Chapter 2691: earning a fortune

The person whose heart had been pierced by a sword actually stood up on his own! He actually pulled out his own sword!

This extremely strange scene shattered the three views of the surrounding people. They simply couldn't believe their eyes!

However, when they looked closer, they realized that there was no blood or wound on Chen Xiaobei's chest. Even his clothes were not torn!

"My God ... What's going on? Fiery King! Are you a God?"

"This green dagger is the Fang clan's second most precious treasure, a mid-stage seven-star earth-god, and yet it's completely unscathed after being stabbed! This is unbelievable!"

"Could it be that fiery King did not fail his tribulation back then? You've become a true immortal?"

The ten people around Chen Xiaobei were all in awe.

"Stop guessing! You guys leave the lava space first!"

Chen Xiaobei did not explain but said, "If Fang longqi asks, just say that the fire was too big and you didn't see anything. You didn't know anything and just ran away!"

"Yes, sir!"

Under Zhao tianzhe's lead, the ten of them obeyed Chen Xiaobei's orders and left.

Chen Xiaobei then threw the sword into the Meru space.

The independent space had cut off the spiritual connection between Fang longqi and the clear moon consonance sword. Chen Xiaobei only needed to erase this spiritual connection and he would be able to control the sword!

although my heart was pierced by the sword, I'm not hurt at all. I can even get a Dharma Treasure of a mid-stage seven-star earth immortal. It's a great profit!

Chen Xiaobei grinned. He was in a good mood.

Xuan po could not suppress his curiosity and asked, "Bro bei! There were no outsiders here! Quickly tell me, how did you do it? Why are you still safe and sound after being pierced through the heart by a sword?"

"Look!"

Chen Xiaobei undid his collar and pointed at his chest.

A palm-sized seven-colored Buddha seal was floating above Chen Xiaobei's chest. It was faintly discernible and extremely mysterious!

“This is ...”

Xuan po was surprised, “this is the Jiu fan immortal Qi senior goldenbell gave you?” Was it this celestial artifact that helped you resolve the fatal attack just now?”

“Right!”

that’s right! Chen Xiaobei nodded and smiled. it’s because of this seven-colored Buddha seal that not only I am fine, but even my master-protecting puppet is not broken! Not only did I profit greatly from this, but I also didn’t suffer any losses!”

“Heavens! This Jiu fan immortal Qi is too magical!”

Xuan PO’s face was filled with shock, but he also had some doubts, ” “I remember senior goldenbell said that the main purpose of this Jiu fan immortal Qi is to help people cultivate faster. Why can it protect you from death?”

“Idiot! The Jiufan Golden Bell itself was a genuine heaven immortal artifact! It took 30000 years to produce such a small amount of Jiu fan immortal Qi. There must be more than one use for it!”

don’t forget! The Jiufan Golden Bell said that the Jiufan divine Qi can help me break through! Chen Xiaobei said. And things like opportunities were extremely mysterious and ever-changing! Even I, the Jiu fan Golden Bell, can’t possibly know what kind of opportunity it is that belongs to me!

that’s right! Xuan po said. that means that the Jiu fan immortal Qi in bro bei’s body has triggered a unique opportunity! And this kind of opportunity might be related to your breakthrough to the next realm!”

“I’m not sure about the details, let me try again!” Chen Xiaobei shrugged, and then used his ethereal force to stab himself in the heart like a sword.

“Bro bei! What are you doing?” “Don’t do anything rash!” Xuan po was shocked.

“Chi ...”

Without explaining, Chen Xiaobei controlled his ethereal force and stabbed it down!

The next moment, a miraculous scene appeared!

The ethereal force did not pierce through Chen Xiaobei’s skin. Instead, it pierced through the seven-colored Buddha seal as if it was water!

“Xuan po! Look at my back!” Chen Xiaobei immediately took off his shirt, revealing his back.

“Heavens! This is simply too amazing!”

“Bro bei!” Xuan po said in surprise. There’s also a seven-colored Buddha seal on your back! Your true essence came out from the Buddha seal on your back, but it didn’t hurt your skin at all!”

“That sword just now was also in this situation!”

“This Jiufan divine Qi is too mysterious!” Chen Xiaobei said. If I’m not wrong, it should have the ability to dislocate space! The attack came from in front of me, but it was shifted to my back by the seven-colored Buddha seal!”

“I understand!”

“That’s right!” Xuan po came to a sudden realization and said, “the short sword that pierced through the heart was shifted by the spatial dislocation ability of the seven-colored Buddha seal! It didn’t even touch your skin, bro bei! It’s impossible for it to touch your heart!”

“Just like this!”

Chen Xiaobei nodded, but then frowned and said, “but I still can’t figure out how this spatial dislocation ability is related to my breakthrough?”

“If you can’t figure it out, then don’t think about it! I’ll ask senior goldclock directly later!”

“We have more important things to do!” Xuan po said. Ten-thousand-year infernal spirit! 800 captives! And that bad woman! Bro bei needs to deal with them one by one!”

“You’re right! It’s more important to get the certificate first!” Chen Xiaobei then brought the black soul into the Meru space.

The clear moon spiritual rhinoceros sword lay quietly on the ground.

“That sword belongs to the Fang clan! Fang longqi is my loyal dog, how could I let Lord scorching heat get his hands on this sword? And why does Lord scorching heat want to kill me?”

Chen Xiaobei squinted his eyes and thought for a while, then he shook his head and said, “Something’s wrong! I was wearing a grimacing mask just now, so Lord scorching heat didn’t know it was me! So, I should be asking, why did she kill the black-clothed man?”

“Bro bei! Why are you overthinking these questions?”

Xuan po rubbed his hands and said, “just catch that bad woman and bring her back!” Interrogate her and make her answer you personally!”

“Yes, you’re right!”

of course! Chen Xiaobei nodded. I don’t have any leads at the moment. It’s useless to think about it. I’ll have to ask Lord Chi Ling myself later!

Chen Xiaobei stopped thinking about it.

With a thought, he directly activated the function of the merit record in his mind!

“I want to exchange for a spirit severing immortal talisman!”

The details of the spirit-Slayer talisman appeared in Chen Xiaobei’s mind.

[ethereal spirit-severing talisman-one-star heaven immortal level talisman!] It could sever all spiritual connections below the heavenly immortal stage!

– Suan ni exchange price: 70 million merit points for one piece! –

“I want to change to another one!”

Chen Xiaobei had already exchanged for a spirit-Slayer talisman before. At that time, the merit record’s price had not been changed back to normal, and it cost Chen Xiaobei 700 million three worlds merit points.

This time, it was the normal price, so Chen Xiaobei did not mind.

[ding! Merit points successfully exchanged. 70000000 merit points have been deducted!]

Chen Xiaobei smiled and said, ‘take this clear moon spiritual rhinoceros sword first! Go and collect those 800 captives!’

Chapter 2692: continue to profit

“Bro bei, how are you going to take the clear moon spiritual sword? If its current master doesn’t sever the spiritual connection, it can’t recognize a new master!”

Xuan po did not know that Chen Xiaobei had secretly exchanged for a spirit-Slayer talisman through the merit record.

“Just watch! If I say it’s possible, then it’s definitely possible!”

Chen Xiaobei smiled and took out the spirit Slayer talisman.

“Whoosh ...”

Chen Xiaobei immediately activated the talisman’s unique ability.

“Clang”

In the next moment, the celestial talisman started to burn and emitted a sharp spiritual light that was like a long sword!

The spirit light directly slashed at the clear moon spiritual rhinoceros sword, cutting off all the spirit gossamers inside and outside the sword in the blink of an eye!

The spiritual connection between the clear moon consonance sword and Fang longqi was completely cut off!

As soon as the spiritual connection was broken, this powerful mid-stage seven-star earth-god Dharma Treasure had become an ownerless Dharma Treasure!

“Done!”

Chen Xiaobei picked up the clear moon spiritual rhinoceros sword and established a spiritual connection with it!

In other words, Chen Xiaobei had become the new owner of the clear moon spiritual sword!

“Whoosh ...”

Chen Xiaobei’s mind moved, and the clear moon consonance sword shone with spiritual light. It was connected to Chen Xiaobei’s mind and resonated with each other, showing its spiritual nature!

“Heavens! Bro bei! You’ve really taken control of this magic treasure!”

When Xuan po saw this, he was both surprised and happy, “this is great!” Bro bei is already very powerful, and with this treasure, he’s like a tiger that has grown wings!”

“That’s right!”

that’s right! Chen Xiaobei nodded. usually, the big forces only have early seven-star magical equipment! Now that I have the clear moon spiritual rhinoceros sword, I have the confidence to send out my troops to war!”

“What do you mean by sending troops to start a war?” Xuan po asked in confusion.

“You were born late, so you don’t know that I’ve set a very big goal, and that is to unify the Nanzhan state!”

right now, the business empire of bei Xuan faction is running as usual. When I get back, the military expenses will be in place, the training of the Army will be completed, and we will have the clear moon spiritual rhinoceros sword! Once I send out my troops, I’ll be invincible!”

“I see!”

bro bei! Xuan po was excited. bro bei, you actually have such a Grand goal! Just listening to it makes my blood boil! I really want to see you send out your troops to attack the city!”

“I also want to send out my troops as soon as possible!”

“But what I want is to unite jambu!” Chen Xiaobei said. They had to be able to attack the city! It had to be able to maintain long-term peace! Therefore, before the battle, I must first think about what will happen after the battle! If we can’t be sure that nothing will go wrong, we’d rather not send out our troops!”

“Bro bei is right! This kind of thing can’t be rushed!” Xuan po nodded.

“Let’s go! First, we’ll subdue those 800 captives!”

Chen Xiaobei raised his brows, his dark eyes filled with wisdom. as long as we can control them, it’ll be a great advantage for our troops!

bro bei, don’t you want to keep the nine turn white bone whip for yourself? ” Xuan po asked.

“No rush! We’ll deal with it together later!” Chen Xiaobei then brought Xuan po into the verdant Emperor’s divine gourd.

.....

Wearing the ghost mask and black clothes, Chen Xiaobei landed on the planet of bloodspring in the verdant Emperor’s divine gourd in the same posture as before!

greetings, fiery King ... Greetings, fiery King ...

The 300 nascent soul cultivators and 500 golden core disciples all knelt on the ground and kowtowed to Chen Xiaobei as if they had seen a God!

There was no doubt that Chen Xiaobei had the power to control their lives back in the lava space. Here, their lives were still in Chen Xiaobei’s hands, so they had no choice but to be respectful!

Chen Xiaobei did not say a word. He stood proudly in front of the crowd, exuding a powerful and domineering aura. The crowd was so frightened that they could not get up.

On the surface, Chen Xiaobei was releasing his aura to intimidate the crowd. But secretly, he had activated the merit points ledger again!

I want to exchange for high-grade heavenly dog food!

The details of the high-grade heavenly dog biscuit appeared in Chen Xiaobei’s mind.

[Suan ni high-grade heavenly dog biscuit: it can turn anyone below the level of a seven-star earth-god into a loyal dog. They will be 100% loyal to you!]

[exchange price: 100000 merit points for one piece!]

Please select the exchange amount!

“I want to exchange for 803 pills!”

Chen Xiaobei quickly counted the number of slaves in front of him and gave each of them one pill!

[ding! Ding! Ding! You have successfully redeemed your merit points. 80.3 million merit points have been deducted!]

[your current merit points are 3.677 billion.(Charm: 367.7 million, luck: 367.7 million!

[advanced heavenly dog biscuit has been stored in your treasure chest. Do you want to withdraw it?]

Extract!

Chen Xiaobei took out all the high-grade heavenly dog biscuit, wrapped them in ethereal force, and presented them to everyone.

“Who is this person? Fiery King ... You ... You’re not trying to poison us, are you?”

fiery King, please spare our lives ... We have offended you ... It’s all our fault ... Please forgive us ...

fiery King ... Please don’t kill me ... I’m willing to give my life to you ... Please give me one more chance ...

They did not know what high-grade heavenly dog biscuit was. They thought that Chen Xiaobei was going to poison them to death. They were all scared out of their wits and kowtowed desperately.

“All of you, shut up!”

Chen Xiaobei’s voice was low and serious. “I’m not giving you poison! Those who eat it will live, and those who don’t will die!”

As soon as he said that, everyone was stunned at first, but soon, someone chose to compromise and directly took the high-grade heavenly dog biscuit and swallowed it!

After all, Chen Xiaobei had control over their lives and deaths. There was no need for him to lie to them!

You can live by eating dog food, but you’ll die if you don’t!

This sentence was obviously not a joke, but an absolutely true ultimatum!

Some people took the lead and ate first, and it seemed that they didn’t die. The rest of the people quickly followed and ate all the high-level heavenly dog food in front of them!

Chen Xiaobei saw everything and nodded in satisfaction. He walked towards the crowd and began to let the 800 people recognize him as their master!

Without a doubt, Chen Xiaobei’s control of these 803 people was equivalent to controlling half of Pearl Hall. It was also equivalent to planting a hidden chess piece in all 803 forces!

In the future, whether it was in the Pearl Hall or in the war, Chen Xiaobei would definitely be able to get help from these people!

This was very important to Chen Xiaobei!

Of course, other than the future benefits, Chen Xiaobei would not forget the present benefits!

After everyone had acknowledged him as their master, Chen Xiaobei immediately gave his first order.

“Take down all your Storage Treasures and give them to me!”

[Red Envelope Group of the Three Realms](#)

Chapter 2693: earning more and more

The eight hundred and three people in front of him were all core disciples of the Pearl Hall and geniuses of their families!

For this operation, they and their families must have made sufficient preparations!

In this way, the total amount of resources in the storage bracelets of these 803 people was probably no less than a small treasure vault!

Chen Xiaobei had to support the entire Royal City of beixuan and many other main cities after he conquered the city!

He would never let go of such a great opportunity to gather resources!

Under Chen Xiaobei’s command, the 803 men immediately handed over their storage bracelets!

Chen Xiaobei was so happy that he started counting his loot.

Among these 803 people, there were seven original leveled powerhouses at the peak of original level.

In addition to si Xiayu's storage bracelet, there were seven six-star earth-god instruments, more than a dozen low-rank earth-god instruments, more than a hundred talismans, and more than a hundred pills!

After that, he found more than 500 three-star to five-star earth-god instruments, more than 1000 talismans, and more than 1000 pills in the storage bracelets of the 296 nascent soul realm cultivators!

In the end, from the storage bracelets of the 500 golden core disciples, there were more than 800 one-star to three-star earth-god instruments, more than 3000 dharmic talismans, and more than 3000 pills!

Without a doubt, Chen Xiaobei's wave was the best of the best!

The amount of resources was not particularly large. It was only the amount of resources in a small treasure vault.

However, the quality of this batch of resources was very high!

It started at one-star earth-god level and reached the peak of six-star earth-god level! Even a large treasure vault wouldn't have so many good things!

Of course, this was not strange. Behind these 803 people, there were 803 forces of various sizes supporting them! In order to make a contribution in the mission, all the forces would definitely give their full support!

In this way, the storage bracelets of these 803 people were equivalent to bringing the best resources of the 803 forces!

And this made Chen Xiaobei's pot full of money. It was even more satisfying than drinking it!

Other than these resources, there was also something else that Chen Xiaobei wanted to get his hands on!

That's right! They were high-grade spirit stones!

In order to raise his troops, Chen Xiaobei was trying to earn spiritual stones. What he needed the most right now was spiritual stones!

This time, Chen Xiaobei had found 1.5 billion upper spiritual stones!

Without a doubt, this was all thanks to the support of the eight hundred plus forces! Otherwise, it would be impossible for them to gather so many spirit stones with just these people!

The first love peach earned 1 billion! The Dragon penis wine made one billion! Livestreaming, gaming, pill refining, cosmetics, and another billion!

With this wave of income, the capital of the royal city of beixuan now had 4.5 billion upper spiritual stones!

A conservative estimate would be that they would be able to defend three or four main cities in a row!

This way, Chen Xiaobei had the confidence to start a war!

.....

After that, Chen Xiaobei made the arrangements.

Talismans, elixirs, and one-star to five-star earth-god instruments were to be left behind and stored in the beixuan Royal city's Treasury!

These resources could be given to the soldiers to use, and they could also be used to reward meritorious officials! To a dynasty, it was a very important Foundation!

As for the early seven-star earth-god nine-turn white bone whip and the seven six-star earth-god instruments, Chen Xiaobei threw them into the heaven and earth smelt!

With the clear moon spiritual rhinoceros sword, these magical items were not of much use to Chen Xiaobei!

Refining it into the spiritual aura of heaven and earth would be more helpful to Chen Xiaobei!

After all, the black soul demonic evolution had absorbed all the spiritual aura of heaven and earth. Chen Xiaobei had to store some new spiritual aura!

After all, Chen Xiaobei was going to tame the ten-thousand-year infernal spirit!

Chen Xiaobei would definitely turn such a powerful treasure into a demon! And this would require a huge amount of Heaven Earth spiritual aura!

Refining the nine-turn white bone whip and the seven six-star earth-god instruments would not be enough for the ten-thousand-year infernal spirit to reach the Dark Soul Stage. So, Chen Xiaobei had to find more high-tier earth-god instruments to refine!

Of course, the witch Dragon heavenly flame had only reached the level of a six-star earth-god, and it would still take a long time to refine it!

Therefore, the plan to turn the 10000-year infernal spirit into a demon had to be postponed. Chen Xiaobei still had time to search for more things to supplement the spiritual aura of heaven and earth!

.....

Now that all the resources had been distributed, Chen Xiaobei focused his attention on the 803 loyal dogs in front of him!

"Everyone, listen up!"

"I'll let you out later!" Chen Xiaobei said. When we get out, people will definitely ask you what happened! I'll teach you how to answer now, so remember it well! Don't make any mistakes!"

As soon as he said this, the 803 people all perked up their ears, not daring to be the slightest bit slow.

Chen Xiaobei said, " "First of all, si Xiayu will take you into the danger zone! Then, si Xiayu threatened you and took your storage Dharma Treasures!"

“Then, si Xiayu subdued the ten-thousand-year-old infernal spirit and received all of fiery King’s inheritance! In the end, si Xiayu escaped. No one knows where he went!”

Obviously, Chen Xiaobei was trying to kill them all!

She pushed all the blame onto si Xiayu!

The storage bracelets of these 803 people were all stolen by si Xiayu! The benefits of fiery King’s remains were all monopolized by si Xiayu!

This way, everyone’s attention and anger would be focused on si Xiayu!

However, si Xiayu was already dead without a trace left!

No one could find si Xiayu, so no one would know that all the benefits went into Chen Xiaobei’s pocket!

With this in place, Chen Xiaobei had nothing to worry about!

After that, Chen Xiaobei took another fire immunity pill and left the verdant Emperor’s divine gourd, returning to the lava space.

Chen Xiaobei was going to subdue the 10000-year-old infernal spirit and receive all of fiery King’s inheritance!

.....

In the lava space.

“What a good ten thousand year infernal spirit!”

Chen Xiaobei looked at the ‘little sun’ in the middle and exclaimed, “if it weren’t for your extreme heat, I wouldn’t have been able to kill si Xiayu in seconds and subdue eight hundred loyal dogs!

The reason why Chen Xiaobei did not subdue the 10000-year infernal spirit earlier was to use the terrifying temperature of this space to set up a trap!

at this moment, my scheme and plan have all succeeded!

The corners of Chen Xiaobei’s mouth lifted, and he smiled in satisfaction. “Now, let me subdue you as well! My ten-thousand-year infernal spirit!”

Chen Xiaobei stomped on the ground and leaped into the air!

The fire immunity pill made Chen Xiaobei immune to the surrounding heat, allowing him to approach the 10000-year infernal spirit without any worry!

Other than the fire avoidance pill, fiery King had also left something behind to help Chen Xiaobei break through this final obstacle!

That’s right! This was the “explosive heavenly soldier painting”!

[Red Envelope Group of the Three Realms](#)

Chapter 2694: fiery King’s last words

It was obvious that this entire ruin was meticulously set up by fiery King, and existed for the sake of selecting an heir!

And to become fiery King's successor, the most important thing was to learn "fiery King's weapon refining general outline" and "fiery King's pill refining secret technique", these two unique secret manuals!

Only by learning the contents of the two secret manuals would the descendants be able to gain the fiery King's recognition and subdue the ten-thousand-year infernal spirit with the knowledge they had learned!

Only after passing through this last obstacle could he become fiery King's successor!

If it were an ordinary person, it would take at least a dozen years, at most a few hundred years, or even a lifetime to learn the two secret manuals of fiery King, refine the fire immunity pill, and then repair the 'explosive flame heavenly armament painting'!

However, Chen Xiaobei had the scholar heart, so these two secret tomes were not difficult at all. He had already learned them!

According to fiery King's meaning, the effect of the definite fire pill was to be immune to extreme heat! The function of the "explosive heavenly armament Painting" was naturally to subdue the 10000-year infernal spirit!

While he was repairing the 'explosive heavenly armament painting', Chen Xiaobei used the 'magical treasure fusion technique' to merge the 'explosive heavenly armament painting' and the 'Blood God's deity-killing painting' together!

He had created a brand new blood God's deity-burning painting!

fiery King, show your divinity! Exploding flame, return to the throne!

Chen Xiaobei waved his hand and threw the blood God's deity-burning painting away!

"Chi ..."

The spiritual connection directly activated the mysterious array hidden in the scroll!

Originally, the effect of this array was to create an endless number of Inferno soldiers!

However, when facing a ten-thousand-year infernal spirit, this array could activate a mysterious effect!

"Phew! Whoosh ..."

The spiritual shadow of the fire man rushed out from the center of the scroll and started to spin rapidly around the ten-thousand-year infernal spirit!

It was like a huge red flame Whirlpool that kept spinning, creating a terrifying suction force. It slowly sucked the 10000-year-old flame spirit into the blood God burning deity painting!

After the 10000-year-old infernal spirit disappeared, the blood God's deity-burning painting also calmed down and flew back into Chen Xiaobei's hand!

Then, the boiling lava solidified into rocks, and the deadly red flames were extinguished. The terrifying temperature in the entire space began to drop rapidly!

“Ka! Ka! Ka ...”

Finally, in the deepest part of the space, a small secret compartment was directly opened!

Obviously, the ultimate reward for passing the last level was placed there!

“Done!”

Chen Xiaobei’s eyes lit up. let me see what the fiery King left for his successor!

Chen Xiaobei took a step forward and rushed over to the secret compartment. He looked at the item in the secret compartment expectantly.

It was a token made of red metal, shaped like a flame. It was shining with spiritual light as if it was really burning!

However, there was nothing else besides this token!

“Where’s the cultivation inheritance? What happened to exploding flame heaven sect’s Treasury? Why was there only one broken card? This is too lousy!”

Chen Xiaobei frowned, feeling a little disappointed.

“Something’s wrong!”

But when he thought about it, Chen Xiaobei changed his mind.”Fiery King has gone through so much trouble to choose an inheritor, it’s impossible for him to use an ordinary token to perfunctorily do it! It’s obvious that there’s a huge secret hidden in this token!”

“Chi ...”

Chen Xiaobei picked up the token and started spiritual communication.

As expected, the token itself was a spiritual object. As soon as Chen Xiaobei connected with it, it projected a figure in front of him!

This person looked very young. He had sword-like eyebrows and bright eyes. He was handsome and wore a fiery red robe. Not only did he look very heroic, but he also added to his handsomeness! He had an extraordinary bearing, like an immortal!

this ... This is fiery King? ”

Chen Xiaobei furrowed his brows in confusion.

“Junior! When you get the explosive token, I’m already dead! At this moment, what you’re seeing is just the information that I’ve engraved in the explosive token!”

The young man in red stood with his hands behind his back and said indifferently, ” “I failed to pass the Tribulation, and my physical body and Dharmakaya were destroyed. Only my soul escaped! He used his last bit of strength to create this ruin!”

you were able to pass the many tests of the ruins and finally obtain the 'explosive flame token'. This means that you have the ability and the qualifications to inherit everything that belongs to me!

however, my magical treasure was destroyed during the Tribulation, and my storage bracelet was also lost at that time. Therefore, only the ten-thousand-year infernal spirit and the 'explosive Inferno token' are left for you!

of course, this token is no ordinary item. If you're interested, you can go to the flaming Mountain in the far west of Jambu and use the spirituality of this explosive flame token to find the ruins of the explosive flame heavenly sect!

"If I'm not wrong, after my death, the exploding flame heaven sect will be destroyed or even completely annihilated! If you find the ruins, you can use the explosive flame token to open the sect's treasure vault!"

"I'm not sure how many things there are in the treasure vault! How many benefits you can get will depend on your luck! Remember, use the explosive tokens well, and you might get unexpected gains!"

"In addition, there's a large spirit vein under the Treasury! This spirit vein had been sealed for tens of millions of years, so it must be full of spirit Qi! With your intelligence, you should know how to use it!"

The young man in red paused and said in a deep voice, "I've already explained everything! I've been unrivaled throughout my life, and to be able to leave behind some traces in this world after my death, to be able to fulfill the future of a junior like you, I've not lived in vain!"

After saying that, the young man in red disappeared.

Chen Xiaobei held the bursting flames token in his hand, his mind filled with a thousand thoughts.

Fiery King had been a hero of his time, sweeping across the world and proud of the human world. Before he died, he only wanted to leave some traces in the world and become a junior!

It could be seen that Fiery King had a broad heart and was a great hero! A great hero! It was admirable!

However, such a person had failed his tribulation and had no fate with the celestial sect. It was truly tragic and desolate! What a pity!

"Fiery King, don't worry!"

Chen Xiaobei looked into the sky and said, "If there's a chance later, I'll definitely look for the ruins of the erupting flame heaven sect! It's not just for the Treasury and the spirit vein. If you have any unfinished business, I'll do my best to help you deal with it!"

In fact, Chen Xiaobei had already made a huge profit this time!

Ten-thousand-year infernal spirit, smithing skills, alchemy skills, clear moon spiritual rhinoceros sword, nine-turn white bone whip, seven six-star earth-god instruments, thousands of one-star to five-star earth-god instruments, thousands of medicinal pills and talismans, 1.5 billion upper-grade spirit stones, and 803 loyal dogs!

Even without the explosive flame heaven sect's treasure vault and spiritual vein, Chen Xiaobei would still be able to profit from this!

If fiery King had something he wanted to do, even if Chen Xiaobei did not have to destroy the Treasury and the spiritual vein of the sect, he would help fiery King complete his last wish!

"We have to find another chance to find the erupting flame heavenly sect!"

alright! Chen Xiaobei said, " I have more important things to do!

[Red Envelope Group of the Three Realms](#)

Chapter 2695: discovered flaw

At this moment, the 10000-year-old dark soul had been retrieved, and the entire space gradually returned to normal!

There were still nearly two hundred people outside, and they would be here soon!

Chen Xiaobei had to release the 800 loyal dogs immediately to fool the 200 or so people!

After all, Chen Xiaobei still had to stay undercover in the Pearl Hall. Before he found what he needed, he could not cause any chaos in the Pearl Hall!

"Woof! Buzzzzzz! Yi ..."

Chen Xiaobei then released the 803 loyal dogs.

Chen Xiaobei put on his mask, activated his stealth ability, and disappeared from the scene.

"What happened here? Why did the terrifying heat disappear?"

Sure enough, not long after, Fang longqi brought the hundred over people who did not enter the lava space and rushed over.

Yue yefeng and Lord Chi Ling were also in the crowd.

No. 8 Luban was also surprised.

No. 8 Luban was in Chen Xiaobei's form.

If No. 8 Luban pretended to know nothing, it would mean that Chen Xiaobei knew nothing to the others! Everything that happened in the lava space had nothing to do with Chen Xiaobei!

Fang longqi knew that Chen Xiaobei had gotten all the benefits! However, in order to continue to pretend to be Chen Xiaobei's loyal dog, Fang longqi would not expose Chen Xiaobei. He would only cooperate with Chen Xiaobei to fool the higher-ups of the Pearl Hall!

In addition to the 803 loyal dogs that Chen Xiaobei had just tamed, no one would be able to trace this matter back to Chen Xiaobei!

Chen Xiaobei's loyal dogs followed director Chen's plan and started their performance.

"Young master Fang! You have to seek justice for us! Si Xiayu, that evil thief! He stole all of our storage bracelets!"

he even threatened us. If we don't hand over our storage bracelets, he'll whip us to death with the nine turn white bone whip!

"Si Xiayu isn't just a thief, he's a traitor! He had taken away all the benefits that fiery King had left behind! He's completely disregarding the sect's interests!"

"Yup! Si Xiayu, this traitor! As the grandson of the Vice Hall Master, he actually did such a thing! It's even more of a crime!"

"Young master Fang! You must seek justice for us! He had to kill si Xiayu! Bring him back to the sect and punish him severely!"

All of a sudden, the 803 loyal dogs pushed all the blame onto si Xiayu!

Si Xiayu was already dead, so it was impossible to catch him!

Naturally, the dead could not testify to this matter!

With Fang longqi's cooperation, Chen Xiaobei would not be suspected by the higher-ups, and he would not have to worry about the benefits of being chased down!

"Don't worry, everyone!"

As expected, Fang longqi looked at No. 8 Luban and said seriously, "I'll definitely report this matter to the higher-ups of the sect! I won't let that evil traitor, si Xiayu, off easily!"

At this point, the ruins exploration operation had finally come to an end.

Everyone had come in a grandiose manner, but they returned empty-handed.

Only the great director Chen, who had earned a lot, was so happy that he was flying in the air!

Of course, there were still some questions that Chen Xiaobei had to clarify!

.....

After Fang longqi met with the higher-ups in Pearl Hall, he was immediately called over by Chen Xiaobei.

"Master, you called me over in such a hurry, do you have any orders?"

Fang longqi continued to pretend to be Chen Xiaobei's loyal dog. He did not show any sign of weakness.

"What did the higher-ups say about this?"

Chen Xiaobei stood calmly in the back of the sect mountain, in an empty forest.

"The higher-ups are very angry ..."

"The higher-ups had high hopes for this operation, but they didn't get anything in the end!" Fang longqi said. My grandfather's mouth is crooked from anger!"

"This is reasonable!" Chen Xiaobei shrugged and smiled.

Chen Xiaobei already disliked that old fox, Fang Yuanyuan, but when he heard that the old fox was so angry that his mouth twitched, Chen Xiaobei could not help but feel happy.

“Also, my grandfather severely reprimanded si Hengjiang! Si Hengjiang is si Xiayu’s grandfather and the Vice Hall Master of the Pearl Hall!”

Fang longqi continued, ‘because si Xiayu stole the storage bracelets of 803 people! The sect had to give an explanation to the forces behind these people! Therefore, si Hengjiang has resigned from his position as the Vice Hall Master and vowed to never be reinstated if he doesn’t capture si Xiayu!’

Chen Xiaobei’s expression did not change, but he was secretly happy.

As the saying goes, the upper beam is not straight, the lower beam is crooked!

Si Hengjiang was obviously not a good person to be able to teach an evil person like si Xiayu!

Chen Xiaobei’s plan not only pushed all the blame onto si Xiayu, but also took care of si Hengjiang!

A scheme to get rid of two great evils for the people could be considered a good thing!

However, the chaos Blood Sword had devoured si Xiayu’s nascent soul, so si Xiayu’s soul could not fall into the earth. That was why Chen Xiaobei did not get the merit points!

This time, Chen Xiaobei had spent 150 million merit points to exchange for the spirit-Slayer talisman and 803 high-grade heavenly dog biscuits!

Leaving without entering was not a good idea. Chen Xiaobei had to find a way to earn merit points later!

Of course, Chen Xiaobei had more important things to do!

that’s all for the fiery King ruins ... Chen Xiaobei said. “Now, can you tell me what the clear moon Spirit rhinoceros sword is about?”

Chen Xiaobei stared at Fang longqi with his dark eyes.

“I was just about to report to master!”

Fang longqi said, “it was in the fiery King ruins. I was careless. A female disciple named Jun Yunqing stole the clear moon spiritual rhinoceros sword! I’ve already caught him and locked him up in the dungeon!”

“You caught her?”

“Did she say anything?” Chen Xiaobei asked.

“She’s confessed everything!”

“She admitted that she stole my clear moon spiritual rhinoceros sword and used it to kill you, master!” Fang longqi said in a deep voice.

“She admitted it?” Chen Xiaobei’s brows furrowed as suspicion rose in his heart.

“Yes, I am!”

Fang longqi nodded and said, “master, if you’re still worried, you can go and interrogate them yourself!” Of course, if you don’t want to see her, I’ll go back and kill her immediately!”

“What?”

you ... Chen Xiaobei raised his eyebrows and asked, “ did you just say that you want to kill her? ”

“Yes ... Yes ... Is there something wrong?” Fang longqi did not understand what Chen Xiaobei meant.

Chen Xiaobei quickly asked, “ “You haven’t even found the clear moon spiritual rhinoceros sword yet, and you’re in such a hurry to kill her? Are you trying to silence me?”

this ... Fang longqi was stunned. He suddenly realized that he had been too impatient and seemed to have exposed himself.

“You’re hesitating!” Chen Xiaobei glared at Fang longqi like a sharp sword!

Chapter 2696: playing along

“Still ... Hesitating? I ...”

Fang longqi swallowed his saliva and said, “ “I’m not hesitating! I’m only guessing that you’ve already gotten the clear moon Spirit rhinoceros sword, so there’s no need to ask Jun Yunqing! Just kill them directly, and you won’t be bothered by what you see!”

“Who told you that I already have the clear moon spiritual sword?” Chen Xiaobei said coldly. You didn’t even ask me!”

Fang longqi stammered, “I ... I think you’re so powerful, master, you won’t miss the clear moon consonance sword ...”

“You want to? Should be?” what? ” Chen Xiaobei said coldly, “ you don’t even want to confirm something so important? How can I believe you when you’re so careless?”

“Master! You’ve misunderstood me!”

Fang longqi knelt on the ground and explained with a sincere face, “ “I’ve been loyal to you! It was just a moment of carelessness and she said the wrong thing! You can’t doubt my loyalty just because of such a small problem!”

“Are you really loyal to me?”

Chen Xiaobei said, “ “Then I’m ordering you to immediately destroy your own body! If you do as I say, you’ll prove your loyalty! Leave your nascent soul behind. I’ll help you shape a physical body in the future! If you refuse, that means you’re disloyal!”

this ... Fang longqi was stunned.

One had to know that it was easy to self-destruct one’s body, but reconstructing one’s body was as difficult as ascending to the heavens!

Even an ordinary true immortal from the heaven realm would find it difficult to rebuild a perfect body! Even if Chen Xiaobei could rebuild it, it would only be a defective one, not comparable to Fang longqi’s current body!

That was why Fang longqi's first reaction was to refuse!

However, Fang longqi was one hundred percent loyal to his true master, and his true master had given him the mission to stay by Chen Xiaobei's side and pretend to be Chen Xiaobei's loyal dog!

Therefore, in order to complete his mission and stay by Chen Xiaobei's side, Fang longqi was willing to pay any price!

"Good! I'll immediately self-destruct!"

Fang longqi activated his ethereal force and was about to attack his body.

"Stop!"

"I believe in your loyalty now!" Chen Xiaobei said. I was just joking with you, you don't have to take it to heart!"

yes ... Fang longqi heaved a sigh of relief.

"You go back now! Send Jun Yunqing over to see me!" Chen Xiaobei ordered.

"Yes, sir!" Fang longqi didn't dare to ask any more questions and left immediately.

"Bro bei ..."

As soon as Fang longqi left, Xuan po flew out and said, "Do you really believe in Fang longqi's loyalty?"

"Of course I don't believe it!" Chen Xiaobei's eyes narrowed and a wise smile appeared on his face.

that's right! Xuan po was overjoyed. bro bei, did you also find that guy's weakness? "

"That's right!"

yes! Chen Xiaobei nodded. I told him to destroy his own body. He didn't say no, but he hesitated for half a second!

"Yes, yes, yes!"

of course! Xuan po nodded. if I'm 100% loyal to bro bei, I wouldn't have hesitated for half a second! Just like how bro bei would kill me if he wanted me dead! I won't even frown!"

"You're My Lucky Star!" Chen Xiaobei said with a smile. I can't bear to let you die!"

"Hehe! Bro bei is the best!"

Xuan po laughed for a while before becoming serious, bro bei, since you've found out that there's something wrong with Fang longqi, why don't you just kill him? "

"No rush!"

Chen Xiaobei's eyes lit up and he said, " "If I'm not wrong, Fang longqi was disloyal to me because he ate someone else's high-level heavenly dog food first! In other words, my enemy has already taken control of Fang longqi!"

“Since Fang longqi is the enemy’s loyal dog, all the more reason we should kill him!” Xuan po said in confusion. Otherwise, he could be a threat to you at any time!”

“You little fool!”

of course! Chen Xiaobei laughed. if I hadn’t noticed Fang longqi’s problem, it would have been very dangerous! But now, I know that Fang longqi is my enemy, so I’m going to kill him!”

“This way, Fang longqi won’t be able to harm me. Instead, he’ll become a chess piece for me to deceive my enemies! Through Fang longqi, I can even beat my enemies at their own game!”

Chen Xiaobei was smart. The moment he realized Fang longqi’s problem, he had already started to plot against Fang longqi’s real master!

Xuan po was impressed by Chen Xiaobei, ” “Bro bei! Your vision is really too far! I only calculated one step, but you’ve already calculated hundreds of steps away! It’s simply too, too awesome!”

Chen Xiaobei laughed. You didn’t learn much, but you’re really good at flattery!”

“I’m not flattering you! I’m telling the truth! My bro bei has always been super awesome!”

Xuan po thought for a while and asked again,’bro bei, how do you plan to deal with that bad woman, Jun Yunqing? Should I kill her?”

“Of course not!”

“Lord scorching Heat’s master is a very powerful person!” Chen Xiaobei said. If you want to kill me, there should be more and better ways! In other words, it’s definitely not her master’s intention for Lord scorching heat to kill me!”

then wouldn’t she want to kill you? ” Xuan po asked.

“I won’t!”

no! Chen Xiaobei shook his head and said, ” Lord Chi Ling respects her master so much that he would listen to her every word! As long as her master doesn’t want to kill me, she won’t have the intention to kill me even if she hates me to the core!”

“I understand!”

Xuan po nodded and said,”Lord blazing heat might have been deceived!” Or was he being controlled by the enemy? That’s why they tried to assassinate bro bei! This was not her intention!”

“Right!”

that girl isn’t a bad person! She must have fallen into Fang longqi’s trap! Chen Xiaobei said.

bro bei! Since Lord Chi Ling is not a bad person, you have to think of a way to save her! Xuan po said.

“This is a must!”

“At the end of the day, I still owe Lord scorching Heat’s master a favor. I can’t let anything happen to Lord scorching heat!” Therefore, I asked Fang longqi to bring Lord blazing heat to me!”

bro bei, how are you going to save her? ” Xuan po asked again.

“This is simple!”

no! Chen Xiaobei said, ” Lord scorching heat admitted that he stole the sword to kill me! It was obvious that she had lost her heart! The effects of this heavenly dog biscuit!”

“What? Did Lord scorching heat eat the heavenly court dog food?”

When Xuan po heard this, he revealed a worried expression, ” “The heavenly dog biscuit is extremely overbearing! Once consumed, Lord scorching heat will be 100% loyal to her master. Even if she were to die, she would not betray her master!”

“Idiot! Why did you let Lord scorching heat die?”

Chen Xiaobei laughed, ” Once this guy is dead, Lord scorching Heat’s 100% loyalty can no longer be trusted, and he can naturally regain his freedom!”

Red Envelope Group of the Three Realms

Chapter 2697: war imminent

Very soon, Fang longqi brought Lord blazing heat over.

Chen Xiaobei had already guessed that Lord scorching heat had eaten dog food, so he did not ask her anything! Because, even if he asked, he wouldn’t hear a single word of truth!

Chen Xiaobei then sent Lord scorching heat into the Meru space and locked him up in the spirit condensing space with the reincarnated earth Immortals!

They were imprisoned, but they were actually protecting them!

As long as the owner of the contract was killed, the contract would be automatically terminated, and the reincarnated earth Immortals would regain their freedom and return to the Jie sect!

It was the same for Lord scorching heat. As long as Fang longqi was dead, he would have no place to place his loyalty and would regain his freedom!

The main reason was because Fang longqi was still of value to him. That was why Chen Xiaobei had temporarily locked up Lord scorching heat. When the time was right, Chen Xiaobei would kill Fang longqi to avenge Lord scorching heat and also return Lord scorching heat his freedom!

.....

At this point, the matter of fiery King’s remains had finally come to an end.

Chen Xiaobei had gained all the benefits and gotten rid of all the charges. He was able to stay in the Pearl Hall and become an ordinary disciple.

After settling down, Chen Xiaobei immediately accepted the clan mission to capture si Xiayu and left the Pearl Hall!

Of course, Chen Xiaobei knew that si Xiayu could not be caught!

The reason why he had accepted this sect mission was so that he could leave the Pearl Hall and move around freely for a while!

Without a doubt, it was time for the royal city of beixuan to send out their troops for the first battle!

This was the first battle in the royal city of beixuan! Only victory is allowed, no defeat is allowed!

Chen Xiaobei had to go back and take charge of the situation!

Fang longqi wanted to stay by Chen Xiaobei's side, but Chen Xiaobei did not agree to it. He only ordered Fang longqi to collect detailed information about the seven forbidden zones!

It was clear that the many adventures he had gone through before had made Chen Xiaobei an inseparable connection with the seven forbidden zones of the earth-god Realm!

9,999 evil bone ghosts were in the endless Dead Sea!

The source of the darkness Demon Dragon's aura was in the darkness Dragon tomb!

In addition, the sun Emperor crystal and the eternal holy water were most likely somewhere in the seven forbidden zones!

Of course, Chen Xiaobei would not explicitly state what he wanted to investigate. So, he asked Fang longqi to collect all the information about the restricted zones. The more detailed, the better!

Fang longqi did not reject Chen Xiaobei's request and returned to Tianji city's headquarters to collect more information.

Although Fang longqi's rank in the headquarters of Tianji city was not high, he could not find out the core secrets!

However, the information in the headquarters was definitely much more abundant than that in the Pearl region!

Chen Xiaobei's order not only lured Fang longqi away, but also made use of him. It was killing two birds with one stone, the best of both worlds!

Who said that the enemy's loyal dog must be harmful?

As long as he could use it well, Fang longqi would be Chen Xiaobei's dog!

If he was told to go east, he would not dare to go west! He didn't dare to order the chicken to bite!

.....

After settling Fang longqi, Chen Xiaobei left for the vast mountains and seas.

Chen Xiaobei could have used the returning bracelet to return to the royal city of beixuan.

However, before he went back, he wanted to go to a place to meet an old friend. This would have a huge impact on the first battle in the royal city of beixuan!

Chen Xiaobei rode on the somersault cloud and flew towards a deep valley!

There was a large dark steel mine in the valley! Tens of thousands of Titan soldiers worked hard every day to mine a large amount of dark steel ore!

These ores would then be handed over to the people sent by the divine craftsman and Grand shaman to be forged into weapons and armors for the use of the heavy mystery tribe's Wu tribe warriors!

That's right! This large dark steel mine belonged to Chen Xiaobei! These ten thousand Titan soldiers were also working for Chen Xiaobei!

This could be traced back to the time when Chen Xiaobei was fighting against the nine Grand shamans!

At that time, Grand shaman Xuan Zhong was in need of a large dark steel mine. Lockheed happened to have a clue and brought Chen Xiaobei here!

At that time, Chen Xiaobei's enemy, the sixth young master of greataxe city, Neos, had also brought his men to this place!

Lockheed, as the hero of greataxe city, ordered six thousand Titan soldiers to rebel and cut Neos into pieces!

Since then, Lockheed and the 6000 Titan soldiers had left giant axe city and were now under Chen Xiaobei's command!

Chen Xiaobei did not mistreat them. He left them spiritual stones and resources, and even built a small city for them to live in. At the same time, he asked them to bring their families out of giant axe city to live with them!

When Chen Xiaobei was not around, Neos had returned to giant axe city several times, bringing with him a bunch of brothers who had been through life and death together.

That was why there were tens of thousands of Titan Warriors mining ores every day in the mine.

There were nearly 50000 Titan race people living in the city next to it.

These people were the family members of the Titan Warriors. Their lives here were very stable. It was far more comfortable than being bullied by the rich and powerful in great axe city.

.....

When the people heard that Chen Xiaobei was here, they immediately ran out of their homes!

The people were not here to watch the show, but to welcome Chen Xiaobei!

The people were holding plates of meat and wine, and baskets of fruits and vegetables, all ready to offer to Chen Xiaobei!

These were not expensive items but they represented the People's most sincere gratitude to Chen Xiaobei!

Chen Xiaobei did not expect himself to be so loved by the people of Titan!

After all, this was Chen Xiaobei's first time meeting these people. He had never helped them with anything! Chen Xiaobei felt that he could not accept such warm support and such sincere gratitude!

“Your Majesty! You are our great benefactor! Please don’t reject our little gift! Please accept our gift of thanks!”

we were bullied by the nobles in greataxe city. It was not until we came here that we finally lived carefree, free, and equal lives! This is a gift from His Majesty the Honorable King!”

“The men in my family work hard in greataxe city, but the spirit stones they earn aren’t even enough to support our family! They were often exploited by the officials, and sometimes they didn’t even have a next meal!”

“But here, I will serve His Majesty! The men earned more than ten times the amount of spirit stones in the past! The point was that every spiritual stone belonged to him, and he didn’t need to pay respects to those Bullsh * t officials! This is all thanks to Your Majesty!”

“A stable life with abundant income is the dream life of us ordinary people! All of this was given to him by His Majesty! We have nothing to repay you with, so we can only ask Your Majesty to accept our small gifts of thanks!”

The people expressed their gratitude, and Chen Xiaobei finally understood what had happened!

Life! Income!

The commoners actually did not want much! Just a small change could make them feel satisfied and happy!

This had given Chen Xiaobei a huge inspiration!

Red Envelope Group of the Three Realms

Chapter 2698: saving and poaching

The tens of thousands of people in the city were all happy and grateful to Chen Xiaobei. Some of them had even become Chen Xiaobei’s followers!

This scene had a huge impact on Chen Xiaobei’s heart! It also gave Chen Xiaobei his own enlightenment!

“It’s not difficult to start a war! It was not difficult to win! It was not difficult to defend the city! The difficult part is to make the people happy and satisfied!”

Chen Xiaobei’s eyes narrowed as he thought, “After I take down great axe city, I’ll make sure the people are more satisfied and happy than before! Only then can I be considered to have completed my merit and receive a true merit for stopping the war!”

It was clear that Chen Xiaobei was not the Holy Mother Phoenix. The main reason he wanted to unify the Nanzhan state was to stop the war!

The Nanzhan state was in endless chaos. Countless Wars broke out every day, and countless lives were lost every day!

If he could unify the Nanzhan state and make the people more happy and satisfied, Chen Xiaobei’s merit points for stopping the war would be even higher than Ying Zheng’s!

If he could unify the Nanzhan state, the people would be happy and satisfied, and Chen Xiaobei would also gain a huge number of new followers!

As the saying goes, men strive for luck, gods strive for incense! In the end, they were all fighting for believers!

With more followers, the incense offerings would naturally be more abundant, and the fate energy would naturally be stronger!

If he could obtain a large number of merit points and followers, it would be of great help to Chen Xiaobei and the entire clan of enlightenment!

That was why Chen Xiaobei was determined to unify the entire Nanzhan state!

And now, at this place, at this scene, Chen Xiaobei finally understood the meaning of stopping the war!

“Make way! Everyone, please make way!”

Lockheed brought a dozen core members and squeezed through the crowd.

“We pay our respects to Your Majesty!”

Lockheed and the core members knelt down on one knee and saluted Chen Xiaobei.

“Get up!”

Chen Xiaobei smiled and did not care about the formalities.

Chen Xiaobei then gave Lockheed a look.

Rockhid understood and said loudly, “My fellow brothers and sisters! His Majesty has already appreciated everyone’s enthusiasm! Now, His Majesty has important matters to attend to, so please disperse! Don’t delay the important matters!”

As soon as he said that, the enthusiastic people around him dispersed.

Lockheed personally led Chen Xiaobei into the governor’s residence at the center of the city.

The owner of this mansion was Lockheed!

Lockheed was the most respected hero of greataxe city! Only Lockheed as the city Lord could convince the Titans in the city!

At the same time, Lockheed was Chen Xiaobei’s loyal follower!

If not for Chen Xiaobei’s help, Lockheed would have been dead!

If Chen Xiaobei had not helped Lockheed get a pair of Tiger legs, he would be a disabled man!

That was why Lockheed had long regarded Chen Xiaobei as his second parent! They had already entrusted their loyalty, dignity, glory, and even their lives to Chen Xiaobei!

Lockheed was willing to give up everything to repay Chen Xiaobei’s kindness!

Therefore, Lockheed was actually a subject of the royal city. The entire main city was considered the royal city's territory!

Chen Xiaobei was the one who had the highest authority here!

.....

In the conference hall.

Chen Xiaobei sat in the center seat.

Lockheed and the dozen core members stood on both sides.

"Your Majesty, what brings you here today? Are they going to attack the great axe city?"

Lockheed was the first to question. His tone was solemn and his expression was complicated.

At the same time, the dozen core members' expressions were a little unnatural.

"What's wrong? Is there a problem?"

that's right! Chen Xiaobei raised his eyebrows. giant axe city is the city that we have the best chance of taking down near the vast mountains and seas! Old Jiang has already told you about this! You guys should have already made preparations!"

"Yes ..."

Lockheed nodded and said anxiously, "Elder Jiang has indeed passed on the battle plan to us, and we have been making preparations for it ... But ..."

"But what?" stop hesitating! Chen Xiaobei said, "just say what you want to say!"

"It's like this ..."

Rockhid composed himself and said in a deep voice, "I wanted to bring as many of my former brothers from the city as possible to assist Your Majesty in attacking the city!"

"I've sneaked back to greataxe city a few times and brought back more than 4000 trustworthy brothers from the camp! The family members of most of the brothers were also brought over!"

"But the problem is, so far, there are still more than 300 brothers' families that haven't been brought over! There were more than 1500 men and women, old and young! They're all still in greataxe city!"

As soon as he said that, several of the core members around him looked anxious and worried.

If there were no accidents, the entire family of these people, old and young, would definitely be among those one thousand five hundred people!

Chen Xiaobei understood and said, "That's easy. Although I want to start a war, it's not today! You still have time to go and pick them up, so don't worry too much!"

Your Majesty, you don't know this. Although we have time, we might not have the chance!

ever since His Majesty built this mine, ” Lockheed said in a deep voice, ” tens of thousands of families have moved into great axe city. Tens of thousands of people!

“The city Lord is not an idiot. He’s already started investigating this! He started with the Army and locked onto the missing soldiers first, then sent people to keep an eye on the families of the missing soldiers!”

in other words, it’s not that I don’t want to pick up the last 1500 or so people, but they are already under the strict surveillance of the master of huge axe city. There’s no way to pick them up!

Lockheed’s expression became more serious. He said guiltily, ” “It’s all my fault for not considering everything in advance. I caused those 1500 people to be unable to escape, and also caused His Majesty to be unable to smoothly deploy his troops ... I deserve to die ...”

“Don’t say such things!”

I know! Chen Xiaobei waved his hand. I know how loyal you are. You don’t want to see this happen! We’ll make up for this small mistake together!”

“So, Your Majesty, you have a way to save those people?” Lockheed and the dozen core members ‘eyes lit up with anticipation!

“There are many ways!”

“Besides, I’m not just going to save those 1500 people!” We must bring back all our brothers who are worthy of our trust!”

Everyone was shocked. how ... How is this possible?!

“Stop talking nonsense!”

Chen Xiaobei raised his eyebrows and said, ” “Go and sort out the name list immediately! Then, we’ll set off immediately!”

Chapter 2699: open and aboveboard

Huge axe city.

The territory of the city was close to the vast mountains and seas, and it was controlled by the Titan race. The men in the city were all fierce and brave warriors!

They advocated a strong force, and all the forces within a radius of thirty thousand miles had to bow their heads and submit!

The royal city of beixuan wanted to unify the Nanzhan state, and their first stop after marching out of the vast mountains and seas was the huge axe city.

Coupled with the fact that Lockheed was very familiar with the situation in the city, Chen Xiaobei decided that the first target of the Army would be huge axe city!

Of course, before the battle, Chen Xiaobei still had to save the families of the 1500 soldiers!

At the same time, he wanted to poach more soldiers and citizens from huge axe city!

.....

In the evening.

After Chen Xiaobei and Lockheed had changed their appearance, they sneaked into the city.

After strolling around the city for a while, Chen Xiaobei and Lockheed went into action when night fell.

“Your Majesty, our soldiers have already contacted their families! A total of 1563 people! They were located in the slums of the West and north of the city! They’re all ready to evacuate!”

but, ” Lockheed said, ” the 300-odd houses where these people live are being watched by the city lord’s castle’s guards. We have no chance of saving them!

“It’s not that we don’t have a chance! It’s because you don’t have the chance!”

“To me, saving people is a piece of cake!” You can directly lead the way!”

“As ... As you wish!” Lockheed could not believe it, but he had to obey Chen Xiaobei’s orders!

Lockheed knew better than anyone that Chen Xiaobei was not an ordinary person. He would not give the wrong order!

As long as they listened to Chen Xiaobei, everything would go smoothly!

North of the city.

In front of the door of a dilapidated small courtyard, two Titan giant soldiers wearing battle armor and carrying giant axes stood like stone statues, their eyes staring at the courtyard door!

Far away, in a dark corner.

“Your Majesty, you’ve seen it all!”

Lockheed lowered his voice and said, ” “There are two elderly people in this small courtyard, a woman and a child! In order to save them, they must first defeat the guards! However, this will definitely alert the enemy!”

“The remaining 300 families will be taken hostage by the enemy in an instant! It’s completely impossible for us to save them now!”

Lockheed’s worry was completely necessary!

More than 1500 people and more than 300 households were scattered in different places. Once they made a move here, the enemy guards in other places would be alerted and capture the remaining people as hostages!

If that happened, not only would Chen Xiaobei and Lockheed be unable to save them, they might even be threatened!

However, even in such a situation, Chen Xiaobei’s heart did not waver at all. He smiled and said, ” “Of course we can’t alert the enemy! But if I didn’t beat the grass, how would the snake be frightened?”

“Don’t beat the grass?” Lockheed was stunned and confused.

Chen Xiaobei smiled and did not say anything. He put on the mask and disappeared into the darkness.

my God ... This ... This is an invisibility spell!? Lockheed was dumbfounded. He could not believe his eyes.

“Swish!”

Lockheed only felt a gust of wind pass by him. He could not see Chen Xiaobei’s movements.

About two minutes later, another gust of wind came.

“Your Majesty ... Is ... Is it you who has returned?” Lockheed swallowed and asked.

“Done!”

Chen Xiaobei took off his mask and smiled. the four people in this courtyard have already been put into the verdant Emperor’s divine gourd. They are absolutely safe!

“Heavens ... Your Majesty! Lockheed’s face was filled with shock. He looked at Chen Xiaobei and then at the two enemy guards in front of the courtyard.

The two stone-like soldiers with huge axes didn’t notice anything. They would never have imagined that the person in the courtyard had disappeared into thin air!

Don’t beat the grass, don’t alarm the snake!

With the Nightstalker outfit and the verdant Emperor’s divine gourd, Chen Xiaobei could easily save them!

.....

After that, everything went smoothly. All 1563 of them were kept in the verdant Emperor’s divine gourd by Chen Xiaobei!

“That’s great! The family members of all the brothers in the main city of the mine were all rescued by His Majesty! This way, we can continue with our next operation!”

yes, ” Lockheed said excitedly. according to his Majesty’s plan, I have compiled a list of nearly 100000 soldiers and 500000 people! As long as we continue to use the same method as before, it will be settled smoothly!”

“No!”

no! Chen Xiaobei shook his head and said, ” the method we used just now was to protect the hostage! There were no more hostages! We don’t need to move in secret anymore!”

“Don’t act in secret? Don’t tell me you want to do it openly?” Lockheed was taken aback.

“Right! I want you to openly poach him!” Chen Xiaobei said, ” “Don’t forget who you are!”

“Me? I am ... Lockheed’s eyes narrowed and then revealed a sharp aura.”I’m a heroic warrior! Lockheed!”

That's right! Lockheed was already the most respected hero in huge axe city!

Different from other officials, Lockheed never looked down on the children of the humble class and treated his subordinates equally in the military camp!

As long as there was merit, Lockheed would reward and promote even the children of the humble class! Once he made a mistake, Lockheed would punish him severely, even if he was a son of a powerful family!

It was because of this that Lockheed had a high prestige in the military camp of huge axe city!

Especially those who had been promoted, they were even more grateful to Lockheed for his help!

As long as Lockheed gave the word, he would be able to summon thousands!

Before this, Lockheed had snuck back to huge axe city many times to recruit more than four thousand soldiers and tens of thousands of people for Chen Xiaobei's mine!

However, the previous operations had all been carried out in secret, so there were not many people!

This time, Lockheed's operation had Chen Xiaobei's full support. There was no need to be sneaky anymore!

"Your Majesty, I understand what you mean! However, if I openly poach them, that would be equivalent to declaring war on huge axe city!"

Lockheed looked at Chen Xiaobei with a serious expression.

"Yeah, it's a declaration of war!"

Chen Xiaobei shrugged and said, "This is the first battle of the royal city of beixuan! I want to openly declare war! Then, he would win fair and square! We'll make the entire world tremble with our name!"

"Your Majesty is so domineering!" Lockheed's blood boiled. "Your Majesty, please give your orders! Where should we start?"

Chen Xiaobei grinned evilly and said, "do you still remember the big red packet that Neos left me?"

Chapter 2700: split up

'big red packet!?

Lockheed's expression froze for a moment before he immediately understood. "Of course I remember! After Neos's death, he left behind two important items in his storage bracelet. They are the great axe city's young commander's seal and the key to the Armory!"

"Then, do you still remember the use of these two items?" Chen Xiaobei asked.

"Of course!"

Lockheed said in a deep voice, "Neos's young commander's seal is a token second only to the city Lord's seal!" With this talisman, you can mobilize the vast majority of the generals in the city and even assemble an army of one million!"

the key to the Armory can Open the Armory directly. At the same time, you can also take out any weapon and equipment in the name of the city Lord. There is no limit to the variety and quantity! Lockheed said.

"Your memory is pretty good!"

alright! Chen Xiaobei laughed. take Neos's young commander's seal now! Go and gather the 100000 soldiers on your list! At the same time, tell their families to pack up and assemble with the Army!"

"Yes, sir!" Lockheed took the young master commander's seal and obeyed Chen Xiaobei's orders without a word.

alright! Chen Xiaobei nodded and said, " tell me the location of the Armory and I'll go there myself! After clearing the Armory, I'll come and pick you up!"

Lockheed nodded and pointed to the distance. "The Armory is located right next to the guards" barracks in the east of the city! The storehouse is huge and can be seen at a glance!"

"Alright!" alright! Chen Xiaobei nodded and said, " let's split up! I'll see you later!"

"Your Majesty, please wait!"

Lockheed quickly said, "the location of the Armory is easy to find, but there are three thousand armorers patrolling around it!" If anything goes wrong, it will alert the entire East Camp, and if it goes any further, it will alert the city Lord, the core higher-ups, and the entire city's Army!"

"Don't worry!" "Haven't you seen what I'm capable of?" Chen Xiaobei smiled.

"I've seen it! Of course I've seen it!"

Lockheed nodded heavily and said, "Your Majesty's powers are unparalleled!" We'll definitely be able to clear out the Armory of huge axe city without anyone knowing!"

After that, Chen Xiaobei and Lockheed split up!

.....

East of the city.

The guards Army camp!

This military camp was directly under the city Lord's mansion! It would be personally managed by the city Lord! Every soldier had extraordinary combat power!

The main point was that every soldier had a good background!

At least, the children of the humble class would never be qualified to enter this military camp! He was not qualified to wear that gorgeous and bright armor!

who's there!?

A group of patrolling guards surrounded Chen Xiaobei. They were five meters tall and had seven meters long axes in their hands. They were like huge trees, surrounding Chen Xiaobei!

That's right! Chen Xiaobei was surrounded!

This time, Chen Xiaobei did not hide himself. Instead, he swaggered to the entrance of the East Camp!

"How dare you!"

The captain of this group of guards stood up, holding a giant axe in his hand. He roared with a murderous aura, " "You actually dare to barge into the Imperial Guards" barracks, don't you know that this is a capital crime?"

"Clang!"

Chen Xiaobei extended the chaos Blood Sword out of his palm!

"How dare you! You're already sentenced to death, yet you still dare to show your weapon! You're just courting death!"

The captain of the guards waved his hand and shouted angrily, " "Brothers! He directly took action! Kill without mercy!"

As soon as he said that, the guards around him laughed.

"Boss, have you been angered by this kid? Why do all of us brothers have to take action against such a small thief?"

"My cultivation is the weakest! Big Brothers, please take a rest. Let me split this unruly man in half with my axe!"

"You're quite smart, kid! If they killed him, they would also get the credit of killing the intruder! However, this isn't a great contribution, so we'll let you have it!"

The guards around them laughed, not taking Chen Xiaobei seriously at all. They thought that even the weakest recruit could easily defeat Chen Xiaobei.

"Swish!"

However, in the next moment, a demonic blood-red light suddenly flashed in front of the guards!

Like an Aurora, the blood-red light circled around everyone and then disappeared in a flash!

The crowd did not even have time to react. Where did the blood-red light come from?

whoosh ... Whoosh ... Whoosh ...

However, in just a moment, the throats of those people were all neatly cut open, and their heads directly fell from their necks!

Hot blood spurted out of his mouth and dyed the ground red in the blink of an eye!

Ka ... Ka ... Ka ...

The huge axes in their hands also broke and fell to the ground in pieces!

“Hiss ...”

At the same time, a mysterious suction force was released, extracting all the blood essence from the dozens of corpses and absorbing them into the blood-red sword!

That’s right!

The blood-red light that had instantly killed more than a dozen people was the sword light of the blood-red sword!

The person who attacked was none other than Chen Xiaobei!

Now that the chaos Blood Sword had reached the level of a four-star earth-god, killing these axe-wielding soldiers was as easy as killing chickens!

The chaos Blood Sword could even fight an ordinary general with a huge axe!

However, this time, Chen Xiaobei only used the chaos Blood Sword to extract the blood essence and not the soul!

The blood essence was extracted because the chaos Blood Sword contained the great void crack, the core of the human world!

And in the crack of the great void, there was a Green Lotus seed of chaos!

The chaos Green Lotus had five lotus seeds in total, four of which had already bloomed!

The green Lotus of reincarnation bloomed on the peak of Mount Buzhou, becoming the core of the heaven realm!

The red karmic fire Lotus bloomed in the unholy blood sea and became the core of the netherworld!

The Golden Lotus of merit bloomed in the Nirvana world and became the core of the Buddhist realm!

The Black Lotus of destructions bloomed in Luoyi’s Deathlands and was the core of the demonic dimension!

The green Lotus seed of chaos in Chen Xiaobei’s hand had been repaired by the Jade bottle in the great void Rift, which was the core of the human world. It had begun to grow slowly!

In other words, Chen Xiaobei’s Green Lotus seed of chaos was the master of the core of the human world and had formed an inseparable relationship with the human world!

On top of that, the people that Chen Xiaobei had killed were all evil people!

The heavenly Dao would not tolerate villains who harmed the human world!

Chen Xiaobei had killed the wicked, enforcing justice on behalf of heaven and the human world!

The green Lotus seed of chaos devoured the evil people's blood essence and souls, which was also an act in accordance with the heavenly Dao. With the blessing of the heavenly Dao, its growth speed would also be accelerated!

That was why Chen Xiaobei would use the chaos Blood Sword to absorb the blood essence and souls of his enemies after he killed them!

But today, Chen Xiaobei had let the enemy's spirit go!

In this way, the yin soul would fall into the earth and enter the six paths of reincarnation!

The good reincarnated, the evil suffered in hell!

If these people were all evil, Chen Xiaobei would be able to obtain a huge amount of merit points!

Of course, this was a special period of time, and Chen Xiaobei could not immediately obtain the merit points!

in Zhao Yun's words, this was called a state of war!
