Chapter 3201: each with their own plans

“No problem! As long as you keep your promise, I can guarantee that Xiao moxue will be safe and sound!”

The eternal Heaven rend’s eyes were still squinted as he observed Chen Xiaobei’s every move. He did not miss even the slightest expression.

then, you will retreat for a hundred miles now. We will meet again here in three days! Chen Xiaobei’s state of mind was so strong that his tone was calm and his words were flawless. There was no way he would let the eternal Heaven splitter catch him.

“Good! Retreat!” The eternal Heaven rend waved his large hand, turned around, and flew back to the military camp.

Tie lingzhan, dan Guzi, and Xu mangkong followed closely behind.

Not long after, the heaven’s legacy city’s Army, which had been eyeing them covetously, began to retreat.

“Let’s go back too.” Chen Xiaobei shrugged and flew back to the city.

“Master, they won’t come back and attack us when we’re relaxed, right?” Xu gengnian’s face was filled with worry. He didn’t dare to relax completely.

“With me here, they won’t dare to attack.” Chen Xiaobei shrugged. He had already calculated everything.

It was obvious that the enemy was afraid of Chen Xiaobei, and that was why they needed three days to prepare. If they were not afraid of Chen Xiaobei, they would not even wait three minutes and would have attacked him.

That was why Chen Xiaobei was so at ease that he did not have to be on guard against any sneak attacks for the next three days.

.....

At a distance.

“Exalted Immortals,” Xu mangkong couldn’t help but ask, “should we sneak up on them while they’re resting for three days?”

“No!”

impossible! Heng tianlie immediately rejected the idea. Chen Zhufeng is a huge anomaly. Even if we have a good chance of winning, we can’t guarantee a 100% success rate!

“But if we fail, it will break the bet! We’ll lose our chance to kill Chen Zhufeng in three days!”

“I understand ...”

yes! Xu mangkong nodded. we either don't do anything or we have to kill Chen Zhufeng!

"Right!"

"What you need to do now is to gather all the forces of the hollow Jade temple and the gods 'Palace!" Heng tianlie said. Three days later, you must meet up with us! then, we will be able to crush Chen Zhufeng with absolute power! We won't give him the slightest chance to turn the tables!"

"Gather all our forces and kill Chen Zhufeng! That's a good idea!" Xu mangkong's pupils shrank and his scalp went numb. He was extremely excited just thinking about it.

"Your three clans have a total of 300 million troops! Three heaven immortal artifacts! In addition, the three of us will help!"

"Three days later, all of your divine-level instruments, divine-level battle formations, and divine-level summoning talismans will be directed at Chen Xiaobei!" Even if he's a true immortal, he'll definitely be destroyed and die without a burial place!"

"Brilliant plan! What a brilliant plan!" Xu mangkong was extremely excited. don't worry, immortal. I'll send the order to gather the Jade Palace and the gods 'Army here immediately. Chen Zhufeng will die in three days! Hahaha ..."

Heng tianlie, tie lingzhan, and dan Guzi looked at each other and smiled. They were in an extremely good mood."Three days later, when Chen Zhufeng is dead, we will be the heroes of the clan of enlightenment. The heavenly Lord Yuanshi will reward us handsomely! When we return to the heaven realm, we'll be able to get whatever we want and reach a height that we couldn't reach in our lifetime! Hahaha ..."

.....

Pure ink Royal City.

Although the enemy had temporarily retreated, the high-ranking members were still immersed in worry and anxiety.

"Although the enemy has retreated, they will definitely return in three days!"

Xuanyuan taohai's brows were tightly furrowed, and his eyes were filled with anxiety. "Moreover, the enemy in three days will definitely be even more powerful and set up an even more unsolvable death trap! How should shizun deal with this?"

"The current situation is really not in our favor!"

the enemy has three days to prepare," Feng Qingyang said. they'll definitely use all their trump cards. They'll either not attack, or they'll kill you once they do!

more importantly, once our master is defeated, the entire Xuanyuan Sacred Realm will fall!

Huo yuanba had always been calm, but now he could not sit still. "According to what Xu gengnian said, once the Xuanyuan sacred territory changes hands, the Xuanyuan sacred territory will be destroyed.

Billions of people would become the targets of the Tianji city, the hollow Jade temple, and the gods 'Palace! At that time, the people would be in dire straits! What a sin ..."

"It's all my fault ..."

Xiao chengkun's face was full of sorrow and dejection as he sighed repeatedly, "If it wasn't for my daughter, Zhufeng Zhenren wouldn't have put himself in danger! I would never push the entire Xuanyuan sacred territory to the edge of the cliff ... I'm guilty ... I deserve to die ..."

For a moment, everyone was either worried, anxious, or remorseful. The atmosphere at the scene was very heavy.

However, Chen Xiaobei acted as if nothing had happened. He kept sending text messages on his phone.

However, this time, Chen Xiaobei was not talking to his friends in the red envelope group. He was talking to song Qincheng.

"Qingcheng, did you broadcast my bet with the enemy?" How many people were in the audience? How influential would it be?

Song Qincheng, "it's already on stream!" Although time is short, I've used all the channel resources of the live broadcast platform to cover all aspects, and the number of viewers is no less than one billion! In the next three days, it would definitely spread throughout the earth-god Realm!

Chen Xiaobei: I want to let the whole earth-god World know how hypocritical, shameless, insidious and vicious these so-called Masters of justice are!

Song Qincheng, "indeed!" The so-called righteous sects of these people were all wolves in sheep's clothing! 'I'll let the world see their true colors, and they'll know that everything I've done is for the good of the world! I'm truly kind and just!

Chen Xiaobei: I'm only doing this because I hope that after three days, the world won't call me a great demon who kills without blinking!

Song Qincheng, "definitely not!" If you want to save the billions of people in the Xuanyuan sacred territory, no one will scold you even if you kill three hundred million enemies in three days!

Song Qincheng thought, "on the contrary, if the Xuanyuan sacred territory can be saved ..." Countless people will be grateful for your kindness! Even the heavenly Dao would give you a huge merit for stopping the war!

Chen Xiaobei-I hope so! Xiao chengkun had abandoned his daughter for the people of the city! In order to find trillions of citizens, I had to abandon the 300 million enemy troops. I had no other choice!

Song Qincheng, "I know you don't like to kill the innocent, but in three days, none of the people you'll kill are innocent!" If you don't kill them, they will kill you! He would bring disaster to the entire Xuanyuan sacred territory!

Chen Xiaobei: Those who should be killed must be killed! Being kind to the enemy was being cruel to one's own people!

Song Qincheng, "it's good that you've thought it through!"

Song Qincheng asked, "by the way, is that Xiao moxue really your mistress?"

Red Envelope Group of the Three Realms

Chapter 3202

3202 The final battle

Chen Xiaobei: "of course not ... I don't have a deep relationship with her. The reason I said she's my mistress is obviously to make the enemy feel at ease and gamble with me. This is just part of my plan. It's not real!"

Song Qincheng replied, "you don't have to be so nervous. I'm not jealous."

Chen Xiaobei-I'm not nervous!

Song Qincheng: "I think Xiao chengkun is a good person. Like Father, Like Daughter. Xiao moxue should be a good girl. If you like her, you can take her."

Chen Xiaobei thought, 'uh ... There's really nothing between me and Xiao moxue.'

Song Qincheng replied, "not now, but that doesn't mean there won't be in the future."

Chen Xiaobei: Why do I feel like you're deliberately bickering with me? If we don't fight for three days, you're going to tear down the roof? (Evil smile)

Song Qincheng, "you haven't hit me in months!" (Sweet)

Chen Xiaobei: You're playing with fire! I've been holding back my primal power for a long time! (Evil laugh)

Song Qincheng, "then how long do you plan to hold it in?"

Chen Xiaobei: "get your whip ready! I'll bring you on a horse when I come back!"

Song Qincheng asked, "have your tastes become so weird?" He actually wanted to play with the leather whip ... (Dislike)

Chen Xiaobei, 'uh ... My mistake!' A slip of the tongue! Get your dragon robe ready! I want to talk about life and ideals with the empress in the palace!

Song Qincheng-that's more like it! (Giggling)

Song Qincheng, "come back safely!" I'll be waiting for you! (Serious)

Chen Xiaobei: "Qingcheng, thank you for always helping me behind my back. Even at this time, you did not forget to comfort me and help me relax. It's so good to have you around! (Heartwarming)

Song Qincheng said, "it's so mushy ... Cover your phone, don't let anyone see it ..."

Chen Xiaobei:

Chen Xiaobei put away his phone and felt warm inside.

Among all his female friends, song Qincheng had been helping Chen Xiaobei since earth. Although she did not show it, her contribution was definitely the greatest in bei Xuan.

Chen Xiaobei had dominated the outside world, and his name was known everywhere.

But if song Qincheng had not kept everything in order, Chen Xiaobei's journey would not have been so smooth.

More importantly, among all his female friends, Chen Xiaobei had only done indescribable things with song Qincheng and Liu xuanxin.

After Liu xuanxin's real identity was revealed, Chen Xiaobei had almost nothing else to say to her.

Of course, it was not because Chen Xiaobei liked the new and was tired of the old. He was simply too busy.

Even though he was having an affair with Liu xuanxin, he only had time to go back to bei Xuan faction and indulge himself for a while.

Most of the time, Chen Xiaobei was working hard outside, so busy that he did not have time to rest.

That was why Chen Xiaobei had inadvertently 'neglected' song Qincheng.

If not for song Qincheng's joke, Chen Xiaobei would not have realized his mistake.

Of course, song Qincheng was not trying to fight for Chen Xiaobei's favor. She was only flirting with Chen Xiaobei so that he could relax and not be stressed out by the battle in three days.

That was why Chen Xiaobei felt so touched.

To be able to have such a woman in one's life was already an extremely lucky and blissful thing.

everyone, go back and rest. Let the soldiers guarding the city go back and rest. There's no need to hold on any longer!

Chen Xiaobei calmed himself down and became serious again.

"I ... I'm afraid that's not appropriate ..."

Xuanyuan tuohai said worriedly, "although the enemy is unlikely to launch a sneak attack, the final battle of life and death will be in three days!" Whether it's US or the soldiers, we shouldn't let down our guard!"

yes! Xiao chengkun nodded and said, " not only do we need to relax, but we also need to transfer more generals and soldiers to reinforce them as soon as possible. The battle in three days will decide the future of the entire Xuanyuan sacred territory! Heaven and hell were only separated by a thin line! We can't be careless!"

"Don't worry, I know what I'm doing."

I'm fine! Chen Xiaobei said, " you guys just have a good rest. There's no need to mobilize your troops! After three days, I will naturally be able to break out of this situation!"

“Let’s take ten thousand steps back. If even I can’t break out of this situation, what’s the point of you all guarding here? Even if all the soldiers of the Xuanyuan sacred territory are here, what’s the use?”

“This ...”

As soon as he said that, everyone was instantly speechless.

Just as Chen Xiaobei had said, there was no way they could break out of this situation. Whether they rested or not, the result would be the same.

Moreover, there was the Army of the gods ‘Palace on the West Battlefront and the Army of the Jade Mirage Palace on the South Battlefront. If Xuanyuan tuohai mobilized his troops, it would be equivalent to tearing down the east wall to repair the west wall. Moreover, repairing the west wall might not be able to stop the enemy.

Because of this, there was no point in defending, nor was there any point in dispatching troops. They might as well go home and rest.

“All of you, disperse!” Chen Xiaobei waved his hand, and the crowd dispersed.

Battle generals of all ranks and soldiers quickly returned to their homes.

After three days of battle, they could finally be reunited with their families.

Almost everyone could deeply appreciate the value of life and family, as if they had just returned from the gates of hell.

Of course, everyone knew that the only reason they were able to stay alive today was all thanks to Chen Xiaobei!

If Chen Xiaobei had not seen through Xu mankong’s plan, the heads of the 30 million Xuanyuan Warriors would have been on the ground. The lives of the billions of people would have been taken away. The entire jingmo Kingdom would have become hell on earth!

That was why everyone in the city was filled with gratitude towards Chen Xiaobei.

The number of new followers that Chen Xiaobei had started to increase rapidly.

Of course, this was only the beginning.

If Chen Xiaobei won the final battle in three days, he would save the entire Xuanyuan sacred territory. He would be regarded as a hero, a Savior, and even the only faith of the people.

At that time, both believers and merit would show an explosive growth.

But if Chen Xiaobei lost, the entire Xuanyuan sacred territory would still be divided between Tianji city, Jade Palace, and gods ‘temple.

The cruel future of exploitation, oppression, abuse, and enslavement would make everyone in the Xuanyuan sacred territory wish they were dead.

He would not even be able to save his own life of faith, let alone his followers and merit.

So, at this moment, everyone could relax and rest. Only Chen Xiaobei had to be prepared to fight to the death.

Of course, in order to make everyone feel at ease, Chen Xiaobei maintained his calm expression. "By the way, where are tai yitan and Lou Yuhong? Why haven't I seen them?"

Red Envelope Group of the Three Realms

Chapter 3203

3203 Unifying Dongsheng

I've sent the two of them out to try and find an opportunity to assassinate the core figures of the enemy.

Xuanyuan tuohai said, "second senior brother is skilled in witchcraft and Voodoo. Seventh Junior Brother is skilled in assassination. If the two of them join forces, they might be able to obtain some gains outside and relieve the pressure on our three battlefields.

"Did they get anything?" Chen Xiaobei asked.

"For now, there isn't much to gain ..."

"In order to ensure their safety, I only told them to snipe a small group of wandering enemy troops and didn't let them approach the enemy's main force," said Xuanyuan tuohai. Since master is in charge of the situation now, I'll have them return!"

"No need."

alright! Chen Xiaobei smiled. send the two of them to the headquarters of the temple of the gods and lay low nearby. I'll meet up with them in three days and take down the temple of the gods!

"Understood!" Xuanyuan taohai nodded. He took out his phone and contacted tai yitan and Lou Yuhong.

"Master, you're that confident?"

"The battle in three days has not even started yet, and you're already thinking of taking down the gods' Palace. Don't you think you're underestimating your enemy?" Feng Qingyang asked curiously.

"Three days later, I'm not only going to take down the temple of the gods, but also the Jade Palace!"

I'll be honest with you. I've already sent Di Jiang and Liu er to the Jade Palace. In three days, the temple of the gods and the Jade Palace will disappear from the earth-god Realm!

how ... How is this possible?!

Not only Feng Qingyang, but all of Chen Xiaobei's direct disciples were shocked.

"Master, you're not joking, right?" Huo yuanba was dumbfounded. He asked, "In three days, you will have the final battle with the enemy! The outcome is still unknown. How are you going to attack the Jade virtual Palace and the gods' Palace?"

"Master, aren't you being a little too hasty?" "Our top priority should be to stabilize the Xuanyuan sacred territory!" Taoist Yiru said nervously.

“Yup ...”

Even Wu aofeng, who had always been a carefree person, said cautiously, “The enemy’s strength is no small matter. If we rush forward, I’m afraid we’ll be distracted and end up losing both sides! Once something goes wrong, the consequences will be unimaginable!”

“Don’t you guys worry!”

Chen Xiaobei chuckled when he saw the worried expressions on the disciples’ faces. I have already prepared a trump card that will definitely win. We will definitely win the battle in three days!

“Furthermore, I’ve already predicted that three days later, the enemy will definitely bring out their most powerful force! As long as I win, the enemy will completely lose the ability to resist! This is the best time for us to expand our advantage!”

in other words, in the battle three days later, I’m not only going to protect the Xuanyuan sacred territory, but also destroy the Jade virtual Palace and gods’ Palace so that they can no longer threaten the Xuanyuan sacred territory!

next, I’ll even gather the Xuanyuan Army to counterattack the gods’ Palace and the Jade virtual Palace, and completely unify the Jade virtual Sacred Realm and the gods’ Sacred Realm into my bei Xuan faction’s territory!

in this way, there will be no more war between Xuanyuan, Yuxu, and the gods. We will achieve true peace and security!

Obviously, Chen Xiaobei was not just thinking about what would happen in three days’ time. He had already considered the situation for the next 300 or 3000 years.

And the development of all this would depend on the great battle three days later.

“Master, you’re planning to unify Videha ...”

Xuanyuan tuohai was very surprised. He frowned and asked, “But why did you only attack the temple of the gods and the hollow Jade temple, and not the main culprit, the heaven’s legacy city?”

Everyone was puzzled by Chen Xiaobei’s words. They all perked up their ears, waiting for his answer.

logically speaking, we should indeed capture the leader first and take down Tianji city first.

Chen Xiaobei’s eyes turned cold and he said, “However, you might not know that there’s a half-step heaven immortal behind Xu yingkong! This person’s name is Xu Fu, and he has a strong background. He even has connections with the heavenly court!”

therefore, we can’t attack Tianji city rashly before we take care of Xu Fu. Otherwise, it’s very likely that we’ll trigger changes beyond our control!

“Xu Fu?”

Everyone was stunned and asked in confusion, “Since this Xu Fu is so powerful, will he be involved in the battle three days later? If he suddenly comes, will master’s plan be affected?”

“Don’t worry, he won’t come.”

first of all, the enemy thinks that they have set up an inescapable trap for me. They will not ask Xu Fu to help! Chen Xiaobei said.

“Secondly, Xu Fu has already reached the half-step heaven immortal realm. Once he leaves the independent space, he will immediately trigger the heavenly Tribulation! Although he has the ability to cross the Tribulation and ascend, he still has a mission to complete and will not leave the earth-god Realm easily!”

“That’s why I’m certain that Xu Fu won’t show up in three days! Even if we attack the hollow Jade temple and the gods’ Palace, Xu Fu will not interfere! Only when it touches the fundamental interests of Tianji city will Xu Fu have the chance to fight for his life!”

It was clear that Chen Xiaobei had already calculated the whole thing and had a thorough understanding of the enemy.

Just the two missions of chasing after Bai Qi and finding Daji were enough to trap Xu Fu and prevent him from leaving the independent space.

Once he left the human world, it would mean that the two missions had failed completely. If Xu Fu ascended to the heaven realm, not only would he not have a good ending, he might even be punished by the heavenly court and the clan of enlightenment.

That was why Chen Xiaobei knew that Xu Fu would not show up. Even if the situation in Videha changed, Xu Fu would not show up.

This was the best opportunity for Chen Xiaobei to show off his skills in China.

As compared to the unification of the Nanzhan state, it was much easier to unify the Videha.

That was because the countless factions in the Nanzhan state all had their own way of doing things. Different races, different beliefs, and different civilizations, it was extremely difficult for them to integrate! They also had to attack and govern each city, which was very time-consuming and energy-consuming.

However, Videha was different.

Tianji, Xuanyuan, Jade Mirage, and all gods had long formed the structure of the four great Holy regions. As long as the four peak forces were taken down and all the cities under them were unified, they would naturally belong to them.

Four battles were enough for ding dong to win!

“Since master already has a plan, then we don’t need to worry for nothing.”

Xuanyuan taohai paused and asked, “Should we let the people know that shizun will definitely win? So that they won’t be worried and unable to eat or sleep in peace!”

Chapter 3204

3204 Fan Qing was poisoned

“Fifth junior, are you confused?”

Before Chen Xiaobei could answer, Feng Qingyang said, “The news of shizun’s victory must not be spread! Otherwise, the enemy would be on guard. They would either not dare to bet or prepare a more powerful trump card! I’ll completely destroy master’s plan!”

“Uh ...”

Xuanyuan taohai smiled bitterly and rubbed his forehead. “I’ve been thinking for the sake of the people, and I’m indeed a little muddled!”

“There’s actually a more important reason!”

Huo yuanba had always been calm, so he looked at the problem in a deeper way. “In the next three days, we should make everyone in the Xuanyuan sacred territory worry and worry about their safety! Only then will they know how terrifying the enemy is!”

“Only then will they know who can protect them? Who could give them a better life? Who should they devote their loyalty to? Who should I give my faith to?”

Chen Xiaobei could not help but smile. He did not say anything because Huo yuanba had already said what he was thinking.

The rest of the people came to a sudden realization.

“Yup ...”

Xuanyuan tuohai could not help but sigh. although I’ve become the head of the Xuanyuan family, and I’ve used my master’s method to exempt all taxes and treat my subjects well, there are only a few people in the Xuanyuan sacred territory who truly acknowledge me!

“The war this time will shake the entire Xuanyuan sacred region. The more frightened the subjects are, the more grateful they will be! This will be a great opportunity for the Xuanyuan sacred territory to acknowledge my master and me!”

As the saying goes, fresh flowers need green leaves to set them off.

A wise ruler also needed a tyrant to serve as a foil.

Before this, very few people acknowledged Xuanyuan tuohai as the son of the devil. However, as long as the people saw the true face of the enemy, they would understand that compared to those despicable, shameless, vicious, and brutal enemies, the son of the devil was even better than an Angel.

“Alright, go and rest!”

let’s wait and see! Chen Xiaobei waved his hand. we’ll find out in three days!

Then, the disciples dispersed.

After three days and three nights of battle, they were both mentally and physically exhausted and couldn’t wait to have a good rest.

Chen Xiaobei was the only one left. He was thinking about going back to the Xuan faction to talk about life and dreams with Song Qincheng.

But before Chen could relax, his phone rang.

Childe Chen, it's me, Jialuo.

When the call went through, Jia Lou's voice came from the other end. Ever since Chen Xiaobei had started working with Mo Luo Wutian, the haughty and arrogant Jia Lou had become very humble. She even spoke in a gentle and soft voice.

"What's wrong? Do you need my help again?"

Chen Xiaobei did not need to think to know that Jia Lou was calling because he had run into an unsolvable problem.

"Yes ..."

Jia Lou composed himself and said, "We were chasing after a reincarnated ancient immortal on the list. In the end, we were ambushed by the enemy. Young Master Fan Qing was poisoned. He ... He can't hold on much longer ..."

"Trash! What did you promise me back then?"

Chen Xiaobei was enraged and said, "Tell me where you are now! I'll head over immediately!"

"We're outside the heavenly prison, one of the seven forbidden areas in the earth-god Realm ..."

Jia Lou was very ashamed and said in a low voice, "I'll send you the exact location now ..."

"No, I know that place!" Chen Xiaobei's eyes were as cold as ice, and his words were as sharp as knives, "You better listen well. If anything happens to Fan Qing, I will make sure you pay with your life!"

I don't want anything to happen to her either ... Jia Lou said, feeling wronged, "I've already contacted Devil Ancestor Wutian ... But he hasn't replied ..."

Chen Xiaobei hung up the phone and summoned the demonic Crow King.

This bird had already reached the peak of the earth immortal realm, and it was very likely that the blood of an immortal beast flowed in its body. Its race talent had a great boost to its speed.

In terms of flying speed, the devil Crow King was probably the fastest in the earth-god Realm, except for Daoist Flying Star.

Without wasting a second, Chen Xiaobei rode the demonic Crow King and headed straight for the prison.

When Chen Xiaobei first met Fang Longqi, he had already understood the general situation of the prison of heaven. He was very clear about the location.

The journey was smooth. After about three hours, they had crossed half of the earth-god Realm. Chen Xiaobei and the demonic Crow King had reached the center of the North Sea.

There was an isolated island covered in ice and snow.

Although the island was huge, it was deserted due to the thin spiritual energy. Even animals and plants were almost extinct.

As for Jia Luo and the other two, they were currently on the island.

Childe Chen ...

Seeing Chen Xiaobei descending from the sky, Jia Luo quickly went up to him.

“Get lost!”

Chen Xiaobei was so angry that he did not even look at Jia Luo. He walked straight to Yun fanqing, who was lying on the ground.

Chen Xiaobei had always been a loyal friend, and he valued his friends' lives more than his own.

In comparison, Yun fanqing and Chen Xiaobei were true friends.

Jia Lou and Chen Xiaobei were just using each other. They might even become enemies in the future.

Because of this, in Chen Xiaobei's eyes, not even ten thousand jialuo could compare to Yun fanqing. If anything happened to Yun fanqing, even Wutian would not be able to stop Chen Xiaobei from killing jialuo!

Childe Zhufeng ... the Blood Moon Swordmaster stood by Yun fanqing's side. It was obvious that he had suffered some internal injuries, and his expression was extremely ugly.

From this, it could be seen that they had already exchanged blows with the enemy, and the strength of the enemy could not be underestimated.

Of course, Chen Xiaobei was not in the mood to care about the enemy's situation.

“This is ...”

Chen Xiaobei squatted down beside Yun fanqing and frowned.

Under Yun fanqing's snow-white skin, there were countless black, strange patterns as thin as hair.

Although these strange patterns covered her entire body and looked extremely messy, they had a final source.

On the back of Yun fanqing's right hand, there was a black centipede mark.

The strange patterns that were as thin as hair extended infinitely from the centipede's thousand legs.

Childe Zhufeng ... I'm really sorry. This poison is very strange ... I've already given young master fan Qing a lot of antidotes, but there was no effect ...

Jia Luo pursed her thin lips, his face full of guilt. He looked like he really didn't want anything to happen to Yun fanqing.

“This is the life-demanding heavenly centipede that Lu Yue personally refined! It's not as simple as poison, it also contains an extremely overbearing primordial spirit attack!”

Chen Xiaobei saw through the problem and heaved a sigh of relief. “Fortunately, fan Qing’s Dharma bone divine body has been cultivated to perfection and is able to withstand the poison! As long as she can nullify the primordial spirit attack, she will be able to recover!”

“Lu Yue?” Jia Luo was stunned, and his expression became very complicated.

Red Envelope Group of the Three Realms

Chapter 3205

3205 The mystery of Saint Duke

“What’s with that expression?”

Chen Xiaobei frowned. He could tell that something was wrong with Jia Lou.

“It’s ... It’s nothing ...”

Jia Luo quickly explained, “ I’m just worried. Lu Yue is extremely powerful. I’m afraid I can’t break the poison he made with my own hands!

“You?” I don’t know! Chen Xiaobei said, “ I never planned to rely on you!

“Whoosh ...”

Chen Xiaobei picked Yun fanqing up and activated the returning bracelet. “You guys wait here! You’re not allowed to follow!”

After that, Chen Xiaobei carried Yun fanqing through the portal and returned to bei Xuan faction.

Jia Luo and the Blood Moon Swordmaster naturally did not dare to follow.

demonic god Galos ... Do you think Chen Zhufeng really has a way to dispel that primordial spirit attack?
”

Yun fanqing? ” the Blood Moon Swordmaster’s brows furrowed. I saw you feed Yun fanqing many high-level elixirs with my own eyes. They didn’t work at all!

“I can’t see through Chen Zhufeng either ...”

Jia Luo’s lilac brows slightly furrowed, and he sighed, “However, Chen Zhufeng’s killing intent has been greatly reduced. He probably really has a solution! Otherwise, I’m afraid we won’t be able to survive today ...”

“Yup ...”

The Blood Moon Swordmaster swallowed his saliva with lingering fear and said awkwardly, “ when Chen Zhufeng first arrived, his murderous aura was terrifying. I was so scared that my legs went weak and I almost fell ...

Jia Luo’s eyes narrowed and he asked curiously, Lu Yue’s poison is extremely powerful even in the heaven realm. How is Chen Zhufeng going to cure it? ”

“Yeah, I’m also very curious!” “Why don’t you ask the demonic ancestor for a divination?” the Blood Moon Swordmaster asked in embarrassment.

“No!”

Jia Luo shook his head. Chen Zhufeng is a big anomaly. From Hongjun to Tongtian! Almost all the heavenly path sages were paying attention to Chen Zhufeng! Rashly calculating will expose The Fiend ancestor’s movements and make the other party wary!”

then, we can only think of a way to get some clues from Chen Zhufeng! The Blood Moon Swordmaster said.

“You’re an idiot!”

what?” Jia Lou said angrily, “ you think you can get information from Chen Zhufeng with your brain?” If you anger him, I can’t protect you!”

yes ... You’re right ... the Blood Moon Swordmaster gulped. He could not deny that he was not as smart as Chen Xiaobei.”Then, are we just going to let this matter go?”

“No rush!”

Jia Luo said, ‘Yun fanqing is stubborn, and she’ll definitely work with us in the future! If we can’t get any information from Chen Zhufeng, we can get some from Yun fanqing!”

The Blood Moon Swordmaster’s eyes lit up when he heard that. He gave a thumbs-up and praised, “ Lord Demon God is really far-sighted! High! It’s really high!”

.....

Bei Xuan faction.

Chen Xiaobei brought Yun fanqing to Luo puti.

Ever since she had inherited the legacy of the Queen of Saint Duke, Luo puti had been cultivating in seclusion, trying to digest the power contained in the legacy and the huge amount of information that had been integrated into it.

The Saint Duke Empress might have been a powerful existence in the ancient times before the destruction of the untainted land.

This inheritance was enough for Luo puti to digest for a long time.

“Subhuti! Subhuti, come out and help me save him!”

Chen Xiaobei carried Yun fanqing to Luo puti’s stone chamber and called out to her.

Fortunately, Luo puti was just digesting the information and was not in a meditative state. Therefore, she was still conscious and immediately opened the door to welcome him.

“She ... She’s Yun fanqing, right? How did you end up like this?”

Luo puti had seen the live broadcast of Chen Xiaobei's fight with the Xuanyuan family. She knew Yun fanqing's identity and how he had put in a good word for Chen Xiaobei.

Therefore, Luo puti had a good impression of Yun fanqing and naturally cared about him.

"She was ambushed by the enemy and fell for the fatal heavenly centipede's plot!"

no! Chen Xiaobei quickly said, "her Buddha's bones divine body has suppressed the poison, but the black-blood heavenly centipede's primordial spirit attack can't be neutralized!"

"So that's how it is. I was wondering why these black lines looked so familiar!" Luo puti heaved a sigh of relief and said, "Since it's a primordial spirit attack, it's simple."

"Whoosh ..."

Luo puti gently raised her hand.

In an instant, her long and smooth fingers glowed with the Golden holy light of a Saint Duke.

As her hand brushed across Yun fanqing's body, those terrifying black strange patterns quickly disappeared.

In the end, the centipede tattoo also disappeared without a trace, as if it had evaporated.

That's right!

This was one of Saint Duke's divine light's abilities!

It could dissolve any primordial spirit attack that was lower than the divine flame level!

The last time Chen Xiaobei was hit by the lifesaver, it was Luo puti who had helped him.

Moreover, by comparing it with the primordial Witch King combat enhancement training manual, he could basically deduce that Saint Duke's divine light had already reached the divine level.

In other words, Luo puti could easily nullify any primordial spirit attack below the God-level.

It was simply heaven-defying!

"Awesome!"

Seeing that Yun fanqing's complexion had recovered, Chen Xiaobei praised, "I'm afraid even the gods in the heavens would be envious of our Bodhi's special ability!"

"Don't be talkative! Yun fanqing will wake up soon. Don't make a fool of yourself!" Luo puti said.

Chen Xiaobei said in all seriousness, "I'm not being talkative. He was clearly telling the truth! Such a heaven-defying primordial Spirit's special ability, even in the heavenly realm, would be a first-class existence, even the gods of the heavenly court would be envious!"

Luo puti's expression changed. "But you really don't say! I've realized that the Saint Duke's abilities and Foundation are not as simple as we think!"

Oh? ” Chen Xiaobei’s eyes lit up. so, you’re saying that the Saint Duke race might be one of the most powerful beings in the heavenly realm? ”

“There is indeed such a possibility ...”

I don’t think so, ” Luo puti said. the Saint Duke relic we found might just be a small branch of the Saint Duke race. The Queen who gave me the inheritance was just a branch Queen. There are many more powerful beings in the race!

Oh my God ... Chen Xiaobei was shocked. who knows, there might be a true God in Saint Duke itself. It’s even possible that you have a quasi-Saint!

this is just my understanding. I don’t have any proof ... Luo puti frowned.”If I can cross the Tribulation and ascend to the heaven realm, I might be able to solve all the mysteries!

“Tribulation?” Chen Xiaobei was surprised. “Can you sense the movement of the heavenly Tribulation?”

Luo puti shook her head and said, ” “But I have a way to break through to the half-step heaven immortal realm!”

this ... Chen Xiaobei was shocked.

en ... Childe Zhufeng ... You ... Why are you hugging me ... Yun fanqing woke up at this time.

Lying in Chen Xiaobei’s arms, her little face was so red that it was almost dripping blood.

Chapter 3206: ins and outs

uh ... You were unconscious the whole time. I was too busy talking to Bodhi and didn’t have time to bring you to bed to rest ...

Chen Xiaobei blushed and quickly put Yun fanqing down.

The poison and the primordial spirit attack had been removed, so Yun fanqing had naturally recovered. He stood at the side with his head lowered, too embarrassed to say a word.

The first time Chen Xiaobei saved Yun fanqing’s life, he had made her strip naked.

However, Chen Xiaobei had only used his needles and ethereal force throughout the entire process. He did not even touch Yun fanqing’s body.

This time, Chen Xiaobei held Yun fanqing in his arms for a long time. His body temperature and breath lingered on Yun fanqing’s body.

For a little nun who had avoided men since she was young, this kind of contact had completely broken her bottom line.

If any other man dared to do this, Yun fanqing would definitely fight it out with that man.

However, Yun fanqing could not get angry at Chen Xiaobei. Instead, his face was burning and his heart was filled with sweetness.

“Bodhi, where were we just now?” Chen Xiaobei did not want Yun fanqing to feel awkward, so he changed the topic.

Luo puti was smart enough to tell that Yun fanqing was trustworthy, so she did not hide it and said, “ I was just saying that if I become a half-step heaven immortal, I will be able to transcend the Tribulation and find out the ultimate secret of the Saint Duke clan!

“Well, don’t be anxious about this!”

” first of all, you should focus on studying the legacy that you’ve just received. You should absorb all the power and information into your own body before you take the next step!

“Of course!” Luo puti nodded. Her eyes glanced at Yun fanqing, as if she had noticed something unusual.

secondly, the person undergoing the heavenly Tribulation is different. The power of the heavenly Tribulation will also be greatly affected! Therefore, no matter how strong you were, it was hard to guarantee a 100% success rate! Therefore, before you go through the Tribulation, I must help you prepare some trump cards that are above your cultivation base to ensure that you can ascend without any mistakes!”

Luo puti’s heart was warmed by his words. She said softly, “ You don’t have to worry too much about me. I’ve never committed any evil in my life, so I believe the power of the heavenly Tribulation won’t be too great!”

“Caution is the parent of safety! You’re my first wife, I can’t let anything happen to you!” Chen Xiaobei said in a serious tone.

“Don’t be talkative! Young master fan Qing is still here!” Luo puti teased Chen Xiaobei, then turned her eyes to Yun fanqing.

The Saint Duke bloodline seemed to have some hidden abilities that allowed Luo puti to sense Yun fanqing’s Dharma bone body.

That was why Yun fanqing had been attracting Luo puti’s attention.

“Ah ... Am I interrupting you guys? Do you want me to leave first?” Yun fanqing had not recovered from his shyness just now. Like a frightened kitten, he tucked his tail between his legs and wanted to run far away.

“You don’t need to avoid me, we’re done talking.”

“Let me introduce you. This is my first wife, Luo puti!” She was the one who helped you dispel the black blood Sky Phoenix’s primordial spirit attack!”

Yun fanqing’s expression changed slightly. He quickly looked at Luo puti and said very seriously, “ Thank you for saving my life, almsgiver Luo. I will remember this and repay you in the future!”

“It’s alright. Xiaobei’s friends are my friends as well!” Luo puti smiled. Our friends do not ask for anything in return!”

no matter what, I still have to thank benefactor Luo. Without your help, I'm afraid I wouldn't have been able to keep my life ... Yun fanqing was very humble and sincerely thanked him.

Yun fanqing only saw Luo puti's face clearly when he was thanking her.

Although they were both women, and Yun fanqing was also extremely good-looking, at this moment, Yun fanqing was actually shocked by Luo puti.

In terms of looks, Luo puti and Yun fanqing each had their own merits. They were both top-notch.

However, Luo puti exuded an indescribable, unique aura that deeply shocked Yun fanqing.

"Alright, you two can stop being so polite."

"fan Qing! Chen Xiaobei grinned. hurry up and tell me, what happened in the prison?"

Yun fanqing nodded, composed herself, and said, "I followed jialuo and the others in pursuit of a fellow known as daolord Skywind. We ran as fast as we could, and before we could react, we arrived at the skyprison Island beneath the skyprison!"

daolord Skywind was flying too high at the time. He probably didn't even know about the existence of the heaven imprisoning realm. As a result, he was swept into the heaven imprisoning realm by a terrifying storm!

we didn't dare to give chase after seeing that terrifying scene. We planned to wait on the island to see if daolord Tianfeng would come out on his own before we captured him!

"Who would've thought that instead of daolord Skywind, another enemy would show up! I heard the conversation between that person and Jia Luo, and I know that that person seems to be Lady White bone's subordinate."

"After that, that person fought with Jia Luo and was defeated by Jia Luo. He died on the ground! When the three of us walked over, that man suddenly released a life-threatening heavenly centipede. I didn't have time to react and got hit ..."

in order to save me, Jia Lou and the Blood Moon Swordmaster did not chase after that enemy. In the end, he took advantage of the chaos and escaped ...

Yun fanqing pursed her lips. When she spoke, her face was full of self-blame and guilt."If I had been more careful, I wouldn't have fallen for it, and I might have been able to catch that guy ..."

"It doesn't matter. That person isn't important!"

Madam white bones is my biggest enemy! As for her minions, it's fine if they run away. I'll have to fight them sooner or later! said Chen Xiaobei.

the enemy is very cunning. Childe Chen, you must be careful! Yun fanqing's brows were furrowed. The battle had not even begun, but she was already worried about Chen Xiaobei.

"I will be careful!"

you, on the other hand, should go back to the three-Saint nunnery. I'll be there with the Blood Moon Swordmaster. He won't dare to do anything! You don't have to keep an eye on him!"

"No..."

Yun fanqing shook her head and said firmly, "Sealing the Blood Moon is my only mission in this life. If I don't seal him, I'll keep a close eye on him until he completely turns over a new leaf! Otherwise, every evil he does will be my fault!"

"Alright, I know I can't change your mind. I'll send you back now." alright! Chen Xiaobei calmed himself down and said, "but you have to remember that you can't tell jialuo and blood Moon anything that happened just now!"

"I know, they're not completely trustworthy!" Yun fanqing nodded.

Subhuti, we'll go first. Study it well. If you have any ideas, let me know at any time! Chen Xiaobei said.

Luo puti smiled and nodded.

"Whoosh ..."

After that, Chen Xiaobei activated the returning bracelet and returned to Qiutian Island with Yun fanqing.

Chapter 3207

3207 The heaven imprisoning magical formation

When Chen Xiaobei and Yun fanqing returned, Jia Luo and the Blood Moon Swordmaster were still waiting at the same spot.

"Oh my God! Childe Chen! You're simply a God, you actually managed to cure young master fan Qing so quickly!"

Jia Luo was shocked. He would never have thought that Chen Xiaobei could really cure Yun fanqing, and in such a short time.

After all, Jia Luo himself had taken out a large number of high-grade pills and tried countless methods, but he had not been able to help Yun fanqing detoxify.

However, Chen Xiaobei had solved the problem easily.

Not only Jia Luo, but even the Blood Moon Swordmaster was extremely shocked. He stood rooted to the ground as if he had seen a ghost. He could not believe his eyes at all.

"Don't just stand there!"

"Fan Qing has already told me about the enemy you encountered!" From what I know, Lady White bone has at least ten subordinates! The one who ambushed you has run away. Perhaps the pursuers will arrive soon!"

"What?"

“Why do you have so many subordinates under Lady White bone?” Jia Luo asked in shock. Are they all reincarnated as ancient Immortals?”

“They must have reincarnated as ancient Immortals!”

Chen Xiaobei calmed himself down and said, “ as far as I know, Lu Yue gave Lady White bones 11 life-threatening heavenly phoenixes. If each of them has one, they will have at least 11 enemies!

do you know who Lady White bones ‘contract master is? ” Jia Lou’s brows furrowed, and he became nervous. to be able to gather such a large group of reincarnated ancient Immortals, the identity of the contract owner must be extraordinary!

“I don’t know yet.”

“But I’m sure that this infinite cataclysm will be the most exciting one ever!” Many unexpected things would happen! Many unexpected enemies will jump out!”

Jia Lou couldn’t help but fall silent.

Chen Xiaobei was telling the truth.

Not to mention other things, mo Luo Wu Tian would appear in this immeasurable calamity! As for the other monsters and hidden super magnates, they were also getting restless. They wanted to do something big in this immeasurable catastrophe!

it’s useless to guess now. Only by capturing Lady White bone can we answer our questions! Chen Xiaobei said.

“Don’t worry, I’ll stay here!” “If Lady White bone dares to bring people to chase after us, I will definitely capture them all!” Jia Luo said seriously.

“You’re that confident?” Chen Xiaobei asked.

“Of course!”

Jia Luo’s long eyes flashed with a confident light, his hand holding the longbow tightly, he indifferently said: “With the falling star bow, I Am Invincible in the human world! Of course, Emperor River is an exception ...”

Obviously, Jia Luo was very confident in his longbow. Back then, the Dragon’s edge was already the most powerful heaven immortal artifact in the human world, and it had burned up sixty billion upper-grade spiritual energy when it exploded to its maximum power, but it was still blocked by Jia Luo’s arrow!

One could only imagine how powerful the falling star bow in Jia Lou’s hands was!

More importantly, Jia Lou seemed to have used the special ability of his primordial spirit, which was known as ‘one-star critical strike’! Furthermore, that might not even be her strongest killing move!

In other words, if Jia Lou went all out, the falling star bow and his critical strike ability could really make him invincible in the human world!

Of course, no matter how powerful the falling star bow was, as long as dijiang's reverse universe was there, jialuo would have to admit defeat. He would not dare to say anything to Chen Xiaobei.

"Alright, since you're so confident, I'll believe you one more time!"

no! Chen Xiaobei said, " fan Qing still needs to monitor Blood Moon. You must protect her!

"Don't worry ..."

Jia Lou composed himself and said very seriously, previously, we didn't know that the enemy had a life-demanding heavenly centipede. This time, we definitely can't fall in the same place!

Chen Xiaobei's face turned cold, and he released his aura. "I don't care if you fall or not! What I want is for fan Qing to never fall again! No matter when! No matter where it is!"

"Hiss ..."

Chen Xiaobei's aura was so terrifying that jialuo and the Blood Moon Swordmaster could not help but gasp. Their hearts were beating fast and their scalps were numb.

Yun fanqing was not targeted by the pressure, but Chen Xiaobei's domineering aura pierced right through her heart.

Yun fanqing had always been protected by his master since he was young, but he had never experienced being protected by a man so domineeringly, and even a little pampered.

This feeling was indescribable. Yun fanqing only knew that his maiden heart, which had been sealed for many years, was about to melt.

"Childe Chen, don't worry! This time, even if I have to die, I will not let young master fan Qing get hurt again!" Jialuo could tell that Chen Xiaobei valued Yun fanqing very much.

Therefore, in order to maintain their cooperative relationship, Jia Luo would definitely risk his life to protect Yun fanqing.

Otherwise, once their cooperative relationship was broken, jialuo would not be able to bear the blame if mo Luo Wutian blamed him.

Chen Xiaobei retracted his aura and looked up at the chaotic sky. "Let's talk about daolord Skywind and the heaven imprisoning realm!"

Upon hearing that, Jia Luo did not reply and only gave the Blood Moon Swordmaster a look.

Obviously, Jia Luo was an ancient demon that had existed before the ancient desolate continent was shattered.

The earth immortal world was the four pieces of the shattered untainted land, and the seven Forbidden Lands only appeared later.

Therefore, Jia Luo and daolord Skywind didn't know much about it. In fact, they didn't even know about the existence of the heaven imprisoning realm.

On the other hand, the Blood Moon sword owner was born and raised in the earth immortal world. Before he was sealed, he was already famous in the earth immortal world and knew more about the seven Forbidden Lands. He even knew some unknown secrets.

Childe Chen, let me introduce you!

The Blood Moon Swordmaster hurriedly said, "the heaven imprisoning realm is the chaotic space domain that you see!" This place was grey and chaotic all year round. The sun, the moon, the stars, the wind, the rain, the lightning, and all other celestial phenomena would not appear. That's why it's called sky-trapping!"

"And outside the heavenly prison, there is a terrifying devouring formation! Even a one-star heaven immortal could not resist the power of this magical formation! As long as you pass by, you'll be directly drawn into it and unable to escape!"

"Devouring array?"

Chen Xiaobei suddenly thought of something important.

The new Dharma Treasure transformed by the blood God burning deity painting could only be regarded as a semi-finished product. What it lacked was a formation that could swallow the enemy into the painting.

"Tell me in detail, what kind of formation is that?" Chen Xiaobei was excited and full of anticipation.

If this magical formation could be put to use, that new magical treasure would be completed!

He would become Chen Xiaobei's trump card!

Chapter 3208: cannon fodder probing

"If we're going to talk about the heaven imprisoning formation, we'll have to start with daolord Skywind!"

"Daolord Tianfeng was one of the most outstanding people among the third generation disciples of the clan of enlightenment in the ancient times. He originally had an extremely strong ability to control the wind-elemental vital essence and could even control a slight amount of the nomological laws of wind!" The Blood Moon Swordmaster said in a deep voice.

"The true essence storm he activates can even blow the falling star arrow away, making it impossible to hit the target! One can imagine that this person's control of the wind has already reached an unimaginable realm!"

however, even though it's also of the wind attribute, the storm created by the heaven imprisoning formation didn't give Taoist priest Skywind any chance to resist. He was instantly swallowed!

"From this, it can be seen that the power of the storm triggered by the heaven imprisoning formation is already above that of a heaven immortal! Even if a true heaven immortal were to descend to the mortal world, as long as they fly past the area of the heaven imprisoning realm, they would be directly devoured!"

At this point, the Blood Moon Swordmaster did not forget to exonerate Jia Luo. "That's why Sir Demon God Galos didn't dare to pursue them! If we had gone in, the three of us would have lost our lives!"

"Good! Very good!"

Chen Xiaobei was excited. "This heaven imprisoning formation is what I want the most!"

you ... You want the heaven imprisoning formation!?

As soon as he said that, Jialuo, the Blood Moon Swordmaster, and even Yun fanqing were shocked.

Childe Zhufeng ... Did you not hear what I just said? "

The Blood Moon Swordmaster swallowed his saliva and said resentfully, " even a real heaven immortal can't resist the power of the heavenly prison realm. Once devoured, there's no way out. Even if they die, they'll die inside!

Childe Chen, please don't do anything stupid!

Yun fanqing's face was full of worry. the heaven imprisoning realm is one of the seven Forbidden Lands in the earth immortal world. From the records, no one who has entered the heaven imprisoning realm has ever come out alive! In the earth-god Realm, even children know that you can't go near the forbidden land of death, or even a God can't save you!"

"Yup ..."

Jia Lou nodded and said in a low voice, " "I just saw daolord Skywind being swallowed by the storm with my own eyes! My intuition tells me that that damn place is really deadly. It's an absolutely forbidden area!"

"Don't worry!"

Chen Xiaobei shrugged and said, " "I have erased the dark Dragon tomb and the endless Dead Sea from the earth-god Realm! As long as he could enter, he would definitely be able to come out! It's just a different method!"

As soon as he said that, the three people around him were deeply shocked once again. They stood rooted to the ground like wooden chickens, not knowing what to say.

He had wanted to advise Chen Xiaobei not to risk going to the prison of heaven, but Chen Xiaobei had already been to the same forbidden place twice and returned safely.

Facts spoke louder than words. Even if the three of them wanted to persuade him, they could not find any reason.

One could only say that Chen Xiaobei was too domineering, too strong, almost omnipotent, and invincible.

One could not look at Chen Xiaobei with the eyes of ordinary people because Chen Xiaobei had been a super anomaly since the beginning.

"Swish!"

Chen Xiaobei was too lazy to explain. He took Tenshou out of the verdant Emperor's divine gourd.

"Master, do you have any orders for me?" Tenshou bowed to Chen Xiaobei. As a ghost slave, he was 100% loyal to Chen Xiaobei.

"Fly up and help me see what the heaven imprisoning realm is all about!" Chen Xiaobei pointed up and said indifferently.

Yun fanqing and the other two were shocked. They did not know what Chen Xiaobei was up to.

"Yes, sir!"

Tenshou, however, did not hesitate at all. He immediately flew up into the sky.

"Boom boom boom ..."

At the same time, the chaotic region in the sky suddenly exploded with a huge thunderclap.

However, the strange thing was that there was only Thunder in that area, but no lightning! The wind whistled, but there was no wind or clouds!

Celestial phenomena were not obvious, so it was called heavenly prison!

This sky domain was truly worthy of its name. It was truly strange, inconceivable, and inexplicable!

Boom ... Hu hu hu ...

As Tenshou got closer, the sound of thunder and wind became more violent. There was the sound of a storm, but there was no sign of a storm.

"Swish!"

In an instant, Amaterasu could not resist at all, and was swallowed by the invisible storm.

That chaotic space domain was like an extremely terrifying primordial beast, devouring people without even leaving their bones.

Just like that, Tenshou, who had been fine a second ago, disappeared from the chaotic domain.

After that, the invisible storm in the sky gradually subsided.

Childe Zhufeng ... Your subordinate was devoured just like that ... Do you not care about his life? " Yun fanqing was very kind and could not accept this result.

"Why should we care about him?"

Chen Xiaobei shrugged and said, "Tenshou is my mortal enemy! From the moment he was defeated, his life was mine! To me, he's just a chess piece, and we'll never be friends!"

"The Tenshou and the seven demon gods of hell have colluded and committed countless heinous crimes! Even you, fan Qing, would not be able to resist the urge to get rid of Tenshou once you find out about his evil deeds, let alone me!"

“For public and private reasons, Tenshou deserves ten thousand deaths! The reason I subdued him back then wasn’t because I wanted to keep his dog life, but because I wanted to let his life display its greatest value, that’s all.”

Chen Xiaobei’s state of mind was very stable, very calm, and he dared to admit what he had done. “I sent Tenshou up to test the imprisoning realm. To put it bluntly, I’m sending him to be cannon fodder! His life or death will determine the next step of my plan!”

Tenshou had already given his Treasury to Chen Xiaobei and used up his lifespan. The only thing he had left was to help Chen Xiaobei test out the heavenly prison.

Just as Chen Xiaobei had said, Tenshou was an evil person. If he died, the heavenly axiom would reward Chen with three realms merit points.

On the other hand, if Chen Xiaobei did not receive any merit points, it would mean that Tenshou was still alive.

As long as he did not die in the heavenly prison, Chen Xiaobei was confident that he could find a way to break the formation and break through this forbidden place.

Chen Xiaobei would not take a brainless risk and gamble with his life.

Probing clearly before taking action was the wisest choice.

“So far, Tenshou is still alive ...” He said.

After a while, Chen Xiaobei smiled excitedly. “If Tenshou is still alive after three days, then I will definitely break the heavenly prison! The heaven imprisoning formation will also be in my possession!”

how ... How is this possible?! Everyone was shocked when they heard this.

He could not understand where Chen Xiaobei got his confidence.

[Red Envelope Group of the Three Realms](#)

Chapter 3209: certain victory

“The reason is simple!”

” I’m sure I can survive if Tenshou can survive for three days in the prison. As long as I’m alive, I can find a way to break the formation! Chen Xiaobei said.

“But, how do you know that you can definitely break the array?” Yun fanqing asked worriedly.

“You definitely can!”

that’s right! Chen Xiaobei raised his eyebrows and said, ” because in three days, my fate energy and luck will reach the peak of all time! Even if I’m lucky, I can still break the formation!”

“What? You ... You plan to rely on luck to break out of the heavenly prison realm?” Yun fanqing was dumbfounded when she heard that.

It was one of the seven forbidden places in the earth-god Realm, the heaven imprisoning realm that made people tremble with fear and not dare to approach! If one could break through by luck, wouldn't that be a huge joke?

The Blood Moon Swordmaster was also dumbfounded. He could not believe what he had just heard. He even wondered if Chen Xiaobei was just brainlessly acting cool.

Relying on luck to break through the heaven imprisoning realm, this kind of stupid words, even a three-year-old child would not be able to lie!

However, the reason why Yun fanqing and the Blood Moon Swordmaster could not believe it was because they did not understand the meaning of fate energy at all!

Jia Lou, on the other hand, understood what Chen Xiaobei was trying to say. If one's fate energy really reaches a high enough level, one can indeed rely on luck to turn danger into safety. One can even turn a disaster into a blessing and obtain unexpected surprises!

but ... Jia Luo paused and frowned, "It's definitely not an easy task to raise your fate energy to that level! I'm afraid it's impossible to do it in three days ..."

Chen Xiaobei smiled and said, "It looks like you guys don't have the habit of watching live broadcasts!"

"What live broadcast?" The three of them were stunned and confused.

three days later, I'll have a final battle with the three top forces-Tianji, Jade Mirage, and all gods. It'll decide the future of China! As long as we can stop the war, my fate energy will rise to an unprecedented height!"

"What!"

Chen Xiaobei's casual words were like a bolt of lightning that struck the hearts of the three people.

"Childe Chen! Are you kidding me ... You want to challenge three top forces alone? Do you know the consequences of this? You might die without a proper burial!"

Yun fanqing's face turned pale. He was even more shocked and worried than when he heard that Chen Xiaobei was going to break into the heavenly prison.

After all, Yun fanqing was from the earth-god Realm. She knew very well how terrifying the top ten forces were.

Furthermore, Tianji city and hollow Jade temple were the two top forces that ranked first and second. Their strength and Foundation were extremely strong.

In the earth-god Realm, these two forces were invincible. Any one of them could crush any enemy, not to mention the two forces working together and the gods 'Palace.

In Yun fanqing's opinion, if these three forces were really United, it would be enough to sweep across the earth-god Realm. No one would be able to resist, let alone fight them.

Childe Zhufeng ... You've gone too far ...

The Blood Moon Swordmaster was also from the earth-god Realm and was also a member of the six-party alliance. He knew more about the enemy's situation. Xu yunkong, Zhao Tianchao, and Zeus all have heaven-immortal artifacts. Once they join forces, their combat strength will be terrifying!

"Not only that ..."

Jia Luo's brows furrowed, and his expression turned extremely ugly. "If nothing unexpected happens, I'm afraid there will be reincarnated earth Immortals involved in this battle! Childe Chen will have to face enemies that are far stronger than the three you mentioned!"

this ... the Blood Moon Swordmaster broke out in a cold sweat. reincarnated earth level deities are extremely powerful ... Childe Chen's chances of winning will be even lower if he gets involved in the battle ...

Childe Chen, did you hear that? "

"The enemies you're going to face are the two most powerful figures in the earth-god Realm, Xu yunkong and Zhao Tianchao!" Yun fanqing said worriedly. There was also Zeus, the king of the gods! There were even more powerful ancient Immortals! Please don't go to your death ..."

"Childe Chen! As a business partner! I must advise you!"

Jia Luo was also very anxious and said seriously, " "You have almost no chance of winning that kind of battle! Don't joke around with your life! If anything were to happen to you, it would only make your loved ones feel pain and your enemies feel happy! It will also cause a huge loss to our cooperation!"

The Blood Moon Swordmaster nodded repeatedly, agreeing with Yun fanqing and Jia Luo's attitude.

However, just as the three of them were feeling extremely anxious and worried, Chen Xiaobei suddenly added something shocking.

"Heh, you might not know, but in addition to the people you've mentioned, three days later, the enemy will have an Army of three hundred million assisting them in battle!" Chen Xiaobei's face was calm, but his words were like thunder.

"What! There are still 300 million enemy troops?"

Yun fanqing, jialuo, and the Blood Moon Swordmaster's expressions changed drastically. Their pupils even shrank, their scalps went numb, and their hearts turned cold.

"Childe Chen! Do you know what 300 million enemy troops mean?"

Yun fanqing's little face was pale, and his eyes were slightly red. He was so anxious that he was about to cry. according to the calculation that every one million people can form a celestial immortal level battle formation, there will be 300 celestial immortal level battle formations waiting for you in three days!

"Childe Chen! I'm not underestimating you ..."

Jia Lou was equally anxious, "in this situation, let alone you, even if a real celestial being descended to the mortal world, there is no chance of winning!" Once surrounded by the enemy, even a heaven immortal would be killed!"

“Childe Chen! We really can’t fight this battle!” The Blood Moon Swordmaster broke out in cold sweat and said awkwardly, “Just thinking about that scene makes my legs go weak! If it were me, even if I had 10000 lives, I would have to pay for it!”

“Alright, stop trying to persuade me!”

Chen Xiaobei had already anticipated their reaction, so he said calmly, “I can tell you that I will definitely win in three days! There’s no suspense, it’s a sure win!”

how ... How is this possible ... the three of them were completely dumbfounded.

No matter how hard they racked their brains, they could not figure out how Chen Xiaobei was going to win such a terrifying battle.

And it was a sure win without any suspense!

Unless Chen Xiaobei had a trump card in his hand, he would not be able to achieve this!

However, there was no such trump card in the earth-god Realm!

“Alright, don’t worry about it, just guard this place! I’ll be back in three days!”

Chen Xiaobei raised his eyebrows and smiled. “Jia Lou, remember to inform Wutian to prepare my reward! Three days later, I will break out of the heavenly prison and capture daolord Skywind alive! Old rules, hand over the money and hand over the person!”

[Red Envelope Group of the Three Realms](#)

Chapter 3210: triggered at the first touch

Chen Xiaobei did not have absolute trust in Jia Lou, so he would not explain in detail. If he did, he would be defeated in the battle three days later.

That was why Chen Xiaobei summoned the king of demonic crows and flew back to the Xuanyuan sacred territory after giving Yun fanqing a few instructions.

Only Yun fanqing, jialuo, and the Blood Moon Swordmaster were left behind, their hearts in a mess.

where does Childe Zhufeng get his confidence from ... He’s going to lose this battle ... jialuo said with a blank look.

even if a true one-star celestial immortal descends to the human world, he can’t guarantee victory ... What exactly is Childe Chen trying to do ... the Blood Moon Swordmaster was also at a loss. Putting himself in the blood Moon Swordmaster’s shoes, he felt his scalp go numb and was completely at a loss.

no matter what Childe Zhufeng does ... My only hope is that he’ll be safe ... Yun fanqing pursed his lips tightly. Although he said that, he did not feel confident at all.

The three of them could not imagine how Chen Xiaobei would be able to break out of the dead end three days later. They could not imagine how Chen Xiaobei would be able to win.

It was not just the three of them. Any normal person would not be able to imagine what Chen Xiaobei was going to do.

.....

Pure ink Royal City.

By the time Chen Xiaobei returned to the city, it was already the morning of the next day.

Just as Chen Xiaobei had expected, after the enemy retreated, they did not show any signs of approaching the city Pass. The scouts that he had sent out did not notice that the enemy had split up to attack.

All in all, this was the most peaceful morning since the war broke out.

However, all the soldiers and citizens in the city were even more anxious and afraid than they were three days ago.

There were even many people who did not sleep at all. They stayed on the streets all night and kept an eye on the changes in the situation.

“Do you know why the enemy has been biding their time? Let me tell you! It wasn’t because the enemy was afraid of him, but because they were gathering their strongest forces! Tomorrow’s battle will decide the fate of the world!”

“I’ve heard about it! The scouts who went out of the city to Scout reported that the armies of the hollow Jade temple and the gods ‘Palace had already withdrawn from the southwest Front line. They had gathered day and night through the teleportation array! In tomorrow’s battle, the enemy’s forces are probably no less than three hundred million!”

“Not only that! Heavenly master Yu Xu, Zhao Tianchao, and Zeus, the king of pantheon, had also arrived at the scene. They had brought their respective heaven-immortal artifacts! Together with the old man of heavenly secrets, Xu yunkong, and the three legendary ancient Immortals, their combat power is enough to sweep across the earth-god Realm!”

“The 300 million enemy troops can form 300 heaven immortal-level battle formations. With these six peak earth Immortals, a conservative estimate is that there are six heaven immortal artifacts! In such a situation, I’m afraid that even a two-star heaven immortal will die ...”

A group of men gathered together and discussed the situation of the war.

Their conversation caused even more people around them to become extremely anxious and uneasy. Some of them even started to worry about the situation after the war.

“If that’s the case, there’s no doubt that you’ll be defeated tomorrow! If he’s defeated, the entire Xuanyuan Sacred Realm will be finished!”

“That’s right ... The Xuanyuan family’s head already said that only the Zhufeng spiritual master can break this deadlock! If Zhufeng Zhenren is defeated, jingmo city will be broken through by the enemy in an instant. The northern gate will be opened, and the entire Xuanyuan sacred domain will fall into the enemy’s hands ...”

what should we do then ... The enemy is vicious. They've long said that they'll slaughter our troops, abuse women, and enslave men ... In the future, they'll even impose heavy taxes and squeeze our people dry ...

if that's the case, I'm afraid that I'll be better off dead in the future ... In comparison, the Xuanyuan family's head is kind to the people and waived all taxes. He's simply a merciful living Buddha ...

Obviously, the people thought that Chen Xiaobei had no chance of winning.

Chen Xiaobei's defeat was the last thing the people wanted to see.

Once Chen Xiaobei was defeated, the enemy would be able to take over the entire Xuanyuan sacred territory.

From the previous live broadcast, the people already knew that once the Xuanyuan sacred territory fell into the hands of the enemy, the people would be in dire straits.

No matter if they were men or women, old or young, they would all fall into a state of suffering, a state worse than death.

I really hope that master Zhufeng can win ... Our lives and future are all in his hands ...

"Aren't you talking nonsense? Who wouldn't want master Daoist Zhufeng to win? However, how do you expect him to win in such a hopeless situation?"

that's right ... It's already a great honor that master Zhufeng is willing to protect us at the risk of his life!

"That's right! In today's world, those righteous sects that spoke of benevolence, righteousness, and morality were actually more vicious than beasts! Those bodhisattvas and Buddhas who claim to be merciful are like blind, they don't care about our lives at all!"

in comparison, master Zhufeng is the true benevolent and merciful one!

"That's right ... No matter if we win or lose tomorrow, master Zhufeng will always be the hero in my heart! I'll never forget what he's done for us ..."

"That's right! Even if I lose, I'll spend the rest of my life to remember it and be grateful to you!"

Justice was in everyone's heart. Although the people thought that Chen Xiaobei had no chance of winning tomorrow's battle, Chen Xiaobei's actions had gained everyone's approval.

As the saying goes, a chivalrous person is for the country and the people!

Chen Xiaobei was willing to risk his life to fight for a bright future for the rest of Xuanyuan. This was what a true hero was!

For this reason alone, anyone who was kind and just would be grateful to Chen Xiaobei from the bottom of their hearts.

This was the case in jingmo capital city, other cities, and even the entire Xuanyuan sacred region!

Even if Chen Xiaobei were to die in tomorrow's battle, he would be remembered by the entire Xuanyuan Sacred Realm as a hero!

Of course, if Chen Xiaobei won! He would not only be a hero, but the Savior of the entire Xuanyuan Sacred Realm!

Merit! A believer! Fate energy! It would definitely show a wave of explosive growth!

.....

It was a quiet night.

On the morning of the third day, Chen Xiaobei left the city alone under the watchful eyes of countless people in the city. He strolled slowly towards the direction where the enemy was gathering.

His figure was somewhat lonely, and the People's gazes were somewhat forlorn. He was like a hero at the end of his life, lonely and dejected.

A hundred miles away.

The Army of 300 million advanced in unison. Every step they took could cause the earth to tremble. It was like an ocean that was crushing toward an ant.

Heng tianlie, tie lingzhan, dan Guzi, Xu yankong, Zhao Tianchao, and Zeus, the six peak earth level deities, each held their trump cards tightly as they flew in the air with overbearing momentum!

A great battle was about to start!
