Chapter 2851: drastic changes

“We don’t seem to have any room to refuse ...”

BA tumeng’s brows were tightly furrowed. His entire body was being suppressed. He couldn’t defeat e Huo Yuntian, and he couldn’t escape. He could only accept e Huo Yuntian’s request!

The surrounding disciples of the heavenly Yin Hall were also in the same state. They had no other choice!

“All of you should know very well that the Zhu family’s heavenly Yin Hall has already fallen out with the nine nether platform! You are all enemies! Either submit, or die!”

E Huo Yuntian’s tone was cold and unquestionable.

While he was speaking, e Huo Yuntian had already taken out the dog food that he had prepared earlier and walked towards the disciples of the heavenly Yin Hall!

“Alright ... I’ll eat ...”

BA tu sighed and ate the dog food with a sad face.

Immediately after, the medicinal effect took effect, causing BA tumeng to enter a state of shock.

E Huo Yuntian didn’t stay idle either. He was practically feeding dog food to the other disciples of the heavenly Yin Hall.

Since the most powerful BA tu Meng had already given up, the rest of the people didn’t dare to talk nonsense with e Huo Yuntian and obediently ate the dog food!

Moreover, they had all entered a state of shock!

Once Chen Xiaobei came over and completed the master recognition ceremony with them, they would all become his loyal dogs.

“Done!”

E Huo Yuntian was very serious and careful in his work. He made sure that every disciple of the heavenly Yin Hall had already eaten dog food before he could relax!

“Whoosh ...”

At the same time, the true origin that was suppressing the disciples of heavenly Yin Hall also disappeared.

After all, the disciples of the heavenly Yin Hall had already entered a dazed state. Continuing to suppress them was undoubtedly a waste of energy.

After removing the suppression of his Zhen Yuan, e Huo Yuntian placed his hands behind his back and looked in the direction he had come from with bright eyes! He was waiting for Chen Xiaobei to come over!

In this way, e Huo Yuntian's back was facing all the disciples of the heavenly Yin Hall!

With his back facing the group of disciples of the heavenly Yin Hall who had fallen into a daze, e Huo Yuntian would not be able to do anything at all. Therefore, he was completely defenseless!

"Indigo spirit! Demonic eye Soul Catcher!"

In the next second after e Huo Yuntian turned around, a low roar suddenly came from behind him!

Who dared to think about it!

BA tumeng, who had already fallen into a dazed state, jumped up without any warning and suddenly activated a primordial spirit attack!

Only to see! BA tumeng's deep blue eyes suddenly flickered with silver light!

However, like a piercing light, that silver light shot towards e Huo Yuntian's back at an extremely fast speed!

what's going on?!

E Huo Yuntian was greatly alarmed. He subconsciously wanted to block it.

However, the distance was too close, and e Huo Yuntian was completely defenseless. It was already too late for him to think of a way to defend!

"Swish!"

The silver spiritual light directly penetrated e Huo Yuntian's body!

It didn't cause any flesh wounds, but e Huo Yuntian was tormented by intense pain. His entire body fell to his knees.

"Shit! It's a primordial spirit attack that specializes in nascent soul-level soul attacks ..."

E Huo Yuntian's face was pale. His nascent soul had been severely injured, and he could no longer circulate his Zhen Yuan! Moreover, his soul was also affected, causing great mental pain to e Huo Yuntian every second!

Mental pain was worse than physical pain!

That was because as long as one's physique was strong enough and one's mental state was stable enough, one would be able to endure physical injuries!

However, mental damage directly stimulated one's nerves and shook one's state of mind. No matter how strong one's physical body was, there was nothing one could do to deal with this kind of damage!

If it was someone with a weak mental state, it was extremely likely that their mental state would collapse from the torment of this severe pain. They would either fall into madness or commit suicide!

Even if one's mental state was strong, once one was hit, one would be tortured to the point of wishing for death. Even if one's mental state did not collapse, one would lose the ability to fight!

It was obvious that e Huo Yuntian belonged to the latter!

As a respectable King of a region, his state of mind was strong enough. However, the damage to his nascent soul and mental state had completely made him lose his ability to fight!

It wasn't an exaggeration to say that e Huo Yuntian had already become a fish on the chopping board, and could only be slaughtered by BA tu!

"You ... Didn't you eat dog food ... Why ... Why can you still retain your consciousness? This is illogical ... Abnormal ..."

E Huo Yuntian was in so much pain that his entire body was trembling, and even his voice was trembling.

"It's not easy! You've been hit by my primordial spirit attack, and you're still able to remain calm? He could even think! It's clear that your mental state is really strong!" BA tumeng walked over with a cold smile.

"A primordial spirit attack?" E Huo Yuntian's expression froze. He could not help but think of Chen Xiaobei's heaven-severing thought!

From the looks of it, BA tumeng's demonic eye was very similar to Chen Xiaobei's heaven-severing thought. They both attacked the enemy's nascent soul and primordial spirit!

The speed of this kind of primordial spirit attack was not particularly fast. If it was a head-on confrontation, the enemy would be able to Dodge easily!

However, if one did not Dodge, this type of primordial spirit attack could instantly make the enemy lose the ability to fight!

It could be said that if he didn't move, it would be fine, but if he moved, it would be fatal!

"Your mental state is very strong, but unfortunately, your luck is very bad!"

"My primordial spirit attack is only at the seven-star earth-god level!" BA tumeng sneered. If your cultivation had been just a little higher, reaching the eight-star earth-god level, my primordial spirit attack would have been completely ineffective against you!"

Although the effects of BA tumeng's demonic eye and Chen Xiaobei's heaven severing thought were similar, their levels were worlds apart!

The demonic eye Soul Catcher was only a seven-star earth-god, and it could only be used on people below the eight-star earth-god level!

However, severing the heavens with a thought was at the Saint level. Apart from the Saints of the heavenly path, anyone who was struck by it would end up the same, even the Golden Immortals of the great all-embracing heaven!

Of course, the premise was that he could hit a zenith heaven golden immortal with a thought of severing the heavens!

If they couldn't even hit him, what effect would there be?

"I'm the one who fell! If you want to kill me or cut me up, do as you wish!"

E Huo Yuntian made up his mind. Even if he had to die, he would never betray Chen Xiaobei!

There was no doubt that e Huo Yuntian's attitude had changed completely after spending time with Chen Xiaobei!

In the beginning, e Huo Yuntian was threatened by Chen Xiaobei and had no choice but to surrender!

Gradually, e Huo Yuntian began to realize how extraordinary Chen Xiaobei was. He believed that Chen Xiaobei would have a bright future ahead of him. He began to sincerely submit to Chen Xiaobei and work for him for the sake of his future glory!

Recently, e Huo Yuntian had witnessed Chen Xiaobei's unbelievable Foundation and connections. He had also witnessed Chen Xiaobei's decisiveness and divine foresight! They started to admire Chen Xiaobei, and even worship him!

At this moment, e Huo Yuntian had already changed from having no choice but to submit to him, to a completely loyal and devoted submission!

Even if he had to die, he would not betray Chen Xiaobei! Even without the threat of the soul hunting flag, e Huo Yuntian would not betray him!

"You're a tough one!"

BA tumeng sneered and said,"however, you're very strong. It's really possible to kill you!" I'm going to bring you back and offer you to exalted immortal Shen! I'll let you be immortal Shen's loyal dog!"

"Exalted immortal Shen? Which Shen shangxian?" E Huo Yuntian's expression froze, and his face changed dramatically!

Chapter 2852: killing their way to the headquarters

hehe, it seems like Chen Zhufeng doesn't trust you that much. He didn't even tell you about his number one enemy, exalted immortal Shen!

BA tumeng may look like a big man, but he was very cunning. Whenever he had the chance, he would try to sow discord between e Huo Yuntian and Chen Xiaobei.

"Number one enemy?"

E Huo Yuntian's expression was slightly startled, but he didn't say anything. Since she was so loyal to Chen Xiaobei, she would not be easily provoked!

"Alright, God Shen has told us many times that Chen Zhufeng is more cunning than a Fox. He told us not to fight him alone! That's why I'm too lazy to ask you where Chen Zhufeng is!"

BA tumeng smiled indifferently and said,"let's go!" I'll bring you directly to the headquarters of heavenly Yin Hall! To be able to become one of us is the good fortune of your many lifetimes of cultivation!"

“Senior brother BA tu! Aren’t we going into the dark abyss?” At the same time, the other disciples of the heavenly Yin Hall had already recovered from their dazed state and stood up.

“I’m not going in!”

BA tu shook his head violently. We came out this time to try our luck. It’s impossible to reach the bottom of the abyss anyway. We probably won’t get any benefits!

“We’ve captured Chen Zhufeng’s subordinates! As long as he could bring him back, he would have made a great contribution! Shangxian Shen will definitely reward us handsomely, so why should we continue to take risks?”

.....

As soon as he said that, all the disciples of the heavenly Yin Hall nodded in agreement.

To them, e Huo Yuntian was a ready-made contribution, and they would be able to receive a reward if they brought him back! Naturally, there was no need to risk his life and try his luck in the dark abyss!

After he finished speaking, BA tumeng directly transformed back into his demonic beast form. His claws easily lifted e Huo Yuntian and he flew into the sky!

All the disciples of the heavenly Yin Hall immediately followed him.

“Young master Chen!”

In the distance, behind a huge black Rock, qing bao frowned and couldn’t hold it in any longer. She asked in a deep voice, “Why didn’t you save uncle e Huo? He’s been captured by your number one enemy, so he’s probably dead!”

“Who said I’m not going to save him?” “I didn’t expect that he would rather die than betray me!” This alone is enough for me to save him!”

“If that’s the case, why don’t you make a move?” “As long as you and I work together, we can definitely defeat BA tumeng easily!” Qing bao said seriously.

“Idiot!”

“E Huo Yuntian is already a hostage. If we go there now, it will only put him in more danger!” If BA tumeng uses his life to threaten us, not only will we not be able to save him, but we will also get ourselves killed!”

this ... qing bao was stunned and blushed instantly. Young master Chen is smart ... I was too impulsive and didn’t think so much ...

Chen Xiaobei did not deny it but quickly asked, “I’m asking you! How long would it take for the enemy to fly to the nearest teleportation array?”

“About half a day!” “Why are you asking this?” qing bao asked, confused.

“You’re so stupid!”

they're on their way back to the headquarters of the divine Yin Hall. With your speed, you'll catch up to them in a few minutes! Chen Xiaobei said. In other words, we still have half a day to prepare!"

"Prepare? What do you need to prepare?" Qing bao asked in confusion.

"The only way to save e Huo Yuntian is to attack the headquarters of heavenly Yin Hall!" I'm fine! Chen Xiaobei said, " I need to at least prepare a life-saving talisman!

kill ... Kill the headquarters of heavenly Yin Hall?!

Qing bao was dumbfounded, and his little face was instantly filled with horror. "The heavenly Yin Hall is on the same level as the nine nether platform. They have more than ten nine-star earth-level Immortals, a heaven immortal magical formation, and a heaven immortal artifact to suppress them! Do you think the two of us can kill the headquarters of heavenly Yin Hall? Young master Chen ... Are you sick?"

"Sick, your head!" I don't know! Chen Xiaobei said, " as long as you give me a large spiritual vein, I can not only destroy the headquarters of the divine Yin temple, but I can also make them scream in pain!

how ... How is this possible?! Qing Bao's face was filled with shock and he said awkwardly, " "Young master Chen, you're not sick ... You're crazy ..."

"Idiot! What are you thinking about?"

Chen patted qing Bao's head and said, " to tell you the truth, I have a heaven-immortal artifact in my hand!

"What? A heaven ... Heaven immortal artifact?" Qing bao was so shocked that he started to doubt if the person he was looking at was a fake Chen Xiaobei!

"I'm not joking with you!"

"As long as you give me a large spiritual vein, I can activate the power of the heavenly immortal instrument once!" As long as I choose the right time to strike, I can catch the Zhu family off guard. Not only can I save them, but I can also make the Zhu family suffer a great loss!"

fine ... Even if I believe you ... qing bao said helplessly, " "But large-scale spirit veins are extremely rare! Let alone half a day, even if we were given half a year, we would definitely not be able to find it!"

It was obvious that qing bao was a disciple of the nine nether platform! Nine nether platform was famous for its intelligence gathering ability!

If even qing bao didn't know where the large spiritual vein was, it was obviously impossible to find it in half a day!

The reason was simple. If he could find it, the spiritual vein would have been taken over by the nine nether platform, and Chen Xiaobei would not have had a chance to find it!

if I really can't find it, I'll have to use spiritual stones to replace the spiritual vein ... Chen Xiaobei frowned.

"Young master Chen! What are you thinking?"

Qing bao said in a deep voice, "we can catch up and find a chance to sneak attack BA tumeng!" Why do you have to kill the headquarters of heavenly Yin Hall? Do you know? The spirit Qi of a large spirit vein was equivalent to 30 billion upper-grade spirit stones! Even if you really have that many spirit stones, can you bear to burn them all in an instant?"

"First of all, I must save e Huo Yuntian safely. As you said, I will find an opportunity to launch a sneak attack. If he failed, e Huo Yuntian would most likely be killed! This method is not safe!"

"Secondly, BA tumeng and the disciples of the divine Yin Hall are immune to my dog food!" Chen Xiaobei said. This means that they have all eaten Shen Gongbao's dog food!"

"It's obvious that Shen Gongbao might have formed an alliance with heavenly Yin Hall and even controlled the entire heavenly Yin Hall! This time, I'm giving the heavenly Yin Hall a taste of their power, which is the same as giving Shen Gongbao a taste of his own medicine!"

"Isn't Shen Gongbao plotting against me? I'll let him know that I, Chen Xiaobei, am not made of mud. I won't let him do whatever he wants!"

the point is that I can find some clues about Shen Gongbao's plan in the heavenly Yin Hall. This might be the key for me to break out of this situation in the future!

Chen Xiaobei's plan was very far-reaching and comprehensive! Not only did he have to save them, but he also had to deal with heavenly Yin Hall and try to find the clues to solve Shen Gongbao's death!

Once he succeeded, he would be able to kill three birds with one stone!

That was why Chen Xiaobei had to go to the headquarters of the heavenly Yin temple!

"If you're afraid, you can go back first!"

I'll go and explore the dark abyss first! Chen Xiaobei said. after that, I'll go to the headquarters of the heavenly Yin temple!

Chapter 2853: special skill

"Young master Chen! Wait! I ... I didn't say that I'm afraid ... I want to move with you!"

Although qing bao said that she was not afraid, her face was filled with fear and panic. Even so, she did not abandon Chen Xiaobei and leave.

It could be seen that little qing bao was not brave, but he was very loyal.

if you're not afraid, wait for me here. I'll go down and find what I want. Then, I'll come up immediately. We'll go after those enemies together! Chen Xiaobei said.

"No! I want to go down with you!" Qing bao pouted and looked at Chen Xiaobei pitifully.

I'm scared of you ... Chen Xiaobei did not know whether to laugh or cry."You can follow me, but you must follow me closely! The situation down there is extremely dangerous. If you lose them, you might lose your life!"

“Will we lose our lives ... Young master Chen, why don’t we not go down ...”

Little qing bao swallowed and said, “Didn’t the Guild Master of the Red Lotus Guild say it? Even a nine-star earth-god might not be able to withstand the evil Qi down there ... If we go down there and are not careful, we might end up like a pair of mandarin ducks ...”

Chen Xiaobei was speechless. “Idiot! Only when a couple died could they be called mandarin ducks with the same fate! If the two of us die, at most, we’ll have a companion on the road to the yellow Springs!”

the road to the netherworld ... I don’t want to go to the netherworld ... I’m still young and haven’t lived enough ... qing bao looked aggrieved. Her big watery eyes seemed to be filled with tears, and she was about to cry.

I’ve already told you to wait for me here! Chen Xiaobei laughed. but you just had to stick to me and go down with me! Why do you look so pitiful? You’re making it seem like I’m forcing you!”

“I ... I still want to follow you!” Little qing bao thought for a while and decided.

Even if they were standing outside the abyss, the environment was still gloomy! If Chen Xiaobei left, he would be even more worried. He might as well go down with Chen Xiaobei!

“You can follow me, but you’re not allowed to cry!”

Chen Xiaobei warned her in a serious tone, but his hand was holding qing Bao’s hand gently.

hiss ... little qing bao groaned, and his chest suddenly thumped wildly.

In qing Bao’s heart, Chen Xiaobei was like an idol. She could only admire him but not touch him.

But now that Chen Xiaobei was holding qing Bao’s hand, qing Bao’s heart was filled with mixed feelings!

Nervousness, shyness, surprise, and panic caused her little face to turn red!

Of course, in addition to these complicated emotions, qing bao suddenly felt that there was a very reliable force protecting her!

Although this power could not be seen or touched, qing bao knew very well that it was the sense of security that Chen Xiaobei gave her!

Only a real man could give a woman a sense of security that was as heavy and reliable as a mountain without making a sound!

He didn’t need to say anything or even do anything! As long as he released his manly aura, it was enough to make the women around him feel safe like never before!

Without a doubt, Chen Xiaobei’s state of mind was extremely strong, and he had already developed a domineering aura!

At that moment, qing bao was no longer afraid. As long as Chen Xiaobei was there, any danger could be resolved, any difficulty could be overcome!

“Let’s go! Let’s go down!”

Chen Xiaobei summoned the somersault cloud that he had not used for a long time and brought qing bao and himself down into the abyss!

This abyss was indeed very terrifying!

It was tens of thousands of meters long, hundreds of meters wide, and its depth could be said to be bottomless!

Chen Xiaobei did not stop at all, but even after a long time, he still did not seem to have reached the bottom!

Chen Xiaobei lost his patience and began to speed up.

“Young master Chen, slow down!”

Qing bao said worriedly, “what if there’s any danger down there?” We’ll suffer a great loss if we act so rashly!”

“Stupid! The group of disciples from the heavenly Yin Hall have been here before, and they have descended to a certain depth!”

I don’t think so. Chen Xiaobei said, “ before we reach that depth, we won’t encounter any danger, and we won’t get any benefits! This was because they had already searched this area! We only need to be more vigilant when we go deeper into the forest!”

“Then how do you know where the deeper parts are?” Qing bao asked.

“When your body feels uncomfortable and you can’t go down, that’s the deepest part they’ve been to!”

“My body and soul?” Qing bao thought for a while and suddenly realized, “ “I understand! My physical strength is the same as BA tumeng, a six-star earth-god level! He can only go as far as I can!”

Chen Xiaobei nodded.

“That’s true, but it’s meaningless!” Qing bao frowned. I’m the same as BA tumeng. I can only hold on to a certain depth! Your physical body is not even as strong as mine. How can we go to the bottom of the abyss?”

I have my own ways. As long as I can confirm that there’s no danger at the bottom, I can easily reach it! Chen Xiaobei said.

“How can there be no danger at the bottom?” Qing bao frowned. the evil and murderous Qi is the thickest at the bottom. Even a nine-star earth-god can’t withstand it!

Chen Xiaobei shrugged and said, “ to me, this evil and baleful Qi is not dangerous. I have a way to deal with it!

“H-how is this possible? Are you more powerful than a nine-star earth-god?” Qing bao was dumbfounded and couldn’t believe it.

“You just wait and see!” “The only thing I’m worried about is that there might be other terrifying dangers at the bottom of the abyss!” If there isn’t, I can easily get what I need as if I’ve entered an uninhabited place!”

alright, I’ll believe you one more time ... qing bao was a fangirl. She was 70% convinced by Chen Xiaobei’s words.

.....

After that, the two of them continued to descend!

After descending for a few thousand meters, Chen Xiaobei’s body could not take it anymore. Qing bao released her body-protection ethereal force to protect Chen Xiaobei!

After descending for another tens of thousands of meters, qing Bao’s vital essence was about to be exhausted, and his body and soul had obviously felt uncomfortable!

“It should be around this depth!”

Qing bao said, “BA tumeng’s body is stronger than mine. But we’re going down vertically. He’s searching around! Therefore, his true essence consumption is faster than us. At this depth, he has most likely surpassed him!”

“Good! Now it’s my turn!” Chen Xiaobei closed his eyes.

“Childe Chen, what are you trying to do?” Qing bao said worriedly, “I can’t hold on much longer!” However, we have no idea if there’s any danger down there. I don’t even know if the thing you’re looking for exists.”

“I’ll know everything soon! Because I have a special skill!” Chen Xiaobei said.

It directly activated a special ability that had not been used for a long time!

[Red Envelope Group of the Three Realms](#)

Chapter 2854: unexpected surprise

“Chi ...”

A small blood-red fire seed appeared between Chen Xiaobei’s brows.

Flickering with a faint spiritual light, this blood-colored fire seed flickered in and out of existence in the dark abyss.

what kind of special skill is this? ”

Qing bao frowned slightly and said in confusion, “ what a strange aura. It’s inhuman! No demon! No ghost! There was some aura of the demon race, but he was not completely a demon! It’s so strange ...”

Chen Xiaobei did not answer. Instead, he used the blood-red fire seed to investigate the situation below!

This little blood-colored Tinder had given Chen Xiaobei a very special ability!

This special ability was similar to the primordial spirit domain of immortal cultivators, which could sense everything within a certain range!

He could sense everything from beasts and evil spirits to insects and wind!

Chen Xiaobei's ability was even more powerful than the primordial spirit realm!

First of all, the scope. The primordial spirit domain of a one-star earth-god was only 100 meters, and the primordial spirit domain of a peak nine-star earth-god was only 30000 meters!

However, Chen Xiaobei's special ability allowed him to see everything within a 100000-meter radius!

In this bottomless abyss, even a nine-star earth-god could not determine the situation at the bottom!

But now, Chen Xiaobei and Qing bao had already descended more than 100000 meters. With this special ability, they could basically check the bottom of the abyss!

"There's no danger ..."

Chen Xiaobei closed his eyes and checked carefully. He finally let out a sigh of relief.

young master Chen ... How do you know there's no danger? "

Qing bao was confused and said awkwardly, " my primordial spirit domain can only probe 10000 meters below. I can't be sure of anything deeper! Could it be that your discipline is more powerful than my primordial spirit domain?"

Chen Xiaobei did not answer and continued to investigate.

There was another amazing thing about this special ability, which was that it could lock onto the location of heavenly treasures!

As long as it was something with a strong spiritual nature, Chen Xiaobei would be able to sense it. He could even sense its exact location!

In this huge abyss, if one did not have this special ability, finding a tiny nether relic was like looking for a needle in a haystack!

But with this special ability, Chen Xiaobei could lock onto the exact location and retrieve it directly!

Not only did it save him energy, but it also saved him time!

After all, he still had to save people. Wasting one more minute meant that e Huo Yuntian would be in more danger!

"I found it!"

Chen Xiaobei's eyes shot open, his face filled with excitement!

"Young master Chen ... You ... What did you find?" Qing bao was shocked and looked at Chen Xiaobei with a dazed expression.

"The thing I want is at the bottom of the abyss!" Chen Xiaobei activated the merit record!

“No way? You ... You can detect the bottom of the abyss? It can even lock onto the thing you’re looking for? This ... How is this possible?” Qing bao was stunned and couldn’t believe his ears.

Qing bao did not know, but those who knew Chen Xiaobei would know!

The power that Chen Xiaobei was using now came from the dark neutron, the blood clan’s power!

This special ability was very powerful and was definitely more powerful than the primordial spirit domain of immortal cultivators!

Of course, the price to pay to activate this special ability was definitely not small!

[ding Yingying’s cultivation level: late-stage golden core; lifespan: Year 110257, physique: 150 million, combat power: 85 million, primordial spirit attack-sacred level!

His lifespan had been reduced by 300 years!

This was the price to pay for using this special ability of the blood race!

That was why Chen Xiaobei rarely used it when it was difficult to accumulate his lifespan!

However, things were different now!

Chen Xiaobei already had a level 5 heavenly life Halo. Every time he broke through a small realm, he could increase his lifespan by tens of thousands of years. The higher his cultivation, the more years he would gain!

At this point, consuming 300 years of his lifespan was nothing to Chen Xiaobei!

Chen Xiaobei could afford to spend as much as he wanted!

Of course, Chen Xiaobei did not explain any of this to qing bao. He made the best use of his time to select the items he wanted to exchange for!

The misty nine yang protective talisman was-one-star heaven immortal level talisman! It could withstand all evil spirits below the level of a divine immortal!

[Suan ni exchange price: 100 million merit points for one piece!]

Please select the exchange amount!

“Young master Chen, why are you in a daze?”

Qing bao did not know what Chen Xiaobei was doing and was worried. “Are you really sick? You’ve been talking nonsense since just now ... It’s even more serious now. One moment you’re agitated, and the next moment you’re in a daze ... How are you going to save people like this ...”

Chen Xiaobei still did not answer. Instead, he chose the number of items to exchange in his mind!

[ding! Exchange amount: one card!]

[ding! Merit points successfully exchanged. 100 million merit points have been deducted!]

[your current merit points are 95.63 billion.(Charm: 9.563 billion, luck: 9.563 billion!]

“Swish!”

The next moment, Chen Xiaobei activated the somersault cloud and charged towards the bottom of the abyss as fast as he could!

“Ah!”

Qing bao was shocked. His face turned pale, his scalp went numb, his pupils contracted, and his heart almost flew out of his throat!

At this moment, qing Bao’s vital essence was almost exhausted, and his body couldn’t resist the evil Yin Qi! Charging deeper into the cave like this was simply suicide!

“Young master Chen! Are you crazy?”

Qing bao was extremely scared and screamed, “Even if you want to commit suicide, don’t drag me into it! I don’t want to go to hell with you! Wuwuwu ... Master, save me ... I won’t be naughty anymore ... I don’t want to die yet ...”

“You’re so stupid! You actually said that I’m crazy and want to commit suicide? Can you be more imaginative?” Chen Xiaobei was both angry and amused. He pinched qing Bao’s little face with one hand and held the nine yang protective talisman in the other.

The talisman glowed with spiritual light and enveloped Chen Xiaobei and qing bao. The surrounding Yin Qi did not affect them at all!

“Ah? Don’t you want to commit suicide?” Qing Bao’s expression froze for a moment, and his nervousness was finally relieved. “Eh? The deeper he went, the thinner the baleful yin force would be? I can’t feel it anymore ...”

“Take a good look again!” Chen Xiaobei felt a headache coming on. This little girl looked like she was very smart, but she was actually very slow-witted and was very cute.

it’s a dharmic talisman!?

Qing bao finally found the key to the problem. “Young master Chen! It was the talisman in your hand that blocked the surrounding yin energy! Oh my God! This talisman is so powerful! If you had such a powerful talisman, why didn’t you take it out earlier?”

“Didn’t I just confirm that there’s no danger at the bottom of the abyss? ” if we use this talisman right from the start, we’ll run into danger at the bottom. Not only will it be a waste of the talisman, but we might even end up dead! Chen Xiaobei said helplessly.

I see ... qing bao suddenly realized. “Young master Chen is really thoughtful!”

“The treasure is up ahead! We’ll leave once we’re done!” Chen Xiaobei smiled.

But the next moment, Chen Xiaobei burst out laughing. “Eh? That was ... F * ck! I’m rich! Hahaha ...”

There was a surprise at the bottom of the abyss!

Red Envelope Group of the Three Realms

Chapter 2855: killing two birds with one stone

“Such dense spiritual Qi!”

Qing bao followed Chen Xiaobei’s finger and looked at the direction he was pointing at. He was excited. the spiritual Qi emitted from that place is very dense. Could there be a spiritual vein hidden there? ”

“That’s right! It was a spirit vein! Furthermore, it’s most likely a large-scale spirit vein!” Chen Xiaobei increased the speed of his somersault cloud and charged forward.

“Heavens! There’s a large spirit vein hidden at the bottom of the dark abyss?”

Qing bao was dumbfounded and full of doubts. “How can such dense spiritual energy be suppressed in such a small area? It won’t be leaked at all? It’s so strange!”

Without a doubt, if the spiritual energy from this spiritual vein leaked out, BA tumeng and the others would have discovered it long ago! The people from heavenly Yin Hall had already claimed this large spirit vein for themselves!

“Because the thing I’m looking for is suppressed at the core of the spirit vein!” “The spiritual Qi from the spiritual vein was all absorbed by that thing! That’s why the spiritual Qi doesn’t leak out!”

“What is that thing? It’s actually so powerful that it can suppress an entire large-scale spirit vein?” Qing bao was even more shocked!

“A peak nine-star earth-god item! Netherworld relic!” Chen Xiaobei said.

“Sarira? A Buddhist relic?” Qing bao was puzzled, “isn’t it only possible to leave a sarira after the corpse of an eminent Buddhist monk passes away and is cremated?” This ... This is such a ghastly place, I can’t even fight with the eminent monk!”

“Although this netherworld sarira is not an eminent monk’s sarira, it has the same effect as an eminent monk’s sarira!”

the eminent monk is kind and just. He chants and worships the Buddha every day. His body and soul have been baptized by the Buddha’s teachings. Over the years, there will be some mysterious changes that will make one of the bones in his body special!

“After the senior monk passed away, his body was burned to ashes, but the piece of bone armor remained undamaged. It was not even burnt, and it was as bright as a Crystal Pearl! And that piece of bone Xun was regarded as a relic by the believers! It’s a precious treasure!”

“The same logic! This netherworld relic referred to the nine netherworld Yin technique that immortal cultivators practiced all year round, cleansing their body and soul! One of the bones in my body will also undergo a mysterious change similar to that of the senior monk!”

“Previously, I obtained an abyss Tiger Claw bone. It was filled with an evil and fiendish aura. From this, it can be seen that he is an immortal cultivator who has been practicing the dark special technique all year round! Furthermore, his cultivation base has already reached the peak of the human realm!”

“According to the legends, he underwent his Heavenly Tribulation here and was crushed by the nine Heavens tribulation lightning, resulting in his body exploding and dying! Most of his body had been shattered by the heavenly lightning and burned to ashes by the heavenly Fire! I’m already very, very lucky to be able to keep the abyss Tiger Claw bone in my hand!”

“Of course, even if his entire body were to be burned to ashes, there’s a piece of bone armor that will definitely not be burned! That was the ‘sarira’ of the nether Tiger King! It’s also the netherworld relic that I’m looking for!”

Chen Xiaobei’s detailed explanation cleared Qing Bao’s doubts.

As he spoke, Chen Xiaobei had already arrived at the location that he had locked onto with the blood descendant’s special ability.

He saw a Dark Blue Pearl floating in the air!

It had a round shape but didn’t have much luster. However, this dark texture gave people a deep feeling! It was as deep as this abyss, unfathomably deep!

The evil and murderous aura around the Pearl was extremely strong! Almost all of them had turned corporeal, giving off a dark blue demonic aura that made people shiver!

This was the nether relic that Chen Xiaobei was talking about!

If not for the nine yang talisman’s divine-level power, the evil Qi would have seeped into Chen Xiaobei and Qing Bao’s bones and sucked out their Yang Qi, turning them into two zombies!

I’ll take it ... Chen Xiaobei was about to put the nether relic into his infinite space ring.

“Wait a moment!”

“Young master Chen!” Qing bao quickly stopped him. If you take this nether relic, the large-scale spirit vein underground will be exposed. It won’t be long before all the major forces come to fight for it! You won’t be able to defend it!”

“Stupid!”

Without hesitation, Chen Xiaobei kept the nether relic and said, “ I’ll first take the nether relic, then the entire spirit vein. Who would still fight for it? ”

“Harvest ... Harvest this spirit vein?” Qing bao was dumbfounded and couldn’t believe it. this ... This is impossible ... Even if you have a magical treasure specially used to store spiritual energy, you can’t possibly store the spiritual energy of an entire large spiritual vein!

“Who said it can’t be saved?” Chen Xiaobei took out a Black Flag from his infinite space ring.

The flagpole was made of heaven Fey Black Gold and engraved with ancient Fey totem runes!

The surface of the flag was woven with black silk, and the word ‘destroy’ was engraved on the front and the back with the word ‘destroy’!

The body of the flag emitted waves of black flames, as if it was burning in the black flames. It emitted an extremely powerful pressure and spirituality!

“Hiss ...”

Qing bao gasped, and his pupils contracted involuntarily. “Young master Chen ... This ... What kind of magic treasure is this? This pressure and spirituality were simply too terrifying! The point was that this was only in his normal state! If you activate its power, it’ll be thousands of times more terrifying than it is now!”

At this moment, qing Bao’s mind was trembling, his heart was beating wildly, and even his breathing was a little unnatural!

If Chen Xiaobei really activated the power of the flag, qing bao would be completely overwhelmed by the pressure, suffocated, and unconscious!

this is my heaven-immortal artifact! Chen Xiaobei raised his eyebrows and smiled. “Heaven-destroying and earth-destroying banner!”

“A ... A heaven immortal tool?”

Qing bao swallowed his saliva and said awkwardly, “There are only ten heaven-immortal instruments in the earth-immortal realm ... I’ve never heard of your world-destroying banner ... Is it real?”

“Won’t you know if it’s true when you see it?” Chen Xiaobei controlled the banner and started to extract the spiritual Qi from the spiritual vein!

The amount of spiritual Qi that a magical treasure of each grade could withstand was limited!

No magical treasure below the level of a heaven immortal artifact could withstand the vast amount of energy contained in a large spirit vein!

“Heavens! Young master Chen! This ... The spiritual energy of this large spiritual vein is almost exhausted ... But your destruction star doesn’t seem to be filled with spiritual energy yet ...”

As time passed, qing Bao’s suspicion was completely dispelled. “It can’t be wrong! This was a heaven immortal artifact! This is a genuine heaven immortal artifact!”

“Isn’t it just a heaven immortal artifact? What’s there to be surprised about?” of course! Chen Xiaobei smiled. if I’m willing, I can give you two or three more!

“What?” Hearing this, qing Bao’s three views were shattered.

Chapter 2856: Zhufeng is here

“Young master Chen! You’ve gone too far ...”

Qing bao swallowed his saliva and said awkwardly, “As long as you have a heaven-immortal artifact, you’ll have the foundation to establish a top force! Young master Chen ... You ... You can take out two or three heaven immortal artifacts? I ... I won’t believe it even if you beat me to death ...”

“As long as I want to, I can get it out!” Chen Xiaobei shrugged and did not explain further.

Chen Xiaobei was not joking!

Chen Xiaobei still had more than 90 billion merit points. It would not be a problem for him to exchange for two more heaven-immortal items! With the earth escape immortal puppet, wouldn't he be able to easily take out three heaven immortal artifacts?

However, Chen Xiaobei did not need to do that!

First of all, the merit would be exhausted, and the three human emperors 'levels would drop!

Secondly, there was no spiritual energy to activate the heaven-immortal artifacts in exchange for so many heaven-immortal artifacts. They were just useless decorations!

What? You want to refine it with a heaven immortal artifact?

With the witch Dragon Flame's current level, it would not even be able to refine a single hair of a heaven immortal artifact! This path was not feasible at all!

Because of that, Chen Xiaobei only needed to have the planet-destroying banner. There was no need to exchange it for now!

“Young master Chen! You're really good at hiding your skills!”

Chen Xiaobei did not explain, and qing bao did not dwell on it. If I didn't see it with my own eyes today, I wouldn't have believed that there's such a super big Shot like you in the earth-god Realm who's comparable to a peak Supreme!

“You're not afraid anymore, are you?” Oh? ” Chen Xiaobei raised his eyebrows. We're going to attack the headquarters of heavenly Yin temple soon!

“I ... I'm not afraid anymore!” Qing bao swallowed and gathered his courage. Childe Chen also has a heaven immortal artifact. He is on par with the Zhu family. I have confidence in Childe Chen!

“Mm! You have good taste, girl!” hehe! Chen Xiaobei chuckled. I thought you were going to be a coward again!

uh ... qing bao swallowed his saliva and said awkwardly, ” “I don't want to be a coward, but I'm still worried about the spiritual energy!”

“What's wrong with the spiritual energy?” yes! Chen Xiaobei said, ” I've found the large spiritual vein that I need the most. Spiritual Qi is no longer a problem!

Qing bao said, ” this spirit vein has been absorbed by the relic of the netherworld all year round. Its spiritual Qi is already not enough ... Now the spirit vein is about to dry up, but your ” annihilation star ” has not gathered enough spiritual Qi to activate its power once ...

“I know what I'm doing!”

the spiritual Qi from a large spiritual vein is equivalent to 30 billion upper-grade spiritual stones. The nether relic has absorbed about nine billion upper-grade spiritual stones. The spiritual stones I earned in the red Lotus Imperial City are just enough to make up for that!

He had earned 9.5 billion upper spiritual stones by taming a group of loyal dogs in the red Lotus Imperial City!

In addition to Chen Xiaobei's original wealth, the total amount was more than 9.65 billion!

"Whoosh ..."

As he spoke, Chen Xiaobei began to release a steady stream of spiritual stones. After crushing them, he let the Devastator absorb the spiritual Qi.

It was just as Chen Xiaobei had estimated. After using up about nine billion upper spiritual stones, the spirit of the Devastator started to fluctuate. It had enough spiritual Qi to activate its power once!

"But ... This is still far from enough!"

Qing bao frowned and said, "the ten top forces have accumulated resources for hundreds of millions of years. They are unimaginably strong! Every single one of their heaven immortal items was filled with the maximum amount of spirit energy! In other words, it can be activated ten times!"

The maximum amount of spiritual Qi a magical treasure could contain was the amount of spiritual Qi needed to activate the power of the corresponding level ten times!

In other words, the heaven immortal artifacts of the top ten forces could be activated ten times!

But Chen Xiaobei's destructive star banner could only be activated once!

In that case, the first battle might end in a draw, but Chen Xiaobei would definitely lose the second Battle!

But Chen Xiaobei was not worried at all. "Little fool! You know my trump card, but the Zhu family doesn't!"

"What do you mean?" Qing bao was confused.

"Life is like a play, it all depends on acting skills!" hehe! Chen Xiaobei grinned. follow me to the headquarters of the divine Yin temple and you'll know what I mean!

"Acting?"

Qing bao was even more confused. young master Chen ... he said awkwardly, "if you screw up ... Will we die?"

"In theory, we'll definitely die if we screw up the act!" Chen Xiaobei raised his eyebrows and said confidently, "However, my acting skills can crush an Oscar winner by ten thousand streets, it's impossible to mess up my acting! It's impossible for me to screw up in this lifetime!"

this ... qing bao was worried. this is too risky ...

"You're here again!" Chen Xiaobei frowned and said, 'just say the word! I'm not forcing you!"

“I ...”

Qing bao bit her lips and made up her mind. “I’ll go! I believe in Childe Chen’s ability! As long as you can act it out! Our actions today will definitely shock the earth-god Realm! I can brag about this for the rest of my life!”

“Then let’s go?” Chen Xiaobei raised his eyebrows and smiled.

“Let’s go!”

Qing bao transformed into a blue Luan that looked like a phoenix.

Chen Xiaobei sat on the back of the blue Luan, and in the blink of an eye, he had risen from the bottom of the abyss to the highest of the nine Heavens!

.....

Originally, nine nether platform and heavenly Yin Hall had a good relationship, and qing bao was familiar with the territory of heavenly Yin Hall!

After finding the nearest main city, he went to the ‘nine Yin mountain’ where the headquarters of the heavenly Yin Hall was located through the magical teleportation formation.

The nine Yin mountain range extended for thirty million miles! There were 8000 mountains!

On each mountain peak, there was a paradise for the high-level members to cultivate in seclusion! Based on this, it was further divided into eight thousand sub-schools!

Five hundred disciples from each sub-academy, a total of four million!

This was the total number of disciples in the headquarters of the heavenly Yin Hall!

Of course, the main point was not the number of disciples, but the quality of the disciples!

Those who were able to enter the headquarters of the heavenly Yin Hall were all elite geniuses of the younger generation!

One must know that there were 1000 large regions under the banner of heavenly Yin Hall, more than 30000 main cities, and the population was in the trillions!

And out of this trillion people, only a mere four million could become disciples of the heavenly Yin Hall!

This meant that only one elite could be chosen to enter heavenly Yin Hall from tens of millions of people!

When Chen Xiaobei and qing bao arrived, even the lowest-ranking disciples guarding the portal were golden elixir cultivators!

The main point was that these lowest-level disciples either had special bloodlines, powerful bodies, or extremely talented people. None of them were ordinary!

From the small to the big, just these lowest level disciples were already so extraordinary, then how powerful would the high level and core disciples be!

The top ten forces! As expected of a well-deserved reputation!

Of course, as the saying goes, one is proud of one's talent!

With their outstanding qualities, it was inevitable for the disciples of heavenly Yin Hall to be arrogant!

"Who are you two? The headquarters of my heavenly Yin Hall is a sacred place, do you think you have the right to step into it?"

The disciples looked at Chen Xiaobei and qing bao with disdain. They even threatened them, "While we still have patience, get the hell out of here! Otherwise, you will bear the consequences!"

Qing bao was so flustered that she didn't even dare to take a deep breath!

Although these disciples were very weak, they were like ants to qing bao! However, behind this group of ants was a peak force that could go against nine nether platform!

It was easy to kill this group of ants, but it was extremely terrifying to anger the heavenly Yin Hall!

However, just as qing bao was panicking, Chen Xiaobei said, "I don't care to kill you ants! Go and tell your Palace Master! Chen Zhufeng is here!"

[Red Envelope Group of the Three Realms](#)

Chapter 2857: one finger is enough

"Chen Zhufeng? Which Chen Zhufeng? Never heard of it! What kind of trash is this? how dare you tell our Hall Master?"

The few disciples who were guarding the formation rolled their eyes at Chen Xiaobei and scolded, "Little brat! You must be tired of living! I'll give you three more seconds, if you don't get lost, don't blame us for being impolite!"

Childe Chen, let's go ... qing bao was really a coward. Even though Chen Xiaobei had already taken out his destructive hou, she was still very worried.

However, her fear was not without reason!

After all, Chen Xiaobei's destructive hou could only be activated once, while the Zhu family's heaven-immortal instrument could be activated ten times!

When comparing the two, the stronger one was clear at a glance!

However, Chen Xiaobei was not afraid at all. He said, "In any case, the enmity between me and the heavenly Yin Hall has already been formed. Since you guys aren't going to report this, then I'll step onto the central main peak of the nine Yin mountain myself! Whoever dares to stop me will be responsible for their own injuries and deaths!"

There was no doubt that Chen Xiaobei had helped dugu zang Xian to break Zhu qiheng's dead end! The Zhu family's perfect plan would fail completely!

More than a dozen highly respected and influential elders of the demon race under the banner of heavenly Yin Hall had been captured by dugu zang Xian and were still imprisoned in the nine nether platform!

The Zhu family had obviously suffered a huge loss this time!

Even though the Zhu family had never fought Chen Xiaobei face to face, there was already an irreconcilable enmity between them!

From another perspective, Chen Xiaobei was shouldering the fate of the entire country. This was equivalent to declaring war on Tian Yin temple!

Because of that, Chen Xiaobei's killing of the people of heavenly Yin temple was a part of the war!

The merit points would not be calculated immediately. They would only be calculated after Chen Xiaobei had stopped the war!

It was obvious that Chen Xiaobei was ready to kill!

If it was a commoner, Chen Xiaobei would not kill the innocent. But if it was an arrogant enemy, Chen Xiaobei would not be soft-hearted!

To be kind to the enemy was to be cruel to oneself!

"What? You'll be responsible for your own deaths and injuries?"

The few disciples guarding the array immediately burst into laughter.

"Hahaha ... Are you crazy? Do you know where you are? This was the headquarters of the heavenly Yin Hall! It has always been us, the heavenly Yin Hall, who make others bear the consequences, no one has ever dared to make us bear the consequences!"

"Don't think that we can't see that your cultivation is only at the late Aurous core stage! The girl behind you has a higher cultivation level, we can't tell, but from her cowardice, she's definitely not that strong!"

"You don't say, that girl is so young, she's only a teenager, right? I can play with those two long legs for a year! After I'm done with this kid, I'll catch this girl and we'll take turns to enjoy her! It's so good!"

Obviously, the disciples did not think much of Chen Xiaobei. After all, they were all in the later stages of the Golden elixir realm, and with their demonic talents, they were undefeatable!

As for qing bao, the disciples who were guarding the array didn't take him seriously at all! From the beginning, qing Bao's face was full of panic and fear. Even the weak dared to bully such a little coward!

"Clang"

More importantly, the disciples on guard duty were not joking. One of them had already drawn his sword and was walking toward Chen Xiaobei!

It was a young demon with bull horns on his head. His eyes were fierce, and his expression was ferocious. He was not a kind person. He was here to kill Chen Xiaobei!

After Chen Xiaobei's death, they would not let qing bao go! What a bunch of shameless thieves!

“Chaotic sky splitting earth slash!”

The ox monster man roared in anger as he held his saber tightly with both hands. He raised it high and gathered all his primeval essence into the blade!

Judging from his cultivation, he had already reached the advanced stage of the Golden core, the same level as Chen Xiaobei!

In terms of strength and speed, his combat power was higher than Chen Xiaobei's, and his monster talent had further enhanced his combat power!

“Woof!”

The huge saber slashed down, sweeping up vast Yellow Earth true essence. Like a terrifying sandstorm, it completely covered the sky and even plunged the space into chaos!

“So strong! As expected of senior brother Niu! I didn't show off in the past few years, but my cultivation has improved so much!”

“There's no suspense! Senior brother Niu used his ultimate move right from the start and didn't give that kid any chance of survival!”

“You still don't know senior brother Niu? You're so lecherous! When he saw a beauty, he even forgot his own surname! The faster he kills that kid, the faster he'll win the beauty, so naturally, he'll use his ultimate move!”

The few disciples who were guarding the array discussed animatedly. They were all sneering as if they were watching a show. They did not treat this as a battle at all, but more like a joke they were watching after a meal!

In their eyes, Chen Xiaobei was just a clown. In the face of Shixiong Niu's power, Chen Xiaobei would only be able to make a fool of himself!

“The ignorant are fearless! You haven't even heard of my name, Chen Zhufeng. You deserve to die!”

Chen Xiaobei took a step forward. He did not take out any weapon. He raised his hand as if he was supporting the sky!

“Little brat? What do you mean by that? Do you really think that you can block my ultimate move with just one hand? You really don't put me in your eyes!”

Senior brother Niu was so angry that his eyes seemed to be spewing fire! In all his life, no opponent of the same level had dared to look down on him like this!

Chen Xiaobei's actions made Shixiong Niu feel humiliated! It was a great humiliation!

At the same time, senior brother Niu gritted his teeth and even used all his strength! He was determined to defeat Chen Xiaobei!

Not only did he want to defeat Chen Xiaobei, but he also wanted to kill Chen Xiaobei!

Senior brother Niu wanted to use this move to let everyone know how miserable the consequences of underestimating him were!

“Ha, you really think too highly of yourself!”

Chen Xiaobei sneered and said, “If I want to block an ant’s attack, why do I need to use one hand? One finger is more than enough!”

Chen Xiaobei clenched all four of his fingers into a fist, leaving only his index finger upright!

“What? How dare you be so arrogant?”

Senior brother Niu’s eyes widened in anger and he gritted his teeth. He had never been humiliated like this in his life. I won’t stop until I tear you into pieces today!!!

“BOOM!”

The next moment, the sharp blade came down with great force and landed on Chen Xiaobei’s fingertip!

Obviously, Shixiong Niu was aiming at Chen Xiaobei’s fingers on purpose. He was going to split Chen Xiaobei’s body in half from the middle to the bottom of his feet!

However! The ideal was beautiful, but the reality was cruel!

The moment the blade touched Chen Xiaobei’s finger, it stopped! He could no longer cut down!

Seeing this scene, everyone was shocked!

[Red Envelope Group of the Three Realms](#)

Chapter 2858

2858 The great golden ROC wings

“How ... How did this happen ...”

Senior brother Niu was dumbfounded. His face had already turned purple, and his muscles and bones were stretched to the limit!

It was no exaggeration to say that senior brother Niu had put all his true essence and strength into this saber!

However, the result was that the blade could not even cut through the skin on Chen Xiaobei’s fingers!

What was even more unbelievable was that Chen Xiaobei was standing there, unmoving. He did not even shake a little. It was as if he had blocked Shixiong Niu’s ultimate attack with ease!

Seeing this scene, everyone around was dumbfounded. They couldn’t believe their eyes!

“Heavens! How did that kid do it? You’re obviously not as strong as senior brother Niu, so how did you resolve senior brother Niu’s ultimate move with just a finger?”

“There’s no true origin fluctuation on that kid’s body ... Could it be that he used his physical body to block it?”

“Unbelievable! This was simply too unbelievable! That brat clearly looks weak, but I didn’t expect him to have hidden so deeply!”

Just a moment ago, they were still mocking Chen Xiaobei and treating him like a clown!

Chen Xiaobei’s actions had turned into invisible slaps on their faces, making them all swollen!

“Swish!”

Chen Xiaobei did not just sit around and do nothing while everyone was still in shock!

Chen Xiaobei’s finger pulled back, causing Shixiong Niu to lose his support and fall to the ground!

“Swish!”

Chen Xiaobei activated his ethereal force and the Scripture of heaven and earth, raising his combat power to the pinnacle of the Golden core!

His retreating fingers suddenly thrust upwards!

With the help of ethereal force, Chen Xiaobei’s fingers were sharper than an Arrow and more powerful than a sandstorm!

“Ka!”

Chen Xiaobei’s finger landed on Shixiong Niu’s head!

Chen Xiaobei’s finger had pierced a huge hole through Shixiong Niu’s thick and solid skull!

It was as if a bullet had shot in!

Chen Xiaobei’s fingers crushed senior brother Niu’s brain and the back of his head exploded!

In the blink of an eye, broken bones, blood plasma, and brain matter suddenly burst out and splattered! Senior brother Niu was dumbfounded. He didn’t even have time to scream before he died!

He died with his eyes wide open!

“Murder...Murder... This kid killed senior brother Niu! We must avenge senior brother Niu! Brothers! Let’s work together and crush this kid!”

All of a sudden, the group of disciples guarding the array had suffered a great blow and stimulation. The flames of anger and hatred exploded out and could not be controlled!

“Clang! Clang! Clang ...”

The group of disciples who were on guard drew their weapons and surrounded Chen Xiaobei. They were going to avenge senior brother Niu!

It was obvious that although the performance was brilliant and showed an outstanding physical defense, at this moment, there were a total of eight disciples guarding the array at the scene. Their cultivation was in the middle or late stage of the Golden elixir realm!

In their eyes, if it was a one-on-one fight, they would not be able to defeat Chen Xiaobei!

However, if the eight of them were to gang up on Chen Xiaobei, they would not be afraid of him!

“Boom boom boom ...”

The eight of them gathered their vital essence and formed a small battle formation!

Although they were few in number and the power of the battle formation was not particularly strong, they were all powerhouses in the middle and late stage of the Golden elixir realm after all. In the end, the overall power of the battle formation was firmly in the nascent soul realm!

As the terrifying true essence fluctuation burst out, eight streams of true essence intertwined and converged, transforming into a huge long sword Dharma!

This sword was extremely huge. Just the sword’s body alone was ten thousand meters long!

The eight-colored spiritual light was dazzling. Not only did it illuminate the surrounding space, but everyone within a radius of hundreds of thousands of meters could see it clearly!

Especially the 500 disciples of the heavenly Yin Hall on the ‘green rock peak’, all of them were attracted by the giant sword Dharma.

Many of the curious low-and mid-ranked disciples were either looking from high above or flying into the air to watch the show.

“Why is there a fight over the teleportation array? Could it be that an enemy has invaded our heavenly Yin Hall’s headquarters?”

“Are you stupid? What kind of enemy would have such courage? Even if immortal dugu zang hates us to the core, I don’t think she’ll dare to attack us so brazenly!”

“Well said! The troublemaker must be an idiot with a low cultivation level. Otherwise, the disciples guarding the array would have reported to us and they wouldn’t have started the fight.”

if that’s the case, there’s nothing to see in this show. I’m afraid that it’ll be over after that sword strike!

The middle and low-ranking disciples discussed animatedly. Although they were very curious, they were too lazy to get close to watch.

In their eyes, only a fool would dare to directly attack the headquarters of heavenly Yin Hall!

Moreover, this Idiot’s cultivation was extremely weak. Otherwise, the disciples guarding the array wouldn’t have made a move and would have immediately reported it!

Since the disciples on guard dared to make a move, there would be no suspense in this battle!

In their opinion, the battle would have already ended before they could even fly over!

If this was the case for the low-and mid-ranked disciples, then those higher-ranked disciples with profound cultivation, as well as the three elders of ‘green stone Peak’, were even less interested. They were still busy with their own matters and were too lazy to pay attention to the situation here!

In their hearts, they were also certain that this was a battle without any suspense!

“Boom boom boom ...”

At the same time, the giant sword Dharma had already come down with earth-shattering power, aiming for Chen Xiaobei’s head!

There was no doubt that they would not let Chen Xiaobei Live!

“Whoosh ...”

Suddenly, a small universe Dharma appeared behind Chen Xiaobei’s head!

The stars in the small universe were intertwined and connected, forming the star map of ten thousand beasts. It looked like the 108 constellations, which were extremely mysterious!

That’s right! This was the ten thousand beast Star Battle technique! Once he activated the battle art, Chen Xiaobei’s combat power would rise to another level!

“Shua shua shua ...”

Without a second’s rest, Chen Xiaobei’s ten fingers were like flowers and leaves, rapidly changing the hand seals and finger techniques, forming the star Battle technique of ten thousand beasts!

Combat strength! One step further!

“The five elements great Dao!”

Finally, Chen Xiaobei activated his unique golden core Dao!

After his combat power had been strengthened three times by the primordial witch God combat enhancement training manual, the ten thousand beast Star Battle technique, and the four-phase killing Mystic formation, he had completed one cycle of the five elements cycle of life and death!

His strength had reached the early stage of the original level, which was the limit of what Chen Xiaobei’s body could withstand! It was also a power on the same level as the giant sword technique!

“Five-star mysteries! The great golden ROC wings!”

gold ethereal force! Chen Xiaobei roared, and the combat power that he had gained after the triple enhancement and the five elements reincarnation turned into pure gold ethereal force!

It transformed into a pair of golden wings!

The dazzling golden light was extremely dazzling, and it directly suppressed the spiritual light of the giant sword Dharma!

It caused the entire world to turn into a pure gold color!

“Woof!”

In the next instant, the Golden wings soared into the sky and clashed with the ten-thousand-meter long sword!

[Red Envelope Group of the Three Realms](#)

Chapter 2859: being targeted

The great ROC rose with the wind one day! Soaring up to ninety thousand li!

The terrifying power seemed to want to tear the heavens apart and even pass through time and space! Detached from the world, above the immortals and Buddha!

Even though the great golden ROC wings were powerful, the eight disciples were not flustered. On the contrary, they were very confident!

“This kid is hiding too much! If we fight one on one, the few of us will only be crushed into dregs! Their strength is not on the same level at all. There’s no way to compare!”

“It’s a pity that we’re not stupid enough to fight him one-on-one! When the eight of us join forces to form a small battle formation, our strength has already reached the early Yuanying stage, which is the same level as the great golden ROC wings!”

“This way, even if we don’t win, we can at least keep a draw! If we continue to drag this out, the true essence in his sea of Qi dantian will be exhausted, and we’ll have a better chance of obtaining the final victory!”

The eight disciples laughed coldly. They thought that they were invincible and were not afraid of Chen Xiaobei at all! He even wanted to kill Chen Xiaobei!

However!

The scene that appeared in the next moment made the eight disciples who were guarding the array dumbfounded. Their hearts clenched and they even regretted it so much that their intestines broke!

“Clang!!!”

There was a long metallic clang as the giant sword energy construct slashed down while the great golden ROC’s wings soared into the sky. The two of them clashed head-on!

However, even though they were both at the same level, it did not end in a draw as everyone had expected!

The great golden ROC’s wings rose against the heavens and easily cut through the giant sword Dharma as if it was a vegetable!

“Woof! Buzzzzzz! Yi ...”

Immediately after, the great golden ROC’s wings spun and maneuvered in the air like a huge saber, splitting the giant sword Dharma into pieces!

In just a few seconds, the giant sword Dharma power completely collapsed!

The advantage of a battle formation was to fight against the strong with everyone’s strength! However, the weakness of the battle formation was that it had to rest for a period of time before it could be activated a second time!

In this way, the eight disciples guarding the array could not activate the giant sword Dharma!

With their own strength, they were not even enough to fill the gaps between Chen Xiaobei’s teeth!

“How could this be ... How could our battle formation be so easily broken by that kid? This ... This doesn't make sense!”

“We're at the same level of power, so why did we lose? If the giant sword technique can't even last a few minutes, our plan to exhaust that kid to death is completely ruined!”

“Are you stupid? At this time, he still wanted to exhaust that kid to death? Quickly kneel down and beg for mercy! If we can't activate the power of the battle formation, we'll be fish on the chopping block, waiting to be slaughtered!”

young master, please spare us ... Please spare us ... As long as you let us live ... We're willing to serve you as your slaves ...

The eight disciples kneeled on the ground, threw their weapons far away, and begged for Chen Xiaobei's mercy!

“Swish!”

However, at that moment, the great golden ROC wings descended from the sky and landed on the top of the person's head!

if I, Chen Zhufeng, was the one who lost, would you have let me live? ”

Chen Xiaobei's face was cold and his eyes were sharp.”The answer is no!”

“Ka! Ka! Ka ...”

As soon as he finished speaking, the great golden ROC's wings directly crushed down, cutting the eight people's bodies into pieces. Their corpses were scattered all over the ground!

Without a doubt, if Chen Xiaobei was defeated, even if he begged for mercy, these eight people would torture Chen Xiaobei to death, and even bully qing bao!

That was why Chen Xiaobei would not let them go!

In Chen Xiaobei's opinion, not only did they deserve to be killed, they were not even qualified to be his loyal dogs. Chen Xiaobei even felt that it was a waste to feed them dog food!

“Whoosh! Whoosh! Whoosh ...”

Chen Xiaobei released his ethereal force to retrieve nine golden cores, nine three-star earth-god instruments, and nine storage bracelets from the bodies of the eight men and senior Niu.

“Hiss ...”

Chen Xiaobei then waved his left hand and absorbed all of their blood essence into the chaos Blood Sword!

The chaos Blood Sword hid the great void crack, and in the great void crack, there was a pool of the heaven and earth holy water of creation. The water nurtured the last Chaos Green Lotus seed in the Three Realms!

Although the heaven and earth holy water of creation already contained a lot of spiritual Qi, absorbing the blood of evil people to wash the filth of the human world was also the mysterious creation of the green Lotus seed of chaos, which could speed up its growth to a certain extent!

Of course, the green Lotus seed of chaos was a top-notch divine object. It could even be said to be a sacred object at the quasi-Sage level! Its growth was extremely slow!

If he wanted to make it change significantly, he would have to upgrade the sunlight cache first!

“Young master Chen, how did you do it? Why is it that your great golden ROC wings can suppress your opponent when they are at the same level?” Qing bao ran over and looked at Chen with admiration.

“The reason is simple!”

“The advantage of a battle formation is that it can combine the power of the weak into a strong force! However, this also had a fatal flaw, and that was that everyone’s true Qi attribute was different. If one tried to forcefully fuse them, there would be a side effect of rejection within the true Qi! A portion of the power even nullifies each other, making the power even weaker!”

“It’s precisely because of this that battle formations must be formed by a large number of people, relying on numbers to make up for the side effects of true essence suppression! Only super-large arrays can avoid this weakness!”

for example, the small formation just now, although the Dharma power is strong, there are eight different types of true essence inside. They restrain, repel, and cancel each other out. It can be said that there are loopholes!

“One of the wood attribute true Qi is the most severely countered! Thus, I activated my gold attribute Zhen Yuan, using gold to counter wood, and in one exchange, I cut off their Dharma!”

Chen Xiaobei’s face was calm, and his tone was calm, as if he had seen through everything and had everything under control. There was no suspense or surprise!

“So it’s like this! Young master Chen! You’re so, so, so, so smart!”

Qing Bao’s eyes were full of stars as he said, ‘your five elements Dao can produce the purest gold ethereal force! It’s like a battle blade that has been tempered a hundred times to cut through scrap metal. Naturally, it’s invincible and absolutely crushing!’

“That’s right!” Chen Xiaobei raised his eyebrows and laughed, “What’s wrong? You’re not afraid anymore, girl?”

“Ah?” Qing bao was a little surprised and said awkwardly, “I ... I’m still a little scared. Why don’t we leave?”

“Leave your head!”

Chen Xiaobei patted qing Bao’s head and pointed at the sky. “We’ve already been targeted! If we leave now, the 1000 regions under the banner of heavenly Yin Hall will put all their efforts into hunting us down! Do you think you can run away?”

Qing bao looked up and saw hundreds of disciples of 'green stone Peak' gathering over like dark clouds!

Chapter 2860

2860 The young man in white

"What's going on? All of our disciples who were guarding the array were killed! Who did this? Simply audacious!"

"This is the headquarters of the heavenly Yin Hall! Even dugu zang Xian from the nine nether platform dares to kill our disciples here!"

"I see it! It's that kid! That's weird ... He's only a late-stage golden core cultivator, how did he kill so many disciples?"

"No! It should be that woman! Our primordial spirit domains can't even see through her cultivation! But ... Her face was full of panic ... She didn't look like she dared to kill anyone ... Strange! It's so strange ..."

Green stone Peak had five hundred disciples, and this time, more than four hundred of them had come. They flew in the air and looked down at the scene from above!

They were all puzzled. Chen Xiaobei's cultivation was low, and qing bao was a coward. How could they have killed the nine disciples so easily? This was simply unreasonable!

Of course, other than feeling strange, each of them felt very embarrassed. Their faces were red and even burning!

They had thought that the disciples on guard would be able to defeat Chen Xiaobei, but Chen Xiaobei had defeated all of them in one move. It was like a huge slap to their faces!

But then again! These four hundred people were all disciples of the heavenly Yin Hall. They would be considered top young geniuses in any of the thousand regions under the banner of heavenly Yin!

With their own outstanding talents and the backing of the heavenly Yin Hall, they were naturally arrogant and conceited!

Chen Xiaobei's slap on their faces was like a kick on a Tiger's butt that should never be touched!

How could they not be angry? How could she not be embarrassed?

As the saying goes, anger from embarrassment!

All of them glared at Chen Xiaobei and qing bao like wolves and tigers. They wanted to pounce on them and skin them alive to vent their anger!

However, they did not act rashly!

Even though Chen Xiaobei and qing bao did not look like much, if they dared to cause trouble in the headquarters of the divine Yin temple, they must have a strong background and backing!

Even if he wanted to fight, he had to ask clearly before fighting!

Even the forces behind Chen Xiaobei and qing bao would have to pay a terrible price for offending the headquarters of the heavenly Yin Hall!

A man with eyes as deep as a Falcon's flew out from the crowd on his sword.

"Who are you two?" eagle-eyed man asked coldly. Why did you come to the headquarters of my heavenly Yin Hall to kill? Who gave you the courage? Or rather, who instigated you to do this?"

In fact, this wasn't an inquiry, but an interrogation!

To the eagle-eyed man and the other disciples of Tian Yin Hall, Chen Xiaobei and qing bao would not dare to cause trouble on their own. There must be a powerful force behind them!

At this moment, the eagle-eyed man wanted to find out who was behind this!

Killing Chen Xiaobei and qing bao would not be enough. If they offended Tian Yin Hall, they would have to uproot the forces behind Chen Xiaobei and qing bao!

By doing so, he wanted to protect the Supreme authority of heavenly Yin Hall and tell the world that heavenly Yin Hall was not to be offended! Even if they had to kill the most inferior disciple of the heavenly Yin Hall, they would have to pay a painful price!

This was to protect the dignity of the top forces! If they did not kill Chen Xiaobei and qing bao and destroy the forces behind them, how could they convince the people of heavenly Yin Hall? Where would the face of the peak forces be?

hmm ... qing bao shut her mouth tightly and did not dare to answer the eagle-eyed man's question.

Chen Xiaobei did not seem to care and said, "I'm the leader of bei Xuan faction! The Honorable King of the beixuan dynasty! The fiancé of immortal dugu zang! Your family's young master Zhu qiuheng's old friend! Chen Zhufeng!"

Everyone was shocked by his words!

"What? You ... You are Chen Zhufeng? My God ... How dare you appear in the headquarters of my heavenly Yin Hall?"

"Chen Zhufeng! It was him! He was the one who destroyed our young master Qiu Heng's perfect plan! He's the one who destroyed our best chance to Annex the nine nether platform! He's a mortal enemy of our heavenly Yin Hall!"

"Hurry up! Hurry up and report to the three managing elders! Something big had happened! Chen Zhufeng was here! They don't come with good intentions!"

All of a sudden, the 400 or so green stone Peak disciples screamed in panic, as if they had seen a ghost. Not only did they not dare to get close to Chen Xiaobei, but they also backed away from him!

After all, Zhu qiuheng had prepared a perfect plan, borrowed a heaven immortal tool from the Zhu family's ancestor, and even led dugu zang Xian to the rainbow cloud Island in the depths of the North Sea. It could be said that he had the perfect timing, location, and people!

However, Chen Xiaobei only needed to use his mouth to dupe Zhu qiuheng, and Zhu qiuheng's favorable position and people were completely defeated!

Zhu qiuheng would naturally not tell his disciples about such an embarrassing matter!

Because of this, the disciples thought that Chen Xiaobei had an invincible power. Some even thought that Chen Xiaobei had three heads and six arms, a Super Monster!

Even though the primordial spirit realm had already detected that Chen Xiaobei was only a late-stage golden core cultivator, none of them dared to attack him!

.....

At the peak of green stone Peak.

Three old men were sitting under an ancient pine tree, quietly sipping tea.

The three of them had snow-white hair and exuded the aura of Immortals.

Not far away, a white-robed youth was sitting cross-legged on a large green rock!

A precious and rare guqin was placed on the youth's knees. As he played with it, the lingering sound was distant, making one feel relaxed and happy, and forget all the troubles in the world!

Further away, 20 to 30 young women were looking at the 10 billion young man playing the zither with stars in their eyes. They were like a group of die-hard fans, excited beyond belief.

"Senior Brother Han is so handsome! Her zither skills are superb! I've never seen a man more outstanding than him in my life!"

"Not only is senior Brother Han handsome, he's also skilled in the zither, and his cultivation is the number one in our green stone Peak! Moreover, the Han family of Penglai was a first-class family! Senior Brother Han isn't just outstanding, he's perfect!"

"That's right! Senior Brother Han was the most perfect man! Many of us came from other courtyards with more potential for senior Brother Han! It can be seen that senior Brother Han's charm is extraordinary!"

"Shh! Lower your voices! If he disturbed the three managing elders while they were listening to the zither! We'll all be chased away, and we won't be able to watch senior Brother Han play the zither!"

This group of female disciples, most of them were high-level disciples from the other branches. For this hundred-clothed youth playing the zither, they even gave up their original positions and came to the outermost green stone Peak!

It could be seen how infatuated they were! He was so infatuated with the white-robed young man!

To be able to watch the white-robed youth play the zither from afar, they could even turn a blind eye to the commotion at the teleportation array!

report!!!

At this moment, an anxious shout broke the distant zither Music on the Mountain peak, "Reporting to the three managing elders! It's bad ... It's bad ... Chen ... Chen ... Chen Zhufeng is here!"
