Chapter 3211: all of you must die

“Wu ... Wuwu ...”

The sound of the horn was like an ancient sound that shook all living beings.

The aura of war permeated the entire space. Killing, blood, cruelty, and ruthlessness. Even true heaven Immortals would have to avoid it.

However, Chen Xiaobei walked over to them as if he was taking a stroll in his garden.

His deep black eyes were as calm as water, and there was no fluctuation in his gaze. He looked at the sea of enemy soldiers as if he was looking at the most insignificant grass in the grassland.

Even if everyone in the world thought that Chen Xiaobei would lose this battle, Chen Xiaobei was confident that he would win.

In this world, strength was Supreme, and the strong were respected.

When a person was strong enough, no matter what kind of big scene he was facing, he could sit on the sidelines and watch the storm with a smile.

Chen Xiaobei was in such a state, as if he could annihilate all the enemy troops with a snap of his fingers.

“Chen Zhufeng! Putting aside past grudges, you dare to come alone today, you have indeed made me look at you in a new light! I even admire your courage and courage!”

Eternal Sky split was at the forefront of the enemy troops, looking down at Chen Xiaobei.

Chen Xiaobei did not ride on the demonic Crow King. Instead, he walked slowly on the ground. He looked around and said, “I’ve already kept my promise. You high and mighty figures can’t possibly go back on your word, right?”

“Heh, you’re underestimating us!”

The eternal Heaven split snapped his fingers and said indifferently, “Our target has always been you, Chen Zhufeng! As long as she can get you, Xiao moxue has already displayed her greatest value! There’s no point in keeping her alive!”

As soon as he finished speaking, two soldiers escorted Xiao moxue out of the formation.

Judging from her complexion, Xiao moxue was not injured, but her mental state was very poor. It was obvious that she had been under a lot of mental pressure these few days.

“Inksnow! Are you alright?” Chen Xiaobei carefully observed and probed.

“You shouldn’t have come to save me ...”

Xiao moxue looked at Chen Xiaobei. Her beautiful black eyes had become dull. I've already prepared myself for death. It's not worth it for you to sacrifice your life for me ... You should use your life to defend the Xuanyuan sacred territory!

"Don't be silly!"

Chen Xiaobei calmed himself down and said, "If I can't even protect you, what kind of man am I? What use do I have for this world?"

I ... Xiao moxue's expression changed. Her eyes were filled with complicated emotions.

In Xiao moxue's eyes, although she was Chen Xiaobei's mistress in name, it was only in name. She did not even have any romantic feelings for him. She was more normal than any ordinary friend.

However, Chen Xiaobei had risked his life to save her. This was definitely more than a normal friend.

Does Chen Zhufeng like me?

A thought flashed through Xiao moxue's mind.

This was probably the only explanation for Chen Xiaobei's desperation.

To be able to use his life to exchange for Xiao moxue's life, this was definitely true love.

"Chen Zhufeng! But I don't like you ... You're not worth risking your life for me. Go back now ... The Xuanyuan sacred territory can't live without you ..."

Xiao moxue hesitated for a long time before she finally decided to sacrifice herself in exchange for more people's peace. I've been locked up for a few days and I've seen the ugliness of the enemy ... Even if I die, I don't want to see the people fall into the hell of the enemy ...

Chen Xiaobei could not help but look at Xiao moxue in a new light.

This girl was really like her father, selfless, righteous, and kind.

Because of this, Chen Xiaobei had to ensure her safety. "Idiot! I'm already here. Even if I want to leave now, look at these enemies who are like wolves and tigers. Will they let me go?"

"This ..."

Xiao moxue's expression darkened and her eyes became even more dejected. why do you do this ... The entire Xuanyuan sacred domain will be buried for your sake ... We'll both be sinners in history ...

Obviously, in Xiao moxue's eyes, Chen Xiaobei still had no chance of winning.

More importantly, Chen Xiaobei's defeat would mean the fall of the entire Xuanyuan sacred territory.

In Xiao moxue's eyes, all of this was because Chen Xiaobei 'liked' her. As such, she and Chen Xiaobei would become the sinners of the entire Xuanyuan sacred territory.

"What history is like is not something we should consider. There will be future generations to judge! I, Chen Zhufeng, fight for every second." Chen Xiaobei's tone was calm, but it exuded an unquestionable dominance.

this ... Xiao moxue's mind was already shaken by Chen Xiaobei's aura. She had nothing else to say.

No matter how hard she tried to persuade him, the enemy would not let Chen Xiaobei leave.

"It's decided!"

Chen Xiaobei looked at the eternal Heaven splitter and said, "let go of ink snow and let her go first. I'll stay here and play with you guys.

"Release them!" Heng tianlie had an indifferent expression as he gave the order.

The two soldiers immediately released Xiao moxue and removed the seal on her cultivation.

Xiao moxue calmed herself down and walked to Chen Xiaobei's side. She looked at Chen Xiaobei's face with her beautiful eyes and was speechless.

"Let's go! Otherwise, all my efforts will be in vain!" Chen Xiaobei urged.

"Chen Zhufeng ..." He said.

Xiao moxue hesitated for a moment and said in a low voice, "If you can come back alive, I will try to like you ..."

er ... Chen Xiaobei was a little surprised. "You go back first, I'll be back soon!"

In fact, Chen Xiaobei did not have any romantic feelings for Xiao moxue. He was just using it as an excuse to make his enemies let their guard down.

However, Chen Xiaobei did not have the time to explain himself. He could only let Xiao moxue misunderstand him and explain later.

"If you die in battle, I will use the rest of my life to avenge you!" Xiao moxue gritted her teeth and flew into the air. She rushed toward the pure ink Royal City without looking back.

Whoosh ... Whoosh ...

As soon as Xiao moxue took off, the surrounding enemy troops immediately moved. They formed layers upon layers and surrounded Chen Xiaobei from all directions.

With Chen Xiaobei as the center, the Army of 300 million formed a huge circular formation that spanned tens of thousands of miles.

This formation was like a circular ocean that had surrounded a tiny ant.

Chen Zhufeng, tell me. How do you want to die? "

The eternal Sky Splitter looked down at Chen Xiaobei, his face full of self-confidence and a sneer.

"Heh, the one who should die is not me, but you!"

Chen Xiaobei shrugged and smiled. I'm not targeting anyone. I mean, everyone here must die!

"What?"

As soon as he said that, the crowd exploded!

Chapter 3212

3212 Who's playing who?

"Chen Zhufeng! Are you crazy?"

Chen Xiaobei's simple words were like ten thousand nuclear bombs that exploded in everyone's hearts, causing a huge impact.

At this moment, it was as if a tiny ant was surrounded by a vast ocean.

However, this little ant dared to say that he would completely overturn this vast ocean!

To the sea, this was undoubtedly a huge provocation, and even a humiliation!

For a moment, from the peak earth Immortals to the ordinary soldiers, almost everyone burst out with great anger and killing intent.

"Chen Zhufeng! Did your brain get stepped on by a donkey? You're already at death's door. Who gave you the courage to provoke us?"

Heng tianlie's eyes were wide open and his teeth were bared. He was like a furious mighty army that wanted to swallow Chen Xiaobei alive to vent his anger.

Xu mangkong and the others were also furious. They were ready to kill Chen Xiaobei if the eternal Sky Splitter gave the word. They would charge at Chen Xiaobei and tear him into pieces. They would crush him into a pool of blood and not even his bones would be left.

"Chen Zhufeng! Open your dog eyes and see clearly! Right now, we have formed 300 heaven immortal level battle formations! Do you know what this means? Even if a two-star celestial being were to descend to the world, we'd still blast them into ashes!"

The 300 million soldiers around him were also burning with anger. They wanted to make Chen Xiaobei pay for his arrogance.

There was no doubt that in this battle, the combined might of the six peak earth-god level cultivators and the 300 heaven-immortal level magical formations were more than enough to kill Chen Xiaobei. They might even be able to kill a two-star heaven immortal.

That was why Chen Xiaobei's arrogance had angered the crowd.

In the eyes of the crowd, Chen Xiaobei's actions were simply courting death.

However, Chen Xiaobei remained calm and did not seem to care about the enemies around him.

cut the crap. I don't want to kill innocent people. I'll give you another chance now!

"Those who are willing to give up on this battle, you can leave now. I will not pursue you!" 'But those who stayed behind to fight, they want me dead!' Then don't blame me for being merciless!"

Chen Xiaobei was very confident in this battle.

Before he revealed his trump card, Chen Xiaobei only wanted to minimize the number of casualties.

However, no one would appreciate Chen Xiaobei's good intentions.

"PAH!"

Heng tianlie spat viciously and roared, " "Not to mention the 300 heaven immortal level battle formations, even the two-star heaven immortal item summoning talisman in my hand is enough to kill you 800 times! You're heartless? Show me how ruthless you are!"

Xu mankong and the others grinned at Chen Xiaobei as if he was an idiot who was seeking his own death.

He could obviously die a lighter death, but he had to provoke everyone. This was no longer seeking death, but making himself wish he was dead.

The surrounding soldiers naturally didn't appreciate it. Instead, they started to sneer crazily, " "Chen Zhufeng must have been scared out of his wits! You want us to give up the battle in such a situation? Give up the chance to make a contribution? You're really hopelessly stupid!"

There was no doubt that in the eyes of the crowd, Chen Xiaobei had no chance of winning. Killing Chen Xiaobei would mean that they had won the war.

From the six peak earth Immortals to the clan of enlightenment, they could all be rewarded handsomely.

Every soldier would become a hero in the expansion of the territory! After entering the city, they could plunder resources, play with women, and enslave men!

Merits, rewards, and doing whatever he wanted!

In the face of such a great temptation, the enemy had long thrown benevolence, righteousness, and morality to the back of their minds. They had even begun to fantasize about the revelry after victory.

At this moment, even if Chen Xiaobei were to use his trump card, these enemies would not retreat so easily. They would fight for their lives.

"Alright! I've already given you a chance to live, and I've already done my best! Since you don't appreciate it, then prepare to die!"

Chen Xiaobei's dark eyes were filled with murderous intent!

"What a joke!"

"Hehe." Eternal Heaven fissure sneered disdainfully and said, "we know all about the Trump cards in your hands! Demonic Dragon tribulation, mid-stage one-star heaven immortal realm! Earth escape immortal puppet, nine heavenly lock net, and heavenly Yin divine Pearl were all early one-star heaven Immortals! Other than that, the rest of them are all trash that have yet to reach the heaven immortal level. What do you have to make us accept death?"

heh, you know nothing about my trump card! Chen Xiaobei smiled and took out the verdant Emperor's divine gourd.

It was obvious that Chen Xiaobei still had a lot of trump cards that he had not revealed. Even the people around Chen Xiaobei did not know about them, let alone the eternal Heaven splitter and the others.

“The cyan Emperor’s divine gourd? Tsk tsk tsk! This is a divine artifact of mother Nuwa!”

Eternal Heaven fissure’s eyes lit up, but he let out a mocking sneer. “Don’t tell me you’re going to call out all 300 million names one by one and take them all into the verdant Emperor’s divine gourd? He was simply stupid! Hahaha ...”

Obviously, the people in the earth-god Realm might not know about the special ability of the verdant Emperor’s divine gourd.

However, Eternal Heaven rend and the other two reincarnated ancient Immortals knew everything clearly. They were unmoved and even laughed mockingly.

Although the verdant Emperor’s divine gourd was a divine artifact, it could only be forcibly kept into the gourd when the other party was willing.

If the enemy did not know what was going on, Chen Xiaobei might be able to sneak in.

However, the enemy was well aware of this ability. Furthermore, there were 300 million enemies. Even if Chen Xiaobei succeeded once or twice, it would not change the outcome of the battle.

Because of this, the appearance of the verdant Emperor’s divine gourd could be said to be meaningless.

Eternal Sky Splitter and the other two laughed happily. They looked at Chen Xiaobei as if he was a brainless idiot.

“Exalted immortal Heng, don’t waste your time with Chen Zhufeng!”

Xu Ke smiled and said impatiently, “Chen Zhufeng is obviously trying to be mysterious! He simply couldn’t take out any useful trump cards! We don’t need to waste time on him. We should just kill him and focus on attacking the Xuanyuan Sacred Realm!”

“Heh, what’s the rush?”

“The Xuanyuan sacred territory is not attractive to us at all!” Heng tianlie sneered. On the contrary, Chen Zhufeng had caused a lot of trouble in the heavenly realm and humiliated many of the gods! Now that he has fallen into my hands, how can I not play with him?”

“Are you playing with me?”

Chen Xiaobei could not help but laugh. “Open your dog eyes wide and look at my trump card first, then tell me who’s playing who!”

“Whoosh ...”

Chen Xiaobei then released a man from the verdant Emperor’s divine gourd!

Chapter 3213

3213 You’re too naive

“Eh? Zen Master qu Hua? How did you end up in the cyan Emperor’s divine gourd?”

Heng tianlie immediately recognized the man that Chen Xiaobei had released.

It was obvious that although they were not from the same force, they had met in private and had even reached some secret agreement.

“Something’s wrong! That’s not Zen Master qu Hua!”

However, at this moment, dan Guzi’s brows furrowed as he said in a deep voice, Zen Master quhua has an immortal soul contract. He will never obey Chen Zhufeng!

As soon as he said that, tie lingzhan also became vigilant. if this person is not Zen Master quhua, there is only one explanation. The person who took away Zen Master quhua’s body is our enemy!

At that moment, other than the three reincarnated ancient Immortals, no one else knew who Zen Master qu Hua was. She was confused and made wild guesses.

“Boom boom boom ...”

However, at this moment, the originally clear blue sky suddenly exploded with a terrifying Thunder without any warning!

The sound of thunder shook the entire space. Even Chen Xiaobei’s state of mind was greatly shaken.

“Heavens ... This ... This lightning is ...”

The six peak earth Immortals in the sky were also shocked. Their pupils contracted and their faces showed infinite horror.

“Ah ... Ah ... Ah ...”

The 300 million soldiers in the surroundings had insufficient mental states and physical strength. They were so shocked by the terrifying thunderous rumbles that their mental states trembled and almost collapsed. The sound even shattered the eardrums of most of them. Blood flowed out from their ear holes, and screams of pain rose and fell.

There was no doubt that this was no ordinary lightning!

“BOOM! BOOM! Boom ...”

Before the chaos had died down, a dragon-like yellow Earth true essence burst out from the edge of the area with Chen Xiaobei as the center.

These vital essence were by no means ordinary, and the power and momentum of any one of them far exceeded that of an ordinary heaven immortal artifact.

Countless Yellow Earth true essence formed a huge ring, as if it was a huge cage erected between the heaven and earth, locking everyone in.

“What ... What is going on?”

Gasps of shock erupted from the crowd.

“What skill did Chen Zhufeng use? How was it possible to have such a large burst of true essence? What’s more terrifying is that each wisp of true essence far exceeds the level of a one-star heaven immortal!”

“No! This was definitely not Chen Zhufeng’s ability! It was the doing of the man he had just released! What’s that man’s name? Zen Master qu Hua?”

“If that man really did it ... Then he must at least be a two-star heaven immortal! How could such an existence stay in the human world? This ... This is completely unreasonable ...”

The 300 million soldiers’ eardrums were bleeding as they gasped in shock. They looked at Chen Xiaobei and the mysterious man as if they had seen a ghost. They were so shocked and confused.

“Exalted ... Exalted immortal Heng! What was going on? That ... That Yellow Earth true essence is Chen Zhufeng’s trump card?”

At the same time, Xu mangkong, Zhao Tianchao, and Zeus were like frightened chicks. They shrunk their necks in fear and their voices trembled.

it’s over ... It’s over ... We’ve all been tricked by Chen Zhufeng ...

At this moment, as the leader of the 300 million troops, Heng tianlie also had an expression as if he had seen a ghost. His pupils contracted, his body trembled, his Adam’s apple bobbed, and cold sweat poured down like rain. It was as if even his soul had left.

“What? We’ve been tricked? This ... How is this possible?”

Xu mangkong and the others’ eyes almost popped out of their sockets. Just a moment ago, the eternal Heaven splitter was so confident that it could toy with Chen Xiaobei. How did it turn into a defeated beast in the blink of an eye? it could not even muster up a single bit of fighting spirit.

“Chen Zhufeng! You’re too sinister!”

Tie lingzhan broke out in cold sweat as he said in a trembling voice, “ you actually released a half-step heaven immortal to directly trigger the heavenly Tribulation and trap all of us in the heavenly Tribulation realm, making us suffer the indiscriminate attacks of the heavenly Tribulation ...

Everyone was shocked by his words!

The crowd might not know what was going on with the terrifying lightning and the yellow Earth true essence, but they were all very clear about the significance of the heavenly Tribulation!

Nine Heavens lightning tribulation!

Even a peak earth immortal with a heaven immortal artifact would have a slim chance of survival!

In the history of the earth-god Realm, there had been many peak earth-god level cultivators, but only a few of them had successfully passed the Tribulation.

Even the top ten peak earth Immortals in the current earth immortal world did not dare to say that they could pass the Tribulation safely.

At the mention of the heavenly Tribulation, even Xu yankong, who was recognized as the strongest peak earth level deity, would be frightened and not confident to pass the Tribulation.

In other words, once the heavenly Tribulation came, the six peak earth immortal realm Warriors might not be able to withstand it, let alone the 300 million soldiers around them.

What was even more terrifying was that the yellow Earth true essence had formed a Heavenly Tribulation domain.

Within this domain, the heavenly Tribulation would view everyone as the help of the person undergoing the Tribulation and would attack them from all directions!

Simply put, everyone within the heavenly Tribulation domain would be attacked by the heavenly Tribulation.

Moreover, no one could escape from the heavenly Tribulation realm before the heavenly Tribulation was over.

It was no exaggeration to say that this would be an absolute death zone.

Unless the person undergoing the heavenly Tribulation was as strong as the gold spirit Holy Mother and could easily wipe out the heavenly Tribulation, there would definitely be billions of corpses and a sea of blood!

"It's over ... It's really over this time ..."

In an instant, wails and howls could be heard everywhere. The originally aggressive enemies had all fallen into extreme despair in an instant.

"Chen Zhufeng is also in the heavenly Tribulation realm! He's planning to use his own life to exchange for the lives of 300 million of us ... This kid is simply too ruthless ..."

"This is a suicide plan! His life will be exchanged for all of our lives. Tianji, Yuxu, and the gods will all lose their combat power, and the Xuanyuan Army will be able to sweep across the entire Videha and establish a great empire!"

Chen Zhufeng ... You're too cruel ... How could you come up with such a plan ... You're going to kill yourself and drag 300 million people down with you ...

Without a doubt, in the eyes of ordinary people, the heavenly Tribulation was a death tribulation. Other than despair, there were no other emotions.

"Everyone, calm down!"

However, at this moment, dan Guzi, who was the calmest of them all, suddenly let out a low cry, "The power of the heavenly Tribulation does fluctuate! The weakest Heavenly Tribulation was only at the one-star heaven immortal realm! We can even withstand the heavenly Tribulation of a two-star heaven immortal! Everyone, cheer up! We might not die!"

"Heh, you're too naive!"

Before dan Guzi could finish his sentence, Chen Xiaobei laughed and said, " "Do you know who I let out?"

"Who ... Who is it?" Dan Guzi's pupils contracted, and he swallowed hard.

Chapter 3214

3214 Three-star Heavenly Tribulation

"Endless Dead Sea, patriarch shield mountain!"

Chen Xiaobei grinned, his dark eyes shining with wisdom, as if everything was under his control.

"The endless Dead Sea? Shield mountain?"

Heng tianlie, tie lingzhan, and dan Guzi were all dumbfounded. They had no idea who this person was.

After all, they were all celestial Immortals. They didn't know much about the product of the shattered untainted land. They had never even heard of it.

"Shield ... Patriarch shield mountain ..."

At this moment, it was Xu mankong who screamed hysterically in despair."Chen Zhufeng! You actually went to the endless Dead Sea and came out safely? He even managed to subdue patriarch shield mountain? My God ... How did you do it?"

Zhao Tianchao, Zeus, and the 300 million soldiers around him were all shocked. It was as if they had heard a fantasy story. No one dared to believe that it was true!

The endless Dead Sea!

That was one of the seven Forbidden Lands of death in the earth-god Realm!

Ever since there were historical records, there had never been a precedent of someone entering the endless Dead Sea and coming out alive. Humans, demons, demonic beasts, and even evil ghosts and dark spirits were no exceptions. They all never returned.

But not only did Chen Xiaobei come out alive! For the people of the earth-god Realm, this was simply a miracle! This was like entering the King of Hell's Palace and still running back. It was simply unbelievable!

As for patriarch shield mountain, Xu mangkong had long heard of him.

Patriarch shield mountain had long become a half-step heaven immortal, and he had also taken in three million evil bone ghosts from Xu Fu. Over the years, even if his cultivation base remained the same, his actual combat ability would certainly have improved by leaps and bounds.

Chen Xiaobei's ability to tame shield mountain was even more unbelievable than Chen Xiaobei's ability to leave the Dead Sea alive.

Even Xu Fu would be shocked if he were here, let alone Xu mankong.

who is this patriarch shield mountain?!

Heng tianlie and the others impatiently asked, " "Is he a good or evil person? Have you accumulated merit and believers?"

It was clear that patriarch shield mountain's good and evil, merit, and followers would all affect the intensity of the Tribulation.

In the eyes of Eternal Sky fissure and the others, as long as the strength of this Heavenly Tribulation was weaker than that of a two-star earth-god, they could completely resist it with the combined strength of everyone.

Because of this, this was a crucial question that could decide the life and death of everyone.

"He ..."

However, Xu mankong's expression was twisted. He said with an ashen face, " he ... He lived in the endless Dead Sea all year round. No one knew of his existence. Therefore, he has no merit and no followers ...

most importantly, over the years, he has devoured the flesh and blood of trillions of living beings and refined trillions of Yin souls that should have belonged to the earth ... This huge sin has at least made him degenerate into a three-generation Demon King!

the reason why he's hiding in the endless Dead Sea is that he's afraid that the heavenly Tribulation will be too powerful and he won't be able to withstand it ... The longer he stays in the endless Dead Sea, the deeper his sins will be ...

Xu mankong's face was pale, and his voice and body were trembling. "If nothing unexpected happens, this Heavenly Tribulation will erupt with the power of a three-star heaven immortal ..." He thought.

"What!"

As soon as he said that, everyone around him let out a hysterical scream.

The heavenly Tribulation with the power of a three-star heaven immortal was far beyond the ability of everyone present.

From the eternal Heaven rend to every soldier, it was as if a butcher's knife was placed on their necks. They had no chance to resist at all. As long as the heavenly Tribulation descended, everyone would die without a doubt.

It was only then that the enemies finally realized that Chen Xiaobei was not bragging or acting cool. He was telling the truth. There was no doubt that the outcome of the battle would be decided.

It was not targeted at anyone! Everyone within the heavenly Tribulation realm would die!

boom boom boom!!!

With just these few words, the heavenly Tribulation had already brewed to the extreme point and suddenly burst out with an unprecedented and ultimate loud sound.

This meant that a terrifying ninth heaven lightning tribulation was about to descend.

“Uh ah ... Pfft ... Uh ...”

However, the heavenly Tribulation had not yet descended. Just this thunderous roar alone was enough to cause internal injuries to most of the soldiers.

All of them had their livers and galls torn apart, their hearts torn and their lungs torn apart. They kept on spewing out blood mixed with minced meat.

The vast 300 million people were like rice straws being harvested by a sickle, and they fell in large numbers in an instant.

The original 300 heaven immortal level battle formations could not be assembled at this moment.

“Chen Zhufeng! You’re crazy! You actually want to take us down with you!”

When they saw the scene before them, the eternal Heaven rend and the other two reincarnated ancient Immortals had already realized that they would die today without a doubt. However, the despair on their faces was no longer present. Instead, it was replaced by a disdainful sneer.

“Chen Zhufeng! You’re really too stupid! We’re all reincarnated ancient Immortals!”

of course! Heng tianlie grinned hideously. for the sake of contracting master, we will not hesitate even if we have to sacrifice our lives! It’s a great deal for us to exchange our lives for your!”

“That’s right!”

Tie lingzhan also sneered, “ as long as I kill you, our contract master will still be rewarded by the heavenly Lord Yuanshi! And you will be annihilated and completely disappear from the three worlds and six paths. You will no longer pose any threat to the clan of enlightenment!”

Dan Guzi looked at Chen Xiaobei as if he was looking at an idiot. “We’ll exchange the lives of the three of us for your life, the hope of the Jie sect! It’s simply the best of the best!”

“Heh, three idiots!”

Chen Xiaobei sneered, “ I’m responsible for the revival of the Jie sect. How can I exchange my life for the lives of you ants? ”

“Stop being so stubborn! The power of this Heavenly Tribulation has reached the level of a three-star heaven immortal. What right do you have to live?” we’re destined to die together,” the eternal Sky splitting trio said disdainfully. we’ll die together. This is an outcome that can’t be changed!

“I can only say that you know nothing about my defense!” Chen Xiaobei shrugged and smiled. He was not afraid of this three-star heavenly immortal tribulation at all!

“Boom boom boom ...”

As soon as Chen Xiaobei finished his sentence, a dark yellow bolt of heavenly lightning struck down!

This dark yellow Heavenly Thunder was as huge as a Dragon. Looking at it from thousands of miles away, it was as if it came from the deepest part of the universe. Time and space were completely torn apart and it could not cause any hindrance to it.

As it approached, the dark yellow heavenly lightning suddenly exploded and scattered into countless dark yellow lightning balls. From a distance, it looked like a terrifying sandstorm that instantly enveloped everyone.

Chapter 3215

3215 The end of the Great Tribulation

“Bang! Bang! Bang! Bang ...”

They were like firecrackers during the new year. Once touched by those dark yellow thunderballs, no one could resist at all, and their bodies exploded.

Blood, flesh, and bones splattered everywhere like sparks.

Whether it was an ordinary soldier in armor or a high-level general with a defensive earth-god instrument, no one was spared.

In the blink of an eye, more than half of the 300 million people had exploded and died without a complete corpse.

What was even more terrifying was that their Yin souls had all turned into strange white gas.

Even the Aurous core and nascent soul were no exception. They melted like ice and turned into white steam, rising into the air.

No... No... I don't want to die ... I don't want to die ...

Xu mangkong, Zhao Tianchao, and Zeus, the three famous earth-god Realm overlords, were like wild boars whose anus had been poked. They howled hysterically and tried their best to survive.

Xu yankong took out an eight-trigram compass, Zhao Tianchao waved his seven-colored horsetail whisk, and Zeus raised his Thor Hammer.

Without a doubt, these three guys were extremely afraid of death.

At this critical moment of life and death, not only did they take out their own heaven immortal artifacts, but they also stimulated their energy to the extreme, unleashing their primordial spirit attacks, finger profound formation, the great Dao of gold core, and all the skills they could use.

They had even used all their strength, just hoping for a chance to live.

However, under the power of the three-star Heavenly Tribulation, even if they gave it their all, it would be completely meaningless.

This scene was like three ants competing with the heavens. It was simply a pitiful joke.

“Bang! Bang! Bang! Bang!”

With three explosions, Xu mangkong, Zhao Tianchao, and Zeus exploded and died.

The complete Dharmakaya of the peak nine-star earth-god also exploded. The nascent soul turned into white gas and evaporated into the sky.

What was even more terrifying was that Xu mangkong's Eight Trigrams compass, Zhao Tianchao's seven-colored horsetail whisk, and Zeus 'Thor's war hammer, three genuine one-star heaven immortal artifacts, were all shattered as if they were made of tofu. They simply couldn't withstand a single blow!

"Strange ..."

Chen Xiaobei frowned and asked, " "Why is it that after a heaven-immortal item is shattered, it will also release white gas that rises into the sky? What is that white Qi?"

"Hmph! You're already at death's door, and you still have the mood to care about others? Truly, the ignorant are fearless!"

Eternal Sky Splitter and the other two ancient Celestials were already prepared to take Chen Xiaobei down with them. They did not even bother to defend themselves. Instead, they mocked, " three heaven immortal items were destroyed in an instant. Do you think you can survive in such a terrifying situation?"

"Bang! Bang!"

Before he could finish his words, tie lingzhan and dan Guzi were hit by the dark yellow ball of lightning and exploded without a doubt.

"Chi ..."

Meanwhile, Eternal Heaven split released a burst of true essence with a backhand, and forcefully pulled a soldier over from not far away.

The eternal Heaven rend had actually used that soldier as a shield to block the lightning balls that had landed in front of him.

The soldier's body exploded and died, while Eternal Heaven fissure temporarily escaped the calamity. He laughed sinisterly and said, " "Chen Zhufeng! I will definitely watch you die first before I die! This way, I can die in peace! Hahaha ..."

"Heh, if you can rest in peace, I'll admit defeat!"

Chen Xiaobei then released 30 million figures from the verdant Emperor's divine gourd!

These figures were flying alongside humans, and their bodies were shimmering with a golden light. They had eight legs and their huge bodies crawled on the ground like tanks!

At the forefront of the group, a burly man in golden armor appeared.

Although this man had the figure of a human, the bones on his body were the characteristics of a demon. It could be seen that he was a demon that had not fully transformed.

what ... What the hell are those things?! Seeing the scene before him, Eternal Heaven rend was completely dumbfounded.

Chen Xiaobei grinned and said, " "These are gold armored mysterious spiders. Their Yuan Shen's special ability has extremely strong defensive power! It's just enough to withstand the attack of a three-star heaven immortal!"

That's right!

These golden figures were the 30 million gold-armored darkspiders that Chen Xiaobei had taken in from Saint Duke's ruins, and the man in the Golden armor was the Golden-armored Spider Emperor!

Their profound gold cobweb combined with the abilities of their primordial spirit to form a cobweb that had extremely strong defensive power.

Back in Saint Duke's remains, Chen Xiaobei was almost defeated by them.

At this moment, the power of the heavenly Tribulation was at the three-star heavenly immortal level. The appearance of these golden armored mystique spiders made Chen Xiaobei invincible.

A three-star Heavenly Tribulation was just so-so!

"Woof! Buzzzzzz! Yi ..."

In an instant, under the lead of the Golden armored Spider Emperor, thirty million golden armored mysterious spiders spat out spider silk. At the same time, they did not care about the cost of consuming their mental strength to activate the special ability of their primordial spirit, reinforcing the spider silk.

Then, the spider silk formed a huge net, like a giant umbrella, which protected Chen Xiaobei and all the spiders.

"Pipi ... Pipi ..."

After that, dense Thunder balls fell, as if the rain was blocked by an umbrella. It only splashed, but it could not touch the person under the 'umbrella'.

how ... How is this possible?!

At the sight of this scene, Eternal Heaven rend's entire person broke down. His eyes were as wide as a bull's, and his expression was so twisted that it was as if he had eaten a lump of poop.

Just a moment ago, he was still dreaming of seeing Chen Xiaobei die first. He was fantasizing about how the tribe of severity would suffer losses and the tribe of enlightenment would gain losses after Chen Xiaobei's death.

At that moment, Chen Xiaobei was invincible. The three-star Heavenly Tribulation could not even hurt a single hair on Chen Xiaobei's head.

This face slap was simply too explosive!

"Chen Zhufeng! You ... You ... You're too sinister!"

The eternal Heaven rend's heart realm completely collapsed. His gaze was dull, and he wailed repeatedly, " "This was all part of your scheme! From the moment you proposed to exchange for Xiao moxue, you had already started to scheme against us!"

"You're dead! Shield mountain is the third generation Demon King! You're overestimating the power of a three-star Heavenly Tribulation! You've even included the heavenly Dao in your calculations!"

"You've made use of the heavenly Dao's law of punishing evil and promoting good! The three-star Heavenly Tribulation that was supposed to punish shield mountain turned out to be a weapon for you to kill!"

boom boom boom!!!

Just as the eternal Heaven rend was wailing, a terrifying bolt of lightning directly drowned out his voice.

Immediately after, a dark yellow ball of lightning struck his head.

"Bang!"

Without any suspense, the eternal Sky split exploded and died.

"Bang! Bang! Bang! Bang ..."

The same explosion was still echoing in all directions. After a full three minutes, it gradually calmed down.

It was like the end of the heavenly Tribulation.

As the voice died down, the yellow lightning dissipated and the heavenly gate opened!

The Great Tribulation had ended!

Red Envelope Group of the Three Realms

Chapter 3216: close the door

The goal of the heavenly Tribulation was not to kill the person undergoing the Tribulation, but to test the person!

In the heavenly Tribulation realm, everything was regarded as the help of the Tribulation Transcender. In other words, no matter what method was used, no matter what item was used, as long as the Tribulation Transcender was in the heavenly Tribulation realm, resisted the attack of the heavenly Tribulation, and survived, he could be considered to have successfully transcended the Tribulation!

The yellow lightning tribulation had already damaged the abstruse Golden Spider web to the point that it was on the verge of collapse. However, it didn't destroy the spider web or kill patriarch shield mountain!

This way, shield mountain would be recognized by the heavenly realm's nomological laws and be considered to have successfully transcended the Tribulation!

"Whoosh ..."

The yellow lightning dissipated, and the dark clouds seemed to open a door, revealing the blue sky! Upon a closer look, one could even see a gate that seemed to be carved out of white jade!

Chen Xiaobei had seen this scene before, when the Golden Spirit Saint mother had successfully passed her tribulation.

However, at that time, it was more like the Golden Spirit Holy Mother had used her own strength to forcefully tear open the gate to the heaven realm!

At this moment, the dark clouds gradually separated, as if the heavenly realm was opening its door.

Other than that, when the gold spirit Holy Mother ascended, there was a mysterious seven-colored divine light from the door to heaven that helped Chen Xiaobei to break through to the next realm.

But this time, there seemed to be no seven-colored divine radiance.

“Master! Thank you for your brilliant plan to let me cross the Tribulation safely! I have to leave now. When you come to the heaven realm, I will serve you well!”

As the gate to the heaven realm opened, patriarch shield mountain could already feel an irresistible attraction. He could not help but fly into the air toward the mysterious white jade Gate.

Patriarch shield mountain was under the control of luohou’s fiend God tribulation curse, a deity-level secret technique.

In other words, unless shield mountain could become a God, he could not betray Chen Xiaobei even if he went to the heavenly realm.

“After you reach heaven realm, find a way to join the Three Realms red envelope group! Then, you can contact me. I have some tasks for you to do!”

Chen Xiaobei did not have to worry about shield mountain’s betrayal, so he could give him some important tasks.

“Yes, sir!”

As he flew toward the gate of heaven, shield mountain said in confusion, logically speaking, when the gate of heaven realm opens, there will more or less be some opportunities left behind. Why is there nothing this time? ”

Before he could finish his sentence, shield mountain had already merged into the gate of the immortal world and left the human world.

“That’s right ... Why didn’t any opportunities descend this time?”

Chen Xiaobei was also very depressed.

The last time, when the gold spirit Saint went through her tribulation, the seven-colored divine light had helped Chen Xiaobei to break through to the next level.

The heavenly Tribulation this time was far more powerful than the previous one, but there was no opportunity to descend, which really made people feel very depressed.

“Could it be that because this is the heavenly Tribulation of the Demon King, there is no chance to descend? Or is it because he killed too many people that he didn’t have the chance to come?”

Chen Xiaobei looked around and saw that not a single one of the 300 million people had survived.

The ground was covered with broken bodies and blood. The souls, golden core cultivators, and nascent soul cultivators had all disappeared.

Even all the storage Treasures, earth-god instruments, spirit stones, and anything of value turned into white gas and rose into the sky as soon as they were touched by the dark yellow lightning ball.

In other words, if the door to heaven did not drop an opportunity, Chen Xiaobei would not have gotten anything.

“Forget it ...”

Chen Xiaobei was a little depressed, but he could only comfort himself. “At least I saved Xiao moxue, protected the Xuanyuan sacred domain, and eliminated three powerful enemies. I paved the way for the unification of the East victory divine continent! The real harvest is yet to come!”

[ding! You have ended the war. You have been rewarded with three trillion merit points!]

[ding! You have protected the people of the world. You have been rewarded with 3000 billion merit points!]

[your current merit points are 6148.470 billion.(Charm: 614.84 billion, luck: 614.84 billion)!

[ding! Congratulations! You have leveled up to a fourth-ranked Emperor!]

[ding! Congratulations! You have leveled up to the fifth human Emperor!]

“What the f * ck! Who said I didn’t get anything! The great harvest has just begun!”

Suddenly, Chen Xiaobei became excited, ” “Six trillion merit points! The human Emperor’s position rose by two levels! Oh my God! This is simply too, too, too cool!”

Before this, Chen Xiaobei’s merit points did not even reach 150 billion. Now, it had increased by more than 40 times! It was terrifying!

On top of that, Chen Xiaobei was only a third-level renhuang before this. He was still a long way from becoming a ninth-level renhuang. But now, he had jumped two levels to become a fifth-level renhuang. He was two big steps closer to becoming a ninth-level renhuang!

Even though Chen Xiaobei had predicted that his merit points would increase by leaps and bounds after this battle, he did not expect it to increase by this much.

After all, Chen Xiaobei could not stop the war completely before he unified Videha. So, the merit points he could get were actually very limited.

Chen Xiaobei did not expect to get so many merit points after the discount.

According to this calculation, if he really unified Videha in the future, the amount of merit points he would obtain would probably be more than ten times, or even more!

If he could unify the entire earth-god Realm and stop the war, the amount of merit points would probably be hundreds of times more than what he had now!

Just thinking about it made Chen Xiaobei's scalp tingle with excitement!

this is just the reward from the heavenly Dao. When the news of my victory spreads to the entire Xuanyuan sacred territory, I'll gain a huge number of new followers!

The more Chen Xiaobei thought about it, the more excited he got, 'the first thing I'll do is to upgrade both the cultivation Halo and the life Halo to the highest level! If you still have a balance, you can start to exchange for the third Halo!"

Without a doubt, the heavenly halo was of great help to Chen Xiaobei.

Activating the heavenly halo was like a cheat, allowing Chen Xiaobei to get twice the results with half the effort.

The number of new believers this time could probably be counted in the hundreds of billions.

One word was so sweet!

"But I'm still a little unhappy ..."

Chen Xiaobei looked at the gate of heaven and mumbled to himself, " my luck has clearly skyrocketed, but this time, there is no opportunity ... I keep feeling like something is missing in my heart ...

"No! It's wrong!"

Suddenly, Chen Xiaobei's expression turned complicated. He asked, " "Why hasn't the gate of heaven closed yet? I remember that it closed very quickly last time ... Why is it open this time? There shouldn't be any special circumstances, right?"

Chapter 3217

3217 The heaven immortal's roar

Chen Xiaobei clearly remembered that not long after the Ascension of the gold spirit Holy Mother, the door to heaven had already closed, and the number of seven-colored divine light that could descend on the world was very limited.

Chen Xiaobei had been excited for a long time ever since he started collecting the merit points, but the door to heaven was still not closed.

"It can't be that something is stuck in the gate of heaven realm, right? Should I fly up and take a look?"

Chen Xiaobei furrowed his brows as a bold idea came to his mind.

Chen Xiaobei summoned the demonic Crow King and charged towards the gate of heaven.

eh ... Why is the aura around here so familiar? "

The higher he flew, the more Chen Xiaobei felt that there was something unusual about the air around him. It was as if he had come into contact with it before, but he could not remember where.

bro bei, I can vaguely feel that the surrounding aura is flowing into the gate of heaven realm ... The Raven King said in a deep voice.

As it said, the closer they got to the gate of heaven realm, the stronger the special aura became.

perhaps the gate to heaven realm has never been closed in order to absorb all these special auras into heaven realm! Chen Xiaobei calculated.

bro bei, don't bother about the aura!

The devil Crow King said with anticipation, " since the gate of heaven realm is open, if we fly over directly, won't we be able to reach heaven realm? "

"We can go, but we'll definitely die!"

"I've talked to Wutian before. He said that he can even smuggle people into heaven!" However, without the recognition of the heaven realm's nomological laws, those who sneaked over would trigger a super strong Heavenly Tribulation! With our cultivation, if we go to the heaven realm rashly, we will die without a doubt!"

uh ... Forget it then ... the demonic Crow King swallowed his saliva and said awkwardly, " "I don't want to joke about life and death."

"Life and death?"

The demonic Crow King's casual words seemed to have touched Chen Xiaobei's nerve. Chen Xiaobei's eyes lit up and he cheered excitedly, " "I know! I know what the special aura around us is!"

"What ... What is it?" The demonic Crow King's expression froze for a moment, and he couldn't understand.

it's the aura after the life force and the spiritual aura of heaven and earth merge!

Chen Xiaobei was so excited that he took out a bunch of things.

Demonic Dragon's tribulation, chaos Blood Sword, Nightstalker ghostly clothes, Azure Emperor's immortal puppet, Meru space, heaven and earth furnace, nine heavenly locks heavenly net, earth escape immortal puppet, heavenly Yin divine Pearl, profound demon bone saber, and heaven-destroying and earth-destroying banner!

"Bro bei ... You ... Why did you reveal all your cards? Could it be that a powerful enemy is going to attack us?" The demonic Crow King was nervous and looked around as if it was facing a great enemy. It didn't dare to be careless.

"There are no enemies! Only by chance!"

Chen Xiaobei was so excited that he did not even have time to explain. He quickly took out his magical equipment and began to absorb the special gas around him.

The Meru space, the verdant Emperor's divine gourd, and the heaven and earth smelt were all hidden in their own spaces. They all absorbed the surrounding gas into their own spaces at the fastest speed possible.

At the same time, the yin-yang life and death Ring on Chen Xiaobei's finger was also absorbing the energy.

In addition, the dark Dragon Soul appeared and turned into a 90000-meter giant dragon. It gobbled up the space, impatiently devouring the gas around it.

The chaos Blood Sword also activated its origin devouring ability. The blood Beast head seemed to go crazy from hunger as it desperately devoured the gas.

As for the remaining five one-star heaven immortal items, the speed of absorption was much slower, but he was still trying his best to absorb them.

"Bro bei ... What are you doing?" The demonic Crow King was dumbfounded and couldn't understand.

However, when it saw the Nightstalker outfit's transformation, it immediately understood what Chen Xiaobei was doing.

Whoosh ... Whoosh ... Whoosh ...

The Nightstalker outfit was also absorbing the gas. Although the speed was not fast, the spiritual fluctuations of the black outfit were like the rising and falling of the tide. It was constantly changing, and more importantly, it was becoming stronger and stronger.

In just a few minutes, the Nightstalker outfit had leveled up several times at a visible rate, from a low-grade earth-god instrument to a peak-grade earth-god instrument.

To be able to forcefully upgrade an earth-god instrument, one could see how mysterious the special gas was!

In fact, Chen Xiaobei had already given him the answer.

It was just that The Raven King didn't know what life force and heaven and earth spiritual aura meant.

I finally know what the White steam that rose from the battlefield was!

Chen Xiaobei thought for a moment and got the answer, "That dark yellow tribulation lightning is equivalent to a Mystical Fire! It can refine the enemy's Dharma Treasures, equipment, storage Dharma Treasures, and all the resources in the storage Dharma Treasures into heaven and earth spiritual aura!"

"In addition, the dark yellow tribulation lightning also contains a trace of the law of life! Just like the Yin Yang life and death Ring, it could forcibly extract life force from a living body! The countless souls and nascent souls are the source of this life force!"

there's nothing much to say about the spiritual aura of heaven and earth. Other than some Dharma Treasures that can only be upgraded by chance, almost everything can be upgraded by the spiritual aura of heaven and earth. Even my witch Dragon heavenly flame is no exception!

as for vitality, I've seen it in the dark Dragon tomb before. It's also a special energy that can heal injuries and strengthen life. It has even nourished the dark Dragon Soul, allowing it to grow from a remnant soul to a stronger one.

"What's more peculiar is that this kind of vitality is similar to the sky demon essence in the sky demon's remains. This kind of essence can provide the immortal Demon tribe with infinite vitality! Moreover, after the demonic dragon apocalypse devoured a large amount of the Empyrean demon's vital essence, it advanced by one small realm!"

"In this way, whether it's the spiritual aura of heaven and earth or this special life force, it can give my trump card a chance to advance! It will increase my combat ability in all aspects!"

Chen Xiaobei was very smart. He quickly sorted out the whole thing and calculated it clearly. "No wonder the gate to heaven realm hasn't closed yet! I'm afraid even heaven Immortals would drool at the sight of this massive amount of special gas!"

"Uh ..."

The demonic Crow King was stunned and said awkwardly, "bro bei ... According to what you said, aren't we snatching food from the Tiger's mouth?"

"That's right! I'm snatching resources from the heavenly realm!"

Chen Xiaobei shrugged and smiled. "But you don't have to worry at all! We can't go to the heaven realm, and celestial Immortals can't come down to the mortal world! So, even if I Rob them of their resources, they can't do anything about it! They can only blame themselves for being inferior!"

"Chen Zhufeng! You're simply audacious and reckless!" At this moment, an angry roar suddenly sounded from inside the gate of heaven realm.

A tyrannical pressure suddenly enveloped them!

A heaven immortal's anger could shake the world!

Chapter 3218

3218 Arranging for the celestial Immortals

"Uh ..."

The demonic Crow King let out a cry, shocked by the pressure that burst out from the gate of heaven realm.

He felt his heart being suppressed and his nerves tensing up. Even his breathing had completely stopped. His entire body trembled and cold sweat broke out. He didn't even dare to breathe loudly. He was clearly intimidated by the other party.

"Who are you?"

However, Chen Xiaobei looked calm and shouted at the door of heaven.

Obviously, Chen Xiaobei's mental state was already very strong. After going through countless life and death situations, his mental state had become stronger and stronger.

It was not an exaggeration to say that even the pressure of a heavenly immortal could not affect Chen Xiaobei at all.

"You don't need to know who I am!"

Behind the gate of heaven realm, the real celestial immortal shouted angrily, " "You're now invading the resources of the heaven realm! This was a crime that violated the heavenly laws! If you don't stop, don't blame me for sending down heavenly punishment and making you pay the price!"

"Ha, keep bragging!" you know that I'm Chen Zhufeng, and you're so hostile to me. I can tell that you're a Lackey of chanism! Chen Xiaobei said.

"So what if I am?"

The heaven immortal's voice was arrogant and proud. "The clan of enlightenment is like the sun in the sky, extremely powerful! Being a Lackey of the clan of enlightenment is a hundred times better than being the only disciple of the broken clan of Jie!"

Since you're a dog of the clan of enlightenment, if you can send down heavenly punishment, will you still show mercy to me? " Chen Xiaobei retorted.

this ... the heaven immortal was instantly rendered speechless.

Just as Chen Xiaobei had said, chanism hated Chen Xiaobei to the core. If they had the chance, they would not show any mercy.

Chen Xiaobei's eyes lit up with wisdom. I don't even need to think with my toes to know that you're just a small fry guarding the Heaven's Gate at most. You're not qualified to send down heavenly punishment!

"If I'm not wrong, you're only in charge of opening and closing the door! The special gas in the surroundings was not a heavenly resource! You're the one who's greedy and wants to absorb more, that's why you haven't closed the gate to heaven!"

"You ... You're talking nonsense!" The celestial immortal instantly grew nervous.

your acting skills are terrible! Your voice is trembling and you're stammering! This proves that I was right! You're the one who's stealing! Chen Xiaobei said.

"You're talking nonsense! You don't have any evidence, you're just slandering me!" The celestial immortal was extremely nervous.

Chen Xiaobei could guess that this guy was just a new recruit even through the gate of heaven.

If Chen Xiaobei did not try to trick him, he would not be worthy of the title 'big liar'!

"You want evidence, right?"

"I have a lot of old friends in heaven!" Chen Xiaobei laughed evilly. I'll just randomly call a few people over from the Three Realms red envelope group and we'll have a face-to-face confrontation! I'm sure they can prove that you're not lying!"

this ... the heaven immortal immediately panicked."Chen Zhufeng! Let's talk this out ..."

This was enough to prove that Chen Xiaobei's guess was correct!

This guy was really just a small guard, and his duty was to open and close the gate of heaven.

In order to absorb more life force and spiritual aura of heaven and earth, he had not closed the gate of heaven realm.

So, the one who violated the heavenly rules was not Chen Xiaobei, but the divine immortal himself.

If Chen Xiaobei really called for help, this little angel would not be able to bear the consequences. He might even be punished by the heavens and be banished from the heavenly court. He would not even be able to be a guard anymore.

"Heh, didn't you look down on me, the only disciple of the tribe of Jie? Why do you want to talk to me now?" Chen Xiaobei asked with a cold smile.

"I was wrong ... It was all a misunderstanding ..." He said.

The heaven immortal's dignity was swept away, and he said in a low voice, " as long as you don't call anyone over, I will close the gate of heaven realm now and give you all the vitality and spiritual aura of heaven and earth!

"What? Give it to me?"

of course not! Chen Xiaobei laughed. the heaven Earth spiritual aura and life force belong to whoever gets it! You can't beat me! Do I need you to do that?"

this ... the heaven immortal was at a loss for words."Then what do I have to do to make you let me go ..."

Chen smiled slyly and said, " I didn't get a heavenly opportunity today, so I'm very uncomfortable. If you can give me a small gift, I'll write off this matter!

"A small gift? You ... What do you want?" The celestial immortal asked in a sorrowful voice.

Chen Xiaobei narrowed his eyes and said coldly, " "I don't know what I want, but I have to remind you! We're enemies! If the gift is too shabby, I won't let you have a good time!"

this ... the heaven immortal was on the verge of tears. After hesitating for a long time, he finally said, " "The best treasure I have is a three-star heaven immortal level air-frozen bead ..."

"Good! It's this one!"

Chen Xiaobei smiled and said, " "As long as you give it to me, I'll forget about today's matter! I promise I won't settle the score with you later!"

O-okay ... the divine immortal could not do anything to Chen Xiaobei. He could only give up his treasure to save himself from this disaster.

“Swish!”

Soon, a bean-sized orb flew out of the door and landed in Chen Xiaobei’s hand.

Chen Zhufeng ... Oh, no... God Chen ... Can I close the door now? ” The divine immortal was already coveting Chen Xiaobei, and all he wanted to do was to escape from Chen Xiaobei’s clutches.

“Go on, go on!” Chen Xiaobei held the air-frozen bead in one hand and did not even look at the door of heaven.

“Whoosh ...”

Soon, the crack in the sky closed up, and The Phantom of the White jade door disappeared without a trace.

Now, all the remaining life force and spiritual aura of heaven and earth were all for Chen Xiaobei to enjoy alone.

At the same time, Chen Xiaobei had also obtained a mysterious air-frozen bead.

When Monkey King borrowed the banana fan, he was beaten up by Princess Iron Fan. He only managed to deal with her after he borrowed the air-frozen bead.

It could be seen that this Pearl was immune to wind and wind attribute true essence.

Of course, there were different grades of air-frozen beads. The one that Monkey King had borrowed was at least divine-grade, but the one in Chen Xiaobei’s hand was only a three-star heaven-immortal instrument.

But then again, although this one was of a lower grade, it was definitely enough for the earth-god Realm.

bro bei ... You’re really, really, really awesome ...

The demonic Crow King flew in a daze and only came back to his senses after a long time, ” “And here I was thinking how powerful celestial Immortals would be. In the end, my bro bei still arranged everything ...”

“Heh, celestial immortal is just a title!”

Chen Xiaobei raised his eyebrows and looked at tianqiong. with my current ability, even if a celestial immortal comes to fight me, I can make sure that he won’t be able to return!

[Red Envelope Group of the Three Realms](#)

Chapter 3219: comprehensive upgrade

Obviously, Chen Xiaobei was not joking. With his current trump cards, he had the power to fight a one-star celestial immortal.

When the new magical treasure was completed, or when some of his trump cards broke through to the next level, Chen Xiaobei could even fight a two-star celestial immortal.

Of course, Chen Xiaobei had to have enough spiritual Qi to fight!

A sky immortal activated their sky immortal level power with their own ethereal force. However, Chen Xiaobei's cultivation was not high enough. He had to use a sky immortal level trump card and burn a huge amount of spiritual Qi to fight against a sky immortal.

Of course, this was a story for later.

Chen Xiaobei would only realize that the divine Immortals might have some unique powers after he reached heaven. They were not as easy to deal with as he had imagined.

Because of that, Chen Xiaobei did not need to think about all those unnecessary things. He should focus on improving his cultivation and strength. That was the most important thing!

Whoosh ... Whoosh ...

Chen Xiaobei was a smart man. He did not waste his time thinking too much. He quickly calmed down and started to absorb the life force and spiritual aura of heaven and earth.

All the souls, golden core cultivators, nascent soul cultivators, magical treasures, equipment, spirit stones, and resources of the 300 million enemy soldiers were refined by the dark yellow tribulation lightning.

The amount of life force and spiritual aura of heaven and earth was simply terrifyingly huge.

Chen Xiaobei used all his trump cards to absorb the energy, but he could not absorb all of it.

"BOOM!"

Suddenly, a huge spiritual fluctuation burst out from the chaos Blood Sword!

The intensity of the attack was far greater than before, reaching the strength of a heaven immortal artifact!

In other words, the chaos Blood Sword had absorbed enough energy and successfully advanced to become a one-star heaven immortal artifact.

The chaos sword embryo itself was an extremely powerful divine object. Once it advanced, it would be invincible among its peers.

Moreover, it had a lot of room for growth, and its future was limitless!

"BOOM!"

It did not take long for the Nightstalker outfit to break through its greatest bottleneck and upgrade to a heaven immortal artifact.

This magical equipment was considered a support type. In Chen Xiaobei's hands, it was mainly used for stealth and sneak attacks.

However, after arriving in the earth-god World, most of the enemies had primordial spirit domains. Even if they were to hide, they could still be detected by the enemy.

That was why Chen Xiaobei rarely used the Nightstalker outfit.

But this time, the Nightstalker outfit had become a sky immortal item. With its invisibility activated, no one under the sky immortal level would be able to detect Chen Xiaobei's presence.

Moreover, apart from concealment, the Nightstalker outfit's defense had also greatly increased.

Although it was not as good as a defensive magical treasure, it was more than enough to withstand the attack of an ordinary heaven immortal artifact.

With the help of the netherspirit's eye, Chen Xiaobei would not have to worry even if he had to fight an enemy one level higher than him!

As for the demonic Dragon tribulation, the world-destroying banner, the earth-escaping immortal banner, the nine heavenly locks net, the heavenly Yin divine Pearl, and the dark Demon bone saber, these six magic treasures were already heaven immortal artifacts.

Therefore, it would be extremely difficult for them to advance and level up.

Even if it was just to advance one minor realm, it would still require absorbing a huge amount of energy.

After more than ten minutes, the life force and spiritual aura of heaven and earth were almost completely absorbed.

However, the Dragon's edge did not change.

Fortunately, the remaining four Dharma Treasures had all advanced a minor realm, reaching the mid-stage one-star heaven immortal realm.

Besides the Tribulation of the demonic Dragon, all my trump cards have been upgraded. This is a great opportunity!

Chen Xiaobei kept all his treasures, leaving only the Dragon's edge behind. "Dragon Soul! How much energy do you think you need to level up?"

"The absorption this time is very satisfying! I'm not far from breaking through a small realm!"

The dark Dragon Soul had long become a demon and answered excitedly, "By my rough estimation, I'll be able to advance to the late-stage one-star after refining two more middle-stage one-star heaven immortal items into the spiritual aura of heaven and earth and absorbing them!"

One had to know that although using the spiritual aura of heaven and earth to level up was very fast, it consumed a lot of energy.

Under normal circumstances, if one wanted to upgrade the Dragon's tribulation from the mid-stage to the late-stage, one would need to refine three late-stage heaven immortal items.

However, after absorbing a huge amount of energy this time, he only needed to refine two more middle-stage weapons to upgrade the Dragon's edge to the late-stage.

The difference between one middle school and one post was only one word.

However, in the celestial immortal realm, the difference of one word meant a difference of several times, or even more than ten times in power, as well as a difference in value.

Right now, Chen Xiaobei did not even have a single one-star advanced heaven-immortal instrument. How could he refine three to upgrade the Dragon's edge?

However, the outcome was completely different after he obtained this opportunity.

Chen Xiaobei only needed to refine two more intermediate one-star heaven-God instruments. He already had magical treasures of that level.

If not for the large amount of spiritual Qi in the lunar Yin divine Pearl and the black demon bone saber, Chen Xiaobei would have thrown them into the heaven and earth furnace and refined them.

Chen Xiaobei put away the demonic Dragon's edge and turned his attention to the heaven and earth furnace, the Meru dimension, and the verdant Emperor's divine gourd.

In order to prevent his life force and spiritual aura from being lost, Chen Xiaobei used all three of the invisible storage talismans to absorb the energy.

The Meru space had the smallest capacity and had been filled up for a long time. The energy stored in it was equivalent to the spiritual aura of heaven and earth used to refine three heaven immortal items.

Chen Xiaobei planned to find a chance to absorb it later and upgrade the witch Dragon Flame to divine-level.

In comparison, the amount of energy absorbed by the heaven and earth smelt was almost ten times that of the Meru space.

In truth, the internal space of the heaven and earth smelt was far more than this.

However, since it did not have the ability to absorb energy, Chen Xiaobei had to use his ethereal force to move the energy into the furnace bit by bit. So, the efficiency was very low and he could only collect so little.

Of course, such a small amount was already very significant. It was equivalent to refining thirty heaven immortal artifacts, which would naturally be of great use in the future.

The last one was the verdant Emperor's divine gourd.

This was a special storage treasure. It had a huge space inside and had the function of actively absorbing energy.

Chen Xiaobei did not have to worry. The energy that the verdant Emperor's divine gourd could absorb was ten times that of the heaven and earth furnace.

This energy was unimaginably huge.

Chen Xiaobei could have used this energy to upgrade more of his trump cards.

But on second thought, the verdant Emperor's divine gourd also had a powerful trump card.

Gold-armored mysterious Spider, immortal demon, and hell demon! There were many of them, and they were all loyal to Chen Xiaobei.

If all of them became stronger, Chen Xiaobei's strength would naturally rise as well. In the long run, it was very important.

"Now that I've settled everything here, it's time to go for a walk in the hollow Jade temple and the temple of the gods!"

Chen Xiaobei grinned, his eyes full of anticipation.

The harvest was still continuing!

Chapter 3220: rapid increase in believers

Chen Xiaobei put away all his Dharma Treasures and the Golden armored mystique spiders, then stepped on the demonic Crow King and returned to the royal city of Jingmo.

.....

On the City Tower of the pure ink Royal City.

At this moment, everyone was still in a state of extreme nervousness, not knowing the outcome of the battle.

the lightning has been gone for a long time ... The battle should be over by now ... Why is there no news about master ... Feng Qingyang frowned, his face was solemn, and his tone was nervous.

"Master will be fine ... Master is invincible! There's nothing he can't do!" Wu aofeng's face darkened, he clenched his fists so tightly that his nails dug into his skin.

Even though he said that he trusted Chen Xiaobei completely, he was not confident at all.

I don't want anything to happen to master either ... But ... Huo yuanba wanted to say something but stopped. His face was full of bitterness and his eyes were red.

Daoist Yiru took a deep breath and continued Huo yuanba's unfinished sentence, " "However, the terrifying lightning was right in front of us! Unless a three-star celestial immortal descended! Otherwise, no one will be able to resist ..."

As soon as these words came out, everyone's expression revealed a sad look.

These personal disciples did not know all about Chen Xiaobei's trump cards, but they did know a little.

There was no way Chen Xiaobei could withstand the power of a three-star heavenly immortal.

That was why, even though the disciples did not mention the word 'death', they had a feeling that Chen Xiaobei would not survive this!

"No matter what the situation is, master will always be our master!"

Xuanyuan tuohai clenched his teeth and glared. His skin turned fiery red as if he was burning with anger. He said word by word, " "No matter how strong the enemy is! Even if he was the king of the heavens! I also want to take revenge for my master!"

"This is a must!"

The other disciples 'eyes were filled with unquestionable determination as they said in unison, " "For the rest of our lives, we will only do one thing! It was to take revenge for his master! I won't rest until I die!"

"Count me in!"

Xiao moxue walked over. Her pretty face was pale and Haggard, and her black eyes were filled with sadness. However, every word she said was filled with determination that did not lose to the bei Xuan faction!

For the rest of his life, he would not rest until he died!

Although Xiao moxue only said four simple words, they were extremely infectious.

If a woman could do this, the hot blood of all the men in the city would boil even more.

"Count me in! There's still me! There's still me ... There's still me ..."

In an instant, from the center of the city gate tower, almost everyone started shouting.

The higher-ups, generals, and soldiers-a total of 30 million people had joined the revengeful Army. They did not care about their own lives, they swore to avenge Chen Xiaobei!

there's also us ... We'll avenge master Zhufeng ... There's also us ...

In the end, even the commoners in the city started to shout.

Their lives might be insignificant, but their gratitude and respect for Chen Xiaobei were all the same.

If Chen Xiaobei could risk his life to protect them, why couldn't they risk their lives to avenge Chen Xiaobei?

For a moment, the entire jingmo capital city was immersed in a tsunami of shouts. The hearts of the people were unprecedentedly United. They could not wait to pick up their weapons and fight the enemy to the death.

If the news of Chen Xiaobei's defeat and death were to spread, most of the people in the Xuanyuan sacred territory would probably join the army of revenge.

There was kindness in a man's heart, and there was justice in the world.

There were many things that were above life! Many people would make the right choice!

At least at this moment, in order to avenge Chen Xiaobei, billions of people had chosen to fight the enemy to the death!

The righteous path of the human world was full of vicissitudes!

This was the righteous path!

“Relay my orders! Everyone, get ready for battle! Unless we die in battle, we will never let the enemy take half a step into the pure ink Royal City!”

Xuanyuan tuohai let out a blood-boiling battle cry.

Despair and sorrow were all swept away. Killing intent and anger made him as fierce as a Wolf and a Tiger.

“Whoosh ...”

However, at this moment, a black shadow flew over from the distance at an extremely fast speed.

When the black shadow landed on the city gate tower, everyone present was completely stunned.

That’s right!

The black shadow was the devil Crow King.

Chen Xiaobei was standing on the demonic Crow King’s back, like a king of the world, looking down at the crowd.

Everything was under control. He smiled as he looked at the clouds.

“M-master? You’re back!”

The people from bei Xuan faction were shocked and could not believe their eyes.

“Disciple greets master ... Disciple greets master ...”

After being stunned for a few seconds, the people from bei Xuan faction were ecstatic.

The excitement in their hearts could not be expressed with words. They immediately knelt on the ground and kowtowed three times and nine times to Chen Xiaobei.

“What’s wrong? Did you all think that I wouldn’t be able to come back?”

Chen Xiaobei smiled. get up, all of you. It’s not like we’re going to be separated forever. There’s no need for such a big bow.

Chen ... Chen Zhufeng ... You came back alive?!

Xiao moxue was stunned on the spot. Her entire aura changed in an instant.

Just a moment ago, she was still calm and indifferent, even indifferent to life and death. At this moment, she was so excited that her entire body trembled. Her dark eyes turned red and tears rolled down her face uncontrollably.

Xiao moxue’s tear-stained face was so beautiful that Chen Xiaobei’s heart softened.

“Stop crying!”

Chen Xiaobei raised his eyebrows and laughed, “ “Not only am I not dead, I’m not even hurt! If others don’t know, they’ll think that I’m missing an arm or a leg if you keep crying here!”

“Why do you care!” I’m sorry, ” Xiao moxue muttered. She turned around and wiped her tears away so that Chen Xiaobei would not see her.

greetings, Zhufeng spiritual master!

At the same time, with Xiao chengkun as the leader, all the higher-ups of jingmo capital city, the Xuanyuan family, all the generals who held military power, and all the soldiers in armor and swords knelt down in unison.

Even the people of the entire jingmo capital city knelt down at this moment.

30 million soldiers and 10 billion people were worshiping Chen Xiaobei from the bottom of their hearts.

Gratitude! Respect! Worship! Faith!

Thousands of words were spoken without words!

This bow was what the people wanted! The direction of justice!

[you have gained 10 billion new believers!] The total number of believers was 76 billion! (Only ‘100 million’ as the unit, the rest of the numbers are not calculated in detail.)

Before Chen Xiaobei could even react, the number of new followers increased explosively!

Furthermore, as the news of Chen Xiaobei’s victory spread throughout the Xuanyuan sacred territory, the number of followers would continue to increase!
