Chapter 2821: amazing effect

Chen Xiaobei then activated his netherspirit battlescouter!

After breaking through a minor realm, his lifespan and combat strength had undergone a huge change!

[ding Yingluo's cultivation base: intermediate gold core realm. Lifespan: [68559 years] [physique: 150 million] [combat power: 65 million, primordial spirit attack-sacred level!

"What the f * ck! What the fuck!"

Chen Xiaobei was shocked. He could not believe his eyes. "My life span ... Has increased by 36000 years? Did the netherspirit battlescouter get damaged?"

Chen Xiaobei's previous life span was 32561 years. After deducting the two years that he had spent on cultivation, he had 32559 years!

This time, his lifespan had increased by 36000 years! It was more than double the lifespan that Chen Xiaobei had saved up earlier!

In his shock, Chen Xiaobei even suspected that the netherspirit battlescouter had been damaged by mo Lihong's illusionary divine instrument, which was why it showed the wrong data!

However, when he calmed down and thought about it, he realized that the netherspirit battlescouter was definitely not damaged!

This was because when Chen Xiaobei broke through to the early phase of the Golden elixir realm, his lifespan had increased by 5000 years!

If Chen Xiaobei's recently exchanged Level 5 heavenly Dao lifespan aura was included, then 5000 years would be the base number!

And on top of that, the level 5 heavenly Dao life Halo would increase one's lifespan by five times!

The final increase in lifespan would be six times that of the base! That was 30000 years of lifespan!

Of course, Chen Xiaobei did not have the heavenly life Halo at that time!

So in the end, it only increased by five thousand years!

Chen Xiaobei's lifespan had increased by 36000 years. If he did not use the heavenly longevity aura, his lifespan would increase by 6000 years!

It would take five thousand years to break through to the early stage of the Aurous core stage and six thousand years to break through to the middle stage of the Aurous core stage!

It was very reasonable!

This was enough to prove that the netherspirit battlescouter had only been destroyed because it was protecting its master. All other functions were normal!

It was all because of the heavenly Dao life Halo that he was able to increase his lifespan by 36000 years!

This wave of improvement had surpassed all of Chen Xiaobei's previous efforts!

One word was so cool that it exploded!

"Other than my lifespan, my combat power has increased by 15 million! It's still as good as ever!"

that's right! Chen Xiaobei grinned. I've activated the sunlight cache for 625 minutes. That's 625 days, which is 1500 hours!

"After reaching the Jindan stage, the effect of the Scripture of heaven and earth has greatly improved! One hour of cultivation could increase 1000 points of combat power! In 1500 hours, you can reach 1.5 million combat power!"

"But now, my combat strength has increased by ten times! 15 million! This was the effect of the level-nine heavenly Dao cultivation Halo! One time the base, nine times the enhancement! It directly increases the effect by ten times!"

Without a doubt, this was the greatest benefit of the heavenly Dao cultivation Halo!

It saved time!

This time, if he did not have the Halo, it would have taken him almost 20 years to break through to the next level!

Even with the help of the sunlight cache, it would still take a lot of time! He delayed many important things! It would also consume a lot of e Huo Yuntian's lifespan! It was not worth it!

But with the Halo's blessing, Chen Xiaobei's own time and e Huo Yuntian's life were saved! Normally, only ten hours had passed. It was like a nap, and nothing major would be delayed!

By comparing the two, one could clearly see how important the heavenly Dao cultivation Halo was!

Of course, the heavenly Dao cultivation Halo also had an important effect that could not be ignored!

Save spiritual energy!

This time, Chen Xiaobei had cultivated for 1500 hours! Without the heavenly Dao cultivation Halo, he would have to cultivate for 15000 hours!

At Chen Xiaobei's current level, he would need to consume 100000 high-grade spiritual stones for every hour of cultivation!

Without the support of the heavenly Dao Halo, he would have to spend 1.5 billion upper spiritual stones in total!

Chen Xiaobei did not have that much cash. Even if he used up all the spiritual veins under his feet, he would not have enough!

In fact, the reason why it was more difficult for immortal cultivators to advance as they reached a higher realm was not only because of the limitations of their own talents, but also because a large portion of them were poor!

They didn't have enough spirit Qi to cultivate, and they didn't have their own spirit veins to use. They could only rely on the relatively thin spirit Qi in the space to cultivate slowly, and their cultivation speed was naturally as slow as a turtle!

In comparison, the young masters and young ladies of the big forces were much luckier. They had enough spiritual stones and spiritual veins, so their cultivation speed was naturally several times, or even dozens of times faster than ordinary people!

However, it was precisely because of this that many large forces only had a small number of spiritual stones in their treasure vaults. Some might not even have any spiritual stones. This was because they had used all of them for cultivation!

From this, it could be seen that for immortal cultivators, spiritual stones were still an extremely important and extremely scarce resource!

The heavenly cultivation Halo could help Chen Xiaobei save his spiritual stones!

If the effect of cultivation was increased by ten times, the cultivation time would be reduced by ten times, and the consumption of spiritual energy would naturally be reduced by ten times as well!

Without the heavenly path forward operating Halo, he would have needed 1.5 billion upper spiritual stones for this round of attacks. With the heavenly path forward operating Halo, he would only need 150 million upper spiritual stones!

Just this portion alone had already reached an astonishing 850 million, which was equivalent to the cash in the Treasuries of eight or nine major cities' forces!

Saving was a profit!

To Chen Xiaobei, this was also a wave of awesome cheating!

"The spiritual Qi of a small spiritual vein is equivalent to 300 million upper spiritual stones, and this wave only consumed half of it! I can still continue to cultivate!"

'But, after I level up, the amount of spiritual stones I'll need to use for an hour of cultivation will also increase! The remaining spiritual energy in the spiritual vein is not enough for me to advance another small realm! If I continue cultivating, I'll have to use up my own spirit stones!"

"I can always earn more spirit stones!" "There's nothing else to do now anyway, so master might as well keep moving forward!" E Huo Yuntian said.

"What?" "What's wrong with you?" Chen Xiaobei asked. If I continue to cultivate, I'll consume even more of your lifespan. Why would you be willing to do that?"

"I'm willing to!"

E Huo Yuntian said with a serious expression, "Tell me the truth! I saw master's cultivation level increase rapidly, as if I was witnessing a miracle! I firmly believe that your future will be boundless! It is my e Huo Yuntian's honor to be able to offer his life to you!"

“Ha, you’ve finally opened your aperture!” you’re right! Chen Xiaobei raised his brows. submit to me and work for me. I won’t mistreat you!

“I understand. From today on, I will let master see the change!” E Huo Yuntian held up the sunlight treasure box with both hands and said respectfully, “Master, please!”

“Good! Come on!”

of course! Chen Xiaobei smiled. I need to break through one more minor realm. Otherwise, I won’t be able to live up to your enthusiasm!

Red Envelope Group of the Three Realms

Chapter 2822: holding an auction

Due to the difference in their realms, the cultivation this time lasted a total of 834 minutes!

Under the effect of the sunlight cache, it would be 834 days, which was a total of 2000 hours!

Furthermore, the consumption per hour was also much higher than before. It had almost reached 150000 high-grade!

Although it took longer and consumed more energy, the result was perfect!

Chen Xiaobei did not let anyone down. He had successfully broken through another small realm!

[ding Yingying’s cultivation level: late-stage golden core; lifespan: 110557 years, physique: 150 million, combat power: 85 million, primordial spirit attack-sacred level!]

“Phew ...”

Chen Xiaobei let out a long breath and slowly opened his eyes. “Mirror-breaking success! His lifespan had been increased by 42000 years! His combat power had increased by 20 million! It’s simply so cool that I’m flying!”

“However, one hour of cultivation will cost me 150000 upper spiritual stones! A total of 300 million was spent! The small-scale spirit vein has been emptied, and I’m only left with 50 million in cash!”

Chen Xiaobei calculated in his mind. Even though he had used up a lot of energy, he was still in a good mood!

If he didn’t have the life Halo, this round of cultivation would only increase his lifespan by 7000 years!

Without the forward Halo, this round of cultivation would have taken 8340 minutes and three billion upper spiritual stones!

On the surface, it looked like Chen Xiaobei had used up a lot of his energy, but in reality, he had profited greatly! Super invincible and crazy!

From the results of today’s cultivation, it could be clearly seen how important believers were! How important was it to rule the world!

Chen Xiaobei had spent a lot of time, energy, manpower, and resources in the firecloud territory. He had even left most of the profits after the war to benefit the people in the firecloud territory!

But looking back now, one would realize that all Chen Xiaobei's hard work had paid off!

Good will be rewarded! He might be late, but he would never be absent!

"Master! You're really, really, really awesome! For others, breaking through realms was harder than ascending to heaven! You broke through realms as if it was a game, easy and relaxed! He had broken through two realms in one day! No one has ever done it before, and no one will do it again!"

E Huo Yuntian was extremely excited, "You've once again let me witness a miracle and refreshed my three views! My admiration for you is like the water of a Great River, endless! It's like a long river overflowing, and it's out of control!"

"Stop flattering me!"

Chen Xiaobei rolled his eyes at E Huo Yuntian and said, "I've been cultivating for a while, but I don't have many spirit stones left! Instead of talking nonsense, why don't you help me think of a way to quickly earn spirit stones!"

"Earn spirit stones?" E Huo Yuntian's brows furrowed as he said, "the wealth of the Beixuan Royal City is at least 30 billion upper spiritual stones!" Master, do you still need to earn spirit stones?"

"Nonsense!"

"All the cities under the Beixuan dynasty are completely tax-free!" Chen Xiaobei said. Although there were a lot of spirit stones, they were all used to raise the soldiers and the people! Since I didn't bring those spirit stones out, it means that I won't use them for my own sake!"

uh ... E Huo Yuntian said embarrassedly, "Master, why do you have to make things difficult for yourself? It won't have much of an impact if I use a little ..."

"People are doing it! The heavens are watching!"

I don't think so! Chen Xiaobei said, "if you want more merit and believers, don't treat the common people as fools, and don't treat the heavens as fools!"

you're speaking too incredulously ... E Huo Yuntian's brows slightly furrowed as he said, "What virtuous believers, what common people and heaven, they're all empty! Only when you're strong will it be real!"

"Those of different paths can not conspire together!" no! Chen Xiaobei shook his head. you know nothing about the heavenly axiom!

uh ... E Huo Yuntian scratched his head. He felt that Chen Xiaobei was a little inflexible, but he did not dare to say it out loud.

However, even if E Huo Yuntian had 100 million brains, he would never have thought of this.

Chen Xiaobei's persistence would bring him great benefits in the future!

By ending a country war, one could get three merit points. The merit of ending the war, the merit of protecting the people, and the merit of allowing the people to live in peace and happiness!

Among the three, only when the people could live in long-term happiness and stability could it be considered a complete merit!

And this third party's complete merit was also the largest amount of merit reward!

That was why Chen Xiaobei had left all the spiritual stones and resources he had seized in the war in the firecloud territory to benefit the people!

As long as Chen Xiaobei's actions were recognized by the heavenly axiom, he would be able to earn more than 140 billion merit points!

This was what Chen Xiaobei meant by 'God is watching'!

Good and evil will always be rewarded!

Chen Xiaobei was not inflexible, nor was he inflexible. He just did not want his good deeds to be affected by small flaws and become impure!

Moreover, other than the heavens, there were people watching!

As long as the people of the Fire cloud region could live a good life, the people of the entire Nanzhan state would be envious!

That way, there would be more than 50 billion people who would be envious of the firecloud territory and admire Chen Xiaobei. They would become Chen Xiaobei's new followers!

Because of this, Chen Xiaobei insisted on his decision to use all the benefits he had gained from the war for the benefit of the people!

If the people could benefit, Chen Xiaobei could benefit too!

Killing two birds with one stone, it was the best of both worlds!

if master insists on not using the wealth of the National Treasury, then the fastest way to make money is to buy things! E Huo Yuntian said.

"Selling things? That's right! I almost forgot!"

"I have the seven treasure crystal Zoysia!" Chen Xiaobei grinned. There were ten precious earth-god items that he had obtained from the eight fiery ramparts! And the rare earth-god items in your fire cloud Treasury! As long as I sell them all, I'll be rich in minutes!"

"Master!" E Huo Yuntian immediately became nervous, "you can sell the rest, but you can't sell the abyss Tiger's Claw bone and the sky Dragon Saint Cloth chest!"

"Do I need you to tell me that? I'm not stupid!" Chen Xiaobei laughed.

The abyss Tiger's Claw bone and the Saint Cloth chest were the most precious items in the fire cloud Treasury. The two combined were worth more than ten billion!

But even if Chen Xiaobei was short on spiritual stones, he would not sell these two things!

The abyss Tiger's Claw bone was related to the Red Lotus Guild and the nether relic, while the Saint Cloth box was related to the most ancient and mysterious faction of the Western Orthodoxy! It was even related to the ancient gods of the West!

Chen Xiaobei would never sell these two things!

As for the other things, they were all useless to Chen Xiaobei. Selling them for money was the best choice!

"Let's go! Let's go to Dongsheng Chamber of Commerce now! Sell everything to them!" Chen Xiaobei raised his eyebrows and did as he was told.

"Wait a moment!"

"Master!" E Huo Yuntian hastily said. It was not worth it to sell these things in retail! As long as it's auctioned, it can be sold for the highest price!"

"Auction?"

Oh? " Chen Xiaobei frowned. you mean, you want me to organize an auction myself? "

Red Envelope Group of the Three Realms

Chapter 2823

2823 I'm afraid to scare you

"Yeah! We must hold an auction!"

"Master, the things you're selling this time are all extremely rare and precious. You might not be able to buy them even if you have spirit stones on the market!" E Huo Yuntian said.

"If you sell it to the Chamber of Commerce, you can only get the market price! However, if you hold an auction and the guests compete for it, you can sell it for a price that is far above the market price!"

As the saying goes, the rarer something is, the more precious it is! Since it was a rare item, it naturally could not be measured according to the market price!

The rarer it was, the more people would fight for it. In an auction, it could be sold for a price that far exceeded the market price!

"Interesting!"

"I've been to many auctions before, but I've only been there to buy things!" Chen Xiaobei grinned. I've never tried to open an auction to sell things! I wonder if it'll work?"

"Master, are you worried that it won't be easy to operate?" E Huo Yuntian asked.

"Yup!"

yes! Chen Xiaobei nodded. an auction will need a venue. Not only must it accommodate enough guests, but it must also be absolutely safe! Otherwise, if we attract unscrupulous powerhouses, I'm afraid they will snatch all the auction items!"

“Apart from the venue, the source of visitors is also a big problem! Although I have good goods, I don’t have a good source of customers! Even if we hold an auction, without the participation of the rich, we won’t be able to get a high price!”

I’m not sure! Chen Xiaobei furrowed his brows. the venue and the source of customers are the most basic problems! If he couldn’t solve it, there was no need to hold this auction! Because even if you drive it, it’s a waste of energy!”

“Right! Master’s worry is very correct!” “But as long as we cooperate with the Dong Sheng merchant Association, those two problems will no longer be a problem!” E Huo Yuntian said.

“Dongsheng Chamber of Commerce?” Oh? ” Chen Xiaobei was taken aback. you mean, you want me to use the Dongsheng Chamber of Commerce to organize this auction? ”

“That’s right!”

E Huo Yuntian nodded heavily and said, “first of all, the victorious East Chamber of Commerce is backed by the peak power of the Videha. It’s 100% safe to hold an auction in the Chamber of Commerce. No one would dare to Rob you!”

“Secondly, the Dong Sheng Chamber of Commerce has a business network in the entire earth-god Realm! Once the invitation is sent out, all the rich people in the earth-god Realm will be gathered together!”

“This way, as long as the master calls for the Dong Sheng merchant Association to hold the auction, the two problems mentioned just now will no longer be problems!” E Huo Yuntian said.

Chen Xiaobei nodded in satisfaction. yes, let’s do that. We’ll go to the Dongsheng Chamber of Commerce now!

“Master, please wait!”

E Huo Yuntian quickly added, “I must tell you in advance!” There was only one disadvantage in cooperating with the Dongsheng Chamber of Commerce! Their Commission was too high! We’ll give them 30% of the final bid as Commission!”

“30%?”

Oh? ” Chen Xiaobei frowned. so, if I sell it for one billion, I have to give them three hundred million as Commission? ” Then what profit do I still have?”

E Huo Yuntian nodded and said, “the Dong Sheng merchant Association’s Commission is practically the highest in the earth immortal world!” But at the same time, their security and customer base were also the best! Therefore, even though the fees are high, we don’t have to worry about not having enough business!”

Oh? ” Chen Xiaobei thought for a moment and asked, “ if you’re their VIP, can you lower the Commission? ”

“Yes, I can! the Dongsheng Chamber of Commerce always gives special treatment to our VIP guests. The higher the VIP level, the greater the treatment!

E Huo Yuntian's brows slightly furrowed as he said, "however, it's extremely difficult to become a VIP of Dong Sheng merchant Association!" It doesn't only depend on one's wealth, but also one's future and Foundation!"

I know a lot of rich people who want the lowest-level VIP title, but they were all rejected by the Dongsheng Chamber of Commerce!

E Huo Yuntian explained, "that's because the Dong Sheng merchant Association thinks that the wealth of those nouveau riches is only temporary. They don't have any future prospects, and they don't deserve to be our VIP guests!"

"Ha." what if I tell you that I'm a VIP of the Dongsheng Chamber of Commerce? would you believe me? "

Chen Xiaobei laughed.

"I do!"

E Huo Yuntian nodded without the slightest hesitation, "Not only is master extremely wealthy, but his Foundation is also unfathomable! The most important thing is that you have a bright future, master. Dongsheng Chamber of Commerce can work with you for a long time to achieve a win-win situation!"

actually, I wasn't that rich when I became a VIP of the Dongsheng Chamber of Commerce. Chen Xiaobei shrugged.

"This shows that the people of the Dong Sheng merchant Association have a good eye. They've already seen that you're not an ordinary person!" E Huo Yuntian said.

"Interesting!" Chen Xiaobei raised his eyebrows and started to plan.

Back then, Chen Xiaobei's business with the Dongsheng Chamber of Commerce was only a few hundred million upper spiritual stones. It was not a small amount, but it was not a large amount either!

Originally, Chen Xiaobei could only get one Golden Supreme token of Dongsheng!

Later on, Chen Xiaobei bought the pool of heavenly creation divine water that the old prophet had entrusted to the Dongsheng Chamber of Commerce to auction off!

That was why the Golden Supreme token of Dongsheng had been replaced by the purple gold Royal token of Dongsheng!

If the Dongsheng Chamber of Commerce had to measure a person's future and Foundation before they could choose their VIP, this pool of holy water had given Chen Xiaobei a godly boost!

It should be known that at that time, no one in the entire earth immortal world dared to buy that pool of holy water because no one knew whether the Holy water was real or fake. They did not dare to easily throw in a huge amount of wealth!

Chen Xiaobei was the only one who bought the entire pool of holy water without any hesitation!

Because of this, Xuanyuan guanghong, who was in charge of the entire Nanzhan state of the Dongsheng enterprise, had determined that Chen Xiaobei was an extraordinary person. That was why he had applied to the headquarters to give Chen Xiaobei the highest-grade Dongsheng purple gold Royal token!

This token had brought Chen Xiaobei many benefits, and this time would be no exception!

.....

Chen Xiaobei still had Xuanyuan guanghong's number in his phone, so he quickly dialed it.

"Young master Chen! You actually called this old man! This is really exciting!" Xuanyuan guanghong's excited voice could be heard from the other end of the phone.

elder Hong, you've always been calm and collected. It's not like you to be so excited! Chen Xiaobei said.

"If it was something else, I would naturally be able to deal with it calmly! However, I can't help but be excited when young master Chen calls!"

"It's only been a few months!" Xuanyuan guanghong said excitedly. Child Chen, you're now the famous North Mystic Lord. Not only do you have the reputation of being invincible, you're also well-loved by all! How can I not be excited that you still remember me?"

"Elder Hong, you're being too serious!" "With your status and position, who wouldn't respect you?" Chen Xiaobei said.

"I don't care about ordinary respectable Kings, but you are different, young master Chen!" "Not only are you a respectable King, but you're also a God of Fortune!" Xuanyuan guanghong laughed. If you call, there must be business! It must be a big business!"

Chen Xiaobei laughed, "I do have a big business deal! Calm down, I'm afraid I'll scare you!"

[Red Envelope Group of the Three Realms](#)

Chapter 2824: continue to increase the bid

you ... You scared me!?

Xuanyuan guanghong was taken aback. if someone else said that, "he said, "I definitely wouldn't. I'd even scold that person for being arrogant and not knowing the immensity of heaven and earth! But since young master Chen said so, I don't dare to not believe you! May I ask, how big is this business?"

One had to know that Xuanyuan guanghong was the General Manager of over 3000 branches of the Dongsheng Chamber of Commerce in the jambu continent, and his status was only second to the President and Vice President!

Having been in charge for many years, Xuanyuan guanghong was used to all kinds of situations. A business that could scare him was definitely extraordinary!

a conservative estimate would be 30 billion upper spiritual stones!

Chen Xiaobei replied, "It's just a conservative estimate! I'm planning to conduct the transaction through an auction. If enough rich people come, the total amount of the transaction can even approach 50 billion!"

"What? Three ... Three to five hundred? A hundred million?"

Xuanyuan guanghong gasped. He couldn't believe his ears."Oh my God! Young master Chen! I don't mean to offend you, but are you sure you're not joking?"

"Heh, do you think I'm someone who would joke around?"

I'll tell you the truth, " Chen Xiaobei said. I have more than 100 earth-god items here. They start from five stars and start from seven stars! Besides, I also have more than ten earth-god instruments, which are also at least five-star and seven-star Peak!"

"The point is, all of my things are extremely rare and precious items on the market! There's definitely a price but no market. As long as the rich fight for it, 30 to 50 billion is just a conservative estimate!"

Chen Xiaobei was very confident in the chips in his hand, and he was looking forward to the auction!

If he could really earn 30 to 50 billion, Chen Xiaobei's wealth alone would be comparable to the entire bei Xuan dynasty!

"Hiss ..."

Xuanyuan guanghong sucked in a breath of cold air and swallowed."Childe Chen, how many seven-star earth-god instruments do you have? Are you really going to sell such an expensive item?"

I'm not sure how many there are, " Chen Xiaobei said calmly. I think there should be more than three! A seven-star earth-god instrument is of little use to me. It's more useful to exchange it for spirit stones!"

Hearing this, Xuanyuan guanghong said excitedly,"a seven-star earth-god instrument can suppress the luck of a main city-level force!" As long as it was an attack-type weapon, the average market price could reach 10 billion! If Childe Chen can take out three pieces to sell, the transaction amount will definitely exceed 30 billion!"

I can give you everything. I just hope that you can help me prepare for the auction as soon as possible! The faster the better!"

"No problem! Young master Chen is our Dong Sheng merchant Association's violet-Platinum ranked Supreme guest. We will do our best to fulfill your request!"

besides, we'll earn a lot of Commission from this auction. We'll definitely do a good job and invite as many rich people as we can! Xuanyuan guanghong said solemnly.

"Wait a moment!" I can't! Chen Xiaobei said. I can't give you 30% of the total commission!

"I understand! You don't need to tell me!"

"30% commission is for ordinary clients!" Xuanyuan guanghong said. You're our honored purple-gold guest, so the Commission will be 1%!"

30% to 1%, if calculated according to the transaction amount of 50 billion, it was equivalent to 15 billion Commission, which was directly reduced to 500 million!

The Commission alone was equivalent to a 30-fold reduction!

Although 500 million was not a small amount, it had saved Chen Xiaobei a lot of money!

Chen Xiaobei knew that the Dongsheng Chamber of Commerce's security and the rich customers were the foundation of a successful auction!

Without these two foundations, Chen Xiaobei would not be able to hold the auction!

Because of this, Chen Xiaobei could not be too stingy. Since the other party had put in the effort, he should return the favor!

This was business! This way, they could have long-term cooperation, long-term mutual benefit and win-win!

"No problem, we'll do as elder Hong says!" Chen Xiaobei did not haggle and agreed to it.

"Straightforward!"

"Childe Chen is definitely the most straightforward guest I've ever seen!" Xuanyuan guanghong said excitedly. Don't worry! This old man guarantees to prepare the grandest and most perfect auction for you! It will cause a sensation in the entire earth-god World!"

"Then it's decided!" I'm fine! Chen Xiaobei said, " I'll be waiting for your message!

"No problem! This old man will not let young master Chen down!" Xuanyuan guanghong promised in a deep voice.

After hanging up the phone, e Huo Yuntian couldn't help but ask,"Master ... Where do you have more seven-star earth-god instruments to sell?"

"Heh, you only know a little about my Foundation!" now that I've broken through to the Golden elixir stage, I can open the sixth floor of the limitless nine-floor Pagoda. There must be a seven-star earth-god instrument inside! Chen Xiaobei said.

"The limitless nine-floor Pagoda? What is that thing?" Xuanyuan guanghong's face was full of surprise.

"This is it!" Chen Xiaobei then took out a small black Tower and held it in his palm.

"Whoosh ..."

The next moment, a beautiful figure rose from the tower and floated in front of Chen Xiaobei.

"Xiaobei Gege! You haven't looked for me in a long time! What's the matter?"

That's right, that beautiful figure was the weapon spirit of the limitless nine floor Pagoda, the saintess of the limitless demon nation, the witch of Lin Dong!

I've already successfully broken through to the Golden elixir realm. I've specially come to find you to open the sixth level of the limitless nine-floor Pagoda! Chen Xiaobei said.

"What? You've already broken through to the Golden elixir realm?" Lin Dong witch's beautiful eyes widened as she said in disbelief, " "We haven't seen each other for only one or two months! Your cultivation is rising too fast!"

that's a must! Your bro bei's cultivation speed will be as fast as the sky! Chen Xiaobei laughed.

“You’re so talkative!” “You’re taking it for granted when I say you’re fat?” the witch of winter was annoyed. I’ve given you some color, and you want to go to the dye room?”

you’re still the same, girl. Not a day goes by without you dissing me! alright! Chen Xiaobei smiled. I’m not going to argue with you anymore. Hurry up and activate the Wuji ninefold Pagoda! Big brother can’t wait to start the big harvest!”

“Alright then!”

The witch of winter nodded, and with the special ability of the limitless nine-floor Pagoda, the seal of the sixth floor was lifted!

The limitless nine-layered Pagoda was actually the Treasury of the limitless demon nation!

Chen Xiaobei had obtained a lot of resources and earth-god instruments from the first to fourth floors! He had also obtained the infinite sword formation in the fifth floor, which had become one of Chen Xiaobei’s trump cards in the early stages!

Now that the sixth floor had been opened, the value of the items inside would definitely be higher than the infinite sword formation diagram on the fifth floor!

The power of the peak infinite sword formation was at the level of a seven-star earth-god!

From this, it could be seen that the items on the sixth floor were real seven-star earth-god instruments!

The only uncertainty was, how many were there?

“I’m really looking forward to it!” Chen Xiaobei immediately began to investigate.

Red Envelope Group of the Three Realms

Chapter 2825: Northern kuruzhou

“It really is a seven-star earth-god instrument! My judgment was not wrong!”

Chen Xiaobei raised his brows, and his expression turned complicated. “It’s a pity that there are only two! It’s one less than I expected!”

“Ah? Only two?”

E Huo Yuntian’s expression was somewhat disappointed. He consoled, master, don’t be sad. Two items are actually not bad. At least we’ve already earned 20 billion. It’s much better than nothing!

“I’m not sad! I’m actually very happy!” Chen Xiaobei’s lips curled into a satisfied smile.

“Happy?”

E Huo Yuntian was puzzled, “master, you promised Dong Sheng merchant Association that you would have at least three seven-star earth-god instruments. Now, there are only two. The other party will definitely be disappointed, and may even doubt your character and ability!” Why are you still so happy?”

because they are two mid-stage seven-star earth-god instruments! Chen Xiaobei grinned. He was in a good mood. I should have known that the limitless sword formation diagram is on the fifth floor. The items on the sixth floor should be even more powerful!

mid-stage!?

E Huo Yuntian was stunned again. He said excitedly, "Heavens! This small tower of yours is too awesome! It actually stored a mid-stage seven-star earth-god instrument! Even though there are only two of them, their value far exceeds that of three seven-star earth-god instruments!"

what's the value of a mid-Seven Star earth-god instrument? " Chen Xiaobei asked.

let's look at the type first. The attack type is the most expensive, about 30 billion upper spiritual stones for one!

E Huo Yuntian said, " the second is the special ability. The rarer the special ability, the higher its value. This value is not easy to estimate. If there are rich people who like it, the value can soar!

then, let's take it as 30 billion for each piece. That would make the total value 60 billion, which is equivalent to six early stage seven-star attack-type magical equipment. Do you think the Dong Sheng merchant Association would still doubt my character and ability? "

"No! Of course not! They'll definitely be very, very satisfied!" E Huo Yuntian said, "the higher the value of the auction item, the greater their profits!" In the end, they might even thank you properly!"

Chen Xiaobei's lips curved into a confident smile. "Everything is under control! Once the auction is over, I'll be rich!"

Chen Xiaobei's luck was off the charts. The result was much better than he had expected!

And the final result would probably be even higher than the current result!

.....

A Grand Auction would take at least a few days to prepare.

But now that the small spiritual vein was dried up, and he did not have many spiritual stones left, Chen Xiaobei could not continue to cultivate, but he would not waste his time.

He returned to the northern spiritual region from the White jade Island!

The northernmost main human city in the northern spiritual region was called seawatch city. Further north was the wild beast forest, which was known as a forbidden zone for humans. Further north was the vast North Sea.

Once they crossed the North Sea, they would go from the Nanzhan state to the territory of the demon race, the northern kulu state!

Of course, the North Sea was vast and boundless. The area covered by the sea water even exceeded the area of a continent. Ordinary people could not cross it at all!

Even with the help of The Burning Sky Eagle, it would still take a few years to cross the North Sea!

Therefore, the teleportation circle was the fastest and most energy-saving way to cross the sea!

Of course, the relationship between the monster race and the human race was not very good. The human race's main city did not have a teleportation formation that connected to Luzhou in Northern Kuru.

Only the wild beast forest, which was known as a forbidden zone for humans, had such a teleportation array!

Without hesitation, Chen Xiaobei went to the wild beast forest.

This decision had worried e Huo Yuntian to death!

The Nanzhan state was a land of chaos. The demons in the wild beast forest and the surrounding humans had been at war for years, and the hatred between them was extremely high! Legend had it that even if a human peak earth immortal entered the wild beast forest, he would not be able to come out alive!

Because of this, the wild beast forest became a forbidden area in the eyes of the world, and no one dared to approach it!

However, just as e Huo Yuntian was extremely worried and nervous, the twelve monster Kings of the wild beast forest had all appeared!

However, they were not here to kill enemies, but to welcome distinguished guests!

These 12 demon kings were in charge of 12 demon race main cities and had very high status. However, above them was the Kirin Emperor, mo Xiaoyao! There was also dugu zang Xian, the sacred Lord of the dark seal, who had an even higher status!

Chen Xiaobei had a good relationship with mo Xiaoyao, but his relationship with dugu zang Xian was even more special!

Because of this, the twelve demon kings did not dare to neglect Chen Xiaobei. When they heard that Chen Xiaobei was coming, they all ran over to welcome him!

E Huo Yuntian was shocked. He would never have thought that Chen Xiaobei would be on good terms with the monster race! This was simply unbelievable!

During the battle of huoyun, e huoyuntian thought that Chen Xiaobei was extremely intelligent and had many hidden cards!

Gradually, e Huo Yuntian realized that Chen Xiaobei's Foundation was extremely strong! Furthermore, he was extremely talented and had a bright future!

Today, e Huo Yuntian could clearly see how wide Chen Xiaobei's connections were! Not only would he be able to contact Xuanyuan guanghong directly, but he would also become an important guest of the monster race!

E Huo Yuntian thought that he had seen countless people, but every time he thought that he had seen through Chen Xiaobei, he would realize that what he had seen was only the tip of the iceberg!

E Huo Yuntian even felt that Chen Xiaobei was like an endless black hole! It contained countless secrets! He would never be seen through!

Even if he could see through the black hole, he could not see through Chen Xiaobei!

I'm convinced!

E Huo Yuntian was completely convinced this time!

Previously, e Huo Yuntian had only submitted to Chen Xiaobei. But now, he had even begun to worship Chen Xiaobei!

This was more or less related to Chen Xiaobei's off-the-charts charm!

Perhaps it would not take long for e Huo Yuntian to become Chen Xiaobei's follower. He would not even need to be threatened by the soul-hunting banner to be loyal to Chen Xiaobei!

Even the fact that the twelve monster Kings had come to welcome him had something to do with Chen Xiaobei's charm!

Of course, they would not become Chen Xiaobei's followers. After all, the demons had faith, and they were extremely devoted to their faith!

Chen Xiaobei did not spend too much time with them. After a few words, he used the portal and went to the legendary demonic land!

Northern kuruzhou!

Hai Yue city was the city closest to the North Sea in the northern kulu's Lu Zhou. It was also the main city under the command of Emperor Qilin, mo Xiaoyao.

This was the base camp of the demon race, and there were all kinds of demons in the city!

Beast demon! Spirit demon! Tree demon! Monster ... It could be said that there were all kinds of monsters, and it was dazzling!

When Chen Xiaobei and e Huo Yuntian came out of the portal, they became the odd ones out in the entire realm!

The gazes of the surrounding people were immediately attracted by the two of them!

Chapter 2826: green-haired Banshee

"Quickly look! It was the humans! How did they dare to come to hai Yue city? Do they not want to live anymore?"

"They must be tired of living, they don't even know the rules of Northern kuluzhou! Humans were of a different race and had no right to enter the main city! Those who violate this will die!"

we don't have to worry about that. The law enforcement team should be here soon. These two humans won't have a good ending if they decide to drive!

The surrounding monsters were discussing among themselves. They looked at Chen Xiaobei and E Huo Yuntian as if they were looking at two idiots who did not know their place.

According to the rules of Northern Kuruzhou, once the law enforcement team arrived, Chen Xiaobei and E Huo Yuntian would be in deep trouble.

"Master, let's get out of the city ... This is Northern Kuruzhou! Even if you are friends with the twelve monster kings, you can't break the rules here!"

E Huo Yuntian was somewhat worried. He lowered his voice and said, "What if something happens? the consequences will be unimaginable!"

"Heh, you're a peak seven-star earth-god after all. How can you be so timid?" Chen Xiaobei shrugged. "don't worry. I've already contacted my friend. He'll come and pick me up personally. I'll just wait here!"

"Even if you have friends, that won't do!"

E Huo Yuntian's brows slightly furrowed as he said, "the monster race has a loyal belief!" Humans stepping into their main city was equivalent to offending their faith! No matter how powerful your friend is, as long as he's from the monster race, he can't go against his faith and side with you! Otherwise, you will incur the wrath of the masses and lose the hearts of the people!"

"You're thinking too much!" don't worry! Chen Xiaobei said, " just wait!"

"Audacious fanatic!"

At this moment, an angry but pleasant voice came from the distance. "You know you've offended our faith, but you still don't get lost! This is contempt for our faith! This is a provocation to all of us demons!"

He looked over and saw a pretty girl with her hands on her hips, glaring at Chen Xiaobei.

The girl looked to be around 14 or 15 years old. She had fair skin, delicate features, and long and slender legs. Just by standing there, she exuded a strong sense of youth!

However, although this girl was in human form, she had not completely transformed!

Her eyes were dark blue and her hair was like the feathers of a Kingfisher. It was a mix of dark blue and green and shone brightly under the sun. It was very demonic!

The main point was that there were still green feathers on the back of her arms that had not yet faded!

Obviously, her original form should be a bird!

As his cultivation gradually improved, he slowly took on a human form. However, his cultivation was not high enough, so he still had some features of a demon!

For demons with extremely high cultivation, such as Dugu Zang Xian and Mo Xiaoyao, they had completely transformed into human forms. They didn't have any characteristics of the demon race on their bodies and could even completely hide their demonic Qi!

From their appearance, the monster beast clan was somewhat similar to half-orcs, and they all had human-shaped features with beast-like characteristics.

But the difference was that half-orcs were people with the blood of beasts!

As for beast demons, they were beasts that had cultivated a demon spirit and transformed into human form!

Simply put, half-orcs could only activate their bloodline and obtain a certain beast's special ability!

However, beast demons could completely transform back into their beast form and obtain the unique talent of demonic beasts!

At the same cultivation level, demonic beasts were superior to humans!

Because of this, e Huo Yuntian was worried. As long as he encountered a beast demon of the same level, the other party would be able to suppress e Huo Yuntian with its strength after returning to its original form!

If the matter were to really blow up, even if e Huo Yuntian were to risk his life, it would still be difficult to end it!

"Master! Let's go!"

E Huo Yuntian panicked. He lowered his voice and said, "That green-haired Banshee is already a six-star earth-god at such a young age! Even if one used their toes to think, they would know that she must be the daughter of a powerful force! We'll be in trouble if we mess with her!"

E Huo Yuntian was already a veteran of the martial world. He immediately used his primordial spirit domain to see through the other party's cultivation!

According to the age of the green-haired demoness, in order to obtain her current cultivation, other than her own talent, there must be a great force that would invest spiritual energy and resources in her at all costs!

From this, it could be seen that the identity of this blue-haired demoness was definitely not simple!

Once they provoked her, it was almost equivalent to provoking the entire Fey race's great power!

Just thinking about it made e Huo Yuntian's scalp go numb, and he wished he could immediately escape!

Sure enough, e Huo Yuntian's voice had yet to fade when the surrounding crowd began to clamor.

"Quickly look! It was miss qing bao! When did she return from the headquarters of jiuyou station? I think she's even more beautiful than a few years ago!"

"Miss qing bao has returned just in time! Those two idiotic humans are going to have a good time!"

"That goes without saying! Miss qing bao is the number one golden descendant in our hai Yue city! She was the Pearl in the city Lord's and the cyan Phoenix race's palms! Whoever provokes her, even if they don't die, they'll lose a layer of skin!"

with miss qing Bao's short temper, she can beat the two of them into pig heads in minutes!

From the discussions of the crowd, it was not difficult to tell that the young and beautiful girl not only had a high status, but also a high popularity!

Everyone was looking forward to her teaching Chen Xiaobei and E Huo Yuntian a lesson, and at the same time, they had a good impression of her!

“Master! You’ve seen it! We can’t afford to offend this girl!”

E Huo Yuntian’s brows were slightly furrowed. He was extremely worried, “Let’s hurry! Otherwise, it’ll be too late!”

“Look at you!” Chen Xiaobei chuckled, “she’s just a little girl who’s a scammer. What was there to be afraid of? Even if immortal Dugu Zang were to come, I wouldn’t be afraid of her!”

Immortal ... Immortal Dugu Zang ... E Huo Yuntian sucked in a breath of cold air. It was as if he had just heard the name of a demon. His pupils contracted uncontrollably, and his scalp went numb. Cold sweat also broke out uncontrollably!

“Vomit! What big words you have!”

Qing Bao ran to Chen Xiaobei and grabbed his collar. “Is my master’s name something you can casually call out?”

“Heh, you little girl are actually the disciple of immortal Dugu Zang? This is interesting!” Chen Xiaobei laughed.

“You still dare to call my master by her name! I’m going to blow your stinky mouth up!” Qing Bao was very angry, and her beautiful eyes seemed to be spurting fire.

As she spoke, she grabbed Chen Xiaobei’s collar with one hand and clenched her other hand into a fist, throwing a punch at Chen Xiaobei!

“Young lady, stop!” E Huo Yuntian was greatly alarmed. He wanted to block it, but it was too late.

E Huo Yuntian had seen the witch Dragon Flame’s power before. He knew that Chen Xiaobei could protect himself, so he did not attack.

However, Chen Xiaobei did not even fight back. Qing Bao’s fist was about to land on his face.

This was not a joke!

Qing Bao’s combat power was enough to crush Chen Xiaobei’s body, and one punch was enough to blow Chen Xiaobei’s head off!

“Qing Bao! Stop!”

However, at this moment, an even more pleasant female voice came from the sky.

These four simple words had shocked the entire city!

[Red Envelope Group of the Three Realms](#)

Chapter 2827: still hitting me?

The four words shocked the city!

The voice was very pleasant to the ears, but with the support of a thick true essence, it actually had the might of rolling Heavenly Thunder!

It came from the sky, directly shaking everyone's eardrums, even their hearts!

"M-master?"

Qing bao was stunned. His little fist froze in the air and did not hit.

"Little girl, let go of me, or your master will be angry!"

Chen Xiaobei grinned and pinched qing Bao's toot white face.

"Ah!"

Little qing bao was still in a daze, but when Chen Xiaobei pinched its cheeks, it quickly let go of Chen Xiaobei, turned around, and knelt on one knee!

"Disciple qing bao greets master!"

Qing bao looked up at the sky devoutly, as if he was not welcoming his master, but a God!

The entire city was shocked!

Everyone knew that qing bao had already entered the headquarters of the nine nether platform at such a young age and was dugu zang Xian's personal disciple!

At this moment, qing bao called master and knelt down to welcome him!

Even a fool would know who had said those words just now!

Whoosh ... Whoosh ... Whoosh ...

The next moment, with Chen Xiaobei at the center, everyone around him knelt down on one knee and looked up at the sky with utmost sincerity!

Then, like a surging wave, the kneeling crowd spread rapidly in all directions!

In just a few minutes, all the one billion people in the city, regardless of status, age, or gender, knelt down on one knee and looked up at the sky!

"All citizens of hai Yue city! We welcome the arrival of sacred Lord Netherseal!"

A billion people shouted in unison. The scene was simply spectacular! Even the heavens and earth began to tremble!

And this heaven-shaking momentum was only to welcome the arrival of one person!

Sacred Lord Netherseal! Immortal dugu zang!

"Whoosh! Whoosh!"

The next moment, two extreme shadows charged down from the sky.

One of the extreme shadows was the handsome and graceful Emperor Qilin, mo Xiaoyao!

Don't be fooled by this fellow's young appearance. He was already tens of millions of years old! Under the nine nether platform, he controlled hundreds of royal cities and more than 3000 main cities! His status was comparable to the Vice sect master of nine nether platform!

However, even a super big Shot like mo Xiaoyao could only bow and stand aside respectfully at this moment!

This was because the other extreme shadow was none other than the sacred Lord of the dark seal, dugu zang Xian, who was standing on the back of the netherworld Black Sparrow!

This woman was still the same, about 18 or 19 years old. Her face was breathtakingly beautiful, and her figure was perfect to the point of being impeccable!

The main point was that she had the aura of an extremely strong person!

It wasn't as cold as an Ice Mountain, but it was even more intimidating than an Ice Mountain! She wasn't as Holy as the goddess, but she was even more inviolable than the goddess!

In this world, there might be a few people who dared to challenge the iceberg and conquer the goddess!

However, no one would dare to have any ideas about immortal dugu zang!

"Hiss ..."

Just as dugu zang Xian descended, e Huo Yuntian couldn't help but suck in a breath of cold air. His legs turned soft, and he couldn't help but kneel down instinctively!

To most people, dugu zang Xian was no longer a woman, but a God that could not be offended in the slightest!

Even someone as strong as e Huo Yuntian was already afraid to the bone! He was afraid that dugu zang Xian would kill him with a snap of his fingers if he was displeased!

All of a sudden, one billion people in the city knelt down!

Although mo Xiaoyao was standing, he lowered his head and bowed, his posture extremely low!

Chen Xiaobei was the only one who stood tall and proud, as if the person who came was not the Holy Lord of the netherworld seal, but an ordinary little woman!

"You little brat! You're not going to kneel down when you see my master? You're courting death! You're courting death!"

Qing bao glared at Chen Xiaobei as if he was an idiot who did not know his place.

The surrounding crowd also looked at him in surprise! They had seen many people who courted death, but they had never seen someone like Chen Xiaobei!

A human had broken the rules of the demon race! Why didn't you kneel and greet the sacred Lord of the netherworld seal?

This was not seeking death!

This was simply a super invincible perverted style of courting death!

Even e Huo Yuntian was shocked. Even though Chen Xiaobei was friends with the twelve monster Kings, they were just like twelve ants in front of dugu zang Xian!

How dare Chen Xiaobei disrespect dugu zang Xian! Not only would the twelve demon kings not be able to save Chen Xiaobei, but all twelve of them would also be implicated by Chen Xiaobei and be punished by dugu zang Xian!

He's dead!

Everyone was certain that Chen Xiaobei would not be able to escape, and that he was already a dead man!

However!

Chen Xiaobei's two simple words almost caused the entire hai Yue city to explode!

"Xian 'er!"

Chen Xiaobei's lips curled into a frivolous smile. He walked over and held dugu zang Xian's fair and soft hand.

BOOM!

Chen Xiaobei's simple words were like a bolt of lightning that struck everyone's heart!

Including qing bao and e Huo Yuntian, the one billion people in the city were all frozen on the spot as if they had been hit by a petrifying spell!

Everyone's eyes were as wide as a bull's, and their mouths were so wide open that a fist could fit in!

Even if they had a billion brains and a billion guts! They would never have thought that the god-like goddess dugu zang would become a dainty fairy in Chen Xiaobei's mouth.

Oh heavens! The earth! What kind of international joke is this!

At this moment, everyone's three views were shattered into pieces. They even wondered if they were dreaming.

However, immortal dugu zang's next words shattered everyone's three views from dregs to dust and scattered with the wind, leaving them with no more three views to speak of!

"Zhufeng, you've finally come to see me! I've been looking forward to your arrival every day since we parted! I've finally gotten my wish today!"

Dugu zang Xian was like a little wife, holding Chen Xiaobei's hand with one hand and holding Chen Xiaobei's arm with the other. She was so delicate and cute.

My Dear Mother!

Could this be a fake immortal dugu zang?

Everyone in the city was shocked to the deepest part of their souls!

In the eyes of the common people, dugu zang Xian was like a god, and no man would dare to conquer her! It was even more impossible to conquer it successfully!

However, the truth was right in front of their eyes. Chen Xiaobei was the cool, arrogant, and manly man!

“I got it!”

Qing Bao’s eyes lit up as he suddenly realized something. “This young master is Chen Zhufeng, the one who helped master deal with the Zhu family! He’s master’s fiancé!”

Fiancé?

As soon as he said that, everyone was shocked to the deepest part of their souls!

Chen Xiaobei laughed, “ little girl, are you still going to hit me now?? ”

[Red Envelope Group of the Three Realms](#)

Chapter 2828

2828 Do you want a gift?

“Fight? No... I don’t dare ...”

Qing ‘er pursed her lips and looked at Chen Xiaobei pitifully. “I was blind ... Childe Zhufeng, please don’t stoop to my level ... I promise to be respectful to you in the future! Just like how you treated shizun!”

In just a short moment, this little girl’s attitude had a 180-degree reversal!

“You little girl, the wind changes so quickly!” Said Chen Xiaobei with a smile.

“No! I’m not a fence-sitter who takes advantage of the situation! I really admire you, Childe Chen!”

Qing bao said with a serious face, “the conspirator master of the Zhu family from the heavenly Yin Hall has already informed all the subjects of the nine nether platform!” We all know that the Zhu family schemed against master and planned to Annex the territory of our nine nether platform!”

it was young master Zhufeng who helped master resolve the Zhu family’s conspiracy. You even captured all the senior members of the Zhu family!

Qing bao said excitedly, “now, our nine nether platform has gained the upper hand in the battle with the Zhu family!” This was all thanks to Childe chasing wind! I’m not the only one who worships you! There are still many people who admire you under jiuyou platform!”

As soon as he said that, all the people in the city nodded in agreement!

Back then, the Zhu family’s plot was very terrifying! Once he succeeded, dugu zang would become the Zhu family’s puppet, and all the territories under nine nether platform would become the Zhu family’s territory!

And once the territory was controlled by the Zhu family, all the people under nine nether platform would be ruled by the Zhu family!

The Zhu family's heavy taxes and tyranny had long been notorious in Northern Kuluzhou!

Once the people of the nine nether platform were ruled by the Zhu family, their living standards would definitely plummet, and suffering and oppression would be inevitable!

Because of this, Chen Xiaobei had defeated the Zhu family's plot and became the superhero of all the subjects under nine nether platform!

If it were not for the fact that the demons were loyal to their beliefs, Chen Xiaobei would have won over tens of billions of followers with this trick!

Of course, even though the demons in nine nether platform did not become Chen Xiaobei's followers, they still worshipped Chen Xiaobei! Respect for Chen Xiaobei!

Just like Qing Bao, one moment she wanted to beat Chen Xiaobei up, but now she had become Chen Xiaobei's number one fangirl!

"So that's how it is!"

Chen Xiaobei's eyebrows twitched. The smile on his face was still there, but the look in his eyes was getting more and more complicated.

This time, Chen Xiaobei had only contacted Mo Xiaoyao, but Dugu Zang Xian had come all the way to welcome him personally!

More importantly, Dugu Zang Xian was showing off his love for Chen Xiaobei in front of everyone!

Those who did not know better would have thought that Dugu Zang Xian and Chen Xiaobei were a very good fiancée!

However, Chen Xiaobei knew that Dugu Zang Xian was doing this to tie Chen Xiaobei to his warship!

Even though Chen Xiaobei and Dugu Zang Xian were friends, they did not have any romantic feelings for each other!

Dugu Zang had helped Chen Xiaobei a few times so that Chen Xiaobei would owe him a favor! She could ask for Chen Xiaobei's help at a critical moment!

When Dugu Zang Xian had pushed Chen Xiaobei out to deal with the Zhu family, it was as if he had sent Chen Xiaobei to his death!

If Chen Xiaobei had not resolved the crisis on his own, he would have died!

At this moment, Dugu Zang Xian and Chen Xiaobei were publicly showing off their love for each other. She wanted everyone to believe her relationship with Chen Xiaobei!

The two of them were tied in the same rope. Naturally, they would share the honor and disgrace together, advancing and retreating together!

This way, even if Chen Xiaobei did not owe anyone a favor, he would not be able to avoid it!

To put it bluntly, Chen Xiaobei had already fallen into Dugu Zang Xian's trap!

Of course, dugu zang Xian wasn't entirely a bad person!

Even though she was plotting against Chen Xiaobei, that was because she valued Chen Xiaobei's Foundation and admired his ability!

In her heart, Chen Xiaobei's importance was even greater than all the core members of nine nether platform!

For example, dugu zang Xian had asked for Chen Xiaobei's opinion about the Zhu family's incident and had been following Chen Xiaobei's advice!

In comparison, although the core higher-ups of nine nether platform had also given many suggestions, dugu zang Xian had not adopted them!

It was clear that dugu zang Xian valued Chen Xiaobei very much!

She was willing to help Chen Xiaobei, protect him, and give him enough respect and courtesy!

For example, dugu zang Xian had given all the credit to Chen Xiaobei for foiling the Zhu family's scheme, allowing Chen Xiaobei to gain a high reputation and many people's hearts in nine Serenities platform!

From now on, all Chen Xiaobei had to do in the nine Serenities platform was to announce his name and he would be treated the same way as dugu zang Xian!

This was definitely a good thing for Chen Xiaobei!

It was clear that although dugu zang Xian was somewhat scheming, he wasn't a bad person!

Because of this, even though Chen Xiaobei knew that he had been set up, he was not angry. Instead, he tacitly agreed to the current situation and was willing to be tied up by dugu zang Xian!

Even if they were only half friends, Chen Xiaobei was willing to continue dating dugu zang Xian!

After all, dugu zang Xian was much cuter than those sinister, despicable, and ruthless enemies!

"Alright, get everyone up!"

I'm here for an important matter. Not only do I have to do it well, I have to do it as soon as possible! Chen Xiaobei said. Let's not waste any more time here!"

.....

The Haiyue City master's mansion!

Chen Xiaobei and dugu zang Xian sat on the main seats.

Mo Xiaoyao and e Huo Yuntian were both standing.

Little qing bao, who was of noble birth, even began to serve tea.

"The Red Lotus Guild!"

I'm here! Chen Xiaobei said. I'm here to look for the Red Lotus Guild and ask them about the abyss Tiger's Claw bone!

As he spoke, Chen Xiaobei took out the abyss Tiger's Claw bone that he had found in the Treasury!

This claw bone was related to the netherworld relic. If he wanted to upgrade the netherworld battlescouter, he would have to go to the place where the claw bone was first found!

And that place was a place that only the Red Lotus Guild had been to!

Of course, nine nether platform had the best intelligence gathering ability. So, Chen Xiaobei took out the claw bone.

If dugu zang Xian knew about this, Chen Xiaobei would not have to go to the Red Lotus Guild!

Unfortunately, dugu zang Xian quickly shook his head and said, "I've never seen or heard of this claw bone! You can only get the answer by looking for the Red Lotus Guild personally!"

Although nine nether platform's intelligence gathering ability was strong, it did not investigate every trivial matter.

The level of the netherworld claw bone wasn't high, so it was normal for dugu zang Xian to not know about it.

Chen Xiaobei did not hesitate and asked, "You want me to go personally and not call the Red Lotus Guild over! So, I have to make a trip to the Zhu family's territory?"

"Smart!" "You're the only one who can go on this trip. It's not convenient for me to go with you!" Immortal dugu zang said.

"I can handle this small matter myself!" "Oh right, do you have any present you want?" I'll help you bring it back!"

Everyone was shocked by his words!

[Red Envelope Group of the Three Realms](#)

Chapter 2829

2829 Divine body of the Azure Phoenix

! present?

These two words once again shocked everyone, including dugu zang Xian!

Chen Xiaobei was going to the Zhu family's territory! The entire Zhu family hated Chen Xiaobei to the core because of what happened last time!

In their eyes, Chen Xiaobei's mission this time was to protect himself. Why would he bring a gift? Wasn't this just looking for trouble?

After all, immortal dugu zang wouldn't even pay attention to ordinary items. If something was too valuable, it would bring Chen Xiaobei a lot of trouble and put him in danger.

"I don't want a present!"

Immortal dugu zang shook his head and said in a calm but serious tone, "I just want you to come back safely!"

After hearing that, the people present were shocked again!

Qing Bao's eyes sparkled with excitement. Chen Xiaobei and dugu zang Xian were a match made in heaven!

Chen Xiaobei was still thinking of bringing a gift for dugu zang Xian even when he was in danger! Dugu zang did not need any gifts. He only wanted Chen Xiaobei to return safely!

Oh my God! Isn't this too sweet?

Little qing Bao's young girl's heart was about to explode!

On the side, e Huo Yuntian was even more dumbstruck. Cold sweat was pouring down his entire body like rain! His lower abdomen was bloated, and he almost peed his pants!

When Chen Xiaobei and e Huo Yuntian were fighting, e Huo Yuntian did not even take Chen Xiaobei seriously. He even wanted to tear Chen Xiaobei into pieces and burn his bones into ashes!

Now that he saw the relationship between Chen Xiaobei and dugu zang Xian, e Huo Yuntian was glad from the bottom of his heart that he had lost to Chen Xiaobei!

If e huoyuntian had really killed Chen Xiaobei back then, the whole e Huo family would have been massacred, and their descendants would have been wiped off the face of the earth!

The unparalleled might of the sacred Lord dark seal! No one in the entire earth-god Realm dared to provoke him!

Back then, dugu zang Xian had returned to the northern kuruzhou with the universe dark seal and launched a full-scale revenge against his enemies!

At that time, at least several hundred major cities were destroyed by immortal dugu zang! The enemy's corpses were in the billions! The corpses and blood could cover an entire region! Mountains of corpses and seas of blood were not enough to describe the tragedy!

Just thinking about that terrifying legend made e Huo Yuntian's scalp go numb! He was sincerely glad! He was glad that he had become Chen Xiaobei's subordinate and not his enemy!

Otherwise, you won't even know how you died!

Among the few people present, mo Xiaoyao was the most shocked!

Mo Xiaoyao was also present when they were dealing with the Zhu family. He knew that Chen Xiaobei and dugu zang Xian, the fiancé and fiancée, were just pretending!

But at this moment, dugu zang Xian was clearly concerned about Chen Xiaobei!

Could it be that dugu zang Xian had fallen for Chen Xiaobei?

No! This was impossible!

Mo Xiaoyao shook his head heavily, trying to calm himself down and see the truth clearly!

The sacred Lord of the dark seal, dugu zang Xian! This was an ultimate existence that stood proudly at the peak of the world! Her state of mind and her ability were equally powerful!

In her mind, from the beginning to the end, she could only focus on one thing!

For that matter, she had already cut off all her emotions and desires. Not to mention the feelings between men and women, she had even cut off ordinary feelings!

No matter if it was befriending others or helping others, she only had one goal in the end, and that was to achieve that!

Just like how she had been paying attention to Chen Xiaobei, helping him, and even caring for him, it was all so that Chen Xiaobei could help her achieve that thing at the end!

Right! It must be like this!

Mo Xiaoyao took a deep breath. He was certain in his heart that dugu zang Xian would never fall in love with anyone. Everything she did was for that matter!

“Don’t worry, I’ll definitely return safely!”

Chen Xiaobei raised his eyebrows and said, “as for the gift, if you don’t have anything in particular you want, I’ll see to it!

“Safety first! Nothing else is important!” Immortal dugu zang’s beautiful eyes moved slightly. They were as clear as crystals and as bright as the Galaxy!

And in that pair of beautiful eyes, Chen Xiaobei’s figure was all that was in them!

“Let’s go!”

Chen Xiaobei stood up and left with e Huo Yuntian.

“Don’t rush!”

Dugu zang quickly took out two items and said, “This jade talisman is a map of the northern kuruzhou. After spiritual communication, the image will appear in your mind!” He said.

in this box, there are a few ‘demon Qi pills’. After you consume them, your body will emit the aura of the demon race. This way, you will be able to enter and exit the demon race’s main city freely without being expelled!

Dugu zang handed the Jade talisman and the wooden box to Chen Xiaobei.

“Alright, I’ll be off!” Chen Xiaobei took the items and kept them.

“You must return safely!” Immortal dugu zang furrowed his brows and was still worried, “If you encounter any danger, contact me immediately! I will save you at all costs!”

Chen Xiaobei chuckled and said, “You! You haven’t even married me yet and you’re already nagging me like this. If we really get married, I’ll be nagged to death by you!”

I ... dugu zang Xian was stunned. He suddenly realized that he had been too nervous about Chen Xiaobei!

The sacred Lord of the dark seal was a legendary figure! If she really became a naggy little wife, the entire earth immortal world would laugh their heads off!

“Master! If you’re still worried, I’ll go with Childe Chen!”

At this time, little qing bao stood up. I know the situation in Northern kuruzhou the best. The Zhu family used to have a good relationship with us. I’m also familiar with the environment! Childe Zhufeng can avoid a lot of trouble with me around!”

“You’re right, but you’re still a disciple of my nine nether platform!” Dugu zang shook his head and said. Going to the Zhu family’s territory is equivalent to sending a sheep into a Tiger’s mouth!”

“Don’t worry, master!”

“I haven’t left the headquarters of the nine nether platform for many years!” Qing bao said. You’ve grown up a lot over the years, and your appearance has changed a lot. The Zhu family will definitely not be able to recognize you!”

“Alright!” Dugu zang Xian replied after some thought. Then you’ll be the one accompanying Zhufeng! Remember! He must be protected! Bring him back safely!”

“This disciple will obey!” Qing bao cupped his hands and accepted the order, his attitude very serious.

“Uh ... I say, can you two not act on your own accord?” Chen Xiaobei was speechless. “I can handle such a small matter by myself. If I let this girl follow me, I might have to protect her!”

“Zhufeng! Don’t underestimate qing bao!” “Qing bao is my direct disciple. Not only is she extremely talented, but she also has the Azure Phoenix divine body!” Dugu zang replied in a deep voice. At the crucial moment, she can definitely protect your life!”

“Blue Luan? A God Body?” Chen Xiaobei was taken aback. He could not help but think of the little nun Yun fanqing’s Dharma bone divine body!

“Master! Just let miss qing bao follow!” “The Azure Phoenix divine body is extraordinary!” E Huo Yuntian said excitedly.

Chapter 2830: arrest them all

The divine body was a God-level physique that was blessed by the heavens! He had extraordinary abilities! Once it was complete, one would be able to stand above all mortals!

For example, once the little nun Yun fanqing’s Dharma bone divine body was completed, his lifespan would increase greatly! Furthermore, the higher one’s cultivation, the longer one’s lifespan would be. If one became a heaven immortal, they could even live as long as the heavens and earth!

At the same time, his physical body would soar to its best state! With the blessing of Buddha’s power, he was invulnerable to evil, filth, and dust!

Finally, he could even comprehend the 'Dharma bone divine marrow'! His every movement was supported by the power of Buddha and was the greatest nemesis of evil spirits and Devils! It also had the wish power to save all living beings, like the reincarnation of the gods and Buddhas, tyrannical and unparalleled!

And now ...

Qing bao was a member of the cyan Phoenix race, and the blood of the cyan Phoenix flowed in her body!

The blue Luan was also known as the blue Luan. It was a divine bird that often accompanied the Queen Mother of the West and was also one of the five legendary phoenixes!

The green Luan in the earth-god Realm had a very thin bloodline and was far from reaching the divine level. It was even more impossible for them to transform into a real green Luan!

However, qing bao was different. The Green Phoenix bloodline in her body was very pure. Furthermore, it was a product of the heavens and Earth's good fortune and had given birth to a God-level physique!

As long as qing bao didn't die, he would be able to turn into a real green Luan divine bird in the future!

Furthermore, qing bao had a divine body. At the same level of cultivation, she was even stronger than the divine bird Qing Luan that was with the Queen Mother of the West!

It was no wonder that dugu zang had taken qing bao as his personal disciple!

Such a top talent, you can't find a second one in the entire earth-god Realm!

"Just how powerful is this Azure Phoenix divine body?"

Chen Xiaobei was very curious about how much power was needed to ensure his safety in the Zhu family's territory.

E Huo Yuntian said, "I've read about it in an ancient book!" Once the Azure Phoenix divine body reached large success, his lifespan and physique would increase greatly! Secondly, he had comprehended the 'Green Phoenix divine essence' and exploded with terrifying speed! In the legends, the Azure Phoenix's speed could even surpass the constraints of time and space! It's unimaginably fast!"

"That's right!"

Little qing bao nodded and said confidently, "Although my cyan Phoenix divine body hasn't reached completion, I can already burst out the speed of a nine-star earth-god! Unless the few old monsters at the highest level of the Zhu family personally take action, no one can catch up to me!"

"Not bad! I couldn't tell that this little girl really has some ability!" Chen Xiaobei's eyes lit up.

"Of course!" Qing bao proudly raised his little chin. when we encounter trouble, we'll fight if we can win. If we can't, we'll run. We'll always be in an undefeatable position!

pfft ... Chen Xiaobei was speechless. What kind of skill is this to run when you can't win? But after thinking about it carefully, running was indeed not a defeat! Where there is life, there is hope.

.....

In the end, Chen Xiaobei did not reject dugu zang Xian's kind offer. He brought qing bao with him and left.

Through the portal in hai Yue city, Chen Xiaobei, qing bao, and e Huo Yuntian arrived at Hu Lao city, which was located at the border of the nine Serenities platform!

Originally, the nine nether platform and the Zhu family were on good terms and jointly resisted the Dragon God Palace!

At that time, all the teleportation arrays in the territory of jiuyou platform would be able to reach the Zhu family's territory.

However, after the Zhu family's plot was exposed, immortal dugu zang immediately cut off all the teleportation formations under nine nether platform from the Zhu family's territory!

Therefore, if Chen Xiaobei wanted to enter the Zhu family's territory, he had to leave from the main city of tiger cage city and cross the Tiger cage mountain range!

This mountain range was extremely huge, with a depth of hundreds of billions of miles and a span of tens of millions of miles. It was the boundary between the territories of the nine nether platform and the Zhu clan's Hall of heavenly Yin!

Fortunately, he had qing Bao's help!

This little girl transformed into a blue Luan and exploded with the speed of a nine-star earth-god! In just three hours, he had successfully brought Chen Xiaobei and e Huo Yuntian across tens of millions of miles to the other side of tiger cage mountain range!

However, as soon as he crossed the mountain range, qing bao immediately landed on the ground and transformed back into a human.

"Why don't you continue flying?"

what? " Chen Xiaobei asked, " I could see a main city from the sky! With your speed, you'll be there in two or three minutes!"

Qing bao frowned. before the Zhu family's plot is exposed, our two families will live in peace with tiger cage mountain range as the boundary. Of course, I can fly into their main city directly!

"But today, our two families have become mortal enemies! The main cities on both sides of the mountain range have been heavily guarded. The battle generals and soldiers are almost ready to fight every day, as if a war could break out at any time!"

Qing bao said in a deep voice, " if I fly directly into the main City of Evil wolf, they will be able to see my blue Luan body at a glance. What awaits me will be a nine-star earth-god level battle formation! You can beat me to a pulp in one move!"

uh ... I was too impatient ... Chen Xiaobei thought, " I only thought that the enemy didn't know me, but I forgot that the enemy knows your true body!

you don't have to be so anxious. For the remaining part of the journey, we can change to flying swords or other mounts to quickly cross!

Qing bao composed himself and said seriously, " "But you must remember, when you enter the city, there will be guards to question you strictly! Don't say anything, let me handle everything!"

"Mm, I know!" Chen Xiaobei and e Huo Yuntian nodded.

After all, this was the territory of the demonic clan. Nine nether platform and the Zhu family's heavenly Yin Hall used to be on good terms. Qing bao was more familiar with the Zhu family's customs than Chen Xiaobei and e Huo Yuntian!

After that, Chen Xiaobei and e Huo Yuntian consumed the demonic Qi pill, summoned The Burning Sky Battle Eagle and flew towards evil wolf City!

The city was three hundred meters high and ten thousand miles wide!

On top of the city wall, there were many armored soldiers! The flags fluttered in the wind, and the atmosphere was somber!

The situation was just as qing bao had said. The entire evil wolf capital city was in a highly tense state of combat preparation, as if a war was about to break out at any moment!

A large number of soldiers were also gathered at the city gate. No matter if they were leaving or entering the city, they had to undergo a strict inspection!

"Where are you guys from? Why did you enter the city?"

As soon as Chen Xiaobei and the other two approached, they were stopped by a group of heavily armored Wolf demon soldiers.

Qing bao immediately took a step forward and said with a smile, " we're herb merchants. We've finished picking herbs in tiger cage mountain range and are preparing to enter the city to sell them to the herb shop or the herb Chamber of Commerce.

"A medicinal herb merchant?"

The leader of the wolf Goblin squinted his eyes and asked, " "Where are the herbs you picked? Take it out and let me check!"

"Here!" Qing bao had prepared a storage bracelet and handed it over before she set off.

The wolf goblin captain took it. After checking it, he shouted angrily, " "Do you think I'm stupid? Men! Arrest all three spies!"

this ... qing Bao's expression froze, and his face was filled with bewilderment. He couldn't figure out what he had done wrong. How did the wolf goblin captain see through it?
