Chapter 2481: Four-Element Royal City

"That's right! We must calm them down!"

" that's right! Zhao Yun's eyes focused as she said solemnly, " there are countless lives in the world. You might be able to save a portion, but you can't save everyone! You can save them now, but you can't save them forever!"

"You can only pacify the world and make all living beings obey you! I respect you! Only then could they stop the war from the root! End the chaotic world!"

it was obvious that Zhao Yun had personally experienced the chaotic era of the Three Kingdoms where the Dukes fought for power.

The peace of the war and the end of the chaotic world were all built on the foundation of Cao Wei's unification of the three countries!

If Cao Wei had not pacified the world, the war between the three countries would have continued!

In fact, throughout the history of China, all the emperors of the past dynasties could only bring peace and stability to the common people after they had pacified the world!

Without peace, how could they save the world?

"Brother Zilong! Wake up the dreamer with a single sentence!"

Chen Xiaobei's eyes lit up. "The only way to end the war in Nanzhan state is to pacify this large state!"

"Videha is a Taoist sect! Aparagodaniya was a Buddhist orthodoxy! The northern kuruzhou was a demonic sect orthodoxy! If the Nanzhan state can honor the orthodoxy of beixuan, then there will be no more wars like the other three states!"

Without a doubt, Chen Xiaobei's ambition had been fully activated by Zhao Yun!

Before this, Chen Xiaobei was only thinking about how to stop the war and how to reduce the casualties. He did not know that the most fundamental solution was to stop the war and calm the world!

If there had to be someone to bring the Nanzhan state to peace, that person had to be Chen Xiaobei!

Only Chen Xiaobei had such ambition and courage! Only Chen Xiaobei had the ability to do all this!

The main point was that the tribe of severity, which was led by sect leader Tongtian, was originally a Taoist orthodoxy, but was excluded by the primeval Lord of heaven. It was alone and had almost no foundation in the earth-god Realm!

Because of this, Chen Xiaobei had to unite the Nanzhan state and bring peace to the world. Not only would he be recognized by the heavenly Dao, but he would also be able to gain billions of followers and help the tribe of severity occupy this land!

As the saying goes, men strive for luck, gods strive for incense!

In the end, they were all fighting for believers!

With more followers, the incense offerings would naturally be more abundant, and the fate energy would naturally be stronger!

The reason why the Daoist, Buddhist, and demonic sects occupied the three states and did not let go was that each state had trillions of believers.

The reason why the state of Nanzhan was in constant war was because the forces of every orthodoxy wanted to fight for as many followers as possible. It would be best if they could unify the state of Nanzhan and be on equal footing with the three great orthodoxies.

That was why Chen Xiaobei had to unite the entire Nanzhan state for his merit. For the sake of the prime of Tongtian and the immeasurable catastrophe, he had to unite the entire Nanzhan state!

"Here's the problem! What should I do?"

Chen Xiaobei frowned, once again lost in thought.

Even though Chen Xiaobei had once pacified apocalypse Starfield, he had to rely on the MU family, the Xia family of Black Tortoise, and The White Tiger Council of Elders.

If it weren't for these old forces, apocalypse Starfield would've been in chaos!

More importantly, not many people in apocalypse Starfield would actually become Chen Xiaobei's followers!

Before Chen Xiaobei had settled apocalypse Starfield, there had not been any large-scale war. There was not much difference before and after pacifying, so naturally, it was impossible to change the faith of the people!

But right now, Nanzhan state's situation was completely different from apocalypse Starfield!

In the Nanzhan state, there were no deep-rooted old forces that Chen Xiaobei could rely on. This meant that Chen Xiaobei had no shortcuts and had to personally take down every city and land!

Most importantly, after the siege, Chen Xiaobei could not be like apocalypse Starfield and just leave everything be!

One had to know that the people of the Nanzhan state had been through war and were extremely eager to change their lives!

If Chen Xiaobei could not give the people a new life after the war, the people would not change their faith for Chen Xiaobei. They might even betray him!

All of this was a huge problem for Chen Xiaobei!

If these problems could not be solved, Chen Xiaobei's dream of unifying the Nanzhan state would become a daydream that could never be realized!

"Xiaobei! Why are you in a daze?"

"Don't think too much!" Sister Yun's brows furrowed. Don't think too far! One step at a time, let's settle the opening first, and then take the rest slowly! When the car reaches the mountain, there will be a road, and when the water reaches the bridge, it will naturally cross!"

"Hmm, elder brother, you're right!"

of course! Chen Xiaobei nodded. in this situation, it's a waste of my energy to think about it. I can only see results if I do it! It's not too late to solve it when we really encounter difficulties. There will always be a way!"

"Well said!"

Zhao Yun nodded her head and said, " based on my war experience, you will first need a main city as your base. Then, you will need to build an unbreakable top-class city. After stabilizing your rear, you can then recruit soldiers and expand outward!

"Before resisting foreign aggression, we must first stabilize the internal situation!"

"Brother's advice was very useful!" Chen Xiaobei said. But the problem is, which main city should I choose as my base?"

this ... I'm not too sure ... Zhao Yun said embarrassedly, " I haven't been in the earth-god Realm for a long time, so I don't know much about the environment."

"I see ..."

Chen Xiaobei left the Meru space and brought Baili tiantu in.

Originally, Chen Xiaobei did not like Baili tiantu and did not want him to enter the Meru space.

However, Baili tiantu had analyzed the terrain, situation, and situation of Putuo city very well. He might be able to give important advice on the selection of the main city!

.....

After returning to the Meru space, Chen Xiaobei told Baili tiantu everything that had happened.

"Oh my God ..."

When Baili tiantu heard this, he was extremely shocked. "Master! You're simply too crazy! He actually wanted to unify the Nanzhan state! For countless years, countless people have wanted to do this, but no one has ever been able to do it!"

"Cut the crap!" "Do you have an answer to my question?" Chen Xiaobei said impatiently. If you don't, you can leave!"

"Yes, yes, yes!"

Baili tiantu quickly analyzed. master, you don't have any prestige right now. If you try to take over a city with an owner, the soldiers in the city will definitely fight back, and the people won't support you! Therefore, I suggest that you find an empty city without an owner and slowly develop there!"

"That makes sense!" alright! Chen Xiaobei nodded and said, " continue!

"Master, you definitely won't be interested in ordinary cities!" "And I happen to know of a mysterious ancient city!" Baili tiantu said.

"Don't keep me in suspense! Just say it!" Chen Xiaobei asked curiously.

Baili tiantu composed himself and said solemnly, " that mysterious ancient city is the legendary four element Royal City!

"Four xiangs? The capital?" Chen Xiaobei's face was filled with shock.

[Red Envelope Group of the Three Realms](#)

Chapter 2482: Major Secret

"Yeah! It was the four element Royal City! This is a legendary capital city!"

Baili tiantu said excitedly, " according to the legends, the four elements Royal City appeared 30 million years ago. The Lord of the city, the four elements honorable King, led the four elements divine Army out of the mountain and shocked the world with a battle!

"Among them, the Green Dragon godly armor Army can attack and defend, and their main force is to break through the city! The Vermillion Bird Royal Army was flexible and focused on surprise attacks! The White Tiger Berserker Army was not afraid of death and fought bloody battles with white blades! The Xuanwu Pagoda Army has an extremely strong defense, and they will be the main force to defend the city!"

"With the invincible edge of the four symbols divine Army, the four symbols honorable King swept across the southwest of the Nanzhan state in one fell swoop! He's almost ruled over half of the Nanzhan state!"

Chen Xiaobei and Zhao Yun were both excited and entranced by his words.

One should know that the current power couldn't even calm a small Putuo domain. In comparison, the four element Supreme King could unify half of the Nanzhan state, which was simply crazy and cool!

"Four element Royal City is indeed powerful!"

what? " Chen Xiaobei asked curiously, " but, how did such a powerful force become a legend? " Does the four element Royal City not exist anymore?"

"According to the legends, 30 million years ago, the four elements Royal City experienced a great change. The internal traitors colluded with external forces and broke into the royal city! The entire family of the fourth Prime Minister King was killed, their heads hung on the city wall, and their corpses were chopped up to feed the dogs!"

"At that time, the four element Supreme King was fighting hundreds of millions of miles away. When he heard about this, he rushed back to the four element supreme city!" Baili tiantu said in a deep voice.

in the end, the enemy had already set up an inescapable net in the capital. The fourth element King was killed the moment he returned!

at the same time, the front line also suffered from the enemy's fierce counterattack. The four elements Royal city's Army was like a dragon without a leader and was completely defeated!

in just half a year, the territory that the four Xiang Royal City occupied was completely divided up by the various forces. The four Xiang Royal City disappeared completely, leaving only a legend in the world!

Chen Xiaobei and Zhao Yun felt that it was a pity.

A top-notch main city like the four element Royal City was destroyed in the hands of a traitor in the end!

The four element Supreme King was a super Overlord that could sweep across the world, but in the end, his entire family was slaughtered and he died a tragic death!

Such an ending was truly too cruel. How could one not feel pity and sympathy?

after talking for so long, where exactly is the four Xiang Royal City? "

" that's right! Zhao Yun said expectantly, " if Xiaobei can really get his hands on this main city, it'll be the best base!

uh ... I don't know the exact location of the four element Royal City ...

Baili tiantu said embarrassedly, " according to the legends, the enemy completely destroyed the four elements Royal City in order to vent their anger. They even captured all the people in the city and made them slaves! 30 million years have passed, and those who know the location of the capital are probably all dead!"

"You can't be!" Zhao Yun's expression froze for a moment before she said in an annoyed tone, " "You don't know the exact location, so wasn't all that you said just now all nonsense?"

uh ... Baili tiantu's face turned red and he was extremely embarrassed.

"What he said wasn't all nonsense!"

Chen Xiaobei took out half of the ancient book and a very special crystal from his infinite space ring.

"What is this?" Sister Yun asked with a puzzled look.

Baili tiantu recognized it at a glance. "This half of the ancient book is the unique technique of the four element Supreme King," four element killing Xuan formation "!"

"My guess was right! This half of the ancient book belongs to the fourth element King!"

Oh? " Chen Xiaobei raised his eyebrows and asked, " look at this crystal again. Can you identify the position of the crystal? "

Yes, sir ... Baili tiantu composed himself and immediately began to carefully observe the crystal.

There were many patterns that looked like maps carved on the crystal. However, from different angles, the places and routes were completely different.

That's right! Chen Xiaobei found this crystal and the other half of the four symbols killing formation in the CAO family's Treasury!

The CAO family must have had this crystal for a long time, but they had not done anything about it. This meant that even the CAO family could not understand the secret of the crystal!

Initially, Chen Xiaobei only wanted to let Baili tiantu take a look and did not expect him to find anything!

Unexpectedly, Baili tiantu seemed to be very familiar with the underground knowledge. He had really found a breakthrough!

"From the front, the map shows the Arctic tundra of jambu! From the right, it shows the eastsea God tower in the Far East of jambu, and from the left, it shows the little thunderclap temple in the far west!"

from three directions, the spiritual stone shows the easternmost, westernmost, and northernmost areas, but it doesn't show the vast mountains and seas of the southernmost area! Baili tiantu said.

what? " Chen Xiaobei asked, " you mean to say that the four element Royal City is in the vast mountains and seas of the southernmost land? "

"That's very likely!" it's true! Baili tiantu said, " it's said that the four element Royal City started their war from the South of Nanzhan state. The area they control is half of the southwest!

you do have a point ... Chen Xiaobei furrowed his brows."But, it's impossible that the CAO family didn't think of such a simple conjecture!"

"Perhaps the CAO family has already thought of it!"

"However, the vast mountains and seas are extremely vast. There are billions of mountains in it, just like a vast ocean! Even if the CAO family has determined the general direction, it's still as difficult as ascending to the heavens to find the exact location!"

"I see!" alright! Chen Xiaobei nodded. take a closer look at this crystal and see if you can find any more clues!

"Yes, sir!" Baili tiantu continued to observe.

" what? " sister Yun asked, confused. Xiaobei, why do you think that there's a secret in the crystal? "

Chen Xiaobei said, " Back when the four element royal cities were destroyed, the enemy must have plundered all the benefits they could! If you were the CAO family, would you still study the secrets of Jingshi?"

"Well said!"

" Oh! Zhao Yun came to a sudden realization. four element Royal City is already unprofitable. Even if the CAO family had this crystal, they wouldn't put in the effort to research it. Perhaps there are even more secrets in the crystal!

"Master!"

it's strange! Baili tiantu said, " I feel that there's a very weak spirit in this crystal, but I can't communicate with it. It's really strange!

"Show me!" Chen Xiaobei took the crystal and studied it carefully. "It really does have a weak spirituality! If you don't carefully sense it, you won't be able to discover it!"

Zhao Yun frowned. even if it does have spirituality, what's the point if we can't communicate with it? "

"There's still a way!"

Baili tiantu said,"if I can learn the four-phase killing formation, I should be able to communicate with this crystal!" Don't forget! The Xuan formation and the crystal stones are the things of the four element respectable King!"

"That may be true, but how can you learn this ancient Xuan formation so easily?" sister Yun's brows furrowed. I came into contact with Xuan formation cultivation techniques in the land. I spent a few years but was still unable to grasp the basics. Thus, I gave up!

Hearing this, Baili tiantu laughed and said,"for ordinary people, learning Xuan formations is indeed as difficult as ascending to the heavens!" But to my master, it's very simple!"

"What do you mean?" Zhao Yun was taken aback.

"My master has already learned the [four phases absolute killing Mystic formation]!" Baili tiantu laughed.

On the other hand, Chen Xiaobei had already started to channel his spiritual energy into the crystal!

Zhao Yun was shocked.

[Red Envelope Group of the Three Realms](#)

Chapter 2483: Super Good News

"I found it!"

After a while, Chen Xiaobei smiled and said, " "As expected! By using the four phases killing Xuan formation, one can communicate with the spirit of the crystal!"

"Oh my God!"

"Xiaobei!" Zhao Yun exclaimed in shock. You actually learned a Xuan formation! You're really amazing! In comparison, my talent is simply too weak!"

"Brother, don't say that!"

I did it with the help of the scholar heart's ability! Chen Xiaobei said. otherwise, I wouldn't have been able to learn it in such a short time!

Sister Yun did not express her opinion. She quickly asked, Have you found the exact location of the four element Royal City? "

"I found it!"

yes! Chen Xiaobei nodded and said, " the capital city is in the vast mountains and seas in the southernmost region! Furthermore, I've already determined the exact location, and we can head over at any time!"

"This is great!"

Zhao Yun said excitedly, " even if the four element royal cities are destroyed and all our benefits are plundered, it doesn't matter. What we need is that base!

"Well said!"

that's right! Chen Xiaobei nodded. back then, the four Xiang Royal City was impenetrable. If not for the betrayal of the traitor, the enemy would not have been able to break in! From this, it could be seen that there must be natural barriers around this base! Its defensive capabilities are even better than the Great Green Wall!"

"That's right!"

"Of course!" Zhao Yun said with certainty,"as long as there is a natural barrier to defend, it is a place that militarists must fight for! It had a high strategic significance! Especially now, we've just started, we have to focus on defense! After laying a solid foundation and stabilizing the rear, we can then free up our hands to attack the other forces!"

"Good! It's decided!"

I'll go to the mountains and seas and build the royal city of beixuan! Chen Xiaobei said.

"Looking for Hua Tuo?" Zhao Yun's expression froze for a moment before she asked,"You're looking for Hua Tuo?"

"Yeah!" yes! Chen Xiaobei nodded. right now, there's nothing more important than finding Hua Tuo!

I know where Hua Tuo is ... sister Yun frowned and said, " "But even if you find him, he won't help you ..."

"Why is that?" Chen Xiaobei asked.

because the owner of Hua Tuo's contract is a celestial Lord of the heavenly court!

Zhao Yun said, " the heavenly court works for the clan of enlightenment. With your hostile relationship with the clan of enlightenment, it's already good enough that Hua Tuo didn't plot against you. He would never help you!

"It doesn't matter!"

Chen Xiaobei was excited. "Quickly tell me where Hua Tuo is! As long as we capture him, everything will be fine!"

Zhao Yun's expression froze for a moment. I have to remind you that the soul contract was set by the Dao ancestor. Even if you feed Hua Tuo divine-grade heavenly dog food, it will be completely useless. He will only be loyal to the master of the contract!

"Don't worry!"

I have a lot of other ideas other than the heavenly dog biscuit. The most important thing now is to get Hua Tuo under my control. The rest of the problems are not a problem!

that's right! Zhao Yun nodded and said, " the last time I saw Hua Tuo, he was a military doctor. He came to the Great Wall of green heaven to treat a General's injuries! Later on, I found out that Hua Tuo was the great Minister of the beiming family, and was only responsible for treating the general's injuries. After that, Hua Tuo left the Great Wall!"

"The beiming family?"

Chen Xiaobei made a decision and said, " "Good! I'll go to the beiming family and take Hua Tuo back!"

Obviously, the beiming family and Chen Xiaobei were mortal enemies, and Chen Xiaobei would not show them any mercy! Even if he had to start a war and annihilate the beiming family, Chen Xiaobei would not hesitate!

.....

After making their decision, Chen Xiaobei, Zhao Yun, and Baili tiantu left the Meru space.

From now on, Zhao Yun would follow Chen Xiaobei.

however, one must always finish what they started. Zhao Yun decided to return to the military camp to say hello. Firstly, he wanted to resign from his post. Secondly, he wanted to say a simple goodbye to his comrades.

Of course, Chen Xiaobei would not reject her. Together with Baili tiantu, he accompanied Zhao Yun back to the camp.

On the way back, Chen Xiaobei contacted Monkey King when he was free.

Chen Xiaobei: "I've already saved Zhao Yun! I'm here to tell you that I'm safe! You can rest assured!"

The Great Sage, Heaven's Equal, Xiaobei! You really are my good brother! You've settled things so quickly, you didn't let me down! (Great praise)

Chen Xiaobei-it's just a small matter, not worth mentioning! (Humble)

The Great Sage, Heaven's Equal: " you've brought me good news. I'll also tell you great news!"

Chen Xiaobei: (Excited)

The Great Sage, Heaven's Equal-it'll be New Year's Eve in ten days! The group would also hold a large-scale red envelope snatching session! Remember to come and snatch the red packets after you have your New Year's Eve dinner!

Chen Xiaobei thought, New Year's Eve? Brother monkey, if you didn't mention it, I would have really forgotten about this! It felt like the winter solstice had just passed, and it was already New Year's Eve!

The Great Sage, Heaven's Equal-the winter solstice had passed a long time ago! It seems that you've been too busy recently!

Chen Xiaobei: " yeah ... After the winter solstice, all sorts of things have happened. I really haven't had any free time for a long time!"

The Great Sage, Heaven's Equal-there are still ten days! Hurry up and do the things you haven't done! It's the new year, so let me have a good rest and have a good reunion with my family. Most importantly, I have to make time to grab red packets!

Chen Xiaobei: The chances of snatching red packets are getting lesser and lesser. I definitely won't miss the Super red packet snatching frequency on New Year's Eve!

The Great Sage, Heaven's Equal,"then I'll see you then!"

[Chen Xiaobei: New Year's Eve! See you!] (Excited)

.....

Chen Xiaobei kept his phone and the military camp was right in front of him.

Zhao Yun was originally in a good mood. However, the moment she arrived outside the military camp, her brows suddenly furrowed. She said solemnly,"Xiaobei! I can feel that the atmosphere is not right! Let's all be on guard!"

"Atmosphere?" Chen Xiaobei was surprised. "How come I didn't notice anything wrong?"

On the side, Baili tiantu was also dumbfounded. He didn't discover anything special at all.

my primordial spirit attack is called the blood Dragon fighting spirit!

Zhao Yun's gaze turned serious as she said,"the more blood-soaked I am in battle, the more my combat strength and physical body will be enhanced!" Therefore, I'm especially sensitive to the smell of blood and slaughter!"

Chen Xiaobei looked in the direction of the military camp and said, " "You mean, something bad has happened in the camp?"

"Yes, I am!"

Zhao Yun said solemnly,"the atmosphere today is very different from usual!" We must be extra careful!"

"If that's the case, then let's not walk in! There's definitely no danger if we change our method!" Chen Xiaobei raised his eyebrows and smiled.

"Change the method?" Zhao Yun's expression froze.

Chen Xiaobei took out two Golden high-tier prosperous monkey fur and said, " "Let's fly in!"

[Red Envelope Group of the Three Realms](#)

Chapter 2484: Rage Erupts

Oh my God ... This ... How is this possible?!

Seeing Chen Xiaobei and Zhao Yun turn into two little insects, Baili tiantu was so shocked that he could not believe his eyes.

don't make a fuss. Find a place to hide and I'll contact you later! let's go! Chen Xiaobei said, not bothering to explain. Then, he and Zhao Yun flew to the military camp.

There was only one high-tier prosperous monkey fur left. Naturally, he could not waste it on Baili tiantu.

Baili tiantu did not dare to say anything more. He obediently retreated far away and found a place to hide while he waited for Chen Xiaobei.

.....

After flying up to the wall of the Great Wall, there was a large military camp that could accommodate almost a million people behind the thick and solid barrier.

It was obvious that all the Great Wall guards in this area lived here.

just as Zhao Yun had said, today's military camp was indeed different from usual!

Originally, the military camp was off-limits to idlers, but today, more than a thousand outsiders had entered!

Moreover, these thousand people were all dressed in luxurious clothes and had arrogant expressions. They didn't look like Warriors at first glance, but rather like the troops of some large family!

More importantly, Zhao Yun had mentioned the bloody killing intent!

He saw that the thousands of people were gathered together, and among them were some leaders and generals of the military camps!

In the middle of them, three heavily injured people were hung high on a wooden shelf.

It was obvious that they had been beaten up badly. The three of them were already seriously injured, and at this moment, their skin was torn and their flesh was torn, and they were covered in blood.

Two of them had even lost their lives due to their heavy injuries and excessive blood loss!

However, the enemy did not even let their corpses go. They continued to whip the corpses viciously, wishing they could turn the two into meat paste!

It was extremely vicious! It was extremely cruel!

The last person who was still alive had been beaten until his skin was torn and his body was covered in wounds.

However, the enemy didn't seem to want to kill him. Instead, they wanted him to watch the cruel scene of his two companions being whipped to death, which tortured his heart.

"Speak! Where is Chen Xiaobei?!"

A luxuriously-dressed old man squinted his eyes and shouted with a murderous aura, " if you tell me where Chen Xiaobei is, I'll let you die a painful death. If you don't, I'll make you beg for death!

"PAH!"

The last person spat out a mouthful of blood and said disdainfully, " "Do you think I'm a coward? Young master Xiaobei is our Savior. No matter how much you torture me, I will never betray him!"

That's right!

The three injured men who were hung up and beaten were Zhao Yun's three comrades!

As the battle with the Titan soldier had been too miraculous, the three of them could not help but describe it to their comrades after they returned.

In just a short while, the name 'young master Xiaobei' spread throughout the military camp.

However, the three of them did not expect Chen Xiaobei's mortal enemy to come to the military camp.

Thus, the three of them were captured and tortured!

The enemy wanted to know where Chen Xiaobei was, but the three of them were so loyal to Zhao Yun and so grateful to Chen Xiaobei that they would rather die than reveal anything!

In the end, two of them were beaten to death!

The last man was also badly beaten. Although he was half-dead, he was covered in wounds and bleeding!

"Good! What a tough bone!"

"I'd like to see if your bones are tougher or if my hands are tougher!" The old man narrowed his eyes and grinned.

That's right!

The thousand plus people who suddenly arrived at the camp were the troops of the beiming family.

After Chen Xiaobei had given beiming Kong a good beating at the Dongsheng Chamber of Commerce, beiming Kong had immediately reported it to the higher-ups of his family and followed Chen Xiaobei in secret.

Beiming Kong's flying sword could not catch up with the somersault cloud, so he lost Chen Xiaobei.

However, beiming Kong knew that Chen Xiaobei was flying toward the Great Wall of green heaven!

The beiming family and the great Wall's Army had some friendly relations, especially the military camp where Zhao Yun was at. The general himself seemed to be a member of the beiming family! Otherwise, Hua Tuo would not have specially come to treat that person's injuries!

It was precisely because of this that the first stop of the beiming family upon arriving at the Great Wall of green mountains was this military camp!

As soon as they arrived, the beiming family heard that Chen Xiaobei had appeared to help Zhao Yun capture the Titan Warrior!

Therefore, the beiming family immediately captured three of Zhao Yun's heavily injured comrades!

That was why the current situation had occurred!

"Clang! Clang! Clang ..."

Beiming yuanshou's eyes narrowed, and sharp ice spikes instantly formed around him!

I advise you to tell me where Chen Xiaobei is!

"If you don't, I'll Pierce a thousand holes through your body, break your tendons one by one, and crush your bones!" Beiming yuanshou said coldly. You'll experience what true pain is!"

"PAH!"

The heavily injured soldier had already made up his mind to die, not taking beiming yuanshou's threat seriously at all!

"You're looking for death! Then don't blame me!" Beiming yuanshou's eyes were as cold as a venomous snake baring its sharp fangs.

"Boom boom boom ..."

However, at this moment, a loud noise suddenly erupted from the back of the crowd!

An incomparably blazing flame burst out from the sword and charged towards the beiming family's group like a huge fire Dragon!

That's right! Chen Xiaobei made his move!

The sword light came from the five-star earth-god instrument, the flame spiritual King Sword!

The main point was that this sword attack was extremely sudden, and the beiming family members were completely caught off guard!

Wherever the sword light passed, all those who were below the level of five-star earth-god were killed directly!

Not only were their bodies burned to ashes, but their blood essence and spirits were also absorbed into the chaos Blood Sword!

He would die without a complete corpse, his soul would be scattered, and he would never be able to reincarnate!

As for those who had reached the five-star earth-god level, they were all injured physically by the sword energy. Although they didn't die, they were all seriously injured and fell to the ground, wailing in pain!

With just one sword, the beiming family had lost over a hundred men!

Chen Zhufeng!!!

Beiming yuanshou roared and charged toward Chen Xiaobei.

At the same time, all the members of the beiming family were looking at Chen Xiaobei.

"Old dog darknorth! The hatred between you and me! Why did you transfer it to someone else?"

Chen Xiaobei's eyes were filled with murderous intent. "You killed two of my friends. I want your entire beiming family to pay with their lives!"

"Hmph! You little brat! What a big tone!"

Beiming yuanshou's face was also filled with rage. "You just killed hundreds of my beiming family's people! This old man will slaughter everyone in the world who is related to you! None of your friends, family, wife, and children can escape from my grasp! I want them to die without a burial ground!"

"Just based on this sentence! I will definitely destroy your beiming family!" Chen Xiaobei's tone was overbearing!

[Red Envelope Group of the Three Realms](#)

Chapter 2485: Playing Like A Monkey

"Hmph! You brat, you're about to die and you still dare to act tough?"

"I'm a seven-star earth-god with a seven-star earth-god instrument in my hand, " beiming yuanshou yelled. "It's enough to crush your ultimate infinite sword formation! You want to destroy my beiming family? You're just daydreaming!"

"I'm dreaming?" Chen Xiaobei raised his eyebrows and said, "Turn around and look! There's an unexpected surprise!"

"Turn back? Do you think I'm stupid?" "As soon as I turn around, you'll launch a sneak attack!" Beiming yuanshou said disdainfully.

"Are you sure you don't want to turn around?" Chen Xiaobei's lips curled into a devilish smile.

"I just want to kill you now! No matter how big of a matter it is, it can't shake this old man's resolve!" Beiming yuanshou's killing intent was strong, and he did not trust Chen Xiaobei at all. Naturally, he would not listen to Chen Xiaobei and look back.

All the elites of the beiming family were also staring at Chen Xiaobei with murderous eyes.

"BOOM! BOOM! Boom ..."

But! At this moment! Three loud bangs suddenly erupted from behind the crowd!

A streak of wild lightning sword Qi was like a dragon in the wild! The sword Qi of the fiendish water was like a dragon emerging from the sea! A dark golden sword energy was like a dragon flying in the sky!

The three sword energies, all of which contained the power of a five-star earth-god, suddenly burst out from behind everyone!

Chen Xiaobei's two high-tier prosperous monkey furs were not wasted!

Chen Xiaobei had used one of them to summon the spiritual bursting flames from his back, and he had already killed more than a hundred people!

Zhao Yun used another high-tier prosperous monkey fur and flew to the back of the crowd. Chen Xiaobei was one step ahead of her. He handed over the Raging Thunder berserk King Sword, Aqua fiend King Sword, and dark golden fantasy King Sword to Zhao Yun!

Chen Xiaobei had attracted the attention of everyone in the beiming family.

At the same time, Chen Xiaobei activated the power of the three swords.

Without a doubt, the effect of this attack was almost the same as the first sword!

"Uh ... Ah! Ah ... Save me ... Old ancestor, save me ..."

In the next moment, the beiming family's group suddenly burst out in a miserable shriek!

The three rays of sword Qi were extremely powerful. Anyone below the level of a five-star earth-god would be killed instantly! Their bodies exploded, and their blood essence and souls were all sucked away by Chen Xiaobei. They could not reincarnate in the underworld!

The five-star earth-god level cultivators were all focused on Chen Xiaobei and were caught off guard. They did not have a protective ethereal force, and their bodies were all heavily injured! Broken limbs flew in all directions, and his internal organs were exposed. It was extremely miserable!

Only a small number of people who were more than five-star earth-god could be safe and sound!

"What's going on ... What's going on?"

Beiming yuanshou was shocked. He quickly turned around, and his face turned green.

With these three sword strikes, the number of casualties in the beiming family had already exceeded six hundred. Furthermore, those who died were all the geniuses of the younger generation and the pillars of the middle-aged generation.

With the death of these people, the beiming family's future would be destroyed by more than half. For the next few thousand or even tens of thousands of years, they would be in a difficult situation where they would have no one to succeed them.

To beiming yuanshou, this was not a pleasant surprise, but a shock!

"Chen Zhufeng! This old man will make you die without a burial ground!"

Beiming yuanshou suddenly roared and turned around. His face was twisted, and he looked even more depressed than if he had eaten hot shit. "Where are they? Where's Chen Zhufeng?"

The surrounding members of the beiming family were either dead or injured. There were over a thousand people who came, but only less than two hundred people were safe and sound.

These people who had nothing to do were busy taking care of the injured and did not notice where Chen Xiaobei went!

"Hostage? Where did the hostage go?"

Beiming yuanshou thought of the heavily injured soldier. However, when he looked over again, that person had already been taken away by Zhao Yun.

With two high-tier prosperous monkey furs, Chen Xiaobei and Zhao Yun had worked together to kill more than 700 members of the beiming family and even saved the severely injured soldier!

the corpses of the other two soldiers who had been killed were also taken away by sister Yun.

In this battle, not only did the beiming family suffer heavy casualties, but they also lost a hostage. It was a double loss!

"Ancestor! Revenge ... You must avenge us ..."

Around them, more than a hundred nascent soul cultivators crawled out of the corpses and gathered around Beiming Yuanshou while wailing.

In addition, there were more than two hundred golden cores on the ground, all left behind by those who had died tragically.

"I won't take revenge! I, Beiming Yuanshou, swear that I'm not a human!"

"Don't worry, everyone!" Beiming Yuanshou composed himself and said. I've already contacted exalted immortal Shen before I came! The people of the major forces had already rushed over, and they might even be at the foot of the mountain! Chen Zhufeng will definitely not be able to escape!"

.....

On the other side.

Chen Xiaobei and Zhao Yun had already found Baili Tiantu's hiding place.

Zhao Yun personally buried the two deceased.

Chen Xiaobei was treating the remaining severely injured man.

This person's name was Mo Xihe. Now that things had come to this, he definitely couldn't return to the camp.

However, he would rather die than betray Chen Xiaobei and Zhao Yun in the military camp. Chen Xiaobei was very appreciative of his backbone and loyalty.

Chen Xiaobei was willing to trust him and take him in!

After that, Chen Xiaobei, Zhao Yun, and Mo Xihe entered the Meru space.

As for the Meru space, it was on Baili Tiantu's body. Baili Tiantu flew out of the Green Mountain Range on his sword.

On the way out, Baili Tiantu saw with his own eyes that the heaven dominating sect, Jiang family, Ximen family, and Nangong family had surrounded him.

Luckily, no one knew about the relationship between Baili Tiantu and Chen Xiaobei.

Therefore, Baili Tiantu returned to Green Mountain City without any obstacles.

According to Chen Xiaobei's instructions, once Baili Tiantu reached Green Mountain City, he would use the portal to go to Beiyue City, which was the closest to the Beiming family!

Within the Meru space.

I'm fine! Chen Xiaobei said, "although I can't fight a seven-star earth-god yet, I will not let the Beiming family have an easy time!"

"What do you plan to do?" Zhao Yun asked.

my enemies have come out in full force. They're all looking for me at the Great Wall of Azure!

"The beiming family is now an empty city!" Chen Xiaobei said. Not only will I take Hua Tuo away, but I will also make the beiming family pay an even higher price!"

"I understand!"

Zhao Yun was not stupid. She immediately understood the situation. "No wonder you didn't fight with the enemy just now, but retreated immediately after you showed up! It turns out that this was a plan to lure the Tiger out of the mountain!"

"That's right!"

that's right! Chen Xiaobei grinned. those idiots were looking for me on the mountain, and I went straight to their lair. By the time they realized what was going on, it was already too late for them to cry!

"Young master Chen is really amazing!"

Mo Xihe praised, 'the great ancestor of the beiming family is being played like a monkey. It's really satisfying!' My two comrades-in-arms can rest in peace now that you know this!"

"Don't worry!" Chen Xiaobei said. A blood debt must be paid in blood! I'm just not going to fight with the beiming family for now, but sooner or later, I'll destroy them!"

"Mm! I believe that if young master Chen says he can do it, he will definitely do it!" Mo Xihe nodded heavily, looking forward to it.

"Xiao bei will not let us down!" " that's right! Zhao Yun's eyes focused as she said solemnly, " we only killed seven hundred of their men. Next time, we'll kill as many as they send! If you want to fight, then fight to the end!"

"Count me in!" Mo Xihe's blood instantly boiled, and he was full of fighting spirit.

"Alright, it's almost time! I'll go out with brother Zilong first!" "Beiming family, we're here!" Chen Xiaobei said with an evil smile.

[Red Envelope Group of the Three Realms](#)

Chapter 2486: Jingshu Pavilion

Baili tiantu was very familiar with the road and arrived at the beiming family's main city very smoothly.

Chen Xiaobei had Baili tiantu return to the Meru space while he and Zhao Yun entered beiming city.

By doing so, he could prevent Baili tiantu from being seen by the beiming family, which would cause unnecessary trouble for the family.

The main city was huge, and its outer perimeter was for the people to live in. Chen Xiaobei and Zhao Yun did not make things difficult for the people and sped through.

There was a magnificent palace in the center of the main city. This was the beiming family's lair.

"Who's there? How dare you barge into my great dark North Palace?"

Chen Xiaobei and Zhao Yun were stopped by a group of guards at the entrance of the palace.

"We're here to collect debts!"

Chen Xiaobei's eyes were filled with killing intent.

"Collect a debt?"

"You're an idiot, aren't you?" the guards shouted in disdain. How could our darknorth Palace be in debt? I think you're here to court death! Hurry up and get lost! Otherwise, we have the right to kill you two!"

"Woof! Whoosh! Whoosh!"

In the next instant, sister Yun took a furious step forward and thrust out her spear. In the blink of an eye, she had sent out ten thousand spear images!

"Woof! Buzzzzzz! Yi ..."

Before the group of soldiers could even figure out what was happening, Maekawa was pierced with hundreds of holes by Zhao Yun's spear. They were instantly annihilated!

Chen Xiaobei and Zhao Yun stepped over the dead bodies and entered the palace.

"Invasion! The enemy had invaded! All the guards were assembled! Gather ..."

The great dark North Palace's defense system was extremely complete, and the small-scale battle at the entrance immediately attracted the attention of even more guards.

In just a few moments, over three thousand heavily armored Imperial Guards with sabers in their hands had gathered in the square in front of the palace.

Chen Xiaobei and Zhao Yun were surrounded.

"Who are you? How dare you barge into my great dark North Palace! Killing a guard is a crime that should be executed!"

The commander of the guards was extremely dignified, like a fierce tiger, exuding a powerful aura.

"Whoosh ..."

Chen Xiaobei did not say anything. He waved his hand, and a huge black shadow rushed out of the ring!

In an instant, the black shadow stabilized, and a huge monster with a body length of 300 meters appeared!

This giant monster was like a prehistoric crocodile that was swimming in the void!

Its four legs and tail emitted a dark blue spiritual light, which gave it the power to fly like a rocket's propeller!

With sharp fangs, bloodthirsty eyes, and an extremely ferocious appearance, ordinary people would tremble in fear just by looking at it!

"What ... What is this ..."

in an instant, not only the three thousand Imperial Guards, but even Zhao Yun was dumbfounded.

Chen Xiaobei did not explain but said, "Brother Zilong, if you can't take it, cover your ears!"

"Cover your ears?" Zhao Yun was stunned and confused.

"Hiss!"

Just as everyone was still in shock and confusion, the giant monster suddenly opened its mouth and let out a terrifying roar!

Other than Chen Xiaobei, no one else had expected that the roar was a special existence similar to infrasonic waves!

One could even see with the naked eye that circles of deep blue Sound waves were violently vibrating and erupting!

Kalala ... Kalala ...

Wherever the sound waves passed, the ground and the houses trembled violently!

The ground was like a layer of carpet, and there was actually a wave-like fluctuation. After the sound wave passed, it directly exploded into pieces!

The house seemed to be made of tofu, shaking and shaking under the sound waves. As soon as the sound waves passed, it suddenly collapsed, and even the hard bricks were shattered into pieces!

"Ugh! Ah ..."

In the next moment, the sound wave struck the 3000 Imperial Guards and they let out miserable shrieks!

The 3,000 Imperial Guards covered their ears with their hands, but they were unable to block the powerful penetrating infrasonic waves!

Under the influence of the sound waves, their skin and muscles undulated like waves, and the frequency was so fast that they were even distorted.

Their bodies twitched uncontrollably as if they were having epilepsy.

"Bang! Bang! Bang! Bang ..."

Their bodies were much tougher than the ground and the houses. However, it was only a matter of time before their bodies collapsed when they faced the four-star earth-god monster!

With a series of muffled sounds, the Imperial Guards, who had weaker physical bodies, finally reached their limits. Like firecrackers, their bodies exploded one after another!

His skin and flesh were all mushed, and his bones and bones were all shattered into pieces. Not even a piece of bone was left, let alone an intact corpse!

"Bang! Bang! Bang! Bang ..."

Immediately after, those with stronger physiques also began to explode and die. Their bodies were directly blown to pieces, and they died with their eyes wide open!

One must know that the Beiming family's experts had already gone all out. Those who remained in the great Beiming Palace were only small fries!

There was no suspense in this battle at all!

In less than 10 seconds, the 3000 Imperial Guards were all annihilated. The ground was covered in broken bones and blood. It was extremely terrifying!

"Hiss ... Hiss ..."

Chen Xiaobei's eyes were hollow and emotionless. With a flip of his hand, 3000 souls and a huge amount of blood essence were absorbed into the chaos Blood Sword.

Zhao Yun had experienced hundreds of battles. She would not care about such a small scene.

"Uh ..."

At this moment, the commander of the guards seemed to still be breathing.

"Oh!"

The giant monster in the air focused its eyes and continued to attack.

"Xiaobo! Spare his life!"

Chen Xiaobei ordered, and the giant monster immediately quieted down.

That's right, this monster was the demonic beast that Chen Xiaobei had tamed in the universe. It was 100% loyal to Chen Xiaobei.

Chen Xiaobei walked over and looked down at the commander of the Imperial Guards. "Where is Divine Doctor Hua? Tell me and I won't kill you!"

Divine Doctor Hua!?

The commander of the guards fell in a pool of blood and said with a face full of fear, "I'll tell you ... Are you really not going to kill me?"

"That's right!" yes! Chen Xiaobei nodded. I've always kept my word!

"Good! I'm telling you ..."

The commander of the guards composed himself and said, "Divine Doctor Hua is a top-notch consecrator in the great dark North Palace. He lives in The Quiet Book Pavilion on the side of the eastern Palace!

"I hope you're not lying!"

Chen Xiaobei took out an earth-god medicine from his infinite space ring and threw it on the ground. "Eat this and you can keep your life!"

The general of the guards didn't dare to say anything else. He immediately took the earth-god medicine and his condition stabilized.

"Brother Zilong! Let's go!"

Without looking back, Chen Xiaobei stepped over the dead bodies of the 3000 Imperial Guards and walked towards the eastern Palace.

Zhao Yun immediately followed.

Xiao Bo was not in a hurry to leave. He released his ethereal force and collected all the storage bracelets from the Imperial Guards and the guards outside the door. He wanted to give them to Chen Xiaobei later.

.....

Jingshu Pavilion.

Zhao Yun's eyes focused as she said, " the atmosphere is peaceful, quiet, and elegant. It seems like that fellow wasn't lying!

"Let's go in!" Chen Xiaobei could not wait any longer and strode into the yard.

[Red Envelope Group of the Three Realms](#)

Chapter 2487: Completely Ignorant

Even though Zhao Yun had said that he was fine, Chen Xiaobei was still on high alert. He activated his golden gaze fiery eyes and carefully observed his surroundings.

However, there really didn't seem to be any danger in this elegant garden. Even his fiery golden eyes couldn't find any flaws.

In the study room, Chen Xiaobei saw a young man reading a book through the wall.

[ding! Discovered reincarnated ghost Hua Tuo!]

[ding! Hua Tuo guide activated!] [do you want to check information related to Hua Tuo?]

"Eh? This young man is actually Hua Tuo?"

Chen Xiaobei was taken aback, but he quickly understood. it seems that after reincarnating as an earth level deity, one can return to how they were when they were young. Only their memories are retained!

Chen Xiaobei was not used to a young Hua Tuo.

But thinking about it carefully, this was not strange. It was not easy for him to reincarnate as an earth immortal. He could not reincarnate as an old man with white hair and beard, right?

"Check!" Chen Xiaobei quickly checked the message.

[Hua Tuo: well-rounded medical skills, proficient in Internal medicine, women, children, acupuncture, especially surgery, skilled in surgery!] He was known by later generations as the Saint of surgery, the ancestor of surgery!

[cause of death: suspected by Cao Cao in his later years. After being imprisoned, he was interrogated to death!]

"Xiao bei? Why are you still standing there?" Sister Yun asked in a low voice.

"I've already seen Hua Tuo! It's in this study!" Chen Xiaobei said.

"Then what are we waiting for? Let's go in and capture him alive first!" Zhao Yun rubbed her palms together, ready to strike at any moment.

"I feel like there's something strange about this!" Chen Xiaobei said.

"Strange? What's strange?" Zhao Yun's expression froze for a moment and she became wary.

the battle just now caused a huge commotion. How could Hua Tuo continue to read quietly? " Chen Xiaobei said in a low voice.

"You mean he's acting?" Sister Yun asked in a low voice.

"I'm not sure, but we'd better not go in personally!" Chen Xiaobei said.

"Then what should we do?" Zhao Yun asked, puzzled.

Chen Xiaobei grinned and said, " "Get No. 9 Luban to go in for me!"

"No. 9 Luban?" "Master Luban seems to have only developed No. 8 Luban. Where did No. 9 come from?" Zhao Yun was stunned.

"He doesn't, but I do!" Chen Xiaobei smiled and took out No. 9 Luban.

"Whoosh ..."

After burning one billion low-grade spiritual Qi, No. 8 Luban turned into Chen Xiaobei and walked toward the door.

At the same time, Chen Xiaobei's real body was using his golden gaze fiery eyes to observe the situation in the study.

In the study.

Hua Tuo had been reading, and he only put down the book in his hand when the door was pushed open.

"Divine Doctor Hua!"

No. 9 Luban said in Chen Xiaobei's voice, " "You really have great self-control! Didn't you hear the huge commotion just now?"

"Hehe."

"I'm not deaf, how can I not hear you?" Hua Tuo smiled faintly. The reason why I'm staying here is to wait for the prey to take the bait!"

"Wait for a rabbit?" "So, you're saying that I'm that dumb rabbit?" No. 9 Luban asked.

"Of course!"

Hua Tuo laughed and said, "exalted immortal Shen has already shown me your picture!" Chen Xiaobei! I've been waiting for you!"

"What are you waiting for me for?" you think you can defeat me?" No. 9 Luban laughed. you think you can?"

"Of course I can't beat you!" "But I can't fight them with force. I can win them with my wits!" Hua Tuo changed the topic.

"Outwit him?" alright! No. 9 Luban smiled and said, " please start your performance!

Hua Tuo's face was calm, as if everything was under his control. "Shen shangxian has already told every reincarnated earth immortal under the clan of enlightenment that your cleansing Bodhi has been sealed by Lu Yue's dark spell talisman! You are no longer immune to poison!"

"You're right!" "But, do you have the chance to poison me?" No. 9 Luban nodded.

"I definitely wouldn't have the ability to poison you anywhere else!"

however, this study has always been filled with a colorless and odorless poison, " Hua Tuo said. from the moment you walked in, you were already infected with the poison!

No. 9 Luban raised its eyebrows and said, "no wonder you can still sit here and read after such a big commotion!" So, you've already set up a trap here!"

"How is it? You didn't expect this, did you?"

Hua Tuo laughed proudly. from now on, as long as you circulate your vital essence or exert force in your muscles, you will directly activate the poison. Your sea of Qi and dantian will fester, and your muscles and bones will decay. You will become a cripple that is worse than a dog!

"I really didn't expect this!"

what?! No. 9 Luban's eyes narrowed. the kind and skilled Divine Doctor Hua can actually come up with such a vicious trick!

"This isn't my trick, but immortal Shen's divine plan!"

Hua Tuo said, " this poison was concocted by Lu Yue. Exalted immortal Shen has already sent it to the reincarnated earth Immortals under the clan of enlightenment. Moreover, we have all taken the antidote in advance. As long as you get close to us, you will be poisoned without knowing it!

"As expected!"

"Only Shen Gongbao, that b * tch, could think of such a dirty trick!" No. 9 Luban said with disdain.

"Hmph! The winner was King and the loser was vilified! You're already a dead man, so what right do you have to insult shangxian Shen?"

Hua Tuo said solemnly, " after you are poisoned, I will contact shangxian Shen. At that time, you will be trampled on and humiliated by shangxian Shen like mud. I don't believe that you will dare to scold him!

"Ha." No. 9 Luban laughed, "do you really think that Shen Gongbao has made a divine plan?" And I'm really the silly rabbit you've been waiting for?"

"Isn't that so?"

Hua Tuo said very seriously, "exalted immortal Shen is so powerful!" You're just a silly rabbit in front of him! Oh no! You're just an ant! A piece of trash! You're not even qualified to be mentioned in the same breath as exalted immortal Shen!"

"Have you been brainwashed by Shen Gongbao? Why are you talking nonsense?"

No. 9 Luban smiled and walked toward Hua Tuo, " "Why don't you use your brain and think about it! When did Shen Gongbao ever beat me? If I'm an ant, then what is he?"

how ... How is this possible?!

Seeing the scene in front of him, Hua Tuo's face was instantly filled with shock. "Why haven't you been poisoned? What ... What was going on? How can Mr. Lu Yue's poison be ineffective?"

"Hehe, do you really think that Shen Gongbao can take me down with some petty tricks?"

No. 9 Luban walked up to Hua Tuo and said with a smile, " "Shen Gongbao knows nothing about my new trump card!"

this ... Uh ... Hua Tuo's face was filled with shock. Before he could say anything, No. 9 Luban had already knocked him out.

After that, No. 9 Luban carried Hua Tuo out.

"Hua Tuo is in our hands!"

alright! Chen Xiaobei grinned. next, we'll go to the beiming family's treasure vault! After that, I will treat Xuan Xin!"

[Red Envelope Group of the Three Realms](#)

Chapter 2488: Business Empire

"Xiaobei! You're simply divine!"

Zhao Yun praised, " Shen Gongbao, that b * tch, had prepared the poison. He thought that his plan was flawless. However, you used No. 9 Luban, which can't be poisoned at all, to take down Hua Tuo so easily. You've really slapped Shen Gongbao's face!

"I'm just being a bit more cautious." Chen Xiaobei smiled. the point is, Hua Tuo is an honest man. His acting skills are terrible. I saw through his flaws from the start!

"Yeah ..."

Hua Tuo was a loyal and kind miracle doctor. Unfortunately, he was snatched away by the clan of enlightenment. He had no choice but to become a chess piece in their evil scheme! Zhao Yun sighed.

"It doesn't matter!"

alright! Chen Xiaobei said, " I'll lock Hua Tuo up in the spirit space later. Once I'm done with the master of his contract, I'll return his freedom to him!

"Mm! I'm also looking forward to that day!"

" I don't know where many of my old friends are now, " Zhao Yun said in a serious tone. many of them might have fallen into the hands of chanism. I hope that Xiaobei can save them!

"Your friend? Are you referring to the heroes of your generation?" Chen Xiaobei asked.

"Not just people from the same era as me!"

Zhao Yun said,"Liu Bei, Guan Yu, Zhang Fei, Zhuge Liang from Wolong, and Pang Tong are all old friends from my generation!" But there are many new friends I made in the land. They are all loyal and kind heroes. I don't want to see them become the dogs of the clan of enlightenment!"

"Understood!"

yes! Chen Xiaobei nodded and said, " as long as it's someone who is loyal and kind like you said, I will do my best to protect them! Punishing evil and promoting good, this is the righteousness of the heavenly Dao!"

"That's great!" " that's great! sister Yun was overjoyed. with your words, I can finally rest assured!

Chen Xiaobei nodded and said, " The beiming family's Treasury is right in front. Let's go and get a big harvest first. We can talk about the other things later!"

Darknorth Palace was now an empty city without any obstacles. While they were chatting, Chen Xiaobei and Zhao Yun had already found the location of the Treasury.

"Xiao 'er, open the door!" Chen Xiaobei grinned. Old rules, the gate is yours!"

"Chi ..."

As soon as he said that, the waiter immediately flew to the door of the treasure vault.

Unsurprisingly, the thick and solid door of the treasure vault was easily bitten open by the waiter.

Chen Xiaobei and Zhao Yun walked in.

Similar to the CAO family's treasure vault, the resources here were large in quantity. Moreover, they were all at least one-star earth-god level, so they were very valuable.

Of course, none of these things caught Chen Xiaobei's attention.

This time, however, Chen Xiaobei did not refine them. Instead, he kept them all in his infinite space ring.

After all, Chen Xiaobei was about to build his own Royal City and Army!

If he wanted to gather the People's hearts and maintain the operations of the main city and the Army, Chen Xiaobei had to rely on these resources!

Don't forget, the Putuo domain branch in Tianji city would give disciples benefits every month from the beginning! Moreover, the number of them distributed was quite large!

The reason was simple. If there were not enough benefits, why would others risk their lives for Chen Xiaobei?

Because of this, the foundation had always been an important standard to measure the strength of a force!

Only with a strong foundation could they maintain the operations of the capital, recruit soldiers, and firmly gather the People's hearts!

After his conversation with Zhao Yun, Chen Xiaobei had set the Imperial City and the entire Nanzhan state as his goal.

If he wanted to achieve this goal, he had to start accumulating resources from this moment on and make his Foundation as strong as possible! Until it was strong enough to dominate Jambu! He could even dominate the earth-god Realm!

Alright, there are only five treasure chests left in the Treasury!

Chen Xiaobei and Zhao Yun walked to the deepest part of the vault.

When he opened the first chest, there was a storage bracelet.

Chen Xiaobei picked it up and looked at it. Then, he said excitedly, "The Beiming family is also very rich! There were 100 million upper spiritual stones in the storage bracelet! With my previous reserves, I now have more than 751 million upper spiritual stones!"

There's actually so many!?

"Seven hundred and fifty million upper spiritual stones!" Zhao Yun was shocked. This was almost two years' worth of military expenses for an army of one million! Even Green Sky Capital City could not take out so many spirit stones in one go! Xiaobei! You're as rich as a country!"

"It's just average. This 750 million is only a portion of my assets."

Chen Xiaobei shrugged and said, "Bei Xuan faction has a live streaming platform, a game company, a cosmetic company, and a branch in Green Lotus that specializes in alchemy. They must have accumulated a lot of wealth after such a long time!"

"Heavens! Xiaobei! You actually have so many money trees!"

Zhao Yun sucked in a breath of cold air and praised, "You're really far-sighted! As the saying goes, before the soldiers and horses move, the provisions and fodder go first! Although you haven't officially taken action yet, you already have so much wealth, so what's there to worry about?"

Without a doubt, Zhao Yun's praise was completely correct!

In this world, the strong were respected, and strength was Supreme! The vast majority of people were cultivating at all costs, trying to become stronger at all costs!

But in the process of making himself stronger, Chen Xiaobei saw something deeper and further. He had already built his own business system!

This business system had grown with Chen Xiaobei and was now very mature!

The four money trees that Chen Xiaobei had just counted could definitely earn more than 200 million upper spiritual stones each year! In three years, it would be more than Chen Xiaobei's total wealth!

For a force that was constantly growing, Chen Xiaobei's wealth was like a pool of stagnant water. It would be gone the moment it was used!

However, the business system was like a steady stream of water that could bring Chen Xiaobei endless wealth! Moreover, the longer the year, the more he could earn!

This was the real reason why Chen Xiaobei did not forget to build up his business system while he was improving his strength!

With this huge business system, Chen Xiaobei could achieve his goal faster and better!

Unifying the Nanzhan state was not just a matter of empty talk! It was the reality that he could wait for!

That was why Zhao Yun had praised Chen Xiaobei for his foresight!

"It's just average."

However, Chen Xiaobei only smiled at Zhao Yun's praise. "Next, I'm going to sell peaches, delicious food, and spiritual treasures. I'm going to open an auction and establish the beixuan Chamber of Commerce! My current wealth is just a drop in the ocean compared to the business empire!"

business ... Business empire!?

Zhao Yun swallowed her saliva and said, "I never expected this!" Xiaobei, your plans and schemes are even more far-reaching than I thought!"

"It's just so-so," Chen Xiaobei shrugged. brother, stop complimenting me. Let's take a look at the second treasure chest!

[Red Envelope Group of the Three Realms](#)

Chapter 2489: Great Opportunity

The second treasure chest was opened, and there was a set of silver armor inside.

The silver scales were like a dragon, and the edges were like a Qilin. It was exquisite but not lacking in Majesty. It was obviously a battle armor tailored for a Tiger General on the battlefield!

"Good stuff! With such a strong spiritual nature, it's probably no less than a five-star earth-god!" Zhao Yun's eyes lit up as she praised him.

"Brother, do you like it?"

alright! Chen Xiaobei said without hesitation, " this set of armor is yours!

"Ah?"

Zhao Yun was taken aback. She shook her head and refused. "No! This gift is too valuable, I can't accept it!"

"Brother! By saying that, you're not treating me as a brother!"

"I've always treated my brothers with the utmost care and shared all the good fortune!" It's just a five-star earth-god level armor, how can it be compared to our Brotherhood?"

"Xiaobei, you've misunderstood! Of course, I'll treat you as my good brother!"

Zhao Yun frowned. however, my cultivation level is still too low. I can't be of much help to you. It's such a waste to give me such a treasure!

"Brother, you're too humble!"

"Zhao Zilong of Changshan is an invincible Tiger General!" Chen Xiaobei said. It's just a five-star earth-god level armor. I feel that you've been wronged!"

this ... Zhao Yun was stunned. She did not expect Chen Xiaobei to be so generous!

A five-star earth-god level armor was a precious treasure in any force!

But to Chen Xiaobei, the armor was like a small toy. He just gave it away without even blinking.

"Brother! You should just accept it!"

yes! Chen Xiaobei said, " I'm going to build my own Royal City soon. You will be the first general under my command! If you don't have any decent equipment, how are you going to command the three armies?"

"Hmm, what you said makes sense!" Zhao Yun nodded and said,"I'll be taking this treasured armor!" In the future, I will definitely do my best to train your soldiers! War in all directions!"

"That's the way!" that's all from now on! Chen Xiaobei grinned. don't stand on ceremony with me!

Chen Xiaobei then opened the third chest.

Among them was a set of black armor!

The beast on the shoulder roared, and the Beast face on the chest was ferocious. It was the most suitable for a fierce general who was decisive in killing!

It seemed to be made of dark gold steel, and its spirituality was no less than the previous silver armor. It had also reached the level of a five-star earth-god!

"This is also a rare treasured armor!"

"Xiaobei!" Zhao Yun immediately said. You can wear this set of armor, you'll definitely look very handsome on it!"

"No!" no! Chen Xiaobei shook his head. there's someone who's more suited to this armor than I am!

"Who is it?" Zhao Yun was puzzled.

"Lu Bu!"

Lu Bu came to earth-god Realm a long time ago. He's my best ally. I'll give him this armor later! Chen Xiaobei grinned.

"This is also good!" Zhao Yun nodded, "in terms of bravery, Lu Bu definitely won't lose to me!" With him joining us, we'll be like a tiger that has grown wings!"

"Of course!"

"Zhao Zilong from Chang mountain!" Chen Xiaobei grinned. Flying general Lu Fengxian! During the Three Kingdoms period, if the two of you could work together, you would definitely be able to defeat all strong enemies!"

"Xiaobei, you're being too serious!" "At that time, many people's martial strength was not inferior to mine!" Zhao Yun replied humbly.

"You're too humble!"

"Back then, Liu, Guan, and Zhang could not take down Lu Bu alone! Later, when Liu Bei asked Gongsun Yan for you, he said that the world only knew that Lu Bu was fierce, but they did not know that Zhao Zilong's courage was no less than Lu Bu's!"

"You even know this?" Sister Yun was taken aback as she asked in surprise.

"I'm an Earthling! I've watched 'Romance of the Three Kingdoms' dozens of times, so it would be a wonder if I don't know about it!"

of course! Chen Xiaobei laughed. Liu Bei knows how strong you and Lu Bu are. His words are the most convincing! Old brother Zilong and Lu Bu should have been the two most powerful generals at that time!"

"A real man doesn't boast about his past achievements!" Zhao Yun shook her head. moreover, times have changed. The combat power from back then is insignificant to the present!

"Elder brother, you're too modest!" alright! Chen Xiaobei smiled and said, " let's move on to the fourth chest!

Chen Xiaobei then opened the fourth chest.

There was a black beast bone in the box, which looked like a part of a beast's claw.

"What is this?" Zhao Yun squinted her eyes and carefully observed for a long time. However, she was unable to obtain an answer.

"Heavens!"

this ... This is a great opportunity for me! Chen Xiaobei exclaimed.

"Xiao bei? Why are you so excited?"

" Oh? " sister Yun was taken aback as she asked doubtfully, " this black beast bone looks ordinary. Its spiritual nature isn't strong either. It's far inferior to the two sets of armor from before!

"Right! This beast bone is indeed very ordinary, and its spirituality is only around that of a one-star earth-god!"

but ... Chen Xiaobei said, " there is a very special aura in this beast bone!

"What aura?" Zhao Yun's eyes narrowed as she hurriedly asked.

"It's the aura of the darkness Demon Dragon!"

it's the demonic Dragon's edge! Chen Xiaobei said, " my demonic Dragon's edge was made from the spiritual bone of the demonic Dragon! I'm very familiar with this aura!

"Dragon's edge?" "Oh, I remember now!" Sister Yun was taken aback and said in surprise. Even the heavenly Lord Yuanshi wanted this black blade very much! This is an extremely important treasure!"

"Of course!"

the spiritual bone of the demonic Black Dragon is a unique divine item. The demonic Dragon's edge was also personally forged by my Sifu. As this saber is upgraded, it will be able to activate a powerful special ability. It will be invincible among its peers!

"Invincible among those of the same level?" Sister Yun could not help but swallow her saliva. "If the Dragon's edge grows to the God-level, Won't You Be able to kill a God?"

"That's right!"

of course! Chen Xiaobei nodded. I may have a lot of cards up my sleeve, but the chaos Blood Sword and Dragon's edge have the most room for growth. They'll be the most successful in the future! Therefore, upgrading these two magical treasures is as important as improving my own cultivation!"

"If that's the case, why don't you upgrade the Dragon's edge and chaos Blood Sword?" Zhao Yun asked, puzzled.

"These two treasures are extraordinary!" I don't think so! Chen Xiaobei said, " the mortal world can't upgrade them unless they encounter a special opportunity!

"I understand!"

Zhao Yun's expression froze for a moment before her pupils involuntarily contracted. you mean, the Black Beast bone in this treasure chest is the opportunity to upgrade the Dragon's edge? "

"Well said!"

" if I can find the source of this beast bone, I'll be able to find something related to the darkness Demon Dragon. Maybe I can upgrade the Dragon's edge!

"This is great!" Zhao Yun was extremely excited.

it's good, but I can only think about it now. There's no way to realize it! let's go check out the last treasure chest! Chen Xiaobei said.

[Red Envelope Group of the Three Realms](#)

Chapter 2490: Perfect Method

The last treasure chest was opened, and there was a white flute inside!

Upon a closer look, it was actually made of white bones, and its surface could be drawn with dense and strange characters.

"What is this thing?"

what? " Zhao Yun's face was filled with doubt, " the beast bone just now still had some spirituality, but this bone flute doesn't even have any spirituality. Why would the beiming family keep it like a treasure?"

"I've seen the words on this bone flute!" this is the runes of the evil bone demons! Chen Xiaobei said.

As he spoke, Chen Xiaobei took out a large skull from his infinite space ring!

Its outline was like a human head, but its fangs were sharp and long! It had bull-like horns on its head! Its lower jaw was covered with sharp and exaggerated blood-colored bone spikes!

The main point was that the skeleton was exuding a fierce and threatening pressure from the inside out. It was as if it was a demonic creature with an awe-inspiring evil aura!

"This is the skull of a rotten bone Berserker!"

Chen Xiaobei used his mind to communicate with the skeleton's spirit.

"Chi ..."

With a wave of spiritual fluctuation, the huge skull actually glowed with a blood-colored spiritual light.

In the spiritual light, rows of demon race words appeared.

"These characters are indeed the same as the characters on the bone flute! It's clear that they all come from the same source!"

Zhao Yun took a closer look and said in surprise, " furthermore, I can sense an ancient and vicissitude aura of viciousness. There must be a huge secret behind these two items!

"You're right!" Chen Xiaobei nodded. These two items are related to the 9999 evil bone ghosts. If I can subdue them, I can fight against an eight-star earth-god!"

"This is great!"

" that's right! Zhao Yun immediately grew excited. if you can subdue these evil ghosts, then those two old bastards from the CAO family and beiming family will only be crushed by you!

Chen Xiaobei shook his head and said, " "That being said, it's a pity that I don't know the meaning of these words, nor can I unravel the secret behind them!

this ... Zhao Yun was stunned. She was also extremely disappointed.

"Of course, if we can find Luo Yi, these secrets can be completely unraveled!" Chen Xiaobei said.

"Yeah! In the winter solstice festival, the first Earth level deity you changed to was Luo hou!" "Rahu is The Fiend ancestor!" Zhao Yun said in a deep voice. There's nothing he doesn't know about the demon race!"

that's right! Chen Xiaobei nodded. so, we'll have to keep the bone flute for now. We'll only be able to solve the mystery when we find Rahu!

Zhao Yun nodded her head and did not say anything else.

At this point, the beiming family's Treasury had been completely emptied.

Xiao Bo also handed over the 3000 storage bracelets to Chen Xiaobei.

From these storage bracelets, he had obtained a total of three million upper spiritual stones. Naturally, Chen Xiaobei kept all of them in his vault.

Chen Xiaobei's wealth had reached more than 754 million upper spiritual stones.

As for the resources in these storage bracelets, they were far inferior to the ones in the Treasury. Chen Xiaobei had no use for them, so he threw them into the heaven and earth furnace and refined them all!

Previously, the resources in the CAO family's Treasury had all been refined. The heaven and earth smelt had accumulated a huge amount of heaven and earth spiritual aura!

Of course, Chen Xiaobei did not have the time to make use of the heaven Earth spiritual aura!

There was a very important task for Chen Xiaobei to complete!

.....

Chen Xiaobei took out the returning bracelet, opened a portal and brought Zhao Yun back to bei Xuan faction!

He hadn't been back for a while, and Bei Xuan faction's incense offerings had increased by a lot! With the addition of more than 3000 disciples, it at least had the momentum of a big sect!

As for Chen Xiaobei's family, friends, and disciples, their cultivation had increased by leaps and bounds.

For one, the spiritual Qi and spiritual stones were almost inexhaustible.

Secondly, the green Lotus Daoist sect was in charge of alchemy. The heavenly essence sublimation pill and the heavenly essence realm-breaking pill were in an almost unlimited supply.

With that, all the important members of bei Xuan faction began to cultivate as if they were cheating. They broke through to ethereal cultivation and entered the God-Ascension cultivation stage, which was also known as the demigods!

Chen Xiaobei was very satisfied with this.

Of course, Chen Xiaobei did not come back to inspect the sect. He was here to change Liu xuanxin's heart and cure her!

"Xiaobei, I'm going to remind you again!"

"Hua Tuo has signed a soul contract!" Zhao Yun said with a serious expression. That was the contract set by the Dao ancestor! Whether it's dog food or other mind-controlling poisons, they're all ineffective against Hua Tuo!"

I know that. You've already reminded me several times! Chen Xiaobei shrugged, looking very confident.

"Then what method do you have to get Hua Tuo to help you?" Zhao Yun said worriedly, "you should know! If Hua Tuo makes a move, the patient will definitely die!"

"Brother, don't worry!" Chen Xiaobei pointed to the front and said, "Look! Here's my way!"

"Xiaobei! I've been waiting for you for a long time! Why did you only come back now?" At this moment, a person walked over from the opposite direction. He was smiling and gave off the feeling that he was very clever, even a little naughty.

"Him? Who is he?" Zhao Yun's face was filled with confusion. She could not figure out who this person was. What could he do to make Hua Tuo listen to Chen Xiaobei?

"I'll do the introductions!"

he's the famous six-eared macaque! Chen Xiaobei grinned.

six ... Six-eared macaque?!

Sister Yun was stunned for a moment before she suddenly came to a realization. "I understand! I understand everything now! Xiaobei! This idea of yours is simply too good!"

"Now, you're not worried, right?" Chen Xiaobei asked.

"Don't worry! I'm not worried at all!"

that's right! Zhao Yun said excitedly. back then, when six-eared macaque transformed into the great sage, he could use the fiery golden eyes, the seventy-two transformations, and the somersault cloud! He could use them all at will! Now that I've become Hua Tuo, I can naturally use Hua Tuo's medical skills!"

"That's right! With six ears, it's the same as having Hua Tuo!" Chen Xiaobei then brought Hua Tuo out of the Meru space.

At this moment, Hua Tuo was still unconscious and did not resist.

"Xiaobei, you have to be prepared!"

you want me to become Hua Tuo? " six-eared macaque raised an eyebrow. you'll have to pay a huge amount of spiritual stones!

"I've already prepared for it!" yes! Chen Xiaobei said, " I will do anything to save xuanxin!

"Alright!"

Six-eared macaque nodded and said, "give me a million upper spiritual stones!" You can leave the rest to me!"

"Only a million?" "Isn't that a little too cheap?" Chen Xiaobei said.

Chen Xiaobei took out the one million spiritual stones without hesitation.

To Chen Xiaobei, this amount of spiritual stones was like a drop in the ocean.

"Whoosh ..."

Six-eared macaque crushed all the spiritual stones and absorbed all the spiritual Qi into its body!

The next moment, he transformed into Hua Tuo!
