Red Envelope Group of the Three Realms

Chapter 2761: siege

Fire Lion main city!

It was the most powerful, core, and important main city in the eight fiery ramparts! Not only was there a powerful Army of 20 million people here, but there was also a huge and majestic city!

Of the 20 million soldiers, 8 million were the fire Lion heavy armored guards, who were known to be the strongest single soldier!

The remaining 12 million soldiers consisted of four million cavalymen, four million infantrymen, two million crossbowmen, and two million meches.

Although the combat power of these troops couldn't be compared to the fire Lion heavy armor guards, they were all equipped with the best weapons and equipment in the entire fire cloud region. Their overall combat power couldn't be underestimated either!

Then, they looked at the towering main city!

The city wall was hundreds of meters high, like a cliff, easy to defend and hard to attack! The front was made of black granite, which was as hard as black iron!

Standing below the city, Zhang chuteng's eyes were filled with worry, " "If we attack this city, our Army will definitely suffer heavy casualties!"

don't worry! Liu xuanxin smiled. believe in Xiaobei. Everything is under his control!

"Xuan Xin! I'll give you the cyan Emperor's divine gourd!"

Chen Xiaobei passed the gourd to Liu xuanxin and said, " wait for me outside the city. When I contact you, immediately release all the soldiers and have them come to the city to fight!

"Alright!" Liu xuanxin nodded and took the gourd.

Because Chen Xiaobei had told her the entire plan, Liu xuanxin was not worried at all. She was just following Chen Xiaobei's orders!

Liu xuanxin knew better than anyone else that Chen Xiaobei's plan was perfect! As long as they did as Chen Xiaobei said, the royal city of beixuan would win this war!

.....

On the other side.

Chen Xiaobei let out No. 8 Luban and transformed it into ehua Wuhan. He then had Zhang chuteng follow him as he walked into the main City of Fire Lion City and went straight to the governor's mansion!

Chen Xiaobei put on the human skin mask and sneaked into the city alone!

Chen Xiaobei strolled around the city for a while and got a good look at the current situation.

As the main city that Supreme King Fire cloud valued the most, almost all of the officials and dignitaries here were his trusted aides. Naturally, they lived a life of wealth and power in the city!

Furthermore, these aristocrats had all learned the coldness and greed of Supreme King Fire cloud!

They tried their best to plunder the People's wealth, taking most of the wealth in the entire main city into their own pockets.

In this way, the ordinary people in the city, in addition to heavy taxes, would also be forcibly seized by the dignitaries!

Here, the lives of ordinary people were extremely difficult and painful!

Walking on the streets, Chen Xiaobei could see people dressed in luxurious clothes and jewelry! Poor people wearing tattered clothes and starving to the point of being skin and bones could also be seen everywhere!

Chen Xiaobei could not help but think of a poem.

Wine and meat stunk at the Vermilion gate, and bones freeze on the road!

Using this poem to describe the situation in Fire Lion main city could be said to be the most appropriate!

The situation was similar to that of huge axe city, but it was even more serious!

This was a good thing for Chen Xiaobei!

As long as they could take down Fire Lion City and treat the people well, they could be like huge axe city and win over the hearts of the people at the fastest speed!

[the number of new believers has increased by 4.4 billion!] The total number of believers was 14.4 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

While Chen Xiaobei was wandering around, the number of new believers gradually slowed down. This meant that most of the people in the three cities that Chen Xiaobei had taken down had become Chen Xiaobei's believers!

Huge axe city was worth one billion while the Jiuli tribe was worth nine hundred million!

On top of that, White Wolf capital city had one billion, Mount han capital city had five hundred million, and spirit condensation capital city had one billion!

A total of 4.4 billion new believers!

"That's great! With another 600 million new believers, I can choose ten level-five heavenly Dao cultivation halos and increase my cultivation results by 500%!"

Chen Xiaobei thought to himself, 'this is the result of my own cultivation, and the effect of the heavenly halo! "The final result is that I can achieve six times the cultivation results in the same amount of time! It's so cool!"

Obviously, Chen Xiaobei's plan was not just a fantasy.

In the past, 600 million followers was an astronomical figure to Chen Xiaobei. But now, it was only a small part of his ultimate goal!

After taking down the entire firecloud domain, Chen Xiaobei's goal was to gain at least 20 billion new believers!

A mere 600 million, as long as they took down Fire Lion main city, it would be settled. It was not worth mentioning at all!

"Alright! No. 8 Luban had successfully sneaked into the mayor's mansion! The siege battle has officially begun!"

Chen Xiaobei quickly put on the mask and hid his body. He then focused on controlling No. 8 Luban!

.....

The fiery Lion City Lord's Manor!

City Lord e Huo Yunshan was the blood brother of Supreme King Huo yun, e Huo Yuntian!

The reason why e huoyuntian was at ease in allowing e huoyunshan to assume the position of Fire Lion City Master, other than the relationship of Blood Brothers, was also because e huoyunshan was an extremely formidable character!

First of all, e huoyunshan was a seven-star earth immortal. He was the second strongest expert in the fire cloud region, second only to e huoyuntian!

Secondly, e huoyunshan had a seven-star earth-god advanced stage earth-god instrument, which was also something that no one else could compare to!

The last and most important point was that e huoyunshan was a man of wisdom. He was often able to come up with some exquisite schemes, especially in the area of accumulating wealth. Many of the bad ideas of plundering the wealth of the people had come from him!

Because of this, e Huo Yuntian relied heavily on this brother of his. Otherwise, he wouldn't have entrusted the most important and Central City of the fiery blaze eight ramparts, fiery Lion main city, to him!

"Seventh Prince, why are you here?" E huoyunshan personally came out to welcome him.

"Second uncle is too polite! There's no one else here, you can just call me Wuhan!" No. 8 Luban said with a smile.

greetings, Fire Lion City Master! Zhang chuteng immediately saluted.

E huoyunshan didn't even bother to look at Zhang chuteng as he asked with a smile, "Wuhan, didn't you go to White Wolf City as an emissary to pass on the order? How did you end up at second uncle's place?"

yes! No. 8 Luban said, "I've already given the order. White Wolf City is preparing for war. We'll join fire cloud City and crush huge axe city together!"

E huoyunshan sneered and said, "heh, this dog, Baifeng Changyi, is truly loyal and obedient!" It's a pity that he can't even tell if his master is real or fake. It's too ironic!"

"Report ..."

At this moment, a guard rushed over in a hurry. "Reporting to the city Lord! The ... The Army of beixuan ... Is ... Is coming!"

what??? "

E huoyunshan's eyebrows twisted in astonishment, "Shouldn't the North Xuan Army be hiding in huge axe city and waiting for their deaths? How could he appear before our blazing Lion City?"

[Red Envelope Group of the Three Realms](#)

Chapter 2762: face smacking on the spot

"City Lord! This matter is absolutely true!"

there are three to four million people in the North Xuan Army this time! the guard said anxiously. they've all gathered at the West Gate and formed a battle formation. They're going to challenge us!

"This ... This doesn't make sense ..."

E huoyunshan furrowed his brows and said, "a mere North Xuan Army will face a calamity in six days!" Who gave them the courage to attack my Fire Lion City?"

"Also, an Army of three to four million people setting off from huge axe city at the edge of the vast mountains and seas, why weren't they discovered along the way? Why did it suddenly descend to our Fire Lion City?"

"The most important thing is that a mere three to four million people attacking the city is like throwing an egg at a rock! Was there something wrong with the North Mystic thief King's brain? Are you sending people to their deaths?"

It was obvious that e huoyunshan was really smart. In just a moment, he had thought of all the suspicious points in the entire matter!

"The city Lord is wise!"

The guard nodded heavily and said, "there are many suspicious points in this matter. There must be a trap!" Should we immediately contact His Majesty and ask him to come back for a detailed discussion?"

this ... e huoyunshan was still thinking when his train of thought was interrupted by No. 8 Luban!

"Are you stupid? Is there a need to contact Royal father for such a trivial matter?"

No. 8 Luban said with disdain, "My second uncle is an unparalleled hero, and the battle strength of the fire Lion Army is outstanding! A mere three to four million thieves are not even enough to fill the gaps between second uncle's teeth!"

"Mm, Wuhan is right!"

E huoyunshan's state of mind was a little light-headed after being flattered, "A mere three to four million people attacking the city, whether or not it's a trap, won't be able to cause any waves! I'll just send out my troops and suppress them! There's no need to disturb brother Wang!"

Hearing this, the guard said worriedly, "City Lord! His Majesty had given an order to the eight ramparts of the fiery flame before he left! He said that he's personally leading the expedition this time, leaving the rear empty and full of variables. No matter what abnormalities we encounter, we must report to him ..."

"You're just a little guard, what do you know!"

No. 8 Luban continued to add fuel to the fire, "My father is currently leading troops to huge axe city! As the saying goes, 'one burst of energy, another decline, and the third exhaustion!' If we let him return now, the morale of the Army will definitely fall. Have you thought about the consequences?"

this ... the guard swallowed his saliva and was speechless!

No. 8 Luban said coldly, "With father's temper, he'll definitely be angry and kill those who shake the morale of the Army!"

"Please spare me, Your Highness! This lowly one made a slip of the tongue, but I don't dare to shake the morale of the Army!" The guard was so scared that he peed his pants and knelt down to kowtow, not daring to say anything else.

"If we contact father, he will definitely be angry!"

on the contrary, if second uncle can achieve a complete victory here and report back, it will definitely boost the morale of the Army. Father will be very happy and reward second uncle handsomely! No. 8 Luban said calmly.

"Well said!" When e huoyunshan heard this, he was moved on the spot.

Speaking of e Huo Yuntian's thoughts, as a brother, e Huo Yunshan could be said to be the clearest.

The reason why e Huo Yuntian had gone to exterminate the North Xuan's Army with great fanfare this time, to put it bluntly, was to use this slaughter to ruthlessly shock all the major cities in the fire cloud region!

He would kill the chicken to warn the monkeys, so that no one in the fire cloud region would dare to have any thoughts of rebellion!

In this way, e Huo Yuntian not only wanted to win, but he also wanted to win with glory and dignity!

If the hundreds of millions of soldiers in the front were stopped just because three to four million people had appeared in the rear, they would probably be laughed at by the whole world!

The result would naturally provoke e Huo Yuntian's thunderous anger, and no one would have a good ending!

On the contrary, if they could obtain victory in both the front line and the rear, the world would know that fire cloud capital city was very powerful, and the effect of killing the chicken to warn the monkeys would be even better!

In this way, e Huo Yuntian would be extremely happy and would naturally reward him handsomely!

“Relay my orders!”

E huoyunshan made up his mind and immediately ordered: “Have Hu Heng, Lin Dong, and Wu Zhou bring three million people out of the city to meet the enemy! Give them two hours to break through the enemy’s defenses, or else they will be punished according to military law!”

“Yes!”

The guard received the order and immediately ran away.

No. 8 Luban asked, ” “Second uncle, why did you only send three battle generals and three million soldiers? This number can’t be compared to the enemy’s!”

“Wuhan, you’re too young! The quality of soldiers was more important than quantity! It’s not about quantity, it’s about courage!”

E huoyunshan said with full confidence, “The 3 million people I sent out are all well-equipped and battle-hardened Warriors! It’s 108000 times higher than the mobs of the beixuan Army!”

“Hu Heng, Lin Dong, and Wu Zhou, the three of them are also Tiger generals who possess the courage to face ten thousand men! A high cultivation level would also mean a strong magical treasure! It’ll be a piece of cake to deal with a few North Mystic bastards!”

E huoyunshan became more and more confident as he spoke, “I’m even sure that the beixuan Army outside the city will be defeated within two hours!” The casualties are at least a million!”

No. 8 Luban smiled and congratulated, ” “If that’s the case, then I’ll congratulate second uncle in advance for your great contribution in the battle!”

“We’re all family, no need to be so polite!”

“Let’s go, we’ll drink some tea and wait for the good news of our Army’s victory!” E huoyunshan grinned.

“Alright!” No. 8 Luban nodded with a smile.

Zhang chuteng hurriedly followed.

.....

Less than two minutes after the three of them entered the city Lord’s mansion, a guard rushed over with a terrified expression.

As if he had seen a ghost, the guard ran until he was out of breath. His face was as pale as paper, and cold sweat poured down like rain. He was about to lose his soul!

Seeing this, E Huoyunshan's face was filled with disgust as he shouted, "Are you in a hurry to be reincarnated? You're in such a hurry that you don't even have any manners!"

"Reporting ... Reporting to the city Lord ..."

The guard knelt on the ground and panted for a while before he said in horror, "Hu Heng, Lin Dong, and Wu Zhou, the three generals were challenged by the northern Mystic's enemy. In just one round, they were killed by two generals who claimed to be Ying Zheng and Xiang Yu ...

As soon as the three generals died, Xiang Yu, Ying Zheng, and the ten generals of Beixuan came charging at us from behind. They killed five to six hundred thousand of our men in an instant ... Our soldiers were like dragons without a leader, and they were utterly defeated. All of them have fled back to the city ...

"What? This ... How is this possible?" E Huoyunshan's expression froze, his entire face contorted, his face alternating between red and green, and his face was burning.

Just a moment ago, E Huoyunshan was still bragging about how brave and elite his soldiers were in front of No. 8 Luban!

At this moment, reality was like an explosive slap on E Huoyunshan's face! He was so dizzy that he even doubted if he had heard wrong!

No. 8 Luban's eyes flashed with a cold light and suggested, "Second uncle, in my opinion, you'd better go to battle yourself!"

Red Envelope Group of the Three Realms

Chapter 2763: instant suppression

"I'll personally fight?"

E Huoyunshan's expression slightly changed as he shook his head, "I am the city Lord of Fire Lion City! To deal with a few small thieves, why do I need to personally go out? This is just lowering your status and will be a joke if word gets out!"

Cloud Mountain City Lord, Zhang Chuteng advised, "The bandits are strong. If you don't fight, they'll probably call you a coward outside the city and say that you're afraid of the North Mystic Lord! If this gets out, it'll be even worse for your reputation!"

"Impudent!"

E Huoyunshan flew into a rage out of humiliation and glared at Zhang Chuteng, disdainfully saying, "You are only a servant of my Ehuo family! What right do you have to preach to me?"

Yes ... Zhang Chuteng frowned, naturally unhappy.

In the end, Zhang Chuteng was a powerful mid-stage seven-star earth immortal. If he was in another place, everyone would treat him like a master!

However, in the fire cloud region, a top figure like Zhang Chuteng was treated as a servant by the Ehuo family! She scolded him whenever she wanted to, not giving him any face and even trampling on his dignity!

“Go to the side! You have no right to speak here!”

E huoyunshan gave Zhang chuteng a disdainful look, then turned to the guard who had reported the news, order all five million Fire Lion heavy-armored guards to follow me out of the city and destroy the northern Xuan Army!

“Yes, sir!” The guard immediately ran away.

there are a total of 8 million Fire Lion heavy armored guards in the city. Besides the 3 million that followed father, there are only 5 million Fire Lion heavy armored guards left in the city!

No. 8 Luban squinted its eyes and said with a smile, ” “Second uncle, you’ve moved all the fire Lion heavy-armored guards out of the city. You want to completely annihilate the enemy!”

“Hmph! Do you even need to ask?”

E huoyunshan said with extreme pride,”I, the Grand Master of the fiery Lion City, am personally going to fight against a motley crew! If I don’t kill them all, wouldn’t that damage my reputation?”

No. 8 Luban blinked its eyes with a faint smile and said, ” “Second uncle is decisive and Swift in killing! If the five million Fire Lion heavy armor guards come out in full force, they will definitely be able to kill the enemy without leaving a single piece of armor!”

“Well said!”

E huoyunshan laughed complacently,”My Fire Lion heavy armor guards are strong and fierce! Other than his Royal brother’s fire cloud Warriors, any other Army was trash in front of the fire Lion heavy armor guards! Wuhan, just wait for second uncle to make a contribution! Hahaha Uh ...”

However, just as e huoyunshan was laughing, a painful wail came out of his mouth!

Who dared to think about it!

At e huoyunshan’s proudest moment, Zhang chuteng had actually stabbed an ice-cold blade into the back of e huoyunshan’s heart, and pierced through his chest!

At this moment, e huoyunshan was laughing heartily, completely unprepared!

The point was that Zhang chuteng was extremely close, and even if e huoyunshan’s cultivation was higher, he wouldn’t be able to defend in time!

“Swish ...”

Zhang chuteng did not hesitate, he immediately drew out his blade and swung it horizontally. His Zhen Yuan and the power of his blade burst out with all his strength, cutting e huoyunshan’s body in half!

E huoyunshan’s body was broken and his heart and lungs were torn apart. At this moment, even if a Divine Doctor were to arrive, he would not be able to save e huoyunshan’s body!

“Whoosh!”

An extreme shadow rushed out of the broken body! It was e huoyunshan’s nascent soul and dharma body!

“Dog slave! How dare you sneak attack this city Lord!”

E huoyunshan’s nascent soul suddenly roared, instantly releasing the terrifying Zhen Yuan of a late Seven Star earth immortal!

Although his physical body was dead, e huoyunshan’s realm had already reached the great success stage of Dharmakaya. Even without a physical body, his actual combat power would not be affected!

E huoyunshan’s late-stage seven-star earth immortal cultivation was enough to crush Zhang chuteng’s middle-stage cultivation!

As long as this vital essence pressed forward, not only would Zhang chuteng be killed on the spot, but even the mid-stage seven-star earth-god level saber would be crushed!

This was the difference between the strength of a seven-star earth-god, even if it was just one minor realm, there was a huge difference! They were completely different!

“Dog slave! This city Lord is asking you, who ordered you to do this! Tell me, and I can give you a quick death! Otherwise, I have countless ways to make you beg for death!”

E huoyunshan relied on his own strength and thought that he had Zhang chuteng in the palm of his hand. He threatened Zhang chuteng and tried to force him to reveal the mastermind!

“Yinian! Heaven-severing!”

However, at this moment, a soft shout suddenly came from the void!

In the next moment, his words were absolute!

“Swish!”

A black and white spiritual light shot out from the void like a knife or an arrow, and directly pierced into the back of e huoyunshan’s nascent soul!

who is it!!!

E huoyunshan turned pale with fright. He turned around abruptly, but he didn’t see anyone.

“Uh! Ah ...”

In the next instant, the anger on e huoyunshan’s face was instantly swept away. With a miserable cry, his entire face revealed an expression of extreme pain!

“What ... What is going on?”

Even Zhang chuteng was stunned. “A nascent soul Dharmakaya is a spiritual body! Unless one’s primordial spirit is attacked, it’s impossible to feel pain!”

“It hurts ... It hurts so much ... Why? Why is my primordial spirit so heavily injured ...”

E huoyunshan’s face was filled with pain, and his eyes looked as if he had seen a ghost. He was both shocked and scared, the true essence activated by the nascent soul seems to have been forcibly cut off by some strange force ... It’s not under the control of the primordial spirit and can’t be used at all ...

“Phew ...”

Before his voice had died away, the terrifying Zhen Yuan surrounding e huoyunshan had completely dispersed, not a single trace was left!

The main point was that e huoyunshan could no longer control his own Zhen Yuan, and felt as if his cultivation had been completely crippled!

Let alone killing Zhang chuteng, e huoyunshan didn’t even have the ability to protect himself!

It was like a fish on an anvil that could only be slaughtered!

“E huoyunshan, I’ve heard that you’re the number two expert in the fire cloud region, and that you’re extremely difficult to deal with! But now, it seems that you’re too weak. You’re not challenging at all!”

Chen Xiaobei took off his mask and revealed his true form.

Chen Xiaobei had a light smile on his face as he looked down at e huoyunshan, as if he was looking at a pitiful ant that could be killed with a single step if he wanted to!

“You ... You’re Chen Zhufeng! the King of Thieves in Northern Xuan? What ... What did you do to me!”

E huoyunshan’s nascent soul was in extreme pain, paralyzed in the air, without even the strength to escape.

“You’re not qualified to ask me questions!”

Chen Xiaobei chuckled and took out his infinite soul ring. “I’ll give you two choices. Or your soul will be destroyed, and you will never reincarnate!”

Red Envelope Group of the Three Realms

Chapter 2764: deep scheme

“What? You ... You want me to be your slave?”

E huoyunshan was stunned. He felt as if his dignity had been ruthlessly stepped on by Chen Xiaobei!

To e huoyunshan, the city Lord of Fire Lion City and the number two expert of the fire cloud region, this was an absolute humiliation! It was a great humiliation!

“What’s wrong? From your tone, you don’t want to be a slave?”

Chen Xiaobei raised his eyebrows and said, “Zhang chuteng, I’ll leave this guy to you. Deal with him however you like!”

“Yes, sir!”

Without another word, Zhang chuteng immediately approached e huoyunshan’s nascent soul with killing intent.

“Zhang chuteng! You ... What are you doing ...”

E huoyunshan was greatly alarmed and hurriedly shouted, “You are a member of our ehao family! How can you listen to Chen Zhufeng?”

“Hmph! Let me tell you the truth! The seventh Prince beside you, ehuo Wuhan, has already been killed by His Majesty, the Honorable King of North Mystic! The one in front of me is just a substitute!”

“After ehuo Wuhan’s death, I’ve already submitted to His Majesty, the Honorable King of beixuan!” Although my heart wavered, and I even thought of finding a chance to escape!”

“However, during this period of time, I’ve personally seen His Majesty, the Honorable King of North Mystic, step by step! His courage! His ambition! His Foundation! His ability! His wisdom! I’m deeply convinced in every aspect!”

“At this moment, I truly admire His Majesty, the Honorable King of North Mystic! Some even worshipped him! I’ve long since sworn to serve His Majesty, the Honorable King of North Mystic!”

Zhang chuteng’s eyes were firm, and every word came from his heart, ” “I’m already a citizen of the royal city of beixuan. Killing you, e huoyunshan, is equivalent to killing enemies for His Majesty, the Honorable King of beixuan! This is a matter of course!”

“You ...”

E huoyunshan was shocked. He did not expect Zhang chuteng to be completely convinced by Chen Xiaobei.”Don’t you forget! Your entire family is still in fire cloud capital city! If you kill me, your entire Zhang family can forget about living!”

of course I won’t forget my family!

Zhang chuteng’s eyes narrowed as he said, ” “However, His Majesty, the Honorable King of North Mystic, has already promised me that he will definitely protect my family! So, you don’t need to worry about it! Go to hell!”

“No! Please don’t kill me ... I don’t want to die ... I don’t want to lose everything I have now ...”

E huoyunshan felt as if he had been struck by lightning. He could no longer maintain his mental state and started to wail hysterically,”Spare me! Your Majesty, please spare me! I am willing to be your slave ... As long as I can live ... I am willing to do anything ...”

Zhang chuteng stopped what he was doing and said in disdain, ” “To think that you’re the most trusted blood brother of e Huo Yuntian! In a life and death situation, he’s just an unreliable coward!”

yes, yes, yes ... e huoyunshan nodded his head repeatedly. He didn’t care about his status or dignity anymore, ” “I’m a coward ... As long as you don’t kill me ... You can call me anything you want ...”

“Come on! Open up your primordial spirit and become my slave!” Chen Xiaobei activated the infinite soul ring’s special ability.

E huoyunshan did not dare to fight back. He could only let the mark be branded on his primordial spirit. From then on, he would become Chen Xiaobei’s slave!

“Your Majesty, what should we do next?” Zhang chuteng asked.

there’s no rush. I’ll wait for ning Yuanzhi to send me the next batch of medicinal herbs! Chen Xiaobei smiled confidently.

“Medicinal herbs?”

“What does the next batch of herbs have to do with our attack on fire Lion City?” Zhang chuteng asked, puzzled. E huoyunshan has already surrendered, so why don’t we attack the city immediately?”

I don’t have time to explain. You’ll know the answer when the medicinal herbs arrive! Oh? ” Chen Xiaobei raised his eyebrows. I still have to prepare for the next show!

“What’s next?” Zhang chuteng was confused, ” “Can’t we just directly attack the city? What other plans do you have?”

“Stupid!”

“My goal is to take down huoyun Kingdom in seven days!” But with my current military strength, even if I take it down, I won’t be able to defend it!”

this ... Zhang chuteng was getting more and more confused, ” what does taking down fire cloud capital city in seven days have to do with the upcoming show? ”

“Stop asking! You’ll know when the time comes!” Chen Xiaobei raised his brows, released a burst of ethereal force and took e huoyunshan’s storage bracelet into his hand!

After that, Chen Xiaobei released another Wyvern fire and burned e huoyunshan’s body to ashes.

In the end, Chen Xiaobei summoned No. 8 Luban into e huoyunshan’s body! With that storage bracelet, he would directly become the Lord of this city!

Of course, No. 8 Luban was only pretending to be the city Lord. There was no need for anything in the storage bracelet!

Chen Xiaobei quickly found a lot of good stuff in the storage bracelet!

First of all, there were 100 million upper spiritual stones. Chen Xiaobei had just given ning Yuanzhi 300 million to collect the medicinal materials. This 100 million was just a small compensation.

Then, there was a dark blue Skull with extremely strong spiritual nature. The moment it appeared, it filled the entire space with a gloomy and fierce aura!

“Heavens! This ... This was e huoyunshan’s city protection treasure! It’s a late-stage seven-star earth-god instrument, the heavenly evil demonic banner!”

Before Chen Xiaobei could ask, Zhang chuteng exclaimed, ” “This tiansha demonic armor is second only to the peak seven-star earth-god instrument in e Huo Yuntian’s hands! He could firmly rank second in the fire cloud region! It’s extremely powerful!”

“Late-stage seven-star!”

Chen Xiaobei’s eyes lit up and he said with a smile, ” although my cultivation level has been stagnant, my trump card is getting stronger and stronger. It seems that my soaring luck has not been in vain!

After that, Chen Xiaobei continued to search e huoyunshan’s storage bracelet.

Two more keys were found, one after the other!

E huoyunshan's Yuanying took the initiative to explain: "The first key is the key to the city Lord's Treasury! The second key is the key to the Armory in the city!"

"Good! Very good!" I'll give you two keys! Chen Xiaobei grinned. with these two keys, Fire Lion City will never be able to fly out of my Five Finger Mountain!

After that, Chen Xiaobei found three more six-star earth-god instruments! And a huge amount of resources!

Naturally, Chen Xiaobei was not interested in these things. He was going to use them all for refining!

Chen Xiaobei entered the verdant Emperor's divine gourd!

Forty-nine minutes had already passed. Under the sunlight cache, this furnace of fire immunity pills had been refined for forty-nine days, and all of them were completed!

Chen Xiaobei opened the heaven and earth furnace and checked the results of the refining!

Even though it was his first time making such a huge amount of herbs, Chen Xiaobei did not make any mistakes throughout the process!

The final result was also completely within his expectations!

A million pills were formed in one furnace!

The results were unprecedented!

After collecting the million fire avoidance pills, Chen Xiaobei placed the earth-god instruments and other resources into the heaven and earth furnace. He then asked Jia Sheng to continue to speed up the refining of the sunlight cache.

After that, Chen Xiaobei left the verdant Emperor's divine gourd!

Ding Ling Ling Ling

Chen Xiaobei's phone rang.

Liu xuanxin's anxious voice was heard as soon as the call connected. "Xiaobei! It's not good ... Five million Fire Lion heavy armor guards have already gathered outside the city, ready to charge at us at any time! Once the war starts, all of your plans will be ruined!"

"Don't be nervous! It's going very well on my side, everything is under control!" yes! Chen Xiaobei said, "I only need to say the word and the five million flaming Lion heavy armor guards will be on standby! Obediently wait to enter my trap!"

[Red Envelope Group of the Three Realms](#)

Chapter 2765

2765 Do you want it?

After hanging up the phone, Chen Xiaobei asked No. 8 Luban to find a guard and ordered the fire Lion heavy-armored guards outside the city to be on standby! Without the city Lord's order, no one was allowed to launch an attack without permission!

No. 8 Luban had now turned into e huoyunshan. In the fire Lion main city, he could get whatever he wanted with just a word!

He left Zhang chuteng to accompany No. 8 Luban and remind him to not expose himself.

Chen Xiaobei put on the ghost mask, went out of the city, and returned to the Army of bei Xuan.

.....

In front of the Army.

Chen Xiaobei took off his grimacing mask and appeared in front of everyone.

“Xiaobei! You’ve finally come!” Xiang Yu and Ying Zheng immediately came over, their faces filled with anxiety.

The nine Grand shamans followed closely behind and gathered around Chen Xiaobei. They were also panicking and worried.

Clearly, Liu xuanxin had not told them Chen Xiaobei’s entire plan!

Because once the entire plan was told to them, their state of mind would relax. When facing the enemy, they would not be able to show their true emotions, and it would be easy for the enemy to see through their flaws!

After all, not everyone was like Chen Xiaobei, who had incredible acting skills!

Therefore, most of the time, Chen Xiaobei’s plan would be kept a secret. Until the very last moment, many people would not know what was going on!

“What’s the rush? The enemy Army hasn’t attacked yet, right?”

“They look like they’re waiting for orders!” Chen Xiaobei said with a smile. Perhaps, there was a big problem behind them! Everyone, don’t worry!”

“No! We can’t be careless!”

Xiang Yu shook his head and said, “Your Majesty, look!” The enemy troops were all in high spirits and had an imposing aura! Just now, some of the enemies activated their vital essence. We can see that most of them are one-star earth Immortals in the middle and late stages. There are even a few two-star earth Immortals!”

“And it’s not just cultivation! Your Majesty, please take a look at their weapons and equipment! They were all high-rank spirit weapons! This is already far superior to the weapons and equipment of our Army! They can’t be compared at all!”

most importantly, ” Ying Zheng added, ” the mounts of the enemies are all late-stage one-star earth immortal beasts, fire-maned battle Lions!

“In other words, the enemy seems to only have five million soldiers! However, in reality, there were 10 million troops that could fight! Those Warriors aren’t weak, and the fire maned warlions are even more powerful than the Warriors that can be controlled!”

“That’s right!”

Xiangyu continued, “five million Warriors and five million flaming maned battle Lions. If they charge at us in one wave!” Even if I, Xiang Yu, Xuan Xin, and the nine Grand shamans were to attack at the same time, we would only be able to kill four to five hundred thousand people at most!”

“The remaining four million or so Fire Lion heavy armor guards will charge into our formation and fight with our soldiers! “When the enemy and our side are in a chaotic battle, the few great generals on our side can not use large-scale killing skills! Otherwise, you will not hurt your own people!”

“But if our battle generals do not use large scale killing skills, the enemy’s numbers and battle power will completely crush our Army! In just a few minutes, he would be able to completely annihilate all the soldiers of my Army! Thus, no matter how much we deduce, we can’t fight this war!”

At this point, Xiang Yu, Ying Zheng, and the nine Grand shamans were all filled with anxiety, and they even had the thought of retreating!

Chen Xiaobei was not flustered at all. He smiled and said, “ “From what you’re saying, the enemy seems to be really strong!”

“He’s more than strong! It’s simply too forceful!”

“If I can get my hands on these Fire Lion heavy armor guards, I’ll be able to sweep through all the major cities outside of fire cloud capital city!” Xiangyu said excitedly. I don’t care about any opponent!”

“Is that so?”

Chen Xiaobei smiled and said jokingly, “ “Since brother Yu likes it so much, then I’ll give you this fire Lion heavy armor guard!”

“What? You’re giving it to me?”

Xiangyu was surprised and happy at first, but he soon realized that something was wrong. He frowned and shook his head, “ “Your Majesty! It would be fine if he joked about this in private, but in front of millions of soldiers, he had to do it! They’ll think that you’re just trying to act cool!”

“Just tell me if you want it or not!” Chen Xiaobei asked.

“I want to! How could he not want it! I’m a person who leads troops to war, and I’ve always desired to get more elite soldiers!”

“I’m afraid that this group of Fire Lion heavy-armored guards in front of us are the best of all the best soldiers in the entire fire cloud domain, and the most ferocious of all fierce soldiers!” Said Xiangyu seriously. I’ve been dreaming of it!”

“Good! Just based on your words, I will definitely give them all to you!” Chen Xiaobei chuckled. Even though his tone was casual, it exuded a domineering air of having everything under control.

this ... Xiangyu’s expression froze. He could not believe it.

Other than Liu xuanxin, no one else could believe Chen Xiaobei’s words.

“Isn’t Your Majesty’s bragging a little too big? Who doesn’t know that the fire Lion heavy armor guards are powerful, and that they can destroy us with a single charge? If your Majesty were to start a war by force, it would be the same as pushing us into a fire pit!”

“Even if your Majesty is confident in suppressing these five million Fire Lion heavy armor guards, they will definitely not surrender!”

“The Warriors of the fire Lion heavy armor guards are all fierce warriors carefully selected from the fire cloud region. Their loyalty is extremely high! After many years of training, he had become a death warrior who would rather die than betray! His Majesty will never be able to subdue them!”

Obviously, the fire Lion heavy armor guards were famous in the firecloud territory. Although the North Mystic Army was loyal to Chen Xiaobei, they were certain that Chen Xiaobei would never be able to recruit the fire Lion heavy armor guards! There was no suspense at all!

“I know you don’t believe me! Just you wait!”

of course not! Chen Xiaobei smiled. I’m not only going to take in the flaming Lion heavy armor guards, but I’m also going to take in the remaining 10 million or so soldiers in the city!

Chen Xiaobei gave Liu xuanxin a look, and Liu xuanxin immediately returned the gourd to Chen Xiaobei.

Chen Xiaobei took the verdant Emperor’s divine gourd, put on the grimace mask, and returned to Fire Lion City.

.....

The fiery Lion City Lord’s Manor!

No. 8 Luban had summoned all the officials, leaders of the major forces, and elders of the major families to the city.

There were more than 3000 people gathered in the hall, but No. 8 Luban did not say a word. This made everyone very puzzled, but they did not dare to ask any questions. They could only sit down.

Chen Xiaobei did not go to the governor’s residence but went straight to the portal at the center of the city.

Chen Xiaobei waited for a while.

Finally, the teleportation formation lit up, and ning Yuanzhi personally walked out. He passed a storage bracelet over. Your Majesty, the second batch of medicinal herbs you wanted are all in here!

“Alright!”

Chen Xiaobei smiled evilly and said excitedly, “The overall situation has been decided, the fire Lion is mine!”

[Red Envelope Group of the Three Realms](#)

Chapter 2766

2766 Refining pills again

“Your Majesty, how exactly did you plan this? With just this batch of herbs, I can help you take down Fire Lion City?”

Ning Yuanzhi was dumbfounded and extremely shocked!

At first, when Chen Xiaobei took out 300 million upper spiritual stones to gather medicinal herbs, ning Yuanzhi was still puzzled. Why would Chen Xiaobei hoard the same batch of medicinal herbs? This was completely meaningless!

But at this moment, ning Yuanzhi realized that if he could take down Fire Lion City with this batch of herbs, then the 300 million that Chen Xiaobei spent would be worth it! No! It should be said that it was worth it!

As everyone knew, Fire Lion Capital city was the most difficult capital city to break through apart from fire cloud capital city!

In order to build Fire Lion main city into an indestructible giant city and to train a fire Lion Army that was enough to guard a region, Supreme King Fire cloud had invested no less than 30 billion upper spiritual stones in the past few hundred years!

If Chen Xiaobei could really take over with only 300 million, it would be an unbelievable profit!

“There’s no time to explain now. It’s not safe here! If your identity is discovered and spread to e Huo Yuntian’s ears, the entire spirit condensation city will be in trouble!”

Chen Xiaobei took the storage bracelet and said, “Trust me! The news that Fire Lion City had fallen would definitely spread throughout the fire cloud region by today! You just need to go back now, and everything will proceed according to my plan!”

“Yes, sir!”

Ning Yuanzhi pressed down on the big hat on his head and tried his best not to let others see his face. Then, he immediately used the teleportation array and returned to the spirit condensation city!

.....

The first thing Chen Xiaobei did was to go to a place where no one was around. He entered the Meru space and then the verdant Emperor’s divine gourd.

The Sumeru dimension was as small as a speck of dust, and no one would be able to find him. Chen Xiaobei could then carry out his ultimate operation with ease!

That’s right!

Chen Xiaobei was about to start his second large-scale alchemy!

However, this time, he wasn’t going to refine the fire immunity pill, but high-grade heavenly dog food!

The celestial Hound had given Chen Xiaobei the recipe for the high-grade heavenly dog biscuit a long time ago, but the medicinal ingredients were difficult to gather, so Chen Xiaobei did not make it himself often!

This time, Chen Xiaobei had used 300 million Yuan from his own pocket to gather a huge amount of medicinal herbs through ning Yuanzhi! Not only did he have to personally refine high-grade heavenly dog biscuits, but he also had to refine a huge amount of them!

“Whoosh ...”

Chen Xiaobei expanded the heaven and earth furnace to the size of six football fields.

In fact, even without enlarging the heaven and earth smelt, it could still absorb the vast amount of medicinal herbs! However, refining pills was different from refining. He couldn't absorb all the medicinal herbs in one go!

Because the amount of medicinal ingredients was too large, they had to be separated into different regions for pill refining!

That was why Chen Xiaobei had enlarged the heaven and earth furnace to make sure that all the herbs were placed in the specific ratio according to the recipe. There would not be more here and less there, which would ruin the final result of the pill refining!

After the medicinal herbs were placed in place, the following process was much simpler.

With the experience of making the fire immunity pill, Chen Xiaobei was very familiar with the process.

After some time, the temperature and power of the fire in the furnace were adjusted to the best state.

He closed the lid of the heaven and earth smelt and shrunk it before placing it beside the sunlight cache.

“Jia Sheng, continue to activate the sunlight cache. This time, it will take 81 days! When the time comes, I'll personally come and get it!”

Chen Xiaobei then left the verdant Emperor's divine gourd.

After all, Jia Sheng was a mid-stage seven-star earth immortal with a long lifespan of no less than 100000 years. He could completely handle the situation!

.....

After returning to the real world, Chen Xiaobei released e huoyunshan's nascent soul.

Then, under e huoyunshan's lead, they headed straight for the city Lord's mansion's Treasury.

“Chi ...”

After passing through the underground maze, he used a key to open a moving stone door, and a huge treasure vault appeared in front of him!

As one of the eight fire ramparts, Fire Lion main city was the most valued by Supreme King Fire cloud. Every year, they would receive a large amount of funds and resources!

At the same time, e huoyunshan was doing his best to plunder the wealth of the people!

In this way, the resources in this treasure vault could naturally be described as overflowing with oil!

Looking at it directly, just in terms of scale, this Treasury was at least equivalent to the Treasuries of five great axe city!

Taking a closer look, the level of the resources stored within was far higher than the resources in huge axe city's treasure vault!

The number was huge, and the level was high. In total, the value of this treasure vault was at least ten times that of the huge axe city's treasure vault!

Even though Chen Xiaobei had no use for most of the resources, he did not even care about them!

However, Chen Xiaobei was in a very good mood!

That was because an Empire's development and continuation could not be without a strong foundation!

The resources in front of them would obviously be added to the royal city's Treasury and become its Foundation!

With this Foundation, he could sell it for money in the future! They could also be rewarded to meritorious officials to win over their hearts! Or to give it to subordinates worthy of training, making them stronger! Or perhaps, they could be used when the country needed them and build the country better!

Chen Xiaobei was already the king of a country. He would naturally feel good if he had to shoulder the fate of the country and do something that was beneficial to the Empire!

Moreover, in the deepest part of every treasure vault, there would always be a small number of precious treasures that would benefit Chen Xiaobei, and this would also make Chen Xiaobei very happy!

As expected!

After collecting all the normal resources, Chen Xiaobei found five treasure chests that were placed separately!

Without hesitation, Chen Xiaobei walked over and opened the first chest!

There was a storage bracelet in the box.

Without waiting for Chen Xiaobei to check, e huoyunshan's nascent soul immediately said, "Your Majesty, there are one billion upper spiritual stones in this storage bracelet!

one billion?! Chen Xiaobei was shocked. how can you be so rich?!

A normal main city's forces would only be able to find 100 million upper spiritual stones at most. How could Chen Xiaobei not be surprised to find one billion upper spiritual stones?

"Uh ..."

E huoyunshan was a little embarrassed as he said awkwardly, "Actually, I'm not that rich! "It's because we've embezzled a portion of the military expenses of Fire Lion City over the years and tried our best to plunder the people. Only then did we manage to save one billion ..."

"You're really something!"

“Embezzling military expenses is disloyal!” Chen Xiaobei said. Plundering the commoners was unkind! You’re going to fish for a bunch of money from both the top and bottom! He’s simply a beast as greedy as a Wolf and as ruthless as a Tiger!”

yes, yes, yes ... Your Majesty’s lesson is ... e huoyunshan didn’t dare to talk back. He nodded his head like a chicken pecking at rice.

“If you didn’t become my ghostly slave! I’ll definitely destroy your soul!”

Chen Xiaobei was disgusted by people like e huoyunshan, who took his brother’s money and did not give the people a way out!

However, e huoyunshan had already become a ghostly slave and was 100% loyal. All his previous bad habits would be completely changed!

Chen Xiaobei did not bother to scold him anymore. It was more important to continue opening the treasure chest!

Red Envelope Group of the Three Realms

Chapter 2767

2767 Seven treasure crystal Zoysia

Chen Xiaobei then opened the second chest.

There was a crystal-blue Lingzhi that looked like it was carved out of crystal. However, it was actually a seven-star earth-god spiritual herb!

seven treasure crystal Zoysia!?

Chen Xiaobei immediately recognized the spiritual medicine.

“How did Your Majesty recognize such a rare spirit herb?” E huoyunshan asked curiously.

I’m a medical expert. I’ve also studied medicine. I can basically recognize any medicine in the mortal world! Chen Xiaobei said.

“Your Majesty is truly amazing! Omniscient! It was all-knowing! “This servant is impressed ...” E huoyunshan flattered.

“No! I’m not omniscient! On the contrary, I have another question to ask you!”

Chen Xiaobei looked at the seven treasure crystal Zoysia and said, “ “According to the records in the medical books, this kind of seven treasure crystal Zoysia grows in extremely dark and evil places! There might even be accompanying evil ghosts! Is this correct?”

“Your Majesty is right!”

E huoyunshan nodded heavily and said, “I found this seven treasures Crystal Zoysia in an ancient tomb a few hundred years ago!” At that time, there was indeed an evil spirit guarding this precious spiritual herb, but I destroyed it!”

“What level is that evil spirit?” Chen Xiaobei asked.

early-stage seven-star earth-god! “Why are you asking this, Your Majesty?” E huoyunshan asked with a puzzled expression.

“That’s great!”

Chen Xiaobei said excitedly, “the seven treasure crystal Zoysia and the seven-star earth-god evil spirit appeared at the same time. This means that the nine Yin Qi that I’m looking for is in the ancient tomb!

E huoyunshan asked with a blank expression, “Nine Yin killing intent? What was that thing? This servant has never even heard of it!”

nine Yin Qi! Chen Xiaobei said excitedly, “it’s a nine-star earth-god item! It’s something I’ve been looking for!”

After his conversation with Hades, Chen Xiaobei decided to upgrade his netherspirit battlescouter to the peak of earth-god level!

Nine Yin Qi! Netherworld relic! Mithril of the cold day!

These three peak nine-star earth-god items were the core materials necessary for the upgrade!

Chen Xiaobei did not know where to start. He did not expect to find an important clue here!

peak ... Peak nine-star!?

E huoyunshan’s Adam’s apple bobbed a few times as he said resentfully, Your Majesty, I don’t want to pour cold water on you, but that ancient tomb has already been turned upside down by me. There’s no nine Yin Qi at all!

“No! You definitely didn’t find the right spot!”

what? ” Chen Xiaobei asked, “let me ask you, is there a spiritual vein or a huge amount of spiritual Qi in the tomb? ”

“Do you still need to ask? Definitely not! Why would a place where people were buried need spiritual veins and spiritual energy?”

E huoyunshan shook his head decisively and said, “we can build a main city by relying on a small spirit vein!” Even the top ten forces couldn’t afford to build a tomb on a spirit vein! That’s a huge waste!”

Chen Xiaobei asked, “Since there are no spiritual veins or spiritual Qi in the ancient tomb! Why didn’t the seven-star earth-god level evil spirit leave? What good would it do for it to stay there?”

E huoyunshan thought for a moment, then said awkwardly, “You ... Didn’t you just say that? The evil ghost and the seven treasure crystal Zoysia are associated, so they will definitely be together!”

“No! This kind of companionship is only temporary!”

the evil spirit lives with the seven treasures Crystal Zoysia so that it can absorb the cold medicinal Qi from the seven treasures Crystal Zoysia and use its essence to increase its level! Chen Xiaobei said.

“When the evil spirit’s level is the same as the seven treasures Crystal Zoysia, the essence of the seven treasures Crystal Zoysia will no longer be able to bring any benefits to the evil spirit! At that time, the accompanying evil spirit will leave!”

“But now, the seven treasures Crystal Zoysia is useless and there’s no spiritual vein or spiritual energy in the ancient tomb, but the evil ghost still hasn’t left! Do you know why that is?”

.....

this ... e huoyunshan was stunned, and shook his head blankly: “I don’t know ...”

“The answer is that there must be a Yin fiend and evil creature in the ancient tomb that is far stronger than this evil ghost! The evil spirit could absorb the essence of the evil object and continuously become stronger! That’s why it doesn’t want to leave the tomb!”

that’s right! Chen Xiaobei continued to analyze, “this way, we can be sure that the evil thing’s level is much higher than the evil spirit! Secondly, the essence of the evil being can be released, so it’s most likely a gas!”

“The third and most important point! There is only one thing that can produce the seven treasure crystal Zoysia and release its essence!”

Chen Xiaobei was excited. “That is, nine! Yin! Fiend! Qi!”

“Heavens! Your Majesty! You’re simply godly!”

E huoyunshan was immediately filled with admiration for Chen Xiaobei. “You managed to deduce the location of a Supreme treasure with just this little clue! At that time, I brought a few thousand people and dug three feet deep into the ancient tomb. Compared to you, my people and I were all weak!”

“No need to flatter me!”

“After I take care of your big brother E Huo Yuntian, I will go to this ancient tomb and explore it again!” You should calm down these few days and recall the situation when you explored the ancient tomb!”

“Yes, sir!” E Huo Yunshan nodded heavily.

“As for this seven treasure crystal Zoysia, it’s not of much use to me! However, it’s better to keep it for now. After all, it’s a rare item, and it would be a pity to refine it!”

Chen Xiaobei kept the seven treasure crystal Zoysia and smiled, “I’ll go to the Dongsheng Chamber of Commerce later. Maybe I can sell it at a sky-high price!”

There were 1.16 billion superior-grade spiritual stones in Chen Xiaobei’s vault. That was a lot!

However, when he thought about how he would have to support the entire firecloud domain’s expenses in the future, Chen Xiaobei had to plan carefully and not let go of any opportunity to make money!

Chen Xiaobei then opened the third chest.

There was an arrow made of white bone in it!

It was extremely rare to make an arrow out of a white bone. Furthermore, there were dense and strange characters carved on the bone arrow, making it even more mysterious!

“Your Majesty, you must be very curious about the origin of this arrow, right?”

“I’m not bragging!” E huoyunshan proudly said. It was impossible for an ordinary person to have seen such a bone arrow! He didn’t even have the chance to hear about it! I won’t tell anyone but you, Your Majesty! The arrow is ...”

“It’s an item from the evil bone demon race!” Chen Xiaobei was the first to see where the arrow came from!

how ... How is this possible?! E huoyunshan was dumbstruck, he simply couldn’t believe his ears: “Your Majesty! How ... How do you know about the evil bone demon race?”

Chen Xiaobei said, “I know of the evil bone demon race! I’ve even fought with tens of thousands of evil bone Berserker ghosts! I even have the skull of an evil bone Berserker!”

E huoyunshan was dumbstruck and shocked to the extreme!

[Red Envelope Group of the Three Realms](#)

Chapter 2768: shocking discovery

“Oh, my Majesty! You must be joking with me! You’ve fought with tens of thousands of evil bone Berserkers? How could he still be alive?”

E huoyunshan’s eyes and mouth were wide open. He looked at Chen Xiaobei as if he had just seen a ghost.

“Joking? Are you even qualified to joke with me?”

“I did run into 10000 evil bone ghosts in the spirit congealing immortal abode!” Chen Xiaobei said. I killed one of them and then faced the remaining nine thousand nine hundred and ninety-nine!”

we were in an independent space. The area was too small, and the power of the confrontation was too great. It forcibly tore open a crack in space. I was swept to a different place with those evil ghosts, so I survived!

Clearly, Chen Xiaobei was not joking. Every single word he said was the same thing that had happened in the spirit congealing immortal abode!

Chen Xiaobei had always wanted to go to the endless Dead Sea and capture all 9999 evil bone ghosts. He wanted to turn them into his ghost slaves and form a whole new army of evil ghosts!

Your Majesty ... e huoyunshan carefully asked, “that ... That skull of an evil bone Berserker, can you let me see it?”

“We’ll see!” Chen Xiaobei felt that e huoyunshan knew something, so he took out the skull.

The outline of the skull was like a human head, but it had sharp fangs!

It even had bull-like horns on its head!

Its lower jaw was covered with sharp and exaggerated blood-colored bone spikes!

The main point was that the skull exuded a fierce and threatening pressure from the inside out, as if it was a demonic object with a chilling evil aura!

“That’s right! That’s right! This is the skull of an evil bone Berserker!” “I really didn’t expect that the thing I’ve been investigating all this time would actually be in His Majesty’s hands!” E huoyunshan said with excitement.

“You’ve been investigating this?” what? ” Chen Xiaobei frowned. why are you investigating the evil bone demons? ”

“Your Majesty, please take out the tiansha demonic banner!” E huoyunshan said.

“Heaven-killing demonic armor? Does this thing have anything to do with the evil bone demon race?” Chen Xiaobei took out a dark blue Skull.

This thing was originally the most precious treasure of Fire Lion City. It was a late-stage seven-star earth-god instrument and the strongest trump card of e huoyunshan.

However, since e huoyunshan had been subdued by Chen Xiaobei, the banner had naturally fallen into Chen Xiaobei’s hands!

E huoyunshan didn’t explain and directly said, Your Majesty, please use your spirit to communicate with the tiansha demonic armor, activate your special ability, and bless the skull of the rotten bone Berserker!

“Alright!” Chen Xiaobei did as he was told.

After all, e huoyunshan was already a ghost slave. He would not harm Chen Xiaobei. There was nothing to worry about!

“Whoosh!”

With a thought, the banner flew out of Chen Xiaobei’s hand and hovered in the air!

“Whoosh ...”

Then, an extremely strong wave of Yin Qi gushed out from the heaven evil demonic banner!

Soon, the demonic Qi took the form of a body, arms, legs, and finally a tall and strong demonic shadow with the armor as the head!

The dark blue Skull and the dark gray demonic Qi body were a very strange combination. They didn’t seem to be in harmony!

“Whoosh ...”

However, at this moment, the specter suddenly stretched out its arms and solemnly picked up the skull of the rotten bone Berserker!

It was as if he was wearing a crown, placing the huge skull on the tiansha demonic armor!

What was even more amazing was that the heaven-killing demonic armor and this skull seemed to be a match made in heaven. The moment he put it on, the heaven-killing demonic armor was completely embedded into the skull. It was seamless and inseparable, and they had fused into one!

Gradually, the originally white skull turned into the same blue color as the tiansha demonic armor. Like a Jade, it was bright and full of vitality!

“What ... What is going on?” It was Chen Xiaobei’s turn to be surprised.

“Your Majesty!”

E huoyunshan quickly explained, “my heaven bane demonic banner was originally a treasure that belonged to the king of the evil bone demon race!” The skull you brought is the skull of the evil bone Demon King!”

I don’t understand ... Chen Xiaobei shook his head. “How can a magic treasure and a skull be fused together so seamlessly?”

“Your Majesty still doesn’t know?”

“The evil bone demon race’s greatest special ability and advantage is that their bone armor can be refined into demonic artifacts!” E huoyunshan said.

“In other words, my skyfiend demonic armor was originally the skull of the evil bone Demon King! It absorbed blood essence, spiritual energy, vitality, and demonic energy from its own body ... After tens of millions of years of nurturing, it finally became a magic treasure!”

.....

“What?”

Chen Xiaobei was shocked. “Refining the bone banner into a magic weapon in one’s own body? This ... How was this possible? It doesn’t make any sense ...”

“The world is so big, and there are all kinds of strange things! In particular, the strange things that happened to the demon race can’t be measured with common sense!”

“Take a look at the bone arrow in the third chest. It’s actually a bone spike from the rotten bone Berserker!” E huoyunshan said.

“As long as the power of this bone spike is activated, the rotten bone Berserker can shoot out thousands of true essence arrows with a wave of his hand! Its destructive power is far more tyrannical than its own combat strength!”

“According to my investigation, the strongest rotten bone Warriors can refine every piece of bone armor on their body into magical equipment! He can activate the power of a powerful magical treasure with just a raise of his hand!”

“His entire body is like a walking military warehouse! Nothing could be seen on the surface, but there were hundreds of Dharma Treasures hidden all over his body! One can imagine how powerful he is!”

.....

“Oh my God!”

Chen Xiaobei was shocked, refining my own bone armor into a magical treasure and hiding it in my body! He could activate the power of hundreds of Dharma Treasures with just a raise of his hand! Just thinking about it makes my scalp go numb!”

“From what I know, the strongest evil Bone Warrior is that evil bone Demon King! He’s the only one who can refine the same bone insect into two different magic treasures!”

“This tiansha demonic banner is the inner half of the Demon King’s Head, and the skull that Your Majesty took out is the outer half!” E huoyunshan continued.

“In other words, these two things were originally the same head! They were only refined by the evil bones Demon King into two magic treasures!”

.....

“What the f * ck! This is too heaven-defying!” Chen Xiaobei frowned, ‘I’ve always been the one to change people’s views! However, this time, my three views have been completely refreshed!”

E huoyunshan nodded and said, “the matters of the demon race can’t be measured with common sense. When I first started investigating, my worldview was refreshed almost every day!” I gradually got used to it!”

“Let’s not talk about those useless things!”

Oh! Chen Xiaobei said, “ since these are two magical items, there will definitely be new changes after they are combined!

E huoyunshan nodded heavily and said, “that’s right!” Let’s try communicating with your spirituality!”

[Red Envelope Group of the Three Realms](#)

Chapter 2769: rotten bones disaster

“Chi ...”

Chen Xiaobei immediately initiated the spiritual communication.

With a spiritual fluctuation, the entire Demon King’s Head glowed with a blood-red spiritual light.

In the spiritual light, rows of demon race words appeared.

“Nothing has changed ...”

I can feel it! Chen Xiaobei frowned. I can feel that the combined power of the two items is still at the late-stage seven-star earth-god Realm!

“How can this be no change?” E huoyunshan said with great excitement, “These demon words contain extremely important information! It’s extremely important to us!”

“Important information?” Chen Xiaobei quickly asked, “ “Can you understand the contents of these words?”

In fact, even if the two magical items were not combined, these words could still be activated. It was just that Chen Xiaobei could not understand the contents of the words at first. He wanted to wait until he found Rahu before he could decipher the secret!

"I've been studying the evil bone demon race for several hundred years, and I can't say that I'm proficient in their language, but I can still roughly understand what they're saying!" E huoyunshan nodded.

"This is great!" Chen Xiaobei was excited and said, "Quickly take a look, what is written inside?"

"Yes, sir!"

E huoyunshan calmed his mind and immediately began to carefully read the contents of those words.

Everyone in the fire cloud region knew that e huoyunshan was both brave and smart. Not only was his cultivation high, but he was also very smart.

It seemed that Chen Xiaobei had made the wisest choice by taking in e huoyunshan as his slave!

If Chen Xiaobei had killed e huoyunshan, this important clue would be completely cut off!

Of course, this was also related to Chen Xiaobei's soaring luck! If they were unlucky, things might not go so smoothly!

"Your Majesty, I think I understand ..."

After some time, e huoyunshan retracted his gaze and said with a heavy expression, "These words recorded a crazy disaster ..."

"Speak! Tell me in detail!" Chen Xiaobei was all ears.

"Tens of millions of years ago! The evil bone demon race had suffered a great calamity! The entire clan, regardless of gender or age, was exterminated by the enemy!"

"After the battle, the enemy dismembered all the corpses of the evil bone demons and dug out the bone daggers from the flesh piece by piece!" E huoyunshan said with a deep voice.

"Whether it's the elderly or the babies, none of them were spared! Just like that, not only were the entire evil bone demon race exterminated, but they were also reduced to a tragic state where they died without even a complete corpse!"

"The evil bones Demon King knew that his soul would be destroyed by his enemy! Therefore, before he died, he used his true essence to imprint these contents into his skull! Let our descendants take revenge for him!"

.....

"I see!"

that's right! Chen Xiaobei finally understood. in that disaster, a portion of the evil bone demons 'souls survived. These souls did not want to fall into hell, so they turned into evil spirits and continued to live in this world!

“That’s right!” “The tens of thousands of evil ghosts that Your Majesty saw earlier were formed from the souls that escaped from that disaster!” E huoyunshan nodded heavily.

“This is strange!”

evil spirits are different from Yin spirits because their consciousness has been completely taken over by the evil spirit! Chen Xiaobei said.

“Evil spirits will only do evil in the human world and take revenge on the world! They would not remember the true hatred they had when they were alive! Even if they see these words, they will not take revenge!”

what? ” Chen Xiaobei asked. doesn’t that mean that the evil bone Demon King’s efforts have all been in vain? ”

E huoyunshan shook his head, “no!” These words were not written for evil ghosts! It’s written for an outsider like your Majesty!”

“For outsiders to see?” Chen Xiaobei was even more confused, ‘let an outsider help the evil bone demons get revenge? How is this possible?’

“With such a huge reward, there will definitely be brave men!”

“The nefarious bone Demon King promised in his words that whoever avenged his entire clan would be able to obtain the key to the Emyrean demon Treasury!” E huoyunshan explained.

“The heavenly demonic treasure house? What’s that?” Chen Xiaobei asked.

heavenly demons are demons at the heaven immortal level! “The heavenly demon Treasury is a heaven immortal level Treasury!” E huoyunshan said.

“What a big boast!” “The evil bone Demon King is already dead. How do we know if someone else has avenged him or not?” How could he give the key to the person who wanted to take revenge? Isn’t this nonsense?”

“No, no, no! Your Majesty, let me finish!”

E huoyunshan continued, “the text says that as long as the blood essence of the enemy is sacrificed to these two skulls, another paragraph of text will be activated. It will contain the specific method to find and open the heavenly demonic treasure house!”

what? ” Chen Xiaobei asked, “ how would I know who their enemy is? ”

E huoyunshan explained, “the text says that the evil bones Demon King risked his life to bite the enemy’s leader, and the enemy’s blood has already been branded into these two skulls!” As long as the blood of the sacrifice and the blood of the brand are fused, it will prove that the enemy is dead and the great revenge has been taken!”

“You mean, I have to find out who the murderer is by myself?” Chen Xiaobei frowned and said, “ ‘I’ve never seen anyone ask for help like this!’

“No! The murderer’s name was in the text! I think he’s called Xu Fu ...” E huoyunshan said.

Xu Fu!? Chen Xiaobei was even more shocked.

Plotting to murder Ying Zheng! Chase and kill Bai Qi! He killed fairy spirit condensation! Massacring the four Xiang royal cities! Exterminate the Xiu clan of the human world!

All of these things were closely related to Xu Fu!

The more he knew, the more he investigated, and the more Chen Xiaobei felt that Xu Fu was not a good person. He was an animal! It was a demon!

This guy didn't even let the demons off!

He had slaughtered the entire rotten bones Tribe, and even the bones of the elderly and infants had to be dug out from their flesh! It was simply insane! It was completely inhumane!

This made Chen Xiaobei even more determined to get rid of Xu Fu in the future!

Getting rid of Xu Fu was the same as getting rid of the devil! It was equivalent to carrying out the Heaven's Will!

"Your Majesty, don't get too excited!"

"Even though the nefarious bone Demon King's words are very convincing, it's still not enough!" But in the end, we're not sure if there's really an otherworldly demon's treasure house! If there's nothing in the end, our efforts will be in vain! At that time, we won't even be able to find a place to reason with them!"

E huoyunshan wasn't stupid. He wouldn't risk his life to avenge the evil bone demon race just because of a few lines of words!

"No!"

no! Chen Xiaobei said, " even without the demonic treasure house, I will still kill Xu Fu!

this ... e huoyunshan was stunned. He could not figure out what Chen Xiaobei was thinking.

"No need to doubt! I'm serious!"

Chen Xiaobei put away the head and said, " "Let's look at the last two treasure chests!"

[Red Envelope Group of the Three Realms](#)

Chapter 2770: price manipulation

Before he opened the fourth chest, Chen Xiaobei picked up the bone arrow.

"Can these bone arrows still be used normally?" Chen Xiaobei asked.

"Of course you can!"

"This bone arrow is already a magical treasure. Even if it's extracted from the evil bone demon's body, it can still be used normally and unleash the power of an early Seven Star earth immortal!" E huoyunshan said.

"A seven-star earth-god instrument?"

Chen Xiaobei asked, "Why don't you use a magic treasure of this level? Instead, it's hidden in the Treasury?"

"I'm just afraid of revealing the secret." "The world is so big, so if I'm investigating the evil bone demon race, it's only natural that there are others doing the same! What if I encounter someone more ruthless than me? wouldn't I be in trouble then?"

"Hmm, you're not stupid after all!"

"But have you ever thought about this?" Why would the most important treasure, the Demon King's Head, be left outside? Yet, it was not in Xu Fu's hands? Also, why are these bone arrows and similar magic treasures scattered around and found and investigated by others?"

this ... e huoyunshan thought for a moment and said: "Tens of millions of years have passed, and everything is unpredictable! I can't think of the specific reason, maybe we can find out the answer later ..."

"Forget it, let's continue to open the treasure chest!" Chen Xiaobei shrugged and kept the bone arrow.

Then, the fourth chest was opened, and there was a piece of metal inside. It looked ordinary, but it was emitting a strong spiritual fluctuation!

"What is this?" Chen Xiaobei was not very good at refining weapons, so he could not recognize many of the rare materials.

this is a piece of extraterrestrial dark stone. Through a special method, it can be refined into eight-star earth-god level heavenly dark golden iron!

"However, only the best blacksmithing grandmasters know the refining method! I don't know any top-notch blacksmithing Masters, so I've kept it in the Treasury!"

then I have no choice. I don't know how to refine ores, so I'll just keep it for now. We'll talk about it later ... Chen Xiaobei shrugged and kept the ethereal dark stone.

Chen Xiaobei then opened the fifth chest.

There was an orange pill in the box. It was shining with spiritual light and had a strong spiritual nature. If one didn't know, they would think that it was an orange night Pearl.

E huoyunshan took the initiative to introduce, "this is the 'primordial spirit rejuvenating pill', a peak Seven Star earth immortal pill!" As long as one's physical body did not exceed this level, no matter how heavy the injury, it could be completely healed! The weaker the body, the faster the healing!"

"Oh, this is a good life-saving item!" Chen Xiaobei grinned and kept the pill.

At this point, Fire Lion city's core Treasury could be considered to have been completely plundered. The ordinary resources were naturally all pumped into the National Treasury! Of course, Chen Xiaobei wanted to keep the last few good things for himself, for he would need them in the future!

"Let's go!"

Chen Xiaobei raised his eyebrows and smiled. I've already taken the Treasury. Next, I'll go and take in all the soldiers in this city!

how ... How is this possible?!

"Your Majesty, don't think of this matter as simple!" E huoyunshan hastily reminded. Fire Lion City was the core of the eight fiery ramparts! From those in power to ordinary soldiers, they are all loyal to fire cloud capital city and will not easily surrender to you!"

of course I know that! They won't surrender so easily! But, didn't I prepare some delicious dog food for them? "

"A dog? Dog food?" E huoyunshan was dumbfounded. He had no idea what Chen Xiaobei was talking about.

Without explaining, Chen Xiaobei took out the heaven and earth furnace from the verdant Emperor's divine gourd.

In the time it took to search the treasure house, this furnace of high-grade heavenly dog food had been successfully refined!

After communicating with his spiritual energy, Chen Xiaobei transferred all the high-grade heavenly dog biscuit into his infinite space ring and counted them carefully!

"Very good! You didn't let me down! One batch of pills produced three million pills!"

Chen Xiaobei grinned. He was very satisfied with the results of his second attempt.

"300 pills per batch? Ten thousand?" E huoyunshan was even more confused, and even suspected that he had misheard.

"Right! It's three million!"

Chen Xiaobei raised his brows and smiled evilly. no matter how loyal they are to fire cloud capital city, as long as they eat my dog food, they will turn 100% loyal to me, and they will never betray me!

"Are these three million pills the dog food you were talking about?"

E huoyunshan's expression froze,"Your Majesty, even if your dog food is useful, the amount is far from enough!" That's because, other than the three million Fire Lion heavy-armored guards that followed the Army of firecloud, there are still seventeen million Warriors left in the city!"

"Don't worry! I naturally have a way to provide enough dog food!" Chen Xiaobei then activated the merit points ledger.

I want to exchange for high-grade heavenly dog food! Chen Xiaobei said in his heart.

[Suan ni high-grade heavenly dog biscuit: 1000 merit points for one!]

Please select the exchange amount!

"What the f * ck! My plan has succeeded! Originally, one high-grade heavenly dog biscuit costs 100000 merit points. Now, it's only 1000 merit points!"

“According to what Hades said, the exchange price is proportional to the rarity of the item!” The rarer the item, the higher the exchange price! The more common an item is, the lower the exchange price!”

“Because I’ve refined three million high-grade heavenly dog biscuits! Therefore, the rarity of such an item in the human world was greatly reduced! Correspondingly, the exchange price will also be greatly reduced!”

“This way, as long as I continue to reduce the rarity of high-grade heavenly dog biscuit, I can make the exchange price drop again and again! Until it reaches its lowest point!”

Chen Xiaobei thought to himself, “I want to exchange for a million crystals!”

[Suan ni required: 1000000]

The Kasaya has been successfully exchanged for merit points. One billion three realms merit points have been deducted!

Yingying’s current merit points are 6.6155 billion (charm: 661.55 million, luck: 661.55 million!

“I want to continue exchanging!” Chen Xiaobei continued.

[Suan ni high-grade heavenly dog biscuit: 10 merit points for one!]

Please select the exchange amount!

“What the f * ck! As expected, the lower the rarity, the lower the price! In the beginning, it took three million pills to lower the price by a hundred times! This time, it’s just one million pills, and the price has dropped by a hundred times!”

“I’m going to exchange for another 50000 of them!” Chen Xiaobei said excitedly. I should be able to lower the exchange price to the lowest!”

[Suan ni required: 50000]

You have successfully redeemed your merit points. 500000 merit points have been deducted!

Yingying’s current merit points are 6.615 billion (charm: 661.5 million, luck: 661.5 million!

“Done! Now, let me see the lowest price for high-grade heavenly dog biscuit!”

Chen Xiaobei’s eyes were filled with anticipation and excitement.”Continue exchanging!”
