Chapter 2601: Comprehensive Improvement

After that, Chen Xiaobei brought Tian Peng and Gao Xiaolan to a place with no one else.

Chen Xiaobei opened the Grand witchcraft gift pack of Taiyin true deity. There were three witchcraft books inside.

"Second senior! I'll give you this "mind confounding witchcraft" book!"

Chen Xiaobei took out one of the books and passed it to Tian Peng. "Don't you like to fool around? After you learn this "mind confounding wizard spell," you can take advantage of drunk or unconscious people to get important information!"

It was obvious that Tian Peng was a lazy and cowardly person!

Last time, Chen Xiaobei had wanted to give mo Lishou's fortune to Tian Peng!

However, Tian Peng said that with great power came great responsibility. He did not want to do the difficult task and rejected Chen Xiaobei!

From this, one could see that it was a waste to give Tian Peng something too good!

It would be better to give him this "mind confusing sorcery" book and fully display his specialty of fooling around to the extreme. It could be considered as making the best use of it!

"Hahaha! Xiaobei! As expected of my good brother! You really understand me!"

Tian Peng instantly smiled and patted his chest, "Don't worry! In the future, when I'm fooling around, I'll definitely help you find out more important information!"

"Dead man!"

Before he could finish, Gao Xiaolan pinched one of Tian Peng's ears and said angrily, "You're getting more and more out of control! You dare to talk about fooling around in front of me? Don't you have me in your eyes?"

Tian Peng gritted his teeth in pain and begged for mercy, "Ouch ... It hurts ... Xiaolan, let go! Quickly let go! You're going to break my ears!"

Gao Xiaolan didn't show any mercy. Instead, she increased the force. "Hmph! I'm going to break your ears today so that you'll remember this!"

Xiaobei ... Xiaobei, save me ... Tian Peng cried for help.

er ... Chen Xiaobei was stunned. "Second sister-in-law, second senior brother is fooling around because he's on a mission. Don't get the wrong idea ..."

"Get lost!"

Gao Xiaolan was hot-tempered and did not give face to anyone. She scolded Chen Xiaobei, "You're not a good person either! What kind of mission is not easy to arrange! You just had to arrange for Tian Peng to fool around! You're clearly going Against Me!"

"Second sister-in-law! You're mistaken!" "The task I gave second Shixiong was to keep an eye on Deng junyu!" Chen Xiaobei quickly explained. It's definitely not my idea for him to go and fool around on his own!"

"Good! Just take it that I've misunderstood you! But I didn't misunderstand Tian Peng, did I?" Gao Xiaolan increased her strength and twisted Tian Peng's ears until they turned red!

Xiaolan, please spare me ... My ear is going to fall off ... Tian Peng cried out in pain.

Chen Xiaobei quickly took out a small booklet and handed it to her. "Second sister-in-law! This is my gift to you! Calm down! I promise that second senior brother will never do it again!"

"Bah! Don't think that you can get me with a gift!" Gao Xiaolan said angrily, "you better explain it clearly!" How can you guarantee that the canopy great country won't dare to fool around in the future?"

"Just based on this gift of mine!" "Second sister-in-law, take a look first!" Chen Xiaobei said.

"Eh? This is ..."

Gao Xiaolan was stunned. She let go of Tian Peng's ear and took the booklet. She said excitedly, "This is the secret manual for" exterminating crotch kick"! As long as Tian Peng dared to mess around! I'll let him join the eunuch team!"

Tian Peng gasped and looked at Chen Xiaobei with a sad face. "Xiaobei! You're tricking me ..."

I have no choice ... Chen Xiaobei said, "If you don't take out this secret manual, she won't let you off!"

forget it ... Tian Peng pouted and said, "There are policies from above and countermeasures from below! There's always a way to fool around!"

It was easy to change mountains and rivers, but it was difficult to change one's nature!

Tian Peng's lecherous habits had never changed, and Chen Xiaobei did not expect him to stop fooling around.

As for Gao Xiaolan, she was overjoyed after getting the secret manual of " absolute kick ". She held it in her hands and immediately started to learn it. She didn't have the time to care about Tian Peng.

At this point, everyone had received the New Year's welfare and were all happy and jubilant.

In the end, Chen Xiaobei even left a benefit for himself!

In the Grand witchcraft gift bag of Taiyin true deity, there was still a volume of " advanced medical sorcery " and a volume of " advanced Voodoo Gu " left!

Without a doubt, these two secret skills were very practical skills!

The advanced witchcraft spell could allow Chen Xiaobei to cultivate more powerful and mysterious Gu!

The advanced witch medicine skill would allow Chen Xiaobei to learn a new field of medical knowledge!

With the scholar's heart, Chen Xiaobei would be able to learn it very quickly. After he had mastered it, he would pass on his medical sorcery skills to Feng Qingyang and his witchcraft skills to Tai yitan!

Of course, it was New Year's Eve today. There was no need to rush to study!

Chen Xiaobei, the canopy great man, and Gao Xiaolan returned to the crowd. Everyone raised their glasses and drank to celebrate the new year. They had a great day!

.....

Early the next morning, Chen Xiaobei was fully focused and began to help everyone improve their strength. At the same time, he also improved his own strength.

Chen Xiaobei handed over all the matters in the city to Jiang Ziya and the nine Grand shamans to handle.

As for Chen Xiaobei, he brought a few people who were in urgent need of improving their strength into the verdant Emperor's divine gourd.

The Titan soldiers that Chen Xiaobei had captured earlier were still activating the sunlight cache.

With the sunlight cache's special ability, everyone could improve their strength faster!

Zhao Yun, Lu Bu, and Diao Chan had all inherited the ancient legacy. They sat cross-legged within the sunlight cache's special ability domain and began to rapidly digest the energy of the legacy!

Luo puti, song Qincheng, and Liu xuanxin sat on the other side and started to learn the heavenly immortal-level mystical flame technique that Chen Xiaobei had given them!

Luo puti was Chen Xiaobei's fiancée! Song Qincheng and Liu xuanxin had already fused with Chen Xiaobei's body and soul, forming the most intimate relationship!

Chen Xiaobei was very concerned about the three of them!

When the three of them were studying, Chen Xiaobei accompanied them and guided them with all his heart!

Instead of saying that the three of them were the ones learning, it was more like Chen Xiaobei was the one who first used the scholar heart to learn it, and then taught them the essence and key points of the secret technique!

Fortunately, these three girls had very good comprehension and talent. They almost understood everything with just a little bit, and there were no obstacles in the teaching process!

A few days later, the three of them had completely comprehended their respective mystical fires and began to meditate and cultivate!

Chen Xiaobei let out a sigh of relief, but he did not rest. He took out the green jade cauldron!

After that, Chen Xiaobei took Lu Bu's halberd and Zhao Yun's Silver Dragon gun, as well as two pieces of Wargod dark steel, and placed them into the cauldron. He then started to strengthen both weapons at the same time!

It took a long time to strengthen the weapons. After stabilizing the temperature of the fire in the furnace, Chen Xiaobei immediately launched another operation!

Waiter! Little white! Sky Wolf! At the same time, Chen Xiaobei released her from the ring of all beasts!

Chapter 2602: Primal Chaos Pressure

"Bro bei! Why did you let us out? You've woken me up from my sweet dream again!"

The waiter grumbled and wanted to go back to sleep.

"Do you want to fight? It doesn't look like it?"

Sky Wolf looked left and right, but didn't see any danger.

"Boring!"

Xiao Bai yawned and said with a lack of interest, "Bro bei! We're cultivating! If you don't have anything else! Just let us go back!"

"Nonsense! I let you out for a reason, of course!"

Chen Xiaobei then took out a glowing pill from his infinite space ring and said, "this is the New Year's welfare I've prepared for the three of you!"

"Eh? What's that?" Xiao 'er looked at Chen Xiaobei curiously.

Little white pouted and said, "one pill and you're giving us three?" Aren't you being too stingy?"

bro bei must have his reasons for doing this! Tian lang said in a deep voice.

"Tian lang is smart!"

"This is a golden core breakthrough pill!" Chen Xiaobei said. The three of you have already reached the peak of the nine flames God-refinement realm! This elixir is divided into four portions. Each of you will eat one portion, and you will be able to break through a major realm and become a one-star earth-god!"

"Isn't this the upgraded version of the skybreaking cultivation pill?" The waiter was suddenly enlightened.

"That's great!" Tian lang said excitedly. We've been worrying about not being able to break through a major realm! With this pill, we can break through in an instant!"

Even Xiao Bai, who had always been cold and aloof, couldn't help but show an excited expression.

"Hurry up! Bro bei, hurry up and distribute the pills! I can't wait to break through to the next realm!"

"How is it? The benefits I'm giving you aren't bad, right?"

Chen Xiaobei grinned and used his ethereal force to divide the Golden core realm-breaking pill into four equal portions. "One serving for each of you will be enough!"

As soon as he finished speaking, the waiter, little white, and Sky Wolf each ate a golden core realm-breaking pill eagerly.

"Chi ... Chi ..."

With an intense burst of true essence fluctuations, the three of them entered a state of breakthrough.

The Golden elixir realm-breaking elixir was originally for Warriors at the peak of the spirit sea realm to break through to the Golden elixir realm.

At present, the three of them were only at the peak of the nine flames spirit-refining stage. Therefore, they did not need to consume an entire pill to achieve the effect of breaking through a major realm!

It was just like when Chen Xiaobei's cultivation was at its weakest, he could break through to the next level by just licking the skybreaking cultivation pill!

Soon, the three of them completed their major realm breakthrough! He had reached the level of a one-star earth-god, which was the primordial soul realm!

"Bro bei!" "The elixir is divided into four portions, so there's still one portion left. How do you plan to deal with it?" the waiter asked.

"Do you even need to ask?"

of course! Chen Xiaobei smiled and said, " I'm going to try the recipe and find a way to make more of these pills! In this way, everyone around me can easily break through before the Golden elixir realm. They don't have to worry about not being able to break through to the next realm!"

After that, Chen Xiaobei swallowed the last golden core breakthrough pill.

Chen Xiaobei savored the taste of the pill and recorded it in his phone.

"Bah!"

After he was done, Chen spat out the medicine in his mouth. He did not consume it to avoid any unnecessary trouble.

"That's great!"

"I have the pill recipe!" Tian lang said excitedly. Bro bei would be able to make more golden core breakthrough pills! We won't have to worry about breaking through a major realm in the future!"

"It's not that simple!"

no! Chen Xiaobei shook his head and said, " if we want to make this pill, we need to find a few rare and precious herbs!

"It doesn't matter! Bro bei, you can take your time!"

The waiter said,"even if you gather all the medicinal herbs and refine the elixir, we have to reach the peak of the immortal soul Stage before we can use the elixir to break through again!" Therefore, we still have to continue cultivating for a long time!"

"Yes, yes, yes!" Xiao Bai said impatiently,"let's go back into the ten thousand Beast Ring!" I want to continue cultivating! I want to become stronger!"

"Go on, go on!" Chen Xiaobei smiled and put Xiao 'er, Xiaobai, and Sirius back into the ring.

The limit-breaking pill could only be used after they had reached the peak of their current realm!

To reach the peak of the primordial soul realm, they still needed to cultivate for a long time. Then, they could use the Golden core realm-breaking elixir to break through to the divine sea realm!

Then, when he reached the peak of the divine sea realm, he could break through to the Golden elixir realm again with the help of elixirs!

This process was very long and could only be done step by step. It was impossible to become fat in one bite!

.....

Finally, everyone was settled down.

Chen Xiaobei could finally start to improve his strength!

So far, all that was left of the red packet was a piece of war King dark steel, three demon spirit ignition stones, an inch of Nirvana Black Thunder, and a drop of chaos blood!

The first three items were temporarily of no use.

Chen Xiaobei took out the chaos blood and took out the chaos Blood Sword!

according to what mother Nuwa said, the chaos Blood Sword and the blood of chaos will coexist on their own, giving birth to the devouring ability of the chaos godly beast!

Chen Xiaobei then carefully dripped the chaos blood on the chaos Blood Sword!

Very quickly, a miraculous scene appeared before Chen Xiaobei's eyes!

"Whoosh ..."

The blood light expanded and almost covered the entire space!

The drop of chaos blood was like a drop of water falling on a sponge, instantly fusing into the sword!

Then, a terrifying pressure burst out, as if a destructive primordial fierce beast had descended. The pressure alone was enough to shatter mountains and rivers, and turn time and space upside down!

Even someone as strong as Chen Xiaobei was shaken to the core, and even started to hallucinate! He felt as if the legendary chaos godly beast was right in front of him! He could crush him into meat paste with just a casual move!

In this state, Chen Xiaobei was extremely nervous. His heart was beating so fast that he was almost suffocating!

One could only imagine how terrifying that pressure was!

One had to know that this was merely the pressure of a drop of blood essence from a Chaos Divine beast!

Just think about it! If the true body of a chaos Godbeast came! The aura of a pre-Saint could even kill Chen Xiaobei with a single thought!

It was clear that Chen Xiaobei was still very, very weak!

Even the pressure that Chen Xiaobei was so proud of was nothing but a joke in front of a real powerhouse!

"I want to become stronger! I must become stronger! A mere blood essence! You can't scare me!"

Chen Xiaobei gritted his teeth and tried his best to resist the terrifying pressure of the blood of chaos!

Even though Chen Xiaobei was already struggling, but as long as he could get through this, he would not be afraid of the same level of pressure anymore!

A drop of blood essence from a chaos godly beast was more powerful than the aura of an ordinary heaven immortal!

After this, Chen Xiaobei's might would be able to compete with a sky immortal!

Chapter 2603: Trying Out Abilities

If it were someone else, under the pressure of the blood of chaos, their mind would have collapsed and their spirit would have been severely injured. Even if they didn't die, they would become retarded!

Luckily, Chen Xiaobei's mental state was already very strong! Finally, with a wave of mysterious energy fluctuations, this terrifying pressure finally subsided!

Hiss ... Hiss ...

Like a giant whale sucking in water, the blood-red spiritual light that filled the entire space was sucked back into the sword!

On the chaos Blood Sword, a very strange spirit pattern appeared!

The spirit patterns were sometimes like dragons, sometimes like clouds, and sometimes like fire! It was ever-changing and unpredictable!

"Did we finally succeed?"

Chen Xiaobei held the chaos Blood Sword in his hand and immediately sensed the newly-born special ability after spiritual communication.

"There's no better day than now! I'm going to try out my new ability now!"

Chen Xiaobei then took out the third piece of warking dark steel and said, "This is a seven-star earth-god material! In terms of the strength of its origin, it's definitely not comparable to a seven-star earth-god instrument!"

that's because a seven-star earth-god instrument requires a lot of materials of the same grade and a long time of tempering!

but even if this piece of warking dark steel is not as good as a seven-star earth-god instrument, it is at least comparable to a five-to six-star earth-god instrument!

logically speaking, as long as the chaos Blood Sword devours the origin of this piece of war King dark steel, it should at least be able to reach the four-star earth-god level!

of course, this is just my speculation. Whether it will succeed or not, we will only know after we try!

Chen Xiaobei calmed himself down and placed the warking dark steel on the ground.

At the same time, Chen Xiaobei held the chaos Blood Sword with both hands and growled, "The power of Chaos! Devouring origin!"

"Whoosh ..."

Words of law!

As soon as Chen Xiaobei finished his sentence, the chaos Blood Sword started to change!

The mysterious spiritual runes spread out rapidly and condensed into the head of a huge exotic beast in the air!

"Swish!"

The strange beast suddenly opened its mouth like a lion pouncing on a rabbit, and swallowed the warking Mystic steel in one bite!

"So fierce! I like it!"

Chen Xiaobei smiled and said excitedly, "the chaos Blood Sword is now a one-star earth-god level weapon. It can be upgraded at least three times in a row. This is awesome!"

However, it was still too early for Chen Xiaobei to be happy.

Although the strange beast's head had swallowed the battle King dark steel, it was very slow to extract the origin of the battle King dark steel!

"Hiss ... Hiss ... Hiss ..."

Chen Xiaobei could clearly see that the head of the beast was formed by countless mysterious spiritual runes!

And within the head of this strange beast, the warking dark steel was connected by thousands of spirit patterns!

The spiritual runes absorbed the colorful light from the Wargod dark steel and sent it into the chaos Blood Sword!

However, the speed of absorption and teleportation was extremely slow. It was no exaggeration to say that they were even slower than snails!

this shouldn't be ... How could such a domineering ability have such a strong start but a weak end ...

Chen Xiaobei frowned and asked, " at this rate, even with the sunlight cache, it would take at least ten days to half a month to completely devour the origin of the battle King dark steel!

"Chaos godbeasts are at the quasi-Sage level, and this ability is also at the quasi-Sage level! There must be something wrong somewhere, otherwise, it would not be so slow!"

Chen Xiaobei focused his attention and began to observe carefully.

After all, with the scholar heart, Chen Xiaobei quickly noticed something important.

"Eh? The seven-colored radiance that is being absorbed by the spirit runes ... Feels like the spirit aura of heaven and earth!"

Chen Xiaobei's eyes narrowed as he understood what was going on. "That's right! That was the spiritual aura of heaven and earth! Everything in the world had an origin and could cultivate the spiritual aura of heaven and earth! And the higher the level of the item, the more spiritual aura of heaven and earth will be refined!"

"This special ability of devouring Origin Energy is equivalent to directly extracting the spiritual aura of heaven and earth from objects without refining them! The higher the grade of the item, the more Origin Energy it can extract!"

Chen Xiaobei quickly deduced the key to the problem.

"I understand! The higher the grade of the item, the slower the refining process! When the level of the witch Dragon Flame was still low, it would take a few months to refine a five-star earth-god instrument!"

of course! Chen Xiaobei said with certainty. the chaos Blood Sword is only a one-star earth-god level weapon. It's power has reached the level of a quasi-Saint and can devour all life force below that level! However, the speed of devouring will be extremely slow!"

"Just like how I upgraded the witch Dragon Flame, I need to upgrade the chaos Blood Sword to speed up the devouring process! At the very least, I need to make the chaos Blood sword's level close to the level of the thing it's devouring. Only then will it not be as slow as a snail!"

"Stop!"

After figuring out the crux of the matter, Chen Xiaobei immediately deactivated his special ability."It's meaningless to wait for a few months! I need to use a faster way to level up!"

Chen Xiaobei kept the warking dark steel and took out three two-star earth-god instruments from his infinite space ring!

These earth-god instruments were taken from the beiming family's treasure vault!

According to Chen Xiaobei's previous habit, he would refine all the useless items in the vault!

But now that Chen Xiaobei was the king of a country, he could not just think about himself. So, he kept all the resources in the beiming family's Treasury.

These resources would be stored in the Treasury of the royal city of beixuan later.

The first was to maintain the operation and expenses of the main city, and the second was to reward meritorious subjects and disciples!

Even a city as strong as Tianji city had to give its disciples a fixed amount of benefits! When the disciples completed the sect's mission, they would be given additional rewards!

The purpose of doing this was to gather people's hearts and gather talents!

If the beixuan Royal City wanted to rule the earth-god Realm, they had to do better than the Tianji city!

If they wanted to do better than the heaven's legacy city, they had to be richer!

Therefore, the royal city of beixuan had to accumulate enough resources before they could compete with the top ten forces! Competing for talent!

Furthermore, even if they did not fight, if Chen Xiaobei wanted to lock up his men, he would have to punish them severely and reward them handsomely!

Using both kindness and severity, this was the way of a sovereign!

Therefore, collecting resources would be an important task for Chen Xiaobei for a long time!

Of course, Chen Xiaobei would not be stingy with the resources that he had to spend.

There was no doubt that the three two-star earth-god instruments in front of him were all ready to be scrapped!

"Essence! Devour!"

Chen Xiaobei activated the ability of the chaos godly beast again.

"Woof!"

In an instant, the strange beast reappeared. It was violent and ferocious. With one bite, it swallowed the three two-star earth-god instruments!

"It's done!"

Chen Xiaobei was excited. "It's indeed different from before!"

[Red Envelope Group of the Three Realms](#)

Chapter 2604: Cross-Level Battle

"Hiss ... Hiss ... Hiss ..."

The three earth-god instruments were wrapped in the beast's head.

Thousands of spirit runes connected and continuously absorbed a mysterious seven-colored glow from the three earth-god instruments!

The seven-colored Halo was the source of the three earth-god instruments!

Of course, this was also the spiritual aura of heaven and earth contained in everything!

The process was the same as before, but the speed at which the earth-god instrument's origin was being absorbed was thousands of times faster than before!

"Ka! Ka! Ka ..."

A few seconds later, the three earth-god instruments cracked!

The originally shiny metal instantly lost its luster. After shattering, it became like scrap iron, no longer having any value!

The reason for this was that the origin had been forcibly extracted!

It was like a person who had lost his blood essence and soul would turn into a rotten corpse and eventually turn into ashes!

The extracted earth-god instruments' natural source were all swallowed by the chaos Blood Sword!

Origin devouring! Not only could it defeat the enemy, but it could also use the enemy's origin to strengthen its own strength!

One could see how domineering the special ability of a chaos godly beast was!

"Whoosh ..."

The next moment, a strong spiritual fluctuation burst out from the center of the chaos Blood Sword!

The boundless blood light was like the sun in the sky, covering the entire space!

"What a strong spiritual property!"

Chen Xiaobei said excitedly, " in less than ten seconds, the chaos Blood Sword has been upgraded from one-star earth-god to two-star earth-god level. It's as fast as upgrading with the spiritual aura of heaven and earth!

"The point is, by using the devouring origin ability, we can save time on refining earth-god instruments! From devouring to leveling up, it didn't take more than 10 seconds. It was so cool!"

"There's one more important point! In a battle, as long as the origin devouring Esper ability hit the enemy's weapon, it could directly destroy the enemy's weapon! If it hits the enemy, it can even devour the enemy's origin and directly kill them!"

in this way, the battle can be won, and the enemy's source can strengthen the chaos Blood Sword and continue to upgrade! This is simply awesome!"

It was obvious that the devouring origin ability was the same as refining the spiritual aura of heaven and earth! However, the devouring of the origin did not require time to refine, and it could also cause serious damage to the enemy!

From this, it could be seen that this special ability was not only overbearing, but also very practical!

"Oh right! And the most important thing!"

Chen Xiaobei raised his eyebrows and said excitedly, "The chaos Blood Sword is only one-star earth-god grade, but it can destroy three two-star earth-god instruments in ten seconds! This was no longer just being invincible among those of the same level! As long as the ability hits, you can fight above your level!"

"According to this calculation, as long as I upgrade the chaos Blood Sword to the peak earth-god level! In ten seconds, you'll be able to destroy three heaven immortal artifacts, devour their natural source, and upgrade them to heaven immortal artifacts!"

Chen Xiaobei became even more excited when he thought of this!

That was because destroying three heaven immortal artifacts was much easier than seizing them!

One must know that snatching a heaven-immortal artifact was equivalent to snatching the enemy's precious treasure. Not only would they have to pass through countless obstacles, but they might also alert the enemy and fail at the last step!

With the help of his origin devouring ability, he could destroy a heaven-immortal artifact in the middle of a battle, and it would be done inadvertently!

This was the greatest help that Chen Xiaobei could get from the absorption ability!

"Of course, it's too early to be happy!"

First of all, I need to find a way to upgrade the chaos Blood Sword to a peak-level earth-god instrument. Second, I need to find an opportunity to fight with the enemy. I need to strike accurately when the enemy shows his heaven-God instrument! This is definitely not an easy task. We have to plan this out ..."

Now that the chaos Blood Sword had been upgraded, Chen Xiaobei had a thorough understanding of the devouring origin ability.

This special ability had the same effect as refining the spiritual aura of heaven and earth, but they both had their own advantages and disadvantages!

The advantage of the devouring origin was that it could extract the spiritual aura of heaven and earth faster, and it was also extremely lethal, which could be used as a killer move in battle!

However, the only downside was that the heaven Earth spiritual aura that was extracted from the origin could only be used for the chaos Blood Sword. It had no other use!

The disadvantage of refining the spiritual aura of heaven and earth was that the refining speed was slightly slow. However, the advantage was that the spiritual aura of heaven and earth that was refined could have many uses!

There was no doubt that for Chen Xiaobei, both devouring the origin and refining the spiritual aura of heaven and earth were very important skills. If he could use them together, he would be able to achieve twice the result with half the effort!

"Alright! I'll put the chaos Blood Sword aside for now. There will be plenty of opportunities to upgrade it in the future!"

Chen Xiaobei then put the chaos Blood Sword away and said, " right now, I still have a piece of Wargod dark steel. I can consider using it to strengthen an equipment!

"In addition, I also have three demon spirit enchant stones. These things are specially used to enchant demon spirits! Just like the ten-thousand-year-old tree demon in the remains of The Five Venoms sacred cult and Zi Yuan, they were all mortals that produced demon spirits before turning into demons!"

if I can find a certain object with high intelligence, I will be able to stimulate its spiritual consciousness through the demon spirit petrification and turn it into a demon. After the blood contract is signed, it will be loyal to me forever!

"Of course, I can't choose randomly. I have to be like Zi Yuan, an ordinary creature that is particularly powerful in a certain aspect. Only then will I have the need to help him awaken his demon spirit! Therefore, we have to wait for the right opportunity!"

I still have one inch of Nirvana Black Lightning! According to what mother Nuwa said, I must first find the source of the dark Demon Dragon's aura before I can find the opportunity to upgrade the demon Dragon tribulation! We can only wait!"

"I've already done everything I could! Now, it's time to improve my strength!"

Chen Xiaobei then sat down cross-legged on the ground and took out all the spiritual stones in his infinite space ring.

Rebuilding and expanding the royal city of beixuan had cost him one billion upper spiritual stones.

Chen Xiaobei only had a little more than 10 million upper spiritual stones left.

Li Bai said it well,"natural talent is always useful, and a thousand gold coins will come back after they are scattered!"

As long as Chen Xiaobei's cultivation could be raised and the royal city of beixuan could develop as usual, he would be able to make a lot of money in the future.

"Bang! Bang! Bang! Bang ..."

Chen Xiaobei crushed all the spiritual stones around him and absorbed the spiritual Qi into his body!

Using the Scripture of heaven and earth, Chen Xiaobei began to move forward at top speed!

.....

He cultivated for a total of 720 hours! A full 300 days!

"Phew ..."

Chen Xiaobei let out a long breath and stopped his cultivation.

When he opened his eyes, Chen Xiaobei saw a beautiful face less than a meter away from him.

Chapter 2605: cross-level battle

"Hiss ... Hiss ... Hiss ..."

The three earth-god instruments were wrapped in the beast's head.

Chen Xiaobei became even more excited when he thought of this!

That was because destroying three heaven immortal artifacts was much easier than seizing them!

One must know that snatching a heaven-immortal artifact was equivalent to snatching the enemy's precious treasure. Not only would they have to pass through countless obstacles, but they might also alert the enemy and fail at the last step!

With the help of his origin devouring ability, he could destroy a heaven-immortal artifact in the middle of a battle, and it would be done inadvertently!

This was the greatest help that Chen Xiaobei could get from the absorption ability!

"Of course, it's too early to be happy!"

first of all, I need to find a way to upgrade the chaos Blood Sword to a peak-level earth-god instrument. Second, I need to find an opportunity to fight with the enemy. I need to strike accurately when the enemy shows his heaven-God instrument! This is definitely not an easy task. We have to plan this out ..."

Now that the chaos Blood Sword had been upgraded, Chen Xiaobei had a thorough understanding of the devouring origin ability.

This special ability had the same effect as refining the spiritual aura of heaven and earth, but they both had their own advantages and disadvantages!

The advantage of the devouring origin was that it could extract the spiritual aura of heaven and earth faster, and it was also extremely lethal, which could be used as a killer move in battle!

However, the only downside was that the heaven Earth spiritual aura that was extracted from the origin could only be used for the chaos Blood Sword. It had no other use!

The disadvantage of refining the spiritual aura of heaven and earth was that the refining speed was slightly slow. However, the advantage was that the spiritual aura of heaven and earth that was refined could have many uses!

There was no doubt that for Chen Xiaobei, both devouring the origin and refining the spiritual aura of heaven and earth were very important skills. If he could use them together, he would be able to achieve twice the result with half the effort!

"Alright! I'll put the chaos Blood Sword aside for now. There will be plenty of opportunities to upgrade it in the future!"

Chen Xiaobei then put the chaos Blood Sword away and said, " right now, I still have a piece of Wargod dark steel. I can consider using it to strengthen an equipment!

"In addition, I also have three demon spirit enchant stones. These things are specially used to enchant demon spirits! Just like the ten-thousand-year-old tree demon in the remains of The Five Venoms sacred cult and Zi Yuan, they were all mortals that produced demon spirits before turning into demons!"

if I can find a certain object with high intelligence, I will be able to stimulate its spiritual consciousness through the demon spirit petrification and turn it into a demon. After the blood contract is signed, it will be loyal to me forever!

"Of course, I can't choose randomly. I have to be like Zi Yuan, an ordinary creature that is particularly powerful in a certain aspect. Only then will I have the need to help him awaken his demon spirit! Therefore, we have to wait for the right opportunity!"

I still have one inch of Nirvana Black Lightning! According to what mother Nuwa said, I must first find the source of the dark Demon Dragon's aura before I can find the opportunity to upgrade the demon Dragon tribulation! We can only wait!"

"I've already done everything I could! Now, it's time to improve my strength!"

Chen Xiaobei then sat down cross-legged on the ground and took out all the spiritual stones in his infinite space ring.

Rebuilding and expanding the royal city of beixuan had cost him one billion upper spiritual stones.

Chen Xiaobei only had a little more than 10 million upper spiritual stones left.

Li Bai said it well,"natural talent is always useful, and a thousand gold coins will come back after they are scattered!"

As long as Chen Xiaobei's cultivation could be raised and the royal city of beixuan could develop as usual, he would be able to make a lot of money in the future.

"Bang! Bang! Bang! Bang ..."

Chen Xiaobei crushed all the spiritual stones around him and absorbed the spiritual Qi into his body!

Using the Scripture of heaven and earth, Chen Xiaobei began to move forward at top speed!

.....

He cultivated for a total of 720 hours! A full 300 days!

"Phew ..."

Chen Xiaobei let out a long breath and stopped his cultivation.

When he opened his eyes, Chen Xiaobei saw a beautiful face less than a meter away from him.

Chapter 2606: activating opportunity

"Xuan Xin? Aren't you cultivating the divine Phoenix heavenly flame technique? Why are you here? Did you encounter any difficulties?"

Chen Xiaobei calmed himself down and asked with concern.

"I didn't encounter any difficulties."

Liu xuanxin smiled and said, "That" divine Phoenix unusual flame technique "was completely tailor-made for me! With your guidance, I've been able to cultivate without any hindrances. I've completely comprehended this secret technique!"

"No way! You're actually cultivating so quickly?" Chen Xiaobei looked into the distance.

Luo puti and song Qincheng were still practicing their mystical fires. They were still in a meditative state and had no intention of waking up.

Liu xuanxin smiled and said, "perhaps it's because the Phoenix bloodline from the Phoenix's heart has already fused into my body!" When you cultivate, there is a mysterious power in your body that resonates strongly with the spell. Your cultivation will be smooth without any obstacles!"

"The divine Phoenix bloodline has already fused perfectly with you?" Chen Xiaobei quickly activated his netherspirit battlescouter.

[ding Qianqian's cultivation base: peak-stage primordial soul realm. Lifespan: 90 million years, physique: 17 million, combat power: 17,000,000. Primordial spirit attack: divine level!

"Oh my God! Your lifespan has actually reached 90 million years! Furthermore, his cultivation has already broken through to the peak of the primordial soul realm!"

Chen Xiaobei was shocked. logically speaking, your divine Phoenix bloodline has fused perfectly, and it hasn't been long since. How did you break through a major realm and rise to your peak state? "

"I'm not sure what's going on either."

one morning, I woke up and made a breakthrough. For the next few days, I just ate, slept, and chatted with my sisters. My cultivation level increased, and I reached the pinnacle of primordial soul realm without even knowing it!

this ... Chen Xiaobei was so shocked that he was sweating.

[ding Yingying's cultivation base: later stage of the divine sea realm. Lifespan: [year 30681, physique: 5000000, combat power: 32.8 million, primordial spirit attack-sacred level!

When he checked his cultivation with his netherspirit battlescouter, Chen Xiaobei felt like crying!

Before this, Chen Xiaobei had always thought that his cultivation speed was like a cheat!

But now, when compared to Liu xuanxin, Chen Xiaobei felt that his cultivation speed was way too slow!

Chen Xiaobei had been cultivating for 300 days! Seven thousand two hundred hours!

According to common sense, it would only increase his combat power by 720000 points!

It was all thanks to the boost from the level-four heavenly path cultivation Halo that his combat power had actually increased to 3.6 million points!

At the same time, Chen Xiaobei had also used up 10.8 million superior-grade spiritual stones! He had almost burned all his assets!

Moreover, 300 days had also reduced Chen Xiaobei's lifespan by a year!

Chen Xiaobei had paid a huge price, but his improvement was not as much as Liu xuanxin's own improvement in a few days!

The difference in their lifespans was like heaven and earth. They were not on the same level at all!

perhaps this is an additional opportunity that the heart of the fire Phoenix has brought me ...

Liu xuanxin thought for a moment and said, "didn't mother Nuwa say that?" As long as the divine Phoenix bloodline fuses with my body, not only will my aging body recover, it will also bring me endless opportunities!"

"Right! This must be the Fortune of the fire Phoenix Heart!"

of course! Chen Xiaobei nodded. back then, I only got one drop of witch dragon blood and it was a huge opportunity for me! Now that you've obtained the heart of the fire Phoenix, it will definitely bring you a super opportunity! The greater improvement is yet to come, and this is just the appetizer!"

thank you, Xiaobei!

Liu xuanxin pursed her red lips and said, " "It's all thanks to you that I was able to obtain such a super opportunity!"

"You fool! Why are you thanking me?"

of course! Chen Xiaobei laughed. our marriage is a super lucky chance! After we confirmed our relationship, I also gained a lot of benefits!"

"That ..."

Liu xuanxin pursed her lips and hesitated for a long time before she finally said, " "My hair is still white ... Could it be that the opportunity hasn't arrived yet?"

Chen Xiaobei was surprised. your long, snow-white hair is noble and Holy. It's also world-shaking beauty. You don't have to mind it too much!

but I still like black hair ... Liu xuanxin said shyly, " why don't we try to trigger the opportunity again? maybe it will bring us benefits? "

"Trigger an opportunity?" what? " Chen Xiaobei was confused, " can I just activate an opportunity? " If that's the case, aren't we going to be rich?"

I think so ... Liu xuanxin blushed and said, " "Let's try! If it didn't work, then forget it! It would be great if it worked! Isn't it?"

"Alright! Then let's try it!" alright! Chen Xiaobei nodded and said, " what should I do? "

you ... Liu xuanxin's face turned red."Do you really not understand or are you just pretending?"

uh ... Chen Xiaobei was confused."I really don't understand."

"Didn't you just say it? After we confirmed our relationship, we both benefited greatly from each other!"

Liu xuanxin asked,"what did we do when we confirmed our relationship?" Have you forgotten about it?"

"I didn't forget."

I've helped you change your heart. I've given you a Jade face pill. You've recovered your face and opened up your heart to accept my feelings! Let's love each other and be together!"

"What else?" Liu xuanxin's face was getting redder and redder. She wanted to say something, but she was too embarrassed to say it.

"There are more?" Chen Xiaobei thought for a moment and smiled like an experienced drifting driver, " Also, hehehe!"

yes ... Liu xuanxin nodded shyly.

It turned out that this girl was thinking about that!

Men and women making love was human nature, especially after tasting the forbidden fruit, that wonderful taste could make people's souls linger in dreams, and their thirst unbearable!

"Everyone is still cultivating! Let's go back to the Meru space and have a good time. No one will know!" Chen Xiaobei smiled evilly and held Liu xuanxin's hand.

"Can you put it in another way? you're so perverted when you say 'hehehe'. .. Liu xuanxin's ears were red, and she looked like a little wife.

"Alright!"

Chen Xiaobei calmed himself down and said, " "Let's enter the Meru space together and activate a wave of opportunities! Let's talk about life and ideals!"

pfft ... Liu xuanxin was instantly amused.

Chen Xiaobei picked Liu xuanxin up and entered the Meru space. Then, he started to gallop on his horse shamelessly.

A lucky chance!

Would it really descend?

Chapter 2607: breaking through six states

Xiaobei ... Um ... Xiaobei, slow down ... I ...

Halfway through, Liu xuanxin's body suddenly tensed up, and a look of surprise appeared on her face.

"What's wrong?"

"The opportunity ... The opportunity has really come ..."

Liu xuanxin breathed in the fragrance of orchids and said in surprise, " "My realm ... Has broken through ..."

how ... How is this possible?! Chen Xiaobei quickly used his netherspirit battlescouter to check.

[ding Qianqian's cultivation base: early stage of the divine sea realm. Lifespan: [100 million years]
physique: 22 million combat power: 22 million. Primordial spirit attack: divine level!

"What the f * ck! You've really broken through! His cultivation base had soared, and his lifespan had reached 1000000 years! This is the true long live long live!"

Chen Xiaobei could not believe his eyes.

When an ordinary person reached the earthly immortal realm, it was the same as stepping on the immortal cultivation path. Without the help of external forces, it was very difficult to break through a major realm! Unless he encountered a fortuitous encounter, it was almost impossible for him to break through!

I was right ... Liu xuanxin said shyly."Xiaobei ... You're my lucky chance!"

"Are we still going to continue?" Chen Xiaobei asked.

hmm ... Liu xuanxin mumbled as she got into her zone again.

However, Chen Xiaobei was not in the mood to continue fighting after being interrupted.

With his netherspirit battlescouter activated, Chen Xiaobei noticed an even more shocking change in Liu xuanxin!

Previously, Liu xuanxin had mentioned that she had somehow managed to break through to the immortal soul Stage. Over the next few days, no matter if it was eating, sleeping, or strolling, her cultivation level continued to increase and she had successfully reached the peak of the immortal soul Stage!

Through the netherspirit battlescouter, Chen Xiaobei could clearly see that Liu xuanxin's cultivation was rising rapidly!

His combat strength and physical strength were even faster than the time on the PE teacher's watch! It was almost in the units of tens of thousands, soaring crazily!

[ding Yingluo's cultivation base: peak of divine sea realm. Lifespan: 110 million years, physique: 37 million, combat power: 37,000,000. Primordial spirit attack: divine level!

"No way ... Peak ... Peak again ..."

Chen Xiaobei was sweating. He knew that Liu xuanxin's cultivation speed was unbelievable, but he did not know that it was so unbelievable!

It was simply unbelievable!

Xiaobei ... I ... I'm going to break through again ...

Right at that moment, a clear burst of ethereal force burst out from Liu xuanxin's body. It was extremely strong, and there were some mysterious changes hidden within it. It was completely different from the ethereal force that she had felt before!

you ... You've really condensed your ocean and formed your Aurous core ... You've reached the Golden elixir realm ...

Chen Xiaobei gulped. His world view had crumbled, and his scholar heart was about to short-circuit.

Chen Xiaobei's cultivation was only at the later stage of the divine ocean realm, so it was not difficult for him to reach the peak. However, to solidify the spirit sea and form the Golden core was harder than ascending to heaven!

"Don't just stand there ... Let's continue ..."

"Uh ..."

Luckily, Chen Xiaobei's mental state was strong enough to keep an eye on Liu xuanxin's condition.

Unsurprisingly, Liu xuanxin's combat power and physical strength began to rise rapidly again after she broke through to the Golden elixir realm.

A moment later, he had reached the peak of the Golden elixir realm!

"I'm about to break through again ..."

this is such a tempting opportunity! As long as I can get it, everything will go smoothly. The impossible will become possible! I don't need to worry about xuanxin anymore. Just enjoy your time with her!
Chen Xiaobei exclaimed.

Obviously, Chen Xiaobei could not be envious of this opportunity. Moreover, Chen Xiaobei had his own path of cultivation to walk. Even if he had this opportunity, he could not accept it!

This was a good thing for Liu xuanxin anyway, so Chen Xiaobei did not have to worry about it.

Facing Liu xuanxin's gentle attack, Chen Xiaobei unleashed his primal power and responded enthusiastically!

He had broken through to the five-star earth-god Realm!

He had broken through to the six-star earth-god Realm!

He had broken through to the seven-star earth-god Realm!

As the saying goes, a moment of spring night is worth a thousand gold!

In that short period of time, Liu xuanxin had broken through six levels and stepped into the most significant dividing line of the earth level deity, becoming a seven-star earth level deity!

This moment was beyond the value of a thousand gold coins. It was a top-notch opportunity that most immortal cultivators dreamed of but could not ask for!

If it could be exchanged, anyone would be willing to go bankrupt and pay any price to exchange for this opportunity!

On the other hand, Liu xuanxin did not give anything in return. After a round of fun, she broke through to the sixth level!

If this matter were to spread, perhaps the three views of the people in the entire earth immortal world would collapse, and they would be envious and jealous to the depths of their souls!

"Xuan Xin! You're really amazing ... You broke through six major realms in such a short time. You're even more awesome than cheating ..."

Chen Xiaobei exclaimed as he hugged Liu xuanxin.

it's not fast ... You've been doing this for more than an hour ... Liu xuanxin's face was flushed red. Her expression was one of enjoyment, and she even looked a little lazy.

"Pfft ... I'm not saying I'm fast! 'I mean, you're fast ...' Chen Xiaobei was speechless.

"Me? Aiya!" Liu xuanxin realized that she had misunderstood him. She stuck out her tongue shyly and mumbled, "That's right. I never dreamed that my cultivation could improve so quickly! This is all thanks to you, Xiaobei!"

"It's not all my credit." "The Super marriage between us is a mysterious fate!" Only if we work hard together will we be able to stimulate the opportunity!"

"According to what you're saying, as long as we ... As long as we continue doing that, I can continue to break through?" Liu xuanxin asked.

"You little girl, you're getting more and more lecherous!" Chen Xiaobei tapped Liu xuanxin's head and said, "You're already addicted to that and can't extricate yourself!"

I ... I didn't ... Liu xuanxin blinked and looked away shyly. She did not dare to look at Chen Xiaobei.

"You've already forgotten that your cultivation has not increased!" Chen Xiaobei laughed bitterly. And you said you're not addicted to that!"

"Ah?"

Liu xuanxin was stunned for a moment before she said, "Eh? My cultivation really can't improve anymore! If it was in the past, after breaking through to the next realm, one's cultivation would continue

to increase! But now, it has stopped at the early stage of seven-star earth-god Realm and no longer improves!"

I'm guessing that there's something wrong with your Foundation. If you continue to break through, it'll affect you negatively. So, it's better for you to stop increasing your cultivation! Chen Xiaobei said.

"Is there a problem with your Foundation?"

Liu xuanxin's expression changed. "What should I do? Is this the end of My Immortal cultivation?"

Chapter 2608: still lacking

"Why can't we win?"

"In the entire Nanzhan state, a seven-star earth-god and a seven-star earth-god instrument can establish a force as powerful as the CAO family and the beiming family!"

"And just last night, Your Majesty gifted fourteen seven-star earth-god instruments in one go! In addition to the three seven-star earth-god instruments that the nine tribes already have, we have a total of seventeen!"

"In addition, through my primordial spirit domain, I can tell that Liu xuanxin, Zhao Yun, Lu Bu, and Diao Chan have all reached the seven-star earth-god Realm! Adding myself, Grand shaman sky poison, and Grand shaman Beast Tamer, we have seven seven seven-star earth Immortals in total!"

"Even if your Majesty is not included, the highest level of combat power in the royal city of beixuan is enough to fight against at least ten major forces! Right now, we're only attacking one city and one place. How can we not win?"

Because of this, the crowd nodded in agreement. No one thought that the first battle of the royal city would be a failure!

In everyone's eyes, Chen Xiaobei had not only won over 900 million people's hearts, but also raised the power of the royal city of beixuan by a few levels! The first battle of expansion could be said to be a sure win!

"I said you can't!"

I don't think so. Chen Xiaobei shook his head. we're ready for our expansion but we're still short of one last thing!

"Still lacking something?" "What do you mean by the east wind, Your Majesty?" the crowd asked in confusion.

"Spirit stones!"

I spent one billion upper spiritual stones to build beixuan's Royal City! Chen Xiaobei said. I've used up all my remaining spiritual stones during my recent cultivation!

"Although we have seventeen seven-star earth-god instruments, we can't use ten of them! Only the seven earth level deities can activate their seven earth-god instruments with their own vital essence!"

Obviously, without enough cultivation, he would have to consume spiritual stones to activate the earth-god instrument!

Without spiritual stones, the ten earth-god instruments were just decorations!

Your Majesty is right, but we don't have to use all our earth-god instruments!

"Even if there are only seven earth Immortals and seven earth-god instruments, it's definitely more than enough to break through a main city!" Said sky poison dark shaman.

"You're too naive!"

" that's right! Chen Xiaobei said, " Xuan Xin, Zhao Yun, Lu Bu, Diao Chan ... Although they've reached seven-star earth-god level, their foundations aren't strong enough. They can't even use their full strength!

When Beast Tamer Grand shaman heard this, he said confidently, "Even so! With the three seven-star earth-god level Grand Magi of our Jiuli division, we can also break through a main city!"

"Right! The three seven-star earth-god level Grand Magi, together with the Sorcerer tribe's Army, can indeed break the city!"

Chen Xiaobei furrowed his brows and changed the topic. "But, my goal is to unify the Nanzhan state, not to change a place with a single shot!"

"Change location after each shot? What's the meaning of this?" The nine Grand shamans were all stunned, their faces full of doubt.

"Since ancient times, attacking a city has been easy, but defending it is extremely difficult!"

that's right! Chen Xiaobei said, " to unify jambu, we have to defend every city we take down! However, after using three seven Star Grand Magi to attack the city, can we still rely on three seven Star Grand Magi to defend the city?"

this ... the nine Grand shamans were stunned again and were immediately speechless.

"Once the war starts, the soldiers will have to pay spirit stones! The equipment cost spiritual stones! The Mount would cost spirit stones! To reward Warriors with merits, you have to spend spirit stones!"

"The war is over. I need to spend spiritual stones to treat the wounded!" Replenishing equipment and a Mount would cost him spiritual stones! They had to spend spirit stones to repair the damaged city walls and gates! It's even more expensive to spend spirit stones to appease the frightened people in the city!"

"If we don't have spirit stones, our soldiers will definitely lose their morale and will to fight! The frightened people would definitely be restless and even rise up to resist! At this moment, if a strong enemy attacked! How do we defend the city?"

"If we can't defend, we have to retreat! Wasn't this just a change of location after one shot? A war like this is completely meaningless for us to unify jambu!"

Chen Xiaobei said, "So, please remember! In every battle from now on, if I can't secure victory after the battle, I'd rather not fight! Otherwise, not only will you not be able to establish your might, you will also be ridiculed by the world!"

The nine Grand shamans all nodded in agreement.

"His Majesty is right ... We were too shallow! If we can only attack and not defend, we might as well not attack and save our energy!"

"That's right ... Our nine tribes are not rich to begin with! Once the war starts, the capital chain will break sooner or later, and the outcome will be like what His Majesty said, we can only abandon the city and escape!"

"Your Majesty is wise! If we want to fight our first battle, we have to stay calm and accumulate enough wealth!"

.....

"Your Majesty!" yes! song Qincheng stood up immediately. I, Qincheng entertainment Chamber of Commerce, will find a way to help you raise the military funds as soon as possible!

yes! LAN Mengcheng said, "the Beichen cosmetics Chamber of Commerce will try our best to raise the funds!"

"The green Lotus Alchemy Chamber of Commerce will also do its best!" "If your Majesty can personally refine a few cauldrons of medicinal pills, perhaps we can accumulate wealth in the fastest time possible!"

I've basically passed on all the pill recipes I know to you, so there's not much difference between you and me!

anyway, I don't plan to start a war any time soon. The three of you can continue with your business. I'll find a way to earn more money! Before the soldiers and horses moved, the provisions and fodder moved first! To unify the state of Nanzhan, we must first build a business empire!"

Hearing this, everyone in the hall nodded in agreement.

Then, LAN Mengcheng said, "Your Majesty wants to open up a new way to make money. I have a suggestion!"

"You don't have to say anything!" Chen Xiaobei said. I already know about your suggestion!"

Lan's lips curled up and she said, "If your Majesty really does that, you'll definitely make a fortune! Furthermore, I can earn a lot every year, more and more every year!"

Everyone was shocked by his words.

Grand shaman dingshang asked curiously, "What is it? He could actually earn big money every year? And he's earning more and more every year? I've been in business my entire life, but I've never seen something like this!"

It was obvious that Grand shaman ding Shang was an outstanding merchant! Unfortunately, the ability of the Grand shaman of ding Shang to earn money was far weaker than the three Chambers of Commerce under Chen Xiaobei! It was to the extent that Grand shaman dingshang was too embarrassed to open his mouth just now!

Now that he heard that Chen Xiaobei had a new way to make money, Grand shaman dingshang was extremely curious!

"It's a secret for now!" Chen Xiaobei said with a smile.

Chapter 2609: Still Selling At 998

Before the soldiers and horses moved, the spirit stones moved first!

This was the first strategic direction that the Supreme Council had agreed on during the first meeting!

With this strategy as the premise, Chen Xiaobei made some more detailed plans!

Qingcheng, Beichen, and Greenlotus Chamber of Commerce were naturally the main force in making spiritual stones!

Grand shaman dingshang's ability to earn money was average, but he had been in business for many years and had a wide range of connections, so he could also provide help!

When Chen Xiaobei left, Jiang Ziya, Ying Zheng, and shaman Lord Yao Shu were in charge of the Imperial City's Affairs.

Xuan Zhong, Xiao Feng, Kuang Zhan, and Fu tu, the four Grand shamans, Xiang Yu, Zhao Yun, and Lu Bu, a total of seven generals, were in charge of the military affairs of the royal city of beixuan!

Liu xuanxin, Zhao Yun, Lu Bu, and Diao Chan had all just broken through to seven-star earth-god level. Chen Xiaobei kept an eye on Jiang Ziya to help and guide them in their cultivation, so that they could make up for the lack of cultivation Foundation after their forced upgrade!

Apart from these core members, Tian Peng still had to return to the sea god city to keep an eye on Deng Jie Yu! Six-eared macaque was impersonating mo lihai. He would return to Shen Gongbao's side with the excuse that he had failed the inheritance!

This way, Tian Peng and six-eared macaque became the scouts of the royal city of beixuan. Every piece of information they collected was of great importance!

After arranging for the core members and the 900 million people in the Imperial City, Chen Xiaobei did not make any hard rules.

Those who were willing to open up wasteland around the capital could be farmers and plant livestock.

Those who were willing to hunt for a living could form teams to hunt in the vast mountains and seas under a unified arrangement.

Those who were willing to do business could directly run the shops that Chen Xiaobei gave them.

Those who were willing to be apprentices could also join bei Xuan faction or Jiuli Hall. Of course, the prerequisite was that they had to have enough talent!

With that, Chen Xiaobei had made all the necessary arrangements in the city.

At that moment, the hearts of the people in the city were unprecedentedly United. The sovereign and his subjects were of one heart and mind! The 900 million people had all become Chen Xiaobei's followers, and they would do anything he said!

After Chen Xiaobei had arranged everything, there was nothing to worry about!

After the meeting was over, he would leave the royal city of beixuan and head for the first source of income!

.....

There were five levels below the earth-god Realm.

The region where earth was located was known as the lost land, and it belonged to the lowest level of the low-level plane.

The northern wilderness, Green Hill, and the other starfields were considered to be in the lower-middle level.

Saint Duke, Ocean Emperor, Dragon God, and the rest of the nine starfields were considered mid-tier.

Apocalypse Starfield was an upper plane!

The earthly calamity Star Ocean belonged to the top level!

Chen Xiaobei's target this time was an unknown asteroid in the middle plane!

In his adventure in the mid-level plane, Chen Xiaobei had once gone to the demonic earth and foiled the demons 'shocking plot, saving one billion humans!

Among these one billion people, 200 million were members of the mid-level forces, and the remaining 800 million were homeless slaves.

Only by saving people to the end could one's merit be fulfilled!

So, after Chen Xiaobei foiled the demons 'plot, he helped these 800 million slaves build a new home. He also removed their slave status and let them live a normal life!

After this, the 800 million people were grateful to Chen Xiaobei and had all become his loyal followers!

These 800 million people were living on the nameless planet that Chen Xiaobei was heading to!

"Look! A golden cloud appeared in the sky! That must be master Zhufeng!"

"That's right! That was master Zhufeng! He really didn't forget us! He's back to see us!"

"Greetings, Zhufeng Zhenren ... Greetings, Zhufeng Zhenren ... Greetings ..."

Chen Xiaobei stepped on the somersault cloud and returned to the small planet. Wherever he went, the people knelt down and worshipped him!

In the eyes of these people, Chen Xiaobei was their faith, their most respected God!

"Everyone, there's no need to be so polite. Get up!"

Once he was in the middle of the asteroid, Chen Xiaobei used his ethereal force to transmit his voice as far as possible, " "I've come back this time for two things!"

"First of all, I want to take everyone to live in the earth-god Realm! There, I built my own Royal City! Everyone is so loyal to me, I need your support! Of course, I also promise to give everyone a better life!"

those who are willing to go with me, go home and pack your belongings. I will go to each city in turn and pick up everyone later!

Chen Xiaobei paused and said, " "Those who are unwilling to follow me can continue to live here! I won't force anyone!"

Almost everyone nodded in agreement, and no one rejected him.

"Of course we're willing to follow you! You're our Savior and our second parent! Let alone the earth-god Realm, even if we go to hell, we're willing to follow you!"

"The earth immortal world is the peak of the human world. Many people want to go there but don't have the chance! The fact that master Zhufeng is willing to take us there is a great opportunity for us! Of course we're willing to follow!"

"Hurry! Everyone, hurry up and go home to pack! Don't let Zhufeng Zhenren wait too long!"

.....

Seeing how enthusiastic the people were, Chen Xiaobei's first task was done.

"Don't worry, everyone. I have something else to do!"

Chen Xiaobei quickly controlled the somersault cloud and flew towards an uninhabited forest.

This forest was very large, and there were probably no less than ten thousand strong peach trees.

Right now, the Spring Festival had just passed. There were no flowers or leaves on the trees, and they were bare, without any sense of beauty.

However, the moment Chen Xiaobei saw the peach trees, his face lit up with excitement. His eyes even lit up as if he had just seen a bunch of money trees.

That's right! This was LAN Mengcheng's suggestion, and Chen Xiaobei's way of earning money!

First love peach!

In the early days, there were only 3000 first love peach trees on earth. Later on, there were about 4000!

After taking control of the planet, Chen Xiaobei had asked Jin Fei to move all the peach trees here!

After all, this was the mid-level plane. The spiritual Qi here was hundreds of times denser than on earth, which was very beneficial for the growth of the first love peach!

In addition to the People's conscious planting, the number of fruit trees that had grown to this day had doubled, reaching 10000!

Whoever ate the first love peach would know how delicious it was!

In the past, it was sold at a super high price of 998 Yuan for a peach in China alone on earth!

If Chen Xiaobei brought the first love peach to earth-god Realm! The population there was countless times that of Earth, and the number of foodies there was countless times that of Earth. Naturally, the number of rich foodies there was also countless times that of Earth!

It was conceivable that once the first love peach was on the market in the earth-god Realm, it would definitely be more popular than it was on earth!

"In the earth-god Realm, the first love peach is still sold for 998 Yuan!"

Chen Xiaobei grinned and said, "998 high-grade spirit stones! This should not be considered expensive, right? Hehe ..."

Chapter 2610: Can't Believe

"Crack the earth!"

attack! Chen Xiaobei shouted and released four streams of ethereal force!

"Woof! Buzzzzzz! Buzzzzzz! Whoosh!"

Each wisp of true essence was like a huge battle blade, splitting the earth along the four edges of the peach forest!

Now, Chen Xiaobei was a two-star earth-god. Although he could not move mountains and fill the sea like the ancient Celestials, it was not difficult for him to move the peach forest!

"Boom boom boom ..."

The four sides of the peach forest were slashed with cracks that were ten meters deep!

Then, Chen Xiaobei's ethereal force swept through the bottom of the crack, completely cutting the entire peach forest and the soil ten meters below it from the ground!

"Collect!"

With a thought, Chen Xiaobei kept the entire peach forest and the ten meters of soil beneath it into the verdant Emperor's divine gourd.

"Next, it's time to pick up the people!" Chen Xiaobei quickly rode on the somersault cloud and headed to the nearest town.

After that, Chen Xiaobei went to every town and took all 800 million people into the verdant Emperor divine gourd.

.....

Chen Xiaobei activated the returning bracelet and returned to the royal city of beixuan.

Chen Xiaobei summoned Ying Zheng, Jiang Ziya, and Grand shaman Yao Shu, and asked them to arrange for the 800 million people to stay in the city.

Ying Zheng and Jiang Ziya were both experts in governing a country, and Grand shaman Yao Shu was very familiar with the environment. With the three of them working together, there would be no mistake in this matter.

After that, Chen Xiaobei moved the entire peach forest into the palace of beixuan!

The palace was huge. The 10000 peach trees only occupied a small area. When the flowers bloomed, it could be considered a beautiful scene in the palace!

Chen Xiaobei then called LAN Mengcheng over.

This was because the name 'first love peach' originated from LAN Mengcheng's phrase 'the taste of first love'. On earth, LAN Mengcheng could be said to be the representative of the first love peach.

So, Chen Xiaobei decided to let LAN Mengcheng manage the first love peach business.

"Mengchen, you're here." Chen Xiaobei smiled.

"Yes."

that's right! LAN Mengcheng nodded. other than me, Grand shaman dingshang has also heard that you've returned to the city. He has brought more than a dozen high-level shamans from the dingshang tribe to pay you a visit. They're waiting outside the palace right now!

"This guy wants to see how I can make money!"

it's fine! Chen Xiaobei grinned. the first love peach isn't a big secret anyway. You can go and bring them in!

"I'll go?"

I don't know them well, " LAN said with a frown. let the palace guards go.

Chen Xiaobei shook his head and said, " "You must go!"

"Why is that?" LAN Mengcheng was confused.

"Because I'm planning to let you manage the first love peach business!"

I'm going to run the first love peach business the same way I did on earth. I'm going for the high-end business. The price is very high. Only earth-god Realm people can afford it!

"Your Chamber of Commerce is mainly operating in apocalypse Starfield and knows nothing about the earth-god Realm! That's why I'm planning to let Grand shaman ding Shang assist you!"

although Grand shaman dingshang can't make much money, he has been in business for decades and knows the business system of the earth immortal world like the back of his hand. If he wants to sell the first love peach well, he can't do it without Grand shaman dingshang's help!

Obviously, Chen Xiaobei had already thought about the sales strategy of the first love peach on his way here. Even if the divine witch of ding Shang did not come to visit him, Chen Xiaobei would have made a special trip to discuss this with him!

Now that the Grand shaman of dingshang was here, Chen Xiaobei could finally settle this matter.

"I understand!"

LAN was smart. She nodded immediately and said, "I'll go out now to receive Grand Magus ding Shang and do him a small favor, so that I can have a good relationship with him in the future!"

"It's good that you understand!" Chen Xiaobei smiled.

.....

A moment later, LAN Mengcheng arrived at the peach forest with Grand shaman dingshang and a dozen high-level Wizards of the dingshang tribe.

"We pay our respects to Your Majesty!"

Upon seeing Chen Xiaobei, Grand shaman dingshang and the other shamans immediately knelt down to greet him.

"Dispense with the formalities!"

no! Chen Xiaobei waved his hand. we're all family. If it's an informal occasion, you can skip all these formalities!

"Thank you, Your Majesty!" Upon hearing this, Grand shaman dingshang and the other Magi no longer knelt and thanked him.

what's the matter? " Chen Xiaobei said. just tell me!

"Your Majesty is straightforward, so I won't beat around the bush!"

Grand shaman dingshang grinned and said,"in the Supreme Council meeting, His Majesty once said that there's a way to earn a huge sum of money, and that we'll earn more and more every year!" The higher-ups in my Department and I were extremely curious. As soon as we heard that Her Majesty had returned to the city, we immediately rushed over! I want to broaden my horizons!"

let's go! Chen Xiaobei waved his hand and said, " look at this peach forest. That's my method!

"Peaches? A peach forest?"

Grand shaman dingshang and the other Magi were stunned and said in a daze, " "Your Majesty, are you joking? There are only 10000 peach trees here. Even if we have a good harvest, we won't be able to make much money ..."

Chen Xiaobei shrugged and said, " "My peaches are different from the ones from other places! I want to sell it for 998 upper spiritual stones!"

998 upper spiritual stones? " "Your Majesty, are you planning to sell off this entire peach forest?" Grand shaman ding Shang's brows furrowed.

Chen Xiaobei raised his eyebrows and asked, " "What's wrong? In your eyes, this peach forest is only worth 998 high-grade spirit stones?"

one upper spiritual stone is equivalent to 10000 medium spiritual stones, which is equivalent to 100 million lower spiritual stones!

Grand shaman dingshang frowned, "I'm telling the truth, please don't be angry, Your Majesty!" In my opinion, your 10000 peach trees are not worth 99.8 billion low-grade spiritual stones!"

"Hehe."

Chen Xiaobei laughed, " 998 high-grade spirit stones, not for my entire peach forest, but for a single peach!"

"What?" As soon as he said that, Grand shaman ding Shang and the other Magi were instantly dumbfounded, unable to believe their ears.

"Your Majesty, you must be joking, right?"

Grand shaman dingshang said embarrassedly, "your peach trees have extremely low spirituality!" The peaches that it bore were definitely not spiritual fruits! Even if it's a spiritual fruit, it can't be sold at the price you said!"

heh, spiritual fruits can only provide a little spiritual energy to people!

but my peaches can provide you with the most extreme enjoyment. They can let you reminisce about the sweetness of your first love. That taste is not something that you can buy with money!

"What? Can you taste the sweetness of your first love by eating peaches?" Grand shaman dingshang and the dozen Magi were even more dumbfounded. They stared at each other as if they were listening to a heavenly book, not daring to believe a single word.

"You'll believe me after you try it!" Chen Xiaobei said with a smile.

uh ... Grand shaman dingshang said embarrassedly, " these peaches haven't even bloomed yet. If you want to eat peaches, you'll have to wait for half a year ... We won't disturb Your Majesty any longer ...

"There's no need to wait for half a year!" "Half an hour will be enough!" Chen Xiaobei said with a smile.
