#### Chapter 2441: Cruel Path

"Young master Chen! Don't go! You're no match for those mechas!"

The Hengsha tribe leader shouted, but Chen Xiaobei had already rushed over.

"Don't come over, kid! You will die!"

Lord scorching heat shouted at Chen Xiaobei as he circulated his ethereal force to protect himself.

At this moment, Lord scorching heat was besieged by 33 mecha Warriors of the same level. His protective Zhen Yuan could only barely hold on for a moment!

Every time she took an attack, her true Qi would be weakened a bit. When her true Qi was exhausted, it would be the time of her death!

However, she did not ask for help immediately. Instead, she advised Chen Xiaobei not to go over.

It could be seen that this woman only had a bad temper, but her heart was not bad.

"Stop shouting! Be good and wait!"

This was an urgent matter, and there was no room for mistakes. Chen Xiaobei shouted, "no!"

this ... Lord scorching heat was stunned for a moment. He was feeling extremely complicated.

"Chief Hengsha! Prepare your primordial spirit attack!"

Chen Xiaobei shouted as he was less than five meters away from the encirclement.

"A primordial spirit attack? It's no use ..."

The Hengsha tribe leader was stunned. I can open the Hengsha realm, but both of you are in the realm. You will be affected by the same thing. You still can't escape!

"Whoosh!"

At the same time, three golden mecha Warriors had already sensed Chen Xiaobei's approach. They turned around and attacked Chen Xiaobei!

These were three terrifying existences with the strength of four-star earth-god!

Once the three Cannonball-like punches landed, the Nightstalker outfit would be destroyed and Chen Xiaobei's body would be destroyed!

"Are you stupid? I already told you not to come over!" Lord scorching Heat's face was filled with despair, and his chest was almost suffocated by the pressure.

"Ling jiuxiao!"

run! Chen Xiaobei shouted and flashed away.

It was not a long distance, but it was enough to get past the Golden mecha Warriors' encirclement and reach Lord Chi Ling's side.

"Chief Hengsha! Hurry up!" Chen Xiaobei shouted as he grabbed onto Chi Lingjun's arm.

"Woof! Buzzzzzz! Yi ..."

The thirty-three golden mecha Warriors launched their attacks at the same time. Their Iron Fists rained down like a storm, surrounding Chen Xiaobei and scorching heat Lord without leaving any gaps!

countless sands realm!!!

The Hengsha tribe leader was already prepared and launched a primordial spirit attack at the first moment.

A dark yellow spiritual light suddenly shot out from its three eyes and quickly enveloped the battlefield.

"Ling jiuxiao!"

Chen Xiaobei took the opportunity to grab Lord scorching heat and escape from the encirclement!

"Whoosh ..."

At the same time, the countless sands realm came down and covered the 33 golden mecha Warriors.

Creak ... Creak ... Creak ...

The thirty-three golden mecha Warriors were the first to launch a pursuit.

However, their movements seemed to be in slow motion. They were extremely slow, and even the sound of their joints moving became long and slow.

Originally, their speed was much faster than Chen Xiaobei's. Even if Chen Xiaobei had blinked away, they could still catch up.

However, Chen Xiaobei had already anticipated this and had the Hengsha tribe leader release the Hengsha realm in advance.

The 33 golden mecha Warriors were all trapped in the countless sands realm, unable to pursue Chen Xiaobei and blazing heat Lord.

"Explosive Flame Slash!"

Chen Xiaobei had already calculated everything. He flashed out of the encirclement and out of the countless sands realm!

Without any hesitation, Chen Xiaobei took out his spiritual bursting flames King Sword!

"Boom boom boom ..."

The power of a five-star earth-god was suddenly activated, and a wild burst of flame swept toward the thirty-three golden mecha Warriors like a huge burning scythe!

"Scatter!" The Hengsha tribe leader understood and immediately removed the Hengsha realm.

"Bang! Bang! Bang! Bang ..."

The next moment, the inflammable giant blade swept across the Army and cut the thirty-three golden mecha Warriors in half at the waist. Then, they were burned and exploded!

One sword! The team was annihilated!

how ... How is this possible?!

Lord scorching heat was dumbfounded. He would never have thought that Chen Xiaobei would have such a cheat-like Trump card like the Ling jiuxiao!

What was even more unexpected was that Chen Xiaobei had managed to come up with a perfect plan at the critical moment. He had saved the man, retreated, and killed the man!

At this moment, Lord scorching heat couldn't help but utter a word in his heart! In bold letters, I'm convinced!

"That's amazing!"

The Hengsha tribe leader was even more excited as he praised, " "Heroes come from the young! Young master Chen was so young, but he had such an extraordinary Foundation! It's really shocking!"

Obviously, the word 'Foundation' that Hengsha tribe leader mentioned had a lot of meaning.

Ling jiuxiao! The spiritual King of bursting flames! This was Chen Xiaobei's trump card!

More importantly, it was Chen Xiaobei's state of mind and wisdom!

Just a moment ago, Hengsha tribe leader and blazing heat Lord were both panicking. Their state of mind was in chaos, and they were helpless. They were even in despair!

However, Chen Xiaobei was able to think calmly and come up with a perfect plan in a very short time!

This was Chen Xiaobei's strongest trump card! Ordinary people simply couldn't compare!

"Chi ..."

At this moment, in the middle of this golden space, a flight of stairs suddenly rose up. The originally sealed ceiling also opened up an entrance that led upwards!

"There's still space above?"

"It looks like we've only just passed the first stage!" Lord scorching heat recollected himself and said.

"The first stage?"

The Hengsha clan leader's eyes narrowed and he said, "could it be that this space is a trial set up by someone?" I have to pass one level before I can enter the next?"

"It must be like this!"

"According to my observation, those golden mecha Warriors were powered by a special spiritual Qi after their circuits were damaged! Because of this, they can continue to attack, and their power is even stronger than when they are driven by electricity!"

"You mean, someone has set up a formation in this space?" "Is it the formation that's controlling the Golden mecha Warriors? or is it the formation that's supplying spiritual Qi to the Golden mecha Warriors?" Lord Chi Ling speculated.

"That's right!"

yes! Chen Xiaobei nodded and said, " all of this is man-made! It was to test the people who entered this place! Of course, you can also consider it a form of punishment!"

"Punishment?" Lord scorching heat asked in confusion.

I don't think so! Chen Xiaobei said, " if it was just a test, those golden mecha Warriors wouldn't have wanted to kill you!

"Yeah!"

"The way back has been sealed off. Once you enter this place, you'll either pass the trial or die!" Lord scorching heat said with a sudden realization. As long as they couldn't make it to the end, they would definitely be injured, they would be in despair, and they would die in physical and mental suffering! This is a cruel punishment!"

"Even if it's cruel, I'll still have to do it!"

Chen Xiaobei looked at the Golden staircase and said, " "We have no way back!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2442: Time Law**

The flight of stairs led to a cruel end! He had to risk his life for every step he took!

However, just as Chen Xiaobei had said, there was no turning back. They could only move forward! Advance! Forward!

.....

The second level was still a huge golden space!

"Are you ready? Just like before, as long as I move, I will trigger the test of this level!"

Chen Xiaobei looked at Lord Chi Ling and the Hengsha tribe leader.

"I'm done!"

Lord Chi Ling's eyes were focused on the longbow in his hand. He said with a sigh, "If I had known that I was going to break through the levels, I would have gone to master and asked for a stronger earth-god instrument ..."

In fact, the longbow in Lord scorching Heat's hand had already reached the peak of six-star earth-god level.

However, this golden space was simply too strange. As a result, Lord scorching heat did not have a hundred percent confidence in his victory.

"I'm ready too ..."

The Hengsha tribe leader's eyes were like torches, and he held a staff in his hand. He was also a peak six-star earth-god existence!

Obviously, the Hengsha tribe leader was the same as blazing heat Lord. He was completely uncertain. Even if he had the strongest trump card, he didn't have the confidence to clear all the levels.

"Why don't you let me go first?" Chen Xiaobei could tell that the two of them were nervous, so he took the initiative to leave first.

"No! Let me go first!" "You follow behind me!" Lord scorching heat said in a deep voice. You can even save me at a critical moment!"

Obviously, after the battle just now, Lord scorching heat no longer looked down on Chen Xiaobei. He had even regarded Chen Xiaobei as a life-saving charm and would need to rely on Chen Xiaobei in critical moments!

"Alright! Then you go first, be careful!" Chen Xiaobei nodded and let Lord Chi Ling lead the way. He would be able to have a better view of the situation and come up with the best plan to clear the stage.

This was called strategizing and deciding victory from a thousand li away!

"Go, I'll be ready to save them at any time!" The Hengsha tribe leader also thought that this arrangement was very reasonable and nodded in agreement.

"Alright!"

Lord scorching heat took a deep breath, and his entire body became 120% alert, as if he was about to start a life-and-death battle!

whoosh ... Whoosh ... Whoosh ...

However, as soon as he took a step forward, three beams of spiritual light descended from the sky and trapped him, Chen Xiaobei, and the Hengsha tribe leader within a wall of light.

"What ... What is going on?"

Lord scorching heat panicked. He immediately raised his fist and smashed at the light wall, but he could not shake it at all.

"Don't waste your energy!"

Chen Xiaobei frowned and said, " this is the test of the second stage. Brute force can't solve the problem!

"If brute force doesn't work, what should we do?" "We're basically imprisoned now. We can't just wait for death, can we?" Lord scorching heat frowned.

whoosh ... Whoosh ... Whoosh ...

Before he finished his sentence, a huge number of words appeared on the three light walls at the same time.

These characters were very ancient and very different from modern characters. One could barely guess the meaning from the shape.

"What ... What is the meaning of this?" Lord scorching heat was instantly dumbfounded.

She was an impatient person to begin with, and when she saw these dense ancient characters, she instantly felt her scalp go numb and her mind was in a mess.

"Heavens!"

After a short study, Hengsha tribe leader suddenly exclaimed, " "This is the content of the temporal laws! It's the Supreme law that our countless sands ancient race has been pursuing for generations! As long as you can control the temporal laws, you can control time!"

"What? He's in control of the temporal laws?" Chen Xiaobei's face was filled with shock.

One had to know that the Law of Time was the same as the law of space. They were both Supreme laws that only heavenly path sages could control!

From lady Nuwa's Sumeru fusion, Chen Xiaobei had learned a little about the laws of space. However, he could only control the space in the Sumeru dimension. He could not do it in the outside world!

"No, young master Chen, please don't misunderstand!"

controlling the time law is the dream of the Hengsha ancient race, " the Hengsha tribe leader explained. but until now, no one has ever achieved it!

"Didn't your civilization break? How do you know all this?" Chen Xiaobei asked.

"The rupture of civilization occurred tens of millions of years ago! In the tens of millions of years that followed, we, the Hengsha ancient race, have been developing and improving!"

our primordial spirit attacks and the eternal golden sand in the countless sands heaven tower were all passed down by our ancestors, " said the Hengsha tribe leader. they didn't disappear because of the collapse of civilization!

it was these two things that allowed us to have a close connection with time. We have studied time for generations, and in this respect, civilization has not broken!

that's why I can understand the contents of these words with a single look! The Hengsha tribe leader said excitedly.

Eternal Gold sand! Chen Xiaobei thought for a moment and asked, " Eternal Gold sand represents the eternal flow of time! Then what do your primordial spirit attacks represent?"

"Our primordial spirit attack is called the countless sands realm!"

The Hengsha tribe leader said,"in this domain, the flow of time is greatly slowed." The slow-motion you're seeing isn't the enemy slowing down, but time slowing down!"

for example, an action that could have been completed in one second, because this one second has been slowed down to ten seconds, that action looks like it could have been completed in ten seconds!

Both Chen Xiaobei and scorching heat Lord were shocked.

It was not difficult to slow down the enemy's speed. Chen Xiaobei could think of at least a hundred ways!

However, slowing down the flow of time was extremely heaven-defying! Chen Xiaobei could not do it!

"You don't have to be too surprised!"

The Hengsha tribe leader explained, " the Hengsha realm is the talent of the Hengsha ancient tribe! We can only use our special abilities and can't control time as we wish! He's still far, far away from controlling the temporal laws!"

"Didn't you say that the words on the wall of light are the specific contents of the Law of Time?" asked Lord Chi Ling with anticipation. You should be able to learn it quickly!"

"Uh ..."

The Hengsha tribe leader said awkwardly, " I can only understand the literal meaning, but it also contains mysterious changes and profound knowledge. I don't even know where to start, let alone learn it quickly.

"Then what should we do?" Lord scorching heat frowned slightly and said anxiously, "I can't possibly be trapped here alive, right?"

this ... I don't know what to do ... Hengsha tribe leader said, embarrassed, " "Let's ask young master Chen! With young master Chen's intelligence, you might be able to make a new discovery!"

mm ... Lord Chi Ling nodded and looked at Chen Xiaobei. "Young master Feng! Say something! Why is there no movement all of a sudden?"

Chen Xiaobei did not respond to her. His eyes were staring straight at the text, and it was hard to tell if he was just staring blankly at it.

"Young master Chen? young master Chen ... the Hengsha tribe leader shouted again, but he still didn't get any response.

"Chi ..."

About ten minutes later, Chen Xiaobei had disappeared from where he stood.

Lord scorching heat and Hengsha tribe leader were dumbfounded!

[Red Envelope Group of the Three Realms](#)

**Chapter 2443: All In The Book**

"Young master Chen! Where is young master Chen?"

The Hengsha tribe leader was dumbfounded and puzzled.

"He disappeared ... What ... What is going on?"

Lord scorching heat was also dumbfounded. No matter how hard he racked his brain, he still couldn't figure out why a living person would suddenly disappear into thin air.

.....

In fact, Chen Xiaobei did not disappear. He had entered the Meru dimension and entered the verdant Emperor's divine gourd.

On the bloodspring planet, the small strange insect was still driving the sunlight cache.

As long as Chen Xiaobei walked into the special abilities zone, he would be able to enjoy the sunlight cache's acceleration effect.

"Stop for a moment!"

let's go! Chen Xiaobei ordered, and the small insects around him dispersed.

Chen Xiaobei picked up the sunlight cache and started to communicate with it.

Chen Xiaobei kept switching between activating and not activating the special ability, trying to feel the mysterious changes in the sunlight cache.

There was no doubt that the sunlight cache could accelerate time because it contained a certain time law.

In the last ten minutes, Chen Xiaobei had already memorized all the words on the wall.

Chen Xiaobei was holding the sunlight cache in his hand, trying to understand the profound changes of the time laws. At the same time, he was trying to understand the deeper meaning of the words on the wall of light.

Chen Xiaobei had the scholar heart, and his learning ability was like a cheat. He could draw inferences and draw parallels from one example.

Gradually, Chen Xiaobei found a breakthrough in those words!

He let the little strange insects come over to activate the sunlight cache.

Chen Xiaobei calmed himself down and began to study the words on the wall!

Under normal circumstances, Chen Xiaobei would be able to understand and master it as soon as he learned!

Ordinary cultivation methods and secret techniques could be learned in half an hour to a few hours.

Complicated and profound secret arts and techniques required more time.

For example, it took Chen Xiaobei three days and three nights to learn ju liusun's 'magical treasure fusion', and 30 days to learn lady Nuwa's 'Sumeru fusion'!

If it was someone else, they would probably not be able to learn it even after thousands of years!

This time, it took Chen Xiaobei 300 days to completely understand the words on the wall of light!

"It's too profound ..."

Chen Xiaobei let out a long breath and said, "Those words are only the tip of the iceberg of the Law of Time. I've been learning it for so long even with the scholar heart! Most people probably wouldn't be able to comprehend it even after a trillion years!"

in comparison, mother Nuwa's Sumeru fusion technique didn't directly mention the laws of space. It only scratched the surface!

"And the words on the wall of light are the true contents of the Law of Time! Although it's only the tip of the iceberg, the profound meaning within it is simply boundless!"

"No wonder only heavenly path sages can completely control the laws of time! Most people, even if they have talent and time, definitely don't have unlimited spiritual power to support this boundless and vast change!"

Chen Xiaobei calmed himself down, his face full of fatigue.

It was obvious that learning the words on the wall of light had consumed a lot of Chen Xiaobei's mental power.

It was conceivable that if one wanted to use the secret techniques in those words, it would require almost infinite computing power, and the primordial spirit would have to derive almost infinite changes. An ordinary person's spiritual power would not be able to withstand it!

it's impossible to control the Law of Time. I'll take them through the second level first!

Chen Xiaobei took some spiritual medicine to relieve the pressure on his brain and nerves, allowing his mental power to recover.

After another day, Chen Xiaobei finally recovered and walked out of the sunlight cache's area.

Chen Xiaobei spent 301 days in the sunlight cache.

In the outside world, only 301 minutes had passed.

.....

He left the Meru space.

Chen Xiaobei reappeared in the middle of the cage-like wall of light.

"Young master Chen! Where have you been? How could he have disappeared for five hours?"

The Hengsha tribe leader and blazing heat Lord were still trapped in the same spot. When they saw Chen Xiaobei, they were both surprised and happy.

Chen Xiaobei had disappeared and reappeared out of thin air. It was unbelievable.

The good thing was that in the past five hours, the Hengsha tribe leader and Lord scorching heat had no clue at all. When they saw Chen Xiaobei, it was as if they saw hope in breaking through the trap.

I've encountered some fortuitous encounters and have found a way to break out of this situation! Chen Xiaobei's answer was very vague. Of course, he would not mention the Sumeru space and the sunlight cache.

"Is this true? That's great! I knew that young master Chen was no ordinary person!" The Hengsha tribe leader was overjoyed, and his face was full of anticipation as he waited for Chen Xiaobei to bring him to victory.

"Young master Feng! You're too awesome! "I can't believe that you can still obtain an opportunity in such a damn place ..." Lord scorching Heat's beautiful eyes were wide open, and her face was filled with admiration.

"It's just average." Chen Xiaobei shrugged. actually, you don't have to be so surprised. The real operation has only just begun!

Chen Xiaobei put his hand on the wall and started to communicate with it.

Of course, ordinary spiritual communication methods were definitely ineffective!

He had to follow the method in the text and let his primordial spirit emit spirituality. He had to consume his spiritual power to complete the most basic 30000 changes of the Law of Time to unlock the light wall!

"Chi ..."

Even though Chen Xiaobei had already learned it, it still took him nearly ten minutes to unlock it.

With a wave of energy, the wall of light that imprisoned Chen Xiaobei disappeared.

"Chi ... Chi ..."

Then, the light walls around chief Hengsha and Lord scorching heat also dissipated.

Clearly, as long as one person succeeded in clearing the stage, it would be equivalent to everyone clearing the stage.

"I succeeded! Oh my God! Young master Chen! You've really succeeded!"

The Hengsha tribe leader was dancing with joy like a child. after we get through this, we will be one step closer to the ultimate secret. The fracture of the civilization and the truth of history will finally be reenacted!

"Amazing ..."

Lord scorching heat exclaimed in shock, "The mystery that the countless sands ancient race couldn't solve for tens of millions of years has been solved by you, young master Feng ... What kind of monster are you? Shizun really has a unique eye for you!"

"Don't get too excited, this round isn't over yet!" Chen Xiaobei's face was full of fatigue. He had used up a lot of his mental power, and his head was heavy and his body was tired.

Hualala ... Hualala ... Hualala ...

Before he finished speaking, the space changed again!

A large number of books wrapped in golden light suddenly appeared. Like a flock of birds, they flipped the pages of the books and flew in the air!

"What ... What the hell is this?" Lord scorching heat was instantly stunned.

those books ... They are the history books of our countless sands ancient race! The Hengsha tribe leader's eyes were like torches. From the title of the book and the scattered words when the pages were turned, he made an accurate judgment.

"Grab these books!"

the history and civilization of the Heng Sha ancient tribe are all in the book! Chen Xiaobei said.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2444: Ling Jun Is Seriously Injured**

"Catching books? How are we going to catch him?"

The Hengsha tribe leader and Lord scorching heat were both puzzled and at a loss.

it's simple. You just need to break the energy shield of these books!

books are inanimate objects. They can move only because they have the energy of the formation. If we can break the energy shield, we can break the formation! Chen Xiaobei said.

"Then what are we waiting for? Leave it all to me!" Lord scorching Heat's eyes narrowed as he raised the longbow in his hand.

"Red Heart heavenly feather!"

With a light shout, Lord scorching heat held the bow with one hand and pulled the bowstring with the other. Instantly, the longbow was fully drawn.

"Whoosh ..."

There were no arrows on the string, but arrows condensed from Lord scorching Heat's true essence!

He didn't hold back the strength of a four-star earth-god and condensed a burning red vital essence arrow!

"Swish!"

In the next moment, the red arrow was shot out, and the power of a mid-stage four-star earth-god burst out. Its speed was extremely fast, and its power was terrifying!

Obviously, this was the power of Lord scorching heat and the support of the longbow. It was extremely powerful!

"Woof! Buzzzzzz! Yi ..."

When the red arrow approached the books, it actually changed!

Like an eagle spreading its wings, the Scarlet Flame Arrow spread out to both sides like countless feather-like flowing lights!

Each streak of light turned into a brand new arrow!

One arrow turned into ten thousand arrows!

"Chi ..."

However, at this moment, the books started to emit golden spiritual light!

It was very similar to the countless sands realm, but its effects were more advanced than the countless sands realm!

As soon as they touched the Golden spiritual light, the ten thousand Scarlet Flame Arrows slowed down and became extremely slow as if they were playing in slow motion.

"Woof! Buzzzzzz! Yi ..."

But at the same time, the books were not affected by the special ability, and dodged at a normal speed!

"Bang! Bang! Bang! "Bang ..."

The books had already dodged, and the spirit light ability was dispelled. The tens of thousands of Scarlet Flame Arrows hit the wall and floor behind them, not even touching a single book.

"This ..."

Lord scorching heat was dumbfounded. He had thought that he could handle everything, but now he realized that he had been too naive.

"Woof! Buzzzzzz! Yi ..."

In the next moment, the books rushed towards Lord scorching heat in unison. Their speed and combat strength were at the four-star earth-god level.

"I can't hit them, so I can only retreat!" Lord scorching Heat's eyes narrowed, and he immediately retreated.

"Don't worry! I'll bring up the rear for you!" The Hengsha tribe leader raised the staff in his hand. With a thought, he quickly added his Zhen Yuan.

The Hengsha tribe leader didn't activate the power of the staff, because even if he did, he wouldn't be able to hit the books.

The Hengsha tribe leader had used his own Zhen Yuan in this attack. He didn't want to hit those books, but just wanted to buy time for Lord scorching heat to retreat to a safe area.

"Whoosh ... Hu ..."

The frenzied earth true essence was like a terrifying sandstorm as it crushed toward the books.

"Chi ..."

However, at this moment, the books emitted some golden spiritual light again.

"Many thanks!" Lord scorching heat heaved a sigh of relief. He thought that these books would activate their special abilities to slow down chief Hengsha's attack, just like before, giving him a chance to escape.

"You're welcome!" The Hengsha tribe leader also thought that his operation was a success, and a smile appeared on his face.

"Quickly run! Don't relax!" wait! Wait! Chen Xiaobei shouted nervously. He was already running out of the room.

"Whoosh! Whoosh! Whoosh ..."

The next moment, the speed of those books suddenly increased. The copies exceeded the five-star earth-god level, and they instantly bypassed the attack of the Hengsha tribe leader and reached Lord scorching heat.

Just now, the ability of those books was to slow down time, but now, it had actually become to speed up time!

The two abilities looked the same on the surface. Most people would not be able to tell the difference. Only Chen Xiaobei could see the subtle changes.

"Bang! Bang! Bang! Bang ..."

In the next moment, those books bombarded Lord scorching heat with tremendous force.

Lord scorching heat had just been besieged by the Golden mecha Warriors, and his vital essence had been greatly consumed. Now that he was being attacked by thousands of books of the same level, his vital essence was being depleted rapidly.

Although Lord scorching heat had the physique of a four-star earth-god, he was like an ant devouring an elephant! It was impossible for one person to fight against thousands of people of the same level!

"Pfft ..."

Soon, Lord scorching heat was severely injured by the attacks of the huge number of books.

"Explosive Flame Slash!"

Luckily, Chen Xiaobei did not hesitate to rush into the battlefield.

"Boom boom boom ..."

The sword slashed down, and the power of a five-star earth-god suddenly burst out. The raging flames were like a violent Fire Dragon, crushing down.

it's no use ... clan leader Hengsha said helplessly, " those books can speed up or slow down time at will. No attack can hit them within the range of their abilities!

"Young master Feng! Don't come any closer!"

With blood in his mouth, Lord scorching heat fell to the ground with severe injuries, but he still shouted desperately, your defense isn't strong enough. If these books manage to Dodge your attack, you'll be dead!

"Chi ..."

Sure enough, before he finished speaking, the books began to glow again.

The others could not see the effect of the special ability, but Chen Xiaobei knew. "Time deceleration! They're trying to defend Against Me!"

"Ling jiuxiao!"

The next moment, Chen Xiaobei activated witch Dragon nine transformation and teleported a distance away.

As Ling jiuxiao teleported, even though he was still affected by the special ability, one moment was only slowed down to ten moments, which was still a very short period of time.

"BOOM!"

Chen Xiaobei's speed was greatly reduced, but the distance between them was so close that the blazing fire Dragon on the sword collided with the books.

"Boom boom boom ..."

The power of a five-star earth-god suddenly crushed down, and the protective energy of those books collapsed instantly.

With this attack, half of the books lost their energy and fell to the ground, no different from ordinary books.

"Chi ..."

At the same time, the remaining half of the books once again emitted a special light. They gave up on attacking blazing heat Lord and turned to charge at Chen Xiaobei.

"It's time acceleration this time! They're going to attack me!" Chen Xiaobei was certain of the intention of the books.

"Woof! Buzzzzzz! Yi ..."

Sure enough, under the effect of time acceleration, those books all burst out with the speed of a five-star earth-god.

"Bang! Bang! Bang! Bang ..."

Because of the close distance, the books hit Chen Xiaobei in an instant.

it's over ... clan leader Hengsha looked desperate and sighed. although young master Chen's Dharma Treasure is powerful, his defense is not strong enough. He's dead for sure ...

"Young master Feng!" Lord scorching heat could not help but spit out another mouthful of blood. His eyes were filled with pain and despair.

"Don't be nervous! I'm fine!"

Suddenly, Chen Xiaobei's calm voice rang out from the crowd of books.

"Bursting flames! Reverse blade!"

### Red Envelope Group of the Three Realms

#### **Chapter 2445: Secret Revealed**

"Woof!"

In the next moment, the raging flames were like a huge vortex, rolling up from the circle of books!

In the fire vortex, sword Qi was even more rampant, overflowing in all directions. The chaotic sword Qi carried the fire and counterattacked strongly!

"Boom boom boom ... Boom boom boom ..."

The books surrounding Chen Xiaobei were like moths to a flame. The moment they touched the red flame vortex, their protective energy would be destroyed.

"Huala ..."

Soon, all the books had lost their energy and fell to the ground around Chen Xiaobei.

"Heavens! Young master Chen! You're actually fine!" The Hengsha tribe leader was dumbfounded and couldn't believe his eyes.

"Young master Feng! "You're still alive ... That's great ... That's great ..." Although Lord scorching heat was severely injured, his face and eyes were full of surprise.

"Of course I'm fine!" Chen Xiaobei smiled. Not even his hair was hurt.

Without a doubt, the reason why Chen Xiaobei was fine was all thanks to the master-protecting puppet.

With the upgrade of the netherspirit battlescouter, the effectiveness of the master-protecting puppet had also increased greatly. It had successfully protected Chen Xiaobei from the attack just now.

The books accelerated their attacks, but they were unable to break through the master-protecting puppet. Once their attacks ended, they were doomed to lose.

Chen Xiaobei's counterattack had easily ended the battle.

"Stop talking! Quickly take your medicine and heal your injuries!" Chen Xiaobei looked at Lord scorching heat and said.

alright ... Lord scorching heat was a man of his trade. Naturally, he would bring along some good medicine. Chen Xiaobei did not need to worry about that.

"Whoosh ..."

Because all the books had fallen, the array in this space had been completely broken. A new flight of stairs appeared, leading to a higher space.

At the same time, while Lord scorching heat was taking his medicine, Chen Xiaobei and the Hengsha tribe leader immediately started to clean up the battlefield and gather all the books.

The Hengsha tribe leader couldn't wait to start reading.

Chen Xiaobei picked up some books and started to read.

Because of the scholar heart, Chen Xiaobei could read a hundred lines in a single glance and understand everything.

"Shua shua shua ..."

After a while, Chen Xiaobei had flipped through a few books on the history of the Heng Sha ancient tribe and finally had a new understanding of this race.

At the same time, Chen Xiaobei made a huge discovery.

The countless sands ancient tribe was a new tribe that was born after the destruction of the primal continent because of a divine item!

This divine item suppressed the fate energy of the countless sands ancient race. It was like a national treasure that allowed the countless sands ancient race to obtain extraordinary talents and abilities. It also allowed the countless sands ancient race's fate energy to last for a long time, allowing them to develop and grow rapidly!

The countless sands heavenly tower, as well as the Golden space, were all auxiliary spaces that had been created by some divine object over a long period of time using its special ability and spiritual Qi!

The eternal Gold sand was also a virtual image derived from that divine item. It was the symbol of that divine item and represented the eternal cycle of time. This was also the core of the faith of the countless sand ancient race!

However, as they continued to develop, the countless sands ancient race gradually began to study it and discovered the existence of that divine item!

As the countless sands ancient race researched it for generations, they discovered more and more, and their ambitions grew. They even wanted to control that divine item!

That God item had given birth to the countless sands ancient race and could almost be considered the mother of countless sands. How could it be controlled?

Finally, the countless sands ancient race's rebellious ambitions had completely enraged that divine item!

That divine item used its special ability to tear open a crack in space. From this golden space, a terrifying energy fluctuation exploded and directly destroyed the Heng Sha Royal City!

Of course, that divine item didn't completely exterminate the race it had given birth to. In the end, it still left behind a portion of its young and ignorant clansmen!

Just like that, the civilization of the countless sands ancient race was completely broken! History had also been completely buried!

A portion of the young clansmen were sent to the current countless sands planet to live and develop, and they gradually grew to the scale they were today!

And the current countless sands heavenly tower had the same effect as this golden space!

If the countless sands ancient race rebelled again, that divine item would launch an attack from the countless sands heavenly tower and completely destroy the current countless sands planet!

In other words, the thing that destroyed the Heng Sha Royal City back then was that divine item! The thing that cleared out the treasure vault was also that sword God item!

That was why the 33 golden ceremonial mechas had appeared on the first floor. The thousands of ancient books were also precious materials stored in the treasure vault back then!

From this, it could be seen that in the higher levels, there would be even more things that had been stored in the treasure vault back then!

That divine item had cleared the treasure vault and used the items in the treasure vault to set up an array in this golden space, waiting for the descendants of the countless sands ancient race to find them!

First, it was to test the descendants of the countless sands ancient race and see if they had the ability to solve The Mystery of History.

Secondly, it was to punish the people of the countless sands ancient race and make them remember that they would have to pay a terrible price for angering that divine item.

If Chen Xiaobei had not participated in this, the descendants of the Heng Sha ancient race would have suffered heavy casualties and would never have dared to anger the divine item again!

From this, it could be seen that the divine item was of a very high level. Its spirituality was so strong that it was close to intelligence! Furthermore, it was extremely powerful and overbearing. It would not tolerate the existence of rebellion!

Its name was the divine time sand!

"Heavens! I really didn't expect that one of the three divine items I've been dreaming of would appear here!"

Chen Xiaobei was indescribably excited when he found out the secret.

The divine time sand! The sun Emperor crystal! The Holy eternal water!

These three divine items were the materials needed to upgrade the sunlight cache. Once all three were gathered, the sunlight cache would be upgraded to the divine rank!

This way, the blood Bodhi Divine Tree and the green Lotus seed of chaos could grow faster and bring Chen Xiaobei more opportunities!

Furthermore, Chen Xiaobei could use a shorter time to obtain more cultivation results! It would allow his cultivation to rise even faster!

The sunlight cache was the item that Chen Xiaobei needed to upgrade the most!

At this moment, he had actually found the divine time sand! This was a huge surprise for Chen Xiaobei!

Of course, Chen Xiaobei could not be happy too soon!

The countless sands ancient race wanted to control the divine sand of time, but in the end, their Royal City was destroyed and their civilization cut off!

It would be extremely difficult and dangerous for Chen Xiaobei to control the divine time sand!

Chen Xiaobei looked up at the Golden staircase and said, " Hengsha tribe leader, Jun Yunqing, I will go through the third stage alone ...

"Why is that?"

Chief Hengsha and Lord blazing heat frowned and said, " "We came here together, so we naturally have to walk to the end together!"

Chen Xiaobei said, " "In the end ... It might be death!"

#### **Chapter 2446: Sea Of Golden Sand**

"Death? We've already come this far, why would we be afraid of death?"

Lord scorching Heat's eyes narrowed and he said with determination, although I'm seriously injured, the longbow in my hand is a peak six-star earth-god instrument. Even if I hide behind you, I can still help you. I won't be a burden!

"I'm the same!"

my staff is also a peak six-star earth-god instrument, " the Hengsha tribe leader said. I can also activate the Hengsha realm. I can help at critical moments!

"Maybe you can make a decision after you understand the situation!"

Chen Xiaobei took out some of the books that he had just read and said, " first, read page 33 of this book, then read page 105 of this one, and this one ...

The books that Chen Xiaobei pointed out were the ones that he had just read. They were about the divine time sand.

After reading it, Lord scorching heat and the Hengsha tribe leader were both shocked. Their feelings were extremely complicated, and they couldn't calm down for a long time.

"I have no reason to lie to you!"

that's right! Chen Xiaobei said, " the Hengsha ancient race wanted to control the divine sand of time, but their Royal City was destroyed and their civilization was cut off! And now, I want to control the divine time sand. This is definitely an extremely difficult and dangerous operation!"

"I don't agree!"

The Hengsha tribe leader frowned and said, " the divine sand of time is the divine item that gave birth to our Hengsha ancient tribe! It should belong to us, the Heng Sha ancient race!"

"You've got it wrong! The divine time sand doesn't belong to you, but you belong to it!" Chen Xiaobei said, " if you want to control it, your current planet will be destroyed by the countless sands heavenly tower!

The Hengsha tribe leader's expression changed slightly, and he said seriously, " I don't have to control it. I have absolute respect and admiration for it!

"Even if you can!"

"But can you guarantee that your descendants can do the same?" Ambition will expand! Perhaps one day in the future, one of your clansmen might anger the divine sand of time. I don't think I need to explain the consequences, right?"

this ... the Hengsha clan leader was stunned and speechless.

"And the point isn't the future! And now!"

Chen Xiaobei said, " read this book again! It clearly states that you must obtain the approval of the divine sand of time before you can pass the third stage and leave this golden space!"

"I'm the current Chief of the countless sands ancient race. I'll definitely be able to obtain the recognition of the divine sand of time! I will!" The Hengsha tribe leader's eyes were solemn, and his attitude was extremely firm.

alright, since you're so confident, then come with me ... Chen Xiaobei sighed. "I have to remind you that I may not be able to protect you after we get up there!"

"Hmph! I don't need your protection!"

The Hengsha tribe leader snorted and said unhappily, " "I will definitely obtain the recognition of the divine time sand! Because I'm from the countless sands ancient race! You two humans should be the ones praying for your own good fortune!"

After that, the Hengsha tribe leader waved his hand and put all the thousands of books into his storage bracelet. He then rushed to the stairs alone.

Looking at the Hengsha tribe leader's back, Chen Xiaobei shook his head and said, " "He still doesn't understand! The divine sand of time doesn't belong to the countless sands ancient race!"

"Let's go! Let's go up too!" Lord scorching heat had already stood up and strode toward the stairs, in any case, we have to break through the barrier before we can leave. It's better to try than to wait for death here!

mm ... Chen Xiaobei nodded and walked over.

.....

In the third level.

The difference between the third floor and the first two floors was huge. The third floor was a completely open space.

All around and under his feet was the dark void.

There was only a huge sea of sand above their heads.

The endless golden sand floated above, shining with golden light and radiating with a mysterious aura that represented eternity. It was as if this space would never disappear and anyone who entered would never be able to escape!

"Oh, divine time sand! As the 103rd clan leader of the countless sands ancient race, I bow down to you!"

Not far away, the Hengsha tribe leader knelt on the ground with an extremely pious expression. His four big hands formed a strange handprint, placed horizontally in front of his chest, and kowtowed three times and nine times.

However, there was no reaction from the void Sand Sea. The Hengsha tribe leader's worship was not recognized by the god of time sand at all.

On the other side, Lord scorching heat frowned and said, "Back then, the Hengsha Royal City was massacred by the god of time because of rebellion. Logically speaking, the Hengsha tribe leader should have been able to gain recognition because he worshipped the Hengsha tribe leader devoutly and had no intention of rebelling! Why is there no reaction from the divine time sand?"

"I thought the same thing as you, but it looks like we were both wrong!" Chen Xiaobei said. That book's statement was wrong too! The divine sand of time will never acknowledge anyone who comes here!"

"Why?" Lord scorching heat asked with a surprised look.

of course not! Chen Xiaobei said, " the divine sand of time should only acknowledge the people who lived on the planet Hengsha later on. They know nothing about the truth of history! Only ignorance can prevent rebellion!"

on the contrary, including the current Hengsha tribe leader, they have been studying the secrets of the Hengsha heavenly tower and the eternal Gold sand for generations. To put it bluntly, they still want to control these two things! This would violate the taboo of the divine sand of time!"

"Now, the current Hengsha tribe leader has come here and knows all the secrets! To the divine sand of time, the current Hengsha tribe leader is already a threat!"

Chen Xiaobei said, " the divine sand of time is extremely spiritual, almost intelligent. How could it acknowledge someone who is a threat to it? "

As soon as he heard this, Lord scorching Heat's face was filled with shock. "According to what you've said, those who know the secret will never be recognized! Don't even think about getting out!"

there's only one way to get out ... Chen Xiaobei frowned."Forcefully controlling the divine time sand!"

this ... Lord scorching heat swallowed his saliva and said awkwardly, " the countless sands Royal City was destroyed and their civilization was cut off because they wanted to control the divine sand of time!

yeah ... Chen Xiaobei nodded. that's why I said just now that once you reach this level, the result is likely to be death!

Lord scorching Heat's heart clenched, and fine cold sweat appeared on his forehead."Either I control the divine time sand ... Or I die Here ..."

yes ... Chen Xiaobei nodded.

"I should be the one in control! It's not your turn yet!"

At this moment, the Hengsha tribe leader suddenly stood up.

The Hengsha tribe leader had heard Chen Xiaobei's analysis and agreed with him.

"Countless sands! Sky-piercing explosion!"

The Hengsha tribe leader raised his staff high and activated the power of a peak six-star earth-god, aiming at the Golden sand Sea above him!

"Don't!"

Chen Xiaobei's face changed, and cold sweat poured down like rain!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2447: Suspension Time**

"Boom boom boom ..."

The Hengsha tribe leader and Chen Xiaobei were not on good terms, so he would not listen to Chen Xiaobei's advice.

With the activation of the staff's power, violent earth-elemental vital essence surged out like a dragon emerging from the sea and transformed into a giant Dharma form of a countless sands warrior!

The apparition was 800 meters tall, and its four arms were as thick as trees. It held four weapons in its four hands, and its feet were like heavenly pillars. When it stood on the ground, it gave off a heavy feeling.

"Woof! Buzzzzzz! Buzzzzzz! Whoosh!"

In the next moment, the countless sands warrior energy construct suddenly waved its four giant arms, adding all the power to the four weapons, and suddenly blasted the Golden sand Sea in the sky.

"Hiss ..."

At the same time, a tiny grain of golden sand fell from the sea of golden sand like a golden thread.

The Golden sand flowed down in a line, and it was exactly the same as the eternal golden sand in the countless sand heavenly tower.

In the face of the 800-meter-tall Dharma idol, the Golden sand was even smaller than a strand of hair!

However, it was this tiny line that pierced directly into the head of the 800-meter Dharma idol and passed through its body!

"Bang!"

The next moment, a huge force exploded from the inside out. The 800-meter Dharma laksana was shattered!

That's right! This power came from the Golden sand!

"What ... What is going on?" The Hengsha tribe leader was stunned and couldn't believe his eyes.

"Don't stand there! Hurry up and come back! Hurry up!" Chen Xiaobei warned loudly.

Even though Chen Xiaobei and the Hengsha tribe leader were not on good terms, they did not have any deep grudges. Chen Xiaobei did not want anything to happen to the Hengsha tribe leader.

However, the opponent was the divine sand of time. Even if Chen Xiaobei reminded him, it was still too late.

"Hiss ..."

The 800-meter-long Dharma idol exploded on the spot, but the Golden sand didn't stop. It continued to fall, heading straight for the Hengsha tribe leader.

"Shit ..."

The Hengsha tribe leader was shocked. With his speed, he couldn't Dodge in time. He could only raise his staff and barely defend.

Who dared to think about it?

The Golden sand directly pierced into the peak six-star earth-god level staff!

"How ... How is this possible?"

Seeing the scene in front of him, Hengsha tribe leader's eyes almost popped out!

The Golden sand pierced through the peak six-star earth-god instrument like a needle through tofu.

"Bang!"

The next moment, another huge force exploded, completely stunning chief Hengsha and Lord scorching heat.

Unexpectedly, the peak six-star earth-god grade staff exploded into pieces and scattered on the ground.

"It's too scary! How much power does the Golden sand contain? it's incredible!"

The Hengsha tribe leader took a deep breath and couldn't believe his eyes. "I'm dead ... I'm really dead this time ..."

As chief Hengsha wailed in despair, the Golden sand continued to fall. In the next moment, it would pierce through his head!

Even the staff couldn't withstand a single blow. One could imagine that once the Golden sand pierced the Hengsha clan leader's body, he would definitely explode and die! There was absolutely no other way!

it's over ... This time, Hengsha tribe leader is completely finished ...

On the other side, Lord scorching heat swallowed his saliva and said nervously, "Young master Feng ... What should we do now ... Hmm? Where's young master Feng? Young master Feng!"

While Lord scorching heat and the Hengsha tribe leader were still in shock, Chen Xiaobei was not just sitting around and watching the show. He had already taken the lead and charged forward.

"Ling jiuxiao!"

At this critical moment, Chen Xiaobei used witch Dragon's nine transformation and pushed the Hengsha tribe leader away.

Childe Chen!?

The Hengsha tribe leader's expression froze, and an extremely complicated look appeared in his eyes.

Previously, when Chen Xiaobei wanted to control the divine sand of time, the Hengsha tribe leader had rejected him. He was very angry and unhappy.

But now, Chen Xiaobei did not hold a grudge at all. First, he warned them again and again, and at the critical moment, he even saved the Hengsha clan leader's life.

The Hengsha tribe leader was extremely touched by this, but at the same time, he felt extremely guilty!

Compared to Chen Xiaobei's magnanimity, the Hengsha tribe leader felt that he was a petty woman. He was far from Chen Xiaobei!

"Young master Feng! Be careful!"

Right at this moment, Lord scorching heat suddenly shrieked from the other side. He appeared to be extremely nervous.

"Hiss ..."

The Golden sand that was about to attack the Hengsha tribe leader suddenly turned around and attacked Chen Xiaobei!

"Young master Chen! Quickly Dodge!"

The Hengsha tribe leader also let go of The Grudge in his heart and loudly reminded, " that thing's attack power is almost invincible. We can't take it head-on!"

"Ling jiuxiao!"

Chen Xiaobei quickly dodged and shouted, "Chief Hengsha! Hurry up and retreat to the safe zone! This golden sand is only a drop in the ocean of divine time sand!"

"Alright ..."

Hengsha tribe leader didn't dare to hesitate and immediately retreated.

The staff had been broken. Apart from returning to the safe area, Hengsha tribe leader had no other choice.

"Whoosh! Whoosh! Whoosh ..."

Then, the Golden sand launched a few more attacks, but Chen Xiaobei dodged them all.

"Young master Chen! I'm here! You should come back quickly!" The Hengsha tribe leader returned to the safe area and loudly reminded.

Obviously, Chen Xiaobei had no way of controlling the divine sand of time. The reason he did not retreat was to buy time for the Hengsha tribe leader.

Now that the Hengsha tribe leader had returned to the safe zone, Chen Xiaobei did not dare to stay any longer. He immediately activated Ling jiuxiao and flashed towards the safe zone.

But!

Just as Chen Xiaobei was about to retreat to the safe zone, the entire space suddenly changed!

"Whoosh ..."

First, a golden spiritual light descended and enveloped Chen Xiaobei.

The next moment, Chen Xiaobei was frozen in place, unable to move at all!

"What ... What is going on?" Lord scorching heat was dumbfounded and said in astonishment, young master Feng had clearly used the soaring Nine Heavens. Why didn't he flash back? "

this ... Could this be ... the Hengsha tribe leader's eyes were as wide as a bull's, and his mouth was open so wide that a fist could fit in.

"What is it? Hurry up and tell me!" Lord scorching heat was so anxious that his heart was about to jump out of his throat.

"Time freeze!"

The Hengsha tribe leader swallowed his saliva and said, "the power of the Hengsha ancient tribe is to slow down the flow of time within a certain range! And the special ability of this golden spiritual light should be time freeze!"

even time can be stopped ... No wonder Ling jiuxiao can't flash out ... Lord scorching heat was completely dumbfounded.

"Woof! Buzzzzzz! Yi ..."

In the next moment, 33 golden sand lines appeared in the sea of golden sand and shot towards Chen Xiaobei!

### Red Envelope Group of the Three Realms

#### **Chapter 2448: Devouring The Sea Of Sand**

Time was frozen!

Within the range of the spiritual light, time would not flow and everything would be frozen!

Even if the Hengsha tribe leader and blazing heat Lord were to rush over, they would only be frozen in time and would not be able to save Chen Xiaobei!

What's more, chief Hengsha and blazing heat Lord didn't have Ling jiuxiao's special ability. Even if they wanted to rush over, it would definitely be too late.

"Whoosh! Whoosh! Whoosh ..."

The time freeze did not affect the 33 golden sand threads. In the next moment, they all pierced into Chen Xiaobei's body!

The sand was as thin as a hair, and it pierced through Chen Xiaobei's head, shoulders, chest, and limbs as if it was tofu.

The Nightstalker outfit was also pierced through, and it could not provide any defense!

He had already used the master-protecting puppet when he saved the Hengsha clan leader on the second level. Now, the master-protecting puppet was not there to protect Chen Xiaobei.

Moreover, even if the master-protecting puppet appeared, it would most likely not be able to withstand the attack of these golden sand lines.

It's over ... Is young master Feng going to die just like this ... Lord blazing Heat's brows were tightly furrowed. His four limbs were cold, and his body couldn't help but shiver.

After going through the previous two obstacles, Lord scorching heat had completely changed his view of Chen Xiaobei. He even admired Chen Xiaobei from the bottom of his heart and placed all his hopes on him.

But now, Chen Xiaobei's body was pierced by 33 golden sand lines, and the time around him had been completely frozen!

In this situation, it was a dead end. There was no chance of survival at all!

"Young master Chen ... I'm sorry ..."

The Hengsha tribe leader even wailed. It's all my fault. I'm so narrow-minded. I didn't like you, young master Chen. But you sacrificed your life to save me! I regret it so much! If I can do it again, I'll definitely listen to your arrangements ..."

Regret! Guilt! Endless self-blame!

The Hengsha tribe leader's face was twisted. His heart was suffering. He wanted to switch places with Chen Xiaobei so that he could die in exchange for Chen Xiaobei's life.

Obviously, the Hengsha tribe leader didn't have a bad heart, and he could see right and wrong very clearly!

From the Hengsha tribe leader's point of view, he owed Chen Xiaobei this time! He was even willing to pay with his life!

However, the Golden sand lines could easily destroy a peak six-star earth-god instrument. It would be a piece of cake for them to blow up Chen Xiaobei's three-star earth-god level body!

Even if the Hengsha tribe leader wanted to pay with his life, he didn't have the chance!

By then, Lord scorching heat and the Hengsha tribe leader had lost all hope. As time passed, Chen Xiaobei was completely frozen in place, unable to fight back!

Once the Golden sand line exploded, Chen Xiaobei's body would explode. There was no doubt about it!

However, after waiting for a long time, there was no change on Chen Xiaobei's side.

"Eh? That's strange, the Golden sand line instantly crushed my attack and destroyed my staff ... Why didn't it burst out with that huge force this time?"

The Hengsha tribe leader's eyebrows furrowed slightly, and he couldn't understand.

"Could it be that there's something special about young master Feng? That's why those golden sand lines didn't immediately kill them!"

Lord scorching Heat's face was also filled with doubt. Although he had made a guess, he could not figure out the reason even after racking his brain.

"Hiss ... Hiss ... Hiss ..."

The next moment, an even stranger scene appeared!

Not only did the 33 golden lines of sand fail to kill Chen Xiaobei, they were sucked into his body!

The Golden sand line was connected to the sea of sand above, and it was attracted by a strange force in Chen Xiaobei's body. More and more golden sand fell down and followed the 33 sky golden line into Chen Xiaobei's body!

how ... How is this possible?!

Looking at the scene in front of them, chief Hengsha and Lord scorching heat were both dumbfounded. They couldn't believe their eyes!

Whoosh ... Whoosh ... Whoosh ...

More and more sand grains gathered and fell faster and faster. They even formed 33 golden sand tornadoes and rushed into Chen Xiaobei's body.

As time went by, the boundless golden sand in the sky was completely absorbed into Chen Xiaobei's body.

"Oh my God ... Am I dreaming ..."

The Hengsha tribe leader took a deep breath, and his voice was trembling. "Who is Childe Chen? Using a mortal body to contain an entire sea of sand ... This ... This is simply unbelievable!"

"This is too terrifying!"

Lord scorching heat was also extremely shocked, and his whole body was trembling. "Even if young master Feng wasn't killed by the explosion, he would've been blown apart by the sand! But he's completely fine ... If I didn't see it with my own eyes, I wouldn't have believed it even if you beat me to death!"

For a moment, Hengsha tribe leader and blazing heat Lord's views of the world were completely destroyed, and they even began to doubt their lives.

"Whoosh ..."

However, in the next moment, the Golden spiritual light that had stopped time disappeared along with the sea of sand.

"Phew ..."

Then, Chen Xiaobei let out a long sigh of relief. He had regained his freedom.

"Young master Feng! Are you alright?" Overjoyed, Lord scorching heat rushed over.

"I'm fine!" I'm fine! Chen Xiaobei calmed himself down and said, " but my meridians and acupuncture points are slightly injured. I need some time to recuperate!

"That's great! It's great that you're fine!"

The Hengsha tribe leader also walked over and said excitedly, " "I want to thank you for saving my life! At the same time, I want to apologize to you! I shouldn't have fallen out with you because of the divine time sand, and I shouldn't have ignored your advice and forcefully attacked you. I'm very sorry for almost killing you!"

"It's all in the past, it doesn't matter!" Chen Xiaobei shrugged.

"By the way, why was the sea of sand absorbed into your body?" Lord scorching heat asked out of curiosity.

"Because I have a magic treasure hidden in my body!"

that's right! Chen Xiaobei said, " the divine sand of time only needs one sand line to kill me! However, it sensed the magical equipment in my body and wanted to take it by force. So, it released the 33 golden sand lines!"

however, the divine sand of time could never have imagined that the magic treasure in my body was much more powerful than it!

"The divine time Sand's invasion has angered the magical item!" Thus, the magic treasure activated its special ability and completely swallowed the divine time sand!"

"You mean to say that the sea of sand is the legendary divine sand of time?" The Hengsha tribe leader asked with his eyes wide open.

"A magic treasure in your body has devoured the divine time sand?" Lord scorching heat was also dumbfounded as he swallowed his saliva.

"Yes, I am!"

Chen Xiaobei nodded and said, "A sect has a sect-guarding treasure! A country had a national treasure! The magic treasure in my body can suppress the fate energy of a world. It's the most precious treasure of the human world!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2449: Treasury's Resources**

"! treasure of the human world? This ... How is this possible!"

When the Hengsha tribe leader and blazing heat Lord heard this, their faces were filled with shock. However, in fact, they didn't know what the true meaning of a Supreme treasure was!

After all, Hengsha tribe leader and blazing heat Lord were only lower-middle class experts in the human world. They were still thousands of miles away from the peak of the human world!

In their eyes, the treasure that Chen Xiaobei was talking about was probably just a peak earth-god instrument!

However, even if they had a hundred million brains, they would never have thought that the mortal world's treasure that Chen Xiaobei mentioned was already above the divine items and divine items. It could even be ranked in the Three Realms!

That's right!

The treasure Chen Xiaobei was talking about was the chaos Blood Sword!

After Chen Xiaobei's last conversation with the prime of Tongtian, the prime of Tongtian had personally fused the great void Rift at the core of the human realm into the chaos Blood Sword!

Just now, the divine sand of time had tried to take the chaos Blood Sword away, which had infuriated the chaos Blood Sword!

The chaos Blood Sword activated its special ability and opened a crack in the void, swallowing the divine time sand completely!

That was why Chen Xiaobei was able to escape with only a few minor injuries to his meridians and acupuncture points.

Unfortunately, Chen Xiaobei's cultivation level was too low to control the tear of the void.

One must know that the space in the great void crack was much larger than the space in the verdant Emperor's immortal gourd! There were also many mysterious opportunities hidden within!

Almost all the heavenly path sages, including sect leader Tongtian, had traveled to the great void Rift before. Each time they went, they would more or less gain some benefits.

Furthermore, not a single heavenly path Sage had been able to explore every corner of the great void crack.

In other words, there were still many places that had never been set foot in the rift of the void, and there were still many hidden benefits to be discovered.

If Chen Xiaobei could open the rift to the void and enter and explore freely, it would be equivalent to obtaining a huge treasure vault. Any one of the opportunities in it would bring great benefits!

Don't forget, the chaos sword embryo was found by sect master Tongtian in the crack of the great void. The hidden benefits were obvious!

Of course, Chen Xiaobei's cultivation level was too low. He did not even have the ability to go in and take a look, let alone gain any benefits from the rift.

"Power! I must speed up my cultivation! I urgently need more power!"

Chen Xiaobei screamed in his heart. He was like a hungry wolf that craved for blood and flesh. He desperately wanted to become stronger.

by the way, Childe Chen, since you've swallowed the divine time sand, does that mean that you've successfully controlled it? " Lord scorching heat asked impatiently.

The Hengsha tribe leader also perked up his ears, waiting for Chen Xiaobei's answer.

no! Chen Xiaobei shook his head and said, " I don't have the divine sand of time! I'm still far from that ability!"

Clearly, the divine time sand was only sealed in the rift to the void. The chaos Blood Sword could not control the divine time sand in Chen Xiaobei's place!

In order to truly control this divine item, Chen Xiaobei would need to work hard on his own.

you didn't manage to control the divine sand of time ... Lord scorching heat said with some disappointment, " "It seems like my master's wish still can't be fulfilled ..."

"Your master's wish?" "What is your Sifu trying to do?" Chen Xiaobei asked. Why do you have to get the divine time sand?"

"I can't tell you that!" "However, you'll be able to further investigate the matter regarding the divine time sand once you join the Tianji city!" If you can find out the truth, you will know my master's goal!"

we're already friends who have gone through life and death together. Why are you still being so mysterious? " Chen Xiaobei shrugged. but it doesn't matter. We'll find out sooner or later anyway. I'm not in a hurry!

"What do we do now? Can we go out now?" Asked Lord scorching heat.

"Yes, I am!"

yes! Chen Xiaobei nodded. the divine sand of time has been devoured, and I have lost control of this space. If I'm not mistaken, this golden space will disappear on its own soon!

"That's great! We've finally survived!" Lord Ziling heaved a sigh of relief, and a rare smile appeared on his face.

"Chief Hengsha!"

"You saw what happened today." Chen Xiaobei turned to the other side. I can't take out the divine time sand right now, and I don't dare to take it out either. I can only take it away!"

"I understand ..."

The Hengsha clan leader nodded and said, "at the moment of life and death, I had an epiphany!" The divine sand of time doesn't belong to our countless sands ancient race! Only true friends are the treasures of the Hengsha ancient race!"

"The divine sand of time doesn't care about our lives. It only wants our worship! To put it bluntly, it only treated us as slaves! He can kill us with a single thought, just like how he kills ants. He's cold and ruthless!"

"But at the moment of life and death, young master Chen risked his life to save me! He had shouldered all the dangers alone! In the midst of shame and regret, I was completely enlightened!"

The Hengsha tribe leader said very seriously, " "A treasure that can destroy our countless sands ancient race at any time! A friend who is willing to sacrifice his life to help us! Even If I'm A Fool, I know what to do!"

"I'm relieved that chief Hengsha has thought it through!" " I can also promise that from today onwards, we will be allies. If you need any help in the future, you can come to me! Chen Xiaobei said.

"Young master Chen is too polite!" The Hengsha tribe leader smiled. you helped us find the truth of history and reconnect the broken civilization. This is already a great help to us!

"I'm not done yet!" Chen Xiaobei grinned.

"What's not done?" The Hengsha tribe leader was a little confused.

other than history and civilization, I have also helped you find the treasure vault of the capital! Chen Xiaobei raised his eyebrows and pointed forward.

"Whoosh ..."

At the same time, the entire space began to slacken, as if a strong wind had blown past, and everything disappeared.

In the blink of an eye, the surroundings had turned into a huge cave!

The spatial Rift they had come from was not far away!

In the direction Chen Xiaobei was pointing at, there was a mountain of resources!

That's right! These things were the resources from the Treasury of the countless sands Royal City. They had been moved here by the divine sand of time!

"Heavens! There are too many resources here!"

The Hengsha tribe leader gasped and exclaimed, " "Not only are there a lot of these resources, but they're also high-level, and there are many super high-tech things! If we can bring all of them back for research, our technology will definitely improve greatly!"

"These resources were originally yours!"

Chen Xiaobei smiled, but his eyes were suddenly attracted to her. Chief Hengsha, can I ask you for something? "

### Red Envelope Group of the Three Realms

#### **Chapter 2450: Seizing Opportunity**

"Of course, no problem! What did young master Chen like? Just take it!"

The Hengsha tribe leader said without hesitation, " "If it wasn't for Childe Chen's help, I wouldn't have been able to retrieve these items!"

"I want that silver wood!" Chen Xiaobei raised his hand and a special piece of wood was drawn into his hand.

The piece of wood was about a meter long and as thick as an arm. The texture and lines were all wood, but the strange thing was that its surface was silver-white, as if it had a metallic luster.

"What kind of wood is this?" Lord scorching heat was very curious. He exclaimed, "The color is so special that I've never seen it before ..."

Hearing this, even the Hengsha tribe leader's eyes widened. Obviously, he didn't recognize this wood.

"Actually, I don't know the name of this wood." I can only feel that this wood is very similar to one of my magical items. Its attributes, texture, and aura are very similar. I can use this wood to repair my magical item!

I see ... the Hengsha clan leader nodded and said, " "Since young master Chen can use it, then just take it!"

"Then I won't be polite!" Chen Xiaobei nodded and kept the silver wood.

"What magic treasure do you want to repair?" Lord scorching heat asked out of curiosity.

"This is my secret!" Chen Xiaobei grinned but did not explain.

.....

Then, the three of them returned to the Imperial City through the space crack and then back to planet countless sands.

The Hengsha tribe leader would fly the disc-shaped aircraft and travel in space, which would take about five hours.

Chen Xiaobei was not going to sit around and do nothing. He entered the aircraft's resting room and locked the door.

Chen Xiaobei then entered the verdant Emperor's divine gourd.

Chen Xiaobei then took out the green jade cauldron from the sunlight cache's special ability area.

The last time Chen Xiaobei had successfully made three Jade face pills, he had kept them in the green jade cauldron.

Chen Xiaobei took out the three Jade face pills and put them away carefully. Then, he placed the silver wood into the green jade cauldron.

Then, Chen Xiaobei put in a large pile of broken wood, no, more accurately, wood residue!

Normal people would not be able to tell what Chen Xiaobei was trying to do.

Only those who knew Chen Xiaobei would be able to see something from the wood!

Although the pieces of wood were scattered, some details could still be seen, such as the eyes, ears, mouth, nose, hands, feet, and fingers.

That's right! This was No. 8 Luban, who had been destroyed by Tian Peng.

This little wooden figure was a magical treasure made by Master Lu Ban. After being injected into a spiritual weapon, it could change its appearance and transmit what it saw and heard back to its owner's mind. It was very magical.

Unfortunately, Chen Xiaobei did not have the right materials to repair the canopy that destroyed No. 8 Luban with a single palm strike.

Chen Xiaobei finally found the wood that was similar to No. 8 Luban!

I can try to repair No. 8 Luban with the special silver wood!

Oh! Chen Xiaobei thought to himself. besides, during the winter solstice festival, I managed to snatch the stonecrop wood from Lan Caihe, one of the eight deities of the tribe of humanity. I can upgrade No. 8 Luban to No. 9 Luban!

"Whoosh ..."

After making up his mind, Chen Xiaobei injected the witch Dragon Flame into the green jade cauldron.

After that, Chen Xiaobei injected more than ten streams of ethereal force into No. 8 Luban, just like his own arm, and started to repair it.

This was not Chen Xiaobei's first time repairing a treasure. With the wenqu Saint heart, the whole process went smoothly. He did not encounter any problems during the repair.

However, as time passed, Chen Xiaobei's body started to feel more and more uncomfortable.

The 33 lines of golden sand were as thin as a hair. Although they did not cause any serious injuries to Chen Xiaobei, they did pierce into his body.

More importantly, it had pierced through many of Chen Xiaobei's meridians and acupuncture points.

At that moment, Chen Xiaobei was continuously circulating his ethereal force. The circulation of his Qi, blood, and ethereal force would pass through his meridians and acupuncture points, causing the originally small wound to gradually expand, worsening Chen Xiaobei's injury.

I can't stop now ... This is a critical moment in the repair process. If I stop now, No. 8 Luban and the silver wood will be destroyed ...

Chen Xiaobei's injuries were getting worse. The more he channeled his ethereal force, the more pain he felt and the more serious his injuries were!

But in the current situation, if Chen Xiaobei stopped, not only would all his efforts go to waste, but he would also burn No. 8 Luban forever, and it would never be repaired again!

Chen Xiaobei had no choice but to grit his teeth and hold on.

However, cultivating a Dharma Treasure was a long process. It would take at least a few days.

And so, Chen Xiaobei fell into a vicious cycle. The more he persevered, the more severe his injuries became, and the more pain his body was in.

In the end, Chen Xiaobei even vomited blood continuously, and his mental state became worse.

However, Chen Xiaobei did not stop.

Because in this vicious cycle, Chen Xiaobei seemed to have found a subtle opportunity!

By right, Chen Xiaobei's cultivation had already reached the pinnacle of primordial spirit realm. Unless he broke through to a higher realm, his combat power would not increase no matter how hard he cultivated.

But now, as his ethereal force continued to circulate and the pain continued to intensify, Chen Xiaobei could feel a subtle fluctuation that his combat power was about to increase.

It was like a butterfly that was about to break out of its cocoon and was making its final effort.

"This injury might be an opportunity for me to break through to the next realm! I must grasp this opportunity and grit my teeth to persevere to the end!"

Chen Xiaobei's forehead was covered in cold sweat. He was in so much pain that his lips were pale and his body was trembling.

But even so, Chen Xiaobei did not give up.

If it was any other person, they would not have been as determined as Chen Xiaobei. They were either defeated by the intense pain, or they were worried that serious injuries would bring death or disability, so they didn't dare to persist.

But Chen Xiaobei was not afraid. As long as he did not die, he could use the sky-killing tyrant body technique to repair his body.

With the support of his strong mental state, Chen Xiaobei ignored the pain and focused all his energy on this rare opportunity!

As long as he didn't die, he wouldn't relax!

Blood and sweat flowed continuously. His persistence, regardless of the cost, had finally brought a wonderful return!

"Whoosh ..."

All of a sudden, a strong surge of ethereal force gushed out from Chen Xiaobei's dantian!

It was as if a flame had exploded and a River had broken through its dam. It wildly attacked his dantian and thoroughly cleansed every Meridian and acupuncture point!

Then, Chen Xiaobei's primordial spirit spread out, from a small ball to a vast expanse, filling his dantian!

The divine sea realm! Breakthrough!
