#### Chapter 2781: nine heaven-sealing locks

How should he fight?

Chen Xiaobei's question stumped everyone in the hall!

Xiang Yu, Ying Zheng, and the nine Grand shamans all fell silent.

E huoyunjiang and the hundreds of high-level civil officials in huoyun capital city, Wu Qiang, were all speechless.

E huoyunshan and the other twenty ghostly slaves were also at a loss. They had no idea what to do.

This question was now back to Chen Xiaobei!

It was all up to Chen Xiaobei to overcome this super difficult obstacle!

"I don't have the confidence to win for the time being ..."

brother Yu! Brother Ying Zheng! Chen Xiaobei said, "continue to lead all the soldiers in the city to participate in the battle formation! Also, deploy all the troops to the west side of the city!"

"Yes, sir!" Xiang Yu and Ying Zheng accepted the order and left.

alright! Chen Xiaobei thought for a moment and said, "the rest of you, go back to your posts and comfort the people. Keep the peace! We can't have any internal problems!"

"Yes, sir!" The officials and generals all retreated.

Chen Xiaobei kept all the ghostly slaves except for e huoyunshan and said, "E Huo yunjiang, you also stay behind!"

.....

After that, Chen Xiaobei brought the ghost slave e huoyunshan and the loyal dog e huoyunjiang to Supreme King Huo Yun's personal Palace.

Your Majesty, are you planning to open the fire cloud Treasury?" E Huo yunjiang asked.

"That's right!"

yes! Chen Xiaobei nodded and said, "there are too many variables in this battle. I want to see if there are any treasures in the Treasury that I can use! I've been very lucky recently, and I might be able to find some key to break out of this situation!"

"That being said, it's harder than ascending to heaven to open the National Treasury!" E huoyunshan said in a deep voice.

"Yup ..."

E Huo yunjiang nodded and said helplessly, "E Huo Yuntian views the Treasury as more important than his life! He doesn't even have absolute trust in us, his own brothers! He never told us how to open the Treasury!"

"Let's go in and take a look first!" it's just a sealing formation! I might be able to break it! Chen Xiaobei said.

it's not that simple ... Your Majesty, you'll understand once you see it for yourself ... e Huo yunjiang and e Huo Yunshan helplessly sighed.

They entered the palace.

E Huo yunjiang directly walked to the side of the bed and turned an unassuming flower vase rhythmically. He turned it more than ten times before he successfully unlocked it!

"Chi ..."

Then, a stone door opened on the wall, and behind it was a long and dark passage.

After going a few thousand meters into the tunnel, he finally saw a ball of red spiritual light floating in the air.

This ball of red spiritual light had a radius of one meter and was firmly bound by nine metal chains.

"Your Majesty! The fire cloud Treasury was hidden in a tiny Meru space! And that Meru space is right in the nine sky sealing lock great formation before us!"

E Huo yunjiang explained, "Your Majesty should be able to sense that this" nine heaven sealing lock war "is a heaven immortal level sealing formation! Although the scale was not large, its defensive power was extremely strong! Even if it's the same level of power, it won't be able to break through!"

this seal? " Chen Xiaobei frowned. that means that even a sky immortal of the same level can't do anything to this seal? "

"That's right! Your Majesty, please look at the nine chains! They are all one-star heaven immortal grade metals, heaven suppressing Black Gold!"

E huoyunshan said with a serious expression, "These chains aren't magic treasures, and they don't have the power of a celestial immortal! However, there were runes carved by the ancient Immortals on it! The defensive power of the sealing formation and the heaven suppressing dark gold is enough to resist the power of an ordinary one-star heaven immortal!"

"I see!"

Chen Xiaobei said, " "E Huo Yuntian is simply a miser who values money as much as his life! Such a powerful array was only used to guard the National Treasury! It's simply a waste of talent!"

E Huo yunjiang nodded and said, "e Huo Yuntian is indeed greedy for money. He views the National Treasury as more important than his own life!" Otherwise, if I bring this array with me, it can be a life-saving talisman at a critical moment!"

E huoyunshan shook his head and said, "but then again, if we want to activate this formation, we'll need the spiritual Qi of a large spiritual vein!" Even if e Huo Yuntian brought it with him, he couldn't use it as he wished! It's better to use it to guard the National Treasury!"

"Spirit vein?"

what if I cut off the connection between the nine sky sealing spell and the spiritual vein beneath fire cloud Kingdom? then, I'll find a way to exhaust all the spiritual Qi it has. Wouldn't I be able to break the formation then? "

uh ... e huoyunjiang and e huoyunshan were both stunned. They said awkwardly: in theory, Your Majesty can break the array by doing this ... But in fact, Your Majesty can't exhaust the spiritual energy inside this great array!

"You're all so stupid!"

Chen Xiaobei's lips curled into a devilish smile. "Isn't the" heavenly evil fire cloud formation "the key to breaking the formation?"

this ... e huoyunjiang and e huoyunshan were instantly shocked. They swallowed their saliva and said, "Your Majesty, are you planning to use the heavenly evil fire to slowly wear down the power of the nine sky sealing lock great formation and thus exhaust its spiritual energy?"

"Nonsense! Isn't this a ready-made good method!"

of course not! Chen Xiaobei laughed. as long as I can get all the guards of the eight fiery ramparts here! With hundreds of millions of people forming the formation, the "great evil fire cloud formation" would definitely be able to display the power of a one star heaven immortal! This way, the nine sky sealing lock great array could be successfully broken! The fire cloud Treasury will be mine!"

"Your Majesty! Don't be too happy yet!"

E Huo yunjiang said in a deep voice, "this" heavenly evil fire cloud formation "was actually found by fiery King from the White Wolf divine ruin!" We have to use the Dharma Treasure left behind by Sir God White Wolf to suppress the core of the array. Only then can we activate the maximum power of a one-star heaven immortal!"

"Yup ..."

E Huo Yunshan nodded and said, " Sir God White Wolf left behind a total of twelve magic treasures. Most of them were lost when fiery King was going through his tribulation. Currently, we only know the whereabouts of the fire-stabilizing divine saber in e Huo Yuntian's hands and the Yan Huo Warblade in White Wolf capital city!

"Ha, you two are so funny!" I ... Chen Xiaobei was amused. e Huo Yuntian is just a fake reincarnation of fiery King. I, Chen Zhufeng, am the real successor of fiery King!

"What? This ... How is this possible?" E huoyunjiang and e huoyunshan couldn't believe it.

"Don't you guys know yet?"

of course! Chen Xiaobei grinned and said, " I've already taken control of the Hellfire Warblade and conquered the White Wolf City! If I'm not the inheritor of fiery King, how can I do these two things?"

"Heavens ..." E huoyunjiang and e huoyunshan sucked in a breath of cold air, and were extremely shocked. we only know that you've taken down the eight fiery ramparts, but we didn't know that you've also taken down the White Wolf capital city!

"You guys don't doubt me now, do you?" Chen Xiaobei laughed. The fire cloud Treasury is already mine!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2782: breaking the array and entering the warehouse**

After sorting out the whole thing, Chen Xiaobei immediately got to work!

E huoyunjiang would cut off the spiritual energy supply of the underground spiritual vein of the royal city to the nine sky sealing lock formation! E huoyunjiang was in charge of the capital, so the control of the spirit vein was naturally in his hands. He just needed to loosen his grip!

At the same time, Chen Xiaobei personally went to pick up the soldiers of the eight fiery ramparts!

One had to know that other than Fire Lion City, the other seven cities of the eight strongholds each had 15 million soldiers! A total of 105 million!

If they were to March or line up to pass through the teleportation portal, it would take them at least one or two days, or at most three to five days, to reach fire cloud capital city!

To save time, Chen Xiaobei took the verdant Emperor's divine gourd and went to the seven main cities through the portal!

In just a few hours, he had brought all the Warriors back to fire cloud capital city!

After that, Chen Xiaobei spent another three days personally teaching all the soldiers how to set up the flaming Cloud heavenly evil formation with ghost slave fande Tong and nine Tiger General.

He also led all the soldiers to practice repeatedly to ensure that there were no mistakes!

.....

Hence! On the morning of the fourth day, a Grand operation to break the formation had officially begun around fire cloud Palace!

A total of 160 million soldiers had surrounded the entire Palace, making it impossible for even a drop of water to escape!

Of course, these soldiers did not surround the palace randomly. They formed the 'Flaming Cloud heavenly evil battle formation' in an orderly manner, and under Chen Xiaobei's command, they slowly unleashed their power!

There was no doubt that an ordinary person would not be able to think of such an operation. Even if they could think of it, they would definitely not dare to do it!

After all, the [ Flaming Cloud heavenly evil battle formation ] was a divine immortal level existence! If he were to impart it to so many people at once, the secret would easily be leaked out!

In addition, with so many soldiers, if a portion of them had any disloyalty, they could use this battle formation to bite back and bring great trouble to the people who set up the formation!

What was even more dangerous was that with so many soldiers, if they made any mistakes and caused an unknown change in the battle formation, it was very likely that when they broke the formation, the Meru dimension and the entire Treasury would be destroyed!

Don't forget, this was the power of a divine fairy! No one could guarantee that it would be foolproof!

Because of this, let alone ordinary people, even the Huo Yuntian would not dare to take such a risk!

Of course! Chen Xiaobei was not an ordinary person!

Other than the 900000 soldiers from the Jiuli division and the 3 million Warriors with the huge axes, the rest of the 160 million people had all eaten the advanced heavenly court before and would listen to Chen Xiaobei's every command!

They would never reveal the secret! He wouldn't have any disloyal thoughts! And he wouldn't be distracted or make a mistake while forming the formation!

Because of this, there were no hidden dangers or variables in this massive operation!

The final result would be just as Chen Xiaobei had wished-success!

"Heavenly evil flame!"

Chen Xiaobei stood in the middle of the formation, holding the Hellfire Warblade high, like an Emperor giving orders!

As soon as he finished speaking, a blazing pillar of fire suddenly descended from the vast sea of fire that enveloped the entire capital!

As if there was a needle and thread guiding it, the pillar of fire accurately landed in a large pit on the ground!

This huge pit was several hundred meters deep and had been dug in advance. The nine sky sealing lock great array was hidden at the bottom of this huge pit!

"Whoosh ..."

The heavenly evil fire descended. With the power of a one-star earth-god, the burning special ability began to take effect, slowly eroding the power of the nine sky sealing lock formation!

Because the connection to the spiritual vein had been cut off, the formation could no longer obtain spiritual energy. Its power was constantly being worn down, but it could not be replenished at all!

Finally, as time passed, all the spiritual Qi in the formation was converted into sealed true energy, which was completely consumed by the heavenly evil fire! When the spiritual Qi was completely exhausted, the array would lose its effect!

“Stop!”

Chen Xiaobei waved the Hellfire Warblade again, and the 160 million people stopped channeling their ethereal force as if they had heard an imperial edict!

In an instant, the [ heavenly evil fire cloud battle formation ] returned to calmness, and the flames of heavenly evil were extinguished!

“BOOM! BOOM! Boom ...”

In the next moment, the nine intertwining chains that sealed the Scarlet light fell to the ground as if they had lost their support!

Although the nine chains were only as thick as an ordinary person’s arm, each of them weighed tens of thousands of pounds. When they fell to the ground, they even caused a small-scale earthquake!

One could only imagine how terrifying this heaven immortal-grade material called heaven suppressing Black Gold was!

If he could forge these nine chains into a magical treasure, the power would be so great that his scalp would go numb just thinking about it!

“Chi ...”

Of course, Chen Xiaobei would not miss out on something as good as this. He put it into his infinite space ring as it would be of great use in the future!

“Whoosh ...”

The shackles disappeared, and the fiery red spiritual light also gradually dissipated!

Chen Xiaobei looked carefully and finally found a spiritual object that was as small as a speck of dust in the air!

That’s right! This small ‘dust’ was an independent space!

And that fire cloud Treasury, which e Huo Yuntian regarded as more important than his life, was completely hidden in this Meru space!

“” Merit record “!”

I want to exchange for a spirit Slayer talisman! Chen Xiaobei said.

[ Kasaya exchange Quantity: 1 ]

[ Tao Wu has successfully exchanged for merit points. 70 million merit points have been deducted! ]

Yingying’s current merit points are 6.33 billion (charm: [ 63.3 million, luck points: 63.3 million ]

It was obvious that the owner of this space was e Huo Yuntian!

If Chen Xiaobei wanted to open it, he would have to cut off e Huo Yuntian’s spiritual connection with this space!

“Clang”

Chen Xiaobei’s mind moved, and the talisman started to burn on its own!

In the fire, a sharp sword cry was heard, and a bright spiritual light like sword Qi bloomed!

The spirit light slashed toward the Meru space and instantly cut off all the spiritual gossamers inside and outside the space!

In this way, the Meru space in front of him was no longer related to e Huo Yuntian, and had completely become an ownerless object!

“Done!”

Chen Xiaobei immediately established a spiritual connection with the Meru space and became its new master!

Then, all the soldiers retreated to the West Gate in an orderly manner to continue the defense.

Chen Xiaobei brought the loyal dog e huoyunjiang and the ghost slave e huoyunshan into the Meru space!

.....

This space was very large, almost three times the size of the spirit condensing space and the poison immortal space combined!

As soon as he entered, Chen Xiaobei was dazzled by the sight of the jewelry!

Different from the previous treasure vaults, the scale of this treasure vault could only be considered a small-scale treasure vault, and the amount of resources it contained was not much!

More importantly, there was not a single treasure chest in this treasure vault!

.....

This was because every item hidden here was a priceless treasure!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2783: bronze chest**

With a quick glance, he found that the lowest level of items in the treasure vault had already reached the level of a five-star earth-god!

Metals, gems, medicinal herbs, animal skins, and bones. There were hundreds of such raw materials!

There were about 100 cultivation techniques, Dharma Treasures, and elixirs!

“Reporting to Your Majesty, I’ve already counted all the raw materials!”

“There’s a total of 100 5-star earth-god items here!” E Huo yunjiang said in a deep voice. Fifty six-star items! Ten seven-star items! An eight-Star One! They’re all very rare items, and their total value is no less than 1.5 billion upper spiritual stones!”

“Your Majesty, I’ve finished counting all the finished products!”

E huoyunshan continued, “ten pieces of five stars, three pieces of six stars, and one piece of seven stars. The total value is no less than ten billion upper spiritual stones!”

what the hell!?

“161 raw materials are only worth 1.5 billion!” Chen Xiaobei said. A mere 14 finished products were worth 10 billion? What’s going on?”

“The reason is simple!”

E Huo yunjiang explained, “the raw materials have not been refined, and they don’t have any special abilities or power! Therefore, we can only calculate the initial value!”

however, the finished product must be refined by a weapon refinement master or an Alchemist. Not only does it consume a large amount of raw materials, but it also takes a huge risk of failure. Only after the final refinement is successful can the power or medicinal effect be stimulated!

“Because of this, the price of the finished product is almost ten times the price of the raw materials! This is the publicly acknowledged valuation method in the entire earth-god Realm!”

.....

“Understood!” Chen Xiaobei nodded in agreement.

“The huge difference in value between the finished product and the raw material also reflects the importance of blacksmiths and alchemists from another perspective!” E Huo yunjiang said.

the number of blacksmiths and alchemists is really too small, and the number of grandmasters is even fewer. Therefore, the annual output of finished products is naturally quite small, and the price is naturally more expensive!

.....

“That’s right! Alchemists and blacksmiths could turn something rotten into something magical! Turning ordinary into extraordinary! No matter where he is, he will definitely have an extremely high status and be admired by the world!”

E huoyunshan paused and sighed, it’s a pity that we can’t find any decent alchemists or artifact refiners in the fire cloud region. The rare treasures in this treasure vault can only be used to their full potential by selling them!

“Yup!” E Huo yunjiang nodded and said, “His Majesty is going to exempt the entire fire cloud region from taxes, so we’ll need a huge amount of spirit stones to support the huge expenses of this region!” It’s a good idea to sell these things!”

“Who said I’m going to sell it?”

Chen Xiaobei narrowed his eyes and scanned the resources in the vault. “I know how to forge weapons and refine pills! The raw materials here were extremely rare! Normally, even if you have spirit stones in your hands, you can’t buy them in the market!”

“Your Majesty, what do you mean?” E huoyunjiang and e huoyunshan were both startled.

why not? ” Chen Xiaobei shrugged. since the finished products are more profitable, why don't I make them into finished products and sell them? ”

“If that's the case, that's naturally the best!” E Huo yunjiang thought for a while and said worriedly, “However, these things aren't low-grade. Can Your Majesty really make them?”

“You guys don't have to worry about that!” “Even if I can't make it, I can still ask my friends for help!” Chen Xiaobei said with a smile.

“Your friend? Do you know any high-level alchemy grandmasters or equipment forging grandmasters?”

“Let's not talk about anything else. Just that eight-star earth-god grade abyss Tiger Claw bone alone requires at least an eight-star earth-god grade mystical flame to be refined. If you want to refine it into a tool, you'll need a tool-refining technique of the same level!” E huoyunshan said.

“Forging is not a problem!”

Chen Xiaobei's expression turned complicated. He quickly asked, “What's the abyss Tiger you just mentioned?”

“The netherspirit Tiger King!”

E huoyunshan explained, “ it was an ancient beast from the dark spirit ghost realm. According to the legends, it had already cultivated to the peak of the nine-star earth immortal realm. It had transformed from a demonic beast into a human form. Unfortunately, it failed to transcend the heavenly Tribulation and was beaten back to its original form by the heavenly Tribulation. Its body exploded and died!

“Hell Tiger King? A peak earth-god?” Chen Xiaobei was surprised and happy. “Hurry up! Quick, tell me, where did you find this Tiger King's Claw bone?”

“Three hundred years ago, e Huo Yuntian spent a total of 500 million high-grade spirit stones to buy it from an exploration team!” E Huo yunjiang said. If I remember correctly, that exploration team should belong to the demon race's 'Red Lotus Guild'! ”

“Monster race? Red Lotus?” Chen Xiaobei frowned and thought of the demonic Fire Red Lotus mark on little Fox's body.

Of course, the demonic Fire Red Lotus was a seal left behind by mother Nuwa. Any demon who inherited the teachings of Mother Nuwa could use this seal!

Therefore, this did not mean that little fox was related to this Guild!

Chen Xiaobei was well aware of this, but he was still very surprised!

This was because the Red Lotus Guild was the key to Chen Xiaobei's search for the hell relic!

Netherworld relic! The murderous aura of the netherworld! Mithril of the cold day!

These three peak nine-star earth-god artifacts were the core materials to upgrade the netherspirit battlescouter to a peak earth-god artifact!

Earlier, Chen Xiaobei found a seven treasures Crystal Zoysia in the Treasury of Fire Lion City! From there, he could deduce the clues to finding the baleful Qi of the netherworld!

Now, Chen Xiaobei had a clue to find the nether relic!

Chen Xiaobei was now one step closer to upgrading his netherspirit battlescouter!

If the upgrade was successful, the master-protecting puppet would be able to help Chen Xiaobei block an attack from a peak earth-god! Just thinking about it made him feel so good!

other than the abyss Tiger Claw bone, the second most precious item in the vault is that seven-star earth-god instrument, right? ”

Chen Xiaobei turned to look at the other side.

He saw a bronze box on an exquisitely built stone platform!

The chest was one meter in length, width, and height, and there was a lifelike dragon head carved on the front!

The two sides were carved with a special totem mark from Western mythology!

The lid of the box was carved with a series of stars, and when these stars were connected, it looked like a dragon Shadow!

this ... This is ... Chen Xiaobei was taken aback. He could not help but recall an animated film he watched when he was young.

“Your Majesty has just arrived in the earth-god Realm, so you should be very unfamiliar with this thing!”  
“In fact, even most of the people who grew up in the earth-god Realm don’t know what this earth-god instrument is!” E Huo yunjiang said.

Chen Xiaobei calmed himself down and said, ” this can’t be the Saint Seiya’s Holy garment box, right ...

As soon as he said this, e Huo yunjiang and e Huo Yunshan’s faces were filled with shock!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2784: certain victory**

“Your Majesty! How do you know about the Holy garment box?”

E Huo yunjiang said in shock, “The Saint seiyas are the most ancient and mysterious faction in the Western Orthodoxy! Legend has it that they disappeared from the earth-god Realm tens of millions of years ago, so much so that the later generations have almost completely forgotten about them!”

“What the hell! They really are Saint seiyas!” Chen Xiaobei was dumbfounded. He was just making a random guess, and he was right!

However, this wasn’t strange after thinking about it carefully!

In the earth-god Realm, there was the Titan race! Heavenly wings race! Blood clan! These were all sects that had been passed down from Western mythology!

It wasn't strange for Saint seiya to appear! Even if Athena appeared! Or any ancient God from Western mythology. It wouldn't be strange at all!

if I'm not mistaken, this should be the celestial Dragon's Holy garment chest that belongs to Zi long! Chen Xiaobei speculated based on his childhood memories.

"Right! This is indeed the heavenly Dragon Holy garment!" "But, who is Zilong?" e huoyunshan asked, embarrassed. We've never heard of it before!"

"You've never heard of it?" Chen Xiaobei asked, " "You've never heard of the star arrow, Ice River, one brilliance, and instant?"

I've never heard of it ... e huoyunjiang and e huoyunshan shook their heads in confusion.

"I understand!"

'There were indeed Saint seiya in the ancient times! There were indeed 108 battle Saint robes corresponding to the constellations! However, Zi long and the others were fictional characters in anime and manga. They did not really exist! So, you don't know!"

uh ... Your Majesty, please forgive us. We don't really understand ... e huoyunjiang and e huoyunshan looked at each other, their eyes wide open.

"It doesn't matter if you understand or not! It's fine as long as I understand!"

Chen Xiaobei smiled and reached out his hand, trying to communicate with the Holy garment box.

As long as he could become the new owner of the chest, Chen Xiaobei would be able to wear the cool and eye-catching battle Holy garment. This was a childhood dream! Just thinking about it made him feel great!

However, Chen Xiaobei did not get what he wanted!

The Holy garment box's spirituality was intermittent. Chen Xiaobei could not communicate with it, let alone become its owner!

"Your Majesty! You don't know! This Holy garment box is damaged!" E huoyunshan said.

"What? It's broken?"

Chen Xiaobei frowned and said, " "Since he's a bad one, why did e Huo Yuntian treat him like a treasure and keep him in the National Treasury?"

this Saint Cloth box is a sacred object of the Western religious sect in ancient times. Not only does it contain the secrets of the ancient divine sect, but it is also an extremely rare treasure!

"The earth-god Realm is huge, with billions of people and countless magical treasures!" However, there are only forty-eight bronze Saint robes, twenty-four silver Saint robes, and twelve Gold Saint robes!"

"As the saying goes, the rarer something is, the more precious it is! Even if this bronze cloth box was broken, it was still priceless and a treasure among treasures! In e Huo Yuntian's eyes, its value far exceeds that of the abyss Tiger Claw bone!"

It was obvious that E Huo Yunjiang wasn't exaggerating!

Ordinary seven-star earth-god instruments might not be found everywhere in the earth-god Realm, but it was not rare to see them at this level!

However, a seven-star earth-god level bronze robe was extremely rare. There were only 48 sets in the entire earth-god Realm! It was as rare as a peak earth-god instrument!

E Huo Yuntian treated the Saint Cloth box as a treasure of treasures, and even Chen Xiaobei's attention on it increased greatly after hearing it.

"How did E Huo Yuntian obtain this Saint Cloth box?" Chen Xiaobei asked.

"Your Majesty, you may not believe me! E Huo Yuntian spent nine billion upper spiritual stones that he had painstakingly accumulated over a million years to buy this Saint Cloth box from the hands of the 'secret merchants of the divine Forbidden Lands'!"

"What? Nine billion? Buy a damaged earth-god instrument? E Huo Yuntian is crazy, right?" Chen Xiaobei gasped in disbelief.

"Your Majesty, there's no need to be so shocked!" "If it's an intact bronze cloth box, it's probably worth 30 billion upper-grade spirit stones!" E Huo Yunjiang said.

30 ... 30 billion ... Chen Xiaobei was shocked."In other words, if I repair this chest, I can exchange it for 30 billion upper spiritual stones? Is ... Is that true?"

"Of course it's true!"

E Huo Yunjiang said,"as we all know, a seven-star earth-god grade offensive magical treasure can support a main city's power to gain a firm foothold in the earth-god Realm!" That's the word to describe a seven-star earth-god instrument!"

"In the earth-god Realm, the average price of an attack-type magical equipment of this level is 10 billion upper-grade spirit stones! The bronze cloth is extremely rare and contains a secret. 30 billion a set is not expensive!"

E Huoyunshan raised his brows and said,"if His Majesty were to hold an auction, the final price could even exceed 30 billion!" However, holding an auction would be equivalent to disclosing the secret! Even if I get more spirit stones, I'm afraid I won't be able to enjoy it!"

An ordinary man is innocent, but he is guilty of possessing a Jade!

If Chen Xiaobei had really obtained more than 30 billion upper spiritual stones, the top ten forces would probably come to fight for it!

This was not a joke!

"Interesting!"

Chen Xiaobei smiled and said,'after I'm done with E Huo Yuntian, I'll come back and find a way to repair this Saint Cloth! As for whether I'll keep it for myself or exchange it for spirit stones, I'll decide later!"

“Your Majesty is right!”

E huoyunjiang nodded heavily, “e huoyuntian is the most important obstacle we have to overcome!” If we can’t pass this stage, all the treasures will be meaningless!”

E huoyunshan immediately added, “His Majesty used a total of three days to train the [ Flaming Cloud heavenly evil battle formation ]!” According to the latest military report, e Huo Yuntian’s fire cloud Alliance Army will arrive in three days, and their total strength might exceed five hundred million!”

“What? Five hundred million?” “Aren’t there only 100 million people?” e Huo yunjiang was shocked.

“It was only 110 million at first!” E Huo Yunshan said, “but in the past three days, the twenty-six main cities have continuously increased the number of troops. Almost all of them have come out. After joining forces with e Huo Yuntian, the total number of troops has naturally increased dramatically!”

this ... What should we do ... e Huo yunjiang was completely flustered. the total number of enemies is more than three times that of us. If we fight in the same battle formation, we will lose without a doubt!

“Your Majesty! A great disaster is already imminent, what should we do?” E huoyunjiang and e huoyunshan were both worried and helpless.

“Originally, I didn’t have a way to win for sure!” of course not! Chen Xiaobei grinned. but right now, the Treasury is in my hands! I will win this battle without a doubt!”

### Red Envelope Group of the Three Realms

#### **Chapter 2785: see you in the next life**

After leaving the Meru space, Chen Xiaobei immediately gave e Huo Yuntian a call.

“E Huo Yuntian, let me tell you a piece of good news!”

Chen Xiaobei laughed evilly and said, “ I’ve already opened your Treasury! The nine golden runic chains of the nine sky sealing lock great formation, the eight-star earth-god level abyss Tiger Claw bone, and the seven-star earth-god level Saint Cloth chest, I’ve already kindly accepted them all!”

On the other end of the phone, there was an almost crazy roar, “ “Chen Zhufeng! I want you dead! I’m going to cut you into a thousand pieces!”

Even through the phone, he could feel that e Huo Yuntian was so angry that he was about to vomit blood.

Chen Xiaobei laughed evilly and said, “ I’ve heard that you carry all the spirit stones with you in battle! That’s why you don’t have any spirit stones in your Treasury! However, I’m going to empty the treasure vaults of the thirteen princes ‘mansions soon, and I’ll find 10 billion upper spiritual stones! It’s just as wonderful!”

“Chen Zhufeng! “I ... I want ...” E Huo Yuntian’s lungs were about to explode with anger. He couldn’t catch his breath and couldn’t force out the second half of the sentence for a long time!

"I know. You just want to kill him, don't you?" Chen Xiaobei raised his brows and laughed evilly, "You almost scared me to death. After clearing the Prince's treasure vault, I'm going to escape. Don't miss me too much!"

"Sneaky?" E Huo Yuntian sucked in a breath of cold air and hastily said, "Chen Zhufeng! You ... You can't slip away ... You ... You're a man! You're the king of a country! How can you run away?"

what?! Chen Xiaobei laughed. if I don't run away, do you think I'll wait for your 500 million troops to come and kill me? "

"Five ... Five hundred million troops ..."

E Huo Yuntian's brain was working very quickly. He immediately thought of a plan, "This King doesn't need 500 million people to start a war with you! We only need one million people to fight fair and square! Do you dare to agree?"

"How can we fight with only a million people?" Chen Xiaobei asked.

in a war, no matter how big or small it is, to put it bluntly, it is a battle of weapons, generals, formations, and wisdom!

E Huo Yuntian said, "you and I will each take a million men and have a fair battle!" The outcome of this battle would determine the outcome of the entire battle! Aren't you always kind to the people and unwilling to kill indiscriminately? This method of mine can minimize the casualties!"

"Heh, do you think I'm stupid? Your method will not benefit me at all! Why should I agree to your request?" my idea is still the best! As long as I escape, there will be no casualties! Chen Xiaobei laughed.

"Don't! Don't you go!"

"I swear on my character that if I lose this battle, I will hand over the fire cloud region to you!" E Huo Yuntian said.

hehe! Chen Xiaobei laughed again. your Palace is already in my hands. Do I still need you to give me anything? "

"This is different!"

E Huo Yuntian said in a deep voice, "although you've taken down huoyun Royal City, huoyan's eight ramparts, and huge axe city! But don't forget, the remaining twenty-six are still under my command. As long as I don't fall, don't even think about controlling the fire cloud region!"

"Interesting!"

I'm willing to accept your idea. However, I don't trust your character. So, I want to broadcast this battle live. I want the entire fire cloud region to know about our promise!

"Good! No problem!" E Huo Yuntian didn't even think and immediately agreed.

At this moment, e Huo Yuntian was most afraid that Chen Xiaobei would empty all the Treasury and run away!

So, as long as he could keep Chen Xiaobei here, e Huo Yuntian was willing to agree to more conditions, let alone a live broadcast!

“Good! Then it’s decided!”

Chen Xiaobei replied, “ the location of the decisive battle will be outside the West Gate of fire cloud capital city! I’ll take care of the live broadcast!”

“It’s a deal!” E Huo Yuntian finally let out a sigh of relief.

It was obvious that e Huo Yuntian was afraid that Chen Xiaobei would run away, but in fact, Chen Xiaobei did not want to run away at all!

Chen Xiaobei’s goal had never been wealth or treasures, but to conquer the earth-god Realm!

Because of this, Chen Xiaobei would never run away after clearing the Treasury. This phone call was just an excuse to mess up e Huo Yuntian’s state of mind, to make him come up with the worst plan in his panic and agree to Chen Xiaobei’s request!

Just as e Huo Yuntian had said, even though Chen Xiaobei had the advantage, more than half of the fiery cloud region was still under e Huo Yuntian’s control!

In terms of territory and military strength, e Huo Yuntian had the upper hand. In a direct battle, Chen Xiaobei would definitely lose!

But in order to unify the entire firecloud territory, Chen Xiaobei had to get past e Huo Yuntian!

Since he could not fight them head-on, Chen Xiaobei could only use his wits!

E Huo Yuntian had made a bad move in his panic. He wanted to fight Chen Xiaobei fairly!

E Huo Yuntian wanted to use this opportunity to kill Chen Xiaobei and take back everything! Chen Xiaobei wanted to use this opportunity to kill e Huo Yuntian and take over the entire fire cloud territory!

Of course, just killing e Huo Yuntian was not enough to win over everyone’s hearts!

So, Chen Xiaobei followed e Huo Yuntian’s bad move and added a chain of tricks, and suggested a live broadcast!

This way, as long as Chen Xiaobei won, the entire firecloud territory would know that e Huo Yuntian was going to give up the entire firecloud territory!

Even though e Huo Yuntian was the type of person who treated oaths like farts, Chen Xiaobei would never believe him!

But once the live broadcast was out, the entire fiery cloud territory would know that Chen Xiaobei was stronger than e Huo Yuntian!

This way, even those who were loyal to e Huo Yuntian would not dare to go against Chen Xiaobei after his death!

Those who weren’t loyal to e Huo Yuntian would naturally surrender to bei Xuan!

In this way, Chen Xiaobei's unification of the fire cloud region would be a matter of course!

After that, Chen Xiaobei informed all the core members of the upper echelons!

Chen Xiaobei's plan to take over the entire firecloud territory with just a phone call had earned the respect of all the core members of the upper echelons.

.....

For the next three days, Chen Xiaobei was busy with the livestream!

Fortunately, with the support of song Qincheng and old Wang, they were able to use the existing live broadcast platform to advertise the news of the final battle!

Everyone in the entire fire cloud region, young and old, had entered the live-stream room on this morning!

A total of 50 billion people had witnessed the ultimate battle that would determine the fate of the fire cloud region!

According to the agreement.

Chen Xiaobei led a million soldiers out of the West Gate of huoyun Kingdom. After marching for ten miles, they set up their formation.

E Huo Yuntian also led a million soldiers to meet the enemy. The remaining five hundred million soldiers were stationed ten li away.

"Chen Zhufeng! We've finally met!" E Huo Yuntian was standing on the head of a gigantic Crimson Python with wings on its back. His eyes were filled with endless killing intent.

Chen Xiaobei stood on top of burning hawk's head and laughed evilly, "I'm sorry, I have to say goodbye to you as soon as we meet! See you in the next life!"

#### **Chapter 2786**

2786 Can't win against you

A stone that caused a thousand ripples!

Chen Xiaobei's nonchalant 'see you in the next life' had not only infuriated e Huo Yuntian, but also made the livestream's viewers explode!

This Chen Zhufeng is too arrogant! He was completely looking down on His Majesty, the fire cloud Supreme King, the number one expert in the fire cloud region!

How could he be just arrogant? He was completely ignorant of the immensity of heaven and earth! He did not even take a look at the million people that His Majesty, the fire cloud Supreme King, had brought with him. All of them were the most Elite Fire cloud Warriors! The one million people he had brought with him were all a motley crew! If they really fought, they wouldn't even know how they died!

That's right ... Chen Zhufeng's million players had all sorts of weapons and equipment. They were obviously pieced together from different places. They were weak!

.....

Just as the audience had said, e Huo Yuntian had brought over a million fire cloud Warriors. Each and every one of them was wearing the same fire cloud Armor. They looked like dragons and tigers, full of fighting spirit. One look and one could tell that they were the elites of the elites!

On Chen Xiaobei's side, the millions of soldiers were divided into seven to eight different types of soldiers, equipped with all kinds of weapons and equipment. Just looking at them gave off a messy feeling!

As the saying goes, the layman sees the show, while the expert sees the skill!

But at this moment, even an expert like e Huo Yuntian could not figure out what Chen Xiaobei was trying to do.

This was because it was e Huo Yuntian's first time seeing most of these seven to eight types of soldiers!

It was not enough to be an expert in war. One had to understand the Jiuli tribe to see the mystery!

Of the million people behind Chen Xiaobei, the xuanzhong, Berserker, Xiaofeng, and stupa tribes each had 200000 troops!

Of the remaining 200000 Warriors, the yaoshu tribe had 60000.

The Titan Warriors, the fire Lion heavy armor guards, and the eight fiery ramparts had also sent out 140000 of their most elite soldiers.

The Jiuli division's Warriors each had their own strengths. Furthermore, they had been training together for a long time, so their cooperation was extremely tacit! The remaining 140000 people were also the elite of the elite!

Because of that, even though the millions of soldiers behind Chen Xiaobei seemed to be a mess, they were in fact a force that could not be underestimated!

"Chen Zhufeng! You don't have to provoke me on purpose, and you don't have to put on such a fancy disguise! You and I both know that we will do our best in today's battle!"

E Huo Yuntian's eyes focused as he coldly said,"So, don't say any more nonsense! Let's start the war!"

"Just what I wanted!"

I remember you saying that no matter how big or small a war is, it is all about formations, weapons, generals, and fighting spirit! Since that's the case, let's start with the battle of formations!"

As soon as he finished speaking, the live broadcast room exploded again!

Did this Chen Zhufeng leave his brain behind? Had he not heard of the [ Flaming Cloud heavenly evil battle formation ]? He actually asked for the formation battle first? This was simply courting death! Fancy death-seeking!

Our [ Flaming Cloud heavenly evil battle formation ] is at the divine immortal level! They had guarded the fire cloud region for tens of millions of years, and the surrounding capital cities and large regions did not dare to invade! He was just a rookie from North Mystic, where did he get the courage to fight?

Yingluo-I understand! Chen Zhufeng just said we'll see each other in the next life! He did not want to kill His Majesty, the fire cloud Supreme King, but Chen Zhufeng wanted to commit suicide! That's why he said see you in the next life!

Whoosh! Whoosh! (Laugh) this explanation is reliable! Chen Zhufeng! See you in the next life!

Chen Zhufeng! See you in the next life! (Go to hell.)

I'll see you in the next life (in death)

At that very moment, the 50 billion viewers in the livestream room were all the citizens of fire cloud capital city!

Other than huge axe city, White Wolf City, Hanshan city, and spirit condensation city, the majority of the citizens felt that e Huo Yuntian was stronger!

In this world, the strong were respected! Strength was Supreme!

Although no one was willing to admit it, the vast majority of people were actually fence-sitters and would lean towards whichever side was stronger!

E Huo Yuntian was stronger, so the commoners were on his side!

Even if they knew that Chen Xiaobei could bring a better life to everyone, they would not support him!

In the eyes of the people, Chen Xiaobei was a weakling!

In this world where the strong were respected, if the weak couldn't even protect their own lives, what right did they have to receive the support and support of others?

Only an expert like e Huo Yuntian could continue to rule the fire cloud region. Only he could make the people fear him and gain their support!

Without a doubt, Chen Xiaobei had already seen through this!

That was why Chen Xiaobei requested for a live broadcast!

"E Huo Yuntian! Are you deaf?"

Chen Xiaobei replied nonchalantly, "Do you dare to accept the battle formation? If you don't dare, then just admit defeat!"

I ... e Huo Yuntian was stunned on the spot. His brows were tightly knitted, and his expression was conflicted. He was unable to speak for a long time.

"If you don't say anything, I'll take it that you've accepted it!"

Chen Xiaobei raised his eyebrows and said, "My men have already formed a battle formation! It could be activated at any time! To be fair, I'll count down from three! Three! Two ..."

“Wait a moment!”

E Huo Yuntian’s entire body trembled. He quickly said, “I can’t beat you in battle ...”

As soon as he said that, the live broadcast room exploded!

What? His Majesty, the fire cloud Supreme King, doesn’t dare to fight with Chen Zhufeng? Am I hallucinating?

If that was the case, did that mean that Chen Xiaobei had an even more powerful formation than the flaming Cloud heavenly evil battle formation? (Unbelievable)

Lao Ai, if His Majesty, Supreme King Huo Yun, did not dare to challenge him, then he would have lost! With Chen Zhufeng’s order, the battle was over!

Yingluo, we were all shouting ‘see you in the next life’! This result is a complete slap to our faces! (Blushing)

This was the effect that Chen Xiaobei wanted!

This was because the people did not know that Chen Xiaobei’s four symbols killing formation was more powerful than the flaming Cloud heavenly evil battle formation when the number of people in the formation was the same!

Because of this, the people were all supporting e Huo Yuntian, asking Chen Xiaobei to die and see him in his next life!

However, e Huo Yuntian didn’t dare to fight in the formation at this moment!

This result directly turned into a loud slap on everyone’s face! It was a slap to their faces, and they knew that Chen Xiaobei was far more powerful than they had imagined!

“Chen Zhufeng!”

Of course, a shameless person like e Huo Yuntian would never admit defeat willingly, “This King has an Army of 500 million. This is this King’s advantage! You have a stronger battle formation, this is your advantage! Let’s give in to each other, that’s fair!”

“Heh, I knew you wouldn’t admit defeat so easily!” I see! Chen Xiaobei raised his eyebrows. since you don’t dare to fight with formations, let’s fight with weapons!

“Good! Warrior weapon!”

E Huo Yuntian squinted his eyes and said with a confident smile, “War is all about killing! Warrior weapon is the fairest way!”

Chen Xiaobei chuckled and asked, “If you lose this battle as well, shouldn’t you fulfill your promise?”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2787: war**

“No problem! If I lose my warrior weapon to you, I’ll keep my promise and give the fire cloud domain to you! I won’t go back on my word!”

E Huo Yuntian's eyes flashed with a clear and bright ray of self-confidence. He patted his chest and made a promise.

Without a doubt, the one million people that E Huo Yuntian had brought were all the most elite warriors in the fire cloud region. At the same time, they were all equipped with fire cloud battle armors!

In a situation where the number of people was equal, this one million people was enough to crush any troop type in any main city in the fire cloud region! Even the fire Lion heavy armor guards were no match for him!

Because of this, E Huo Yuntian was confident that his million firecloud Warriors would be able to crush the motley crew that Chen Xiaobei had brought!

"Good! Since you've livestreamed your promise, I'll believe you this once!" Chen Xiaobei narrowed his eyes and said, "you and I will each prepare for ten minutes. After that, we will officially start the battle!"

"Alright!"

E Huo Yuntian gave a cold smile, turned his head around, and shouted at the million Warriors of fire cloud tribe, "Brothers! The opportunity to kill the enemy and make a contribution had come! I'm going to kill all the beixuan soldiers! Leave no survivors!"

"We will follow your orders!" The million firecloud Warriors acknowledged the order in unison.

They were the elites of the elites, and their fighting spirit was already burning, and their blood was boiling! Be prepared to charge out at any time!

But E Huo Yuntian still wanted to add fuel to the fire, "This King promises you! For every beixuan soldier you kill, you'll be rewarded with 10000 upper spiritual stones! You've killed three beixuan soldiers and will be rewarded with 30000 upper spiritual stones. You'll also be promoted one rank!"

"Thank you for your kindness, Your Majesty! Kill! Kill! Kill!" In an instant, the millions of fire cloud Warriors turned into millions of bloodthirsty Tigers and wolves!

Just a moment ago, they were not afraid of a battle. At this moment, they were like wolves and tigers, extremely eager to fight!

He would make contributions, be promoted, and be rich! He would gain both fame and fortune and bring glory to his ancestors!

E Huo Yuntian's promise made every fire cloud Warrior yearn for a battle from the bottom of their hearts. They wanted to kill more Northern Mystic's soldiers!

From this, it could be seen that E Huo Yuntian was very smart! The firecloud Warriors were extremely fierce!

A bloody battle to the death had already been prepared!

.....

However, on the other side!

Chen Xiaobei did not make an impassioned oath, nor did he promise any rewards to the beixuan soldiers!

On the live stream, Chen Xiaobei could be seen shuttling back and forth between the troops, quickly distributing the two types of pills!

Every soldier who was about to join the battle received a light red pill and a dark red pill.

“Everyone!”

Standing in the middle of the formation, Chen Xiaobei said, “I won’t promise you any reward, but as long as you do as I say, I can promise that you will all Live!

Naturally, the entire Army was excited!

Compared to e Huo Yuntian’s promise of a generous reward, Chen Xiaobei’s promise was more practical and more domineering!

After all, no matter how generous the reward was, one had to be alive to enjoy it!

If they died on the battlefield, what was the point of giving rewards?

Therefore, the most useful and practical promise was to let the soldiers survive!

As long as the Green Mountains were still there, would there still be any fear of not having a good life?

Of course, back to the topic! Chen Xiaobei could actually guarantee the survival of all his soldiers in this battle of two million people!

To the bystanders who didn’t know the inside story, this was simply a fantasy that was impossible to realize!

This Chen Zhufeng! He was really arrogant to the extreme! Did he think that the million-strong elite warriors of the firecloud tribe were just for show? I’m willing to bet that none of his one million soldiers will survive!

Yingluo, did that need to be said? With this bunch of beixuan soldiers, they were 100% going to be annihilated. How could they think that none of them would die? That’s an Idiot’s dream!

He’s acting cool! Chen Zhufeng was just acting cool! And it was a brainless act! In a head-on battle of two million people, not a single beixuan soldier had died! Even a three-year-old child would not believe such stupid words!

Everyone knew that war was cruel and cold-blooded! Killing and death were absolutely unavoidable!

Even the most powerful battle general would not be able to guarantee that his soldiers would not die!

Such a promise in itself violated the objective laws of war, so it was naturally unbelievable!

But!

If Chen Xiaobei could really fulfill his promise, then he would not be acting cool, but a perfect operation!

At that time, all the people who complained would be slapped in the face! Some of the people who did not support Chen Xiaobei would also start to support him!

This was exactly what Chen Xiaobei wanted! This was also the meaning of a live broadcast!

start the battle!!!

The preparation time passed quickly. E Huo Yuntian was already impatient. He waved the battle blade in his hand and ordered the million Elite Fire cloud Warriors to charge out!

“BOOM! BOOM! Boom ...”

In an instant, the bodies of these Warriors were ignited with blazing flames!

This kind of flame was not the materialization of the warrior's own vital essence, but the special ability of a spiritual weapon that was activated after the vital essence was injected into the fire cloud Armor!

This special ability was the heavenly evil fire!

As everyone knew, Mount Han city and fire cloud first Prince E Huo Lianran had a great enmity that would not rest until one of them died!

But E Huo Yuntian did not completely eliminate Mount Han's main city! It was all for the sake of obtaining the firecloud battle armor forged by Mount Han's main city!

The special ability of this armor was to trigger the heavenly evil fire!

The heavenly evil flame combined with a divine immortal level formation could suppress a formation of the same level! And this was the essence of the “heavenly evil fire cloud formation”!

In other words!

The millions of firecloud Warriors before his eyes were all elites among elites. They were already the cream of the crop among their peers!

And if they put on the firecloud armor, they would be almost invincible among their peers!

In a situation where the Warriors on both sides were equal in number, the fire cloud Warriors, who were invincible among those of the same level, naturally had the absolute advantage!

It was precisely because of this that E Huo Yun was incomparably confident and made the promise of live streaming without the slightest hesitation!

This was also the reason why the people supported E Huo Yuntian and criticized Chen Xiaobei for his brainless act!

“Start the battle!”

However, Chen Xiaobei was not afraid at all. He waved his hand nonchalantly, as if everything was under his control!

Without a doubt, only the person who controlled the overall situation could sit and watch the storm surge indifferently! He was not afraid of any variables!

“Kill!”

The one million beixuan soldiers took the two pills Chen Xiaobei gave them at the same time, raised their weapons, and charged forward!

Upon seeing this, the faces of the million Warriors of the firecloud tribe were filled with disdain. “What a bunch of idiots! Wouldn’t it be better to just clean your neck and wait for death? And he was still charging forward? It’s a waste of effort!”

With such a huge reward, everyone would fight for it!

The most powerful and Elite Fire cloud Warriors were all at the forefront! All of them were ready to kill. Even in their dreams, they wanted to kill all the beixuan Warriors in exchange for a generous reward!

On the other hand, a group of brawny barbarians with disheveled hair was at the forefront of beixuan’s forces.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2788**

2788 Face-slapping again

“Hehe, is Chen Zhufeng an idiot? Where did he find such a group of barbarians? You’re as dumb as a bunch of stupid Bulls. Isn’t it suicide to charge straight at us?”

The firecloud Warriors sneered disdainfully, not taking the barbarians who were charging at them seriously.

After all, the group of fire cloud Warriors at the forefront were all the best of the best. They could even be said to be the most outstanding Soldier Kings among the hundreds of millions of soldiers of Fire cloud!

Moreover, not only were they powerful, but they also had firecloud armors and dark steel sabers! The most important thing was that they had practiced together all year round, so they were skilled in tactics and had tacit cooperation!

In comparison, the barbarians at the front of the North Mystic Army were all wearing clothes made of animal skin. They didn’t even have any weapons in their hands!

The main point was that this group of barbarians didn’t look like soldiers at all. They were barging in without any tactics and cooperation! They were like a herd of Bulls that only cared about charging and didn’t care about anything else!

That was why it was only natural that the fire cloud Warriors did not take the barbarians seriously!

“Don’t snatch! Let me take the lead and behead the first barbarian! You’ve achieved the first merit in this battle!”

A fire cloud Commander rushed to the front, holding a saber with both hands. He suddenly swung the saber and pointed the blade at a barbarian in the front!

“Whoosh ...”

As the blade slashed down, his true essence transformed into saber Qi and poured out!

The blade Qi was surrounded by a layer of heavenly evil fire!

Clearly, this was what made the Warriors of the fire cloud tribe so powerful! The heavenly evil flame would first weaken the enemy's power! The quintessential essence saber Qi followed closely behind and could crush and kill the enemy!

Tao Wu had appeared! That was the legendary 'heavenly evil beheading'! It would not be an exaggeration to say that the fire cloud Warriors were invincible among their peers in terms of individual combat! The firecloud Army was naturally invincible when both sides had the same number of people!

Yingluo-do you need to say this? Even the strongest Fire Lion heavy armor guards could not defeat the same level and number of fire cloud Warriors! These North Mystic barbarians weren't even enough to fill the gaps between the fire cloud Warriors 'teeth'!

The fire cloud Warriors would crush the barbarians like a hot knife through butter and annihilate the entire beixuan Army!

His Majesty, Supreme King Fire cloud, will definitely win! He would definitely win! A sure win ...

In the live broadcast room, the People's voices were still one-sided!

Having grown up in the fire cloud region, the commoners were all too clear about the power of the fire cloud Warriors!

But!

In the next moment, all the people, even all the fire cloud Warriors, were dumbfounded by what happened next. Their world views were shattered, and they even began to doubt their lives!

"Whoosh ..."

The Barbarian at the front waved his hand like a fan and forced the heavenly evil fire away!

At that moment, the flames of heavenly evil, which the fire cloud Warriors were most proud of, not only failed to wear down the barbarian's strength, but they could not even get close to his body. They could not even hurt a single hair on his head!

"Clang"

In the next moment, the Barbarian closed his five fingers together and formed a hand knife. He gathered his tyrannical true essence and slashed upwards!

With a crisp metallic clang, the barbarian's hand blade had actually bounced off the dark steel saber in the fire cloud commander's hand!

how ... How is this possible?!

Commander huoyun gasped, and his face was filled with shock. "I clearly used my primordial spirit domain to probe him. This barbarian's cultivation level is lower than mine! Why is he stronger than me? What ... What is going on?"

“Swish!”

A shocking thought had just welled up in the fire cloud commander’s mind when a sharp wind from a claw whistled by his ears!

In an instant, the Barbarian closed in, bent his fingers into a claw, and clutched the throat of the fire cloud Commander!

“Crack!”

A crisp sound! The Barbarian twisted! He had actually broken the throat of the fire cloud Commander!

“Uh ...”

The fire cloud Commander wailed and instantly stopped breathing. He didn’t even know how he had died!

The 50 billion viewers in the livestream room were all dumbfounded by what they saw. They couldn’t believe their eyes!

Even the one million Warriors of firecloud tribe on the battlefield were so shocked that they were dumbfounded and dazed!

They had never imagined that their strongest commander, the fire cloud Commander, who had been the first to charge forward, would be killed by the barbarians from North Mystic in the first round!

This was simply unbelievable. It even made people suspect that this was an illusion!

However, in the next second, the bloody reality officially announced to everyone that this was not an illusion! It was the war that was happening!

“Uh ... Ah! Uh ... Pfft ...”

The firecloud Warriors were stunned, but the beixuan Warriors didn’t stop. The first wave of 200000 barbarians charged forward!

They were like tigers and wolves charging into a flock of sheep, rampaging and killing in all directions!

In the blink of an eye, wails and screams could be heard from all directions!

A barbarian killing a firecloud warrior!

In just a short moment, nearly 200000 of the fire cloud Warriors at the forefront had been killed!

Oh my God! The ones who had charged at the very front ... Were the most elite of the million firecloud Warriors with the highest cultivation bases and battle prowess ... How could they have been killed in a single exchange?

The barbarians of bi an seemed to be immune to the heavenly evil fire! Not only was his vital essence not weakened, even his hair and clothes did not have any traces of being burnt!

Wufu is so powerful ... Chen Zhufeng actually has such a team! No wonder he dared to fight with His Majesty, Supreme King Fire cloud!

Yingying wasn't just a combat weapon! If this continued, Chen Zhufeng would probably win!

Yingluo, if you do this, won't our faces be smashed? (Blushing old face)

Chen Zhufeng had hidden his strength too well! He actually had such a trump card! (Face burning)

In the live broadcast room, 50 billion people were once again slapped in the face.

Just a moment ago, they thought that bei Xuan would lose. But now, some of them were starting to think that Chen Xiaobei would win! Some people already felt like they had been slapped in the face again!

Although they did not say it out loud, most of them already saw Chen Xiaobei as a powerful man! An expert who could defeat e Huo Yuntian! An expert who could change the world of the fire cloud domain!

From the weak to the strong! It changed from disdain to reverence!

Chen Xiaobei's display of his strength and Foundation had slapped the People's faces and changed their attitude!

As long as the people acknowledged that Chen Xiaobei was stronger than e Huo Yuntian! No one dared to resist Chen Xiaobei's Army! The unification of the fire cloud region would be smooth sailing without any obstacles!

"How ... How is this possible? what ... What is going on?"

e Huo Yuntian's entire face was twisted. His eyes were so wide that they were about to burst. The veins on his forehead were about to burst!

"This King has personally used my essence soul domain to probe it! The barbarians' cultivation base was clearly weaker than the first batch of elite firecloud Warriors! Why was he able to burst out with even more powerful combat power? This doesn't make any sense ..."

e Huo Yuntian couldn't figure it out, but he didn't have time to think about it. He quickly shouted, "Hold your ground! Set up a line of defense! They cooperated in battle! Do not underestimate the enemy! As long as they could hold the line of defense! Our side would not have been defeated!"

The one million firecloud Warriors who had been selected were all well-trained elite soldiers!

Although they had lost 200000 men in the first round of battle, the morale of the Army was not disheveled. They immediately followed e Huo Yuntian's orders and set up a thick line of defense!

It was obvious that e Huo Yuntian's goal was to turn the fire cloud Warriors from attack to defense. They would rely on the defense line, cooperate with each other, and rely on their daily training tactics to fight a tug-of-war with the northern Mystic Warriors!

By doing so, the fire cloud side might still have a chance of winning! Furthermore, he had turned defeat into victory!

Suddenly, Chen Xiaobei waved his hand!

The 200,000 barbarians at the forefront understood what he meant. They stopped their charge and scattered!

Whoosh ... Whoosh ... Whoosh ...

Another 200,000 beixuan soldiers in heavy armor and long Spears rushed out from behind. It pierced straight at the line of fire cloud Warriors 'defense!

"E Huo Yuntian, don't try to be smart!"

of course not! Chen Xiaobei smiled. your weak defense line can't even withstand a single charge from my Xuan Zhong Army!

### Red Envelope Group of the Three Realms

#### **Chapter 2789**

"What? Tofu dregs?"

E Huo Yuntian's eyes widened in anger when he heard this. He felt that he had suffered a great humiliation!

It should be known that e Huo Yuntian had been ruling the fire cloud region for many years. He had spent a huge amount of money, energy, and mental strength to finally train up the fire cloud Warriors of today!

In the fire cloud domain, the fire cloud Warriors were invincible! It was the face of fire cloud capital city! He was e Huo Yuntian's pride!

Every time he mentioned the fire cloud Warriors to others, e Huo Yuntian's face would become exceptionally bright and proud!

But at this moment, e Huo Yuntian's pride and joy in being a fire cloud Warrior was being looked down upon by Chen Xiaobei in front of 50 billion people!

This had undoubtedly swept away the face of fire cloud capital city, and even slapped e Huo Yuntian's old face!

"The fire cloud Warriors that I've chosen are all elites. With the fire cloud armors, which are high-rank spirit tools, although they're not as strong as the barbarians, they're all well-trained, have excellent tactics, and have great teamwork! If we form a unified defense line, we will definitely be able to turn from attack to defense and stabilize the battle!"

E Huo Yuntian gnashed his teeth and roared, "You damn Chen Zhufeng! He actually dared to call this line of defense tofu dregs! How dare you withdraw those barbarians! They simply did not treat the firecloud Warriors as humans! This King swears! You'll definitely pay a painful price! I will!"

At this moment, e Huo Yuntian had already used his primordial spirit domain to spy on the 200000 heavily armored and spear-wielding beixuan soldiers!

E Huo Yuntian didn't say anything, but he had already concluded in his heart that the combat strength of these beixuan soldiers was far inferior to that of the fire cloud Warriors!

Chen Xiaobei had ordered the barbarians to retreat and let the heavy armor Warriors charge at them. They would pay a heavy price for this!

Because of this, e Huo Yuntian had deliberately raised his voice so that every audience could hear his furious roar! Let the audience be prepared to watch Chen Xiaobei get slapped in the face!

However, the audience had already been slapped in the face twice by Chen Xiaobei. This time, most of them chose to remain silent.

However, there were still a few people who were incited by e Huo Yuntian and continued to criticize Chen Xiaobei in the live stream!

“Whoosh ...”

With just these two sentences, the situation on the battlefield had changed!

The 800,000 firecloud Warriors no longer charged forward. After forming a line of defense, the 300000 people at the front row activated the heavenly evil fire at the same time!

Blazing flames shot out from the firecloud armors of the 300000 soldiers like a huge wave, crushing the 200000 heavy-armored soldiers!

According to the tactics that the fire cloud Warriors had been training daily, the best outcome for this wave of evil flames was to burn a large number of enemies to death! The worst result would be to weaken the enemy's strength and make it impossible for the enemy to break through the defense line. This way, the battle situation could be stabilized!

It was obvious that e Huo Yuntian's decision to turn from attack to defense was the right one!

As the saying goes, seek victory in stability!

As long as he could stabilize the situation, e Huo Yuntian would still have a chance to win, and not be crushed by the Barbarian Army!

Of course, the ideal was beautiful, but the reality was very cruel!

E Huo Yuntian was still planning to slap Chen Xiaobei's face in front of the 50 billion viewers!

However, in the next second, the scene of the battle turned into an invisible slap, ruthlessly slapping e Huo Yuntian's face! It also ruthlessly smacked the faces of the audience members who supported e Huo Yuntian!

“Swish!”

The 200,000 soldiers in beixuan heavy armor formed a cone formation and pierced through the evil Heavenly Fire like a giant sword!

E Huo Yuntian and the audience could clearly see that the heavenly evil fire didn't burn any of the heavy armored soldiers. It didn't weaken their strength either. They couldn't even get close to the soldiers!

The 200,000 men in beixuan armor passed through the heavenly evil fire easily!

“Woof! Buzzzzzz! Yi ...”

Immediately after, the 30000 people at the forefront threw out their battle Spears!

30,000 battle Spears cut through the sky, and with the Warriors 'true essence, they fell on the heads of the fire cloud Warriors like a storm!

Logically speaking, the combat strength of the firecloud Warriors was stronger, and they should have been able to easily defend against these Spears!

however, the truth was that the true origin Energy on the spears far exceeded that of the fire cloud Warriors!

Wherever the spearheads went, the fire cloud Warriors 'protective true Yuan would be shattered!

The battle spear pierced through the head, throat, and chest of the flaming Cloud Warriors, reaping their lives as if they were being mowed!

Some of the spears could even penetrate two or three people's bodies before stopping!

Just this wave of 30000 battle Spears! He had killed nearly 40000 firecloud Warriors!

In just a short moment, the fire cloud Warriors 'stable defense line was easily torn apart!

kill!!!

At the same time, the 30000 beixuan soldiers who had thrown their Spears retreated. The 200000 barbarians and the 170000 beixuan soldiers charged into the crack!

The barbarians and beixuan heavy armors were not afraid of the flames of heavenly evil, and their strength far exceeded that of the fire cloud Warriors!

They suddenly charged over like tigers and wolves charging into a flock of sheep, directly starting a one-sided and violent slaughter without any suspense!

With their defensive line broken and their combat strength insufficient, the fire cloud Warriors were instantly defeated and killed without any ability to fight back!

In just a few minutes, more than 200000 fire cloud Warriors had died!

Tofu dregs! This line of defense was really made of tofu! 400,000 beixuan soldiers had broken through the 800000-strong defense line and killed more than 200000 soldiers! This was simply unbelievable!

Compared to the beixuan Warriors, the firecloud Warriors were nothing! It scattered as soon as it charged, so weak that it was explosive!

Xuanji, His Majesty, the North Mystic honorable King, was too powerful! They would win this battle without a doubt!

Yingying really didn't expect this! His Majesty, the North Mystic honorable King, was actually this powerful! Fortunately, I didn't criticize him just now. Otherwise, I would have been slapped in the face again!

How could Yingluo just be slapped in the face? His Majesty, the North Mystic honorable King, was about to win this war and rule the fire cloud region! Whoever dared to criticize him would definitely have to bear the consequences in the future!

Yingluo, yes! His Majesty, the North Mystic honorable King, is definitely going to win! He would be the new master of the fire cloud domain! I don't dare to ridicule him anymore!

Xuanji-Your Majesty-you can do it! His Majesty, the North Mystic Lord, will definitely win! Long live the Honorable King of North Mystic ...

In this world, the strong were respected, and strength was Supreme!

The most powerful fire cloud Warriors were crushed like tofu in front of Chen Xiaobei!

This result was enough to change the audience's attitude. Even if they did not respect Chen Xiaobei, they would definitely fear him!

As long as there was fear, the previous contempt, ridicule, and ridicule would all be swept away!

As long as there was fear, Chen Xiaobei would be able to conquer all the major cities in the future!

"No! This King hasn't lost yet!"

E Huo Yuntian's face had been smashed, but he still refused to admit defeat,"Everyone, get on your flying swords! He was fighting in the air! I don't believe that all the soldiers in beixuan have flying swords!"

#### **Chapter 2790**

2790 I'll give you three minutes

"Woof! Buzzzzzz! Yi ..."

Soon, the remaining 500000-plus Warriors of the fire cloud summoned their flying swords and shot into the sky!

"These flying swords are all one-star earth-god level! For this battle, I have collected one million of them from the entire fire cloud domain!"

E Huo Yuntian gnashed his teeth and said,"I thought that I could win easily, and I didn't need these flying swords at all! I didn't expect Chen Zhufeng to have hidden so much! In just a short moment, he killed over 400000 of my men!"

"But don't be happy too early! One-star earth-god flying swords, although not of a high grade, were not many in number! I searched the entire universe and only managed to gather a million! I don't believe your beixuan Army has that many flying swords!"

Just as e Huo Yuntian had said, even in the earth-god Realm, earth-god instruments were still relatively rare magic weapons!

Many one-star earth-god level cultivators didn't even have their own earth-god instruments!

There were 50 billion people in the fire cloud region, but there were only one million one-star earth-god grade flying swords. One could imagine how rare earth-god instruments were!

It was because of this that E Huo Yuntian was certain that not every soldier of Beixuan had a flying sword!

This way, as long as the fire cloud Warriors were in the air, they would be invincible. They could fight guerrilla warfare in the air and slowly wear down the Beixuan Warriors to obtain the final victory!

Seeing this, the audience began to worry again.

The battle situation in Xuanji had changed! Although Beixuan's Warriors were invincible on land, the firecloud Warriors could effectively Dodge the attacks of 200000 barbarians and 200000 heavy armored warriors while flying in the air!

As long as the firecloud Warriors were in an invincible position, they would be able to find an opportunity to attack! He would change his location and use guerilla tactics to exhaust the Beixuan Warriors!

According to Xuanji's words, unless Beixuan's soldiers could also take out flying swords, they would still fail in the end!

The people did not dare to criticize Chen Xiaobei anymore, but according to the latest changes in the battle, it seemed like Bei Xuan was really going to lose!

"Chen Zhufeng! What else do you have to say now? What else can we do?"

E Huo Yuntian laughed arrogantly, "The soldiers under you are indeed not simple. Unfortunately, your Foundation is thousands of miles away from this King's! This King has a flying sword, but you don't! This King can win, but you can't! Hahaha ..."

"Childish! Do you think you can win just because your People Can Fly?"

Chen Xiaobei shrugged and said, "It's not that I'm trying to act cool, but I'll let my people stand still and let your people hit me for three minutes! If I can kill one, it's my loss!"

As soon as he said that, the crowd exploded!

What the f \* ck! His Majesty, the North Mystic Lord, was too domineering! On the battlefield, let the enemy fight for three minutes! I've never seen such a domineering man in my life!

Those who didn't know the truth would think that the North Mystic Lord was just acting cool! But after the confrontation just now, I believe that His Majesty, the North Mystic honorable King, will definitely do what he says! It was simply insanely cool!

Tao Wu is too awesome! If the firecloud Warriors couldn't even kill a Beixuan warrior after three minutes, then this battle would be in their hands! His Majesty, the North Mystic honorable King, had won! E Huo Yuntian was defeated!

Wufu, if His Majesty, the North Mystic honorable King, becomes the new master of the fire cloud region, we'll have a good life ahead of us!

Yingluo-yes! From the bottom of my heart, I hope that His Majesty, the Honorable King of North Mystic, will win!

A stone that caused a thousand ripples!

Chen Xiaobei's casual words made the live stream's viewers 'blood boil! Other than the fear he felt earlier, he was now starting to respect Chen Xiaobei!

A toast! Fear!

Fear could only make people afraid and make people have no choice but to submit!

Reverence could make people follow and willingly submit!

To make the people Revere him, it was the overbearing way of a King, the way of an Emperor!

At this moment, some of the people had already started to openly support Chen Xiaobei. This was the benefit of respect!

Of course, this was also the result of Chen Xiaobei's power!

If Chen Xiaobei was just a weakling, unable to protect the people, unable to make them feel at ease, then the people would have no choice but to continue to submit to e Huo Yuntian!

It was because Chen Xiaobei was strong enough that the people no longer feared e Huo Yuntian. That was why they dared to openly support Chen Xiaobei!

If Chen Xiaobei could really fulfill his promise, then he would be able to further increase the respect of the people and win the support of more people!

"Chen Zhufeng! You're simply too Savage! This King has never seen a pretentious criminal like you!"

E Huo Yuntian's face turned ashen. He turned to the fire cloud Warriors and shouted,"Brothers! Did you guys hear that? Chen Zhufeng said he'll give you three minutes!"

"Each and every one of you is an elite among the firecloud Warriors! He was the most outstanding warrior in the entire fire cloud domain! You have the glory that everyone looks up to! You are the pride of fire cloud capital city!"

"Chen Zhufeng wants to give you three minutes! This was a taunt! It was humiliation! It's trampling on your dignity and glory!"

E Huo Yuntian took a deep breath and roared,"Now! It's time for you to show your true colors! Even if you have to risk your lives, even if you have to bleed, you must defend your dignity and glory! Because you are the most outstanding Warriors of the firecloud tribe!"

Without a doubt, e Huo Yuntian's words were full of incitement. Not only did it stimulate the fighting spirit of the fiery cloud Warriors, it also made them hate Chen Xiaobei!

kill!!!

In the sky, the 500000 fiery cloud Warriors roared in anger. Their eyes were burning with rage, and they wanted nothing more than to tear Chen Xiaobei into pieces!

“Boom boom boom ...”

In the next moment, the 500000 fire cloud Warriors used all their strength and launched their most powerful attacks at the North Mystic Army!

The heavenly evil fire was the first to strike, and the flames completely enveloped the entire space!

Immediately after, more than 500000 streams of true core strength bloomed with spiritual light and turned into a huge Dharma form, which crashed down like a tsunami!

The heavenly evil fire was in front, and the Zhen Yuan attack was behind. This wave of power was enough to crush the earth and kill an equal number of opponents of the same level!

However, under such an attack, the one million soldiers of the beixuan Army remained unmoved. They had no intention of retaliating! He was really going to do as Chen Xiaobei said, stand still and let the fire cloud Warriors fight for three minutes!

“This group of idiots! He’s simply looking for death!”

E Huo Yuntian’s face immediately revealed an excited and evil smile when he saw this,”Chen Zhufeng! You said it yourself, as long as you kill one person, it’s your loss! 50 billion people are watching, if you go back on your word, everyone will look down on you!”

“Renegade? It doesn’t exist!” Chen Xiaobei smiled evilly. “With a bunch of weak Warriors like you, you’re not even enough to scratch my ‘iron floating Pagoda’!”
