

## Envelope 2681

### Red Envelope Group of the Three Realms

#### Chapter 2681: three items

“Clang!

The sharp sword whistled through the air, its shadow like a rainbow piercing through the sun. It passed through the dense mass of burning men and nailed itself to a special position in the northeast corner of the area at an extremely fast speed.

When this sword was thrust out, it killed dozens of flaming men. Compared to Xuan PO's attack, it was indeed far inferior.

“Bro bei! Aren't you just wasting your energy?”

Xuan po frowned and said, “I've told you. This round is very special. Even I can't pass it. Your sword won't be of any use!

“Is that so?” Chen Xiaobei chuckled.

However, in Chen Xiaobei's calm tone, there was a domineering aura, as if everything was under his control!

Whoosh ... Whoosh ...

In the next moment, the thousands of burning men around them were all extinguished. They disappeared from the space, leaving no traces behind!

“Ka! Ka! Ka ...”

After waiting for a while, no new Burning Man appeared. Instead, on the stone wall in front of them, a secret compartment containing the reward appeared!

how ... How is this possible?!

Xuan po was dumbfounded and could not believe his eyes, “Bro bei! You ... You really passed ... And you really did it with one sword! This is unbelievable!”

heh, this trial was originally very simple. There's no need to make a fuss. Chen Xiaobei shrugged and walked towards the sword.

“Bro bei! How did you manage to do that?” Xuan po hurriedly chased after him. I can't think of a way to break out of this situation. Why did you do it? you can do it so easily? ”

“Clang”

Chen Xiaobei pulled out The Fiend King sunflower sword and pointed at the rock that had been broken by the blade. the reason why the fire men here can be reborn infinitely is because there is a magical formation hidden in this space!

“The formation draws spiritual energy from the underground spiritual veins and continuously produces fire men! As long as the spiritual veins are not exhausted, the fire men will not be extinct!”

that's why the only way to break out of this situation is to break the hidden array!

of course! Chen Xiaobei smiled. the rune we got in the previous round is one of the rune cores of this invisibility formation!

"After the seal scripts were taken away, the formation eye became empty. The master of the monument used a secret technique to condense an illusory seal script to suppress the formation eye!"

"My sword attack just now pierced through this illusory rune! Once the formation core is broken, this concealment array will be completely ineffective!"

Chen Xiaobei then walked to the secret compartment and took out the reward for this round.

"Bro bei! You're really amazing!"

Xuan PO's worship was simply a mess."Not only did you guess the intention of the monument's master, you also correctly inferred the way to break the situation! More importantly, you've accurately found the weak formation core! If it was someone else, it would be impossible for them to break the formation so easily!"

Chen Xiaobei took out the reward and immediately communicated with it. "This ... This is an incomplete formation-diagram! However, this isn't an ordinary drawing. It's a magical treasure similar to the blood God's immortal-slaying painting!"

"A damaged magic treasure?" "What's the use of this?" Xuan po asked, puzzled.

"Bang! Bang! Bang! Bang ..."

Chen Xiaobei did not answer. Instead, he activated his fiery golden eyes and scanned the surrounding space.

Then, Chen Xiaobei flicked out hundreds of ethereal force, shattering the stone walls and ground around him, revealing hundreds of holes.

"Bro bei, what are you doing?" Xuan po was dumbfounded.

"Woof! Buzzzzzz! Yi ..."

Then, Chen Xiaobei released hundreds of ethereal force into the holes.

Each wisp of true essence took out a jade talisman of different sizes and shapes from a pit.

I used my golden gaze fiery eyes to scan all the runes in this formation. As long as I can merge the runes with the formation, I can repair part of the formation's special ability! With some special materials, it can be completely restored!"

"Amazing! My brother!"

Xuan po became excited,"so the Jade talismans you dug out are all talisman patterns of an array!" Once the formation diagram is restored, you can bring this formation with you at any time! If an enemy doesn't know how to break the formation, they will be exhausted to death once they are trapped!"

"It's not just this!"

I know the 'magical treasure fusion'. If I combine this formation with the 'Blood God's deity-killing painting', and use it with the 48 clones of the blood God, its power and level will be greatly increased!

"This is too good!" "Then what are we waiting for?" Xuan po asked excitedly. Bro bei, you can start repairing and fusing now!"

"Idiot!"

"You think I'm a God?!" Chen Xiaobei laughed. The restoration and fusion would take a lot of time! Don't forget, there are still pursuers behind us! For now, we can only continue moving forward. We'll talk about the restoration and fusion later!"

"This array was left behind by the master of the monument. If we don't repair it, I'm afraid we won't be able to pass the next round!" Xuan po said worriedly after thinking for a while.

"Let's go take a look first!" it's fine! Chen Xiaobei furrowed his brows. if it can pass, then pass. If it can't, then it's not too late to fix it!

After that, Chen Xiaobei put away the formation and runes and rushed to the next level.

.....

This time, Chen Xiaobei and black soul walked for a long time. They passed through a long cave before they finally arrived at a huge, open Grotto-heaven.

The area of this Grotto-heaven was probably the size of ten football fields, and its height was no less than a thousand meters.

"Looking at this situation, there's going to be a big move!"

Chen Xiaobei did not enter the grotto-heaven immediately.

"I don't care if it's a big move! Anyway, we all have to break through! I'll go and help bro bei!" Xuan po flapped his Ice Wings and charged into the heavenly abode.

"Don't mess around! Underestimating the enemy is a great taboo in the military!" Chen Xiaobei was a little worried.

"Whoosh ..."

Before he finished speaking, a change happened.

With a strong spiritual fluctuation, three spiritual lights suddenly flashed in the hollow!

Just like a teleportation array, the three spiritual lights each brought an item into the hollow!

"What's the situation? A reward as soon as he appeared? Where are the difficulties!"

Chen Xiaobei and black soul were stunned. They did not expect this to happen.

"Let's go over and take a look first!"

Chen Xiaobei calmed himself down and walked towards the three spiritual lights.

Within the spiritual light, there were two ancient books and a pile of medicinal herbs.

“” Fiery King artifact refining general outline “? &Lt; fiery King secret alchemy technique >? It seems that the master of the monument should be this ‘fiery King’! ”

Chen Xiaobei took out the two ancient books and flipped through them. “I’m not good at refining, but I can learn! I’m already proficient in alchemy, but I can learn new pill recipes! I can use both of these ancient books!”

as for these herbs ... Chen Xiaobei was shocked.

### Red Envelope Group of the Three Realms

#### **Chapter 2682**

2682 Ten-thousand-year infernal spirit

“Bro bei! Why are you always like this! He’ll die at the critical moment!”

Xuan po asked curiously, “what’s the situation with these herbs?” Why are you so shocked?”

these are all five-star earth-god elixirs. They’re very rare on the market. You might not be able to buy them even if you have the money!

earth-god medicine is the same as demonic beast carcasses. Anything above five-star is priceless. Five-star is basically the best earth-god medicine on the market!

“Oh my God!”

When Xuan po heard this, his face was filled with shock, “ there are more than a dozen five-star earth-god herbs here! Bro bei, you’re rich!

“I’m rich indeed!”

earth-god medicine is not as useful as the demonic beast carcasses, ” Chen Xiaobei said. but even if I can’t sell it for 100 million upper-grade spiritual stones, I can still sell it for tens of millions! All of these earth-god elixirs added together were worth nearly one billion! This is the rhythm of getting rich in an instant!”

“Bro bei ...”

Xuan po frowned. Not only was he unhappy, but he was also disappointed, “ “That formation just now, it couldn’t have been the last stage, right? Were these three items the final prize? This is too weak ...”

“This ...”

logically speaking, fiery King’s cultivation and Foundation are both far superior to Fang Changyuan’S. He should have left more than these three items for his successor ... But other than these three items, there’s nothing else here ... Chen Xiaobei said.

“Fiery King is just a paper tiger!” the Pearl Hall has prepared for so long and sent so many people, ” Xuan po said. in the end, the trials in the ruins are so simple. There’s no challenge at all!

“No! It’s wrong!”

'Fiery King must have put in a lot of effort to design this ruin!' Although the things he left behind were few, they were all his unique trump cards! It's clear that he's sincerely trying to find a suitable successor!"

"What does this mean?" Xuan po asked in confusion.

this means that fiery King's time was up! Chen Xiaobei explained. he did not have much hope in himself! Since he's going to die, he'll definitely give everything he has to his successor!"

"That makes sense!" Xuan po nodded and said,"these two ancient books and a bunch of medicinal herbs should be the most precious things of fiery King, right?."

"No!"

that's right! Chen Xiaobei said, " fiery King's cultivation and Foundation are far superior to Fang Changyuan's. The most precious thing to him is his cultivation and all the resources he has accumulated in his life!

cultivation and resources?!

Xuan PO's expression froze for a moment before he said,"these two things haven't appeared yet!" In other words, the three items in front of him were not the final rewards! The hidden array just now was not the final obstacle!"

"That's right!"

yes! Chen Xiaobei nodded. if I'm not wrong, these three things are not rewards. Instead, they are a new challenge!

Xuan po was stunned again and asked in surprise,"these three things are the new difficulties?" How is that possible?"

"BOOM!"

At this moment, an explosion suddenly came from the top of this huge Grotto-heaven!

What followed after the explosion was an incomparably blazing flame and a terrifyingly high temperature!

It was as if a small sun had appeared at the top of the cave. The bright light shone in all directions, and no one dared to look at it directly!

And wherever this light touched, the temperature instantly soared, and the rocks almost turned into lava in the blink of an eye!

"Bro bei! Hurry up and run!"

Xuan po quickly grabbed Chen Xiaobei, the two ancient books and the herbs, and left the grotto-heaven.

As soon as they left, the ground in the grotto-heaven melted and turned into flowing lava!

The stone walls and stone ceiling of the heavenly abode were also melted into lava by the high temperature, and it kept dripping down!

In an instant, the ground in the huge cave turned into a sea of lava. Lava rain fell from the sky, directly turning the cave into a lava space!

If ordinary people dared to step in, they would be burned to ashes in an instant!

“My God ... What ... What is going on?”

Chen Xiaobei and black soul retreated out of the grotto-heaven, their eyes wide with shock.

Fortunately, the temperature outside the grotto-heaven was not that high. After the black soul released its coldness, it could withstand the heat and protect Chen Xiaobei from harm.

“Bro bei! You were right! This was truly a new challenge! Furthermore, it’s rare and terrifying!”

Xuan po calmed down and finally calmed down, “The core of this terrifyingly high temperature should be a ten-thousand-year-old infernal spirit! Furthermore, it’s an eight-star earth-god!”

ten-thousand-year infernal spirit!?

Chen Xiaobei’s pupils constricted. “If that’s the case, then isn’t that the same thing as your true ten-thousand-year-old icesoul?”

“Right!”

Xuan po nodded and said, “this ten thousand year infernal spirit is of the same grade as my main body. It is rare in the world and extremely powerful!” Even if I were to use all my strength, I would only be able to fight it to a draw. I definitely wouldn’t be able to suppress it!”

“Fiery King is indeed not an ordinary person!”

Chen Xiaobei took a deep breath and said, “This ten-thousand-year infernal spirit is the strongest trump card in fiery king’s hand! It was also the final challenge of this ruin! As long as we get through this, we can get everything that fiery King has! If we can’t, all our previous efforts will be meaningless!”

“I can’t do anything about this ... It’s all up to bro bei now!” Xuan PO’s brows furrowed and he was dejected.

“Don’t panic!”

Chen Xiaobei calmed himself down and said, “Fiery King wants an heir, not to kill! Even a seven-star earth-god couldn’t break through this level. Obviously, we can’t fight them with force, but with wisdom!”

“Outwit him?” “How?” Xuan po asked, puzzled.

if I’m not wrong, the way to break through is hidden in one of the three things that fiery King left behind! Chen Xiaobei said.

“Bro bei, are you talking about the two ancient books and the herbs?” “How can these things subdue the ten-thousand-year infernal spirit?” Xuan po was puzzled.

of course it’s possible!

“These two ancient books are the blood, sweat, and tears of the fiery King. They are his own secret manuals!” Only those who had learned these two ancient books could become fiery King’s successor! Only then can you subdue the ten-thousand-year infernal spirit left behind by the fiery King!”

“Learn the two ancient books? Is it here?” Xuan po was dumbfounded, “how long will it take?” I can ignore the pursuers behind me, but I can’t resist the high temperature here indefinitely! As time passes, there will definitely be losses!”

“Heh, don’t worry!”

Chen Xiaobei laughed. when it comes to studying, I’m not targeting anyone. I, Chen Xiaobei, am definitely the top student in the heavenly realm!

“First place? A top student?” When Xuan po heard this, he was stunned.

“Besides, I don’t need you to resist the heat!” Chen Xiaobei then brought the black soul into the Meru space.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2683**

2683 I’ll carry you to a lying win

As soon as he entered the Meru space, Chen Xiaobei brought Xuan po into the verdant Emperor’s divine gourd.

Chen Xiaobei’s learning ability was supported by the scholar heart.

But to be faster than his pursuers, Chen Xiaobei still needed the sunlight cache.

It was Xuan PO’s first time entering the verdant Emperor’s divine gourd. He was like a curious baby, flying around and playing.

Chen Xiaobei immediately entered the sunlight cache’s special ability area and began to study the two secret manuals that fiery King had left behind!

These two secret manuals were both earth-god level, so it was not difficult for Chen Xiaobei!

In just a few hours, Chen Xiaobei had completely understood the contents of the two secret manuals and memorized them by heart!

In ‘fiery King’s refining general outline’, there were many methods of making magical treasures. Of course, Chen Xiaobei only locked onto one of them.

That was the method of making the ‘explosive heavenly weapon painting’.

Using this method, Chen Xiaobei could quickly repair the formation that he had obtained earlier.

In the “ secret alchemy technique of the fiery King “, there were many elixir recipes, including the recipe for the explosive blood elixir that he had obtained at the beginning.

Of course, Chen Xiaobei’s target was another type of pill, the fire immunity pill!

Once this pill was refined, it would be immune to fire attribute damage for a certain period of time, including the high temperature of the ten-thousand-year infernal spirit.

“My previous speculation was indeed correct!”

Chen Xiaobei closed the two ancient books and said excitedly, “Fiery King’s final test for the inheritor is to learn these two unique secret manuals created by fiery King! After learning it, you will be able to subdue the ten-thousand-year infernal spirit and pass the last obstacle!”

“Bro bei!”

However, at this moment, Xiao Bo, who was flying in the air, said in a deep voice, “The sunlight cache’s special ability is about to stop!”

Xiao Bo was a demonic beast that Chen Xiaobei had captured in the uninhabited area of the earthly calamity Galaxy.

After that, Chen Xiaobei placed Xiao Bo in the verdant Emperor’s divine gourd to guard the 1000 Titan soldiers and 1000 rhinoceros mounts.

“Why did you stop?”

what? ” Chen Xiaobei frowned. could it be that the Titan Warrior and the rhinoceros have activated the sunlight cache? ”

“Yes, I am!”

bro bei has been capturing them for a long time now. I have been watching them. Every Titan and rhinoceros has used the sunlight cache before. Now, the last Titan is activating the sunlight cache! Xiao Bo said.

Earlier, Chen Xiaobei had a conflict with giant axe city, which was near the vast mountains and seas. He had captured these Titan soldiers and their mounts into the verdant Emperor’s divine gourd.

However, Chen Xiaobei did not plan to kill them all. Instead, he had the Titan soldiers and rhinoceros mounts take turns to activate the sunlight cache for a while, leaving a small portion of their lifespan. When the time was right, Chen Xiaobei would let them go.

It had been a long time since they were captured. They had been activating the sunlight cache day and night, and they were finally at the end of their lives.

“Time really flies ...”

Chen Xiaobei sighed and used his golden gaze fiery eyes to look at the blood Kirin’s blood that was buried in the ground.

it’s still the same. There’s almost no change. I wonder when it’ll take root and sprout ... It looks like I’ll have to wait for the sunlight cache to level up before the blood Kirin’s blood can grow into the blood Bodhi Divine Tree ...

Chen Xiaobei calmed himself down and said, “forget it. This is not the time to consider. Let’s pass fiery King’s ultimate test first!

Chen Xiaobei then took out the green jade cauldron.

According to the recipe of the fire avoiding pill, he placed dozens of medicinal herbs into the cauldron according to a specific ratio.

It was obvious that the five-star earth-god elixirs that fiery King had left behind had all come in handy and were put in together.

Once the ingredients were ready, Chen Xiaobei took out the witch Dragon Flame, adjusted the temperature and power of the fire, sealed the mouth of the cauldron, and began the concoction.

At the same time, the last Titan did not have much life left. Chen Xiaobei took out the sunlight cache and activated it.

Since Chen Xiaobei had more than enough lifespan, it would not hurt to burn a little.

Next, Chen Xiaobei took out the heaven and earth furnace.

When black soul was forming his demon spirit, he had absorbed all the heaven and earth spiritual aura. Right now, the heaven and earth smelt was empty, which was perfect for refining weapons.

He first took out the damaged 'explosive flame heavenly soldier painting', then took out the 365 runes of the hidden array.

Chen Xiaobei summoned the witch Dragon Flame with one hand and his ethereal force with the other. He began to integrate the formation into the scroll according to the 'fiery King refining general outline'.

With Chen Xiaobei's knowledge of magical formations and fiery King's forging method, the whole process was completed in a day.

Chen Xiaobei then took out the blood God achievement points and placed them into the heaven and earth smelt.

Then, according to ju liusun's magic treasure fusion technique, he began to merge the blood God's deity-killing painting and the exploding flame heavenly Army painting.

In the process of fusing, Chen Xiaobei added some crafting materials. He fused them and repaired them at the same time, multitasking.

This process was relatively long!

Repair the " explosive heavenly soldier Painting " and then merge it with the " Blood God's deity-killing Painting "!

From start to finish, he had spent nearly thirty days!

Of course, even though it took a lot of time, Chen Xiaobei was still very satisfied with the result!

The two scrolls had been successfully fused! Not only was his special ability completely preserved, but his level had also been greatly improved!

Originally, the blood God's deity-killing painting was of a very low level. After the integration, it directly reached the level of a five-star earth-god.

Moreover, the new magical treasure had a lot of room for growth. As long as Chen Xiaobei had enough Heaven Earth spiritual aura, it could even grow into a heaven-immortal instrument!

“Blood God beheads Immortals! Flame-exploding heavenly weapon!”

this ... Chen Xiaobei narrowed his eyes and thought, “I’ll call this new magical item the ‘Blood God’s deity-burning painting’!”

Chen Xiaobei put away the heaven and earth smelt, took out the blood God’s deity-burning painting, and turned to the green jade cauldron.

31 days had passed, and this furnace of fire avoiding pills had been completed.

Chen Xiaobei opened the lid and counted. “There are 36 pills in one cauldron, and all of them are perfect pills that can release pill Qi! It seems that my alchemy skills have not deteriorated at all! He’s still so awesome!”

Chen Xiaobei took out an absolute fire pill and kept the rest of the pills, along with the green jade cauldron.

[ ding Yingluo’s cultivation base: peak of divine sea realm. Lifespan: Year 27561, physical body: 150 million, combat power: 37 million, primordial spirit attack-sacred level!

“Thirty-one days in the sunlight cache is thirty-one minutes in the outside world! It saved me a lot of time, but the price was that I lost 3100 years of my life!”

I’ll go and see how many words the old leader has written. Once I have three million, I’ll go and ask for another ginseng fruit from Grand deity Zhen Yuan. That’ll make up for today’s loss!

“Xuan po! Let’s go!”

Chen Xiaobei waved his hand and said, “let’s see how bro bei will carry you to victory!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2684: cannon fodder plan**

Chen Xiaobei had passed the first few levels, and the 30 minutes he spent on refining the elixir and equipment had passed. The time that Fang longqi had bought for him was long gone.

At this moment, a large group of people had already gathered outside the grotto-heaven where the ten-thousand-year infernal spirit was located.

Although they were still some distance away from the grotto-heaven, the heat wave was already extremely terrifying. For a moment, no one dared to get close.

The 600 golden core disciples were all hiding in the back, using their true core strength to protect their bodies. Together with anti-summer medicine and ice talismans, they could barely resist the high temperature.

The 380 original leveled cultivators were also hiding behind.

Only the nine original leveled cultivators, led by Fang longqi, with the protection of their powerful earth-god instruments, dared to stand at the front of the crowd.

“This place is too strange! The front had been calm all along, and nothing happened! How did such a terrifying heavenly abode suddenly appear?”

A long-haired man frowned and said anxiously, “Young master Fang! Can you see the mystery behind it? Can we force our way into this hollow?”

Fang longqi shook his head and said, “I’m not sure ... This heat wave is too scary!” Although we all have powerful earth-god instruments, I can’t guarantee that we can suppress the source of this heat!”

The long-haired man narrowed his eyes and said sinisterly, “why don’t we find a few idiots to be cannon fodder?” Let them go in and try!”

Fang longqi frowned and shook his head, “even an idiot wouldn’t dare to enter such a terrifying place!” This time, everyone here is smart, who would agree to be cannon fodder?”

“Isn’t that simple?”

The longhaired man grinned hideously, “just find a few random people and threaten them directly!” Or, they could be cannon fodder and Scout the way, and they would be heavily rewarded after they succeeded! Otherwise, we’ll kill you and you’ll die without an intact corpse! He would die either way, but being cannon fodder would at least give him a chance to live! They should know what to choose!”

Fang longqi squinted and said in a deep voice, “Si Xiayu! You’re also the grandson of the Vice Hall Master! They really don’t treat the sect’s disciples as humans!”

The long-haired man, si Xiayu, was stunned and amused. “Young master Fang! Are you sick? You evil fellow, when did you start to care about the sect’s disciples?”

I ... Fang longqi was stunned. He was speechless.

“Don’t play dumb!” Si Xiayu grinned hideously. the lives of weaklings are as cheap as weeds. They’re not worth cherishing!

“Wait for me to think!” Fang longqi frowned and looked to the back of the crowd.

Obviously, Fang longqi had eaten Chen Xiaobei’s dog food. He had to ask for Chen Xiaobei’s opinion before making such a big decision.

When Fang longqi looked over, No. 8 Luban was also looking back at him. It nodded at him.

that’s strange ... Master is so far away. He couldn’t have heard my conversation with si Xiayu. How did he know what I wanted to ask? ”

Fang longqi was very confused, but No. 8 Luban’s eyes and actions showed that it supported him.

In fact, Chen Xiaobei himself had already come out of the Meru space. With the help of his stealth ability, he heard the conversation between Fang longqi and Si Xiayu clearly.

No. 8 Luban nodded its head in support of Chen Xiaobei’s plan.

“Young master Fang! Have you thought it through?”

Si Xiayu said impatiently, “this damn place is so hot. Our body-protection vital essence is running at all times. We can’t hold on for long!”

“Good! We’ll do as you say!” Fang longqi nodded and said.

Si Xiayu raised his eyebrows and walked straight towards the crowd. Soon, he brought ten people over.

These ten people had all passed the selection and were promoted to the Pearl Hall from the sub-branches. They had no foundation in the Pearl Hall and had no connections.

Si Xiayu had chosen them as cannon fodder. Even if they were all dead, he wouldn’t offend the Pearl Hall. It was a very smart move.

Moreover, as newcomers, they all wanted to perform well and get the appreciation of Fang longqi and Si Xiayu. With a backer, it would be much easier for them to work in the Pearl Hall in the future!

Because of this, they would put in even more effort when they took action!

Of course, the most important point was that the cultivation of these ten people had reached the early or middle stage of the original level. After entering the magma cave, they could at least survive for a while and check out the situation as much as possible.

If a golden core disciple were to enter, they would die instantly and would not be of any use at all.

“You ten, listen up!”

Si Xiayu narrowed his eyes and said in a deep voice, “I’ve chosen you to come here because I want you to Scout ahead! Get ready, get ready, we’ll set off immediately!”

Everyone was shocked.

“Senior brother si! You must be joking, right? The lava space in front of him had a terrifyingly high temperature! We can’t even stand it from far away, how can we dare to go in and explore?”

senior brother si ... I don’t dare to carry out this task. You can choose someone else!

“This is simply playing with our lives ... We don’t even dare to execute it ... Let’s retreat first! Please forgive me, senior brother ...”

Without a doubt, no one was an idiot. Even if they used their toes to think, they knew that once they stepped into the lava space, they would definitely die.

No matter how much they wanted to please si Xiayu, they didn’t dare to take the risk.

“Stop!”

Si Xiayu shouted coldly, “this mission was decided by young master Fang and I! Whoever dares to disobey is not giving us face! You’re our enemy!”

this ... the ten people’s hearts instantly turned cold when they heard this.

As everyone knew, anyone who dared to offend Fang longqi and Si Xiayu in the Pearl Hall would be skinned alive if they didn't die.

Those ten people were all newcomers of the Pearl Hall and had not yet established themselves. If they offended these two fiends, they could forget about staying in the Pearl Hall ever again.

However, si Xiayu immediately added another sentence, which made these ten people's hearts completely cold!

"I'll make it clear here. If anyone dares to take half a step back, young master Fang and I will immediately attack and kill him! If you don't believe me, you can try to retreat!"

Si Xiayu narrowed his eyes and swept his murderous gaze across the crowd. His blatant threat had cut off all paths of retreat for everyone.

Everyone was in complete despair. In front of them was the terrifying lava space, and behind them was si Xiayu and Fang longqi's butcher's knife. No matter how they chose, they would die!

"Be obedient!"

Si Xiayu grinned hideously, 'you might not necessarily die if you go and Scout the way! As long as there are any gains, I will give you a great merit! He would definitely be heavily rewarded later! Otherwise, I'll have to let you have a taste of my si family's nine turn white bone whip!"

"Nine ... Nine turn white bone whip!" Everyone gasped and said, " that's the SI family's clan protection treasure. It's a seven-star earth-god level treasure. Its power is terrifying! One whip and we'll all explode and die without an intact corpse!"

"It's good that you know!"

Si Xiayu grinned hideously. I'll give you five seconds. If you don't enter the lava space, you'll die under my whip!

let's go ... the ten of them were in complete despair. They had no choice but to walk towards the lava space.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2685**

##### 2685 Impersonating fiery King

Under si Xiayu's threat, the ten people had no choice but to force their way through, even though they knew that the lava space was a dead space!

Their hearts were filled with despair, and at the same time, they were filled with grief and resentment!

One must know that they were all powerhouses in the early and middle stages of the original level!

In their respective families, they were the most beloved children of their parents, the pride of the entire family, and the role model that the younger generation worshipped!

In their respective branches, they were the most outstanding genius disciples, the future hope of their respective branches, and the dazzling stars that were respected by tens of thousands of people!

However, at this time and place, they had become pitiful cannon fodder. They knew that they were going to die, but they had no other choice!

No one cared about their life or death, no one cared about their anger, and no one would stand up to help them!

With every step they took towards the lava space, the ten of them were able to clearly see the ruthlessness of the Pearl Hall, causing them to sink into endless regret!

If the heavens could give them another chance, they definitely wouldn't have risked their lives to join the Pearl Hall, and even more so wouldn't have fought to be the first to come to this ghastly remains!

If someone were to stand up and save their lives, they would definitely see that person as their great benefactor, or even their second parent!

From then on, they would no longer be loyal to the Pearl Hall, but only to their Savior!

I'm still a dozen meters away from the lava space, but I can't take it anymore ... This terrifying heat will melt my protective Zhen Yuan at any time and burn me to ashes!

"Why don't we take it back and fight it out with Si Xiayu! We'll die either way, so rather than dying in vain, why don't we have a grand battle!"

"We can't ... Let's fight a big battle ... What about our families? The Si family would definitely seek revenge! The consequences are unimaginable ..."

this ... This means that we can only listen to Si Xiayu obediently and die with injustice, grief, and anger ...

"Go in ... You'll be free when you die ..."

Everyone's hearts were like dead ashes, and they no longer had any other thoughts. They took a step forward in despair and stepped into the lava space where death was certain.

"Eh? It's so strange ... Why is the temperature in this space lower than the outside?"

Everyone stepped into the lava space, but they were surprised to find that the temperature within a meter of them had dropped a lot.

Within this range, even the boiling lava had solidified into rock, allowing them to stand safely.

The fact that death did not befall them was a huge surprise for them!

"Everyone, look! There was a figure in front! Did he save us? Hurry up! Let's go and take a look!"

The ten of them composed themselves and walked along the solidified rock toward the figure in front of them.

The person was wearing a grimacing mask and a set of black clothes, standing calmly in the center of the lava space!

There was no doubt that the center of the space was the place with the highest temperature and the most fatal spot!

The sea of magma was still boiling under that man's feet! The rain of lava was still falling from above the man's head!

However, that person was unscathed. Even the clothes on his body did not have any burn marks!

The most unbelievable thing was that the man didn't even use a single bit of his protective Zhen Yuan!

"Heavens! Could that person be a God? Standing in the magma sea and bathing in the magma rain, he's fine!"

"What's more terrifying is that he doesn't have any protective Zhen Yuan at all! He had to rely on his physical body to withstand the terrifyingly high temperature! It's simply unbelievable!"

"Fiery King! Could he be the fiery king who failed to pass the Tribulation tens of millions of years ago?"

"That's right! He must be the fiery King! Hurry ... Hurry up and kneel down to the fiery King ..."

The ten people were extremely shocked. As if they had seen a God, they kowtowed three times and bowed nine times to the person in the center of the space. They were extremely pious.

"We pay our respects to fiery King! Thank you, fiery King, for saving my life! Great kindness is like rebirth, and we will never forget it!"

Those ten people were not fools. In this terrifying lava space, they were able to survive not because they were lucky, but because they had the help of an expert!

That's right!

This 'master' was Chen Xiaobei!

It was Chen Xiaobei who had asked the black soul to release cold air in the dark to lower the temperature within a certain range. Otherwise, the ten of them would have been burned to death the moment they stepped into the medium!

As for Chen Xiaobei, he had taken the fire immunity pill and was completely immune to the heat and fire around him. Naturally, he could stand in the center of the space safely!

The ten of them did not know what was going on and treated Chen Xiaobei as the real fiery King. They were extremely respectful!

"Since you know that I saved your lives, are you willing to join me?"

Chen Xiaobei's tone was calm, but it exuded a domineering aura unique to big shots. Every word he said struck a chord in the hearts of the ten people.

"This ..."

The ten men knelt on the ground, their faces full of hesitation. They even turned their heads to look back from time to time.

“Don’t worry! I’ve already released my primordial spirit domain to interfere with the surrounding space. The people outside can’t hear what you’re saying!”

” also, you’re in the depths of the dimension. There’s fire blocking you from the outside. People can’t see what’s going on here!

As soon as he said this, the ten people finally heaved a sigh of relief and immediately made up their minds!

“We are willing to join the erupting flame heavenly sect! We are willing to acknowledge fiery King as our master! We will listen to all of fiery King’s orders!”

“Ten million years ago, the exploding flame heaven sect was only one step away from the peak power, and it was 108000 times stronger than the Pearl Hall! It’s our honor to be able to join!”

“Besides, that damn Pearl Hall has already rotted from the roots! Not only is he inhumane, he doesn’t even treat us as humans! Unless we are stupid, we will never work for the Pearl Hall again!”

“Fiery King is different! Save our lives in times of danger! After we join the erupting flame heavenly sect, we will definitely do our best to repay fiery King for saving our lives!”

Those ten people had been disheartened by si Xiayu. They no longer had any gratitude or friendship with the Pearl Hall, only hatred!

Since the Pearl Hall could not accommodate them, they would not reject Chen Xiaobei’s acceptance. All of them expressed their wish to join Chen Xiaobei!

“Good! From today onwards, you’re all my people!”

Chen Xiaobei did not know much about fiery King, but from the conversation of the ten people, he managed to find some clues.

“I failed my tribulation tens of millions of years ago and have been hiding ever since. The explosive flame heaven sect has also completely declined! So, before the sect is rebuilt, you will continue to hide in the Pearl Hall and cooperate with me!”

Chen Xiaobei used this as an excuse to turn these ten people into his pawns in the Pearl Hall.

“Yes, sir!” The ten people had just been saved, so they would naturally listen to Chen Xiaobei.

“Now, cooperate with me this once!”

wait! Chen Xiaobei said, ” shout outside! You seem to have seen a giant treasure vault! However, the environment is extremely dangerous, and you don’t dare to go in!”

Everyone was shocked by his words!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2686: trap within a trap**

“Fiery King ... What do you mean? There’s no Treasury here. How do we explain Fang longqi and Si Xiayu’s presence?”

“Fang longqi and Si Xiayu are not good people! If they find out that we’re lying to them, they’ll definitely make us suffer, and they might even kill us!”

“Yes ... Fiery King! You’re harming us by making us tell this lie ...”

Nine out of the ten people were frowning anxiously. Although they were grateful to Chen Xiaobei for saving their lives, they did not dare to do as Chen Xiaobei said.

After all, they were extremely afraid of Fang longqi and Si Xiayu, so they didn’t dare to lie to these two fiends.

However, among the ten people, there was a handsome man who stood out calmly.

“Everyone! Fiery King did not want to harm us! Instead, you’re going to help us take revenge!” The man’s eyes narrowed as he spoke solemnly.

Chen Xiaobei looked at the man carefully, his eyes filled with admiration.

The other nine people could not understand, and their faces were filled with confusion. “What do you mean? The fiery King wants to take revenge for us? What revenge? How?”

“Do you even need to ask? We’ll shout that we’ve seen the giant treasure vault, and with Fang longqi and Si Xiayu’s greed, they’ll definitely rush in! The moment they enter this space, fiery King can annihilate them with a flip of his hand!”

The handsome man explained, “everyone, don’t forget!” Just now, si Xiayu threatened us and forced us to die! If fiery King didn’t want to save us, we would have died without a complete corpse! Si Xiayu killed us! Fiery King, you want to take revenge for us!”

“I see!”

The other nine finally understood Chen Xiaobei’s intention and nodded in agreement.

“We are slow-witted and only understand what fiery King means now! We’re willing to do as you say!”

“Si Xiayu, this evil thief, deserves to die! Please, fiery King, kill him for us!”

“That’s right! Fiery King, please kill si Xiayu and take revenge for us!”

There was no doubt that from the moment they walked into the lava space, their hearts were filled with hatred for si Xiayu and even the Pearl Hall!

However, their cultivation wasn’t strong enough, and their family background wasn’t big enough. They couldn’t wash away their hatred by themselves!

Since Chen Xiaobei was willing to help, they would naturally cooperate with him. Only si Xiayu’s death could dispel their hatred!

“Do as I say!”

Chen Xiaobei nodded. His dark eyes glowed with a domineering light that seemed to control everything. Through the mask, he exuded the unique intimidation of a powerhouse!

“Young master Fang! Senior brother si!”

The ten men nodded and immediately shouted outside, “Come and see! There seems to be a giant treasure vault in the depths of this space. We don’t dare to get close, so we can’t see it clearly! Please come and take a look at it yourself, senior brothers!”

At the same time, Xuan po retracted his primordial spirit domain and removed the interference. Si Xiayu’s primordial spirit domain immediately picked up on the conversation.

“Young master Fang! They’ve found something!”

Si Xiayu’s eyes focused and he said excitedly, “It seems like they’ve found a huge treasure vault that’s just waiting for us to check it out!”

“My divine sense has also sensed their voices!”

“But I think it’s too dangerous ... Let’s not go in there!” Fang longqi said with a frown.

“Dangerous?”

Si Xiayu laughed, “Even the ten cannon foddors are safe and sound. Our cultivation levels are higher! The Dharma Treasures were stronger! What danger could there be?”

Fang longqi shook his head. “I don’t think it’s that simple. If we enter rashly, there might be huge changes!”

“Young master Fang! What’s wrong with you? You’re so afraid of wolves and tigers, not like you at all!”

Si Xiayu furrowed his brows. “If you don’t go, I’ll go myself. The first credit for this mission will be mine!”

“If you insist on going, then I can’t say anything!”

Fang longqi squinted his eyes and looked at the other disciples. “You all saw it! Si Xiayu refused to listen to my advice! If anything happens to him, you have to testify for me when we return to the sect. Otherwise, the Vice Hall Master will come to me for punishment!”

As soon as he said this, everyone nodded and was willing to be witnesses.

“Young master Fang! Why do I feel like you’ve changed into a different person? I’ve already sent cannon foddors to Scout the way. I really don’t know what you have to be afraid of?”

Si Xiayu also looked at the surrounding disciples and shouted, “Brothers! Don’t say I didn’t take care of you! There was a huge treasure vault ahead! Those who want to make a contribution, those who want to get benefits, follow me!”

A stone that caused a thousand ripples!

Si Xiayu’s words immediately caused the crowd to boil!

“I’m willing to go with senior brother si! There’s nothing to be afraid of since we’re cannon fodder!”

“I’m also willing to follow senior brother si! It’s a waste not to take credit for it!”

“We’re going too! We’re going too!”

All of a sudden, other than Fang longqi, the other seven powerhouses at the peak of the original level followed si Xiayu.

Si Xiayu and the seven peak-stage nascent soul cultivators each had a large group of underlings!

Among the 380 Yuanying stage disciples, nearly 300 people stood up!

Among the 600 golden core disciples, more than 500 of them stood out!

“Let’s go!”

Si Xiayu waved his hand and led everyone toward the lava space with a smug look on his face!

Si Xiayu obviously had his own purpose for bringing these people along!

For one, it was to prove that he was the first one to find the treasure house when he returned. Naturally, he would be the biggest hero of this operation!

Secondly, by letting these people reap some benefits, si Xiayu could take the opportunity to buy people’s hearts. As long as he got the support of the younger generation, the future Hall Master of Mingzhu Hall would be si Xiayu!

With such a selfish motive and the temptation of holding the treasure vault, si Xiayu certainly wouldn’t listen to Fang longqi’s advice!

However, si Xiayu did not know that this was Chen Xiaobei’s trap!

.....

“Young master Fang, the space in front is very safe. Why don’t you go?”

At this moment, Lord scorching heat came to Fang longqi’s side and asked in a low voice.

“Then why don’t you go?” Fang longqi asked.

“I ...”

“I’m not going because I know that in the Pearl Hall, the Fang family is the head and the SI family is the Deputy!” Lord scorching heat composed himself and said.

“Heh, are you showing your loyalty to me?” Fang longqi laughed.

“That’s right!”

Lord scorching Heat’s eyes turned serious as he said, “I really want the Pearl Hall to make a name for itself. I hope that young master Fang can give me some guidance! I will definitely be loyal to young master Fang!”

“Good! Come with me for a moment!” Fang longqi brought the blazing heat Lord to a huge rock and avoided No. 8 Luban’s sight on purpose.

do me a favor, ” Fang longqi said with a cold smile. once it’s done, you’ll be my confidant. I’ll make sure you can do whatever you want in the Pearl Hall!

“Young master Fang, please give me your orders!” Lord scorching heat nodded heavily and agreed immediately.

### Red Envelope Group of the Three Realms

#### **Chapter 2687: those who refuse to kneel will die**

there’s a man in Black with a ghostly face in the lava space ahead. Kill him for me!

Fang longqi took out a short sword and handed it over.”This is the Fang clan’s clear moon spiritual rhinoceros sword! He was a mid-stage seven-star earth-god! It can pierce through that person’s defense with one strike!”

“This ...”

Lord scorching heat was stunned for a moment, and his pupils contracted involuntarily,”Who is that person? You’re actually going to use the clear moon spiritual rhinoceros sword!”

“You don’t need to know who he is!” Fang longqi sneered,”just get close to him and stab him in the heart when he’s unprepared!”

Lord scorching heat furrowed his brows and asked doubtfully,”I don’t know that person, so how could I get close to him? How could he not be on guard?”

“You don’t need to ask, just do as I say!” Fang longqi sneered,”I dare to give you the clear moon spiritual sword. Don’t you trust me?.”

“This ...”

Lord scorching heat was stunned again. He asked in confusion,”This is the first time I’ve met young master Fang. Why did you give me the clear moon spiritual rhinoceros sword? If I run away with the sword, won’t you lose a precious treasure for nothing?”

“You don’t know how to run!”

Fang longqi laughed and said, ” to tell you the truth, my master has found out that you came to the Pearl Hall to investigate something! You won’t leave even if I drive you away before I find out the truth!”

“Who’s your master?” Lord scorching heat was shocked upon hearing this. He ... He knows my identity?”

“Stop asking! I won’t answer!”

I’ll say the same thing again, ” Fang longqi said calmly. as long as you help me get this done, I’ll guarantee you freedom in the Pearl Hall. You’ll be able to read any confidential information you want! I can even bring you to the headquarters to read some secret reports!”

Blazing heat Lord was panicking. He had thought that his undercover operation was flawless, but he had never thought that he would still reveal a flaw.

Who was that Man in Black? Who was the master behind Fang longqi? How much did this person find out about the undercover operation? Would his master’s plan be completely exposed?

Countless questions gushed out in Lord scorching Heat's mind, and he couldn't figure them out no matter how much he thought about it.

"You only have one chance. If you don't do it, I'll find someone else!" Fang longqi urged impatiently.

"I'll do it!"

Lord scorching Heat's thoughts were already in a mess, and he had no time to think.

At this point, he could only agree to Fang longqi's request. If Fang longqi kept his promise, he could at least continue to investigate what his master wanted to find!

"Go!"

Fang longqi squinted his eyes and grinned, "the clear moon spiritual rhinoceros sword contains spiritual Qi that can be used twice!" If you can't kill the ghost-faced Man in Black with one strike, I'll control this sword to kill you! Don't forget that I'm the owner of the clear moon consonance sword!"

"Alright ..."

Lord Ziling hid the broken sword in his sleeve and ran toward the lava space.

Fang longqi stopped grinning and walked out from behind the rock. He returned to No. 8 Luban's sight.

.....

Within the lava space.

"They're here. You guys retreat to the back!"

Chen Xiaobei then turned to the handsome man and said, "What's your name?"

"I'm Zhao tianzhe!" The man quickly replied.

"Zhao Tian Zhe?" Chen Xiaobei remembered that the chief disciple of the Putuo territory branch was called Zhao tianzhe. It seemed that this man was the one.

Alright! Chen Xiaobei nodded. help me look after them. No matter what happens, don't move or make any noise!

"Yes, sir!" Zhao tianzhe nodded heavily, then took the others and quickly retreated to the back.

With the extreme cold released by the black soul, they could naturally wait in the high temperature and flames safely without being injured.

It didn't take long for si Xiayu to rush over with a large group of people.

"Where's the Treasury? Someone come! Where was the Treasury? Why didn't I see it!"

Si Xiayu was at the forefront. He rushed into the lava space, his eyes wide open as he searched for the ten cannon fodder.

Following closely behind them were seven original leveled powerhouses.

After that, there were three hundred Yuanying disciples and five hundred Jindan disciples.

The group of people rushed into the lava space without any scruples.

After all, they had cannon fodder to Scout the way before. Now that si Xiayu was leading the way, they naturally had no fear.

“This lava space really looks good on the outside. From the outside, it’s extremely terrifying! The temperature dropped a lot after we entered!”

“Since there’s no danger, let’s split up and search for the treasure vault! There’s strength in numbers, we’ll find it soon!”

“Right! Everyone split up and search! This is a great opportunity to make a contribution and reap a great harvest. We can’t miss it!”

.....

Everyone was very active. Without si Xiayu’s order, they took the initiative to spread out and search for the treasure vault.

Si Xiayu didn’t stay idle and continued to rush forward.

However, just as he broke through the first layer of flames, si Xiayu’s body froze in place!

Right in front of him, at the center of the space, a figure was standing there proudly!

He was wearing a ghost mask and a black outfit, and he didn’t use any Zhen Yuan to protect himself. However, he was still able to stand in the place where the temperature was the highest!

If he hadn’t seen it with his own eyes, si Xiayu wouldn’t have believed it. It was true!

you ... Who are you!?

Si Xiayu was shocked. He couldn’t see through the ghost-faced Man in Black, so he naturally didn’t dare to act rashly.

When the flames dissipated, the remaining eight hundred or so people saw the ghost-faced Man in Black. They immediately stopped in their tracks and did not dare to disperse.

“Who is looking for my treasure house?”

Chen Xiaobei asked in a serious tone.

At the same time, black soul released his primordial spirit territory to interfere with the space around Chen Xiaobei. Those with lower cultivation than black soul would not be able to detect Chen Xiaobei’s cultivation!

Because of this, no one dared to step forward rashly, and they were all stunned on the spot.

“He’s not afraid of fire and lava! Call yourself ‘this Lord!’ ”

Si Xiayu squinted his eyes and thought about it. He suddenly realized, ” “Don’t tell me you’re the legendary fiery King!”

Everyone was shocked.

“Fiery King? The peak earth immortal realm warrior who controlled the exploding flame heavenly sect tens of millions of years ago?”

“What? He was fiery King? Oh my God! I didn’t expect to see such a legendary figure here ...”

“Greetings, fiery King ... Greetings ...”

Everyone lived and grew up in the earth-god Realm. They had heard a lot of legends about fiery King since they were young.

In their hearts, fiery King was simply a high and mighty legend, an existence comparable to a heavenly immortal or God!

For a moment, many people were in awe and even wanted to kneel down to worship.

“A bunch of idiots! All of you stand still!”

Si Xiayu shouted angrily, “ the fiery King from tens of millions of years ago was indeed an all-powerful top-notch expert! However, he had failed to pass the Tribulation that year. Even if he managed to survive, his cultivation base would definitely plummet! He’s not worthy of our worship!”

Hearing this, everyone heaved a sigh of relief and didn’t kneel down to worship.

Chen Xiaobei said, “ “Those who don’t kneel, die!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2688: overbearing obliteration**

“Those who don’t kneel will die? Hmph! I think the one who’s going to die today is you!”

Si Xiayu arrogantly said, “do you think you’re still the fiery King from back then? If you fail the Tribulation, your physical body and dharma body will be destroyed, your nascent soul will be severely injured, and your soul will be destroyed!”

“Even if you manage to survive for tens of millions of years, you will never be able to recover your strength! There’s no way you’ll be able to survive the Si family’s nine turn white bone whip!”

Si Xiayu waved the White ancient whip in his hand and said with greed in his eyes, “ I’ll give you 10 seconds. Kneel down obediently and tell me the location of the Treasury and the method to open it!

“Otherwise, I’ll whip your new body into rotten meat! Catch your nascent soul and burn it bit by bit with the white bone Yin flame!”

Si Xiayu was very ruthless. When he threatened people, he had many tricks up his sleeve! It could be seen that he definitely did this kind of thing on a daily basis.

Seeing si Xiayu’s confidence, the surrounding people also became arrogant.

“What Bullsh \* t fiery King? he’s just a piece of trash in front of our senior brother si! And you want us to kneel? you must be dreaming!”

“Heh, fiery King is a joke now! If senior brother si wanted to kill him, it would be easier than killing a chicken! He’s the one who should kneel!”

“Hehe! I really didn’t expect that the all-powerful legendary figure from tens of millions of years ago would actually kneel to us! Just thinking about it made him feel great! It’s really a great honor to follow senior brother si!”

“Kneel down! Trash flaming King! You better kneel down! Otherwise, you will bear the consequences!”

These eight hundred people shouted arrogantly, showing no respect for the ancient mighty figure. They completely treated the legendary fiery King as a clown for them to amuse themselves with, humiliating him as they pleased without mercy!

“Three! Two! One!”

Si Xiayu grinned hideously. At the end of the last countdown, he suddenly clenched the nine-turn white bone whip in his hand! He was ready to attack Chen Xiaobei!

At the same time, the 800 people behind him all looked like they were watching a show! Not only would they not pity Chen Xiaobei, but they would also wish for Chen Xiaobei to be cruelly tortured. Only then would it feel good!

There was no doubt that si Xiayu was a complete villain! These eight hundred people were not good people either, they were all accomplices!

“It seems that you won’t shed tears until you see your coffin!”

Si Xiayu lost his patience and waved the bone whip in his hand. He was going to teach Chen Xiaobei a lesson!

“Whoosh ...”

However, at that moment, the temperature around si Xiayu suddenly soared without warning!

It was obvious that everyone was able to enter the lava space because of Xuan PO’s power, which caused the temperature around them to drop!

As long as black soul stopped protecting him, the temperature would immediately return to normal!

At this moment, si Xiayu wanted to kill Chen Xiaobei. Xuan po would not let him succeed. He would not even give si Xiayu the chance to attack!

Xuan PO’s mind moved and he withdrew a wave of extreme cold true essence. The temperature around si Xiayu suddenly rose.

The terrifying heat came from the ten-thousand-year-old infernal spirit of an eight-star earth-god!

Although the ten-thousand-year infernal spirit had not become a demon and could not control its own power, the extreme heat of its flames was not at the level of an eight-star earth-god!

However, a starving camel was still bigger than a horse! Even if an eight-star earth-god item released its power unconsciously, it would definitely be far superior to si Xiayu!

After all, si Xiayu was only a peak four-star earth-god, and they were not on the same level at all!

Without any suspense, the crushing power instantly descended!

“Bang ...”

In an instant, si Xiayu’s body-protection genuine vitality collapsed!

Extreme heat waves and scorching flames immediately rushed towards his body!

Whoosh ... Whoosh ...

Si Xiayu’s two-star earth-god Daoist robe burst into flames instantly. Then, his hair and skin also caught on fire.

“Ah ... Argh! “Ah ... How did this happen?!” Why did the temperature suddenly become so terrifying ... Help ... Help ...”

Si Xiayu let out a hysterical scream and struggled in extreme pain, trying to escape.

However, this terrifying heat was far above his physical strength.

His skin, muscles, tendons, bones, and bones were all burnt inch by inch, turning into ashes!

Before he could take three steps, his legs were burnt off. His body tilted and he fell directly into the lava!

In less than ten seconds, he was completely burned into ashes, not even leaving a trace!

“Save me ... Save me ... I don’t want to die ...” He cried.

In the next moment, a nascent soul flew out. It looked exactly like si Xiayu, but it was only the size of a palm.

Although this nascent soul had already formed a dharma body and possessed extremely strong defensive power!

However, under the terrifying high temperature, the Dharmakaya of a four-star earth-god could not withstand it at all!

Si Xiayu’s Dharmakaya was like a piece of ice that was being melted and quickly disintegrated!

Once the Dharmakaya was destroyed, the nascent soul would lose its support and would be so fragile that it would be instantly burned to death by the intense yang flames here!

“Chi ...”

Of course, si Xiayu wasn’t stupid. His nascent soul screamed for help as he ran for his life.

They wanted to escape from this terrifying lava space!

“Essence! Devour!”

However, Chen Xiaobei would not give him the chance to escape!

With a wave of his hand, Chen Xiaobei’s palm suddenly burst out with countless mysterious blood-red spiritual runes!

“Swish!”

The blood-colored spirit pattern instantly condensed into a huge beast head. It rushed forward at the speed of a four-star earth-god and bit si Xiayu's nascent soul!

That's right! This was the special ability of the chaos Blood Sword!

After devouring the nascent soul of a five-star earth-god Level demon beast, the chaos Blood Sword had been upgraded to a four-star earth-god level! With her God-level superpower, capturing si Xiayu's nascent soul was a piece of cake!

Devouring si Xiayu's nascent soul was even easier!

"Hiss ..."

In less than five seconds, si Xiayu's Dharmakaya body completely exploded. His nascent soul was sucked dry by the countless blood-colored spirit runes and his soul was destroyed!

The origin devouring ability was God-grade! It would only take five days to devour someone two cultivation realms higher!

Devouring the same level in five seconds was enough!

"Chi ..."

Chen Xiaobei flicked his finger, and the nine-turn white bone whip and Si Xiayu's storage bracelet were immediately swept up by a burst of ethereal force and returned to his hand!

Si Xiayu's soul was destroyed! The Si family's Supreme treasure had a new owner!

In an instant, the situation was completely reversed!

The 800 people at the scene all felt as if they had been electrocuted. At first, there was a deathly silence, and then there was a burst of screams.

"My God ... In less than 15 seconds, senior brother Si was completely obliterated! There's no corpse, no soul ... This ... This can't be a dream, right?"

"It's too terrifying! Fiery King was still the fiery King of the past! This fire-controlling technique is extraordinary and divine, so terrifying ..."

spare us ... Fiery King, spare us ... Please spare our dog lives, fiery King ...

All of a sudden, more than 800 people were terrified.

Before Chen Xiaobei could say anything, they all knelt on the ground and kowtowed to Chen Xiaobei.

"I gave you a chance to live, but you didn't cherish it!"

Chen Xiaobei held the nine-turn white bone whip in one hand and took out the verdant Emperor's divine gourd in the other. "From now on, all of your lives belong to me!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2689: heart-piercing strike**

Chen Xiaobei had shocked the world with a single brilliant feat!

He had killed si Xiayu in an instant, controlled the nine-turn white bone whip, and in this lava space, only Xuan po could withstand the extreme heat!

This way, not only was Chen Xiaobei invincible, but he also had the power to decide the life and death of everyone!

Si Xiayu sending cannon fodder to his death was a heinous act!

These 800 people knew the truth, but they still followed si Xiayu. They were equivalent to accomplices of evil! They were both evil people!

Even if Chen Xiaobei killed all of them, it would still make sense! Even the heavenly axiom had to reward Chen Xiaobei for his actions of punishing evil and promoting good!

However, Chen Xiaobei did not plan to kill these people yet!

Firstly, Chen Xiaobei had to continue to be a spy in the Pearl Hall. If so many people died, even the headquarters in Tianji city would take it seriously! There were too many variables that were out of Chen Xiaobei's control! This was extremely disadvantageous!

Secondly, these 800 people were the backbone of the Pearl Hall. Their families and forces were spread all over the Pearl region. They had great potential for Chen Xiaobei to get to Nanzhan state!

Because of this, leaving these people alive was far more worth it than killing them!

"Don't resist and obediently enter my magic treasure! Otherwise, die!"

Chen Xiaobei opened the verdant Emperor's divine gourd and was about to take them in.

With si Xiayu as a good example dying in front of them, everyone was so frightened that they could not resist Chen Xiaobei.

Soon, these eight hundred people were absorbed into the verdant Emperor's divine gourd.

However, there was an exception.

She entered the verdant Emperor's divine gourd in her heart and stayed there alone.

That's right, she was Lord scorching heat!

"Why did you come along?"

Chen Xiaobei's eyes were filled with disappointment.

She didn't expect Lord scorching heat to follow si Xiayu's actions. He didn't distinguish between good and evil, and he had no principles!

Thinking about it carefully, this was not strange at all. Chen Xiaobei and Lord scorching heat only had the most common working relationship!

To put it bluntly, Chen Xiaobei did not know anything about Lord scorching Heat's character!

He didn't even know what Lord scorching heat and her master were up to! Whether it was good or evil, it was even more difficult to say!

Chen Xiaobei was suddenly on high alert!

Lord scorching Heat's master had helped Chen Xiaobei before, and Chen Xiaobei would repay him for it, but he would never completely trust this pair of master and disciple!

"Senior! I have something to tell you!"

Through the mask, Lord scorching heat did not know that the Man in Black was Chen Xiaobei.

"I have nothing to say to you! Leave this place immediately! Otherwise, die!"

Chen Xiaobei's voice was low and serious.

What Chen Xiaobei was going to do next was top secret. He could not let anyone he could not trust see it.

"Senior ..."

Lord scorching Heat's footsteps stiffened. His heart trembled and his mind was shaken by the pressure! However, she was not an ordinary person after all. She composed herself and continued to walk forward!

"What's wrong? Are you trying to test my patience?"

Chen Xiaobei was caught in a dilemma.

He asked Lord scorching heat to leave, but she did not listen to him. Chen Xiaobei could not kill her.

He might as well knock her out first!

Chen Xiaobei made up his mind and was ready to attack and suppress Lord Chi Ling!

However! Chen Xiaobei did not expect Lord scorching heat to make the first move!

"Swish!"

With a wave of his sleeve, Lord scorching heat shot out a green spiritual shadow!

This spirit shadow looked ordinary, only two fingers wide, and the spirit light was not strong, even a little dim!

However, it was this ordinary and simple spiritual shadow that had the terrifying combat strength of a mid-stage seven-star earth-god!

Chen Xiaobei had seen quite a few seven-star earth-god level cultivators. The pinnacle infinite sword formation could also unleash the power of a seven-star earth-god!

However, they were all early-stage seven-star earth-god!

When one reached the seven-star earth-god Realm, although it was only a small difference between the early stage and the middle stage, the difference in combat strength between them was as high as hundreds of millions!

They were not on the same level at all. There was no comparison at all!

In other words, even if all of Chen Xiaobei's seven-star earth-god level cultivators joined forces, and all of their seven-star earth-god instruments were used, they would not be able to stop the green spiritual light!

Moreover, Chen Xiaobei only had one nine-turn white bone whip in his hand. Even if he activated its power, it would be useless!

Furthermore, the speed of a seven-star earth-god was so fast that Chen Xiaobei did not even have the time to activate the nine-turn white bone whip!

In the same way, the seven-star earth-god level puppet could not block the green spiritual shadow!

The moment the spiritual shadow arrived, the master-protecting puppet would be destroyed. The remaining power would at least severely injure Chen Xiaobei, if not kill him!

At that time, Lord scorching heat would be able to take Chen Xiaobei's life with one more attack!

"We're finished!"

Chen Xiaobei was filled with endless despair!

Before this, Chen Xiaobei had been through countless deadly situations, and he could always rely on his own wisdom and ability to break through them!

However, at this moment, there was no complicated layout. It was a simple and clear fatal blow! Chen Xiaobei had no way of breaking it!

This was power! The truth that had never changed! The iron rule of the universe!

In the face of absolute power, everything became pale and powerless, and even life and death were not in their control!

"Swish!"

The green spiritual shadow hit Chen Xiaobei's heart! It pierced through his chest and came out from his back!

Only at this moment did Ji Ying finally stabilize his body and reveal his true body!

It was a green short sword. It looked simple and unadorned, just like the most ordinary bronze sword!

However, it was this ordinary-looking dagger that had pierced through Chen Xiaobei's heart!

"Bad woman! I'm going to kill you!"

At this moment, Xuan po rushed over from a distance. His face was filled with anger and killing intent!

Everything happened in a flash and even someone as strong as Xuan po could not stop it in time.

By the time Xuan po realized what was going on, Chen Xiaobei was already lying in the lava with the broken bronze sword in his heart!

"I've succeeded!"

Seeing that he had succeeded in his attack, Lord scorching heat did not bother to take away the green short sword. He immediately retreated in a hurry, trying to escape from the scene.

After all, the owner of the green short sword was Fang longqi. Once the masked man in Black died, Fang longqi could take the sword at any time.

Since Lord blazing heat had successfully completed his mission, he naturally would not get entangled with Xuan po.

“Chi ...”

With his cultivation base at the early Yuanying stage, Lord scorching heat was extremely fast. He rushed out of the magma space in no time.

“Young master Fang! I’ve already done what you wanted me to do!”

Lord scorching heat ran to Fang longqi’s side at once and asked for help, “There seems to be an Ice Demon chasing me! Please help me block him!”

“Ice Demon?” Fang longqi squinted his eyes and asked, “Where did this Ice Demon come from?”

“Eh?”

Lord scorching heat turned around and asked in confusion, “That Ice Demon was chasing me with a murderous look just now, how did it disappear in the blink of an eye?”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2690: dense fog**

“No harm! He didn’t care what kind of monster he was! As long as the masked man in Black is dead, nothing else will be a problem!”

Fang longqi looked at No. 8 Luban in the distance.

It was fine if he didn’t take a look, but when he did, Fang longqi was shocked. His pupils shrank and his heart beat wildly.

“Young master Fang, what’s wrong?” Lord scorching Heat’s face was filled with doubt.

“Bitch! You dare lie to me!”

Fang longqi was furious. He grabbed Lord Ziling’s hair and dragged her to a corner where No. 8 Luban could not see.

“Young master Fang! I’m definitely not lying to you!”

“The clear moon spiritual rhinoceros sword you gave me has already pierced through the black-clothed man’s heart!” Lord scorching heat quickly explained. If you don’t believe me, you can go over and take a look!”

“Do you think I’m an idiot?” “A sword through the heart? can he still live?” Fang longqi said angrily.

“I didn’t say he was alive!” Lord scorching heat furrowed his brows, his face full of surprise.”A sword through the heart, it’s true! He must be dead! Not even the gods can save him!”

“Bitch! You still dare to lie!”

Fang longqi raised his hand and gave Lord scorching heat a tight slap, knocking him to the ground. He bellowed, if that person is dead, why is his Dharma Treasure still operating normally? ”

“His magic treasure? What magic treasure?” Lord scorching heat could not understand what Fang longqi was saying.

In fact, only Fang longqi knew!

No. 8 Luban was not Chen Xiaobei’s real body, but one of Chen Xiaobei’s treasures!

The masked man in Black in the lava dimension was Chen Xiaobei himself!

If Chen Xiaobei really died, No. 8 Luban would become an ownerless object, return to its original form, and stop working!

But now, No. 8 Luban was standing next to Yue yefeng, talking and laughing. This was enough to prove that Chen Xiaobei was not dead, and he was controlling No. 8 Luban!

“Did you mention me just now?”

Fang longqi grabbed Lord scorching Heat’s hair and glared at her fiercely, as if he was going to eat her up.

No... No... Lord scorching heat replied as he shook his head.

“You’re smart! If my identity is exposed, I will make sure you die without an intact corpse!” Fang longqi let out a sigh of relief.

Fang longqi wanted to kill Chen Xiaobei. This was enough to prove that the high-grade heavenly dog biscuit that Chen Xiaobei had given him did not work!

This would further prove that Fang longqi already had a ‘master’!

This ‘master’ had fed Fang longqi some high-grade heavenly dog biscuit before, so Fang longqi would not be controlled if he ate Chen Xiaobei’s dog biscuit after that!

In fact, the celestial Hound had taught Chen Xiaobei to make a spirit testing talisman before!

As long as this talisman was close to a person who had eaten dog food, it would heat up!

But that was a long time ago. Chen Xiaobei could not hold the talisman in his hand every day to check if it would heat up!

This time, Chen Xiaobei did not expect his enemy to take control of Fang longqi!

The enemy had used Fang longqi’s scheme and Chi lingjun’s identity to take advantage of Chen Xiaobei’s unguarded state and stab him with his sword!

Logically speaking, this plan was perfect!

Lord blazing fire had really stabbed the clear moon spiritual rhinoceros sword into Chen Xiaobei's heart!

However, No. 8 Luban was fine. This meant that Chen Xiaobei was not dead!

To Fang longqi and his master, this perfect plan had failed completely!

The only thing Fang longqi could do now was to not expose his identity. As long as he could stay by Chen Xiaobei's side, he could still set up another trap!

Once his identity was exposed, Fang longqi would be completely useless!

Fortunately, Lord scorching heat did not mention Fang longqi just now, which allowed him to heave a sigh of relief!

"Collect!"

Fang longqi wanted to take back the clear moon spiritual rhinoceros sword, but his expression changed. He said in shock, "What's going on? The spiritual connection between the clear moon Spirit rhinoceros sword and me has been cut off! It can't be taken back!"

"This ..."

Lord scorching heat gasped and said in a panic, "Young master Fang! You have to believe me! Everything I said just now was true! The clear moon spiritual rhinoceros sword had really stabbed the heart of the ghastly masked Man in Black! If you don't believe me, you can go over and take a look!"

"I'll see you f \* cking!"

"You must have been tricked by Chen Zhufeng!" Fang longqi said angrily. The clear moon spiritual rhinoceros sword didn't hit him at all!"

"Chen? Chen Zhufeng?"

"What did you just say, young master Fang?" Lord scorching heat was shocked. That Man in Black is actually Chen Zhufeng?"

"That's right! It's Chen Zhufeng!"

you're right! Fang longqi said coldly. the reason why I gave you such an important task is because my master found out about your relationship with Chen Zhufeng! But it was good! You actually screwed up the matter!"

"So ... I ... I just killed Chen Zhufeng?" Lord scorching Heat's pupils contracted involuntarily, and his face was instantly filled with remorse and self-blame!

In fact, Lord scorching Heat's nature was not bad.

Although she did not see Chen Xiaobei as a friend, she did see him as an ally.

If he had known that the masked man in Black was Chen Xiaobei, Lord scorching heat would never have agreed to help Fang longqi kill him.

If Chen Xiaobei was killed, Lord blazing Heat's master's plan would be affected as well. This was a grave mistake that could cause them to lose everything!

After knowing the truth, Lord scorching heat was extremely regretful and blamed himself!

"What's with that long face?"

Fang longqi clutched Lord scorching Heat's neck and bellowed, "You caused my master to fail his mission and caused me to lose the clear moon spiritual rhinoceros sword! I'm the one who's hurt the most! It wasn't you!"

"Kill me ... Kill me and you'll feel better ... I'll feel better too ..."

Scorching heat Lord was feeling terrible. She did not have the face to see Chen Xiaobei or her master again. At this moment, she really wanted to die!

"Kill you? How can there be such a cheap thing?"

Fang longqi grabbed Lord scorching Heat's neck with one hand and took out a high-grade heavenly dog biscuit with the other, stuffing it into Lord scorching Heat's mouth.

Fang longqi covered Lord scorching Heat's nose and mouth tightly. He only let go after knowing that she had swallowed the high-level heavenly dog biscuit.

Obviously, Fang longqi didn't want to reveal his identity yet. With Lord scorching Heat's death, things would be unclear.

As long as he could control Lord scorching heat, he would be able to make Lord scorching heat admit that she stole the clear moon Spirit rhinoceros sword and tried to kill Chen Xiaobei.

This way, Fang longqi could be cleared of suspicion and continue to stay by Chen Xiaobei's side.

Very quickly, Lord scorching heat lost consciousness and entered the state of master recognition.

Fang longqi was very familiar with the operation and successfully became Lord blazing Heat's master.

Without a doubt, this maze was gradually becoming more and more complicated!

.....

Within the lava space.

Xuan po and the ten nascent soul disciples who were saved by Chen Xiaobei gathered around Chen Xiaobei.

"Bro bei? What's your situation? Why don't you let me go after that bad woman?" Xuan po asked furiously.

"I'm fine! Chasing her will only alert the enemy!"

Chen Xiaobei smiled and stood up. He grabbed the sword hilt with one hand and pulled the clear moon spiritual rhinoceros sword out of his heart!

Everyone was shocked by this scene!
