Chapter 2751: secret meeting exposed

“What do you mean by that? Xiaobei had saved you, so why did he get himself killed? I don’t think you’re someone who can’t distinguish right from wrong! How can you bite the hand that feeds you?”

Liu xuanxin furrowed her brows. She was very nervous. After all, Chen Xiaobei was more important than anything else in her eyes!

“No, no, no! Sister, don’t misunderstand! I definitely won’t return kindness with ingratitude and plot against my benefactor!”

“But I’m from the three-Saint nunnery ... You should know what this means ...” Yun fanqing quickly explained.

“I don’t know!” Liu xuanxin’s eyes narrowed. “You must explain clearly! I won’t allow Xiao bei’s safety to be threatened in any way!”

“Sister, you don’t know about the three-Saint nunnery!”

Yun fanqing’s beautiful eyes widened, and his face was full of surprise. After a while, he explained, “Our three saints nunnery is one of the top ten forces in the earth-god Realm! He has billions of believers in aparagodya!”

“And I myself am the heaven’s chosen of the three saints nunnery! He was the successor of the Jiu fan Golden Bell! In the eyes of the billions of believers, he was the only Savior who could seal the Blood Moon Swordmaster, Kuang to save the world ...”

At this point, Yun fanqing was a little embarrassed. “Although I don’t think I’m that important! However, in the eyes of my believers, I am a God-like existence ... They will never allow me to be blasphemed!”

“If the news of young master Xiaobei treating my illness were to be leaked out, the die-hard believers would definitely do something crazy! Even my master might make a move against young master Xiaobei!”

it’s not a joke,” Yun fanqing said seriously. after all, this concerns the reputation of a sect and even an orthodoxy ... It’s not a joke!

I understand ... Liu xuanxin nodded.”Only a few of us know about this. As long as you don’t harm Xiaobei, no one else will know!”

“Don’t worry!”

Yun fanqing blushed and said shyly, “ although master Xiaobei saw my body, I could feel that he had no evil thoughts in his heart. He really wanted to save me. I would rather die than harm him!

“Good! I believe you!”

alright! Liu xuanxin nodded and said, “ take a rest first. Come out when you look normal again! I’ll tell Xiaobei not to tell anyone about this!”

“Thank you, sister!” Yun fanqing pursed her lips and watched Liu xuanxin leave.

.....

Outside the house.

Chen Xiaobei was chatting with the Jiufan Golden Bell.

Chen Xiaobei specifically mentioned how he was stabbed in the heart by Lord scorching heat in the fiery King’s ruins and how he was saved by Jiu fan’s immortal Qi.

Chen Xiaobei had wanted to ask what the Jiu fan Golden Bell meant. Did it have anything to do with his breakthrough?

Unexpectedly, the Jiu fan Golden Bell itself didn’t know what was going on!

The Jiufan Golden Bell said that this was the first time it had heard of such a strange thing! Whether or not he could break through to the next realm would depend on Chen Xiaobei’s luck!

After that, Liu xuanxin came out and told Chen Xiaobei not to tell anyone about what happened today.

After a while, Yun fanqing also walked out.

“Young master Xiaobei! Thank you for saving my life! If you need anything in the future, you can come to me. I will do my best to repay you!” Yun fanqing looked down shyly, too embarrassed to look at Chen Xiaobei.

“You’re welcome! If you save the world, I’ll save you! It’s the same logic!” Chen Xiaobei smiled. He did not care about the reward.

“I’m ashamed to say this ...”

Yun fanqing shook her head and sighed. I originally wanted to sacrifice my life to seal the Blood Moon Swordmaster. I never expected that another force would interfere and let this evil demon return to the human world ... If a disaster were to descend, it would all be my fault!

“No! You’ve already done your best, you’ve done nothing wrong!”

“If a disaster really comes, then it’s the fault of the people who created it!” Instead of blaming yourself, you might as well be prepared to deal with the disaster and eliminate the evil people who caused it!”

“Right! Young master’s reminder was right! I can’t give up on myself, I have to take action!”

yes! Yun fanqing nodded heavily. I’ve been unconscious for so many days. I have to report the Blood Moon Swordmaster’s condition to my master immediately!

ERM ... Weren’t you unconscious for a few days?”You’ve been unconscious for more than a month!”

“What? More than a month?” Yun fanqing was shocked,’no! I must return immediately! The Blood Moon Swordmaster was definitely not an ordinary person! A month’s time is enough for him to prepare for a huge disaster!”

“Alright, you can go!”

Chen Xiaobei nodded and said, "If you have any difficulties, you can come to me! Count me in for slaying demons and saving the world!"

Yun fanqing quickly exchanged phone numbers with Chen Xiaobei and left the Sumeru dimension to return to the three saints nunnery.

Chen Xiaobei and Liu xuanxin also left the Meru space and continued their plan.

.....

Spirit condensation city.

Baifeng Changyi and Zhang chuteng had already contacted the city Lord, ning Yuanzhi.

They had also agreed to meet in secret in the city Lord's mansion.

As soon as Chen Xiaobei and Liu xuanxin arrived, they were led to the governor's residence.

Because Bai Feng Changyi and Zhang chuteng had already explained their purpose of visit, ning Yuanzhi had specially gathered all the family members, all the officials, all the higher-ups of the big forces, and the elders of the big families to the governor's mansion to welcome Chen Xiaobei!

Nearly 2,000 people were all waiting quietly!

When Chen Xiaobei and Liu xuanxin entered the hall, everyone's eyes turned to them!

With the city Lord ning Yuanzhi in the lead, everyone knelt on the ground and expressed their gratitude sincerely.

"Ning Yuanzhi! Thank you, Your Majesty!"

After ning Yuanzhi kowtowed three times and bowed nine times, he said in a deep voice, "Your Majesty, please avenge my daughter, ning qianxue! I, ning Yuanzhi, will definitely repay this kindness with my life!"

At the same time, the surrounding crowd's gratefulness also rang out one after another.

"Miss qianxue is kind-hearted and has helped countless people. In our hearts, she is the embodiment of fairy spirit condensation! It's also the sustenance of our faith! His Majesty avenged her, so he is the benefactor of all of us!"

"That's right! Our entire city has long wanted to attack fire cloud capital city and seek justice for fairy Ningling! However, he was afraid of implicating the innocent people, so he could only bear with it until now! For the past two years, we've been living every day in an extremely sullen manner!"

"It's all good now! Your Majesty, by killing e Huo Lian ran, that animal, you have helped our entire city to vent our anger! It was simply too refreshing! We swear that we will repay your kindness with our lives!"

Everyone in the hall kneeled on the ground and thanked Chen Xiaobei.

However, at this moment, an ear-piercing sound came from outside the door!

“Hmph! I was wondering why tonight’s banquet was canceled so suddenly. It turns out that you traitors were colluding with foreign enemies and planning a rebellion!”

He saw an arrogant young man walking over with two strange-looking followers.

The young man’s gaze swept across the entire scene, revealing his killing intent, ” “All of you will die!”

oh no... ning Yuanzhi and everyone at the scene turned pale with fright.”Too many people came for the secret meeting today, and I was exposed in the end ...”

“Nonsense! I’m not stupid! All the rulers of the city, big and small, have gathered here. How could there not be a big problem?” The young man sneered, thinking that he had seen through everything.

Chen Xiaobei’s lips curved into a devilish smile. “Are you sure you’re not stupid? Then why did you come here to seek death?”

Chapter 2752: Jia Sheng, Jia die

“F * ck! How dare you mock this Prince! This Prince will definitely make you die a terrible death! I’ll let you know the consequences of offending me, e fire ze Peng!”

E Huo ze Peng was so angry that he gritted his teeth. As the fourth Prince of Fire cloud capital city, he was treated like a master wherever he went. He absolutely could not tolerate the slightest offense from others. Tsundere! He was extremely self-righteous!

“Woof! Whoosh!”

At the same time, e Huo ze Peng’s two followers appeared in front of him like ghosts, ready to attack Chen Xiaobei!

These two guys looked very strange!

His face was pale, his eye sockets were sunken, and his eyes were hollow. When he grinned, he even revealed his blood-red fangs!

They were like two evil ghosts that had escaped from hell, extremely terrifying!

“Are these two people humans or ghosts?” Chen Xiaobei’s brows furrowed. He really could not see the true faces of these two followers.

“Your Majesty ...”

Ning Yuanzhi quickly went to Chen Xiaobei’s side and said in a low voice, ” “Those two guys are e Huo ze Peng’s personal bodyguards! They were originally humans, but after they cultivated the demon race’s cultivation technique, they became like this!”

“Are they very strong? How dare you stand in front of me?” Chen Xiaobei raised his eyebrows and asked.

Ning Yuanzhi swallowed his saliva and said in embarrassment, "If they are not strong, how can they be qualified to protect e Huo ze Peng? You have to know that e Huo ze Peng was the most talented and valued one among the thirteen sons of fire cloud Supreme King!"

"After all that, you still haven't told me how strong these two are?" Chen Xiaobei asked.

E Huo ze Peng seemed to have heard Chen Xiaobei's question. He laughed arrogantly, "Jia Sheng and Jia si are both seven-star mid-stage earth Immortals, and the Twin demon technique they cultivate is even more overbearing. Once they cooperate with each other, they are invincible among their peers!"

The moment he said that, ning Yuanzhi nodded silently. The expressions of the people around him changed drastically, and their hearts trembled in fear.

Even Zhang chuteng, who was also a mid-stage seven-star earth-god, showed fear and didn't dare to accept the challenge!

From this, it could be seen that e Huo ze Peng wasn't exaggerating. The strength of those two demonic cultivators was definitely above everyone present!

"Heh, two intermediate-stage seven-star earth-god experts?"

While everyone was in fear, Chen Xiaobei remained calm and said, "With this kind of cultivation, you'd better kneel down and beg for mercy! Don't waste your time with me, it's meaningless!"

"What? You brat, you actually dare to be so arrogant!" E Huo ze Peng was already angry, and now he was adding fuel to the fire, he roared, "Jia Sheng! Jia died! Cripple this little bastard first, then bring him over for me to torture ruthlessly!"

"Yes, sir!"

The two bodyguards, who were neither human nor ghost, immediately took the order and stepped forward angrily.

Whoosh ... Whoosh ...

At the same time, dark-brown Zhen Yuan began to gather around their bodies. With their ugly and terrifying faces and blood-red fangs, they looked more like two ghouls from an evil and dirty place!

brother, that kid is only at the peak of the divine sea realm. I can handle him alone! Jia si narrowed his eyes and stared at Chen Xiaobei's dantian. He was certain that he could destroy Chen Xiaobei with one strike!

"Mm, go! I won't steal your credit!" Jia Sheng shrugged his shoulders, his face showing a lack of interest. He did not even treat Chen Xiaobei as a dish.

"Xiaobei! Leave this guy to me!" At the same time, Liu xuanxin had already walked up to Chen Xiaobei, ready to fight.

"No way!"

Chen Xiaobei refused and pulled Liu xuanxin behind him, "You already settled it in the last battle! If you were the one to fight this battle, others would laugh at me for only hiding behind women!"

“Are you confident?” Liu xuanxin was worried.

“Confidence? Do you even need to ask?”

Chen Xiaobei shrugged and said with a smile, “You only need to worry and watch how I’m going to torture this noob!”

“Bullying noobs!”

Liu xuanxin was stunned. She could not believe it.

The crowd was also dumbfounded. No matter how hard they racked their brains, they could not figure out what Chen Xiaobei had to be able to say such arrogant words!

“Bullying noobs?”

At the same time, Jia Si was like an enraged bull, his mouth wide open as he charged at Chen Xiaobei!

“Woof! Whoosh!”

Around Jia si, the dark-brown Zhen Yuan suddenly surrounded his arms and transformed into two huge, ugly demonic claws!

Each of the claws was imbued with the terrifying power of a mid-stage seven-star earth-god!

The demon Claw’s speed was amazing, other than Zhang chuteng, no one else could see its movements!

The demon Claw’s strength was even more terrifying!

The demonic claw waved, but it didn’t touch anything. Just the wind caused by the claw tore the entire Hall apart and scattered the people around! Those with lower cultivation levels even fell down and couldn’t even get up!

It was conceivable that if such a ghostly claw were to strike into the crowd, the ground would be covered with dismembered corpses and there would be no chance of survival!

“Your Majesty! Be careful!”

Ning Yuanzhi and the people from spirit condensation city did not know Chen Xiaobei’s strength, so they were most worried about Chen Xiaobei’s safety. They were afraid that Chen Xiaobei would be killed!

“Be careful? If being careful is useful, what’s the point of having strength?”

E Huo ze Peng laughed arrogantly, “I’ve already said that all of you will die Here today! I will hang your heads on the city wall for treason! I’ll kill all of your nine generations, not even the chickens and dogs will be left alive! Let everyone firmly remember that betraying my fire cloud capital city is this kind of outcome! Hahaha ...”

“Woof! Whoosh!”

Just as e Huo ze Peng was laughing arrogantly, two sharp howls suddenly sounded, instantly breaking his laughter!

Two shadows, one green and one red, shot out from Chen Xiaobei’s hands to meet Jia Si’s attack!

On the left, there was a plain and simple green sword energy! There was no dazzling spiritual light, no majestic Dharma, just a simple and ordinary sword ray!

On the right, there was a red fiery blade shadow! As the saying goes, a single spark can set a Prairie on fire! The Blade Itself was not big, but it could transform into endless fire. In an instant, a sea of fire covered the sky, terrifying beyond compare!

That's right! That green sword light was naturally the clear moon spiritual rhinoceros sword! The Crimson Blade shadow was the Yan flame Warblade!

These two Dharma Treasures were both mid-stage seven-star earth-god instruments! His combat strength was almost equal to Jia Si's! In a two-on-one battle, they could instantly suppress him!

The main point was that Jia si did not even take Chen Xiaobei seriously, so he did not use all his strength in his attack!

In this way, the winner was immediately determined!

Chapter 2753: foolish order

“Woof!?!!”

Under the same level of power, one side used all their strength while the other side didn't. Moreover, it was two against one. The outcome was naturally decided in an instant!

With two ear-piercing shrieks, the clear moon spiritual rhinoceros sword cut through Jia Si's left demonic claw, while the Yan Huo Warblade cut through Jia Si's right demonic claw!

“Pfft ...”

Then, the remaining power of the two Dharma Treasures continued to crush down and heavily hit Jia Si's chest. Blood spurted out of his mouth and he was sent flying 100 meters away, smashing a huge pit on the ground!

“Woof! Whoosh!”

Chen Xiaobei had already filled the clear moon rhinoceros sword and Yan Huo Warblade with spiritual Qi. After Jia sui was knocked away, the two magical items were activated for the second time. He wanted to take advantage of the victory and kill Jia sui!

“Swish!”

However, at this moment, Jia Sheng had already turned into a shadow and rushed over to protect Jia si!

Whoosh ... Whoosh ...

In the next moment, Jia Sheng and Jia si circulated their protective Zhen Yuan at the same time, and fused their power through a mysterious secret technique!

It was like adding oil to the fire. After the two people's powers merged, it actually produced the effect of one plus one being greater than two! On the basis of their original cultivation base, it had been greatly improved by a grade!

Clang ... Clang ...

Only to see that the clear moon consonance sword and Yan Huo Warblade both came close, and although they both activated their maximum power, they could not break Jia Sheng and Jia Si's protective Zhen Yuan!

The dark-brown demonic true Essence's defensive power had already surpassed the offensive power of the clear moon consonance sword and the Yan Huo Warblade by a level!

In the end, the defense was naturally watertight, and Jia Sheng and Jia Si were unscathed!

"Woof! Whoosh!"

After a while, the energy of the clear moon consonance sword and the Yan Huo Warblade was depleted. They were bounced away by the dark-brown body-protection ethereal force and flew back to Chen Xiaobei's side!

"Death Jia! Are you alright?" Jia Sheng didn't pursue, but immediately looked at his brother.

I'm fine ... I can still hold on ... Jia Si's neck tilted, and he spat out a mouthful of thick blood foam. He slowly stood up.

Although he was seriously injured, it did not affect Jia Si's ability to continue fighting!

The pain and blood would only make Jia Sheng and Jia Si's fighting spirit boil even more. Their hatred would become even more intense, and they would be even more eager to kill Chen Xiaobei!

"What are you two doing? Can you still do it?"

E Huo ze Peng saw that the situation was not right and was afraid. He found a way out for himself: "If you're not confident in winning, immediately protect this Prince and retreat! It was never too late for a gentleman to take revenge! Where there's life, there's hope!"

"Don't worry, Your Highness! We will definitely win!"

Jia Si wiped the blood from the corner of his mouth and said, "I made a mistake just now because I didn't expect that kid to have two mid-stage seven-star earth-god instruments! He had underestimated his enemy and was injured by him! Next, we'll do our best. There's no suspense in this battle!"

"That's right!"

Jia Sheng said with certainty, "our twin demonic technique was just a simple defense. It directly sent those two earth-god instruments flying! If we go all out, killing that kid will be as easy as killing a chicken!"

"Good! Since you're so confident, this Prince has nothing to worry about!"

E Huo ze Peng had confidence in his heart, so he became arrogant again: kill Chen Zhufeng first. Then, kill all the traitors here!

“I, the fire pool ROC, will be the greatest hero of this war! Our contribution tonight will be greater than the hundreds of millions of troops!”

E Huo ze Peng felt more and more satisfied the more he thought about it, he laughed proudly: “My father will definitely reward me handsomely and even make me the Crown Prince to inherit his throne in the future! Hahaha ...”

As soon as he said that, everyone was stunned at first, and then there was an uproar.

“Shit! The situation was not good! His Majesty, the North Mystic Lord, only has two mid-stage seven-star earth-god instruments. He’s no match for Jia Sheng and Jia Si!”

“If His Majesty is defeated, all of us here will not be able to escape from Jia Sheng and Jia Si’s evil claws! You’re dead for sure ...”

“No... It’s not just us! E Huo ze Peng just said that he wanted to exterminate our nine generations! Not only will everyone here die, but all nine of our families will also be killed. I’m afraid tens of thousands, or even hundreds of thousands of lives will be involved ...”

“It’s over ... It’s really over this time ...”

The crowd was not sure of Chen Xiaobei’s strength, so they were certain that they would lose the battle.

In the worst-case scenario, if Chen Xiaobei lost, hundreds of thousands of people would be killed. Just thinking about it made everyone’s blood run cold. They were all in despair!

“Hmph Hmph! You’re only afraid now? It’s too late!”

E Huo ze Peng laughed arrogantly, “you guys are a bunch of pig brains!” He didn’t even know the most basic of confidentiality! First, you canceled the banquet for me! Then, thousands of people were gathered here for a secret meeting! Aren’t you holding up a sign and inviting this Prince to come and capture you?”

As soon as he said that, everyone sighed again.

“Yes ... Before I came here, I already felt that there was something wrong with the city Lord’s orders! Even a blind person would be able to detect such an obvious action, so how could it be hidden from E Huo ze Peng ...”

“It shouldn’t be! The city Lord had always been cautious, how could he make such a low-level mistake? Cancel the banquet and a secret meeting of thousands of people. These two orders are really killing us!”

could it be that city Lord was too happy that he got carried away and made such a stupid order? ”

.....

“No! You’ve all misunderstood!”

Chen Xiaobei said, "Cancel the banquet and have a secret meeting overnight. These were all my requests! It was I who made city Lord Ning do it!"

"What? It's you?"

"Your Majesty, the Honorable King of North Mystic!" Everyone was shocked. We all treat you as our benefactor! I'm even willing to submit to you! But why did you want to harm us! By doing so, it's equivalent to digging a hole for us to jump into!"

"We're digging our own grave! Interesting! That's f*cking interesting!"

E Fire Ze Peng laughed with disdain, "everyone said that the North Mystic Lord was a brave and intelligent young hero. Now, it seems that you're just a pig-brain idiot! Hahaha ..."

"You're all wrong! His Majesty, the North Mystic Lord's orders will never go wrong!"

Just as her own people were extremely disappointed and the enemy was extremely pleased, Liu Xuanxin stood up and said in a deep voice, "His Majesty has indeed dug a pit, but not to trap his own people, but to kill E Huo Ze Peng, that idiot!"

E Fire Ze Peng heard this and immediately roared, "Numbing! What are you, bitch? How dare you insult this Prince! Jia Sheng, Jia die! Kill this b*tch for this Prince!"

Liu Xuanxin stepped forward and said coldly, "With these two things that are neither human nor ghost! You can't even take one of my moves!"

"Come back!"

Chen Xiaobei pulled Liu Xuanxin behind him and said, "These two guys can't even take half of my move!"

Half a move?

[Red Envelope Group of the Three Realms](#)

Chapter 2754: spirit condensation realm envoy

"Fuck! Are you talking in your sleep?"

E Huo Ze Peng was furious, he sneered disdainfully, "How dare you say such crazy things with your two earth-god instruments! You're simply a lunatic! In my opinion, you should be the one who can't withstand half a move from Jia Sheng and Jia die!"

"Hmph! There must be something wrong with this kid's brain!"

Jia Sheng and Jia Si both sneered with disdain, "It's clear at a glance who's stronger and who's weaker! In front of the Twin Demon technique of us brothers, no one thinks that this kid can win. He's just daydreaming!"

As soon as he said that, although the surrounding people didn't want to admit it, they had to admit that this was the truth!

Based on the strength that was on the table, Chen Xiaobei had no chance of winning! To defeat Jia Sheng and Jia si in half a move was even more absurd!

Of course, Baifeng Changyi and Zhang chuteng were not too worried.

Even though they did not believe that Chen Xiaobei could win, he still had Liu xuanxin by his side!

When Liu xuanxin crushed e Huo Lian ran, her strength was already very close to that of a seven-star advanced earth immortal. It was enough to defeat Jia Sheng and Jia si!

“Your Majesty! Please let miss Xuan Xin fight! With her taking action, the overall situation will be settled!” Baifeng Changyi suggested.

“Yup!” Your Majesty! Zhang chuteng chimed in. you can’t win this battle! Only lady Xuan Xin can win this battle!

Even Liu xuanxin was confused. “Xiaobei, what are you thinking? The Trump cards in your hands are not enough to win! Let me go, I’ll help you deal with the enemy!”

“Little fool! When have I ever done something I’m not confident in?”

Chen Xiaobei chuckled and walked up to her. “I was the one who gave the order to cancel the banquet and the secret meeting that night. I deliberately wanted to lure the emissaries from fire cloud capital city over! Since I dared to lead the wolf into the house, I naturally have a way to deal with them!”

“Hmph! You still dare to act tough even when you’re about to die!”

E Huo ze Peng disapprovingly said, “this Prince would like to see how you can deal with us.” Don’t just brainlessly act tough with your mouth and make people look down on you!”

“What can he do? There’s no other way out except to wait for death!” Jia Sheng and Jia si looked at Chen Xiaobei like two wolves staring at a little white rabbit, full of disdain and contempt.

“Xiaobei, do you really have a way?” Liu xuanxin was confused. She was the one who knew Chen Xiaobei the best, but she could not figure out how he would be able to defend himself against this powerful enemy!

Baifeng Changyi and Zhang chuteng were even more confused.

It was unrealistic for Chen Xiaobei to rely on burning Hawk to win!

If it was a one-on-one battle, Burning Sky Warhawk could easily crush Jia Sheng or Jia die!

However, at this moment, with Jia Sheng and Jia si joining hands, and with the support of the mysterious twin demonic technique, Burning Sky Warhawk had no chance of winning!

Liu xuanxin, Zhang chuteng, and Baifeng Changyi could not think of any other way besides The Burning Sky Eagle!

Ning Yuanzhi and the thousands of high-ranking officials of the spirit condensation city, who even knew about the existence of The Burning Sky Battle Eagle, were certain that Chen Xiaobei had no way out and

would definitely lose! Despair was written all over their faces. Some of them had even closed their eyes and were waiting for death!

“Of course I have a way!”

of course! Chen Xiaobei smiled. other than North Mystic Lord, I have another special identity. I’m the messenger of spirit fairy! I will use fairy Ling ning’s unique method to get rid of these two weaklings!”

Everyone was shocked by his words!

After all, the entire spirit condensation city was filled with the Spirit condensation fairy’s followers!

If Chen Xiaobei had simply helped them to take revenge and kill their enemies, he would only have gained their gratitude and loyalty, but not their faith!

But if Chen Xiaobei was using the identity of the spirit fairy’s Messenger to help them take revenge, then the effect would be very different! Not only would they be grateful to Chen Xiaobei and be loyal to him, they would also place their faith in Chen Xiaobei!

This was the only way Chen Xiaobei could gain the support of the entire city, and truly conquer the spirit condensation city!

Of course, none of them believed Chen Xiaobei’s words.

“Your Majesty, you must be joking, right?”

Ning Yuanzhi was the first one who did not believe it. fairy ning Ling passed away tens of millions of years ago. How are you going to use her unique method to kill your enemies? ”

The thousands of important figures in spirit condensation city also had expressions of disbelief on their faces.

Zhang chuteng and Baifeng Changyi were even more confused. They did not know what Chen Xiaobei was up to.

Liu xuanxin was the only one who knew what Chen Xiaobei was thinking. She smiled and said, ” “So it’s like this! With the help of fairy Ling ning’s Secret skill, I can be completely at ease!”

“Hmph! You brat, you don’t even need a draft to show off!”

E fire ze Peng said with disdain, fairy ning Ling is just a legend in this main city. She existed even before fiery King. How could you have learned her skills? ”

“Your Highness! Don’t talk nonsense with him! We’ll kill him now!” Jia Sheng and Jia si couldn’t wait any longer, and they both started to circulate their demonic techniques!

Whoosh ... Whoosh ...

Dark brown true essence burst out of their bodies at the same time like smoke!

In an instant, an evil and vicious aura filled the entire space, as if a demon had descended, causing everyone to be extremely frightened!

Just his aura alone was already so terrifying! One could imagine how powerful the Twin demon technique was!

Soon, Jia Sheng and Jia Si's vital essence gradually condensed into a giant demonic fiend image that was 5000 meters tall!

This demon was extremely ugly and hideous. The left half of its body was a cow-headed skeleton while the right half of its body was a horse-faced zombie!

Just by standing in this world, it gave people a feeling of the arrival of hell and doomsday. Even the bright moon in the sky was a strange dark brown color. The human world no longer looked like the human world!

"What a terrifying demonic technique!"

Ning Yuanzhi and the people from spirit condensation city exclaimed, "judging from the Qi field and the fluctuation of true core strength, these two can be regarded as first-class experts in the small realm of the intermediate seven-star earth immortal. It's easy for them to be invincible in the same realm!"

"Can His Majesty really stop them? "This ... This is impossible ..." Baifeng Changyi's brows were tightly furrowed as he was extremely worried.

Zhang chuteng was also anxious, "miss Xuan Xin, please help His Majesty. We can't let him play with his life!"

"Don't worry! Little north will definitely win this battle!" On the other hand, Liu xuanxin was not flustered at all. She had a calm smile on her face, and she trusted Chen Xiaobei!

Under everyone's gaze and the evil fiend Dharma, Chen Xiaobei was not affected at all. He smiled and said, "How can the Twin demons resist the five elements great Dao?"

[Red Envelope Group of the Three Realms](#)

Chapter 2755

2755 Five elements great Dao

five elements great Dao!!!

A stone that caused a thousand ripples! Chen Xiaobei's casual words had a nuclear-level mental impact on all the big shots in spirit condensation city!

After all, the most powerful skills of the spirit condensation fairy were the five elements vital essence, five elements magical treasures, and five elements arrays!

Although this was known to the world, there were only a few people in the entire earth-god Realm who could really do it!

Chen Xiaobei's plan to use the five elements spell in battle had confirmed his identity as the messenger of the spirit fairy!

The crowd did not believe him at first, but as long as Chen Xiaobei was able to keep his promise, they would at least half-believe him!

If word of this got out, four to five out of ten of the one billion people in the spirit condensation city would become Chen Xiaobei's followers!

Of course, only 40 – 50% of them were not enough to satisfy Chen Xiaobei!

“Woof! Buzzzzzz! Buzzzzzz! Buzzzzzz! Whoosh!”

With a wave of his hand, Chen Xiaobei threw out five pieces of precious Jade that glowed with spiritual light!

The Golden Lion Jade seal! The blue jade skeleton! Black Yellow jade talisman! Green Lotus Jade! The Crimson flame jade pendant!

That's right! These five pieces of precious Jade were the ones that Chen Xiaobei found in the spirit congealing immortal abode. They were the core formation eyes of the five elements magical formation, and they were also five closely related five elements magical treasures!

There were quite a few knowledgeable people at the scene, and they immediately exclaimed!

“That's ... That's the five elemental spiritual Jade! According to the history books, it was personally refined by fairy Ningling, and it has the special ability of mutual promotion, restraint, and connection!”

“Thank you, God! I really didn't expect this! I can't believe I'm able to see the legacy of fairy spirit condensation in my lifetime! I have no regrets in this life!”

“His Majesty, the Honorable King of North Mystic, can actually produce five-elemental spiritual Jade! This meant that he really was fairy Ningling's Messenger! He's here to avenge miss ning qianxue on behalf of the spirit condensation fairy. He's here to save all of us!”

greetings, spirit gatherer emissary ... Greetings, spirit gatherer emissary ...

All of a sudden, with ning Yuanzhi in the lead, most of the spirit condensation City members knelt on the ground and bowed to Chen Xiaobei with utmost sincerity!

Of course! However, most of them were still on their knees. There was a small group of people who were still skeptical. They did not believe that Chen Xiaobei was the messenger of the spirit congealing fairy!

“This five elements spirit Jade might have been obtained by His Majesty, the North Mystic honorable King, by chance! It doesn't mean that he is fairy Ling ning's Messenger!”

“Yup! This is related to our faith! We can't just rely on five inanimate objects to determine the final answer!”

“That's right! I'm a die-hard believer of the spirit condensation fairy. Unless I can confirm the identity of His Majesty, the North Mystic honorable King, I won't easily change my faith!”

Obviously, the legend of the spirit condensing fairy had been passed down in this main city for tens of millions of years. It had long been deeply imprinted in everyone's hearts!

A small portion of the people at the scene held on to their old beliefs, while a portion of the people in the main city refused to become Chen Xiaobei's believers!

Of course, this was not a problem for Chen Xiaobei!

Hua ... Hua ... Hua ... Hua ... Hua ... Hua ...

While everyone was discussing, Chen Xiaobei had already released five streams of ethereal force and injected them into the five spiritual jades!

Releasing five different types of true Qi was not strange, but releasing five different types of true Qi was a rare sight that was enough to stun the world!

“The five elements are born from each other! All techniques were connected! One thought of the origin! Heaven and earth return to one!”

Chen Xiaobei stood there proudly and quickly activated the Scripture of heaven and earth. With one thought, he could create ten thousand techniques and ten thousand forms!

Through this top-tier cultivation technique, Chen Xiaobei could release any type of ethereal force at will!

At this moment, the vital essence that was released naturally corresponded to the five elements of the five elements spirit Jade, gold, wood, water, fire, and earth!

With the infusion of vital essence, the five elements spirit Jade was directly activated. According to the law of the five elements, it connected into a ring and floated in the air on its own. The five-colored spiritual light was dazzling and extremely mysterious!

Those who were still suspicious now believed that Chen Xiaobei was the messenger of the spirit congealing fairy!

“Five elements true Qi! That was the genuine five elements true essence! It can’t be imitated, and it can’t be a coincidence!”

“That’s right! An ordinary person can only control one type of Zhen Yuan in their entire life. Only a very small number of peerless geniuses with extraordinary talent can control two types of Zhen Yuan!”

“Fairy Ling ning is the only person in history who can control the five elements vital essence! The fact that His Majesty, the North Mystic Lord, is able to do it is enough to prove that he is the spirit condensation fairy’s Messenger!”

not only can His Majesty control the five-element true essence, but he can also perfectly operate the five-element great Dao. The five-element spirit jades can easily form a complementary array, which is not something ordinary people can do!

The last group of people kneeled down and bowed to Chen Xiaobei!

The last group of people were the most stubborn and most difficult to convince. However, once they gained their trust, they would become the most loyal believers!

From this moment on, everyone was sure that Chen Xiaobei was the messenger of fairy Ningling!

As long as the thousands of people present spread the news of what happened today, the one billion people in the spirit condensation city would quickly become Chen Xiaobei’s followers!

This was the ultimate result that Chen Xiaobei had planned!

It was easy to take down a city, but it was very difficult to take down the hearts of all the people in the city!

With Chen Xiaobei's plan, he was only one step away from winning the hearts of everyone in the spirit condensation city!

That was to defeat Jia Sheng and Jia si, and ensure the safety of everyone in the city!

“Whoosh ...”

With the blue jade skeleton as the starting point, Chen Xiaobei activated the five-element spiritual formation!

The vital essence in the blue jade skeleton was quickly added to the green Lotus!

At the same time, the power of the clear moon Spirit rhinoceros sword was suddenly activated, and a stream of green wood true essence of a mid-stage seven-star earth immortal was added to the green Lotus Jade!

Water begets wood!

In an instant, this tyrannical power was greatly increased!

“Whoosh ...”

Then, the strengthened green wood true essence poured into the red flame jade pendant from the green Lotus.

The Yan Huo blade activated its power at the same time. The Scarlet Fire true essence of a mid-stage seven-star earth-god merged with the Scarlet Flame jade pendant!

Wood begets fire!

In an instant, the strengthened green wood true essence directly caused the power of the Scarlet Fire true essence to soar!

“Whoosh ...”

Immediately after, the power of the Scarlet Fire vital essence surged into the black Yellow jade talisman!

Fire begets earth!

The Scarlet Fire quintessential essence transformed into Yellow Earth quintessential essence, and its power was further enhanced!

“Whoosh ...”

In the end, the yellow Earth true essence circulated again and was added to the Golden Lion Jade seal!

Earth begets gold!

The Golden Lion Dharma power suddenly transformed into a stream of metal ethereal force, which had been strengthened to the extreme after the five elements complemented each other!

“You two jokers, are you ready?”

Chen Xiaobei took out the mystic gold feather fan and poured all the gold ethereal force from the Golden Lion into the fan. “If you can withstand half a move, I’ll admit defeat!”

Chapter 2756: become my ghost slave

“This power is not right! After the five pieces of jade stone, the power of the previous two magic treasures has greatly increased. Now, there is a third magic treasure ...”

Jia Sheng and Jia si immediately became nervous and realized that the problem was not right, “If I’m not mistaken, that Platinum feather fan should be the first Prince’s Black Gold feather fan! It’s also a mid-stage seven-star earth-god instrument!”

“We must not underestimate our enemy!” Jia Sheng said in an extremely serious tone, “we must use our strongest power!” I can’t hold back at all!”

“I know!” Jia si nodded heavily and said, “we must use all our strength in this attack. We must not give him any chance to breathe!” To avoid any more accidents!”

At the thought of this, Jia Sheng and Jia si looked at each other and gritted their teeth, circulating their true Yuan to the extreme!

At the same time, the huge demonic fiend Dharma idol became even bigger and sharper. Its power was bound to be even stronger!

Without a doubt, Jia Sheng and Jia si were both experienced experts. As soon as they saw something wrong, they immediately went all out to ensure that they would win the battle and absolutely not give the enemy a chance to turn the tables!

“Good job! So this is the true strength of you two brothers!”

E Huo ze Peng saw everything and was very satisfied with the reaction of his two bodyguards, “You’ve protected this Prince for so many years, and you’ve never tried your best! You’ve really widened my horizons today!”

“Woof! Buzzzzzz! Yi ...”

However, e Huo ze Peng’s face instantly turned pale before he could finish his words!

Chen Xiaobei waved the mystic gold feather fan, and in an instant, a Platinum-colored light covered the sky and earth!

The entire space was filled with endless Platinum Blades!

It was like a vast mountain of blades, but also like a Sea of Swords!

Countless sharp blades filled every corner as if they were going to cut the sky, the earth, the time and space into pieces!

how ... How is this possible ...

E Huo ze Peng was complimenting Jia Sheng and Jia si just a second ago.

At this second, e Huo ze Peng revealed an expression as if he had seen a ghost. "Isn't big brother's mystic gold feather fan a middle-stage seven-star earth-god instrument? How ... How could he have the power of a late-stage seven-star earth immortal? This ... This doesn't make any sense ..."

At the same time, Baifeng Changyi and Zhang chuteng were also dumbfounded. "What ... What is this power? It's too terrifying ... In fact, it's even more terrifying than miss Xuan Xin's power ..."

A moment ago, Bai Feng Changyi and Zhang chuteng were worried that Chen Xiaobei could not handle the situation and advised Chen Xiaobei to get Liu xuanxin to help!

It was then that Baifeng Changyi and Zhang chuteng realized that Chen Xiaobei's strength was even stronger than Liu xuanxin's!

"The five elements are born from each other! This was the profoundness of the five elements "mutual generation! This is fairy Ling ning's five stars great Dao!"

Ning Yuanzhi and the people from spirit condensation city cheered.

"The five stars are born from each other! It increased in layers! It was strengthened layer by layer! When it comes to the last link, it's equivalent to strengthening five times, and its power will naturally skyrocket!"

"His Majesty only has three mid-stage seven-star earth-god instruments, which can only be upgraded to late-stage seven-star earth-god! If we can gather five mid-stage seven-star earth-god instruments, the final power can even approach a peak seven-star!"

"Your Majesty is indeed fairy Ningling's Messenger! With this five elements spirit Jade, it's enough to crush Jia Sheng and Jia si!"

.....

Everyone was shocked, but Liu xuanxin smiled proudly. "Xiao bei will never let me down! I won't let anyone down!"

"Woof! Buzzzzzz! Yi ..."

At the same time, the mountain of daggers and Sea of Swords formed by countless sharp blades pressed forward like a tsunami!

The terrifying power far surpassed Jia Sheng and Jia si! Even though these two guys had already used all their strength, they still couldn't withstand a single blow!

As the countless sharp blades slashed down, the huge demonic avatar was cut into countless pieces as if it was made of tofu!

In the blink of an eye, the countless fragments were cut into countless particles. In the end, they were even cut into countless dust and directly turned into ashes!

With the collapse of the demon Dharma, Jia Sheng and Jia si naturally lost their protection!

The defense of their bodies was not as strong as the defense of the monster fiend image. In an instant, they were turned into dust and disappeared!

With their bodies killed, the two nascent soul dharmakayas had no place to rest and were completely exposed to the endless sharp blades! It was originally going to be completely destroyed in an instant!

However, at this critical moment, Chen Xiaobei showed mercy and stopped the sky full of sharp blades!

“How is it? I’m not acting cool, am I? You two jokers, you can’t even take half of my move! If I didn’t stop, your souls would have been destroyed and you would never be able to reincarnate!”

Chen Xiaobei held the black gold feather fan in his hand, and the five elements spiritual Jade floated behind him. He was like a god as he strolled toward Jia Sheng and Jia si.

“His Majesty, the North Mystic Lord, is unrivaled! It was incomparably tyrannical! The two of us brothers are definitely not a match for him. We’ve lost fair and square ...”

Jia Sheng and Jia Si’s nascent souls knelt in the air and kowtowed to Chen Xiaobei. please spare our lives, Your Majesty ... We’re willing to work like slaves to repay Your Majesty’s kindness of not killing us ... Please spare our lives, Your Majesty ...

“You two are smart!” of course! Chen Xiaobei smiled. the reason I’m going easy on you two is because you two still have some value!

“Thank you for not killing me, Your Majesty! Thank you for not killing me, Your Majesty!” Jia Sheng and Jia si kowtowed even faster as if they had been granted Amnesty!

To the two of them, as long as they could keep their lives, they could slowly plan their future! Whether it was a sincere surrender or a chance to rebel, he could adapt to the situation. This was 108000 times better than immediate death!

Of course, even though these two were good at scheming, Chen Xiaobei’s men were not easy to deal with either!

“Your Majesty!”

Ning Yuanzhi immediately reminded him, ‘Jia Sheng and Jia die are both demonic cultivators! He’s cunning and cold-blooded, he can’t be trusted so easily!’

“I know! I can’t easily trust others, let alone the enemy!”

Chen Xiaobei flicked his wrist, and a bright ring of light appeared on his palm. “Jia Sheng, Jia si, if you two want to live, then obediently enter my infinite soul ring and become my ghost slaves! If he refused, he would be dead! Make your own choice!”

“Wu ... Wu Ji soul ring? G ... Ghostly slave?” Jia Sheng and Jia si were dumbfounded. They did not expect Chen Xiaobei to have such a magical treasure!

The two of them did not really want to submit to Chen Xiaobei, so they did not want to be completely controlled by him!

“Your Majesty!”

Jia Si was quick-witted and immediately shouted, “E fire ze Peng escaped in the chaos! Your Majesty, quickly go after him!”

When Jia Sheng heard this, he immediately echoed, “Your Majesty, quickly chase after e Huo ze Peng!” If he is allowed to escape back to fire cloud capital city, the consequences will be unimaginable!”

“It doesn’t matter!”

However, Chen Xiaobei shrugged nonchalantly. “Let that clown fly a little longer! He won’t be able to fly out of my Five Finger Mountain!”

Chapter 2757: extremely domineering

“What? Let e fire ze Peng fly a little longer?”

Jia Sheng and Jia si were dumbfounded. They would never have expected Chen Xiaobei to give such an answer!

It was as if Chen Xiaobei was not worried that e Huo ze Peng would escape! He was not even afraid of Supreme King Fire cloud’s thunderous revenge!

“Cut the crap! Hurry up and choose!”

Chen Xiaobei looked down at Jia Sheng and Jia dead’s nascent soul.

The countless blades around him did not disappear. Chen Xiaobei could kill Jia Sheng and Jia si with a single thought!

“We ... We’re willing to be slaves ...”

Jia Sheng and Jia si had no choice but to surrender because they didn’t want to be annihilated!

“Hiss! Hiss!”

Chen Xiaobei’s infinite soul ring released two wisps of spiritual energy.

At present, the infinite soul ring was only at the three-star earth-god level, and it could only subdue souls below this level by force! If Jia Sheng and Jia si were not willing, they would not be able to subdue them by force!

However, at this moment, Jia Sheng and Jia Shi were both willing to be slaves, so they were not restricted by their levels!

The two streams of spiritual Yuan energy directly drilled into Jia Sheng and Jia Si’s nascent souls, leaving a mark that was similar to a primordial spirit blood contract!

From this moment on, the two of them had become Chen Xiaobei's ghostly slaves. They had to be 100% loyal to Chen Xiaobei!

At the same time, Chen Xiaobei also had control over their life and death. With just a thought, he could activate the soul ring brand and turn them into ashes from the inside of their nascent souls!

"It's done!"

Chen Xiaobei then kept Jia Sheng and Jia Si's nascent souls into the infinite soul ring.

Everything was going smoothly, but at this moment, the crowd could not sit still.

"Your Majesty! Let's go after the Fire Swamp ROC!"

Ning Yuanzhi and the people from spirit condensation city reminded him anxiously, "If the Huo ze Peng really escapes! Our spirit condensation city will be facing a calamity! Fire cloud capital city's Army will be able to arrive in three days and slaughter our entire city!"

"Heh, look at how anxious you are!" you're just an ant! Chen Xiaobei chuckled. how can you escape from me? "

"Swish!"

Chen Xiaobei waved his hand, and a red shadow shot up into the sky and disappeared into the night sky!

"What ... What is that thing? Isn't the speed too fast ... ning Yuanzhi and the people from spirit condensation city were all dumbfounded. They did not even see clearly what had just flown out!

Chen Xiaobei did not answer their questions.

In just a dozen seconds, the answer was revealed.

"Chi ..."

A huge Eagle flew back from the distance and appeared in front of everyone in the blink of an eye!

The Eagle's demonic Qi rose like a burning flame. It was very domineering and very cool!

One of the Eagle's claws pierced through the Huo ze Peng's dantian and lifted him up like a dead dog!

"This ... This is the burning heavens Warhawk! It was too unbelievable! His Majesty, the Honorable King of North Mystic, has actually managed to subdue this ancient neo-demon!"

Ning Yuanzhi and the people from the spirit condensation city exclaimed in shock, not daring to believe their eyes. "With the Huo ze Peng's rubbish flying sword, he will never be able to escape from Your Majesty's hands!"

"Oh my God ..."

Even Baifeng Changyi and Zhang chuteng exclaimed, "I didn't expect that His Majesty would really succeed in subduing The Burning Sky Warhawk! At first, when His Majesty said that, we couldn't believe it... His Majesty is a God!"

Chen Xiaobei slowly walked over to the Huo ze Peng and smiled, "How is it? Are you convinced?"

Chen Zhufeng ... You ... You're amazing!

E Huo ze Peng spat out blood and was dying, " at first, I was proud of myself, thinking that I had seen through your scheme, that I could kill all of you and make a great contribution ...

"I would never have thought that all of this was part of your scheme! You deliberately revealed your weakness to lure me here! You dug a big hole and made me jump in foolishly ..."

Obviously, e Huo ze Peng wasn't stupid and he understood the whole thing! He also admired Chen Xiaobei's wisdom from the bottom of his heart!

However, e fire ze Peng did not intend to give in, " "Chen Zhufeng! Let's Make a Deal!"

"Oh?"

what do you think you have left? " Chen Xiaobei smiled. what bargaining chips do you think you still have to bargain with me? "

"My life is my best bargaining chip!"

E Huo ze Peng said in a deep voice,"I am the fourth Prince of Fire cloud capital city!" He was the son that his father valued the most! As long as you let me go, I'll go back and beg my father to reward you with the huge axe city you've conquered! I'll let you be the rightful city Lord!"

Chen Xiaobei laughed, " "You mean, you want e Huo Yuntian to reward me? He wants me to be his official?"

"That's right! To be able to become my Royal father's official! It's the greatest honor for you, Chen Zhufeng!"

E Huo ze Peng continued,"don't you forget!" Seven days later, it will be the date of death that my Royal father has set for you! If you submit, you can be the Lord of a city in peace! If you don't submit, what awaits you will be a mountain of corpses and a sea of blood!"

"So, are you threatening me?" Chen Xiaobei raised his eyebrows and smiled.

I'm not threatening you. I'm giving you one more choice! E Huo ze Peng said seriously,"originally, you only had a dead end, but now, I'm giving you a way to live!."

"So, I should thank you for giving me a way out?" Chen Xiaobei retorted.

"Of course you should thank me!" E Huo ze Peng sneered,"quickly tell Burning Sky Fighting Hawk to let me go!" Help me heal my injuries and let me contact my father!"

In e Huo ze Peng's eyes, no matter how hard Chen Xiaobei struggled, he was bound to lose the battle seven days later!

Now that he had a chance to live, Chen Xiaobei should be happy to accept it. There was no reason to reject it!

In fact, other than Liu xuanxin, everyone else had the same thought as e Huo ze Peng. They thought that Chen Xiaobei would use this opportunity to stabilize the situation!

Even if Chen Xiaobei was only pretending to surrender, it would be better than facing a disaster seven days later!

Because of this, e Huo ze Peng and the rest of the crowd were certain that Chen Xiaobei would surrender!

Liu xuanxin was the only one who knew that Chen Xiaobei would not back down!

“Swish!”

Before anyone could react, Chen Xiaobei had already swung the Xuan gold feather fan and cut off e Huo ze Peng’s head!

Chen Zhufeng!!!

E Huo ze Peng’s nascent soul flew out from his body and roared in anger, ” “You actually dared to destroy my physical body! It will be your doomsday in seven days!”

“You’re an idiot!”

Chen Xiaobei said in a domineering tone, ” “Seven days later, it will not be my doomsday, but the doomsday of fire cloud capital city! It’s also the day when the fire cloud region will change hands!”

“Swish!”

The profound gold feather fan was waved again, e fire ze Peng’s soul was destroyed!

Chapter 2758: not a single one died

In that instant, Chen Xiaobei had killed the e fire pool ROC!

This action was to prove to everyone that Chen Xiaobei was not going to let go of the war with fire cloud Kingdom!

The war between beixuan Royal City and fire cloud Royal City was inevitable!

War was the only way to resolve all the grudges between the two Lord dynasties!

“Since Your Majesty is determined to fight, we will follow you with our lives! Even if the entire clan has to fight to the death, we will never betray His Majesty!”

Seeing Chen Xiaobei’s determination, ning Yuanzhi and the people from spirit condensation city all knelt on the ground, betting their lives to follow Chen Xiaobei.

At the same time, Baifeng Changyi and Zhang chuteng also knelt on the ground and swore to follow.

Everyone had expressed their loyalty, but Chen Xiaobei was not worried about their loyalty at all.

Under Chen Xiaobei’s tax free policy, the people of huge axe city had all become Chen Xiaobei’s followers.

Even though White Wolf, Hanshan, and congealing spirit city did not receive any actual help from Chen Xiaobei, they would still treat him as their religion. Their loyalty would not be a concern!

Because of that, as long as Chen Xiaobei decided to go to war, not only the soldiers in the four cities, even the common people were willing to follow him and fight to the death!

The unity of the people was Chen Xiaobei's greatest support!

With loyal subjects and citizens, Chen Xiaobei would be able to do twice the work with half the effort when he went to war!

"Get up!" He said.

Chen Xiaobei waved his hand and said, "now, please remember the herbs I'm going to tell you. Please help me gather them! The faster the better! The more the better!"

Chen Xiaobei then listed out all the herbs he needed to avoid fire.

"As you command! We'll go back and prepare immediately!"

Hence, other than ning Yuanzhi, everyone in the spirit condensation city bade farewell and left.

Among these people, there were the core higher-ups of the ning family! There were the civil and military officials in the city! There were leaders of powerful forces! And the elders of the big families!

Each of them had a deep background behind them, and their resources and connections were naturally extremely rich!

Most importantly, the most prosperous and developed area in spirit condensation city was the pharmaceutical industry! The city had the largest medicinal material warehouse in the fire cloud domain, and the largest medicinal material market!

After these people left, they would first take out all the medicinal herbs from their respective forces, and then use their connections to gather all the required medicinal herbs from the medicinal herbs market!

This way, he could quickly gather the first batch of large quantities of medicinal herbs!

Then, these people would spread the news of everything that happened in the city Lord's mansion!

They were all important people in the city, and their words were very credible. Soon, the entire city would believe that Chen Xiaobei was the messenger of the spirit fairy!

Not only had Chen Xiaobei successfully avenged ning qianxue, but he was also going to start a war with huoyun Kingdom and help the people escape from the suffering of heavy taxes!

First of all, the tragic death of ning qianxue had always been a thorn in the hearts of the citizens! Back then, the commoners had even strongly requested for an attack on fire cloud capital city, but ning Yuanzhi had suppressed them in the end!

Today, Chen Xiaobei had avenged ning qianxue, which was equivalent to completely removing the worry in the hearts of the people. It had also allowed them to vent the anger that they had been holding in for two years!

The people would naturally be grateful to Chen Xiaobei and quickly become his followers!

Secondly, huge axe city was completely tax-free. The government funded the poor and even funded the repair of the houses and roads in the slums!

These things had already Gone with the Wind and spread throughout the entire fire cloud region!

Under the pressure of fire cloud capital city's heavy taxes, the commoners were already suffering unspeakable hardships!

Today, Chen Xiaobei was determined to go to war with fire cloud Kingdom. The people suddenly saw the hope of a good life!

Even if Chen Xiaobei only helped them reduce a portion of their taxes, they would still be happy and satisfied!

Under such circumstances, the people would naturally become Chen Xiaobei's followers even faster!

At this time, as long as the people had the herbs in their hands, they would hand them over on their own accord, as a form of contribution to Chen Xiaobei's war!

As the saying goes, there is strength in numbers!

The number of medicinal herbs distributed among the one billion people was definitely far more than the first batch!

According to Chen Xiaobei's request, the more the better! The faster the better!

Before the next day's dawn, the entire spirit condensation city would definitely be able to gather a huge amount of medicinal herbs!

It would definitely satisfy Chen Xiaobei's needs!

.....

In the city Lord's mansion.

Only a few people at the highest level were left. They gathered together to discuss their next move.

"Everyone, please help me think carefully. Is there any main city that can be taken down without sacrificing a single soldier?" Chen Xiaobei asked.

Baifeng Changyi, Zhang chuteng, and ning Yuanzhi were all in deep thought.

Even Jia Sheng and Jia Si's nascent souls were released to help with the plan.

However, a few minutes later, everyone shook their heads helplessly, indicating that there was no other main city that could be taken down easily.

Chen Xiaobei was not surprised by this.

If every major city could be taken down by schemes and plots, what was the point of having Warriors? What's the point of having strength?

since there's no such capital city anymore, then I'll have to ask everyone to help me think. Apart from fire cloud capital city, what are the most difficult capital cities to capture? "

Chen Xiaobei's eyes narrowed and he changed his question.

"The most difficult main city to take down? Is Your Majesty planning to gnaw on a tough bone first?"

Bai Feng Changyi frowned and said, "I'm afraid that's not a wise move!" The decisive battle with fire cloud capital city was in seven days! We shouldn't waste our forces on other cities!"

Chen Xiaobei said, "Don't think about the decisive battle in seven days! Just answer my current question!"

"Yes!"

that's right! Baifeng Changyi nodded and said, "in my opinion, the most difficult place to take down in the entire fire cloud region should be Fire Lion Capital city!"

"That's right!"

Ning Yuanzhi said with certainty, "the fire Lion City has the fire Lion heavy armored guards, who are the strongest in terms of individual combat strength! There was also a city-guarding formation that could unleash the power of a mid-stage nine-star earth-god! Whether it's in terms of military strength or formations, they are the most powerful under fire cloud capital!"

"Alright!"

alright! Chen Xiaobei raised his eyebrows. get ready! We're going to attack Fire Lion City tomorrow!

"What? You're going tomorrow?" Hearing this, everyone was extremely shocked.

Even Liu xuanxin couldn't sit still anymore. She said in a low voice, "Xiaobei ... Do you want to reconsider? If we force our way in, the soldiers will definitely suffer heavy casualties!"

Chen Xiaobei shrugged and said confidently, "Although we will have to use our sabers in this battle, none of our soldiers will die!"

how ... How is this possible?! Liu xuanxin was dumbfounded.

[Red Envelope Group of the Three Realms](#)

Chapter 2759: eight fiery ramparts

Liu xuanxin was not the only one who could not believe it. The other three people were also shocked.

It was clearly stated that other than fire cloud capital city, Fire Lion Capital city had the strongest individual combat power, the fire Lion heavy-armored guards! There was also a middle-stage nine-star earth-god city-guarding formation!

In their eyes, with Chen Xiaobei's current strength, it would be very difficult for him to break through the city. Not only would he have to use his weapons, but he would also have to suffer heavy casualties!

But Chen Xiaobei said that none of our soldiers would die. Was that not a fool's dream?

"Your Majesty, you have to analyze this rationally. Don't let your imagination run wild!"

“Although you have four main cities now, the combat strength of huge axe and spirit condensation realm can only be considered third-rate in the fire cloud region,” said Baifeng Changyi in a deep voice. Our White Wolf capital city’s combat power can only be considered second-rate! The battle power of Mount Han capital was even more negligible! It can’t be compared to Fire Lion City at all!”

“It doesn’t matter how strong or weak you are, because I didn’t ask you to send out your troops!”

Chen Xiaobei shrugged and said, “I will take care of the matter of attacking Fire Lion Capital city. What you need to do is to exercise restraint and appease your people. Don’t let fire cloud capital city find out that you have already turned to my side!

I hope to see the best situation, which is that fire cloud capital city doesn’t notice anything! After seven days, your Army will be able to blend in with the firecloud Army! I’ll tell you what to do when the time comes!”

As soon as he said that, everyone was stunned.

He could not guess what Chen Xiaobei was thinking. He did not expect Chen Xiaobei’s plan to last until seven days later!

Chen Xiaobei’s foresight and planning made everyone feel ashamed of themselves!

“Your Majesty, since you have your own plans, we will naturally follow them!”

Ning Yuanzhi first expressed his attitude and then raised his doubts. “But, you only have No. 8 Luban. How can you create three fire cloud princes? They are all emissaries from the capital. If any one of them is missing, e Huo Yuntian will be suspicious!”

“Don’t worry!”

“I have Miao Yin’s insight,” Chen Xiaobei said, “and the phones of the three fire cloud princes are with me. If e Huo Yuntian gets suspicious, I’ll call him myself to dispel his suspicions!

if e Huo Yuntian really wants to meet the three princes, I will find a way to make use of the time difference and let No. 8 Luban play the three roles. It won’t be difficult!

.....

“Your Majesty is wise! You’ve already thought of everything, your subject has been overthinking!” Ning Yuanzhi nodded, full of admiration for Chen Xiaobei!

Chen Xiaobei did not deny it and said, “next, help me think. With Fire Lion main city as the center, what other main cities are there around it?”

there are seven main cities around Fire Lion main city,” Baifeng Changyi said. they are: fire bright, fire shine, fire glory, fire Python, fire splendor, fire edge, and fire blade!

“Fire? Yan?” Chen Xiaobei was very smart. He immediately realized that there was a common point between these people. these main cities should all be fire cloud capital city’s trusted territories, right?”

“Your Majesty is wise, you saw through it with one look!”

Ning Yuanzhi nodded and said, "fiery Lion City and the seven main cities that the Changyi city Lord mentioned. They are collectively known as the 'eight fiery ramparts'! "Stronghold" refers to the walls of the military camp, and also refers to the fortifications used during the war!"

"Because the fire cloud region is near the vast mountains and seas to the West, the enemy will only attack from the East! From this, it could be seen that the 'eight fiery ramparts' were all located in the eastern part of the fire cloud region! Its purpose is to defend against the invasion of external forces!"

to fire cloud capital city, these eight main cities are like eight strongholds on the first front line! Hence, e Huo Yuntian places a lot of importance on it, and would distribute military funds for the competition every year to let these eight cities nurture and strengthen their troops!"

"It is precisely because of this that, apart from fire cloud capital city, the combat power of these eight main cities can be said to be the best in the fire cloud region! Among them, Fire Lion City was the strongest! The other three cities of the fire generation are closely behind!"

.....

"Interesting!"

"Since e Huo Yuntian values these eight cities so much, I'm sure that the higher-ups in the cities are all his trusted officials, right?"

"Of course!"

of course! Baifeng Changyi nodded heavily. these eight main cities are the strongholds that protect fire cloud capital city. They are the gateways to the entire fire cloud region. They are also vital points in war! whoever can occupy these eight main cities will be able to attack and retreat freely. They will have the advantage in the war!

"It is precisely because of this that the upper echelons of these eight cities are all e Huo Yuntian's trusted aides, and even the core upper echelons of the e Huo family! Loyal to e Huo Yuntian, will not surrender, and will definitely not betray him!"

Baifeng Changyi paused and said in a deep voice, "Therefore, these eight main cities are definitely the most difficult cities to breach apart from fire cloud capital city! Your Majesty, if you change your mind now, there's still time!"

Chen Xiaobei rejected immediately, " "No! Not only will I not change my mind! On the contrary, it made him even more determined to attack the city! There are still seven days left, and I want to take down e Huo Yuntian's most important 'eight fiery ramparts' in one go!"

how ... How is this possible?! Hearing this, everyone was extremely shocked.

alright, I've made up my mind. All of you can leave now and help me collect as many herbs as you can! Chen Xiaobei waved his hand and dismissed the crowd.

After everyone left.

Liu xuanxin couldn't help but ask, " "Xiaobei, what are you planning to do? With our current military strength, even if we can take down the city, we can't defend it!"

“I didn’t say I was going to defend!” Chen Xiaobei shrugged and grinned evilly.

“What’s the point of attacking and not defending?” Liu xuanxin was confused.

“Come over here! I’ll tell you in secret!” Chen Xiaobei beckoned Liu xuanxin to come closer and whispered his plan to her.

“Oh my God ... Xiaobei! You’re a genius! According to your plan, fire cloud capital city will be ours in seven days!” Liu xuanxin’s mouth was wide open when she heard that.

“Not only that!”

that’s my ultimate goal! Chen Xiaobei grinned. I’ll take down huoyun Kingdom in seven days and control the entire huoyun region in a month. I’ll also get the merit points from this region and 20 billion believers!

Oh my God ... Liu xuanxin’s mouth turned into an ‘O’ shape. Her eyes were wide open, and she could not believe her ears.

.....

The next morning.

According to Chen Xiaobei’s request, a mountain of medicinal herbs had been prepared overnight!

There was one more important thing for Chen Xiaobei to do before he set off for Fire Lion City!

He was going to refine a huge amount of fire avoiding pills!

This was Chen Xiaobei’s first attempt. If he succeeded, he would be able to make a million pills in one batch!

Of course, before that, Chen Xiaobei had one more important thing to do!

That was to count the three storage bracelets of e Huo ze Peng, Jia Sheng, and Jia si!

Chapter 2760: everything under control

First, Chen Xiaobei checked the storage bracelets of Jia Sheng and Jia die.

There were 30 million upper spiritual stones, two seven-star earth-god instruments, and a bunch of other resources.

Chen Xiaobei kept the spiritual stones in his pouch and threw the rest of the items into the heaven and earth furnace to be refined!

Next, it was e fire pool Peng’s storage bracelet.

There were 100 million upper spiritual stones, an early seven-star earth-god instrument, a six-star earth-god instrument, two five-star earth-god instruments, a key to the treasure vault, a Prince’s token, and a bunch of other resources.

Chen Xiaobei kept the spiritual stones first. Now, he had 460 million upper spiritual stones in his vault!

Then, Chen Xiaobei kept the key to ehuo Wuhan's Treasury and the Prince's token!

The remaining earth-god instruments and other resources were all thrown into the heaven and earth smelt to be refined!

.....

Before this, the heaven and earth smelt had already refined a seven-star earth-god grade saber from medesio, the city Lord of the huge axe city, and three earth-god instruments from ehuo Wuhan.

In addition, there were three early-stage seven-star earth-god instruments, one six-star, two five-star, and a variety of high-tier resources.

As long as he refined all of these things, he would be able to obtain a considerable amount of Heaven Earth spiritual aura!

It could raise both Xuan po and Inferno spirit to seven-star earth-god level!

.....

He entered the verdant Emperor's divine gourd.

Chen Xiaobei released Jia Sheng and Jia SI's nascent souls!

For immortal cultivators who had reached the nascent soul realm, their souls were placed in their nascent souls. Even if their physical bodies died, as long as their nascent souls were not destroyed, they would not be considered truly dead!

As long as he could reconstruct his physical body and combine it with his nascent soul, he would be able to return to the appearance of a normal person!

In other words, although Jia Sheng and Jia SI's corporeal bodies had been destroyed, they were still alive and had a large amount of lifespan that had not been exhausted!

Based on their cultivation, their lifespans were estimated to be at least 100000 years!

It just so happened that no one could activate the sunlight cache at the moment, so this task was naturally handed over to the two of them to execute!

Jia Sheng first activated the sunlight cache, and after ten minutes, everything in the heaven and earth smelt was completely refined!

Then, Chen Xiaobei released the Dark Soul and the infernal spirit from the Meru space and asked them to split the heaven and earth spiritual aura in the heaven and earth furnace equally!

The ice winged mysterious soul and the fire winged infernal spirit had turned into two gluttons, absorbing the spiritual aura of heaven and earth with an intoxicated expression!

The two of them were demonic spirits born from the gathering of the essence of heaven and earth. They had the same root and origin as the spiritual aura of heaven and earth, so they simply liked it a lot!

When the spiritual aura was completely absorbed, the result that Chen Xiaobei had been waiting for was just as he had expected!

Whoosh ... Whoosh ...

With two waves of violent Zhen Yuan fluctuations, Xuan po and Inferno spirit both broke through a major realm and directly became two early seven-star earth immortal realm great demons!

Chen Xiaobei now had two powerful bodyguards by his side! The strength of the entire Royal City of beixuan had also increased by a huge margin!

“Alright! You two little guys go back to the Meru space first! I’m going to start refining pills!”

Chen Xiaobei then took out all the herbs that he had prepared in the spirit condensation city.

“Chi ...”

The heaven and earth furnace began to expand rapidly, from the size of a bowl to the size of two football fields!

“Whoosh! Whoosh! Whoosh ...”

After that, Chen Xiaobei followed the recipe of the flame avoidance pill and placed all the herbs into the heaven and earth furnace according to the specific ratio.

At this moment, the heaven and earth smelt was extremely huge. However, after the vast amount of medicinal ingredients were placed in, it actually filled up more than half of the entire furnace!

Boom ... Boom ... Boom ...

Finally, Chen Xiaobei released dozens of Wyvern fire and spread them out to different areas to refine the herbs and pills!

Seeing the scene in front of them, Jia Sheng and Jia si were so shocked that their eyeballs almost fell out!

Such a scene! This kind of operation! In the entire human world, this was something that had never been seen or heard of before!

Even the best Alchemist in the human world would not dare to do this!

Even if he forced this, he would not succeed! In the end, all these medicinal herbs would be refined into stinky, burnt slag, completely useless!

Of course, Jia Sheng and Jia si did not know that Chen Xiaobei’s alchemy skills were derived from the Taishang Laojun’s alchemy experience! Even though Chen Xiaobei had only learned the basics of Taishang Laojun, it was more than enough to make mortal pills!

Moreover, Chen Xiaobei had the scholar heart. It might be impossible for others to do dozens of tasks at once, but it was not difficult for Chen Xiaobei!

That was why Chen Xiaobei dared to do something like this, something that no one had done before!

Besides, Chen Xiaobei knew that as long as he did not make any major mistakes, the final result would be a great harvest!

Obviously, Chen Xiaobei's state of mind was strong, and he was able to keep calm at all times! It was harder to make Chen Xiaobei make a big mistake than to make him make zero mistakes! Success and harvest were only a matter of time!

"Done!"

Chen Xiaobei closed the lid of the heaven and earth furnace, shrunk it to the size of a bowl, and placed it next to the sunlight cache!

"Jia Sheng, Jia si, this fire avoidance pill will take 49 days to refine!"

"So, you can stop after 49 minutes!" Chen Xiaobei ordered. However, don't open the heaven and earth smelt first. Let the pill be nourished for a period of time, and wait for me to open the furnace myself!"

"Yes, sir!"

Jia Sheng and Jia Si's souls had been branded with the Wuji mark. They had become Chen Xiaobei's ghost slaves that were 100% loyal. Naturally, they would listen to Chen Xiaobei's every word.

.....

Chen Xiaobei was not in a hurry to leave after he was done with the refining. Instead, he informed all the soldiers in the verdant Emperor's divine gourd to prepare for battle!

The soldiers had been holding it in for so many days, and now, they were like wolves and tigers, ready to fight. They couldn't wait to kill their way out and make a name for themselves in the royal city of beixuan!

Xiang Yu, Ying Zheng, and the nine Grand shamans were also eager to fight. They were all on full alert, ready to charge to the front line at any time and have a good time!

Seeing that the general and the soldiers were in high spirits, Chen Xiaobei had nothing to worry about.

He left the verdant Emperor's divine gourd.

Chen Xiaobei then went to find ning Yuanzhi and asked him to prepare another batch of medicinal herbs. Similarly, the more the better!

Worried that ning Yuanzhi would not have enough money, Chen Xiaobei took out 300 million upper spiritual stones from his infinite space ring and asked ning Yuanzhi to go through all the channels to collect this batch of herbs!

Without a doubt, this batch of herbs would be crucial to Chen Xiaobei's follow-up plan!

Ning Yuanzhi naturally would not be slow and solemnly promised that he would definitely complete the mission!

After that, Chen Xiaobei brought Liu xuanxin and Zhang chuteng to the fire Lion City.

As for old Mondo, he was a Titan and could not disguise his body size. So, he did not go with them. He took a special order from Chen Xiaobei and returned to huge axe city!

.....

At noon, the three of them successfully arrived at Fire Lion City!
