#### Chapter 2471: Very Simple

He returned to the Treasury.

Chen Xiaobei did not touch the last treasure chest. Instead, he shouted, "Baili tiantu! You come in!"

"Yes, sir!"

Baili tiantu immediately ran over and stood beside Chen Xiaobei respectfully. "Master, do you have any orders for me?"

[ ding Qianqian's cultivation base: early stage of the divine sea realm. Lifespan: [ year 1873, physique: 25 million, combat power: 25 million! Primordial spirit attack-two-star earth-god level!

With a sweep of his netherspirit battlescourer, he immediately confirmed Baili tiantu's cultivation.

"I want you to exchange a few moves with me!" Chen Xiaobei said.

"Exchange blows?"

Baili tiantu gasped and said, " master, don't joke with me. You have an endless number of trump cards and are extremely powerful. Even if you lend me ten thousand lives, I wouldn't dare to exchange blows with you!

"Don't worry! I won't use my trump card, I'll only fight you normally!" Chen Xiaobei said.

this ... This isn't too good either ... Baili tiantu said embarrassedly, " I used my primordial spirit domain to probe you. Your combat power is only 22 million. What if I hit you? "

"Heh, injure me? You're thinking too much!"

I'm fine! Chen Xiaobei laughed. you just have to use your strongest combat power and move. If you can hurt me, I'll admit defeat!

"Are you serious?" Baili tiantu swallowed his saliva and said, "Then I'll make my move!"

"Whoosh ..."

Baili tiantu's mind moved, and his vital essence began to circulate rapidly.

That was an extremely powerful wind true essence, which instantly swept across the entire area!

The wind raged, causing the surrounding space to tremble. The ceiling, walls, and ground were all cut open by the sharp wind blades. It was as if the entire treasure vault was about to be crushed by the wind and completely collapse!

"Master! Are you ready?"

Baili tiantu's hair and clothes fluttered in the wind. His aura became extremely powerful.

Obviously, Baili tiantu was Xu Zhenyuan's first disciple. He couldn't hold his position without some real skills!

"I'm ready! You do it!"

Chen Xiaobei nodded. As he spoke, he raised both his hands and placed them in front of his chest. His ten fingers quickly formed a series of hand seals.

At the same time, his sea of Qi dantian released ten streams of true core strength, which circulated between his ten fingers according to the mysterious change!

The scene in front of them was like ten people forming a battle formation and combining ten powers into one!

Although their individual strength was weak, when combined, they could fight against a stronger opponent!

"One finger! The Azure Dragon!"

Chen Xiaobei used his right index finger as the core and conjured Shangyang's 10 yuan into one!

"Roar!"

The next moment, a terrifying Dragon's Roar burst out, and a majestic green Dragon charged out from Chen Xiaobei's right index finger!

"Mother! What kind of power is that?"

Baili tiantu gasped and did not dare to attack. He put all his strength into defense. "Wind wall! A ten thousand Zhang tall shield!"

With Baili tiantu's roar, all the surrounding Gale genuine vitality gathered around him.

Countless wind blades intertwined and formed a huge wind wall in front of Baili tiantu! Furthermore, they were stacked repeatedly to increase the thickness in order to increase the defensive power as much as possible!

"BOOM!"

In the next moment, the Green Dragon Dharma form suddenly attacked. Its speed was much faster than Baili tiantu had expected. It directly hit the wind wall, causing a terrible explosion!

Whoosh ... Whoosh ... Whoosh ...

With the whistling of the wind, the huge and heavy wall of vital essence was directly scattered by the Green Dragon!

The power of the green Dragon was only weakened a little, but it continued to charge at Baili tiantu!

"Spare me! Master, please spare my life ..."

Baili tiantu immediately screamed, his pupils involuntarily contracting. His whole body trembled violently, and cold sweat poured down like rain!

The power of the green Dragon Dharma had already crushed Baili tiantu's vital essence. If it were to hit him directly, Baili tiantu's body would definitely not be able to withstand it. Naturally, he would be dead!

"You're too weak! You can't even take one of my moves!"

Chen Xiaobei was a little disappointed, and he dismissed the Green Dragon.

"Phew ..."

Baili tiantu heaved a sigh of relief and said awkwardly, " it's not that I'm too weak, it's that you're too strong, master ... That power just now was close to 27 million, far beyond your own combat power ... It's incredible!

"Ha, you call this strong?"

it's a pity that I only have half of the four symbols killing formation. I don't have the essence of the formation. Otherwise, it would be much more powerful! Chen Xiaobei said.

Xuan ... Xuan formation?!

Baili tiantu was stunned and exclaimed, " "Master! You've already comprehended the profound finger technique? You can already form a Xuan formation?"

"Nonsense!" "If not, I wouldn't have asked you to come and fight me!" Chen Xiaobei said.

"Heavens! This ... This is actually real ..."

Baili tiantu gasped and said in shock, " "In the Putuo territory, those who can comprehend the finger profound technique are all super-class geniuses! There are nearly 300 core disciples in our division, but only two of them can comprehend it! Including you, there are only three of us!"

hehe! To me, learning the finger Mystic technique is a piece of cake! You don't have to be so surprised! Chen Xiaobei said.

"Simple?"

Baili tiantu's eyes almost popped out when he heard this. "Don't talk about our branch! My father is already a six-star earth-god, but he hasn't been able to comprehend the finger profound technique! Was there a need to say how difficult this was? You actually think it's easy? This ..."

I only need Nine Heavens to activate the ten finger Xuan formation. Isn't that simple? " Chen Xiaobei shrugged and asked.

"Nine days? Ten fingers?" Baili tiantu was even more shocked. His eyes were as wide as a bull's, and his mouth was so wide that a fist could fit in.

Thinking back, Chen Xiaobei had indeed used his ten fingers to form a formation!

This meant that Chen Xiaobei had to do 10 things at once when he was forming the formation!

Using one's own thoughts to deduce the actions of ten people, there must be no mistakes. Otherwise, the Xuan formation would not be able to be formed!

However, Chen Xiaobei was very familiar with the formation, and it was as smooth as flowing water!

It was clear that the ten-finger Mystic formation was not difficult for Chen Xiaobei at all!

"Master! You're simply godly!"

what? " Baili tiantu was extremely shocked. in Putuo city, even the top-tier geniuses can only form a two-finger Xuan formation. The most can't exceed four fingers! You ... You actually formed the ten finger Xuan formation so easily! Why don't you slap me? I want to make sure I'm not dreaming!"

"Rare and strange!"

if not for my lack of ethereal force, I could have used one finger to form a hundred finger Mystic formation! Chen Xiaobei said.

hundred ... Hundred fingers ... Baili tiantu swallowed his saliva. The three fingers were destroyed.

but ... Chen Xiaobei's eyes narrowed. "There's one more thing I don't understand ..."

### Red Envelope Group of the Three Realms

#### **Chapter 2472: Nether Luo Ice Jade**

"Master, you can already form the hundred fingers Xuan formation, what else is there that you can't figure out?"

Baili tiantu looked at Chen Xiaobei with admiration, as if he was looking at an omnipotent God!

I don't get it! Chen Xiaobei said. what's the pattern of the finger-profound formation increasing combat power? "

"Pattern?"

"That's easy!" Baili tiantu replied. The higher the level of the Xuan formation, the higher the formation index and the higher the combat strength!"

"Do you mean that the power will be reduced when the formation is formed?" Chen Xiaobei asked.

"Of course!"

"Let me give you a simple example. The combat power of an early-stage primordial soul realm cultivator is 10 million! The combat power at the initial stage of the spirit sea realm is 22 million!"

however, in a normal fight, 30 people at the early stage of the primordial soul realm can't beat one at the early stage of the spirit sea realm!

that's because, in the process of battle, the combat strength is scattered among different people. It's impossible to perfectly condense it into one!

at this time, people will use battle formations to condense the combat strength of many people into a force to fight against stronger enemies!

under the battle formation, everyone's power can finally be combined into one. However, different cultivation techniques, body constitutions, and true Yuan attributes will all cause their power to be greatly reduced!

"The higher the level of the battle formation, the less the power loss after everyone combines their strength! On the other hand, in a situation where the number of people and cultivation are fixed, the higher the level of the battle formation, the greater the power that will erupt!"

"Xuan formations and battle formations have the same logic! The higher the level, the stronger it was! Besides, Xuan formations have an additional benefit!"

"The true essence used to form the Xuan formation all comes from you!" Baili tiantu said. "Therefore, without the difference in Constitution, cultivation technique, and attributes, the power that is unleashed in the end will suffer less damage!"

"I think I understand ..."

it doesn't matter if it's a Xuan formation or a battle formation, " Chen Xiaobei said, " when combining their powers, it can't be one plus one equals two. There will be a reduction! Therefore, in order to unleash a powerful force, it often requires tens of thousands or even hundreds of thousands of people to form a formation together!"

"That's right!" Baili tiantu nodded.

" since we are limited in numbers, the higher the level of the Xuan formation, the less power it will lose. The more powerful it will be! Chen Xiaobei continued.

"Yes, I am!"

"You've just formed the ten finger Xuan formation, and its power is five million times stronger than your own strength!" Baili tiantu said. I guess your Xuan formation is at least a seven-star earth-god level, right?"

"Seven-star?"

Chen Xiaobei smiled. I've said it before. The Xuan formation technique that I have only has the first half of the introductory operation. The core essence is in the second half! If I can learn all of them, the power will be far greater!"

only the first half is already so powerful!? "Your Xuan formation isn't at the nine-star earth-god level, is it?" Baili tiantu asked in shock.

"Heh, that's all you can do!" Chen Xiaobei smiled, too lazy to explain.

This [ four phases absolute killing Mystic formation ] was a heaven immortal level existence! If Chen Xiaobei could find the second half of the book, he would be able to shock Baili tiantu to death!

Chen Xiaobei was even starting to hope that the CAO family's elder would come for revenge!

As long as he could defeat this old thief, Chen Xiaobei would be able to get some clues about this Xuan formation from him!

With the scholar heart, Chen Xiaobei would be able to learn all of them. By then, he might even be able to fight those above his level!

Of course, before the CAO family's ancestor came to seek revenge, Chen Xiaobei had to prepare the power to defeat him. Otherwise, everything would be just empty talk, and Chen Xiaobei might even be in danger!

"Keep this version of the cultivation technique well! When we return, we must quickly upgrade our trump cards and increase our strength!"

Chen Xiaobei focused his attention on the last treasure chest.

The treasure chest opened, and there was a storage bracelet inside.

Chen Xiaobei was puzzled. What was it? And it had to be stored in a special storage bracelet? Could it be that there was no place in the treasure vault to store it? Or could it be that this thing absolutely couldn't be placed outside?

"This ... This is ..."

Chen Xiaobei picked up the storage bracelet and looked through it. Then, he was shocked. "This is actually a six-star earth-god level 'nether ice jade'! The yin energy is extremely heavy, and the cold energy can freeze an area of space!"

"No wonder it can only be stored in the storage bracelet! If this place was placed outside, this entire Treasury would have turned into an extremely cold ice cave!"

Chen Xiaobei held the storage bracelet in his hands excitedly, as if he had just found a precious treasure.

"Master, does this thing have any special effects on you? Why are you so excited?" Baili tiantu asked curiously.

"This serene ice jade is one of the materials to repair the infinite soul ring!"

I've used my three realms merit points to exchange for a three-star earth-god level dark nether crystal. It can repair the infinite soul ring to three-star earth-god level! Chen Xiaobei said.

now that I've obtained this serene ice jade, as long as I can find another useful four-star and five-star earth-god item, I can upgrade the infinite soul ring by four levels in one go and restore its six-star earth-god ability!

this way, the infinite soul ring can capture spirits and evil ghosts below the six-star earth-god level and turn them into my slaves!

"At that time, I'll be able to capture the 9999 evil bone Berserker ghosts that escaped from the spirit condensation immortal abode! As long as I can subdue them, I will be able to fight against an eight-star earth-god!"

if I can merge it with the blood God's deity-killing painting, I might be able to fight against a nine-star earth-god with the power of the 48 clones of the blood God!

if I can get some special opportunities, the blood God's deity-killing painting will definitely grow into a real heaven immortal artifact!

Chen Xiaobei was extremely excited. He was looking forward to the growth of the blood God's deity-killing painting!

"Uh ... Master, why don't I understand what you're saying?"

Baili tiantu was stunned on the spot. He said in a daze, " "Do you mean that the nether ice jade we have now can bring you a heaven immortal artifact?"

"You can understand it this way!" but, there's still a long process behind this. It's full of difficulties. It can't be described with just a few words!

"Is it very difficult?"

"I can go back and convince my father to help master get that heaven-immortal artifact!" Baili tiantu said seriously.

"If it could be settled by one family, I wouldn't have to worry about it!" Chen Xiaobei shrugged.

we, the Baili family, are a big family in the Putuo region. We even have a Foundation in the core of the Nanzhan state. I think we can help you, master! Baili tiantu continued.

the endless Dead Sea? " Chen Xiaobei laughed. does your Baili family dare to cross it? "

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2473: Chaos Continent**

"Endless ... Endless Dead Sea?"

Baili tiantu gasped and said in disbelief, " "Master, are you talking about the endless Dead Sea, one of the seven forbidden areas in the earth-god Realm?"

"Nonsense." Chen Xiaobei said.

Oh my God ... Baili tiantu was dumbfounded and said in a daze, " "The seven forbidden areas of the earth-god Realm are all extremely dangerous places. Even a peak earth-god will have a 90% chance of survival! Master, you're not joking, right?"

"What kind of joke am I playing with you, dog?" Chen Xiaobei said with disdain.

Obviously, Baili tiantu had always been a despicable and unscrupulous person. Even if he became Chen Xiaobei's loyal dog, Chen Xiaobei would not show him any mercy.

"Yes, yes, yes ..."

Baili tiantu swallowed his saliva and said awkwardly, " if it's the endless Dead Sea, I'm afraid no one would dare to enter it, let alone the Baili family ... Other than the big shots of the top ten forces!

"The top ten forces? Isn't it the big four?" Chen Xiaobei was curious.

"The big four? Master, you're talking about Tianji city, jiuyou platform, ten thousand Buddhas Pagoda, and gods 'Palace, right?"

"Actually, there are six other super forces in the earth-god Realm, ten in total!" Baili tiantu explained. Compared to the top ten forces, the other forces below are like grains of sand to the sun, moon, and stars!"

what are the conditions to become a peak force? " Chen Xiaobei asked.

"This ... It's complicated to explain ..."

at least a giant spirit vein, at least a heaven immortal artifact, and at least ten million disciples to activate a heaven immortal level battle formation! Baili tiantu said after some thought.

Chen Xiaobei frowned and said, " "Above the earth immortal realm is the heaven immortal realm! To stand proudly at the peak of the earth-god Realm, one must be infinitely close to the celestial immortal realm!"

yes ... Baili tiantu nodded.

I don't have a giant spiritual vein right now ... Chen Xiaobei thought to himself. I have the earth escape Holy gourd, but it's a pity that it doesn't have any offensive properties. It's not enough to suppress the luck of a sect!

"In addition, my profound North formation is already at the divine fairy level! However, this is a spell formation and can only be set up within the sect. It can not be like a battle formation that can be assembled at any time!"

if I calculate it this way, I don't meet any of the three conditions to become a peak force!

sigh ... Chen Xiaobei sighed. it seems like bei Xuan faction still has a long way to go before they can stand at the top of the earth-god Realm!

Baili tiantu stood rooted to the ground with a silly expression on his face. He was completely unable to accept such a huge amount of information.

"Let's go, it's time to leave!"

Chen Xiaobei kept the nether ice jade and left the vault.

Baili tiantu followed behind him obediently, like a little eunuch.

At the entrance, Xiao 'er had finished eating the entire door. He flew back, satisfied, and sneaked into Chen Xiaobei's coat pocket. He then fell asleep.

They left the CAO family's territory.

Chen Xiaobei and Baili tiantu returned to Nanfeng city together.

Since Chen Xiaobei was going to the Dongsheng Chamber of Commerce, Baili tiantu took him to the special portal.

.....

Putuo city!

This was a main city built at the core of the Putuo domain, and its scale was more than a hundred times larger than the Southwind city! The level of prosperity was a hundred times more than Southwind city!

Walking on the street, Chen Xiaobei's eyes were opened once again!

Humans, beasts, blood race ... There was everything!

Titan soldiers, Tenshou Warriors, Western mages ... They could be seen everywhere!

To Chen Xiaobei's surprise, he could see demons in the city!

However, this was not strange. There were four major continents in the earth-god Realm. Videha in the East was a Taoist orthodoxy, Luzhou in the North was a demonic sect orthodoxy, and niuhe in the West was a Buddhist orthodoxy!

Only the Nanzhan state did not have the most mainstream orthodoxy. Taoists, Buddhas, demons, Devils, and many other religions filled the place, snatching territory, resources, and believers. The situation was extremely chaotic!

It was obvious that the Putuo city in front of him was a miniature version of the entire Nanzhan state!

by right, different races and different religions should be in a competitive relationship. Why can they coexist in peace here? " Chen Xiaobei asked.

peaceful coexistence is an iron-clad rule for every main city!

"No matter how much hatred there is, we must live in peace once we enter the main city!" Baili tiantu explained. Whoever dares to cause trouble and disrupt the peace will be executed!"

if that's the case, then there must be a powerful force behind this city. Otherwise, the iron rule would be broken! Chen Xiaobei said.

"Of course!"

"The power behind Putuo city is the ten thousand Buddhas Pagoda!" Baili tiantu said. Anyone who dares to challenge the iron rule here, even a peak earth immortal, will be hunted down!"

"It's actually pretty good like this,"

yes! Chen Xiaobei nodded and said, " no matter how big The Grudge is, we'll get it out of the city! At the very least, we can preserve a Pure Land, allowing those who don't want to fight to live in peace."

"Yup!" "If there are no rules in the main city, I'm afraid blood will flow like a river every day!" Baili tiantu said with certainty.

"Tian Tian? Isn't that a little too much?" Chen Xiaobei was taken aback.

"Absolutely not! The state of chaos in the Nanzhan state is far beyond your imagination!"

"The heavenly wings race and the demon race are mortal enemies!" Baili tiantu replied. The blood race and the Royal Court were mortal enemies! Buddhism, Daoism, and demons were competing in secret!

There were even ghosts stirring up trouble! The entire Nanzhan state has Wars breaking out every day, and the number of deaths and injuries every day is probably no less than a million!"

"There's a big battle every day? A million people die every day?" "Are you telling the truth?" Chen was shocked.

"Of course it's true!" of course! Baili tiantu said, " there are many warrior recruitment missions in our sect!

"Warrior recruitment?" what?! Chen Xiaobei was shocked. you mean, once I accept the mission, I have to go straight to the battlefield? "

"Yeah!"

"There are more than a dozen battlefields in the Putuo territory, and there are wars every day!" Baili tiantu said. The entire Nanzhan state had tens of thousands of battlefields! It is precisely because we are in urgent need of Warriors that the rewards for warrior recruitment missions have always been the best!"

"Interesting!" wait! Chen Xiaobei said, " when I find Hua Tuo, I'll go to the battlefield and take a look!

"Master! I can't go!"

"The battlefields are full of desperadoes, and there are as many experts as there are clouds!" Baili tiantu quickly persuaded. Once you step into the battlefield, you have to gamble your life, and you can die at any time!"

the Qin Emperor stopped the war and became the Emperor of nine people. He almost reached the heavens!

stop the war! Chen Xiaobei said, " not to mention the entire Nanzhan state, even if I can only stop the war in Putuo territory! I will also obtain a huge amount of merit and achieve the same level of achievement as the Qin Emperor!"

"Stop the war?" "That's absolutely impossible!" Baili tiantu smiled bitterly.

"How would you know if you don't try?" Chen Xiaobei smiled.

[ ding! The Great Sage, Heaven's Equal has sent you a message! ]

"Eh? A letter from Monkey King? It's definitely something good!" Chen Xiaobei was overjoyed.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2474: Smashing It**

Chen Xiaobei took out his phone, opened the Three Realms red envelope group, and entered a private chat.

The Great Sage, Heaven's Equal, Xiaobei! Are you free now?

Chen Xiaobei, Monkey King, what's up? Just say it! Even if I'm not free, I'll help Brother monkey first!

The Great Sage, Heaven's Equal, "help me save Zhao Yun!"

Chen Xiaobei: Save Zhao Yun? Zhao Zilong? (Shocked)

The Great Sage, Heaven's Equal: Zhao Yun was the reincarnation of an earth immortal. He was currently trapped by the enemy and in a dangerous situation!

Chen Xiaobei: Brother monkey, tell me! Where was he? I'll go immediately!

The Great Sage, Heaven's Equal, Green Mountain Range of the Putuo region! "I'm not sure about the exact location. I'll send you a God's eye talisman so that you can find Zhao Yun more easily!

Chen Xiaobei, Monkey King, stop it! Chanism is keeping a close eye on you during this critical time. You will get into trouble if you send me a red packet!

The Great Sage, Heaven's Equal-I'm not afraid!

You're not afraid, but you can't cause trouble for lady Nuwa!

The Great Sage, Heaven's Equal: " you're right. But if you don't know the location, how are you going to find Zhao Yun? "

Chen Xiaobei: I can use the merit record to exchange for it. Now that my exchange rate has returned to normal, I can exchange as many God's eye talismans as I want!

The Great Sage, Heaven's Equal: Then I'll leave this matter to you!

Chen Xiaobei: " Monkey King has helped me a lot. Don't be so polite with me. Just leave this to me!

After that, Chen Xiaobei kept his phone.

"Hurry up! Take me to the Dongsheng merchant Association immediately!" Chen Xiaobei said without hesitation.

"Aren't you going to shop a little more?" Baili tiantu was puzzled. Why did Chen Xiaobei's aura become so serious after playing with his phone for a while? He was no longer as relaxed and casual as he was when he was strolling around earlier!

"Cut the crap! Hurry up and lead the way!" Chen Xiaobei urged.

Obviously, Monkey King had always been helping Chen Xiaobei, and this time, Chen Xiaobei finally had the chance to repay Monkey King. No matter what, he had to solve this problem perfectly and not let Monkey King down!

Moreover, Zhao Yun and Chen Xiaobei had been friends for a long time. They could be considered good friends!

Chen Xiaobei had come to the clinic for the sake of friendship and family. Even without Monkey King's help, Chen Xiaobei was willing to risk his life to save his friend!

Baili tiantu was asking for a scolding by talking nonsense at this time!

yes, yes, yes ... Baili tiantu nodded and hurriedly led the way.

Soon, Chen Xiaobei and Baili tiantu arrived at the Putuo territory branch of the Dongsheng Chamber of Commerce.

Since Putuo city was the main city of the Buddhist orthodoxy, the thousand Buddha Chamber of Commerce occupied a dominant position in the city's business system.

In comparison, the business of the Dongsheng Chamber of Commerce could only be considered average.

Usually, only old customers or cultivators of the Taoist sects would come to the Dongsheng Chamber of Commerce to trade.

Over time, the employees of the Chamber of Commerce were more or less not fond of new customers.

"You three are treating me like air, right?"

Chen Xiaobei was in a hurry. He saw the three employees in the lobby but none of them came to greet him.

"Where's the branch president? Get out here immediately!" Chen Xiaobei shouted.

The three shop assistants looked at Chen Xiaobei in shock, as if they were looking at a lunatic. "Where did this retard come from? Did she forget to take her medicine? You actually dare to cause trouble here!"

hiss ... when Baili tiantu heard this, he immediately gasped. "Master! Don't make a fuss! The Dongsheng Chamber of Commerce was a top Chamber of Commerce! If we provoke them, we won't be able to bear the consequences!"

"Shouting?"

I'm going to destroy this Chamber of Commerce if the branch president doesn't show himself in three seconds! Chen Xiaobei said.

"Oh my God ..."

Baili tiantu's face turned green and he said awkwardly, " "Master! Don't seek death! Dongsheng Chamber of Commerce was backed by Dongsheng divine province. Tianji city, the Xuanyuan family, and the Jade Palace were all shareholders behind it! If you smash this place, you'll definitely be hunted down endlessly!"

"BOOM!"

Before Baili tiantu could finish his sentence, Chen Xiaobei had already made his move!

With a muffled sound, Chen Xiaobei sent out a burst of ethereal force and shattered a plaque that read 'treasure hunting'.

"You little brat! You're serious!"

The three shop assistants were shocked and screamed, " "Guards! Guards of the Chamber of Commerce, come quickly! Someone was causing trouble! He smashed the plaque that elder Hong had personally written! We can't let him get away!"

"Woof! Buzzzzzz! Yi ..."

At the same time, a dozen figures rushed out from the surrounding tunnels and surrounded Chen Xiaobei and Baili tiantu.

These people were all three-star earth-god level cultivators! One of them was a four-star earth-god! They were extremely powerful!

Of course, if one did not have enough strength, how could they hold the fort?

"You little brat! Are you tired of living?"

The four-star earth-god Guard Captain shouted in anger, his eyes full of killing intent.

"You dare to offend me?" Chen Xiaobei said, " "I think you're tired of living!"

"What!"

The captain of the guards became even angrier and roared, " "You little ant, how dare you speak to me like this! If I don't kill you today, how can I still have the face to stay in the Dongsheng Chamber of Commerce in the future?"

"My God ... Who is it? Who destroyed elder Hong's personally inscribed board!"

At this moment, a fat man in luxurious clothes ran out and squatted in front of the broken signboard. He wailed, " "This is a treasure that I spent a lot of effort to get elder Hong to agree to personally write! It's ruined ... It's all ruined ..."

"Guild leader darknorth, how should we deal with this matter?" The captain of the guards looked at the fat man and asked.

nonsense! beiming Kong roared, " kill those two immediately! Dismembered into ten thousand pieces! Chop them into minced meat and feed them to the dogs!"

this matter has blown up. I'm afraid the people from the city Lord's mansion will ask about it ... the captain of the guards frowned.

It was strictly forbidden to cause trouble and fight in the city. This was an iron-clad rule! Anyone who violated this rule would be executed! Even the captain of the guards didn't dare to joke about this!

"You're so silly!"

Beiming Kong said angrily, "this is the inner area of the Chamber of Commerce, not the streets!" We deal with family matters behind closed doors, and no one can f \* cking stop us! Moreover, with the power of my Dongsheng Chamber of Commerce, how could we not be able to deal with a small Putuo city?"

"Guild leader darknorth's words make sense!" "Close the door!" The captain grinned. Kill these two little B \* stars!"

Baili tiantu almost peed his pants when he heard that. He wailed, " "Please spare me, guild leader darknorth! I'm Baili tiantu! The first in line successor of the Baili family! My father even treated you to a meal! Do you remember?"

"PAH!"

Beiming Kong said disdainfully, "don't even mention your father!" Even if your Baili family's old ancestor were to come, he wouldn't be able to protect you today!"

hiss ... Baili tiantu sucked in a breath of cold air. He was in complete despair.

Although the Baili family's power wasn't small, it was insignificant compared to the Dong Sheng merchant Association!

The Baili family would never offend the Dongsheng Chamber of Commerce for a family member!

"Kill!"

Beiming Kong let out a roar, and his cold killing intent filled the entire space!

The dozen or so guards around them drew their weapons and charged at Chen Xiaobei and Baili tiantu!

"It's over ... I'm really dead this time ..."

Baili tiantu's pupils contracted uncontrollably. His entire body trembled violently. His limbs turned cold and his heart clenched. He was in extreme fear.

"Swish!"

However, at this moment!

Chen Xiaobei suddenly took out an item. It was like a spell that froze the guards in place!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2475: More Satisfying Than Snatching**

"A bunch of idiots! What the hell? Why aren't you moving?"

Beiming Kong roared, "hurry up and kill those two little B \* stars!" Did you hear that? Do you want me to do it myself?"

As soon as he said that, the guards of the Chamber of Commerce still didn't move.

"Numbed! A bunch of trash! All of you, get lost! Let this old man do it personally!"

Beiming Kong rushed over impatiently, pushing away the guards with one palm and smacking Chen Xiaobei with the other.

huh??? "

However, before Beiming Kong's palm could land, his entire body froze on the spot as if he had been hit by a petrification spell.

"What ... What is going on?"

Baili tiantu was dumbfounded. "Why are they not moving? Could it be that master's little token is a powerful magic weapon? But I don't feel any energy fluctuations at all!"

Chen Xiaobei was holding an exquisite purple-gold token in his hand.

Apart from the exquisite carving, Baili tiantu could not see anything special about this small token.

But Baili tiantu was sure that the reason why everyone, including beiming Kong, froze was because Chen Xiaobei had taken out this purple-gold token!

"Here is the Dongsheng purple gold Royal token! You bunch of idiots, is this how you treat the general chairman?"

Chen Xiaobei asked.

Xuanyuan guanghong had said that as long as one had a purple gold Royal token, they would receive the same treatment as the president of the Dongsheng Chamber of Commerce! It was comparable to an Overlord in the earth-god Realm!

"Puton...Puton... Puton ... Putong ..."

In the next moment, the surrounding people immediately knelt on the ground and started kowtowing without a word.

this ... Baili tiantu was dumbfounded. He simply could not believe his eyes."I'm not dreaming, right? What exactly was this Dongsheng purple gold Royal token? Why did the people around us suddenly run away?"

Obviously, the Dongsheng purple gold Royal token was a very high-level item. People at Baili tiantu's level would never have the chance to see it or even hear about it.

Of course, as members of the Dongsheng Chamber of Commerce, these guys were very clear about the weight of this token!

"Now you know who I am?"

Chen Xiaobei said, " "You have offended me and even tried to kill me! According to the rules, I can exterminate all of you!"

As soon as he said that, beiming Kong, the dozen guards, and the three shop assistants all turned pale as if they had been struck by lightning. They lost their souls and their hearts turned cold!

Without a doubt, Chen Xiaobei was telling the truth!

The rules of the Dongsheng Chamber of Commerce were famous for being strict!

The two maids had offended Chen Xiaobei at the auction in the astral Sea and were almost executed on the spot!

Chen Xiaobei was only a low-level Golden Supreme VIP at that time!

At this moment, Chen Xiaobei was already a King-level purple gold VIP of the Dongsheng Chamber of Commerce! Those who dared to offend Chen Xiaobei would not be able to survive even if they had ten lives!

"Spare me ... Please spare me, your honor! Please spare my life, Supreme Lord ..."

In an instant, everyone wailed and kowtowed desperately, even cracking the floor.

Baili tiantu's worldview was shattered. Just a moment ago, he and Chen Xiaobei were on the verge of being killed. How did Chen Xiaobei suddenly become the one who had the power to kill them?

Wasn't this situation reversed too quickly?

Baili tiantu was puzzled, but this was the truth!

At this moment, Chen Xiaobei only needed to say the word and all these people around him would die!

Anyone who dared to resist or escape would be the enemy of the entire Dongsheng Chamber of Commerce!

The victorious East Chamber of Commerce was backed by the victorious East continent. The Tianji city, the Xuanyuan family, the Jade Palace, and many other major forces were all shareholders!

Anyone who made an enemy of the Dongsheng Chamber of Commerce would definitely be hunted down and the family forces behind him would also suffer. This was absolutely not a joke!

"According to the rules, you all deserve to die!"

"But I'm in a hurry. Get me these ten herbs immediately!" Chen Xiaobei said. Qianxun licorice, hundred floating black flower ..."

Chen Xiaobei listed out ten herbs, all of which were at least three-star earth-god grade. They were very rare and precious.

"Yes, yes, yes ... I'll go and get it now!"

Beiming Kong immediately ran to the warehouse.

Chen Xiaobei was not afraid of beiming Kong's tricks at all. If he dared to run, he would be hunted down and even the beiming family would be in trouble!

"Your honor! The herbs you want are all in this storage bracelet!"

Soon, beiming Kong returned with a storage bracelet in his hands and handed it to Chen Xiaobei.

Chen Xiaobei took the storage bracelet and checked it. "As expected of the Dong Sheng merchant Association, it has a strong foundation! So many rare medicinal herbs, and you can actually take them out in one go, saving me the trouble of going to another place!"

my Lord ... beiming Kong's face was full of smiles. He wanted to say something, but he was too embarrassed to.

"You want money, right?"

I'm not going to let you off so easily! Chen Xiaobei said. I'm not going to let you off so easily! The money for these spirit herbs will be paid by you! Just take it as the money to buy your lives!"

"What?"

As soon as he said that, everyone around him, including Beiming Kong, started wailing, " "Your honor! Don't joke around! These herbs are worth four million upper spiritual stones. We can't afford it even if we sell ourselves!"

The three shop assistants and the dozen guards did not have any backing. Even if they sold everything they had, they would not be able to gather a million upper spiritual stones.

Beiming Kong had the Beiming family behind him, but he was just an ordinary family member and couldn't mobilize such a large amount of purple gold.

Without a doubt, four million upper spiritual stones was an astronomical figure to them. They would probably never be able to pay it back in their lifetime!

"Fine, since you don't want to pay for me, then how do you want to settle the score for trying to kill me? Do you want me to give Xuanyuan Guanghong a call and ask him to handle it?"

Chen Xiaobei took out his phone.

Don't forget, Xuanyuan Guanghong was the main representative of the Dong Sheng merchant Association in the state of Nanzhan. He managed all 3000 branches of the Chamber of Commerce.

If Chen Xiaobei really managed to get Xuanyuan Guanghong to come, the old man would definitely execute everyone here!

After all, the Dongsheng purple gold Royal token was a symbol of identity and status!

If the offender wasn't severely punished, the purple gold Wang token would be meaningless!

At that time, the tyrants who had the purple-gold token would throw it away like trash!

This was related to the reputation of the Dongsheng Chamber of Commerce! Xuanyuan Guanghong would definitely be dealt with severely!

"Don't! Don't! Supreme Lord! Don't ever call elder Hong ..."

"We'll pay ... All of your goods ..." The people around him wailed.

Baili Tiantu was dumbfounded again. "Master is too awesome! After smashing the Dongsheng Chamber of Commerce's plaque, not only would he be fine, but he would also get ten precious earth-god elixirs for free! It's so cool and crazy!"

"Oh right! I suddenly thought of something!"

Chen Xiaobei squinted at Beiming Kong and said, " "Your Beiming family still owes me a million upper spiritual stones. Now, you can return them to me!"

Everyone was shocked by his words!

When Baili Tiantu heard this, he swallowed his saliva even more and his mind exploded. "Master, isn't this a little too much? He had already acted tough and taken the earth-god medicine. Now, he wanted Beiming Kong to pay him another million upper spiritual stones? 'F \* ck!' It's better than robbing!"

### **Chapter 2476: Darknorth's Counterattack**

"My Lord ... Please don't joke around ... Since when did the beiming family owe you a million upper spiritual stones?"

Beiming Kong's face was filled with shock and he was on the verge of tears.

"It seems that you don't know me!"

"I'm the leader of bei Xuan!" Chen Xiaobei said. The new pill King of the nine cauldron Royal City! Chen Zhufeng!"

"What? You ... You're Chen Zhufeng?"

Beiming Kong was taken aback. His pupils shrank and his body trembled violently.

"Who's Chen Zhufeng?" The surrounding guards and shop assistants were all confused.

It seemed that not everyone in the earth-god Realm had heard of Chen Zhufeng's name. Ordinary people who lived in the city probably didn't care who Chen Zhufeng was.

"Chen Zhufeng killed the young genius of our beiming family, beiming Jinghong, in Nine Cauldrons Royal City! He also killed a high-level elder of our beiming family and two hundred thousand of our family's soldiers in the bei Xuan faction!"

Beiming Kong's face was filled with fear, and cold sweat poured down like rain!

"What? He's ... He's that strong?" The guards and shop assistants all gasped. "No wonder he was able to get the purple gold token! It turns out that he is such a terrifying Overlord!"

Chen Xiaobei shrugged and said, "In the nine Cauldrons Royal City, beiming Jinghong made a bet with me and lost a million upper spiritual stones to me! There were countless witnesses for this matter! Your beiming family can't go back on their word!"

this ... beiming Kong had nothing to say. After all, Chen Xiaobei was telling the truth.

"Don't talk nonsense, just pay up!" Chen Xiaobei said impatiently, "I'm in a hurry, so I advise you not to provoke me again!"

my Lord ... beiming Kong's tears were falling, "Where do you expect me to find a million to return to you? Why don't you make a trip to darknorth city? I'll have the higher-ups of the family return it to you!"

"Ha, do you think I'm an idiot?"

what? "Chen Xiaobei said, "such a big Dongsheng Chamber of Commerce doesn't even have a million in liquid funds? Give me the money immediately! After that, your beiming family will have to pay the Dongsheng Chamber of Commerce back!"

this ... beiming Kong's expression froze. He was completely dumbfounded.

"Pay up in three seconds! Either you die!" Chen Xiaobei's eyes narrowed, and a domineering aura emanated from him.

I ... I'll ... I'll return the money ... beiming Kong had no choice but to return the money.

After all, Chen Xiaobei was a purple gold honored guest of the Chamber of Commerce. The Chamber of Commerce would protect Chen Xiaobei's interests unconditionally.

If beiming Kong made Chen Xiaobei unhappy, he would be dead for sure.

Furthermore, the entire beiming family did not dare to provoke the Dongsheng Chamber of Commerce. If they did not appease Chen Xiaobei, the entire beiming family would be in trouble.

Because of this, beiming Kong could only return the money obediently.

With the earth-god medicine and the spiritual stones in his hands, Chen Xiaobei was finally satisfied. He left the Chamber of Commerce with Baili tiantu, whose world view had collapsed.

As soon as Chen Xiaobei left, beiming Kong immediately reported everything to the beiming family!

The higher-ups of the family had no choice. They had to pay off the money they owed the Dongsheng Chamber of Commerce even if they had to sell everything they had! The beiming family can't afford to offend such a powerful force!

However, the higher-ups of the beiming family did not plan to swallow their anger. They ordered beiming Kong to follow Chen Xiaobei and find out where he was going!

Although Chen Xiaobei was the top VIP of the Dongsheng Chamber of Commerce and had the Chamber of Commerce's protection! However, as long as Chen Xiaobei left the Chamber of Commerce, the Chamber of Commerce would not meddle in his Affairs!

The beiming family was ready to settle all their old and new grudges with Chen Xiaobei!

.....

On the other hand, Baili tiantu brought Chen Xiaobei through the portal and headed to green ash City in the North of Putuo territory!

Hou GE told Chen Xiaobei that Zhao Yun was trapped in the Green Mountain Range.

The mountain range was still some distance away from the main city.

Baili tiantu was in charge of the journey on his sword.

Chen Xiaobei entered the verdant Emperor's divine gourd.

In the sunlight cache's special ability area, Chen Xiaobei took out the green jade cauldron and placed the 10 earth-god elixirs he had just obtained into the cauldron according to a certain ratio.

After that, he added more than 30 supplementary herbs according to the specific amount.

Finally, Chen Xiaobei put in the Danxia Red Sky Ganoderma that he had obtained from the CAO family's Treasury.

He injected the witch Dragon heavenly flame into it and started refining the limitless blood-clotting pill.

this batch of limitless blood-clotting pills can reach the level of a five-star earth-god, and its effects will be greatly improved. It's definitely a life-saving trump card!

Chen Xiaobei was very excited and confident in the effects of the pill.

Immediately after.

Chen Xiaobei then activated the merit points ledger.

"I want to exchange for the God's Eye talisman!"

Chen Xiaobei immediately picked out the relevant information in his mind.

[ ethereal God's eye talisman: personally refined by clairvoyant. Able to see everything within a thousand miles. Effective for one minute. ]

[ Suan ni exchange price: 10000 merit points for one piece! ]

Please select the exchange amount!

"Only ten thousand! It's really too cheap!"

Chen Xiaobei grinned. right now, the merit record is in the hands of lady Nuwa. That's a good price! He really wanted to exchange for a thousand! Hahaha ..."

Of course, Chen Xiaobei was still very calm. "I want to exchange for three!"

Things like the God's Eye talisman weren't of much use, so he could just exchange it for three spare ones. It wouldn't delay things if he used them up, so there was no need to exchange too many.

30,000 merit points have been deducted!

[your current merit points are 3838300000 (charm: 383830000, luck: 383830000) !

Originally, Chen Xiaobei had 3833330000 merit points.

After the war with the CAO family, Chen Xiaobei had killed hundreds of people and earned five million merit points!

Therefore, the current merit points of the Three Realms had reached 3838330000. After deducting the 30000 points needed to exchange for the heavenly eye talisman, it was the current value!

"It's a pity that the CAO family has more than a hundred people, all of whom are in the nascent Soul Stage! I couldn't kill a nascent soul cultivator and let them escape! Otherwise, the merit points could have increased even more!"

Chen Xiaobei was a little regretful.

However, letting those Yuanying stage enemies go this time was not necessarily a bad thing.

After all, Chen Xiaobei had seen the power of a nascent soul and was trying to think of a way to deal with it.

This way, the next time Chen Xiaobei encountered a similar situation, he would not be caught off guard by the nascent soul. He could even kill the nascent soul instead, eliminating the root of the problem!

This was called 'learning from your mistakes', and it was good for Chen Xiaobei!

"Alright, I'm going out!"

Chen Xiaobei then left the green jade cauldron behind and quickly made the pills in the sunlight cache while he returned to the real world.

Whoosh ... Whoosh ...

The wind whistled in his ears as Baili tiantu was hurrying on his sword.

By the time Chen Xiaobei came out, the flying sword had already traveled a few dozen meters.

Chen Xiaobei fell straight down because he had nowhere to stand.

master!?

Baili tiantu was panicking at first, but what happened next made him shocked!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2477: Hard To Tell Good From Evil**

"Swish!"

Chen Xiaobei, who was falling straight down, suddenly waved his hand and summoned a golden cloud.

He stepped on the clouds and rose against the heavens!

Chen Xiaobei returned to the sky, his speed more than a hundred times faster than Baili tiantu's flying sword!

"Mother of God!"

"Master, what kind of Dharma Treasure is this?" Baili tiantu was shocked. Auspicious cloud style! I've never seen or heard of such a thing! People who don't know you might think you're a celestial immortal who can ride the clouds!"

"Cut the crap! Come over here directly!"

let's go! Chen Xiaobei ordered Baili tiantu to get on the cloud.

The somersault cloud was already a four-star earth-god instrument, so it was faster and more suitable for traveling.

"Swish!"

The somersault cloud was traveling at top speed, but Chen Xiaobei did not waste any time. "Tell me the situation in the Green Mountain Range immediately! A place that can trap my friend is definitely not a simple place!"

"Isn't it not simple!"

Baili tiantu composed himself and said nervously, " the Green Mountain Range is one of the biggest battlefields in the North of the Putuo region!

the battlefield!?

Chen Xiaobei was surprised. "Is that the place you told me about before, the place full of Desperados where we have to gamble our lives?"

"Right!"

"There's a large-scale spirit vein under Green Mountain Capital!" Baili tiantu nodded and confirmed. There were 800 million people in the city! In order to protect the spirit vein and its believers, the Daoist faction behind Qing Cang built a great wall in the Qing Cang Mountain range!"

Great Wall!?

what? " Chen Xiaobei was taken aback. are those Daoist sects planning to use the Great Wall of the Green Mountain Range to resist the invasion of other forces? "

"Yes, I am!"

Baili tiantu nodded and said, "a large spirit vein and 800 million believers!" Many forces were drooling over it! For hundreds of years, the attack on the Green Mountain Range by external forces has never stopped!"

"Why do you have to attack the Great Wall? Why don't we just attack the main city?" Chen Xiaobei asked.

"It seems that master doesn't know much about the terrain here!"

"With Green Mountain City as the center, the southern area is almost entirely the territory of the Daoist sects!" Baili tiantu explained. Therefore, verdant Azure main city has no need to worry about the rear and only needs to resist the forces coming from the north to the south!"

"The Green Mountain Range is the perfect natural barrier to the north of Green Mountain Capital! If the external forces want to enter the South, they must Cross the Green Mountain Range!"

"Because of this, the Great Wall of green sky has become a place that both sides must fight for! Whoever can control the Great Wall of green sky will have the power to control the life and death of green sky capital city!"

Obviously, the reason why Baili tiantu could become Xu Zhenyuan's chief disciple and the first-in-line successor of the Baili family was that he had many strong points other than his bad character!

For example, at this moment, Baili tiantu's analysis was very clear. He had a certain understanding of the terrain, the situation, and the time. Compared to those good-for-nothing second generation ancestors, he was definitely 108000 times better!

"According to what you're saying, my friend should be trapped in the battlefield! And it's a position where they're fighting!"

but, the Green Mountain Range spans millions of miles. Even if I can get 1800 God's eye talismans, I can't look for them one by one! Chen Xiaobei said. We don't have enough time!"

"I can help you ask!"

I have a few brothers at the Great Green Wall who are on guard duty. I'm sure they know where the battle is going on! Baili tiantu said.

"Good! Very good!" Chen Xiaobei's eyes lit up. "Hurry up and ask!"

After that, Baili tiantu took out his phone and contacted a few of his friends.

In the extremely chaotic Nanzhan state, being a warrior was the most common profession, and battles occurred almost every day!

Soon, Baili tiantu contacted one of his friends and got the accurate battle report from the front line!

"Master! The location had been confirmed! There are a total of three battles!"

"However, the Green Mountain Range is very huge. The three locations where the battle took place are all very wide. It's extremely difficult to find a person in one of them! I have no other choice ..."

"You've already done very well!" alright! Chen Xiaobei said, "I'll take care of the search!"

Obviously, Chen Xiaobei had already exchanged for three God's eye talismans. As long as he could confirm the approximate location, he would be able to search accurately and find the person.

.....

Not long after, the huge Green Mountain Range gradually came into view.

Under Baili tiantu's guidance, Chen Xiaobei reached the first position.

Chen Xiaobei took out a God's eye talisman and started to search for the source of the voice.

In this huge battlefield, Chen Xiaobei saw the orc Army attacking the Great Wall!

Unlike the traditional confrontation of cold weapons, in this battle, true essence flowed, magic weapons filled the sky, and special abilities came out. The scene was even more Grand and spectacular than the most top science fiction movies!

However, the cruelty of war could never be compared to movies!

The more magnificent the battle scene was, the more tragic the casualties behind it were!

On a mountain with barren vegetation, the beast faction Army and the Dao faction Army were engaged in a frenzied battle!

Blood, organs, and heads could be seen everywhere. There were also countless broken bodies!

In the midst of the crazy slaughter, such a scene would appear endlessly!

With the power of the God's Eye talisman, Chen Xiaobei could see everything clearly.

Even though Chen Xiaobei had killed many people before, all of them were evil people.

However, it was really difficult to determine which side was the one doing evil.

The Dao faction protecting their homeland could be considered a righteous act.

The beastly faction attacked cities and seized territories in order to allow their descendants to have more resources and a better environment. Was this wrong?

One had to know that the Dao element Army might be invading the beast element's home in other battlefields in the Nanzhan state!

From this, it could be seen that war was two-way, and there was no absolute distinction between good and evil!

For example, if Chen Xiaobei were to kill the beast faction Army or the light Faction, the heavenly Dao would not reward him with any merit points!

But if Chen Xiaobei could resolve this war, the heavenly axiom would reward him. And it would be double the reward!

Such a situation had already happened in Northern wilderness Starfield.

Back then, Chen Xiaobei had resolved a war between a million young men and a million demonic beasts!

Millions of young people fought for their lives, and millions of demonic beasts fought for freedom. It was difficult to distinguish between good and evil!

Because of this, the only way to solve the problem was to stop the war! Only then would he be able to obtain the recognition and reward of the heavenly Dao!

That time, Chen Xiaobei had saved millions of young people and transferred millions of demonic beasts to another planet to live freely. It was a great achievement, and naturally, the heavenly axiom had rewarded him handsomely!

"Compared to the current situation, that was only a small-scale war ..."

what's going on? " Chen Xiaobei frowned. this is only a corner of the Green Mountain Range! Qing Cang was only a corner of the Putuo territory! And the Putuo domain was only a corner of the Nanzhan state! How can we stop this Great War?"

Obviously, after witnessing the cruelty of war, Chen Xiaobei really wanted to resolve it.

However, the war in the Nanzhan state, whether in scale or complexity, was definitely not something that the war of the past could compare to!

To resolve the war in the Nanzhan state would be countless times harder than ascending to the heavens!

"I can't break out of this situation for the time being. It's more important to save people!"

Chen Xiaobei focused and continued to search for Zhao Yun's whereabouts.

"Shit!"

Suddenly, Chen Xiaobei's face changed. He could not continue his search!

### Red Envelope Group of the Three Realms

#### **Chapter 2478: Do You Dare To Fight Me One-On-One?**

"I have no idea what Zhao Yun has become after she reincarnated. Even if we use the God's Eye talisman to search, we won't be able to find out who he is ..."

Chen Xiaobei frowned.

Even though he had the Three Realms illustrations function, Chen Xiaobei had to look at the reincarnated earth-god for more than ten seconds before he could activate the corresponding illustrations.

Chen Xiaobei did not even know which one was Zhao Yun. He could not possibly stare at them for ten seconds, could he?

On the battlefield, there were as many people on both sides as there were hairs on an ox. For each person to watch for ten seconds, it would take a long time!

More importantly, Monkey King was in the heaven realm, while Zhao Yun was in the human realm! Even if Chen Xiaobei went to ask Monkey King for Zhao Yun's picture now, Monkey King would not be able to produce it!

"Calm down! No one can help me at this time! I can only rely on myself and can not panic. Otherwise, it's all over!"

Chen Xiaobei calmed himself down quickly.

"Zhao Zilong of Chang mountain was a top hero during the Three Kingdoms period! He had never lost a battle in his life! He charged in and out of Changban slope seven times and single-handedly slaughtered 100000 Cao soldiers. He killed people like he was cutting grass and butchered generals like he was slaughtering dogs!"

Using his knowledge, Chen Xiaobei quickly calculated, "If Zhao Yun was on the battlefield, she would definitely fight with all her might. Even if she was in danger, she would not admit defeat! According to this judgment, I must first lock onto those who are in danger but have no fear!"

Chen Xiaobei quickly narrowed his search area!

First of all, they were in danger, and even their lives were threatened. This was a common situation on the battlefield!

However, under such circumstances, there were very few people who could still remain calm and unafraid of death!

Chen Xiaobei searched the entire battlefield but only found three to five people with such courage!

"These people are all tough! Unfortunately, he's not the one I'm looking for!"

"Zhao Yun is a spear user!" Chen Xiaobei said. The spear was like a Thunderbolt, shining on the liver and gallbladder! Blades, swords, axes, and other such weapons are not Zhao Yun's cup of tea!"

In this way, the search area was narrowed down again! First, he had to be in danger. Second, he had to be fearless. Third, he had to use a spear!

After making his decision, Chen Xiaobei immediately activated the somersault cloud and headed to the second battlefield!

He took out the second God's eye talisman and activated it.

Chen Xiaobei started to search according to the three points he had deduced.

After searching for a long time, Chen Xiaobei finally found a person who fulfilled all three requirements!

However, after staring at the man for ten seconds, Chen Xiaobei did not activate the Three Realms illustrations.

"I should have known that it wasn't this person!"

Zhao Zilong from Changshan is a loyal man. He is loyal to the Lord. He is also very loyal to his comrades and brothers! I can't just ignore the life and death of my comrades!"

The person in front of him was very courageous and not afraid of death at all. However, he only cared about self-protection the entire time and completely ignored the life and death of his comrades around him. Even if he could save them with a shot, he would ignore it indifferently!

This kind of character was clearly far worse than Zhao Yun's!

Without hesitation, Chen Xiaobei charged toward the third battlefield.

The third God's eye talisman was activated, and Chen Xiaobei began to scan the entire area.

This time, Chen Xiaobei had finally locked onto someone who matched all of the above characteristics!

.....

In the forest in the mountains, ten green ash soldiers were probably out to gather intelligence, but they encountered a 100-man assault team of the Titan race!

The Titan race was naturally gifted and could suppress humans of the same level!

After a round of fighting, six green sky Warriors of the human race had died, while only one giant soldier of the Titan race had died.

The remaining four Qing Cang Warriors were also seriously injured and surrounded by the 99 Titan soldiers!

Among them, three green sky Warriors had already fallen to the ground. The serious injuries on their bodies and the danger in front of them had caused them to fall into endless despair. They had even completely given up on resisting!

Only one young warrior was still standing proudly in place!

Although he was also heavily injured and covered in blood, he still clenched the spear in his hand and gritted his teeth, not letting himself fall!

"Little brat! You're really awesome!"

The team leader of the Titan giant soldier walked out, his eyes staring at the young man with a sinister look. He said sternly, "As a weak human, you actually managed to kill one of our Titan Warriors! You really scared me!"

"Hmph! If it was a one-on-one fight! I can kill all of you!" The young man was seriously injured and blood was flowing out of his mouth as he spoke, but his aura was very strong and he had no fear at all.

"Awesome! You're not just ordinarily awesome!"

The Titan Captain narrowed his eyes and said coldly, " "Everyone knows that we, the Titan soldiers, can crush humans of the same level. You're only in the middle primordial soul realm, and you dare to say you'll kill us all? Was his brain damaged? Are you crazy?"

The young man's eyes were like torches as he said indifferently, "the guy I killed couldn't even take three of my spear strikes!" If it wasn't for your sneak attack from behind, would I be so seriously injured?"

As soon as he said that, all the Titan soldiers around him felt their cheeks burning. They had lost all their face!

Everyone knew that Titan soldiers could crush humans of the same level. However, this young man had killed a Titan soldier of the same level in a single move. It was a slap to their faces!

After that, they had no choice but to use despicable means to sneak attack the young man from behind and injure him! This wasn't something to be proud of. If word got out, the entire Titan race would be shamed!

"Hmph!"

The Titan Captain snorted coldly and quibbled, " "As the saying goes, all's fair in war! You're the one who's stupid for being plotted against by us! You can't blame anyone else!"

The young man had an extraordinary spirit. He didn't argue at all and said frankly, " "Indeed! On the battlefield, it was normal to fight in the open and fight in the dark! If I fall for it, I can only blame my cultivation for not being enough, no one else is to blame!"

"No! It's all our fault ..."

The three people on the ground all cried out, " if brother Zilong hadn't been trying to protect us, he wouldn't have exposed himself and been ambushed by the enemy ... It's all our fault for being too weak and dragging brother Zilong into this ...

"Don't say that!"

The young man's eyes narrowed and he said righteously, " "On the battlefield, comrades are brothers! I can't protect everyone, but I'll do my best to protect those I can! Loyalty trumped life and death! Even if I, Zhao Yun, have to fight to the death, I will not ignore you!"

As soon as he said that, the three heavily injured soldiers were all touched. They even made up their minds to follow this young man for the rest of their lives!

"Ha, what a joke!"

The Titan Captain sneered in disdain: "You've lost your life, so why are you still loyal? Now, I can crush you with one finger! It's easier than crushing a bug!"

The young man fell silent, speechless!

He, who was seriously injured, could barely stand and could not fight at all!

Once the Titan Captain made a move, the young man would die without a doubt!

"Swish!"

However, at this moment, a figure descended from the sky and laughed in a frivolous manner. "Big idiot! Do you dare to fight my big brother Zilong one-on-one?"

### Red Envelope Group of the Three Realms

#### **Chapter 2479: Instant Healing**

"Eh? Where did this little bastard come from? You really don't know what's good for you!"

The Titan Captain and the surrounding giant soldiers all glared at the black-clothed youth who had suddenly appeared as if he was an idiot.

He actually dared to jump out in this kind of situation. He was simply courting death! Seeking death!

"Brother, I don't think I know you?" Zhao Yun looked at the black-robed youth in surprise.

"Brother! I'm Xiao bei!" The young man in Black grinned, looking very bright.

Xiaobei!?

Zhao Yun was taken aback for a moment before she said in surprise, " "You are God Chen? Did brother monkey ask you to come and save me?"

"That's right! Brother monkey asked me to come!" Chen Xiaobei nodded.

"This is great! As long as God Chen is here, we can be saved!" Zhao Yun knew very well how strong Chen Xiaobei was, and she had full confidence in him!

It was as if the crisis had been resolved. Zhao Yun's entire body relaxed!

"What shangxian? What Monkey King?"

"We have ninety-nine Titan soldiers surrounding this place. Even a true God can't save you!" The Titan Captain sneered. Besides, this little bastard is just a clown invited by the monkey!"

As soon as he said that, the Titan soldiers around him laughed.

Even Zhao Yun's three comrades were in disbelief. They could not believe that a young man like Chen Xiaobei would be able to break out of this dead end.

"Don't laugh! Soon, you'll know if I'm a joker or not!"

Chen Xiaobei looked at the Titan Captain and asked, " big idiot, you haven't answered my question. Do you dare to fight my big brother Zilong one-on-one? "

"Your brother Zilong has already been beaten to the point where he can't even take care of himself. He's just standing there and vomiting blood. You still want him to fight me one-on-one?" You're not only a Joker, you're also a retard!"

Xiaobei, stop joking around ... I think it's better for you to do it ... Zhao Yun was severely injured. It was already very difficult for her to even stand. How could she still have the energy to fight?

"As long as you dare to fight, I can let you fight him!" Chen Xiaobei's tone was overbearing and confident.

in my dictionary, there is no such thing as 'dare not'!

Zhao Yun's eyes narrowed. Her black eyes were filled with an indestructible belief as she said in a domineering manner, " "I believe in God Chen! Please help me! I want to take revenge with my own hands!"

Although Zhao Yun's cultivation was not strong, he had a strong mental state, just like Chen Xiaobei!

Death could never shake them, let alone make them fear!

'I don't dare' didn't exist! I've never dared to say it in my life!

"Good! Zhao Zilong of Chang mountain is indeed full of guts!"

Chen Xiaobei took out a Wuji blood-clotting pill from his infinite space ring and said, " "Old brother Zilong, eat this pill!"

This was one of the two limitless blood-clotting pills he had obtained from the limitless nine-floor Pagoda.

Although it was not Chen Xiaobei's latest creation, it was more than enough to heal Zhao Yun's injuries.

"Alright!" Zhao Yun had absolute trust in Chen Xiaobei, so she swallowed the Wuji blood coagulation pill without hesitation.

"You two idiots!"

The Titan Captain saw this and sneered in disdain, " "You're already at death's door, and you're only taking medicine now? Do you think I'll wait here for you for ten days to half a month? Wait until you've recovered before you make a move?"

"I don't need ten days to half a month! I'll be able to fight you soon!"

Zhao Yun's eyes focused. She could clearly sense that the injuries on her body were rapidly recovering.

as long as he was not heavily injured, Zhao Yun had absolute confidence in fighting!

"Immediately fight? Are you scared out of your mind?" The Titan Captain said disdainfully, "just based on your tottering body!" Can you even block one of my fingers?"

The surrounding Titan soldiers laughed and mocked Zhao Yun and Chen Xiaobei, treating them like fools.

In the eyes of these Titan soldiers, Zhao Yun was already heavily injured and not far from death! It was impossible to recover from such a serious injury in a short time.

Because of that, when Chen Xiaobei asked Zhao Yun to fight the Titan Warrior one-on-one, all the Titan soldiers took it as a joke! They were treating Chen Xiaobei and Zhao Yun like clowns! They were all waiting to watch the show!

However, the Titan soldiers would never have thought that Chen Xiaobei's Wuji blood-clotting pill was a four-star earth-god level pill. Using it to heal Zhao Yun's one-star earth-god level body was like using a dragon-slaying knife to kill a chicken. The effect was obvious!

in just a few sentences, Zhao Yun's injuries had already healed.

"Captain! Just directly slap them to death! We still have a mission to complete!" Some of the Titan soldiers urged impatiently.

"Alright!"

The Titan Captain had no interest in wasting time. He took a step forward and charged at Chen Xiaobei and Zhao Yun.

"I'll kill you first, you little bastard!"

The Titan captain's first target was Chen Xiaobei. After all, Zhao Yun and the other three were all seriously injured.

"You want to kill me? I'll have to ask my brother Zilong if he agrees!" Chen Xiaobei stood where he was, unafraid.

The Titan Captain sneered disdainfully, "ha, he's just a cripple waiting for death!" I don't need to ask him who I want to kill."

"Swish!"

However, at that moment, a cold glint appeared. Zhao Yun had actually used a mysterious spear technique with the White Dragon Dharma!

how ... How is this possible?!

The Titan Captain was instantly dumbfounded and panicked. "Aren't you seriously injured? How can he still use such a strange spear technique?"

Seeing this, the surrounding Titan soldiers also became nervous.

it must be known that at the very beginning of the battle, Zhao Yun had used this spear technique to instantly kill a Titan soldier.

after that, Zhao Yun relied on her spear technique to attack and defend, rendering the Titan soldiers helpless! If they had not used despicable methods to sneak attack her from behind, they would not have been able to harm Zhao Yun at all!

At this moment, seeing Zhao Yun attack with her spear, how could the Titan soldiers not panic?

although the Titan soldier could crush humans of the same level, Zhao Yun had been cultivating in the land for thousands of years and had come into contact with many ancient immortal battle techniques. She had fused them with her own spear techniques to make up for her shortcomings and develop a new set of spear techniques!

The ancient deity's battle tactics must be at the divine immortal level, and since it was created by an ancient deity, it would greatly increase one's combat power. It might even be more powerful than Chen Xiaobei's astral Beast Battle tactics!

The Titan bloodline's increase in combat power was definitely not comparable to the ten thousand beast stellar battle technique, much less Zhao Yun's new spear technique that was fused with the ancient immortal battle technique!

Zhao Yun had said before that if it was a one-on-one fight, he would be able to kill all the Titan soldiers here!

This sentence was clearly not spoken blindly!

"Hiss!"

In the next moment, the White Dragon energy construct reappeared and coiled around the silver spear!

Sister Yun's gaze focused as she locked onto the Titan Captain. "Your Excellency's head, I'll be taking it!"

#### **Chapter 2480: Pacifying The World**

"Not good!"

The captain of the Titan team turned pale with fright, and his entire person fell into extreme fear.

Clearly, the Titan Captain was well aware of how powerful sister Yun's marksmanship was! He did not have the slightest bit of confidence to fight against Zhao Yun!

however, Zhao Yun's spear was like a dragon, pressing forward with an indomitable will. He would not show any mercy!

"Swish!"

In the next instant, the spear in sister Yun's hand pierced through the Titan captain's left eye, piercing through his massive head!

One spear! Instant kill!

"Swish!"

with a flip of her hand, the Titan captain's corpse fell straight to the ground. Blood and brain matter continuously spurted out from his left eye. It was extremely terrifying!

"Steady! Accurate! Ruthless! Good spear technique!"

Chen Xiaobei's eyes lit up as he praised Zhao Yun. He was thinking of finding an opportunity to learn how to shoot from Zhao Yun.

Seeing this, all the Titan soldiers were extremely shocked. Like a group of frightened chicks, they turned their heads and tried to escape!

"All of you, stop!"

Zhao Yun growled, her aura extremely powerful. "You can either kneel down and surrender, and become my captive! Or you can continue to run away and die under my gun. It's your choice!"

Now that the two armies were at war, being kind to the enemy was being cruel to oneself!

Zhao Yun had been through hundreds of battles and killed countless enemies. Naturally, she would not do something as stupid as letting a Tiger return to the mountain!

"Hiss ..."

As soon as he said that, a series of gasps spread among the crowd.

Even their team leader had been killed by Zhao Yun with a single shot. The remaining Titan soldiers were terrified to the core. Where would they find the slightest bit of fighting spirit?

"Plop! Plop ... Plop ..."

One person knelt down, everyone knelt down!

Before they could even take two steps, all the Titan soldiers knelt on the ground!

since they did not dare to fight, they could only kneel and surrender, obediently becoming Zhao Yun's captives!

Upon seeing the scene before them, Zhao Yun's three heavily injured comrades appeared to have been injected with chicken blood and were extremely excited!

"What the f \* ck! Zilong was really too awesome! It had been less than a month since he became a green sky Warrior, but he had killed two people and captured 98 people in his first mission! It's simply crazy and cool!"

"When we go back this time, Zilong will definitely be rewarded handsomely and will be promoted immediately! At the very least, he can lead a hundred-man battle team!"

Zilong has been a green sky Warrior for less than a month, yet he was promoted directly without any connections. This is simply a miracle!

"Captain Zilong! In the future, we will follow you! You have to protect us!"

the three of them worshipped Zhao Yun. In addition to Zhao Yun saving their lives, they were even more loyal to Zhao Yun. They had practically become her believers.

"No!"

However, at that moment, sister Yun shook her head and said solemnly, " the greatest credit for this battle belongs to my brother Xiaobei!

Everyone's eyes fell on Chen Xiaobei.

if it wasn't for my brother Xiaobei, we would have been killed by the enemy!

" that's right! Zhao Yun said in a serious tone, " if it wasn't for my brother Xiaobei treating my injuries, I wouldn't have had the chance to take my revenge!

The three comrades nodded and said, " "Yes, yes, yes! We still have to thank this young master Xiaobei! Fortunately, he showed up in time and brought a magical pill. Otherwise, we would have been dead! We'll never forget the kindness you've shown us in saving our lives!"

At the same time, the Titan soldiers around them were also looking at Chen Xiaobei in shock. They no longer dared to treat Chen Xiaobei as an idiot!

If Chen Xiaobei had not appeared out of nowhere, the Titan soldiers would have taken care of Zhao Yun and the others. They would not have ended up as prisoners!

.....

after that, Zhao Yun made a call to the Great Wall Army.

The military camp immediately sent out two hundred soldiers to escort the captives back to the camp.

The three injured men were brought back with them. Chen Xiaobei did not have any more infinite blood-clotting pills but he gave them some earth-god medicine to help them recover.

As for Zhao Yun, she had no intention of returning to the camp to claim her reward. Instead, she followed Chen Xiaobei into the Meru space.

Compared to the secret between them, getting a reward and getting promoted was not worth mentioning at all.

Within the Meru space.

"Bro Zilong, why did you come here to become a soldier?" Chen Xiaobei asked. Is this brother monkey's idea?"

"No..."

No. Zhao Yun shook her head and said, " brother monkey did not give me any clear instructions. He only told me to look for opportunities to increase my strength! I don't have any other skills, I only know how to fight. I heard that this place was recruiting soldiers, so I came here to be a new recruit!"

"I see."

"How do you feel after being a new recruit for the past few days?" Chen Xiaobei asked with a smile.

"I feel terrible!"

Zhao Yun's gaze turned serious as she said, "back then, I personally experienced the chaotic era where the Dukes and warlords fought for power!" However, compared to this place, it pales in comparison!"

"Every day, there will be small-scale battles here, and every three to five days, a big battle will break out! In every battle, no matter big or small, there will always be casualties!"

"Especially when a high-level earth level deity is involved in the battle. With one move, the earth will be stained with blood and bones will form an ocean! Just cleaning up the battlefield will take days and nights!"

"Some people have even estimated that the number of troops fighting in the Green Mountain Range alone is more than ten million! Every day, the number of people who die in battle is in the tens of thousands!"

At this point, Zhao Yun could not help but sigh. "Although I've been through hundreds of battles and killed countless enemies, I still can't help but feel my scalp go numb and my heart turn cold when I think about how many people die in battle every day in qingcang, Putuo, and jambu ..."

Chen Xiaobei praised, " "Brother Zilong is a benevolent and righteous man, and he can't bear to see the world fall into an abyss of suffering! This is the righteousness of the heavenly Dao!"

"You're too kind, God Chen!"

" that's right! Zhao Yun composed herself and said seriously, " God Chen, I follow the heavenly Dao to punish evil and promote good. I was once praised by the Dao ancestor. I am a role model for my generation! God Chen, I don't think you want to see this chaotic world, do you?"

"Brother!" this is the human world! Don't call me God anymore! Chen Xiaobei said. We'll call each other brothers!"

"Alright!" " that's right! Zhao Yun nodded happily. it's my honor to be brothers with you, God Chen ... No... You and I!

"Let's continue our previous topic!"

Chen Xiaobei said seriously, " "I've already thought about this chaotic world on my way here! I really want to stop the war and save the world ... But I can't fulfill this wish at all ..."

"Brother! You're wrong!"

Sister Yun's expression was determined as she spoke word by word, "We can't save the world, we can only pacify it!"

"Calm down? The world?" Chen Xiaobei was shocked.
