiration for her grew.

"Xiaobei, now that you've planted the seeds, what do you plan to do next?" Liu xuanxin asked.

"There are only five days left until the sect selection in the earth immortal world!"

I'm going to look for the last two ingredients to make the Jade face pill. At the same time, I'm going to increase my strength. It's better to be safe than sorry! Chen Xiaobei said.

"It's easy for you to increase your strength!" "But, where should we go to find those two herbs?" Tian Peng asked.

Chen Xiaobei shrugged and smiled. "You don't have to worry about that. Someone will help me find it!"

"Who is it?" Tian Peng was very curious.

Red Envelope Group of the Three Realms

Chapter 2396: Searching For Spirit Herbs

"Who would help you?"

Tian Peng's face was filled with curiosity.

"On the way back yesterday, I've already sent messages to Hua hanyue, Lord scorching heat, and Xuanyuan guanghong, asking them to help me find out about those two medicinal ingredients!"

I don't think so! Chen Xiaobei smiled. with their abilities, it shouldn't be hard to find them!

"That's great!"

Tian Peng said excitedly, " as long as you have the herbs, you can make the Jade face pill. Then, not only can you restore miss Liu's appearance and soul, but you can also use the extra Jade face pill to make a fortune in the earth immortal world! Just thinking about it makes me happy!"

"What Jade face pill?"

"Didn't you say that I'll be able to recover my looks and body once I get the Phoenix Heart?" Liu xuanxin asked. Why do you still need to concoct pills?"

" the heart of the fire Phoenix brings with it the blood of the fire Phoenix. If the Phoenix blood is absorbed into your body, it can indeed help you recover from your aging body. You might even become stronger than before!

however, that will only help your body recover its youth and vitality from its aging state. It will help you change your fate and prolong your life. It will not restore your skin and appearance to the best state!

"This will require the Jade face pill! The Jade face pill came from the Grand Supreme elderly Lord's pill recipe. Although I can only refine the earth immortal level Jade face pill, it's enough to restore your peak beauty and your skin will also return to its youthful appearance!"

that's right! Chen Xiaobei concluded. that is to say, the heart of the firephoenix is used to restore your internal functions, while the jaded face pill is used to restore your appearance!

I see ... Liu xuanxin was shocked. I didn't think that I would really have a chance to recover. Xiaobei, you're amazing!

"That goes without saying!" I'm not lying! Chen Xiaobei grinned. when have I ever lied to you? "

After that, Chen Xiaobei stayed with Liu xuanxin for a while more before leaving the Meru space with Tian Peng.

In the Meru space, Zi Yuan was left to take care of Liu xuanxin.

On top of that, the limitless nine-floor Pagoda could not be activated any time soon. So, Chen Xiaobei left it in the Sumeru space and let the witch of winter accompany Liu xuanxin and Zi Yuan to chat and relieve their boredom. It was better to have more people.

.....

After so many things had happened the night before, it was already the next morning when she came out.

After strolling on the street for a while, he received a call from Lord Chi Ling.

"You little brat!" "You left with Xuanyuan guanghong without even saying goodbye last night. Do you think I don't exist?" Lord scorching heat said in a bad mood.

"Weren't we strangers last night? Why should I greet you?"

Chen Xiaobei raised his brows and laughed evilly, " "Also, Please don't forget about the bet last night! A servant girl should act like a servant girl!"

I ... Lord scorching heat gritted his teeth in anger.

"Call me young master Feng!" " if you don't, I don't mind telling your Sifu about you going back on your word! Chen Xiaobei grinned.

young master Feng ... Lord Chi Ling squeezed out these two words from between his teeth. He could imagine her expression of being so angry that she was about to vomit blood through the phone.

"Yes, now that's more like a servant girl!" alright! Chen Xiaobei said, " tell me, what do you want from me? "

I ... Lord scorching heat only managed to suppress his anger after a long time, " "I've found out the whereabouts of the mantuo Frozen Flower!"

"I really couldn't tell that you're actually the most efficient!" "You put in a lot of effort last night to help me, didn't you?" Chen Xiaobei laughed.

"Hmph! Don't think too highly of yourself! I don't want to help you!" "It's the information my master gave me!" Lord scorching heat replied in a Huff. I don't know what shizun is thinking. His status is obviously extremely high, but he's willing to personally help you find something!"

"Yeah, maybe it's because I'm handsome." Chen Xiaobei laughed.

"Blargh! Can you not disgust me!" "I'll send you the location. You can go find it yourself. Don't expect me to help you!" Lord scorching heat said in a bad mood.

"Didn't you want to watch me in the dark? Shall we go together?" Said Chen Xiaobei, smiling.

"Get lost!" Lord scorching heat said angrily.

"What?" Chen Xiaobei raised his brows, his voice threatening.

ugh ... Lord scorching heat was simply depressed."Young master Feng ... I have other things to do today, so I can't go with you ..."

"This is more like it!" Chen Xiaobei smirked and hung up.

Very quickly, he received a location on his phone.

Without hesitation, Chen Xiaobei took the canopy and set off.

.....

The destination was a small planet in the no man's land in the West of the nine layers of the sea of stars.

Chen Xiaobei used the portal to return to the Imperial planet, and then rode the somersault cloud to the small planet.

After merging with the Magpie bridge's spiritual shadow, Chen Xiaobei would be immune to the harsh environment in the universe.

This way, Chen Xiaobei did not need to use the aircraft.

At the same time, the somersault cloud could burst out with the speed of a four-star earth-god, far faster than any aircraft. This greatly increased Chen Xiaobei's speed.

In the no man's land of the universe, he encountered some demonic beasts, but none of them could catch up to Chen Xiaobei.

In the end, Chen Xiaobei arrived in less than half a day, which would have taken him ten days to complete.

"Xiaobei, is your information reliable?" three-star earth-god medicine? " Tian Peng frowned. how can you find a three-star earth-god medicine in this godforsaken place? "

The environment of this asteroid was very bad. The spiritual energy was thin, and the temperature was cold. When the strong wind blew, it was like a knife cutting the skin, and it would also roll up fine sand and dust, making it difficult for people to open their eyes and breathe.

"This is the news from Lord blazing Heat's master!" I don't think so! Chen Xiaobei said. this person has a very high status. He wouldn't lie to me!

Before he could finish his sentence, a Golden Bug flew out and said excitedly, " "Bro bei! I can smell the fragrance of earth-god medicine!"

"The strength of a foodie is indeed awesome!" "The road ahead!" Chen Xiaobei grinned.

That's right! This little Golden Bug was the twelve-winged Golden Cicada, Xiao 'er!

"You're both gluttons, but why didn't I smell it?" Tian Peng pouted and quickly followed.

.....

He followed the waiter and walked quickly. Soon, they arrived in front of a cave.

"Bro bei! It's inside!" it's a very fragrant earth-god medicine, " the waiter said excitedly. it's definitely not a low grade one!

"Wait a moment!" Tian Peng frowned. I'm afraid there's danger in this cave. Let me walk in front. My cultivation is the highest, so I can deal with any unexpected situation!

"Second senior! Leave this to me!"

Chen Xiaobei immediately rushed forward and grinned. It wasn't easy for me to break through to the primordial soul realm. Please give me a chance to show off!

"No problem. If you want to help, I'll leave it to you!" Tian Peng shrugged his shoulders lazily. He didn't want to fight at all.

Chen Xiaobei walked over and stood in front of the cave.

With a thought.

His essence soul domain was immediately activated!

[Red Envelope Group of the Three Realms](#)

Chapter 2397: Changes

He activated his essence soul domain and released his divine sense, which covered a radius of a hundred meters.

The divine sense was The Sixth Sense that transcended the eyes, ears, mouth, nose, and body!

In a situation where you couldn't see, hear, taste, smell, or touch, divine sense could allow you to perceive everything within the domain!

With Chen Xiaobei as the center, he could sense any movement within a hundred meters!

Furthermore, Chen Xiaobei could use his divine sense to check on anyone whose cultivation was lower than his!

Of course, activating the essence soul domain consumed quintessential essence and spiritual power!

It was precisely because of this that the essence soul domain could not be activated at any time and place. It would only be activated when necessary. It would even actively shrink the range and only be activated at a single point. This was all to conserve quintessential essence and spiritual energy!

"Phew ..."

As expected, Chen Xiaobei's head started to feel heavy and his entire body started to feel tired after he had only activated it for a short while. This essence soul domain isn't very useful ... It's only been a while, but I'm already feeling tired ...

"This is normal!"

you've just broken through to the primordial soul realm, " Tian Peng explained. your primordial soul is still very weak. Naturally, you need to consume more spiritual power to maintain the primordial soul realm!

Chen Xiaobei pouted. I have the blood clan's special ability and the netherspirit battlescouter. Compared to them, the primordial spirit realm is of little value. I don't even need to use it!

"No! You're wrong! The blood clan's ability will consume your lifespan, the cost-performance ratio is too low! The main point is that the primordial spirit is the foundation of your cultivation. Only by constantly polishing and strengthening the primordial spirit can you have a solid foundation!"

Tian Peng said seriously, "if you don't focus on cultivating your primordial spirit, you will lose to others in the same realm when you reach the Aurous core stage!" Furthermore, the higher the realm, the greater the gap! When you reach a certain realm, your cultivation will stop forever and you can't advance any further!"

"No way? It's that serious?" Chen Xiaobei was shocked.

"Of course!"

"The primordial soul Stage is called the earth level deity stage because from this stage onwards, you have left the scope of cultivation and have officially embarked on the path of cultivation!" This path is filled with difficulties, and as long as you don't take a stable step, you'll never reach the end!"

I understand ... Chen Xiaobei swallowed and said, "I won't underestimate the primordial spirit anymore! But How do I make it stronger?"

"You don't need to ask me about this! The prime of Tongtian's Scripture of heaven and earth can give you the best answer!"

as your cultivation level increases, the Scripture of heaven and earth will show its extraordinariness," Tian Peng said. find a time to cultivate it and you will understand everything!

"Good! Then we'll talk about it later!"

Chen Xiaobei nodded. I've just checked. There's only one snake in this cave. I can vaguely sense its cultivation level. This proves that it's about the same level as me. Let's go in!

"Alright, let's go in!" Tian Peng nodded.

After that, Chen Xiaobei walked in front while Tian Peng and Xiao 'er followed.

"Hiss ... Hiss ..."

As they went deeper and deeper into the cave, the snake moved. It was obvious that it had already sensed that someone had invaded its territory.

"Xiaobei! It's here! You have to be prepared for battle!" Tian Peng reminded.

"I know!" it's a good thing! Chen Xiaobei grinned. we're at the same level. I can use it to practice!

"You can't be careless!" Tian Peng reminded again, "although we are at the same level, it is a demonic beast!" He has a unique talent that is enough to crush humans of the same level!"

"Don't worry!"

it has talent! Chen Xiaobei laughed. I have a trump card! I'm not afraid of anyone below the seven-star earth-god level, so how could I lose to a one-star earth-god?"

"Boom boom boom ..."

At this moment, the huge snake suddenly exerted its strength and charged out from the depths of the pitch-black cave. It was like a train with astonishing power, causing everything around it to tremble!

[ding Yingying's cultivation base: primordial spirit realm. Lifespan: Year 8848, physique: 1000000, combat power: 10 million!

"As expected, his strength is the same as mine! You're just in time!"

Chen Xiaobei was not afraid at all. He took a step forward and turned into a shadow, charging at the enemy.

"Owwuuu!"

The snake rushed out of the cave and opened its mouth wide, trying to swallow Chen Xiaobei whole.

"BOOM!"

Chen Xiaobei was not afraid at all. He threw a punch at her!

In his sea of Qi dantian, his vital essence erupted like a volcano. It was suddenly added to his fist, and tens of millions of combat power were suddenly activated!

Chen Xiaobei's fist landed on one of the snake's fangs!

The snake's head tilted to the side from the impact and it bit the wall on the side!

Chen Xiaobei was sent flying ten meters away!

"A demonic beast is a demonic beast! With the same combat power of 10 million, its huge body can give it extra brute force, which is at least 10% higher than mine!"

Chen Xiaobei barely managed to stand up. Although he did not fall, his fist was red, and his entire arm was numb and in pain.

If he continued to fight in this state, Chen Xiaobei would definitely lose.

it's a pity that I don't have enough physical strength to use the primordial Witch King combat enhancement training manual. Otherwise, I would've been able to defeat it!

it looks like I'll have to use my trump card before I can continue playing with it! Chen Xiaobei said.

"Owwuuu!"

The snake did not wait for Chen Xiaobei to rest. It opened its mouth again and attacked.

"Clang"

Chen Xiaobei flicked his wrist and took out the chaos Blood Sword.

Chen Xiaobei wanted to use the snake to test his new strength. That was why he only used the chaos Blood Sword and not his stronger trump card to kill the snake.

I'm already a primordial soul realm earth immortal. I don't need spiritual stones to use the chaos Blood Sword! he said.

I'll use my ethereal force to activate the power of a one-star earth-god, and burn some of my blood and soul energy. Then, I'll be able to fight this snake to a standstill!

"Swish!"

Without hesitation, Chen Xiaobei swung his sword.

At the same time, his vital essence was infused into the chaos Blood Sword and turned into energy. It was instantly burned out and directly activated the power of the chaos Blood Sword.

But! Chen Xiaobei had absorbed the blood essence and souls of 60000 people in the kana dojo, but now he could not use any of the energy of the blood soul.

"Clang!!!"

In the next moment, the chaos Blood Sword and the Python's protective Zhen Yuan clashed!

Without the support of the blood soul energy, Chen Xiaobei was still unable to fight back. Once again, he was sent flying.

"Xiaobei! What's wrong with you!" Tian Peng saw this and rushed over.

"Second senior! I'll leave this little snake to you!"

Chen Xiaobei stood ten meters away, holding the chaos Blood Sword with both hands. "The green Lotus seed of chaos has changed again!"

[Red Envelope Group of the Three Realms](#)

Chapter 2398: Chaos Mark

"Alright!"

Tian Peng's eyes focused and he stepped forward.

"Pa!"

The snake didn't even have time to react before Tian Peng smacked it on the head and it fainted on the spot.

The canopy was a peak four-star earth-god instrument. If he didn't show mercy, the snake's head would have been blown off.

Tian Peng did not even bother to look at the snake. He ran to Chen Xiaobei and asked, "What changes have the green Lotus seed of chaos experienced?"

Chen Xiaobei held the chaos Blood Sword in his hand. After a brief moment of enlightenment, he said in surprise, "The blood essence and souls of over 60000 people in the kana dojo have been completely absorbed by the green Lotus seed of chaos!"

"This ..."

Tian Peng thought for a moment and said excitedly, "Every Green Lotus seed of chaos grows in a different environment, and the divine Lotus that bloomed in the end is also different!"

the green Lotus of Samsara absorbs the Fortune of the heaven realm, the Golden Lotus of merit absorbs the Buddhist power of the Buddha realm, the Black Lotus of destruction absorbs the devil Qi of the devil realm, and the Red Lotus of fire absorbs the negative karma of the underworld!

"This unknown Divine Lotus of yours has absorbed the blood and souls of the human world! This was a sign that the core of the human world was set! At the same time, we can also confirm that the Bloodsoul of the human world is a special energy that can accelerate the speed of the green Lotus seed of chaos!"

Tian Peng wasn't stupid. He was very familiar with the ancient history and the legends of the heaven realm. He immediately made an accurate judgment.

what? " Chen Xiaobei frowned. so, according to what you're saying, if I want the divine Lotus to bloom as soon as possible, I have to kill everyone? " Frantically collecting bloodsouls?"

"Of course not! You want to kill evil people! A demon! Demon King! These guys are all existences that defy the heavenly Dao!"

Tian Peng said,"if you eradicate them, you will be walking the path for the heavens and the human world!" Your chaotic Green Lotus is the master of the human world and follows the heavenly Dao. It is only natural for it to devour the blood and souls of these people who endanger the human world!"

"I understand!"

yes! Chen Xiaobei nodded. I'm going to kill the evil people who harm the human world. My Lotus will devour their blood and souls! This was an act that followed the heavenly Dao! The heavenly Dao will also help my lotus seed grow faster!"

"Right! This is the logic!"

the heavenly Dao punishes evil and promotes good, " Tian Peng said. as long as you follow the heavenly Dao, you'll naturally get the heavenly Dao's reward!

but then again, the blood souls of 60000 people still didn't cause any obvious changes to the green Lotus seed of chaos!

Chen Xiaobei sighed. looks like it'll take hundreds of thousands of years, or even millions of years for the green Lotus seed of chaos to blossom. Even if the heavenly Dao has sped up the process, I'll still need to upgrade the sunlight cache!

"Haste makes waste, take it slow!" "The green Lotus seed of chaos still needs some time to digest the souls and blood of these 60000 people. There might be some changes!"

"Understood!"

yes! Chen Xiaobei nodded. I will always be there to punish evil and promote good! At the same time, you must also keep the sunlight cache in mind. Once you have the chance, you must try it!"

After that, Chen Xiaobei and Tian Peng went to the deepest part of the cave and found the mantuo Frozen Flower that Chen Xiaobei needed.

I'm still lacking one last spiritual herb. Since I have to wait for news, I can take this opportunity to cultivate!

Chen Xiaobei kept the Mandara congealing frost flower and said, " during the battle with the Python just now, I realized that my strength is still too weak. The sect selection will be in five days. If I want to pass smoothly, my current strength is definitely not enough!

"Increasing your strength should be a piece of cake for you!" Tian Peng grinned. He was not worried about Chen Xiaobei at all.

.....

Without a doubt, if Chen Xiaobei wanted to cultivate, he would have to enter the verdant Emperor's divine gourd and use the sunlight cache to cheat.

Of course, before he started cultivating, Chen Xiaobei took out the two herbs that he had bought at the auction to make high-grade heavenly dog biscuit.

He also had some medicinal ingredients stored in his spatial ring.

He placed all of them into the green jade cauldron to refine a new batch of high-grade heavenly dog biscuit.

With the sunlight cache's speed, Chen Xiaobei would be able to finish making the high-grade heavenly dog biscuit by the time he was done with his cultivation.

"Phew ..."

After everything was done, Chen Xiaobei sat down cross-legged and took out a large number of top grade spiritual stones. He placed them beside him and started to cultivate.

Just as Tian Peng had said, after reaching the primordial spirit realm, Chen Xiaobei's cultivation of the Scripture of heaven and earth had changed.

The spirit Qi He absorbed into his body was no longer expanding his sea of Qi dantian or increasing his true essence. Instead, it was completely integrated into his newly born primordial spirit.

Under the cleansing of the spiritual energy, a 'subtle' seed seemed to have appeared in his primordial spirit.

Just like when he first created the witch Dragon Flame, this 'seed' took root and sprouted in Chen Xiaobei's primordial spirit, and grew rapidly.

As time passed, Chen Xiaobei's combat power did not change at all.

But the 'seed' had already fully matured in Chen Xiaobei's primordial spirit. It had formed a small Black and White Ball of light that was slowly spinning.

"Second senior! A small ball of light appeared in my primordial spirit! What's going on?"

Chen Xiaobei did not stop his cultivation and asked.

"That's, that's your 'primordial chaos mark'!"

"Everyone's cultivation technique is different, so the mark in the primordial spirit is different!" Tian Peng explained.

"What's the use of this mark?" my combat power didn't increase at all! Chen Xiaobei frowned. if this mark is useless, then I'll be in big trouble!

"Silly boy!"

Tian Peng laughed, "how can the technique of the prime of Tongtian let you suffer?" Go ahead and cultivate. When you reach the middle-stage of the primordial soul realm, your 'primordial chaos mark' will generate a 'primordial soul attack'!

"A primordial spirit attack?" "What is that?" Chen Xiaobei asked.

"That's an attack technique unique to those in the primordial soul realm! It could also be said to be a special ability! At the same time, it can also increase your combat strength!"

"However, different marks have different abilities!" Tian Peng said. The immemorial mark is unique and I've never touched it before. As for its specific effects, you'll have to feel it yourself!"

it's an attack skill and a superpower! It can even increase my combat power! This is awesome! Chen Xiaobei exclaimed.

After that, Chen Xiaobei immersed himself in his cultivation with great anticipation.

As time passed, a large number of spirit stones were quickly consumed.

Finally!

The mark of the origin in Chen Xiaobei's primordial spirit was like a Chrysalis that had suddenly bloomed, giving off a beautiful illusion of light!

At the same time, Chen Xiaobei's primordial spirit seemed to have expanded. The change was very obvious!

"I think I've succeeded!"

Chen Xiaobei opened his eyes and used his netherspirit battlescouter to check his cultivation.

Ding!

[Red Envelope Group of the Three Realms](#)

Chapter 2399: Soaring

[ding Yingying's cultivation base: middle-stage primordial soul realm. Lifespan: 18200, physique: 1000000, combat power: 13.6 million, primordial spirit attack-sacred level!]

"It's a success! The netherspirit battlescouter's information had been updated! I've officially learned a type of primordial spirit attack!"

Chen Xiaobei was very excited. He was very satisfied with the result.

"No way! You're too fast!"

Tian Peng was shocked, " even a super genius would need at least a few years of hard work to generate an essence spirit attack. You only spent five hours. You're going against the heavens!

haha, second senior brother, you don't know about this, right? "

"Five hours is equivalent to 300 minutes!" Under the sunlight cache, it was equivalent to 300 days! In addition to that, I have a level-four heavenly Dao cultivation Halo, which means that my cultivation efficiency is five times better! In other words, I've been cultivating for 1500 days, which is almost equivalent to four years!"

"So that's how it is!" Tian Peng nodded and exclaimed, " however, even if it's four years, it's already very, very fast!

"It's too fast, why else would it be called cheating?"

of course not! Chen Xiaobei grinned and said, " but the price of cheating is very high! 300 days, 7200 hours, and 1000 upper spiritual stones per hour! This round of cultivation had consumed a total of 7.2 million! You almost emptied my little gold vault!"

"Well, I'll earn more spirit stones after I spend them all! You're the one who said that!"

of course! Tian Peng grinned. although you've used up a lot of spiritual stones, your combat power is increasing by 100 points every hour. With the Level 4 heavenly path cultivation Halo, it's increasing by 500 points every hour. In total, it's increasing by 3.6 million points! It would allow you to reach the middle primordial soul realm in one step! What are you not satisfied with?"

"I didn't say I wasn't satisfied! To me, problems that can be solved with money are not problems!"

Chen Xiaobei raised his eyebrows and said expectantly, " "Once Xuanyuan guanghong's 500 million upper spiritual stones arrive, I'll be able to break through several levels in a row. Why wouldn't you be satisfied?"

"Don't take off yet!"

Tian Peng quickly said,"I told you, you've already stepped on the path of cultivation!" The nine levels of the earth immortal realm are not as simple as when you broke through a small realm! Every time you go up a level, it's equivalent to you breaking through a major realm. You need luck!"

"What!"

Chen Xiaobei was shocked,"every level requires an opportunity?" Isn't this too troublesome? Are there any heaven immortal realm-breaking pills? I'll think of a way to get some!"

"Of course there is! But you can't use it!"

Tian Peng said,"you only used to cultivate, so it's fine to use some skybreaking cultivation pills!" But now that you've already started cultivating, if you use pills to break through, not only will your Foundation be unstable, it might also have side effects!"

"I've also told you that the path of immortal cultivation is fraught with difficulties, and the most important thing is the foundation! As long as your Foundation isn't stable, you'll never reach the end!"

Chen Xiaobei gulped and said, "Is it really that serious?"

"It's that serious!"

Tian Peng said seriously, "if you lower your goal, you don't have to care about your Foundation!"
However, your goal is to prove your Dao and become a saint. If you want to reach this end, you must take every step steadily! If your Foundation isn't stable, you'll stop in the middle and your cultivation won't be able to progress any further. Don't even dream of becoming a saint!"

"I understand!" that's right! Chen Xiaobei nodded. it's probably the same as having a clear Dao heart. If the Dao heart is not clear, then the Dao will not work!

"Right! This is the logic!"

Tian Peng nodded. every time you break through, you have to look for opportunities. In fact, this is a kind of training for your Dao heart. Only by overcoming each obstacle can your Dao heart be firm and unyielding. Only then can it be completely understood!

"Understood!" Chen Xiaobei nodded.

From earth, his mental state had constantly grown stronger. He didn't rely on any kind of pill, but on facing great enemies time and time again, going through life-and-death trials, and Surviving Disaster time and time again!

All of these were difficult! At the same time, it was also a form of training!

Only through repeated tempering could one be truly powerful!

Chen Xiaobei already knew how to continue on the path of cultivation!

.....

After that, Chen Xiaobei did a quick check and found that he still had 1.8 million upper spiritual stones left in his infinite space ring.

Five hours had passed, and there might be new news.

So, Chen Xiaobei and Tian Peng left the verdant Emperor's divine gourd.

As expected, Chen Xiaobei's phone had a signal the moment he stepped out. He had two missed calls and a text message.

The phone call and text message were both from Hua hanyue.

Chen Xiaobei checked the message and was immediately excited. "Hua hanyue is indeed an expert in collecting information! She's already helped me find out the last ingredient for the Jade face pill!"

"Then what are we waiting for? Let's set off now!" Tian Peng was instantly filled with energy and didn't want to waste any time.

"Hiss ..."

However, at this moment, the snake's voice was heard from not far away.

Five hours ago, Tian Peng had only knocked the snake unconscious but not killed it. Now, it had woken up.

However, the snake was obviously afraid of the canopy and didn't dare to attack. Its huge body was curled up into a ball and didn't dare to move.

"Second senior brother, wait!"

Chen Xiaobei's interest was piqued, and he spoke to the snake in beast language, " "Don't be nervous. My second senior brother will not attack you again!"

"Eh? You can actually speak the language of beasts!"

The Python was a little surprised, but it immediately shook its head and said, " since you guys aren't going to fight, let's go ... Your second senior brother is too strong, I can't help but be nervous ...

"I want you to fight me again!"

I promise! Chen Xiaobei grinned. my second Shixiong won't fight! If you win, I can even give you a million upper spiritual stones!

"What? A million upper spiritual stones?" The Python's expression froze, and its eyes revealed a deep sense of greed.

It was obvious that the spirit Qi on this small planet was very thin. As a result, it lacked spirit Qi and its cultivation was slow.

If it could obtain a million upper spiritual stones, it would be able to greatly increase its cultivation speed. It would be able to match up to a few years, or even a dozen years of hard work.

The temptation was too great!

"You're not lying to me, right?" The Python was really tempted.

Chen Xiaobei shrugged and asked, " "My second senior brother can crush you with one finger. Why Would I Lie to You?"

that's true ... the Python nodded."I agree to fight you! Don't regret it if I hurt you!"

"Injure me? You're thinking too much!"

I'll be honest with you. I've just mastered the primordial spirit attack. Don't blame me if you get hurt! Chen Xiaobei said with a smile.

Chapter 2400: Severing The Heavens With A Thought

"What? You've comprehended a primordial spirit attack?"

The Python was stunned and said awkwardly, "you couldn't beat me at all just now, and now you're saying that you've comprehended a primordial spirit attack?" Are you kidding me? Or do you think I'm stupid?"

"Cut the crap! Make your move!"

Chen Xiaobei was too lazy to explain, so he said, "Remember, if you win, the one million upper spiritual stones are yours! So, don't show any mercy!"

"You said it!"

The Python composed itself and instantly circulated its true Yuan!

"Swish!"

The huge snake twitched its huge body, and the power of true essence and physical strength suddenly exploded with a huge destructive power!

There was no doubt that it really wanted the one million upper spiritual stones! Not only did he not hold back, but he even went all out!

But this time, Chen Xiaobei did not draw out the chaos Blood Sword. He did not even make any defensive posture. He just stood there calmly, not even planning to Dodge!

"What the hell are you doing? Don't you want to live anymore?"

The giant snake's eyes were filled with surprise. It could not understand Chen Xiaobei's actions.

"Primordial chaos judges the world and refines the true God, a thought of the origin is born!"

Chen Xiaobei was as calm as ever, and his face was full of admiration. The Scripture of heaven and earth created by my master is the ultimate technique that he had concluded from all his Dao students. I'm really lucky to be able to learn it!

"What nonsense is this! If you don't make a move now, you'll die! I won't show any mercy!" The Python roared.

The snake was already in front of Chen Xiaobei, its venomous fangs wrapped in ethereal force almost touching Chen Xiaobei's face!

"Yinian! Heaven-severing!"

Chen Xiaobei's heart did not waver, and his hands did not move. He only said four words!

In the next moment, his words were absolute!

A black and white spiritual light shot out from Chen Xiaobei's forehead, like a knife and arrow, and went straight for the snake's head!

"Eh? What is this?"

The snake was stunned. Because it was too close, it couldn't Dodge in time and was hit by the mysterious light.

"My primordial spirit! How could it be ... Pfft ..."

Before it could finish speaking, the snake suddenly spat out a mouthful of blood. The true Qi in its body completely collapsed, followed by a feeling of dizziness!

"How could this be ... My origin soul was instantly injured ... The circulation of my true essence was forcefully cut off ... But there's no injury on my head ... This is too strange ..."

The Python shook its head, and the ringing in its ears and eyes eased a little.

However, everything that had just happened left it puzzled.

"What a powerful primordial spirit attack!"

Seeing this, Tian Peng couldn't help but exclaim, "It doesn't harm the body, but focuses on the primordial spirit! Not only is he invincible among his peers, but he can also defeat those with higher cultivation in one strike!"

As the saying goes, the onlooker sees more clearly than the involved!

Tian Peng saw everything. With his experience, he knew the nature of the light!

"Second senior brother has good eyes!"

Chen Xiaobei smiled. severing the heavens with a thought is the first primordial spirit attack of the Scripture of heaven and earth. I've only understood the tip of it. If I cultivate it to its peak, I can even sever the heavenly fate!

"Awesome!"

"As expected of a technique created by sect leader Tongtian. The more you cultivate, the more profound it will be!" Tian Peng praised. Just thinking about it makes me excited!"

I'm really looking forward to it. However, my path of cultivation has just begun. I still have a lot of work to do!

let's go! Chen Xiaobei smiled. let's go and find the last ingredient for the Jade Beauty Pill!

"Wait a minute ..."

At this moment, the Python suddenly spoke.

"What's wrong? Are you not going to admit defeat?" Chen Xiaobei laughed.

"No, no, no... How can I not admit defeat ..."

The snake's mouth was filled with blood and its eyes were filled with fear. "I want to ask, is my primordial spirit completely crippled? Why can't I use my true essence at all?"

"Don't worry, I didn't completely cripple you!"

Chen Xiaobei shrugged. rest for a hundred days. Don't use any martial arts. Your ethereal force will return to normal when your primordial spirit recovers!

"I understand! Thank you so much ..."

The Python heaved a sigh of relief and thought, "This kind of primordial spirit attack is simply too heaven-defying ... It doesn't hurt the body, but it focuses on the primordial spirit! Even if it's someone

with a higher cultivation, once they're hit, their true essence will be cut off and they'll lose without a doubt!"

"The point is, Xiaobei doesn't need to do anything. He can attack with a single thought!" Tian Peng added. This is the key to severing the heavens with a single thought!"

Then, Tian Peng followed Chen Xiaobei and left the cave.

.....

The destination this time was a planet with developed commerce in the East of the nine layers of the starry sea.

Although it couldn't be compared to the Imperial planet in the West, there was a three-star earth-god level water spirit herb here.

"The hundred Herb Hall! This is the place!"

With his phone in hand, Chen Xiaobei followed the location that Hua hanyue sent him and arrived at his destination.

"My two guests! Please come in!"

A shop assistant welcomed him warmly, "May I ask if the two of you are here to see a patient? Or are you here to get medicine?"

"See a patient? It's more like my Junior Brother is here to treat you!" Tian Peng pouted and said, "we're here to buy medicine!" I want to buy your water spirit grass!"

"Ah?" "This Aqua Spirit grass is our shop's treasure!" The shop assistant said awkwardly. Do you two really want to buy it?"

"If you want to buy it, state your price!" Chen Xiaobei said.

"I ... I can't make that decision! "Please wait a moment ..." The shop assistant swallowed and immediately ran to the back hall.

After a while, a middle-aged man with a moustache walked out and looked at Chen Xiaobei and Tian Peng from head to toe.

"Are you the ones who want to buy the water spirit grass?" The man squinted his eyes and said impatiently, probably because Chen Xiaobei and Tian Peng's clothes were too ordinary.

After all, the average price of a three-star earth-god herb was about 400000 upper spiritual stones. If one wasn't a rich man, one wouldn't be able to afford it!

alright! Chen Xiaobei nodded and said, " name your price.

The middle-aged man touched his moustache, rolled his eyes, and said, " "I don't think you two are rich. Can you afford 100000 upper spiritual stones?"

"What the f * ck! It's so cheap!" Tian Peng was surprised and said,"deal!" You're not allowed to renege on your debt! Give me the water spirit grass, we'll pay in cash immediately!"

The middle-aged man looked at Tian Peng and Chen Xiaobei in surprise. He did not expect that these two ordinary-looking young men could afford 100000 superior-grade spiritual stones.

"Good! We'll hand over the money and the goods at the same time!"

The middle-aged man didn't go back on his word. He took out an exquisite wooden box and opened it himself.

"It really is the water spirit grass!"

Chen Xiaobei was surprised. "Are you sure you want to sell it to us for 100000?"
