Chapter 2721

2721 Half an array diagram

"That's right! If it was a normal fire taming Pearl, its effect would indeed be similar to the water taming Pearl! The water repelling Pearl could help the owner to be immune to all water of nature below the heavenly immortal tier! The fire taming Pearl is immune to natural fire!"

"But normal water and fire taming beads are all divine fairy grade treasures!" Jiang Ziya said. Look at this fire taming Pearl, its spirituality is far inferior to that of a heaven immortal artifact!"

"According to what you're saying, the fire taming Pearl in front of us is already damaged?" but ... Chen Xiaobei said, " I don't see any problem with the appearance!

"It doesn't look like it's damaged. It's more like it's been cursed!" "Feel it carefully, there is a trace of demonic Qi hidden in it!" Jiang Ziya said in a deep voice.

"It really is like this!"

Chen Xiaobei calmed himself down and started to study it. that trace of demonic Qi is deeply hidden, and it's accompanying the fire taming Pearl. It can't escape. It's obvious that it's been forcibly injected by an outsider with an evil spell!

"That's right!"

Jiang Ziya continued, "there's one more thing!" Even if the fire taming Pearl couldn't display the effects of a divine immortal, it could at least make one immune to most of the flames in the mortal world. However, the city Lord of huge axe city didn't use it! It's obvious that there's a big problem with this Pearl. You can't even touch it!"

"That's right!" of course! Chen Xiaobei nodded. if there's nothing wrong with this fire taming Pearl, madisio would definitely carry it around with him. He would never leave it in his Treasury!

"Where's your cleansing Bodhi? Hurry up and take it out!" the cleansing Bodhi is the nemesis of evil spirits and filth. It can effectively dispel demonic Qi! Jiang Ziya said.

"Uh ..."

Chen Xiaobei looked at her and said, " I was tricked by Lu Yue's two disciples. The cleansing Bodhi was sealed by a dark curse talisman. I've been busy since then and haven't been able to unseal it ...

"Hidden curse runes?"

Jiang Ziya frowned and said, " this is an important magical treasure of Lu Yue's early years. Its ability is very mysterious! Unless Lu Yue personally deciphered it, even I would have to spend a long time to do it!"

"You can handle it? Why didn't you say so earlier!"

Chen Xiaobei immediately took out the seven treasures fragrance pouch and handed it over. the cleansing Bodhi is in the sachet. From today on, you're responsible for breaking the seal for me. If you need anything, just tell me, and I'll exchange it for the merit record!

there's no need to change anything. I can find the materials in the National Treasury, but it will take a long time! "If you can capture Lu Yue and let him solve it, the problem will be much easier!" Jiang Ziya said.

"Let's do two things at once!"

"I'm going to catch Lu Yue one day!" Chen Xiaobei said. But he's not a small character after all. I'm not sure when I'll be able to catch him! So, help me break the seal first! We won't delay either side!"

"No problem! but I have a question ... Jiang Ziya frowned and said, " "If I remember correctly, you obtained two cleansing Bodhi from the Buddha of many treasures! There's still one more ..."

there's also one protecting Daji's body ... Chen Xiaobei sighed. little Daji is the demonic Fox on earth. You've seen her in Japan!

"The reincarnation of Daji?"

Jiang Ziya frowned. the demonic Fox on earth is already dead. It's meaningless for you to keep her body. Moreover, Daji will have a new body after reincarnation. The body of the demonic Fox is even more useless ...

"No..."

no! Chen Xiaobei shook his head and said, " the demonic Fox's body is very important! Firstly, she risked her life to save me back then, so she has an irreplaceable place in my heart. Her corpse is a memory to me, and it's also a motivation and motivation!"

"As long as I think about how demonic Fox's body is still in my interspatial ring, I will remember how demonic Fox risked her life to save me in Atlantis! I'll remember this and find her at all costs!"

"Secondly, although the body of the demonic Fox is dead! However, the demonic Fire Red Lotus in her heart had not dissipated! Back then, it was this demonic Fire Red Lotus that exploded with its demonic power that saved my life! This is also a mark left behind by mother Nuwa. It will be of great use in the future!"

Chen Xiaobei's tone was firm, and his eyes were serious. No one or anything could shake Chen Xiaobei's decision!

"Demonic Fire Red Lotus!" "This is indeed the demonic sect's Mark that only goddess Nuwa has!" Jiang Ziya said. There must be a reason why this seal hasn't disappeared. Didn't you ask Mother Nuwa?"

I didn't ask ... Chen Xiaobei shook his head. "Firstly, I haven't found little Daji yet, so I'm too embarrassed to ask! Secondly, mother Nuwa probably didn't mention it because the time hasn't come yet!"

“That makes sense!” yes! Jiang Ziya nodded and said, “ goddess Nuwa is a heavenly Sage. She can see the past and the future! If the demonic Fire Red Lotus doesn’t scatter, it will definitely be within her calculations. If the time isn’t right, she won’t tell you even if you ask!”

“So, this matter is settled!” “Help me break the seal on this cleansing Bodhi. At the same time, I’ll find a way to capture Lu Yue!” As for the cleansing Bodhi that’s used to protect the Fox’s body, I’ll never use it!”

“Understood!” yes! Jiang Ziya nodded.

“Come on, let’s see what’s in the last treasure chest!” Chen Xiaobei walked towards the fourth treasure chest.

He opened the box and saw half a formation map in it.

this is ... The ‘heavenly evil fire cloud formation’?!

Chen Xiaobei picked up the half of the formation map and looked at it carefully. there’s only the first half of the formation diagram. There’s too much missing and there’s no way to make up for it. It’s not of much use to me ...

“No! This formation diagram is very useful!” Jiang Ziya was excited.

“What’s wrong? Could it be that you can make up for the remaining half of the formation diagram?” Chen Xiaobei asked.

“No! I can’t make up for it!”

Jiang Ziya composed himself and said, “but I’ve heard from old Mondo!” Supreme King Fire cloud’s extremely powerful formation is called the ‘fire cloud heavenly evil formation’! ”

“Oh?” Oh? ” Chen Xiaobei’s eyes lit up. does that mean I’ve seen half of the enemy’s trump card? ”

“It’s not half a piece! Instead, I’ve seen through it all!”

“The most direct way to break the array is to break the core of the array!” Jiang Ziya raised his eyebrows. Even though you only have half of the diagram, you can see half of the formation and find the core of the formation! If you break it by force, this formation will be destroyed!”

“Understood!” Chen Xiaobei grinned and said, “ Break the formation, break the formation core! With this half of the formation map, Supreme King Fire cloud’s trump card is basically useless!”

“No! It’s too early to be happy!” yes! Jiang Ziya said, “ old Mondo said that Supreme King Fire cloud’s array, when combined with the fire cloud Warriors, can activate a mysterious special ability! I’m afraid it won’t be that easy to break the formation!”

“Whether it’s simple or not, we’ll only know after we see it!”

I’m done with the inventory check! It’s time for the Army to set off! Chen Xiaobei said with a wicked smile.

Chapter 2722: White Wolf City

After checking the Treasury, Chen Xiaobei did not take any spiritual stones or normal resources. They were all recorded in the royal city's National Treasury!

After all, the more cities there were, the more Warriors there would be, and the more financial and material resources would be consumed. Spiritual stones and resources had to be accumulated and could not be squandered.

Luckily, Chen Xiaobei still had more than 130 million upper spiritual stones, the clear moon rhinoceros sword, the pinnacle infinite sword formation, and all sorts of other trump cards. He did not need to use the things in the vault!

As for medesio's seven-star earth-god grade saber, it was nothing in front of the clear moon spiritual rhinoceros sword. Chen Xiaobei threw it into the heaven and earth furnace and started refining it!

Furthermore, he had also gained something special from the battle earlier.

That would be seventeen Yuanying and thirty-five Jindan.

These were the remains of the great axe city's generals and commanders who had been killed in the war.

He could have refined it into the spiritual aura of heaven and earth or let the chaos Blood Sword devour the origin!

However, in order to appease the families of these generals and commanders, they had sent their Yuanying and Jindan back home!

Because of this, the family members were finally appeased and did not cause Chen Xiaobei any trouble!

After appeasing these people and using the high-grade heavenly dog biscuit to control the remaining generals, Chen Xiaobei had successfully taken control of the Army of huge axe city!

Furthermore, in the past month, everyone in huge axe city had become Chen Xiaobei's followers!

As soon as they came out of the vault, Chen Xiaobei gave the order, and all the soldiers of huge axe city immediately gathered together!

Chen Xiaobei had selected all 900000 soldiers from the Jiuli Royal Army.

Out of the nine million huge axe soldiers, Chen Xiaobei had chosen three million.

In the past month, Zhao Yun and Lu Bu had already handed over the four phases killing battle formation to the huge axe city's Army.

The three million people that Chen Xiaobei had chosen were the best and the fastest to form the formation.

The remaining six million Warriors would naturally stay behind to defend great axe city against the incoming enemy.

Zhao Yun, Lu Bu, Diao Chan, Nezha, Hong Hai 'er, and Lin Nan were all left behind to lead the six million people to guard the rear.

Jiang Ziya and old Wang also stayed behind. Jiang Ziya was in charge of governing the country, and old Wang would assist him. When they had time, they could also expand their live streaming company and game company.

As the saying goes, to resist foreign aggression, one must first stabilize the internal!

Now, the people of huge axe city were united. With elite soldiers and strong generals guarding the city, and with the management of capable officials, peace could naturally be ensured!

This way, Chen Xiaobei could expand his territory without any restraint!

.....

Other than the 3.9 million troops, old mundo, who was the most familiar with the firecloud territory, followed Chen Xiaobei as the military advisor.

Xiang Yu, Ying Zheng, and the nine Grand shamans were in charge of leading the Army as the commanders of the battle generals.

Xuan po and the infernal spirit were Chen Xiaobei's bodyguards, protecting him.

Liu xuanxin was the last one left. She stayed by Chen Xiaobei's side to take care of him, and most importantly, to help him put on a show.

That's right! He was acting!

Chen Xiaobei's current military strength was not strong enough. If he wanted to win by surprise, he could not March openly!

3.9 million troops, if they were all exposed, they would probably be discovered by the enemy's intelligence personnel the moment they stepped out of the city!

Once the enemy was on guard, the surprise attack would lose its meaning!

Because of this, the 3.9 million troops had all entered the verdant Emperor's divine gourd!

Xiang Yu, Ying Zheng, and the nine Grand Magi were also kept in the verdant Emperor's divine gourd!

On the surface, only Chen Xiaobei, Liu xuanxin, and old Mondo were on their way to their destination! Moreover, all three of them had changed their appearances with human skin masks!

This way, he could truly catch them off guard!

.....

White Wolf City!

As its name suggested, the ruler of this main city was a half-orc with the bloodline of the White Wind battle Wolf!

The people and Warriors in the city were almost all half-orcs with the Blood of the Wolf race. Of course, there were also some merchants from other races mixed in!

Chen Xiaobei and the other two pretended to be merchants and sneaked into the city.

“Your Majesty, I have a question that I can’t figure out ...”

Old Mondo lowered his voice and asked with a puzzled expression, “Why don’t we head to the main cities closest to huge axe city first? Why did you have to take a detour that’s three times longer to come to White Wolf City?”

Liu xuanxin was curious as well. She perked up her ears and waited for the answer.

that’s right! Chen Xiaobei raised his eyebrows and smiled. because this main city is the easiest to break through!

“Ah?” Old Mondo was stunned and asked in surprise, “Your Majesty?” Do you have any misunderstanding about White Wolf capital city? Who told you that this is the easiest main city to break through?”

“Mr. Mondo, is this White Wolf City very powerful?” we’ve taken down huge axe city so easily! How hard can white Wolf City be? ” Liu xuanxin asked.

“Miss Xuan Xin, you don’t know!”

Old Mondo said, “huge axe city was defeated because the Armory was emptied by His Majesty in advance!” The city Lord and the most powerful general were lying in ambush outside the city! In addition, the morale of huge axe city’s Army was shaken! That’s why he can’t even withstand a single blow!”

Liu xuanxin was smart and immediately understood. “The Armory has been emptied, and the combat power of the Titan Warriors has been greatly reduced! The absence of the city Lord and the strongest general made the defense of the city too weak! But the most important reason is that the People’s hearts are not United!”

“That’s right!”

of course! old Meng nodded repeatedly and said, “ under medesio’s rule, the people of huge axe city lived a very difficult life. Most of the poor people and poor Warriors even hoped that His Majesty would win!

it’s precisely because the soldiers and the people are not United that His Majesty was able to make millions of people kneel and beg for mercy and surrender with just a few words!

“If the Army and people unite and resist to the death! It’s impossible for His Majesty to break through the city so easily! They were bound to kill until rivers of blood flowed and mountains of corpses piled up! The shortest will be a few days, and the longest will be a few months before we have any hope of breaking through the city!”

furthermore, it’s impossible for His Majesty to unite the hearts of one billion people in the city and make them devoted and reverent in just one month!

Obviously, old Mondo had a clear understanding of the situation, and he had pointed out the key to Chen Xiaobei's easy victory over huge axe city!

"The key lies in the human heart!" "We can take over the Armory in White Wolf City!" Liu xuanxin said. We can kill the general of the White Wolf City! However, we can't control the hearts of the people in White Wolf City!"

"You've hit the point!"

Old Mondo said solemnly, "half-orcs are known for being stubborn. They are extremely devout to their faith. They will not change even in death! We can't shake their hearts, let alone break their unity!"

"Once the war starts, they will definitely resist with all their hearts and will not rest until they die! Unless we kill all the men, women, old, and young, we can't break the city! It's even more impossible to rule!"

Old Mondo sighed and frowned, "in my opinion, White Wolf capital city is probably the most difficult capital city to break through in the entire fire cloud region!"

Liu xuanxin's expression was downcast as well. "Those who win the hearts of the people win the World! I'm afraid we've made a wasted trip to White Wolf capital city ..."

"Both of you have a point!" of course not! Chen Xiaobei grinned evilly. but in my opinion, White Wolf City is the easiest to break through!

As soon as he said that, old Mondo and Liu xuanxin's heads were filled with question marks. They could not figure it out!

Red Envelope Group of the Three Realms

Chapter 2723: one of our own

"I understand!"

Liu xuanxin was very smart. She immediately smiled excitedly. "I still remember the time when little north conquered The White Tiger continent! Talent! Bloodline! Beast God battle technique! As long as we show these, we should be able to deal with the White Wolf Clan!"

"Little fool! You're too naive!"

Chen Xiaobei tapped Liu xuanxin's nose and shook his head. if the White Wolf race believes in the beast God, even if the entire race is annihilated, they will never submit to the fire cloud Supreme King!

Obviously, the half-orcs on The White Tiger continent back then were the best example!

at that time, heaven dominating faction had been able to control The White Tiger continent because everyone on the continent was a loyal follower of the beast God!

The reason why Chen Xiaobei could take over The White Tiger continent was because he had learned the astral battle technique of ten thousand beasts and possessed the witch Dragon bloodline that surpassed the beast God!

The people of The White Tiger continent thought that Chen Xiaobei was the messenger of the beast God, and that was why The White Tiger continent had submitted to Chen Xiaobei!

By the same logic, if the White Wolf Clan was a loyal believer of the beast God, they would never submit to the fire cloud Supreme King!

Since the White Wolf Clan had submitted to Supreme King Fire cloud, it was enough to prove that the White Wolf clan's religion was related to Supreme King Fire cloud!

"Your Majesty is right!"

"The White Wolf Clan doesn't believe in any beast God!" Old Mondo said in a deep voice. Their true faith is fiery King himself!"

"Fiery King? This ... How is this possible?" Liu xuanxin was confused.

"You guys must not know! Fiery King himself is a half-orc of the White Wolf Clan!"

Old Mondo said, "the White Wolf clan's legacy originated from Sir God White Wolf!" They had been loyal to this Sir God for generations! That was until 30 million years ago, when the White Wolf Clan was completely annihilated!"

"Just as the entire clan was about to be exterminated, fiery King stood up! Because of his talent, he passed all the tests of the White Wolf divine ruin and received the twelve earth-god instruments left behind by Sir God White Wolf!"

"With one of the peak nine-star Super earth-god instruments, fiery King resolved the biggest disaster of the White Wolf Clan! He was regarded as the reincarnation of Sir God White Wolf by the entire clan, and naturally became the faith of the entire clan!"

Old Mondo was very familiar with history and explained it very thoroughly, directly pointing out the key point.

"I didn't expect there to be such a story ..."

Liu xuanxin blinked her eyes and said, "fiery King and Xiaobei's experiences are very similar. It's a pity that fiery King is the reincarnation of White Wolf divine Lord and Xiaobei is the messenger of the beast deity. The two of them can't be mixed together!"

Chen Xiaobei shrugged and said, "Mondo, finish the story!" Why did the White Wolf Clan become the subjects of Supreme King Fire cloud?"

"Yes, sir!"

Old Mondo composed himself and continued, after the disaster of the White Wolf Clan was resolved, fiery King used the 12 earth-god instruments from the White Wolf God's miracle to sweep across a radius of three million miles and established the overbearing explosive flame region!

"The explosive flame capital city has successfully ruled over thirty-six major cities in the entire explosive flame region! The erupting flame heaven sect has also become a super force that is only inferior to the top ten forces!"

"The world calls fiery King the exploding Flame King, but fiery King doesn't want to be called King, so he only uses the title of 'Jun'! Of course, it's to inherit the White Wolf divine Lord's tradition!"

there's a legend that the reason why fiery King failed to pass the Tribulation was because he didn't want to be King. Without the protection of the fate energy of a country, he was killed by the heavenly Tribulation and his body was destroyed!

regardless of whether this legend is true or false, fiery King did fail his tribulation tens of millions of years ago and died! At this point, old Mondo's face could not help but slowly reveal a look of regret.

tens of millions of years after fiery king's death, fire cloud Supreme King rose rapidly and swept across the exploding flame region. He established fire cloud capital city and changed the name of the exploding flame region to the fire cloud region!

Old Mondo composed himself and said solemnly, " "At that time, White Wolf City did not resist! We'll open the city gates and surrender, submitting to the fire cloud supremacy!"

"That's because Supreme King Fire cloud learned the fiery King's cultivation technique from somewhere! The point is that Supreme King Fire cloud also has a peak seven-star earth-god instrument that fiery King once used!"

"And this earth-god instrument is one of the twelve earth-god instruments left behind in the miracle of the White Wolf! With his cultivation technique and earth-god instrument, Supreme King Fire cloud called himself the reincarnation of fiery King and divine Lord White Wolf the third!"

"The White Wolf Clan is a loyal believer of White Wolf divine Lord and fiery Lord. Naturally, they will not resist Supreme King Fire cloud! Hence, White Wolf capital city was directly under the banner of Supreme King Fire cloud! Their loyalty has not changed even now!"

Old Mondo sighed and said helplessly, " "Your Majesty, it's not that I want to pour cold water on you! White Wolf City was really the most difficult place to take down! If we forcefully attack, everyone in this city will die in battle. We will never surrender!"

Xiaobei ... Let's go somewhere else ... Liu xuanxin frowned. it's not your style to kill without restraint. Besides, the innocent people don't deserve to die ...

"No!"

I promise you! Chen Xiaobei grinned. I will take down White Wolf City without killing a single soldier!

how ... How is this possible?! Liu xuanxin and old Mondo were dumbfounded. They could not believe their ears.

Not a single soldier would be moved! He wouldn't kill anyone!

Even a three-year-old child would not believe such words!

"I know you won't believe me!"

the governor's mansion is right in front of us! Come with me! We'll find out soon! Chen Xiaobei said.

this ... Liu xuanxin and old Mondo looked at each other in confusion. They could not figure out what Chen Xiaobei was up to this time!

Of course, Chen Xiaobei was the North Mystic Lord, the most trustworthy and reliable person!

Everyone had seen Chen Xiaobei's state of mind, ability, courage, and intelligence!

Although they could not imagine what Chen Xiaobei was going to do, Liu xuanxin and old Mondo had absolute trust in Chen Xiaobei! They followed Chen Xiaobei to the governor's residence!

"Who are you? Stop right there!"

A few hundred meters away from the gate, a group of patrolling guards stopped Chen Xiaobei and the other two. "The city Lord's mansion is in front! Unauthorized people are not allowed to approach! Hurry up and get lost!"

"I'm not an idle person!"

Chen Xiaobei lifted his hand and took off the mask on his face. go and tell your Governor that North Mystic's Lord Chen Zhufeng has taken over White Wolf City!

"What? You ... You're Chen Zhufeng?" The group of patrolling guards instantly felt as if they had been electrocuted, as if they had seen the devil. Their pupils contracted uncontrollably, and their bodies were covered in cold sweat as they trembled violently.

"Don't be so nervous!"

Chen Xiaobei's lips curved into a devilish smile. "We're all on the same side, I won't hurt you!"

Chapter 2724

2724 You're a fake

"You won't hurt us? How is this possible?"

The group of patrolling guards gulped. They could not believe what Chen Xiaobei had just said.

a month ago, you killed more than a million Titan Warriors ... And took control of huge axe city ... You're our enemy!

ten days later, Supreme King Fire cloud's Army will arrive at huge axe city. At that time, our White Wolf City will also send troops to assist in the battle. You must be thinking of making the first move to gain the upper hand and deal with our White Wolf City ...

"You scum of beixuan! Don't you dare lie to us! If you want to kill me or cut me up, just come! We will defend our faith with our lives, and we will never surrender to you!"

The group of patrolling guards were full of fear and panic, but not a single one of them knelt down and admitted defeat!

They knew that Chen Xiaobei could kill them with a snap of his fingers, but for the sake of their faith, they would not submit to Chen Xiaobei even if they were to be killed!

"I said, we're not enemies. We're on the same side!"

Chen Xiaobei shrugged and said, "Quickly go and tell your city Lord that I want to see him! If you don't go and report it, I can only force my way in!"

this ... the patrolling guards were stunned. They could not believe it, but from Chen Xiaobei's expression and tone, he did not seem to be here to cause trouble.

Even Liu xuanxin and old Mondo were confused.

After hesitating for a while, the guard Captain said, "our ... Our city Lord is meeting the seventh Prince of Fire cloud capital city ... If you go in now, they'll kill you immediately ...

"The seventh Prince of Fire cloud? What's he doing here?" Chen Xiaobei asked.

"Do you even need to ask?"

"Nine days from now, it'll be the time of the war!" The captain said in a low voice. Thirty-five emissaries from fire cloud capital city had already gone to each of the major cities under the flag of the capital city to convey the orders of His Majesty, fire cloud Supreme King, and prepare to send troops! We're going to crush the beixuan Army with a thunderous momentum ..."

Oh, this seventh Prince is the emissary of Supreme King Fire cloud! it's good that he's here! Chen Xiaobei laughed. I'll let your city Lord rule over him!

"What?"

As soon as he said that, not only the group of patrolling guards, but even Liu xuanxin and old Mondo were dumbfounded.

"Your Majesty, are you joking?"

Old Mondo wiped his cold sweat and said awkwardly, "City Lord White Wolf is a loyal subordinate of Supreme King Fire cloud! How could he have killed the seventh Prince, who was the favorite of the fire cloud Supreme King!"

"Xiaobei! Stop fooling around, alright? What are you thinking?" "The two armies are at war, and it's either life or death!" Liu xuanxin said anxiously. If we don't leave now, I'm afraid we'll die Here!"

"Don't worry!"

Chen Xiaobei chuckled. His tone was calm, but it exuded a domineering air of having everything under control!

Only by controlling the overall situation could he laugh at the storm! Only by controlling the overall situation could he remain calm!

Liu xuanxin and old Mondo were stunned by Chen Xiaobei's aura!

The two of them did not say anything else and trusted Chen Xiaobei with all their heart!

"Open the door!"

Chen Xiaobei walked straight to the main gate of the governor's residence, followed by Liu xuanxin and old Mondo.

The group of patrolling guards did not dare to stop him, nor did they want to stop him. They quickly ran to open the door! In their eyes, Chen Xiaobei was seeking his own death, so why should they stop him?

.....

City Lord's mansion, banquet hall!

The governor of White Wolf City and all the members of the White Wolf Clan were present!

All the civil and military officials in the city, the leaders of all the major forces, and the elders of all the big families and clans, nearly a thousand people, were all gathered here!

Such a lineup had not appeared in the White Wolf capital city for many years!

All the influential figures in the city were gathered to welcome the seventh Prince of Fire cloud capital city!

"Your Highness, seventh Prince! This old Minister offers you another toast!"

The governor of White Wolf City, Bai Feng Changyi, had already turned white. However, he held a wine glass in both hands and bowed, politely toasting the young man beside him.

That's right! This young man was the seventh Prince of Fire cloud capital city, ehao Wuhan!

In terms of seniority, Baifeng Changyi was the elder, so his polite and humble toast was already an extremely low status!

But ehao Wuhan was unmoved, his face filled with impatience.

"This old official will drink first as a form of respect!" Baifeng Changyi froze on the spot, feeling extremely embarrassed. He could only drink the wine in his cup in one gulp.

However, ehao Wuhan still didn't react. He didn't even look at him.

However, the middle-aged man at the side smiled and said, "Your Highness! Although this wine can't be compared to our fire cloud capital city's fine wine, the Changyi city Lord has already drunk it. There are so many people here, so you have to give the Changyi city Lord some face, right?"

This middle-aged man was ehao Wuhan's personal bodyguard, Zhang chuteng!

Zhang chuteng understood ehao Wuhan very well!

The reason why the seventh Prince was in a bad mood with impatience written all over his face was that he looked down on the banquet today!

The food and drinks they had could not compare to fire cloud capital city!

Even the beautiful women were wolf girls with Beastman bloodlines, and they weren't even up to standard!

This seventh Prince had clearly lived a good life many times. In his eyes, the White Wolf capital city's warm hospitality was a complete neglect, even an insult!

"Hmph, what kind of rubbish is this? you dare to let this Prince drink it?"

Ehuo Wuhan not only didn't give Baifeng Changyi any face, but also smashed his wine cup on the ground,"You knew that I was coming, but you didn't even prepare the food and wine. Do you even have any respect for me and my father?"

"Your Highness! You've misunderstood!"

"Today's dishes and wine are all of the best quality in our White Wolf capital city!" Baifeng Changyi quickly explained. Especially this wine, it's been buried deep in the wine cellar for three hundred years, even I can't bear to drink it!"

"Bah! You still have the nerve to say that?"

Ehuo Wuhan said with a disdainful expression, not even a dog in our fire cloud Palace would eat such a rubbish banquet! You're humiliating this Prince!"

this ... as soon as he said this, the nearly 1000 people present all had embarrassed and depressed expressions.

According to Ehuo Wuhan's words, all the White Wolf nobles, officials, and elders were worse than a dog?

Without a doubt, everyone was very angry.

However, no one at the scene resisted, not even half a word of explanation.

This was because the entire White Wolf capital city was filled with Supreme King Fire cloud's loyal believers.

"I don't dare! I don't dare!"

Baifeng Changyi quickly stood up and solemnly said,"His Majesty, Supreme King Fire cloud, is Sir God White Wolf the third. He is the faith of all of us! Humiliating the seventh Prince was equivalent to blaspheming the Son of God! Even if it cost us our lives, we would never do that!"

"At least you still know what you are!" "Kneel down and lick the wine off the ground, and I'll let you off for blaspheming the deity!" Ehuo Wuhan said coldly.

this ... Baifeng Changyi's body stiffened, and his entire face contorted.

One had to know that Baifeng Changyi was the Lord of a city, and he was already so old that his hair and beard had all turned white. If he were to kneel and lick his wine in front of everyone, how would he have the face to keep a foothold in the city? How could he manage the entire city?

Seeing this, everyone's faces turned livid with anger! It could be seen that everyone respected Baifeng Changyi very much!

However, not a single person dared to step forward and speak!

"Heh, how ironic!"

However, at this moment, three figures walked into the banquet hall. The one in the lead was a frivolous young Man in Black.

The youth's eyes focused as he pointed at ehuo Wuhan, "You're a mere fake, and you dare to act like a tyrant here! The old city Lord is so old, how can you humiliate him like this?"

Fake?

Everyone was shocked by his words!

Chapter 2725

2725 Emissary Yan Jun (thanks to Alliance leader Huang xingmo)

"Pa!!!"

Ehuo Wuhan suddenly slammed the table and angrily shouted, "What the hell are you? How dare you call me a fake? You don't know your place!"

"Clang!"

At the same time, Zhang chuteng directly released a wisp of vital essence, which had the power of a mid-stage seven-star earth immortal. Even the netherspirit battlescouter couldn't see his true combat strength!

As long as ehuo Wuhan gave the order, Zhang chuteng would immediately kill Chen Xiaobei, as well as Liu xuanxin and old Mondo who were behind him!

Seeing this, Liu xuanxin and old Mondo could not help but feel nervous!

After all, old Mondo was a tactician with a very ordinary cultivation. He couldn't even withstand a single blow! Although Liu xuanxin was a seven-star earth-god, she was only in the intermediate stage. She was no match for Zhang chuteng!

Once Zhang chuteng made his move, he would definitely die!

"It's a misunderstanding! This is all a misunderstanding!"

At this critical moment, Bai Feng Changyi stood up and said in a deep voice, "This black-clothed young master must have mistaken me for someone else!"

Obviously, Baifeng Changyi was a man with a conscience. Chen Xiaobei had just helped him get out of the embarrassing situation of kneeling down and licking his wine. He would not let Chen Xiaobei die in vain!

"Yes, yes, yes, I must have recognized the wrong person!" Everyone at the scene also tried to smooth things over.

People with faith would have a conscience!

If they did evil without any restraint and did not know how to repay their kindness, they would bring shame to their faith and would no longer be worthy of being believers!

Of course, faith was evil and crooked, so it was naturally another matter!

From everyone's performance, it was not difficult to tell that Sir God White Wolf and fiery King had taught them to be good! That was why they were all protecting Chen Xiaobei! If they didn't repay their kindness, they wouldn't have the face to face their faith!

"No! I didn't get the wrong person!"

However, in this situation, Chen Xiaobei added, "the fake I'm talking about is the one sitting in the central seat, the seventh Prince of Fire cloud capital city, ehao Wuhan!"

"Whoosh ..."

A stone that caused a thousand ripples! The crowd was stunned at first, and then an uproar broke out!

"Who is this kid? Is he crazy? He actually dared to speak like this! He was simply courting death! You're courting death!"

"Does he think that he can do whatever he wants just because he helped the city Lord? He didn't even think about who he had offended! Now, even the city Lord can't protect him!"

"The sins of the heavens can be forgiven! One must not live for the sins one has committed! This kid is courting his own death, so he can't blame us for not helping him!"

he dared to provoke the fire cloud royal family. No one can save him in the fire cloud region!

The crowd started to discuss among themselves as they looked at Chen Xiaobei, as if they were looking at a corpse.

They had wanted to protect Chen Xiaobei, but since he was looking for death, they did not care about him anymore! Moreover, even if they wanted to, they couldn't do anything about it!

"Little bastard! Just Who are you?"

Ehao Wuhan squinted his eyes and glared at Chen Xiaobei, "Why are you here? Where are the patrolling guards? And why did you say that I'm a fake! What's your purpose?"

Ehao Wuhan might be arrogant, but he was not stupid. He could tell that Chen Xiaobei was here for something else!

Everyone's eyes were on Chen Xiaobei, and they pricked up their ears to hear his answer!

Indeed! Unless it was a lunatic, otherwise, it was absolutely impossible for him to come here and scold ehao Wuhan in public!

However, if he was really a lunatic, he would never be able to pass through the heavy guards of the city Lord's mansion to come here!

It was clear that Chen Xiaobei's identity was not simple! The purpose of coming here was not simple!

"Ehao Wuhan, are you blind? Or are you stupid?"

you're right! Chen Xiaobei smiled. we're going to fight in ten days and you don't even know who I am? Where did your family get such confidence from? He didn't even collect any intelligence and directly started a war?"

“Ten days later? Fight you?”

Ehuo Wuhan’s expression froze. He suddenly opened his eyes wide and cried out, you ... You ... You ... You are Chen Zhufeng!

As soon as he said that, the crowd exploded!

“What? This young man is the terrifying North Mystic Lord?”

“That’s right! It was him! The spies from fire cloud capital city have already obtained his photo half a month ago. A few days ago, the castellans of the major cities and the military’s high-ranking officials have already seen it!”

“He’s much more handsome in person than in the pictures ... Cough, cough! This kid’s guts are too fat! Instead of staying in great axe city to defend, you actually came to White Wolf City to court death! It’s like sending a sheep into the Tiger’s mouth!”

“Don’t be happy too early! North Mystic’s Army had taken down huge axe city in just a few minutes. It was clear that the North Mystic Lord was a super powerful figure! Since he dared to come here, he must have made some preparations!”

however, I can sense with my essence soul domain that his cultivation base is only at the peak of the deep sea realm. He’s too weak!

“What do you know? A true expert could use their essence soul domain to interfere with the essence soul domain of a weakling! The strength that we’ve gotten a glimpse of is definitely not his true strength!”

For a moment, everyone was in shock.

No one could imagine how Chen Xiaobei had dared to come to White Wolf City with only two followers.

They could not imagine how powerful Chen Xiaobei’s cultivation was. Facing thousands of powerhouses, he didn’t show any fear!

Ehuo Wuhan and Zhang chuteng, on the other hand, were terrified. They did not dare to challenge Chen Xiaobei!

After all, there were tens of millions of soldiers stationed in huge axe city, and they also had the divine axe heavenly battle formation. If Chen Xiaobei could break through the city so easily, his strength must be extraordinary!

If Chen Xiaobei did not have enough power, he would not have dared to show up here!

Because of this, ehua Wuhan and Zhang chuteng didn’t dare to act rashly, even secretly retreating!

Upon seeing this, Liu xuanxin and old Mondo almost burst out laughing.

Only the two of them knew Chen Xiaobei’s strength and trump cards. If they really fought, Chen Xiaobei’s chances of winning were very low!

“Chen Zhufeng! Why have you come this time?”

Baifeng Changyi's eyes narrowed as he stepped forward to protect ehuo Wuhan! With the support of his faith, Bai Feng Changyi was not afraid of death, and he was not afraid of Chen Xiaobei's 'super' strength!

Chen Xiaobei asked, " "Mayor of Changyi city, I just helped you! Do you want to be my enemy?"

Baifeng Changyi didn't try to avoid the question and directly said, "That's right! You've indeed helped this old man out of trouble! However, you are the enemy of His Majesty, Supreme King Fire cloud. You are the mortal enemy of White Wolf City and me! After you die, this old man will give you a proper burial! However, you must die!"

"Being loyal to your faith is a very good quality!" Chen Xiaobei said, " but you should first distinguish between the true and false beliefs!

"What do you mean by that?" Baifeng Changyi frowned.

Supreme King Fire cloud is not the reincarnation of White Wolf divine Lord and fiery King!

Chen Xiaobei said word by word, " I, Chen Zhufeng, am the true emissary of the fiery King!

As soon as he said that, the entire place exploded!

Chapter 2726

2726 Who's a liar?

"What? You're the fiery King's envoy?"

Ehuo Wuhan immediately cursed, "Damn it, how can you say such nonsense? Do you think we are all idiots? Why don't you just say you're the king of the heavens?"

Not only ehuo Wuhan, but the thousands of nobles from White Wolf capital city also began to criticize Chen Xiaobei.

"Chen Zhufeng! Are you insulting our intelligence? We have believed in His Majesty, the fire cloud Supreme King, for an extremely long time! His Majesty was definitely the reincarnation of White Wolf divine Lord and fiery King! It's our true faith!"

"Chen Zhufeng! You're the fake one! Pretending to be fiery King's envoy was a great disrespect to fiery King! It's blasphemy against our faith!"

"Chen Zhufeng! You're too much! Although you are strong and ruthless, it doesn't mean you can blaspheme our faith! You must apologize for what you said just now. Otherwise, we will fight to the death!"

"Chen Zhufeng! You must apologize, or else we will fight you to the death!"

It was clear that in the minds of these nobles, the Supreme King of Fire cloud was their true religion. Chen Xiaobei, who had suddenly appeared out of nowhere, was 10000% a fake!

"Chen Zhufeng! Apologize!"

Even Baifeng Changyi's face turned cold and murderous. He said word by word, "If you don't apologize, this old man will fight you even if I have to risk my life! Even if I can't kill you, I'll make you lose a layer of skin!"

"Whoosh ..."

Baifeng Changyi was not joking. Before he finished his words, a strong vital essence of an early seven-star earth immortal had already been condensed and formed, ready to fight at any time!

Obviously, Baifeng Changyi was the same as the others. He thought that Chen Xiaobei was hiding his true cultivation. If they wanted to fight Chen Xiaobei, they would have to risk their lives!

However, unlike others, Baifeng Changyi was extremely devoted to his faith!

In the face of faith and life and death, many people would give up their faith and seek a chance of survival!

However, Bai Feng Changyi would rather die than let go of an enemy who blasphemed his faith!

Piety! Die-hard loyalty! Not everyone was fit to use these two words!

"Baifeng Changyi! What are you waiting for? Just kill Chen Zhufeng!"

Ehuo Wuhan was very cunning, he purposely fanned the flames to find out Chen Xiaobei's true strength, " "Do it immediately! Use Chen Zhufeng's dog head as a sacrifice to the temple of fiery King! Use Chen Zhufeng's blood to wash away his blasphemy against our faith!"

Baifeng Changyi's anger exploded, and his killing intent was revealed. "Chen Zhufeng! This old man wants you to apologize! This is your last chance!"

heh, you're really blind. You believed a fake and still defended her!

Chen Xiaobei sneered and said, " "If I can produce evidence, can you, Bai Feng Changyi, and everyone else present apologize to me?"

"What? Do you have evidence?" Baifeng Changyi's expression froze, and his movements immediately froze.

The thousands of white wolves at the scene also showed complicated expressions.

If there was evidence, it would be a different story!

Chen Xiaobei shrugged and smiled. of course I have evidence. Otherwise, I would have brought an Army of tens of millions of soldiers, not just two followers!

Baifeng Changyi and the rest of the White wolves 'nobles had a complicated expression on their faces. They did not believe Chen Xiaobei immediately, but they were at least 20 – 30% convinced.

After all, Chen Xiaobei was not a fool, and neither were the others. Without solid evidence, Chen Xiaobei would not have said that he was fiery King's envoy.

"You're pestering me! Chen Zhufeng, you don't have any f * cking evidence!"

Ehuo Wuhan saw that the situation wasn't good and suddenly roared, "Baifeng Changyi! I command you as the Divine Child! Kill Chen Zhufeng immediately! If you disobey, you're disloyal to your faith and a sinner to the entire White Wolf Clan!"

Baifeng Changyi's brows were tightly furrowed. He was caught in a dilemma and hesitated, but he did not immediately attack.

"Baifeng Changyi!" Ehuo Wuhan shouted angrily. What the hell are you thinking! Hurry up! This is an order!"

"Baifeng Changyi!" Zhang chuteng also threatened. My cultivation base is far above yours! If you don't make a move, it would be a great disrespect to His Majesty, Supreme King Fire cloud. I have the right to execute you directly!"

"I, Bai Feng Changyi, am loyal to my faith, but I'm not blindly loyal!"

Baifeng Changyi finally made a decision. His eyes narrowed and he said solemnly, "If Chen Zhufeng can produce real evidence, I will believe him! If he can't produce any evidence, I'll kill him even without the seventh Prince's warning!"

"Good! Very good!" Ehuo Wuhan's expression was malevolent as he spoke in a strange tone, "You, Baifeng Changyi, dare to openly disobey my orders. I'll definitely tell my father about this and have him punish you heavily!"

Baifeng Changyi was very determined and did not retreat even half a step. "I, Baifeng Changyi, have a clear conscience! If you want to punish him, wait until you've seen Chen Zhufeng's evidence!"

"Alright!" Ehuo Wuhan said ruthlessly. I'd like to see what kind of evidence Chen Zhufeng has!"

"Chen Zhufeng!" Baifeng Changyi's eyes narrowed as he said solemnly, "It's your turn! The Honorable North Mystic Lord, don't make me look down on you!"

I, Chen Zhufeng, always keep my word. I won't let you down!

Chen Xiaobei smiled, took out a token from his infinite space ring, and stood in front of everyone.

this ... This ... This is the explosive token that fiery King is in charge of personally! Baifeng Changyi was instantly dumbfounded. His entire body felt as if it had been struck by lightning, and his scalp went numb while his entire body trembled.

The thousands of white wolves in the audience were also dumbstruck. Their eyes were as wide as those of a bull, and their mouths were so wide open that a fist could fit in.

It was obvious that the explosive flame token was the sect master's token of the explosive flame heaven sect, and it was a token unique to fiery King. All the die-hard believers knew this and remembered the token's appearance even more clearly, so they could recognize it at a glance.

"Are you stupid? Even if I use my toes to think, I know that this stupid token is 10000% fake!"

Ehuo Wuhan immediately jumped up and disdainfully said, "Chen Zhufeng obviously investigated the history books related to fiery King and made an imitation of the token according to the pattern in the book! How can such a small trick fool this Prince!"

"Right!"

Baifeng Changyi nodded and said, "there are a lot of history books about fiery King, and many people know what the explosive token looks like!" It's not difficult to make a replica of an explosive token!"

Ehuo Wuhan impatiently gave the order, "Baifeng Changyi! The truth was right in front of their eyes! Chen Zhufeng is a liar! I order you to kill Chen Zhufeng!"

"I'm a liar?" "Open your dog eyes!" Chen laughed. Was this a fake token? Who's the real liar?"

"Chi ..."

Chen Xiaobei's mind flickered, and the explosive token immediately changed!

Everyone was shocked!

[Red Envelope Group of the Three Realms](#)

Chapter 2727: everyone changing sides

"Chi ..."

Under everyone's watchful eyes, Chen Xiaobei began to communicate with the token's spirit.

In the next moment, the token was like a projector, reflecting a figure in front of everyone!

This person looked very young. He had sword-like eyebrows and bright eyes. He was handsome and wore a fiery red robe. Not only did he look very heroic, but he also added to his handsomeness!

He had an extraordinary bearing, like an immortal!

"Fiery King! It was fiery King! My God ... This illusion is so lifelike ... If it's a fake token, it can't have such a special ability ..."

"This token is definitely real! This fiery King Dharma power could never be replicated! This must be the real explosive token!"

"Seeing the explosive flame token is like seeing the fiery King himself! Greetings, fiery King ... Greetings, fiery King ..."

Everyone at the scene screamed one after another. Even Baifeng Changyi and all the White wolves 'dignitaries knelt on the ground and kowtowed to fiery King's Dharma power. They were extremely pious.

Immediately after, fiery King's Dharma form opened his mouth and said the exact same words as what he had said in fiery King's remains.

"Junior! When you get the explosive token, I'm already dead! At this moment, what you're seeing is just the information that I've engraved in the explosive token!"

"I failed to pass the Tribulation, and my physical body and Dharmakaya were destroyed. Only my soul escaped! He used his last bit of strength to create this ruin!"

you've passed all the tests in the ruins and finally obtained the 'explosive flame token'. This means that you have the ability and the qualifications to inherit everything I have ...

Chen Xiaobei then dispersed the fiery King Dharma form!

In fact, the fiery King Dharma power had the second half of his last words about the explosive flame heaven sect's treasure vault and the spirit vein, but they were all important secrets that could not be heard by too many people.

All Chen Xiaobei needed to do now was to prove that he was the real inheritor of fiery King!

Because of this, it was enough for everyone to hear the first half of fiery King's last words!

"Did everyone hear that? The fiery King's last words were clear. He failed to pass the Tribulation and tried his best to create the ruins to select his successor!"

Chen Xiaobei said, "I, Chen Zhufeng, have successfully passed all the tests in the ruins and obtained the explosive flame token! I'm the only successor that fiery King has acknowledged!"

As soon as he said that, the scene fell into pin-drop silence.

Baifeng Changyi and all the other influential people of White Wolf Clan were shocked by the explosive token and fiery King's last words. They stood there in a daze, hesitating, struggling, and finally deep in thought!

Even ehua Wuhan and Zhang chuteng were speechless. After all, the token and Dharma were right in front of them, and they couldn't find any flaws!

"Everyone! I can confirm that this token is real, and so is the fiery King Dharma form!"

Finally, Bai Feng Changyi broke the silence and said solemnly, "According to fiery King's last words, the person who passes the relic's test and gets the explosive token is fiery King's successor! He's also someone we should truly believe in and follow!"

Hearing this, all the influential white wolves present nodded.

the eyes of the masses are sharp. Whether it's true or false, everyone knows very well!

"As expected, Supreme King Fire cloud is a fake! He pretended to be the reincarnation of fiery King to deceive us! In fact, fiery King has never acknowledged him!"

"Fire cloud Supreme King only obtained an earth-god instrument left behind by the fiery King by chance! Other than that, he could not take out anything related to fiery King! We were all tricked by him!"

"At a time like this, you guys are still calling me heavenly venerate King E huoyun? He's a shameless liar!"

"That's right! E Huo Yuntian pretended to be the reincarnation of fiery King. Not only did he deceive us, but he also blasphemed our faith! He is our mortal enemy! The entire ehua family is our mortal enemy!"

The people present were not stupid. With the evidence, they could quickly sort out their thoughts. Whether it was true or false, enemy or friend, they could immediately distinguish!

At that moment, everyone pointed their fingers at ehuo Wuhan and Zhang chuteng! The dense killing Qi even made the entire space chilly!

“You ... Are you guys going to rebel?”

Ehuo Wuhan immediately panicked and hid behind Zhang chuteng, nervously saying, “Protect me ... Protect me ...”

It was obvious that ehuo Wuhan was only a second generation with average cultivation. Whether he could leave this place alive would all depend on the performance of his personal bodyguard, Zhang chuteng!

“Seventh Prince, don’t panic! Even if all of the trash here were to join forces, they still wouldn’t be my match!”

Zhang chuteng was a mid-stage seven-star earth immortal and he was very confident. “Baifeng Changyi, you have to be clear about your position! Even if you no longer believe in His Majesty, the fire cloud Supreme King, it’s best that you don’t make an enemy of His Majesty! Otherwise, when His Majesty is enraged, your White Wolf City will be turned into a river of blood!”

Baifeng Changyi’s eyes narrowed and he didn’t back down, “E Huo Yuntian has blasphemed our tribe’s faith! Even if our entire clan is annihilated, we’ll definitely find him to settle the score, let alone a river of blood!”

As soon as he said that, all the White wolves ‘influential people present nodded heavily. No one was afraid and retreated!

“A bunch of idiots!”

Zhang chuteng’s eyes narrowed and his killing intent was revealed, “ “Since you want to die, I, Zhang chuteng, will kill you all first! In seven days, the fire cloud Royal Army will first flatten your White Wolf capital city, then attack huge axe capital city!”

“Clang”

Before he finished speaking, Zhang chuteng had already taken out a sharp battle axe!

It was obvious that this was no ordinary object. The battle-axe emitted a spiritual light and was like a metal Lion that soared endlessly in an awe-inspiring manner!

“That ... That axe is Zhang chuteng’s trump card! It’s the seven-star earth-god intermediate-stage gengjin Lion King axe!”

Seeing this, everyone at the scene was shocked. Their strong killing intent and fighting intent seemed to have been doused with a basin of cold water, instantly cooling down.

One must know that Zhang chuteng was a mid-stage seven-star earth-god, stronger than everyone present! The level of the gengjin Lion King axe was also above the magical treasures of everyone present!

Although no one was afraid of death, if they really started a fight, even if they all died, they wouldn't be able to stop Zhang chuteng, much less hurt ehao Wuhan!

Because of this, everyone's boiling fighting spirit suddenly cooled down!

Seeing this scene, ehao Wuhan's panic was instantly swept away, and he became arrogant again, "A bunch of idiots! Why don't you take a piss and see what you are! As weak as an ant, you still want to rebel? He's simply courting death!"

"Even if I die! We will not back down!" Baifeng Changyi's face was solemn and his eyes were determined. He was already prepared to die!

Everyone at the scene was also loyal to their beliefs. Even though they knew that they were going to die, no one backed down!

"You're all extremely stupid!"

"What Bullsh * t belief?" ehao Wuhan said with disdain. What was there to protect? What's wrong with following my Royal father to live a good life? Do I have to court death to be comfortable?"

"Your Highness, don't waste your breath on them!" "Since they don't know what's good for them, I'll clean up the mess for Your Majesty!" Zhang chuteng said coldly.

"Come on!"

Baifeng Changyi and everyone else at the scene looked at death calmly and roared, "My White Wolf Clan will not rest until your ehao family is dead! Even if we have to fight to the death, we will never betray our faith!"

"Ha, faith?"

Ehao Wuhan said disdainfully, "you're Defending Your Faith with your lives!" Since when did that bullshit faith care about your life and death? Now that you're on the verge of death, you should ask that Bullsh * t faith to save you!"

Everyone was speechless.

How could he come out to save people when his faith was in his heart?

"Hey! Don't just focus on private chat!"

Chen Xiaobei laughed and said, "I'm the inheritor of fiery King, can't you guys respect me?"

[Red Envelope Group of the Three Realms](#)

Chapter 2728: Crimson Fire short blade

"What?"

Ehuo Wuhan narrowed his eyes and said coldly, "Chen Zhufeng! Are you trying to stand up for this group of idiots? Have you thought of the consequences?"

"Heh, I think you're the idiot!"

I'm fiery King's inheritor. I inherited everything from fiery King, including his followers! Chen Xiaobei smiled. Everyone in the White Wolf City!"

"I thought you didn't have any faith? I'm telling you now, faith is definitely useful! I will protect my followers and will not let them come to any harm!"

Chen Xiaobei took a step forward and stood in front of the crowd, facing the powerful Zhang chuteng!

Bai Feng Changyi and the rest of the White wolves 'nobles had a complicated look in their eyes. The hostility in their eyes had turned into admiration!

As the saying goes, love the house and its Crow!

Everyone in White Wolf City had absolute faith in fiery King. Since Chen Xiaobei had been acknowledged by fiery King and inherited everything from him, he would naturally gain the faith of everyone in White Wolf City!

Furthermore, Chen Xiaobei had stepped forward to help them defend their faith in such a dangerous moment!

To be able to defend their faith from being blasphemed, this made them even more grateful than saving their lives!

"Chen Zhufeng! Are you really going to stand up for me?" Zhang chuteng's brows furrowed, not daring to immediately attack.

After all, in everyone's eyes, Chen Xiaobei was deliberately hiding his strength. His actual cultivation must be far beyond the pinnacle of the divine sea realm, or else he would not have been able to become the North Mystic Lord!

That was why Zhang chuteng was wary of Chen Xiaobei!

I'm not standing up for you. I'm defending my believers!

Chen Xiaobei said, " from the moment I revealed my identity as fiery King's emissary, they and I are already on the same side. If you want to kill them, I will kill you!

"What ... What cultivation level are you at?" Zhang chuteng swallowed his saliva and was a little worried.

Chen Xiaobei saw through Zhang chuteng's thoughts and sneered, " "Cut the crap. You either kneel down and surrender, or I'll kill you! It's that simple!"

"Surrender? This ..."Zhang chuteng was very conflicted. He didn't know whether to advance or kneel.

It was not easy to cultivate, and to reach his current cultivation, Zhang chuteng must have paid a huge price and gone through countless difficulties. Thus, he was very afraid of death and was not willing to risk his life!

But at this moment, ehao Wuhan roared, "Zhang chuteng! You are my personal bodyguard! They were death Warriors! If you dare to surrender, my Royal father will be the first one to not spare you!"

It was obvious that Zhang chuteng's surname was not e Huo. If he surrendered, he could still live.

However, ehao Wuhan was unable to surrender. Everyone in White Wolf City believed that Supreme King Fire cloud had deceived everyone and profaned the fiery King. He had long formed a deep enmity with the ehao family!

The moment Zhang chuteng surrendered, ehao Wuhan would definitely die! And he would die a terrible death!

"Zhang chuteng! Don't blame me for not warning you!"

Ehao Wuhan threatened: "You can surrender and save your dog life! But don't you forget that the hundreds of people in your Zhang family are still in fire cloud capital city!"

this ... Zhang chuteng's expression changed. The hesitation on his face was swept away and replaced with a strong battle intent!

Zhang chuteng knew better than anyone else that with the fire cloud Supreme King's brutal personality, once he surrendered, no one in the Zhang family, regardless of gender or age, would be able to live!

At this moment, Zhang chuteng could only risk his life to save his family!

"Boom boom boom ..."

With a thought from Zhang chuteng, the power of the gengjin Lion King axe exploded!

The terrifying true essence was like countless metal vines, intertwining and converging to form a huge Platinum Lion King!

"Zhang chuteng, you were threatened. You don't want to die, right?"

Chen Xiaobei narrowed his eyes and said, " "If you fight me, you will die without a doubt! Why don't you just surrender? I can guarantee your life and your family's safety!"

"This is impossible!"

no! Zhang chuteng shook his head heavily. my entire Zhang family is in fire cloud capital city. If anything happens to the seventh Prince, my entire family will be buried with him. Even my aged father and young son will be no exception!

Chen Xiaobei said seriously, " "I promise you in the name of the Honorable King beixuan! As long as you surrender, I'm willing to pay for it with my life, even if it means losing a single hair on your family!"

As he spoke, Chen Xiaobei exuded a powerful aura. He was like an unparalleled Emperor who would not go back on his word!

this ... Zhang chuteng's mind was in shock, and his decision was shaken again.

Although this was the first time he had met Chen Xiaobei, he could not help but feel that this young king was not a despicable liar. He was definitely trustworthy and trustworthy!

Seeing this, ehao Wuhan was both anxious and scared, he roared: "Zhang chuteng! You disgraceful thing! Why aren't you making a move! Believe it or not, I'll make a phone call to my father and slaughter your entire family right now!"

Just as he said that, ehao Wuhan had already started to make a call!

"Seventh Prince! Don't! I'll do as you say!" Zhang chuteng's expression changed, and he swung his axe again.

"Swish!"

However, at this moment, a short knife as red as fire suddenly stabbed out from the ground!

Without any warning! The blade directly tore through the ground and ruthlessly stabbed into ehao Wuhan's back!

Wu ... Ugh ... ehao Wuhan wailed, and immediately vomited a large amount of blood.

"Swish!"

In the next moment, the Scarlet Flame short blade suddenly swept across and directly tore ehao Wuhan's body into two!

Blood and organs were scattered all over the ground. The seventh Prince of Fire cloud capital city was instantly killed without an intact corpse!

In the middle of his body, there was a small golden core.

It could be seen that his cultivation had reached the Golden elixir realm. When his body was killed, he was completely dead!

what ... What the hell is going on?!

Zhang chuteng was shocked, and fell into despair, " "It's over ... It's over ... Ehao Wuhan is dead! My whole family will be buried with him!"

"Hiss ..."

At the same time, Chen Xiaobei raised his hand and swallowed ehao Wuhan's blood essence and soul into the chaos Blood Sword!

Not only did he want ehao Wuhan to die without an intact corpse, he also wanted his soul to be scattered and never to be reincarnated!

"It's you! Chen Zhufeng! You killed the seventh Prince! You've harmed my entire family!"

"I must kill you!" Zhang chuteng roared. Only your head can give Supreme King Fire cloud an explanation!"

"I didn't harm your family. On the contrary, I saved your family!"

Chen Xiaobei shrugged and pointed his finger, drawing the Crimson flame dagger to his side. "You're not my match! If you lose, ehua Wuhan will still call you! You won't be able to save your family even if you die!"

"Who said I'm not your match? I'm going to kill you now!" Zhang chuteng gritted his teeth in anger.

don't you want to know what's up with this Crimson Fire dagger? " Chen Xiaobei asked.

Red Envelope Group of the Three Realms

Chapter 2729: ins and outs

"A short knife?"

Zhang chuteng's expression froze and his brows furrowed. His eyes were filled with shock!

Everything had happened too suddenly. Ehua Wuhan was just about to make a phone call to complain, so everyone was in a state of high tension!

At this moment, the Scarlet Flame short blade actually tore the ground apart without any warning and instantly killed ehua Wuhan!

The majority of the People's attention was still on ehua Wuhan's corpse. They didn't even have time to react. What was going on with this short blade?

"Yeah!"

Zhang chuteng was surprised,"since you're the one who killed him, when did you hide the knife under White Wolf City Lord's mansion?" Could it be that you've been colluding with Baifeng Changyi? Did he deliberately set up a trap to kill the seventh Prince?"

"Let the mayor of Changyi city tell you these questions!" Chen Xiaobei shrugged and smiled.

"I am Baifeng Changyi! Kneel down and pay respects to the emissary of the fiery King!"

Baifeng Changyi did not rush to explain. Instead, he turned to Chen Xiaobei and kowtowed three times and kowtowed nine times.

we kneel down to the emissary of the fiery King ...

Then, thousands of White Wolf nobles knelt down and kowtowed to Chen Xiaobei!

It was different from just now!

What everyone was kneeling to just now was the explosive token and the fiery King Dharma idol! In fact, they did not fully approve of Chen Xiaobei's identity as the emissary!

But now, when they saw the Crimson flame dagger, they knelt down and bowed to Chen Xiaobei! This meant that they had completely acknowledged Chen Xiaobei's identity as the emissary!

"What is going on?" Zhang chuteng wasn't stupid. He could naturally see the difference between the two kowtows.

Zhang chuteng, as you can see, this Crimson flame dagger is no ordinary earth-god instrument!

After Baifeng Zhangyi finished kowtowing, he stood up and explained seriously, "This blade is called 'Yan Huo'! It's one of the twelve ancient earth-god instruments that fiery King obtained from the White Wolf divine ruin!"

"Yan Huo? This ... This short blade is the legendary Nan Huo Warblade?" Zhang chuteng's eyes were filled with shock.

"That's right! This is the Nan Huo Warblade!"

"30000 years ago, our Warriors found this saber in the flaming Mountain, but no one could control it!" Baifeng Changyi said in a deep voice.

"After that, the elder of my clan even brought a blade to meet Supreme King Fire cloud e Huo Yuntian, but even he was unable to control it! That's why this saber has been placed in the underground Treasury of White Wolf city's governor's mansion. No one can use it!"

"But right now, His Majesty, the Honorable King of North Mystic, is actually able to control his saber in the air, tear the earth apart, and kill ehua Wuhan! This further proves that His Majesty, the North Mystic honorable King, is the real emissary of the fiery King, and e Huo Yuntian is a fake!"

Baifeng Changyi explained it thoroughly. Zhang chuteng and the crowd had also heard of the legend of the Nan Huo Warblade!

At this point, the truth was naturally revealed!

That was why everyone followed Bai Feng Changyi and knelt down to worship Chen Xiaobei!

Liu xuanxin and old Mondo were the ones who were bewildered by the situation.

Chen Xiaobei knew what they were thinking, so he took out the small explosive tokens and showed them.

That's right! This Yan Huo battle blade was the treasure of the third elder of the exploding flame heaven sect! He had to use the small explosive flame token to communicate with the saber's spirit and make it recognize him as its master!

It was precisely because the token could sense the position of the Hellfire Warblade that Chen Xiaobei had to go around the city closest to huge axe city and come to White Wolf City, which was further away!

So, from the very beginning, Chen Xiaobei had been aiming for the Nan Huo Warblade!

After coming here and learning about the religion of White Wolf City, Chen Xiaobei could tell that this was the easiest city to take down!

And the truth had proven that Chen Xiaobei's plan was accurate and everything was under his control!

For this battle, Chen Xiaobei did not need to mobilize a single soldier or kill anyone in White Wolf City. He could control this city that was on the same scale as huge axe city!

Chen Xiaobei felt like laughing when he thought about huge axe city.

Huge axe city had already found the small explosive flame token and had been hiding it in the treasure vault!

However, huge axe city did not dare to show the small explosive flame token. Otherwise, once the Yan Huo Warblade was activated, it would definitely fall into the hands of Supreme King Fire cloud. Huge axe city would not get any benefits!

Out of selfishness, huge axe city had been hiding the minor explosive flame token. They wanted to wait for a suitable opportunity to bypass Supreme King Fire cloud and take the Yan Huo Warblade for themselves!

However, Man proposes, God disposes!

Huge axe city's defenses were all set up, but they had never expected that one day, the entire city would fall into Chen Xiaobei's hands and all of their assets would end up in his pocket!

Just like that, Chen Xiaobei got the little explosive flame token that he had kept hidden for a long time!

"Zhang chuteng! The truth is right in front of you!"

Chen Xiaobei said, "I'm not afraid to tell you! I have a seven-star earth-god intermediate-stage flame Blade! There were divine immortal level 'ten thousand beast STAR technique' and 'four phases absolute killing Mystic formation'! If you want to fight, you will definitely lose!"

this ... Zhang chuteng swallowed his saliva and was speechless.

Just a moment ago, Zhang chuteng wanted to kill Chen Xiaobei and bring his head back to Supreme King Huo Yun!

At that moment, Zhang chuteng could not muster up any will to fight. Chen Xiaobei had only shown three cards and he was already in an invincible position. Zhang chuteng had no chance of winning!

it's obvious that you, Zhang chuteng, can't kill me. Even if I let you return to fire cloud capital city, e Huo Yuntian will definitely not let you off!

I'm not threatening you! Chen Xiaobei said. I'm just trying to make you understand that if you want to protect the entire Zhang family, you only have one choice-to submit to me! Cooperate with all my actions!"

I ... Zhang chuteng was speechless.

Zhang chuteng understood fire cloud Supreme King E Huo Yuntian's personality very well!

Unless Zhang chuteng could bring Chen Xiaobei's head back to redeem himself, even if he died heroically, the entire Zhang family would be buried with him!

Just as Chen Xiaobei had said, Zhang chuteng had no other choice!

"Bang!"

Zhang chuteng threw away his axe and knelt down, kowtowing heavily, "I'm willing to submit to Your Majesty, North Mystic's honorable King! I beg Your Majesty, please protect my family!"

“Don’t worry! I don’t make promises easily, but since I’ve made a promise to you, I’ll definitely keep it!” Chen Xiaobei’s expression was serious. He would definitely do what he said.

“Your Majesty! Can this person be trusted?” Old Mondo was a little worried.

“He’s trustworthy!”

Liu xuanxin answered on his behalf, “he could have surrendered a long time ago, but ehuo Wuhan threatened him with his family, so he fought to the death!” Since he can fight to the death for his family, he can naturally be loyal to his family!”

“Lady Luck is right!”

Chen Xiaobei chuckled and scanned the crowd. “All of you, get up! Next, let’s discuss how to attack fire cloud capital city!”

Everyone was shocked by his words!

Chapter 2730: unexpected surprise

“What? Take ... Take down fire cloud capital city?”

Chen Xiaobei’s casual words had caused a 10000-fold nuclear explosion in everyone’s heart! They couldn’t believe their ears!

“Your Majesty, you must be joking, right?”

Zhang chuteng swallowed his saliva and said awkwardly, “E Huo Yuntian has ordered the entire fire cloud region to destroy huge axe city and slaughter the North Mystic Army in ten days! You should be thinking about how to defend and how to retreat, not how to attack the city!”

“That’s right ... Your Majesty! The overall situation was set! Even you can’t do anything about it!”

“The firecloud Army is unparalleled and unrivaled in the region!” Baifeng Changyi said dejectedly. Moreover, they have the military strength of thirty-four main cities to assist them in battle. They are extremely powerful in the region, and we must not compete with them!”

All the White wolves ‘nobles nodded in agreement, and their voices of persuasion rang in Chen Xiaobei’s ears.

Even Liu xuanxin and old Mondo were extremely worried.

After all, the truth was right in front of their eyes. The strong and the weak were clear at a glance. Even a three-year-old child could see the outcome of this battle, let alone the smart people present!

“Is it that in your eyes, I can only defend? You can only run away?” Chen Xiaobei asked calmly.

Everyone was silent, naturally tacitly agreeing with this statement.

“You’re wrong! I can’t defend against it! You can’t escape!”

Chen Xiaobei said, " "First of all, everyone here is very clear about the combat power of the fire cloud Army and the Alliance Army of 34 cities! Once the Army surrounds us, we can't defend at all, even if we fight to the death!"

"Secondly, the people of huge axe city have all pledged their allegiance to me and are even willing to follow me until death! The moment I abandon the city and escape, given Supreme King Fire cloud's cruel personality, I'm afraid that huge axe city will be massacred completely!"

Chen Xiaobei's eyes were serious, and his tone was firm and unquestionable! In fact, there were no loopholes that could be questioned!

Just as Chen Xiaobei said, there was no way they could defend! If they fled, all the people in the city would suffer!

Of course, Chen Xiaobei could bring the people with him, but that would mean that all his efforts would be in vain! Not only did he not make any progress on the road to unifying the Nanzhan state, he had actually regressed greatly!

Chen Xiaobei could not accept such an outcome, so he did not even mention the possibility of it happening!

"Your Majesty is right ..." Baifeng Changyi sighed. "There's no way to defend against this battle ..."

"That's right ... Your Majesty is really thoughtful!"

"Ehuo Wuhan has been killed. Even if His Majesty were to abandon the city and escape, ehua Yuntian would not let this matter rest!" Zhang chuteng nodded.

furthermore, e Huo Yuntian wanted to fight this battle in order to kill the chicken to warn the monkeys. He wanted to intimidate all the major cities under his banner and strengthen his royal authority!

in this case, the hatred of losing a son and the intimidation will ensure that the entire huge axe city will be massacred. Even the beixuan Army that has escaped will be hunted down!

Zhang chuteng sighed, " that's why there's no point in running. There's no way out! You'll only implicate the innocent people of huge axe city!"

Baifeng Changyi and zhangchuteng's statements had allowed everyone to re-examine the whole situation. They could clearly see the stakes involved and understood Chen Xiaobei's intention!

In the current situation, he could not defend against it! He couldn't escape!

Only a battle would give them a chance of survival!

alright! Chen Xiaobei raised an eyebrow. since everyone understands what I mean, let's calm down and help me think about how to take as many cities as possible in these ten days!

Everyone fell into deep thought.

Your Majesty ... Zhang chuteng hesitated, " "Can you save my people first? And then officially start the war?"

“Don’t be nervous!”

Chen Xiaobei smiled and took out No. 8 Luban.

After filling it with spiritual Qi, Chen Xiaobei changed No. 8 Luban into ehuo Wuhan.

Seeing this, everyone exclaimed, “my God ... What kind of magic weapon is this?” It could actually transform into something so realistic! It’s exactly the same as ehuo Wuhan’s, and I can’t find any flaws!”

“There are indeed no flaws!” As a personal bodyguard, Zhang chuteng knew ehuo Wuhan very well, and he couldn’t find any difference!

However, Zhang chuteng still couldn’t be happy. He frowned and sighed, “ “Although this magic treasure is amazing, it can only imitate the appearance, not the interior! You can’t lie to me!”

“Who said we can’t imitate the inside?” No. 8 Luban said.

“Heavens! This ... This voice is actually the same as ehuo Wuhan’s!” Zhang chuteng took in a cold breath, he couldn’t believe his ears.

if even a bodyguard like you can’t tell the difference, how would anyone know that ehuo Wuhan is dead? ” Chen Xiaobei said.

“I’m really relieved now!”

Zhang chuteng finally let out a sigh of relief, “ “His Majesty’s transcendent artifact can imitate ehuo Wuhan’s appearance and voice, and I understand ehuo Wuhan’s personality and habits. If we work together, we won’t be able to reveal any flaws!”

“That way, ehuo Yuntian would not know that ehuo Wuhan is dead!” Chen Xiaobei nodded. And your family will not be in danger!”

“Thank you for saving my life, Your Majesty!”

Zhang chuteng knelt down again and kowtowed, “ “The entire Zhang family is grateful to Your Majesty for being able to live! I, Zhang chuteng, will repay your kindness with my life!”

“Get up!” alright! Chen Xiaobei said, “ since you’re relieved, help me think of a way!

“Your Majesty!”

At this moment, Baifeng Changyi stood up and said in a deep voice, “I’ve thought of an idea! Perhaps we can take down Mount Han capital!”

“Cold Mountain City?”

When Zhang chuteng heard this, he immediately became excited, “Changyi City Master, what a good plan! This is definitely the best choice right now!”

“Oh? Since both of you agree, it seems like it’s a sure thing!” what’s the matter? ” Chen Xiaobei asked expectantly. tell me, how can we take down the main city? ”

Baifeng Changyi raised his hand and pointed to the ground, "Take ehao Wuhan's corpse and the storage bracelet, and head directly to Mount Han's main city. Then, everything will fall into place!"

"It's that simple?" Chen Xiaobei could not believe it.

"Originally, this matter was definitely not simple!" it's all thanks to Your Majesty for killing ehao Wuhan, " Zhang chuteng said. at the same time, you were able to use a magical treasure to transform into ehao Wuhan. With these two things fulfilled, things are much easier!

Chen Xiaobei was in a good mood, 'this is a surprise! It's so cool!"

let's take a look at ehao Wuhan's storage bracelet first! Liu xuanxin said with a smile. there might be a surprise!
