Red Envelope Group of the Three Realms

Chapter 2641: Tiankeng

Xiao moxue is a good girl!

she's an honest and kind girl! More importantly, she's as pure as a piece of white paper! Chen Xiaobei said.

"What do you mean? This old man doesn't understand!" Elder Ming shook his head.

"If it was any other woman, they would definitely retaliate with all their might when I did those excessive actions!"

but Xiao moxue is too pure. She has never had that kind of experience before. So, when I got close to her, she panicked and didn't know what to do! Instead, I've taken the initiative!"

what? " elder Ming was surprised. you mean, when you touched her, she was so confused that she forgot to fight back? "

"Yup!"

"All her reactions just now were out of instinct!" Chen Xiaobei said with a smile. Their brains had almost short-circuited! If it wasn't for that, I really would have been killed by her palm!"

"You're too bad, kid!"

Elder Ming couldn't help but complain, " I've only interacted with Xiao moxue for a short time. I know that she has a good personality. She doesn't put on airs at all! Moreover, she was so kind and pure! How can you bully such a good girl?"

"Elder Ming, you only know one thing and don't know the other!"

Xiao moxue is indeed a good girl, " Chen Xiaobei said with a wry smile. but, she's trying to trick me! I can't suffer this loss for nothing!"

"Trick you? How did she trick you?" Elder Ming asked, puzzled.

just now, on the grandstand, Xiao moxue personally agreed to enter my harem and be my mistress! what? " Chen Xiaobei asked. elder Ming, do you really think that she's willing to accept her loss? "

"Isn't that so?" Elder Ming was confused.

"Of course not!"

"Xiao moxue is such a beautiful and perfect girl. I don't even need to think to know that she must have countless suitors!" She agreed to be my mistress because she wanted her suitor to deal with me! This is like digging a hole for me!"

"Now that you've put it that way, it's really a sinkhole!" no wonder Xiao moxue agreed so readily, " elder Ming said. she wanted to take revenge on you!

“Isn’t that so?”

I’m not a pervert! Chen Xiaobei said helplessly. the reason why I made the bet with Xiao moxue was all part of my plan!

“What’s the plan?” Elder Ming asked.

logically speaking, Xiao moxue would never agree to be my mistress, ” Chen Xiaobei explained. if that’s the case, I can ask for other conditions. For example, I can ask her to help me investigate some confidential information ...

“But Xiao moxue didn’t reject me. Not only did she ruin my plan, but she also dug a hole for me! I couldn’t take this lying down, so I touched her and took advantage of her to make up for my broken heart ...”

Chen Zhufeng ... I’ve underestimated you!

Elder Ming couldn’t help but exclaim, “I’ve always thought that you flirted with Xiao moxue because you were after her beauty!” I would never have thought that everything you’ve done was for our ultimate goal!”

“Of course!”

“I’m not a lecherous person!” Chen Xiaobei said. It’s only the first time I’ve met Xiao moxue, and there’s no emotional Foundation. How can I really talk about marriage?”

“Mm! This old man believes in you!”

Elder Ming nodded and said seriously, “ from today on, I will trust you unconditionally. No matter what you do, I will support you!

with elder Ming’s words, my young heart can finally be comforted. At least I did not come back empty-handed today! Chen Xiaobei said with a smile.

“Of course we didn’t come out empty-handed!”

yes, ” elder Ming said seriously. although you failed to trick Xiao moxue, you’re now the winner of the competition. You’ll be heading to Pearl Hall soon! As long as we can complete this mission, we will be getting closer and closer to the headquarters in Tianji city!”

yes. Xiao moxue said that the reason why the Pearl Hall asked the branch to hold the sect competition was to gather a group of talents as soon as possible to explore a mysterious ruin!

“To me, exploring the ruins is like looking for opportunities!” Chen Xiaobei said, full of anticipation. If I’m lucky, not only will I be able to complete the Pearl Hall’s mission, but I’ll also be able to obtain many benefits!”

“Of course there are benefits, but we can’t ignore the dangers!”

“There are millions of disciples under the Pearl Hall,” elder Ming reminded. “Why don’t you send them to explore the ruins?” They just had to recruit a group of branch disciples at the last minute! There must be a reason behind this!”

"I've also thought of this."

but, this is the only way to the headquarters in Tianji city. Even if we know that there's a problem, we have no choice but to face it! Chen Xiaobei said.

"It's good that you understand!"

"With your talent and Foundation, as long as you don't underestimate your enemy and make mistakes, I believe that you can solve all problems and achieve your ultimate goal!" Elder Ming said in a deep voice.

"Don't worry, I'll be extra careful!" I'm not just carrying a human head on my shoulder right now. I'm carrying the fate of my country as well! I can't afford to make any mistakes, even if it's for the sake of my country!

"Good! Then you should prepare well!" if you need anything, just tell me, " elder Ming said. I'll do my best to help you!

"I don't have anything to prepare for now."

I've reached the peak of the divine ocean realm! If I can't break through, I can't cultivate! Chen Xiaobei said.

"Breaking through to the next realm requires luck. I can't help you with this." Elder Ming said helplessly.

"Elder Ming, can you help me look into someone?" Chen Xiaobei asked.

"Who is it?" Elder Ming asked.

"The head of the beiming family!"

"I want to know where he is now." Chen Xiaobei said. What's the current situation?"

"This is simple!"

yes, " elder Ming said indifferently. using Tianji city's basic intelligence network, I can find out everything in ten minutes! But the question is, what's the point of you investigating him?"

"Elder Ming, look at this."

Chen Xiaobei took out a black beast bone from his infinite space ring and said, " "This beast bone came from the beiming family's Treasury. I want to know how the beiming family got this bone!"

Elder Ming looked at it and was puzzled. this beast bone looks ordinary and doesn't have much spirituality. It's only a one-star earth-god item at most. Why are you interested in it? "

"This beast bone contains the aura of the darkness Demon Dragon!" "As long as I can find the source of this aura, it will bring me a huge opportunity!" It will be a great help to my future operations!"

"Black ... Darkness Demon Dragon?"

Elder Ming was taken aback. Although he could not believe it, he was willing to do as Chen Xiaobei said."Good! Wait a moment! I'll investigate it now!"

Red Envelope Group of the Three Realms

Chapter 2642: awkward encounter

Chen Xiaobei wanted to find out the source of the dark Demon Dragon's aura!

As long as he could find the source, Chen Xiaobei would be able to find the Dragon's edge!

Right now, Chen Xiaobei's cultivation was stuck at the peak of the divine ocean realm. Since he could not increase his cultivation, he had to find a way to strengthen his trump card!

On New Year's Eve, Chen Xiaobei had snatched the one-inch Nirvana Black Thunder!

The God-grade lightning that originated from the heavenly Tribulation, in addition to the darkness Demon Dragon's opportunity, could upgrade the black saber Demon Dragon's tribulation!

This way, Chen Xiaobei would have an even stronger trump card. Whether it was exploring the ruins of the Pearl Hall or going on other adventures, he would be able to obtain a huge help!

That was why Chen Xiaobei's first priority was to upgrade the Dragon's edge!

.....

About ten minutes later, elder Ming came back.

"I've found it!"

"The head of the beiming family, beiming Zhenfeng, is currently active in the North Sea," elder Ming said in a deep voice. They seem to be working together with the CAO family to plan something big!"

"The beiming family and the CAO family have joined hands?" Chen Xiaobei was taken aback.

"Yup ..."

yes! elder Ming nodded. according to our intelligence, the CAO family and the beiming family both offended a mysterious figure. Not only did they lose a lot of core members, but even their Treasury was wiped out!

it's obvious that the CAO family and the beiming family have a common enemy. That's why they joined forces to deal with that mysterious man!

Tianji city was indeed worthy of having eyes all over the world. The information they had collected was actually so detailed!

that's right! Chen Xiaobei shrugged and said, "that mysterious person is actually me!

"What!"

"You mean, you killed a large number of core members of the CAO family and the beiming family, and even emptied their treasure vault?" boss Ming was shocked.

"Yup ..."

of course! Chen Xiaobei said calmly. the CAO family set me up. Of course, I have to take revenge! And the beiming family was one of the millions of soldiers I killed in the battle that made me famous!"

Elder Ming composed himself and said, " the intelligence also shows that the Jiang family, Nangong family, Ximen family, and heaven dominating faction are also active near the North Sea. However, we don't know their specific purpose!

"Heh, everyone's here!"

of course not! Chen Xiaobei raised an eyebrow. I wiped out Five Forces in the Alliance Army. They were the Jiang family, the beiming family, the Nangong family, the Ximen family, the heaven dominating faction, and the CAO family! They've all gathered in the North Sea, so they must be here to deal with me!"

"Oh my God ..."

Elder Ming gasped and exclaimed, " "These six great powers are all extraordinary! If we really join hands to deal with you, the consequences will be unimaginable!"

"These six are just small fry!"

"My biggest enemy is Shen gongbao!" Chen Xiaobei said. The Alliance of The Six Forces is led by Shen Gongbao!"

"Shen Gongbao?"

Oh? " elder Ming was stunned. I think I've heard of him before. There's a righteous God in the heaven realm called Shen Gongbao. In the earth-god Realm, many other sects are his followers!

"Right! Shen Gongbao is indeed a divine realm expert, but he violated the heavenly rules and was banished to the mortal world!"

Chen Xiaobei narrowed his eyes and said seriously, " "Shen Gongbao has a special characteristic. Every time he is done with me, he will disappear for a period of time! And the longer he disappears, the greater the danger he will bring me!"

"The last time Shen Gongbao attacked me was during the disciple selection! After that, he disappeared without a trace. I'm 10000% sure that he's preparing for a big move!"

Obviously, Chen Xiaobei had fought Shen gongbao many times and knew his habits very well.

"If that's the case, you can't go near the North Sea!" Elder Ming said in a low voice.

"No!"

Chen Xiaobei shook his head and said, " Even if I don't fight Shen Gongbao head on, I will at least capture beiming Zhenfeng!"

Without a doubt, Dragon's edge was as important to Chen Xiaobei as the chaos Blood Sword.

Even if it was risky, Chen Xiaobei still wanted to go to the North Sea.

As long as he could level up the Dragon's edge, the price he had to pay was worth it.

"Since that's the case, this old master will go with you!"

I'm a nine-star earth-god after all, " elder Ming said. if there's a chance, I can help you take down beiming Zhenfeng in an instant!

"No! Elder Ming, it's better if you don't show your face!"

no! Chen Xiaobei shook his head and said, " as the saying goes, good steel should be used on the blade! Elder Ming, you either don't do anything! Once you make a move, you must help me break out of this situation and win!"

"I'm not sure about Shen Gongbao's plan yet. If you expose your strength now, Shen Gongbao will be on guard! When I'm about to break his entire plan, you won't be of any use!"

Obviously, Chen Xiaobei was thinking about the long term. He did not just want to capture beiming Zhenfeng, but he also wanted to destroy Shen Gongbao's plan!

Elder Ming was Chen Xiaobei's trump card!

Using a trump card to exchange for beiming Zhenfeng was obviously not worth it!

Only when the time to break out of this situation came would elder Ming make his move!

Just as Chen Xiaobei had said, elder Ming had to either not attack, or he had to defeat the enemy!

you're right ... elder Ming frowned."But I'm worried about you going alone ..."

"Elder Ming, don't worry!"

"Shen Gongbao has a plan, and so do I!" Chen Xiaobei said with a smile. Moreover, my goal this time is only to catch people. I won't fight with Shen Gongbao! There would not be any danger! After I upgrade the Tribulation of the devil Dragon, I will fight with Shen Gongbao face to face!"

"Alright! Since you've already planned everything out, this old man won't say anything more!"

"Keep the phone open at all times. If there's any problem, contact me immediately!" Elder Ming said in a deep voice.

"Alright!" Chen Xiaobei nodded, summoned the somersault cloud and flew away from the branch.

.....

Sea god city.

This was the capital city of a Western Orthodoxy near the North Sea.

Because the ocean goddess sect was nearby, Tian Peng chose the ocean goddess city as his base in order to monitor Deng Jie Yu.

After the spring Festival, Tian Peng immediately returned to the sea god city to continue his surveillance mission.

If Chen Xiaobei wanted to move around the North Sea, he had to find Tian Peng first.

Chen Xiaobei did not even need to contact them through the phone. He went straight to the beautiful serpent Union. There was a 10000% chance that the canopy was there.

This was because the serpent beauty Association was second to none in the sea god city's brothel.

This was a man's heaven. As long as one was willing to spend spirit stones, they could play with any kind of woman. Even opening a harem like the Emperor was absolutely not a problem.

However, when Chen Xiaobei reached the entrance of the Union, he was stunned and embarrassed.

Because an extremely beautiful woman was looking at Chen Xiaobei with disdain.

Chen Xiaobei knew this woman!

This was f * cking awkward!

[Red Envelope Group of the Three Realms](#)

Chapter 2643: selling dreams

"As expected, you're a damn pervert!"

The woman glared at Chen Xiaobei and said, "The sect competition has just ended and you're already here looking for girls, just how thirsty are you?"

It was obvious that the beautiful woman was Xiao moxue.

After being taken advantage of by Chen Xiaobei in the Putuo City branch competition, Xiao moxue had already regarded Chen Xiaobei as a hooligan.

When Xiao moxue saw that Chen Xiaobei was going to join the beautiful Serpent Society, she even labeled him as a pervert.

Chen Xiaobei was embarrassed. He wanted to explain, but Xiao moxue would not listen.

He might as well not explain.

"Yo! Isn't she my mistress?"

Chen Xiaobei walked toward Xiao moxue with a frivolous smile.

As soon as he said that, the eyes of the pedestrians on the street immediately focused on him.

Some of them looked at Xiao moxue in surprise. Such a young and beautiful woman was already married? It was such a pity!

Being stared at by those eyes, Xiao moxue suddenly felt uncomfortable. Her ears were burning and her face was red. She wanted to find a hole and hide in it.

Some of them were looking at Chen Xiaobei with envy and jealousy. This kid was so lucky to be the husband of a goddess! She really wanted to beat him up to vent her anger!

Unlike the innocent Xiao moxue, Chen Xiaobei was an experienced driver. With his strong mental state, he ignored everyone's gazes and walked toward Xiao moxue with a smile.

"You hooligan! Don't come over! I don't know you!" Xiao moxue panicked and quickly backed away, trying to avoid Chen Xiaobei.

"You don't know me?" Chen laughed. Then how did you know that I just participated in the sect competition? You don't know me? Then why did you scold me when I came to the beautiful serpent Union? Why would I be angry?"

As soon as he said that, the onlookers also laughed.

"This kid is too much! After marrying such a high-quality goddess as a wife, he actually ran to the beautiful snake Union? You're too greedy!"

"That girl is a little stupid, what's the point of pretending not to know her? You should have pulled that kid's ear and made him kneel on the washing board!"

"That's right, pretending not to know him, that kid will only take advantage of you! We must use the Family Law to make him remember this!"

.....

It was obvious that the crowd really treated Xiao moxue and Chen Xiaobei as a couple.

After all, Xiao moxue had just scolded Chen Xiaobei in front of the entrance of the beautiful serpent gang. If they were not a couple, who would care if Chen Xiaobei came to the beautiful serpent gang?

"Misunderstanding ... Everyone has misunderstood ..."

Xiao moxue's face instantly turned red, and her two little ears were also red.

"Stop explaining! An explanation is a cover up!"

Chen Xiaobei grinned and grabbed Xiao moxue's hand. He then whispered into her ear, "Let's go home! If there's anything, let's talk behind closed doors, so that others won't say anything!"

this ... Xiao moxue just wanted to get away from the crowd, so she did not refuse. She let Chen Xiaobei pull her away.

.....

"Let go of me!"

When they reached a quiet alley, Xiao moxue immediately shook off Chen Xiaobei's hand.

Chen Xiaobei shrugged, stopped smiling and asked, "Aren't you going back to Tianji city's headquarters? Why did you come to sea god city?"

"None of your business!" Xiao moxue glared at Chen Xiaobei, then turned around and left the alley.

Chen Xiaobei looked at Xiao moxue's back and his heart was filled with complicated emotions. with Xiao moxue's identity, she must have a purpose for coming here. It might even be an order from the headquarters of Tianji city!

"And my enemies happen to be near the North Sea! This was probably not a coincidence! Perhaps there was something that had attracted them here?"

the situation is getting more and more complicated. Shen Gongbao, the Tianji city, and other unknown forces that I haven't discovered seem to be gathering toward the North Sea!

Chen Xiaobei frowned and exclaimed, " "It looks like something big is going to happen!"

.....

The beautiful Serpent Society.

Chen Xiaobei found the canopy in the VIP box.

Ever since Gao Xiaolan had learned " sex kick ", Tian Peng had become more restrained. There were no women in the room, only a table full of delicious food.

Beauty could be stolen, but Tian Peng couldn't give up on food.

"Xiaobei! Come! Sit down, let's eat and talk!" Tian Peng held a cup of wine in his left hand and grabbed the food in his right hand. He was eating happily.

"I'm not eating."

I don't think so. Chen Xiaobei shook his head and asked, " how's the promotion of the hundred fruits Dragon dick moonshine coming along? "

"Do you still need to ask? The effect of the promotion is simply explosive!"

"I've been back here for a few days now. Every day when I'm having fun, I'll find some weak-willed young masters and give them a small cup of hundred fruits Dragon dick moonshine!"

"Those who have tasted it will regard the hundred fruits Dragon dick moonshine as a divine product! Some people are willing to go bankrupt to buy a cup of wine, and some people are even willing to work like cows and horses for me in exchange for a cup of wine!"

"I've sent these people away. It won't take long for the hundred fruits Dragon dick moonshine to spread from one to ten to a hundred. It will get the best advertising effect!"

Tian Peng said seriously, "I'm almost certain that once the hundred fruits Dragon dick moonshine is on the market, it will be fought over by countless people!" Even if the price is sky high, there will still be people willing to buy it!"

Chen Xiaobei asked calmly, " "Second senior, you're not joking, are you? You seem to be exaggerating ..."

"You think it's exaggerated because you don't understand the pain of kidney deficiency!"

Tian Peng said seriously, " think about it. A super rich second generation with countless spiritual stones in his hands. In front of an extremely beautiful woman. However, when he takes out a gun, he can only be a real man for three seconds ... The greatest pain in life is this!

ppfft ... Chen Xiaobei was speechless."What you said makes sense, I'm actually speechless!

Tian Peng said seriously, "the hundred fruits Dragon dick moonshine can turn a man who only takes three seconds into a man who takes thirty minutes, or even seven times a night!" For those kidney-deficient young masters, this was the greatest pursuit of their lives! My biggest dream!"

so, you're saying that I'm not selling alcohol? I'm selling dreams???"

Tian Peng grinned and said, "everyone has dreams!" Mister kidney deficiency's dream is the hundred fruits Dragon dick moonshine!"

"Good! You've done well in this matter!"

of course! Chen Xiaobei smiled. I've already asked Jin Fei to go to Earth and move the assembly line of the factory to the royal city of beixuan! The factory was already built when it was built, and in half a month, it can be mass produced!"

"Just wait for your hands to cramp when you count the money!" Tian Peng laughed confidently.

"Let's put this matter aside for now!"

what's the matter?" Chen Xiaobei asked, "did you find out anything important in the past few days?"

"There are!"

Tian Peng's eyes narrowed and he said, "There's a life-and-death piece of information!"

Red Envelope Group of the Three Realms

Chapter 2644: complicated

"Hurry up and tell me!"

Chen Xiaobei's expression turned serious.

"When I was drinking last night, I met the young Master of the Ocean divinity sect!"

Tian Peng said, "this guy's mouth is very tight. I made him drunk and still couldn't get any information!" Luckily, you gave me the mind confusing sorcery art on New Year's Eve! I tried it on that guy! As expected, he revealed many secrets!"

"Hurry up and tell me!" Chen Xiaobei urged.

One must know that the sea god city was related to Deng junyu, Deng junyu was related to tu xingsun, and tu xingsun was related to ju liusun, which meant that he was related to the clan of enlightenment, and the clan of enlightenment was related to Shen Gongbao!

From this, it could be seen that the information coming from the mouth of the young Master of the Ocean deity sect must be of great importance!

"That guy said that the ocean divinity sect is working with some Immortals in the heaven realm to carry out a huge plan!"

"Those Immortals are Shen Gongbao, Lu Yue, Yang Wenhui, Chen Geng, Li Ping, and Mo lihail!" Tian Peng said in a deep voice.

Lu Yue!?

Chen Xiaobei thought, 'this guy is finally back! Previously, during the division disciple selection battle, Lu Yue's two disciples, Zhu Tianlin and Li Qi, had set up a sure-kill trap! If not for immortal dugu zang's interference, I would have been dead!'

"Lu Yue has always been extremely powerful! In the last cultivation tribulation, he was one of the top powerhouses in the tribe of severity! Not only is his cultivation powerful, but he's also extremely intelligent. He's also the number one person under the heavenly path Sage in the art of poison!"

Tian Peng said, "like Li Qi and Zhu Tianlin, Yang Wenhui, Chen Geng, and Li Ping are all Lu Yue's disciples!" As for mo lihai, he's an old acquaintance, so I don't need to say anything more!"

"Lu Yue, Yang Wenhui, Chen Geng, Li Ping!"

Chen Xiaobei narrowed his eyes and asked worriedly, " "They were originally extremely difficult opponents to deal with. After disappearing for such a long time, their strength and trump cards have probably all improved! To me, they are the greatest threat!"

"Yeah ..."

Tian Peng nodded and said, " they are not only difficult to deal with. The point is that they are all disciples of the tribe of severity! If you want to defeat them without injuring them, it's simply harder than ever!"

"I know it's difficult, but I have to face it!"

Chen Xiaobei said, " "Because they are all my master's disciples! Even if it's to repay master's kindness, I must save them! This is beyond doubt!"

of course I know that you're a loyal person. That's why I'm even more worried about your safety!

"You won't hurt them, but they're all trying their best to take your life!" Tian Peng said helplessly.

"It won't be easy for them to kill me!" "I'm more worried about Shen Gongbao than Lu Yue and the others!" Chen Xiaobei said.

"Yes, you're right!"

Tian Peng said, "I heard from the young Master of the Ocean deity sect that Shen Gongbao's strength has reached the seven-star earth-god level!" It was said that Shen Gongbao had the help of an immortal pill and the sunlight cache! His cultivation is rising every day!"

"This is normal!"

with dipamkara, the Vice-leader of the clan of enlightenment, behind him, Shen gongpao can easily break through to the earth God level! Chen Xiaobei said.

"Moreover, Shen Gongbao still has my nine-toothed rake!" Tian Peng said, "if the lamp-burning Daoist can help him unseal a part of his power, the nine-toothed rake can even unleash the power of a heavenly immortal!" That's the most dangerous!"

“Not only that!”

that’s right! Chen Xiaobei said, “ Shen Gongbao has taken Qin Wuxin’s blood ancestor’s stellar core. I’m afraid he has all the blood ancestor’s powers now! It will be even more difficult to deal with him!”

“Well said!”

Tian Peng nodded heavily, “the more I understand, the more I feel that danger is approaching!” That’s why I said that this is a life-and-death piece of information!”

what’s going on? ” Chen Xiaobei asked, “ did the Oceanus sect’s young master tell you the details of Shen gongpao’s plan? ”

“He didn’t say ...”

Tian Peng said helplessly, “Shen Gongbao’s plan only involved the sect Master of the Ocean deity sect and a few core elders!” It was strictly confidential to everyone else! No information was leaked out!”

Chen Xiaobei nodded and said, “ “Shen Gongbao has done a good job in keeping secrets! Even Tianji city couldn’t find a single clue about the scheme!”

“What should we do next?” Tian Peng said.

“No rush!”

“We’ll be safe until Shen gongpao’s plan is complete!” Chen Xiaobei said. In this period of time, I only have one goal, and that is to capture beiming Zhenfeng alive!”

“Beiming Zhenfeng?” “What for?” Tian Peng’s expression changed.

“Beiming Zhenfeng is the key for me to upgrade the Dragon’s edge!”

if I can upgrade the Dragon’s edge before Shen gongpao finishes his plan, I will have another bargaining chip to use against him! Chen Xiaobei said. Perhaps this will be the key to my victory!”

“But, if you want to catch beiming Zhenfeng, you should go to the beiming family. Why are you here?” Tian Peng’s expression changed.

“Eh? Don’t you know?” that’s right! Chen Xiaobei frowned. including the beiming family, all six of my enemies are working with Shen gongpao!

“Ah? I’ve never heard of it ...”

“The young Master of the Ocean divinity sect only said that a few genuine Immortals of the heaven realm were setting up the trap. He didn’t mention any other forces!” Tian Peng frowned.

“This is strange!”

“According to Tianji city’s Intel, all six of my enemies are stationed near the North Sea!” Why doesn’t the young Master of the Ocean divinity sect know about this?”

“Could it be that Shen Gongbao has set up two traps? One in the light? One in the dark? But why did he do that?” Tian Peng’s face was filled with confusion.

“Without any clues, we’re just guessing. It’s meaningless!”

Chen Xiaobei calmed himself down and said, “I’m going to the wild beast forest!”

“Wild beast forest?” Tian Peng nodded and said, “good idea!” The wild beast forest is a forbidden area for humans. The demonic beast clan might be able to find information that the heaven’s legacy city can’t!”

“Let’s go! Let’s keep in touch if there’s anything new!” Chen Xiaobei then left the beautiful serpent faction.

.....

After he came out, Chen Xiaobei gave dugu zang Xian a call.

The girl was in a weakened state and did not leave her room at all. She left all her work to her subordinates to handle while she was very free. The first thing she did was to pick up Chen Xiaobei’s phone.

“Chen Zhufeng! Your call came at the right time! I was just about to contact you!”

On the other end of the phone, dugu zang Xian’s tone was somewhat anxious!

Her state of mind was clearly not weak, and she was unable to deal with it calmly. Clearly, something big had happened!

Red Envelope Group of the Three Realms

Chapter 2645

2645 The Zhu family interferes

“What happened? Even you can’t calm down?”

Chen Xiaobei frowned. He could feel a sense of danger.

After all, immortal dugu zang was already a top-notch figure in the earth-god Realm. Something that even she couldn’t cover for must be no small matter!

“There’s movement in the heavenly Yin Hall!”

“You helped me deal with Zhu qiuhe on the rainbow cloud Island last time!” Dugu zang Xian said. “I’ll follow your suggestion and capture all the old monsters of heavenly Yin Hall as hostages! I originally wanted to negotiate with the Zhu family!”

“But I don’t know where the Zhu family heard the news that the annihilation banner in your hands is fake! Not only did they refuse all my requests, but they also threatened me to release her immediately! Otherwise, you’ll have to go to war with me!”

It was obvious that the Zhu family’s heavenly Yin Hall and dugu zang Xian’s nine nether platform were both among the top ten forces in the earth-god Realm.

Under the banner of these two great powers, there were over ten thousand main cities.

Once the war started, it would be a war of thousands of countries that would shake the entire earth-god Realm!

Even someone as powerful as dugu zang Xian would not be able to face such a situation calmly!

“What’s there to be afraid of?”

“The Zhu family doesn’t have the guts to start a war with you!” Otherwise, they wouldn’t have threatened you verbally, but would have directly taken action!”

“Be more detailed!” “Why doesn’t the Zhu family dare to start a war?” immortal dugu zang asked in a deep voice.

first of all, there’s a peak power in Luzhou, Northern Kuru, that’s stronger than your two families. It’s the Dragon God Palace!

“As long as the Zhu family starts a war with you, the Dragon God Palace will definitely take action! The Mantis stalks the cicada, unaware of the Oriole behind! You just need to hold on and not fight, and the Zhu family will definitely be stabbed in the ass by the Dragon God Palace!”

that makes sense ... dugu zang Xian heaved a sigh of relief, “ the northern kuruzhou is a balance of three forces. If the Zhu family dares to break the balance, they will definitely pay the price!

of course! Chen Xiaobei grinned. the Zhu family’s plan to capture you on rainbow cloud Island was to prevent a war from breaking out! To put it bluntly, they did not dare to start a war at all! They can’t afford the price of war!”

“Do you have any other ideas?” Immortal dugu zang asked again.

“Of course!”

“The hostages you’re holding are all big bosses under the wing of heavenly Yin Hall!” Each of them is in charge of several major cities, and more importantly, their followers are all over Northern kuruzhou!”

“Once the Zhu family starts a war, you can tell those old demons that the Zhu family has already given up on them and doesn’t care about their life or death! This way, their hearts will definitely waver, and they might even lean towards your side!”

“When the time comes, you can ask them to come out and call for the believers to rebel. This will cause a huge turmoil in the hinterlands of heavenly Yin Hall! Even if the Zhu family doesn’t die, their vitality will be greatly damaged!”

Dugu zang Xian, who was on the other end of the phone, couldn’t help but draw in a cold breath.

“Awesome!”

Immortal dugu zang praised, “a plan to sow discord and pull the carpet out from under the pot is equivalent to stabbing heavenly Yin Hall in the back!” This chain of schemes can even influence the final outcome of the war!”

there’s one last and most important point!

“Even though the [destructive hou] in my hands is fake, it is still a divine instrument!” Even if the Zhu family isn’t afraid of me, they’ll definitely be wary of my backer! In addition to the first two points, the Zhu family would never dare to start a war even if they had a hundred guts!”

“Yeah ...”

Immortal dugu zang sighed, “your backer is an existence that the Zhu family can’t figure out!” Fear came from the unknown! The more the Zhu family can’t figure it out, the more they’ll be afraid of you!”

“You’re not worried now, are you?” Chen Xiaobei smiled.

“Hearing you say that, I can really be at ease!”

After a pause, dugu zang asked, “can you tell me which force is your backer?” Or is it that Supreme Being with great power?”

“This is my secret. I can’t tell you for now.” Chen Xiaobei refused.

it seems like you want me to be wary of you ... immortal dugu zang sighed softly, his tone somewhat sour.

“It’s only interesting if we keep a little mystery to each other!” Chen Xiaobei smiled.

Chen Xiaobei was not an idiot!

Dugu zang had helped Chen Xiaobei a few times before. Not only did he save Chen Xiaobei’s life, but he also helped Zi Yuan and the others find the poison immortal realm.

But to put it bluntly, this was all part of dugu zang’s plan! It was all so that when he needed help, Chen Xiaobei would not be able to refuse his request!

The incident at rainbow cloud Island was the best proof!

Dugu zang Xian’s decision to let Chen Xiaobei pretend to be his fiancé was to push Chen Xiaobei into the line of fire of the Zhu family!

If not for Chen Xiaobei’s brilliant plan, even if he did not die on rainbow cloud Island, Zhu qiuhe would have taken revenge on him. The consequences would have been unimaginable!

From this, it could be seen that immortal dugu zang was a very shrewd woman!

She was nice to Chen Xiaobei because she had a request!

When she had no desire for Chen Xiaobei, she might just let him die a horrible death!

That was why Chen Xiaobei had to be on guard against her!

The reason why Chen Xiaobei did not take out the sunlight cache and did not reveal his backer was so that dugu zang would have something to ask of him!

Of course, in Chen Xiaobei’s heart, he still saw dugu zang Xian as half a friend.

As long as dugu zang did not betray Chen Xiaobei, Chen Xiaobei would not turn his back on him. When it was time to help, Chen Xiaobei would help him!

As for whether this half friend could become a true friend, that would depend on the development later!

“Right, speaking of my backer, I have something to ask you!”

Chen Xiaobei’s tone turned serious, “How did the Zhu family know that the destruction of heaven and earth banner was fake? Who gave them the information?”

“It might be the old man of heavenly secrets!” “The secret that I’m in a weakened state was told to the Zhu family by the old man of heavenly secrets!” Immortal dugu zang said.

besides, it could also be a guy named Shen Gongbao! “I personally think that Shen Gongbao is more likely to have leaked the information!” Immortal dugu zang said seriously.

“Shen Gongbao?”

Chen Xiaobei asked, “Why do you think Shen Gongbao is more likely?”

“Don’t forget, my nine nether platform is also famous for its intelligence gathering ability! My eyes and ears have found out that Shen Gongbao is a celestial from the heaven realm and is currently active in the ocean deity sect!”

“The Zhu family has been keeping a low profile ever since the incident at rainbow cloud Island,” dugu zang replied indifferently. Later on, Shen Gongbao went to the North Sea, and the Zhu family became arrogant and threatened to start a war with me! Therefore, it is most likely that Shen Gongbao has leaked the information!”

if that’s the case, the Zhu family might have also been involved in Shen Gongbao’s scheme!

Chen Xiaobei asked, “Then have you found out what Shen Gongbao is doing?”

[Red Envelope Group of the Three Realms](#)

Chapter 2646: icy Plains of the extreme north

“I didn’t find anything ...”

Immortal dugu zang shook his head and said, “I’ve only heard of Shen Gongbao’s name, but I’ve never seen him in person!” My eyes and ears didn’t even see his true body!”

“You haven’t seen the real Shen Gongbao?”

Chen Xiaobei was confused. then how do you know that Shen Gongbao has been to the North Sea? ”

“Since you’ve asked, I won’t hide it from you! The core Grand Elder of the ocean divinity sect is my eyes and ears!”

“But it’s a pity that Shen Gongbao only allowed him to manage the sect’s Affairs and didn’t take him to participate in any specific operations!” Dugu zang Xian said. Therefore, he could only find out about Shen Gongbao’s general movements, but could not investigate further!”

Chen Xiaobei’s eyes lit up.

He had heard from Tian Peng that within the ocean deity sect, only the sect master and a few core elders of the highest rank had participated in Shen Gongbao's operation.

From the looks of it, immortal dugu zang's eyes and ears were mainly in charge of managing the ocean deity sect after the sect master left.

Therefore, this spy could find out where Shen Gongbao had gone, but he didn't know what Shen Gongbao was doing. It was not strange that he had never seen Shen Gongbao himself.

Chen Xiaobei finally came to a preliminary conclusion."I can already make a rough guess!"

"What did you guess?"

Dugu zang asked in disbelief,"There are pitifully few clues at the moment. Can the things you can guess be more than what my eyes and ears can find?"

"You have eyes and ears, so do I!"

"If I'm not wrong, Shen gongpao's plan is to be in an independent space!" That's why your nine nether platform and the old man of heavenly secrets's heavenly secret City can't find out Shen Gongbao's specific actions! He's not in the earth-god Realm at all, so of course you can't find him!"

"You actually have eyes and ears in Tianji city?" Immortal dugu zang was somewhat surprised.

I've been in Tianji city for quite some time now. Isn't it normal for me to have one or two spies? " Chen Xiaobei smiled.

"That being said, I don't think your speculation is completely accurate!"

Immortal dugu zang was still calm,'the nine nether platform and the heaven Secret City alone can't prove that Shen Gongbao was moving in the independent space! It might be some other unknown place, such as the seven forbidden areas, the no man's land in the sea of stars!"

I'll be honest with you! Chen Xiaobei shrugged. since you're suspicious, I won't hide it from you! I also have my own eyes and ears around Shen Gongbao!"

how ... How is this possible?! Immortal dugu zang was shocked.

One had to know that nine nether platform's most impressive ability was its ability to collect information! He had eyes and ears all over the world, and could completely stand shoulder to shoulder with Tianji city!

However, even people as strong as jiuyou platform and Tianji city could not plant spies around Shen Gongbao.

But Chen Xiaobei could do it!

In this aspect, Chen Xiaobei was superior to the two peak powers!

Dugu zang Xian couldn't believe this!

I've planted a spy around Shen gongpao. Recently, he has been uncontactable. His phone has no Signal! Chen Xiaobei said.

“The loss of contact with your mobile phone doesn’t necessarily prove that your eyes and ears are in the independent space!” Immortal dugu zang sighed. It’s also possible that Shen Gongbao saw through him and killed him!”

“Mo lihai!”

I don’t think so. Chen Xiaobei said, “ your spies have mentioned this name before, haven’t they? ”

“What? That mo lihai is your eyes and ears?”

Immortal dugu zang was dumbfounded again, ‘according to my sources, this mo lihai is also an exalted immortal of the heaven realm! He ... How could he be your eyes and ears?’

“I can’t say much about mo lihai! All you need to know is that Shen Gongbao didn’t see through him! He has been following Shen Gongbao around and taking part in his overall plan!”

first, Shen gongpao has disappeared from the face of the earth! No one can track him down! Chen Xiaobei said. Second, mo lihai had been completely lost in contact! These two points are enough to confirm that they have entered an independent space that is isolated from the world!”

“Mo lihai is indeed alive!”

Immortal dugu zang admitted, “he’s been uncontactable all this time. It’s obvious that the environment doesn’t support him in contacting you!” The network signal in the earth-god Realm is very good. Except for the independent space, it’s impossible for there to be no mobile phone signal anywhere!”

Chen Xiaobei continued, “ this way, we can further deduce that the independent space is in the North Sea. Moreover, it is close to the position of heavenly Yin Hall!

“That’s right!”

Once again, dugu zang agreed with Chen Xiaobei, “ “If Shen Gongbao wants to enter the independent space, he must get the consent of the Zhu family! At that time, the Zhu family was worried about the heaven-destroying and earth-destroying banner! Shen Gongbao leaked the secret to the Zhu family in exchange for their trust and even formed an alliance with them!”

that’s right! Chen Xiaobei nodded. if we want to find out where Shen Gongbao went, we’ll have to start with the Zhu family!

“You want me to investigate?” Dugu zang was smart enough to understand what Chen Xiaobei was trying to say.

Chen Xiaobei grinned and said, “ the nine nether platform is resourceful. You must have eyes and ears in the Zhu family. I can only ask you for help!

“Alright, I’ll try!” Immortal dugu zang didn’t refuse.

She had helped Chen Xiaobei this time, so she could ask for his help next time. She would not be at a disadvantage.

“We have a direction to investigate Shen Gongbao! Next, I have another thing to ask you!”

I'm sure you've heard of my enemies in the earth-god Realm. Have you heard any news about them recently?" Chen Xiaobei asked.

"There are!"

Immortal dugu zang replied indifferently, "the six great factions that have enmity with you are currently in the Northern Plains, North of the wild beast forest!" They seem to be excavating something, but they haven't dug it out yet, so I don't know what it is!"

Chen Xiaobei's judgment was right. It was the best choice to ask immortal dugu zang about the information of The Six Forces.

"The icy plain of the North Sea?" wait! Chen Xiaobei said, " send me the exact location. I'll go there immediately!

"No problem," he said. Immortal dugu zang nodded and asked, " "Do you need any other help?"

"We'll see. I'll contact you again if I need anything!" Chen Xiaobei hung up the phone, summoned the somersault cloud, and flew into the sky.

.....

In the icy Plains of the extreme north.

This was a vast land of ice and snow, and it was also the dividing line between the north and south of the earth-god Realm!

The land to the south of this line was the Nanzhan state! To the north of the border was the vast and endless North Sea! Further north was the base camp of the demon race, North kuluzhou!

The earth-god Realm was extremely huge, and every part of it was unbelievably huge!

The somersault cloud already had the speed of a peak four-star earth-god, but it still needed seven days and seven nights to reach the designated location in the ice field of the extreme north!

"We can't waste this time!"

Chen Xiaobei took out an ancient book from his infinite space ring, " advanced witchcraft!

[Red Envelope Group of the Three Realms](#)

Chapter 2647: raising an immortal Gu

This book, " advanced voodoo spells ", came from the Grand gift package of the Grand moon true immortal on New Year's Eve.

Chen Xiaobei's cultivation could no longer be increased, and he had nothing to strengthen his trump cards. He could only use the time he had on the road to learn new skills.

Before this, Chen Xiaobei had already learned the low-level and mid-level voodoo spells, which was considered a solid foundation.

With the help of the scholar heart, learning advanced witchcraft was a piece of cake.

Of course, the advanced witchcraft had reached the level of a divine immortal. Even though there were no obstacles in the learning process, it still took Chen Xiaobei three days to fully understand it.

Because he was in a hurry, Chen Xiaobei did not use the sunlight cache. Instead, he spent three days and three nights learning.

If an ordinary person were to learn it, they would probably not be able to master it in 30 years, or even 300 years.

Chen Xiaobei only took three days, which was already super fast.

there are still four days to go. We can't waste any more time!

Chen Xiaobei calmed himself down and said, "I'll use this time to raise a heaven immortal level witchcraft spell!"

Chen Xiaobei then took out a small bottle.

Then, he took out a large amount of earth-god herbs according to the Gu cultivation formula in the advanced witchcraft spell. He burned the impurities with the witch Dragon heavenly flame and put the remaining essence of the herbs into a bottle.

Logically speaking, earth-immortal level herbs should not be able to produce heaven-immortal level witchcraft!

However, Chen Xiaobei already had a heavenly immortal-grade alien insect in his hands!

At this moment, he was only using medicine and the secret technique of the "advanced witchcraft spell" to induce the special ability of witchcraft in this strange insect! This was naturally a success!

That's right!

This alien insect was the invincible bull lice!

The invincible bull lice grew on the Bull Demon King's body and grew up drinking the Bull Demon King's divine blood from a young age. From there, they gave birth to extremely strong spirituality and innate abilities!

It was obvious that the invincible bull lice's innate ability was to suck blood!

It could bite through the Bull Demon King's skin, and no body below the heavenly immortal level could withstand its teeth!

It could suck the demonic bull King's divine blood, and anyone below the divine fairy realm would be sucked dry in minutes!

From this, it could be seen that the attack power of the invincible bull lice was very powerful. Anyone below the heavenly immortal tier would die without a doubt if they were touched by it!

However, the invincible bull lice also had a fatal weakness!

Its defensive power was almost zero, and even an ordinary person could crush it with a finger!

In that case, Chen Xiaobei could only release the invincible bull lice when he was confident that he could do it. If the enemy discovered him in advance, he would be able to kill the invincible bull lice instantly!

"I have two choices now!"

that's right! Chen Xiaobei thought to himself, " the first option is to strengthen the defense of the invincible bull lice, so that it can attack and defend, and not be killed so easily! The other option was to continue to unleash the attack power of the invincible bull lice! Let it increase its power on the basis of blood-sucking!"

It was obvious that this was a difficult choice.

If he chose to increase his defense, the invincible bull lice could only suck blood! By choosing a new ability, the invincible bull lice would still be weak!

"You can't have both!" Chen Xiaobei thought about it and decided to let out the invincible bull beetle.

The little thing bounced around in Chen's hand and looked around, but it did not see any prey that could suck its blood. It sighed in disappointment, " "Bro bei! Where's the prey? It's rare for you to let me out, but there's no blood to drink ... I was happy for nothing ..."

"I plan to make you stronger! After you become stronger, you'll have more opportunities to suck blood!"

Chen Xiaobei explained the two choices in the beast language and said, " "You can only choose one of the two, I want to hear your opinion!"

"Is there a need to choose? Decisively strengthen your attack!"

The invincible beetle said without hesitation, " bro bei, your acting skills are so good! You can always send me to the enemy without anyone knowing! Why do I need any defense? "

I don't know! Chen Xiaobei frowned. no matter how good my acting is, I can't guarantee that I'll be able to succeed every time ... If I make a mistake, you'll be dead!

"Bro bei, you're overthinking!"

The invincible bull lice said, " your enemies are getting stronger and stronger. Even if I have a celestial immortal's defense, I can't guarantee my safety! Besides, you don't have any heavenly immortal herbs right now, so you can't give me any heavenly immortal defensive power! If I'm discovered by the enemy, I'll most likely be dead! This is meaningless!"

Just as the invincible bull lice had said, Chen Xiaobei did not have any divine-level herbs. Be it to increase his defense or to increase his special ability, he would not be able to reach the level of divine-level.

If it was against a heaven fairy artifact, the Enhanced Defense this time would be meaningless!

"Bro bei! Don't hesitate! Help me gain a new ability!"

of course! the invincible bull lice decisively said, " my Enhanced Defense can't resist a heaven-immortal instrument, but my new special ability can allow me to deal with people who have heaven-immortal instruments! This is your best choice!"

“I really didn’t expect you to have such a brain, little guy!”

of course! Chen Xiaobei nodded. there are heaven-level divine instruments under heaven, but there are no real heaven Immortals! I’ll help you strengthen your defense, but it won’t be able to withstand a heaven-immortal artifact! It can create a new special ability that can deal with peak earth Immortals!”

“Right! This is the logic!”

of course! the invincible bull lice laughed. as long as bro bei can act as he normally does, and place me on the enemy’s body without anyone knowing, everything will be fine! It doesn’t need any defensive power!”

“Good! It’s decided!”

Chen Xiaobei quickly placed the invincible bull lice into the bottle filled with the essence of the earth-god medicine.

After that, Chen Xiaobei started to follow the secret method of “ advanced witchcraft ” and cast a mysterious witchcraft spell, injecting his ethereal force into the small bottle.

The effects of the medicine and the curse were unleashed at the same time, and it began to change the nature of the invincible bull lice bit by bit!

One had to admit that the Sorcerer tribe’s Mystic techniques were truly mysterious and profound. There were even many operations that went against the natural way!

It was like the change in the nature of the invincible bull lice-it was inexplicable and unreasonable! But it was still going on, bit by bit!

Wu Zhen’s special ability was also slowly being developed!

.....

The icy Plains of the extreme north!

In the vast World of Ice and snow, thousands of people were gathered around a huge ice cave.

At the same time, thousands of people were digging the ice cave!

At a rough glance, the huge ice cave was as big as more than a dozen football fields, and its depth reached an astonishing 10000 meters!

“Brothers, exalted immortal Shen asked us to come here and excavate the ‘10000-year-old ice soul’, but it’s been more than ten days, and we haven’t even found a ghost ... It can’t be that there’s no such thing at all, right?”

Beiming Zhenfeng frowned and sighed impatiently.

“Boom boom boom ...”

However, before beiming Zhenfeng could finish his words, the ice under his feet suddenly shook!

Mutation! Attack!

Red Envelope Group of the Three Realms

Chapter 2648: eight-Star Treasure

“What’s going on? Could there be an earthquake in the icy Plains? I’ve never heard of it before ...”

With the explosion of the terrifying earthquake, the higher-ups of The Six Forces above the ice cave all let out cries of shock.

boom boom boom ... Boom boom boom ...

At the same time, the huge ice cave cracked open!

Countless pieces of hard ice fell down to the bottom of the ice cave like a landslide!

The ice cave was as big as a dozen football fields, and its depth was over 10000 meters!

Because of this, the collapse of the ice was particularly terrifying!

The smaller ones were as big as trucks, while the larger ones were as big as mountains!

In just one or two minutes, the ice hole that was 10000 meters deep was actually filled up by 3000 meters!

The thousands of people in charge of digging in the ice cave were all buried under the three thousand meters of ice!

the tremors are gone ... Quick ... Quick, save him ... Save him ...

For a moment, the thousand or so people outside the ice cave began to clamor. They could not wait to rescue the excavator buried under the hard ice.

More than 200 immortal cultivators with fire nature vital essence rushed forward and jumped into the ice cave. They began to operate their vital essence to melt the ice cave and try their best to save the people buried under it.

However, those who had hurried to save him were all immortal cultivators of lower cultivation.

As for those with the highest cultivation, they didn’t move at all. They stood far away and didn’t even look into the ice cave. They were like a group of cold-blooded animals who didn’t care about the life and death of others and only cared about their own interests.

That’s right! This group of cold-blooded animals were the Supreme leaders of the six major forces, as well as the core upper echelons!

“Sect leader Chong, you are the most experienced and knowledgeable person among us. What do you think of the scene just now?”

The head of the Nangong family, Nangong Taikang, asked in a deep voice.

Chong wanren was the leader of heaven dominating faction. He squinted his eyes and said seriously, “when the earthquake erupted just now, I vaguely felt a special spirit. It’s clear that this wasn’t an ordinary earthquake, but a mutation caused by a spiritual object!

Jiang binghe, the master of the Jiang family, nodded and said, " "That's right! This old man also felt that spirituality! If I'm not mistaken, it should be the '10000-year-old ice soul' that exalted immortal Shen asked us to excavate!"

"This is great!"

The head of the CAO family, Cao anling, said excitedly, " this 10000-year-old ice soul triggered a huge vibration in the ice, which means that our people are about to touch it. In this case, we just have to keep digging, and we will be able to get it soon!

"It's not that simple!"

The head of the Ximen family, Ximen Pingchang, sighed, " "The 10000-year-old ice soul activated the shock to protect itself! From this, it could be seen that this treasure was already sentient and was about to become a demon! The huge quake just now not only caused the ice above to collapse, but also the layer of ice below!" The ten-thousand-year-old ice soul must have fallen into a deeper place!"

"It doesn't matter if we fall deeper! This shows that our general direction is correct!"

Jiang binghe said,"as long as we rescue the people who are buried and continue to dig, we will definitely be able to find it!" After all, the 10000-year-old ice soul was only close to a demon, but it wasn't a real demon! It can't run away no matter what!"

"Who are you saving?"

Beiming Zhenfeng said coldly,"those who are buried are only the bottom of the major forces!" Lives were as cheap as grass! There was no need to waste energy to save them! I'll just call another group of people over!"

Jiang binghe wasn't a good person either, he said indifferently, " "Of course I know that the lives of those servants are cheap, but it will take a lot of time to transfer more people over. We can't just wait here, right?"

"Master ... We have no choice but to send people over ..."

At this moment, an elder of the Jiang family ran over and said in a deep voice, " the ice layer has been broken, and the buried people have all turned into frozen corpses. None of them can be saved ...

how ... How is this possible?!

When the six old fogeys heard this, they were all stunned and asked in surprise, " "The people who were buried were all one-star earth-level deities in the primordial soul realm! His body and soul were far stronger than ordinary people, so how could he turn into a frozen corpse in the blink of an eye? How low is the temperature?"

"Yes, I am!"

"The temperature in the ice cave is dropping rapidly," the Jiang family elder said in a deep voice,"it's hundreds of degrees lower than when we first arrived! Even the 200 fire-element powerhouses who went down to save the others couldn't take it anymore and all retreated!"

“What?”

The six old men were shocked and could not believe their ears. “Even those two hundred fire-type experts couldn’t endure it? Isn’t this a little too exaggerated?”

One must know that the thousands of people buried here were all low-ranking members of the six superpowers. Their cultivation levels were not particularly high, so it was understandable that they had turned into frozen corpses.

However, the more than two hundred fire-elemental powerhouses who went down to save the people were all middle-level members of the six superpowers. Their cultivation was between the Golden elixir realm and the nascent soul realm!

More importantly, these two hundred people had all cultivated fire attribute cultivation techniques, and their protective Zhen Yuan was the nemesis of ice!

If even they couldn’t bear it, one could imagine how terrifying the low temperature under the ice cave was!

“It seems that this ten thousand year ice soul is much more powerful than we thought!”

Nangong Taikang’s eyes narrowed, and he said seriously, “if even the middle layer can’t withstand the low temperature, then only US, the higher-ups, will have to personally go down and dig!

“Now that things have come to this, we can only do it ourselves!”

no! Ximen Pingchang said coldly. find the 10000-year-old ice soul as soon as possible. Exalted immortal Shen will give us many benefits and even let us participate in the plan to kill Chen Zhufeng! Our six families are all looking forward to the day we get our revenge!”

“Well said! Let’s get into action immediately!”

Beiming Zhenfeng’s killing intent surged as he shouted, “The sooner we find the 10000-year ice soul, the sooner we can kill Chen Zhufeng! We’ll use Chen Zhufeng’s head as a sacrifice to the spirits of The Six Forces! We will use Chen Zhufeng’s blood to wash away our shame!”

As soon as he said that, the leaders and higher-ups of the six major forces were all ignited with fighting spirit. Hundreds of people rushed towards the ice cave together.

Among them, the six leaders were all seven-star earth-Immortals, and the remaining 90-odd high-level elders were all five to six-star earth-Immortals!

After they rushed into the ice cave, the 90-odd elders also retreated in a hurry!

Even they couldn’t withstand the low temperature in the ice cave!

“This is too terrifying!”

Jiang binghe said in shock, “only the six of us can withstand such a terrifying low temperature!” It’s clear that the ten-thousand-year ice soul is at least an eight-star earth-god item!”

Beiming Zhenfeng nodded heavily and said, "yes!" It had not even become a demon, but it was already so powerful! Once it becomes a demon and knows how to control its power, I'm afraid even the six of us won't be able to handle it!"

Hearing this, the other four leaders couldn't help but sigh, " "No wonder exalted immortal Shen attached so much importance to this item! Even we are very tempted and want to take it for ourselves!"

.....

At the same time, above the ice cave.

Chen Xiaobei was observing the scene while he was hiding himself. "I'm also very tempted! I must get this 10000-year ice soul!"

Red Envelope Group of the Three Realms

Chapter 2649

2649 Domineering boy

Chen Xiaobei had been at the scene for quite some time now. He had been using the Nightstalker outfit to hide his presence and observe the situation clearly.

Of course, he had also seen the power of the 10000-year-old ice soul clearly! As long as it fell into Chen Xiaobei's hands, it would become a trump card!

Moreover, Shen Gongbao wanted the 10000-year-old ice soul. Even if it was not powerful, Chen Xiaobei would still take it away from him. He could not let it fall into Shen Gongbao's hands!

"But there's a big problem now ..." He said.

Chen Xiaobei furrowed his brows and thought to himself, " my physical body is only at the strength of an early-stage four-star earth-god, so I can't withstand the frighteningly low temperature of the ten-thousand-year-old ice soul!

At the same time, the six leaders in the ice cave had already started to move. They split up into six directions and began to dig down quickly.

Chen Xiaobei frowned and said, " "If they get the 10000-year-old ice soul first, they'll give it to Shen Gongbao immediately. I can't take it away from them! If I'd known, I would've brought elder Ming along ..."

Obviously, Chen Xiaobei's strongest card was the pinnacle infinite sword formation. It was impossible for him to take the 10000-year ice soul from these six old geezers!

If he brought elder Ming along, not only could he snatch the ten-thousand-year-old ice soul, but he could even exterminate the six old ghosts here!

Of course, there was no medicine for regret. It was too late to contact elder Ming now.

What's more, Shen Gongbao still had a bigger picture to play. Calmly and rationally, it was not appropriate for elder Ming to show up early!

“I’ll have to do this myself!”

Chen Xiaobei’s eyes narrowed as he began to calculate, ” “If my body can’t withstand the cold, who among my companions can?”

Chen Xiaobei quickly went through the list of candidates in his mind.

Liu xuanxin, Zhao Yun, Lu Bu, Diao Chan, shaman Lord yaoshu, heavenly poison, and Beast Tamer were all seven-star earth Immortals.

However, just like elder Ming, they were Chen Xiaobei’s hidden cards. It was not wise to reveal them too early.

Furthermore, Liu xuanxin, Zhao Yun, Lu Bu, and Diao Chan’s cultivation had all been forcefully raised through their inheritances. Their foundations were not stable, and they were no match for the six old geezers.

Other than them, Chen Xiaobei had three other options!

Zi Yuan, the waiter, and the winter Witch!

Zi Yuan had become a demon from extreme poison and had already cultivated a Dharmakaya! She did not have a physical body and her nascent soul was in her Dharmakaya, so she was not afraid of low temperatures at all!

The witch of winter was the weapon spirit of the limitless nine floor Pagoda. Like a ghost, she was in a spiritual state and was not afraid of low temperatures!

As for Xiao ‘er, he was the top of the ten most ferocious insects in the untainted land, the twelve-winged Golden Cicada!

Its body was very special. It could devour everything in the six DAOs the moment it was born! It was as if he had a special immunity. No matter what or how much he ate, Xiao ‘er would be safe and sound!

Because of this, Xiao ‘er’s body was naturally immune to poison and fire!

Although the temperature in the ice cave was terrifying, it was nothing in front of Xiao ‘er’s God-level immunity!

“Zi Yuan and Lin Dong are both at bei Xuan faction, only the waiter is by my side! Although I have the returning bracelet, I’ll definitely be discovered if I open the space gate! This time, we can only rely on the waiter!”

Chen Xiaobei took a deep breath and let Xiao ‘er out.

“Bro bei? What the hell was this place? Why is there ice and snow everywhere?”

The waiter was like a curious baby. The moment he came out, his eyes were wide open and he looked around non-stop.

“This is the Northern Ice Field!”

Chen Xiaobei lowered his voice and said, " "Waiter! I'm asking you seriously! Do you feel cold in such an environment?"

"Cold? Of course I feel it!"

The waiter paused and said,"but I'm not afraid of the cold!" Unless it's the low temperature of a God, it won't affect me at all!"

"That's great!"

"There's a 10000-year-old ice soul under this ice!" Chen Xiaobei exclaimed excitedly. Help me bring it back!"

"Ten-thousand-year-old icesoul?"

Hearing this, the waiter also became excited, " "That's good stuff! The taste is definitely the best of the best!"

"Idiot! The 10,000-year-old ice soul is not for you to eat!"

"This thing is very important to me!" Chen said seriously. Help me get it first. If there are other good things in the future, I'll definitely let you eat them!"

alright ... Xiao 'er was a little disappointed, but he still listened to Chen Xiaobei."I'll go now! Bro bei, wait a minute!"

"Don't rush!"

Chen Xiaobei was also very concerned about Xiao 'er, so he reminded him, " "There are six old men under this ice! You have to avoid them! If you encounter any danger, retreat immediately! Even if I don't want the ten-thousand-year-old ice soul, I can't let anything happen to you!"

bro bei, didn't you say that the 10000-year-old ice soul is very important to you? " The waiter asked in confusion.

"The 10000-year-old icesoul is more important than you!" Chen Xiaobei said in a serious tone.

"Waa! Bro bei! You're so good to me!"

The waiter was immediately very excited. "It's a pity that I'm a boy. Otherwise, I'll definitely repay you with my body after I transform into a human!"

"Pfft ..."

Chen Xiaobei was embarrassed and said, " "Who taught you to say such things? It's so mushy ... You're a boy! It had to be domineering! Do you understand?"

"Good! I want to be a domineering boy!"

The waiter said with a serious face,"this time, don't even mention the six old guys!" Even if there were six heavenly deities! I want to help bro bei get back the 10000-year-old ice soul!"

"Not bad! How domineering!" Chen Xiaobei grinned and gave her a thumbs up.

"I'm off! Bro bei, wait for my good news!" The waiter jumped onto the ice surface, opened his mouth, and bit out a small ice hole. In the blink of an eye, he entered.

Chen Xiaobei nodded and used his golden gaze fiery eyes to watch Xiao 'er leave.

The speed at which the waiter ate and bit was not an exaggeration! Even the door to the treasure vault of a seven-star earth-god item was as fragile as tofu in its mouth!

To Xiao 'er, this hard ice was like an explosion. It could not cause any obstruction to him at all!

In just a few seconds, Xiao 'er had disappeared from Chen Xiaobei's sight.

From this, it could be seen that the depth the waiter had descended to had far exceeded the visual limit of the fiery golden eyes.

Furthermore, other than speed, the waiter had another unique characteristic.

That was, he had a keen sense of smell for Feys!

As long as there was good stuff nearby, the waiter could smell it and accurately determine its location!

In this case, the six old men would have to dig slowly and search carefully. They couldn't miss any details!

However, the waiter could go straight to the target without taking any detours!

The result was self-evident!

"I found it!"

Finally, about 5000 meters below the ice, the waiter was the first to find the 10000-year-old ice soul!

Chapter 2650: witchcraft soul hunting

It was an icy blue gem the size of a pigeon's egg!

Its surface was extremely round and smooth, and it was slowly emitting an icy blue spiritual light that was like smoke. At first glance, it looked like a small soul of a hero!

Of course, it wasn't a spirit body. It was an ice essence core!

According to the legends, the formation of an Ice Spirit required hundreds of millions of years to continuously absorb and condense the essence of ice and snow. During the process, it also required a large spiritual vein to provide it with an endless supply of spiritual energy!

After hundreds of millions of years, the ice essence would accumulate to an incomparably huge amount, and then, the quantitative change would lead to a qualitative change!

The ethereal essence of ice and snow had completely condensed into a physical body, and crystallized into an Ice Spirit!

After the 10,000-year-old ice soul was formed, it absorbed the entire spiritual vein and grew for more than 10000 years in an 'imitation cultivation' state!

This kind of 'imitation cultivation' state couldn't improve the cultivation level of the ice Spirit, but it could improve its quality and intelligence!

Simply put, after hundreds of millions of years, the essence of ice and snow had gathered to form an ice soul! The ice Spirit had grown for tens of thousands of years in the 'cultivation imitation' state, and it had grown into an eight-star earth-god item! That was how the ten-thousand-year-old ice soul came to be!

Its growth was extremely difficult, which was why it had such extraordinary spirituality!

In terms of quality, this ten-thousand-year-old ice soul was far stronger than the poison Zi Yuan had before he became a demon!

Of course, Xiao 'er didn't care about this. He took the 10000-year ice soul and returned as fast as he could!

.....

As the waiter got closer to the ground, the temperature of the entire room dropped.

Chen Xiaobei already had a four-star earth-god level body and a layer of ethereal force shield, but he still felt a bone-piercing cold.

Of course, Chen Xiaobei had already prepared for this. He had sent the Sumeru dimension to the bottom of the ice.

As soon as Xiao 'er got close, Chen Xiaobei put him into the Meru space. Of course, the 10000-year ice soul was also put in!

In the next moment, the surrounding extreme cold immediately disappeared!

"This ten-thousand-year-old icesoul is too powerful! This is a huge profit!"

Chen Xiaobei was so excited that he quickly put himself into the Meru space.

Chen Xiaobei had split the Sumeru space into two. One was the spirit-condensing space where the reincarnated earth level deities were locked up, and the other was the beautiful Poison God Space!

However, just a few seconds after the 10000-year-old ice soul entered, it directly turned the poison immortal space into a World of Ice and snow!

"Chi ..."

Luckily, Chen Xiaobei had caught up with them. He cut out a small independent space and kept the 10000-year ice soul.

With the separation of space and time, the extreme cold was also locked in the small independent space and could not leak out. Otherwise, Chen Xiaobei would not be able to withstand it and might even freeze to death!

"Bro bei, your body is not strong enough ..."

Xiao 'er looked at Chen Xiaobei's pale face and asked worriedly, " "You can't use it even if you have the ten-thousand-year-old ice soul ..."

"Who said I can't use it?"

Oh? " Chen Xiaobei raised his eyebrows and said, " I got three demonic spirit petrification stones on New Year's Eve!

"What? You actually have a demon spirit point stone?" The waiter was shocked.

"That's right!"

of course! Chen Xiaobei grinned. as long as I use the demonic spirit to petrify the ice soul, it will be able to turn into a demonic spirit like Zi Yuan! After that, I'll sign a primordial spirit blood contract with it, and it'll be loyal to me forever!"

"That being said, you still can't operate it ..."

what? " the waiter frowned and said, " in order to create a demon spirit, other than lighting the stone, you also need a large amount of spiritual energy. You can't do it in the independent space! In addition, when signing the primordial soul blood contract, you must come into contact with the ten-thousand-year-old ice soul! I'm afraid you'll be frozen to death before the contract is signed ..."

"I have a way to control the process of creating the demonic spirit!" And it's even faster than using spiritual energy!"

Chen Xiaobei took out the heaven and earth furnace.

At the same time, Chen Xiaobei took out a demonic spirit petrifying stone and placed it into the heaven and earth smelt.

The heaven and earth smelt could change its size. After shrinking, Chen Xiaobei sent it into the small independent space.

"Bro bei is so smart!" The waiter's eyes lit up and he praised, " "This way, the heaven and earth smelt will continue to release the heaven and earth spiritual aura. Together with the demon spirit petrification, the speed of the demon spirit's growth will be a hundred and eight thousand times faster than using spiritual energy!

"It's only a matter of time before the demon spirit is born! The biggest problem now is how to sign the primordial spirit blood contract?"

first of all, the 10000-year ice soul is an 8-star earth-god item. But I don't have enough Heaven Earth spiritual aura. I think it will only reach the level of a 6-star earth-god after it becomes a demon! In this case, I have to find the blood of a six-star earth-god and above to make a blood contract!"

secondly, before the blood contract is signed, the 10000-year-old ice soul is out of my control. Just like you said, I'm afraid I'll be frozen to death before the contract is signed!

Although Chen Xiaobei had already obtained the 10000-year ice soul, he still needed to put in a lot of effort to turn it into his trump card!

Xiao 'er thought for a moment and said, " if you ask me, the earth level deity's blood isn't that hard to find. The key is, bro bei. How are you going to overcome the extreme cold of the 10000-year-old ice soul before you sign the contract? "

"I'll think about it. There's still some time before I can form my demon spirit."

"The most important thing now is to capture beiming Zhenfeng!" Chen Xiaobei said. Since we've taken the 10000-year-old icesoul, the temperature outside will quickly rise again. Once they sense something is wrong, I won't have the chance to do anything!"

but, bro bei, how are you going to catch him? "

The waiter was worried. those six old guys are all seven-star earth Immortals. Your 'pinnacle infinite sword formation' can't kill beiming Zhenfeng instantly. Once the battle starts, you can't escape immediately. You'll be surrounded by the six of them in an instant and you'll lose for sure!

"Hehe, you don't have to worry about that!" Chen Xiaobei grinned and said confidently, " "I'll introduce you to a new partner!

"New partner?" The waiter was stunned for a moment and was instantly filled with curiosity.

Chen Xiaobei released a strange red insect from the ring of all beasts!

This strange insect was only the size of a green bean. It had a metallic shell, sharp horns, and sharp fangs!

Its entire body was emitting a strange red spiritual light, like a small fire seed that could burn at any time!

"What a strange aura ... And it's not afraid of me at all!" "It shouldn't be an ordinary insect, right?" the waiter was a little surprised and asked awkwardly.

"That's right! It's a witchcraft spell!"

"Its new name is Soul Hunter!" Chen Xiaobei said.
