

## Envelope 3091

### Red Envelope Group of the Three Realms

#### Chapter 3091: bountiful harvest

Chen Xiaobei and Rahu left the verdant Emperor's divine gourd and sent the seven demonic gods inside.

The seven great demon gods were already extremely loyal to Luoyi. Under their rule, the 100 billion people of the demon Kingdom would naturally slowly learn the rules and accept enlightenment.

Of course, this was a long process and could not be achieved overnight.

However, no matter how long it would take, it was definitely worth it. It was worth the effort and energy.

This was because educating the demons was in itself a matter that conformed to the heavenly Dao, a matter that would benefit the Three Realms.

If he did this well, Chen Xiaobei would be rewarded with infinite merit and luck.

From the battle between Luohou and Hongjun, one could see how important fate energy was.

In this infinite cataclysm, the Dao ancestor's attitude was still unclear, but Chen Xiaobei and heavenly Lord Yuanshi were bound to have a life-and-death battle.

Therefore, the importance of fate energy to Chen Xiaobei went without saying.

Fortunately, Chen Xiaobei had always adhered to the principle of punishing evil and promoting good. He had never done anything that would harm his own fate.

Of course, there was a limit to how much luck he could use, and Chen Xiaobei would have to calculate it properly in the future.

.....

After that, Chen Xiaobei, Luohou, and Taiyi headed east and returned to the place where they fought the Tenshou Army.

The 10,000 mayfly demonic crows had already cleaned up the battlefield.

The three million storage bracelets were piled up like a small mountain.

It took Chen Xiaobei a long time just to go through the inventory.

First of all, Chen Xiaobei had 200 million high-grade spiritual stones with him. After searching more than 50 of his enemies in the Ninesuns Sky Net, he had found 5.5 billion high-grade spiritual stones. After using them for cultivation, he had used up the 200 million he had at the beginning.

There was a total of five billion upper spiritual stones in the storage bracelets of more than 70 Tenshou executives.

In the storage bracelets of the three million Tenshou soldiers, he found a total of 30 billion upper spiritual stones.

With that, Chen Xiaobei's wealth had reached 40.5 billion upper spiritual stones.

Chen Xiaobei was originally short on spiritual stones, but after this battle, he was finally able to make up for it.

Of course, 40 billion was not a lot for Chen Xiaobei. Activating the demonic Dragon's edge to its peak would cost 50 billion, and six-eared macaque's transformation would cost 50 billion.

As his cultivation level increased, the number of spiritual stones Chen Xiaobei needed to use to cultivate every hour also increased. It was not a joke to use up two to three billion spiritual stones for each minor level.

All in all, Chen Xiaobei was still in need of spiritual stones, and he had to find a way to earn as much money as possible.

Chen Xiaobei's next target was the treasure vaults under Tenshou banner and the unowned spiritual vein in the endless Dead Sea!

Especially that large-scale spirit vein, he had to obtain it!

This was because the endless Dead Sea was one of the seven forbidden areas in the earth immortal realm. No one had ever set foot in it and the spiritual Qi had not been consumed for the past trillion years.

The spiritual Qi in the large spiritual veins outside was equivalent to 30 billion upper spiritual stones.

The spiritual Qi contained in the large spiritual vein in the endless Dead Sea would definitely exceed thirty billion. The point was that it was an ownerless spiritual vein. Even if one took it for themselves, it would not be affected by karma or fate energy. Therefore, he had to get it!

After counting the spiritual stones, Chen Xiaobei started to count the other resources.

First of all, the flying swords of the Tenshou Army had all been thrown into the heaven and earth smelt. Although they were all low-tier earth-god instruments, there was a huge amount of them, and they could produce a rich spiritual aura of heaven and earth!

After that, Chen Xiaobei found more than three million low-grade earth-god instruments, which were all melted down.

There was still a huge amount of low-level resources left. Pills, materials, medicinal herbs ... None of them caught Chen Xiaobei's eye. They were all returned to the furnace.

After that, Chen Xiaobei took out ten eight-star earth-god instruments and sixty five to seven-star earth-god instruments from the storage bracelets of the 70 or so Tenshou executives.

These were all high-tier earth-god instruments. If he sold them at the Dong Sheng Chamber of Commerce, Chen Xiaobei would be able to make a fortune.

However, after wreaking havoc in the Xuanyuan family, the Dongsheng Chamber of Commerce had been monopolized by Tianji city and Yuxu Palace. They would never serve Chen Xiaobei again!

Furthermore, once these high-tier earth-god instruments were sold, they would basically fall into the hands of the enemy.

Chen Xiaobei was not afraid.

However, the beixuan dynasty would have to face the war of the sanctuary that would involve thousands of cities in the future!

Chen Xiaobei could not possibly take care of every city.

So, if they sold these earth-god instruments to the enemy now, the ones who would suffer in the future would be their own people.

If Chen Xiaobei wanted to unify the Nanzhan state and the earth-god Realm, he could not attack or defend the cities one by one!

At the end of the day, if they wanted to succeed, they had to rely on bei Xuan's trusted disciples!

That was why Chen Xiaobei could not sell or refine these earth-god instruments. He had to distribute them to the disciples who were responsible for attacking and defending the city!

Tenshou could be considered a Supreme-being, and he had 150 regions and more than 4000 cities under his command.

As the saying goes, it's easy to attack a city, but hard to defend it!

However, as long as the earth-god instruments of the higher-ups of the tianzhao sect were reasonably distributed to the powerful people of bei Xuan faction, they could basically defend a territory of the same scale.

If Chen Xiaobei wanted to unify the world, he had to defend the territory that he had taken.

The meaning behind it was self-evident!

After that, Chen Xiaobei found five nine-star earth-god instruments from Tenshou, Xu gengnian, Zhao Wanji, Canaan Yu, and Poseidon's storage bracelets.

Based on Chen Xiaobei's temper, he would have refined it.

But now, these five nine-star earth-god instruments had been preserved. Naturally, they would be distributed to the Army of beixuan to attack or defend the city!

However, one of the Dharma Treasures caught Taiyi's attention.

It was the magic weapon of Poseidon, the god of the sea.

It was a three-meter-long golden trident!

bro bei is going to the endless Dead Sea. He might need this Trident!

Taiyi squinted his eyes and observed carefully. this Trident contains extremely pure water spirituality and a trace of hidden Western ancient God aura!

"Do you know the exact situation of the endless Dead Sea?" Chen Xiaobei asked.

“I’m not sure ...”

no! Taiyi shook his head and said, “ when I died, the untainted land was not broken yet. There was no earth-god Realm!

I died even earlier than you, bro bei, ” Rahu said. stop looking at me ...

Chen Xiaobei looked at Taiyi and asked, ” “Since you don’t know, how do you know that the sea god’s Trident is related to the endless Dead Sea?”

### Red Envelope Group of the Three Realms

#### **Chapter 3092**

##### 3092 Strategic deployment

that’s because the aura of the Western ancient God hidden in the Trident is the dark spirit aura that represents death!

Taiyi said, ” I’m just making a guess. Since the endless Dead Sea is a sea, it must be related to the spirituality of water. Since it’s the Dead Sea, the Qi of the dark spirit that represents death also happens to correspond!

“That makes sense!” Rahu nodded and said, “on one hand, it’s a match, but it could be a coincidence!” If the two aspects match, it might be an opportunity!”

“Understood!” I’ll keep the sea god’s Trident for now. I’ll bring Poseidon with me when I go to the endless Dead Sea. It won’t be too late to distribute this magical treasure after I’ve achieved my goal!  
Chen Xiaobei grinned.

After that, Chen Xiaobei packed up his things, activated the returning bracelet, and returned to bei Xuan faction.

.....

After returning to bei Xuan faction, Chen Xiaobei gathered all the people who were bound by the mental demon contract.

They were song Qincheng, LAN Mengcheng, Jiang Ziya, old Wang, Xuanyuan tuohai, and Wu aofeng.

These people had either used the teleportation formation or Jin Fei’s returning bracelet to come back.

With the help of the seven demon sect, Chen Xiaobei had successfully helped them break the mental demon contract. From now on, they would not have to worry about this hidden danger.

After that, Chen Xiaobei released Qin Yitian from the Sumeru space and personally removed the mental demon contract.

As for the Blood Moon Swordmaster’s curse, it was child’s play to Luo Yi. With a flick of his finger, he released a streak of quintessential essence and dispelled it.

From this moment on, Qin Yitian regained her freedom and no longer needed to be coerced by the Blood Moon Swordmaster to do things that she was unwilling to do.

In addition, Xiang Yu and Tian lang led an Army of eight million soldiers to attack the Darkstone region in the North of the fire cloud region.

Together with little white, Ying Zheng also led an Army of eight million soldiers to attack the shuohe region, which was located in the South of the fire cloud region.

All of them had mental demon contracts on them, but they were no longer in bei Xuan faction. If Chen Xiaobei wanted to help them get rid of the contracts, he would have to make a trip down personally.

Of course, the seven demon gods were already under beixuan's banner, so it didn't matter to Xiangyu and the others whether the mental demon contract was terminated earlier or later.

After settling the mental demon contract, Chen Xiaobei called Xuanyuan tuohai and Wu aofeng over.

"What instructions does master have?"

Xuanyuan tuohai was now the head of the Xuanyuan family.

He had the cultivation base of a peak earth level deity, the Dharmakaya of Emperor Xuanyuan, and the golden sword of the Emperor of heaven immortal!

However, this young man did not forget his original intention. He was respectful to Chen Xiaobei, no different from usual.

Wu aofeng said casually, "Master, did you call us here for a special mission? Just give me your orders, after my cultivation level has increased, my fists have long been thirsty for more!"

"Your fist? It's not even enough to fill the gaps between the enemy's teeth!"

that's right! Chen Xiaobei said, "the six-faction Alliance led by Tianji city has already started to plan. Tianji city, Yuxu Palace, and gods' temple will attack the Xuanyuan sacred territory from three directions!"

"What the f \* ck! "No way ..." Wu aofeng was dumbfounded.

Although Wu aofeng had the cultivation and dharma body of Kalise, he was only a seven-star earth-god.

If the war really broke out, even 10000 Wu aofengs would not be able to make much of a difference.

"I've already expected this situation!" Xuanyuan tuohai said, "besides, I've already discussed this with my grandfather and father." Several days ago, I ordered for soldiers to be transferred to the cities on the three defense lines so that they could be on high alert!"

Obviously, after the battle with the Xuanyuan family, Xuanyuan tuohai's entire person had been elevated.

He was more steady! He was calmer! His vision had also been raised to a whole new level!

"Very good!"

"How confident are you in winning this war?" Chen Xiaobei asked, smiling.

Xuanyuan taohai shook his head and helplessly said, "I don't even have a ten percent chance of winning ... If a war breaks out, I can only ask master to help! Otherwise, Xuanyuan sacred territory would be devoured by the three forces ..."

Wu aofeng swallowed his saliva and said, "no matter how powerful master is, he can't possibly defend three lines of defense at the same time ... If the enemies attack at the same time, with tuo hai on one side and master on the other, there would be no one to defend the other side!

this ... Xuanyuan taohai furrowed his brows. He could not answer Wu aofeng's question.

In fact, Xuanyuan tuohai's family had predicted the outcome of the war in Xuanyuan sacred territory countless times. No matter how he calculated, he could not guarantee that the three defense lines would be safe.

"You guys worry too much!"

I've already prepared the key to defend the city! Chen Xiaobei said with a smile.

After that, Chen Xiaobei took out the 50-odd demonic god tribulation curse lackeys from the verdant Emperor divine gourd.

At the same time, a disciple of bei Xuan faction brought Zhu Tian Zong over.

Zhu tianzong was holding a map and a stack of papers with battle plans.

"They are all under my control. As for Zhu tianzong, I will give him some dog food and he will be 100% loyal to me!"

"Tuo hai, bring these people back to the Xuanyuan sacred territory!" Chen Xiaobei said. I've already asked Zhu tianzong to prepare the enemy's battle plan! With these fifty pieces, I believe that you will find a way to break out of this situation!"

Xuanyuan taohai's eyes lit up. "As expected of master! You always think further than me! You'll always do more than me! With master's help, I have at least an 80% chance of winning!"

"Master is awesome!" "I think we have a 100% chance of winning!" Wu aofeng grinned.

"You still don't know how to control your temper!"

no! Chen Xiaobei shook his head. the enemy is not stupid. What if something changes in the battle? "Do you still have a hundred percent chance of winning?"

what's more, the tide of reincarnated earth Immortals, which is a huge number, has already reached the point of concentrated outbreak after a period of hidden cultivation. This is a huge variable!

As he spoke, Chen Xiaobei took out two nine-star earth-god instruments and twenty high-tier earth-god instruments and handed them to Xuanyuan tuohai.

take these earth-god instruments and distribute them to your trusted subordinates. They'll be helpful in your defense! Chen Xiaobei said.

"Thank you, master!"

Xuanyuan tuohai said with excitement, " "If the Xuanyuan Sacred Realm can be defended this time, master will be the greatest hero in saving billions of people! I'll let everyone in the Xuanyuan sacred territory know that it's master Zhufeng from bei Xuan faction who has protected our home!"

"It's still too early to talk about this!" alright! Chen Xiaobei said, " go back and prepare for the battle. If you encounter any unconquerable variables, let me know!

"Yes! This disciple will remember shizun's teachings!" Xuanyuan taohai bowed respectfully and packed up his earth-god instruments. He then brought Wu aofeng and his 50 lackeys back to the imperial capital of Xuanyuan.

After that, Chen Xiaobei called song Qincheng, Jiang Ziya, and old Wang over.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3093: stable attack and defense**

Currently, Chen Xiaobei's seven direct disciples were all in the Xuanyuan sacred territory. With Xuanyuan tuohai as the leader, they formed a branch system of the bei Xuan faction.

As for Wu Zetian's reincarnation, song Qincheng, and the top general, Jiang Ziya, The Jinx assisted old Wang and formed the highest management level in bei Xuan faction's headquarters.

Even though the three of them were the actual managers, their management was based on Chen Xiaobei's plans.

Chen Xiaobei had to point the way for the three of them to follow.

Chen Xiaobei had gathered the three of them together to prepare for bei Xuan's plan to unify the Nanzhan state.

Brother Yu and brother Ying Zheng, you've split your forces into two groups, and are now pushing toward the north and south of the fire cloud region. I'd like to hear your opinions!

Chen Xiaobei did not make a decision. Instead, he asked for their opinion.

of course! song Qincheng was the first to speak up, " bei Xuan faction's reputation is like the sun in the sky right now! Master Zhufeng's name has shocked the entire earth-god Realm! If nothing unexpected happens, our two armies won't encounter much resistance!"

the main city-level fortresses of the Darkstone region and the shuohe region will basically choose to surrender. Even if they resist, they will definitely not be able to withstand the vanguard of Xiang Yu and Ying Zheng!

"In addition to the nine Li Magus tribe's four divine weapons, little white and the heavenly Wolf will help! We can definitely kill our way to the two great imperial cities!"

"As long as we can take down shuohe Royal City and Darkstone Royal City, these two large regions will belong to bei Xuan! According to the previous plan, we will be completely tax-free, pacify the Army and the people, and help the poor!"

“If there are no accidents, the situation will be stabilized in one or two months! Let all the people in the two regions sincerely support the beixuan dynasty and thank you for your kindness!”

Song Qincheng was indeed the reincarnation of Wu Zetian. She had a strong sense of the big picture. Although she had a lot of things to deal with, it did not affect her ability to manage the country.

“Mm, this is our advantage. We have to hold on. After we take the city, we can’t harm the people. We have to treat them well!”

I don’t know! Chen Xiaobei said, “ other than our advantages, I also want to hear about our disadvantages!

our main disadvantage is that it is difficult to defend the city!

of course! Jiang Ziya said, “ as we take down more and more cities, the number of strategic and military fortresses we have to guard will also increase!

there aren’t many disciples and officials in bei Xuan faction who are trustworthy and have good cultivation. It’s natural that we’re safe guarding a region now.

“But in the future, when there are hundreds and thousands of territories, the current manpower is definitely not enough to guard them! Besides, we don’t have enough earth-god instruments.”

“If the enemy focuses their attacks on one point, we will not be afraid! However, if the enemy attacks us from multiple directions, our defenses won’t be strong enough and will be broken through by the enemy!”

“Right now, bei Xuan faction is like a warrior with a divine weapon. We’re invincible! However, this soldier doesn’t have any defensive equipment on him. He could be ambushed from all directions!”

no matter where we are, as long as the enemy breaks through the defense line, the final result will be that all our previous efforts will be in vain!

In the last immeasurable cultivation tribulation, Jiang Ziya was not only the Prime Minister of the great Zhou, but also the great Zhou Tianbao Grand Marshal. He had already seen through the battle situation and analyzed it to the point!

Of course, Chen Xiaobei had already anticipated Jiang Ziya’s analysis. In fact, he had already prepared for it.

there are three nine-star earth-god instruments and more than 40 high-rank earth-god instruments here!

Chen Xiaobei took out all the magical equipment that he had seized earlier and said, “ the three of you will manage it together and assign it to the most trusted disciples and officials in bei Xuan faction!

Some of the disciples in bei Xuan faction had followed Chen Xiaobei all the way from earth. They were a hundred percent loyal to him.

There were also some disciples that Chen Xiaobei had brought up from the lower planes. They were also trustworthy.

By handing these earth-god instruments to trustworthy disciples and sending them to guard the strategic and military fortresses, it would naturally strengthen the stability of the defense line and in many directions.

At that time, the main force of bei Xuan faction would only need to face the main force of the enemy head-on.

As for the enemy's side forces, he would leave them to these disciples and they would be able to defend perfectly.

This way, Chen Xiaobei and Jiang Ziya's worries could be resolved.

of course, the number of earth-god instruments is far from enough. I'll find a way to get more high-rank earth-god instruments in the future!

I'll give you 10 billion pieces of high-grade heavenly dog food! Chen Xiaobei said. use the dog food to control the important people in the cities that you've taken down!

[ you have successfully exchanged for a merit reward! ] Ten billion merit points will be deducted!

[ you have 88.5 billion merit points (charm: 8.85 billion, luck points: 8.85 billion)

Chen Xiaobei used the merit points book to exchange for the dog food.

After the last price control, the exchange price of high-grade heavenly dog biscuit in the earth immortal world had dropped to one merit point for one.

Chen Xiaobei could afford to spend ten billion pills.

Chen Xiaobei put the dog food into three storage bracelets and gave song Qincheng, Jiang Ziya, and old Wang one each.

"A high-rank earth-god instrument used together with a loyal disciple to defend against an invasion! The high-grade heavenly court dog biscuit could control the enemy's important personnel to stabilize the internal environment of the captured city! With both the inside and outside stable, the soldiers at the front will not have to worry about the rear!"

Lao Wang thought for a moment. however, high-grade heavenly dog biscuits are only useful against enemies below the seven-star earth immortal realm. What should we do if we encounter a seven-star or above expert? " he asked.

I've already thought of this for you. Moreover, the key still depends on you!

Rahu taught me the demonic God's tribulation curse. It's a God-level demonic curse. Your corvine mouth technique is also a curse. So, I'm going to let you learn the demonic God's tribulation curse!

"This ..."

Old Wang swallowed his saliva and said awkwardly, "Rahu's Demon God tribulation curse is a legendary super curse technique! I'm not sure if I can learn it ..."

"You can definitely do it!"

“If you can’t learn it, the rest of the people in bei Xuan faction can’t either!” When I’m not around, someone must control the enemy who is seven-star and above! And you are the only candidate! Don’t Let Me Down!”

this ... Lao Wang was stunned. He immediately felt a strong sense of responsibility.

In the past, he was ostracized by the celestial heavens, he had no confidence and was timid.

But ever since he started following Chen Xiaobei, he had felt the warmth of home in bei Xuan faction! He had found his confidence in the livestream and trained his courage and state of mind in the process of assisting Jiang Ziya!

In fact, old Wang had already been Reborn!

Chen Xiaobei’s strong sense of responsibility had forced old Wang to take on the responsibility as a man!

Even if he was an old man, he could still Pat his chest and say heroically, ” “No problem! I’ll learn the demonic god tribulation curse even if I have to risk my life! I won’t let you down!”

“Very good!”

alright! Chen Xiaobei nodded. I’ll teach you the cultivation method later. You can practice it first. If there’s anything you don’t understand, you can call me anytime! You’ll definitely be able to learn it, and you’ll be able to learn it very quickly!”

Old Wang nodded his head heavily. He was determined.

.....

After everything was settled, Chen Xiaobei went to meet Luo puti.

Before going to the endless Dead Sea, Chen Xiaobei had to help Luo puti with the ruins of Saint Duke’s Empress.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3094**

3094 Visualizing the Lotus seed

Luo puti was ready to set off early in the morning to find the opportunities that belonged to her Saint Duke clan.

However, Chen Xiaobei was still worried about her, so he told her not to act alone.

Today, knowing that Chen Xiaobei had returned, Luo Yang had been waiting for him at the portal in the royal city of beixuan, ready to leave at any time.

“Subhuti!”

After Chen Xiaobei had taught the demonic god tribulation curse to old Wang, he had rushed over immediately.

Naturally, Taiyi and Rahu followed closely.

“You’re finally here!”

Luo puti’s eyes brightened. A warm smile appeared on her cold and beautiful face.

She passed him a black hero’s outfit, which was exactly the same as the Nightstalker outfit that Chen Xiaobei was wearing. It could also be considered a different kind of couple outfit.

“Let’s go, we’ll set off immediately!”

Chen Xiaobei grinned and went to Luo puti. “Where did you find the exact location of the black jade wall?”

“No man’s land in the earthly calamity star sea!” “I’ve confirmed the location of the black jade wall. We can get it if we go there!” Luo puti said. “If we combine the black and white jade walls, we can find the ancient ruins of the Saint Duke Empress!”

“The earthly calamity star sea?” Chen Xiaobei was surprised. “That’s the lower plane ...”

The earthly calamity star sea was in between the myriad tribulation star field and the earth-god Realm. It was an almost endless sea of stars in the universe.

The core of the starry sea was connected to the earth-god Realm. If people from the lower planes wanted to come to the earth-god Realm, they had to go through the teleportation array in the core city of the starry sea.

And at the periphery of the sea of stars, there was a large unknown area, commonly known as the no man’s land.

In the previous immeasurable catastrophe, the chaotic mainland shattered and turned into the endless universe.

In fact, there were many opportunities and secrets left from ancient times in the uninhabited area of the sea of stars.

However, the sea of stars was boundless, and it was harder to find an opportunity there than winning the lottery. Moreover, the sea of stars was full of danger, and he might lose his life if he was not careful.

Because of this, no one was willing to go to no man’s land to search for opportunities.

Therefore, after trillions of years, the no man’s land in the sea of stars was still hidden under a mysterious veil, and no one had ever seen its full appearance!

Of course, mysterious as it was, the earthly calamity star sea was still a low level plane.

I’m very sure of the location this time. There won’t be too many twists and turns along the way, so you don’t need to bring any help ... Luo puti looked at Taiyi and Luo Yang.

Although the two of them looked very young, the aura that they exuded was so powerful that they seemed to be the sovereigns of the heavens, completely above the world.

Luo puti was not stupid. She could tell that both of them were extraordinary people.

The lower planes were not dangerous to begin with. Chen Xiaobei was more than enough to handle the situation. If he brought along Taiyi and Rahu, it would be a waste to use a dragon-slaying knife to kill a chicken.

“Yes, you’re right!”

alright! Chen Xiaobei nodded. Taiyi, Rahu, is there anything you guys want to do? feel free to do it! The operation this time is too simple. You’ll definitely feel bored if you follow!”

Taiyi thought for a while and said, “if possible, I want to meditate in front of the green Lotus seed of chaos!” Maybe we’ll get some good fortune!”

“That’s right! I think so too!” Rahu immediately expressed the same attitude.

At the beginning of chaos, there were no living things, and the heavens and earth were connected.

There was only a Green Lotus of chaos in the chaos, and Pangu was in the Lotus.

After that, Pangu was born and created the world, causing the chaotic aura to wreak havoc and give birth to the earth, water, fire, and wind, causing the green Lotus of chaos to wither!

The heavenly Lord of the origin obtained the Lotus and turned it into the three treasure Jade Ruyi! Taishang Laojun obtained the Lotus root and turned it into a Taiyi horsetail whisk! Sect master Tongtian got the Lotus leaf and turned it into the Qingping sword! Mother Nuwa obtained the Lotus soil and turned it into a sky-mending divine stone!

There were only five lotus seeds left.

The first lotus seed had fully matured and was blooming in Mount Buzhou, the core of the heaven realm. It was called the twelfth-grade Green Lotus of reincarnation!

The other four lotus seeds were not ripe.

The first was that it had turned into a grade twelve Golden Lotus of merit in the core of the Buddhist realm and was controlled by Daoist jieyin!

The second one was in the core of the netherworld, and it had turned into a Grade 12 Red Lotus of fire, which was controlled by the netherworld River Cult Master!

The third one was in the core of the demonic realm, turned into a twelfth-grade Black Lotus of destructions, and was controlled by mo Luo Wutian!

Chen Xiaobei had planted the last one in the rift in the void, the core of the human realm. It had not taken root yet, and it was still a long time before it bloomed!

Without a doubt, the chaos Green Lotus itself was the most Supreme sacred object in the Three Realms!

The flower, leaf, Lotus, and earth turned into four Dharma Treasures. They were also the four Supreme treasures of merit that contained the merit of heaven-opening!

The four lotus seeds would grow into divine lotuses and become the cores of the four great orthodoxies of Dao, Buddha, netherworld, and demon!

Although the fifth lotus seed in Chen Xiaobei's hand had not sprouted yet, it was still one of the most powerful seeds in the Three Realms!

Just like how the good fortune Jade Disk contained 3000 heavenly laws, it helped Hongjun to behead the three corpses to verify his Dao.

The green Lotus seed of chaos also contained a mysterious opportunity of the heavenly way.

Because of this, Taiyi and Luohou, the two super big bulls, proposed to visualize in front of the green Lotus seed of chaos without any hesitation.

If they could gain some insights from it, even if they had reached the peak of the sage-to-be in their previous lives, they would still benefit greatly!

Of course, I don't object to your request ...

but ... My Green Lotus seed of chaos was planted in the rift of the great void. My master forced the rift into his chaos sword embryo.

"My cultivation is too low, so I can't control the tear of the void freely. So, I don't know how to let you in."

Hearing this, Taiyi and Rahu became excited.

"The green Lotus seed of chaos is in the crack of the great void? This is great!"

Luo Yi had always been calm and collected, but at this moment, his face was full of fanaticism, the great void crack is the core of the human world. It's an independent space with endless mysteries!

"It's unimaginably huge, even comparable to an independent universe! There are also many mysterious heavenly Dao opportunities hidden within!"

"In the past, all capable ancient Immortals had once entered the great void crack to swim. Moreover, every time I enter, I will more or less obtain some benefits."

"However, even today, not even the heavenly path sages have been able to explore every corner of the great void crack! In other words, there are still many secrets and opportunities to be explored in the rift of the void!"

Taiyi was also excited and eager.

In the Three Realms, there were very few things that could make Taiyi and Rahu so uneasy.

Chen Xiaobei was very smart. He could guess the answer just by looking at the two of them. "You guys are so excited, there must be a way to open the rift to the void!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3095**

3095 Entering the great void

"Of course I have a way!"

” please! Rahu grinned and said, ” bro bei, please take out the chaos Blood Sword!

“Alright,” he said.

Chen Xiaobei took out the chaos Blood Sword.

Luo Yi received the sword with both hands. His consciousness silently passed through the chaos Blood Sword and directly communicated with the great void crack.

Taiyi explained to Chen Xiaobei, ” the tear of the great void is not just an independent space. It’s a special existence with spirituality!

“It has intelligence, but it’s different from magic treasures and items! It even has the ability to think independently, but it’s different from Immortals, demons, humans, and Devils!”

if you want to enter the tear of the void, the first step is to communicate with it spiritually. After you get its approval, you can enter.

Chen Xiaobei understood the theory behind it but he was still worried. “Although all of you have been acknowledged by the rift to the void, will there be any danger after you enter?”

“There’s definitely danger.”

“But one can’t make progress while lying in bed!” Taiyi said in a deep voice. If he wanted to seek opportunities to improve himself, he had to have an adventurous spirit! Sometimes, you even have to be prepared to risk your life!”

“That’s true! However, you must protect yourselves well. You must not die in the rift to the great void!” Chen Xiaobei looked at her and said seriously, ” “I still need your help in many things for this measureless cataclysm!”

“This is only natural!”

that’s right! Taiyi nodded. don’t worry, bro bei. Back then, Rahu and I both entered the spatial Rift! Even though he had only traveled a small area, he was already very familiar with the environment! Ordinary dangers wouldn’t be enough to take our lives!”

“Bro bei! I’ll go first!” At this moment, Rahu handed the chaos Blood Sword to Taiyi.

“Whoosh ...”

At the center of the Blood Sword, a small vortex that looked like the dark night appeared.

Luo Yi’s body was enveloped by an invisible force in the vortex. His body twisted and was drawn into the chaos Blood Sword like a stream of light.

“Oh right! How are you going to come out later?” Chen Xiaobei quickly asked.

Taiyi held the chaos Blood Sword and said, ” the entrance is the exit. As long as we get to the exit and want to leave, the chaos Blood Sword will react. Then, bro bei will take out the chaos Blood Sword and we will be able to come out!

then, if I need your help, How can I find you? ” Chen Xiaobei asked again.

“Bro bei, all you need to do is take out the chaos Blood Sword and inject your ethereal force into it! I’ll try to extract the tear of the great void from the sword!”

Taiyi thought for a while and said, “when the time comes, the entire Rift in the great void will be slightly shaken!” Rahu and I will rush to the exit as soon as we notice it!”

“Strip away the tear of the great void? Will that lead to serious consequences?”

Chen Xiaobei frowned and asked, “For example, the separation of the great void crack and the chaos Blood Sword? Or maybe the tear of the great void was angered and triggered its power to attack me?”

After all, Chen Xiaobei was not the owner of the rift to the void, and he had seen the backlash of the rift.

Chen Xiaobei would not be at ease if he did not clarify things.

“Bro bei, you’re overthinking! The heavenly path Sage placed the chaos Blood Sword in the great void crack. No one below the heavenly path Sage can separate the great void crack from the chaos Blood Sword!”

that’s right. Taiyi smiled. also, bro bei, with your current strength, you can’t even scratch the great void crack. To put it bluntly, you’re not a threat to it at all. It won’t bite back at you.”

mm ... That’s a relief ... Chen Xiaobei nodded.

Back then, Chen Xiaobei had fought the divine sand of time in the Heng Sha ancient country in the uninhabited region of the Galaxy.

This divine item had once caused the destruction of the entire Heng Sha ancient race, and their civilization was completely broken. It almost cost Chen Xiaobei his life.

However, at the most critical moment, the power of the divine time sand had angered the rift to the great void. He suffered a backlash from the tear of the great void and was completely sucked into it.

That was why Chen Xiaobei was able to keep his life and protect the entire countless sands ancient race.

From this, it could be seen that the great void crack did have a strong spirituality. When it was threatened, it would explode with a strong backlash to protect itself.

Chen Xiaobei’s strength was 108000 times weaker than the divine sand of time. He did not pose any threat to the rift. Even if he touched the rift, he would not suffer any backlash.

“Oh right! There’s something I have to remind you of!”

there’s a possibility that the divine item, the divine sand of time, will appear near the entrance of the rift to the great void! It had experienced trillions of years and was already sentient. It had a strong sense of self-preservation! If you threaten it, it’ll burst out with terrifying power and counterattack!”

“The divine time sand?” “Isn’t that a necessary material for upgrading the sunlight cache?” Taiyi asked.

“Right! The divine sand of time, the sun Emperor crystal, and the eternal holy water were the core materials to upgrade the sunlight cache to a divine item! It’s also the thing I need the most!”

“It’s a pity that I can’t tame the divine sand of time even though it’s trapped in the rift ... Oh right!” Do you and Rahu have a way?”

Taiyi shook his head and said, “if we had divine level cultivation, we could have easily subdued it.” It’s a pity that we’re only at the peak earth immortal realm. Without special methods, it’s impossible to subdue it. ”

hmm ... Looks like I’ll have to wait for the right opportunity ... Chen Xiaobei sighed. He did not have much hope.

After all, the divine sand of time was a divine item with a spirit, and its power was even above that of a high-tier heaven immortal. How could it be easily subdued?

but, bro bei, don’t be discouraged! “Maybe Emperor Jiang has a way to subdue the divine sand of time!” Taiyi said.

“Emperor River?” Chen Xiaobei’s eyes lit up and he quickly asked, “What method does he have?”

Taiyi said, “ Emperor Jiang is the head of the twelve ancestors of sorcery. He is an ancestor of sorcery who can control the power of space! However, the candle Dragon of the twelve ancestors of sorcery is the one who controls time!”

what? ” Chen Xiaobei asked excitedly, “ are you saying that Di Jiang might know some ways to control time? ” And then use a special method to subdue the divine time sand?”

“Yes, Emperor Jiang might have a way! But even if he can’t, he will definitely find the candle Dragon!”

Taiyi added, “ after the winter solstice festival, the twelve ancestors of sorcery have all reincarnated into the earth-god Realm! As long as they haven’t crossed the heavenly Tribulation and ascended, Emperor Jiang will find them!”

Chen Xiaobei heaved a long sigh of relief. “Even the reincarnated twelve ancestors of sorcery are controlled by the enemy! I can still catch them and let Liu er copy their memories! This way, the divine time sand will be mine!”

“It’s not just the divine time sand!” that’s great! Taiyi raised his eyebrows and said excitedly, “ I can also solve your other two problems!

“What difficult problem?” Chen Xiaobei was surprised and curious.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3096: key to breaking out**

“The crystal condensed from the extreme fire divine Blood of the Sun golden Crow monarch is called the sun monarch crystal! Zhurong, the Fire Witch, might have a special technique to help you subdue him!”

Taiyi said indifferently, “the ancient holy water clan used a secret Eternal technique to gather spring water. It’s called the eternal holy water!” The Water Witch, Gonggong, should also have a way to subdue it!”

“This ... This is too good!”

Chen Xiaobei’s eyes lit up and he said, “The reason why I didn’t look for the eternal holy water and the sun Emperor crystal earlier was that it would be difficult to subdue them even if I did!”

“But now, there’s a solution! My next step will be to focus on finding these two divine items! As long as I can tame them, I can start upgrading the sunlight cache!”

“The God-level sunlight cache is of great significance to me! It could greatly speed up the growth of the green Lotus seed of chaos and the divine blood Bodhi tree! It can also speed up my cultivation and body refinement!”

It was obvious that the green Lotus seed of chaos and the divine blood Bodhi tree were both extremely important! The earlier it matured, the earlier it would be able to help Chen Xiaobei!

In addition, the importance of cultivation and body tempering was needless to say.

If Chen Xiaobei wanted to ascend to the celestial world, to become a saint, he had to not only walk the two paths of cultivation and body tempering, but he had to reach the peak!

However, as his cultivation level increased, it would take more time for his battle prowess and physical body to advance by one small realm.

Especially body refinement!

Although the “sky killing tyrant body technique” was overbearing, the higher the level, the longer the time it took!

With Chen Xiaobei’s current four-star earth-god physique, it would take him at least 20 days to break through to the next level, even with the help of the sunlight cache!

Right now, Chen Xiaobei had too many things to do. He did not have a single day of leisure. How could he squeeze out more than 20 days to train his body?

That was the reason why Chen Xiaobei’s physical strength was stuck at the early stage of a four-star earth-god.

It wasn’t that he couldn’t improve, but he didn’t have the time to temper his body!

Upgrading the sunlight cache was Chen Xiaobei’s top priority!

Once the upgrade was successful, many of Chen Xiaobei’s problems would be solved! He would also receive a huge boost in strength!

With Taiyi’s hint, Chen Xiaobei had found the key to solving all his problems!

And this key was Emperor River!

bro bei, I’ve also been recognized by the spatial Rift. If you have no other questions, I’ll go in first!

Taiyi returned the chaos Blood Sword to Chen Xiaobei, ready to enter the rift at any time.

“I have one last question!”

wait! Chen Xiaobei quickly asked, " in my current condition, can I get the approval of the rift? "

Without a doubt, Chen Xiaobei also wanted to enter the rift to the void!

Don't forget, it was sect master Tongtian who found the chaos sword embryo in the crack of the great void!

One could imagine that there were other opportunities hidden in this mysterious space!

If he was lucky enough, no matter what kind of opportunity he encountered, Chen Xiaobei would be able to obtain great benefits!

"Logically speaking, you are a Lotus cultivator in the human world, and the crack in the great void is the core of the human world. It should directly recognize you!"

Taiyi thought for a while and said, " however, I suggest that you wait until you're stronger. Then you can enter the rift to the void! Even if you don't care about your cultivation level, your physical strength must at least be at the peak of the earth-god level!"

"Otherwise, even a gust of wind from the crack in the great void could destroy your physical body! The other dangers were even more impossible to guard against. If he was not careful, his body would be crippled! The strength of your Dharmakaya is not enough, and the only outcome is that your soul will be destroyed!"

His body was destroyed! His soul was destroyed!

No one would dare to try such an outcome unless they were tired of living!

If the physical body was destroyed, perhaps it could be reconstructed.

However, once his soul was destroyed, he would lose the chance to go to the underworld and completely disappear from the Three Realms and six paths.

"Alright ... I'll think of a way to upgrade the sunlight cache first!"

yes! Chen Xiaobei nodded and said, " once the sunlight cache reaches the divine tier, the speed of my body cultivation will increase! It's not difficult to reach the peak of the earth-god level!"

"Well, if that's the case, I'll enter the great void crack first!" Taiyi's expression turned serious as he transformed into a ray of spirit light and was sucked into the void vortex at the center of the chaos Blood Sword.

"Subhuti, let's go as well!"

Chen Xiaobei then took Luo puti's hand and stepped into the portal.

.....

The first teleportation, the two arrived at the Putuo domain of the Nanzhan state.

This was the first place that Chen Xiaobei had reached after he entered the earth-god Realm.

After the second teleportation, he arrived at the central main star of the nine Star seas in the Putuo territory.

Finally, after the third teleportation, they arrived at the edge of the nine layers of the starry sea. If they went further, they would enter the no man's land of the starry sea.

To speed up their journey, Chen Xiaobei and Luo puti entered the verdant Emperor's divine gourd.

The fastest, the reincarnated ghost king, was in charge of the journey.

The reborn ghost king was in its spiritual form, so it was not affected by the vacuum of space at all. Its nine-star earth-god speed was even faster than the spacecraft that Chen Xiaobei used to use!

As for Chen Xiaobei, he took the time to cultivate in the verdant Emperor's divine gourd.

Chen Xiaobei had 40.5 billion upper spiritual stones, Tenshou and Poseidon to activate the sunlight cache. There was no problem with his cultivation.

As for Luo puti, she was about to receive her ancestor's inheritance, so she did not practice it. Instead, she took out the White jade wall that contained the secret of the Queen and continued to study it.

Time slowly passed.

Chen Xiaobei's cultivation lasted for about 39 hours, which was 2320 minutes.

Under the sunlight cache, it would be 2320 days, which was 55680 hours.

His combat power would increase by 100 points every hour. With the addition of the level-nine heavenly Dao cultivation Halo, he would gain a total of 55.68 million points!

[ ding Yingying's cultivation base: advanced nascent Soul Stage. Lifespan: Year 204250, physical body: 150 million, combat power: 260 million, primordial spirit attack: Saint level!

With the help of the level 6 heavenly Dao life Halo, this breakthrough had given Chen Xiaobei a total of 90000 years of life!

Although his physical body was still the same, Chen Xiaobei's Dharmakaya was now complete.

The defense of the practicing body was proportional to the level of the cultivation, and it could resist the attack of the opponent of the same cultivation.

Furthermore, at critical moments, Chen Xiaobei could even hide his physical body and fight with his avatar.

Therefore, at this stage, Chen Xiaobei's physical body was not that important.

Of course, Chen Xiaobei's physical body contained the witch dragon's bloodline. He could not give it up!

After upgrading the sunlight cache, the first thing Chen Xiaobei would do was to increase his physical strength to the maximum.

when I was cultivating, the reborn ghost king had been flying at full speed for almost two days. I should have reached my destination by now!

Chen Xiaobei stopped his cultivation and looked into the distance. "Subhuti, we can go out now! The mystery of Saint Duke is about to be revealed!"

### Red Envelope Group of the Three Realms

#### **Chapter 3097**

3097 Saint Duke capital

Before he left the verdant Emperor's divine gourd, Chen Xiaobei did something else.

That was to charge the earth escape immortal puppet with 30 billion upper spiritual stones.

At present, there was still 60 billion upper spiritual stones worth of spiritual Qi in the Dragon's edge, which was definitely enough for him to fight.

Thus, these spirit stones were added to the earth escape immortal puppet.

Although auxiliary-type magical treasures were not suitable for battle, they could often play the role of turning the situation around at critical moments.

He had spent 1.95 billion superior-grade spiritual stones just now. After deducting the 30 billion, Chen Xiaobei was left with a little more than 8.5 billion.

All in all, Chen Xiaobei was still in need of spiritual stones.

Therefore, the exploration of the endless Dead Sea and the cleaning up of the Tian Zhao sect's Treasury were the next things he had to do.

Of course, Chen Xiaobei's main goal was to help Luo puti obtain the inheritance of the Saint Duke Queen.

.....

He walked out of the verdant Emperor's divine gourd.

An ancient and huge ruin appeared in front of him.

In terms of scale, the ruins were actually as big as the imperial capital of Xuanyuan.

The imperial capital of Xuanyuan was known as the most magnificent city in the earth-god Realm.

There was actually a ruin of the same scale in the earthly calamity star sea below the earth-god Realm! This was simply unbelievable.

This also reflected the mystery of the no man's land in the sea of stars.

In those unexplored areas, not only were there unknown secrets, but there were also civilizations that originated from ancient times, even civilizations that originated before the last immeasurable catastrophe.

In the history of the earth-god Realm, there seemed to be no mention of such a majestic and vast city.

It was obvious that the history and civilization of these ruins were much longer than that of the earth-god Realm!

“This is the capital of Saint Duke!”

Luo puti’s face was solemn, and her pretty face was filled with excitement. during the reign of the first Saint Duke Empress, this place was far more powerful than the peak forces of the earth immortal world!

what?! Chen Xiaobei exclaimed. so, this means that Saint Duke’s imperial capital has existed since before the chaos continent was destroyed? ”

“That’s very possible, but it happened a trillion years ago, so I can’t be sure.”

“The only thing I’m sure of is that a catastrophe happened here!” Luo puti said. The entire Empire was completely destroyed, and the Empress also fell in the catastrophe.”

“Before she died, the Empress used a secret technique to seal her own power. She’s waiting for the descendants of Saint Duke to inherit everything she once had.”

Obviously, Luo puti had deciphered the information from the White jade wall.

However, he still had to find the black jade wall to find the exact way to obtain the Empress ‘inheritance.

Of course, if the Queen of Saint Duke was really an ancient immortal who had existed before the destruction of the untainted land, then the inheritance she had left behind must be far more powerful than any inheritance of an earth level deity! Luo puti would definitely benefit from it!

“Let’s go. We’ll go find the black jade wall immediately!” Chen Xiaobei could not wait to make Luo puti stronger.

No matter if it was the current earth immortal world or the future heaven immortal world, powerful strength would always be an eternal truth.

To live a peaceful and long life, to be free and at ease, to have glory and status, to have wealth and power, all of these were inseparable from power.

Not only did Chen Xiaobei want to become stronger, but he also wanted to make the people around him stronger as well!

Even if it was an infinite calamity, Chen Xiaobei’s family, friends, and lover would not be harmed!

“There’s no need to look for it, it’s fine here.”

Luo puti took out the White jade wall and said, ” help me guard the area. I need a few minutes to activate the Jade wall’s special ability!

“No problem!” Chen Xiaobei nodded.

“Swish!”

Without any orders, the rebirth ghost king flew into the air like a Falcon, overlooking everything below.

“Swish!”

At the same time, a purple figure flew out from the Meru space.

It was the peak nine-star poisonous demon who had obtained all of Zhu tianzong’s power.

Zi Yuan!

“Xiaobei Gege!” Zi Yuan was flying around Chen Xiaobei, very happy.

Her original Dharmakaya was a little girl with butterfly wings. After receiving Zhu tianzong’s power, her Dharmakaya maintained its original appearance, but its defense had reached the peak of a nine-star earth-god.

Above him was the reborn ghost king, and below him was a peak-level poisonous demon.

No one could disturb Luo puti unless a heaven immortal artifact was present.

Whoosh ... Whoosh ...

At the same time, Luo puti began to activate the power of the Saint Duke bloodline. According to a certain order, the power was reflected on the White jade wall.

Luo puti had come up with this sequence after countless attempts. She could not make a single mistake, or else she would not be able to solve the final secret.

“Chi ...”

Finally, after a few minutes, the surface of the White jade wall began to ripple like water. The originally carved image gradually disappeared, and an image of the universe’s starry sea appeared!

In this universe of stars, there was a very dazzling light.

The light was Saint Duke’s capital.

“Whoosh ...”

As Luo puti continued to inject her Saint Duke Power into the light, the light expanded rapidly and a huge map appeared.

Chen Xiaobei studied the map carefully and confirmed that it was the map of Saint Duke’s capital.

“Chi ...”

Suddenly, the entire ruins in front of him gave off a violent energy fluctuation.

A dazzling white light also shone through the broken walls and broken bricks.

In an instant, the entire ruins became bright, giving off a solemn and Holy feeling.

Kalala ... Kalala ...

Then, in the middle of the ruins, the earth cracked.

A huge chasm appeared, splitting the entire Di Yi into two. A gloomy and mysterious aura was emitted from it.

“Whoosh!”

The next moment, a black shadow rushed out of the chasm and flew toward the White jade wall at an extremely fast speed.

Both Zi Yuan and the rebirth ghost king were on their guard at once.

But Chen Xiaobei waved his hand, telling them not to be nervous.

The black shadow was the black jade wall that Luo puti had been looking for!

“Ka!”

Sure enough, as soon as the black shadow and the White jade pendant came into contact, they were tightly locked together. They were perfectly combined as if they were originally a whole.

At this moment, everyone could clearly see that it was a black jade wall that was almost exactly the same as the White jade wall.

“Whoosh ...”

It was as if a key had been placed on the keyhole. The moment the black and white jade wall combined, it emitted a powerful and mysterious power that blended black and white.

The power was like a sudden enlightenment, pouring into Luo puti’s forehead.

That’s right!

This was the legacy of the Saint Duke Empress!

Luo puti’s wish had finally come true, but Chen Xiaobei’s face darkened.

“Zi Yuan! Rebirth! Prepare to face the enemy!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3098: super spider web**

Meet the enemy!

Just as Chen Xiaobei finished his sentence, a strong vibration came from the chasm in the middle of the ruins!

boom boom boom ... Boom boom boom ...

It was as if thousands of soldiers and horses were galloping from the chasm, causing the entire ruins to shake.

The next moment, countless enemies crawled out of the chasm.

However, it was not an Army of thousands, but a giant spider with a very strange appearance.

They had the body of a tank, with a golden shell and eight legs that were like sharp golden Sickles. Every step they took left a deep pit on the Rocky ground.

[ding Yingluo’s cultivation base: early nascent Soul Stage. Lifespan: 89966 years, physical body: 150 million, combat power: 150 million, primordial spirit attack: Three-star heaven immortal level!]

Chen Xiaobei used his netherspirit battlescouter to check the spiders. All of them were 4-star nascent soul cultivators.

In the earth-god Realm, it was impossible for any of the top forces to form an Army made up of nascent Soul Stage cultivators, not to mention demon beasts in the nascent Soul Stage!

At the same cultivation level, such a demonic beast Army could fight against an Army three times the number of humans!

One could only imagine how terrifying his combat strength was!

Moreover, these golden-armored spiders had the primordial spirit attack of a three-star heaven immortal! Once it was activated, the human army, which was ten times the number, would probably be wiped out!

“What kind of demonic beast is this? it’s too strong ...”

Chen Xiaobei immediately took out his Dragon’s edge.

I don’t know ... We’ve never seen or even heard of such a demonic beast before ...

Zi Yuan and the rebirth ghost king both shook their heads and sighed in admiration.

Forget about Zi Yuan, he had been sealed for too long and had not seen much of the world.

However, the reincarnated ghost king was a person from hundreds of millions of years ago. After his death, he turned into an evil ghost, cultivated into a demon, and experienced a long period of time.

Even the rebirth ghost king had never heard of this golden armored Spider.

One could imagine that these spiders were definitely archaic mutants! It might even be from the wilderness mainland!

Thinking about it this way, it was completely reasonable for them to possess a primordial spirit attack of the three-star heaven immortal level.

Fortunately, the spiritual Qi in this continent was thin, and the cultivation of these golden armored spiders was getting worse and worse with each generation. Now, the average of them was only at the early Yuanying stage.

“I’ll leave the enemy to you!” Chen Xiaobei ordered.

“No problem!”

Zi Yuan and the rebirth ghost king were very confident.”Although there are a lot of golden armored spiders, their cultivation is too low! With the two of us here, nothing will go wrong!”

“Woof! Whoosh!”

Before he finished his sentence, Zi Yuan and the rebirth ghost king had already charged towards the Golden armored spiders.

“There shouldn’t be a problem ...”

Even though the situation seemed to be under Zi Yuan and rebirth ghost King’s control, Chen Xiaobei felt uneasy.

The primordial RuinWorld! It was an ancient inheritance! An ancient beast!

All of this was way above the earth-god Realm, far beyond Chen Xiaobei's knowledge.

As the saying goes, fear comes from the unknown!

Chen Xiaobei was not familiar with this environment, and he did not know much about this enemy. He could not help but worry about the unknown!

With the demonic Dragon tribulation in his hand, he had even prepared his earth escape immortal Gu.

Chen Xiaobei did not dare to let his guard down. He focused all his attention on protecting Luo puti.

At that moment, the inheritance of the Queen of Saint Duke was still flowing out of the black and white jade wall and into Luo puti's forehead.

From the looks of it, the inheritance might still take some time to end.

No matter what happened, no matter what the cost, Chen Xiaobei had to protect Luo puti.

"A mere Yuanying stage waste insect dares to come here and court death! This King will let you experience true terror!"

The rebirth ghost king was the first to charge into the battlefield. Its eight demonic arms spread out from under its dark cloak, making it look more like a demonic Spider.

"Boom boom boom ..."

As the reincarnation ghost king roared, its eight arms burst forth with terrifying attacks of four attributes!

Due to the large number of enemies, it was very difficult to clear the field.

That was why the rebirth ghost king pushed his power to the limit as soon as he came up. He wanted to use his strongest attack to kill the chicken to warn the monkeys, and forcefully intimidate all the Golden armored spiders.

The reborn ghost king was a demon, and the eight demonic arms were his unique ability.

His combat strength and special ability were perfectly integrated. Very few people could beat him in a battle of the same level.

And under his all-out attack, he could probably kill thousands of original leveled cultivators in an instant.

If there were no accidents, he should be able to kill tens of thousands of golden armored spiders, and from there, intimidate the spider Army that was still pouring out.

"Woof! Buzzzzzz! Yi ..."

However, at this moment, the Golden armored Spider that was charging at the front suddenly jumped up! Its tail spurting out a large amount of Golden Spider silk!

Then, the Golden armored spiders from the second and third groups all raised their tails or turned their bodies around, shooting out Golden Spider silk from their tails!

In the blink of an eye, countless Spider threads interwove and coiled around the reborn ghost King's attack, forming a huge Golden Spider web!

boom boom boom!!!

In the next moment, the rebirth ghost King's full-power attack heavily hit the giant net.

Logically speaking, those golden armored spiders were only four-star nascent soul realm cultivators, so their spider silk should also be four-star earth-god items.

No matter how good the material was, it was at most close to five stars. It was impossible to block the power of the reborn ghost King's nine-star earth-god level.

However!

No one had expected that the rebirth ghost King's attack would be blocked by the giant Golden Spider web!

The terrifying attack of a nine-star earth-god not only failed to penetrate the spider web, but it also failed to leave a trace on it!

how ... How is this possible?!

The rebirth ghost king was dumbfounded by what he saw. "That attack just now, I even used all my strength! Even if a peak earth level deity was hit, it was impossible to be unscathed! Could it be that the defensive power of the spider web has already reached the level of a divine immortal?"

"No! That was not just pure defensive power! It's the Golden armored spider's primordial spirit attack!" come back! Chen Xiaobei shouted from behind. come back now! Zi Yuan will use poison directly!"

The onlooker sees more clearly than the involved.

Chen Xiaobei had already given the order when the ghost king was still confused.

The Golden cobweb was imbued with the primordial spirit attack of a three-star heaven immortal, and its defensive power was naturally not something that the reincarnated ghost king could break through!

Even though primordial spirit attacks would consume a large amount of spiritual power, it was still too much.

However, there were too many golden-armored spiders. When the front row of psychic energy was exhausted, the back row would fill in the gaps. It was meaningless for the rebirth ghost king to continue fighting.

In this situation, he could only rely on Zi Yuan.

"Whoosh ..."

However, just as the reborn ghost king was about to retreat, the golden spider web came down on him like an inescapable net.

"This is bad!" The rebirth ghost King's heart trembled as he was enveloped by the golden spider web.

“Purple abyss despair!”

Zi Yuan saw that the situation was not good and instantly used his strongest move!

### Red Envelope Group of the Three Realms

#### **Chapter 3099**

3099 A terrifying roar

“Whoosh ...”

Zi Yuan now had the strength of a peak earth immortal. At this critical moment, in order to protect the reborn ghost king, she directly pulled her vital essence to the extreme and exploded the most terrifying poison at the Army of golden armored spiders in front of her!

The endless purple mist covered the sky and covered the earth!

Driven by the vital essence of a peak earth immortal realm warrior, the purple poisonous mist was not only fast, but also had a strong impact force!

“Woof! Buzzzzzz! Yi ...”

However, at this moment, the Golden armored spiders spat out another large web.

Furthermore, the Golden-armored spiders in the back row climbed onto the bodies of the front rows and stacked on top of each other like a human pyramid, forming a small Golden Mountain.

The Golden-armored spiders that were stacked together shot out spider webs at the same time.

this way, within the same range, the quantity and density of the spider silk increased by several times.

“My poison is everywhere! A mere spider web can’t block it at all!”

Zi Yuan was very confident in his own offensive.

“Zi Yuan! Be careful!”

However, at this moment, the former ghost king shouted, “This type of spider web contains extremely strong metal true Yuan, and it’s the purest yang profound gold! I’m afraid your poison mist won’t be able to penetrate it ...”

It was obvious that the rebirth ghost king was an evil ghost that had turned into a demon. He was a spiritual body, and ordinary attacks could not touch him at all.

However, the spider web from before had completely trapped the reborn ghost king.

This was enough to prove that the golden spider silk itself was a pure yang object.

In addition, the primordial spirit attacks of those three-star heaven immortal spiders also had an extremely strong yang attribute.

Therefore, after the rebirth ghost king was covered by the spider web, he could no longer move. At this moment, he also reminded Zi Yuan at the first moment that he could not be careless.

“Whoosh ...”

Sure enough, after the purple poisonous mist fell, it was directly blocked by the larger and stronger spider web that was formed later.

Outside the spider web, the grass and trees instantly rotted, and even the soil and stones were blackened and cracked! One could only imagine how terrifying the poison released by Zi Yuan was!

However, within the spider web, the Golden armored spiders did not suffer any damage at all!

how ... How is this possible?!

Zi Yuan was also stunned. He thought that this would be the first time he had killed since he became a peak earth immortal.

He had never thought that his most powerful poison attack would not even be able to poison half of the Golden armored Spider.

“Whoosh ...”

Just as Zi Yuan was still in shock, the second giant net suddenly turned upside down, wrapped up the vast poisonous creatures, and enveloped Zi Yuan in the opposite direction.

“Not good!”

Zi Yuan quickly retreated. Fortunately, he was extremely fast and dodged the spider web.

However, a layer of cobweb had been added to the rebirth ghost King’s body. Not only was it unable to move, but it was also injured by the pure yang power. Its dharmic body was weakening every second.

Once the avatar was destroyed, the nascent soul would be extremely fragile and would be crushed by the Golden-armored spiders that pounced from behind.

“Xiaobei Gege! Hurry up and make your move! Otherwise, the reborn ghost king will be dead!”

Zi Yuan flew back to Chen Xiaobei’s side.

Zi Yuan and the ghost king of rebirth, who were both tribulation passing stage demons, were already at their wits’ end. They could only count on Chen Xiaobei to turn the tables.

“You protect Subhuti!”

Chen Xiaobei charged forward.

“Xiaobei Gege! You must be careful! I can sense that the defensive power of those cobwebs is enough to resist a heaven immortal artifact!” Zi Yuan reminded him loudly.

“Bro bei! Don’t get too close, or you’ll be stuck by the spider web!” The rebirth ghost king also reminded him loudly.

However, Chen Xiaobei did not seem to hear him. He used his penetrate the nine Heavens as fast as he could and appeared next to the reborn ghost king.

“Bro bei! Quickly draw your blade!” The rebirth ghost king shrieked.

This was because the Golden armored spiders had not been idle for even a moment. When Chen Xiaobei got close, the vanguard of the spiders had also reached him. They were less than a hundred meters away from Chen Xiaobei and the reborn ghost king!

With the speed of a nascent soul cultivator, a mere hundred meters could be covered in a flash.

In fact, it was too late for Chen Xiaobei to even unsheathe his saber.

“I’m finished ...”

Zi Yuan and the rebirth ghost king both wailed in despair at the sight.

If Chen Xiaobei could not use the demonic Dragon’s edge to fight back, he would have been crushed into meat paste by the spiders in the blink of an eye!

“Swish!”

However, at this critical moment ...

With a wave of his hand, Chen Xiaobei released a golden beetle from his ring of beasts!

The beetle was only the size of a peanut. It had sharp golden armor on its body, a pair of translucent cicada wings on its back that shone with a faint golden light, and its six legs had sharp barbs. It looked majestic and majestic.

this golden beetle might seem small, but the moment it appeared, it exploded with an extremely powerful King’s might.

“Ka ka ka ...”

The countless golden armored spiders in front of him seemed to have been greatly frightened. They all desperately braked, not daring to take another step forward.

The Golden-armored spiders at the front even prostrated themselves on the ground with their heads lowered, showing their submission.

“Oh my God ... That was close ...”

Zi Yuan and the rebirth ghost king heaved a sigh of relief. When they looked at the tiny golden beetle, their eyes were filled with extreme shock, and even a trace of respect.

After all, Zi Yuan and the rebirth ghost king were both super great demons in the Tribulation passing realm.

They had no way to deal with these golden armored spiders.

However, as soon as the little golden beetle appeared, it immediately intimidated the Golden armored Spider Army. It was simply unbelievable!

That’s right!

This tiny golden beetle was the twelve-winged Golden Cicada, the most powerful of the ten ferocious beasts in the untainted land, which had grown two cicada wings!

It was the most powerful existence among the Zergs!

Even if it wasn't an adult yet, it still had the Supreme King's aura. Naturally, it was easy for him to intimidate the Golden armored spiders.

"Waiter, have them take away the spider web!" Chen Xiaobei said.

"No problem!" The waiter nodded his little head, turned his head, and said fiercely, "A bunch of idiots, why haven't you withdrawn your broken net yet?"

Gulp ... Gulp ...

The group of golden armored spiders were so frightened that their bodies trembled, and they quickly retracted their spider silk.

we're finally saved ... the reincarnated ghost king felt as if he had been granted Amnesty. However, before he could rejoice, his attention was once again drawn to a roar from afar.

"Roar!"

The roar erupted from the bottom of the chasm like a tsunami. The sound waves alone were enough to shake the entire space.

"So long ..."

The Golden armored spiders that had been pulling in their webs suddenly stopped moving and lay on the ground, trembling.

"What?"

Chen Xiaobei and Xiao 'er looked at the direction of the roar and asked, "there's actually an insect that isn't intimidated by the twelve-winged Golden Cicada?"

#### **Chapter 3100**

3100 The Golden armored Spider Emperor

boom boom boom ... Boom boom boom ...

At this moment, a super giant golden armored Spider Emperor, dozens of meters tall, hundreds of meters in diameter, and tens of meters long, crawled out from the chasm.

In an instant, it was as if the entire world was shrouded in its Emperor's aura.

All the Golden armored spiders that had been intimidated by the waiter in the surroundings turned back to the Golden armored Spider Emperor in unison at this moment, lowering their heads and prostrating with extreme respect.

From this scene, it could be seen that the Golden armored spiders "respect for the Golden armored Spider Emperor far exceeded their respect for the waiter.

"How could this be ..."

The reborn ghost king had yet to escape the restraints of the spider web. When he saw the scene in front of him, he instantly fell into despair.

“It’s the state of mind!”

that’s right! Chen Xiaobei said, “ the Golden-armored Spider Emperor’s mental state is very strong! It can withstand Xiao ‘er’s pressure! Furthermore, the stronger one’s mental state, the stronger the pressure released! Therefore, the Golden armored Spider Emperor’s pressure is more able to intimidate the golden spider Army than Xiao er’s King aura!”

“Well said!”

The waiter said with certainty, “my King’s aura isn’t omnipotent!” For those zergs who don’t have a spirit, they will instinctively fear me!”

however, I can’t intimidate those insects who have already become demons with their own spirits and have independent thinking and a strong mental state unless my cultivation base is no more than three major realms away from theirs!

There was no doubt that there was a difference of seven major realms between Xiao ‘er and the Golden armored Spider Emperor. The other had already become a demon and had a stable mental state, so it was completely reasonable for its pressure to be stronger than Xiao’ er’s.

Of course, if the waiter could grow a second pair of wings, his cultivation and pressure would skyrocket. At that time, intimidating the Golden armored Spider Emperor would be as easy as blowing off dust.

However, at the moment, the waiter couldn’t do anything to the other party.

[ ding Qianqian’s cultivation base: tribulation passing pinnacle stage. Lifespan: 1.09 million years, physique: 333.3 billion, combat power: 333.3 billion, primordial spirit attack-five-star heaven immortal!

Chen Xiaobei immediately locked his netherspirit battlescouter on the spider Emperor.

From the level of the primordial spirit attack, it could be seen that the Golden armored Spider Emperor’s true body was different from all the other golden armored spiders.

It might be a mutant of the Golden armored Spider, or it might have obtained some special opportunity, which allowed it to stand out among the vast number of golden armored spiders and grow into the king of this species.

“Ka! Ka! Crack ...”

The Golden armored Spider Emperor left a deep pit with each step, slowly walking over with the majesty of an Emperor.

It was as if everything was under his control. He didn’t need to panic at all, and he didn’t even need to speed up.

“Ignorant human! Why did you touch my lair?”

The Golden-armored Spider Emperor looked down at Chen Xiaobei, and at the same time, it glanced at Xiao ‘er.

Its eyes were filled with surprise. It did not expect Xiao 'er to be such a terrifying Supreme bug King.

However, its eyes were filled with disdain. It looked down on the waiter's cultivation.

your nest is in someone else's house. They came back to get something, but they didn't ask you why you barged in. Instead, you asked about them first!

Chen Xiaobei did not back down and looked at the spider Emperor.

In terms of mental state and pressure, Chen Xiaobei was not even afraid of a divine immortal. Naturally, he would not be frightened by the Golden-armored Spider Emperor.

"This is your home? You're back to get something?"

The Golden-armored Spider Emperor looked further away and immediately locked its eyes on the black and white jade wall that was instilling the inheritance into Luo puti. what's that!?

"It seems like you don't even know why your nest split open!" that's a terrifying magical treasure! If you don't want to die, I advise you to surrender! Otherwise, you'll die without a whole body!

"A magic treasure?" The Golden armored Spider Emperor's expression froze. No matter how it looked at the black and white jade wall, it didn't seem like an attack type talisman.

However, a terrifying chasm had just appeared in the ruins. It was as if the imperial capital of Xuanyuan had been torn in half by a huge force!

This was clearly not something a human could do. It was at least the power of a heaven immortal!

Therefore, even though the Golden armored Spider Emperor didn't dare to believe it, it didn't dare to be careless and was always on high alert against the black and white jade wall.

This was Chen Xiaobei's way of protecting Luo puti.

If the Golden-armored Spider Emperor was afraid of the black and white jade wall, it would not dare to attack Luo puti.

As long as Luo puti's legacy was over, Chen Xiaobei could find a way to get her out of here safely.

"Even if it's a heaven-immortal artifact, I'm not afraid!"

The Golden-armored Spider Emperor did not seem to fall for Chen Xiaobei's trick. It said arrogantly, " I have an Army of thirty million golden spiders, and I can form the divine silk heaven shrouding battle formation. When combined with my primordial spirit attack, I can even block a three-star heaven immortal artifact!

"It sounds very powerful!" Chen Xiaobei's eyes narrowed as if he could see through everything.

"However, your primordial spirit attacks will definitely consume a lot of spiritual power! Otherwise, you wouldn't be talking nonsense and would've killed your way over!"

The Golden-armored Spider Emperor was taken aback. Although it did not admit it, the change in its expression showed that Chen Xiaobei had seen through their weakness!

It had to be said that the spider silk of the Golden armored spiders was extremely powerful when used in conjunction with primordial spirit attacks.

However, primordial spirit attacks consumed a lot of spiritual power. After two or three waves of attacks, the enemy would exhaust his spiritual power, and he would be exhausted and exhausted. In the end, defeat was the only way.

That was why the Golden armored Spider Emperor was so easily intimidated by Chen Xiaobei even though it did not know the background of the black and white jade wall. He didn't dare to launch a fierce attack immediately.

"You hesitated! It means that my judgment was correct!"

Chen Xiaobei seized the opportunity and continued, "There's no deep hatred between you and me, so why must we fight to the death?"

"What do you mean by that?" The Golden armored Spider Emperor asked.

"We're only here to retrieve the black jade wall, not to destroy your nest! Speaking of which, this can't be considered a deep hatred, there's no need to fight to the death!"

I promise you," Chen Xiaobei said. we will leave soon. This land will still belong to you! Furthermore, we will never return! All you need to do is retreat with your Army, and this matter will be over!"

The Golden-armored Spider Emperor's dark golden eyes darted back and forth. After thinking for a long time, it seemed to agree with Chen Xiaobei's words."Good! I'll believe you this time!"

As soon as he finished speaking, the Golden armored spiders around him retracted their threads.

The reborn ghost king had finally regained his freedom.

Just as Chen Xiaobei said, there was no need to fight to the death if there was no deep hatred.

"Ding Ling Ling Ling ..."

However, at this moment, a beautiful figure in a blue gauze dress arrived at the scene with the crisp sound of bells.

"Roar!"

The golden spider Emperor, which had already reconciled with Chen Xiaobei, suddenly lost its mind and let out a battle cry that was even more terrifying than before!
