Chapter 2811: heavenly Yi takes action

Chen Xiaobei was not dead!

How could a person with off-the-charts luck die so easily?

But the man in green armor did not know that. He was walking towards Chen Xiaobei, trying to take his infinite space ring!

This was the moment when the green-armored man's guard was at its lowest, and it was also the best time for Chen Xiaobei to make his move!

Ling jiuxiao appeared in front of the green-armored man in a flash and instantly activated his primordial spirit attack, severing the heavens with a thought!

In that instant, the green-armored man didn't even have time to react before the black and white spiritual light of the heaven severing thought struck his forehead!

"Uh! Ah ..."

Immediately after, the green-armored man couldn't help but let out a blood-curdling screech, his entire face revealing an expression of extreme pain!

"What ... What is going on?"

Even Qin Yitian and the man in red armor were dumbfounded. "Didn't Chen Zhufeng die? How could he still be alive after his head was pierced by the power of an eight-star earth-god? This ... This doesn't make any sense ..."

"It ... It hurts ... It hurts so much ... Why? Why is my primordial spirit so heavily injured ... My mind is in extreme pain ..."

The green-armored man's face was filled with pain, and his eyes looked as if he had seen a ghost. He was extremely terrified. the key is that when my nascent soul activates true essence, it's as if it's being forcibly cut off by some strange force ... It's out of control and I can't operate it at all ...

The green-armored man was extremely frightened, and his hands trembled as he clenched the heavy sword in his hand!

However, at this moment, the green-armored man's true essence was cut off, and he felt as if his cultivation had been completely crippled!

More importantly, the green-armored man's primordial spirit was severely injured. He felt dizzy as if his brain had short-circuited, and he couldn't think at all!

At this moment, the green-armored man didn't even have the ability to protect himself, let alone counterattack with his heavy sword!

It was like a fish on an anvil that could only be slaughtered by Chen Xiaobei!

“Bang!”

Of course, Chen Xiaobei would not kill him. He only used his hand to hit the back of the man’s neck, knocking him out!

The sword was now in Chen Xiaobei’s hands!

“E Huo Yuntian!”

Chen Xiaobei gave e Huo Yuntian a look.

“As ... As you wish!”

E Huo Yuntian swallowed his saliva. He took a step forward and rushed toward the Scarlet-armored man!

“This is bad!”

The man in red armor took in a breath of cold air, and his face instantly turned as white as a sheet. “Miss Qin! Hurry up and attack! You’re the only one who can kill Chen Zhufeng! Hurry up ...”

Obviously, the Scarlet-armored man knew that he wasn’t e Huo Yuntian’s opponent. Moreover, he didn’t know where his treasured umbrella had gone. Once e Huo Yuntian got close to him, he would lose without a doubt!

That was why the man in red armor had placed all his hopes on Qin Yitian!

The men in green and red armor could only turn the tables if Qin Yitian took down Chen Xiaobei. Otherwise, they would not be able to escape from Chen Xiaobei’s grasp!

“Clang”

Qin Yitian didn’t let the man in red armor down. She took out Heavenly Sword!

Heavenly Sword was very magical! When Qin Yitian was born, he automatically flew into the Qin residence and recognized Qin Yitian as his master!

In the beginning, Heavenly Sword was only a low-level earth-god instrument!

However, when Qin Yitian entered a state of unconsciousness, Heavenly Sword seemed to have unlocked one of its seals. Its power had reached the level of a four-star earth-god, and it would automatically protect Qin Yitian. When Chen Xiaobei tried to get close to it, he was almost killed by the sword’s light!

This time, Heavenly Sword seemed to have removed another layer of seal. It was actually emitting the terrifying spiritual fluctuation of an eight-star earth-god instrument!

Even before the sword was drawn, the Qi was already threatening!

Most importantly, Qin Yitian’s cultivation had also soared greatly. It was as if she had reached the level of a late-stage seven-star earth-god!

Chen Xiaobei had already guessed that this Heavenly Sword was given to Qin Yitian by an expert! It would bring great benefits to Qin Yitian! Furthermore, as Qin Yitian's cultivation level increased, the power of the sword would increase as well! It was extremely magical!

It seemed that Chen Xiaobei's speculation was right!

"Master!"

E Huo Yuntian's primordial spirit domain had also sensed the true origin fluctuations emitted by Qin Yitian and Heavenly Sword!

As a result, e Huo Yuntian gave up on the Crimson-armored man, turned around, and rushed toward Qin Yitian!

"Don't come over! You're not her match!"

Chen Xiaobei raised his hand and stopped e Huo Yuntian. He wanted to face Qin Yitian alone!

It was obvious that Heavenly Sword had already reached the standard of an eight-star earth-god instrument. E Huo Yuntian couldn't even withstand half a sword strike from it, so he would only be courting death if he came over!

"Chen Zhufeng! Are you really not afraid of death?"

Qin Yitian was not in a hurry. She looked at Chen Xiaobei with a complicated expression.

Chen Xiaobei was not in a hurry. He took out a spirit testing talisman that he had made earlier and held it tightly in his hand.

This talisman was taught to Chen Xiaobei by the celestial Hound. As long as someone who had eaten the heavenly dog biscuit approached it, the talisman would heat up!

However, at this moment, the talisman didn't heat up. This proved that Qin Yitian didn't eat dog food!

Her heart had not been wiped away, so she still remembered her feelings and feelings for Chen Xiaobei!

I've said it before, we're friends who have gone through life and death together. If you really want my life, I can give it to you!

Chen Xiaobei believed in his own judgment and Qin Yitian's character. He spread his hands and made a gesture that he would not fight back.

"Miss Qin! What are you still waiting for! Hurry up and kill Chen Zhufeng!"

Seeing this scene, the man in red armor seemed to be on steroids. He was extremely excited. "Since that idiot Chen Zhufeng is asking for it, miss Qin, you should help him! Don't forget what your master promised us!"

Qin Yitian's eyes narrowed and she said coldly, "master only said that he would help you take down Chen Zhufeng. He didn't order me to kill Chen Zhufeng!"

“Isn’t that the same logic?” “Then help me get rid of Chen Zhufeng!” The man in red armor quickly said. The sword pierced through his sea of Qi dantian! As long as his cultivation is destroyed, he won’t be able to escape from my grasp!”

“I know what to do, I don’t need you to nag!”

Qin Yitian gripped the hilt of her sword and looked at Chen Xiaobei. “Chen Zhufeng! I’ll only use one sword! After this sword, all ties between you and me are broken! If we meet again, you don’t have to show me any mercy!”

“How can we ever meet again?” The man in red armor shouted impatiently, ” “My young lady Qin! Please make your move quickly!”

“Shut your stinky mouth! You have no right to speak here!” Qin Yitian’s eyes turned cold, and a cold killing intent shot out of her beautiful eyes.

hiss ... the man in red armor gasped and shut his mouth tightly. He didn’t even dare to let out a fart.

“Heavenly!” Chen Xiaobei did not change his expression and asked, ” “Before you draw your sword, can you tell me who your master is?”

“My master is the Blood Moon Sword Master!”

Heavenly Sword had already pierced through Chen Xiaobei’s dantian!

[Red Envelope Group of the Three Realms](#)

Chapter 2812: about to break through

“Swish!”

Qin Yitian pulled Heavenly Sword out and put it back into the scabbard.

“What a straightforward sword! Not only is your cultivation higher, but your swordsmanship is also more exquisite than before!”

Chen Xiaobei bent down, one hand covering his dantian, the other holding the sword. He looked like he was seriously injured, and it was difficult for him to stand still!

“Good, good, good! That’s great!”

The red-armored man was so excited that his eyebrows were dancing, and he ran over.

my mission is over. I’ll leave this place to you!

Qin Yitian looked at the man in red armor coldly and said, ” “If there’s nothing else, I’ll take my leave!”

“Go, go! You should go back quickly! Mr. Blood Moon is still waiting for you!” The red-armored man had seen Heavenly Sword pierce through Chen Xiaobei’s dantian, so he was no longer afraid of Chen Xiaobei.

Furthermore, Chen Xiaobei had countless treasures on him. The man in red armor did not want Qin Yitian to see them.

“Swish!”

Qin Yitian tossed Heavenly Sword into the air. She tapped the ground with the tip of her foot and rose into the air, stepping on the sword and soaring into the clouds.

“Hehe! Chen Zhufeng! No matter how smart you are! No matter how many trump cards you have! In the end, it’s still the hero who can’t overcome the beauty!”

The man in red armor walked toward Chen Xiaobei with a greedy look on his face. “We knew that you had a special relationship with Qin Yitian, so we invited her here to help. You’re really under our control! I’m going to offer you to the heavenly Lord Yuanshi in exchange for a great contribution!”

master ... e Huo Yuntian’s expression was extremely conflicted when he saw this. He wanted to protect Chen Xiaobei, but he was also afraid that the man in red armor might have other hidden cards.

After all, e Huo Yuntian was not a loyal dog. He did not want to risk his life for Chen Xiaobei!

“I advise you not to meddle in other people’s business!” The Scarlet-armored man glared at e Huo Yuntian and said in a cold voice, “Chen Zhufeng’s enemy is more powerful than you can imagine! If you dare to stop me, you will die without a burial place!”

this ... e Huo Yuntian sucked in a breath of cold air. He was truly terrified.

Chen Xiaobei raised an eyebrow and asked, “E Huo Yuntian, are you planning to die without a proper burial place in the future? Or are you planning to completely disappear from the Three Realms and six paths?”

ah ... e Huo Yuntian’s body trembled. Compared to the man in red armor, he was more afraid of Chen Xiaobei.

After all, the soul-hunting banner was still in his body. As long as Chen Xiaobei was still breathing, he could destroy e Huo Yuntian’s soul with a single thought!

The Scarlet armored man saw that e Huo Yuntian seemed to want to change his mind, and immediately shouted angrily: “Chen Zhufeng! You are already a cripple! You can still escape from my palm? I advise you not to implicate others! Tell your followers to leave! It’s also a way to accumulate some good karma for yourself!”

E Huo Yuntian looked at Chen Xiaobei.

Clearly, e Huo Yuntian was very clear in his heart that he couldn’t afford to offend either side. If he wanted to save his life, the best way was to stay out of this matter and not offend either side!

“Who said I’m already a cripple?”

However, Chen Xiaobei suddenly straightened his back and stood there, unharmed!

how ... How is this possible?!

The man in red armor and e Huo Yuntian looked at Chen Xiaobei as if they had just seen a ghost. They could not believe their eyes!

Heavenly Sword had clearly pierced through Chen Xiaobei’s dantian!

Why was Chen Xiaobei completely fine? This was simply unbelievable!

Upon closer inspection, there was also a sword mark-shaped light in Chen Xiaobei's dantian! It was shining with a seven-colored spiritual light, which was very magical!

"What is going on?" E Huo Yuntian's face was filled with bewilderment, and he couldn't figure it out.

The man in red armor was also at a loss, "I ... I don't know ... This doesn't look like a protective treasure, nor does it look like a protective Zhen Yuan or skill ... It's so strange ..."

"E Huo Yuntian!"

Chen Xiaobei did not explain but said, "Now, do I need to remind you what to do?"

"Ah? No... No need! This servant knows what to do!" E Huo Yuntian swallowed his saliva, took a step forward, and rushed toward the red-armored man.

Obviously, if Chen Xiaobei died, E Huo Yuntian would regain his freedom!

But as long as Chen Xiaobei did not die, E Huo Yuntian could only listen to Chen Xiaobei's orders. Otherwise, E Huo Yuntian's soul would be destroyed and he would never be able to reincarnate!

"Don't ... Don't come any closer!"

The red-armored man's expression changed drastically, and he shouted in a panic, "I still have an eight-star earth-god instrument! I'll kill you!"

"You think I'm stupid?"

E Huo Yuntian said disdainfully, "if you really have an eight-star earth-god instrument, why don't you just show it?" What are you shouting for? Is your eight-star earth-god instrument just for show?"

I ... the man in red armor was at a loss for words. His face had turned the color of pig liver.

"Bang!"

While he was speaking, E Huo Yuntian had already rushed to the front. With the speed and strength of a peak seven-star earth immortal, he had knocked out the Scarlet-armored man with just a single chop of his hand!

After all, Chen Xiaobei had only used his hand to knock out the green armored man. E Huo Yuntian knew that he could not hurt the red armored man!

"Master? Who are they?" E Huo Yuntian asked curiously.

"The green-armored man is the eldest of the four generals of the Mo family, Mo Liqing! The man in red armor is the third of the four generals of the Mo family, Mo Lihong!" Chen Xiaobei said calmly.

In fact, as soon as these two guys appeared, the "three realms illustrated guide" had already displayed the corresponding information!

[dingyu demonic Liqing, an outer sect disciple of the tribe of severity, guards jiameng pass for the Shang Dynasty with three brothers!] With the green sword in his hand, he swung it like thousands of Spears, turning one's limbs into dust and leaving no place for one's soul to hide!

[cause of death: Huang Tianhua of the clan of enlightenment carried the heart-piercing nail with him and cooperated with Yang Jian to set up a chain of traps. He was killed in one strike!]

[dingyu mo Lihong, an outer sect disciple of the tribe of severity, is guarding jiameng pass for the Shang Dynasty with three brothers!] When the mixed energy Pearl umbrella was opened, the sky turned dark and the sun and moon dimmed! As it spun, space spun and the universe shook!

[cause of death: Huang Tianhua of the clan of enlightenment carried the heart-piercing nail with him and cooperated with Yang Jian to set up a chain of traps. He was killed in one strike!]

"If I'm not mistaken, the heavy sword that master seized should be an eight-star earth-god instrument! It's the same level as the sky-shielding umbrella!"

E Huo Yuntian's face was filled with doubt as he asked, "They have such a powerful magic treasure, but why do they seem reluctant to use it? You've only made a move once, why did you stop?"

that's because this giant sword and that umbrella are not real magical treasures!

that's right! Chen Xiaobei said, " the real Qingfeng sword and the mixed energy Pearl umbrella are both high-tier heaven-immortal items! If it appears in the human world, it can easily destroy an entire region!"

this ... e Huo Yuntian swallowed his saliva and said awkwardly, " but that was clearly the power of an eight-star earth-god!

this is probably the so-called 'illusionary numinous treasure'!

Chen Xiaobei looked at the sword in his hand and put it away. don't worry about it first. I'm about to break through a major realm. Help me guard!

Red Envelope Group of the Three Realms

Chapter 2813: divine phenomenon

he ... Broke through a major realm!?

E Huo Yuntian's face was filled with shock when he heard this. He simply couldn't believe his ears.

Chen Xiaobei had always been well-rounded. His trump cards, skills, magical formations, battle formations, Xuan formations, power, and Foundation were all strong!

The only thing that Chen Xiaobei had not been able to improve was his cultivation!

Chen Xiaobei knew this very well, and he was always hoping that he could have a breakthrough in his cultivation!

Who would have thought that when the enemy attacked him, Chen Xiaobei would be pierced through the head and then his dantian, and he would have the opportunity to break through to the next level!

This simply couldn't be measured with common sense, and it was beyond the scope of normal people's cognition!

E Huo Yuntian's jaw dropped. What shocked him even more was that before he came, Chen Xiaobei had a premonition that he would be able to obtain the opportunity that he needed the most!

At first, e Huo Yuntian did not believe it at all. He thought that Chen Xiaobei was just feeling good about himself!

Who dared to think about it! Chen Xiaobei's premonition had become a reality!

That's right! This was the benefit of having extreme luck!

"Whoosh ..."

Chen Xiaobei had taken the unconscious mo Liqing and Mo Lihong into the Meru space, and locked them up in the spirit-condensing space together with the reincarnated earth immortal that he had captured earlier!

After that, Chen Xiaobei sat down cross-legged on the ground and started to practice the Scripture of heaven and earth!

Chen Xiaobei's cultivation was now at the peak of the divine sea realm. The ethereal force in his Qihai had already condensed into liquid form, like a small ocean that was filled with immense power!

Originally, no matter how hard Chen Xiaobei cultivated, he could not improve his cultivation!

However, at this moment, as he activated the Scripture of heaven and earth, the shrunken ocean started to solidify!

Just like seawater freezing into ice, the liquid Zhen Yuan gradually solidified, like a clear crystal, very beautiful!

After the Scripture of heaven and earth circulated 36 times, the crystal started to shrink!

The energy condensed and the crystal condensed, causing the originally clear crystal to become turbid and round. It was a transformation from its essence!

After the Scripture of heaven and earth circulated 360 times, the crystal completely condensed into a round core the size of a coin!

The nature of the energy had completely changed, and it was several times stronger than before!

The round dan was no longer crystal-like, but had completely transformed into a dazzling gold!

Sea congealing!

Core formation!

From the moment the Golden core was formed, Chen Xiaobei had officially broken through to the Golden elixir realm!

Of course, the process of condensing the ocean and forming the core happened in Chen Xiaobei's sea of Qi dantian. Only Chen Xiaobei himself could sense the changes in each step!

Outside of Chen Xiaobei's body, e Huo Yuntian saw something even more magical and unusual!

Only to see! Chen Xiaobei's glabella, heart, and dantian were each lit up with a seven-colored light!

When Chen Xiaobei broke through, the three spots of light released a dazzling seven-colored glow! It almost turned the night into day!

At the same time, the sound of Sanskrit chanting reverberated in the surroundings! It was as if hundreds of millions of monks were praying for Chen Xiaobei!

E Huo Yuntian, who was standing at the side, was so shocked that he even suspected that he was dreaming!

For e Huo Yuntian, a golden core expert was nothing more than an ant. However, in the thirty million years that e Huo Yuntian had been alive, he had never seen anyone who could trigger such a sacred phenomenon when breaking through to the Golden core realm!

The seven-colored spiritual light shone in all directions! Hundreds of millions of Brahman luscious sounds rang out in all directions!

Those who did not know what was going on would have thought that Chen Xiaobei was the reincarnation of some Buddha or Bodhisattva! They wanted to bow down to Chen Xiaobei immediately!

"Whoosh ..."

With the formation of the Golden core, the seven-colored spiritual light gradually dimmed, and the billions of Sanskrit sounds gradually quieted down.

When Chen Xiaobei opened his eyes, his dark eyes seemed to have been injected with something new! The essence, Qi, and spirit were different from the source. They were very special and mysterious!

"Master! You're really, really, really awesome!"

E Huo Yuntian said excitedly, "You don't know this, but when you were breaking through, the seven-colored spiritual light lit up the night sky! The boundless Sanskrit sound cleansed the space! I even thought that it was a God who had descended to the mortal world!"

"It's not that exaggerated."

that's right! Chen Xiaobei chuckled. that's just the effect of the Jiu fan immortal Qi that the Jiu fan Golden Bell gave me!

Jiu ... Jiufan Golden Bell!?

E Huo Yuntian's expression turned blank as he asked in astonishment, "Are you talking about the most precious treasure of the three-Saint nunnery?"

The three saints nunnery was one of the top ten forces, and the Jiu fan Golden Bell suppressed fate energy. There was no one in the earth immortal world who didn't know about it. E Huo Yuntian naturally knew about it, and he was naturally extremely shocked!

"Yes,"

yes! Chen Xiaobei nodded. the three-Saint nunnery is the Holy Land of Buddhism. The Jiufan Golden Bell is there listening to the teachings of the eminent monks day and night. It has also been refining the spirit veins all year round, and gradually, it has produced Jiufan celestial Qi! The phenomenon just now was caused by this!"

"Ah?" E Huo Yuntian was stunned,"the rainbow spiritual light is the spiritual Qi from a spiritual vein?" The Sanskrit sounds that filled the sky were the chanting of eminent monks? Then isn't this Jiu fan immortal Qi just a false appearance and has no practical use?"

"Are you stupid? This Jiu fan immortal Qi has already saved my life three times! Otherwise, how could I be fine after being pierced by the enemy's attack?"

Chen Xiaobei rolled his eyes and said, " "Most importantly, Jiu fan immortal Qi helped me open the Shenting point in my mid-brows! It was the heart aperture point in the front and the heart divine Dao point in the back! The Qi chongpoint in the Qi sea and the Mingmen point in the dantian! This allowed my true essence to break through the bottleneck and smoothly break through to the next realm!"

"Heavens! This ... This is too magical!" E Huo Yuntian's face was filled with shock. He had never heard of such a method to break through a major realm in this world.

"Unfortunately, there are losses for every gain!" Chen Xiaobei was a little disappointed. "Jiu fan's immortal Qi has been completely exhausted! After that, you can't keep me alive anymore ..."

E Huo Yuntian consoled him,"an external force is an external force after all. It doesn't matter if it's exhausted!" As long as master's strength grows stronger, you'll be able to protect yourself and won't need to rely on external forces!"

"Of course I understand!"

no! Chen Xiaobei said calmly, " all external forces are useless. Only your own cultivation is the best guarantee! The Jiu fan immortal Qi had already completed its mission! I'm already very satisfied to be able to successfully break through to the Golden elixir realm!"

Chen Xiaobei then used his netherspirit battlescouter!

Although the master-protecting puppet had been destroyed by the surprise attack just now, its ability to see through personal information was still normal!

[ding Yingluo's cultivation level: early gold core realm. Lifespan:

[Red Envelope Group of the Three Realms](#)

Chapter 2814: serious worry

[ding Yingluo's cultivation level: early gold core realm. Lifespan: Year 32561, physical body: 150 million, combat power: 50 million, primordial spirit attack-sacred level!

The netherspirit battlescouter displayed all of Chen Xiaobei's personal information.

"A major realm breakthrough! His lifespan had been increased by 5000 years! His combat power had increased by 13000000! There's no change to my physical body, because I've already reached the physical strength of a nascent soul realm cultivator!"

Chen Xiaobei calculated excitedly, "The most important thing is that I can continue to cultivate after breaking through to the next major realm! If I exchange my followers for cultivation halos, it won't be long before I can reach the peak of the Golden core realm! This feels so good!"

"In addition, the unique characteristic of the primordial soul realm is its primordial soul attack! The uniqueness of the divine sea realm referred to the mysterious techniques! The characteristic of the Jindan stage was the great Dao of the Jindan! Xuan Xin's great Dao of the divine Phoenix was simply too handsome! I wonder what great Dao I can comprehend! I'm really looking forward to it!"

.....

The breakthrough had brought Chen Xiaobei a lot of benefits. Just thinking about it made him look forward to the future!

"Master! It's time to midnight!"

Suddenly, E Huo Yuntian interrupted Chen Xiaobei's thoughts.

The moon hung high in the sky, and there were no clouds around it. The sky was as dark as ink, and it was boundless darkness!

The originally calm Rocky Hill suddenly had gusts of cold wind, as if ghosts had passed by. The entire space became cold and eerie, and the atmosphere was gloomy!

"The Yin Yang sect will only appear at midnight. We can't miss it!"

Chen Xiaobei looked around, searching for the entrance to the Grand Lunar ghost tomb!

The netherspirit battlescouter was the same as the yin-yang eyes. It could see things that were like ghosts!

Very quickly, Chen Xiaobei found a blue Yin Yang gate among the rocks!

It was as if a ball of blue will-o'-the-wisp was burning, eerily and eerily. It was like the gate of death that led to hell, causing one to shiver in fear!

"Let's go! Let's go!"

Chen Xiaobei took out Mo Liqing's Qingfeng sword and walked toward the Yin Yang sect.

"Yes, sir!" E Huo Yuntian gulped. He did not dare to act alone. He immediately followed Chen Xiaobei, step by step.

After all, the Qingfeng sword could activate the power of an eight-star earth-god, and Chen Xiaobei could still block it in a dangerous situation.

Don't worry! Chen Xiaobei said. Take out your fire-stabilizing blade! Don't count on me for everything!

“The fire-stabilizing divine saber can’t be compared to the heavy sword in your hand. It’s useless even if you take it out ...” E Huo Yuntian said with embarrassment.

I’ve already told you that both the Azure edge sword and the origin bead umbrella are high-rank heaven immortal artifacts. They won’t appear in the mortal world!

I don’t think so. Chen Xiaobei said, “the umbrella and the sword we saw earlier should be an ‘illusionary magical treasure’. It’s a product of some kind of mystical illusionary technique. It’s not a real magical treasure! It can only be activated once, and then it will dissipate!”

this ... e Huo Yuntian’s expression was startled as he said in a daze: “No wonder the sky-shielding umbrella only appeared once. It was a fake magic treasure created by an illusion! But why did they use fake talismans?”

“The reason is simple!”

“They can’t bring a heaven-God instrument to the human world, and the human world doesn’t have enough high-tier earth-god instruments for all of them to use!” That’s why they’re using the illusionary artifact as a substitute!”

“Although the power of the ‘illusionary artifact’ can only be activated once, as long as the level is high enough and the timing is good enough, even if it can only be used once, it’s enough to determine the success or failure of a battle!”

Obviously, Chen Xiaobei was not just playing dead when he was lying on the ground. He had also eavesdropped on mo Liqing and Mo Lihong’s conversation, and carefully studied the essence and use of the illusionary divine instrument!

If Chen Xiaobei had not known that mo Lihong could no longer activate the sky-shielding umbrella, asking e Huo Yuntian to attack mo Lihong would be equivalent to asking e Huo Yuntian to commit suicide!

It was because Chen Xiaobei had calculated everything that he allowed Qin Yitian to stab him. That was why he could beat them at their own game and take down mo Liqing and Mo Lihong so easily!

However, the small victory in front of him did not make Chen Xiaobei feel at ease! On the contrary, the more he calculated, the more worried Chen Xiaobei was about Qin Yitian!

Firstly, Qin Yitian had become the disciple of the Blood Moon Swordmaster! He would listen to the Blood Moon Swordmaster’s words! In the future, even if Chen Xiaobei did not make things difficult for her, she would still become The Public Enemy of all the prestigious sects in the world! Danger was everywhere, and every step was filled with trepidation!

Secondly, the Blood Moon Swordmaster seemed to be in cahoots with the clan of enlightenment! Back then, at the last moment when the little nun Yun fanqing sealed the Blood Moon Swordmaster, a mysterious force helped the Blood Moon Swordmaster to escape. It was probably the chanism!

If the Blood Moon Swordmaster really formed an alliance with chanism, then Qin Yitian would definitely become Chen Xiaobei’s enemy in the future!

The third and most important point! What was so special about Qin Yitian? Why did he catch the Blood Moon Swordmaster's eye?

The Blood Moon appeared! The world was in chaos!

Before the Blood Moon Sword Master was sealed, he was already the chief sect master of all the demonic sects in the world! He had the strength to compete with the top forces, and he had the Super ambition to unify the earth-god Realm!

He would also unify the earth-god Realm!

Chen Xiaobei wanted to stop the war, for peace, and for the peace of the people!

However, what the Blood Moon sword owner wanted was the Supreme status, the power to control life and death, and the atrocities that he could do as he pleased!

Back then, billions of demon cult troops had wreaked havoc in Nanzhan state! Every time a city was breached, they would either massacre the city in cold blood, leaving no one alive! Or, he would defile all the women and capture all the men to be his slaves!

In the darkest time, half of the Nanzhan state was already empty and corpses were strewn everywhere!

He was only one step away from the world falling into chaos!

However, back then, the ten top forces had joined forces and sealed the Blood Moon Swordmaster with the help of the three-Saint nunnery's Jiufan Golden Bell formation! It ended the chaotic world completely and shattered the Blood Moon Swordmaster's ambition!

He had completely failed back then, but now he was making a comeback!

There was no change to the Blood Moon Swordmaster himself, but Qin Yitian had appeared beside him! Moreover, he valued Qin Yitian very much! He had even nurtured Qin Yitian at all costs!

Now, the situation had returned to the problem that Chen Xiaobei was most worried about!

Why would Qin Yitian be chosen by the Blood Moon Swordmaster?

Could it be that Qin Yitian had a secret that could help the Blood Moon Swordmaster succeed?

Chen Xiaobei became even more worried. The next time he saw Qin Yitian, he must ask her about it!

Of course, without any clues or evidence, it was useless to think about it!

"Let's go in!"

Chen Xiaobei took a deep breath, held the Qingfeng sword in his hand, and entered the Yin Yang sect.

E Huo Yuntian took a deep breath, took out the fire-stabilizing Divine Blade, and followed closely behind.

.....

The two of them passed through the Yin Yang gate and entered the legendary taisui ghost tomb as if they had teleported through space!

Red Envelope Group of the Three Realms

Chapter 2815

2815 The array in the coffin

There was nothing special about the tomb, just a large tomb.

The main point was that e huoyun Shan had once brought people over to plunder the place many years ago! As for the treasures that were buried with him, they were all plundered clean. Many places were even damaged.

On the surface, this ancient tomb no longer had any value. So, for many years, no one came to visit.

Only people like Chen Xiaobei and Deng junyu, who had studied it thoroughly, would know that the most valuable things in the taisui tomb were still there! It was just that outsiders didn't know!

"Master, the core of the tomb is right in front!"

"I've heard from e huoyunshan that the seven treasures Crystal Zoysia was found on the coffin of the tomb's owner!" E Huo Yuntian said.

E Huo Yuntian said while pointing forward.

In the center of the tomb, there was a large coffin that was opened!

It was obvious that e huoyunshan didn't even let the corpse of the tomb owner go. He had forcefully opened the coffin and plundered all of the tomb owner's personal belongings!

"If the seven treasures Crystal Zoysia is growing on this coffin! In that case, the murderous aura of the netherworld that I'm looking for must be related to this coffin!"

that's because the seven treasure crystal Zoysia needs the nine netherworld evil Qi to grow and reach seven-star earth-god level! Chen Xiaobei explained. There is no murderous aura of the netherworld in the vicinity, so this coffin must be the medium to transmit the murderous aura of the netherworld!"

E Huo Yuntian nodded and said,"that's simple, just move the coffin away!" The baleful yin force must be hidden underground!"

"It can't be that simple!"

no! Chen Xiaobei shook his head and said," e huoyunshan searched this tomb thoroughly. He didn't even leave a single corner untouched. If the nine Yin killing Qi was simply hidden underground, there's no way e huoyunshan wouldn't have found it!

"Well ... Now that you mention it, it seems to be true!" E Huo Yuntian's brows slightly furrowed,"I've released my primordial spirit domain, but I didn't sense any hidden space or passageway underground!"

"It's obvious that an essence soul domain is useless! Otherwise, e huoyunshan wouldn't be an idiot, so how could he not use it?" Chen Xiaobei activated his golden gaze fiery eyes.

The function of the essence soul domain was to use the divine sense to sense things that could not be seen!

The effect of the Golden gaze fiery eyes was to allow Chen Xiaobei to see things that others could not!

For example, the secret runes hidden inside the coffin!

“It’s too exquisite ...”

there are layers on every side of the coffin! One of them contains 81 runes! If I’m not mistaken, it’s a small space formation! Chen Xiaobei exclaimed.

“What? There’s a Space Array hidden in the coffin?” E Huo Yuntian’s expression turned blank. He simply couldn’t believe his ears.

“Of course!”

Chen Xiaobei placed his hand on the coffin and injected his ethereal force into it!

Now that Chen Xiaobei was a golden elixir, he could use his own ethereal force to activate a three-star earth-god instrument!

In other words, every stream of ethereal force that Chen Xiaobei released contained a huge amount of energy!

It was naturally not difficult to activate a small space Array!

“Chi ...”

As expected, the formation in the coffin absorbed all of Chen Xiaobei’s ethereal force, and then a clear wave of ethereal force was released!

“Whoosh ...”

Then, the entire coffin was lit up with a blue will-o’- the-wisp!

The ghostly flames merged and formed a spiritual Yin Yang sect above the coffin!

it seems like the owner of this tomb is very good at using the Yin Yang sect!

“If I’m not mistaken, the murderous Qi of the netherworld is right behind the yin-yang gate!” The trace amount of nine nethers evil Qi that came out of the coffin was completely absorbed by the seven treasure crystal Zoysia, which is why it wasn’t detected by outsiders!”

“The ... The Yin Yang sect has appeared again? Are we going in now?” E Huo Yuntian didn’t have the Yin Yang eyes, so he naturally couldn’t see the dark blue Yin Yang gate. His heart was on tenterhooks, and he didn’t really want to go in.

“Don’t rush!”

Chen Xiaobei activated the merit points book. “Deng Jie Yu suggested that I exchange for a Celestial Soul seal talisman and then a nine yang body protection talisman! She’s checked the relevant information, and she’s the reincarnation of an ancient immortal, so her suggestion shouldn’t be wrong!”

The misty immortal soul-locking talisman was a one-star heavenly immortal-grade talisman! It could seal all evil spirits below the celestial immortal realm!

[Suan ni exchange price: 100 million merit points for one piece!]

Please select the exchange amount!

this talisman can help me seal the evil Qi of the netherworld at the peak of the nine-star earth-god level. I must exchange for it! "I'll get one!" Chen Xiaobei decided.

Even though the evil Qi of the netherworld was an inanimate object with no consciousness or special abilities, its attributes were extremely Yin and evil. Even a little bit of it was not something that Chen Xiaobei could withstand!

This was clear just by thinking about the ten-thousand-year ice soul and the ten-thousand-year infernal spirit!

Therefore, he had to exchange for the celestial Soul-locking talisman!

[ding! Merit points successfully exchanged. 100 million merit points have been deducted!]

[your current merit points are 145.73 billion.(Charm: 14.573 billion, luck: 14.573 billion!]

In the past, Chen Xiaobei would not have spent so much merit points on a single-use talisman!

After all, Chen Xiaobei did not have much merit points at that time, and it was very difficult to accumulate them.

But it was different now. Chen Xiaobei had the nouveau riche Halo. 100 million merit points was a piece of cake!

Her mother no longer had to worry that Chen Xiaobei would not be willing to spend merit points!

The misty nine yang protective talisman was a one-star heaven immortal level talisman! It could withstand all evil spirits below the level of a divine immortal!

[Suan ni exchange price: 100 million merit points for one piece!]

Please select the exchange amount!

"This celestial talisman is mainly used to protect me from the harm of ghosts and evil beings! It looks like I have to exchange for it, but I'm not!" Chen Xiaobei then turned off the merit points ledger.

"Master! You're not joking, right?"

"How can you not exchange the immortal talisman that's protecting you?" e Huo Yuntian asked worriedly. What if there are other dangers besides the murderous aura of the netherworld? what should we do?"

Chen Xiaobei shrugged and asked, " "If there's no other danger, then wouldn't I have exchanged this immortal talisman for nothing?"

"How can you think like that!"

E Huo Yuntian rubbed his forehead and said embarrassedly, "This is a matter of life and death, so don't gamble with your life! As the saying goes, it's better to be prepared! If you save one immortal talisman now, you might lose your life when you encounter danger!

"You said it yourself, this is a gamble! What did they bet on? Of course, it's luck!" I'm so lucky! I bet there's no other danger behind the Yin Yang sect! Chen Xiaobei grinned. Do you believe me?"

Chapter 2816: foot soldier

"Bet? You ... Aren't you risking your life ..."

E huoyuntian was sweating. He did not expect that someone as powerful as Chen Xiaobei would not care about his own life.

It was too much of a child's play to gamble one's life just because of a disagreement!

"Cut the crap!"

Chen Xiaobei's eyes turned cold and said, " "You're just one of my dogs, you don't have the right to complain! Even if I want to play with my life, you can only play with me!"

It was obvious that e Huo Yuntian had tried to leave Chen Xiaobei behind and run away when Chen Xiaobei seemed like he was going to die!

So, Chen Xiaobei would not be nice to e Huo Yuntian!

If Chen Xiaobei was really angered, he could kill e Huo Yuntian with a single thought!

"I don't dare! This servant does not dare to speak! Whatever you say, master!"

E Huo Yuntian swallowed his saliva and lowered his voice. He did not dare to challenge Chen Xiaobei's patience.

After all, he, e Huo Yuntian, was never Chen Xiaobei's friend. If he wanted to live, he had to be a good dog!

"Keep up!"

Chen Xiaobei jumped into the yin-yang gate above the coffin.

E Huo Yuntian didn't dare to speak any nonsense and quickly followed him in.

.....

After passing through the Yin Yang gate, the surrounding space underwent a huge change!

It was pitch black all around, and even the ground beneath his feet had turned black! There were only balls of blue will-o'- the-wisps that were like the stars in the night sky, flickering and becoming the only embellishments in the darkness!

this place is so weird ... Chen Xiaobei frowned.

Although Chen Xiaobei was a four-star earth-god with a physical strength of 150 million, he still felt extremely cold and uncomfortable in this space!

This kind of cold was not the cold brought by ordinary low temperatures. Instead, when evil Qi entered one's body, it would quickly wear down one's essence, Qi, and spirit. It would make one feel weak and uncomfortable from the depths of the soul, and the bone-marrow would feel unbearable cold!

"Master! The baleful yin force here is too strong!"

"I can barely hold on, but with your body and soul, if you stay here for too long, even if you don't die, you'll become seriously ill!" E Huo Yuntian said in a deep voice.

you're still able to withstand it. This means that the evil Qi of the netherworld is not nearby. We have to go somewhere colder! Just walk to the place where you can't handle it!"

"What about your health?"

"If you reach a place where even I can't hold on, then there'll be no one to protect you!" E Huo Yuntian's brows were tightly knitted.

"This is simple!"

I'm fine! Chen Xiaobei smiled. you walk forward, and I'll follow behind you. If you can't hold on any longer, just shout for me!

Without a doubt, Chen Xiaobei would not treat e Huo Yuntian as a friend. He would not even treat e Huo Yuntian as a dog. He would only treat e Huo Yuntian as a pawn that he could abandon at any time!

To put it bluntly, e Huo Yuntian was just cannon fodder!

Whether he lived or died, it all depended on his luck!

"As ... As you wish ..."

E Huo Yuntian's face turned deathly pale when he heard this. He was extremely terrified in his heart, and he wished he could run away.

However, with the soul hunting flag in his body, if he obediently became cannon fodder, e Huo Yuntian might still have a chance of survival! But if he rejected Chen Xiaobei, heavenly general e huoyun would die!

Because of this, e Huo Yuntian could only obediently walk towards the place where the yin Qi was more abundant!

Chen Xiaobei followed them from a distance.

Chen Xiaobei might look cold and cruel, but in reality, e Huo Yuntian brought this upon himself!

He, e Huo Yuntian, was Chen Xiaobei's enemy! Chen Xiaobei had already done him a great favor by sparing his life! However, he was not loyal enough. There were a few times when he wanted to leave Chen Xiaobei behind and run away on his own!

Therefore, being used as cannon fodder at this moment was all e Huo Yuntian's own doing! You can't blame Chen Xiaobei!

.....

"Master! I ... I can't take it anymore!"

After a period of time, e Huo Yuntian suddenly stopped and shouted, " "The yin Qi in front is too terrifying. I really don't dare to go over!"

"What's the hurry? He circulated his true Yuan! Continue forward!" Chen Xiaobei ordered impatiently.

In fact, Chen Xiaobei had already started to channel his fire-type ethereal force to protect his body, using the Yang-type of the fire to resist a part of the cold! He could keep his body normal!

However, e Huo Yuntian, this fool, had relied on the strength of his physical body to not circulate his Zhen Yuan. Only at this moment, when his physical body could no longer hold on, did he stop!

Yes, sir ... e Huo Yuntian's old face turned red. His face was burning hot!

He was a peak seven-star earth level deity, but he had forgotten the most basic vital essence shield because of fear and nervousness!

Such a foolish act was enough to make people laugh their heads off!

It couldn't be more embarrassing!

.....

"Master! I can't hold on any longer ... My true essence is being consumed at an extreme speed, and it's about to be exhausted! Please allow me to retreat ..."

After walking for a while, e Huo Yuntian suddenly started to wail.

However, e Huo Yuntian hadn't even finished his words when his wailing voice suddenly turned into an extremely frightened scream.

"Master! My protective Zhen Yuan has crumbled ... All the evil Yin Qi has entered my body ... Help ... I don't want to die ... Help!"

The scream was hysterical and heart-wrenching. It was obviously not an act!

The fire attribute true essence collapsed!

The baleful yin force was concentrated in his body!

It was obvious that these were two extremely important signals!

"Swish!"

Without hesitation, Chen Xiaobei picked up his pace and charged forward!

Logically speaking, if e Huo Yuntian could not handle the yin Qi, Chen Xiaobei should not be able to either!

However, as Chen Xiaobei charged forward, the yin Qi became weaker and weaker. In the end, there was almost no Yin Qi left!

This scene looked unexpected, but it was actually all within reason!

The baleful Qi of the netherworld was originally wandering around in this space, filling the surroundings with an irresistible Yin Qi!

The closer he got to the main body of the murderous aura of the netherworld, the more terrifying the yin chill became!

When e huoyuntian's soul could no longer support it, he was already not far from the main body of the nine nethers murderous Qi!

And when e Huo Yuntian's protective Zhen Yuan shattered, he had already unknowingly walked to the side of the nine nethers murderous aura!

Although the baleful Qi of the netherworld did not have a mind of its own, it was the instinct of the two elements to absorb yang to supplement Yin!

Therefore, after the main body of the nine nethers murderous Qi had crushed the protective Zhen Yuan, it had completely drilled into e Huo Yuntian's body, preparing to absorb all of e Huo Yuntian's yang Qi!

Because of this, the closer Chen Xiaobei got to e Huo Yuntian, the thinner the yin Qi became!

"Uh ... Ah! Uh ..."

Of course, e Huo Yuntian already had one foot in the gates of hell!

The murderous Qi of nine Yin at the peak of nine-star earth immortal level was something e Huo Yuntian absolutely could not contend with!

The extreme cold brought an excruciating pain to e Huo Yuntian's soul and bone marrow every second. At the same time, it was rapidly snatching away e Huo Yuntian's yang Qi!

E Huo Yuntian's yang Qi would be completely exhausted in less than ten seconds, and he would die!

"Swish!"

However, Chen Xiaobei had already appeared in front of him!

"The immortal spirit great Dao! Seal the evil!"

die! Chen Xiaobei shouted and slammed the talisman on e Huo Yuntian's head.

Chapter 2817: mysterious stone tablet

"Whoosh ..."

In an instant, the strong spirituality of the celestial talisman suddenly bloomed!

The Holy and resplendent light brightened up the dark space!

With the celestial talisman as the center, a powerful force directly poured into e Huo Yuntian's body! It was like a hurricane that swept through everything, pulling out all the evil Qi of the nine nethers that had invaded e huoyuntian's body!

"Ha ... Ah ..."

E Huo Yuntian's mouth was wide open, and his eyes were wide open!

Whoosh ... Whoosh ... Whoosh ...

Immediately after, jet-black nine nethers murderous aura rapidly gushed out from e Huo Yuntian's eyes, ears, nostrils, and mouth!

Immediately after that, all of the evil Qi of the netherworld that had emerged from e huoyuntian's body was drawn into the immortal soul-locking talisman, and was firmly confined, unable to escape the seal of the talisman!

"Phew ..."

A moment later, e Huo Yuntian let out a long breath. The pain on his face gradually disappeared, and his highly tensed body also relaxed.

It was obvious that the murderous aura of the netherworld that had invaded his body had been completely extracted and sealed in the celestial Soul-locking charm.

"Chi ..."

Chen Xiaobei took the talisman off e Huo Yuntian's head and carefully kept it in his infinite space ring!

Once he found the netherworld relic and Mithril, Chen Xiaobei could upgrade the netherspirit battlescouter to a peak earth-god instrument!

"Thank you ... Thank you for saving my life, director ... If you had come half a second later ... I'm afraid I wouldn't have been able to make it ..."

E Huo Yuntian knelt on the ground and expressed his gratitude to Chen Xiaobei with a trembling voice.

Without a doubt, e Huo Yuntian had already taken one step into the gates of hell in that situation. His fear and despair had already been pushed to the extreme! It might even collapse at any moment!

It was Chen Xiaobei who had arrived in time and pulled e Huo Yuntian back from the gates of hell!

The feeling of being on the line between life and death made e Huo Yuntian feel grateful to Chen Xiaobei, but at the same time, he was even more afraid of Chen Xiaobei!

Even though e Huo Yuntian had been a wise man for a long time, he was just like an ant in Chen Xiaobei's hands. Chen Xiaobei could play with him however he wanted to! He would die however he wanted him to die!

After this matter, e Huo Yuntian could be considered to have a great enlightenment!

Only by being completely loyal to Chen Xiaobei could he, e Huo Yuntian, live on and live a good life!

E Huo Yuntian had already decided that from now on, even if they were to face a life-and-death situation, he would stand by Chen Xiaobei's side. Even if he had to die, he would not leave Chen Xiaobei behind and run away by himself!

"Look at you!"

I've already told you! Chen Xiaobei smiled. there's no fatal danger here! The facts have proven that I made the right bet!"

uh ... e Huo Yuntian said embarrassedly, " "You're not in any danger, but I almost died ..."

"Almost died, that means he's not dead, and he's fine!" Chen Xiaobei shrugged, his face full of disdain.

Chen Xiaobei might look like he was joking, but he was not.

But in reality, Chen Xiaobei's decision had already fully demonstrated his extremely tough methods!

If Chen Xiaobei came alone, he would have to exchange for a nine yang protective talisman!

But with e Huo Yuntian accompanying him, Chen Xiaobei did not want to change!

Forcefully ordering e Huo Yuntian to become cannon fodder had not only saved him a hundred million merit points, but also polished off e Huo Yuntian's disloyalty!

From now on, e Huo Yuntian would fear Chen Xiaobei from the bottom of his heart! She would not be half-hearted anymore, and she would not dare to betray Chen Xiaobei!

"By the way, Deng Jie Yu asked me to help her find the taisui, but I didn't see it ..."

Chen Xiaobei calmed himself down and started to observe his surroundings.

After the baleful Qi of the netherworld was taken away, the coldness of the entire space was greatly reduced, and the darkness was no longer as thick as ink!

With the help of the surrounding Blue Ghost flames, he could vaguely see the situation inside the space!

"There's still nothing ... Could Deng Jie Yu have made a mistake?"

Chen Xiaobei activated his golden gaze fiery eyes and looked around.

This space wasn't very big, and there weren't any hidden mechanisms. With just one look, he could basically confirm that there was no taisui life talisman here.

E Huo Yuntian thought for a moment and said,"I remember miss Deng said that this taisui life talisman is not a magic weapon. It doesn't have any great use. It's just a token of Hengshan taisui!" [1]

"Yes, she did say that! Do you know something?" Chen Xiaobei asked.

I can't be sure ... e Huo Yuntian said, " "I only know that Hengshan taisui was a powerful earth level deity who specialized in earth element cultivation techniques in ancient times! Once true essence was released, it was like a mountain in front of him! Its defensive power is unparalleled!"

"What does this have to do with the taisui destiny talisman?" Chen Xiaobei asked.

E Huo Yuntian said, "this Hengshan taisui is obsessed with the earth attribute and loves to get close to mountains, rocks, and the earth!" He often built his own stone houses and stone tools ... Perhaps the taisui destiny talisman is a piece of stone and is not in this space, but in the tomb just now!"

"That makes sense!"

that's right! Chen Xiaobei's eyes lit up. because the talisman looks like a stone, and it doesn't have any spirituality or special ability, e huoyunshan definitely didn't find it when he came to search for it!

"Since master agrees with me, then let's go back and look for it!" E Huo Yuntian said.

.....

After passing through the Yin Yang gate, the two of them returned to the tomb.

As soon as he steadied himself, Chen Xiaobei noticed that there was a black-gray stone card in the middle of the coffin!

The stone tablet was about the size of a palm, with dense ancient characters carved on the front and patterns of mountains and rocks on the back!

The carving was extremely exquisite. If it was brought back to Earth, it could be considered a top-notch carving art!

However, the people of the earth-god Realm only pursued power and benefits!

No matter how exquisite the art of carving was, it was meaningless to carve it on an ordinary stone!

Moreover, ordinary people wouldn't be able to understand a single ancient character on it! The main point was that it had no spirituality and no special abilities!

To put it bluntly, in the eyes of immortal cultivators, this was useless garbage.

It was no wonder that e huoyunshan didn't care about it at that time and cleared out all the funerary objects in the coffin except for this stone tablet!

"What is so special about this thing? Why does Deng Jie Yu's contract owner have to get it?"

Chen Xiaobei held the taisui destiny talisman in his hand and started to calculate. the Hengshan taisui loves the earth attribute ... Earth ... Could it be that this stone tablet is related to earth traveler sun?!

Deng Jie Yu was the wife of earth traveler sun, and the two of them had a very good relationship. They could even entrust their lives to each other!

"It seems that I have to ask brother Yama or brother monkey first, and then I can give this stone card to Deng Jie Yu!"

Chen Xiaobei was not stupid. He had to get to the bottom of this.

Chapter 2818

2818 Landing on the island to cultivate

Immediately, in the tomb.

Chen Xiaobei took out his phone and sent a message to the Brotherhood.

In the past, whenever Chen Xiaobei sent a message, the group would reply within seconds. But this time, there was no reply!

There were not many members in the Brotherhood group to begin with, and now, the number of members was getting smaller and smaller!

Chang 'e fairy had always openly supported Chen Xiaobei in the group chat. She had even expressed her strong feelings for Chen Xiaobei!

As a result, the Queen Mother had sent Chang 'e to the heavenly court to serve her a long time ago!

Since then, fairy Chang 'e had never sent a message in the group!

Even the Monkey King and the King of Hell didn't know if Chang 'e was in the heavenly court. And was he really serving the Queen Mother?

After that, through the red envelope snatching session on New Year's Eve, Xiao Tianquan gave Chen Xiaobei three demon spirit petrification stones that contained information about reincarnating into an earth level deity. He told Chen Xiaobei about Sun Simiao, Yuji, and Wei Xiaobao!

Immediately after that, Xiao Tianquan followed Yang Jian to carry out a mysterious mission and never appeared in the group again!

Similarly, hell King and Monkey King didn't know where Xiao Tianquan had gone. When would he be able to return?

Because of this, only Hades and Monkey King were left in the Brotherhood group!

Moreover, as the atmosphere in the heavenly realm became more and more tense, even Hades and Monkey King rarely appeared in the group!

This was probably The Omen of the infinite calamity!

.....

After waiting for a long time, a reply finally came from the group.

The Great Sage, Heaven's Equal, Xiaobei! I just had some free time! What do you want? Hurry up and tell me! After that, I'm still in a hurry to see sister Nuwa!

Chen Xiaobei: " it's not a big deal for me. But, Monkey King, you seem to be in a hurry! (Worried)

[The Great Sage, Heaven's Equal: the cataclysm is coming. The sages are scheming, and the secrets of heaven are ever-changing!] Recently, everyone had been carrying out the tasks assigned by their respective sects!

The Great Sage, Heaven's Equal: " I've just followed sister Nuwa's instructions and found a divine item. I must send it over immediately to avoid any more trouble!

Chen Xiaobei: " you've found the divine item. Does that mean your mission is complete? "

The Great Sage, Heaven's Equal: " yes, the mission went very smoothly. You don't have to worry about me. Just tell me what you want to say!

Chen Xiaobei: " here's the thing. I met Deng junyu in the human world. She's looking for a taisui talisman at all costs. I suspect that this thing has something to do with earth traveler sun. So, I wanted to ask you first!

The Great Sage, Heaven's Equal-taisui destiny talisman? What was that thing? I've never heard of it before! (Puzzled)

Chen Xiaobei: " Monkey King, wait a minute! I'll send you the picture!

After that, Chen Xiaobei took a picture of both sides of the taisui talisman and sent it to the group.

The Great Sage, Heaven's Equal: " I can't understand the words on the front either. I can help you ask sister Nuwa later! As for the pattern of the mountains and rivers on the back, I feel like it's a treasure map!

Chen Xiaobei, treasure map? It seemed to be true! (Eyes lit up) such fine carving! It could completely match the real mountain range and location!

The Great Sage, Heaven's Equal: " I'm guessing that this treasure map might be a relic left behind by earth traveler sun in ancient times! Or perhaps it was a relic left behind by the force that had inherited earth traveler sun's orthodoxy!

The Great Sage, Heaven's Equal said,"in ancient times, earth traveler sun's strength was very ordinary, and the ruins he left behind were not of much value!" If it was the ruins of the earth level deity forces, it would be even more worthless!

The Great Sage, Heaven's Equal,"so, you don't have to be too calculative!" Just give the thing to Deng Jie Yu directly to make a good relationship!

Chen Xiaobei: " yeah! Monkey King is right! Anyway, I've already left a photo! I'll give the things to Deng Jie Yu first! If mother nüwa has any explanation for this, brother monkey, please let me know!

The Great Sage, Heaven's Equal: " no problem. When I see sister Nuwa, I'll help you ask her! However, she's been very busy recently, and I can't guarantee when I'll see her!

Chen Xiaobei: " it's okay! I can wait!

Chen Xiaobei: " also, Monkey King, can you help me ask more about Daji? " Mother nüwa is too busy, so I didn't want to disturb her! This time, I'll take advantage of you and ask them all!

The Great Sage, Heaven's Equal: It was just a matter of one sentence! But then again, why did you suddenly think of little Daji? Did you find any clues related to her?

Chen Xiaobei: " I don't know anything. I just heard that there's a Guild called 'Red Lotus'! In addition, my luck has been extremely good recently, and I want to try my luck. If mother Nuwa can give me some pointers, things will be much easier!

The Great Sage, Heaven's Equal, understood! I'll convey your exact words to sister Nuwa! I'll contact you as soon as I get any news!

Chen Xiaobei-thank you, Monkey King!

.....

After ending the private chat, Chen Xiaobei had a rough idea of what was going on.

Through the portal, Chen Xiaobei returned to the northern spiritual region and went straight to Oceanus sect.

Since the taisui talisman had already taken a picture and he had asked Monkey King to find out more, Chen Xiaobei had nothing to worry about! After returning, he directly gave it to Deng Jie Yu!

Deng junyu was very grateful to Chen Xiaobei and promised him that she would help him when he needed it in the future to repay his kindness!

Naturally, Chen Xiaobei was very happy about this!

After all, taking back the taisui life talisman was just a favor, it didn't take much effort, but to be able to exchange it for a big favor from Deng junyu, it was obviously a big profit!

.....

After that, Chen Xiaobei bade Deng junyu farewell and flew to the North Sea.

Originally, Chen Xiaobei did not have a place to stand in the North. However, after a conflict in the Oceanus sect, Chen Xiaobei got himself a Great White jade Island!

About 20,000 miles away from the land, Chen Xiaobei saw a very eye-catching Island on the North Sea!

The beach around the island was as white as snow, and the sea water around the white sand was as green as Jade!

That was how white jade Island got its name!

Looking down from the sky, the small island looked like a green gemstone embedded in the blue sea! Beautiful, rare, and loved by everyone!

Of course, everyone liked white jade Island not only because of its scenery, but also because of the extremely rare ownerless spirit vein under the island!

Although it was only a small spirit vein, an ownerless spirit vein was definitely the rarest resource in the earth-god Realm!

Relying on this small spirit vein, Fu hai city could nurture a million soldiers on the island! The ocean divinity sect could establish a new sect of the same scale as their current sect here!

One could imagine how valuable an ownerless spirit vein was!

And now, this spiritual vein was Chen Xiaobei's personal property!

wait for me to exchange for the heavenly Dao reward. Then, I'll immediately use the spiritual energy from the spiritual vein to cultivate!

Chen Xiaobei could not wait to land on the island!

Red Envelope Group of the Three Realms

Chapter 2819: double halo

[the number of new believers increased by 54.4 billion!] The total number of believers was 64.4 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

[ding! Please select the heavenly Dao reward you wish to exchange for!]

"I'll exchange for the heavenly Dao cultivation Halo first! Level five, six, seven, eight, and nine, exchange them all!"

Chen Xiaobei sat cross-legged in the middle of the island, the position closest to the spiritual vein, and immediately began to exchange for the heavenly path reward.

Even though Chen Xiaobei's cultivation was not leveling up fast, his other attributes were all rising rapidly!

This time, the heavenly Dao cultivation Halo had been announced to be at Level 5. Just thinking about it made him feel great!

[you have exchanged for heavenly Dao cultivation Halo (Level 5). 5 billion new believers have been deducted!]

[you have exchanged for heavenly Dao cultivation Halo (Level 6). 6 billion new believers have been deducted!]

[you have exchanged for the heavenly Dao cultivation Halo (Level 7). 7 billion new believers have been deducted!]

[you have exchanged for heavenly Dao cultivation Halo (level 8). 8 billion new believers have been deducted!]

[you have exchanged for heavenly Dao cultivation Halo (level 9). Nine billion new believers have been deducted!]

[the number of new believers has increased by 19.4 billion!] The total number of believers was 64.4 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

"The level-nine heavenly Dao cultivation Halo allows me to spend the same amount of spiritual energy and time to obtain ten times the cultivation results under normal circumstances! I think it's enough!"

'The remaining new believers can choose the second heavenly reward!' However, I haven't thought about which one is the most cost-effective ..."

Chen Xiaobei had been struggling with this choice for a long time.

To be honest, no matter which one he chose, he would feel great.

However, the number of believers was limited. Chen Xiaobei could only choose one Halo from the many to focus on!

Otherwise, it would be a waste of believers if they were too greedy!

every Halo is very attractive. I really don't know how to choose ... Forget it, I'll cultivate first and think about it later ...

Chen Xiaobei could not make a decision.

After all, there was a limited number of believers. He could choose at will and could not return the goods. If he was not satisfied in the future, he would probably regret it so much that his intestines turned green!

Chen Xiaobei then took out the sunlight cache and prepared to start cultivating.

Chen Xiaobei used to cultivate in the verdant Emperor's divine gourd because there were many 'slaves' who used the sunlight cache.

But just a while ago, the last batch of slaves' lifespans had been used up, and Chen Xiaobei had released them all.

So, there was no need for Chen Xiaobei to go back into the verdant Emperor's divine gourd to cultivate!

Moreover, Chen Xiaobei needed to use the spiritual Qi from the island's spiritual vein to cultivate, which meant that he could not enter the verdant Emperor's divine gourd!

"E Huo Yuntian! Come over here! Help me activate this magic treasure!" Chen Xiaobei beckoned E Huo Yuntian to his side.

E Huo Yuntian wasn't a loyal dog, so he had some apprehensions in his heart. "Master, is there a problem with this magic treasure? Why don't you activate it yourself?"

"Ha, what's the point of being so careful?" what if I tell you that it takes 100 years of your life to activate this magical item for one minute? " Chen Xiaobei laughed. do you think you can reject me? "

"Consume ... Consume lifespan?" E Huo Yuntian sucked in a breath of cold air and said awkwardly, "Of course I wouldn't dare to reject master, but what if my life is exhausted?"

your lifespan has been exhausted. I will use my own lifespan to continue activating it! don't worry! I'll leave you with a portion of your lifespan. I won't kill you! Chen Xiaobei said.

E Huo Yuntian thought for a moment and asked with a hidden meaning in his words, what if my lifespan and master's lifespan are not enough? "

"You're so stupid!"

Chen Xiaobei rolled his eyes at E Huo Yuntian and said, "If your lifespan is not enough, stop activating it. Do you think a living person will suffocate to death by a magic treasure?"

"No! Master, you don't understand ..."

E Huo Yuntian swallowed his saliva and explained: "What I mean is, if we don't have enough lifespan, why don't we capture others to sacrifice our lifespans?"

It was obvious that E Huo Yuntian was more astute than a monkey! He did not want to waste his life, so he tried to persuade Chen Xiaobei to capture someone else to use his life!

"No!"

no! Chen Xiaobei refused. the 'slaves' that I've captured are all evil people who want to kill me! I won't capture people who have no grudges with me. Otherwise, I'll be committing evil, and the heavenly Dao won't tolerate it!"

E Huo Yuntian thought for a moment and quickly said, "I can help you catch the evil people who have brought disaster to the world! It's for the sake of the heavens, so there shouldn't be any problems, right?"

"If there's no problem in the future, you can go and catch them!" "But not today!" Chen Xiaobei said. I can't wait for you, I have to start cultivating immediately!"

this ... E Huo Yuntian was sweating. He couldn't go around it no matter how he tried. He could only say pitifully, " alright, I'll activate the magical equipment ... But master, please don't activate it. Your life is precious, don't waste it!

"This is still human! My life is indeed precious! It's very useful!" Chen Xiaobei nodded and started to plan in his mind.

For the last three forms of the witch Dragon nine transformation, tearing the void would require 3000 years of lifespan! Stepping on the peak and opening the chaos required more lifespan!

Until now, Chen Xiaobei had never used the eighth transformation, the pinnacle of the eighth transformation, because he could not bear to give up his life!

As for the most powerful and heaven-defying ninth form, chaos, Chen Xiaobei's current lifespan was not even enough to use it!

One could only imagine how important lifespan was to Chen Xiaobei!

"Wait a moment!"

Chen Xiaobei suddenly thought of something very important!

"Lifespan! I'll exchange for the heavenly Dao life span!"

I'm going to start cultivating now! Chen Xiaobei said excitedly. every time I level up, my lifespan will increase! After choosing the life aura, he would immediately obtain double life! This is the Halo I need the most!"

Chen Xiaobei calmed himself down and made his choice, " "I want to exchange for the heavenly Dao life span Halo! Level one, two, three, four, five, exchange them all!"

[you have exchanged for heavenly Dao life aura (Level 1). One billion new believers have been deducted!]

[ding! Exchange for days ...]

From level one to level five, a total of 15 billion new believers were consumed!

[you have gained 4.4 billion new believers!] The total number of believers was 64.4 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

"That's great! With the help of a level five life Halo, I can gain six times my normal life span with every minor level increase!"

'If I had exchanged earlier and broken through to the Golden elixir realm, I could have gained 30000 years of lifespan!' Eating a 3000-year-old ginseng fruit could increase one's lifespan by 18000 years! It was an exaggeration! Why didn't I think of this earlier?"

"Fortunately! It's not too late to Exchange now!"

"Ehuo Yuntian!" Chen Xiaobei said impatiently. He immediately activated the sunlight cache! I'm going to start my heaven-defying cultivation with two halos!"

Chapter 2820: boundless future

"Chi ..."

E Huo Yuntian did as he was told and started to help Chen Xiaobei activate the sunlight cache.

Chen Xiaobei quickly started to practice the Scripture of heaven and earth.

Originally, Chen Xiaobei had about 130 million upper spiritual stones. With the 70 million from the Oceanus sect, he had 200 million in cash.

Chen Xiaobei had always used spiritual stones to cultivate.

This time, however, it was different. Chen Xiaobei was sitting on an ownerless spiritual vein, and he could absorb the spiritual Qi as he pleased to cultivate.

Of course, this was a small-scale spirit vein. If it was used without restraint, it would dry up in no time!

There was also another great benefit to the spirit vein! It meant that after the spiritual Qi was exhausted, as long as they waited for a period of time, the spiritual Qi could slowly recover and be filled again!

In other words, if he used spirit stones, they would be gone forever! However, if he used the spirit vein, it could be regenerated after it was used up!

However, it took a longer time for the spiritual vein to regenerate spiritual energy!

A small spirit vein like this one would usually take a few years or even decades to replenish its spirit Qi from its exhausted state!

If it was a large spirit vein, once it was exhausted, it would take at least a few decades to a few thousand years to replenish it with spirit Qi!

It was precisely because of this that any force that discovered a spirit vein would immediately create a magical formation to control the spirit vein! He had to release spiritual Qi according to time, quantity, and pattern to ensure that the spiritual veins would not dry up and could continue to develop!

Of course, a small spiritual vein was not that important to Chen Xiaobei.

After all, in the fire cloud region, the fire cloud capital city and its 36 main cities all had medium to large spirit veins underground.

Chen Xiaobei was not going to be calculative at this point, and he was too lazy to plan carefully.

The first thing he did was to suck and practice!

How he wished he could use up all the spirit Qi in this small spirit vein in one cultivation session!

.....

With the support of the spirit vein, the spirit Qi was endless!

E Huo Yuntian was also a peak seven-star earth immortal, and he had more than a million years left in his life!

Chen Xiaobei had no qualms about breaking through a small realm before he stopped!

“Stop!”

let’s go! Chen Xiaobei ordered calmly, and then slowly opened his eyes.

That pair of deep black eyes burst forth with a sharp light, as sharp as an Eagle’s, as if it had been injected with a new characteristic!

“Master! You ... You’re too scary!”

E Huo Yuntian was already dumbstruck. It was as if he had seen a ghost. His pupils contracted, and his scalp turned numb. He exclaimed with a trembling voice.

“I’m counting the time! It was exactly 625 minutes! In such a short time, you were actually able to smoothly break through to the intermediate stage of the Golden elixir realm! This cultivation speed was simply unparalleled! In fact, it’s even faster than the average person’s speed of receiving inheritances!”

E Huo Yuntian had been observing Chen Xiaobei’s cultivation with his primordial spirit realm. He knew that Chen Xiaobei had successfully broken through a small realm and reached the mid-stage of the Golden elixir realm!

“Ten hours to break through a minor realm! I’ve never seen such a cultivation speed in my life! Oh no! I’ve never even heard of it! This is too, too, too scary ... Even the top geniuses in the earth-god Realm can’t do it!”

E Huo Yuntian had already been shocked to the deepest part of his soul. His pupils contracted to the size of a needle tip. His three views had been refreshed countless times. He even doubted whether he was dreaming.

“You don’t need to make such a big fuss!”

Chen Xiaobei said, "I told you to activate the sunlight cache. Every minute you activate it is equivalent to me spending an entire day! Six hundred and twenty-five minutes meant a full six hundred and twenty-five days! This isn't particularly fast!"

"What? Not particularly fast?"

E Huo Yuntian took in a breath of cold air and almost screamed out, "Even if it's 625 days, it's only less than two years! Do you know how long it took me to break through this small realm? 30 years! It's been a full thirty years!"

pffft ... You're too slow ... Chen Xiaobei was annoyed at E Huo Yuntian's speed.

"I'm already not considered slow!"

E Huo Yuntian said, "although I'm not a top-tier genius, I was still an existence with a higher innate talent among my peers when I was young!" There are many people who are slower than me!"

"Let's just talk about my sons! The most talented ones took fifty years to break through from the early jiedan stage to the middle jiedan stage! The one with the worst talent hasn't even reached the core formation stage!"

"The point is that I've been raising my sons with countless resources since they were young. I've consumed countless spirit stones, spirit herbs, and spirit pills! However, master, you didn't use any external help at all. You've been cultivating normally throughout the entire process!"

"I'm not exaggerating! I'm not trying to suck up to you, but you can't find a second person in the entire earth-god Realm who has such a cultivation speed! Even the geniuses of the top ten forces can't compare to you!"

E Huo Yuntian was getting more and more excited as he spoke. He even started to admire Chen Xiaobei.

In this world, the strong were respected, and strength was Supreme! The best way to completely subdue a person was to be stronger than him, so strong that he had no choice but to submit!

E Huo Yuntian had just witnessed Chen Xiaobei's cultivation speed. He knew that even though Chen Xiaobei's cultivation was not that high now, he would rise to power in the near future and shock the entire earth-god Realm!

If that day really came, E Huo Yuntian being able to be Chen Xiaobei's subordinate would be a form of honor, perhaps even glory!

For the first time, E Huo Yuntian had the thought of submitting to Chen Xiaobei!

This was not because of the threat of the soul-hunting flag, but because Chen Xiaobei was a forebear! Tutu! Wu! Volume!

"You still say you're not flattering?"

Chen Xiaobei shrugged and said, "Let's not talk about other things. I know Yun fanqing from the three saints nunnery. He's already a nine-star earth-god at such a young age! In the netherworld, she's the solitary immortal and a peak nine-star earth level deity!"

“You don’t know this! although Yun fanqing is young, as the heaven’s chosen one of the three saints nunnery, the resources she has consumed are hundreds of millions of times more than All My Sons combined! The main point was that most of her cultivation base came from the inheritance of the previous heaven’s chosen! It’s not all from cultivation!”

E Huo Yuntian said, “as for dugu zang Xian, he’s a heaven-defying genius!” He had reached the peak of the earth level deity realm in just 7000 years! This cultivation speed could be called the first in the earth-god Realm! However, she had also used up a huge amount of resources and all kinds of mysterious opportunities! It’s not all thanks to cultivation that I’m able to achieve what I have today!”

that’s why, regardless of whether it’s Yun fanqing or dugu zang Xian, they can’t compare to you in terms of cultivation speed when it comes to using spirit Qi!

E Huo Yuntian’s tone was firm, and his admiration for Chen Xiaobei had deepened.

“Heh, now that you’ve put it that way, I really do seem to be a little more powerful than immortal dugu zang!”

“Come and see the results of my cultivation!” Chen Xiaobei said with a smile. I’m really looking forward to it!”
