Chapter 3181: shield mountain

“Damn you, Xu Fu! He had actually deceived us for so many years! He killed us and still wants us to thank him! He’s really too detestable!”

“I finally know why our three million Yin ghosts suddenly became evil ghosts! So this was all Xu Fu’s scheme!”

“No wonder those five old bastards wanted us to form the so-called Avalon of five elements battle formation! We don’t know how to! It’s obvious that this is the battle formation they used to control us after we became evil spirits!”

“Since you’re our benefactor, why can’t we discuss things properly? why do you have to control us? This is enough to show that they are guilty and afraid that we will know the truth! Therefore, they might as well turn us into evil ghosts and make us their lackeys after we lose our original hearts!”

“Vicious! Despicable! Shameless! Xu Fu and his gang members should be cut into pieces and struck by lightning. They should be sent to the 18th level of hell and never be reincarnated!”

The three million evil bone Yin ghosts let out furious roars one after another, cursing Xu Fu and all his accomplices from the depths of their souls.

“Your Majesty, ancestral fiend King, please seek justice for us ... Your Majesty, please seek revenge for us ... Your Majesty! You are our only hope ...”

Of course, shouting and cursing would not solve anything. At the end of the day, if the evil bone tribe wanted to take revenge, they would still need Chen Xiaobei’s help.

Without Chen Xiaobei’s help, the three million evil bone Yin ghosts would not even be able to hurt Xu Fu.

“Everyone, don’t worry! Xu Fu is not just your enemy! He was also the enemy of the nine Li Magus tribe and the ancient Yi tribe! These three grudges are all related to me. I will definitely make Xu Fu pay the price!”

Of course, Chen Xiaobei would not disappoint them. He said seriously, “Moreover, Xu Fu is our mortal enemy! Before I ascend to the heaven realm, Xu Fu and I are destined to have a battle to the death!”

The three million evil bone Yin ghosts heaved a sigh of relief and bowed to Chen Xiaobei. They now saw Chen Xiaobei as the hope of their entire race.

“Alright, I’m going to find my friend next!”

Chen Xiaobei took out the verdant Emperor’s divine gourd and said, “Everyone, enter my magic treasure first. I’ll take everyone out of here later! You can choose to be reincarnated or stay by my side to witness the battle when I kill Xu Fu!”

The three million evil bone Yin ghosts gave the same answer in unison. "We won't reincarnate! We must follow His Majesty. Only when we have our revenge can we die in peace! Otherwise, we will never be at peace!"

"Woof! Buzzzzzz! Yi ..."

After that, almost all three million evil bone Yin ghosts were sucked into the verdant Emperor immortal gourd.

Only an old-looking devil Yin ghost remained, refusing to enter the verdant Emperor's divine gourd.

"Why don't you go in?" Chen Xiaobei asked.

"Your Majesty, please allow me to introduce myself ..."

"This old servant is the high priest of the evil bone demon race. If you wish to save your friend and leave the endless Dead Sea, this old servant can provide you with some useful information!" The old devil Yin ghost said.

"Very good!"

Chen Xiaobei's eyes lit up. I have many questions in my mind, let's talk as we walk!"

"Yes!"

The nefarious bone high priest nodded and followed Chen Xiaobei respectfully.

After that, Chen Xiaobei gave Poseidon a look. Poseidon understood and immediately released his ethereal force to trap the nascent soul cultivators of the five old men. He then followed Chen Xiaobei.

.....

"BOOM! BOOM! Boom ..."

In the depths of this space, a series of explosions continued to ring out.

The huge impact caused the entire space to tremble.

The source of these loud noises was Emperor Jiang and a giant turtle as large as a mountain.

The giant turtle was no less than 3000 meters long. Its huge shell was like a mountain with uneven edges. It was dark and heavy, and it emitted a dark blue Yin Qi.

From a distance, it looked like an evil spirit Mountain that stood in the netherworld.

Its four legs and tail were extremely thick, and they were covered in barbed scales that seemed to be made of bronze.

Its head was raised high, and its neck and face were covered with bronze barbed scales. On its head, there was a crown-like crown with sharp and exaggerated bone spikes. It was majestic and had an extremely powerful aura!

That's right!

This giant turtle was the ancestor that the five old men had been talking about!

It was patriarch shield mountain!

“Gululu ... Gululu ...”

On the other side, Emperor Jiang’s practicing body was covered by a layer of true essence that was like water waves, and he couldn’t break away at all.

In the area covered by the waves, there was a black hole-like vortex.

It was like a wolf hunting its prey.

The dark Whirlpool was chasing after Emperor Jiang desperately.

The series of explosions was the huge movement caused by Emperor Jiang’s counterattack when he had nowhere to hide.

Although Emperor River had not been swallowed by the dark Whirlpool, he was already in a very bad state.

His true Yuan and mental energy had been greatly consumed.

The Dharmakaya was even injured in many places. It flickered as if it would collapse at any time.

Of course, this was not because Emperor River was too weak!

It was because the enemy was too powerful!

First of all, the Emperor River was enveloped by a two-star heaven immortal sealing formation. If it had been an ordinary one-star heaven immortal, he would have been swallowed by the dark vortex and become patriarch shield mountain’s delicious food.

Secondly, patriarch shield mountain had the strength of a half-step heaven immortal. When Emperor Jiang was dealing with the dark vortex, the old turtle had launched sneak attacks more than once, which had injured Emperor Jiang’s Dharmakaya in many places. If it was an ordinary peak earth immortal, he would have died 108000 times!

The last and most important point was that Emperor River had been struggling to hold on for nearly six days under such a situation!

It was already a miracle that he hadn’t been defeated, let alone won!

“Emperor River! It’s really amazing that you can hold on for so many days! It’s a pity that you’ve been sealed by my endless black hole formation. You’re destined to never be able to escape!”

Patriarch shield mountain said unhurriedly, “Right now, your only ending is to be exhausted to death! If I were you, I would choose to give up and stop this meaningless resistance! Even if you die, you’ll die an easier death!”

“Old bastard! Don’t be so full of yourself!”

Although Emperor Jiang was already very weak, he was still very domineering. "We, the Sorcerer tribe, would rather die in battle than surrender! Besides, my bro bei will be here soon. You're not far from death!"

"Bro bei?"

There was a look of disdain in shield mountain's eyes. "I'm not trying to act cool, but no one in the earth-god Realm can defeat me! If your bro bei dares to come, I'll devour him as well!"

"Is that so?"

At that moment, a figure appeared in a flash, staring coldly at patriarch shield mountain.

[Red Envelope Group of the Three Realms](#)

Chapter 3182

3182 Water-splitting magic treasure

"Bro bei! I knew it! You will definitely come!"

Di Jiang's face was full of excitement as if he had seen an oasis in the desert and Hope in the Dark night. His spirit and energy were instantly uplifted.

you are bro bei? "

Shield mountain stared at Chen Xiaobei for a long time and said, "A mere peak soul transformation trash! What right do you have to make Emperor Jiang call you big brother?"

Obviously, during the confrontation in the past six days, patriarch shield mountain had learned of Emperor Jiang's name and admired him.

Although Emperor Jiang only had the cultivation of a peak earth immortal, he had held on for six days without being defeated.

Even a true one-star heaven immortal would not be able to do this.

Although patriarch Dun Shan was bent on devouring Emperor Jiang, patriarch shield mountain actually admired Emperor Jiang very much.

And now, dijiang was addressing Chen Xiaobei as bro bei.

This made shield mountain elder feel very indignant. He was not willing to accept this. Immediately, he became very hostile towards Chen Xiaobei.

Of course, Di Jiang had absolute approval, respect, and unconditional support for Chen Xiaobei. He said, "My bro bei has so many extraordinary things about him! Just pick any one of them, and you old bastard will never be able to reach them in your entire life!"

"Hmph! I don't believe that this kid is as good as you say!"

Patriarch shield mountain growled murderously, I'll devour this kid now. Let's see what you have to say!

you old bastard! You're not even enough to fill the gaps between my bro bei's teeth! Di Jiang was a hundred percent loyal and trusted Chen Xiaobei.

Since Chen Xiaobei dared to show his face, Di Jiang believed that Chen Xiaobei would win.

The more patriarch Dun Shan heard, the angrier he became. His hostility also grew. "He's just a soul transformation cultivator. If my five sons of b * tches weren't sleeping, they wouldn't even have the chance to come here!"

"Your five sons of b * tches aren't slacking off, they're all here!" Chen Xiaobei smiled.

Poseidon brought the nascent soul cultivators of the five old men to Chen Xiaobei.

old ancestor, save me ... Save me ...

The nascent souls of the five old men couldn't wait to cry out.

"This ..."

Patriarch shield mountain was slapped in the face.

Just a moment ago, he had been calling her a soul transformation stage trash.

At this moment, the five sons of b * tches that he thought so highly of had all become prisoners. Wouldn't that be worse than little trash?

Then wouldn't he, the old ancestor, become an old waste?

"What is going on?"

Patriarch shield mountain's eyes turned cold as he asked solemnly.

The five old men gasped and quickly explained, " please calm down, old ancestor ... It's not that we're useless, it's just that that kid's strength is too strange ... We're not his match at all ...

Shield mountain became even angrier at that. He roared, "You guys are no match for them. Are those three million rotten bone watchdogs just for show? You don't know how to use it?"

The five old men acted as if their father had died and said in a sad voice, " "The evil thoughts of the three million evil bone ghosts have been purified by this brat, and they have regained their original hearts! Furthermore, this brat has the inheritance of the evil bone ancestral Demon King, and he has already tamed three million evil bone Yin ghosts!"

"What? How is this possible?" Patriarch shield mountain stood rooted to the ground as if he had been struck by lightning.

Even in his dreams, he would never have thought that things would actually develop to such a stage.

"Bro bei! Well done! I knew that you would have a way to break out of this! You have not disappointed me!" Di Jiang, on the other hand, was extremely excited and praised Chen Xiaobei.

"Break the trap? Hmph! Those three million evil bone ghosts were just watchdogs! Even if they all change sides, you can't break out of this situation!"

Patriarch shield mountain composed himself, and his aura suddenly turned gloomy. "In the earth-god Realm, no one can escape from the endless Dead Sea! Even if a one-star heaven immortal were to come, he would have to obediently accept his death!"

"Shield mountain old thief! Don't you dare be so arrogant!"

The nefarious bone high priest flew to Chen Xiaobei's side and glared at shield mountain. "The seal of the endless Dead Sea was strengthened by us, the evil bone demon race! We know how to break the formation!"

"What's going on?" Emperor Jiang asked curiously.

"It's like this!"

"old turtle shield mountain is already a half-step heavenly immortal! Chen Xiaobei explained. once he leaves this dimension, he will trigger the heavenly Tribulation!

in order to ensure the success of his tribulation, he hid here all year round and devoured experts who entered the Dead Sea by mistake to strengthen himself!

"But this is far from enough! He still needs a heaven immortal item to have the confidence to transcend the Tribulation!"

"When the evil bone Yin ghost was first sent here, it had not yet turned into an evil spirit!" Chen Xiaobei continued.

"Hence, shield mountain old turtle asked the evil bone Yin ghost to help him transfer the sealing formation of the endless Dead Sea onto his turtle shell! In other words, I'll turn his turtle shell into a two-star heaven immortal artifact!"

however, in order to fully activate the power of a two-star heaven-immortal artifact, it requires 1.5 trillion upper-grade spiritual energy, or the same amount of other energy!

in order to accumulate this huge amount of energy, shield mountain old turtle has been hiding here all this time, devouring everything of others, transforming them into energy, and storing them in his turtle shell!

Emperor Jiang immediately understood the whole situation.

It was no wonder that patriarch shield mountain only wanted to devour Emperor Jiang with the dark vortex instead of killing him.

It turned out that he wanted to turn Emperor Jiang's Dharmakaya and nascent soul into energy, which would help him stimulate the turtle shell's most powerful power.

yes," the nefarious bone high priest added. while we were helping old thief Dun Shan to shift the formation and refine the tortoiseshell, I memorized the locations of all the formation eyes. Furthermore, I've already thought of a way to crack the formation eyes!

"That's great!"

Upon hearing this, Emperor Jiang became more and more excited, and he fought even more vigorously. In this way, we will all be able to escape successfully and win a great victory!

“Hmph! They wanted to break the formation! You’re just daydreaming!”

However, patriarch shield mountain showed no fear. He said steadily, “Since you know the method to break the formation, you should also know that you need a ‘water-splitting magical treasure’ to succeed! Otherwise, your method is a fart! It’s completely meaningless!”

The nefarious bone high priest smiled coldly and said, “Originally, I didn’t have a water-dividing magical treasure, but coincidentally, our Emperor has one in his hands!

How ... How is this possible?! Patriarch shield mountain’s expression changed drastically. “How could there be such a coincidence in this world!”

“As the saying goes, there’s no story without coincidences!”

hehe! Chen Xiaobei smiled evilly. The endless Dead Sea is a forbidden place for others, but I happen to be holding the key to break out of this!

[Red Envelope Group of the Three Realms](#)

Chapter 3183

3183 The cycle of cause and effect

“This patriarch doesn’t believe it! You must be lying! You want to scare me?”

Shield mountain did not believe Chen Xiaobei and the nefarious bones high priest’s words so easily.

After all, the seal of the endless Dead Sea had existed for trillions of years. No living being had ever been able to leave alive.

Even though Chen Xiaobei had told the high priest everything he knew, there was no proof. In the end, they would have to show the truth in their hands!

endless black hole!!!

With a roar, shield mountain activated the second seal, which was aimed at Chen Xiaobei and the others.

This sealing formation was called the “endless black hole formation”. However, the first thing that appeared was not a black hole.

Instead, it was thousands of water-colored primeval essence.

“Whoosh! Whoosh! Whoosh ...”

The water-colored vital essence gathered in the air and turned into a crystal-like independent existence.

And within these water crystals, profound runes of very high levels gradually appeared.

Immediately after, true essence circulated rhythmically between these water-condensed runes, triggering the special ability of the sealing array.

Everyone knew that the foundation of a formation was seal scripts.

And the best carrier for seal scripts was a heaven and earth Treasure that was hard and had extraordinary spirituality.

Jade, gemstones, crystals, metals, and bone armor were all materials that could be used to make seal scripts.

However, in this independent space, these materials did not exist!

Logically speaking, without seal scripts as a Foundation, it was impossible to form an array.

However, he was a genius in this aspect.

He had created a secret technique that could actually condense normal water into the carrier of runes.

To an ordinary person, the quality of water was very fragile. It didn't even have a stable form, so it was impossible to draw runes.

However, after patriarch shield mountain's Secret technique, ordinary water would condense into a crystal and be carved with profound runes using true essence.

There was a downside to this type of water rune. Every time he cast it, he had to re-condense, draw, and form a formation! This was much more troublesome than carving a solid rune that could be used permanently!

However, this water-congealed rune had a great advantage! That was, even if the seal scripts were broken, they could be re-condensed with water. This was something that solid seal scripts couldn't do!

This way, outsiders would not be able to break the formation by destroying the seal scripts and the formation's eye!

And the level of this great array had reached the two-star heaven immortal level. Even if it did not use its full power, it was already an invincible existence in the earth immortal world.

If an outsider couldn't break the runes and the formation eye, and didn't have the power higher than a two-star heaven immortal, they could only be trapped by the formation like Emperor Jiang until all their power was exhausted and they were completely swallowed by the black hole.

This was why patriarch shield mountain was so confident and claimed that no one in the earth-god World could defeat him.

However, everything had its weakness. The five elements had their counterforce, and everything had its weakness.

Even though shield mountain's water-congealed runes were extremely profound, there was one thing he feared the most-treasures that could split water.

The key point of a water congealing rune was the word 'congealing'.

As for the water-dividing magic treasure, it could stop the water from condensing and thus prevent the runes from forming. The formation would then be unable to operate.

This was the method that the nefarious bone high priest had told Chen Xiaobei.

“Swish!”

Just as the core of the formation was about to be formed, Chen Xiaobei took out a golden trident!

That’s right!

This was Poseidon’s original weapon, the sea god Trident!

When the nefarious bone high priest told Chen Xiaobei that he needed a water-splitting magical treasure, Chen Xiaobei had a headache.

Unexpectedly, Poseidon jumped out and told Chen Xiaobei that his sea God’s Trident was a magical treasure that could split water.

If not, why would they say that no coincidence could make a story?

Back when Grand deity Zhen Yuan guided Chen Xiaobei to the endless Dead Sea, he had told Chen Xiaobei that there were opportunities in the endless Dead Sea, but there were also deadly dangers.

If Chen Xiaobei could overcome the danger, he would be able to obtain the opportunity.

But if he could not overcome the danger, Chen Xiaobei would be trapped in the endless Dead Sea.

Obviously, Zhen Yuan Grand deity was not trying to scare Chen Xiaobei!

If Chen Xiaobei did not have the evil bones ancestral Demon King’s aura, he would not have been able to get the evil bones high priest’s help, and he would not have been able to find a way to break the formation. He would have died!

On top of that, if Chen Xiaobei did not capture Poseidon first, he would not be able to get the sea god’s Trident. Even if he knew how to break the formation, it would be useless. He would still die!

That was why the Grand deity Zhen Yuan had said that Chen Xiaobei might be trapped in the endless Dead Sea.

However, what Grand deity Zhen Yuan did not know was that Chen Xiaobei had done something else before he came to the endless Dead Sea! He had actually obtained two golden keys to open the endless Dead Sea by chance!

Those were the bones of the evil bone ancestral Demon King and Poseidon’s sea god Trident!

This was called man proposes, but God disposes!

In other people’s eyes, it was a sure-death situation, but in Chen Xiaobei’s eyes, it was a living situation!

Of course, this was not just because Chen Xiaobei was lucky!

This was mainly because Chen Xiaobei’s Dao heart was firm. He could distinguish between good and evil, and he held fast to his morals!

If Chen Xiaobei had not spared Poseidon's life, the sea god's Trident would have been melted into a furnace! Even if he did not refine it, Chen Xiaobei would not have known that this magical treasure had the water-splitting ability.

If Chen Xiaobei did not care about the Emperor river's safety, did not care about the evil bones ancestral Demon King's good cause, and did not want to convert the evil bones demon, why would he risk his life to enter this dimension? How could he subdue three million evil bone Yin ghosts? How could he get help from the rotten bones high priest?

If Chen Xiaobei had been an ungrateful person who had killed so many innocent people and lost any of the 'keys', he would have been trapped here forever!

Therefore, in the cycle of good and evil, karma would bring about retribution!

Even though the heavenly Dao was not as noble as it seemed on the surface.

But Chen Xiaobei firmly believed that justice and kindness were above the heavenly Dao.

Even if the heavenly Dao was really replaced by the demonic Dao in the future, good, evil, and justice would still exist in the world.

"Creak!"

The sea god's Trident suddenly swept past!

At the core of the array, the most important water rune was destroyed!

"Gululu ... Gululu ..."

In the distance, patriarch shield mountain tried his best to cast a spell, but he could no longer reform the core array eye.

Without a core array eye, the array would not be able to function, much less activate its sealing ability.

"I didn't expect that you would really bring a water-splitting formation!"

Patriarch shield mountain was slapped in the face again, but it was clear that this was not enough to completely defeat him."But do you think that you can escape the endless Dead Sea with this magic treasure? Stop dreaming! Don't even think about leaving this place in this lifetime!"

[Red Envelope Group of the Three Realms](#)

Chapter 3184: cowardly turtle

Although Chen Xiaobei could break the water rune with the sea god's Trident and completely break the endless black hole formation, he could not do anything about it.

However, patriarch shield mountain had already been cautious. He had shifted the entire formation that sealed the endless Dead Sea to his mountain-like tortoiseshell.

Firstly, it was to use the tortoiseshell to pass the Tribulation and ascend.

Secondly, it was to prevent people from entering the endless Dead Sea with a water-splitting magic treasure.

This meant that even though Chen Xiaobei could destroy the water rune, he would still need to destroy shield mountain's turtle shell to get out of the endless Dead Sea.

"You little brat! Although you have many coincidences that make it impossible for me to seal you! However, as long as I don't lose, the formation that covers the endless Dead Sea won't collapse. None of you will be able to escape! In the end, you'll still die!"

Patriarch shield mountain's eyes were cold. He gave up on forming the formation, but his fighting spirit was gradually boiling.

Shield mountain no longer intended to seal Chen Xiaobei. He wanted to use his own combat power to crush and kill Chen Xiaobei.

"Woof! Buzzzzzz! Yi ..."

Chen Xiaobei did not waste any more time with shield mountain. He charged forward, swung the sea god's Trident, and destroyed the magical formation that was trapping Emperor River.

"Bro bei ..."

Emperor Jiang's practicing body was very weak, but he was saved at last.

don't speak. Return to your physical body. It's more important to adjust your breathing and heal your injuries!

Chen Xiaobei immediately took out Di Jiang's body.

"Swish!"

Emperor Jiang's practicing body returned to his physical body. He grinned and said, "bro bei, don't worry. Although my practicing body is injured, my physical body is fine. Even if I go into battle, my defense will still be at its peak!

Obviously, the physical body and the Dharma body were two layers of armor that protected the nascent soul.

The defense of the two layers of armor was equal, but the point was that the two would take damage separately and not both would be damaged.

In other words, Emperor Jiang had only consumed a lot of his true essence and spiritual power, but his physical defense and strength were still in their best state.

Even if he continued to fight, it would definitely not be a problem.

"Good! You eat these pills! It has a recovery effect on mental energy and true Qi!"

Chen Xiaobei then took out a bunch of pills that he had taken from his enemies. He gave them to Di Jiang without counting them.

Chen Xiaobei would never be stingy with his brothers.

Emperor Jiang didn't hesitate. He ate all the pills as if they were candy.

As the medicine took effect, Di Jiang's ethereal force and mental power started to recover. Although it would be difficult to recover to his peak condition, he could definitely fight alongside Chen Xiaobei.

"Are you all ready? Don't say that I'm bullying you! When you're ready, I'll make my move!"

Shield mountain patriarch was a half-step sky immortal after all. He was very confident in his own strength. He was not afraid of Chen Xiaobei and Di Jiang at all. There was no need for him to attack while Di Jiang was healing.

"You can make your move at any time!"

Chen Xiaobei and Di Jiang were not petty people. They did not need shield mountain's help.

The two of them stepped forward side by side and faced off patriarch shield mountain's terrifying might.

"Hmph, two reckless fools! Don't you know that I'm a half-step heaven immortal? Even if you join forces, you won't be my match!"

Shield mountain patriarch thought that Chen Xiaobei and Di Jiang would be cautious and careful, but he did not expect them to be so bold and domineering.

Shield mountain even felt that he, a half-step sky immortal, was like a piece of paper in the eyes of Chen Xiaobei and Di Jiang.

"How dare you look down on me!"

Patriarch shield mountain was very displeased. He roared, "I'll use my strongest attack to let you know how powerful I am. I'll make you pay the most painful price for underestimating me!"

As soon as he said that, the five nascent soul cultivators who were imprisoned in the distance all laughed out loud, "Ignorant humans, you have successfully angered our ancestor! What awaits you next is the most terrifying, brutal, and merciless slaughter! Prepare to face despair! Hahaha ..."

"Clang"

But Chen Xiaobei did not say anything and immediately used the Dragon's edge.

At the same time, he took out the 30 billion upper spiritual stones that Tenshou and Poseidon had brought. After crushing them, all the spiritual Qi was injected into the black blade.

is ... Is that a heaven-immortal item ...?

Patriarch shield mountain and the five old men looked as if they had seen a ghost. Their pupils shrank, their bodies trembled, and they couldn't help but scream.

"Pa! Pa! Pa ..."

Chen Xiaobei had only used the Dragon's edge, but before he even made a move, it was already like countless slaps on shield mountain and the five old men's faces!

Just a second ago, they were saying that they were going to kill Chen Xiaobei and Di Jiang, and that they were ready to face despair.

However, at this moment, their faces were filled with despair.

Although shield mountain was already a half-step heaven immortal, he was still half a step away from becoming a true heaven immortal!

In terms of cultivation, this was still a gap of a major realm! In terms of level, it was still the difference between a human and an immortal!

In the face of the demonic Dragon tribulation, patriarch shield mountain had no way of resisting.

“Woof! Buzzzzzz! Yi ...”

To Chen Xiaobei and Di Jiang’s surprise, shield mountain’s patriarch, who had just sworn to use his strongest attack, had now turned into a coward!

That’s right!

It was really shrinking its head!

Before Chen Xiaobei could say anything, shield mountain had already retracted his head, limbs, and tail into the mountain-like turtle shell!

“Old bastard! You’re too cowardly!”

Emperor Jiang looked down on shield mountain from the bottom of his heart.

“Oh?”

Inside the turtle shell, patriarch shield mountain said with conviction, you have heaven immortal items in your hands. If I still want to fight you head-on, I’m not brave, I’m stupid!

“Do you think we can’t do anything to you just because you’re hiding in your turtle shell?” Emperor Jiang said unhappily.

“That’s right! You just can’t do anything to me!”

After shrinking back into his turtle shell, patriarch shield mountain became arrogant again. my tortoiseshell has been baptized by spiritual Qi for trillions of years and refined by trillions of living souls. It has long grown to the hardness of a nine-star celestial immortal item!

“As long as I hide in my turtle shell, I’ll be invincible! If you can even scratch the surface of my skin, I’ll admit defeat!”

this ... Emperor Jiang frowned. He looked at the huge tortoiseshell, which was like a mountain in the ghost realm, but he couldn’t do anything.

Even the rotten bones high priest and Poseidon had ugly expressions on their faces. this old bastard is a scoundrel ... Even if he hides for his entire life, we can’t do anything to him ... In terms of lifespan, none of us can outlive him ...

Suddenly, Chen Xiaobei smiled evilly and said, “Who said I can’t deal with him?”

Red Envelope Group of the Three Realms

Chapter 3185

3185 Underworld mountain armor

“Hmph! You brat, keep acting tough! If you can break my underworld mountain armor, I’ll chop my head off and let you kick it around like a ball!”

There was no doubt that shield mountain would not believe Chen Xiaobei’s words.

“Heh, as expected, we’re not one family!”

you’re right! Just now, your five sons of b * tches also said that they would cut off their heads for me to kick around like balls! You saw what happened!

As soon as he said that, the five nascent souls that were trapped in the distance all showed extremely embarrassed expressions.

Before they made the bet with Chen Xiaobei, they were all very confident.

And the result?

Even if the five of them went back on their word, they would not be able to defeat Chen Xiaobei. In the end, Chen Xiaobei crushed their bodies and turned their heads into minced meat.

“Hmph! How can those five bastards compare to me?”

Shield mountain said disdainfully, aside from its combat power, my turtle shell is not only a nine-star heavenly immortal item, but it’s also been strengthened by a secret technique of the evil bone demon race. It has an unrivaled defense in the earth-god Realm!

It was clear that the evil bone demon race had been imprisoned in the endless Dead Sea for an extremely long time.

Back then, patriarch shield mountain had used the evil bone demon race to transfer the sealing formation of the endless Dead Sea onto his turtle shell.

At the same time, he had also used a secret technique of the evil bone demons to strengthen the shell.

Because of this, the tortoise shell that was as large as a mountain, other than its sharp edges, thick and hard, it also emitted a dark blue Yin light.

And these Yin lights were definitely not simple.

The independent space of the endless Dead Sea probably already existed before the destruction of the chaos continent.

Over the years, billions of lives have been lost in the endless Dead Sea.

And the law of six paths of reincarnation in the earth realm could not restrict the independent space that was isolated from the world.

As a result, he took control of the billions of souls and Yin ghosts, turning them into offerings and energy to strengthen his tortoiseshell.

What the evil bone demons were most skilled at was using bones to forge weapons and use bones to form formations.

Hence, over the years, patriarch shield mountain's tortoiseshell had refined trillions of living souls and was strengthened by the evil bones, greatly increasing its defensive power.

Even if Chen Xiaobei was given a nine-star heaven-immortal item of the same grade, he would not be able to see through shield mountain patriarch's turtle shell.

This was the underworld mountain armor that patriarch shield mountain had just mentioned!

Just from the name, one could tell that patriarch shield mountain hoped to refine his tortoiseshell into an extremely powerful defensive magical treasure.

However, the current generation of the evil bone demons had already fallen to the human world and were unable to master the forging skills of a heavenly demon. As such, they could only barely strengthen the tortoiseshell.

If it had been the evil bone ancestral fiend King, he would probably have been able to transform patriarch shield mountain's tortoiseshell into a peak heaven immortal artifact that was infinitely close to a divine artifact.

From this, it could be seen that this tortoise shell, known as the underworld mountain armor, was truly powerful!

Even Emperor Jiang was helpless!

Even Poseidon and the rotten bones high priest could not believe that Chen Xiaobei could break the underworld mountain armor.

Of course, Di Jiang's experience was far better than these ordinary people's. After a short hesitation, he immediately guessed Chen Xiaobei's intention.

bro bei, are you planning to use this ...

Emperor Jiang's tightly furrowed brows relaxed. He smiled and said, "It'll definitely work, but I'm afraid it'll be difficult to preserve the turtle shell in perfect condition!"

"That's simple."

Chen Xiaobei was also smiling as if he had succeeded. the formation is on the turtle's back. I just need to break the turtle shell on his abdomen and I'll be able to deal with him!

"You two are too naive!"

Patriarch shield mountain barked unhappily, "I'm not trying to act cool! Even in the heaven realm, I'll be invincible in front of most low-level heaven Immortals! You're just a soul transformation stage trash, and you have a low-rank heaven immortal artifact! Don't even think about hurting me!"

“If you don’t believe me, then wash your neck and wait. I will naturally cut off your head!” Chen Xiaobei was too lazy to waste his breath and was ready to fight.

“Swish!”

The four-winged Buddhist fiend rushed out and flew toward patriarch shield mountain.

This time, Chen Xiaobei did not use stepping on pinnacle. However, he had hidden a trump card in one of his Dharmakaya’s claws.

“Yinian! Heaven-severing!”

When he was at a suitable distance, Chen Xiaobei used his primordial spirit to attack.

It was obvious that this was the most direct and convenient method.

This was because the heaven severing thought had reached the Saint level. Anyone below the heavenly path Saint would instantly lose their combat power if they were hit.

Of course, if they couldn’t hit the enemy, then it was meaningless.

“Idiot! Do you think I can’t move after hiding in my turtle shell?”

Shield mountain laughed coldly, full of contempt and disdain for Chen Xiaobei. “An eight-star earth-god can abandon his flying sword and fly alone! I’m already a half-step heaven immortal, and you still want to hit me? You must be dreaming!”

“Whoosh ...”

Before he could finish his sentence, his mountain-like body suddenly burst forth with a speed that was difficult to follow with the naked eye.

With Chen Xiaobei’s current cultivation level, shield mountain’s speed was like teleportation. In a flash, he was already hundreds of meters away.

The heaven severing thought couldn’t even touch a single hair on shield mountain.

“Little trash! If this is your trump card, then you can die!”

Patriarch shield mountain’s confidence soared after he dodged the heaven severing thought.

From shield mountain’s perspective, if this was Chen Xiaobei’s only trump card, then there was no need for him to defend himself. He could just launch a counterattack!

“Whoosh ...”

In the next moment, patriarch shield mountain’s terrifying speed exploded again. “Not only can the underworld mountain armor defend, it can also be used to attack!”

Before he could finish his sentence, the mountain-like tortoiseshell was already right in front of Chen Xiaobei.

Clearly, shield mountain was trying to kill Chen Xiaobei with brute force.

After all, Chen Xiaobei was only a weak soul transformation cultivator. Even if shield mountain patriarch used all his strength, he would be able to turn Chen Xiaobei into a meat paste.

master, be careful!

Your Majesty, Dodge!!!

Poseidon and the rotten bones high priest screamed as they watched the mountain-like tortoiseshell charge at Chen Xiaobei.

“Ming Guang Pagoda!”

However, Chen Xiaobei had no intention of dodging.

As soon as he spoke, Buddhist light suddenly burst out from the four-winged Buddhist demon’s body and turned into a seven-story Pagoda with flowing lights and vibrant colors.

The stupa Pagoda shone on the heavens and revealed the most sacred swastika Buddhist seal.

Wherever the pagoda seal passed, the dark blue yin energy around the underworld mountain armor dispersed.

This was equivalent to weakening the underworld mountain armor’s defense.

“BOOM!”

But at the same time, the edge of the tortoiseshell, which was like a battle-axe, had already struck Chen Xiaobei’s body!

[Red Envelope Group of the Three Realms](#)

Chapter 3186

3186 Already won

There was no suspense!

The half-step heaven immortal’s power sent Chen Xiaobei flying hundreds of meters away, cracking the ground and even shaking the entire space.

“Hahaha ... You’re indeed a little trash!”

Patriarch shield mountain laughed smugly. “I only used 60% of my power, and you’ve already been defeated! You’re already so weak, yet you still have the face to act tough! It was really too funny! Hahaha ...”

“Master ... Your Majesty ...”

Poseidon and the high priest of rotten bones showed extreme despair.

In their eyes, Chen Xiaobei was only in the soul transformation stage. Without using the treading on top, he was as weak as an ant.

In the face of a half-step heaven immortal’s attack, he had no way to fight back. In fact, he would definitely die.

“Good! Good death!”

The nascent Soul Stage cultivators of the five old men were beaming with joy. They even shouted at Poseidon arrogantly, “You idiot! Why aren’t you releasing us? Your master is dead! If you don’t kneel and beg for mercy, you will die even more miserably!”

this ... Poseidon was already afraid of death. He had long wanted to kneel and beg for mercy.

But at this moment, Poseidon had a strange thought.

This thought told Poseidon that Chen Xiaobei was not an ordinary person. He had to believe in Chen Xiaobei. Chen Xiaobei would not let them down.

Poseidon had this thought because he had seen Chen Xiaobei’s power more than once. Other than fear, he also had some respect for Chen Xiaobei.

Believe in Chen Xiaobei.

This thought was actually the voice that came from the depths of Poseidon’s mind after he was subconsciously influenced.

“No! My master hasn’t lost yet!”

Poseidon composed himself and finally straightened his back. He glared at patriarch shield mountain and shouted, “Old bastard! Let’s Make a Deal! I’ll use your five sons of b * tches in exchange for my master’s safe escape!”

“Ha, Who Do You Think You Are? You think you’re qualified to negotiate with me?”

“Your master’s Dharmakaya must have been destroyed by me,” shield mountain sneered. “Even his nascent soul might have been fatally injured and could be destroyed at any time!”

“As for you, if you release my people, I’ll let you die an easy death! Otherwise, I promise you that I’ll make you wish you were dead!”

A threat!

This was a blatant threat!

As a half-step heaven immortal, patriarch shield mountain was a Supreme existence who ruled over everything in his home field.

He did not care to negotiate with Poseidon at all. He only used his own strength to crush the threat!

Either obey, or kill! There was absolutely no third option!

Domineering! Overbearing! Rude and unreasonable!

“I ...”

Poseidon was instantly speechless.

He had wanted to save Chen Xiaobei’s life through negotiation.

However, in the face of absolute power, the chips in his hands were pitifully few.

He didn't even have the right to speak, let alone negotiate.

"I'll count to three! If you don't let him go, you will bear the consequences!"

Patriarch shield mountain poked his head out of the shell. His tone was extremely gloomy, and his eyes were filled with cold killing intent. He was definitely not joking.

"I ..."

Poseidon was trembling in fear.

But this time, between fear and trust, Poseidon chose to believe in Chen Xiaobei.

"Unless you let go of my master! Otherwise, I'll die with your five sons of bitches!" Poseidon gritted his teeth and refused to give in.

"Good! Very good!" "I gave you face, but you don't want it!" Patriarch shield mountain shouted viciously. I'll let you know what it means to be better off dead!"

"Whoosh ..."

Before he could finish his sentence, he charged toward Poseidon.

"Master! I didn't let you down this time, did I ..."

Poseidon knew very well that he couldn't escape or resist. Only death awaited him. He opened his arms, closed his eyes, and waited for death to come.

Who would have thought? Such a weak and cowardly person had actually become so fearless under Chen Xiaobei's influence!

"Your performance was not bad! You are qualified to follow me!"

Chen Xiaobei's voice rang in Poseidon's ears just as he was about to die.

lonely Demon Dragon slash!!!

Of course, in addition to the sound, there was also a divine immortal level power that suddenly arrived.

"Hiss!"

In an instant, a Dragon's Roar resounded and shook the surroundings.

A gigantic Shadow Dragon Emperor suddenly charged over from hundreds of meters away.

With the speed of a divine immortal, he was dozens of times faster than patriarch shield mountain. He was able to reach Poseidon first and protect him.

"Not good! That kid is actually not crippled yet!"

Patriarch shield mountain was very cautious. He retracted his head, limbs, and tail into his turtle shell at once.

As long as he had the underworld mountain armor, he had nothing to fear from the Xiang Dragon Saber Qi.

“Woof!”

As expected, when the Xiang Dragon Saber Qi struck the underworld mountain armor, it was like the ringing of a large bell, erupting with a loud sound and trembling.

However, the surface of the underworld mountain armor didn’t show any signs of damage.

Patriarch shield mountain was hidden within, so he was unscathed.

“As expected, a heaven-immortal instrument is useless against this old bastard ...”

Both Poseidon and the high priest of rotten bones sighed helplessly. “As long as this old bastard doesn’t come out, the heaven-immortal instrument’s spiritual energy will run out sooner or later, and we’re doomed to die ...”

However, at this moment, Emperor Jiang said with a relaxed smile, “You two idiots! We’ve already won!”

“What? He had already won? This ... How is this possible?” Both Poseidon and the high priest were dumbfounded. They could not understand why Emperor Jiang would say that.

“Whoosh ...”

Before they could finish their words, a huge change occurred on the battlefield!

The dark Dragon Calabash’s saber Qi slashed upward, flipping patriarch shield mountain over. He was now lying on his stomach.

“Swish!”

In the next moment, the four-winged Buddhist fiend rushed over with the Tribulation of the demonic Dragon.

A pair of demonic claws clenched the hilt of the saber and pointed the blade downward at the tortoiseshell on the side of patriarch shield mountain’s stomach.

“You’re an idiot!”

“It’s just a low-rank heaven immortal artifact,” patriarch shield mountain sneered disdainfully, “it’s more like a tickle to me! You’re actually so serious and hardworking? You’re really hopelessly stupid!”

“Clang!!!”

However, before patriarch shield mountain could finish his sentence, the four-winged Buddhist fiend’s Dharma idol had already grasped the demonic Dragon’s tribulation tightly with both hands and stabbed the tortoiseshell on his abdomen.

Except for Emperor Jiang, no one could have imagined that the Tribulation of the demonic Dragon would pierce through the tortoiseshell directly!

The Xiang Dragon Saber Qi flowed into the saber and began to slaughter patriarch shield mountain's fragile body that was hidden under his turtle shell!

Red Envelope Group of the Three Realms

Chapter 3187: destroying the body

how ... How is this possible?!

Seeing this, Poseidon, the high priest, and the nascent Soul Stage cultivators of the five old men were all dumbfounded. They could not believe their eyes.

how could this be!!!

The nascent souls of the five old men couldn't help but exclaim, "That brat's first saber Qi struck the underworld mountain armor, but it didn't even leave a mark! Why was this blade able to pierce through the underworld mountain armor? This is completely inexplicable ..."

"Your Majesty is truly incredible!"

The nefarious bone high priest was also shocked, and his three views were refreshed countless times."Shield mountain's underworld mountain armor was strengthened by me and my men. It's strong enough to resist a nine-star heaven immortal artifact of the same level! But His Majesty used a low-grade heaven immortal artifact to pierce through the underworld mountain armor ... If I hadn't seen it with my own eyes, I wouldn't have believed it even if you beat me to death ..."

"Master ... You're not human! It's a God!"

Obviously, Poseidon was the most excited, shocked, and idolized Chen Xiaobei the most!

Poseidon's life was hanging by a thread, but Chen Xiaobei had managed to save him from the jaws of death!

More importantly, Chen Xiaobei's saber had pierced through the underworld mountain armor!

This was patriarch shield mountain's absolute trump card. Once the underworld mountain armor was broken, patriarch shield mountain would no longer be able to withstand the demonic Dragon tribulation and would be defeated without a doubt!

And all of this was Chen Xiaobei's credit!

Poseidon's admiration for Chen Xiaobei was like a raging river that could not be stopped.

From this moment on, even without the demonic god tribulation curse, Poseidon was willing to follow Chen Xiaobei with all his heart.

That was because Poseidon knew that Chen Xiaobei had an extraordinary Foundation and a bright future ahead of him!

Following and pledging loyalty to Chen Xiaobei was definitely the best choice he could make. It might even be the greatest opportunity that Poseidon would ever get in his life.

As long as Chen Xiaobei did not die, Poseidon would have the chance to rise from the Dragon and follow Chen Xiaobei to an unprecedented height, where he would enjoy the highest glory and the respect of all living beings.

Among the crowd, only Di Jiang was calm because he had already seen through everything. From the beginning, he had absolute trust in Chen Xiaobei. He had never doubted that Chen Xiaobei would lose. He was not worried, and he was not shocked.

“Uh ...”

Sure enough, patriarch shield mountain suddenly let out a wail. His head, limbs, and tail, which had retracted into his turtle shell, sprung out like a spring. They were stretched straight and trembling.

His eyes were filled with pain, and blood was flowing out of his mouth.

Whoosh ... Whoosh ...

That was because, at this moment, the demonic Dragon's edge had pierced through patriarch shield mountain's tortoiseshell. The dark Dragon Dagger had entered the tortoiseshell along the blade.

Although shield mountain's turtle shell was extremely tough, the body within it was rather fragile.

The dark Dragon Armor was condensed from the demonic Dragon tribulation's saber Qi. Wherever it passed, it was as if countless sharp blades were cutting and stirring patriarch shield mountain's body.

In just a short moment, the body inside the turtle shell had been cut into pieces.

On the surface, patriarch shield mountain seemed to have only suffered minor internal injuries. In reality, only he knew that all his internal organs, muscles, and bones had been sliced apart. He had long since become a pile of broken flesh.

“Whoosh ...”

With his soul completely destroyed, shield mountain's nascent soul had no choice but to abandon his body and escape.

Otherwise, if his Dharmakaya was destroyed by the Xiang Dragon Saber Qi, he would be dead without a doubt. He wouldn't even have the chance to escape.

Shield mountain's dharma body and nascent soul were similar to his true form.

In comparison, his five sons of b * tches had already taken on human forms.

One had to know that whether a demonic beast could transform or not had no direct relationship with their cultivation. The main thing was how high the bloodline of the demonic beast was.

The rarer and higher level the immortal beast or divine beast, the more difficult it was to take human form.

From this, it could be seen that this old bastard's true form was most likely a high-grade immortal beast, or he had the bloodline of a high-grade immortal beast.

Of course, no matter how powerful the old bastard's original form was, he still lost to Chen Xiaobei.

Now that shield mountain's avatar and nascent soul had escaped, his huge physical body had become an ownerless corpse.

Chen Xiaobei then kept the body into his infinite space ring.

After the giant turtle's corpse disappeared, a little golden beetle appeared in the demonic claw of the four-winged Buddhist fiend.

The little bug's golden armor was extremely sharp, as if it was wearing a miniature set of armor. It was majestic and handsome.

On its back, there was a pair of translucent cicada wings that glowed with spiritual light. It was definitely not something that ordinary demonic beasts could compare to.

That's right!

This little golden-shelled insect was Xiao 'er, the twelve-winged Golden Cicada who had already grown a pair of wings!

"Bro bei! "I haven't had enough yet ..." The waiter smacked his lips, his tone full of reluctance and reluctance.

"I'll eat it slowly when I get back." you've done a great job this time! I'll reward you handsomely when we get back to bei Xuan faction! Chen Xiaobei said with a smile.

"Yay!"

In front of Chen Xiaobei, Xiao 'er was always like a child. He was easily satisfied, so he was happy to receive Chen Xiaobei's praise and reward.

Shield mountain's Dharmakaya was shocked. He looked at Xiao 'er, then at Chen Xiaobei and said, " my underworld mountain armor was broken by this little bug???"

"That's right!"

you've already lost. I'm not afraid to tell you that the reason I used the pagoda seal to dispel the living soul Yin Qi was to send Xiao 'er to you!

"What ... What kind of insect is it? "It can actually bite through nine-star celestial immortal items ..." Patriarch shield mountain was dumbfounded.

In the distance, Poseidon and the high priest were even more dumbfounded. They felt like they were listening to a fantasy story and could not believe it was real.

At this moment, only Emperor Jiang knew what had happened, and his smile was as calm as ever.

"This is a twelve-winged Golden Cicada!" Chen Xiaobei said. Within the Three Realms and six paths, there's nothing below the heavenly path Sage that it can't bite!"

how ... How is this possible?!

Patriarch shield mountain's expression contorted. He could not accept or believe the result. "I don't understand ... How did you do it? Why didn't I kill you just now? Why do you have such a divine insect? Why?"

"Why?"

because of a mysterious existence called the Three Realms red envelope group. Are you satisfied with this explanation?" Chen Xiaobei grinned.

"What?" "Three realms?" patriarch shield mountain was dumbfounded. Red envelope group? What the hell is that?"

[Red Envelope Group of the Three Realms](#)

Chapter 3188

3188 Giant spirit vein

Xiao 'er, Dragon's edge, and most of Chen Xiaobei's trump cards were all from the Three Realms red envelope group.

Of course, patriarch shield mountain did not know what the red envelope group meant. He was naturally dumbfounded and could not figure it out.

Chen Xiaobei did not mention the red envelope group to explain anything to shield mountain.

It was because Chen Xiaobei's series of schemes were closely related to the Three Realms red envelope group.

First, the master-protecting puppet had managed to block patriarch shield mountain's attack, which should have been lethal, since he had not used his full strength.

Next, Chen Xiaobei let out Xiao 'er and bit a small crack in shield mountain's turtle shell.

Finally, Chen Xiaobei activated the demonic Dragon's Edge's divine-immortal level power. The sharp edge of the blade, combined with the weakening effect of the black Thunder of Nirvana, went through the crack that Xiao 'er had made on the turtle shell.

With these three steps, the heavenly immortal-grade Xiang Dragon Saber Qi was finally injected into patriarch shield mountain's body.

Although the old turtle's shell defense was invincible, the body inside was only at the half-step heaven immortal realm. It was completely crushed by the Xiang Dragon Saber Qi.

you don't have to stare at me. I won't explain to you the secret of the Three Realms red envelope group.

Chen Xiaobei shrugged and said, "You only have two choices now. One is that you obediently submit to me and become my loyal dog! The second is that my Dharmakaya was shattered by my heaven immortal item, my nascent soul was injured, and I forced him to be my loyal dog!"

this ... patriarch shield mountain's expression turned even more contorted. He was filled with regret.

As long as shield mountain's patriarch remained on high alert, with his half-step heaven immortal's super speed, he would not be able to get close to Chen Xiaobei and he would be killed sooner or later.

However, Chen Xiaobei had used the heaven severing thought to show weakness, making shield mountain patriarch think that he had a chance to kill Chen Xiaobei.

It was also an illusion that had caused the death of patriarch shield mountain.

The old bastard's counterattack gave Chen Xiaobei the opportunity to send Xiao 'er to him, opening up a fatal opening for the Dragon's edge to penetrate the turtle shell.

Of course, the battle had already been decided. There was no point in patriarch shield mountain regretting his decision.

"Don't blame me for not warning you!"

I don't know! Chen Xiaobei said. if I use my heaven-immortal instrument, I might not be able to control my strength well. If I destroy your soul, not only will you die, you will also lose the chance to reincarnate!

this ... patriarch shield mountain's avatar trembled as he felt extreme fear.

This old bastard had been hiding in the endless Dead Sea for trillions of years. He was like a super otaku and had never taken a step out.

To put it bluntly, he was afraid of death.

Even though he had already reached the half-step heaven immortal realm and possessed the underworld mountain armor, which was invincible in the earth immortal world, he still didn't dare to leave the independent space.

To put it bluntly, he was still afraid of death.

He was so afraid of even a normal death! If his soul was destroyed and he didn't even have the chance to reincarnate, he would definitely be scared out of his wits!

"I ... No, I'm willing to be your loyal dog ..."

Shield mountain turned into a dog, a loyal dog that would only be 100% loyal to Chen Xiaobei from now on.

"Very good!"

Chen Xiaobei then used the demonic god tribulation curse to buy a curse seed from shield mountain's nascent soul.

From now on, if shield mountain had the slightest thought of betraying Chen Xiaobei, this seed would become the most fatal curse. It would disintegrate shield mountain's nascent soul from the inside, completely destroying his soul!

"What do you five say?"

After that, Chen Xiaobei looked at the nascent souls of the five old men and asked, "To be my loyal dog? Or go to hell?"

"We're willing to be your loyal dogs! I'm more than willing! I'm more than willing ..."

The five old men nodded their heads like chicks pecking at rice. Even their ancestor had surrendered to them, so how could they still dare to act tough in front of Chen Xiaobei? That would simply be courting death! Seeking death!

After that, Chen Xiaobei used the demonic god tribulation curse to control the five old men.

The underworld mountain armor that sealed the endless Dead Sea was now in Chen Xiaobei's pocket. Shield mountain patriarch and the five old turtles, who secretly controlled the endless Dead Sea, had also been subdued by Chen Xiaobei.

From this moment on, the seven forbidden grounds of the earth-god Realm became five.

Just like the dark Dragon tomb, the endless Dead Sea would return to its normal state.

"From what I know, there is a large spiritual vein that has no owner in the endless Dead Sea!"

The moment the four-winged Buddhist demon's body returned to his physical body, Chen Xiaobei asked, "Tell me, where is the spirit vein?"

that spirit vein is right where I was just lying down ...

Shield mountain's nascent soul flew over and said, I've been suppressing the spirit energy in this spirit vein all this time, and I've not used it at all ... I originally wanted to save it for my Ascension, but now ... Now it's time to offer it to master ...

It was clear that patriarch shield mountain's voice was filled with hesitation. He was very reluctant to part with the spirit vein.

Initially, shield mountain had used the evil bone demons and a trillion living souls to forge his tortoiseshell into a two-star heaven immortal artifact.

When he had accumulated 1.5 trillion upper spiritual Qi to activate his power once, he would leave the endless Dead Sea, transcend the Tribulation, and ascend.

This spirit vein had been suppressed by patriarch shield mountain for a trillion years, and he had never been willing to use the spirit Qi inside.

But now that shield mountain was defeated, the spiritual vein that had been accumulated for billions of years was now Chen Xiaobei's.

Shield mountain was under the control of the demonic god tribulation curse. Although he did not dare to resist Chen Xiaobei, he still had his own heart. Naturally, he was very reluctant to let Chen Xiaobei go. It felt like he was going to cut off a piece of his flesh and give him a pound of blood.

Of course, compared to his life, he was more willing to cut himself.

Whoosh ... Whoosh ...

Patriarch shield mountain's avatar flew to the core of the spirit vein and removed the invisible force.

In an instant, a massive amount of spiritual Qi gushed out.

"Such abundant spiritual Qi!"

Chen Xiaobei and Di Jiang gasped in surprise.

Emperor Jiang half-squatted and covered the ground with his palm. After sensing for a moment, he was even more surprised. This spiritual vein has been suppressed for trillions of years, and not a single trace of spiritual energy has leaked out. Over the years, it has actually become a giant spiritual vein!

"What? A giant spiritual vein?"

Chen Xiaobei was equally surprised. He had thought that he would only get one large spiritual vein, but he did not expect it to become a giant one.

How much spiritual energy is inside for it to be considered a giant spiritual vein?" Chen Xiaobei asked impatiently.

[Red Envelope Group of the Three Realms](#)

Chapter 3189

3189 Bestowing a physical body

The spiritual Qi of a giant spiritual vein is equivalent to ten large spiritual veins, which is 300 billion upper spiritual stones!

Di Jiang smiled and said, "Bro Bei, you've really gotten yourself a surprise this time! You won't have to worry about spirit stones for a long time after this!"

"What? Three hundred billion?"

Not only Chen Xiaobei, but everyone in the room was shocked.

The spiritual Qi in the earth-god Realm was not as abundant as that in the immortal realm. Before this, there had never been a giant spiritual vein in the earth-god Realm.

Even the headquarters of Tianji city, which was the most powerful among the peak forces, only controlled three large spirit veins. It was far from being comparable to a giant spirit vein.

Chen Xiaobei's only hope was for a large spiritual vein. He did not expect it to become a giant spiritual vein.

This surprise was so unexpected that Chen Xiaobei was overjoyed.

Whoosh ... Whoosh ... Whoosh ...

A large amount of spiritual Qi started to leak out. In order not to waste it, Chen Xiaobei immediately took out a few of his trump cards.

First of all, the Tribulation of the demonic Dragon had absorbed 90 billion upper spiritual Qi.

Next, the earth escape immortal puppet absorbed sixty billion, and the Ninesuns Sky Net absorbed sixty billion.

In the end, the remaining 90 billion high-grade spiritual Qi was all absorbed into Chen Xiaobei's Meru space.

As Di Jiang had said, Chen Xiaobei would not have to worry about spiritual energy for a long time.

Of course, earning spiritual stones and spiritual Qi was still one of Chen Xiaobei's most important tasks.

After all, other than these trump cards, Chen Xiaobei still needed to use spiritual stones for many other things.

The higher one's cultivation was, the more spirit Qi would be consumed for cultivation.

In addition, the underworld mountain armor, the Yin Yang life and death Ring, and the new magical treasures to be forged in the future also required a huge amount of spiritual Qi.

Because of that, even if Chen Xiaobei was rich, he could not stop making money.

He had to seize every opportunity to find as many spiritual veins as possible and earn spiritual stones. Only in this way could he ensure that he would continue to improve and be in his best condition, unafraid of any challenge from his enemies.

Alright, this matter is over. We can leave now!

Chen Xiaobei packed his things and prepared to lead the group away.

"Master, please wait ..."

Shield Mountain quickly stopped Chen Xiaobei and said, "Master, don't forget that my cultivation base has already reached the half-step heaven immortal realm. Once I leave this independent space, I'll be rejected by the laws of the human world and immediately trigger the heavenly Tribulation ..."

"And US ..."

The five old turtles also said, "Our physical bodies and dharmakayas are all destroyed. Our nascent souls are too fragile. If we leave the endless Dead Sea like this, I'm afraid that not only will we not be of any help to master, our nascent souls might even be damaged and our souls might be destroyed ..."

"This is simple!"

Chen Xiaobei took out the bodies of six peak earth-god level cultivators from the Meru space.

These six corporeal bodies belonged to Monk Quhua, Arhat Hongfu, Monk Tianyun, Liu Pu, Gou Zhang, and Deng Zhong of the clan of enlightenment.

Not long ago, Chen Xiaobei was surrounded by four forces in Donghai.

After defeating the enemy, Chen Xiaobei snatched a Meru dimension from Deng Zhong of the clan of enlightenment. In that dimension, there were twenty peak earth level deities 'bodies.

Chen Xiaobei wanted to save the body of the demonic sect's nine-headed bug for six-eared macaque.

Other than that, Chen Xiaobei would also keep the physical bodies of the Wugu tribe for the time being. If there was a chance to form an alliance with the tribe, these physical bodies would be Chen Xiaobei's gift to them.

As for the remaining 14 bodies, Chen Xiaobei could use them as he pleased.

"Whoosh! Whoosh! Whoosh ..."

At that moment, shield mountain's dharma body entered monk quhua's corporeal body first, while the five old turtles entered the remaining five corporeal bodies.

In such a way, they would have a brand-new body and soul. They would be able to move and fight normally, and they would not have to worry about the weakness of their nascent soul being unable to be protected effectively.

After that.

Then, Chen Xiaobei put shield mountain, the five old turtles, Poseidon, and the rotten bones high priest into the verdant Emperor's divine gourd.

The verdant Emperor's divine gourd was also an independent space. As long as patriarch shield mountain didn't come out, he didn't need to worry about the heavenly Tribulation.

"Let's go back to bei Xuan faction!"

After everything was done, Chen Xiaobei took out the returning bracelet and returned to bei Xuan faction.

The seal of the endless Dead Sea disappeared along with the underworld mountain armor. Chen Xiaobei and Di Jiang came and went as they pleased. In the blink of an eye, they were inside bei Xuan faction.

.....

Chen Xiaobei first found six-eared macaque.

He let the six-eared macaque enter the Meru space and absorbed 50 billion upper spiritual Qi.

Then, Chen Xiaobei took out the nine-headed bug's body and the heavily injured Dharmakaya and nascent soul.

Emperor Jiang used a secret technique to force the nine-headed bug's body back into its body.

Then, naturally, the six-eared macaque used its special ability and turned into the nine-headed bug.

Other than looking exactly the same, the six-eared macaque had also acquired the nine-headed bug's peak earth immortal cultivation and the Dharma body of a peak earth immortal.

of course, the most important thing was that the six-eared macaque had the nine-headed bug's ability to heal itself!

Not only could this ability save himself, it could also save people. Even though Chen Xiaobei could not use it now, it was always good to be prepared. If he used it one day, it would be a trump card that could save his life!

After the six-eared macaque transformed, the nine-headed bug no longer needed to exist.

His body would be used by Chen Xiaobei for other purposes, and his nascent soul's cultivation would be taken away by Chen Xiaobei to be given to a suitable and trustworthy bei Xuan faction disciple.

Chen Xiaobei did not stop. He asked Song Qincheng and Jiang Ziya to choose nine disciples who had been following Chen Xiaobei since earth.

During the battle of Donghai, Chen Xiaobei had annihilated five of the Buddhist faction's enemies in a fit of anger.

Chen Xiaobei had let Qin Yong of the tribe of humanity go and asked him to pass on a message to Li Shiming. Chen Xiaobei did not plan to hurt the remaining four members of the tribe of humanity for the time being.

In addition, Deng Zhong of the clan of enlightenment was also released and asked to sow discord between the demonic sect and the clan of enlightenment.

Chen Xiaobei was not going to be polite to the remaining four demonic members and five demonic sect members.

Or let Emperor Jiang use a secret method to send their severely injured Dharmakaya and Yuanying into their physical bodies.

After that, Chen Xiaobei used God's greed to steal their cultivation, Dharmakaya, and physical strength, and transferred them to the nine bei Xuan disciples.

In this way, bei Xuan faction would have nine more loyal peak earth level deities.

The nine enemies' cultivation and physical bodies were all destroyed. They were of no use to Chen Xiaobei anymore.

The nine Yin spirits had fallen into the underworld. Before the end of the Aeon span, they would not be able to be reborn and would no longer pose a threat to Chen Xiaobei.

.....

Chen Xiaobei finally had some free time after he was done with everything.

"Bro bei, what's our next step?" Emperor Jiang asked expectantly.

[Red Envelope Group of the Three Realms](#)

Chapter 3190

3190 The space expanded

next, we have three things we must do!

"First, we need to find the Imperial Sun Crystal and the Holy eternal water! Second, he had to find the time ancestor candle Jiuyin, the water ancestor Gonggong, and the fire ancestor Zhurong! Third, find a chance to figure out Xu Fu's location!"

what? ” Di Jiang was a little surprised. bro bei, you’re looking for my three brothers. You want to use their power to get the three legendary items, right? ”

“Yes, I am!”

yes! Chen Xiaobei nodded and said, ” upgrading the sunlight cache is my most important task right now! If I succeed, my cultivation and physical body will both rise rapidly! Most importantly, the blood Bodhi Divine Tree and the green Lotus seed of chaos can accelerate their growth and produce flowers and fruits!”

of course, ” Emperor Jiang said helplessly. I know the importance of upgrading the sunlight cache, but I’m afraid it won’t be easy to find my three brothers! Besides, we can’t be sure if they’re friends or foes ...”

“I know what you’re worried about! No matter if these three ancestors of sorcery are friends or foes, I promise you that I will never hurt them!”

“I will treat the witch tribe like how I treat the disciples of the tribe of severity!” Chen Xiaobei said. If they’re enemies, then capture them alive and imprison them. In the future, we’ll get rid of their contract master and return their freedom!”

“Many thanks! Thank you, bro bei!” Di Jiang heaved a sigh of relief, and at the same time, he was very grateful to Chen Xiaobei.

The twelve ancestors of sorcery were brothers of the same origin and had a deep relationship with each other.

Even if the other ancestors of sorcery had to work for the enemy now, Emperor Jiang’s affection for them would not be reduced at all.

So, Di Jiang was worried that Chen Xiaobei would go to the other ancestral witches. If they were enemies, it could lead to a deadly battle.

This was an outcome that Emperor Jiang absolutely didn’t want to see or accept.

Fortunately, Chen Xiaobei was a man who valued relationships. He could understand Di Jiang’s thoughts the most. He promised Di Jiang that he would protect the members of the witch tribe just like he would protect the disciples of the tribe of severity.

With that, Emperor Jiang had nothing to worry about and could do his best to help Chen Xiaobei find the candle Dragon, Gonggong, and Zhurong.

The three ancestors of sorcery had the ability to subdue the divine sand of time, the eternal holy water, and the sun Emperor crystal.

This was the most important step in Chen Xiaobei’s entire plan. With Di Jiang’s help, this step would be extremely smooth.

besides the three main tasks that I mentioned just now, there are some secondary things that must be done!

Chen Xiaobei added, 'find the weapon Mystic token! Find Bai Qi! To earn spirit stones! Forge my most powerful magical treasure! You can't force it, but you must always keep it in mind and never let go of an opportunity!'

"Understood!"

Emperor Jiang nodded and said, "I'll keep these things in mind." As long as there's a chance, I'll do my best to help bro bei achieve his goal!"

"I have something to ask you!" Chen Xiaobei said.

"Bro bei, please! I will tell you everything I know!" Emperor Jiang patted his chest and said.

"Aren't you the space wizard ancestor?" I want to ask you something. Is there any way to increase the size of the Sumeru space?" Chen Xiaobei asked.

it depends on what kind of space it is ... Emperor Jiang said.

Chen Xiaobei took out the blood God's deity-burning painting and said, " there's a small space in this magical treasure that can accommodate 48 blood deities and 10000 ferocious ghosts!

"Later, I used the space fusion technique to merge with a Meru space, making the original space expand by about ten times! However, the current size is still far from my goal ..."

"Taiyi and I are planning to put one billion immortal demon Warriors in the map! At the same time, the underworld mountain armor's seal, as well as the corpse tomb formation that releases the demonic essence in the demonic remains ..."

therefore, I roughly estimate that the independent space in the map needs to be expanded by at least 10000 times to be able to accommodate the things I just mentioned!

in addition, we also need to reserve some space to trap the enemy inside. Therefore, expanding the space by 10000 times is only the bottom. If there is a way, naturally, it is better to expand it as much as possible!

In fact, Chen Xiaobei's ultimate goal was to turn the blood God's deity-burning painting into a powerful magical treasure like Nuwa's Mountain river Map.

Of course, there was still a long way to go to achieve this goal.

One must know that the independent space in the " mountain river Map " included a world. Once the enemy was sucked into the map, they could be trapped to death and never be able to escape.

Chen Xiaobei's Blood God's deity-burning painting was 108000 times worse than the mountain river Map.

It was impossible for him to become fat in one bite, so he could only build it step by step, brick by tile.

"I do have a way!"

Emperor Jiang gave an affirmative answer first, then he changed the topic and said, "however, my current cultivation level is too low. If I want to expand the independent space, I will need to consume a large amount of spiritual Qi!

"Spiritual energy! Spiritual energy again!" Chen Xiaobei frowned and smiled wryly. "Money isn't everything, but you can't do anything without money ..."

indeed ... Emperor Jiang nodded and said, "For immortal cultivators, spiritual stones are money, and spiritual Qi is their lifeline! Without spiritual stones and spiritual energy, even a peerless genius would find it difficult to move!"

Chen Xiaobei sighed, collected his thoughts and asked seriously, "now, I still have 285 pieces of lower-grade spiritual Jade, and 40 billion pieces of upper-grade spiritual energy in the Meru space. How much can this expand my magical equipment space? "

one piece of inferior-grade spiritual Jade is equivalent to 100 million superior-grade spiritual Qi, so that's 68.5 billion superior-grade spiritual stones in total. "With my current cultivation, I can expand the space of the existing magic treasures by about 300 times!" Emperor Jiang said after some calculation.

only 300 times ... Chen Xiaobei was already sweating. I need ten thousand times more. That means I need at least two trillion upper spiritual stones ...

One had to know that a giant spiritual vein only had 300 billion high-grade spiritual energy! Shield mountain had been saving up for a trillion years, but he had not been able to accumulate 1.5 trillion upper-grade spiritual Qi!

But now, Chen Xiaobei needed two trillion! Just thinking about it made his scalp tingle. It was as difficult as ascending to the heavens!

a skyscraper rises from the ground. Bro bei, you don't have to be so anxious!

Di Jiang said seriously, "we can build the main frame of the magic weapon first to let the special ability take effect!" Wouldn't it be better to slowly earn spirit stones to expand the space without wasting any time?"

"Well said!"

Chen Xiaobei's eyes lit up. let my special ability take effect first. Then I'll have a new trump card! He did as he said! Let's get moving!"
