Chapter 2581: Truly Ironic

Princess Jiuling was indeed the number one array genius of the Dragon God Palace!

Even mo Xiaoyao couldn't do anything about the ancient demon array in front of them. It could be seen that no one in the entire nine nether platform could break this array!

However, to Princess Jiu Ling, this array was just a piece of cake!

Perhaps there were people under the heavenly Yin Hall who could be compared to Princess Jiu Ling in terms of formation skills. But even so, Princess Jiu Ling was already one of the top formation Masters in the entire Northern kuruzhou!

At her age, it was absolutely possible for her to become the number one formation master in the entire monster race!

"Chi ... Chi ..."

Princess Jiuling released her vital essence and made contact with the formation that sealed the canyon!

If an ordinary person did this, he would immediately be counterattacked by the array. Anyone below the eight-star earth-god level would almost certainly die!

However, Princess Jiuling was well-versed in the ways of magical formations. The places where her true energy was released were all the keyholes to unlock the magical formations!

Not only did Princess Jiu Ling not receive any counterattacks from the Zhen Yuan, but every time she released a stream of Zhen Yuan, the spirituality of the array would be weakened by a little!

After 49 streams of vital essence were released, the formation that sealed the Rift Valley on the ground completely dissipated and lost its protective effect!

"Done!" Princess Jiuling clapped her hands and looked relaxed.

"Amazing!"

Chen Xiaobei could not help but give him a thumbs up.

Even Tian Peng and Mo Xiaoyao were surprised and couldn't help but praise Princess Jiuling's formation skills.

Of course, in the end, Chen Xiaobei was still the stronger one!

Because neither Tian Peng nor mo Xiaoyao would be able to get Princess Nine spirits to help them break the formation. It was only because Chen Xiaobei had come personally that they were able to deal with this woman!

Otherwise, it was impossible to crack the ancient Fey array in front of him. His entire plan would be thwarted!

Thinking of this, Mo Xiaoyao and Tian Peng were even more convinced of Chen Xiaobei's abilities!

"Alright! Now that the formation has been broken, what happens next is my private matter!"

Chen Xiaobei was only halfway through his sentence.

"In that case, we won't disturb Child Chen any further! If Gongzi needs anything in the future, you can call us directly. We will definitely do our best to help!"

Princess Jiuling and Mo Xiaoyao were smart people. They knew what Chen Xiaobei meant, so they took their leave.

Most importantly, both Princess Jiuling and Mo Xiaoyao had clearly expressed their respective attitudes. As long as Chen Xiaobei needed anything, they would be willing to help him!

To Chen Xiaobei, these were two great powers that he could not ignore! It would definitely be of great use in the future!

"Second senior!"

"There are no outsiders here!" Chen Xiaobei said. Let's go down together and capture Mo Lishou alive!"

"Alright!"

Tian Peng nodded and said seriously, "Mo Lishou is nothing to be worried about, but you must be careful of the purple-gold flower Fox ferret!"

"Why is that?"

Chen Xiaobei was surprised. Although the purple-gold flower Fox ferret is a powerful immortal beast, it will only be a one-star earth-god after reincarnation. It shouldn't be a threat to us, right? "

Of course it can't threaten us with its one-star earth-god level combat strength!

"But its sky immortal primordial spirit attack can crush us!" Tian Peng's eyes narrowed.

A primordial spirit attack!? Chen Xiaobei tensed up and said, "What's the effect of its primordial spirit attack?"

"Devour!"

"Once you're hit by the purple-gold flower Fox ferret's primordial spirit attack, anyone below the heaven immortal realm will be swallowed by it and become its meal!" Tian Peng said seriously.

This ... Chen Xiaobei was stunned. "If that's the case, it's impossible to defeat the purple-gold flower Fox ferret without a celestial artifact! If that's the case, all of our previous efforts will have been in vain!"

"No, no, no!"

Tian Peng quickly said, "Its primordial spirit attack is powerful but it has to hit us to be able to use its special ability!" As long as we Dodge carefully and don't get hit, we'll be fine!"

"So that's how it is! Then there was nothing to be afraid of! Let's set off now!" Chen Xiaobei shrugged and jumped into the rift!

Tian Peng calmed himself down and followed closely.

.....

The Rift Valley was thousands of meters deep, as if it was deep in the Earth's core.

It was impossible for ordinary people to reach this place, let alone imagine that there was an ancient heavenly paradise here!

There were two high platforms in the middle!

On the left side of the platform sat a young man, and on the right side of the platform was a furry, snow-white squirrel!

That's right! They were the reincarnated virūpāk a demon of the West, mo Lishou, and the purple-gold flower Fox ferret!

who's there!?

There was a sudden movement in the hollow. Mo Lishou and the purple-gold flower Fox ferret opened their eyes and immediately locked their gazes on the intruder!

"Xiao bei? Are they the ones?" Tian Peng asked.

"It's them! The "three realms illustrations" is already showing a reaction!" Chen Xiaobei's eyes focused as the corresponding information popped up in his mind.

[ding! Discovered reincarnated ancient immortal, mo Lishou!]

[ding-ding Demon Slayer's birthday compendium activated!] [do you wish to check the information related to mo Lishou?]

[ding-Immortal beast reincarnated: purplish-gold flower Fox ferret!]

Ding! The purple-gold flower Fox ferret illustrated Handbook has been activated! [do you want to check the information about the purplish-gold flower Fox ferret?]

"Check immediately!"

Chen Xiaobei began to understand more.

[dingliang yanmo Lishou: an outer sect disciple of the tribe of severity. He joined forces with three other brothers to defend jiameng pass for the Shang Dynasty and resist the Zhou Dynasty's Army. The disciples of the clan of enlightenment assisted the Zhou Army, but they still couldn't take down the Shang Dynasty!] It could be seen that the four generals of the mo family were not ordinary!

[cause of death: Yang Jian transformed into the purplish-gold flower Fox ferret and launched a sneak attack on mo Lishou. Mo Lishou was caught off guard and was killed!]

[purple-gold flower Fox ferret: a high-grade immortal beast tamed by mo Lishou. Its might is comparable to that of-demigod. It can devour heaven Immortals below the divine level. It once devoured Yang Jian in one gulp. Its strength is extraordinary!]

[cause of ding Qianqian's death: Yang Jian cultivated a top-tier Mystic technique and his physical body became a Saint. After he was devoured, the purple-gold flower Fox ferret was torn into two pieces from his stomach!]

"I can't believe that mo Lishou and the purplish-gold flower Fox ferret both died at the hands of Yang Jian!"

" but, after they reincarnate, they can't take revenge. Instead, they have to work for chanzism, where their enemies are ... This is so ironic ...

"You little brat!"

Mo Lishou roared impatiently, "who the hell are you?" What are you mumbling about? Do you believe I'll kill you?"

"Wuuu! Oh ..."

However, at this moment, the purple-gold flower Fox ferret suddenly stood up. Its white fur stood on end and it emitted a strong spiritual light. It said with hostility, "That kid is Chen Xiaobei! He's the person that exalted immortal Shen wants to get rid of even in his dreams!"

"What? He ... He's Chen Xiaobei?" Mo Lishou jumped up in shock and stared at Chen Xiaobei warily.

Chen Xiaobei raised his eyebrows and said, "Since you know it's me, why don't you two give up resisting?"

[Red Envelope Group of the Three Realms](#)

Chapter 2582: Both Swallowed

"Give up resisting? Hmph! Stop dreaming!"

Mo Lishou's eyes narrowed as he spoke with absolute confidence, "My purple-gold flower Fox ferret has the primordial spirit attack of a high-tier heaven immortal! You should be the one to give up!"

Hearing this, Tian Peng laughed in disdain, "Heh, although the purple-gold flower Fox ferret's primordial spirit attack is powerful, it will only be effective if it hits us! However, we are much faster than the purple-gold flower Fox ferret. It can't hit us!"

"Is that so?"

With a thought, mo Lishou directly took out a dharmic talisman that was glistening with spiritual light and chanted silently, "Urgent as the law command ..."

"What's that?" Chen Xiaobei was taken aback.

"Not good!"

Tian Peng was shocked, "that's the flying Star quick flash talisman!" If used on the purple-gold flower Fox ferret, it would have the speed of a seven-star earth-god! At that time, we won't be able to keep up with its speed and will lose without a doubt!"

"Whoosh ..."

At the same time, the flying Star quick flash talisman was already burning in mo Lishou's hand.

"Xiaobei! You captured mo Lishou! I'll go and catch the purple-gold flower Fox ferret!" Tian Peng's eyes narrowed and he charged out without hesitation.

After all, Tian Peng was at the peak of the original level while Chen Xiaobei was only at the middle stage of the divine sea level.

Although Tian Peng was lazy and lecherous, he would still attack the more dangerous purple-gold flower Fox ferret at the most crucial moment.

This was also a form of protection for Chen Xiaobei.

"Swish!"

Tian Peng's speed was extremely fast. In the blink of an eye, he was in front of the purplish-gold flower Fox ferret. He raised his hand and slapped it.

The purple-gold flower Fox ferret had just reincarnated and was only in the immortal soul Stage. Its speed was definitely slower than Tian Peng's and it could not Dodge in time!

"I've succeeded!"

Tian Peng's palm was like a mountain as he suppressed the purplish-gold flower Fox ferret. He smiled proudly and said, " "Fortunately, I reacted quickly. I didn't have the time to use mo Lishou's Flying Star quick flash talisman on the purplish-gold flower Fox ferret!"

Seeing this, Chen Xiaobei grinned and gave her a thumbs up. "Second senior! Well done!"

However, at this moment, mo Lishou also laughed,"Heh, they say that Chen Xiaobei is very smart and cunning! Now it seems that it's nothing more than this!"

"What?"

Tian Peng's expression changed and he shouted, I've already captured your Ace, the purplish-gold flower Fox ferret. Who gave you the guts to mock Xiaobei? "

hehe, take a good look again. What exactly have you caught? " Mo Lishou smiled indifferently.

"Phew ..."

At the same time, the purplish-gold flower Fox ferret in Tian Peng's hand dispersed and turned into a Golden Monkey fur.

prosperous monkey fur!? Tian Peng was shocked and his pupils contracted, " "Xiaobei! Quickly retreat!"

"Retreat? Stop dreaming!"

At the same time, mo Lishou flicked his finger, and the light of the flying Star quick flash talisman suddenly shot into the dark stone crack on the side of the cave abode!

"Oh! Roar ..."

In the next moment, a snow-white squirrel suddenly jumped out of the darkness!

With a beast's roar, the little squirrel's body actually expanded rapidly, directly turning into a giant ferret!

At the same time, a pair of purple-gold Wings appeared on both sides of the giant ferret's body!

In an instant, a spiritual light burst out, and the immortal beast's tyrannical pressure and wild aura suddenly burst out, enveloping the entire space!

"Clang ..."

Like the sound of a sword, the special spiritual light of the flying Star quick flash talisman instantly integrated into the body of the huge ferret with purple-gold Wings!

"Xiaobei! Quickly run!"

"The purple-gold flower Fox ferret has the speed of a seven-star earth-god!" Tian Peng exclaimed. Hurry up and run! I'll block one of its attacks to buy you some time!"

"Hiss ..."

Before it could finish its sentence, the purple-gold flower Fox ferret let out a shrill cry and opened its mouth wide. It was like a black hole that was about to devour everything!

As the purple-gold flower Fox ferret let out a shrill shriek, it unleashed a primordial spirit attack that was unique to it and enveloped Tian Peng with an overwhelming speed!

second senior brother!!!

Chen Xiaobei's pupils constricted and his mind was in a mess. He could not even calm down!

All of this happened too suddenly!

Just a second ago, Chen Xiaobei and Tian Peng thought that they had already defeated the purplish-Golden Flower Fox ferret and that they had won the battle!

However, a second later, the situation had completely reversed! The canopy had only restrained a single prosperous monkey fur!

In just a second, it was heaven and hell!

Chen Xiaobei and Tian Peng were caught off guard by the sudden change in situation!

Coupled with the effects of the flying Star quick flash talisman, the purplish-gold flower Fox ferret's speed was even faster than the canopy great herb!

The enemy's speed increased rapidly!

With one side losing and the other gaining, the outcome of the battle was naturally without suspense!

"Xiaobei! Quickly run! Don't worry about me! Otherwise, you won't be able to escape ..."

Tian Peng shouted, but before he could finish, his body was pulled up by the purple-gold flower Fox ferret's primordial spirit.

It was as if the verdant Emperor's divine gourd was sucking people into its gourd. Tian Peng could not resist and was sucked into the purple-gold flower Fox ferret's mouth!

second senior brother!!!

Chen Xiaobei's face was twisted, his body tensed up, and his mind was on the verge of collapse.

After all, Chen Xiaobei was extremely concerned about family and friendship!

Seeing Tian Peng being swallowed by the purplish-gold flower Fox ferret, Chen Xiaobei's heart ached.

If possible, Chen Xiaobei was even willing to take the canopy for the purplish-Golden Flower Fox ferret!

"Hahaha ..."

"Chen Xiaobei!" Mo Lishou laughed out loud. No matter how smart you are, you've still fallen into my hands in the end! As long as I kill you! I'm the biggest hero of the clan of enlightenment! Even the heavenly Lord Yuanshi will reward me handsomely!"

"Let go of my second senior! I'll let you kill me!" Chen Xiaobei wanted to cut open the purplish-gold flower Fox ferret's stomach and save Tian Peng.

However, the purplish-gold flower Fox ferret could burst out with the speed of a seven-star earth-god for a short period of time. Even if Chen Xiaobei used the pinnacle infinite sword formation, he would not be able to hurt the purplish-gold flower Fox ferret.

Because of this, Chen Xiaobei could not save anyone. He could only trade his life for Tianpeng's.

"Heh, you're really naive!"

Mo Lishou laughed in disdain and said, "it's impossible for you to escape from my grasp. What right do you have to bargain with me?" You and second senior brother will both die! Die! Hahaha ..."

"Hiss ..."

At the same time, the purple-gold flower Fox ferret let out a shrill cry and activated its primordial spirit attack!

Chen Xiaobei had nowhere to run!

The light enveloped Chen Xiaobei like a tornado and pulled him into the purple-gold flower Fox ferret's mouth!

"Hahaha! Chen Xiaobei had been swallowed! He's dead!"

Mo Lishou laughed out loud excitedly as if he had been injected with chicken blood. He was extremely excited.

Chapter 2583: Essence Soul Becoming A Saint

Inside the purple-gold flower Fox ferret's stomach.

The surroundings were in a state of chaos. The light from his special ability was like a cage, locking Tian Peng up. He couldn't even move a finger.

Moreover, Tian Peng's dantian seemed to be restricted and he couldn't use any true essence.

Since he couldn't use his physical strength and true essence, Tian Peng had lost the ability to resist and could only wait for death.

"Chi ..."

Suddenly, another beam of light appeared next to Tian Peng, trapping Chen Xiaobei.

Xiaobei!?

Tian Peng was shocked, "Xiaobei, why are you here?" Didn't I tell you to escape? Why didn't you run away?"

"Second senior! You're not dead! That's great! This is great!"

Chen Xiaobei, on the other hand, was excited. The despair and pain in his heart had disappeared, and he felt much calmer.

"I'm asking you a question!" Tian Peng frowned and shouted, "Why didn't you run? Why?"

"Do you still need to ask?" I, Chen Xiaobei, would never abandon my family and friends and run away on my own! Chen Xiaobei said. It's impossible in this lifetime!"

"You ... You're really too stupid!"

you ... Tian Peng was speechless and sighed, "you could have saved your life if you had escaped. But now, we are both going to die!"

"That's not for sure!"

yang Kuai! Chen Xiaobei raised his eyebrows and said, "that year, yang Kuai was swallowed by the purplish-gold flower Fox ferret. Not only did he not die, he even killed the ferret! Maybe we can do it too!"

"No... This is impossible ..."

Tian Peng shook his head helplessly, "Yang Jian cultivated a Saint level technique and his body reached the quasi-Saint level!" Hence, the purple-gold flower Fox ferret's primordial spirit attack could not restrict Yang Jian's body! That's why he was killed by Yang Jian!"

"But right now, no matter if it's our cultivation or our physical bodies, we can't surpass the divine fairy level! After being trapped by the purple-gold flower Fox ferret's primordial spirit attack, we can't use our physical strength and true energy. We can't fight back and we're dead!"

Primordial spirit attacks had all kinds of special abilities. Of course, they were also divided into different grades.

The purple-gold flower Fox ferret's primordial spirit attack had reached the level of a high-tier heaven immortal. Even ordinary lower-level heaven Immortals would not be able to resist it.

Moreover, Tian Peng and Chen Xiaobei were only low-level earth-god level!

"Second senior! Don't worry!"

However, even in such a situation, Chen Xiaobei's expression was very relaxed, and his tone was very calm, "I'm not completely confined!"

how ... How is this possible? " Tian Peng's expression froze and he couldn't believe it.

"It's true!"

of course! Chen Xiaobei grinned. even though my physical body and dantian are sealed, I can still use my primordial spirit!

"Primordial spirit?"

Tian Peng was stunned and didn't understand, " that's impossible ... Even a low-level heaven immortal would be completely sealed. You're only in the divine sea realm. How can you be an exception? "

this might be related to my cultivation of the Scripture of heaven and earth! Chen Xiaobei said.

"Primordial chaos ..."

Tian Peng's expression froze and he suddenly realized, "Yeah! The cultivation technique you're practicing is the Scripture of origin of the prime of Tongtian! This was a peak stage Saint-tier cultivation technique! It's even far more powerful than the Xuan cultivation that Yang Jian had cultivated in the past!"

that's right! Chen Xiaobei nodded. from having no cultivation to the nine flames divine refining, and then to the nine flames merging into one to form the primordial spirit, all of these were the results of cultivating the Scripture of heaven and earth!

Hearing this, Tian Peng's eyes lit up, " this also means that although your cultivation and physical body are far below the heaven immortal level, your primordial spirit has already reached the Saint level!

Tian Peng was not stupid. Even though he had never seen a Saint-tier cultivation technique before, he immediately realized the key to it after hearing Chen Xiaobei's explanation!

Yang Jian's body was a Sage!

Chen Xiaobei, on the other hand, had a divine primordial spirit!

I'm not too sure about the specific situation, but it should be close to our speculation!

that's right! Chen Xiaobei said, " back then, the purple-gold flower Fox ferret's primordial spirit attack could not seal yang Kuai's body. Now, it can't seal my primordial spirit!

"Amazing! My Xiao bei!"

"As long as you can still use your primordial spirit, our lives will be saved!" Tian Peng was overjoyed.

"Save your life?" "You've underestimated me!" Chen Xiaobei laughed.

"What?" Tian Peng's expression changed and he asked, "What do you plan to do?"

"The purple-gold flower Fox ferret's primordial spirit attack is very powerful!" However, my primordial spirit attack is not to be trifled with!"

yes ... Tian Peng suddenly realized, "I've seen your primordial spirit attack with my own eyes. It's simply crazy, cool, and explosive ...

"Yinian! Heaven-severing!"

Chen Xiaobei chuckled and said, "

"Swish!"

A black and white spiritual light shot out from Chen Xiaobei's forehead and pierced into the purplish-gold flower Fox ferret's body!

.....

At the same time.

Mo Lishou was extremely pleased with himself, and he was so happy that he couldn't even close his mouth. "Hahaha ... I've taken care of Chen Xiaobei! I'm the biggest hero of the clan of enlightenment! The heavenly Lord Yuanshi would definitely reward him handsomely! Maybe it can even open the gate to the heaven realm for me, allowing me to become a God directly!"

"Hehe ... I played a part in this!"

The purple-gold flower Fox ferret shook its head and wagged its tail proudly, "if it wasn't for my sharp hearing, you wouldn't have had the chance to set up a trap and use the prosperous monkey fur and the flying Star quick flash talisman to kill Chen Xiaobei!

"That's right!"

Mo Lishou grinned and said, "we'll each take half of the credit this time!" When the primeval Lord of heaven rewards us, we'll split it 50 - 50!"

"Good, good, good! 50 - 50 ... Ugh! pfff ... the purple-gold flower Fox ferret was feeling smug when its body suddenly stiffened and it spat out a mouthful of blood.

"What's wrong with you!" Mo Lishou was shocked. why did you suddenly vomit blood?!

"My ... My primordial spirit has been heavily injured ..."

The purple-gold flower Fox ferret looked like it had seen a ghost and said weakly, "the true essence in my dantian seems to have been forcibly cut off by some strange force ... It's not under the control of my primordial spirit and can't be used at all ...

"Bang!"

The purple-gold flower Fox ferret fell to the ground and felt dizzy. Its ears were buzzing and it almost fainted!

"What ... What is going on?" Mo Lishou was dumbstruck and puzzled.

Of course, mo Lishou didn't have time to think too much. He quickly ran over and squatted at the side. He took out some elixirs and planned to feed them to the purplish-gold flower Fox ferret.

yes ... Yes ... the purple-gold flower Fox ferret was extremely weak, and it said with difficulty, " it's Chen Xiaobei!

"What?" Mo Lishou was greatly alarmed.

"Whoosh! Whoosh!"

At the same time, two figures emerged from the mouths of the purple-gold flower Fox ferret.

"We're ... We're finished ..."

Mo Lishou sucked in a breath of cold air. He was instantly filled with despair.

[Red Envelope Group of the Three Realms](#)

Chapter 2584: Double Inheritance

The two figures were Chen Xiaobei and Tian Peng.

Mo Lishou had been extremely confident earlier because he had set up a trap in advance, and victory was within his grasp!

But now, mo Lishou's plan had been broken by Chen Xiaobei, and the purple-gold flower Fox ferret was lying on the ground, heavily injured.

Mo Lishou was already at his wit's end. Naturally, his confidence turned into despair.

Chen Xiaobei ... You ... How did you do that? "

Mo Lishou's pupils contracted, and his body trembled. He said in disbelief, " even a low-tier heaven immortal would not be able to escape from the purple-gold flower Fox ferret's primordial spirit attack ... How did you manage to escape and even injure the purple-gold flower Fox ferret ... This ... This doesn't make sense ...

"Heh, that's my little secret!" Chen Xiaobei smiled mysteriously. He had no intention of explaining to mo Lishou.

Mo Lishou was extremely curious, but he couldn't get an answer. He felt terrible.

Tian Peng laughed evilly, " "Mo Lishou! Weren't you very arrogant just now? Didn't you want the heavenly Lord Yuanshi to reward you? What do you think he will reward you with? A slap? Or a scolding?"

"I ..."

Mo Lishou had nothing to say. He gritted his teeth and said, "I'm screwed this time! If you want to kill me or cut me up, do as you please! Why waste time?"

"Don't worry! I will not kill you!"

"You're a disciple of the tribe of Jie after all!" Chen Xiaobei said. I will keep your life! In the future, I'll help you get rid of the master of your contract and let you regain your freedom!"

"Bang!"

Before mo Lishou could even react, Chen Xiaobei had already knocked him out.

Chen Xiaobei released a burst of ethereal force and took mo Lishou's storage bracelet.

After that, Chen Xiaobei locked mo Lishou and the purplish-gold flower Fox ferret into the spirit-condensing space.

"Done! Let me take a look at what other good things are in mo Lishou's storage bracelet!"

Chen Xiaobei immediately began to investigate.

There were only 100000 upper spiritual stones, a few earth-god level healing pills, and ten prosperous monkey furs.

There was nothing else besides that.

"Shen Gongbao is so stingy ... He only gave mo Lishou so little resources for self-defense! I don't even have one more Flying Star quick flash talisman ..."

Chen Xiaobei pouted and transferred everything from the storage bracelet into his infinite space ring.

"This is normal!"

Tian Peng said, " there are too many reincarnated earth Immortals under the clan of enlightenment. Shen Gongbao is most likely supported by the clan of enlightenment. Otherwise, he wouldn't be able to take out so few resources!

"I'm a little curious ..."

Oh? " Chen Xiaobei frowned and asked, " how many prosperous monkey fur does brother monkey have? " Even if I pluck all of your hair, it won't be enough ..."

"Idiot!" Tian Peng laughed. eldest senior brother is our ally. How can he give so much monkey fur to chanism? "

Chen Xiaobei was surprised. "Then where did this monkey fur come from?"

"Of course it's from the merit record!"

Tian Peng said,"in theory, as long as there are enough resources, you can exchange for anything you want from the merit record!" Not to mention the prosperous monkey fur, I can even exchange it for monkey brother's Jingu bang!"

Chen Xiaobei frowned and asked, "The Jingu staff is unique. If I exchange it with you, won't you have no weapon?"

"Of course not!" Tian Peng shook his head and said, "the Jingu staff you exchanged for is not the one that Monkey King has! It's another one created by the heavenly Dao!"

"Created by the heavenly Dao?" Chen Xiaobei did not seem to understand.

"Right!"

"The things exchanged from the merits record were all created by the heavenly Dao!" Tian Peng explained.

that's right! Chen Xiaobei nodded. if that's the case, then the 10000 prosperous monkey fur that I exchanged for in Zi Shu Royal City did not come from Monkey King! It was created by the heavenly Dao!"

"That's right! It's like this!"

Tian Peng said with certainty, "you can look at it from a different perspective. Before exchanging, everything in the merit points book is virtual!" Only when you pay the corresponding merit will the heavenly Dao create such a thing!"

"Understood!" Chen Xiaobei nodded. He finally understood the theory behind the merit points ledger.

"It's good that you understand!" Tian Peng raised his eyebrows and smiled, "next, you should choose someone to inherit the two inheritances here!" After the inheritance, we can go back to celebrate the new year!"

"Two inheritances?" Chen Xiaobei was taken aback.

"Yeah! It's two sets!" "Didn't you notice?" Tian Peng laughed. Just now, mo Lishou and the purple-gold flower Fox ferret each occupied a high platform. It's obviously a double inheritance!"

Chen Xiaobei smacked his forehead and said, "I was too nervous just now. If you didn't tell me, I wouldn't have realized it! I'm so nervous! I'm so nervous! The purple-gold flower Fox ferret is so powerful, it is definitely worth Shen Gongbao's extra inheritance to train it!"

"We only planned to get one inheritance, but now we have two. This is a surprise!" Tian Peng grinned.

"Double is just right! A pair! Double Happiness!"

Chen Xiaobei then released Lu Bu and Diao Chan from the Meru space.

"Xiaobei Gege!"

Diao Chan blinked her big, watery eyes and asked curiously, "What is this place? Why did you suddenly release me and bu bu?"

Lu Bu's eyes narrowed, full of battle intent, "Do you need to fight? I only want one word from you, Xiaobei! I'm willing to risk my life to go through mountains of blades and seas of flames!"

Chen Xiaobei shook his head and explained, " "This is an ancient relic of the demon race! Shen Gongbao had originally prepared this opportunity for mo Lishou and the purplish-gold flower Fox ferret, but I have already taken it and am going to give it to you two!"

"Lucky chance? You're giving it to us?"

Lu Bu and Diao Chan were both stunned, " we don't deserve it ... Xiaobei, you've already saved us so many times. We haven't even repaid you yet. How can we accept your gift? "

"We're all family, no need to be so polite!"

of course not! Chen Xiaobei smiled. besides, even if you want to repay me, you should at least be strong enough!

this ... Lu Bu and Diao Chan were stunned and speechless.

After all, both of them were too weak to help Chen Xiaobei, let alone repay him for saving their lives.

"Let's go to the two high platforms!" " that's right! Chen Xiaobei said, " after inheriting the ancient demon's legacy, all of your powers will skyrocket! By then, you'll be able to help me even more!

"Good! We'll listen to you!"

Lu Bu and Diao Chan knew the importance of strength, so they did not refuse and went up to the high platform.

"We can go back for the new year soon!" Chen Xiaobei and Tian Peng exchanged a smile.

[Red Envelope Group of the Three Realms](#)

Chapter 2585: Ruined Capital

Just like the last time, Chen Xiaobei took out the sunlight cache and called a Titan soldier to activate it.

With the sunlight cache's special ability, in just a few minutes, Lu Bu and Diao Chan had both inherited the ancient demon inheritance of this heavenly paradise.

"How is it? How do you feel? How's the effect of the inheritance?" Chen Xiaobei asked.

"It's already done!"

"This feels great!" Diao Chan said with a bright smile. All we need is a period of time to digest it, and we can turn the inheritance we've obtained into our own cultivation! I should be able to reach seven-star earth-god level directly!"

Lu Bu nodded his head, "this opportunity is too great!" The seven-star earth-god level was a watershed in cultivation! Many earth level deities couldn't even reach that level in their entire lives! But we were able to reach that level so easily ... We are truly grateful to you! Xiaobei!"

"Yeah! That's right!" I'm so grateful! Diao Chan nodded. thank you so much, brother Xiaobei!

"We're family, no need to be polite!" I'll call bro Zilong out right now! Let's go home for the new year! said Chen Xiaobei with a smile.

After that, Chen Xiaobei entered the verdant Emperor's divine gourd and returned the Titan soldier and sunlight cache. At the same time, he brought Zhao Yun out.

during this period of time, Zhao Yun had been digesting the opportunities that the nation-holding Heavenly King of the East, mo lihai, had given her. Her cultivation had already increased greatly, but she had not completely digested them!

Seeing that New Year's Eve was just around the corner, Chen Xiaobei told Zhao Yun to take a break and continue to digest the information after the new year.

Chen Xiaobei was reminded of something when he saw Zhao Yun.

He took out a set of black battle armor from his spatial ring and gave it to Lu Bu.

"Heavens! This ... This is a five-star earth-god instrument!"

Lu Bu was stunned for a moment before shaking his head, " "Xiaobei! This set of armor was too precious! I've just accepted the opportunity you gave me, so I can't take this set of armor!"

"You can take it!"

"I found this set of black Gold armor and Zhao Yun's Silver dragon scale armor in the beiming family's treasure vault!" At that time, I had already decided to give it to you! If you don't believe me, you can ask Zhao Yun!"

"Yup!"

Zhao Yun nodded. at first, I was too embarrassed to accept such an expensive gift, but Xiaobei said that with you, general Lu Fengxian, and me, Zhao Zilong of Changshan, we can defeat all our enemies!

"Xiao bei has such high hopes for us. If we refuse, we will disappoint him! She might as well accept the gift and work hard for Xiao bei in the future! The unification of the Nanzhan state! He might even unify the earth-god Realm!"

As she spoke, Zhao Yun intentionally or unintentionally puffed out her chest. Her silver-white Dragon-scaled battle armor was awe-inspiring, and her heroic spirit was vividly displayed!

To a battle general in the cold weapon era, there were only three things that were important!

Weapons! A Mount! Battle armor!

In the past, Lu Bu held the heavenly halberd in his hand, rode on the red Rabbit horse, and galloped freely among the tens of thousands of soldiers, as if no one was there!

But when it came to battle armor, Lu Bu's battle armor was nothing special! Compared to the five-star earth-god instrument in front of him, it was even worse!

Looking at the battle armour on Zhao Yun's body, Lu Bu felt even more envious.

"Good! I'll be taking this set of armor!"

Lu Bu took the dark gold steel armor from Chen Xiaobei's hands and said, " "I swear! In the future, I'll definitely do my best to help little northern horse conquer the world and achieve Supreme hegemony!"

"Our own people! No need to be so polite!" Chen Xiaobei smiled.

"Xiaobei Gege ... You're biased ..."

At this moment, Diao Chan pouted her lips and threw a tantrum, "Bubu and brother Zilong both received gifts, why don't I?"

"Silly girl! How could I possibly forget you?"

I promise! Chen Xiaobei smiled. I promise that everyone will get a gift! It's just that I don't have any good stuff on hand! When I snatch the red packet on New Year's Eve, I'll naturally give you a gift!"

"Really?" Diao Chan smiled and said cheekily, "You're not allowed to lie to me!"

"I'll be a dog if I lie to you! That's good enough, right?" Chen Xiaobei laughed.

"Hehe! I knew it, Xiaobei Gege is the best!" Diao Chan's smile grew wider, and she was as happy as a child.

"Alright! Everything was settled! Let's go back to the vast mountains and seas!" Chen Xiaobei grinned.

"Not going back to bei Xuan faction?" Lu Bu asked, puzzled.

"I'm not going back!" we're going to celebrate the new year in the royal city of beixuan this year! Chen Xiaobei said.

"The royal city of beixuan? What is that place?" Diao Chan asked curiously.

"You'll know when you get there!" Chen Xiaobei smiled mysteriously.

.....

The vast mountains and seas.

While Chen Xiaobei was away, the nine shamans of the nine Li ancient tribe were busy preparing for the new king's coronation!

The first thing the nine Grand shamans had to do was to move all the people of the nine tribes to the ruins of four element Royal City!

It was Chen Xiaobei's idea to ascend to the throne in the ruins of four element Royal City!

To become a King, he needed the entire tribe to bear witness. So, nearly one billion people from the nine tribes had gone to the ruins of the four elements Royal City, waiting for Chen Xiaobei's return.

.....

Outside the vast mountains, in the breezy Plains.

Chen Xiaobei had already guessed that the entrance to the four element Royal City was not in the mountains, but in the breezy Plains outside the mountains!

When they heard that Chen Xiaobei was returning today, the nine Grand shamans came to the breezy Plains to welcome him.

"We welcome the return of the nine Li honorable King!"

The nine honourable shamans were all convinced by Chen Xiaobei. The moment they saw him, they all knelt down on one knee and saluted him.

"Everyone, please rise!" Chen Xiaobei shrugged. He did not care about the formalities.

The nine Grand shamans stood up, but their eyes fell on the few people behind Chen Xiaobei.

"These are our own people!" Chen Xiaobei said. You can trust each other, just like how you trust me!"

Ying Zheng, Tian Peng, Zhao Yun, Lu Bu, and Diao Chan.

The five of them had a close relationship with Chen Xiaobei. They would never betray him.

"Yes, sir!"

The nine Supreme Wizards nodded. If they had absolute trust in Chen Xiaobei, they would have absolute trust in Chen Xiaobei's people!

"Alright, I'm done!"

let's go to the ruins of four element Royal City! Chen Xiaobei said. Hold the new king's Ascension ceremony as soon as possible and don't delay the new year!"

The moment he said that, the expressions of the nine Magus Kings all appeared to be very awkward. They wanted to say something, but they didn't know how to say it. "

"What's wrong?" Oh? " Chen Xiaobei raised his eyebrows. is the coronation not ready yet? "

"No... No! We've already prepared everything we need to ..."

Grand shaman Yao Shu, who was the oldest and most senior, stood out and said in a deep voice, "
"However, Your Majesty, are you really going to ascend the throne on a pile of ruins?"

"Ruins?"

of course not! Chen Xiaobei laughed. no matter how bad the ruins are, I can still build a new Royal City in the blink of an eye! Furthermore, I can guarantee that my beixuan Royal City will be a hundred times more majestic than the four Xiang Royal City of the past!"

Chapter 2586: Perfect Land

"What? Rebuilding the Imperial City with a snap of his fingers? And it was a hundred times more majestic than the four element Royal City? This ... How is this possible?"

A stone that caused a thousand ripples!

Chen Xiaobei's casual words had a huge impact on the nine honourable shamans 'hearts.

According to a normal person's train of thought, this was absolutely impossible.

To the nine honourable shamans, Chen Xiaobei's words were like a fairy tale. If they did not see it with their own eyes, they would not believe it even if they were killed.

Of course, Chen Xiaobei had already won the nine Grand shamans' hearts and minds through the nine previous matches.

Therefore, even though the nine Grand shamans could not believe it, they no longer doubted Chen Xiaobei or mocked him like before.

The nine honourable shamans had long realized that while Chen Xiaobei's words might sound like he was bragging, in the end, those who ridiculed Chen Xiaobei would be slapped in the face!

It was clear that Chen Xiaobei was not bragging, he was really awesome!

Moreover, while the nine Grand shamans were shocked, Ying Zheng and the other four looked at Chen Xiaobei with a straight face, as if what Chen Xiaobei said was the truth.

since Your Majesty is so certain, we can't say anything else ... Let's enter the ancient domain!

Shaman Lord yaoshu and the nine Grand shamans did not dare to question Chen Xiaobei. They were afraid of being slapped in the face by the results, so they could only obediently lead the way.

"The wind-controlling sorcerer tribe!"

of the nine Grand shamans, you are the youngest. Please wait for my family, friends, and disciples!
Chen Xiaobei said.

"No problem!" The wind Rider shaman nodded and listened to Chen Xiaobei.

After that, the eight Grand shamans led Chen Xiaobei and the others into the ruins of four element Royal City!

.....

The entrance to the remains was at the junction of the breezy Plains and the vast mountains and seas.

The grassland stretched for tens of thousands of miles, and the vast mountains and seas were even more boundless. If there was no special guide, it was impossible to find the entrance hidden at the foot of the mountain!

Before the four element Royal City was betrayed by the traitor, it had been safe and sound. It was precisely because the entrance was extremely hidden that the enemy could not find a way to invade even if they wanted to!

Even the traitors that came later used magical treasures like the returning bracelet and the verdant Emperor's divine gourd to bring a large number of enemies into four elements Royal City!

From this, it could be seen that this entrance was really extremely well hidden and extremely safe!

"Let's go in!"

Grand shaman yaoshu walked in front and led the way.

At the junction of the grassland and the mountain range, there was an unremarkable Valley. After going around it, they could see a huge cave.

The entrance of the cave was sealed off by the wizard clan's magical formation. Even if ordinary wild beasts passed through this place, they would definitely not be able to enter.

"Chi ..."

After Grand shaman yaoshu cast the spell, the formation was dispelled.

After everyone entered the cave, the formation sealed the entrance again.

"Whoosh ... Whoosh! Whoosh ..."

Just a few steps into the cave, everyone passed through a mysterious barrier in the darkness, and instantly felt a strange feeling of being as fast as lightning!

"Whoosh ..."

A few seconds later, they broke through the darkness and appeared in front of a vast ruin!

From the ruins, one could tell that this place had once been an extremely Grand main city before it was destroyed.

Around the main city, there were traces of forests, fertile fields, and ranches.

It could be seen that this main city was very suitable for living!

Even if the people who lived there never left, they could still support themselves through farming and animal husbandry.

Your Majesty, this is the ruins of four Xiang Royal City!

"According to your instructions, the 900 million people of the nine tribes have all arrived here, and they've brought along all the resources of the tribes!"

"Very good!"

Chen Xiaobei's eyes were filled with anticipation. "This land can be attacked or defended. It's the perfect base! To gain a firm foothold here is the most important part of my plan to unify Jambu!"

"You're right!"

"Yes!" Zhao Yun immediately echoed, "we just passed through a spatial Rift, directly crossing hundreds of millions of li of mountainous region! As the saying goes, speed is the most important thing in war! The Army would only need a few seconds to reach the breezy Plains and then they would be able to gallop and kill in all directions! It's really, really perfect!"

of course! Lu Bu also nodded heavily. with this base and that spatial crack, we can attack as we wish, and our defense will be even more impenetrable. We can be said to be in an invincible position!

"The three of you are right!"

"If we hadn't been betrayed by a traitor back then, our capital wouldn't have been reduced to this pile of ruins!"

"Of course I understand what shaman Lord yaoshu means!"

yes! Chen Xiaobei nodded. I will not underestimate the earth. Later, I will come up with a strategy to deal with the situation if there are traitors!

"Your Majesty's foresight is a blessing for the Jiuli tribe!"

Grand shaman yaoshu said with sincere hope, "may our tribe complete a great revival under Your Majesty's leadership!" There won't be a tragedy like that again!"

Chen Xiaobei nodded and asked, " by the way, other than the one in the breezy Plains, are there any other entrances? "

"There are three other entrances that lead to the four directions of the vast mountains and seas!"

"Good! I think I understand now!"

"Let's go!" Chen Xiaobei nodded. Let's go over, don't let the people wait too long!"

After that, the group walked towards the center of the ruins.

The ruins were really huge. After walking for a long time, they finally saw the figures of 900 million people.

The commoners were standing in twos and threes, and it wasn't crowded at all.

Looking at the big picture, the area where 900 million people gathered only took up an extremely small part of the entire space.

From this, it could be seen just how huge this space was!

In terms of area, the ruins of the royal city were the size of a small planet, and the empty space around it was the size of a small planet.

In other words, this space could house tens of billions of people.

Of course, the larger the area and the more people there were, the more difficult it would be for Chen Xiaobei to rebuild the palace!

That was why the nine Grand shamans could not believe that Chen Xiaobei could build a Royal City in such a short time.

The people of the nine tribes were just ordinary people, so they couldn't believe this kind of fantasy.

When Chen Xiaobei and his group arrived at the crowd, the people saluted them respectfully. However, one could tell from their expressions that they were all very worried.

It was obvious that no one wanted to see the new king ascend the throne in the ruins, and no one wanted to live on the ruins!

At the end of the day, the people still could not fully trust Chen Xiaobei!

Chen Xiaobei was not moved by this at all. In fact, he even wanted to laugh!

He could use this opportunity to subdue the people of the nine clans!

Chapter 2587: The People Are Dissatisfied

"Greetings, Your Majesty ... Greetings, Your Majesty ... Greetings ..."

The people nearby all knelt down and saluted Chen Xiaobei.

But in the distance, the commoners could not help but whisper and discuss.

A middle-aged man sighed, "is that young man the new king who's about to ascend the throne?" I've long heard that he's young, but I didn't expect him to be so young!"

An old man at the side immediately shook his head and complained, " "What's so good about being young? Frivolous! Impetuous! Sloppy! I can't hold my breath!"

The middle-aged man was shocked and quickly reminded, " "Be quiet! If Her Majesty hears this, you'll be dead!"

"I'm telling the truth! Although he had subdued the nine Grand shamans and was qualified to become a Shaman King! However, they can't even wait to rebuild the Imperial City. They have to ascend the throne in a hurry on these ruins!"

The old man pouted and said in a bad mood, " "This is not only rash and impatient, it's also not dignified at all! The Magus King of Nine Li is ascending to the throne on the ruins. If this gets out, our entire clan will become a laughingstock!"

"Hmm ... You're right!" The middle-aged man and many people around him nodded and sighed, " "This matter was indeed too rash ..."

"This isn't the end!"

The old man continued, "he wants to ascend the throne in the ruins. That's fine!" What's even more ridiculous is that he asked all of us to bring all the resources of the nine tribes here. He wants us to live on these ruins!"

"Yeah! This decision is indeed too preposterous!"

it's not a big deal for us young men to live in this godforsaken place, " someone next to him immediately echoed. but there are many children and elderly people in the nine tribes. There's no reason to let them suffer together!

As soon as he said that, everyone around him nodded one after another. They were all filled with worry. "This new Magus King is unreliable! Even though he has the ability to subdue the nine Grand shamans, he doesn't have the ability to take care of the common people. If we follow him, I'm afraid we'll have endless suffering in the future ..."

It was obvious that none of the people here trusted Chen Xiaobei. They were even worried that under Chen Xiaobei's leadership, the people would suffer.

From small to big, most of the 900 million people of the nine tribes had such a mentality.

As the saying goes, whoever wins the hearts of the people will win the World!

At this moment, the People's hearts were drifting further and further away from Chen Xiaobei. If Chen Xiaobei could not solve the People's worries and concerns and let them live a good life, then his throne would not be able to last long!

"Your Majesty ..."

Shaman Lord yaoshu walked to Chen Xiaobei's side and said in a low voice, " you might have already realized that ... The people do not agree with your decision ...

"Yes, of course I did!"

that's normal! Chen Xiaobei nodded. a normal person would not be able to understand me, but I will prove to you that my decision is the right one!

"Proof? That's easier said than done." "Unless you can really build an Imperial City in a short period of time, the people will never agree with your decision ... They might even Harbor a grudge against you ..."

"Didn't I tell you?" Chen Xiaobei laughed. In the blink of an eye, we can rebuild the Imperial City!"

this ... not only shaman Lord Yao Shu, but all the other shaman Lords were also dumbfounded. They wanted to persuade Chen Xiaobei to change his mind, but Chen Xiaobei was so stubborn!

If Chen Xiaobei did not handle this well, the consequences would be unimaginable!

"Swish!"

But Chen Xiaobei had already summoned the somersault cloud and shot into the sky.

In an instant, everyone's eyes were on Chen Xiaobei.

"Everyone! Please move temporarily! Leave the ruins of the royal city and wait in the outer area!"

Chen Xiaobei was standing on the somersault cloud. Although his tone was calm, he was like a god, exuding an extremely domineering aura.

The people did not agree with Chen Xiaobei, but they were intimidated by his aura. They did not dare to disobey and quickly left the ruins of the Imperial City, retreating to the empty space around them.

"Keep retreating!"

Chen Xiaobei used his ethereal force and his voice spread throughout the entire space.

Everyone had already left the ruins of the royal city, but when they heard Chen Xiaobei's voice, they quickly retreated to the outer area.

"Keep retreating!"

Chen Xiaobei was not satisfied and gave another order.

The people did not understand what Chen Xiaobei meant. They had already retreated to a place far away from the palace. Why did he still want to retreat?

All of a sudden, the dissatisfaction in the hearts of the people grew and their patience ran out.

It was entirely out of respect for the nine Grand shamans that the people of the nine clans accepted the order again and retreated further away.

"Continue to retreat!"

However, Chen Xiaobei had no intention of stopping the people. He wanted them to go further away.

"What do you mean? Retreating again and again? Is there an end to this!"

The people had long been dissatisfied with Chen Xiaobei's unreasonable orders and had completely lost their patience.

"What is this new Magus King thinking? Wasn't today the coronation? What's the point of the ceremony if we retreat so far away?"

"I've already said that this new Magus King is unreliable! Now, it seems that his brain is still a little abnormal!"

"He wants us to bring all the resources of the tribe here, but he doesn't even let us live in the ruins? Do you want us to live in the wasteland further outside?"

"Are you crazy? He lived in the wasteland! I can take it, but my child and mother can't! I'd rather disobey orders and leave this place!"

"That's right! Even the new respectable King can't treat us like toys! We're not retreating! Let's see what he can do!"

"Right! He wasn't retreating! We're not retreating!"

Complaints and anger spread like wildfire among the people. Everyone stopped and no longer listened to Chen Xiaobei's orders.

"Forget it, even if we don't retreat now, it's the same later!"

Chen Xiaobei waved his hand and took out the Tiangong construction blueprint!

Those who knew Chen Xiaobei would know that as long as he had the map in his hands, all the problems at hand would not be a problem!

"Whoosh ..."

Then, Chen Xiaobei waved his hand and took out 100 million upper spiritual stones!

It was as if there was a rainstorm of spiritual stones in the sky. The 900 million people around were instantly dumbfounded.

"Bang! Bang! Bang! Bang ..."

The true essence crushed the spirit stones, and a massive amount of spirit Qi poured into the Tiangong construction blueprint.

At the same time, the Tiangong construction blueprint's special ability was activated.

"Hualalala ... Hualalala ..."

The next moment, the ruins reassembled and turned into all kinds of raw materials! The raw materials were reassembled into pavilions, halls, and halls!

In less than half a minute, a magnificent giant Palace was erected in the center of the ruins!

Seeing this scene, everyone was shocked!

"Whoosh ..."

However, Chen Xiaobei did not stop there. He took out another 500 million upper spiritual stones.

As if struck by lightning, everyone's mentality instantly exploded!

[Red Envelope Group of the Three Realms](#)

Chapter 2588: Continued Expansion

The 500 million spiritual stones were like a huge cloud of crystals, covering the sky and almost covering the entire space!

As the sun shone down, the crystals reflected a seven-colored Halo that spread and filled the entire space! It was as beautiful as the rainbow clouds, and as intoxicating as a dream!

However, no one was able to calmly appreciate this rare and beautiful scenery!

That was because 500 million upper spiritual stones had already caused a terrifying blow to everyone's heart!

"Oh my God ... That ... How many spiritual stones are there? It's more than the stars in the sky!"

"It's too terrifying! Our new king actually has such great wealth! Even if all nine of our tribes were to join forces, we still wouldn't be able to compare ..."

"Wealth is not the main point! The point is that the new king just gave out a hundred million spirit stones to build a magnificent palace in an instant!"

"Yes ... This new palace is not only magnificent, but also exquisite! Whether it's the scale or the construction technique, it far surpasses the four Xiang Royal city's Palace!"

"It seems that we have underestimated the new king! He wasn't going to ascend the throne from the ruins! And he doesn't want us to live in the wasteland! We're going to build a new imperial City by force!"

"That's right! Just now, it was only 100 million upper spiritual stones, but now it's 500 million ... The buildings outside the palace don't need to be too complicated. 500 million upper spiritual stones is enough to build a super capital city that far surpasses the four Xiang royal cities!"

we were really wrong ... Not only is the new king extremely wealthy, but he can also turn ruins into a new city in an instant ... He's like a god that has descended to the mortal world ...

"Yes ... We were all wrong ... We blamed the new king wrongly ..."

All of a sudden, the 900 million people in the surrounding area screamed in shock. They were shocked by the Tiangong construction blueprint! They were shocked by Chen Xiaobei's wealth!

At the same time, they were slapped in the face by the facts before their eyes!

Just a moment ago, they were still doubting Chen Xiaobei, dissatisfied, and even disobeying his orders!

But now, everyone realized that they had wrongly accused Chen Xiaobei!

The people of the Sorcerer tribe were pure and forthright. They would express their dissatisfaction directly! And when they realized their mistake, they were willing to admit it!

Because of this, the dissatisfaction that everyone had for Chen Xiaobei disappeared. What replaced it was a strong sense of guilt!

On top of that, the people of the witch tribe admired the strong. They had seen Chen Xiaobei's wealth and ability with their own eyes. This made the 900 million people present gradually develop a sincere respect for Chen Xiaobei!

Without a doubt! Chen Xiaobei had already subdued the nine Grand shamans and shocked the nine tribes!

After this incident, Chen Xiaobei had completely won over the people of the nine clans. Many of them had even become Chen Xiaobei's new followers!

As long as Chen Xiaobei managed the kingdom well and let the people live in peace and happiness, these 900 million people, as well as their descendants, would become Chen Xiaobei's followers!

"Hualalala ... Hualalala ..."

As the crowd shrieked, 500 million upper spiritual stones were crushed one after another, and spiritual Qi continued to flow into the Tiangong construction blueprint. On the ruins around the palace, new houses were erected again like bamboo shoots after a rain!

In the residential area, countless courtyards were built so that all the people could live comfortably!

The business district, countless shops, trading, dining, and entertainment could all be established here!

In the industrial zone, countless factories could be built, and alchemy, weapons, and talisman-making medicine could also be solved on the spot!

The government district was scattered all over the city, and offices were set up in different areas of the main city to maintain the city's security.

The Military District was mainly located in the four corners of the main city. In the future, after the army was built, they would be stationed in the barracks.

Other than these basic buildings, Chen Xiaobei also followed the nine honourable shamans' instructions and built a majestic palace-like Jiuli Palace!

The nine Li Palace worshipped the nine Li Magus God, with nine Grand Magi in charge. They would select young geniuses from the Sorcerer tribe, take them in as disciples, train them, and put them to good use when the time was right!

Chen Xiaobei had built a similar grand building complex to the Jiuli Hall!

That's right! It was bei Xuan faction!

Next, Chen Xiaobei would move bei Xuan faction over.

Young geniuses from earth, Northern wilderness Starfield, nine major starfields, apocalypse Starfield, and even the earth realm and the starry sea could come here and be heavily trained as long as they were loyal and upright!

In the near future, bei Xuan faction would definitely recruit a large number of top geniuses. Whether it was the number of disciples or the quality, they would catch up with the top ten forces in the earth-god Realm!

It was no exaggeration to say that the construction of the new Royal City was the solid foundation for Chen Xiaobei to reach the peak of the earth-god Realm!

With this as the starting point, Chen Xiaobei's future was full of possibilities!

"It's too spectacular! The scale of this new capital city has already far surpassed the ancient four Xiang capital city!"

"Yup! Just now, the new king had us retreat again and again in order to further expand the scale of the capital!"

"We've already retreated three or four times, and at this moment, the edge of the palace is actually built directly under our feet! The new king is simply too awesome ..."

The crowd exclaimed in admiration.

But at the same time, many people were puzzled. There are only 900 million people in our nine tribes. This Royal City can accommodate at least 20 billion people ... Why did the new king waste so many spirit stones and build the royal city so huge? "

"Can't you guys tell?"

Grand shaman Yao Shu, who was the oldest and had the highest seniority, stood out and said, "Your Majesty is ambitious and ambitious! He definitely won't be satisfied with this city and land, and he definitely won't be satisfied with just 900 million people!"

"Yup ..."

Grand shaman Dingshang nodded and said, "when I competed with His Majesty in terms of wealth, he had a total of 700 million spirit stones. Now, he's taking out 600 million in one go!" If they don't have the ambition to conquer the world, who would be willing to pay such a huge price?"

"We believe in Your Majesty!"

The other Grand Magi all nodded and said, "In the near future, many of the cities outside the mountain will have His Majesty's royal flag raised! And this capital would be filled with the most loyal people to His Majesty! It might even be expanded further!"

"What? It's going to be expanded?" Hearing this, everyone was shocked. "Will there really be so many people coming to the new king in the future?"

"There's no need to wait for the future!"

However, Chen Xiaobei suddenly said, "I'm going to continue the expansion now!"

"What? Now?"

"Are you going to use up the last 100 million upper spiritual stones?" the crowd asked worriedly.

I don't have 100 million left! Chen Xiaobei shrugged. but that's not a problem!

Red Envelope Group of the Three Realms

Chapter 2589: Spirit Stones Come

Chen Xiaobei had 700 million upper spiritual stones, but after a few rounds of cultivation, he only had 680 million left.

After using up 600 million upper spiritual stones, Chen Xiaobei only had around 80 million left. He could not even gather 100 million.

"What? You're out of spirit stones? Don't tell me you want us to use the spirit stones to expand?"

The commoners did not understand the Tiangong construction blueprint and thought that it would cost 100 million upper spiritual stones to activate it.

As a result, the commoners began to worry.

"Your Majesty! This capital was already big enough! We can stay here for now, and when we have money in the future, we can continue to expand ..."

"Yeah! We can't even live in one-tenth of the capital, so there's no need to waste spirit stones ..."

it's not that we don't want to take out money to help His Majesty expand the capital. It's just that we've been living in the mountains for a long time and don't have many spirit stones to begin with. If we take out all of it, we won't be able to sustain our lives in the future ...

Your Majesty ... Let's postpone the expansion of the capital ...

It was obvious that the commoners were not willing to expand the Imperial City. Firstly, there was no need for it. Secondly, if they were asked to take out spirit stones, it would really affect their normal lives.

After all, many families had the elderly and the young at home. Moreover, they lived in the vast mountains and seas. They were not rich to begin with. They would definitely not accept it if their normal lives were affected because of an unnecessary matter.

the expansion can not be delayed. It must be resolved today!

I've already taken care of the palace at the heart of the Imperial City and most of the functional buildings. But I'm still missing the most important part! Chen Xiaobei said.

"The most important part?" When the commoners heard this, they all stood up and listened.

that's the safety guarantee!

"Although this place is very safe, there is still the possibility of being invaded by the enemy!" Therefore, I've decided to move my profound North formation here to guard our capital!"

beixuan ... Beixuan formation?!

Grand shaman dingshang was instantly dumbstruck and said, "When I went out to do business, I heard that the profound North formation is a heavenly immortal level formation that guards the profound North sect! He once obliterated an Army of a million in a single battle, and his might shook the world!"

"His Majesty said that the profound North formation is yours?"

The Grand shamans around were all dumbfounded and extremely shocked, are you ... Are you the leader of bei Xuan faction, Chen Zhufeng? "

"Right! I'm the leader of bei Xuan faction. My surname is Chen, my name is Xiaobei, and my name is Zhufeng!"

of course! Chen Xiaobei nodded. today, since I'm going to be the king of this place, I have to protect everything here! The last step of the expansion will be to build an area on the surface that can accommodate ten billion people. And underground, the eye of the formation will be set up to set up the 'profound North formation'! "

Everyone was shocked by his words.

"It turns out that the new king is determined to continue the expansion to protect our safety! If that's the case, I'm willing to give you spirit stones to help Your Majesty!"

"With the protection of a divine immortal level formation, we will definitely be safe and peaceful! In the long run, I'm also willing to fork out spirit stones!"

"We're willing too ... We're all willing to ..."

It was obvious that the people of the nine tribes were very honest.

They were not willing to support any unnecessary expansion, but after listening to Chen Xiaobei's explanation, they were willing to support it even if it would affect their lives!

They knew that Chen Xiaobei was doing this for their own good!

"No! I don't want everyone's money!"

However, Chen Xiaobei shook his head and rejected their kind offer.

"What? You don't want it? But you don't have any more spirit stones! If you don't want our spirit stones, how are you going to continue expanding?"

"Your Majesty! You're doing all this for our own good! We're willing to pay the spirit stones! I can't just put all the burden on your shoulders!"

"Yeah! Your Majesty! Please accept our spirit stones ..."

A human heart for a human heart!

Chen Xiaobei's sacrifice had won over all the people, and he had also won their recognition and support!

The people thought that Chen Xiaobei had no more money, so they were all fighting to offer their wealth. It was clear that Chen Xiaobei had already United the people!

To a dynasty, this was of utmost importance!

"Everyone, don't worry! Keep your own money! I have my ways to solve the problem!"

Chen Xiaobei was very pleased. These people were very cute and worthy of his protection.

As for the People's money, Chen Xiaobei had no intention of taking it!

"How are we going to expand the capital without spirit stones? This is impossible ..."

"Could it be that Your Majesty can produce spirit stones?"

"Produce spirit stones? Do you think His Majesty is the God of Fortune?"

The people were confused. It was obvious that without spiritual stones, the expansion could not continue. But Chen Xiaobei was so calm, as if everything was under his control.

"My spirit stones are here!"

Just as the people were puzzled, Chen Xiaobei raised his eyebrows and pointed at the entrance of the dimension.

As soon as he said that, 900 million pairs of eyes immediately looked over.

The wind resistance sorcerer tribe members were leading the way.

Behind him were dozens of people, all of them walking over with their heads held high and chests puffed out, full of confidence.

When they got closer, an extremely beautiful young woman took the lead and stood up.

"Under bei Xuan faction! Beichen cosmetics Chamber of Commerce! President LAN Mengcheng has brought thirty million upper spiritual stones to congratulate His Majesty, the Honorable King of beixuan, on his ascension to the throne!"

Everyone was shocked.

"They're here! Someone is here to deliver spirit stones to Your Majesty!"

"Who is this woman? The congratulatory gift was thirty million upper spiritual stones? Isn't this too rich?"

"Are you stupid? She already said that she was under bei Xuan faction! Of course it's His Majesty's people!"

"Heavens! Isn't His Majesty too awesome? There was actually such a capable person who could make so much money under the company! No wonder His Majesty has such great wealth!"

The people were shocked. Even the richest of the nine tribes, the dingshang tribe, only had a wealth of 70 million upper spiritual stones!

And now, LAN Mengcheng had just given away 30000000 upper spiritual stones, which instantly changed everyone's view of things!

However, this was only an appetizer!

Following LAN Mengcheng, another old Daoist stepped forward.

"Under bei Xuan faction! The green Lotus Alchemy Chamber of Commerce! The Guild leader is a righteous Daoist who has brought 100 million upper spiritual stones to congratulate His Majesty, the Honorable King of beixuan, on his ascension to the throne!"

His words were like thunder, shocking everyone present. Their three views were shattered, and they simply couldn't believe their ears.

"After 30 million, it's 100 million! It's too exaggerated ..."

the point is that this Daoist Yiru is still from bei Xuan faction!

could it be that ... His Majesty is really the God of Fortune???"

The commoners were extremely shocked.

However, at this moment, a third person stood up!

Chapter 2590: New Dynasty

The third person was a charming and beautiful woman!

In addition to her beauty, she actually exuded the heroic spirit of an Emperor for no reason! As strong as the nine Grand shamans, they couldn't help but tremble in their hearts, extremely surprised!

900 million pairs of eyes were fixed on this beautiful woman who was giving off the aura of an Empress!

Not to mention anything else, but just by looking at her aura, she would definitely not disappoint everyone!

"Under bei Xuan faction! Qincheng entertainment Chamber of Commerce! The president, song Qincheng! With 200 million upper spiritual stones! His Majesty, the Honorable King of Hebei Xuan, is overjoyed to be crowned!"

Song Qincheng's lips curled into a faint smile as she explained in detail, " old Wang's live streaming platform and beixuan gaming platform have invested 100 million high-grade spiritual stones!

As soon as he said that, the crowd exploded!

The People's views of the world were crushed in an instant, and they even began to doubt their lives.

"Another 200 million as a congratulatory gift? Was he crazy? Who in the world could have such a big hand? I've never heard of it before!"

most importantly, this Qincheng entertainment Chamber of Commerce is still a business under bei Xuan faction!

"Oh my God ... Our Emperor is really the God of Fortune ... Oh no! Even the God of Fortune isn't as rich as His Majesty ..."

The scene was filled with exclamations. The 900 million people were all shocked to the depths of their souls.

If the people were only convinced by Chen Xiaobei earlier, then most of them were now worshiping Him from the bottom of their hearts!

Chen Xiaobei's strength had been proven by the nine respectable Kings!

The Tiangong construction blueprint was a Testament to Chen Xiaobei's strength!

The massive amount of spiritual stones showed Chen Xiaobei's wealth!

The Chamber of Commerce that appeared one after another showed Chen Xiaobei's power!

As the whole thing progressed, Chen Xiaobei's image in the People's hearts was getting bigger and bigger!

In the eyes of the people, Chen Xiaobei was almost omnipotent!

Chen Xiaobei was shocked by the people! To be worshipped as a God!

It was not an overstatement to say that as long as Chen Xiaobei did not commit any major mistakes in the near future, these 900 million people would gradually become Chen Xiaobei's followers!

"Very good! Hand over all the spirit stones you have!"

Chen Xiaobei released three streams of ethereal force and retrieved three storage bracelets from LAN Mengcheng, venerable righteous, and song Qincheng.

The total of three blocks of spiritual stones was 330 million!

Chen Xiaobei then took out 70 million upper spiritual stones from his storage bracelet!

In an instant, 400 million upper spiritual stones covered the entire space!

"Everyone, retreat again!"

Chen Xiaobei gave the order again.

This time, the 900 million people did not hesitate. They followed Chen Xiaobei's orders and moved further away to make more land for Chen Xiaobei to expand the Imperial City!

"Bang! Bang! Bang! Bang ..."

Using his ethereal force, Chen Xiaobei crushed all 400 million upper spiritual stones!

A massive amount of spiritual energy poured into the Tiangong construction blueprint again!

According to Chen Xiaobei's will, he first created 13000 deep holes for the formation's eyes.

"Old Jiang! Are you ready?"

Chen Xiaobei asked.

"I'm ready!"

Jiang Ziya walked out and released 13000 runes from his interspatial ring!

These seal scripts were of all shapes and sizes, and they were all different!

Among them, there were 8100 runes that belonged to the 'limitless demon formation'! The other 4900 seal scripts belonged to the [heaven shrouding great formation]!

Chen Xiaobei's profound North formation was the result of these two formations complementing each other!

"Set up the formation!"

Chen Xiaobei growled.

Under the activation of the Tiangong construction blueprint, the 13000 runes were placed into the eye of the formation in specific positions and covered with hard rocks.

After all the runes were placed, the [mysterious North great formation] could be considered to have been successfully set up.

The underground construction was also completed.

Finally, it was time to build the buildings on the ground. The process was not much different from the previous ones.

However, in order to cover the mysterious North formation underground, Chen Xiaobei had incorporated some disorientating formation into the layout of the buildings above ground.

Although it would cost more spirit stones, it would also increase his safety. It was definitely worth it!

Finally, the last of the spiritual energy in the 'Tiangong construction blueprint' was burned out! This brand-new imperial City could be officially declared completed!

Scale! It was enough to accommodate 30 billion people!

Function! It could satisfy any needs of scholars, farmers, merchants, such as eating, drinking, and playing!

Safe! No one below heaven immortal could even dream of threatening this capital!

Without a doubt, the commoners were extremely satisfied with the Imperial City and could not find any problems with it! His admiration for Chen Xiaobei had also deepened, and it was getting out of hand!

"From now on! We shall name this city the royal city of beixuan!"

Chen Xiaobei stood on the somersault cloud and said, " I, Chen Zhufeng, in the name of the North Mystic Lord, will lead everyone to a bright future and help the nine Li Magus tribe achieve a great Renaissance!

Although he did not say much, every word that Chen Xiaobei said carried a strong and domineering aura. It was as if he was the king of the world. Every word was like an imperial edict that could not be doubted and would become a reality!

"Long live the North Mystic Lord ... Long live the North Mystic Lord ... Long live the North Mystic Lord! Long, long, long, long ..."

The nine tribes, the nine Grand shamans, and the 900 million people were all facing the center of the Imperial City, kneeling on the ground and worshipping Chen Xiaobei!

From this moment on! The beixuan Royal City was built in the earth-god Realm!

A brand new dynasty would be created under Chen Xiaobei's leadership on the stage of the earth-god Realm, creating an unprecedented and unparalleled Empire!

.....

After they knelt and paid their respects, the coronation ceremony officially began.

The nine Grand shamans had already prepared everything for the ceremony. After setting everything up in the city, they went through the ceremony and procedures.

After the ceremony, there was a huge celebration feast for the entire city!

900 million people, just the banquet alone had tens of millions of tables!

Everyone was overjoyed and drank to their heart's content! The atmosphere was so lively that it was even more lively than the Chinese New Year!

Chen Xiaobei, his family, friends, and disciples were the focus of the entire Imperial City. They were the stars that surrounded the moon!

Countless people came to propose a toast! Countless people congratulated him! Countless people were worshipping Him devoutly!

On this day, Chen Xiaobei's family, friends, and disciples were all proud of him! Because of Chen Xiaobei's existence, they were all very proud!

.....

Of course, there was one more important thing that Chen Xiaobei had to do right now!

Chen Xiaobei sneaked out of the crowd and went to a corner where there was no one!

He took out his phone!

He opened the Three Realms red packet!

"The 30th of the new year is finally here!"

my fingers are thirsting for blood! Chen Xiaobei grinned.
