#### Chapter 2741

2741 Don't interfere (thanks to Alliance Master Huang Xingyun)

"What? You're calling me a stupid pig?"

E Huo Lian ran's expression froze, he simply didn't dare to believe his own ears.

As the first Prince of Fire cloud capital city, e Huo Lian ran had the highest cultivation, the highest status, and the highest authority among all the princes.

Although the 12 princes were not on good terms with e Huo Lianran, they were still polite to him on the surface. No one dared to disrespect him and call him a stupid pig. No. 8 Luban was definitely the first person to do so!

Because of this, e Huo Lian ran even thought he had heard wrong!

He couldn't believe that his seventh brother, who had always been respectful to him, would actually say such words!

"What's wrong? Didn't you hear me clearly?"

"I said you're a dumb pig!" No. 8 Luban said with a smile. A stupid pig that has sucked its neck clean and is waiting to be slaughtered!"

"You little brat! You dare to scold me!"

E Huo Lian ran's brows furrowed, his anger rising: "I'm going to teach you a lesson! I'll let you firmly remember how powerful I am as your big brother!"

Even Liu xuanxin could not help but sneer. "You're so stupid that you can't be saved! Even now, you still don't understand that the person standing in front of you isn't your seventh brother!"

"What? He's not my seventh brother?"

E Huo Lian ran's expression slightly changed, he laughed: "Do you take me for an idiot? How can I not recognize my own seventh brother?"

"Aren't you an idiot?" Liu xuanxin's eyes were filled with a layer of frost, and a cold killing intent appeared in her eyes!

"Eh? Who the hell are you! Why is there such a strong killing intent!" After all, e Huo Lian ran was a six-star earth immortal. He immediately sensed the danger.

"I'm here to take your dog life!"

Liu xuanxin took a step forward, and her entire body was engulfed in flames!

Her waterfall-like black hair flew up, and each strand of hair was burning with inextinguishable fire!

Her bright eyes, which were like stars, were also burning with an inextinguishable fire. Besides being quick-witted, she also exuded an overbearing aura!

Just a second ago, Liu xuanxin was still a gentle and quiet little woman!

In this second, she had instantly transformed into a powerful and majestic female war god!

Most importantly, this flame not only had a strong and overbearing appearance, but it also had a powerful and unparalleled power!

That was the real power of a seven-star earth-god!

It was a whole realm higher than the fire successive combustion's cultivation!

Oh my God ... You ... How can you be so powerful?!

E Huo Lian ran sucked in a breath of cold air, turned his head and shouted, "Fire without cold! Hurry up and bring me the spirit beast bracelet! I want Fen Tian to burn this woman to ashes!"

"Stupid pig! How can I return the treasure that I've conned into my hands to you?" No. 8 Luban grinned evilly and threw the spiritual beast bracelet far away.

What are you doing?! E Huo Lian ran's expression changed drastically, and he screamed in horror!

In the next moment, the spirit beast bracelet was thrown dozens of meters away and landed in the hands of a black-clothed youth.

The black-clothed youth smiled indifferently and kept the spirit beast bracelet into his interspatial ring.

The space existed independently. Unless he took out the bracelet, he would not be able to control the fiery E Lianran, let alone release Burning Sky fighting Eagle.

"Xiaobei! Don't interfere! I'll deal with this beast!"

Liu xuanxin knew that the young man in Black was Chen Xiaobei. She did not want Chen Xiaobei to help her.

"If you want to solve it yourself, you should have done it earlier! It's too late now!"

What? " Chen Xiaobei frowned. E Huo Lian ran has a mid-tier seven-star earth-god instrument. You can't fight him alone!

Just as Chen Xiaobei had said, if Liu xuanxin had attacked first, she would have been able to kill Ehuo Lianran with the difference of one whole realm.

However, Liu xuanxin did not make a move, which gave E Huo Lian ran ample time to prepare.

E Huo Lian ran had a mid-tier seven-star earth-god instrument in his hands. Once he used it, his power would surpass Liu xuanxin's!

That way, even without burning Sky Battle Eagle, E fire Lianran would still be able to stand on an undefeatable ground!

That was why Chen Xiaobei would not allow Liu xuanxin to fight him alone. There was no way he would kill her, and he might even get her killed!

“Xiaobei! Trust me!”

Even so, Liu xuanxin was determined. when I heard about what happened to fairy Ningling, I was filled with uncontrollable anger and killing intent. After I calmed down, I seemed to have gained some enlightenment!

“What comprehension?” Chen Xiaobei asked.

“The Golden core Dao!”

Liu xuanxin’s eyes narrowed, and her entire aura changed.

Chen Xiaobei could feel that Liu xuanxin was no longer the weak little woman who needed his protection!

At this moment, she had transformed into a powerful and overbearing female war god!

This was a feeling he had never felt before!

After a brief hesitation, Chen Xiaobei decided to respect Liu xuanxin’s decision. “Good! I won’t interfere, but you must be careful!”

after all this, you guys are actually assassins sent by spirit condensation city? ”

E Huo Lian ran roared in anger, “didn’t I just push down that little bitch ning qianxue?” A mere woman! A toy! Is it worth it for you to bite me like a Mad Dog? Don’t forget! I am the fire cloud first Prince! If you hurt me, your entire city will be buried with me!”

“Shut up! You animal, you don’t deserve to mention little fairy ning Ling’s name!”

Liu xuanxin took a step forward and said, “The reason why I won’t let anyone interfere is to tell you! Women! Not a toy! I won’t let you bully me! Women! You will pay a terrible price!”

“Ha, I don’t believe you dare to fight me one on one!”

E Huo Lian ran took out a Platinum feather fan and said in disdain, “If you attack me when I’m not prepared, I’ll die without a doubt! But now, with the ‘profound gold feather fan’ in my hand, if you dare to come over, I can turn you into ashes with a flip of my hand!”

“I’d like to see who’s going to be annihilated!”

Liu xuanxin was not afraid at all. She knew that the mystic gold feather fan was stronger, but she still charged forward without hesitation and pointed it at the fire!

“You’re looking for death!”

E fire Lianran was not to be trifled with and instantly activated the power of the gold feather fan.

“Clang! Clang! Clang ...”

With a wave of the feather fan, an overwhelming seventh metal true essence suddenly burst out. The sky and the earth were covered by a vast Platinum Light!

Countless Platinum-colored blades were formed. They were like a mountain of blades and a Sea of Swords that came crashing down on Liu xuanxin!

“What a terrifying aura! Why hasn’t His Majesty made a move yet? Miss Xuan Xin can’t handle this alone!” In the distance, Baifeng Changyi and Zhang chuteng’s hearts clenched.

xuanxin ... beside the battlefield, Chen Xiaobei’s heart was already clenched. He was holding his breath. “I believe you! You can definitely do it!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2742**

2742 Divine Phoenix great Dao

The mystic gold feather fan’s power was terrifying. Just from the true energy fluctuations alone, it had already surpassed Liu xuanxin by dozens of streets!

This was why Baifeng Changyi and Zhang chuteng were extremely worried!

And e fire successive burning was naturally full of pride, certain that he would win without a doubt!

Chen Xiaobei was the only one who believed in Liu xuanxin’s enlightenment and supported her decision!

It was the mysterious technique, the great way of the Golden core, and the nascent soul Dharmakaya!

These were the unique characteristics of each major realm!

The reason why Liu xuanxin’s cultivation had stopped at the seven-star earth-god Realm was because she had not fully grasped the characteristics of each major realm. Her Foundation was not solid enough!

With Jiang Ziya’s help, Liu xuanxin had learned the four-phase killing Xuan formation, which meant that she had mastered the finger Mystic technique!

However, Liu xuanxin was not lying when she said that she had comprehended the way of the Golden core. She had truly comprehended it!

That was why Chen Xiaobei was willing to trust and support Liu xuanxin!

Of course, even if she had not comprehended the way of the Golden core, Liu xuanxin might not have been defeated!

Don’t forget, Liu xuanxin already had the heart of the fire Phoenix. She had merged with the bloodline of the divine Phoenix and even learned the divine Phoenix’s heavenly flame!

All of them were God-grade entities. Furthermore, they came from the same source and complemented each other. Their powers would be greatly enhanced. Even if Liu xuanxin were to face them head-on, she would still stand a chance!

“Fire Phoenix Rising to the heavens!”

die! Liu xuanxin shouted, and the flames on her body suddenly increased by 10000 times!

The terrifying flames turned the earth into a sea of fire, burning the sky red!

In an instant, the flames that filled the sky and earth quickly gathered to form a huge fire Phoenix with a wingspan of no less than 30000 meters!

Thus, a spectacular scene of a 30000-meter-long giant Phoenix clashing with countless blades appeared in this part of the world!

“Heavens! How could lady Xuan Xin unleash such a terrifying power?”

what?! Zhang chuteng exclaimed, “ from the terrifying Zhen Yuan fluctuations, the power that erupted has far exceeded miss Xuan Xin’s true cultivation! How did you do that?”

“Bloodline power! Primordial spirit heavenly flame!”

With his rich experience and sharp eyes, Baifeng Changyi immediately saw through the mystery. apart from miss Xuan Xin’s seven-star earth-god level vital essence, that terrifying giant Phoenix also had a powerful bloodline power and a primordial spirit heavenly flame!

“Xuan Xin! You really didn’t let me down!”

Chen Xiaobei knew the nature of Liu xuanxin’s power the best. “Divine rank bloodline! Divine level heavenly flame! Any one of them can make you invincible among your peers!”

“The main point is that the bloodline and the alien flame are both of the same origin as the fire Phoenix Heart! The three of them complement each other and stack on top of each other, causing the power to soar!”

that’s right! Chen Xiaobei said, “ although xuanxin is an early-stage seven-star earth-god, the power that she’s unleashing now is equivalent to a mid-stage seven-star earth-god! Even if he were to cross a minor realm, he would still be able to put up a fight!”

Boom boom boom ... Clang clang clang ...

At the same time, the 30000-meter-long fire Phoenix Energy construct was already clashing with the countless Platinum Blades of the black gold feather fan!

The situation was exactly as Chen Xiaobei had predicted!

The power of the fire Phoenix far exceeded Liu xuanxin’s actual cultivation. It was almost on par with the endless blades!

Of course, it could only be said that they were almost evenly matched, not absolutely!

After all, at the seven-star earth-god Realm, there was a huge gap between each small realm!

Even with the fire Phoenix’s heart, divine Phoenix’s bloodline, and divine Phoenix’s heavenly flame, the three combined could make up for the difference, but there was still a certain gap!

In a battle between experts, even the slightest difference would be magnified infinitely and become the opponent’s breakthrough point!

The current battle situation was exactly like this!

The fire Phoenix Dharma power was slightly weaker. In the early stage of the confrontation, it could still hold off the endless blades for a while with the impact force!

However, as the battle reached a stalemate, the endless blades began to gain the upper hand bit by bit, and the advantage continued to expand, gradually overwhelming the fire Phoenix Dharma power!

“Hahaha ... Stupid woman! I told you, you’re not my match!”

Ehuo Lianran laughed proudly, “Very soon, your attack will be completely crushed! The endless sharp blades of the gold feather fan will cut you into pieces! Then, he would chop the corpse into pieces! In the end, the meat dregs were chopped into dust! And you will be completely annihilated!”

Indeed, from the actual situation of the battle, the final result would definitely be exactly as e Huo Lian ran had said.

It was only a matter of time before Liu xuanxin died!

“No! I’m going to help miss Xuan Xin!”

Zhang chuteng couldn’t stand it anymore. He was ready to help Liu xuanxin.

After all, Zhang chuteng was a mid-tier seven-star earth-god and he had a mid-tier seven-star earth-god instrument. As long as he made a move, he would be able to save Liu xuanxin and kill ehuo Lianran!

“Stop right there!”

However, Baifeng Changyi stopped Zhang chuteng and said in a deep voice, “His Majesty hasn’t even made a move, so how can you participate in the battle?”

Zhang chuteng’s face was filled with anxiety, “Miss Xuan Xin’s life is in danger! Once the fire Phoenix Dharma power is destroyed, she will die in an instant!”

“His Majesty is the king!” Baifeng Changyi said solemnly. We are the officials! His Majesty has his own plans, we must obey!”

sigh ... Zhang chuteng sighed. He could not understand what Chen Xiaobei was planning. How could he just watch Liu xuanxin die?

Beside the battlefield, Chen Xiaobei’s face did not change, but his mind was in a mess.

On one hand, Chen Xiaobei was worried about Liu xuanxin’s safety and wanted to help her!

On the other hand, Chen Xiaobei believed in Liu xuanxin’s decision. He was worried that if he attacked, he would destroy Liu xuanxin’s enlightenment and prevent her Dao heart from reaching its peak!

He could neither advance nor retreat. Chen Xiaobei was more anxious than Zhang chuteng!

“Stupid woman! Aren’t you going to ask for help from your companions?”

E Huo Lian ran laughed arrogantly, " "You're as stupid as ning qianxue! She could have lived, but she had used drugs to commit suicide! You can also live, but you have to force yourself to die! Both of you are the same, stupid! Explode! It's done!"

"I've said it! You don't deserve to mention fairy little ning Ling's name!"

Liu xuanxin's eyes turned cold. Her anger and killing intent rose.

At the same time, her entire aura changed once again, as if a new mysterious force had been injected into her!

"The heavens have thirty-three levels, and the pill has three colors ...."

Liu xuanxin mumbled to herself, " "Dazzling golden light! Dense purple light! It was colorless! With the three as one, the great Dao is in sight!"

Whoosh ... Whoosh ... Whoosh ...

In the next moment, three rays of golden spiritual light shot out from Liu xuanxin's dantian! Purple! Colorless!

Combining the three colors into one, the great Dao of the gold core was derived!

Divine Phoenix great Dao!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2743: Nirvana counterattack**

As expected, when Liu xuanxin exploded with anger and killing intent, she could sense her own golden core Dao!

When Liu xuanxin first heard about the fairy's tragic fate, she was so furious that she wanted to kill e Huo Lianran immediately. At that time, Liu xuanxin already had a vague understanding of the situation!

At this moment, e Huo Lian ran was openly mocking little fairy ning Ling. This made Liu xuanxin's anger and killing intent reach an unprecedented peak!

Thus, Liu xuanxin had completely comprehended her own golden core Dao!

Divine Phoenix great Dao!

"Hiss!"

Suddenly, the cry of a Phoenix resounded through the heavens and earth. An extremely mysterious power erupted from Liu xuanxin's body!

This power seemed to be able to draw in all elemental energy and resonate with everything in the world!

With the support of this mysterious power, the fire Phoenix Dharma power that had been suppressed and on the verge of collapse was suddenly Reborn!

A Phoenix bathing in fire, reborn from Nirvana!

“Boom boom boom ...”

With a loud explosion, the fire Phoenix Energy construct suddenly bloomed with bright spiritual light, and its power soared! He was actually able to push it back and push back the endless blades that were pressing down on his head!

Moreover, the power of the fire Phoenix Dharma power was still growing. After a while, it broke through the mid-stage seven-star earth-god Realm and was getting closer and closer to the late-stage seven-star earth-god Realm!

Even if it was just one minor realm of the seven-star earth-god Realm, there would still be a huge gap in combat strength!

The combat strength of the fire Phoenix Dharma was gradually approaching that of a late-stage seven-star earth-god, and it was gradually superior to the endless sharp blades. The situation of the battle had also turned from a reversal to a complete counterattack!

“Beng! Beng! Beng ...”

The fire Phoenix soared, its wings defying the nine Heavens!

In an instant, the countless sharp blades collapsed rapidly, and the overwhelming Platinum-colored vital essence also retreated like a tide, completely defeated!

“BOOM!”

A huge force pressed down and e Huo Lian ran didn't even have time to react. The mystic gold feather fan in his hand was directly sent flying a hundred meters away.

Fortunately, this earth-god instrument had blocked most of the power. Otherwise, the e fire would have been instantly obliterated!

Of course, even if there was only a small part of this power left, it was enough to crush the six-star earth-god's e fire successive combustion!

“Pfft ...”

E Huo Lian ran was hit by the remaining force and flew back dozens of meters as if he had been struck by lightning. He spat out a mouthful of blood, and it was as if all his bones had been shattered. He fell to the ground like mud, unable to get up.

“Swish!”

Liu xuanxin's body flashed, and she was in front of e Huo Lian ran in an instant!

“Whoosh!”

At the same time, e Huo's sea of Qi dantian quickly emerged from a small figure, running for his life.

That's right! This small figure was the nascent soul of e fire successive combustion!

Under the protection of the avatar, e fire successive burning's nascent soul was extremely fast. In the blink of an eye, it had already covered hundreds of meters!

“You want to run? Stop dreaming!”

Unfortunately, Liu xuanxin’s speed was dozens of times faster than e Huo Lian ran. With a single step, she overtook e Huo Lian ran in an instant!

“Whoosh ...”

Liu xuanxin waved her hand, and a seven-star earth-god’s ethereal force came down like an inescapable net, trapping e Huo’s nascent soul!

No matter how e Huo Lian ran struggled, he was unable to escape!

Furthermore, Liu xuanxin’s ethereal force was extremely powerful. The more the flames of e struggled, the more the practicing body was injured!

“Spare me ... Spare me ...”

Finally, e fire successive combustion gave up struggling! The nascent soul knelt on the ground and begged for mercy, “ spare me ... Great aunt ... Heroine ... Please spare my life ... I won’t dare to do it again ... I won’t dare to do it again ...

“You animal! There’s not a single word of truth in his mouth.”

Liu xuanxin’s expression was cold as ice. “If I spare you, I will only harm more people!”

I really don’t dare to do it anymore ... Really ... e Huo Lian ran was scared out of his wits.

It was obvious that this guy was very afraid of death! Once he died, he would lose all the power, status, and wealth he had now! He simply couldn’t bear to die!

“Whoosh ...”

However, there was no way Liu xuanxin would let him go. Without saying a word, she released her ethereal force and was ready to kill e Huo’s nascent soul!

“Hold on!”

Chen Xiaobei walked over.

“Xiaobei?” Liu xuanxin frowned and said, “ No matter what you say, I won’t let this beast off!”

“You’re thinking too much! How can I ask you to let him go?”

you killed his nascent soul, but you can’t capture his soul! Chen Xiaobei sneered. This beast could still fall into the underworld and continue to exist in this world! Only I can destroy his soul and make him unable to reincarnate!”

“That’s right!”

Liu xuanxin nodded and said, “ This kind of animal doesn’t even have the right to go to hell! He had to destroy his soul! Completely disappear from the three worlds and six paths!”

alright! Chen Xiaobei nodded. you’ve already defeated him. Leave the rest to me!

alright! Liu xuanxin had absolute trust in Chen Xiaobei, so she stepped aside.

“Essence devouring!”

Chen Xiaobei shouted, and countless blood-red spiritual runes appeared on his palm!

The spirit runes interwove to form a strange beast, which swallowed the nascent soul in one gulp! It quickly extracted the origin and absorbed it into the chaos Blood Sword!

Once the source was completely devoured, the e fire successive combustion would cause the soul to scatter and completely disappear from this world!

Seeing this, Liu xuanxin heaved a sigh of relief. The ethereal force in her body dissipated, and her anger and killing intent gradually subsided.

Without saying a word, Liu xuanxin looked up at the sky, her eyes filled with sorrow.

It was obvious that Liu xuanxin was silently mourning for the little Ningling fairy, ning qianxue!

“Woof! Whoosh!”

Chen Xiaobei did not disturb Liu xuanxin. Instead, he released two streams of ethereal force and took the storage bracelet and the mystic gold feather fan into his hands.

This gold feather fan, Yan Huo battle blade, and clear moon spiritual sword were all at the same level. It was very useful to Chen Xiaobei, so he kept it in his infinite space ring.

Next, Chen Xiaobei checked the storage bracelet.

There were two six-star earth-god instruments and a bunch of other resources.

Chen Xiaobei then used the devouring of origin again and absorbed all of it into the beast’s head.

The origin of these things, together with the origin of the e fire continuous burning of the nascent soul, could upgrade the chaos Blood Sword to a six-star earth-god level in five days! It could be considered as making the best use of everything!

Other than that, there were 100 million upper spiritual stones, a key to the Treasury, and a token of the Prince in the storage bracelet!

After collecting the spiritual stones, Chen Xiaobei had more than 330 million upper spiritual stones in his vault!

He would use the key to the treasure vault after he had taken fire cloud capital city!

As for the token and the corpse, they would naturally be sent to the spirit condensation city!

At the same time, Zhang chuteng and Baifeng Changyi walked over, “Your Majesty, should we head to the spirit condensation city immediately?”

“No rush!”

no! Chen Xiaobei shook his head and said, “ I need to see someone first! Turn Burning Sky Warhawk into my spiritual beast!”

## Red Envelope Group of the Three Realms

### **Chapter 2744: situation changes**

“What? Your Majesty, you want to subdue Burning Sky Warhawk? How is this possible?”

Baifeng Changyi and Zhang chuteng were both stunned.

“Even though burning e died and Burning Sky Battle Eagle’s primordial spirit blood contract can be removed, it has already regained its freedom! However, Burning Sky Warhawk is extremely powerful. It is impossible for us to subdue it by ourselves! We might even be killed by it!”

There were only two ways to subdue a demonic beast!

One was that it was willing to submit and accept the primordial spirit blood contract!

The second was to completely suppress it, making it unable to resist and have no choice but to accept the primordial spirit blood contract!

Obviously, the strength of Burning Sky Warhawk, coupled with its demonic beast ability, was enough to overwhelm any human or earth-god instrument of the same level. Naturally, it was not easy to subdue!

“Don’t worry about this!”

After Liu xuanxin finished paying her respects, she turned her attention back to the room. with my divine Phoenix bloodline, divine Phoenix extraordinary flame, and the divine Phoenix Dao, I’ll be able to unleash a combat strength close to that of a late-stage seven-star earth immortal. It won’t be a problem for me to subdue the sky-burning combat Eagle!

“No!”

“No!” Bai Feng Changyi shook his head decisively and said, “although lady Xuan Xin is powerful, The Burning Sky Warhawk is not something that a mere gold feather fan can compare to! Even if you can subdue it, you will have to pay a painful price!”

“No harm! As long as I don’t die, no matter how badly I’m injured, Xiao bei can heal me!” Liu xuanxin’s gaze was solemn, and her tone was firm.

After the battle just now, not only did Liu xuanxin’s aura change, but her state of mind had also risen to a whole new level. Her words were domineering and decisive, not losing to any man!

but, even if miss Xuan Xin can subdue The Burning Sky Warhawk, we can’t find enough blood essence to make the primordial spirit blood contract!

“Even if Burning Sky Eagle and I are both mid-stage seven-star earth Immortals, it’s still much stronger than me!” I can’t control it at all when I use my essence blood to create the primordial spirit blood contract!”

There was a huge difference in strength between each minor realm of the seven-star earth-god Realm!

Even within the same minor realm, there would be a difference of tens of millions, or even hundreds of millions of battle prowess!

In order to subdue Burning Sky Warhawk, one had to use the blood essence of someone stronger than it to make a primordial spirit blood contract!

this ... Liu xuanxin furrowed her brows. She was speechless. It was obvious that she could not solve this problem!

“You guys don’t have to argue!”

“I’m going to meet someone now!” Chen Xiaobei said with a smile. Let him take action, subduing The Burning Sky Battle Falcon and creating the primordial spirit blood contract will be as easy as turning his hand!”

Liu xuanxin thought for a moment and asked, “Don’t tell me the person you’re talking about is immortal dugu zang?”

Clearly, Liu xuanxin had met dugu zang Xian before and even received his help!

At this moment, the first person that came to Liu xuanxin’s mind was this beautiful woman with an extraordinary background!

“What? Your Majesty, you actually know the Holy Lord of the dark seal, dugu zang Xian?” Bai Feng Changyi and Zhang chuteng were instantly dumbfounded. Their eyes were as wide as a bull’s, and their mouths were so wide that a fist could fit in. They simply couldn’t believe their ears!

“I do know immortal dugu zang, but I don’t plan to look for her!”

she’s helped me many times! Chen Xiaobei said. if I ask, she’ll definitely help me this time! However, all her help needed to be repaid! She helped me first, then asked me to help her. I can’t refuse! Therefore, we should try not to owe this kind of favor!”

“What? Immortal dugu zang is actually asking for your help?” Baifeng Changyi and Zhang chuteng felt as if their views on the world had been refreshed 10000 times.

“Don’t make such a big fuss, who doesn’t have their own difficulties?” Chen Xiaobei shrugged. dugu zang Xian is a human. He’s not a superhuman. How can he not need help for his entire life? ”

Obviously, Chen Xiaobei did not want to reveal too much about dugu zang Xian!

If Chen Xiaobei told them that he had once helped dugu zang Xian resolve a fatal crisis, Bai Feng Changyi and Zhang chuteng’s eyes would probably pop out of their sockets!

Xiaobei, if you don’t look for dugu zang Xian, who else can you look for to help you deal with Burning Sky Warhawk? ” Liu xuanxin asked curiously.

“An ally!” Chen Xiaobei smiled.

.....

Spirit condensation city.

Baifeng Changyi and Zhang chuteng stayed in the city and were in charge of contacting the City Lord, ning Yuanzhi.

Chen Xiaobei kept Liu xuanxin in the Meru space to ensure her safety.

As for Chen Xiaobei himself, he went to the Putuo City branch in Tianji city through the portal!

Of course, Chen Xiaobei did not want to attract any attention. He concealed himself and headed straight for the Zhai Xing Pavilion!

“Elder Ming!”

Chen Xiaobei had found the person he was looking for.

Elder Ming! The che clan’s leader from 30 million years ago! Bearing the hatred of being annihilated and forming an alliance with Chen Xiaobei! He swore to find the culprit who had massacred the four Xiang Royal City and the Xiu clan!

“Chen Zhufeng! How dare you still come here!”

The moment elder Ming saw Chen Xiaobei, he tensed up. He looked around for a long time, afraid that someone would see him.

“Elder Ming, don’t be nervous. No one is following me!” what? ” Chen Xiaobei raised his eyebrows. look at you! It seems like Tianji city already knows about me!

“Isn’t that obvious?”

“Tianji city is the world’s most powerful intelligence gathering force,” elder Ming said in a deep voice. How could you not know that you’ve taken down huge axe city?”

“Oh? Does Tianji city only know that I have taken down huge axe city?” Chen Xiaobei laughed.

“What’s wrong? Don’t tell me you’ve done something else?” Elder Ming gulped. Even if he was used to all kinds of situations, he would not be able to withstand Chen Xiaobei’s provocation.

Chen Xiaobei raised his eyebrows and said, ” “We’re allies, so I won’t hide it from you. Last night, I took down White Wolf City, and this morning, I took down Mount han city! You even killed two princes of fire cloud capital city!”

what???” Elder Ming’s eyes almost fell out of their sockets.

No matter how much she trusted Chen Xiaobei, she could not believe what Chen Xiaobei was saying.

“Look at how anxious you are!”

“Our goal is to disrupt the balance of the world and force the elder of heavenly secrets to show himself, right?” As long as I see the old man of heavenly secrets, I will be able to confirm whether he is Xu Fu! We’ll be able to find out who the real murderer was!”

“I know ... I will never forget this!”

Elder Ming composed himself and frowned,”but you’ve already gotten yourself into big trouble!” Let’s not even talk about whether you can lure out the old man of heavenly secrets. In the current situation, whether or not the city of heavenly secrets can still accommodate you is a big question!”

“What’s wrong? The heaven’s legacy city wants to expel me from the sect?” Chen Xiaobei frowned.

there’s no official order for now. After all, the Nanzhan state is a land of chaos, and Tianji city doesn’t prevent disciples from participating in disputes!

“But you’re going to hurt the interests of many big forces by barging in without considering the consequences,” elder Ming said seriously. Even if Tianji city doesn’t expel you, there will still be many people who want to kill you!”

“Whose interests have I harmed?” Chen Xiaobei asked. Even you can’t handle it, elder Ming?”

### Red Envelope Group of the Three Realms

#### **Chapter 2745: looking down on the world**

“You’re oversimplifying things!”

“The Nanzhan state is the most complicated place in the entire earth-god Realm, and even the entire mortal realm!” Elder Ming said in a deep voice. Dao! Buddha! Demon! The Western religious sect! The demon race! The ghost clan! The forces from all sides are intertwined and intertwined!”

“Do you think that your declaration of war against fire cloud capital city is just a matter of fire cloud capital city? Have you ever wondered why there are no wars in the fire cloud domain? Why aren’t there any other factions joining in?”

.....

Chen Xiaobei took a deep breath and said, “Now that you’ve said it, it seems to be true! Although the fire cloud region was on the border of the Nanzhan state, there was no internal war, nor was there any invasion from other forces! This is too unreasonable!”

“I’ll tell you!” the reason why no one provokes the fire cloud region is that Supreme King Fire cloud offers generous Tributes to the major sects every year to ensure that he can continue to control that region,” elder Ming said in a deep voice.

“So it’s like this!”

“E Huo Yuntian had imposed heavy taxes on the people of the Fire cloud territory and plundered the People’s wealth like crazy. Other than squandering on himself, most of his wealth was given to beings stronger than him! He’ll spend money to get rid of the disaster, keep the fire cloud region away from the chaos of war, and let him rule this region for a longer time!”

that’s right. elder Ming nodded heavily. you’ve touched the fire cloud region, which means you’ve touched the wealth of many Giants stronger than fire cloud Supreme King! Cutting off one’s path to wealth was like killing one’s parents! This old man can’t handle the consequences, no matter who it is!”

“The situation seems to be quite complicated!” Chen Xiaobei frowned, but he was not afraid. “But it doesn’t matter! Even Tianji city doesn’t know about my latest actions, so those even more powerful Giants naturally don’t know either!”

“What do you mean by that?” Elder Ming was confused.

“As everyone knows, fire cloud capital city has declared war on me! Everyone in the world firmly believes that nine days later, it will be my end!”

“As long as I can take down huoyun Kingdom within these nine days, I’ll have a bargaining chip to talk to those big shots!” E Huo Yuntian can be their source of wealth, but can’t I be their God of Wealth?”

“God of Fortune? What do you mean by that?” Elder Ming was taken aback.

Chen Xiaobei shrugged, “ the reason is simple! As long as I can help those big shots earn more, not only will they support me, they will also treat me like a god of Fortune!”

Hearing this, elder Ming sighed,“heavens!” Do you know how much wealth you need to feed those crocodiles? This old master is afraid that you won’t even be able to feed them enough before they eat you to the point that not even your bones will be left!”

“No harm! I’ll naturally feed those who are willing to follow me!” I’ll kill all of you! Chen Xiaobei said coldly. if you don’t want to stand on my side, I’ll kill you! What I want is to unify jambu! Those who block me will be seeking their own destruction!”

this ... elder Ming’s expression froze. His heart was instantly hit by a huge impact.

Chen Xiaobei’s words were overbearing! He was like an Overlord Emperor who looked down on the world and was proud of everything! He didn’t even put those powerful Giants in his eyes!

If they were willing to support Chen Xiaobei, Chen Xiaobei would reward them with a meal. If they did not, they would be crushed by Chen Xiaobei and forced to join his forces!

In Chen Xiaobei’s eyes, the Nanzhan state would be unified sooner or later. No matter how powerful the big shots were, they were still Chen Xiaobei’s subjects!

Whoever didn’t submit would be beaten into submission by the Royal Army of beixuan!

“Elder Ming, don’t worry about the war!”

Chen Xiaobei was very confident. “I’ve come this time to ask for your help, elder Ming!”

you ... elder Ming composed himself and said seriously, “ You want me to help you kill Supreme King Fire cloud? ”

Obviously, elder Ming had the cultivation of a nine-star earth immortal. If he could make a move, e Huo Yuntian would not be able to fight back at all! The entire war would be settled smoothly!

“No! I don’t want you to take action!”

no! Chen Xiaobei shook his head. first of all, I have my own plan for this war. Nine days later, fire cloud Kingdom will be in my hands! There’s no need for elder Ming to make a move!”

“The point is that the entire earth-god Realm is watching the fire cloud region. Once elder Ming makes a move, the whole world will know! Your identity will also be changed from a hidden chess piece to an open chess piece, and your usefulness will be greatly reduced!”

“Good steel must be used on the blade! You can be said to be my greatest secret trump card. If you are exposed at this time, it will be like using a dragon slaying saber to kill a chicken. It will be a waste!”

.....

“You won’t let this old man take action? Then why did you come to find me?” Elder Ming was confused.

“Let’s change a place to talk!” Chen Xiaobei took out the verdant Emperor’s divine gourd and entered it with elder Ming.

There was a small planet in the verdant Emperor’s divine gourd!

The blood Kirin’s blood essence had been planted on this planet. With the help of the planet’s spirit veins, the blood Bodhi Divine Tree had grown!

Of course, this divine item’s level was extremely high. It was impossible for it to grow and transform in a short period of time!

Plus, no one was using the sunlight box now. The blood Kirin’s absorption of spirit Qi was much slower.

Meanwhile, on this small planet, Xiangyu, Ying Zheng, and the nine Grand shamans were leading an Army of 9.3 million soldiers to Train day and night, ready to fight for Chen Xiaobei at any time!

Chen Xiaobei’s arrival cheered everyone up. They had thought that the battle was about to begin, so they were all in high spirits and requested to fight!

“Everyone, calm down!”

I’m not here today to ask you to fight. I’m here to secretly tame an ancient neo-demon in this dimension! Chen Xiaobei explained.

As soon as he said that, everyone was stunned at first, and then there was an uproar.

“What ancient neo-demon? Was there a need for His Majesty to be so mysterious? Isn’t this too exaggerated?”

“Perhaps the ancient neo-demon is too powerful, and his Majesty needs our help to subdue it!”

“No way! We have 3.9 million here, and you want us to subdue a demonic beast? This is like using a butcher’s knife to kill a chicken!”

.....

“Hiss!”

While the crowd was busy discussing, Chen Xiaobei took out the fiery chain spiritual beast bracelet and released The Burning Sky Warhawk!

This domineering Eagle had a wingspan of nearly a hundred meters. The demonic Qi that was as red as fire spread out to a radius of three hundred meters. At first glance, it was like a small sun, extremely cool!

Seeing this scene, the crowd let out a series of screams.

“Mother! That ... Isn't that Prince Huo Yun's Burning Sky Warhawk? How did it end up in Her Majesty's hands?”

“It's too scary! Even if we have 3.9 million people, we still need to form a battle formation to subdue Burning Sky Warhawk! But it won't give us the chance to form a formation! If they come down, we'll all be dead!”

“Yup! Even if there are many seven-star earth-god instruments here, they are no match for Burning Sky Eagle!”

“Your Majesty! You're asking for it, and you're even dragging us down with you!”

In an instant, wails filled the entire field. Almost everyone was wailing in despair.

hehe! You guys aren't even afraid of fighting on the battlefield. Why are you so afraid of a little bird? ”  
Chen Xiaobei chuckled.

little bird??? ” When everyone heard this, they almost went crazy!

The terror of The Burning Sky Warhawk had been deeply rooted in the hearts of the people in the fire cloud region, to the point that the Hawk's expression would change at the mere mention of it!

As long as they were from the fire cloud region, they would instinctively be afraid of Burning Sky Warhawk!

Chen Xiaobei shrugged and said, ” “Elder Ming! Make your move! Let them see how you're going to capture that little bird!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2746**

2746 Her condition worsened

“Whoosh ...”

With Chen Xiaobei's order, elder Ming immediately took action.

Under the gazes of 3.9 million pairs of eyes filled with fear and despair, elder Ming simply waved his hand!

Just by looking at the movement, elder Ming's hand seemed to be chasing away mosquitoes. It was a very casual wave, and he didn't even use much force!

However, such a simple movement was accompanied by a terrifying and tyrannical power!

“Woof!”

The dense green wood true essence quickly formed a huge palm with a radius of nearly 10000 meters!

This hand was far superior to Burning Sky Warhawk in terms of speed and strength!

It was like a mountain crushing a little bird. Burning Sky battling Eagle was so scared that it started to wail and fly around like a headless fly. However, no matter how hard it tried, it could not escape from the range of the giant hand!

“Bang!”

With a muffled sound, Burning Sky Warhawk was pressed to the ground by the big hand without any resistance. It even gave up struggling on the spot and lay on the ground obediently, not daring to move or even breathe!

“Oh my God! Who is this old man? He actually has the strength of a nine-star earth-god and subdued Burning Sky Warhawk with a flip of his hand!”

“He’s too strong! This is the first time I’ve seen a nine-star earth-god in action! It’s terrifying!”

“Wait a minute! If he was not mistaken! This super powerful being actually takes orders from our North Mystic Lord!”

“That’s right! It was his Majesty’s order that made this Almighty man take action! It seems that our Emperor is the most awesome!”

In just a short moment, the crowd went from extreme fear to extreme shock!

They were shocked by elder Ming’s power, and even more shocked that Chen Xiaobei could command such a powerful person!

Hence, everyone’s faces were full of admiration. The three points were for elder Ming! The remaining seven points were all for Chen Xiaobei!

“Your Majesty is too awesome! He had an unfathomable Foundation, and he could even command a nine-star earth-god! It’ll be hard for us not to win the next battle!”

“That’s right! What dog shit fire cloud capital city, in front of our Emperor, it’s just a pile of dusky poop!”

“I’m really looking forward to the battle! Follow His Majesty and destroy fire cloud capital city! I can boast about this battle for the rest of my life!”

All of a sudden, the hearts of all the soldiers present were filled with infinite confidence. Their morale was high, and they were full of fighting spirit. They couldn’t wait to start the battle immediately!

The reason why Chen Xiaobei chose to tame The Burning Sky Combat Eagle in the verdant Emperor’s divine gourd was to raise the morale of the Army!

The soldiers had more confidence and courage. When the real battle came, their combat power would increase by at least 30%!

Chen Xiaobei was a natural born military strategist. Even a small and irrelevant matter could be linked to the war and have a positive impact on the war!

“Whoosh ...”

While the soldiers were in high spirits, Chen Xiaobei had already used elder Ming's blood to create a primordial spirit blood contract!

The blood contract's special ability was activated, leaving an inextinguishable mark in Burning Sky Warhawk's yuan Shen!

From this moment on, Burning Sky Eagle had officially recognized Chen Xiaobei as its master. It had become a spiritual beast that was 100% loyal to Chen Xiaobei!

After that, Chen Xiaobei told them about how he had taken over White Wolf City and Mount Han city!  
A stone that caused a thousand ripples!

The morale of all the soldiers was pushed to the peak, and their blood was boiling. They could not wait to follow Chen Xiaobei into battle and conquer the firecloud domain!

Of course, there was no need to start a war yet!

Chen Xiaobei only asked Xiangyu and Ying Zheng to continue training the soldiers, so that they could practice the four symbols killing formation!

Finally, Chen Xiaobei put burning Hawk into his ten thousand Beast Ring and returned to the real world with elder Ming!

.....

Elder Ming would continue to stay in the Putuo domain branch as a hidden chess piece, and it was not appropriate to expose him too early!

Chen Xiaobei took the time to return to the Meru space!

"Xiaobei! You've finally entered!"

Liu Xuanxin was the first to run over. She looked anxious.

"Swish!"

At the same time, the Jiu fan Golden Bell flew over!

The heaven-immortal item had shrunk to the size of a palm, and it was hovering in the air, surrounded by a golden light that rippled like water!

A Sage-like old monk appeared in the golden light! It wasn't a physical body, but a spiritual body similar to a ghost!

That's right! This old monk was the artifact Spirit of the Jiu fan Golden Bell!

Simply put, this old monk was the Jiu fan Golden Bell, and the Jiu fan Golden Bell was this old monk!

"What's wrong?" Chen Xiaobei frowned.

"Something has happened!"

“Young master fan Qing’s injuries have worsened!” Liu xuanxin said impatiently. His aura and body are already extremely weak!”

“Fan Qing? Young master?” Chen Xiaobei was taken aback for a moment, but he quickly understood!

This young master fan Qing was clearly the beautiful little nun who risked her life to seal the Blood Moon Swordmaster back then!

When Chen Xiaobei had just tamed the burning Hawk, Jiu fan Golden Bell had already told Liu xuanxin about the little nun!

“Young master!”

The Jiu fan Golden Bell flew over and said anxiously, “Quickly think of a way to save my master! I can’t let anything happen to her!”

“Don’t panic. Let me go over and take a look first!” Chen Xiaobei calmed himself down and quickly entered the room.

The little nun fan Qing was lying on the bed, her face as pale as a sheet of paper. Her body was trembling uncontrollably, her eyes were closed, and her breath was weak, as if she had run out of oil and could die at any time!

“Not good! The situation is worse than I thought!”

“That day, she sacrificed her own essence, Qi, and spirit to seal the Blood Moon Swordmaster!” I originally thought that after her cultivation and physical body fell sharply, she could still barely wake up!”

“Now, it seems that I was too optimistic! Her essence, energy, and spirit were severely overdrawn, and her internal organs were starting to fail. Like a dying person, she gradually lost her vitality! Once her organs are destroyed, her life will end!”

.....

“Young master! I’m begging you! You must save my master! I’m begging you!” The Jiu fan Golden Bell was one hundred percent loyal to its master. At that moment, it wished it could die in fan Qing’s place!

“Xiaobei!” Liu xuanxin was also anxious. You have to think of a way to save little master fan Qing! She was a kind person who risked her life to seal the Blood Moon Swordmaster in order to protect the people of the world! She shouldn’t have died like this! It’s not fair to her!”

“Of course I will try my best to save her!”

of course! Chen Xiaobei said, “ when she risked her life to seal the demon, I already knew that we were on the same side! If I don’t do my best to save her, my belief in punishing evil and promoting good will become a big joke!”

Chen Xiaobei immediately activated the merit points ledger!

In his heart, he decided that even if he had to exhaust all his merit points, he would definitely exchange it for something that could save fan Qing!

[ King of Hell has sent you a private message. ]

Suddenly, a message interrupted his thoughts!

### Red Envelope Group of the Three Realms

#### **Chapter 2747**

2747 Buddha bone divine body

“Eh? Why did brother Yama suddenly send me a message?”

Chen Xiaobei furrowed his brows and thought to himself, “ I’m not in a hurry anyway. Let’s see what brother Yama has to say online. I can also ask about the little nun!

Chen Xiaobei immediately opened the private chat.

young master ... the Jiufan Golden Bell was anxious.

“Senior goldclock, don’t worry!”

Liu xuanxin knew Chen Xiaobei well, so she explained, “ Xiao bei is going to use his phone to ask his friend. I’m sure he can think of a way to save fan Qing!

“Senior goldclock!”

Chen Xiaobei took out his phone and looked at it. “Tell me, what is the real name of the little nun? And, where was she born?”

this ... the Golden Bell was confused. Why did Chen Xiaobei have to ask for someone’s name and place of birth when he was treating someone?

“Hurry up and tell me!” Chen Xiaobei urged.

The Jiufan Golden Bell was confused, but it had to rely on Chen Xiaobei at the moment. my master’s name is Yun fanqing. She was born in a small mountain village in the South of Western niuhe!

“En!” Chen Xiaobei nodded and started to chat with Hades.

.....

[ King of Hell: brother Xiaobei! ] Are you there? I have something to inform you!

Chen Xiaobei: Brother, if you have anything to say, say it later! I have an urgent matter to ask you first!

King of Hell: You go first!

“I have a friend. His name is Yun fanqing!” She was born in a small mountain village in the South of aparagodya! Hurry up and use the book of life and death to take a look at me. How much more lifespan is she taking?

King of Hell: “ alright, wait!

Chen Xiaobei-human lives are at stake! Brother, you have to hurry!

After a few seconds, the King of Hell replied.

King of Hell,"found it!" This friend of yours is very strange. He has 'innate Dharma bones' and can give birth to a 'Dharma bone divine body' that is rare in the world! According to reason, their lifespans were extremely long, at least 30 million years!

King Yama said, " however, her 'Dharma bone divine body' hasn't reached the phenomenal stage yet. In addition, she didn't make it through a deadly trial previously, and a large amount of her essence, Qi, and spirit were destroyed. Her lifespan has been decreasing rapidly, and she only has three days left to live!

Chen Xiaobei,'what's with this' Buddha bone divine body'? Would she be able to increase her lifespan if she achieved phenomenal success in her divine body?

King Yama,"that's right!" The Dharma bone divine body was a God-grade physique that could steal the Fortune of the heavens and earth! Only someone with the 'innate Dharma bone' could give birth to it!

King Yama said,"once the 'Buddha bone divine body' is completed, the advantages of this special body will be fully displayed!" The first was the explosive increase in lifespan! The higher one's cultivation base, the longer one's lifespan would be. If one became a heaven immortal, they could even live as long as the heavens and earth!

The King of Hell said,"next is the strengthening of the body!" Even if one was a cripple or a dying person, as long as the 'Dharma bone divine body' was completed, their physical body would soar to their best state! With the blessing of Buddha's power, he was invulnerable to evil, filth, and dust!

The King of Hell said,"the third is to comprehend the 'Dharma bone divine marrow'!" His every movement was supported by the power of Buddha and was the greatest nemesis of evil spirits and Devils! It also had the power of will to save all living beings, it was extremely powerful!

Chen Xiaobei: How could there be such a heaven-defying physique in this world! (Shocked)

King Yama said,"God-level physiques are very rare. Even in the heavenly realm, they are as rare as Phoenix Feathers and Qilin horns. In the human realm, they are even rarer!" It's normal that you haven't heard of it!

Chen Xiaobei: " then, is there any way to help her 'Buddha bone divine body' reach the phenomenal stage? "

King of Hell: " I do have a way, but you'll have to pay a huge price!

Chen Xiaobei: I've already prepared myself mentally to help her at all costs! I've already opened the merit record. If it wasn't for your message, I would have helped her exchange for a life-saving elixir!

King of Hell: Since you're well-versed in medicine, you should know that the stronger the body, the higher the grade of medicine is needed to treat it! How could a mere immortal pill cure a divine body?

Chen Xiaobei: " this ... Bro, are you saying that I have to exchange for the divine pills? " I currently have 7.6 billion merit points. Is that enough ...?

King of Hell replied,"of course not!" 7.6 billion merit points could only be used to exchange for some low-grade celestial immortal items! If he wanted to exchange for divine level medicinal pills, he was still 108000 li away!

Chen Xiaobei: I'm in a hurry to save her! Was there any other way besides exchanging for divine pills?

King Yama, "wait a minute!" I just thought of someone! As long as you can find him, he will definitely be able to help you solve your current problem!

Chen Xiaobei: Hurry up and tell me! (Can't wait)

The King of Hell, the king of medicine, Sun Simiao!

Chen Xiaobei, Sun Simiao? Could he help? (Surprise)

King of Hell replied, "of course!" When Sun Simiao was still alive, he had been extremely good at using various medicinal herbs to concoct potions with different effects! No matter what kind of difficult or complicated illness it was, as long as she took his medicine, she would be cured immediately!

The King of Hell, "after Sun Simiao died, he was still in the underworld researching the Dao of medicine!" And there was a huge improvement!

King of Hell: "if I'm not mistaken, the medicine that Sun Simiao developed later on could not only be used for treatment! It could also be used to stimulate the body's potential! It could even strengthen his physique in all aspects!

Chen Xiaobei: This is great! I knew it! I've just obtained a huge amount of merit points recently, so my luck should be off the charts. How can I watch my friend die? (Excited)

King Yama asked, "what?" Can you find Sun Simiao?

Chen Xiaobei: (Happy) you definitely wouldn't have thought of this! Sun Simiao was the reincarnated earth immortal chosen by the celestial Hound! If I want to find Sun Simiao, it's just a phone call away!

King of Hell thought, "what a coincidence!" Find Sun Simiao and your friend will be saved!

Chen Xiaobei: But the problem is, if I need to use a divine-level medicine, I can't get it either!

King of Hell, "don't worry!" Sun Simiao's medicine was to stimulate the potential of your friend's body, not to cure her!

Hell King: "simply put, the effect of the drug is to stimulate your friend's body. Even low-level herbs can work!

King Yama thought, "as long as her potential is stimulated, her 'Dharma bone divine body' will be completed!" This special Constitution could automatically heal all her injuries! To make up for her lost spirit! It would also greatly increase her lifespan!

Chen Xiaobei: I'm relieved!

Chen Xiaobei: "Oh right! Bro, what did you want to talk to me about this time?"

The King of Hell thought, I wanted to tell you! This year's Queen Mother's feast of peaches had ended, but the red envelope group didn't organize any activities and give out red packets like last year!

Chen Xiaobei: The Queen Mother is from the clan of enlightenment, and I've stolen a 9000-year-old Saturn Peach from her last time. She won't let me take advantage of her again!

King of Hell:

Chen Xiaobei: (Alert) brother, do you mean that there's something fishy behind this?

### Red Envelope Group of the Three Realms

#### **Chapter 2748: price fluctuation**

The King of Hell replied, [ it's not just the heavenly Peach Banquet that isn't celebrated in the group chat! ] Recently, the heavenly realm had issued repeated orders to absolutely prohibit private red packets to the human realm!

King of Hell thought, "I vaguely feel that Shen Gongbao is brewing a big conspiracy, and it's about time to take action!" Chanism is trying to restrict you and cut off all the opportunities that can help you!

Chen Xiaobei, "you're right, bro!" As far as I know, Shen Gongbao is setting up a trap in an independent space! According to my past experience, the longer Shen Gongbao is silent, the more fatal the crisis he will bring me!

The King of Hell thought, "my worry was right!" Have you thought of a way to deal with it? Private red packets are strictly forbidden now. I can't help you even if I want to!

Chen Xiaobei, 'I haven't thought of a solution yet ... After all, I don't know what Shen gongpao is planning!' He had no idea where to start ...

King Yama, "what should I do?" Now we can't contact fairy Chang 'e and the celestial Hound in our small group of Brotherhood. If something happens to you ...

Chen Xiaobei, "don't worry, bro!" I've already sent six-eared macaque to spy on Shen Gongbao! The six-eared macaque was still uncontactable, so it was most likely still in that isolated space!

When six-eared macaque comes out, I'll know everything about Shen gongpao! When the time comes, I will know myself and my enemy, and I will be able to stand in an undefeatable position!

The King of Hell thought, "six-eared macaque is a spy?" Xiaobei! You've really made a good move! Six-eared macaque's transformation technique was so powerful that even a perfected golden immortal couldn't see through it! Shen Gongbao would not doubt it!

Chen Xiaobei: So, I'll put Shen Gongbao's scheme aside for now. I'll talk about it after I get in touch with six-eared macaque!

King of Hell: Then go and contact Sun Simiao and save your friend! If there are any problems later, we'll communicate immediately! The great sage and I will do our best to help you!

Chen Xiaobei-thank you, bro! I really do have a question now!

King of Hell:

Chen Xiaobei, I want to upgrade my netherspirit battlescouter again! "That's because the enemies I'm facing are getting stronger and stronger. The master-protecting puppet can't protect me most of the time! Moreover, I can't even see the combat strength information of earth level deities above seven-star, which is very inconvenient!

King Yama thought, "sigh ... Upgrading the netherspirit battlescouter wasn't difficult at all!" As long as I send you the materials with a red packet, you can do it yourself ... But now, the chanism is too strict, and I can't send out the red packet. If you want to collect the materials by yourself, it will be as difficult as ascending to heaven!

Chen Xiaobei: Brother, just tell me, what materials do you need? Also, what is the specific method of upgrading? My luck has been off the charts recently, and I have the goddess of luck by my side. This matter is not difficult for me!

King of Hell: " are you planning to only level up once? " Or was he planning to reach the peak of the nine-star earth-god level in one go?

Chen Xiaobei-best if it's done in one go! To avoid trouble!

King of Hell: Then remember, the required materials include netherworld stone, Azure crystal, netherpurple Jade ... A total of 81 kinds of high-rank earth immortal materials!

Chen Xiaobei: " these things are probably six-star to eight-star earth-god grade. It's not easy to find them. But I can use the merit points ledger to exchange for them. It shouldn't cost much!

King Yama, "don't worry!" I'm not done yet! In addition to the 81 supplementary materials mentioned above, three more were needed, which were the core materials of a peak nine-star earth-god!

King of Hell, nether relic! Mithril of the cold day! Nine Yin Qi! As far as I know, these three things can be found in the human world, but they are extremely rare. If you want to find them by yourself, it's no different from looking for a needle in a haystack!

Chen Xiaobei: At most, I'll just use the merit points book to exchange for it! The price of a peak nine-star earth-god item should be within 100 million merit points. I can totally accept it!

King of Hell: You're too naive! The price of each of these three items was above one billion! If you were to exchange for all three items, your current 7.6 billion merit points would be reduced by half!

Chen Xiaobei: Why was it so expensive? (Shocked)

King of Hell: " don't you know? " The price of the merit points book fluctuated! The rarer the item, the more expensive it was!

"What ... What's going on?"

King of Hell: " let me give you a simple example. Back then, when you first joined the group, you sent spicy strips to the group! On earth, spicy strips were worthless!

King Yama thought, "but in the heaven realm, the spicy strips are a rare treasure!" He couldn't find a single one in the entire heavenly realm! At that time, I wanted to use the merit record to exchange for it. Can you guess how much it cost?

Chen Xiaobei, "I ... I can't guess ..."

King Yama, 10 billion merit points! In exchange for a spicy strip!

Chen Xiaobei: What the f \* ck! (Dumbfounded dog) no wonder you were willing to promise me anything for the spicy strips. It turns out that the spicy strips are so precious in the heaven realm! This way, no matter what you promise me, it's a sure win!

King of Hell thought, "this is the principle of" the rarer something is, the more precious it is!" Spicy strips didn't exist in the heaven realm. They were the rarest things! Therefore, if the people of the heaven realm wanted to exchange for it, they had to pay a huge price! But you can easily obtain it!

King of Hell: " the same goes for those three materials. I can easily obtain them in the land. It's also very cheap to exchange them with the merit record! However, in the human world, those three materials were extremely rare, so the exchange price was naturally extremely high!

Chen Xiaobei: The price of the merit points ledger was related to the environment he was in! In the human realm, the more items there were, the cheaper the exchange price! In the human realm, the fewer things there were, the more expensive they were!

King of Hell: It was like this! For example, I can exchange for a nether relic with 10000 merit points in the earth realm, but you'll need more than a billion in the human realm! It was not worth it!

Chen Xiaobei thought, the price fluctuation is too big! No wonder even Primal Chaos Blood Sword and demonic Dragon's edge were so focused on my sword! These two items were one of a kind in the Three Realms. Even with the immeasurable virtue, one could not exchange for them!

King of Hell: The infinite virtue of a heavenly path Saint could be exchanged for the chaos Blood Sword or the Dragon's edge!

King of Hell: The merit points of the Three Realms were closely related to fate, destiny, and even the care of the heavenly Dao! A heavenly path Sage would never give up all his merit points for two treasures! If he did that, he would be far weaker than the other heavenly path sages!

[ King Yama: in the face of such a great battle, every Sage of the heavenly path will only think of ways to make themselves stronger! ] He would definitely not weaken his fate energy and luck! He would not abandon the blessing of the heavenly Dao!

Chen Xiaobei: For example, I'm now a second-life Emperor, and my Foundation is blessed by the heavenly Dao, passing down my legacy for two lives! However, if I exchange for all the materials mentioned just now, I will be demoted to a one-time human Emperor! This was equivalent to weakening the blessing of the heavenly Dao!

King of Hell: This was the logic! With the blessing of the heavenly Dao, not only will you benefit, but the forces under you will also benefit! Even if it was for the sake of their sect's legacy, those heavenly path Saints would never give up all their merit points!

Chen Xiaobei: I completely understand now! I'll think of a way to upgrade the netherspirit battlescouter later! Now, I'm going to look for Sun Simiao!

King of Hell: If there are any problems, communicate immediately! Don't go on a rampage!

Chen Xiaobei: I'll definitely communicate with you in time! If I hadn't asked you today, I would have lost a lot of merit points!

.....

After returning to the real world, Chen Xiaobei immediately called Sun Simiao.

### Red Envelope Group of the Three Realms

#### **Chapter 2749**

2749 Help me testify

The call went through, and a young voice was heard!

“Hello? Who is it?” The voice sounded lazy, as if it had just woken up.

“I’m your bro bei!” Chen Xiaobei said.

“Bro bei! You ... You’ve finally contacted me!” “I’ve been waiting for you according to Xiao Tianquan’s request,” Sun Simiao said excitedly. “I want to see if there’s anything I can help you with!”

“Is it convenient for you to talk now?” Chen Xiaobei warned.

“Convenient! It’s very convenient!”

Sun Simiao explained, “I’m just a reincarnation of a Yin ghost. Shen Gongbao doesn’t put me in an important position. I study medicine behind closed doors every day. Almost no one cares about me!

“Do you mean that those reincarnated from the ancient Immortals are highly valued?” Chen Xiaobei asked.

“Of course!”

“After an ancient immortal reincarnates, they will retain their memories, immortal spells, immortal techniques, and ancient immortal relics. These are all the most precious treasures! The more powerful an ancient immortal was, the more important he would be to Shen Gongbao! If there are any good resources or inheritances, leave them to those powerful ancient Immortals!”

it seems like Shen gongpao’s strength has not only increased by leaps and bounds, but he has also trained a large number of powerful ancient Celestials! Chen Xiaobei said.

“Isn’t that so?”

“As far as I know, Shen Gongbao has used an ancient immortal’s relic to forcibly raise his cultivation to the seven-star earth-god level, and he is still improving!” Sun Simiao said with certainty.

“Moreover, under Shen Gongbao’s command, there are more than 100 seven-star earth Immortals who have improved their cultivation through the inheritance! Almost all of them are reincarnated from ancient Immortals, and all of them have mastered heaven immortal level cultivation techniques and secret techniques. They are extremely powerful!”

“In addition, there is also an eight-star earth-god, Lu Yue! Not only is this guy powerful, he’s also good at strategizing and using poison. He’s very difficult to deal with!”

.....

Chen Xiaobei furrowed his brows. "No wonder the competition for the winter solstice festival is so fierce! If the various forces could fight for one more reincarnated ancient immortal, they would be able to fight for an extremely large amount of resources and an expert with great room for growth! No matter how you look at it, it's a huge gain!"

"Bro bei! You're not being kind by saying this!"

Sun Simiao laughed. you won ancestor of fiend Luo Yi, ancestor of sorcerer Di Jiang, and Eastern Emperor Taiyi. You are the one who earned the most in the winter solstice festival! If other people earned a lot, then what were you? Super invincible freak?"

"Did I earn it?"

no! Chen Xiaobei said helplessly, " an ordinary man is innocent! Now, not only the clan of enlightenment, but all the other heavenly Dao sacred religions are watching me. They might even want me to die and take my three reincarnated earth Immortals away! I didn't get any benefits, but I'm being threatened. It's a bloody loss!"

this ... Sun Simiao was left speechless. After thinking about it, Chen Xiaobei did make sense.

"To wear the crown, one must bear the weight!" of course! Chen Xiaobei said, " although I've exchanged for the three strongest reincarnated earth-god level beings, if I want to use them, I'll have to face the danger they bring me! I'll even bet my life on it!"

"Mm... Bro bei is right!" Sun Simiao agreed,"I only see the glory on the surface, but I don't know the pressure you're under!" I was too short-sighted ..."

"Don't be so serious! I didn't come here today to talk to you about this!"

I have a friend who has an inborn Dharma bone. He has already formed a Dharma bone divine body, but his divine body is not complete! Because she consumed a large amount of essence, Qi and spirit, she's like a lamp on the verge of dying. She only has three days left to live!"

I understand what bro bei means! With Sun Simiao's intelligence, she naturally understood what was going on. bro bei wants me to help her activate the potential in her body so that her Dharma bone divine body can be completed. Her body can heal by itself, and her essence, Qi, and spirit can be replenished!

"That's right! I do need your help!" I'm not sure! Chen Xiaobei said, " since you can guess what I mean, you should be pretty sure about this, right? "

"I'm almost certain of it!"

Sun Simiao said confidently,"I've studied in the underworld for thousands of years, and I'm not just talking about it!" I know all kinds of immortal bodies and divine bodies, and with my knowledge of medicine and research, it's easy for me to cure diseases and injuries! It can also stimulate one's potential!"

"That's great! Where are you? I'll come and pick you up!" Chen Xiaobei said impatiently.

“Bro bei, you don’t have to come! Even if you come, we can’t meet! If we are seen by outsiders, not only will we be in trouble, even the celestial Hound will be implicated!”

Sun Simiao said, “I’ve already compiled the method to stimulate the human body’s potential into a text, and I’ll send it to you on my mobile phone later!” With your medical skills and the scholar heart, it’ll be easy!”

“Good! It’s decided! It was more convenient this way! It’s also safer!” Chen Xiaobei agreed immediately.

He hung up the phone.

Sun Simiao quickly sent a text over.

After his reincarnation, Sun Simiao was no longer in Shen Gongbao’s position. He had a lot of free time every day. In addition to studying medicine, he had already mastered many things in the human world!

Take this text for example, it’s so well-edited!

From the operating methods to the practical experience, and then to the subsequent observation notes, each item was clearly listed in order! It was easier for Chen Xiaobei than reading a book!

.....

After that, Chen Xiaobei spent half a day to master all the special techniques!

Just as the King of Hell had said, this method could not cure the little nun Yun fanqing, and the grade of the medicinal herbs required was not high! Chen Xiaobei used the returning bracelet to return to the royal city of beixuan and quickly found all the herbs in the Treasury!

These earth immortal elixirs could not cure Yun fanqing, but they could effectively stimulate her body’s potential and allow her Dharma bone divine body to reach the state of Great Perfection!

“I’m going to start! Senior goldclock, Xuan Xin, you two can just watch from the side ...”

After returning to the Meru space, Chen Xiaobei prepared everything but did not let Jiu fan Golden Bell and Liu xuanxin leave the ward.

you can just treat it yourself. We can’t help you even if we stay here ... Liu xuanxin was confused. She did not understand why Chen Xiaobei wanted them to watch.

it’s not convenient for me to treat him alone ... Chen Xiaobei frowned.

“What do you mean by inconvenient?” if you need help, it’s best to invite a few more experienced Chinese doctors. The two of us don’t know anything. We can’t help and we might mess things up! said the Jiufan Golden Bell in a deep voice.

No... I don’t need a helper ... Chen Xiaobei hesitated for a moment and said, “I asked you to stay behind to help me testify!”

“Witness? What does it prove?” Liu xuanxin and the Jiufan Golden Bell were both confused.

this kind of treatment requires you to take off ... The nun’s clothes ... Chen Xiaobei said. help me prove that I didn’t take advantage of her ...

## Red Envelope Group of the Three Realms

### Chapter 2750: fatal disaster

“Uh ... Amitabha ...”

The Jiufan Golden Bell chanted the name of Buddha and said, “Saving a life is better than building a seven-story Pagoda! This is a matter of life and death. Young master Chen, you don’t have to be bothered by these worldly etiquettes. Quickly treat my master!”

“It is!”

Liu xuanxin also urged, “Xiaobei!” You’ve said it many times in the past, a doctor should have the heart of a parent! Parents did it for their children and didn’t need to avoid suspicion! You should quickly treat him!”

I used to treat normal female patients, that’s why I said that ... Chen Xiaobei frowned. “But this little nun is a monk ...”

“Young master Chen! As long as you can save my master, she will not blame you!” The Jiufan Golden Bell urged in a deep voice and turned to fly out of the room.

“Hey! Stop right there!”

I’ve always thought of you as my senior! I didn’t expect you to be so cunning! Chen Xiaobei said. You told me not to worry about etiquette, but you’re the one who’s trying to escape!”

“You’re a doctor, and I’m a weapon spirit. How are these the same? Not to mention that I’m the one who bid! Amitabha ...” The Jiufan Golden Bell explained and ran out of the house.

“I’ll go! And you’re a heaven-immortal artifact! You’re so cowardly!” Chen Xiaobei could not help but complain.

Liu xuanxin frowned and urged, “Xiaobei! Don’t delay! Can’t you see that young master fan Qing is getting weaker and weaker?”

“Fine ... But you have to be my witness!” Chen Xiaobei calmed himself down and began to take off Yun fanqing’s monk robes.

It had to be said that apart from her looks, this little nun’s figure was even better.

As the monk’s robe gradually took off, inch by inch, her skin that was as white as snow and Jade was gradually revealed.

Snowy mountains, ravines, empty valleys, and serene orchids ...

Chen Xiaobei’s state of mind was already very strong, and he almost could not suppress the primordial power in his body!

One could only imagine how beautiful that scene was!

Of course, Liu xuanxin’s presence at the side had a certain restraining effect on Chen Xiaobei’s primal power, allowing Chen Xiaobei to hold his own in the face of this extreme temptation!

“Phew ...”

Chen Xiaobei let out a long breath and took out all the herbs he had prepared. Then, he used the witch Dragon Flame to quickly refine the essence of the herbs!

Using Sun Simiao’s formula, Chen Xiaobei quickly combined the essence of dozens of herbs in a specific ratio and created the medicine that could stimulate the human body’s potential!

Then, Chen Xiaobei released his ethereal force and lifted Yun fanqing from the bed, making him float in front of Chen Xiaobei.

Chen Xiaobei took out silver needles and started to insert them into Yun fanqing’s acupuncture points!

He did not miss any acupuncture points in front, back, head, and soles of his feet, and Yun fanqing looked like a little Porcupine!

“Hiss ... Hiss ... Hiss ...”

After he was done with the acupuncture, Chen Xiaobei released hundreds of streams of ethereal force, which carried the medicine, and slowly injected them into every acupuncture point on Yun fanqing’s body.

Very soon, Yun fanqing’s physical condition began to change.

His skin started to turn green and red. Some parts were swollen, and some were shriveled. It was very strange!

At that moment, Chen Xiaobei was watching every change in Yun fanqing’s body. He focused on controlling every stream of ethereal force to speed up or slow down the injection of the medicine!

The injection into the bruises slowed down, the red and swollen areas stopped, and the shriveled areas increased!

Obviously, this was the reason why they had to take off Yun fanqing’s clothes!

This was the only way he could see the changes in her body in real time and control the dosage of the medicine!

This was to prevent certain areas from being overly stimulated and causing the body to suffer from necrosis! Or some parts of the body had not been activated effectively and were not in their best state!

Of course, with his golden gaze fiery eyes, Chen Xiaobei could see it clearly even if he did not take it off.

But that would be peeking.

Although Chen Xiaobei did not believe in Buddha, he had the most basic respect for the faith of others!

Even if no one knew that Chen Xiaobei was peeking, he had a bottom line in his heart! You can’t blaspheme the faith of others!

To put it bluntly, they were just looking anyway!

On the surface, Chen Xiaobei had a clear conscience!

If he peeked, Chen Xiaobei would feel guilty!

Liu xuanxin could understand that. She stood there silently, waiting for Chen Xiaobei's good news!

"Chi ..."

After a while, Yun fanqing's body suddenly changed!

Her white skin was like a luminous Pearl, emitting Holy and spiritual light!

Gradually, her skin became translucent, and one could faintly see that her bones and armor were emitting a faint golden light!

In the end, even her internal organs and blood vessels shone with an Amber-like luster!

"I've succeeded!"

Chen Xiaobei gulped and said, "I've successfully stimulated Yun fanqing's potential. What we're seeing now is her Dharma bone divine body! Once this special body type reaches the God rank, his future will be boundless!"

"Then why hasn't she woken up yet?" Liu xuanxin asked.

"I'm not sure ..."

she's awake! Chen Xiaobei frowned. she should be awake by now! After that, the Buddha bones divine body will slowly recover her essence, energy, and spirit, repairing her body and soul, allowing her to return to her best state!"

"I might need some time!" I'll help you! Liu xuanxin said. remove the silver needles from her body. I'll help her put on her clothes!

"Alright, then I'll leave this place to you!" Chen Xiaobei used his ethereal force to retrieve all the silver needles.

Then, Chen Xiaobei walked out of the house.

Liu xuanxin walked over and helped Yun fanqing up. She then helped her put on her monk robes.

"Eh?"

However, at this moment, Liu xuanxin was surprised to find that the spiritual light on Yun fanqing's body was dissipating rapidly. He returned to his Original Skin color, no different from a normal person's!

Most importantly, the girl's fair face was flushed red. Soon, even her neck and ears were red!

"Xiaobei! Quickly come in and take a look! "Young master fan Qing's condition isn't right ..." Liu xuanxin panicked and quickly called out.

Before Liu xuanxin could finish her sentence, her mouth was blocked by a soft, white hand.

"Sister, don't shout! I'm fine ..."

Yun fanqing opened her beautiful black eyes and looked at Liu xuanxin with a shy expression on her face.

“Why are you awake?” Liu xuanxin was taken aback for a moment, but she could not help but laugh. “You’ve already woken up, right? I pretended to be unconscious because I was shy!”

“Shh!” Yun fanqing quickly covered Liu xuanxin’s mouth and said in a low voice, “Sister, lower your voice. What if he hears you?”

“Him? Are you talking about Xiao bei?” “Don’t worry!” Liu xuanxin smiled. He’s not a bad person, and he’s never thought of taking advantage of you!”

I know he saved me ... But ... Yun fanqing bit his lips and said worriedly, “But! This will bring him a fatal disaster!”

“What?” Liu xuanxin was shocked.
